Manzanita House ("Manzanita") is a short-term crisis residential treatment program which offers community-based rehabilitative services in a non-institutional residential setting with a structured program. Manzanita is an alternative to inpatient psychiatric care for adult clients of the Monterey County Behavioral Health System experiencing an acute psychiatric episode or crisis who do not require in-patient psychiatric treatment and who do not have medical complications requiring nursing care. The program and facilities are licensed by the State of

California, Department of Social Services Community Care Licensing (CCL) as a "Social Rehabilitation Facility" and are certified by the Department of Health Care Services as short-term Crisis Residential Treatment Service Facilities. Interventions concentrate on symptom reduction, medication and functional stabilization. Service activities include behavioral health assessment, behavioral health treatment and discharge plan development, individual and group counseling, as well as development of a community support system. Psychiatry services are provided by MCBHB.

3. **Program Purpose**

This community-based short-term crisis residential program is an alternative to in-patient hospitalization. Manzanita focuses on reduction of the crisis, stabilization, and collaborates with the MCBH support team and resident to develop a safe discharge plan including referrals for further treatment or support services to ease the transition into community living. All MCBH referrals will be offered an assessment for program admission.

4. **Desired Results**

Goal	Measurement & Data Source
1. 75% of consumers will improve their mental health recovery.	• Measured via the pre-and post "Illness Management and Recovery Outcome Survey."
2. 75% of consumers will discharge to a lower level of care.	• Measured by Exit Data in Avatar; "Discharge Location" module. (Lower level of care is anything except in-patient psych or jail.)
3. 75% of consumers will meet or partially meet their discharge goals.	• Measured by "Type of Discharge" category in Avatar. (Type of discharge is treatment goals reached, treatment goals partially reached, no further care needed at this facility.)

4. 80% of consumers surveyed will report
satisfaction with the quality of services
provided.• Measured by client self-report via "Consumer Satisfaction"
survey instrument at exit.

6. Who are the partners involved in program implementation?

MCBHB Medical Director or designee provides medical consultation to nursing staff at the facility. MCBHB also provides psychiatry services for all residents of Manzanita.

When a client is referred, and staff at Interim conclude client is not appropriate for the program, how will this be resolved? What is the discharge level of care? What is the anticipated length of service?

- Program staff will provide written documentation of the rationale for denial of admission to the case coordinator and supervisor. Interim staff will collaborate with MCBHB coordinators on recommendations for alternative referral plans as requested.
- Discharge is when clients are no longer meeting medical necessity, i.e. client has stabilized on medication and implements coping strategies to manage symptoms in order to maintain safety in the larger community.

- Length of stay depends on the client's functional stability for community living.
- Maximum length of stay is 30 days without additional MCBHB authorization to ensure successful completion of treatment plan.

8. What are the health equity goals (how the program will address health disparities and access to services, especially by underserved/unserved populations)?

2. **Program Description:**

Address of Delivery Sites:

Casa de Perla, Monterey, CA Casa de Los Robles, Monterey, CA Dela Vina (Horizons), Monterey, CA Pearl Street Apartments, Monterey, CA Acacia House, Salinas, CA California House, Salinas, CA

	Casa de Paloma, Salinas, CA Catalyst Apartments, Salinas, CA Mariposa Apartments Salinas, CA MCHOPE scattered-site apartments other potential locations that may be developed

Target # of Consumers:	100+ consumers

Community Housing is a permanent supportive housing program, which provides 100+ affordable housing placements for community independent living for adults with serious and persistent, long term psychiatric disabilities. These placements are provided as individual apartments and/or cooperative group housing units. Interim, Inc. provides case coordination, case management, crisis intervention, and mental health treatment services for residents in all the supported housing programs in accordance with state guidelines established under the rehabilitation option.

3. **Program Purpose**

Community Housing provides mental health services and permanent supportive housing to low income individuals with a serious and long term psychiatric disability. Mental health services are interventions designed to minimize disability and maximize the restoration or maintenance of functioning consistent with the requirements for learning, development, independent living, and enhancing self-sufficiency.

4. **Desired Results**

The primary public health benefit is providing and assisting low income individuals with serious psychiatric disabilities to maintain safe, affordable, supportive permanent housing. This prevents people from homelessness or institutional placement, and improves their quality of life. Federal law requires public mental health systems to provide services in integrated community settings, and Permanent Supportive Housing is a proven approach for doing so. It presents an alternative to hospitals, shelters, and other settings that segregate people by disability, such as nursing homes, board and care homes, and other residential care facilities, in which residency is tied to receiving the particular services the facility offers. Once an individual achieves a higher level of

recovery and no longer meets the medical necessity criteria, only with resident's consent, Interim will work on locating other sources of permanent housing.

5. What evidence-based practice(s) will be used? How will fidelity be monitored? What are the measurable goals for the program (how will the program assess successful outcomes?)

Evidenced Based Practice: Motivational Interviewing, Wellness Recovery Action Plan (WRAP), Trauma-Informed approaches, and Permanent Supportive Housing. Licensed/licensed eligible staff provides Cognitive Behavioral Therapy and Dialectical Behavioral Therapy.

