The Julie Howe application (PLN180534) came on for public hearing before the Monterey County Zoning Administrator on May 9, 2019 and May 30, 2019. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony, and other evidence presented, the Zoning Administrator finds and decides as follows:

FINDINGS

1. **FINDING:** **CONSISTENCY** – The Project, as conditioned, is consistent with the applicable plans and policies which designate this area as appropriate for development.
EVIDENCE: a) During the course of review of this application, the project has been reviewed for consistency with the text, policies, and regulations in:
 - the 2010 Monterey County General Plan;
 - Greater Monterey Peninsula Area;
 - Monterey County Zoning Ordinance (Title 21);No conflicts were found to exist. No communications were received during the course of review of the project indicating any inconsistencies with the text, policies, and regulations in these documents.
b) The property is located at 1105 Wildcat Canyon, Pebble Beach (Assessor's Parcel Number 007-441-012-000), Greater Monterey Peninsula Area Plan. The parcel is zoned “MDR/B-6-D-RES” [Medium Density Residential/Building Site Overlay - Design Control-Recreational Equipment Storage Overlay], which allows for residential development with the issuance of a Design Approval.

- c) Building Site District (B District) – The project is consistent with the purpose of the B District as specified in Section 21.42.020 of Title 21; which states that the district provides regulations for review of development in areas for lot size and structure setbacks locations. The proposed project meets all the site development standards of the zoning district MDR/B-6-RES Zoning Ordinance.

Main Structure Setback and Height Requirements:

- Front Setback: 20 feet (minimum)
- Side Setback: 5 feet (minimum)
- Rear Setback: 10 feet (minimum)
- Maximum height: 30 feet

Proposed Setbacks and Height for PLN180534:

- Front Setback: 20 feet
- Side Setback: 10 feet (east elevation)
- Side Setback: 22 feet (west elevation)
- Rear Setback: 21 feet and 8 inches
- Maximum height: 27 feet

Therefore, the project as proposed meets the site development standards.

- d) Design Control District (D District) – The project is consistent with the purpose of the D District as specified in Section 21.44.010 of Title 21, where the location, size, configuration, materials, and colors of structures assures protection of the public viewshed and neighborhood character. The proposed development is located within suitable location of the lot approximately 26-feet from the front property line. Visually, this is consistent with the character of existing development within the neighborhood and consistent with the 20-foot setback requirement of the MDR/B-6-RES Zoning District. The project site is an existing 9,701 square-foot lot with two frontages from Middle Ranch Rd and Wildcat Canyon Road within the Monterey Peninsula Country Club Subdivision. The subject property is an approximately 9,701 square foot vacant corner lot located between Middle Ranch Road and Wildcat Road with the Monterey Peninsula Country Subdivision. The proposed two-story house has a 3,193 square foot floor plan. The floor plan of the residence is comprised of the kitchen, living room, laundry room, office, dining room, (1) master bedroom, (1) bedroom, (1) guest bedroom, (3½) bathrooms, 541 square foot (2) car garage, and attached 353 square foot guesthouse. The floor plan includes a second story opened spaced loft approximately 202 square feet excluded from the total floor plan area. The residential development in the area includes single-story and double-story structures of similar architectural styles (i.e. Mid-Century Modern Ranch style residence) and massing. The home's design, detailing, and material quality are consistent with the existing neighborhood character as required by the design guidelines of the Design Control Zoning District.
- e) The application, project plans, and related support materials submitted by the project applicant to Monterey County RMA-Planning for the proposed development found in Project File PLN180534 attached hereto and incorporated herein by reference.

