**IMPORTANT COVID-19 NOTICE ON PAGE 2-4**  
**AVISO IMPORTANTE SOBRE COVID-19 EN LA PAGINA 2-4**

**Tuesday, November 16, 2021**

**9:00 AM**

**<https://montereycty.zoom.us/j/224397747>**

## **Board of Supervisors**

*Chair Supervisor Wendy Root Askew - District 4*

*Vice Chair Supervisor Mary L. Adams - District 5*

*Supervisor Luis A. Alejo - District 1*

*Supervisor John M. Phillips - District 2*

*Supervisor Chris Lopez - District 3*

**Important Notice Regarding COVID 19**

**Based on AB361 and recommendation of the Monterey County Health Officer, in order to minimize the spread of the COVID 19 virus, please do the following:**

**1. While the Board chambers remain open, you are strongly encouraged to observe the live stream of the Board of Supervisors meetings at <https://monterey.legistar.com/Calendar.aspx>, <http://www.mgtvonline.com/>, [www.youtube.com/c/MontereyCountyTV](http://www.youtube.com/c/MontereyCountyTV) or <https://www.facebook.com/MontereyCoInfo/>**

**If you attend the Board of Supervisors meeting in person, it is recommended to maintain appropriate social distancing, i.e., maintain a 6-foot distance between yourself and other individuals.**

**2. If you choose not to attend the Board of Supervisors meeting but desire to make general public comment, or comment on a specific item on the agenda, you may do so in two ways:**

**a. submit your comment via email by 5:00 p.m. on the Monday prior to the Board meeting. Please submit your comment to the Clerk of the Board at [cob@co.monterey.ca.us](mailto:cob@co.monterey.ca.us). In an effort to assist the Clerk in identifying the agenda item relating to your public comment please indicate in the Subject Line, the meeting body (i.e. Board of Supervisors Agenda) and item number (i.e. Item No. 10). Your comment will be placed into the record at the Board meeting.**

**b. you may participate through ZOOM. For ZOOM participation please join by computer audio at: <https://montereycty.zoom.us/j/224397747>**

**OR to participate by phone call any of these numbers below:**

+1 669 900 6833 US (San Jose)  
+1 346 248 7799 US (Houston)  
+1 312 626 6799 US (Chicago)  
+1 929 205 6099 US (New York)  
+1 253 215 8782 US  
+1 301 715 8592 US

**Enter this Meeting ID number: 224397747 when prompted. Please note there is no Participant Code, you will just hit # again after the recording prompts you.**

**You will be placed in the meeting as an attendee; when you are ready to make a public comment if joined by computer audio please Raise your Hand; and by phone please push \*9 on your keypad.**

**Aviso importante sobre COVID 19**

Según AB361 y la recomendación del Oficial de Salud del Condado de Monterey, para minimizar la propagación del virus COVID 19, haga lo siguiente:

1. Mientras las cámaras de la Junta permanezcan abiertas, se le recomienda encarecidamente que observe la transmisión en vivo de las reuniones de la Junta de Supervisores en <https://monterey.legistar.com/Calendar.aspx>, <http://www.mgtvonline.com/>, [www.youtube.com/c/MontereyCountyTV](http://www.youtube.com/c/MontereyCountyTV) o <https://www.facebook.com/MontereyCoInfo/>

Si asiste a la reunión de la Junta de Supervisores en persona, se recomienda mantener un distanciamiento social adecuado, es decir, mantener una distancia de 6 pies entre usted y otras personas.

2. Si elige no asistir a la reunión de la Junta de Supervisores pero desea hacer comentarios del público en general, o comentar sobre un tema específico de la agenda, puede hacerlo de dos maneras:

Envíe su comentario por correo electrónico antes de las 5:00 p.m. el lunes anterior a la reunión de la Junta. Envíe su comentario al Secretario de la Junta a [cob@co.monterey.ca.us](mailto:cob@co.monterey.ca.us). En un esfuerzo por ayudar al Secretario a identificar el ítem de la agenda relacionado con su comentario público, por favor indique en la Línea de Asunto, el cuerpo de la reunión (es decir, la Agenda de la Junta de Supervisores) y el número del ítem (es decir, el Ítem No. 10). Su comentario se colocará en el registro en la reunión de la Junta.

B. puede participar a través de ZOOM. Para participar en ZOOM, únase por audio de computadora en: <https://montereycty.zoom.us/j/224397747>

O para participar por teléfono llame a cualquiera de los siguientes números:

+1669900 6833 EE. UU. (San José)

+ 1346248 7799 EE. UU. (Houston)

+1312626 6799 EE. UU. (Chicago)

+1929205 6099 EE. UU. (Nueva York)

+1 253215 8782 EE. UU.

+1 301 715 8592 EE. UU.

Ingrese este número de identificación de la reunión: 224397747 cuando se le solicite. Tenga en cuenta que no hay un código de participante, simplemente presionará # nuevamente después de que la grabación le indique.

**Se le colocará en la reunión como asistente; cuando esté listo para hacer un comentario público si se le une el audio de la computadora, levante la mano; y por teléfono, presione \* 9 en su teclado.**

The Board of Supervisors welcomes you to its meetings, which are regularly scheduled each Tuesday. Your interest is encouraged and appreciated. Meetings are held in the Board Chambers located on the first floor of the Monterey County Government Center, 168 W. Alisal St., Salinas, CA 93901.

As a courtesy to others, please turn off all cell phones and pagers prior to entering the Board Chambers.

**ALTERNATE AGENDA FORMATS:** If requested, the agenda shall be made available in appropriate alternative formats to persons with a disability, as required by Section 202 of the Americans with Disabilities Act of 1990 (42 USC Sec. 12132), and the federal rules and regulations adopted in implementation thereof. Individuals with a disability requiring a modification or accommodation, including auxiliary aids or services, in order to participate in the public meeting may make these requests to the Clerk of the Board Office.

**CEREMONIAL/APPOINTMENTS/OTHER BOARD MATTERS:** These items may include significant financial and administrative actions, and items of special interest, usually approved by majority vote for each program. The regular calendar also includes "Scheduled Items," which are noticed hearings and public hearings.

**CONSENT CALENDAR:** These matters include routine financial and administrative actions, appear in the supplemental section by program areas, and are usually approved by majority vote.

**TO ADDRESS THE BOARD ON A MATTER ON THE AGENDA:** Walk to the podium and wait for recognition by the Chair. In order that all interested parties have an opportunity to speak, please be brief and limit your comments to the specific subject under discussion. Time limitations shall be at the discretion of the Chair, with equal time allocated to opposing sides of an issue insofar as possible. Allocated time may not be reserved or granted to others, except as permitted by the Chair. On matters for which a public hearing is required, please note that a court challenge to the Board's action may be limited to only those issues raised at the public hearing or in correspondence delivered to the Board at or before the public hearing.

**TO ADDRESS THE BOARD DURING PUBLIC COMMENT:** Members of the public may address comments to the Board concerning each agenda item and may comment when the Chair calls for general public comment for items that are not on the day's agenda. The timing of public comment shall be at the discretion of the Chair.

**DOCUMENT DISTRIBUTION:** Documents related to agenda items that are distributed to the Board less than 72 hours prior to the meeting shall be available for public inspection at the Clerk of the Board Office, 168 W. Alisal Street, 1st Floor, Salinas, CA. Documents distributed to the Board at the meeting by County staff will be available at the meeting; documents distributed to the Board by members of the public shall be made available after the meeting.

**INTERPRETATION SERVICE POLICY:** The Monterey County Board of Supervisors invites and encourages the participation of Monterey County residents at its meetings. If you require the assistance of an interpreter, please contact the Clerk of the Board located in the Monterey County Government Center, 168 W. Alisal St., Salinas - or by phone at (831) 755-5066. The Clerk will make every effort to accommodate requests for interpreter assistance. Requests should be made as soon as possible, and at a minimum 24 hours in advance of any meeting of the Board of Supervisors.

La Cámara de Supervisores del Condado de Monterey invita y apoya la participación de los residentes del Condado de Monterey en sus reuniones. Si usted requiere la asistencia de un interprete, por favor comuníquese

con la oficina de la Asistente de la Cámara de Supervisores localizada en el Centro de Gobierno del Condado de Monterey, (Monterey County Government Center), 168 W. Alisal, Salinas – o por teléfono al (831) 755-5066. La Asistente hará el esfuerzo para acomodar los pedidos de asistencia de un interprete. Los pedidos se deberán hacer lo mas pronto posible, y a lo mínimo 24 horas de anticipo de cualquier reunión de la Cámara de Supervisores.

All documents submitted by the public must have no less than ten (10) copies.

The Clerk of the Board of Supervisors must receive all materials for the agenda packet by noon on the Tuesday one week prior to the Tuesday Board meeting.

Any agenda related writings or documents distributed to members of the County of Monterey Board of Supervisors regarding any open session item on this agenda will be made available for public inspection in the Clerk of the Board's Office located at 168 W. Alisal St., 1st Floor, Salinas, California. during normal business hours and in the Board Chambers on the day of the Board Meeting, pursuant to Government Code §54957.5

**NOTE: All agenda titles related to numbered agenda items are live web links. Click on the title to be directed to the corresponding Board Report.**

**PUBLIC COMMENT: Members of the public may address comments to the Board concerning each agenda item. The timing of public comment shall be at the discretion of the Chair.**

**Please refer to the separate agendas for Special Districts and Agencies governed by the Board of Supervisors that may be scheduled for agenda items today.**

**Pursuant to AB361 some or all Supervisors may participate in the meeting by telephone or video conference.**

**9:00 A.M. - Call to Order**

**Roll Call**

**Additions and Corrections for Closed Session by County Counsel**

County Counsel will announce agenda corrections and proposed additions, which may be acted on by the Board as provided in Sections 54954.2 of the California Government Code.

**Closed Session**

1. Closed Session under Government Code section 54950, relating to the following items:
  - a. Pursuant to Government Code section 54957(a), the Board will confer with County Counsel regarding matters posing a threat to the security of public buildings, essential public services, or the public's right of access to public services or facilities.
  - b. Pursuant to Government Code section 54957.6, the Board will provide direction to negotiators:
    - (1) Designated representatives: Irma Ramirez-Bough and Kim Moore  
Employee Organization(s): All Units
    - (2) Designated representatives: Irma Ramirez-Bough and Kim Moore  
Employee Organization(s): Units F, H and J
  - c. Pursuant to Government Code section 54957(b)(1), the Board will provide a performance evaluation for the Natividad Medical Center Chief Executive Officer.
  - d. Pursuant to Government Code section 54956.9(d)(1), the Board will confer with legal counsel regarding existing litigation:
    - (1) *Landwatch Monterey County, et al. v. County of Monterey, et al.* (Monterey County Superior Court Case No. M109434)
    - (2) *County of Monterey, et al. v. Amerisourcebergen Drug Corp., et al.* (United States District Court, Northern District Case No. 18CV02693)
    - (3) *Ida Ward, et al. v. County of Monterey, et al.* (Monterey County Superior Court Case No. 21CV002874)

(4) *County of Monterey dba Natividad Medical Center, et al. v. Kaiser Foundation Health Plan, Inc., et al.* (Monterey County Superior Court Case No. 19CV001823)

e. Pursuant to Government Code section 54956.9(d)(2), the Board will confer with legal counsel regarding two matters of significant exposure to litigation.

f. Pursuant to Government Code section 54956.9(e)(3), the Board will confer with legal counsel regarding liability claims against the County of Monterey.

(1) Ellen Hatcher and Mark Sumners

(2) John Thomas Hutchinson

(3) Lewis Butler

(4) Albert D. Colton

(5) Andrew Baudour

(6) Augustine Ybarra

### **Public Comments for Closed Session**

### **The Board Recesses for Closed Session Agenda Items**

Closed Session may be held at the conclusion of the Board's Regular Agenda, or at any other time during the course of the meeting, before or after the scheduled time, announced by the Chairperson of the Board. The public may comment on Closed Session items prior to the Board's recess to Closed Session.

Adopt a resolution recognizing San Antonio School District for being accepted into the National Network of Innovative School Districts. (Supervisor Lopez)

*Before the Board of Supervisors in and for the  
County of Monterey, State of California*

**Resolution No.:**

Adopt a resolution recognizing **San Antonio School District** for being accepted into the **National Network of Innovative School Districts**

**WHEREAS**, The Digital Promise League of Innovative Schools, launched at the White House under President Barack Obama within the United States Department of Education in 2011, accepts new members through an open application process once per year; and

**WHEREAS**, working at the intersection of education leaders, researchers, and developers, Digital Promise and the League of Innovative Schools provide an environment for superintendents and district leaders to share and learn from best practices, leverage research and participate in continuous improvement models, engage in research and development projects with peers to address education's biggest challenges, and implement new technologies and innovations in their school systems; and

**WHEREAS**, The Digital Promise League of Innovative Schools recognizes the impact that equity, access, and opportunity can have on student outcomes and part of its mission is to transform the systems and policies that create barriers for marginalized students; and

**WHEREAS**, **San Antonio Union School District** was accepted into the League of Innovative Schools, a national coalition of forward-thinking K-12 school districts organized by Digital Promise, a nonprofit organization with the mission to accelerate innovation in education and improve the opportunity to learn for all through technology and research; and

**WHEREAS**, **San Antonio Union School District** was selected from a competitive national pool of applicants based on its educational leadership, innovative vision for learning, key achievements and evidence of results, and demonstrated commitment to equity and excellence.

**NOW THEREFORE, BE IT RESOLVED**, that the Monterey County Board of Supervisors, on behalf of the County and all its residents thereof, recognize **San Antonio School District** for being accepted into the **National Network of Innovative School Districts**.

**Matter Type:** Ceremonial Resolution

Adopt a resolution to congratulate Annalisa Mitchell on being chosen the recipient of the 2021 Bahá'í Human Rights Award. (Supervisor Askew)

*Before the Board of Supervisors in and for the  
County of Monterey, State of California*

**Resolution No.**

Adopt a resolution to congratulate **Annalisa Mitchell** on being chosen the recipient of the 2021 Bahá'í Human Rights Award.

**WHEREAS**, each year the Bahá'í Human Rights Award is given to individuals who contribute significant time and energy, often at great personal sacrifice, to the promotion of human rights, social justice, the elimination of prejudice, gender equality, and the promotion of the oneness of humanity; and

**WHEREAS**, **Annalisa Mitchell** has demonstrated her commitment to this work which led to her nomination and selection of the 2021 Bahá'í Human Rights Award; and

**WHEREAS**, **Annalisa Mitchell's** mission in life has been to secure the equality, and the political, educational and economic rights of those who have been marginalized by addiction, trauma and incarceration; and

**WHEREAS**, **Annalisa Mitchell** is a leader in the Seaside community and has served in such organizations as: the NAACP, the Democratic Party, Hands Across Seaside, the Advisory Redistricting Commission for Monterey County District 4, and many others; and

**WHEREAS**, **Annalisa Mitchell** was recognized as 1995 Monterey County Outstanding Woman of the Year by the Monterey County Commission on the Status of Women; and

**WHEREAS**, **Annalisa Mitchell** has a passion for voter registration, believing that the power of our individual votes is valuable and necessary to secure a more promising future for current citizens as well as for generations to come; and

**WHEREAS**, **Annalisa Mitchell** has received awards from the U.S. House of Representatives, the U.S. Senate, the California State Assembly, the Monterey County Board of Supervisors, and civic organizations.

**NOW THEREFORE, BE IT RESOLVED**, that the Monterey County Board of Supervisors, on behalf of the County and its residents thereof, hereby congratulate **Annalisa Mitchell** on being the 2021 recipient of the 42<sup>nd</sup> Bahá'í Human Rights Award.

Adopt a Resolution Commending Diana Cruz Alcaez upon her retirement after 32 ½ years of service with the Monterey County Sheriff's Office. (Supervisor Alejo)

*Before the Board of Supervisors in and for the  
County of Monterey, State of California*

**Resolution No.:**

Adopt a Resolution Commending **Diana Cruz Alcaarez** upon her retirement after 32 ½ years of service with the Monterey County Sheriff's Office.

**WHEREAS, Diana Cruz Alcaarez** began her career on March 27, 1989 as a Records Clerk with the Monterey County Sheriff's Office and retiring from her position as Senior Civil Clerk in the Civil Division; and

**WHEREAS, Diana Cruz Alcaarez** has been a valued member of the County family and the Monterey County Sheriff's Office team; and

**WHEREAS, Diana Cruz Alcaarez** was sworn in by Sheriff David B. "Bud" Cook in 1989; serving under six Monterey County Sheriffs: David B. "Bud" Cook, Norm Hicks, Gordon Sonne, Mike Kanalakakis, Scott Miller and Steve Bernal; and

**WHEREAS, Diana Cruz Alcaarez**, will enjoy her retirement involving volunteer work, traveling and enjoying life with family, friends and Grandkids; and

**NOW, THEREFORE, BE IT RESOLVED** that the Monterey County Board of Supervisors on behalf of the County and all residents thereof, acknowledges, commends and thanks **Diana Cruz Alcaarez** for her thirty-two and a half years as a valued member of the Monterey County Sheriff's Office.

**BE IT FURTHER RESOLVED** that the Board of Supervisors hereby congratulates her and wishes her success, health, and happiness in all her future endeavors and much joy in her well-deserved retirement.

## Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

**Legistar File Number: APP 21-205**

**November 16, 2021**

**Introduced:** 11/9/2021

**Current Status:** Agenda Ready

**Version:** 1

**Matter Type:** Appointment

Consider the appointment of delegates and alternates to the Rural County Representatives of California (RCRC), Golden State Finance Authority (GSFA), and Golden State Connect Authority (GSCA) Board of Directors.

### RECOMMENDATION

It is recommended that the Board of Supervisors:

- a. Appoint one (1) member of the Board of Supervisors to serve as delegate and one (1) member of the Board of Supervisors to serve as alternate on the Rural County Representatives of California (RCRC) Board of Directors;
- b. Appoint one (1) member of the Board of Supervisors to serve as delegate and one (1) member of the Board of Supervisors to serve as alternate on the Golden State Finance Authority (GSFA) Board of Directors;
- c. Appoint one (1) member of the Board of Supervisors to serve as delegate and one (1) member of the Board of Supervisors to serve as alternate on the Golden State Connect Authority (GSCA) Board of Directors; and,
- d. Direct staff to update the Boards, Committees, and Commissions appointments list accordingly.

### SUMMARY

Monterey County currently maintains active membership in the Rural County Representatives of California (RCRC), Golden State Financing Authority (GSFA), and Golden State Connect Authority (GSCA). The aforementioned bodies require annual confirmation of each County's delegate and alternate to serve on their respective Board of Directors. The Board of Supervisors must appoint supervisors to serve as delegates and alternates to the RCRC, GSFA, GSCA Boards prior to their first meetings on January 12, 2022.

### DISCUSSION

The Rural County Representatives of California (RCRC) is a 37-member county service organization that advocates at the state and federal levels on behalf of California's rural counties. Membership in RCRC strengthens Monterey County's ability to advocate on rural area issues that are aligned with the County's Legislative Program.

Founded in 1972, RCRC works with its membership to advocate on behalf of rural issues at the state and federal levels. RCRC provides the rural county perspective on a myriad of issues during the legislative and regulatory process, including land use, water and natural resources, housing, transportation, wildfire protection policies, and health and human services. The core of RCRC's mission is to improve the ability of small, rural California county government to provide services by reducing the burden of state and federal mandates and promoting a greater understanding among policymakers

regarding the unique challenges that face California's small population counties.

The Golden State Finance Authority (GSFA) develops and administers programs that provide a source of financing for residential home purchases or refinances, commercial and residential energy efficiency improvement projects, multi-family housing construction and rehabilitation projects, and city and/or county infrastructure improvements.

GSFA is a California Joint Powers Authority and a duly constituted public entity and agency, the mission of which is to provide affordable housing and contribute to the social and economic well-being of California residents. The Authority was organized in 1993 and exists under and by virtue of Articles 1-4 of Chapter 5 of Division 7 of Title 1 of the Government Code of the State of California.

The Golden State Connect Authority (GSCA) was recently formed (in August 2021) following a unanimous vote by the Board of Directors of the RCRC. The GSCA, a joint powers authority, is designed to leverage collective efforts on behalf of rural counties in the provision of technical assistance and establishment of broadband infrastructure in under-connected areas. It is envisioned that the GSCA will assist rural counties in identifying pathways for development of broadband infrastructure within their communities, including the construction of municipal owned and/or operated broadband systems, among other options. Monterey County formally joined the GSCA in October 2021.

The aforementioned bodies require that each member county designate a delegate and alternate to serve on their respective Board of Directors, prior to their first meetings on January 12, 2022. Supervisors Chris Lopez and John Phillips currently serve on the RCRC and GSFA Board of Directors (Lopez as delegate and Phillips as alternate). This report requests that the Board appoint a delegate and alternate to the RCRC, GSFA, and GSCA Board of Directors for the calendar year of 2022. Typically, the same member serves as delegate for all three bodies and the same for alternate.

Staff will transmit the Board's 2022 appointment of delegates and alternates to RCRC, GSFA, GSCA and update the Boards, Committees, and Commissions list accordingly.

#### OTHER AGENCY INVOLVEMENT

In order to ensure Brown Act compliance, County Counsel recommends that neither the member nor alternate appointed to the RCRC Board of Directors currently serve on the Board's Legislative Committee - or - that both the member and alternate serve on the Legislative Committee. Counsel further cautions against members of the Board's Legislative Committee and representatives to RCRC communicating on matters which come before the Legislative Committee.

#### FINANCING

The appointment of delegates and alternates to the RCRC, GSFA, GSCA Board of Directors will not result in additional General Fund contributions.

#### BOARD OF SUPERVISORS STRATEGIC INITIATIVES

County membership in RCRC, GSFA, and GSCA enhances the County's ability to execute its adopted Legislative Program, which includes all areas of the Board's Strategic Initiatives.

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: 21-961

November 16, 2021

Introduced: 11/1/2021

Current Status: Scheduled AM

Version: 1

Matter Type: General Agenda Item

- a. Receive a presentation on Santa Cruz County Master Permit for Environmental Enhancement Projects;
- b. Discuss and provide direction regarding the development of a coordinated environmental enhancement project permit streamlining program for Monterey County.

#### RECOMMENDATIONS:

It is recommended that the Board of Supervisors:

- a. Receive a presentation regarding the Santa Cruz County Master Permit for Environmental Enhancement Projects;
- b. Discuss and provide direction regarding the development of an environmental enhancement project permit streamlining program for Monterey County.

#### SUMMARY:

The Resource Conservation District of Monterey County (RCDMC) received a Clean Water Act (CWA) 319h grant from the State Water Resources Control Board in Spring of 2019 to establish three farm runoff water quality treatment projects and to conduct a permit streamlining effort with the County of Monterey to reduce permitting delays and costs for those and future natural resource improvement projects. The grant is expected to be extended through spring 2023.

The County Housing and Community Development Department (HCD), RCDMC and partner agencies (USDA Natural Resources Conservation Service, Salinas Service Center, Central Coast Wetlands Group, California Marine Sanctuary Foundation, Elkhorn Slough Foundation and Big Sur Land Trust) have been meeting periodically to discuss protocols and methods for streamlining land conservation and restoration projects through the County's existing land use regulations. A draft proposal was received by County staff outlining how such projects could be streamlined. County staff partially accepted some of the processing suggestions. For example, County staff agreed to assign a senior level planner to work on conservation projects, conduct semiannual informal review of conservation projects by the Development Review Committee, and process formal application submission with high priority.

During this work, it came to light that the County of Santa Cruz has established a "Master Permit for Environmental Projects" (Master Permit) that provides a beneficial model for streamlining land conservation and restoration projects. RCDMC has also indicated that the 319h grant may be used to support such a program for Monterey County. As such, Monterey County staff thought that it would be appropriate to inform the Board Supervisors of the Santa Cruz Master Permit program and obtain the Board's input regarding the appropriateness of such a program in Monterey County.

