The use by the **CONTRACTOR** of the Total Cost Method (calculating the total sum of expenses incurred on the project, less amounts paid, marked up by overhead and profit) of pricing changes and claims is expressly prohibited (provided however, the AGENCY may use a "make whole" analysis to determine the reasonableness of the **CONTRACTOR**'s claim). One of the following methods shall be used:

- A. Unit Price Method;
- B. Firm Fixed Price Method (also known as Lump Sum); or
- C. Time and Materials Method.

4.5.1 Unit Price Method:

3. **CONTRACTOR** shall only be paid under this method for the actual quantity of materials incorporated in or removed from the Work and such quantities must be supported by field measurement statements verified by AGENCY.

4.5.2 Firm Fixed Price Method:

1. The CONTRACTOR and AGENCY may mutually agree on a fixed amount as the total compensation for the performance of changed work.
2. Any adjustments to the Contract Price using the Firm Fixed Price Method shall include, when appropriate, all reasonable costs for labor, equipment, material, overhead and profit. Such overhead and profit shall be calculated in accordance with provision 15.04(b) (4) F.
3. Whenever the AGENCY authorizes CONTRACTOR to perform changed work on a Firm Fixed Price Method, the AGENCY's authorization shall clearly state:
 - a. Scope of Work to be performed;
 - b. Total Fixed Price payment for performing such work.

4.5.3 Time and Materials Method:

1. Whenever the AGENCY authorizes the CONTRACTOR to perform Work on a Time and Materials basis, AGENCY's authorization shall clearly state:

 - b. The CONTRACTOR's and subcontractors' labor hours, materials, and equipment charged to work under the Time and Materials Method shall be substantiated by detailed time cards or logs completed on a daily basis before the close of business each working day. The CONTRACTOR shall initial each time card and/or log at the close of each working day. Records of the CONTRACTOR and subcontractors pertaining to work paid for on a Time and Material method shall be maintained and available for inspection as requested by the AGENCY or its representatives;

4.6 Unallowable Costs:

No change in the Contract Price shall be allowed to the extent (1) CONTRACTOR's changed cost of performance is due to the fault, acts, or omissions of CONTRACTOR, or anyone for whose acts or omissions CONTRACTOR is responsible; (2) the change is concurrently caused by CONTRACTOR and AGENCY; or, (3) the change is caused by an act of *Force Majeure*.

The AGENCY shall not be responsible for, and the CONTRACTOR shall not be entitled to, unallowable costs. Unallowable costs include, but are not limited to, (1) interest or attorney's fees of any type other than those mandated by California statutes, (2) claim preparation or filing

costs, (3) the cost of preparing or reviewing Change Proposals or Requests for Change Orders, (4) lost profits, lost income or earnings, (5) rescheduling costs, (6) costs for idle equipment when such equipment is not at the Site, has not been employed in the Work and is not scheduled to be used at the Site, (7) lost earnings or interest on unpaid retention, (8) claims consulting costs, (9) the costs of corporate officers or staff visiting the Site or participating in meetings with the AGENCY, (10) any compensation due to the fluctuation of foreign currency conversions or exchange rates, (11) loss of other business, and (12) any other special, consequential, or incidental damages incurred by the CONTRACTOR or subcontractors.

4.7 Signatures on Change Orders:

A change order shall be in writing and shall be signed by the AGENCY's General Manager, or his designee. Except as otherwise provided herein, the change order shall also be signed by the CONTRACTOR in order to be effective, indicating the CONTRACTOR's consent to the changes made.

4.8 Changes Requiring an Increase in Contract Sum:

4.8.1 If the AGENCY elects to have the Change in the Work performed on a lump sum basis, its election shall be based on a lump sum proposal which shall be submitted by the CONTRACTOR to the AGENCY within five (5) workdays of the AGENCY's request, but the AGENCY's request for a lump sum proposal shall not be deemed an election by the AGENCY to have the Change in the Work performed on a lump sum basis.

4.8.2 If the AGENCY elects to have the Change in the work performed on a unit-cost basis, its election shall be based on a unit price proposal which shall be submitted by the CONTRACTOR to the AGENCY within five (5) workdays of the AGENCY's request, but the AGENCY's request for a unit price proposal shall not be deemed an election by the AGENCY to have the Change in the work performed on a unit price basis.

4.8.3 If the AGENCY elects to have the Change in the work performed on a time and material basis, the same shall be performed, its election shall be based on a time and materials price proposal which shall be submitted by the CONTRACTOR within five (5) workdays of the AGENCY's request, but the AGENCY's request for a time and materials price proposal shall not be deemed an election by the AGENCY to have the Change in the work performed on a time and materials basis.

4.8.4 Nothing herein contained shall preclude the AGENCY from requesting a lump sum proposal, a unit price proposal, and a time and materials price proposal, or any two of those, with respect to the same Change in the Work, in which event, the CONTRACTOR shall submit all proposals requested.

4.8.5 Until such time as the AGENCY makes its election under this paragraph, the CONTRACTOR shall submit daily time and material tickets to the AGENCY as required under subparagraph 4.8.3, which shall be subject to authentication as therein provided. At such time as the AGENCY makes its election under this paragraph, an appropriate Change Order will be issued; provided however, that until such time, the AGENCY shall

pay to the CONTRACTOR up to the AGENCY's reasonable estimated value of the Change in the Work.

