To Monterey County Planning,

We are writing this letter in support of our neighbors and their proposed new home at 69 E. Carmel Valley Rd.

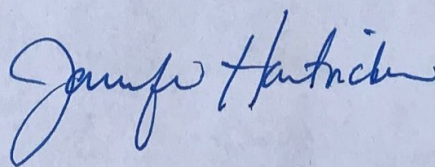

Our home is on the property directly adjacent to this project on the uphill (East) side, and our view looks out over the building envelope for 69 E. Carmel Valley Rd. Our driveway will pass directly in front of the house at a short distance, and it will be a prominent part of our daily commute and our guests' initial impression of our home. As you would imagine, we took a keen interest in the proposed design and style of this new project.

We were very encouraged when John and Brenda contacted us to share details of their plans. They have been extremely friendly and considerate in our interactions with them, and they seem sincerely interested in being good neighbors. We have reviewed artist's renderings of the proposed plan and have no objection to the siting and design being proposed. The design integrates well into the existing contours of the hillside and we are appreciative of the "living roof," which is both environmentally friendly and considerate of our view. The colors and tones of the home are largely consistent with our home and the prevailing colors of the hillside. This will help it blend into the natural surrounding area. We think the house will look attractive and welcoming from our driveway, and find the overall design to be both stylish and thoughtful.

We think that John and Brenda, and their new home, will be wonderful additions to our community, and we support the approval of this project.

Hans and Jen Hartvickson

RESIDENTIAL PLANS 69 EAST CARMEL VALLEY RD.

Send

To: JOHN FARMANESH-BOCA AND BRENDA STRONG

Cc/Bcc, From: wildbillybob1942@gmail.com

Subject: RESIDENTIAL PLANS 69 EAST CARMEL VALLEY RD.

This letter is written in support of the architectural design for the Farmanesh-Bocca/Strong residence at 69 East Carmel Valley Rd. We, the undersigned, live at 74 East Carmel Valley Rd., and will be neighbors of the new residence of which we will have full view.

My wife Mary and I recently met with the owners and reviewed the renderings for their new home. We like the innovative and natural lines of their architectural design and look forward to seeing their home rise from the ground in the coming months. We urge the planning department to approve the project without further ado.

Yours truly,

Bill Parsons