COUNTY OF SANTA CRUZ MASTER PERMIT PROGRAM EXAMPLE:

The Santa Cruz Master Permit is part of the Countywide Partners in Restoration Permit Coordination (PIR) Program that partners local, state, and federal agencies to help private landowners address erosion problems and improve degraded habitat that would otherwise be cost prohibitive to undertake. The PIR Program grew out of a realization on the part of the RCDMC that an increasing number of landowners in Santa Cruz County are interested in restoring or enhancing the natural resource conditions of their property, but are discouraged from doing so because of the time, cost, and complexity of complying with the regulatory review requirements.

Under normal circumstances, landowners wanting to undertake an environmental enhancement project on their property would be required to individually apply for, and obtain separate County approvals, as applicable, for Coastal Development Permits, Riparian Exceptions, Grading Approvals, Biotic Approvals, Encroachment Permits, etc., in addition to other permits required by the responsible State and Federal agencies that are also participating in this program (e.g., U.S. Fish & Wildlife Service, NOAA Fisheries, Army Corps of Engineers, Regional Water Quality Control Board and Coastal Commission). The PIR Program provides an incentive to such landowners by consolidating administrative procedures and allowing the landowner to deal solely with the RCD, who is responsible for ensuring that all County, State, and Federal requirements are being met through following guidelines and conditions set forth in the Master Permit. The Master Permit allows for a variety of authorized types of environmental enhancement projects to be implemented by the RCD under the PIR Program using practices detailed in the National Resource Conservation Service's (NRCS) National Handbook of Conservation Practices. The authorized project types include practices intended to create, restore, and/or enhance habitat for wildlife species; and/or protect and enhance water quality through various means of reducing or eliminating erosion. The authorized project types are explained in detail in the attached Master Permit (**Attachment A**).

County staff understands that the CEQA work for the Santa Cruz Master Permit was funded by outside organizations while the annual permitting is funded by Santa Cruz County.

DISCUSSION:

Currently, the County Housing and Community Development Department reviews and considers resource conservation and environmental enhancement projects on an individual and ongoing basis. The necessary environmental review is conducted for each project upon submittal of the application for the applicable land use entitlement (e.g., use permit) or construction permit. To streamline the permit process, RCDMC and its partners have suggested the establishment of a master permit program like the Santa Cruz Master Permit. As such, staff is seeking the Board's input on the idea of the development of an environmental enhancement project permit streamlining program for Monterey County.

If the Board believes that such a program could be beneficial, HCD will draft the program and prepare the supporting programmatic environmental evaluation pursuant to the California Environmental Quality Act (CEQA) for the Board of Supervisors' consideration at a later date.

In concept, the program would involve the County issuance of a single master permit to RCDMC for environmental enhancement projects. There are 15 project types with specified limits/scopes that have been suggested for incorporation into the master permit, which RCDMC has indicated using along with some proposed variations and the addition of a new practice or two as briefly outlined in **Attachment B**. Those projects listed are conceptual and are not final. The Board may wish to discuss the listed projects or suggest others.

RCDMC and its partners anticipate submitting an average of five projects per year over five years for permitting under an environmental enhancement project permit streamlining program. RCDMC and others may have additional projects that fall outside of the scope of the desired master permit and would pursue permits for those separately.

County staff agrees with RCDMC that such a program could be beneficial and would suggest that the Board give the appropriate direction to proceed to develop the program for the Board's future consideration. Furthermore, County staff believes that the upfront costs for the CEQA work should be borne by RCDMC and its partners, but staff believes the annual permit may be incorporated into the Department's budget, which may be approximately \$5,000 annually to manage the program and provide annual oversight during the permit review period. The Board should discuss and provide direction on funding and other alternatives that it may find appropriate.

GENERAL PLAN CONSISTENCY:

A master permit program is consistent with the 2010 General Plan, 1982 General Plan and Local Coastal Program since the program would enhance and protect the natural resources. The permit process would provide greater opportunity for collaboration with the resource agencies and their stakeholders on water quality, marine resources and environmentally sensitive habitats and other environmental concerns.

ENVIRONMENTAL REVIEW:

Pursuant to section 15378 of the CEQA Guidelines, organizational or administrative activities of government that will not result in direct or indirect physical changes in the environment are not defined as a project. The administrative activity to discuss and provide direction to staff regarding developing a master permit program is therefore not subject to CEQA. Staff is not requesting a commitment to the program at this time. However, should the Board direct staff to develop a master permit program for environmental enhancement projects, HCD would prepare a programmatic environmental evaluation pursuant to the California Environmental Quality Act (CEQA) and return to the Board at a later time with the proposed program together with the environmental review for the Board to consider.

NEXT STEPS:

Should the Board of Supervisors desire staff to develop an environmental enhancement project permit streamlining program for Monterey County, County staff will work with RCDMC to draft the program and prepare the appropriate environmental review pursuant to the California Environment Quality Act. Once the program is developed and the CEQA review is undertaken, the matter would be brought back to the Board of Supervisors for consideration.

FINANCING:

Staff costs for time associated with development of the program is included in the FY21-22 Adopted Budget for Community Development Unit 8543, Appropriation Unit HCD002. Current resources for environmental/conservation project permit review include a senior level planner and other support staff including secretaries, and management. Approval of a Master Permit would reduce department workload and reduce backlog in the planning permits. Application fees received from RCDMC or partner agencies to prepare the environmental review documentation will further offset costs for staff time, unless waived by the Board.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

A permit streamlining program would result in efficient and effective government operations. Furthermore, the program would promote an organization that practices efficient and effective resource management and is recognized for responsiveness, strong customer orientation, accountability and transparency.

**Matter Type:** General Agenda Item

- a. Receive a presentation on Santa Cruz County Master Permit for Environmental Enhancement Projects;
- b. Discuss and provide direction regarding the development of a coordinated environmental enhancement project permit streamlining program for Monterey County.

### RECOMMENDATIONS:

It is recommended that the Board of Supervisors:

- a. Receive a presentation regarding the Santa Cruz County Master Permit for Environmental Enhancement Projects;
- b. Discuss and provide direction regarding the development of an environmental enhancement project permit streamlining program for Monterey County.

### SUMMARY:

The Resource Conservation District of Monterey County (RCDMC) received a Clean Water Act (CWA) 319h grant from the State Water Resources Control Board in Spring of 2019 to establish three farm runoff water quality treatment projects and to conduct a permit streamlining effort with the County of Monterey to reduce permitting delays and costs for those and future natural resource improvement projects. The grant is expected to be extended through spring 2023.

The County Housing and Community Development Department (HCD), RCDMC and partner agencies (USDA Natural Resources Conservation Service, Salinas Service Center, Central Coast Wetlands Group, California Marine Sanctuary Foundation, Elkhorn Slough Foundation and Big Sur Land Trust) have been meeting periodically to discuss protocols and methods for streamlining land conservation and restoration projects through the County's existing land use regulations. A draft proposal was received by County staff outlining how such projects could be streamlined. County staff partially accepted some of the processing suggestions. For example, County staff agreed to assign a senior level planner to work on conservation projects, conduct semiannual informal review of conservation projects by the Development Review Committee, and process formal application submission with high priority.

During this work, it came to light that the County of Santa Cruz has established a "Master Permit for Environmental Projects" (Master Permit) that provides a beneficial model for streamlining land conservation and restoration projects. RCDMC has also indicated that the 319h grant may be used to support such a program for Monterey County. As such, Monterey County staff thought that it would be appropriate to inform the Board Supervisors of the Santa Cruz Master Permit program and obtain the Board's input regarding the appropriateness of such a program in Monterey County.

COUNTY OF SANTA CRUZ MASTER PERMIT PROGRAM EXAMPLE:

The Santa Cruz Master Permit is part of the Countywide Partners in Restoration Permit Coordination (PIR) Program that partners local, state, and federal agencies to help private landowners address erosion problems and improve degraded habitat that would otherwise be cost prohibitive to undertake. The PIR Program grew out of a realization on the part of the RCDMC that an increasing number of landowners in Santa Cruz County are interested in restoring or enhancing the natural resource conditions of their property, but are discouraged from doing so because of the time, cost, and complexity of complying with the regulatory review requirements.

Under normal circumstances, landowners wanting to undertake an environmental enhancement project on their property would be required to individually apply for, and obtain separate County approvals, as applicable, for Coastal Development Permits, Riparian Exceptions, Grading Approvals, Biotic Approvals, Encroachment Permits, etc., in addition to other permits required by the responsible State and Federal agencies that are also participating in this program (e.g., U.S. Fish & Wildlife Service, NOAA Fisheries, Army Corps of Engineers, Regional Water Quality Control Board and Coastal Commission). The PIR Program provides an incentive to such landowners by consolidating administrative procedures and allowing the landowner to deal solely with the RCD, who is responsible for ensuring that all County, State, and Federal requirements are being met through following guidelines and conditions set forth in the Master Permit. The Master Permit allows for a variety of authorized types of environmental enhancement projects to be implemented by the RCD under the PIR Program using practices detailed in the National Resource Conservation Service's (NRCS) National Handbook of Conservation Practices. The authorized project types include practices intended to create, restore, and/or enhance habitat for wildlife species; and/or protect and enhance water quality through various means of reducing or eliminating erosion. The authorized project types are explained in detail in the attached Master Permit (**Attachment A**).

County staff understands that the CEQA work for the Santa Cruz Master Permit was funded by outside organizations while the annual permitting is funded by Santa Cruz County.

DISCUSSION:

Currently, the County Housing and Community Development Department reviews and considers resource conservation and environmental enhancement projects on an individual and ongoing basis. The necessary environmental review is conducted for each project upon submittal of the application for the applicable land use entitlement (e.g., use permit) or construction permit. To streamline the permit process, RCDMC and its partners have suggested the establishment of a master permit program like the Santa Cruz Master Permit. As such, staff is seeking the Board's input on the idea of the development of an environmental enhancement project permit streamlining program for Monterey County.

If the Board believes that such a program could be beneficial, HCD will draft the program and prepare the supporting programmatic environmental evaluation pursuant to the California Environmental Quality Act (CEQA) for the Board of Supervisors' consideration at a later date.

In concept, the program would involve the County issuance of a single master permit to RCDMC for environmental enhancement projects. There are 15 project types with specified limits/scopes that have been suggested for incorporation into the master permit, which RCDMC has indicated using along with some proposed variations and the addition of a new practice or two as briefly outlined in **Attachment B**. Those projects listed are conceptual and are not final. The Board may wish to discuss the listed projects or suggest others.

RCDMC and its partners anticipate submitting an average of five projects per year over five years for permitting under an environmental enhancement project permit streamlining program. RCDMC and others may have additional projects that fall outside of the scope of the desired master permit and would pursue permits for those separately.

County staff agrees with RCDMC that such a program could be beneficial and would suggest that the Board give the appropriate direction to proceed to develop the program for the Board's future consideration. Furthermore, County staff believes that the upfront costs for the CEQA work should be borne by RCDMC and its partners, but staff believes the annual permit may be incorporated into the Department's budget, which may be approximately \$5,000 annually to manage the program and provide annual oversight during the permit review period. The Board should discuss and provide direction on funding and other alternatives that it may find appropriate.

#### GENERAL PLAN CONSISTENCY:

A master permit program is consistent with the 2010 General Plan, 1982 General Plan and Local Coastal Program since the program would enhance and protect the natural resources. The permit process would provide greater opportunity for collaboration with the resource agencies and their stakeholders on water quality, marine resources and environmentally sensitive habitats and other environmental concerns.

#### ENVIRONMENTAL REVIEW:

Pursuant to section 15378 of the CEQA Guidelines, organizational or administrative activities of government that will not result in direct or indirect physical changes in the environment are not defined as a project. The administrative activity to discuss and provide direction to staff regarding developing a master permit program is therefore not subject to CEQA. Staff is not requesting a commitment to the program at this time. However, should the Board direct staff to develop a master permit program for environmental enhancement projects, HCD would prepare a programmatic environmental evaluation pursuant to the California Environmental Quality Act (CEQA) and return to the Board at a later time with the proposed program together with the environmental review for the Board to consider.

#### NEXT STEPS:

Should the Board of Supervisors desire staff to develop an environmental enhancement project permit streamlining program for Monterey County, County staff will work with RCDMC to draft the program and prepare the appropriate environmental review pursuant to the California Environment Quality Act. Once the program is developed and the CEQA review is undertaken, the matter would be brought back to the Board of Supervisors for consideration.

#### FINANCING:

Staff costs for time associated with development of the program is included in the FY21-22 Adopted Budget for Community Development Unit 8543, Appropriation Unit HCD002. Current resources for environmental/conservation project permit review include a senior level planner and other support staff including secretaries, and management. Approval of a Master Permit would reduce department workload and reduce backlog in the planning permits. Application fees received from RCDMC or partner agencies to prepare the environmental review documentation will further offset costs for staff time, unless waived by the Board.

- Attachment B - Initial Scope for Monterey "Partners in Restoration" Master Permit

# Attachment A

This page intentionally left blank.

## Conservation Practices Eligible Under the Santa Cruz Countywide Partners in Restoration Permit Coordination Program (i.e., Master Permit), with Allowed Dimensions and Project-Specific Conditions, and Summary of Tier System

(NOTE: Numbers in parentheses indicate the practice number as  
referenced in the *NRCS Field Office Technical Guide*)

Projects proposed through this Certification may on a case-by-case basis exceed the dimensions shown in this table upon written approval by all agencies with jurisdiction over that project.

<p><b>1. Access Roads (Improvement) (560)</b> (NOTE: Access road improvements typically involve multiple installations spread out over a long reach of road.)</p>	<p>Improvement of an existing road to provide access for property management while controlling runoff to prevent erosion and maintain or improve water quality. An example of this practice might include re-grading, outsloping, or the addition of a rolling dip to a road so that water is less erosive as it travels across the road. This practice may also be used for repair, removal, or addition of culverts. Ditch relief culverts that discharge onto slopes over 30% require additional measures. This practice is used only on existing roads. Some examples of practices from the California Department of Fish and Game, California Salmonid Stream Habitat Restoration Manual that could be utilized during implementation of the Access Road (Improvement) practice includes Waterbars (p. VII-96).</p>
<p style="text-align: center;"><i>Dimensions<sup>2</sup></i></p>	<p><u>Length</u>: Average: 1,000 linear feet of work spread out over 2 miles; Max: 10,000 linear feet of work spread out over 12 miles. <u>Width</u>: Average: 30'; Max: 30'. <u>Area</u>: Average: 0.8 acres; Max: 4.5 acres. <u>Volume<sup>3</sup></u>: Average: 750 cu. yards; Max: 7,500 cu. yards (or 1,000 cu. yards in Coastal Zone Scenic Areas).</p>
<p style="text-align: center;"><i>Additional Practice-Specific Protection Measures</i></p>	<p>Road improvements in Santa Cruz County are modeled on the "Handbook for Forest and Ranch Roads: A Guide for planning, designing, constructing, reconstructing, maintaining and closing wildland roads," by William Weaver and Danny Hagens. This manual contains</p>

	descriptions of sound methods and designs to improve and maintain rural roads. Proper road planning, construction and maintenance of roads can correct problems associated with poor road placement and design that cause excess runoff, and erosion leading to many kinds of problems including polluted water supplies, increased flooding, landslides, destruction of fish habitat, and loss of vegetation and soil. Improvements to existing access roads under this practice shall not be carried out for the purpose of accommodating future development.
<b>2. Planting (342, 612, 422, 391)</b>	Planting of vegetation such as trees, shrubs, vines, grasses, or legumes (see Exhibits E, F and G for lists of suggested and prohibited species for revegetation), on highly erodible or critically eroding areas (does not include tree planting mainly for wood products). This practice is used to stabilize the soil, reduce damage from sediment and runoff to downstream areas, and improve wildlife habitat and visual resources. Plants may take up more of the nutrients in the soil, reducing the amount that can be washed into surface waters or leached into ground water. During grading, seedbed preparation, seeding, and mulching, quantities of sediment and associated chemicals may be washed into surface waters prior to plant establishment.
<i>Dimensions</i>	<u>Area</u> : Average: 1 acre; Max: 5 acres. <u>Volume</u> <sup>3</sup> : Average: 700 cu. yards; Max: 1,000 cu. yards.
<i>Additional Practice-Specific Protection Measures</i>	When implementing or maintaining a critical area planting above the “ordinary high water mark” <sup>4</sup> , a filter fabric fence, fiber rolls and/or rice or straw bales shall be utilized, if needed, to keep sediment from flowing into the adjacent water body. When vegetation is sufficiently mature to provide erosion control, it may be appropriate to remove the fence, fiber rolls and/or rice/straw bales. Periodic review by RCD/NRCS shall occur until the critical area planting is established to control erosion.
<b>3. Stream Habitat Improvement and Management(395)</b>	Improvement of a stream channel to create new fish habitat or to enhance an existing habitat. The practice is used to improve or enhance aquatic habitat for fish in degraded streams, channels, and ditches by providing shade, controlling sediment, and restoring pool and riffle

	<p>stream characteristics. Pools and riffles are formed in degraded stream sections through the strategic placement of logs, root wad, or natural rocks that reduces the flow velocity through the area. Coarse-grained sediments settle, reducing the quantity of sediment delivered downstream. The dissolved oxygen content may be increased, improving the stream's assimilative capacity. This practice may also be used for removal or modification of fish barriers such as flashboard dams. The modification of flashboard dams may involve cutting a notch in the dam to allow for fish passage. Complete removal of flashboard dams would also be covered under the program.</p> <p>This practice may be used for the removal or modification of logjams that present a complete barrier to all life stages of anadromous fish passage. If the logjam does not act as a complete barrier, logjam removal may be implemented no more than two times annually under the program, but <u>only</u> if the following circumstance exists: In situations where water is actively or potentially deflecting water to a bank, threatening further erosion, bank failure, destruction of conservation practices installed to stabilize the bank, or threatening damage to life and housing, the logjam may be modified to minimize this threat.</p> <p>This practice may be used to remove culverts that pose barriers to fish passage.. This practice may also be used to remove hardened crossings that pose barriers to salmonid passage such as culverts and simple fords that do not have complicated associated resource issues.</p> <p>While most activities will occur during the summer months when most areas are dry, dewatering may be required for some projects involving the fish stream improvement practices. Dewatering a portion of a stream during construction would involve isolating the work area using temporary structures such as cofferdams and the pumping of water around the worksite in order to maintain flows downstream.</p> <p>The Fish Stream Improvement practice will be designed and implemented in accordance with the California Department of Fish and Game's <i>California Salmonid</i></p>
--	--

	<p><i>Stream Habitat and Restoration Manual</i> or in coordination with NOAA Fisheries and CDFW Some examples of the practices that could be utilized during implementation of the Fish Stream Improvement practice include Digger Logs (p. VII-26 of the manual), Spider Logs (p. VII-27), and Log, Root Wad, and Boulder Combinations (p. VII-28).</p>
<i>Dimensions</i>	<p><u>Maximum Length:</u> 1 mile with multiple structures at multiple bank locations.</p> <p><u>Maximum dimensions for a logjam to be modified:</u> 30 ft by 50 ft (across channel).</p> <p><u>Maximum dimensions for a flashboard dam to be modified or removed:</u> 30 ft by 60 ft (across channel)</p> <p><u>Maximum dimensions for hardened crossing (fords) be removed:</u> 20 ft by 100 ft (across channel)</p> <p><u>Maximum and total area to be dewatered will not exceed 1,000 ft over the one mile maximum.</u></p>
<i>Additional Practice-Specific Protection Measures</i>	<p>The Fish Stream Improvement conservation practice will be designed and implemented in accordance with the California Department of Fish and Game's <i>California Salmonid Stream Habitat Restoration Manual</i> or in coordination with NOAA Fisheries and CDFW.</p> <p>No chemically-treated timbers shall be used for grade or channel stabilization structures, bulkheads or other instream structures.</p>
<b>4. Stream Crossing (578)*</b>	<p>To provide access on a site where a in-stream barrier has been removed. If a culvert or ford has been removed, a bridge or other suitable crossing that is protective of water quality may be installed.</p>
<i>Dimensions</i>	<p><u>Maximum bridge size to be installed:</u> Max.100 ft (across stream) with 20 ft wide deck (20 ft is what the County of Santa Cruz prefers for emergency vehicles but it's more likely that most bridges installed under the permit coordination program would not exceed 16 ft in width)</p>

	*Maximum and total area to be dewatered will not exceed 1,000 ft over the one mile maximum.
<i>Additional Practice-Specific Protection Measures</i>	Crossings will be consistent with California Department of Fish and Game's " <i>Culvert Criteria for Fish Passage</i> " (May 2002) and National Marine Fisheries Service Southwest Region's " <i>Guidelines for Salmonid Passage as Stream Crossings</i> " (September, 2001). If dewatering in a fish-bearing stream is proposed as part of a project implemented under the permit coordination program, the RCD/NRCS will comply with the terms and conditions outlined in the RC Biological Opinion, and any subsequent conditions, issued by NOAA Fisheries for this project.
<b>4. Grade Stabilization Structure (410)</b> <i>(In non-fish bearing streams, primarily for gully repair)</i>	Installation of a structure built into a gully to control the grade and prevent head cutting in natural or artificial channels. For the purposes of the Master Permit program, this practice will not be installed in fish bearing streams and would primarily be used for gully repair. This practice refers to rock, timber, or vegetative structures, such as a brush mattress, placed to slow water velocities above and below the structure, resulting in reduced erosion. This practice also involves earthmoving to reshape the area impacted by the gully. This will decrease the yield of sediment and sediment-attached substances and improve downstream water quality. An example of a practice from the CDFW California Salmonid Stream Habitat Restoration Manual that could be utilized during implementation of the Grade Stabilization practice is Brush Mattressing (p. VII-79).
<i>Dimensions</i>	<u>Length</u> : Average: 3 to 4 structures per 500' of gully, Max: 10 structures per 1,000' of gully. <u>Area</u> : Average: 0.5 acres; Max: 1.5 acres <u>Volume</u> <sup>3</sup> : Max: 30 cu. yards per structure; 300 cu. yards total. <u>Flow Rate</u> : Max: 300 cfs in the pipe.
<i>Additional Practice-Specific Protection Measures</i>	This practice will not be used in fish-bearing streams and will primarily be used for the repair of gullies.  Construction and maintenance of any practice that results in a change in volume of flow in streams that support a

	<p>fishery are not covered under this program. Construction and maintenance of Grade Stabilization Structures in streams or creeks that support a fishery are not covered under this program. Projects seeking to implement conservation practices in those circumstances must seek individual permits from appropriate public agencies.</p> <p>Grouted rock may be used for implementation of the Grade Stabilization practice at the head of gullies. Use of grouted rock will be minimized. Grouted rock would not be used on the bed or bank of a waterway. An example of a typical design from the CDFW California Salmonid Stream Habitat Restoration Manual that could be utilized during implementation of the Grade Stabilization practice is Brush Mattressing (p. VII-79).</p>
<b>5. Grassed Waterway (412)</b>	<p>Establishment of a natural or constructed channel that is shaped or graded to required dimensions and expected velocities, and establishment of suitable vegetation for the stable conveyance of runoff. This practice may reduce the erosion in a concentrated flow area, such as a gully. This may result in the reduction of sediment and substances delivered to receiving waters. Vegetation may act as a filter in removing some of the sediment delivered to the waterway, although this is not typically the primary function of a grassed waterway. Grassed waterways may be used to reduce the erosive force of runoff from agricultural lands into riparian or wetland areas or into a sediment basin. Grading and seedbed preparation may result in some short-term soil loss prior to establishment of vegetative cover.</p>
<i>Dimensions</i>	<p><u>Length</u>: Average: 1,000'; Max: 2,000'.  <u>Width</u>: Average: 20'; Max: 40'.  <u>Area</u>: Average: 0.5 acre; Max: 2 acre.  <u>Volume</u><sup>3</sup>: Average: 1,000 cu. yards; Max: 4,500 cu. yards (except in Coastal Zone Scenic Areas where the maximum grading allowed is 1,000 cu. yards).  <u>Flow Rate</u>: Max: 150 cfs.</p>
<i>Additional Practice-Specific Protection Measures</i>	<p>Grassed waterways are designed to convey the runoff associated with the contributory area along a prescribed slope to avoid erosion caused by the concentrated flow.</p>

	The waterway may not divert water out of the natural sub-watershed.
<b>6. Obstruction Removal (500)<sup>5</sup></b>	Removal and disposal of unwanted structures from waterways and/or other sensitive habitats, including cars, large appliances, and garbage (items that are anthropogenic and not natural to the system). Large objects such as cars and appliances would be removed unless their removal would result in a (net) detrimental effect. For example, cars will not be removed if the action would result in disturbance to an area beyond the maximum size identified for this practice or if the removal shall cause erosion in quantities deleterious to fish or other aquatic organisms. Structures would be removed when the stream channel is dry or during the lowest flows to minimize impacts. While most activities will occur during the summer months when most areas are dry, dewatering may be required for some projects involving removal of large objects such as cars and appliances. Dewatering a portion of a stream during construction would involve isolating the work area using temporary structures such as cofferdams and the pumping of water around the worksite in order to maintain flows downstream.
<i>Dimensions<sup>5</sup></i>	<u>Length</u> : Max: 50'. <u>Area</u> : Average: 10' x 15'; Max: 0.2 acre.
<i>Additional Practice-Specific Protection Measures</i>	Wherever possible, hand labor will be used, however, heavy equipment such as mechanical excavators may be employed in some projects, particularly where the project requires removal of larger items such as cars and appliances. Large objects removed from the area will be lifted out of the area, ensuring the obstruction is kept upright during removal and will not be pulled, dragged, or pushed to minimize potential impacts to the aquatic and terrestrial habitats. If the obstruction is easily accessible and/or an access road is adjacent to the work site, equipment such as a boom would be used to lift the obstruction out of the area. Additional limitations on use of construction equipment are described in the General Project Conditions under <b>Limitations on Construction Equipment</b> .

