Board of Supervisors  
July 15, 2018

- Project Location:

4039 Sunset Lane,  
Pebble Beach

- Zoning:

MDR/4-D (CZ)

Del Monte Forest  
LUP Area

# Proposed project

- Cal-Am is the property owner
- County Information Technology leases a portion of the site from Cal-Am
  - 80 foot tall tower supporting public communications systems
    - Sheriff, Fire, MST, and others
  - Related equipment shelter and accessories
- Design Approval to:
  - Replace 16 structure mounted antennas with 9
  - Structurally reinforce tower
  - New ice bridge to support cables
  - Paint tower flat brown color

# Plans and modifications

## Existing tower elevation

NOTE  
IT HAS BEEN DETERMINED THAT MODIFICATIONS TO THE EXISTING STRUCTURE ARE REQUIRED. NO WORK OUTLINED IN THESE DRAWINGS SHALL COMMENCE UNTIL MODIFICATIONS ACCORDING TO THE ANALYSIS AND/OR DESIGN COMPLETED BY BLACK AND VEATCH ARE COMPLETE AND VERIFIED.

E

# View of Existing Towers

View of tower from El Bosque Dr.

County IT tower  
View from Sunset Ln

Other tower on Cal-Am property – Not part of this project

# Project Review

- Minor alterations to an existing wireless communication facility
  - Exempt from a Coastal Development Permit – 20.70.120.B
  - Co-located antennae on existing tower
    - Decrease number and size of antennas
  - No change in height or location of existing tower
  - Ice bridge
    - 10 feet above ground
    - Screened from view by vegetation
    - Cables already exist – minimal change
- Design Approval
  - Notice of intent to consider DA provided by Chief of Planning
  - Request for Public Hearing received

# Del Monte Forest LUAC and Planning Commission

- Not Required pursuant to Board adopted guidelines
- Referred to LUAC following request for hearing
  - Voted 6-0 to recommend approval
  - Public comment
    - Concerned with potential exposure to radiation
  - No change from existing conditions
  - Well under FCC limits
- Request for hearing on Design Approval referred to PC
  - Appellant not present at hearing
  - PC unanimously approved project as proposed
- Appeal of PC approval filed

# Appeal

- Jameson Halpern on behalf of Huckleberry Hill Neighborhood Association
  - Object to approval of project
    - Hearing not fair
    - Consistency with laws, policies, and regulations
      - Visual Impacts/Analysis
      - Compatibility with residential setting
      - Coverage maps and airport advisory committee review
    - Past Practice – Fake tree design
    - Staking and Flagging criteria

# Staff Response/Analysis

- Adequate notice has been provided
  - Four public notices:
    - Design Approval, LUAC, PC, and Board
- Past Practice and Consistency
  - Tower already exists – Not a new tower
    - No current plans to add more antennas
  - Not related to the NGEN project
- Staking and Flagging not required in this case
  - Existing antennas and tower provide visual representation already
- Airport Land Use Advisory Committee
  - More than 3 miles from airport, no change in height or location
- Compatible Land Use
  - Wireless communication facilities are permitted in all zoning districts
  - Radio frequencies will not change and are under FCC exposure limits

# Visual – Figure 3 DMFLUP

## Not visible from:

- Point Lobos (hatched)
- 17 mile drive (green);
- Designated viewing areas (red icon); or
- Highway 68

Views from private roads and residences are not protected

Project to consolidate size and number of antennas and paint tower brown – reduction in visual clutter

# Recommendation

- Find the project categorically exempt from CEQA pursuant to Section 15301
- Adopt a resolution
  - Denying the appeal of the Planning Commission decision; and
  - Approving a Design Approval to allow antenna replacement, structural reinforcement, and ice-bridge