Goal	Measurement & Data Source
1. 90% of consumers will maintain or improve their mental health recovery.	• Measured at entry, annually, and at exit thereafter via the "Illness Management and Recovery Outcome Survey."
2. 85% of consumers will appropriately engage with a PCP.	 Measured by staff observations and clients' self-reports of engagement in primary care physician appointments. Data source: EMR/Avatar "PCP Information" module.
3. 80% of consumers surveyed will report satisfaction with the quality of services provided.	• Measured by client self-report via annual "Consumer Satisfaction" survey instrument.

6. Who are the partners involved in program implementation?

Interim works with the County of Monterey Housing Authority to provide Section 8 housing subsidies for units when possible. Interim administers other rent subsidies through a HUD funded program.

7. What is the eligibility criteria for admission to the program?

- Financial Eligibility: Short-Doyle/Medi-Cal eligible or meet the standards for low-income status.
- Referral through Interim case coordinators or MCBHB service coordinators with admission approval by Interim staff.
- The populations to be served are adults with major psychiatric disabilities (including transition age youth age 18 and older) with serious mental illnesses, i.e. schizophrenia, schizoaffective disorder or bipolar disorders that substantially interfere on a long-term basis with their functional ability to carry out primary aspects of daily living in the community and are receiving psychiatry services through MCBHB or a designee. (Exceptions to these criteria are only approved by MCBHB and Interim Inc. Deputy Director or designees.) Upon discharge from MCBHB services or Interim, rehabilitative mental health, case coordination, and case management services will be terminated. However, housing may not be terminated

except as allowed under the lease. Upon discharge or termination from housing, clients will be referred to MCBHB case coordination.

- Housing eligibility is governed by funding sources regulatory agreements; some housing is limited to people with specific income levels. Each property has specific income and asset limitations. Some properties have specific limitations related to criminal records of applicants or rental history.
- Admission eligibility determined by Interim Program Director or designee.

When a client is referred, but staff at Interim conclude client is not appropriate for the program, how will this be resolved? What is the discharge level of care? What is the anticipated length of service?

- Program staff will collaborate with case coordinators to create an alternative referral plan for appropriate services.
- Clients aren't involuntarily discharged from housing unless they violate their lease agreement. Anticipated length of service doesn't pertain to permanent supportive housing.
- Clients who no longer need this level of care of supportive housing are encouraged and assisted with discharge plans into available affordable housing in the community.

8. What are the health equity goals (how the program will address health disparities and access to services, especially by underserved/unserved populations)?

MCBHB refers all clients. Interim serves economically disadvantaged populations who meet the standards for low-income status or are Short-Doyle/Medi-Cal eligible. The program addresses one of the top goals of the Monterey County Lead Me Home 10-year Plan by providing affordable permanent supportive housing. Interim is the only provider of permanent supportive housing for adults with mental illness in Monterey County. MCBHB provides psychiatry services.

9. How does the program demonstrate the following principles: Family and Consumer Driven; Accessible and Timely Services; Wellness and Recovery; Culturally and Linguistically Competent; Strength and Resiliency; Integrated and Coordinated Services.

Staff is trained in Motivational Interviewing to ensure services align with the consumer's readiness for change. They are trained in and use a strengths-based and recovery focused model and deliver services that are based on individualized goals, set jointly between staff and individuals seeking services. Psychosocial educational and skill development groups are based on observed needs as well as ongoing feedback from participants. All services are voluntary, and staff are available on-call 24-hours a day to provide emergency support.

Input from residents is provided through the consumer run Recovery Task Force as well as resident council and resident community meetings. Interim offers support team meetings that include family members and other support team members as designated by consumers. Interim also hires peers and family members in every area of agency operations.

Staff receive training on Cultural and Linguistic Competency and Trauma Informed services. Bilingual Spanish services are provided as needed. Interpreters are available in other languages.

Services are integrated and coordinated with MCBHB and other providers in the area.

10. **Program Capacity and Total Annual Number to Be Served in the Program.**

Program capacity and annual number to be served in housing is 100+ clients. Clients transitioning out will be referred to MCBHB coordination services, and Interim coordination will continue for approximately one month after discharge. There are approximately five clients at any given time that transition out.

PROGRAM FIVE:

1. **Program Name:** <u>Sandy Shores</u>

2. **Program Description:**

Target # of Consumers:	28 consumers

Sandy Shores is a permanent supportive housing program, which provides affordable housing for 28 very low-income individuals all of whom are homeless and have a serious mental health diagnosis that substantially interferes with their functional ability to carry out primary aspects of daily living in the community. All individuals receive case management, crisis intervention, mental health services, and housing services in an effort to assist individuals to live in the community.

3. **Program Purpose**

Sandy Shores provides mental health services and permanent supportive housing to individuals with a psychiatric disability who are homeless per HUD guidelines. - 2. **Program Description:**

Address of Delivery Site:

Shelter Cove, Marina, CA

Program Schedule:	Typically Monday through Friday 8am to 7pm, and Saturday through Sunday 11am to 7pm. Resident Manager provides coverage on an on-call basis 7 days a week from 8pm to 8am. Staff are on-call and available via cellphone for emergencies. Staff schedule may vary based upon consumers' needs.
Limitation of Service:	Transitional housing limited to 2-year stay. There are income limitations and individuals must meet the criteria of being homeless. This program provides transitional housing in individual bedrooms in two and four bedroom units. Residents have individual leases and share the common areas of the units. The project also provides lunch five days a week.
Target # of Consumers:	32 consumers at a given time, approximately 50+ served/year.