<b>7. Restoration and Management of Declining Habitats (643)</b>	<p>Restoring and conserving rare or declining native vegetated communities and associated wildlife species. This practice is used to restore land or aquatic habitats degraded by human activity; provide habitat for rare and declining wildlife species by restoring and conserving native plant communities; increase native plant community diversity; management of unique or declining native habitats (see Exhibits E, F and G for lists of suggested and prohibited species for revegetation). This practice may be used to remove invasive plant species in sensitive resource areas to improve the quality of the adjacent aquatic habitat or to manage non-native habitats that provide critical habitat for special status species, such as the monarch butterfly. This practice may also be used to manage fuel loads in sensitive habitats and allows treatment and maintenance of invasive species and noxious weeds, as well as revegetation of a treated area.</p>
<b>Dimensions</b>	<p><u>Length</u>: Average: 500'; Max: 1 mile.  <u>Area</u>: Average: 1 acre; Max: 5 acres.  <u>Volume</u><sup>3</sup>: Average: 50 cu. yards; Max: 1,000 cu. yards.</p>
<b>Additional Practice-Specific Protection Measures</b>	<p>When restoring or maintaining a rare or declining native plant community or wildlife habitat adjacent to and above the “ordinary high water mark”<sup>4</sup> of a water body, a filter fabric fence, fiber rolls and/or rice/straw bales shall be utilized, if needed, to keep sediment from flowing into the adjacent water body. When vegetation is sufficiently mature to provide erosion control, it may be appropriate to remove the fence, fiber rolls and/or rice or straw bales. Periodic review by RCD/NRCS shall occur until the native plant community or wildlife habitat planting is established to control erosion.</p>
<b>8. Sediment Basins (350) [with or without water control (638)]</b>	<p>Construction of basin(s) to collect and store debris or sediment. Sediment basins will trap sediment, sediment associated materials, and other debris and prevent undesirable deposition on bottomlands and in waterways and streams. Basins are generally located at the base of agricultural lands adjacent to natural drainage or riparian areas. Sediment basins shall not be constructed in a stream channel or other permanent water bodies. This practice may also involve designing the sediment basin to control water volumes leaving a site and releasing the water at a</p>

	<p>natural flow rate. If water control were recommended , an earth embankment or a combination ridge and channel design constructed across the slope and minor watercourses would be implemented to form a sediment trap and water detention basin. The practice does not treat the source of sediment but provides a barrier to reduce degradation of surface water downstream. Due to the detention of runoff in the basin, there is an increased opportunity for soluble materials to be leached toward the ground water. Basins may also increase groundwater recharge. The design of spillways and outlet works will include water control structures to prevent scouring at discharge point into natural drainage.</p>
<i>Dimensions</i>	<p><u>Area</u>: Average: 0.1 acre; Max: 1 acre.  <u>Volume</u><sup>3</sup>: Average: 400 cu. yards; Max: 4,000 cu. yards (compacted embankment); in Coastal Zone Scenic Areas no more than 1,000 cu. yards total grading volume.  <u>Impoundment Volume</u>: Average: 0.5 acre-foot; Max: 2 acre-feet.  <u>Impoundment Structure</u>: Average: 6 ft embankment measured from the lowest point in the basin to the spillway at a 2:1 maximum slope; Max: 6 ft – 10 ft embankment measured from the lowest point in the basin to the spillway at a 2:1 maximum slope<sup>6</sup>.</p>
<i>Additional Practice-Specific Protection Measures</i>	<p>Where water and sediment control basins create marshy conditions and attract nesting birds and other wildlife, maintenance may occur only after August 1<sup>st</sup>. If construction must occur during this period, a qualified individual approved by USFWS and/or CDFW will conduct pre-construction surveys for bird nests or bird nesting activity in the project area. Bird nesting sites shall be avoided as described above in Exhibit A (#2) <i>General Project Conditions, Temporal Limitations on Construction</i>. If the project has the potential to create standing water for longer than five (5) consecutive days, the County Mosquito Abatement and Vector Control District shall be consulted.</p> <p>Sediment basins shall not be constructed in a stream channel or other permanent water bodies. The work may involve grading along one shore of the stream to remove</p>

	gullies or eroded banks prior to building a streamside basin. Where construction of a sediment basin includes a pipe or structure that empties into a stream (underground outlet), an energy dissipater shall be installed to reduce bank scour.
<b>9. Streambank Protection (580)</b>	<p>Use of vegetation or structures to stabilize and protect banks of streams, lakes, or estuaries against scour and erosion. “Bioengineered” solutions using vegetation and soft materials (as opposed to concrete and rip rap, for example) are the preferred options where conditions are favorable for their use. The banks of streams and water bodies are protected by vegetation to reduce sediment loads causing downstream damage and pollution and to improve the stream for fish and wildlife habitat as well as protect adjacent land from erosion damage. Examples of this practice may include willow sprigging, brush mattresses, and live vegetative crib walls. This practice can be applied to natural or excavated channels where the stream banks are susceptible to erosion from the action of water or debris or to damage from livestock or vehicular traffic. The streambed grade must be controlled before most permanent types of bank protection can be considered feasible. Some examples of practices from the California Department of Fish and Game’s <i>California Salmonid Stream Habitat Restoration Manual</i> that could be utilized during implementation of the Streambank Protection practice include Log Cribbing (p. VII-68), Live Vegetative Crib Wall (p. VII-69), Logbank Armor (p. VII-70), Riprap (p. VII-65), Native Material Revetment (p. VII-75), Willow Sprigging (p. VII-77), Brush Mattressing (p. VII-77), and Trenching (p. VII-80). While most activities will occur during the summer months when most areas are dry, dewatering may be required for some projects involving implementation of streambank protection measures. Dewatering a portion of a stream during construction would involve isolating the work area using temporary structures such as cofferdams and the pumping of water around the worksite in order to maintain flows downstream.</p>
<i>Dimensions</i>	<u>Length</u> : Vegetation Average: 200’; Vegetation Max: 2,000’. Rock Max: 200’ contiguous rock protection and

	<p>500' of non-contiguous protection over 2,000' of bank.  <u>Width</u>: Vegetation Average: 20'; Vegetation Max: 50'.  Rock Average: 4'; Rock Max: 15'.  <u>Area</u>: Average Vegetation: 0.1; Max Vegetation: 2.5 acre.  Rock Protection Max: 0.1 acre  <u>Volume</u><sup>3</sup>: Average Vegetation: 500 cu. yards; Max  Vegetation: 4,000 cu. Yards<sup>7</sup> (or 1,000 cu. yards in all  Coastal Zone Scenic Areas). Average Rock: 100 cu. yards;  Max Rock<sup>8</sup>: 800 cu. yards.  <u>Flow Rate</u>: Vegetation Max: 2,000 cfs instream.</p>
<i>Additional Practice-Specific Protection Measures</i>	<p>No fill will be placed in the flood hazard area unless it is accompanied by an analysis (by a civil engineer) showing that there will be no rise in the base elevation and no off-site impact.</p>
<b>10. Stream Channel Stabilization (584)</b>	<p>Stabilization of the channel of a stream with suitable structures. "Bioengineered" solutions using vegetation and soft materials (as opposed to concrete and rip rap, for example) are the preferred options where conditions are favorable for their use. This practice applies to stream channels undergoing damaging aggradation or degradation that cannot be reasonably controlled with upstream practices (establishment of vegetative protection, installation of bank protection, or by the installation of upstream water control measures). The design and installation of grade stabilization structures produce a stable streambed favorable to wildlife and riparian growth. The Master Permit program does not cover projects that involve installation of grade stabilization structures in fish bearing streams.</p> <p>In non-fish bearing streams, this practice may be utilized to remove accumulated sand or sediment that have caused the channel to become plugged due to a large storm event or bank failure. This practice would not be used in fish-bearing streams or for routine maintenance involving dredging of a waterway. This practice would be used to remove sediment that has accumulated behind a dam or as a result of a catastrophic event such as a flood, and would only be used once at a given location under this program.</p> <p>While most activities will occur during the summer</p>

	months when most areas are dry, dewatering may be required for some projects involving installation of the stream channel stabilization practices. Dewatering a portion of a stream during construction would involve isolating the work area using temporary structures such as cofferdams and the pumping of water around the worksite in order to maintain flows downstream.
<i>Dimensions</i>	<p><u>Length</u>: Average: 200'; Max: 2,000'.</p> <p><u>Width</u>: Average: 20'; Max: 100'.</p> <p><u>Area</u>: Average: 0.1 acre; Max: 4.5 acre.</p> <p><u>Volume</u><sup>3</sup>: Average: 200 cu. yards; Max: 7,500 cu. yards (1,000 cu. yards in Coastal Zone Scenic Areas).</p> <p><u>Flow Rate</u>: Max: 400 cfs.</p>
<i>Additional Practice-Specific Protection Measures</i>	Sediment removal will not occur in fish-bearing streams. Sediment removal from non-fish bearing stream channels may occur if it will improve biological functioning of the stream and restore channel capacity. Sediment removal would occur as a one-time event and not a repeated maintenance practice. Sediment removal may not occur in a flowing stream or standing water. Sediment will not be stored in wetlands or waterways (including floodplains and floodways).
<b>12. Structure for Water Control (587)</b>	Installation of a structure in an irrigation, drainage, or other water management system, including streams and gullies, that conveys water, controls the direction or rate of flow, or maintains a desired water surface elevation, such as culverts, pipe drops or chutes within gullies, debris screens, etc. Structures for water control includes treatment systems, such as bioreactors, that improve on-site and/or downstream water quality. Structure for water control is used to replace or retrofit existing culverts that are either not functioning properly or are a barrier to fish passage. The placement of new culverts, when environmentally beneficial, is also covered. By controlling the velocity of water running through an area, this practice reduces erosion and prevents down cutting of stream channels. Culverts will be consistent with California Department of Fish and Game's "Culvert Criteria for Fish Passage" (April 2003) and National Marine Fisheries Service Southwest Region's "Guidelines for Salmonid

	Passage as Stream Crossings” (September, 2001).
<i>Dimensions</i>	<u>Flow Rate</u> : 80 cfs
<i>Additional Practice-Specific Protection Measures</i>	Crossings will be consistent with California Department of Fish and Game’s “ <i>Culvert Criteria for Fish Passage</i> ” (May 2002) and National Marine Fisheries Service Southwest Region’s “ <i>Guidelines for Salmonid Passage as Stream Crossings</i> ” (September, 2001). If dewatering in a fish-bearing stream is proposed as part of a project implemented under the permit coordination program, the RCD/NRCS will comply with the terms and conditions outlined in the RC Biological Opinion, and any subsequent conditions, issued by NOAA Fisheries for this project. If the project has the potential to create standing water for longer than five (5) consecutive days, the County Mosquito Abatement and Vector Control District shall be consulted.
<b>13. Underground Outlets (620)</b>	Installation of a conduit beneath the surface of the ground to collect surface water and convey it to a suitable outlet. This practice is typically, although not always, associated with a sediment basin (with or without water control). Excess surface water generated by farmland on steep terrain can be collected and conveyed to a sediment basin by installing pipe safely buried underground. Location, size, and number of inlets are determined to collect excess runoff and prevent erosive surface flow. This runoff is then discharged at sediment basin where high velocity runoff is calmed and suspended sediment is trapped prior to releasing water into natural drainage channel. The basin is designed to release water at a natural rate of flow.
<i>Dimensions</i>	<u>Length</u> : Max. in Riparian Areas: 50’. <u>Width</u> : Max. in Riparian Areas: 20’. <u>Area</u> : Max. in Riparian Areas: 1,000 sq. ft. <u>Volume</u> <sup>3</sup> : Max. in Riparian Areas: 10 cu. yards <sup>9</sup> . <u>Flow Rate</u> : Max. in Riparian Areas: 60 cfs.
<i>Additional Practice-Specific Protection Measures</i>	If a pipe or structure that empties into a stream (underground outlet), a properly sized energy dissipater shall be installed to reduce bank scour and bank erosion.

<p><b>14. Upland Wildlife Habitat Management</b> (645, 382, 614, 516)</p>	<p>This practice will be utilized to create, restore, and/or enhance upland habitat for wildlife species. This practice may be used to install shelter, cover, and food, establish vegetation for shelter, food, and enable movement, and for manipulating vegetation to sustain optimal habitat conditions.</p> <p>This practice may include the creation of infrastructure to accomplish the intended purpose of the practice, including a livestock pipeline, fence, and watering facility.</p> <p>Use of a pipeline for conveying water from an existing source of supply to points of its use for livestock; to shift livestock to constructed waters sources and away from streams and lakes. This practice is designed to reduce bank erosion, sediment yield, and manure entering watercourses. Occasionally, a pipeline may cross streams or water courses.</p> <p>The Watering Facility practice is limited to the device that actually holds the water. It is not the well, spring, or other source of undeveloped water.</p> <p>The construction a fence across a riparian corridor or in a sensitive habitat may be utilized to improve grazing and land use management to achieve restoration goals</p>
<p><i>Dimensions</i></p>	<p><u>Length</u>: Average: 50'; Max: 200' through riparian areas (includes 50' on each bank and across a stream or gully), and up to 10,000' through the upland areas.</p> <p><u>Width</u>: Average 15'; Max: 20'.</p> <p><u>Area</u>: Max: 4,000 sq. ft. through riparian areas/crossing streams</p> <p><u>Volume</u><sup>3</sup>: Average: 15 cu. yards; Max: 50 cu. yards through riparian areas<sup>4</sup>.</p> <p><u>Pressure</u>: Max: 300 psi (Highest capacity for a pipeline would not exceed 300 pounds per square inch). The</p>

<sup>4</sup> A "fish-bearing stream" is defined as a stream located within the range of the listed species

	maximum livestock pipeline diameter would be 3 inches.
<b><i>15. Wetland Management*</i></b> (657, 659, 356, 587, 644)	To restore and enhance wetlands conditions similar to those that existed prior to modification for farming, grazing, or other land use. This practice includes minor reshaping to restore topographic relief of the site, hydrological enhancement (increasing season of inundation or saturation), and vegetative enhancement to remove any undesired species that did not originally exist on the site or to plant native species. To actively manage the water regime to improve habitat for desired species or to be able to manage for pest control (i.e. mosquitoes), dike and Structure for Water Control may be used. Once constructed, the maintenance of the practice(s) is allowable, including management of water levels and a wide range of vegetation management activities to maintain or improve the vegetative composition on a site.
<b><i>Dimensions</i></b>	<u>Area</u> : 5 acres max (waters of the state); 18 acres max.  <u>Volume</u> <sup>3</sup> : 1,000 cyd. (scenic coastal areas); 7500 cyd max
<b><i>Additional Practice-Specific Protection Measures</i></b>	Activities will seek to emulate the functions of undisturbed conditions and will not result in significant loss of vegetation or disturbance which would negatively impact species' habitat, cover, food, etc.

1. A "fish-bearing stream" is defined as a stream located within the range of the listed species (Central California Coast (CCC) Evolutionarily Significant Unit (ESU) Coho, the CCC steelhead, and South Central Coast ESU Steelhead) and/or designated critical habitat for these salmonids. The County of Santa Cruz and CDFW fisheries experts prepared a GIS-based summary of the existing information on salmonid distribution in Santa Cruz County streams "Steelhead and Coho Salmon Distribution", County of Santa Cruz, May, 2004. The RCD and NRCS will utilize this map, and any subsequent updates to it, during the initial project assessment to determine if the project is taking place in a fish-bearing stream.
2. Dimensions refer to actual area of improvement.
3. Volume of soil disturbed, based on practice installation and representing the volume of soil excavated and used as fill or removed from site, or soil imported as fill.
4. The "ordinary high water mark" on non-tidal rivers is defined by the line on the shore established by the fluctuations of water and indicated by physical characteristics such as a clear, natural line impressed on the bank; shelving; changes in the character of soil; destruction of terrestrial vegetation; the presence of litter and debris; or other appropriate means that consider the characteristics of the surrounding areas. Some indicators of the ordinary high water mark include water staining, shelving, and evidence of debris, among other potential indicators.

5. Actual objects rarely exceed 10 ft. x 15 ft. Access to an object may involve disturbance of up to 50' in length. It is difficult to estimate the total number of separate objects to be removed from a stream. Maximum disturbance per project is limited to .2 acres.
6. Embankment heights exceeding 6 ft will be accompanied by additional technical information that has been reviewed and approved by County Geologist and County Civil Engineer. At a minimum, all engineered practices shall be designed/sized to accommodate a 10-year storm event.
7. For vegetation treatments, soil disturbance is assumed to be a maximum of 700' of 2,000' maximum reach. The average depth of soil grading (cut or fill) is 3'.
8. Numbers provided for rock armoring refer to actual areas and volume of rock placed only. Total soil disturbance limits are same as for vegetative treatments since remainder of work area will be vegetated. Rock placed would be used at the toe of the bank in conjunction with bioengineering techniques. RSP for bank protection is limited to approximately 300 cyd. Up to 800 cyd of rock is allowable if the majority of rock will be used for fish-friendly practices, such as rock vanes, j-hooks, root wad anchoring, etc.
9. Area of practice within riparian area includes a 50' length and a 20' wide work area for equipment. Volume of soil is based on a 2' wide trench over 50' with pipe buried to an average depth of 2'.

At a minimum, all engineered practices shall be designed/sized to accommodate a 10-year storm event.

\* Where this practice involves replacement of a fish passage barrier with a bridge, bridge plans will be designed by a civil engineer and soil information will be supplied to the County by a civil engineer or geotechnical engineer.

Also, per the County of Santa Cruz requirements, a registered civil engineer (RCE) would be responsible for signing designs for projects where the following conditions exist:

- When grading exceeds 2000 cubic yards or the County geologist/engineer determines that the project warrants further investigation;
- When the embankment heights for a sediment basin exceeds six feet; or
- If project involves placement of fill in the FEMA identified flood hazard area (Zones A, V, or floodway), including footings, supports, approaches, erosion protection and other elements of bridges.

Lastly, if a ditch relief culvert outlets to a slope greater than 30%, a letter will be provided with the PCN documenting the stability of the slope.

### Summary of Activities for Each Tier.

#### Description of Conservation Practices and Tier System

CONSERVATION PRACTICE (FOTG PRACTICE CODE)	TIER	PURPOSE AND COMMON USES
<b>Access Road Improvement (560)</b>	I, III,	Road projects for which grading exceeds 100 cyd in upland habitat would fit in tier I; projects with T&E species, or their habitat would fit in tier III.
<b>Planting (342, 612, 422, 391)</b>	I, II or III	Projects for which grading exceeds 100 cyd in upland habitat would fit in tier I; planting projects within a riparian corridor would fit in tier II; projects with T&E species, or near or in their habitat would fit in tier III.
<b>Stream Habitat Improvement and Management (395)</b>	II, III,	Projects within a riparian corridor would fit into tier II; projects with T&E species, or their habitat would fit into tier III..
<b>Stream Crossing (578)</b>	II, III	Activities without listed species would fit into tier II; projects with T&E species, or their habitat would fit into tier III.
<b>Grade Stabilization Structure (410)</b>	I or III	Projects for which grading exceeds 100 cyd in upland habitat would fit in tier I; projects with T&E species, or their habitat would fit in tier III.
<b>Grassed Waterway</b>	I or III	Projects for which grading exceeds 100 cyd in upland habitat would fit in tier

CONSERVATION PRACTICE (FOTG PRACTICE CODE)	TIER	PURPOSE AND COMMON USES
(412)		I; projects with T&E species, or their habitat would fit in tier III.
<b>Obstruction Removal (500)</b>	II ,III	Projects within a riparian corridor would fit into tier II; projects with T&E species, or their habitat would fit into tier III.
<b>Restoration and Management of Declining Habitats (643)</b>	I, II or III	Projects for which grading exceeds 100 cyd in upland habitat would fit in tier I; projects within a riparian corridor would fit in tier II; projects with T&E species, or their habitat would fit in tier III.
<b>Sediment Basin (350) [with or without Water Control (638)]</b>	I or III	Projects for which grading exceeds 100 cyd in upland habitat would fit in tier I; projects with T&E species, or their habitat would fit in tier III.
<b>Streambank Protection (580)</b>	II ,III	Streambank restoration activities, without listed species, would fit into tier II; projects with T&E species, or their habitat would fit into tier III.
<b>Stream Channel Stabilization (584)</b>	II, III	Stream channel activities, without listed species, would fit into tier II; projects with T&E species, or their habitat would fit into tier III.
<b>Structure for Water Control (587)</b>	I, II, III	Projects for which grading exceeds 100 cyd in upland habitat would fit in tier I; projects within a riparian corridor would fit in tier II.
<b>Underground Outlet (620)</b>	I, II or III	Projects for which grading exceeds 100 cyd in upland habitat would fit in tier I; projects within a riparian corridor would fit in tier II; projects with T&E species, or their habitat would fit in tier III.
<b>Upland Wildlife Habitat Management (645, 382, 614, 516)</b>	I or III	Projects for which grading exceeds 100 cyd in upland habitat would fit in tier I; projects with T&E species, or their habitat would fit in tier III.
<b>Wetland Management (657, 659, 356, 644)</b>	II or III	Projects within a wetland, without T&E species or their habitat would fit in tier II; projects with T&E species, or habitat would fit in tier III.