4.9 Changes Requiring a Decrease in Contract Sum:

If the Change in the Work will result in a decrease in the contract sum, the AGENCY may request a quotation by the CONTRACTOR of the amount of such decrease for use in preparing a Change Order. The CONTRACTOR's quotation shall be forwarded to the AGENCY within five (5) days of the AGENCY's request and, if acceptable to the AGENCY, shall be incorporated in the Change Order. If not acceptable, the parties shall make every reasonable effort to agree as to the amount of such decrease, which may be based on a lump sum properly itemized, on unit prices stated in the Contract Documents and/or on such other basis as the parties may mutually determine. If the parties are unable to so agree, the amount of such decrease shall be the total of the estimated reduction in actual cost of the work, as determined by the AGENCY in its reasonable judgment, plus ten percent (10%) thereof as overhead and profit.

4.10 Disputes Regarding Changes:

If any dispute should arise between the parties with respect to an increase or decrease in the Contract Sum or an expansion or contraction in the contract time as a result of a Change in the Work, the CONTRACTOR shall not suspend performance of a Change in the Work or the Work itself unless otherwise so ordered by the AGENCY in writing. The AGENCY shall, however, pay to the CONTRACTOR up to the AGENCY's reasonable estimate of the value of the Change in the Work, regardless of the dispute, if said Change in the Work results in an increase in the Contract Sum; and the AGENCY shall have the right to decrease the Contract Sum to the AGENCY's reasonable estimated value of the Change in the Work, regardless of the dispute, if said Change in the Work results in a decrease in the contract sum.

4.11 Limitations:

Except as expressly provided by this Section, there shall be no change whatsoever in the plans and specifications and in the work. CONTRACTOR shall not vary the work, the contract documents, or change, add to or omit any element, component part, or portion of the work without the express written consent of AGENCY's Project Manager contained in an executed change order or field order as herein provided. AGENCY shall not be liable for the cost for any extra work or any substitutions, changes, additions, omissions, or deviations from the plans and specifications unless the same have been authorized by and the cost thereof approved in writing by change order. No extension of time for performance of the work shall be allowed hereunder unless claim for such extension shall be made at the time changes in the work are ordered and such duly adjusted in writing by AGENCY. CONTRACTOR recognizes and acknowledges that timely completion of the work is paramount and that its duty is to proceed with the work in accordance with the contract documents, notwithstanding any request for change in the work, to the extent that proceeding is reasonable and feasible under the circumstances.

19.2 Governing Law:

This Agreement is made under and will in all respects be interpreted, enforced and governed by the laws of the State of California, without regard to that state's conflict of laws principles.

19.3 Amendment:

This Agreement cannot be altered, amended or modified in any respect, except by a writing duly executed by the Parties.

19.4 Non-Waiver:

No course of dealing between or among the Parties shall be deemed to affect, modify, amend or discharge any provision or term of this Agreement. No delay in the exercise of any right or remedy shall operate as a waiver thereof, and no single or partial exercise of any right or remedy shall operate as waiver hereof, and so single or partial exercise of any such right or remedy shall preclude other or future exercise thereof.

19.5. Claims and Dispute Resolution:

19.5.1 Any dispute that arises under or relates to this AGREEMENT (whether contract, tort, or both) shall be resolved in the Superior Court of California in Monterey County, California.

19.5.2 CONTRACTOR shall continue to perform under this AGREEMENT during any dispute.

19.5.3 The parties agree to waive their separate rights to a trial by jury. This waiver means that the trial will be before a judge.

19.5.4. Prompt resolution of differences required. It is the intention of this Article that differences between the parties arising under and by virtue of this Contract be brought to the attention of Engineer at the earliest possible time in order that such matters may be promptly settled, if possible, or other appropriate action may be taken promptly. To that end, Agency and Contractor agree to attempt informal resolution of disputes prior to initiating the Claim process.

19.5.5. Contract interpretations/performance judging/decisions by Engineer.

(a) All Claims may be presented informally first to Engineer. To the extent that resolution of the Claim does not involve an extension of time or additional payments, Engineer may resolve, in writing, or otherwise, Claims that have been presented informally.

(b) The Engineer will be, in the first instance, the interpreter of the requirements of the Contract Documents and the judge of performance there under by both Agency and Contractor. The Engineer will, within a reasonable time, render such interpretations, as may deem necessary for the proper execution or progress of the Work. Claims, disputes, and other matters in question between Contractor and Agency relating to the execution or progress of the Work or interpretation of the Contract Documents shall be referred initially to the Engineer for decision which Engineer will render, in writing, within a reasonable time. In Engineer's capacity as interpreter and judge, Engineer will exercise his or her best efforts to ensure faithful performance by both Agency and Contractor and will not show partiality to either. All interpretations and decisions of the Engineer shall be consistent with the intent of the Contract Documents.

19.5.6 Obligation to Seek Informal Resolution Prior to Filing Claim for Disputed Work. Should it appear to Contractor that the Work to be performed or any of the matters relative to the Contract Documents are not satisfactorily detailed or explained therein, or should any questions arise as to the meaning or intent of the Contract Documents, or should any dispute arise regarding the true value of any Work performed, Work omitted, extra Work that the Contractor may be required to perform, time extensions, payment to the Contractor during performance of this Contract, performance of the Contract, and/or compliance with Contract procedures, or should Contractor otherwise seek extra time, compensation or payment FOR

ANY REASON WHATSOEVER, then Contractor shall first follow procedures set forth in the Contract. If a dispute remains, then Contractor shall give written notice to Agency that expressly invokes this Article 33. Agency shall decide the issue in writing within fifteen (15) days; and Agency's written decision shall be final and conclusive.

