Item No.	Registered Site	Archaeological Report Result	Basement Project?	Type of Assessment	Staff Recommendation	Cat. Exempt/Initial Study	Mitigations?	Resources Found?	Resource Description
1	CA-MNT-1286	neg	no; subterranean garage	background research/general surface visual assessment	Approve	Categorically exempt	no	no	none
2		neg	yes	background research/general surface visual assessment	Approve	Categorically exempt	no	no	none
3	CA-MNT-16	pos	no; subterranean garage	background research/surface visual assessment	Approve	Initial Study	yes		
4	CA-MNT-1286	pos	no	unknown method	Approve	Categorically exempt	no	no	none
5	CA-MNT-17C	pos	yes	Preliminary Assessment: background research/general surface visual assessment	Approve	Categorically exempt	no	yes	shell fragments, fire cracked cobblestones
6		neg	yes	background research/general surface visual assessment	Approve	Categorically exempt	no	no	none
7		neg	yes	background research/general surface visual assessment	Approve	Categorically exempt	no	no	none
8	CA-MNT-17	pos	NOT IN ACCELA	Preliminary Assessment and secondary testing: background research,	Approve	Initial Study	yes		shell and mussel fragments
9	CA-MNT-17	pos	yes	background research/general surface visual assessment	Approve	Initial Study	yes	no	none
10		neg	yes	background research/general surface visual assessment	Approve	Categorically exempt	no	no	none
11		neg	yes	background research/general surface visual assessment	Approve	Categorically exempt	no	no	none
12		neg	yes	background research/general surface visual assessment	Approve	Categorically exempt	no	no	none
13	CA-MNT-1286	pos	yes	surface visual assessment	Approve	Categorically exempt	no		
14	CA-MTN-16	pos	no; subterranean garage	Preliminary Assessment: background research/surface visual assessment/probing	Approve	Initial Study	yes	yes	midden soil, shell fragments
15		pos	NOT IN ACCELA		n/a	n/a	n/a	n/a	
16	CA-MNT-17 SW of project site	neg	yes	background research/general surface visual assessment/test boring logs	Approve	Initial Study	yes		
17		neg	no	background research/general surface visual assessment	n/a	n/a	no	no	none
18	CA-MNT-17C	pos	yes	background research/excavation units	Approve	Initial Study	yes	no	none
19	CA-MNT-17	pos	yes	auger boring/excavation test unit	Approve	Initial Study	yes		
20	CA-MNT-17C	pos	yes	unknown method	Approve	Initial Study	yes		
21	CA-MNT-17	pos	no; below ground dwelling	background research/excavation sample test unit	Approve	Initial Study	yes	yes	Midden soils, shell fragments, and human remains found.

22	CA-MNT-17C	pos	yes	geotechnical coring program	Approve	Initial Study	yes		
23	CA-MNT-17	neg	yes	soil test boring	Approve	Initial Study	yes		
24		neg	NOT IN ACCELA	unknown method	n/a	n/a	n/a	n/a	
25	CA-MNT-17	see text	NOT IN ACCELA	unknown method	n/a	n/a	n/a	n/a	
26	CA-MNT-17C	pos	yes	Preliminary Assessment: background research/general surface visual assessment/test boring logs/trench testing	Approve	Initial Study	yes	yes	midden soils, shell fragments, projectile points. Pigmented cobble
27		neg	no; subterranean garage	background research/general surface visual assessment	Approve	Categorically exempt	no		
28		neg	NOT IN ACCELA	unknown method	Approve	Categorically exempt	no		
29	CA-MNT-17C	pos	yes	Mitigation Monitoring during construction	Approve	Initial Study	yes	yes	bone artifacts, abalone shells, and human remains found
30		neg	yes	background research/general surface visual assessment	In progress	n/a	n/a	n/a	n/a
31	CA-MNT-17A	pos	no; subterranean garage	background research/excavation units	Approve	Categorically exempt	no	no	none
32	CA-MNT-17A	pos	no; lower living space	background research/auger boring	Approve	Initial Study	yes	no	none
33	CA-MNT-16	pos	yes; subterranean garage & basement	background research/surface visual assessment	Approve	Initial Study	yes	no	none
34	CA-MNT-17	pos	no; subterranean garage	background research/excavation units	Approve	Categorically exempt	no	no	none
35		neg	no; subterranean garage	background research/general surface visual assessment	Approve	Categorically exempt	yes	no	none
36	CA-MNT-1286	pos	no; lower living space	excavation monitoring during construction	Approve	n/a	no	no	none
37	CA-MNT-17	pos	yes	Preliminary Assessment: background research/general surface visual assessment	Approve	Initial Study	yes	yes	significant obsidian and shell fragments
38		neg	yes	background research/general surface visual assessment	Approve	Categorically exempt	no	no	none
39	CA-MNT-17C	pos	yes	Monitoring Closure Report (Mitigation Measure): background research/surface visual assessment/monitored excavation	Approve	Initial Study	yes	yes	shell fragments, midden soil, projectile points, bone awls, pigmented cobble
40		neg	yes	background research/general surface visual assessment	Approve	n/a	no	no	none

41	CA-MNT-17C	pos	yes	Preliminary Assessment & Mitigation Plan: auger borings and excavation test unit	Approve	n/a	n/a	yes	Sparse midden constituents found. Human burial previously found during excavation and recovered from area.
42	CA-MNT-17	pos	no; subterranean garage	background research/surface visual assessment/excavation shovel probes	Approve	Initial Study	yes	In progress	
43	CA-MNT-17C	NOT IN ACCELA			n/a	n/a	n/a	n/a	
44	CA-MNT-17B Adjacent	neg	yes	background research/general surface visual assessment/auger boring		Initial Study	yes	In progress	
45	CA-MNT-17B Adjacent	neg	yes	background research/general surface visual assessment	Approve	Initial Study	yes	In progress	
46	CA-MNT-17B Adjacent	neg	yes	background research/general surface visual assessment	Approve	Initial Study	yes	In progress	
47	CA-MNT-17B Adjacent	neg	no; guesthouse	background research/general surface visual assessment	Approve	Categorically exempt	no	In progress	
48	CA-MNT-16	pos	yes	background research/general surface visual assessment	Approve	Initial Study	yes	In progress	
49	CA-MNT-17B	neg	yes	Phase II Evaluation: background research/visual inspection/excavation testing	Approve	?	no	yes	shell fragments, bone, groundstone, and fire affected rock. Found from Phase II report.