## EXHIBIT C:

### **Notification and Communication Procedures for the Countywide Partners in Restoration Permit Coordination Program (i.e., Master Permit)**

#### Preliminary Pre-Construction Notification:

Tier I. The RCD will provide an electronic Pre-Construction Notifications (PCN) for each project to County Planning Department (attn: Environmental Planning) no more frequently than 2 times per year; March 15<sup>th</sup> and May 15<sup>th</sup>. Tier 1 notifications will include the following information:

- Project identification and location, including location map.
- Nature of work and description of project need.
- Approved practices to be installed.
- Environmental setting – surrounding habitat, adjacent land use.
- Photos of the project area and immediate surroundings annotated to describe the project area and any applicable site features.

- The volume of any proposed grading, including the offsite location to which the fill will be exported (if location is not a municipal landfill), and a valid grading permit (and, if in the coastal zone, a coastal permit) authorizing placement of the fill at the receiving site in such cases. Where grading exceeds 2,000 cubic yards, or as otherwise requested by the Planning Director, certification that plans have been designed and signed by a Registered Civil Engineer (RCE) practicing in accordance with the standards of the State of California (to be indicated by marking a checkbox on the PCN form).
- The compaction requirements and finished maximum cut and fill slopes, as applicable.
- When native vegetation will be removed and revegetation will occur, a visual assessment of dominant native shrubs and trees, approximate species diversity, and approximate coverage.
- Information and justification about the plant species to be used for revegetation (checkboxes).
- Potential presence of listed species (i.e., indication that CNDDDB map has been consulted for species) (checkbox).
- Indication that County archeological and paleontological resources maps have been consulted to determine if the project is located in an area where such resources may be impacted (checkbox); with certification that the NRCS Cultural Resources Coordinator or the USACE Regulatory Project Manager has been notified of any projects potentially impacting archeological resources (checkbox).
- If any projects will take place within Coastal Zone, certification that the PCN has been circulated to the California Coastal Commission, Central Coast District office (checkbox).
- For projects within the Coastal Zone, certification that the plans for such projects have been circulated to the California Coastal Commission, Central Coast District office (checkbox). All such plans should include:
  - Location map.
  - Site plan and cross-section/elevation views (if applicable);
  - Plans/maps showing property lines, as providing by the County of Santa Cruz GIS website and APNs (RCD and NRCS will provide agencies with a key linking up the APNs for project locations and the landowner names);
  - Indication of any easements or other restrictions applicable to the project area. RCD and NRCS shall inform participating landowners that: (1) landowners are responsible for providing the RCD and NRCS with accurate information about any easements and/or other restrictions affecting that portion of their property where the project would occur; (2) if landowners indicate that there are no such easements and/or restrictions when in fact this is inaccurate, or if they fail to identify all such easements and/or restrictions, and if project implementation leads to a conflict with the terms and conditions of any such easement(s) and/or restriction(s), then the involved landowner(s) shall be held responsible for rectifying the problems created by the project consistent with the terms and conditions of such easements and/or restrictions. When any easements and/or restrictions are identified, RCD and NRCS shall review such easements

and/or restrictions (including coordinating with any third-party easement/restriction holders if there are any) to ensure that the project is consistent with them. The RCD and NRCS shall document recommendations on how the project should be modified, if necessary, to ensure consistency with any such restrictions and communicate this information to the landowner. If the landowner moves forward with project implementation and fails to incorporate such recommendations resulting in a conflict with any existing easements/restrictions, the landowner shall be held responsible for rectifying the problems consistent with the terms and conditions of such easements and/or restrictions. As described in the Project Description, and in the Cooperator Agreement itself, if a landowner (or Cooperator) does not carry out work consistent with project design standards and specifications, the RCD and NRCS shall notify the landowner and work directly with them to resolve the problem. If the landowner still fails to conform to the standards set forth in this Program, the NRCS or RCD shall notify the Cooperator that their activities are inconsistent with the standards and specifications contained in the Project Plans and Specifications and that the Cooperator's actions are no longer covered by the Program's permits and agreements. This easement/restriction language shall be included in the Cooperator Agreement signed by the participating landowners.

- For projects in Coastal Zone, a map showing trees that will be disturbed or removed, with description of how findings in County Code Chapter 16.34 (Significant Trees Protection) will be met for any proposed removal of a “significant tree” as defined in County Code Section 16.34.030.
- Indication if any part of the project area is within 40-feet of a County right-of-way.
- For any project that potentially could impact County rights-of-way and for which DPW Encroachment Permits would normally be needed, certification that plans for such projects have been circulated to the County Department of Public Works (DPW) (checkbox).
- Certification that site is not on list of hazardous materials sites cited in the CEQA Initial Study (checkbox).
- Proposed strategies for implementation of CEQA mitigations and other requirements, as specified in the Initial Study and Mitigated Negative Declaration for the Countywide Permit Coordination Program.
- Description of the criteria that will be used to measure success for each project, and the time frame to be used to monitor the identified success criteria. If identified success criteria are to be monitored for less than five years initially, then information and a rationale supporting such a decreased monitoring time-frame shall be provided.
- Indication that landowner access consent has been obtained for the project site and any properties that must be crossed to implement the project (checkbox).
- For all other project types requiring RCE review/approval, as indicated in Exhibit B (i.e., for practices designated with two asterisks in Exhibit B, or as indicated in

the endnotes of Exhibit B), certification that an RCE has reviewed, analyzed, and/or designed the project (checkbox).

- Applicable information regarding CEQA mitigation monitoring, as described in #6 below.

Tier II. The RCD will provide an electronic Preliminary PCN for each project to County Planning Department (attn: Environmental Planning) no more frequently than 2 times per year; March 15<sup>th</sup> and May 15<sup>th</sup>. Notifications will include all Tier I information, as well as the following:

- Identification of those projects with in-stream work, and those potentially directly or indirectly impacting fish bearing streams<sup>5</sup>.
- Estimated number of creek crossings and type(s) of vehicle(s) to be used.
- A description of proposed water diversion or silt control, if working in a perennial stream and if flows will be isolated from the workspace.
- Presence of barriers to aquatic species migration.
- Indication that County FEMA map has been consulted to determine if the project is located in a FEMA identified flood hazard area (Zones A, V, or floodway) (checkbox).
- For all projects with the potential to impact a floodway or floodplain, the written analysis of a Registered Civil Engineer (RCE), or licensed hydrologist, indicating that the project will not decrease floodwater storage, modify floodwater conveyance, increase base flood elevation, or otherwise create an adverse impact either on the site, or upstream or downstream of the site.

Tier III. By May 15<sup>th</sup> of each year, the RCD will send an electronic Preliminary PCN to the County Planning Department (attn: Environmental Planning) for each project planned for the upcoming construction season. Notifications will include all Tier II information, as well as the following:

- Description of any proposed wetland disturbance, including description of how project/practice will increase functional capacity of said wetland, and a description of the wetland delineation methodology (checkbox).
- Information on special status species/habitat present in relation to the work area, potential impacts to special status species/habitat, and all applicable environmental protection and mitigation measures.

All PCNs will include a cover sheet signed by the NRCS and the RCD certifying that each proposed project meets the criteria to qualify under the Santa Cruz Countywide Partners in Restoration Permit Coordination Program (i.e. Master Permit).

---

<sup>5</sup> A “fish-bearing stream” is defined as a stream located within the range of the listed species (Central California Coast (CCC) Evolutionarily Significant Unit (ESU) Coho, the CCC steelhead, and South Central Coast ESU Steelhead) and/or designated critical habitat for these salmonids. The County of Santa Cruz and CDFW fisheries experts prepared a GIS-based summary of the existing information on salmonid distribution in Santa Cruz County streams “Steelhead and Coho Salmon Distribution”, County of Santa Cruz, May, 2004. The NRCS and RCD will utilize this map, and any subsequent updates to it, during the initial project assessment to determine if the project is taking place in a fish-bearing stream.

## Initial Scope for Monterey County “Partners in Restoration” Master Permit

October 29, 2021

The Master Permit for which we would like to prepare an application in order to reduce costs for both the County of Monterey and conservation/restoration project proponents, would be modeled after the ‘Partners in Restoration’ Master Permit that has been in effect since 2005 in Santa Cruz County. There are 15 project types with specified limits/scopes incorporated into that permit (see attached “NRCS Practices in Santa Cruz Master Permit” document attached), which we would also use along with some proposed variations and the addition of a new practice or two as briefly outlined in the table below. ***We anticipate submitting an average of 5 projects per year over the next five years for permitting under this mechanism.*** We may have additional projects that fall outside of the scope of the desired Master Permit, and will pursue permits for those separately.

Practice under Santa Cruz Master Permit for Partners in Restoration Program	Monterey County Conservation Partners proposed modifications to Santa Cruz Master Permit practice scopes and/or descriptions
1. Access Roads (Improvement) (NRCS Practice 560):	<ul style="list-style-type: none"> <li>• Include Road Decommissioning in description (or add new practice).</li> <li>• Double length dimension for grading and rolling dip construction</li> </ul>
2. Planting (342, 612, 422, 391)	<ul style="list-style-type: none"> <li>• Update referenced plant lists for Monterey County</li> <li>• Increase max acreage from 5 ac. to 20-30 acres</li> </ul>
3. Stream Habitat Improvement & Management (395)	<ul style="list-style-type: none"> <li>• Include streamside eucalyptus removal</li> <li>• Increase ‘Maximum dimensions for hardened crossing (fords) be removed’ from 20’ to 30’.</li> </ul>
4. Stream Crossing (578)	<ul style="list-style-type: none"> <li>• Add "defunct or unstable" bridge or abutments language that pose threat to stream habitat (might also fit under "Obstruction Removal (500)") - increase max length to 75'.</li> <li>• Include trail crossings. (If so, include language to accommodate trail construction)</li> </ul>
5. Grade Stabilization Structure (410)	<ul style="list-style-type: none"> <li>• As-is; No modifications desired</li> </ul>
6. Grassed Waterway (412)	<ul style="list-style-type: none"> <li>• As-is; No modifications desired</li> </ul>
7. Obstruction Removal (500)	<ul style="list-style-type: none"> <li>• As-is; No modifications desired</li> </ul>
8. Restoration and Management of Declining Habitats (643)	<ul style="list-style-type: none"> <li>• Increase maximum acreage from 5 ac to 10-15 ac., and increase volume</li> <li>• Modify to provide better coverage for forest fuels management, or insert new practice for that purpose?</li> </ul>
9. Sediment basins (350) [with or without water control (638)]	<ul style="list-style-type: none"> <li>• Include maintenance of basins</li> </ul>
10. Streambank Protection (580)	<ul style="list-style-type: none"> <li>• As-is; No modifications desired</li> </ul>
11. Stream Channel Stabilization (584)	<ul style="list-style-type: none"> <li>• Modify to include periodic sediment removal (ex. Gabilan Cr entering Carr Lake), or add additional practice?</li> </ul>

12. Structure for Water Control (587)	<ul style="list-style-type: none"> <li>• Add 'rock armoring' to practice description</li> </ul>
13. Underground Outlets (620)	<ul style="list-style-type: none"> <li>• As-is; No modifications desired</li> </ul>
14. Upland Wildlife Habitat Management (645, 382, 614, 516)	<ul style="list-style-type: none"> <li>• Could Brush Management (314), Firebreak (394), Forest Stand Improvement (666), Fuel Break (383) and similar upland habitat modification be included? Or would that be a separate practice?</li> </ul>
15. Wetland Management (657, 659, 356, 587, 644)	<ul style="list-style-type: none"> <li>• Increase maximum acreage from 5 ac to 30 ac</li> <li>• Increase maximum volume from 1,000 cy to 30,000</li> <li>• Consider addition of "Pond (378)" "Pond Sealing or Lining (520)" "Wetland Creation (658)"</li> </ul>

Possible additional practices requested:

16. Forest fuels management (Brush Management (314), Firebreak (394), Forest Stand Improvement (666), Fuel Break (383) and similar upland habitat modification as eligible)
17. Sediment management
18. Pond (378) and Bioreactor (605): Include creation and maintenance

## Item No.10

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: 21-996

November 16, 2021

Introduced: 11/8/2021

Current Status: Scheduled AM

Version: 1

Matter Type: General Agenda Item

Receive the notice of adjustment of the annual salary of the members of the Board of Supervisors, in accordance with Section 2.04.370C of the County of Monterey Code consistent with the superior court judge salary adjustments retroactive to July 1, 2021. The salary adjustment will be implemented November 27, 2021 retroactive to July 1, 2021.

#### RECOMMENDATION:

It is recommended that the Board of Supervisors:

Receive the notice of adjustment of the annual salary of the members of the Board of Supervisors, in accordance with Section 2.04.370C of the County of Monterey Code consistent with the superior court judge salary adjustments of 4.3% retroactive to July 1, 2021. The salary adjustment will be implemented November 27, 2021 retroactive to July 1, 2021.

#### SUMMARY/DISCUSSION:

Section 2.04.370C of the County of Monterey Code mandates that salary of the members of the Board of Supervisors be adjusted by the same percentage rate applicable to the office of superior court judge. The attached August 12, 2021 memorandum from the Judicial Council of California and Exempt Pay Letter from the California Department of Human Resources (CALHR) detail the additional salary increases provided to superior court judges for FY 2021-22.

Under Section 2.04.370C notice of the adjustment shall be included on the agenda of a regular meeting of the Board of Supervisors at least ten days prior to the implementation date with an effective date the date any adjustment is effective for superior court judges. As such, the salary adjustment pursuant to the Code will be implemented November 27, 2021 with an effective date of July 1, 2021.

Please note that the adjustments provided in Section 2.04.0370C are automatic, action by the Board of Supervisor is not required or necessary for the adjustment to go into effect.

#### OTHER AGENCY INVOLVEMENT:

The County Administrative Office and Office of the County Counsel concurs with this report.

#### FINANCING:

The salary adjustments will result in retroactive costs of approximately \$13,265 and additional salary and benefits of approximately \$25,075 for a total cost of approximately \$38,340 for Fiscal Year

2021-22. These salary adjustments were not included in the FY 2021-22 adopted budget. To the extent these salary increases cannot be absorbed within existing budget, staff will, as necessary, propose a recommended budget modification. The increased future year costs will be included in the department's requested budget.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The recommended action addresses the Board of Supervisors' Administration Strategic Initiative and demonstrates the County's commitment to meeting the Board's initiatives by attracting, recruiting, and retaining a diverse, talented work force that supports the mission of Monterey County.

Fiscal Year 2021–22 Judicial Salary Increase

---

I am forwarding the attached Exempt Pay Letter from the California Department of Human Resources (CalHR) regarding fiscal year 2021–22 judicial salary increases.

The pay letter addresses a 4.3% increase to judicial salaries effective July 1, 2021, pursuant to provisions of Government Code section 68203, subdivision (a).

Annual increases in judicial salaries are linked to those received by executive branch employees, as negotiated through statewide collective bargaining agreements. After bargaining agreements are reached, CalHR calculates the proposed increase amount and submits a formal Exempt Pay Letter to the State Controller.

The methodology CalHR uses to calculate judicial salary increases under section 68203 is based on salary costs related to *all* state employees within the executive branch. This methodology calculates an average general salary increase relative to the state's entire executive branch workforce, which includes 21 bargaining units as well as the remaining excluded employees. The methodology takes into account the size of the bargaining unit and the total costs of general salary increases across the entire executive branch.

August 12, 2021

Page 2

Per Government Code section 68203, subdivision (c): "...a salary increase occurring on or after July 1 of any fiscal year for California state employees that is made effective on July 1 of that fiscal year shall be included in the calculation of the average percentage salary increase for that fiscal year, retroactive to July 1 of that fiscal year. The Department of Human Resources shall report any retroactive average percentage salary increase to the State Controller in a pay letter."

The new salary rates will be reflected in the August 2021 payroll checks issued on September 1, 2021. The State Controller's Office has informed us that they will issue a separate retroactive payment for the months of July by August 31, 2021.

Please note that administrative presiding justices and presiding judges will continue to receive additional pay differentials to their compensation.

**Subject: Exempt Pay Letter**

Per Government Code section 68203, this is to notify you that the Department of Human Resources (CalHR) has adjusted the following statutory judicial salaries, effective July 1, 2021. This represents a salary increase of 4.3% percent based on the figures of the average increase provided to State employees in FY 2021-2022.

Class Code	Class Title	Monthly Salary	Annual Salary	New Monthly Salary	New Annual Salary
L5987	Chief Justice	\$22,891.25	\$274,695	\$23,875.58	\$286,507
L5988	Associate Justice	\$21,829.08	\$261,949	\$22,767.75	\$273,213
L5991	Justice, Court of Appeal	\$20,464.83	\$245,578	\$21,344.83	\$256,138
L9999	Judge, Superior Court	\$17,883.41	\$214,601	\$18,652.41	\$223,829

Please note that the monthly rate may be rounded down so that the total for the twelve months does not exceed the annual amount. If you have any questions, please contact Angelina Snarr at (916) 324-9406 or [Angelina.Snarr@calhr.ca.gov](mailto:Angelina.Snarr@calhr.ca.gov).

Sincerely,

Manpreet Singh

## Item No.11

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: 21-971

November 16, 2021

Introduced: 11/2/2021

Current Status: Scheduled PM

Version: 1

Matter Type: General Agenda Item

- a. Receive a presentation from Roxanne Wilson, Executive Director of the Coalition of Homeless Services Providers on the "Lead Me Home Plan Update - 5 Year Plan to Reduce Homelessness in Monterey and San Benito Counties";
- b. Receive input from State and local elected officials; County department heads from Housing and Community Development, Social Services and Health; and the public; and
- c. Provide direction to staff as appropriate

#### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Receive a presentation from Roxanne Wilson, Executive Director of the Coalition of Homeless Services Providers on the "Lead Me Home Plan Update - 5 Year Plan to Reduce Homelessness in Monterey and San Benito Counties";
- b. Receive input from State and local elected officials; County department heads from Housing and Community Development, Social Services and Health; and the public; and
- c. Provide direction to staff as appropriate

#### SUMMARY:

Addressing issues related to homelessness is a key priority of the Board of Supervisors. Successfully reducing homelessness in Monterey County will require a coordinated inter-governmental approach. As such, State and local elected officials as well as members of the public are invited to attend and participate in the 5 Year Plan Update presentation/discussion.

#### DISCUSSION:

The Lead Me Home Plan (LMHP) has been developed by the Lead Me Home Leadership Council of Monterey and San Benito Counties and coordinated by the Coalition of Homeless Services Providers (CHSP), in partnership with the County of Monterey Department of Social Services and the County of Monterey Health Department, the County of San Benito Health and Human Services Department and the City of Salinas. The LMHP sets out the ambitious goal of reducing the total population of people experiencing homelessness in Monterey and San Benito Counties by 50 % over 5 years from July 2021 to June 2026. Measurable performance targets have been established for each year of the plan, including targets for improvement in program performance as well as for creation of new housing inventory. The LMHP contains overarching strategies as well as a multi-agency action plan intended to achieve plan goals.

After presentation of the LMHP, State legislators in attendance will be invited to comment. Three

County departments with key roles to play will also be asked to comment on potential actions within their purview which could help achieve action plan goals. These County departments are: Housing and Community Development, Social Services and Health. Local elected officials and the general public will then be asked to comment.

The Board of Supervisors held a joint meeting with the City of Salinas City Council early in 2021 to discuss issues and opportunities for partnerships to address homelessness. Direction was given to County staff to return with a more wide-ranging workshop on homeless issues and opportunities for collaboration during the Summer of 2021. Staff is working with CHSP and other partners to schedule such a workshop in Spring 2022; however, it is critical to proceed at this time with a presentation and discussion of the LMHP.

OTHER AGENCY INVOLVEMENT:

This Board item has been coordinated closely with the CHSP and County Departments of Housing and Community Development, Social Services and Health.

FINANCING:

There is no impact to the General fund from receipt of this report. It is possible that there could be as yet unquantified impacts to the General Fund related to implementing actions as specified in the LMHP action plan.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

# EXECUTIVE SUMMARY

The Lead Me Home Plan Update provides a five-year roadmap for the Monterey and San Benito County Continuum of Care (CoC) and its partners to achieve the vision that all people in the region live in decent, safe, and affordable housing from which they access services and supports that stabilize their lives. This Plan has been developed by the Lead Me Home Leadership Council of Monterey and San Benito Counties (the Continuum of Care board) and coordinated by the Coalition of Homeless Services Providers (CHSP), in partnership with the County of Monterey Department of Social Services, County of Monterey Health Department, County of San Benito Health and Human Services Department, and the City of Salinas. It builds upon and extends the vision articulated in the original Lead Me Home (LMH) 10-Year Plan. Key priorities for the Leadership Council in the Plan update were to ensure the Plan is informed by local data, integrates input from local stakeholders, and is aligned with national best practices.

The LMH Plan Update sets out the ambitious goal of reducing the total population of people experiencing homelessness in Monterey and San Benito Counties by 50% over five years (July 2021 to June 2026). Measurable performance targets have been established for each year of the plan, including targets for improvement in program performance as well as for creation of new housing inventory. To achieve these lofty goals, the Plan identifies a set of overarching strategies:

## **1. Increase Participation in Homelessness Solutions by Leaders and Key Stakeholders from Across the Region.**

The community will embrace a regionwide vision for reducing homelessness that is informed by data and equity considerations, improve coordination across jurisdictions, and engage all stakeholders in being part of the solution to homelessness.

## **2. Improve the Performance of the Homelessness Response System.**

Homelessness response system leadership and key stakeholders will design and implement a system that is highly effective at providing housing pathways for people experiencing homelessness, establish targets and measure progress towards program and system goals, and strategically expand housing and services inventory.

## **3. Expand Service-Oriented Responses to Unsheltered Homelessness.**

Political leadership, funders, providers, and other stakeholders will be responsive to feedback from people experiencing homelessness about their needs and goals, with a focus on increasing the services available to address the immediate health and safety needs of people who are unsheltered.

A Year One Action plan sets out the key first steps the Continuum of Care, Leadership Council, CHSP, counties, cities, providers, and other key stakeholders will undertake to begin implementation, as well as processes for annual assessment and reporting on progress towards meeting goals and targets.

The Lead Me Home Plan Update calls for everyone in the community to join together in being part of the solution to homelessness. Aligning and coordinating around a shared set of objectives and strategies will ensure that the efforts of individuals, organizations, and jurisdictions have the maximum possible impact. By setting measurable goals, using data to assess progress, and continually improving and refining the work, Monterey and San Benito counties can make it possible that everyone in the community has a home.

# I. INTRODUCTION

## A. BACKGROUND AND PURPOSE OF THE PLAN

The Lead Me Home Update sets out a framework to guide the response to homelessness in Monterey and San Benito Counties over the five-year period from July 2021 through June 2026. It builds upon and updates the original Lead Me Home Plan developed in 2009. This new Plan provides a roadmap for the Continuum of Care (CoC), jurisdictions (Counties, cities), funders, providers, and other key stakeholders to coordinate, align, and focus their efforts to maximize impact on reducing homelessness. It provides a detailed Action Plan for Year One, along with a process for reviewing and reporting on Year One results and developing Action Plans for Year Two and onward.

## B. HOW THIS PLAN WAS DEVELOPED

In 2020, the Lead Me Home Leadership Council of Monterey and San Benito Counties (the Continuum of Care board) authorized the complete rewrite of the original Lead Me Home 10-Year Plan to End Homelessness. As the Continuum of Care (CoC) coordinating agency, the Coalition of Homeless Services Providers (CHSP) partnered with the County of Monterey Department of Social Services, County of Monterey Health Department, County of San Benito Health and Human Services, and the City of Salinas to develop this updated Plan.

