

**Before the Zoning Administrator in and for the  
County of Monterey, State of California**

In the matter of the application of:

**ROBLES (AT&T MOBILITY) (PLN180318)**

**RESOLUTION NO. 18-069**

Resolution by the Monterey County Zoning  
Administrator:

- 1) Find that the project for a new wireless communication facility qualifies for a Class 3 Categorical Exemption per Section 15303(c) of the California Environmental Quality Act (CEQA) Guidelines, and there are no exceptions pursuant to Section 15300.2; and
- 2) Approve a Use Permit to allow the installation of a 100-foot tall monopole wireless communication facility and support equipment consisting of twelve (12) panel antennas, twenty-one (21) remote radio units, and four (4) DC surge compressors enclosed by a 40 feet x 40 feet, 6-foot high chain link fence, subject to 10 conditions of approval; and

[PLN180318, Robles (AT&T Mobility) 2380 Alisal Road, Salinas, Greater Salinas Area Plan (APN: 137-121-015-000)]

**The Robles (AT&T Wireless) application (PLN180318) came on for public hearing before the Monterey County Zoning Administrator on December 6, 2018. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony, and other evidence presented, the Zoning Administrator finds and decides as follows:**

**FINDINGS AND EVIDENCE**

1. **FINDING:** **CONSISTENCY** – The Project, as conditioned, is consistent with the applicable plans and policies which designate this area as appropriate for development.  
**EVIDENCE:**
  - a) During the course of review of this application, the project has been reviewed for consistency with the text, policies, and regulations in:
    - the 2010 Monterey County General Plan;
    - Greater Salinas Area Plan;
    - Monterey County Zoning Ordinance (Title 21)No conflicts were found to exist. No communications were received during the course of review of the project indicating any inconsistencies with the text, policies, and regulations in these documents.
  - b) The property is located at 2380 Alisal Road, Salinas, APN 137-121-015-000), Greater Salinas Area Plan. The parcel is zoned F/40 (Farmlands, minimum 40 acres) which allows wireless communication facilities with an approved Use Permit. Therefore, the project is an allowed land use for this site.

- c) The proposed project is a Use Permit to allow the installation of a 100-foot tall monopole wireless communication facility and support equipment.
- d) The project is located on a flat parcel which requires minimal grading. The project will not result in any impacts to biological or archaeological resources.
- e) The project planner conducted a site inspection on October 16, 2018 to verify that the project on the subject parcel conforms to the plans listed above.
- f) The project meets the intent of the Wireless Communication Ordinance in Monterey County Code as the monopole will provide collocation for future wireless sites and will minimize the potential for proliferation of individual wireless facilities.
- g) The Zoning Administrator is the appropriate authority to hear and decide new wireless communication facilities that have no significant adverse visual impact from any public common viewing area, pursuant to Section 21.64.310. of Monterey County Code.
- h) There is no Land Use Advisory Committee (LUAC) established for the Greater Salinas Area Plan therefore the project was not reviewed. The Agricultural Advisory Committee declined to review the project.
- i) The application, project plans, and related support materials submitted by the project applicant to Monterey County RMA-Planning for the proposed development found in Project File PLN180318.

2. **FINDING:** **SITE SUITABILITY** – The site is physically suitable for the use proposed.

- EVIDENCE:**
- a) The project has been reviewed for site suitability by the following departments and agencies: RMA- Planning, Monterey County Regional Fire District, RMA-Public Works, RMA-Environmental Services, Environmental Health Bureau, and Water Resources Agency. There has been no indication from these departments/agencies that the site is not suitable for the proposed development. Conditions recommended have been incorporated.
  - b) Staff identified no potential impacts to Biological Resources, Archaeological Resources, Soil/Slope Stability, or environmental constraints that would make the site unsuitable for the proposed wireless communication facility.
  - c) Staff conducted a site inspection on October 16, 2018 to verify that the site is suitable for this use.
  - d) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning for the proposed development found in Project File PLN180318.

3. **FINDING:** **HEALTH AND SAFETY** - The establishment, maintenance, or operation of the project applied for will not under the circumstances of this particular case be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to

property and improvements in the neighborhood or to the general welfare of the County.