Shelter Cove is a supported transitional housing program, which provides housing to 32 very low-income individuals all of whom are homeless, and have a serious mental health diagnosis that substantially interferes with their functional ability to carry out primary aspects of daily living in the community. All individuals receive case management, crisis intervention, mental health services and housing services in an effort to help residents learn the skills they will need to successfully transition to independent living. The program's philosophy is based on the Social Rehabilitation Model.

3. **Program Purpose**

The Shelter Cove program is designed for individuals who are incapable of living completely independently and who need transitional affordable housing with support services in order to live successfully in the community. The program focuses on helping individuals learn the skills necessary to move into more independent housing. Mental health services are interventions designed to minimize disability and maximize the restoration or maintenance of functioning consistent with the requirements for learning, development, independent living, and enhancing self-sufficiency.

4. **Desired Results**

The primary public health benefit is providing clients with case management services which help the clients to develop goals that improve their life in areas of health, education, employment, daily living skills in order to help them prepare for independent living. Federal law requires public mental health systems to provide services in integrated community settings, and Permanent and Transitional Supportive Housing is a proven approach for doing so. It presents an alternative to hospitals, shelters, and other settings that segregate people by disability, such as nursing homes, board and care homes, and other residential care facilities, in which residency is tied to receiving the particular services the facility offers.

5. What evidence-based practice(s) will be used? How will fidelity be monitored? What are the measurable goals for the program (how will the program assess successful outcomes?)

Evidenced Based Practice: Motivational Interviewing, Seeking Safety, Trauma-Informed approaches, and Wellness Recovery Action Plan (WRAP). Licensed/licensed eligible staff provides Cognitive Behavioral Therapy.

- Interim, Inc.'s Housing Department manages applications for Sunflower. The Housing Department sends denial letters with reasons for denial directly to clients.
- Program staff will provide case coordination to create an alternative referral plan for appropriate services.
- Clients aren't involuntarily discharged from housing unless they violate their lease agreement. Anticipated length of service doesn't pertain to permanent supportive housing. The maximum length of stay in the two transitional units is two years.
- Clients who no longer need this level of care of supportive housing are encouraged and assisted with discharge plans into available affordable housing in the community.

8. What are the health equity goals (how the program will address health disparities and access to services, especially by underserved/unserved populations)?

The MCHOME outreach program (see PROGRAM TEN below) has outreach workers who engage with individuals on the street and Interim case coordinators and Program Director determine their eligibility for this FSP and housing option. Interim serves economically disadvantaged populations who meet the standards for low-income status, are homeless or atrisk, and are Short-Doyle/Medi-Cal eligible.

9. How does the program demonstrate the following principles: Family and Consumer Driven; Accessible and Timely Services; Wellness and Recovery; Culturally and Linguistically Competent; Strength and Resiliency; Integrated and Coordinated Services.

Staff is trained in Motivational Interviewing to ensure services align with the consumer's readiness for change. They are trained in and use a strengths-based and recovery focused model and deliver services that are based on individualized goals, set jointly between staff and individuals seeking services. Psychosocial educational and skill development groups are based on observed needs as well as ongoing feedback from participants. All services are voluntary, and staff are available on-call 24-hours a day to provide emergency support.

Input from residents is provided through the consumer run Recovery Task Force as well as resident council and resident community meetings. Interim offers support team meetings that include family members and other support team members as designated by consumers. Interim also hires peers and family members in every area of agency operations.

Staff receives training on Cultural and Linguistic Competency and Trauma Informed services. Bilingual Spanish services are provided as needed. Interpreters are available in other languages.

Services are integrated and coordinated with MCBHB and other providers in the area.

10. **Program Capacity and Total Annual Number to Be Served in the Program.**

PROGRAM TEN:

1.	Program	Name:	<u>MCHOME</u>

2. **Program Description:**

Address of Delivery Sites:	MCHOME, Marina, CA with countywide outreach Soledad House, Salinas, CA Wesley Oaks, Salinas, CA
Program Schedule:	Typically, Monday through Sunday, 8:30 a.m. to 5:00 p.m. Staff are on-call and available via cellphone for emergencies. Staff schedule may vary based upon consumers' needs.
Limitation of Service:	Full Service Partnership (FSP) program. There are income limitations per regulatory agreements for the two houses, and criteria of being homeless or at-risk of homelessness as defined by HUD regulations. Serving homeless adults with serious mental illness and/or functioning limitations that substantially interfere with ability to carry out primary aspects of daily living in the community.
Target # of Consumers:	78 unduplicated consumers per each fiscal year with 7 residing at Soledad and 4 at Wesley Oaks; enroll 20 new clients into MCHOME FSP services in each fiscal year during FY 2016-17 and FY 2017-18 and 30 new clients during FY 2018-19.