19.5.7 Time for giving notice. Notice of dispute or potential Claim must be given in writing by the Contractor as follows:

- (a) For a potential Claim of an increase in the Contract Sum, Contractor shall give the Engineer written notice thereof within ten (10) days after the occurrence of the event giving rise to such Claim; in addition, this notice shall be given by Contractor before proceeding to execute the portion of the Work to which the Claim relates, except in an emergency endangering life or property, and except where Contractor could not reasonably have discovered the facts giving rise to the Claim prior to commencement of that portion of the Work.
- (b) For a potential Claim of an extension of time, Contractor shall give written notice to the Engineer no more than ten (10) days after the occurrence of the delay; otherwise they shall be waived. In the case of a continuing cause of delay, only one (1) Claim is necessary.
- (c) In all other cases, notice shall be given within ten (10) days after the happening of the event, thing, or occurrence giving rise to the potential Claim.

19.5.8 Form and Contents of Claim. If Contractor disagrees with Agency's decision, or if Contractor contends that Agency failed to provide a decision timely, then Contractor's SOLE AND EXCLUSIVE REMEDY is to promptly file a written Claim setting forth Contractor's position as required herein. The Claim shall be submitted to Agency within thirty (30) calendar days of receiving Agency's written decision, or the date Contractor contends such decision was due. The Contractor shall furnish reasonable documentation to support the Claim. Contractor's written Claim must identify itself as a "Claim" under this Article 19 and must include the following: (1) a narrative of pertinent events; (2) citation to contract provisions; (3) theory of entitlement; (4) complete pricing of all cost impacts; (5) a time impact analysis of all time delays that shows actual time impact on the critical path; and (6) documentation supporting items (1) through (5). The Claim must be verified under penalty of perjury by Contractor as to the Claim's accuracy, and shall be priced like a Change Order, and must be updated monthly as to cost and entitlement if a continuing Claim. The Claim must be sent by registered mail or certified mail with return receipt requested to the Agency, Notices, of the Agreement. Routine contract materials, for example, correspondence, RFI, Change Order requests, or payment requests shall not constitute a Claim. Contractor shall bear all costs incurred in the preparation and submission of a Claim.

19.5.9 Actions by Agency Upon Receipt of Claim.

- (a) Upon receipt of a Claim, the Agency shall conduct a reasonable review of the Claim and, within a period not to exceed forty-five (45) days, shall provide the Contractor a written statement identifying what portion of the Claim is disputed and what portion is undisputed.
- (b) The Agency and the Contractor may, by mutual agreement, extend the time period provided in this Article.
- (c) If the Agency needs approval from the Board of Supervisors to provide the Contractor a written statement identifying the disputed portion and the undisputed portion of the Claim, and the Board does not meet within the forty-five (45) days or within the mutually agreed to extension of time following receipt of a Claim sent by registered mail or certified mail, return receipt requested, the Agency shall have up to three (3) days following the next duly publicly

noticed meeting of the governing body after the forty-five (45) day period, or extension, expires to provide the Contractor a written statement identifying the disputed portion and the undisputed portion.

19.5.10 Written Statement by Agency. Any payment due on an undisputed portion of the Claim shall be processed and made within sixty (60) days after the Agency issues its written statement. Failure by the Agency to issue a written statement shall result in the Claim being deemed rejected in its entirety. A Claim that is denied by reason of the Agency's failure to have responded to a Claim, or its failure to otherwise meet the time requirements of this Article 19, shall not constitute an adverse finding with regard to the merits of the Claim or the responsibility or qualifications of the Contractor.

19.5.11 Contactor's Dispute of Written Response. If the Contractor disputes the Agency's written response, or if the Agency fails to respond to a Claim issued pursuant to this Article within the time prescribed, the Contractor may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the Agency shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

19.5.12 Written Statement by Agency After Meet and Confer Conference. Within ten (10) business days following the conclusion of the meet and confer conference, if the Claim or any portion of the Claim remains in dispute, the Agency shall provide the Contractor a written statement identifying the portion of the Claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the Claim shall be processed and made within sixty (60) days after the Agency issues its written statement.

19.5.13 Nonbinding Mediation.

(a) Any disputed portion of the Claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the Agency and the Contractor sharing the associated costs equally. The Agency and Contractor shall mutually agree to a mediator within ten (10) business days after the disputed portion of the Claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the Claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator.

(b) Mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this Article.

(c) If mediation is unsuccessful, the parts of the Claim remaining in dispute shall be subject to applicable procedures outside this Article.

(d) Unless otherwise agreed to by the Agency and the Contractor in writing, the mediation conducted pursuant to this Article shall excuse any further obligation under Section 20104.4 of the Public Contract Code to mediate after litigation has been commenced.

(e) The Claim resolution procedures in this Article do not preclude the Agency from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this Article does not resolve the parties' dispute.

19.5.14 Amounts Not Paid Timely. Amounts not paid in a timely manner as required by this Article shall bear interest at 7 percent per annum.

19.5.15 Claims by Subcontractors. If a Subcontractor or a lower tier Subcontractor lacks legal standing to assert a Claim against the Agency because privity of contract does not exist, the Contractor may present to the Agency a Claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the Contractor present a Claim for Work which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the Claim be presented to the public entity shall furnish reasonable documentation to support the Claim. Within forty-five (45) days of receipt of this written request, the Contractor shall notify the Subcontractor in writing as to whether the Contractor presented the Claim to the Agency and, if the original Contractor did not present the Claim, provide the Subcontractor with a statement of the reasons for not having done so.