- EVIDENCE:**
- a) The project was reviewed by RMA - Planning, Monterey County Regional Fire District, Parks, Public Works, Environmental Health Bureau, and Water Resources Agency. The respective agencies have recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood.
  - b) Necessary public facilities are available. There is an existing access road to the site and an existing electrical power source to operate the wireless facility. The project is an unmanned wireless communication facility that will not require the use of water or sewer.
  - c) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning for the proposed development found in Project File PLN180318.

4. **FINDING:** **NO VIOLATIONS** - The subject property is in compliance with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County's zoning ordinance. No violations exist on the property.

- EVIDENCE:**
- a) RMA Planning Staff reviewed Monterey County RMA - Planning and Building Services Department records and is not aware of any violations existing on subject property.
  - b) There are no known violations on the subject parcel.

5. **FINDING:** **CEQA (Exempt):** - The project is categorically exempt from environmental review and no unusual circumstances were identified to exist for the proposed project.

- EVIDENCE:**
- a) California Environmental Quality Act (CEQA) Guidelines Section 15303, Class 3, categorically exempts the construction or installation of new, small facilities or structures.
  - b) The facility includes a 100-foot tall monopole wireless communication facility with support equipment. The support equipment will be enclosed by 40 foot x 40 foot, 6-foot high chain link fence (on approximately a 10-acre lot). Therefore, the wireless communication facility is considered a small facility as describe in Section 15303(c) of the CEQA Guidelines.
  - c) No adverse environmental effects were identified during staff review of the development application. None of the exceptions pursuant to Section 15300.2 of the CEQA Guidelines` apply to this project. The project is not located on a hazardous waste site, near a scenic highway or historical resource. The project would not contribute to a cumulative impact of successive projects as there are no other wireless communication facilities in proximity to this project site.
  - d) See preceding findings and evidence.

6. **FINDING:** **WIRELESS COMMUNICATION FACILITIES** – The project is consistent with the required findings for the development of a wireless communication facility:

- 1) The project will not significantly affect any designated public viewing area, scenic corridor or any identified environmentally sensitive area or resources;
- 2) The site is adequate for the proposed development of the wireless communication facility and the applicant has demonstrated that it is the most adequate for the provision of services as required by the Federal Communications Commission;
- 3) The proposed wireless communication facility complies with all the applicable requirements of Monterey County Code section 21.64.310;
- 4) The subject property on which the wireless communication facility is to be built is in compliance with all rules and regulations pertaining to zoning uses, subdivisions and any other provisions of Title 21 and that all zoning violation abatement costs, if any, have been paid, and
- 5) The proposed telecommunication facility will not create a hazard for aircraft in flight.

- EVIDENCE:**
- a) The development meets all applicable regulations of the wireless communications facilities Chapter. The project is sited in the least visually obtrusive location (Section 21.64.310.C.4, Zoning Ordinance). The area is predominantly surrounded by farming and agricultural activities. There are trucking, packing, storage and heavy farm equipment on the project site. A variety of work duties are involved including farm, trucking and production processing.
  - b) The monopole wireless communication facility (100-foot pole) is approximately 1.5 miles east of Highway 101. Pursuant to the 2010 General Plan and the Greater Salinas Area Plan, the property is not located in a designated “visually sensitive” area along a scenic corridor, or identified environmentally sensitive area. The proposed monopole is consistent with visual integrity of its surroundings, is the most simplistic design and property owner has not objected to the installation of a 100-foot wireless pole.
  - c) The applicant, AT&T Wireless, has provided coverage maps which identifies a radius of between 3 to 5 miles within the vicinity of Alisal Road and Spence Road. The coverage area currently provides good outdoor service, but no indoor coverage. The proposed facility will improve the existing coverage to provide good In-Building, In-Transit, and Outdoor services within the immediate area. The proposed service goals are consistent with FCC provisions for wireless facilities. The proposed facility will meet the FCC guidelines.
  - d) The project meets all the minimum requirements of the Chapter 21.30 (F-40) Zoning including County Code Section 21.64.310 Wireless Telecommunication Facilities as identified as part of the Conditions of Approval. Conditions have been incorporated that would reduce the visual impact and include further review of colors and exterior lighting, modifications in the event of technological advances, and maintenance and restoration of the site

7. **FINDING:** **APPEALABILITY** - The decision on this project may be appealed to the Planning Commission.

