Resolution No. 20 – 262 to:	
Adopted Resolution to Amend Article I.b.	)
of the Monterey County Master Fee	)
Resolution effective August 28, 2020,	)
relating to the Public Health Bureau's fees	)

#### THE MONTEREY COUNTY BOARD OF SUPERVISORS FINDS:

- A. Section 1.40.010 of Chapter 1.40 of Monterey County Code provides that all fees, penalties, refunds, reimbursements and charges of any kind by the County may be specified in the Monterey County Fee Resolution.
- B. The Public Health Bureau of the Monterey County Health Department is proposing fee adjustments to the Public Health Bureau's Master Fee schedule, Article I.b., to more closely reflect, while still not exceeding, the actual and reasonable costs of services and benefits provided to the public by Public Health. In addition to these adjustments, and to more accurately capture the fees associated with services provided, the Article I.b. Master Fee Schedule has been reformatted into subsets to better reflect costs that can be differentiated by category, service or description within each program, and descriptions and language have been clarified to enhance customer service.
- C. Any and all adjustments to fees for services reflect no more than the actual and reasonable cost of the service or benefit received by the payor and burdened on the County. Any discount applicable to these surcharges have a minimum impact on the departmental budget and implementation of that discount does not result in increased fees or costs for other patrons.
- D. By definition, these charges are not a 'tax' and are exempt from voter approval pursuant to Article XIII C section 1(e)(1)-(3) of the California Constitution (Prop. 26; charges imposed for specific benefit conferred/privilege/service or product, and/or reasonable regulatory costs provided or granted to the payer).

#### THE MONTEREY COUNTY BOARD OF SUPERVIOSRS RESOLVES:

- 1. Article I.b. of the Monterey County Fee Resolution is amended, and the fees of the Public Health Bureau of the Monterey County Health Department set forth in the attachment hereto are hereby adopted.
- 2. To the extent, the Article 1.b fees hereby adopted differ from the previously adopted fees for the specified services, the newly adopted fees supersede the previously adopted fees.
- 3. The effective date of the fees approved in this Resolution is August 28, 2020.

## Based upon 2019 Federal Poverty Level Guidelines

% Fee = Percentage of the total cost of the fee that patient is required to pay.

Free = Patient is not required to pay - all fees are waived.

Fee calculated by taking office charge X % required to pay = \$ patient is responsible to pay

Example: Office Visit  $$60.00 \times .80 = $48.00$  is the amount the patient is responsible for paying. Patient may be billed if unable to pay at the time of visit.
