**TO:** Cannabis Standing Committee

**FROM:** <sup>HG</sup> Henry Gonzales, Agricultural Commissioner

**DATE:** November 20, 2019

**SUBJECT:** Industrial Hemp Pilot Program Registrations and Cultivation Activity

---

As of November 20, 2019, there has been only one (1) registered industrial hemp cultivator that has harvested and sampled hemp under the Monterey County pilot program. The 3-acre hemp planting was sampled by staff of the Agricultural Commissioner's Office on November 6, 2019. The sample passed as California Industrial Hemp with a total tetrahydrocannabinol (THC) reading of 0.1283%. California Health and Safety Code Section 11018.5 defines Industrial Hemp as a crop of Cannabis sativa L. having no more than three-tenths of 1 percent THC.