**EVIDENCE:** a) Section 21.80.040 B of the Monterey County Zoning Ordinance states that the proposed project is appealable to the Planning Commission.

## DECISION

**NOW, THEREFORE**, based on the above findings and evidence, the Zoning Administrator does hereby:

1. Find that the project for a new wireless communication facility qualifies for a Class 3 Categorical Exemption per Section 15303(c) of the California Environmental Quality Act (CEQA) Guidelines, and there are no exceptions pursuant to Section 15300.2, and;
2. Approve a Use Permit to allow the installation of a 100-foot tall monopole wireless communication facility and support equipment consisting of twelve (12) panel antennas, twenty-one (21) remote radio units, and four (4) DC surge compressors enclosed by a 40 feet x 40 feet, 6-foot high chain link fence, including findings and evidence, as shown on attached plans and subject to ten (10) conditions of approval both being attached hereto and incorporated herein by reference.

**PASSED AND ADOPTED** this 6<sup>th</sup> day of December, 2018 by

Mike Novo, Zoning Administrator

COPY OF THIS DECISION MAILED TO APPLICANT ON DATE DEC 07 2018

THIS APPLICATION IS APPEALABLE TO THE PLANNING COMMISSION.

IF ANYONE WISHES TO APPEAL THIS DECISION, AN APPEAL FORM MUST BE COMPLETED AND SUBMITTED TO THE SECRETARY OF THE PLANNING COMMISSION / CLERK TO THE BOARD ALONG WITH THE APPROPRIATE FILING FEE ON OR BEFORE [DATE] DEC 17 2018

This decision, if this is the final administrative decision, is subject to judicial review pursuant to California Code of Civil Procedure Sections 1094.5 and 1094.6. Any Petition for Writ of Mandate must be filed with the Court no later than the 90th day following the date on which this decision becomes final.

### NOTES

1. You will need a building permit and must comply with the Monterey County Building Ordinance in every respect.

Additionally, the Zoning Ordinance provides that no building permit shall be issued, nor any use conducted, otherwise than in accordance with the conditions and terms of the permit granted or until ten days after the mailing of notice of the granting of the permit by the appropriate authority, or after granting of the permit by the Board of Supervisors in the event of appeal.

Do not start any construction or occupy any building until you have obtained the necessary permits and use clearances from Monterey County RMA-Planning and RMA-Building Services Department office in Salinas.

2. This permit expires 3 years after the above date of granting thereof unless construction or use is started within this period.

## Conditions of Approval/Implementation Plan/Mitigation Monitoring and Reporting Plan

PLN180318

### 1. PD001(A) SPECIFIC USES ONLY (WIRELESS COMMUNICATION FACILITIES)

**Responsible Department:** RMA-Planning

**Condition/Mitigation Monitoring Measure:** This Use Permit (PLN180318 ) allows the installation and operation for a 100-foot tall monopole wireless communication facility and support equipment (Wireless Facility). The proposed project will consist of 12 panel antennae, 21 remote radio units and 4 DC surge compressors enclosed by 40 foot x 40 foot, 6-foot high, chain link fence. The project location is at 2380 Alisal Road, Salinas, along the northwest area of the property. The subject parcel lot is Assessor's Parcel Number 137-121-015-000. Neither the uses nor the construction allowed by this permit shall commence unless and until all of the conditions of this permit are met to the satisfaction of the Director of the RMA - Planning. Any use or construction not in substantial conformance with the terms and conditions of this permit is a violation of County regulations and may result in modification or revocation of this permit and subsequent legal action. No use or construction other than that specified by this permit is allowed unless additional permits are approved by the appropriate authorities. To the extent that the County has delegated any condition compliance or mitigation monitoring to the Monterey County Water Resources Agency, the Water Resources Agency shall provide all information requested by the County and the County shall bear ultimate responsibility to ensure that conditions and mitigation measures are properly fulfilled. (RMA - Planning)

**Compliance or Monitoring Action to be Performed:** The Applicant (AT&T Mobility) and its successors and assigns shall adhere to conditions and uses specified in the permit on an ongoing basis unless otherwise stated.