Key priorities for the Leadership Council in the Plan update were to ensure the Plan is informed by local data, integrates input from local stakeholders and is aligned with national best practices. To help accomplish these objectives, CHSP engaged Focus Strategies, a nationally recognized technical assistance firm, to guide the Plan development process. Beginning in April 2020, Focus Strategies worked collaboratively with staff from CHSP and a Collaborative Planning Group comprised of staff from Monterey and San Benito counties

and the City of Salinas to develop and implement a system assessment and strategic planning process that included:

- A preliminary assessment of the existing system for addressing homelessness in the region, drawn from review of documents and key stakeholder interviews;
- A quantitative analysis of program and system performance on key outcome measures, using data from the community's Homeless Management Information System (HMIS);
- Predictive modeling to forecast impacts on the size of the population experiencing homelessness if different system changes are made;
- Analysis of housing market gaps at different levels of affordability;
- A series of stakeholder interviews and community input sessions to gather information to inform the Plan;
- A community survey to gather input from people with lived experience of homelessness; and
- Strategic plan development sessions with representatives from the CHSP Board and Leadership Council.

A draft of the Plan was developed by CHSP and Focus Strategies, with input from the Collaborative Planning Group, in May and June 2021. In July, the community and key stakeholders were invited to provide input on the draft before finalization. The Plan development steps and background materials are available at:

<https://chsp.org/plan-rewrite>.

## II. CONTEXT

### A. HOMELESSNESS IN MONTEREY AND SAN BENITO COUNTIES

Homelessness is an urgent and growing issue in Monterey and San Benito Counties, driven by escalating housing costs and exacerbated by the turmoil of the COVID-19 pandemic. The most recent complete Point-in-Time (PIT) count of both unsheltered and sheltered people experiencing homelessness were conducted in January 2019.<sup>1</sup> These counts found that:

- There were 2,422 people experiencing homelessness in Monterey County. This represents 0.6% of the total general population of 434,061. Of those counted, 76% were unsheltered and 24% were living in shelters or transitional housing programs.
- There were 282 people experiencing homelessness in San Benito County, or 0.4% of the total general population of 62,808. Among the people experiencing homelessness, 60% were unsheltered and 40% were sheltered.

Taken together, Monterey and San Benito County reported a total of 2,704 people experiencing homelessness in the 2019 PIT count. According to the National Alliance to End Homelessness (NAEH) State of Homelessness Report, this translates to 54.5 people experiencing homelessness per 10,000 total population.<sup>2</sup> This is higher than the Statewide rate of 38.2.

Monterey and San Benito County both saw a decrease in their counts between 2017 and 2019, while many of the neighboring counties saw increases. However, lack of recent PIT data makes it difficult to draw conclusions about population trends. With the onset of the COVID-19 pandemic and the devastation it has created to the economy, stakeholders have anecdotally observed increases in unsheltered homelessness. Requests for financial assistance for back rent have skyrocketed, indicating that the pandemic has placed many households at extreme risk of homelessness. The planned PIT Count to be conducted in

---

<sup>1</sup> A count of sheltered people was conducted in January 2020. The January 2021 unsheltered count was postponed due to COVID-19 safety concerns. The next count is scheduled to be conducted in January 2022.

<sup>2</sup> <https://endhomelessness.org/homelessness-in-america/homelessness-statistics/state-of-homelessness-2020/>

January 2022 will provide more hard data on the extent to which homelessness has increased in the region since 2019.

### ***Racial and Ethnic Disparities in People Experiencing Homelessness***

In Monterey County, the 2019 PIT count found significant differences between the racial and ethnic composition of the total county population compared to the population of people experiencing homelessness. Most notably, African Americans were 25% of the people counted but only 3% of the general population. Conversely, Latinx people are 36% of the homeless population but 59% of the general population. In their 2019 report on Racial Disparities in Homelessness submitted as part of the CoC funding application, CHSP noted that the per capita population of African Americans in the PIT Census was 12.1 times greater than the per capita of Whites. Racial disparities in the homeless system are found throughout the State of California and nationally, as noted in the State of Homelessness and many other data sources. While analysis of HMIS data shows only minimal racial disparities in program outcomes, the CoC has made a commitment to continually analyze all homelessness response system data with an equity lens and develop and implement strategies to ensure both equitable access to the system as well as equitable results.

### ***Subpopulations***

Subpopulation data reported in the PIT counts for both Monterey and San Benito Counties largely aligns with State and national trends:

- In both Monterey and San Benito Counties, 25% of people counted are members of families with children, while 75% are individuals living alone or with other adults. Looking at the household level, 8.7% of all households were households with children while 90.7% of households consisted of only adults and 0.4% were households consisting of unaccompanied minors.
- In Monterey County, 14% of those counted were transition-age youth (18-24), 7% were Veterans, and 23% were experiencing chronic homelessness.
- In San Benito County, 5% were transition age youth, 5% were Veterans, and 28% were experiencing chronic homelessness.

### ***Geographic Distribution***

People who experience homelessness live throughout Monterey and San Benito Counties. The 2019 PIT count found that the largest population was in the City of Salinas, where 53%

of the County's unsheltered population was counted in 2019. There were 976 people in Salinas out of a total of 1,830 who were unsheltered in the County. The next largest population was in the City of Monterey with 167 people. While the Chinatown area of Salinas has the single largest and most visible unsheltered homeless population, this tends to obscure the fact that there are significant encampments scattered throughout the community including in Pajaro Valley, on the Peninsula in the cities of Seaside and Marina, in South Monterey County along the Union Pacific rail lines, and in San Benito County along the riverbed.

## **B. ASSESSMENT OF THE CURRENT RESPONSE TO HOMELESSNESS IN MONTEREY AND SAN BENITO COUNTIES**

### **1. Framework for Assessment**

This Plan builds from an in-depth assessment of the existing approach to homelessness in Monterey and San Benito Counties conducted in 2020-2021. The framework for the assessment is the concept of a homelessness response system. Experience from jurisdictions around the country, federal policy direction, and research all point to the need for communities to create a *system* to effectively end homelessness. While individual programs and initiatives may yield results with a subpopulation or group, making progress on the overall size of the homeless population requires a systematic approach.

A homelessness response system treats a loss of housing as an emergency that must be responded to quickly and effectively with a *housing* solution, targeting resources to this end. The assessment considered the extent to which leaders and stakeholders in Monterey and San Benito Counties have implemented a homelessness crisis response system, and the degree to which the work aligns with three key principles:

**Housing-focused**

**Strategic and  
data-informed**

**Person-centered  
and equitable**

### ***Housing-focused***

An effective homelessness response system is built upon the understanding that homelessness is a crisis – the loss of housing – and the solution is to quickly return people to housing. The goal is to identify an appropriate housing solution for each household experiencing homelessness, and along the way to connect them to other services they might need. This does not mean that every program or service in the system must directly provide housing - but all interventions should in some way help people along the pathway to housing.

### ***Strategic and data-informed***

A robust homelessness response system has strong and coordinated leadership that makes strategic decisions informed by data. A priority is placed upon the collection and analysis of data to set goals, understand whether the system is meeting its objectives, and improve effectiveness. System leadership and funders work in a coordinated manner to ensure that all sources of funding for addressing homelessness are aligned to maximize impact and achieve identified system objectives.

### ***Person-centered and equitable***

A fair and equitable homeless system is focused on meeting people’s needs for housing and responding to their self-identified goals for their future. It respects client choice and preferences about where and how they will be housed. The system is also easily understood and navigated by people experiencing homelessness, with minimal barriers to access. Disparities in access and in outcomes are analyzed and addressed.

## **2. Key Findings**

The system assessment process conducted in 2020-2021 revealed some important strengths of the current system as well as areas in need of improvement. These findings form the basis for the goals and strategies incorporated in this Five-Year Plan. This Plan provides a brief overview of key findings. Detailed assessment reports are available at <https://chsp.org/plan-rewrite>.

### **a. Housing-focused Programs and Services**

The homelessness response system in Monterey and San Benito Counties has been gradually becoming more housing-focused, particularly through recent expansion of the shelter system and a focus

on more service-enriched shelter beds, as well as the addition of new rapid rehousing and permanent supportive housing. However, system performance analysis shows that most programs in the system (emergency shelter, transitional housing, rapid rehousing) are underperforming in terms of their ability to help participants secure housing when they exit. Achievement of a measurable and sustained reduction in homelessness will require that all the interventions in the system, and particularly temporary housing programs, are strongly oriented towards helping all households

experiencing homelessness to secure a housing solution. Other critical gaps identified through the system assessment and via community input include:

- A lack of solutions-oriented mobile outreach that connects people to shelter and housing
- Inconsistent availability of shelter services to support transitions to housing
- Geographical gaps in the availability of shelter, particularly in Monterey's South County
- A need to refine the Coordinated Access and Referral System (CARS) to provide more effective and streamlined connections to housing, particularly for youth
- An insufficient supply of rapid rehousing and permanent supportive housing
- Lack of a coordinated regional strategy to develop affordable housing, particularly housing for those at the lowest income levels
- A need for expanded efforts to prevent homelessness

***Achievement of a measurable and sustained reduction in homelessness will require that all the interventions in the system... are strongly oriented towards helping all households experiencing homelessness to secure a housing solution.***

#### **b. Coordinated, Data-Driven Planning and Decision Making**

Coordinated and data informed decision-making is one of the strongest elements of the current system for addressing homelessness in Monterey and San Benito Counties. The Lead Me Home Leadership Council (the CoC Board), with support from CHSP, guides the overall development of the system and oversees funding decisions. The system performance

assessment conducted in 2020 found excellent data quality across all program types, with extremely low rates of unknown data, and no missing data, for critical data elements. The Leadership Council recently created a Funding Committee to focus on improving the ability of the system to align the various funding streams over which the Leadership Council holds responsibility, and to make greater use of data to inform decision-making and develop a targeted investment strategy to achieve measurable results.

Throughout the assessment process, stakeholders consistently identified a need to continue expanding representation on the Council and engagement of diverse groups – including greater involvement of people with lived experience of homelessness, local jurisdictions not currently active in homelessness response, and system partners such as health care or education that frequently engage with people experiencing homelessness. Stakeholders also identified a need for the Leadership Council to engage in community education to increase support for homelessness response efforts and in advocacy at the state level for funding and policies that advance affordable housing efforts.

### **c. Person-Centered and Equitable Approach**

Having person-centered and equitable approaches to reducing homelessness was identified in the assessment and input process as an area in need of strengthening. The homelessness response system providers could benefit from greater understanding of and alignment to Housing First principles, including low barrier program access and trauma-informed practices, such as by creating a peer learning and implementation collaborative focused on operationalizing Housing First principles. Interviews, discussions, and surveys with people with lived experience of homelessness revealed that they would like:

- Supports and services to help them secure housing;
- Investments in innovative permanent and temporary housing solutions, such as tiny homes, RV parks, transitional housing, and other options;
- A response to encampments that provides more expanded access to hygiene, more supportive services, and less involvement of law enforcement; and,
- More meaningful ways to be involved in developing solutions to homelessness.

Data analysis reveals significant differences between the racial and ethnic composition of the total county population compared to the population of people experiencing

homelessness. Most notably, African Americans were 25% of the people counted but only 3% of the general population. Conversely, Latinx people are 36% of the homeless population but 59% of the general population. However, Latinx households in both Monterey and San Benito counties are more likely than white, non-Hispanic households to be extremely low income (earning less than 30% of area median income), placing them at risk of housing instability and homelessness.

In addition to these stark racial and ethnic disparities, stakeholders noted that there are significant disparities in access to homelessness response services and programs for people living in the more rural areas of the community, particularly in Monterey's South County.

## C. PREDICTIVE ANALYTICS

As part of the system assessment conducted in 2020-2021, CHSP and the Collaborative Planning Group worked with Focus Strategies to develop predictive modeling scenarios using the System-Wide Analytics and Projection (SWAP) tool. SWAP uses local data from Monterey and San Benito Counties - including the 2019 PIT count, 2019 HUD system performance measures, current inventory of beds in the system, system performance results, and assumptions about how many people can "self-resolve" their housing crisis. The modeling creates a 'peek' into the future to estimate how the numbers of people experiencing homelessness in the community might grow or shrink as changes are made to the homelessness response system. It does not provide a fixed or single "correct" answer, but rather predicts the likely implications of different choices and supports more intentional and deliberate strategic planning. A brief summary of the results is presented here, and the details may be found in the modeling report linked at <https://chsp.org/plan-rewrite>.

The modeling analysis shows that adopting and meeting ambitious performance improvement targets will lead to a 100% reduction in unsheltered homelessness and 38% decrease in all homelessness over three years. These targets include:

***Increase in rate of entry into programs by people who are unsheltered***

***Significant increase in rate of exit to permanent housing  
from shelter, transitional housing, & rapid rehousing***

***Significant decrease in length of stay in these programs***

Meeting the targets for rate of exit to permanent housing will require an estimated additional 2,000 to 3,000 “exits” per year above what the system is currently achieving. While some people may exit by securing an existing housing unit (either a subsidized unit or market rate unit with or without rental assistance), an increase in the overall supply of affordable housing will also be needed and particularly for Extremely Low Income (ELI) units (units affordable to people at 30% or less of area median income). A Housing Market Study completed by Focus Strategies as part of the system assessment found an estimated gap of 8,262 ELI units in Monterey County and 935 ELI units in San Benito County. While the gap of 8,262 ELI units is substantial, it is important to understand that this is the number of units needed so every ELI household in the community has access to an affordable unit. Developing more ELI housing will help improve the system’s ability to provide affordable

### III. THE PLAN: 5 YEAR STRATEGIC FRAMEWORK FOR HOMELESSNESS RESPONSE

This Plan lays out the key goals and strategies that will organize the community's response to homelessness over the five-year period from July 2021 to June 2026. It builds upon the system assessment, predictive analysis, and community input process completed in 2020-2021 to set goals, measurable targets, and effective strategies designed to reduce the number of people experiencing homelessness in the community.

#### A. VISION

The vision encompassed by this Plan is that all people in Monterey and San Benito County communities live in decent, safe, and affordable housing from which they access services and supports that stabilize their lives.

#### B. GUIDING PRINCIPLES

The Plan is informed by six key principles:

- ***Embedded with dignity and respect.*** The homelessness response system's efforts center the needs of people requesting assistance by delivering individualized, comprehensive, and culturally competent services. Strengths-based, person-centered, trauma-informed, and harm reduction-based approaches are integrated into all aspects of service design and delivery.
- ***Informed by people with lived experience of homelessness.*** People experiencing homelessness are experts of their personal needs; the homelessness response system honors and elevates their input on service design and delivery.
- ***Housing-focused.*** The solution to homelessness is housing; all efforts of the homelessness response system work towards the goal of helping people gain and maintain stable, permanent housing situations.

***Vision:***  
***All people in Monterey and San Benito County communities live in decent, safe and affordable housing from which they access services and supports that stabilize their lives.***

- **Data-driven towards results.** Strategies and priorities for reducing homelessness will be informed by data to best serve people experiencing homelessness, achieve desired outcomes, and guide strategic investments in programs and services.
- **Coordinated.** The homelessness response system and other systems of care will communicate and partner towards shared goals of improving service linkages and reducing homelessness.
- **Equitable and social justice oriented.** The homelessness response system acknowledges the barriers to housing and resource connection that disproportionately impact people by race, ethnicity, gender, and other identities. The system adopts intentional policies and programs to reduce these disparities and advance equity in system experiences and outcomes.

## C. GOALS AND MEASURES TO TRACK PROGRESS

The centerpiece of this Plan is a set of measurable goals and targets that will organize the community's response to homelessness and provide a methodology to track progress.

**The Monterey and San Benito County CoC is setting a goal to reduce homelessness in the region by 50% over the next five years.**

This reduction will be accomplished through three overarching strategies:

**Increasing participation  
in homelessness  
solutions by leaders  
and key stakeholders  
from across the region**

**Improving the  
performance of the  
homelessness response  
system, and particularly  
the system's effectiveness  
in supporting people to  
secure and sustain  
housing**

**Expanding service-  
oriented responses to  
unsheltered  
homelessness.**

### ***Reductions in Numbers of People Experiencing Homelessness***

The table below shows the targets for reduction in the size of the people of people experiencing homelessness over the five-year term of the plan. Since Monterey and San Benito Counties each conduct a separate PIT count, separate targets are provided for each county. The targets anticipate there will be an increase in the number of people experiencing homelessness in the first year of the plan. The increase is estimated due to several factors including that more than two years will have gone by since the 2019 PIT and pandemic-related economic and housing impacts have also impacted the size and composition of the population of people experiencing homelessness.

<b>HOMELESSNESS REDUCTION TARGETS</b>						
<b>Measure</b>	<b>Target</b>					
	<b>Baseline 19/20</b>	<b>Year 1 21/22</b>	<b>Year 2 22/23</b>	<b>Year 3 23/24</b>	<b>Year 4 24/25</b>	<b>Year 5 25/26</b>
<b>Population Size Targets</b>						
Total Number of People Experiencing Homelessness (PIT)	2,704	3,623	3,218	2,696	2,164	1,297
<b>By County</b>						
Monterey County	2,422	3,245	2,882	2,414	1,938	1,162
San Benito County	282	378	336	282	226	135

### ***System and Project Performance Targets***

To accomplish this level of success in reducing homelessness will require significant and sustained improvement in the ability of the homelessness response system to provide housing to people who experience homelessness. Achieving this 50% reduction will require that the CoC, counties, cities, and other funders set performance targets and work collaboratively with provider partners to ensure targets are met. The table below shows the targets set for each across three key measures: (1) entries from literal homelessness, which measures whether the system is accessible to people who have the greatest needs; (2) length of stay in programs, which measures how quickly programs in the system assist people to address their service and housing needs; and (3) rate of exit to permanent housing, which measures how effectively programs are supporting participants to secure safe and stable housing when they leave the system.

PROGRAM PERFORMANCE TARGETS						
Measure	Target					
	Baseline 19/20	Year 1 21/22	Year 2 22/23	Year 3 23/24	Year 4 24/25	Year 5 25/26
<b>Entries from Literal Homelessness (% of Households)</b>						
Emergency Shelter	78%	78%	80%	80%	85%	85%
Transitional Housing	66%	75%	80%	85%	90%	95%
Rapid Rehousing	73%	80%	85%	85%	90%	95%
<b>Length of Stay (Days)</b>						
Emergency Shelter	51	51	51	45	40	35
Transitional Housing	300	300	300	275	215	160
Rapid Rehousing	170	170	170	150	135	120
<b>Exit Rate to Permanent Housing (% of Households)</b>						
Emergency Shelter	12%	15%	25%	30%	40%	50%
Transitional Housing	70%	75%	80%	85%	90%	90%
Rapid Rehousing	55%	60%	65%	75%	80%	90%

### ***Housing Targets***

Meeting the ambitious performance targets in the table above will mean that the homelessness response system overall must substantially increase the number of people who experience homelessness who secure a safe and stable housing placement on an annual basis. The table below provides targets over the five-year term of the plan relating to number of housing placements. The top of the table shows that to reach the overall goal of a 50% reduction in homelessness, by year 5 the system needs to have the capacity to house 2,929 households per year. Some of these housing placements can be achieved through use of the existing housing inventory, but some will need to come from newly constructed units. The bottom part of the table provides targets for the development of new permanent supportive and extremely low income (ELI) affordable units, broken out for each county.

HOUSING TARGETS					
Measure	Target				
	Year 1 21/22	Year 2 22/23	Year 3 23/24	Year 4 24/25	Year 5 25/26
<b>System Permanent Housing Needs (Number of Households)</b>					
HHs Needing a Permanent Housing Placement	1,339	1,760	2,046	2,482	2,929
HHs Housed Using Existing RRH & PSH	819	819	819	1,042	1,042
HHs Housed Using Additional Placements	520	941	1,227	1,440	1,887
<b>Additional Housing Placement Targets (Number of Households)</b>					
Newly constructed PSH and ELI affordable units	200	300	400	500	500
Use of existing inventory (housing subsidies, shared housing, housing problem solving, housing navigation, property owner engagement, etc.)	320	641	827	940	1,387
<b>New Construction Targets by County (Number of Units)</b>					
Monterey County	180	270	360	450	450
San Benito County	20	30	40	50	50

## D. STRATEGIES TO ACCOMPLISH GOALS

This section outlines the high-level strategies that the Leadership Council, CHSP, counties, cities, funders, providers, and other key stakeholders will deploy over the next five years to achieve the goals set forth in the Plan. These strategies apply to all populations of people experiencing homelessness and all parts of the region. The next section articulates specific strategies for priority subpopulations that have been identified as having the greatest need for assistance from the homelessness response system.

### Strategy Area 1: Increase Participation in Homelessness Solutions by Leaders and Key Stakeholders from Across the Region

This strategy area reflects the community's desire to develop and embrace a regionwide vision for reducing homelessness that is informed by data and equity considerations. It reflects a need for improved coordination across jurisdictions to inform housing and services

priorities and investment strategies. It also encompasses the goal of engaging and involving all jurisdictions and stakeholders in being part of the effort.

Key Strategies:

- 1.1 Adopt Five-Year Plan.** Use this Five-Year Plan to establish a region-wide vision and action plan that includes practical ways that all stakeholders and community members can contribute to positive solutions to reduce homelessness.
- 1.2 Invest Strategically.** Develop a data-informed and strategic regional investment strategy and provide actionable path for jurisdictions to align funding to achieve goals set out in this Five-Year Plan. Develop an annual investment report summarizing how homelessness response system resources were invested and the results.
- 1.3 Build Political Will for Affordable Housing.** Maximize regional political and public support for affordable housing development as a solution to homelessness, with particular focus on housing for low-income workers, extremely low income (ELI) units, and permanent supportive housing.
- 1.4 Include People with Lived Experience of Homelessness.** Create structures and processes to more meaningfully involve people who are experiencing homelessness in decision-making about the design, implementation, and evaluation of the homelessness response system.
- 1.5 Engage New Partners.** Engage with jurisdictions, systems, and sectors not currently represented to participate in the Leadership Council or other CoC bodies. Educate and inform partners on how they can be part of the regional solution to homelessness, including practical strategies and activities for smaller and medium sized jurisdictions.
- 1.6 Center Equity.** Apply an equity lens to all regional decision-making regarding homelessness. Identify and address racial and ethnic disparities throughout the system.

## Strategy Area 2: Improve the Performance of the Homelessness Response System

This strategy area articulates the community's commitment to creating a system that is highly effective at providing housing pathways for people experiencing homelessness. These strategies include establishing and measuring progress towards program and system goals, refining program and system strategies towards best practices, and strategically expanding housing and services inventory.

### Key Strategies:

- 2.1 Prevent Homelessness.** Prevent homelessness through adoption of problem solving (also known as diversion or rapid resolution) and targeted prevention strategies system-wide (accessible in all regions of the community). Effective homelessness prevention and shelter diversion activities are rooted in strengths-based, trauma-informed approaches, and creative problem solving. These practices assist people seeking services in exploring all the potential resources available to resolve their housing crisis and supporting solutions outside of shelter or the resources of the homelessness response system.
- 2.2 Enrich and Expand Mobile Outreach Services.** Provide solutions-oriented mobile outreach to all geographic areas of the region, with particular focus on underserved areas (South Monterey County and San Benito County). Equip and train outreach teams to engage and build relationships with people who are unsheltered and to provide practical support to access shelter, housing, and service connections.
- 2.3 Provide Low Barrier Shelter.** Maintain the region's inventory of accessible, low barrier, and service-rich emergency shelter. Strategically expand temporary housing inventory (shelter and transitional housing) to fill identified gaps (e.g., for underserved geographic areas or special populations).
- 2.4 Expand Housing Solutions.** Increase the capacity of the homelessness response system to provide "exits" from homelessness through:
  - Expanding services and supports to help people secure existing units (e.g., housing focused case management, navigation services, property owner outreach and education, refinement of the CARS system).