19.5.16 Prompt response when needed. Whenever it appears that a prompt response is essential, Agency will respond to Claims sooner than the limits prescribed above.

19.5.17 Compliance.

(a) The provisions of this Article constitute a non-judicial Claim settlement procedure that, pursuant to Section 930.2 of the California Government Code, shall constitute a condition precedent to submission of a valid Claim under the California Government Code. Contractor shall bear all costs incurred in the preparation, submission and administration of a Claim. Any Claims presented in accordance with the Government Code must affirmatively indicate Contractor's prior compliance with the Claims procedure herein and the previous dispositions of the Claims asserted. Pursuant to Government Code Section 930.2, the one (1) year period in Government Code Section 911.2 shall be reduced to one hundred and fifty (150) days from either accrual of the cause of action, substantial completion or termination of the contract, whichever occurs first; in all other respects, the Government Code shall apply unchanged.

(b) Failure to submit and administer Claims as required in Article 19 shall waive Contractor's right to Claim on any specific issues not included in a timely submitted Claim. Claim(s) or issue(s) not raised in a timely protest and timely Claim submitted under this Article 19 may not be asserted in any subsequent litigation, Government Code Claim, or legal action.

(c) Agency shall not be deemed to waive any provision under this Article 19, if at Agency's sole discretion; a Claim is administered in a manner not in accord with this Article 19. Waivers or modifications of this Article 19 may only be made through a signed Change Order approved as to form by legal counsel for both Agency and Contractor; oral or implied modifications shall be ineffective.

19.5.18 Filing of Government Code claims. If the Contractor still remains unsatisfied and desires to preserve his/her right to pursue the matter further, Contractor must then file a claim with Agency, pursuant to Government Code Sections 900 et seq. or Sections 910 et seq.

19.5.19 Civil action. If the Government Code claim is denied, Contractor may file an action in court. Such action shall be subject to Public Contract Code Sections 9204 or 20104.4. This Section applies only to claims subject to Public Contract Code Sections 9204 or 20104. If a claim is not subject to Public Contract Code Sections 9204 or 20104, the Contractor's right to file a civil action shall be as otherwise provided by law.

19.5.20 Claims for damages. Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the other party or of any of his/her/its employees, agents, or others for whose acts he/she/it is legally liable, Claim shall be made, in writing, to such other party within a reasonable time after the first observance of such injury or damage, provided that in no case may such a Claim be filed after expiration of any applicable statute of limitations for filing such a Claim. Claims against Agency that are subject to this Article shall comply with all procedures set forth in the California Government Code concerning claims against public entities.

19.5.21 Consistency with Public Contract Code Sections 9204 and 20104 et seq. If any Claim arising under this Contract is subject to the provisions of Public Contract Code Sections 9204 or 20104 et seq. (Div. 2, Part 3, Chapter 1, Article 1.5), and if provisions of that Article require a procedure or procedural element different from that established in this Contract, then the provisions of that Article shall apply in place of the conflicting procedure or procedural element established herein.

19.6 Enforcement:

If there is litigation of any kind between the Parties arising out of or concerning the enforcement of this Agreement or if the releases set forth herein are interposed as a defense in any litigation between the Parties, the prevailing party shall be entitled to recover from the other party the reasonable attorney's fees and costs incurred in connection with such litigation.

19.7 Counterparts:

This Agreement may be executed in counterparts and has the same force and effect as if all the signatures were obtained in one document.

ARTICLE 20: OTHER PROVISIONS

20.1 In order to induce Agency to enter into this Agreement, CONTRATOR represents that it is duly organized, existing and in good standing under applicable state law; is licensed to perform all aspects of the Work; will employ only persons and Subcontractors and designers with all required licenses and certifications; that CONTRACTOR is duly qualified to conduct business in the State of California; that CONTRACTOR has duly authorized the execution, delivery and performance of this Agreement, the other Contract Documents and the Work to be performed herein; and that the Contract Documents do not violate or create a default under any instrument, Agreement, order or decree binding on CONTRACTOR.

20.2 CONTRACTOR shall not assign any portion of the Contract Documents.

20.3 Should any part, term or provision of this Agreement or any of the Contract Documents, or any document required herein or therein to be executed or delivered, be declared invalid, void or unenforceable, all remaining parts, terms and provisions shall remain in full force and effect and shall in no way be invalidated, impaired or affected thereby. If the provisions of any law causing such invalidity, illegality or unenforceability may be waived, they are hereby waived to the end that this Agreement and the Contract Documents may be deemed valid and binding

Agreements, enforceable in accordance with their terms to the greatest extent permitted by applicable law. In the event any provision not otherwise included in the Contract Documents is required to be included by any applicable law, that provision is deemed included herein by this reference (or, if such provision is required to be included in any particular portion of the Contract Documents, that provision is deemed included in that portion).