The MCHOME Program is a Full-Service Partnership ("FSP"), which provides wrap-around services, and outreach for adults with a psychiatric disability who are homeless or at high risk of homelessness. The purpose of the program is to assist adults with mental illness, including those served by the Adult System of Care, and Access, to move off the street into housing and

employment and/or on benefits through outreach, assessments, intensive case management services, mental health services, and assistance with daily living skills.

Soledad House serves as transitional housing for MCHOME clients to reside in for no more than one year. This housing operates on the housing first model, and may be used for temporary housing for persons not yet enrolled in the FSP. Soledad provides a central place and a program identity that fosters positive peer support, and provides consumers with the tools to maintain housing.

Wesley Oaks is an intensive permanent supportive housing program, which provides a Full Service Partnership level of services to 4 very low-income individuals with a serious mental health diagnosis, all of whom are homeless or at high risk of homelessness. The service array includes: intensive case management and mental health services provided in the FSP model as required by Mental Health Services Act funding, and independent living skills development in order to help residents live self-sufficiently in the community.

3. **Program Purpose**

MCHOME provides intensive mental health services and shelter/housing support to vulnerable individuals with a psychiatric disability who are homeless or at-risk of homelessness. The goal is to prevent further homelessness, to avoid costly hospitalization or use of short-term crisis residential programs, hospital crisis teams, and unnecessary institutionalization in residential care homes. The program also focuses on helping individuals who are not currently receiving services from the public behavioral healthcare system to obtain psychiatric medications and other needed medical services. The program also works closely with the Department of Social Services to help individuals to enroll in benefits, including SSI.

Mental health services are interventions designed to minimize mental disability and maximize the restoration or maintenance of functioning consistent with the requirements for learning, development, independent living, and enhancing self-sufficiency.

4. **Desired Results**

Individuals with mental illness who are living on the street are stabilized, housed, and reintegrated into the community. Also, law enforcement, veterans' offices, the Probation Department, city officials, business councils, etc. have a program to which to refer when they are concerned about a homeless individual. MCHOME also works to temporarily move homeless individuals off the streets into motels or shelters to help to stabilize or prevent harm to homeless persons who are particularly vulnerable.

5. What evidence-based practice(s) will be used? How will fidelity be monitored? What are the measurable goals for the program (how will the program assess successful outcomes?)

Evidenced Based Practice: Motivational Interviewing, Trauma-Informed approaches, and Wellness Recovery Action Plan (WRAP). Case coordinators may also provide Cognitive Behavioral Therapy and/or Dialectical Behavioral Therapy.

Goal	Measurement & Data Source
1. 80% of consumers will maintain or improve their mental health recovery. (MHSA)	• Measured via the pre-and post "Illness Management and Recovery Outcome Survey."

PROGRAM ELEVEN:

1. **Program Name:** <u>Dual Recovery Services</u>

2. **Program Description:**

Address of Delivery Site:	41 E. San Luis St., Salinas, CA 93901
Program Schedule:	Monday through Friday, 8am – 5pm.
Limitation of Service	Clients are referred by the Monterey County Behavioral Health staff or Interim case coordinators.
Target # of Consumers:	85

Dual Recovery Services (DRS) is an outpatient program for adults with co-occurring serious mental illness and substance use disorders. The program aims to assist clients in developing dual recovery skills to maintain successful community living, and to promote a clean and sober lifestyle as they transition out of dual recovery residential programs. Interim staff provides individual and group counseling to help clients develop skills to adjust to community living and/or maintain housing through the evidenced based practice of Motivational Interviewing. Clients develop goals that are focused on increasing daily structure, improving symptom management skills, personal and social functioning, and substance use recovery skills.

3. **Program Purpose**

DRS uses behavioral health wellness and recovery principles to assist clients to develop the coping and recovery skills needed to successfully live in the community. It provides assessment/evaluation, rehabilitation, and group and individual mental health services to maintain or restore mental health, personal independence and functioning and sobriety.

Best evidence practice indicates that in order to make a successful adjustment back to community living for individuals with dual recovery issues, consumers need activities every day that promote a clean and sober life style. The staff and the consumer develop written daily schedules for individuals to have and to follow. These schedules include various treatment options that include: skill building groups, recovery oriented community based groups and other structured activities which promote healthy community living and help to reduce the triggers that lead to relapse of substance use. Individual written service plans are developed for each consumer moving into this phase of community based treatment and help teach consumers how to avoid drug and alcohol use while strengthening healthy social supports using wellness and recovery principles.

4. **Desired Results**

DRS aims to increase consumers' successful adjustment to community living after completion of dual recovery residential program by reducing the relapse rate.

5. What evidence-based practice(s) will be used? How will fidelity be monitored? What are the measurable goals for the program (how will the program assess successful outcomes?)

Address of Delivery Site:	339 Pajaro St., Salinas, CA 93901
Program Schedule:	Monday through Friday, 8am – 5pm
Limitation of Service	Clients are referred by the Monterey County Behavioral Health Department.
Target # of Consumers:	40

The Supported Education Services program (SEES) assists adults with psychiatric disabilities to be successful in the educational environment of their choice. The program's services include assistance with class enrollment, coordination of services with the educational institution, and ongoing support while consumers are pursuing their educational endeavors. The SEES program provides at least eight (8) informational presentations within Interim and MCBHB on Supported Education Services, and facilitates two (2) Peer Support Groups each week.