### 2. PD002 - NOTICE PERMIT APPROVAL

**Responsible Department:** RMA-Planning

**Condition/Mitigation Monitoring Measure:** The applicant shall record a Permit Approval Notice. This notice shall state:  
"A Use Permit (Resolution Number 18-069) was approved by the Zoning Administrator for Assessor's Parcel Number 137-121-015-000 on 6 December 2018. The permit was granted subject to 10 conditions of approval which run with the land. A copy of the permit is on file with Monterey County RMA - Planning."

Proof of recordation of this notice shall be furnished to the Director of RMA - Planning prior to issuance of grading and building permits, Certificates of Compliance, or commencement of use, whichever occurs first and as applicable. (RMA - Planning)

**Compliance or Monitoring Action to be Performed:** Prior to the issuance of grading and building permits, certificates of compliance, or commencement of use, whichever occurs first and as applicable, the Owner/Applicant shall provide proof of recordation of this notice to the RMA - Planning.

### 3. PD039(A) - WIRELESS INDEMNIFICATION

**Responsible Department:** RMA-Planning

**Condition/Mitigation Monitoring Measure:** The applicant agrees as a condition and in consideration of the approval of the permit to enter into an indemnification agreement with the County whereby the applicant agrees to defend, indemnify, and hold harmless the County, its officers, agents and employees from actions or claims of any description brought on account of any injury or damages sustained by any person or property resulting from the issuance of the permit and conduct of the activities authorized under said permit. Applicant shall obtain the permission of the owner on which the wireless communication facility is located to allow the recordation of said indemnification agreement, and the applicant shall cause said indemnification agreement to be recorded by the County Recorder as a prerequisite to the issuance of the building and/or grading permit. The County shall promptly notify the applicant of any such claim, action, or proceeding and the County shall cooperate fully in the defense thereof. The County may, at its sole discretion, participate in the defense of such action, but such participation shall not relieve applicant of its obligations under this condition. (RMA - Planning)

**Compliance or Monitoring Action to be Performed:** Prior to the issuance of grading or building permits, the Owner/Applicant shall submit signed and notarized Indemnification Agreement to the Director of RMA-Planning for review and signature by the County.

Prior to the issuance of grading or building permits, the Owner/Applicant shall submit proof of recordation of the Indemnification Agreement, as outlined, to RMA-Planning.

### 4. PD025 - ANTENNA TOWER HEIGHT

**Responsible Department:** RMA-Planning

**Condition/Mitigation Monitoring Measure:** The monopole tower shall not exceed the 100-feet in height. (RMA - Planning)

**Compliance or Monitoring Action to be Performed:** Prior to the issuance of grading and building permits, the applicant shall submit 2 copies of an elevation plan which shall indicate the maximum height of the tower to RMA - Planning for review and approval.

Prior to final building inspection, the Owner/Applicant shall coordinate with RMA - Planning staff to inspect the project site after construction to ensure compliance with condition.

### 5. PD039(C) - WIRELESS CO-LOCATION

**Responsible Department:** RMA-Planning

**Condition/Mitigation Monitoring Measure:** The applicant and/or successors assigns shall encourage co-location by other wireless carriers on this tower assuming appropriate permits are approved for co-location. Any expansion or additions of microwave dishes, antennas and/or similar appurtenances located on the monopole, which are not approved pursuant to this permit, are not allowed unless the appropriate authority approves additional permits or waivers. In any case, the overall height of the pole shall not exceed the specified height. (RMA - Planning)

**Compliance or Monitoring Action to be Performed:** On an on-going basis, the Owner/Applicant shall encourage co-location by other wireless carriers on this tower assuming appropriate permits are approved for co-location. The overall height of the pole shall not exceed 100- feet.