- 20.4** It is understood and agreed that in no instance are the persons signing this Agreement for or on behalf of Agency or acting as an employee, agent, or representative of Agency, liable on this Agreement or any of the Contract Documents, or upon any warranty of authority, or otherwise, and it is further understood and agreed that liability of Agency is limited and confined to such liability as authorized or imposed by the Contract Documents or applicable law.
- 20.5** In entering into a Public Works Contract or a Subcontract to supply goods, services or materials pursuant to a Public Works Contract, CONTRACTOR or Subcontractor offers and agrees to assign to the awarding body all rights, title and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2 (commencing with section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services or materials pursuant to the Public Works Contract of the Subcontract. This assignment shall be made and become effective at the time Agency tenders final payment to CONTRACTOR, without further acknowledgment by the parties.
- 20.6** Copies of the general prevailing rates of per diem wages for each craft, classification, or type of worker needed to execute the Contract, as determined by Director of the State of California Department of Industrial Relations, are deemed included in the Contract Documents and on file at Agency's Office, and shall be made available to any interested party on request. Pursuant to California Labor Code Sections 1860 and 1861, in accordance with the provisions of Section 3700 of the Labor Code, every CONTRACTOR will be required to secure the payment of compensation to his/her/its employees. CONTRACTOR represents that it is aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that code, and CONTRACTOR shall comply with such provisions before commencing the performance of the Contract Documents.
- 20.7** Agency shall have the right to review all phases of CONTRACTOR's design of deferred submittals including, but not limited to, Drawings, Specifications, Shop Drawings, samples and submittals, as specified in the Contract Documents. Such review and other action shall not relieve CONTRACTOR of its responsibility for a complete design of deferred submittals complying with the requirements of the Contract Documents; but rather, such review shall be in furtherance of Agency's monitoring and accepting the design of deferred submittals as developed and issued by the CONTRACTOR, consistent with these Contract Documents. CONTRACTOR's responsibility to design deferred submittals and construct the Project in conformance with the Contract Documents shall be absolute.
- 20.8** This Agreement and the Contract Documents shall be deemed to have entered into in the Monterey County Water Resources Agency, and governed in all aspects by California law (excluding choice of law rules). The exclusive venue for all disputes or litigation hereunder shall be in the Superior Court for the County of Monterey.

1. The CONTRACTOR shall furnish all materials, equipment, supplies, transportation, labor and perform all operations, and the WORK, all in accordance with the requirements of the Contract Documents.
2. Work will be performed by contractors with a valid license in accordance with the provisions of the California Contractors License law, Class A – General Engineering Contractor.
3. The contractor will provide a payment bond and a performance bond, each in the amount of 100% of the Contract, are required.
4. Pursuant to California Labor Code Section 1771.1(a), a contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of California Public Contract Code Section 4104, or engage in the performance of any contract for public work, as

defined in Chapter 1 of Part 7 of Division 2 of the California Labor Code, unless currently registered and qualified to perform public work pursuant to California Labor Code 1725.5. It is not a violation of Labor Code Section 1771.1(a) for an unregistered contractor to submit a bid that is authorized by California Business and Professions Code Section 7029.1 or by Public Contract Code Section 10164 or Public Contract Code Section 20103.5, provided the contractor is registered to perform public work pursuant to Labor Code Section 1725.5 at the time the contract is awarded.

Bidders must comply with the provisions of Monterey County Code (MCC) Section 5.08.120, requiring a good-faith effort to employ qualified individuals who are residents of the Monterey Bay Area as defined in MCC Section 5.08.120.H.3. "Resident of Monterey Bay Area".

5. General prevailing wage rates in the County in which the work is to be done have been determined by the Director of California Department of Industrial Relations (DIR) and are on file and available at 1441 Schilling Place, North Building, Salinas, CA 93901. It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him/her/it, to pay not less than said specified rates to all workers employed by them in the execution of the contract. Project is subject to compliance monitoring and enforcement by the DIR.
6. Retention of ten percent (10%) of each progress payment due the CONTRACTOR will be withheld by the AGENCY. Pursuant to California Public Contract Code Section 22300, the Contractor may substitute securities for any monies withheld by the Agency to ensure performance under the contract.

Payment (Time and Materials / Force Account)

7. work will be done on a time and expense basis, that is, on an accounting of the CONTRACTOR's forces, materials, equipment, and other items of cost as required and used to do the work. For the work performed, payment will be made for the documented actual cost of the following:
 - A. Direct labor cost for workers, including foremen, who are directly assigned to the force account work: Direct labor cost is the actual payroll cost, including wages and fringe benefits as established by negotiated labor agreements or state prevailing wages. To the actual payroll cost will be added a labor surcharge which shall be the actual costs of taxes and insurance. Such labor surcharge shall constitute full compensation for all payments imposed by State and Federal laws and for all other payments made to, or on behalf of, the workmen, other than actual payroll cost and subsistence and travel allowances. No other fixed labor burdens will be considered, unless approved in writing by the OWNER.

- B. Material delivered and used on the designated work, including sales tax, if paid for by the CONTRACTOR or its subcontractor.
- C. Equipment rental, including necessary transportation for items having a value in excess of \$1,000.00.
- D. Additional bond.
- E. Additional insurance, other than labor insurance.

To the preceding costs, there shall be added the following fees for the CONTRACTOR, subcontractor, or sub-subcontractor actually performing the work:

- A. A fixed fee not to exceed 15 percent of the cost of Item A above, and 15 percent of the costs of Items B and C above.
 - B. To the total of the actual costs and fees allowed in items A, B, and C above, not more than 2 percent shall be added for additional bond and insurance as the cost of Items D and E above.
8. For all such work performed by forces other than the CONTRACTOR's organization, the CONTRACTOR shall reach agreement with such other forces as to the distribution of the payment made by the OWNER for such work. No additional payment therefore will be made by the OWNER by reason of the performance of the work by a subcontractor or other forces.
 9. The added fixed fees shall be considered to be full compensation, covering the cost of general supervision, overhead, profit, and any other general expense. The above fixed fees represent the maximum limits which will be allowed, and they include the CONTRACTOR's and all subcontractors' indirect home office expenses and all costs for cost proposal preparation and record keeping.
 10. The OWNER reserves the right to furnish such materials and equipment as it deems expedient, and the CONTRACTOR shall have no claim for profit or added fees on the cost of such materials and equipment.