- Expanded availability of rental assistance (e.g., shallow subsidies, rapid rehousing, tenant-based permanent supportive housing, and housing choice vouchers)
- Building more permanent supportive housing and ELI affordable housing (see Section above for specific targets).

Specific targets for numbers of exits, including goals for new units, are detailed in the Section III.C., above.

- 2.5 Support People to Retain Housing.** Provide robust housing retention support to ensure people entering housing do not return to homelessness, with a particular focus on people who need assistance to manage behavioral health and health conditions.
- 2.6 Embrace Housing First.** Strengthen understanding of and alignment to Housing First principles throughout the system. Adopt system policies and standards that incorporate housing first principles. Provide training and capacity to providers and other partners to support implementation.
- 2.7 Implement Performance Measurement and Continuous Quality Improvement.** Adopt and implement performance measures for emergency shelters, transitional housing, and rapid re-housing over a five-year period. Continuously evaluate and report on system results, including assessment of equity in access and outcomes.

### **Strategy Area 3: Expand Service-Oriented Responses to Unsheltered Homelessness**

This strategy area reflects the community's investment in responding to feedback from people experiencing homelessness about their needs and goals, with a focus on increasing the services available to address the immediate health and safety needs of people who are unsheltered.

#### **Key Strategies:**

- 3.1 Provide Services and Supports to Encampments.** Prioritize the provision of services as a key element of the response to encampments, including offering:
- Hygiene and safety (e.g., food, showers, sinks, toilets, trash removal)

- Access to needed services (e.g., case management, mental health services, linkages to services, shelter connections, housing navigation, and other supports)

- 3.2 Build Collaborative Relationships with People in Encampments.** Include people living in encampments in planning and decision-making about how to meet their needs.
- 3.3 Provide Safe, Temporary Locations for People to Stay.** Expand availability of temporary places where unsheltered people and the public can both be safe and healthy (e.g., approved parking sites, safe sleeping spaces).
- 3.4 Connect Unsheltered People to Housing.** In addition to meeting basic needs, ensure that crisis/emergency and temporary services and programs that target unsheltered people provide connections to services and/or pathways to housing.

## **E. SPECIFIC STRATEGIES FOR PRIORITY SUBPOPULATIONS**

Within the population of people who experience homelessness in Monterey and San Benito Counties, there are several subpopulations that are most critically in need of focused attention, due to having particularly complex needs and challenges to securing safe and stable housing. This section describes four priority subpopulations and identifies the primary strategies the CoC Leadership Council, CHSP, counties, cities, funders, providers, and other key stakeholders will deploy to address their needs.

### **1. People Experiencing Chronic Homelessness**

A single individual or family is considered to be experiencing chronic homelessness if there is an adult in the household that has a disabling condition and has been continuously homeless for more than a year and/or has experienced four or more episodes of homelessness in three years. The 2019 PIT count found there were 562 people who were chronically homeless in Monterey County (23% of the population) and 79 in San Benito County (28% of the population). People in this subpopulation are particularly vulnerable due to their disabilities and extended length of time spent living outside. Many are frequent users of emergency services and have many interactions with law enforcement.

Within the population of people who experience homelessness in Monterey and San Benito Counties, there are several subpopulations that are most critically in need of focused attention, due to having particularly complex needs and challenges to securing safe and stable housing. This section describes four priority subpopulations and identifies the primary strategies the CoC Leadership Council, CHSP, counties, cities, funders, providers and other key stakeholders will deploy to address their needs.

### **Strategies to Provide Solutions for People Experiencing Chronic Homelessness**

Securing and sustaining stable housing is particularly challenging for people who have experienced chronic homelessness. System level strategies to provide solutions for this population include:

- Expanding the region's inventory of permanent supportive housing, with a particular focus on construction of new PSH units. This will include leveraging existing and new State financing sources, including No Place Like Home (NPLH), the Homekey program, and other new funding through the California Comeback Plan.
- Continuing to build partnerships between the Continuum of Care/homelessness response system and the health and behavioral health systems in both Monterey and San Benito Counties, to provide integrated, interdisciplinary care to address the multiple and complex needs and problems faced by people who experience chronic homelessness. Expanding permanent supportive housing will require leveraging State Medicaid funds to pair health and behavioral health services with housing, such as through Whole Person Care. This strategy area will also focus on building the capacity of community-based agencies and supportive housing providers to bill Medicaid/Medi-Cal for the services people need to achieve health and stability.
- Investing in programs that connect people who are chronically homeless with the public benefits for which they are eligible, such as the federally sponsored SOAR (SSI/SSDI Outreach, Access and Recovery) Project, a proven approach to assisting homeless people with disabilities to access SSI/SSDI benefits.

## 2. Youth

At the time of the 2019 PIT count, unaccompanied youth under the age of 25 made up 13% of the population of people experiencing homelessness in Monterey and San Benito Counties. Of those young people, 91% were unsheltered. At the time of this Plan's development, there was only one housing program in the CoC specifically serving young adults. Young people often prefer and feel safer in programs geared towards their age range where services are tailored towards their developmental phase.

With extensive feedback from community stakeholders and young people with lived experience of homelessness, the CoC has been working towards developing a homelessness response system that can better address the needs of unaccompanied young people. Between 2020 and 2021, Focus Strategies supported the CoC in completing a needs assessment exploring the scope and experiences of homelessness among youth in Monterey and San Benito Counties as well as the strengths and gaps of the existing homelessness response service network, and in developing a vision for a youth-tailored homelessness response system. These processes provided foundational understanding and goals for the community's Youth Homelessness Demonstration Project (YHDP) application submitted in July 2021.

### **Strategies to Provide Solutions for Youth**

Key system level strategies to provide solutions for unaccompanied youth and young adults include:

- Adopting and implementing recommended refinements to the Coordinated Access and Referral System (CARS) process to respond to the specific needs of youth and young adults. Recommended refinements include ensuring young people have a consistent point of contact at a service provider agency throughout the CARS process, revising the phased assessment process to integrate problem solving and to include more strengths-based and equity-focused questions, and updating the prioritization process to improve the rates of referral for young people to available housing resources.
- Expanding the inventory of youth-tailored housing options to include multiple types of housing with varying levels of services intensity and programs in multiple regions of the CoC. This includes youth-specific rapid rehousing programs and permanent supportive housing, as well as innovative models that

may be pursued if the community is a YHDP grantee. Innovative models may include host homes, joint transitional housing-rapid rehousing programs, or extended rapid rehousing programs with service intensity flexibility.

- Increasing coordination between homelessness response system and systems of care that young people at-risk of and experiencing homelessness frequently engage. This includes developing and implementing strategies with the child welfare system, juvenile and adult justice systems, education system, and behavioral health system to identify and coordinate specific roles for each system in homelessness prevention and response.

### **3. People who are Undocumented**

Both Monterey and San Benito Counties have significant populations of immigrants and agricultural workers, some of whom are undocumented. While exact numbers are difficult to compile, service providers report that many people experiencing homelessness in the region lack legal immigration status. Undocumented people experiencing homelessness include both single individuals as well as families with children. These households face particularly severe barriers to securing safe and stable housing, including difficulties securing regular employment, non-eligibility for federally funded housing and benefits programs, identification and paperwork requirements for accessing private market housing, and language barriers.

#### **Strategies to Provide Solutions for People who are Undocumented**

Key system level strategies for these households include:

- Removing barriers to temporary housing, including both single adult and family shelter and transitional housing programs.
- Identifying local and flexible sources of funding to provide housing subsidies for this population.
- Continuing to expand the supply of farmworker housing in the community.
- Strengthening connections between the homelessness response system and programs that provide legal and other services for immigrants.

## 4. Reentry Population

In the 2019 PIT count, 18% of people experiencing homelessness in Monterey County and 12% in San Benito County reported prior involvement with the criminal justice system. Like many communities in California, Monterey and San Benito Counties have a significant number of people who experience homelessness upon their release from jail or prison. At the same time, people who are unsheltered are at high risk of entering or returning to the criminal justice system. Breaking this cycle is particularly challenging due to the many housing barriers experienced by people who have criminal justice involvement, including difficulty securing employment, restrictions on accessing federal funded housing and benefits programs, stigma and discrimination, and in many cases disabling behavioral health conditions.

### Strategies to Provide Solutions for Reentry Population

Key strategies the CoC and its partners will deploy to help reduce homelessness for this subpopulation include:

- Continuing to partner with the Monterey County and San Benito County Sheriff's and Probation Departments to expand and enrich pre-release services, with a particular focus on housing planning.
- Scaling up housing-focused re-entry programs targeted to individuals with prior histories of homelessness, providing support with housing search, housing subsidies, and connection to employment services.
- Developing criminal justice diversion strategies and incarceration alternatives for people experiencing homelessness (e.g., drug courts or homeless courts), to prevent people experiencing homelessness from entering jail whenever possible.
- Lowering barriers to shelter access and ensuring there is an adequate inventory of shelter beds that can accept people with felony convictions, including sex offenders.

## IV. IMPLEMENTATION AND EVALUATION

### A. DEVELOPING AND IMPLEMENTING ANNUAL ACTION PLANS

This plan sets out a set of five-year goals and performance targets and outlines the broad strategies that the community will implement to achieve the targets. To operationalize these strategies, the Funding Committee of the Leadership Council will be responsible for developing annual action plans each year and aligning available funding to support the activities identified in each year's plan. The Action Plan for Year One (July 2021 to June 2022) is included in the next Section.

### B. TRACKING AND REPORTING ON RESULTS

Each year, CHSP will track and report on progress in meeting the goals and targets outlined in this Plan, including:

1. Change in size of population experiencing homelessness (as measured by PIT counts or other methodology)
2. Change in numbers of people served in the homelessness response system annually (from HMIS)
3. System and program performance in relation to established targets:
  - a. Entries from homelessness
  - b. Length of stay in programs
  - c. Exit to permanent housing
4. Increase in system "exits" in relation to established targets
5. Development of new housing units in relation to established targets
6. Any other measures identified in the Annual Action Plan

In addition, progress in completing activities set out in the Annual Action Plan will also be tracked and reported.

## V. YEAR ONE ACTION PLAN

The tables below present the specific action steps that will be implemented in Year One of this Five-Year Plan to achieve the identified goals and targets.

Year One Action Plan: July 2021 to June 2022							
STRATEGY AREA 1: Increase Participation in Homelessness Solutions by Leaders and Key Stakeholders from Across the Region							
Action/Activity		Lead Entity	Supporting Entities	Begin	End	Funding Source	Strategy
a	Organize a regional convening to launch the LMH Five-Year Plan	CHSP	MC, SBC, CoS	Aug. 2021	Sept. 2021	N/A	1.1
b	Present LMH Five-Year Plan to jurisdictions for adoption (Counties, cities)	CHSP	LC Members	Aug. 2021	Dec. 2021	N/A	1.1
c	Following the launch, meet with stakeholders not currently engaged in homelessness solutions to orient them to the plan and identify how they can support implementation, including: criminal justice system reps (probation, courts), healthcare (hospitals, clinics, residential facilities, large employers)	CHSP	LC Members	Oct. 2021	Dec. 2021	N/A	1.5
d	Develop coordinated investment plan for FY 2021-2022 homelessness assistance funding from State and federal sources; present to the community	LC Funding Committee	CHSP, MC, SBC, CoS	July 2021	Aug. 2021	TBD	1.2
e	Convene affordable housing working group to begin developing a regional strategy to increase production, including revisiting possibility for a Housing Trust Fund or bond measure, recruiting developers to the region, and exploring innovative housing types such as modular units, tiny homes, and ADUs	LC Housing Pipeline Committee	CHSP, MC, SBC, CoS	Jan. 2022	Ongoing	TBD	1.3

**STRATEGY AREA 1: Increase Participation in Homelessness Solutions by Leaders and Key Stakeholders from Across the Region**

Action/Activity		Lead Entity	Supporting Entities	Begin	End	Funding Source	Strategy
f	Develop plan to launch a Lived Experience Advisory Board, modeled after the Youth Advisory Board	CHSP	Work group of people with lived experience	Jan. 2022	June 2022	TBD	1.4
g	Update data on race and ethnicity in homelessness response system services, convene CoC work group to advance racial equity in the homelessness response system	CHSP	Work group of CoC members	Jan. 2022	June 2022	TBD	1.6

**STRATEGY AREA 2: Improve the Performance of the Homelessness Response System**

Action/Activity		Lead Entity	Supporting Entities	Begin	End	Funding Source	Strategy
a	Develop pilot project to implement targeted prevention and diversion; identify funding sources to scale up	CHSP	Prevention partners	Jan. 2022	June 2022	TBD	2.1
b	Re-establish CORE outreach working group to develop strategy for coordinated outreach and streamlined access to shelter and navigation centers	CHSP	Outreach partners	Oct. 2021	Ongoing	TBD	2.2
c	Increase investment in rapid rehousing, navigation services, housing focused case management, and other interventions to improve the ability of emergency shelters to help participants secure housing upon exit	CHSP/CoS	LC	July 2021	June 2022	ESG, others	2.4
d	Develop program to provide incentives to property owners to rent to people experiencing homelessness	CHSP	LC	TBD	TBD	TBD	2.4
e	Design and implement Coordinated Entry (CARS) system for youth to streamline access to housing for this population	CHSP	YAB, Youth system work group	July 2021	Dec. 2021	TBD	2.4
f	Secure opportunities to expand inventory of Housing Choice Vouchers, starting with the Emergency Housing Vouchers offered to the Housing Authority in May 2021	CHSP, MC, SBC	Housing Authority	July 2021	June 2022	EHV funding	2.4

## STRATEGY AREA 2: Improve the Performance of the Homelessness Response System

	Action/Activity	Lead Entity	Supporting Entities	Begin	End	Funding Source	Strategy
g	Continue investing in acquisition and conversion of motels to provide permanent housing for people experiencing homelessness; apply for new Homekey program funding available from the State of CA for projects in Salinas and King City (due August 2021).	CHSP, CoS, MC	LC	July 2021	Aug. 2021	Homekey	2.4
h	Establish policies relating to termination and exit protocols for CoC and ESG-funded housing programs	CHSP	Housing partners	Sept. 2021	Dec. 2021	TBD	2.5
i	Review and update existing CoC level operational standards for shelters, with a focus on alignment to Housing First principles (low barriers to entry, person centered policies); partner with large shelter operators to identify and implement changes to policies and practices to lower barriers to participation in shelter	CHSP	MC, SBC, CoS	Jan. 2022	June 2022	TBD	2.6
j	Explore providing storage and pet facilities at existing shelters	CHSP	MC, SBC, CoS	Jan. 2022	June 2022	TBD	2.3
k	Convene work group to explore feasibility of adding a small shelter in South County to address regional inequities in shelter access	CHSP, MC	South County cities	Jan. 2022	June 2022	TBD	2.3
l	Issue RFP for affordable family housing at 845 E. Laurel Drive	CoS	MC	TBD	TBD	TBD	2.4
m	Adopt performance targets for shelter, TH, RRH, and PSH from the Five-Year Plan and begin to integrate into RFPs, contracts, and other accountability measures	CHSP, MC, SBC, CoS, other funders	LC	July 2021	Dec. 2021	TBD	2.7
n	Develop HMIS reports to track and report on program and system outcomes, including progress in meeting performance targets as well as racial and ethnic disparities	CHSP	LC	Jan. 2022	Dec. 2022	TBD	2.7

### STRATEGY AREA 3: Expand Service-Oriented Responses to Unsheltered Homelessness

Action/Activity		Lead Entity	Supporting Entities	Begin	End	Funding Source	Strategy
a	Continue to expand and improve provision of basic needs to encampments (nutrition, health, hygiene, PPE, trash removal)	CoS, MC, SBC	CHSP	July 2021	June 2022	TBD	3.1
b	Continue to improve communication and collaboration with encampment residents by convening regular meetings with encampment leaders	CoS, MC	CHSP	July 2021	June 2022	TBD	3.2
c	Engage encampment leaders in plan for developing a Lived Experience Advisory Board (see above under Strategy 1)	CHSP	Work group of people with lived experience	Jan. 2022	June 2022	TBD	3.3
d	Develop communications materials to share with the community explaining the CoC's strategy on encampments, message that providing safe places for people to go is a responsibility for all jurisdictions	CHSP	CoS, MC, SBC	July 2021	Dec. 2021	TBD	3.3
e	Provide training and information to outreach teams to ensure they are equipped to provide people in encampments with connections to available services and supports as well as information about how to access available shelter and housing	MC, CoS, CHSP	TBD	July 2021	June 2022	TBD	3.4
f	Convene a working group including representation from Monterey County, San Benito County, city jurisdictions, and people with lived experience of homelessness to begin developing a common set of guidelines relating to encampment response	CHSP	Counties, cities, people with lived experience	Jan. 2022	June 2022	TBD	3.1

## ACKNOWLEDGEMENTS

The Coalition of Homeless Services Providers (CHSP) and the Collaborative Planning Group would like to thank the many community stakeholders, organizations, and people with lived experience of homelessness for their participation in the process to update the Lead Me Home Plan. Thank you to Focus Strategies for technical assistance in developing the Plan.

# Monterey County

## Item No.12

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: A 21-544

November 16, 2021

Introduced: 11/8/2021

Current Status: Scheduled PM

Version: 1

Matter Type: BoS Agreement

Receive the progress report from ITD outlined below, in response to Board Referral #2021.08 to facilitate regional governance, strategy, collaboration and partnerships on expanding broadband access and closing the digital divide throughout Monterey County.

#### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Receive the progress report outlined below in response to Board Referral #2021.08.
- b. Provide further direction, as appropriate.

#### SUMMARY:

Monterey County IT department (ITD) received Board Referral #2020.25 on Sept. 6, 2020, to support collaborative efforts to address the digital divide in partnership with local school districts, cities, the County of Monterey, and community partners, and to advocate for solutions at the state and federal level. On May 18, 2021, ITD received Board referral #2021.08 to explore the potential of creating a Monterey County Broadband Joint Powers Authority to facilitate regional governance, strategy, collaboration, and partnerships on expanding broadband access and closing the digital divide throughout Monterey County.

On July 20, 2021, Board directed ITD to close the Board Referral # 2020.25, and mark it completed. ITD will report to Board quarterly on the community broadband project progress through its presentation on Board referral #2021.08. This report summarizes ITD's progress on broadband since then which includes:

- 1) Regional broadband task force kick-off
- 2) Broadband RFP release
- 3) Submission of a Board Resolution to execute Golden State Connect Authority JPA agreement
- 4) Public Wi-Fi implementation.

#### ANALYSIS:

##### **Background:**

Monterey County IT department (ITD) received Board Referral #2020.25 on Sept. 6, 2020, to support collaborative efforts to address the digital divide in partnership with local school districts, cities, the County of Monterey, and community partners, and to advocate for solutions at the state and federal level. On May 18, 2021, ITD received Board referral #2021.08 to explore the potential of creating a Monterey County Broadband Joint Powers Authority to facilitate regional governance,

strategy, collaboration, and partnerships on expanding broadband access and closing the digital divide throughout Monterey County.

On July 20, 2021, Board directed ITD to close the Board Referral # 2020.25, and mark it completed. ITD will report to Board quarterly on the community broadband project progress through its presentation on Board referral #2021.08 on Broadband JPA.

### **Project Description:**

#### **1) Regional broadband task force kick-off**

In response to Board referral #2021.08, ITD discussed with regional partners on community broadband governance, and presented its recommendations on July 20, 2021, with subsequent Board approval.

ITD kicked off its first regional broadband Task Force meeting on September 10, 2021. The Task Force will develop a shared vision on regional broadband effort, appropriate governance structure and develop a strategic plan.

#### **2) Broadband RFP release**

In June 2021 Board approved \$1.935 million in ARPA funds for FY 21-22 for broadband development. A Request for Proposal was released on September 23, 2021. The purpose of the RFP is to seek innovative or traditional broadband solutions from one or more Contractors proposing one or multiple solutions to unserved and underserved areas of the county. From these RFP responses, County will select the best solutions and Contractors to finalize project details for project creation and execution. As part of the RFP process, a Pre-bid meeting was held on October 8, 2021, with Q&A released in addenda. Contractors' responses are expected by November 12, 2021. Announcement of Contractor selections will be around December 2021.

#### **3) Golden State Connect Authority JPA agreement**

On September 12, 2021, ITD submitted a Board Resolution to adopt the Golden State Connect Authority JPA agreement, an initiative led by Rural County Representatives of California (RCRC). The signing of the agreement allows Monterey County to join the JPA as a Member County. Initial areas of focus for broadband work of this JPA will include:

1. Foundational Readiness: Ensure all member counties have broadband strategic plans.
2. Capacity Building: Equip rural counties with information and resources about innovative models and approaches to broadband deployment.
3. Demonstration Projects: Implement open-access municipal broadband projects.

#### **4) Public Wi-Fi implementation.**

ITD completed public Wi-Fi implementation in September 2021. As a result, 22 County buildings are equipped with public Wi-Fi that benefits nearby County residents within 328 feet beyond building perimeter. Within a 30-day period, there were 1666 unique devices connected to the new Wi-Fi system, utilizing 3.2 TB of data.

**Estimated Project Cost:**

In June 2021 Board approved \$1.935 million in ARPA funds for FY 21-22 for broadband development.

ITD will return to Board with additional cost if there is any.

**Staffing Level Estimate:**

No additional staff is needed.

**Departmental Challenges:**

Community broadband challenge is about coming up with a sustainable, and executable public and private partnership model that will benefit Monterey County residents for the long run, while producing quick and measurable outcomes. As such, ITD will continue working on the approved community broadband projects and deliver community broadband services to County constituents while working on a functional regional community broadband governance structure.

**Proposed Response Date:**

ITD will provide Board with quarterly update.

**BOARD OF SUPERVISORS STRATEGIC INITIATIVES:**

The pandemic has underscored the critical utility of broadband infrastructure. From the homework gap and workforce adaptation to essential healthcare services and e-commerce, broadband is now the keystone to our nation's response to the global pandemic and imperative to building resilient and future-ready communities. The lack of reliable broadband is a major economic barrier and a leading driver of socioeconomic inequality.

County's goal is to ensure that every resident in Monterey County, regardless of their circumstances, could access broadband. The ability to do so will pay dividends far beyond the current crisis we find ourselves in. With unprecedented federal and state funding that will soon be allocated to address the digital divide and expand broadband access throughout California, including federal American Rescue Plan Act (ARPA) funding, a record state budget allocation this year, there is an immediate need for local governments, including the Board of Supervisors, cities, school districts, special districts, universities and other community partners and institutions, to create a governance structure to better facilitate regional strategy, collaboration and partnerships on expanding broadband access and closing the digital divide throughout Monterey County.

