Re: PLN 180534, Variance request withdrawal

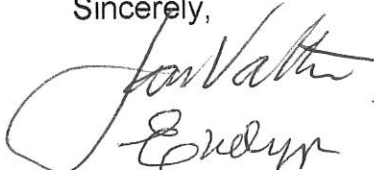

Dear Mr. Mike Novo,

Thank you for your willingness to review our request for a variance we expressed at the ZA hearing on May 9, 2019.

After careful considerations of the cost involved with redesigning of the submitted plans and a variance application fee, As well as consideration to Mr. Anatoly Ostretsov not to delay the approval, we decided **not** to proceed with our request.

Please withdraw our case and proceed with the approval of the submitted plans for PLN 180534 "as submitted" at your earliest convenience.

Sincerely,

Jan and Evelyn Valtr