3. **Program Purpose**

SEES provides consumers with the ability to access and sustain their educational endeavors as well as establish possible vocational plans.

4. **Desired Results**

Supported Education is a SAMHSA Evidence Based Practice. The community benefits include consumers having access and continuing to use the educational environment of their choice. This program allows for diversity within the educational system. The onset of mental illness most commonly occurs between the ages of 15 and 21 when young people are beginning to develop their adult roles. During this time, they are completing their education that prepares them to work, developing relationships that create a social network, and learning their rights and responsibilities within their communities. The onset of a mental illness disrupts this process; once disrupted, it is extraordinarily difficult to recreate.

Supported Education programs help consumers pursue their individual educational goals. Offered in tandem with Supported Employment, these programs help consumers develop a sense of self-efficacy and independence. Supported Education encourages consumers to think about and plan for their future. It provides an important step to help consumers use their innate talents and abilities and pursue their personal recovery goals. Supported Education promotes career development to improve long-term work opportunities.

Supported Education follows the "choose-get-keep" model, which helps consumers make choices about paths for education and training, get appropriate education and training opportunities, and keep their student status until they achieve their goals.

5. What evidence-based practice(s) will be used? How will fidelity be monitored? What are the measurable goals for the program (how will the program assess successful outcomes?)

PROGRAM FOURTEEN:

1. **Program Name:** <u>Workforce Education & Training (WET)</u>

2. **Program Description:**

Address of Delivery Site:	339 Pajaro St., Salinas, CA 93901
Program Schedule:	Monday through Friday, 8am – 5pm
Limitation of Service	Clients are self – referred
Target # of Consumers:	60

Workforce Education & Training (WET) promotes successful employment of consumers and family members in the public mental health system in Monterey County. The program provides outreach, recruitment, employment support services, job analysis, training, and job coaching for mental health consumers or family members to promote a diverse and stable mental health workforce. The WET program provides twenty-four (24) trainings per fiscal year on skill development and facilitates three (3) vocational support groups per month.

All services are consistent with MHSA guidelines and incorporate the General Standards set forth in Title 9, California Code of Regulations (CCR), Section 3320:1) wellness, recovery and resilience, 2) cultural competence, 3) consumer and family driven mental health services, 4) an integrated service experience, and 5) collaboration with the community.

3. **Program Purpose**

WET provides consumers with gainful employment in the mental health workforce thereby giving them an ability to influence the system of care. This program also helps promote recovery, and creates a more collaborative community.

4. **Desired Results**

The community benefits include having those who understand and who have experienced the mental health system, as consumers or family members, share their first-hand experience. This program allows for diversity and improvement to the mental health workforce. Consumer-operated or peer support services are an evidence based practice recognized by SAMHSA. Consumer-operated services have diverse sets of practices, but research has recognized four basic types of functions: mutual support, community building, providing services, and advocacy. Some consumer-operated services assume all four of these functions; others emphasize only

some of them. People with common life experiences have a unique capacity to help each other because they share a deep understanding that might not exist in other relationships. Mutual support exemplifies the "helper's principle" which means that both parties benefit from the process. When peers support each other in this way, there is no need to designate who is the "helper" and who is the "helpee." They might switch back and forth in these roles or act simultaneously. The WET program recruits and trains peers and family member to work in the public mental health system and provides training and support to help consumers and family members effectively work in their jobs.

5. What evidence-based practice(s) will be used? How will fidelity be monitored? What are the measurable goals for the program (how will the program assess successful outcomes?)

Goal	Measurement & Data Source
1. Serve 60 (unduplicated) consumers or family members employed in the public mental health system each fiscal year, including Wellness Navigators.	 Measured by the number of unduplicated participants each year. Data source: Data spreadsheet indicating consumers or family members participating in the services, i.e. job coaching, employment training, etc.
2. Provide three vocational support groups per month.	 Measured by staff providing at least three groups and clients attendance in groups. Data Sources: Agenda for support groups and attendance records with attendees' signatures.
3. Provide 24 trainings per fiscal year on skill development.	 Measured by staff providing at least 24 trainings each year and clients' attendance in trainings. Data Sources: Agenda for trainings and attendance records with attendees' signatures.

Evidenced Based Practice: Motivational Interviewing, and peer support.

6. Who are the partners involved in program implementation?

MCBHB is a key partner in implementation. Persons served can be employed by MCBHB or any non-profit or for-profit agency contracted to the public mental health system.

7. What is the eligibility criteria for admission to the program?

- Adults, 18 and over who are mental health consumers or family members and are currently employed by, or interested in becoming employed by the either the public mental health system or a non-profit or profit agency contracted to the public mental health system.
- Referral: Self-referral.

When a client is referred, but staff at Interim conclude client is not appropriate for the program, how will this be resolved? What is the discharge level of care? What is the anticipated length of service?

- Individuals are admitted to the program on a self-referral basis.
- Clients can self-discharge from the program. Clients also discharge when they are no longer working in mental health field or don't require services.