Innovate • Transform • Deliver

## Board Referral #2021.08 Progress Update

### November 16, 2021

## Board Directions on July 20, 2021

---

- On July 20, 2021, Board directed ITD to close the “Addressing the Digital Divide” Referral # 2020.25, and mark it completed;
- ITD will report to Board quarterly on the community broadband project progress through its presentation on Board referral #2021.08 on Broadband JPA;

# Regional Broadband Task Force

---

- In response to Board referral #2021.08, ITD discussed with regional partners on community broadband governance, and presented its recommendations on July 20, 2021, with subsequent Board approval;
- ITD kicked off its first regional broadband Task Force meeting on September 10, 2021. The Task Force will develop a shared vision on regional broadband effort, appropriate governance structure and develop a strategic plan;

# Broadband RFP

---

- In June 2021 Board approved \$1.935 million in ARPA funds for FY 21-22 for broadband development;
- A Request for Proposal was released on September 23, 2021;
- A Pre-bid meeting was held on October 8, 2021 with Q&A released in addenda;
- Contractors' responses are expected by November 12, 2021.  
Announcement of Contractor selections will be around December 2021;

# Golden State Connect Authority JPA

---

- On September 12 2021, ITD submitted a Board Resolution to adopt the Golden State Connect Authority JPA agreement, and to join the JPA as a Member County;
- Initial areas of focus for broadband work will include:
  - Foundational Readiness: Ensure all member counties have broadband strategic plans

# Golden State Connect Authority JPA – Cont'd

---

- ❑ Capacity Building: Equip rural counties with information and resources about innovative models and approaches to broadband deployment
- ❑ Demonstration Projects: Implement open-access municipal broadband projects

# Public Wi-Fi

---

- ITD completed public Wi-Fi implementation in September 2021
  - a) 22 County buildings are equipped with public Wi-Fi that benefits nearby County residents within 328 feet beyond building perimeter;
  - b) Within a 30-day period, there were 1666 unique devices connected to the new Wi-Fi system, utilizing 3.2 TB of data;

# Monterey County Board of Supervisors Referral Submittal Form

**Referral No. 2021.08**  
**Assignment Date: 05/18/21**  
(Completed by CAO's Office)

**SUBMITTAL - Completed by referring Board office and returned to CAO no later than noon on Thursday prior to Board meeting:**

Date: 5/13/2021	Submitted By: LUIS ALEJO & CHRIS LOPEZ	District #: 1 & 3
Referral Title: <b>Monterey County Broadband Joint Powers Authority</b>		
Referral Purpose: Explore potential of creating a Monterey County Broadband Joint Powers Authority to facilitate regional governance, strategy, collaboration and partnerships on expanding broadband access and closing the digital divide throughout Monterey County.		
<p>Brief Referral Description (attach additional sheet as required ): The heartbreaking photo of the two little girls accessing the internet outside a fast food restaurant in East Salinas last August highlighted the digital divide crisis for many families in Monterey County and throughout our nation during this pandemic. Since then, County Superintendent Deneen Guss began working on addressing internet and broadband needs by forming a Broadband Task Force that have held regular meetings.</p> <p>Today, with unprecedented federal and state funding that will soon be allocated to address the digital divide and expand broadband access throughout California, including federal American Rescue Plan Act (ARPA) funding, a record state budget allocation this year and a potential \$10 billion broadband bond in 2022, there is an immediate need for local governments, including the Board of Supervisors, cities, school districts, special districts, universities and other community partners and institutions, to create a formal governance body to better facilitate regional strategy, collaboration and partnerships on expanding broadband access and closing the digital divide throughout Monterey County. There is also a need to also devise a strategic plan to expand access and digital literacy, and to facilitate affordability rates for county residents. A Broadband Joint Powers Authority should have equitable geographic representation from Salinas, North County, South County and the Peninsula, and place a priority for unserved, underserved and disadvantaged communities with the greatest needs and challenges in the county.</p> <p>Potential state and federal funding sources will likely prioritize regional governmental collaborative efforts and projects, as well as shovel-ready projects. A JPA may best position Monterey County to draw down competitive state and federal funding and resources for the benefit of our local communities and our families.</p>

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: 21-999

November 16, 2021

Introduced: 11/9/2021

Current Status: Scheduled PM

Version: 1

Matter Type: General Agenda Item

#### REF210007/WATER AND ENERGY EFFICIENCY IN LANDSCAPING ORDINANCE

(Continued from November 2, 2021).

- a. Introduce, waive reading, and consider an ordinance to add Chapter 16.63 to the Monterey County Code to establish regulations for water-efficient and energy-efficient landscaping in unincorporated Monterey County; and
- b. Set December 7, 2021 at 10:30 a.m. as the date and time to adopt the ordinance

**Location:** Countywide

**Proposed CEQA Action:** Consider finding the project categorically exempt pursuant to Section 15307 and 15308 of the CEQA Guidelines.

#### RECOMMENDATION

It is recommended that the Board of Supervisors:

- a. Introduce, waive reading, and consider an ordinance to add Chapter 16.63 to the Monterey County Code to establish regulations for water-efficient and energy-efficient landscaping in unincorporated Monterey County; and
- b. Set December 7, 2021 at 10:30 a.m. as the date and time to adopt the ordinance.

#### SUMMARY

The Board of Supervisors considered this proposed ordinance at its November 2, 2021 meeting and continued the hearing on the introduction of the ordinance to the Board's November 16, 2021 meeting.

State law requires the County to implement the state's Model Water Efficient Landscape Ordinance (MWELo) or adopt a local ordinance (Attachment A) that is at least as effective at landscape water conservation. Absent a local landscape ordinance, the County is required to implement and has been implementing the MWELo. If the Board chooses to advance the Water and Energy Efficiency in Landscaping Ordinance (WEELo) for adoption, consideration of adoption would be scheduled on the consent calendar for the Board meeting on December 7, 2021.

If the Board decides not to advance the local ordinance, the County would continue implementing the State MWELo (Attachment D).

#### DISCUSSION

Concerns raised by the Board during the November 2, 2021 meeting regard the following:

- *The ordinance is too complex and convoluted and could frustrate applicants to install paving instead of landscaping.*

Response. The complexity derives from state law. Since 2010, state law has required the County to implement the state's model landscape ordinance if the County has not adopted a local ordinance (Gov. Code §65595). To adopt and implement a local ordinance instead of the MWEO, the Board of Supervisors must make a finding that the local ordinance is at least as effective as the state model ordinance at conserving water. The state's model ordinance contains equally, if not more, complex requirements as the proposed local ordinance. The state requirements, with which applicants are and have been required to comply, include calculations for evapotranspiration for each species of vegetation, plant factors, special landscape areas, hydrozone areas, maximum applied water allowance, irrigation efficiency, and estimated total water use (Cal. Code Regs., tit. 23, §§490 to 495). As required by state law, MWEO requirements have been implemented in the County since 2010. The proposed County ordinance includes the MWEO calculations and further provides simplified direction to applicants in the following manner: 1) pathways for conformance are in two categories of major and minor; 2) landscapes under 2,500 square feet no longer require certification by a licensed landscape architect or landscape professional; 3) for the section Outdoor Potable Water Use in Landscape Areas included in the mandatory measures of the California Green Building Standards Code ("CALGreen"), clarification of compliance pathways; and 4) provision of policy framework within which to integrate state and local requirements for water conservation, energy efficiency, fire safety, and the building code.

- *Requirement that landscape maintenance "shall" be implemented for the life of the project could foment conflict between neighbors during a drought.*

Response. State regulation has, since 2010, required that landscapes shall be maintained to ensure water use efficiency with a regular maintenance schedule which shall include though not be limited to, routine inspection and repairs to irrigation systems; replenishing mulch; and weeding in all landscape areas (Cal. Code Regs., tit. 23, sec. 492.11). The WEEO includes these requirements from the MWEO to meet the requirement to be at least as effective as the MWEO in landscape water conservation. The WEEO includes a maximum water budget not to be exceeded in any year, and encourages planting low-water use vegetation that can withstand drought conditions. Predominantly, Governor Newsom declared a state of drought emergency on October 19, 2021 with wasteful water uses, including landscape-related watering activities, prohibited as follows: use of water to irrigate turf and ornamental landscapes during and within 48 hours after measurable rainfall of at least one-fourth of one inch of rain; use of potable water for irrigation of ornamental turf on public street medians; and use of potable water for decorative fountains or the filling or topping-off of decorative lakes or ponds, with exceptions for those which utilize recycled water. The state of drought emergency supersedes the landscape ordinance.

The state Department of Water Resources (DWR) published a 78-page draft of a MWEO Guidebook on January 11, 2021, to provide background information, explain provisions of the regulations, and give guidance for enforcement. The Guidebook can be found at <https://water.ca.gov/-/media/DWR-Website/Web-Pages/Programs/Water-Use-And-Efficiency/Urban-Water-Use-Efficiency/MWEO-Files/MWEO-Guidebook/1-Model-Water-Efficient-Landscape-Ordinance-Guidebook.pdf>. The County ordinance authorizes the Board to adopt a County landscape manual to provide guidance for implementing the County's landscape ordinance and to provide forms for implementation of the ordinance. Staff anticipates

presenting the manual to the Board of Supervisors for the Board's consideration in the early part of 2022.

#### ENVIRONMENTAL REVIEW

Staff recommends that the Board of Supervisors find adoption of the ordinance exempt from environmental review pursuant to Sections 15307 and 15308 of the CEQA Guidelines because the adoption of the ordinance is an action taken by the County, as authorized by state law, to assure the maintenance, restoration or enhancement of natural resources and the environment. The ordinance is designed to result in water and energy conservation in landscaping and, by incorporating the SB 1383 requirements, to reduce the greenhouse gas, methane. A finding for the CEQA exemption has been incorporated within the ordinance findings.

#### OTHER AGENCY INVOLVEMENT

County Counsel has reviewed and approved the ordinance as to form.

#### FINANCING

Funding for staff time associated with preparation of the ordinance is included in the FY2021-22 Adopted Budget in Appropriation Unit HCD-002, Unit 8543. Costs for staff time to review landscape projects after implementation of the ordinance will be recovered through the existing fees charged for landscape project review, which are included in the fee schedule adopted by the Board. Two types of landscape projects will require review by staff as a result of implementation of the ordinances: Minor Landscape projects and Major Landscape projects. Staff projects that the average staff time spent on Minor Landscape projects (plan review and final inspection) equates to approximately 1.5 hours while the average staff time spent on Major Landscape project review is project to be approximately 3 hours. Complex landscape projects requiring additional review time beyond the average can be recovered through the re-inspection fee, or a deposit.

Due to late submission of this Board Report, the CAO Budget and Analysis Division was not provided adequate time to fully review for potential fiscal, organizational, policy, or other implications to the County of Monterey.

#### BOARD OF SUPERVISORS STRATEGIC INITIATIVES

This action represents an effective response to our County customers' needs, as well as the protection of the public interest in water conservation. Adoption of these ordinances will result in reduction in water and energy use.

### REF210007/WATER AND ENERGY EFFICIENCY IN LANDSCAPING ORDINANCE

(Continued from November 2, 2021).

- a. Introduce, waive reading, and consider an ordinance to add Chapter 16.63 to the Monterey County Code to establish regulations for water-efficient and energy-efficient landscaping in unincorporated Monterey County; and
- b. Set December 7, 2021 at 10:30 a.m. as the date and time to adopt the ordinance

**Location:** Countywide

**Proposed CEQA Action:** Consider finding the project categorically exempt pursuant to Section 15307 and 15308 of the CEQA Guidelines.

### RECOMMENDATION

It is recommended that the Board of Supervisors:

- a. Introduce, waive reading, and consider an ordinance to add Chapter 16.63 to the Monterey County Code to establish regulations for water-efficient and energy-efficient landscaping in unincorporated Monterey County; and
- b. Set December 7, 2021 at 10:30 a.m. as the date and time to adopt the ordinance.

### SUMMARY

The Board of Supervisors considered this proposed ordinance at its November 2, 2021 meeting and continued the hearing on the introduction of the ordinance to the Board's November 16, 2021 meeting.

State law requires the County to implement the state's Model Water Efficient Landscape Ordinance (MWELo) or adopt a local ordinance (Attachment A) that is at least as effective at landscape water conservation. Absent a local landscape ordinance, the County is required to implement and has been implementing the MWELo. If the Board chooses to advance the Water and Energy Efficiency in Landscaping Ordinance (WEELo) for adoption, consideration of adoption would be scheduled on the consent calendar for the Board meeting on December 7, 2021.

If the Board decides not to advance the local ordinance, the County would continue implementing the State MWELo (Attachment D).

### DISCUSSION

Concerns raised by the Board during the November 2, 2021 meeting regard the following:

- *The ordinance is too complex and convoluted and could frustrate applicants to install paving instead of landscaping.*

Response. The complexity derives from state law. Since 2010, state law has required the County to implement the state's model landscape ordinance if the County has not adopted a local ordinance (Gov. Code §65595). To adopt and implement a local ordinance instead of the MWEO, the Board of Supervisors must make a finding that the local ordinance is at least as effective as the state model ordinance at conserving water. The state's model ordinance contains equally, if not more, complex requirements as the proposed local ordinance. The state requirements, with which applicants are and have been required to comply, include calculations for evapotranspiration for each species of vegetation, plant factors, special landscape areas, hydrozone areas, maximum applied water allowance, irrigation efficiency, and estimated total water use (Cal. Code Regs., tit. 23, §§490 to 495). As required by state law, MWEO requirements have been implemented in the County since 2010. The proposed County ordinance includes the MWEO calculations and further provides simplified direction to applicants in the following manner: 1) pathways for conformance are in two categories of major and minor; 2) landscapes under 2,500 square feet no longer require certification by a licensed landscape architect or landscape professional; 3) for the section Outdoor Potable Water Use in Landscape Areas included in the mandatory measures of the California Green Building Standards Code ("CALGreen"), clarification of compliance pathways; and 4) provision of policy framework within which to integrate state and local requirements for water conservation, energy efficiency, fire safety, and the building code.

- *Requirement that landscape maintenance "shall" be implemented for the life of the project could foment conflict between neighbors during a drought.*

Response. State regulation has, since 2010, required that landscapes shall be maintained to ensure water use efficiency with a regular maintenance schedule which shall include though not be limited to, routine inspection and repairs to irrigation systems; replenishing mulch; and weeding in all landscape areas (Cal. Code Regs., tit. 23, sec. 492.11). The WEEO includes these requirements from the MWEO to meet the requirement to be at least as effective as the MWEO in landscape water conservation. The WEEO includes a maximum water budget not to be exceeded in any year, and encourages planting low-water use vegetation that can withstand drought conditions. Predominantly, Governor Newsom declared a state of drought emergency on October 19, 2021 with wasteful water uses, including landscape-related watering activities, prohibited as follows: use of water to irrigate turf and ornamental landscapes during and within 48 hours after measurable rainfall of at least one-fourth of one inch of rain; use of potable water for irrigation of ornamental turf on public street medians; and use of potable water for decorative fountains or the filling or topping-off of decorative lakes or ponds, with exceptions for those which utilize recycled water. The state of drought emergency supersedes the landscape ordinance.

The state Department of Water Resources (DWR) published a 78-page draft of a MWEO Guidebook on January 11, 2021, to provide background information, explain provisions of the regulations, and give guidance for enforcement. The Guidebook can be found at <https://water.ca.gov/-/media/DWR-Website/Web-Pages/Programs/Water-Use-And-Efficiency/Urban-Water-Use-Efficiency/MWEO-Files/MWEO-Guidebook/1-Model-Water-Efficient-Landscape-Ordinance-Guidebook.pdf>. The County ordinance authorizes the Board to adopt a County landscape manual to provide guidance for implementing the County's landscape ordinance and to provide forms for implementation of the ordinance. Staff anticipates

presenting the manual to the Board of Supervisors for the Board's consideration in the early part of 2022.

#### ENVIRONMENTAL REVIEW

Staff recommends that the Board of Supervisors find adoption of the ordinance exempt from environmental review pursuant to Sections 15307 and 15308 of the CEQA Guidelines because the adoption of the ordinance is an action taken by the County, as authorized by state law, to assure the maintenance, restoration or enhancement of natural resources and the environment. The ordinance is designed to result in water and energy conservation in landscaping and, by incorporating the SB 1383 requirements, to reduce the greenhouse gas, methane. A finding for the CEQA exemption has been incorporated within the ordinance findings.

#### OTHER AGENCY INVOLVEMENT

County Counsel has reviewed and approved the ordinance as to form.

#### FINANCING

Funding for staff time associated with preparation of the ordinance is included in the FY2021-22 Adopted Budget in Appropriation Unit HCD-002, Unit 8543. Costs for staff time to review landscape projects after implementation of the ordinance will be recovered through the existing fees charged for landscape project review, which are included in the fee schedule adopted by the Board. Two types of landscape projects will require review by staff as a result of implementation of the ordinances: Minor Landscape projects and Major Landscape projects. Staff projects that the average staff time spent on Minor Landscape projects (plan review and final inspection) equates to approximately 1.5 hours while the average staff time spent on Major Landscape project review is project to be approximately 3 hours. Complex landscape projects requiring additional review time beyond the average can be recovered through the re-inspection fee, or a deposit.

Due to late submission of this Board Report, the CAO Budget and Analysis Division was not provided adequate time to fully review for potential fiscal, organizational, policy, or other implications to the County of Monterey.

#### BOARD OF SUPERVISORS STRATEGIC INITIATIVES

This action represents an effective response to our County customers' needs, as well as the protection of the public interest in water conservation. Adoption of these ordinances will result in reduction in water and energy use.

**ORDINANCE No. \_\_\_\_\_**

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,  
ADDING CHAPTER 16.63 TO THE MONTEREY COUNTY CODE RELATING TO  
WATER CONSERVATION AND ENERGY EFFICIENCY IN LANDSCAPING IN  
UNINCORPORATED MONTEREY COUNTY**

**County Counsel Summary**

*This ordinance adds Chapter 16.63 to Title 16 of the Monterey County Code to address water and energy efficient landscaping in unincorporated Monterey County. State law requires that the County apply the state's Model Water Efficient Landscape Ordinance or adopt a local ordinance that is at least as effective in conserving water as the state's model ordinance. This ordinance is intended to be at least as effective in conserving water as the state's model ordinance and will govern in lieu of the state's model ordinance. If adopted, this ordinance will govern new landscapes and rehabilitated landscapes for projects where the landscape area exceeds certain square footage thresholds. This ordinance requires these projects to install water efficient planting and irrigation, including energy efficient landscape components and design, along with moisture-retaining mulch, where applicable. This ordinance authorizes the Board of Supervisors to adopt application fees for the processing of landscape projects and also provides for enforcement and penalties for violations of this ordinance.*

The Board of Supervisors of the County of Monterey ordains as follows:

**SECTION 1. FINDINGS AND DECLARATIONS.**

A. Pursuant to Article XI, Section 7 of the California Constitution, the County of Monterey ("County") may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety, and welfare of its citizens.

B. Water conservation in landscaping serves the public health, safety, and welfare by minimizing water use, eliminating water waste, and maximizing energy efficiency.

C. Assembly Bill 325 – The Water Conservation in Landscape Act of 1990 ("AB 325") was signed into law on September 29, 1990, requiring the California Department of Water Resources ("DWR") to develop and adopt a State Model Water Efficient Landscape Ordinance with provisions for water efficient landscape design, installation, and maintenance by January 1, 1992.

D. Assembly Bill 1881 – The Water Conservation in Landscaping Act of 2006 ("AB 1881") required DWR to develop and adopt an updated State Model Water Efficient Landscape Ordinance ("MWELO"). Government Code Section 65595 as enacted by AB 1881 mandates that local governments either adopt the MWELO or a local ordinance that is at least as effective

in water conservation by January 1, 2010. If neither has occurred by that date, the local agency is required to enforce the MWELO.

E. On February 5, 2010, the County notified the DWR that the County intends to follow the MWELO.

F. On April 1, 2015, the Governor of the State of California issued Executive Order B-29-15 due to the continued severe drought conditions. This order required DWR to revise the MWELO through expedited regulation to increase water efficiency standards.

G. On July 15, 2015, the California Water Commission approved the revised MWELO, which is set forth in sections 490 through 495 of Title 23 of the California Code of Regulations. Local governments are required to enforce the revised MWELO as of December 1, 2015, unless the local agency has adopted a local ordinance that is at least as effective in water conservation. This local ordinance is intended to be at least as effective in water conservation as the revised MWELO, and accordingly, once adopted, this ordinance will apply instead of the MWELO.

H. One of the purposes of the MWELO is “to establish a structure for planning, designing, installing, maintaining and managing water efficient landscapes in new construction and rehabilitated projects by encouraging the use of watershed approach,” with recognition that such landscapes “will make the urban environment resilient in the face of climatic extremes and result in an improved urban setting.” (Cal. Code Regs., tit. 23, §490(b) and (c).) Consistent with the purpose of the MWELO, this ordinance is intended to govern those types of landscapes that are ornamental in nature and typically found in non-agricultural settings. This ordinance is not intended to govern agricultural cultivation activities.

I. In accordance with Sections 65595(c)(1) and 65597 of the Government Code, the Board of Supervisors hereby finds that this ordinance is at least as effective in conserving water as the revised MWELO. The elements of the MWELO identified in Section 65596 of the Government Code have been incorporated into this ordinance. Additional evidence that this ordinance is at least as effective in conserving water as the updated MWELO includes: the County requirement for Minor Landscape Package submittal applies to landscapes up to 2,500 square feet for new construction which is more restrictive than the MWELO that does not require compliance with the MWELO for landscapes up to 500 square feet for new construction; and the definition of “recreational area” is more restrictive than the MWELO definition, thereby limiting the number of areas that would automatically qualify as “Special Landscape Area.”

J. This ordinance also authorizes the Board of Supervisors to adopt, by separate resolution, a landscape manual to work in conjunction with the ordinance, implement the regulations, and provide technical information. Such manual could be updated periodically as needed by resolution.

K. This ordinance is intended to apply in the coastal and non-coastal zones of the unincorporated County. Adoption of this ordinance does not require an amendment to the Local

Coastal Program (“LCP”) or certification by the California Coastal Commission. Correspondence from the California Coastal Commission dated August 7, 2014 states that the “...existing regulations of the LCP appear to adequately cover the issue of water conservation/water efficiency in landscaping without the need to add any references to this new ordinance...” Therefore, the Board of Supervisors may adopt this ordinance without certification by the California Coastal Commission.

L. This ordinance is consistent with other water conservation policies and regulations set forth in the Monterey County Code (“MCC”).

1. Chapter 18.44 of the Monterey County Code requires low water use landscape material (drought tolerant or native plant material and low precipitation sprinkler heads such as bubblers, drip irrigation systems, and timing devices) as part of new construction in areas of the County served by California-American Water Service Company. Regulations contained in this ordinance require the use of drought tolerant landscape planting and water efficient irrigation and are therefore consistent with Chapter 18.44. Furthermore, projects exempt from this ordinance, but subject to MCC Chapter 18.44, remain subject to Chapter 18.44.

2. Chapter 18.50 of the MCC is applicable to the Greater Salinas Planning Areas, Toro Planning Area, Greater Monterey Peninsula Planning Area, and a portion of the North County Planning Area (including the coastal zone). Chapter 18.50 requires that landscape development for new construction include low water use, drought tolerant, or native plant material, low precipitation sprinkler heads, bubblers, drip irrigation systems, and timing devices. Regulations contained in this ordinance require the use of drought tolerant landscape planting and water efficient irrigation and are therefore consistent with Chapter 18.50. Furthermore, projects exempt from this ordinance, but subject to MCC Chapter 18.50, remain subject to Chapter 18.50.

3. This ordinance is consistent with existing regulations contained within the following chapters of the Monterey County Code: Chapter 10.46 – Weed Control; Chapter 15.12 – Water Conservation; Chapter 15.16 – Waste Water Use; Chapter 16.12 – Erosion Control; and Chapter 16.14 – Urban Stormwater Quality Management and Discharge Control.

M. This ordinance is consistent with the 2010 Monterey County General Plan, which is applicable in the non-coastal areas of the County, and implements the following 2010 Monterey County General Plan policies:

1. Policy No. OS-5.6 requires utilization of native, native compatible and drought resistant species in fulfilling landscaping requirements. This ordinance implements this policy, as it requires incorporation of native and/or native compatible drought tolerant planting.

2. Policy Nos. OS-5.14 and S-4.28 encourage exclusion of invasive plants and require the County to provide a list of fire-resistant plants. This ordinance implements these policies, as it prohibits the use of and encourages the eradication of invasive plants.

3. Policy No. PS-2.8 requires all projects to be designed to increase runoff retention, protect water quality, and enhance groundwater recharge through water impoundments, protection and planting of vegetation, and use of permeable paving materials, bioswales, water gardens, and cisterns. Techniques such as these and other Low Impact Development (“LID”) techniques are recommended in this ordinance.