11. For equipment under Item C above, rental or equivalent rental cost will be allowed for only those days or hours during which the equipment is in actual use. Payment shall be based on actual rental and transportation invoices but shall not exceed the monthly rate in the Caltrans Standard Specifications "Labor Surcharge and Equipment Rental Rates" publication. The rental cost allowed for equipment will, in all cases, be understood to cover all fuel, supplies, repairs, ownership, and incidental costs and no further allowances will be made for those items, unless specific agreement to that effect is made.
For
12. CONTRACTOR owned equipment, costs shall be based on either actual cost accounting records or the Caltrans Standard Specifications "Labor Surcharge and Equipment Rental Rates" publication. Hourly rates shall be determined by dividing the monthly rate by 176 hours
13. Prior to the commencement of force account work, the CONTRACTOR shall notify the ENGINEER of its intent to begin work. Labor, equipment, and materials furnished on force account work shall be recorded daily by the CONTRACTOR upon report sheets approved by the ENGINEER. The reports, if found to be correct, shall be signed by both the CONTRACTOR and ENGINEER, and a copy of which shall be furnished to the ENGINEER no later than the working day following the performance of said work. The Daily Report sheet shall thereafter be considered the true record of force account work provided. If the ENGINEER does not agree with the labor, equipment, and/or materials listed on the CONTRACTOR's daily force account report, the CONTRACTOR and ENGINEER shall sign-off on the items on which they are in agreement. The OWNER shall then review the items of disagreement and will advise the CONTRACTOR, in writing, of its determination. If the CONTRACTOR disagrees with this determination, it shall have the right to file a claim in accordance with the General Conditions in Paragraph 18 of this Exhibit. The CONTRACTOR shall maintain its records in such a manner as to provide a clear distinction between the direct costs of work paid for on a force account basis and the costs of other operations
14. To receive partial payments and final payment for force account work, the CONTRACTOR shall submit, in a manner approved by the OWNER, detailed and complete documented verification of the CONTRACTOR's and any of its subcontractor's actual costs involved in the force account pursuant to the pertinent Change Order or Field Order. Such costs shall be submitted within thirty (30) days after said work has been performed

15. The force account invoice shall itemize the materials used and shall cover the direct costs of labor and the charges for equipment rental, whether furnished by the CONTRACTOR, subcontractor, or other forces. The invoice shall be in a form acceptable to the OWNER and shall provide names or identifications and classifications of workers, the hourly rate of pay and hours worked, and also the size, type, and identification number of equipment and hours operated. Material charges shall be substantiated by valid copies of vendor's invoices.
16. When both additions and credits are involved in any one change, the combined overhead and profit shall be figured on the basis of the net increase, if any. The amount of credit to be allowed by the CONTRACTOR to the OWNER for any such change which results in a net decrease in cost will be the amount of the actual net decrease and a credit in accordance with the markups allowed under the use of the method described in this Section. The CONTRACTOR shall not claim for anticipated profits on work that may be omitted.
17. Notice to Sureties: The CONTRACTOR shall notify his sureties and the carriers of the insurance furnished and maintained by him of any changes affecting the general scope of the Work or change in the Contract Price, and the amount of the applicable Bonds and the coverage of the insurance shall be adjusted accordingly. The CONTRACTOR shall furnish proof of such adjustments to the OWNER.
18. CONTRACTOR's Claims: If the CONTRACTOR wishes to make a claim for a change in the Contract Price or the Contract Time, the CONTRACTOR shall give the ENGINEER written notice thereof within 5 working days after the occurrence of the event giving rise to such claim. This notice shall be given by the CONTRACTOR before proceeding to execute the Work covered by the claim except in an emergency endangering life or property. No such claim shall be valid unless so made. Any change in the Contract Price or the Contract Time resulting from a claim that is approved by the OWNER will be authorized by Change Order.
19. Whenever a Change Order or other modification causes a change in the information contained in previously approved submittals, the CONTRACTOR shall include in the cost for preparing and submitting revised information and submittals corresponding to the changed requirements. If the Change Order or other modification(s) causes no change in such information or submittals, the CONTRACTOR shall so certify in writing in the itemized breakdown.

BOND TERMS AND CONDITIONS

1. Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to Owner and the State of California for the complete and proper performance of the Construction Contract, which is incorporated herein by reference.
2. If Contractor completely and properly performs all of its obligations under the Construction Contract, Surety and Contractor shall have no obligation under this Bond.
3. If there is no Owner Default, Surety's obligation under this Bond shall arise after:
 - 3.1. Owner provides Surety with written notice that Owner has declared a Contractor Default under the Construction Contract pursuant to the terms of the Construction Contract; and
 - 3.2. Owner has agreed to pay the Balance of the Contract Sum:
 - 3.2.1. To Surety in accordance with the terms of this Bond and the Construction Contract; or
 - 3.2.2. To a Contractor selected to perform the Construction Contract in accordance with the terms of this Bond and the Construction Contract.
4. When Owner has satisfied the conditions of Paragraph 3 above, Surety shall promptly (within 40 days) and at Surety's expense elect to take one of the following actions:
 - 4.1. Arrange for Contractor, with consent of Owner, to perform and complete the Construction Contract (but Owner may withhold consent, in which case the Surety must elect an option described in Paragraphs 4.2, 4.3 or 4.4 below); or
 - 4.2. Undertake to perform and complete the Construction Contract itself, through its agents or through independent contractors; provided, that Surety may not select Contractor as its agent or independent contractor or Contractor without Owner's consent; or
 - 4.3. Undertake to perform and complete the Construction Contract by obtaining bids from qualified contractors acceptable to Owner for a contract for performance and completion of the Construction Contract and, upon determination by Owner of the lowest responsive and responsible Bidder, arrange for a contract to be prepared for execution by Owner and the contractor or Contractor selected with Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract; and, if Surety's obligations defined in Paragraph 7 below, exceed the Balance of the Contract Sum, then Surety shall pay to Owner the amount of such excess; or
 - 4.4. Waive its right to perform and complete, arrange for completion, or obtain a new contractor or Contractor, and with reasonable promptness under the circumstances and, after investigation and consultation with Owner, determine in good faith its monetary obligation to Owner under Paragraph 7 below, for the performance and completion of the Construction Contract and, as soon as practicable after the amount is determined, tender payment therefor to Owner with full explanation of the payment's calculation. If Owner accepts Surety's tender under this Paragraph 4.4, Owner may still hold Surety liable for future damages then unknown or unliquidated resulting from the Contractor Default, as agreed by Owner and Surety at the time of tender. If Owner disputes the amount of Surety's tender under this Paragraph 4.4, Owner