PROGRAM TWENTY:

1. **Program Name:** <u>Chinatown Community Learning Center with California State</u> <u>University at Monterey Bay (CSUMB)</u>

2. **Program Description:**

Address of Delivery Site:	20 Soledad St., Salinas, CA 93901
Program Schedule:	Monday through Friday, 9am – 5pm.

Interim continues to sub-contract this service to CSUMB and provides oversight for CSUMB's Chinatown Community Learning Center (CCLC) initiative. The purpose of the collaboration is to enable CSUMB to continue to offer qualified Master of Social Work (MSW) support for the homeless and other marginalized populations in the Chinatown neighborhood of Salinas at the Chinatown Community Learning Center. The Community Learning Center is a resource center with office and classroom space devoted to serving the needs of the homeless and other marginalized residents of the Chinatown neighborhood and surrounding areas. The Center's staff provides structured learning opportunities, access to social services, and supports the development of micro-enterprise activities that serve the needs of the homeless and marginalized in Chinatown, many of whom are also struggling with mental health and addiction issues. Interim provides guidance on setting and meeting goals as well as monitor contract outcomes.

In 2015-16, CSUMB expanded their efforts to include a cohort of 4 MSW students working under the supervision of a faculty member. This unique faculty-led model allows for additional supportive training opportunities in agencies or communities with a dearth of professional social workers who can provide field supervision, or in high-risk, disenfranchised communities where student support is critical. This cohort of MSW students work as a team and provide 64 hours per week of social work service to Chinatown residents. The primary function of the team is to provide ongoing supportive counseling to clients, with a focus on pathways to housing and employment. Students are onsite and available to offer supportive case management, attempting to meet the challenges faced by client residents of Chinatown. They also work closely with related service providers to help clients move off the street and into housing and viable employment.

3. **Program Purpose**

The Chinatown community faces many challenges, as it serves as the main gathering place for homeless persons in our region. With a service-provider-to-client ratio that is sorely tipped toward under-provision, the numbers of encampments growing, and a significant rise in violence and crime over the past year, the neighborhood and its residents continue to be at-risk, disenfranchised, marginalized and woefully underserved.

The Chinatown Community Learning Center program addresses a number of community needs including: providing clients with cognitive behavioral and other psychosocial education classes, which help clients develop coping skills; helping clients enroll in Medi-Cal and thereby helping them care for their health; helping clients enroll in CalFresh, and providing them with snacks, thereby helping clients increase their basic nutrition ; assisting clients with social security issues thereby helping some of them secure their own housing; assisting some clients secure

employment within the Center, which helps them develop work skills, increases their income, and for some, allows them to provide for their own housing.

4. **Desired Results**

The Center provides a safe, warm, respectful, and inviting resource center devoted to serving the needs of the homeless and other marginalized residents of Chinatown. The Center contributes to a safer neighborhood by teaching a portion of the population coping skills, communication skills, conflict resolution skills, mood/anger management skills which all likely result in reduced violence.

6. Who are the partners involved in program implementation?

The Community Learning Center enjoys active collaboration with Interim's MCHOME program as well as other service providers in the Chinatown area including Sun Street Centers, Clinica de Salud, Dorothy's Place, Victory Mission, Center for Independent Living, and others.

7. What are the eligibility criteria for admission to the program?

The population to be served is homeless adults in Chinatown Salinas, who may have a serious mental illness and/or substance use disorder. There are no eligibility criteria for engaging in the

services the Chinatown Community Learning Center offers. They are voluntary clients who freely engage in services at their will.

8. What are the health equity goals (how the program will address health disparities and access to services, especially by underserved/unserved populations)?

The Community Learning Center program serves clients living in Chinatown area. These (approximately 170) people live in makeshift shelters and tents. They are generally jobless. They generally suffer from various degrees of mental health issues. Many are actively addicted to street drugs. Most are disconnected from family or other supportive networks. Many suffer significant health issues. They are a disenfranchised population in a medically underserved area. The Community Learning Center is open to all of them, and as such works to address health disparities through a program of supportive community case management and numerous other supportive education and counseling opportunities, all with a goal of helping this population access services.

9. How does the program demonstrate the following principles: Family and Consumer Driven; Accessible and Timely Services; Wellness and Recovery; Culturally and Linguistically Competent; Strength and Resiliency; Integrated and Coordinated Services.

The CSUMB Chinatown Community Learning Center MSW interns and center staff use Motivational Interviewing to ensure services align with the consumer's readiness for change. They are trained in and use a strengths-based and recovery focused model and deliver services that are based on individualized goals, set jointly between staff and individuals seeking services. Psychosocial educational and skill development groups are based on observed needs as well as ongoing feedback from participants. All services are voluntary.

Because the Center is located within the living environment of the homeless population and is open every day for voluntary walk-ins, services are accessible and timely. The addition of the MSW cohort has insured cultural/linguistic diversity among the service providers.

Services are integrated and coordinated with members of the Coalition of Homeless Services Providers and other providers in the Chinatown area.

10. Program Capacity and Total Annual Number to Be Served in the Program.

CSUMB's Chinatown Community Learning Center's Program has the capacity to serve up to 20-30 unique service users per day in the wide variety of services and classes offered. The annual number to be served is 300 unique individuals.