## 6. PD039(B) - WIRELESS REDUCE VISUAL IMPACTS

**Responsible Department:** RMA-Planning

**Condition/Mitigation Monitoring Measure:** The applicant shall agree in writing that if future technological advances allow for reducing the visual impacts of the telecommunication facility, the applicant shall make modifications to the facility accordingly to reduce the visual impact as part of the facility's normal replacement schedule. (RMA - Planning)

**Compliance or Monitoring Action to be Performed:** Prior to the issuance of grading or building permits, the Owner/Applicant shall submit, in writing, a declaration agreeing to comply with the terms of this condition RMA - Planning for review and approval.

## 7. PD026 - BANNER, FLAGS, PENNANTS

**Responsible Department:** RMA-Planning

**Condition/Mitigation Monitoring Measure:** There shall be no flags, banners, pennants or other attention-getting devices, other than approved signs, on the property. (RMA - Planning)

**Compliance or Monitoring Action to be Performed:** Prior to commencement of use, the Owner/Applicant shall submit evidence which demonstrates that there are no flags, banners, pennants, or other attention-getting devices, other than approved signs, on the property.

On an on-going basis, the Owner/Applicant shall keep the property free of flags, banners, pennants, or other attention-getting devices, and only maintain approved signs on the property.

## 8. PD039(D) - WIRELESS REMOVAL

**Responsible Department:** RMA-Planning

**Condition/Mitigation Monitoring Measure:** If the applicant abandons the facility or terminates the use, the applicant shall remove the monopole, panel antennas, and equipment shelter. Upon such termination or abandonment, the applicant shall enter into a site restoration agreement subject to the approval of the Director of RMA - Planning and County Counsel. The site shall be restored to its natural state within six (6) months of the termination of use or abandonment of the site.  
(RMA - Planning)

**Compliance or Monitoring Action to be Performed:** Prior to abandoning the facility or terminating the use, the Owner/Applicant shall submit a site restoration agreement to RMA - Planning subject to the approval of the RMA - Director of Planning and County Counsel.

Within 6 months of termination of use or abandonment of the site, the Owner Applicant shall restore the site to its natural state.

## 9. PD039(E) - WIRELESS EMISSION

**Responsible Department:** RMA-Planning

**Condition/Mitigation Monitoring Measure:** The facility must comply with Federal Communications Commission (FCC) emission standards. If the facility is in violation of FCC emission standards, the Director of RMA - Planning shall set a public hearing before the Appropriate Authority whereupon the appropriate authority may, upon a finding based on substantial evidence that the facility is in violation of the then existing FCC emission standards, revoke the permit or modify the conditions of the permit. (RMA - Planning)

**Compliance or Monitoring Action to be Performed:** Prior to commencement of use and on an on-going basis, the Owner/Applicant shall submit documentation demonstrating compliance with the FCC emission standards to the Director of RMA-Planning for review and approval.

On an on-going basis, if the facility is in violation of FCC emission standards, the Director of RMA-Planning shall set a public hearing before the Appropriate Authority to consider revocation or modification of the permit.

## 10. PD041 - HEIGHT VERIFICATION

**Responsible Department:** RMA-Planning

**Condition/Mitigation Monitoring Measure:** The applicant shall have a benchmark placed upon the property and identify the benchmark on the building plans. The benchmark shall remain visible on-site until final building inspection. The applicant shall provide evidence from a licensed civil engineer or surveyor to the Director of RMA - Building Services for review and approval, that the height of the structure(s) from the benchmark is consistent with what was approved on the building permit associated with this project. (RMA - Planning and RMA - Building Services)

**Compliance or Monitoring Action to be Performed:** Prior to the issuance of grading or building permits, the Owner/Applicant shall have a benchmark placed upon the property and identify the benchmark on the building plans. The benchmark shall remain visible onsite until final building inspection.

Prior to the foundation pre-pour inspection, the Owner/Applicant shall provide evidence from a licensed civil engineer or surveyor, to the Director of RMA- Building Services for review and approval, that the height of first finished floor from the benchmark is consistent with what was approved on the building permit.

Prior to the final inspection, the Owner/Applicant/Engineer shall provide evidence from a licensed civil engineer or surveyor, to the Director of RMA- Building Services for review and approval, that the height of the structure(s) from the benchmark is consistent with what was approved on the building permit.