2. **FINDING:** **SITE SUITABILITY** – The site is physically suitable for the use proposed.
- EVIDENCE:**
- a) The project has been reviewed for site suitability by the following departments and agencies: RMA- Planning, Monterey County Regional Fire Protection District, RMA-Public Works, RMA-Environmental Services, Environmental Health Bureau, and Water Resources Agency. There has been no indication from these departments/agencies that the site is not suitable for the proposed development. Conditions recommended have been incorporated.
 - b) On March 7, 2019, the Del Monte Forest Land Use Advisory Committee (LUAC) voted to recommend the project approved (5-0 vote) as submitted.
 - c) The Howe development application includes Design Approval for the construction of a 3,193 square foot two-story single-family dwelling with a 514 square foot attached garage and 353 square foot attached guesthouse.
 - d) Pursuant to 21.44.040 of Monterey County Code, the Zoning Administrator is the appropriate authority to consider Design Approvals for new single-family dwellings.
 - e) The project planner conducted a site inspection on March 7, 2019 to verify that the project on the subject parcel conforms to the plans listed above.
 - f) The application, project plans, and related support materials submitted by the project applicant to Monterey County RMA-Planning for the proposed development found in Project File PLN180534.
3. **FINDING:** **HEALTH AND SAFETY** - The establishment, maintenance, or operation of the project applied for will not under the circumstances of this particular case be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.
- EVIDENCE:**
- a) The project was reviewed by RMA - Planning, Monterey County Regional Fire Protection District, Public Works, and Water Resources Agency. The respective agencies have recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood.
 - b) The project planner conducted a site inspection on March 7, 2019 to verify that the project on the subject parcel conforms to the plans listed above.
 - c) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning for the proposed development found in Project File PLN180534.
4. **FINDING:** **DESIGN** – The design of the proposed project assures protection of the public viewshed, is consistent with neighborhood character, and assures visual integrity without imposing undue restrictions on private property.
- EVIDENCE:**
- a) The property is located within the Monterey Peninsula Country Club Subdivision. The neighborhood consists of both older and newer residences. The proposed new two-story dwelling unit building consists

of a mid century modern ranch architecture style compatible with the overall character of the existing neighborhood subdivision and is consistent with the Greater Monterey Peninsula Area Plan and the Monterey County Design Control Zoning District regulations.

- b) The proposed elevations incorporate architectural elements on all four sides of the building, including standing seam shed metal roof with exposed heavy timber rafters and overhang eaves, recessed walls, window bays, decorative beams, acrylic stucco wall finishes with stone veneer and vertical wood siding accents. The overall color scheme consists of a palette of Barley Beige and Carmel stone natural color. The residence is located in a neighborhood containing a mix of other traditional and modern style residences. The home's design, detailing, and material quality are consistent with the existing neighborhood character as required by the design guidelines of the Design Control Zoning District.
- c) The project planner conducted a site inspection on March 7, 2019 to verify that the project on the subject parcel conforms to the plans listed above.
- d) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning for the proposed development found in Project File PLN180534.

5. **FINDING:** **NO VIOLATIONS** - The subject property is in compliance with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County's zoning ordinance. No violations exist on the property.

 - b) The project planner conducted a site inspection on March 7, 2019 to verify that the project on the subject parcel conforms to the plans listed above.
 - c) The application, plans and supporting materials submitted by the project applicant to Monterey County RMA-Planning for the proposed development are found in Project File PLN180534.

6. **FINDING:** **CEQA (Exempt):** - The project is categorically exempt from environmental review and no unusual circumstances were identified to exist for the proposed project.

- EVIDENCE:**
- a) California Environmental Quality Act (CEQA) Guidelines Section 15303(a) categorically exempts new construction of one single family residence, or a second dwelling unit in a residential zone.
 - b) The proposed project is the construction of a new single family dwelling an attached guesthouse, which meets the criteria for categorical exemption.
 - c) Archaeological sensitivity on the site is high. An archaeological report prepared by Susan Morely, M.A. Register of Professional Archaeologists Consulting (LIB180534) confirms that based upon the background research and field reconnaissance, they have concluded that there is no surface evidence of potentially significant archaeological resources on the project site.
 - d) No adverse environmental effects were identified during staff review of the development application during a site visit on March 7, 2019.

- e) None of the exceptions under CEQA Guidelines Section 15300.2 apply to this project. The project does not involve a designated historical resource, a hazardous waste site, development located near or within view of a scenic highway, unusual circumstances that would result in a significant effect or development that would result in a cumulative significant impact.
- f) The application, project plans, and related support materials submitted by the project applicant to Monterey County RMA-Planning for the proposed development found in Project File PLN180534.