may exercise all remedies available to it at law to enforce Surety's liability under Paragraph 7 below.

5. If Surety does not proceed as provided in Paragraph 4 above then Surety shall be deemed to be in default on this Bond ten Days after receipt of an additional written notice from Owner to Surety demanding that Surety perform its obligations under this Bond. Such Surety default shall be independent from the Contractor Default. To the extent Surety's independent default causes Owner to suffer damages, including, but not limited to, delay damages, which are different from, or in addition to (but not duplicative of) damages which Owner is entitled to receive under the Construction Contract, Surety shall also be liable for such damages.
6. At all times Owner shall be entitled to enforce any remedy available to Owner at law or under the Construction Contract including, without limitation, and by way of example only, rights to perform work, protect Work, mitigate damages, advance critical Work to mitigate schedule delay, and coordinate Work with other consultants or contractors.
7. If Surety timely elects to act under Paragraphs 4.1, 4.2 or 4.3 above and complies with its obligations under this Bond, Surety's obligations under this Bond are commensurate with the obligations of Contractor under the Construction Contract. Surety's obligations shall include, but are not limited to.
 - 7.1. The responsibilities of Contractor under the Construction Contract for completion of the Construction Contract and correction of Defective Work;
 - 7.2. The responsibilities of Contractor under the Construction Contract to pay liquidated damages; and,
 - 7.3. Additional legal, professional and delay costs resulting from Contractor Default or resulting from the actions or failure to act of the Surety under Paragraph 4 above (but excluding attorney's fees incurred to enforce this Bond).
8. If Surety timely elects to act under Paragraphs 4.1, 4.3 or 4.4 above and complies with its obligations under this Bond, Surety's monetary obligation under this Bond is limited by the amount of this Bond identified herein as the Penal Sum.
9. No right of action shall accrue on this Bond to any person or entity other than Owner or its successors or assigns.
10. Surety hereby waives notice of any change, alteration or addition to the Construction Contract or to related subcontracts, agreements, purchase orders and other obligations, including changes of time, and of any Owner action in accordance with Paragraph 6 above. Surety consents to all terms of the Construction Contract, including provisions on changes to the Contract. No extension of time, change, alteration, Modification, deletion, or addition to the Contract Documents, or of the Work (including services) required thereunder, or any Owner action in accordance with Paragraph 6 above shall release or exonerate Surety on this Bond or in any way affect the obligations of Surety on this Bond, unless such action is an Owner Default. Except in the event of an Owner Default, and to the extent Surety is damaged thereby, Surety hereby waives the provisions of California Civil Code Section 2809, and any other law which either prohibits, restricts, limits or modifies in any way any obligation of a surety which is larger in amount or in any other respect more burdensome than that of the principal.

- ☒ I do not intend to substitute securities for monies withheld and thereby avail myself of the process and rights provided in Public Contract Code Section 22300.
- ☐ I do intend to exercise my option as specified in Public Contract Code Section 22300 and hereby agree to the following:
1. I will establish an escrow Agreement satisfactory to the Agency, with a state or federally chartered bank, which shall contain at a minimum provisions governing inter alia:
 - a. The amount of securities to be deposited;
 - b. The type of securities to be deposited, (eligible securities for deposit are described in Government Code Section 16430);
 - c. The providing of powers of attorney or other documents necessary for the transfer of the securities deposited;
 - d. The terms and conditions of conversion to cash to provide funds to meet defaults by the Contractor including, but not limited to termination of the Contractor's control over the Work, stop notices filed pursuant to law, assessment of liquidated damages or other amounts to be kept or retained under the provisions of the Contract;
 - e. The decrease in value of securities on deposit; and
 - f. The termination of the escrow Agreement upon completion of the Contract and acceptance by the Agency.
 2. I will obtain written consent of the Surety to any such escrow Agreement; and
 3. I will attach to each progress payment submitted a notarized copy of escrow instructions executed by agents thereof and on bank letterhead as proof that such an account has been established. GUARANTY

**TO: The MONTEREY COUNTY WATER RESOURCES AGENCY ("Owner"), for
2017 SAN ANTONIO DAM SPILLWAY EMERGENCY REPAIRS PROJECT**

The undersigned guarantees all construction performed on this Project and also guarantees all material and equipment incorporated therein.

