TALCOTT BATES
GROVE AND PICNIC AREA

This area is dedicated to the memory of Talcott Bates who acquired and made possible the preservation of this 55-acre parcel of parkland in 1964. He loved and supported Jacks Peak Park as a place where young and old alike could come to enjoy nature and to renew their spirits.

This land, including Jacks Peak itself, through the efforts of Talcott Bates, his family and friends, was later purchased by Monterey County with the assistance of the Nature Conservancy. It became the nucleus of the present day Regional Park, which exceeds 500 acres.

Dedicated September 1986

By

The Monterey County Board of Supervisors

Talcott Bates Memorial

Dedication Program

Master of Ceremonies . . . William Provost,
