DEPARTMENT REPORT

Planning Commission Secretary, Brandon Swanson said there is no new update on the Customs and Border Protection Radar Tower on the South Coast of Big Sur. Currently the decision is still pending with the Coastal Commission Federal Consistency Unit, who is expected to take action by September 15, 2020.

Brandon Swanson updated the Planning Commission that the Board was currently in the process of considering an ordinance that would increase penalties for property owners who failed to comply with conditions/mitigations that required onsite monitors to protect tribal and archaeological resources during ground disturbance.

California Coastal Commission has the three Pietro projects, which included basements on Carmel Point, on the Agenda for tomorrow under appeal (7/9/20). Brandon Swanson stated he will provide the Planning Commission with an update at the next Planning Commission meeting.