Contractor hereby grants to Owner for a period of one (1) year following the date of Final Completion of the Work: completed, or such longer period specified in Contract Documents, its unconditional warranty of the quality and adequacy of all of the Work including, without limitation, all labor, materials and equipment provided by Contractor and its Subcontractors of all tiers in connection with the Work. Final Completion shall be the date the Monterey County Water Resources Agency accepts all Work as complete.

Neither final payment nor use nor occupancy of the Work performed by the Contractor shall constitute an acceptance of Work not done in accordance with this Guaranty or relieve Contractor of liability in respect to any express warranties or responsibilities for faulty materials or workmanship. Contractor shall remedy any defects in the Work and pay for any damage resulting therefrom, which shall appear within one year, or longer if specified, from the date of Final Acceptance of the Work completed.

If within one (1) year after the date of Final Acceptance of the Work completed, or such longer period of time as may be prescribed by laws or regulations, or by the terms of Contract Documents, any Work is found to be defective, Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions, correct such Defective Work. Contractor shall respond within 24 hours after being notified in writing by Owner of any Work not in accordance with the requirements of the Contract or any defects in the Work. Contractor shall commence and prosecute with due diligence all Work necessary to fulfill the terms of this Guaranty, and to complete the Work within a reasonable period of time. Contractor shall remove any Defective Work rejected by Owner and replace it with Work that is not defective, and satisfactorily correct or remove and replace any damage to other Work or the Work of others resulting therefrom. If Contractor fails to promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the Defective Work corrected or the rejected Work removed and replaced. Contractor shall pay for all Claims, costs, losses and damages caused by or resulting from such removal and replacement. Where Contractor fails to correct Defective Work, or defects are discovered outside the correction period, Owner shall have all rights and remedies granted by law.

Inspection of the Work shall not relieve Contractor of any of its obligations under the Contract Documents. Even though equipment materials, or Work required to be provided under the Contract Documents have been inspected, accepted, and estimated for payment, Contractor shall, at its own expense, replace or repair any such equipment, material, or Work found to be defective or otherwise not to comply with the requirements of the Contract Documents up to the end of the guaranty period.

All abbreviations and definitions of terms used in this Agreement shall have the meanings set forth in the Contract Documents.

The foregoing Guaranty is in addition to any other warranties of Contractor contained in the Contract Documents, and not in lieu of, any and all other liability imposed on Contractor under the Contract Documents and at law with respect to Contractor's duties, obligations, and performance under the Contract Documents. In the event of any conflict or inconsistency between the terms of this Guaranty and any warranty or obligation of the Contractor under the Contract Documents or at law, such inconsistency or conflict shall be resolved in favor of the higher level of obligation of the Contractor.

The following is added to Paragraph A. Coverage of the Physical Damage Coverage Section:

If a covered "auto" is stolen and recovered, we will pay the cost of transport to return the "auto" to you. We will pay only for those covered "autos" for which you carry either Comprehensive or Specified Causes of Loss Coverage.

All other terms, conditions, provisions and exclusions of this policy remain the same.

ADDITIONAL INSURED – AUTOMATIC STATUS AS REQUIRED BY CONTRACT – BLANKET

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Any person or organization that you are required by written contract to include as an additional insured on this policy if the contract is executed prior to the loss.

- A. Who is an Insured (Section II) is amended to include as an insured any person or organization shown in the above SCHEDULE (called additional insured), but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" arising out of your premises or your operations for the additional insured, and only to the extent and for the minimum limits required in the written contract.
- B. The insurance provided to the additional insured is subject to the following limitations:
1. Unless required by written contract, this insurance does not apply to "bodily injury" or "property damage" occurring after "your work" for the additional insured has been completed or after that portion of "your work" out of which the "bodily injury" or "property damage" arises has been put to its intended use by any person or organization, whichever occurs first.
 2. Unless specifically required by written contract, this insurance does not apply to "bodily injury" or "property damage" arising out of the sole negligence, act or omission of the additional insured.
 3. This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" for which the additional insured is obligated to pay damages by reason of the assumption of liability in a contract or agreement except to the extent that the additional insured would have been obligated to pay such damages in the absence of the contract or agreement.
 4. This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering or failure to render any professional services by any insured or on any insured's behalf, including:
 - a) The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders, drawings or specifications; and
 - b) Supervisory, inspection, architectural or engineering services.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services.
 5. This endorsement shall not apply to a person or organization if any other additional insured endorsement attached to this policy specifically applies to that person or organization.
 6. The insurance afforded herein only applies to the extent permitted by applicable state law, including statutes governing additional insured coverage in the construction industry.
 7. The insurance afforded to the additional insured shall not exceed the minimum limits required in the written contract.
- C. In no event shall the insurance provided to the additional insured exceed the scope of coverage, including minimum limits, required by the contract. If a written contract or agreement requires that additional insured status be provided by the use of specified edition dates of the ISO CG2010 and/or CG2037, then the terms of that endorsement are incorporated into this endorsement as respects such additional insured and shall supersede the coverage grant and limitations in Sections A. and B. of this endorsement. In the event that CG2010 and/or CG2037 are required but no edition dates are specified, the 04/13 editions shall apply.
- D. This insurance is excess to any other insurance, whether primary, excess, contingent or on any other basis, available to the additional insured unless a written contract requires that this insurance be primary or primary and non-contributing. However, this insurance is always excess to other insurance, whether primary, excess, contingent or on any other basis, when the additional insured has been added to the other insurance as an additional insured.

Nothing herein contained shall be held to vary, alter, waive or extend any of the terms, conditions, provisions, agreements or limitations of the mentioned Policy, other than as above stated.
