

MONTEREY COUNTY WATER RESOURCES AGENCY

Fiscal Year 2020-2021 Recommended Budget

The Monterey County Water Resources Agency was formed in 1947 by State law, which established the Monterey County Flood Control and Water Conservation District and was organized as a division of the Department of Public Works. In the late 50s, the Monterey County Flood Control and Water Conservation District became autonomous with the district Engineer reporting directly to the Board of Supervisors. In January of 1991, new legislation (SB 2580) changed the name of the Agency to the Monterey County Water Resources Agency to more accurately reflect its powers and functions. In addition to the Agency's responsibility for flood plain management and emergency flood-related preparedness, the Agency has jurisdiction over matters pertaining to water within the entire area of the County of Monterey, including both incorporated and unincorporated areas. The Agency is authorized to conserve water in any manner, to buy, sell and purvey water, to prevent the waste or diminution of the water extractions which are determined to be harmful to the groundwater basin.

Monterey County Water Resources Agency

The Salinas River was the original main source for irrigation, but by 1872, farmers in the Salinas Valley turned to groundwater. By 1900, wells were so common to the point by 1930 there were concerns about seawater intrusion. Combined with continual flooding in the valley, the concerns prompted the formation of the Monterey County Flood Control and Water Conservation District (MCFCWCD) in 1947.

The MCFCWCD became the Monterey County Water Resources Agency (MCWRA) in 1991, with an updated mandate to provide for the control of flood and storm waters, conservation of such waters through storage and percolation, control of groundwater extraction, protection of water quality, reclamation of water, exchange of water, and the construction and operation of hydroelectric power facilities. MCWRA area covers all of Monterey County, including the Salinas Valley Groundwater Basin.

The MCWRA has a nine-member board. The board is made up of members appointed by the Monterey County Farm Bureau, Monterey Grower-Shipper Association, the County Agricultural Advisory Committee, five members appointed by the County Board of Supervisors (one from each district), and a member appointed by the Mayor Select Committee. The board is under the governance of the Monterey County Water Resources Board of Supervisors.

The MCWRA actively addresses the following Board Strategic Initiatives: Strategic Initiative No. 3 - Streamline County operations for greater accountability and efficiency of service delivery and cost savings; Strategic Initiative No. 5 - Plan and develop a sustainable physical infrastructure that improves the quality of life for County residents and supports economic development initiatives; and Strategic Initiative No. 6 - Promote the use of alternative energy sources and related best practices that benefit the environment.

The biggest challenge for MCWRA is halting seawater intrusion in the Salinas Valley Groundwater Basin, which was studied, identified and documented by the State of California Department of Public Works (who later became the Department of Water Resources) in 1946. Since the study in 1946, seawater intrusion has progressed steadily inland. The MCWRA has continued to study the seawater intrusion mechanisms and selected and implemented several projects to halt seawater intrusion.

MCWRA consists of:

Three (3) Special Assessment Funds:

Fund 116 - Salinas Valley Water Project (SVWP) Zone 2C for Dam Operations & Maintenance and Administration;

Fund 131 - Castroville Seawater Intrusion Project (CSIP) Operations;

Fund 132 - Salinas Valley Reclamation Project (SVRP) Operations;

Five (5) Flood Assessment Funds:

Fund 112 - Pajaro Levee;

Fund 121 - Soledad Storm Drain;

Fund 122 - Reclamation Ditch;

Fund 124 - San Lorenzo Creek;

Fund 127 - Moro Cojo Slough.

Four (4) funds that receive other sources of revenue

such as Ad Valorem, Planning/ Permit fees, Water Delivery Fees, Grant and Reimbursement MOU's, and

hydro-electric revenue:

Fund 111 - WRA Administration Fund;

Fund 130 - Hydro-Electric Operations; and

Fund 134 - Salinas River Diversion Facility (SRDF) Operations; and

Fund 426 - Interlake Tunnel and Spillway Modification DWR Grant Project/Study (ILT).

Two (2) debt service funds:

Fund 303 – Castroville Seawater Intrusion Project Debt Service Fund;

Fund 313 – Salinas Valley Water Project Debt Service Fund;

Monterey County Water Resources Agency consists total of fourteen (14) funds in the agency.