Program Schedule:	5-days/weeks including some evenings and 24/7 on call. On call crisis services: MCBH Mobile Crisis Team/911.
Limitation of Service:	Full Service Partnership (FSP) program.
Target # of Consumers:	50

The Assertive Community Treatment (ACT) program is a Full-Service Partnership (FSP). Interim's multidisciplinary ACT team serves 50 adults, annually, with serious mental illnesses and/or serious functioning impairments who meet ACT/FSP level of care. The ACT team brings community based mental health services to consumers who are underserved and unable to access or effectively utilize clinic based treatment to meet their mental health needs. *Priority admission*: Latino/a consumers who are housed or homeless and residing in Salinas Valley and South Monterey County. Services are provided in community settings as needed.

3. **Program Purpose**

ACT assists clients with their mental health recovery process and with developing the skills necessary to the lead independent or interdependent, healthy and meaningful lives in the community. This program increases natural support systems by engaging, offering support, and mental health information to clients' family members. The program focuses on the Latino population who are frequent users of acute care services, and, yet, who are failing to engage in ongoing services in the Adult System of Care.

4. **Desired Results**

ACT aims to assist clients in attaining community stability and reaching their recovery and rehabilitation goals, including helping clients to find and keep employment. The program also strives to reduce mental health and substance use symptoms in order to reduce utilization of involuntary care and emergency rooms for mental health and non-acute physical health problems.

5. What evidence-based practice(s) will be used? How will fidelity be monitored? What are the measurable goals for the program (how will the program assess successful outcomes?)

Evidenced Based Practices: Assertive Community Treatment

Goal	Measurement & Data Source
1. 75% of consumers served during the FY will eliminate usage of in-patient hospitalization while in the program.	 Measured by clients' reduction in a mental health unit as per client self-report and staff report as documented via a <u>KET</u> and EMR. Data source: EMR/Avatar
2. 75% of consumers served during the FY will not experience incarceration, while in the program.	 Measured by clients' reduction in a jail setting as per client self-report and staff report as documented via a <u>KET</u> and EMR. Data source: EMR/Avatar

- Admission eligibility determined by Interim Program Director or designee.

When a client is referred, and staff at Interim conclude client is not appropriate for the program, how will this be resolved? What is the discharge level of care? What is the anticipated length of service?

- Interim program staff will collaborate with MCBHB clinical staff to create an alternative referral plan for appropriate services.
- Interim shall determine the appropriateness of client discharge or transfer to less intensive services on a case-by-case basis. Criteria for discharge or transferred to less intensive services include any of the following:

 - No inpatient hospitalization for one year.
 - Client is receiving one contact per month from the ACT team and is rated by the ACT team as functioning independently or interdependently.

This will benefit the Adult System of Care, as a whole, by expanding the availability of medication support services and assuring more timely access to psychiatry. Timely access is one of the quality indicators in the Mental Health Plan.

4. **Desired Results**

Medication support aims to educate consumers on how the medication they are taking works, anticipated outcomes of taking medication, the importance of continuing to take a medication even if the symptoms improve or disappear (as determined clinically appropriate), how the use of the medication may improve the effectiveness of other services a client is receiving (e.g., group

or individual therapy), possible side effects of medications and how to manage them, information about medication interactions or possible complications related to using medications with alcohol or other medications or substances, and impact of choosing to not take medications.

The program also disburses the medication clients need to maintain stabilization.

• Interim Program staff will provide written documentation of the rationale for denial of admission into the program to the case coordinator and supervisor as well as recommendations for alternative referral plan for appropriate services.

- Interim program staff will collaborate with MCBHB clinical staff to create an alternative referral plan for appropriate services.
- Discharge is when clients are no longer meeting medical necessity.
- Length of service depends on medical necessity.

8. What are the health equity goals (how the program will address health disparities and access to services, especially by underserved/unserved populations)?

IV. PAYMENT CONDITIONS

A. If CONTRACTOR is seeking reimbursement for eligible services funded by the Short-Doyle/Medi-Cal, Mental Health Services Act ("MHSA"), SB 90, Federal or State Grants, and/or COUNTY funds provided pursuant to this Agreement, reimbursement for such services shall be based on actual cost of providing those services less any deductible revenues collected by the CONTRACTOR from other payer sources. In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-County and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

CONTRACTOR shall not claim reimbursement from COUNTY for (or apply sums received from COUNTY with respect to) that portion of its obligations which has been paid by another source of revenue. If CONTRACTOR is seeking reimbursement for mental health services provided pursuant to this Agreement, reimbursement for such

services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY'S Maximum Allowances (CMA), which is based on the most recent State's Schedule of Maximum Allowances (SMA) as established by the State's Department of Mental Health. The SMA Schedule shall be used until COUNTY establishes the COUNTY'S rate Schedule of Maximum Allowances. CONTRACTOR shall be responsible for costs that exceed applicable CMAs. In no case shall payments to CONTRACTOR exceed CMAs. In addition to the CMA limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B-4, Section III. Said amounts shall be referred to as the "Maximum Obligation of County," as identified in this Exhibit B-4, Section V.

