SUBMITTAL - Completed by referring Board office and returned to CAO no later than <u>noon</u> on Thursday prior to Board meeting:

<u> </u>	Thursday prior to Board meeting:				
Date: 4/12/16 Submitted By: Supervisor Mary Adams			District #: 5		
Referral Title: Short Term Rental Ordinance					
Referral Purpose: To request that the Resource Management Agency prioritize completion of the short term					
rental ordinance by scheduling a final meeti	rental ordinance by scheduling a final meeting of the Short Term Rental Working Group within 30 days, and				
further request that RMA staff present a cor					
near future. Request that County Counsel also provide a response to the Board of Supervisors as to the question					
raised in recent correspondence requesting that the County not engage in code violation citations while the short					
term rental ordinance is being developed.					
Brief Referral Description (attach additional sheet as required): Although the County is currently working on a					
new Short Term Rental ("STR") ordinance, the Monterey County Code currently only allows STRs (occupancy					
for not less than 7 and not more than 30 days) in residential neighborhoods in the non-Coastal Zone area pursuant					
to a permit issued by the County. Resource Management Agency staff has engaged in a number of working					
group meetings on development of the ordinance, and via this referral, it is requested that a final meeting of the					
working group be scheduled within 30 days, and that a final draft ordinance be presented to the Planning					
Commission in the near future. Request that County Counsel also provide a response to the Board of Supervisors					
as to the question raised in recent correspondence requesting that the County not engage in code violation					
citations while the short term rental ordinance is being developed.					
Modified on 8/24/21 to include the following: Proposal from HCD to address the implementation of					
enforcement at this time, and potential fund			mplementation of		
enjorcement at this time, and potential juna	ing sources in	o cover cosis.