- B. To the extent a recipient of services under this Agreement is eligible for coverage under Short-Doyle/Medi-Cal or Medicaid or Medicare or any other Federal or State funded program ("an eligible beneficiary"), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries. For the Short-Doyle/Medi-Cal Funded Program, CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Medi-Cal or are not Medi-Cal eligible during the term of this Agreement.
- C. CONTRACTOR shall be responsible for delivering services to the extent that funding is provided by the COUNTY. To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR or COUNTY facility within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.
- D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. Specifically, CONTRACTOR shall submit its claims on Cost Reimbursement Invoice Form provided as Exhibit G-4, to this Agreement, along with backup documentation, on a monthly basis, to COUNTY so as to reach the Behavioral Health Bureau no later than the thirtieth (30th) day of the month following the month of service. See Section III, above, for payment amount information to be reimbursed each fiscal year period of this Agreement. The amount requested for reimbursement shall be in accordance with the approved budget and shall not exceed the actual net costs incurred for services provided under this Agreement.

CONTRACTOR shall submit via email a monthly claim using Exhibit G-4, Cost Reimbursement Invoice Form in Excel format with electronic signature along with supporting documentations, as may be required by the COUNTY for services rendered to:

MCHDBHFinance@co.monterey.ca.us

- E. CONTRACTOR shall submit all claims for reimbursement under this Agreement within thirty (30) calendar days after the termination or end date of this Agreement. All claims not submitted after thirty (30) calendar days following the termination or end date of this Agreement shall not be subject to reimbursement by the COUNTY. Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR. Any "obligations incurred" included in claims for reimbursements and paid by the COUNTY which remain unpaid by the CONTRACTOR after thirty (30) calendar days following the termination or end date of this Agreement shall be disallowed, except to the extent that such failure was through no fault of CONTRACTOR. The extent that such failure was through no fault of the extent that such failure was through no fault of the extent that such failure was through no fault of contractors.
- F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.
- G. COUNTY shall review and certify CONTRACTOR'S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.
- H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.
- I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR'S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

VI. BILLING AND PAYMENT LIMITATIONS

A. <u>Provisional Payments</u>: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Medi-Cal and Healthy Families claims files, contractual limitations of this Agreement, annual cost and MHSA reports, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or

Only the costs listed in Exhibit H-4 of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.
- C. <u>Cost Control</u>: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line item amount in the budget without the written approval of COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H-4, or on a format as required by the COUNTY, with its request for such approval. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.
- D. <u>Other Limitations for Certain Funded Programs</u>: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.
- E. <u>Adjustment of Claims Based on Other Data and Information</u>: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Medi-Cal claims, and billing system data.

VII. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS

- A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.
- B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.
- C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this

Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.

D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

VIII. BILLING PROCEDURES AND LIMITATIONS ON COUNTY'S FINANCIAL RESPONSIBILITY FOR PAYMENT OF SERVICES UNDER FEDERAL SOCIAL SECURITY ACT, TITLE XIX SHORT-DOYLE/MEDI-CAL SERVICES AND/OR TITLE XXI HEALTHY FAMILIES

The Mental Health Medi-Cal program oversees the SD/MC claims processing system. Authority for the Mental Health Medi-Cal program is governed by Federal and California statutes.

A. If, under this Agreement, CONTRACTOR has Funded Programs that include Short-Doyle/Medi-Cal services and/or Healthy Families services, CONTRACTOR shall certify in writing annually, by August 1 of each year, that all necessary documentation shall exist at the time any claims for Short-Doyle/Medi-Cal services and/or Healthy Families services are submitted by CONTRACTOR to COUNTY.

- E. CONTRACTOR acknowledges and agrees that COUNTY'S final payment for services and activities claimed by CONTRACTOR Short-Doyle/Medi-Cal services and/or Healthy Families services is contingent upon reimbursement from the Federal and State governments and that COUNTY'S provisional payment for said services does not render COUNTY in any way responsible for payment of, or liable for, CONTRACTOR'S claims for payment for these services.
- F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.
- G. Notwithstanding any other provision of this Agreement, CONTRACTOR shall hold COUNTY harmless from and against any loss to CONTRACTOR resulting from the denial or disallowance of claim(s) for or any audit disallowances related to said services, including any State approved Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services/activities, by the Federal, State or COUNTY governments, or other applicable payer source, unless the denial or disallowance was due to the fault of the COUNTY.
- H. CONTRACTOR shall repay to COUNTY the amount paid by COUNTY to CONTRACTOR for Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services/ activities subsequently denied or disallowed by Federal, State and/or COUNTY government.

Notwithstanding any other provision of this Agreement, CONTRACTOR agrees that the COUNTY may off set future payments to the CONTRACTOR and/or demand repayment from CONTRACTOR when amounts are owed to the COUNTY pursuant to Subparagraphs G. and H. above. Such demand for repayment and CONTRACTOR'S repayment shall be in accordance with Exhibit I, Section IV (Method of Payments for Amounts Due to County) of this Agreement.

- J. CONTRACTOR shall comply with all written instructions provided to CONTRACTOR by the COUNTY, State or other applicable payer source regarding claiming and documentation.