4. Policy No. PS-3.11 requires the County to establish an ordinance identifying conservation measures that reduce potable water demand. The primary function of this ordinance is to increase water efficiency in landscaping, resulting in reducing the use of potable water.

5. Policy No. PS-3.12 requires the County to maximize the use of recycled water. This ordinance implements this policy, as it requires landscape projects to incorporate recycled water for irrigation wherever recycle water is available. Furthermore, applicants are incentivized to irrigate with recycled water, as it results in obtaining additional credit in their water budget calculation.

6. Policy No. PS-5.4 requires the County to promote the maximum use of solid waste source composting and environmentally safe transformation of wastes. This ordinance requires application of compost and mulch generated from waste conversion.

7. This ordinance addresses water conservation, groundwater recharge, eradication of invasive plants, and the retention and use of native and native compatible plants. These regulations are consistent with supplemental policies of the seven area plans that are part of the 2010 General Plan.

N. This ordinance is consistent with water conservation measures in the County’s certified Local Coastal Program, as supplemented by the 1982 Monterey County General Plan. This ordinance incorporates water conservation measures, drought resistant native and native compatible species, and the encouragement of energy savings.

O. The North County Land Use Plan, Big Sur Coast Land Use Plan, Carmel Area Land Use Plan, Del Monte Forest Land Use Plan and accompanying Coastal Implementation Plan contain policies and regulations requiring incorporation of water conserving landscape measures; planting of native, native compatible, and drought resistant vegetation; and the prohibition and eradication of invasive plant species. Regulations contained in this ordinance address these objectives and are therefore consistent with the Land Use Plans. Projects exempt from this ordinance but subject to the Land Use Plans and Coastal Implementation Plan will not be affected by adoption of this ordinance or approval of the Landscape Manual.

P. The County has adopted the 2019 California Green Building Standards Code, also known as CALGreen, with local modifications (Chapter 18.11 of the MCC). The water and energy conservation measures contained in this ordinance are consistent with and support implementation of the County’s green building requirements. Water use and energy consumption are inherently linked. Implementation of water conservation measures in new and

rehabilitated landscapes will result in secondary energy savings associated with the corresponding reduction in demand, production and transport of water resources.

Q. This ordinance implements the state's Short-Lived Climate Pollutant Reduction Strategy (SB1383) by including requirements for compost and mulch in landscaping.

R. Adoption of this ordinance is categorically exempt from environmental review pursuant to Sections 15307 and 15308 of the California Environmental Quality Act ("CEQA") Guidelines. Applying landscape requirements to projects will result in improving water and energy efficiency, thereby reducing water and energy consumption through landscape design. Consistent with Sections 15307 and 15308 of the CEQA Guidelines, adoption and implementation of this ordinance is an action taken by the County, as authorized by state law, to assure the maintenance, restoration, or enhancement of a natural resource and the environment (water and energy) through a regulatory process for the protection of the environment, including landscape and irrigation design requirements and the submittal and required approval of a Landscape Package.

SECTION 2. Chapter 16.63 is added to the Monterey County Code to read as follows:

## **CHAPTER 16.63 STANDARDS FOR LANDSCAPING**

### **Sections:**

- 16.63.010 – Purpose.**
- 16.63.020 – Definitions.**
- 16.63.030 – Applicability.**
- 16.63.040 – Landscape Manual.**
- 16.63.050 – Submittal Requirements of Landscape Package – Minor Landscapes.**
- 16.63.060 – Submittal Requirements of Landscape Package – Major Landscapes.**
- 16.63.070 – Planting Plan for Major Landscapes.**
- 16.63.080 – Irrigation Design Plan for Major Landscapes.**
- 16.63.090 – Water Efficient Landscape Requirements for Major Landscapes.**
- 16.63.100 – Soils Management Report Requirements for Major Landscapes.**
- 16.63.110 – Certificate of Completion Requirements for Major Landscapes.**
- 16.63.120 – Inspection Requirements.**
- 16.63.130 – Energy Efficiency.**
- 16.63.140 – Application Fee.**
- 16.63.150 – Public Education.**
- 16.63.160 – Amendments to Approved Landscape Packages.**
- 16.63.170 – Appeals.**
- 16.63.180 – Enforcement and Penalties.**

### **16.63.010 Purpose.**

The purpose of this Chapter is to provide a path for the design, installation, management, and maintenance of landscaping and irrigation within the built environment by establishing

landscape standards that minimize water use, eliminate water waste, and maximize energy efficiency by requiring low water landscape plantings, irrigation methods, and low energy lighting and ornamental landscape features in all of unincorporated Monterey County. Pursuant to Government Code Section 65595, this Chapter is intended to be at least as effective in water conservation as the state Model Water Efficient Landscape Ordinance (“MWELO”) and is intended to apply in lieu of the MWELO.

#### **16.63.020 Definitions.**

The definitions below are applicable to this Chapter. For terms that are defined by the MWELO and not defined by this Chapter, the definition in the MWELO shall apply. For terms that are defined by both this Chapter and the MWELO, the definition in this section shall apply for purposes of this Chapter:

A. “Agricultural cultivation activities” shall mean and include, but not be limited to, the cultivation and tillage of the soil, dairying, the production, cultivation, growing, and harvesting of any agricultural commodity including horticulture, timber, or apiculture, the raising of livestock, fish, or poultry, and any acceptable cultural practices performed as incident to, or in conjunction with such farming operations, including preparation for market, delivery to storage or market, or delivery to carriers for transportation to market. For purposes of this Chapter, the term “agricultural cultivation activities” does not include Special Landscape Areas.

B. “Applied water” means the portion of water supplied by the irrigation system to the landscape.

C. “California Invasive Plant Inventory” means the California Invasive Plant Inventory maintained by the California Invasive Plant Council.

D. “Certified irrigation designer” means a person certified to design irrigation systems by an accredited academic institution, a professional trade organization or other program such as the United States Environmental Protection Agency’s WaterSense irrigation designer certification program and Irrigation Association’s Certified Irrigation Designer program.

E. “Certified landscape irrigation auditor” means a person certified to perform landscape irrigation audits by an accredited academic institution, a professional trade organization or other program such as the United States Environmental Protection Agency’s WaterSense irrigation auditor certification program and Irrigation Association’s Certified Landscape Irrigation Auditor program.

F. “Chief of Planning” means the Chief of Planning as defined by the Monterey County Code. For the purposes of this Chapter, the Chief of Planning includes the designee(s) of the Chief of Planning.

G. “Compost” means the safe and stable product of controlled biologic decomposition of organic materials that is beneficial to plant growth.

H. “Controller” means an automatic timing device used to remotely control valves or heads to operate an irrigation system. A weather-based controller is a controller that utilizes evapotranspiration or weather data to make adjustments to irrigation schedules. A self-adjusting irrigation controller is a controller that uses onsite sensor data (e.g., soil moisture) to adjust irrigation schedules.

I. “Drip irrigation” means any non-spray low volume irrigation system utilizing emission devices with a flow rate measured in gallons per hour. Low volume irrigation systems

are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

J. “Ecological restoration project” means a project where the site is intentionally altered to establish a defined, indigenous, historic ecosystem.

K. “Energy efficient landscape” means any new or rehabilitated landscape, public or private, that helps a project achieve reduction in energy use when designed to provide a windbreak, or passive heating or cooling of a structure.

L. “Energy efficient lighting system” means any outdoor landscape lighting system consisting of at least ninety percent (90%) ENERGY STAR qualified hard-wired fixtures, solar powered lighting, and/or systems that employ programmable photocontrol or astronomical time-switch controls that automatically switch off when daylight is available.

M. “Established landscape” means the point at which plants in the landscape have developed significant root growth into the soil. Typically, most plants are established after one or two years of growth.

N. “Estimated Total Water Use” means the total water used for the landscape as described in Section 492.4 of the MWELO (Cal. Code of Regs. tit. 23, sec. 492.4).

O. “ET adjustment factor” (“ETAF”) means a factor of 0.55 for residential areas and 0.45 for non-residential areas, that, when applied to reference evapotranspiration, adjusts for plant factors and irrigation efficiency. The ETAF for a Special Landscape Area shall not exceed 1.0.

P. “Evapotranspiration rate” means the quantity of water evaporated from adjacent soil and other surfaces and transpired by plants during a specified time.

Q. “Flow rate” means the rate at which water flows through pipes, valves and emission devices, measured in gallons per minute, gallons per hour, or cubic feet per second.

R. “Graywater” means untreated wastewater that has not been contaminated by any toilet discharge, has not been affected by infectious, contaminated, or unhealthy bodily wastes, and does not present a threat from contamination by unhealthful processing, manufacturing, or operating wastes. Graywater includes, but is not limited to, wastewater from bathtubs, showers, bathroom washbasins, clothes washing machines, and laundry tubs, but does not include wastewater from kitchen sinks or dishwashers.

S. “Hardscapes” means any durable surface material (pervious or impervious).

T. “High water use plant” means any plant categorized as high water need by the Water Use Classification of Landscape Species guide (“WUCOLS”).

U. “Hydrozone” means a portion of the landscaped area having plants with similar water needs and rooting depths served by a valve or set of valves with the same schedule. A hydrozone may be irrigated or non-irrigated.

V. “Infiltration rate” means the rate of water entry into the soil expressed as a depth of water per unit of time (e.g., inches per hour).

W. “Invasive plant” means a species of plants not historically found in California that spreads outside cultivated areas and can damage environmental or economic resources and is listed as an invasive plant in either the California Invasive Plant Inventory; USDA invasive, noxious weeds database; or the Landscape Manual.

X. “Irrigation audit” means an in-depth evaluation of the performance of an irrigation system conducted by a Certified Landscape Irrigation Auditor. An irrigation audit shall include, but is not limited to: inspection, system tune-up, system test with distribution

uniformity or emission uniformity, reporting overspray or runoff that causes overland flow, and preparation of an irrigation schedule. The audit must be conducted in a manner consistent with the Irrigation Association's Landscape Irrigation Auditor Certification program or other United States Environmental Protection Agency "Watersense" labeled auditing program.

Y. "Irrigation design plan" means a plan that is consistent with the requirements outlined in Section 16.63.080 of this Chapter.

Z. "Irrigation efficiency" means the measurement of the amount of water beneficially used divided by the amount of water applied. Irrigation efficiency is derived from measurements and estimates of irrigation system characteristics and management practices. The irrigation efficiency for purposes of this Chapter is 0.75 for overhead spray devices and 0.81 for drip systems.

AA. "Irrigation meter" means a separate meter that measures the amount of water used for items such as lawns, washing exterior surfaces, washing vehicles, or filling pools.

BB. "Landscape architect" means a person who holds a license to practice landscape architecture in the State of California (California Business and Professions Code Section 5615 as may be periodically amended).

CC. "Landscape area" means all the planting areas, turf areas, and water features in a landscape design plan subject to the Maximum Applied Water Allowance calculation. Planted areas solely dedicated to edible plants such as private vegetable gardens and orchards are subject to the MAWA calculation for Special Landscape Areas. The landscape area does not include footprints of buildings or structures, sidewalks, driveways, parking lots, decks, patios, gravel or stone walks, other pervious or non-pervious hardscapes, and other non-irrigated areas designated for non-development (e.g., open spaces and existing native vegetation).

DD. "Landscape contractor" means a person licensed by the state of California to construct, maintain, repair, install, or subcontract the development of landscape systems.

EE. "Landscape Manual" means the manual adopted by the Board of Supervisors pursuant to Section 16.63.040 of this Chapter.

FF. "Landscape Package application" means the landscape materials required to be submitted for review and approval by the Chief of Planning pursuant to Section 16.63.050 or Section 16.63.060 of this Chapter.

GG. "Lateral line" means the water delivery pipeline that supplies water to the emitters or sprinklers from the valve.

HH. "Local water purveyor" means any entity, including a public agency, city, county, or private water company that provides retail water service.

II. "Low volume irrigation" means the application of irrigation water at low pressure through a system of tubing or lateral lines and low-volume emitters such as drip, drip lines, and bubblers. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

JJ. "Low water use plant" means any plant categorized as low water need by the Water Use Classification of Landscape Species ("WUCOLS") guide.

KK. "Major Landscape project" means a landscape project subject to Chapter 16.63 with an aggregate landscape area greater than two thousand five hundred (2,500) square feet.

LL. "Maximum Applied Water Allowance" ("MAWA") means the upper limit of annual applied water for the established landscaped area. It is based upon the area's reference

evapotranspiration, the ET Adjustment Factor, and the size of the landscape area as specified in the MWELo (See section 492.4 of the Title 23 of the California Code of Regulations).

MM. “Mined-land reclamation projects” means any surface mining operation with a reclamation plan approved in accordance with the Surface Mining and Reclamation Act of 1975.

NN. “Minor Landscape project” means landscape projects subject to Chapter 16.63 with an aggregate landscape area less than or equal to two thousand five hundred (2,500) square feet.

OO. “Model Water Efficient Landscape Ordinance (MWELo)” is the state’s model water efficient landscape ordinance codified at sections 490 through 495 of Title 23 of the California Code of Regulations, as may be periodically amended.

PP. “Moderate water use plant” means any plant categorized as moderate water need by the Water Use Classification of Landscape Species (“WUCOLS”) guide.

QQ. “Mulch” means any organic material such as leaves, bark, straw, compost, or inorganic mineral materials such as rocks, gravel, and decomposed granite left loose and applied to the soil surface for the beneficial purposes of reducing evaporation, suppressing weeds, moderating soil temperature, and preventing soil erosion.

RR. “Non-residential landscape” means landscapes in commercial, institutional, industrial and public settings that may have areas designated for recreation or public assembly. It also includes portions of common areas of common interest developments with designated recreational areas.

SS. “Operating pressure” means the pressure at which the parts of an irrigation system are designed by the manufacturer to operate.

TT. “Overhead irrigation systems” means systems that deliver water through the air (for example, pop-ups, impulse sprinklers, spray heads, rotors, and micro-sprays).

UU. “Overspray” means the irrigation water that is delivered beyond the landscape area, wetting pavements, walks, structures, or other non-landscaped areas.

VV. “Pervious” means any surface or material that allows the passage of water through the material and into the underlying soil.

WW. “Plant factor” or “plant water use factor” is a value, when multiplied by “reference evapotranspiration,” as defined below, that estimates the amount of water needed by plants. For purposes of this Chapter, the plant factor range for very low water use plants is less than 0.1, the plant factor range for low water use plants is 0.1 to 0.3, the plant factor range for moderate water use plants is 0.4 to 0.6, and the plant factor range for high water use plants is 0.7 to 1.0. Plant factors cited in this Chapter are derived from the MWELo, which derived the factors from the California Department of Water Resources publication “Water Use Classification of Landscape Species.” Plant factors may also be obtained from horticultural researchers from academic institutions or professional associations as approved by the California Department of Water Resources.

XX. “Planting Plan” is a plan that is consistent with the requirements outlined in Section 16.63.060 of this Chapter.

YY. “Rain sensor” or “rain sensing shutoff device” means a component which automatically suspends an irrigation event when it rains.

ZZ. “Recycled water,” “reclaimed water,” or “treated sewage effluent water” means treated or recycled waste water of a quality suitable for non-potable uses such as landscape irrigation and water features. This water is not intended for human consumption.

AAA. “Recreational area” means an area, excluding private single family residential area, designated for active play, recreation or public assembly such as parks, sports fields, picnic grounds, or amphitheaters.

BBB. “Reference evapotranspiration” means a standard measurement of environmental parameters which affect the water use of plants. Evapotranspiration is expressed in inches per day, month, or year, and is an estimate of the evapotranspiration of a large field of four to seven inches tall, cool-season grass that is well watered. Reference evapotranspiration is used as the basis of determining the Maximum Applied Water Allowance so that regional differences in climate can be accommodated.

CCC. “Rehabilitated landscape” means any re-landscaping of existing landscapes where the modified landscape area is equal to or greater than two thousand five hundred (2,500) square feet.

DDD. “Residential landscape” means landscape surrounding single or multifamily homes.

EEE. “Runoff” means water which is not absorbed by the soil or landscape to which it is applied and flows from the landscape area. For example, runoff may result from water that is applied at too great a rate (application rate exceeds infiltration rate) or when there is a slope.

FFF. “Soil moisture sensing device” or “soil moisture sensor” means a device that measures the amount of water in the soil. The device may also suspend or initiate an irrigation event.

GGG. “Special Landscape Area” means an area of the landscape dedicated solely to edible plants such as private vegetable gardens and orchards within the built environment, recreational areas, areas irrigated with recycled water, or water features using recycled water.

HHH. “Sprinkler head” means a device which delivers water through a nozzle.

III. “Stormwater control facility” means a structural feature intended to control or reduce stormwater runoff and associated pollutants, to induce or control the infiltration or groundwater recharge of stormwater, or to eliminate illicit or illegal non-stormwater discharges into stormwater conveyances.

JJJ. “Stormwater control measure” means any structural or non-structural strategy, practice, technology, process, program or other method intended to control or reduce stormwater runoff and associated pollutants, or to induce or control the infiltration or groundwater recharge of stormwater, or to eliminate illicit or illegal non-stormwater discharges into stormwater conveyances. Stormwater control measures include stormwater control facilities.

KKK. “Turf” means a ground cover surface of mowed grass and does not include artificial turf surfaces. For example, Annual bluegrass, Kentucky bluegrass, Perennial ryegrass, Red fescue, and Tall fescue are cool-season grasses and Bermuda grass, Kikuyu grass, Seashore Paspalum, St. Augustine grass, Zoysia grass, and Buffalo grass are warm-season grasses.

LLL. “Valve” means a device used to control the flow of water in the irrigation system.

MMM. “Water conserving plant species” means a plant species identified as having a very low or low plant factor.

NNN. “Water feature” means a design element where open water performs an aesthetic or recreational function. Water features include ponds, lakes, waterfalls, fountains, artificial streams, spas, and swimming pools where water is artificially supplied. The surface area of water features is included in the high water use hydrozone of the landscape area. Constructed facilities used for onsite wastewater treatment or stormwater control measures that are not

irrigated and used solely for water treatment or stormwater retention are not considered water features.

OOO. “Weather-based self-adjusting irrigation controller” means a system component that uses local weather and landscape conditions to adjust irrigation schedules automatically to actual conditions on the site or historical weather data.

PPP. “WUCOLS” means the Water Use Classification of Landscape Species guide published by the University of California Cooperative Extension and the California Department of Water Resources 2014, as may be periodically updated.

#### **16.63.030 Applicability.**

A. The provisions of this Chapter shall apply to all of the following categories of landscaping in all zoning districts in the coastal and non-coastal unincorporated areas of Monterey County:

1. New construction projects requiring a grading permit, building permit, or design approval with an associated new aggregate landscape area equal to or greater than five hundred (500) square feet;
2. New landscapes requiring a grading permit, building permit, or design approval with an aggregate landscape area equal to or greater than five hundred (500) square feet;
3. Construction projects requiring a grading permit, building permit, or design approval with associated rehabilitated landscapes having an aggregate landscape area equal to or greater than two thousand five hundred (2,500) square feet; and
4. Rehabilitated landscapes requiring a grading permit, building permit, or design approval with an aggregate landscape area equal to or greater than two thousand five hundred (2,500) square feet.

B. Applicable landscapes with an aggregate landscape area of two thousand five hundred (2,500) square feet or less are considered Minor Landscape projects and shall comply with the submittal requirements set forth in Section 16.63.050 of this Chapter.

1. Minor Landscape projects using treated or untreated graywater or rainwater captured onsite to irrigate the entire landscape area shall be subject to the approval of the County’s Environmental Health Bureau and, for the purposes of this Chapter, are not subject to Subsections 16.63.050.C.2 through 16.63.050.C.5 of this Chapter.

C. Applicable landscapes with an aggregate landscape area greater than two thousand five hundred (2,500) square feet are considered Major Landscape projects and shall comply with the submittal requirements set forth in Section 16.63.060 of this Chapter.

D. Exceptions. This Chapter does not apply to:

1. Local, state or federal historical sites listed in either the County’s Local Official Register of Historic Resources, the California Register of Historic Places, or the National Register of Historic Places;
2. Ecological restoration projects that do not require a permanent irrigation system;
3. Mined-land reclamation projects that do not require a permanent irrigation system;
4. Plant collections, as part of botanical gardens and arboretums open to the public;
5. Agricultural cultivation activities;
6. Construction of structures that do not include changes in existing landscape;

7. Changes in use of an existing structure that do not include changes to existing landscape;
  8. Constructed wetlands or other landscaped areas that are not irrigated and that are used solely for onsite wastewater treatment;
  9. New, existing or rehabilitated stormwater quality projects that are not irrigated and that are used solely for the purpose of improving runoff quality and/or retaining runoff for onsite infiltration;
  10. Natural areas including, but not limited to: open space, native vegetative areas, and pervious or non-pervious hardscapes that do not require a permanent irrigation system;
  11. Erosion control activities that do not require permanent irrigation systems such as hydroseeding; and
  12. Existing landscapes as defined in Section 16.63.150.B of this Chapter; however, such existing landscapes are strongly encouraged to reduce water consumption pursuant to Section 16.63.150.
- E. New cemeteries are exempt from the specific requirements of this Chapter but are required to engage in landscape maintenance practices that foster long-term water conservation, such as performing routine repair and adjustment of irrigation systems, conducting audits of water use, and prescribing the amount of water applied per landscaped acre.
- F. Landscape projects that are within the California-American Water Company service area, as defined in Chapter 18.44 of the Monterey County Code, are subject to Chapter 18.44. Chapter 16.63 is intended to work in conjunction with other County regulations pertaining to water conservation; however, if any provision of Chapter 16.63 is inconsistent with Chapter 18.44, then the provisions of Chapter 16.63 shall prevail.
- G. Landscape projects that are within the North County Land Use Plan (coastal) area and inland areas as shown in Chapter 18.50 of the Monterey County Code are subject to Chapter 18.50. Chapter 16.63 is intended to work in conjunction with other County regulations pertaining to water conservation; however, if any provision of Chapter 16.63 is inconsistent with Chapter 18.50, then the provisions of Chapter 16.63 shall prevail.

#### **16.63.040 Landscape Manual.**

The Board of Supervisors may by resolution adopt, and may from time to time amend, a Landscape Manual to establish guidelines to explain and implement this Chapter. The Landscape Manual shall explain the specific procedures and technical requirements of this Chapter. The Landscape Manual shall include the elements of the Landscape Package for Minor and Major Landscape projects, Water Efficient Landscape Worksheet, Soils Management Report, Planting Design Plan, Irrigation Design Plan, grading information, Minor Certificate of Completion, and Certificate of Completion. If any provisions of the Landscape Manual conflict with any provisions of this Chapter, the provisions of this Chapter shall prevail.

#### **16.63.050 Submittal Requirements of Landscape Package – Minor Landscapes.**

A. Prior to County issuance of a grading permit, building permit, or design approval associated with Minor Landscape projects subject to this Chapter, the applicant shall submit a Minor Landscape Package to the Chief of Planning for review and approval. The Minor Landscape Package shall contain all information and documentation, in sufficient detail, as specified in this section and the Landscape Manual. The Chief of Planning shall approve the

package once he or she has verified that the proposed Minor Landscape project complies with the provisions of this Chapter, the provisions of the Landscape Manual, applicable requirements of the Monterey County Code, and conditions of any applicable land use permit or other entitlement. The approved Landscape Package application submittal form as provided in the Landscape Manual must be used.

1. If the Chief of Planning denies the Minor Landscape Package application, the County shall provide information to the project applicant regarding resubmittal with the appropriate information and information regarding right of appeal.

B. The Minor Landscape Package shall include general project information such as the date prepared, project applicant and contact information, name of and authorization by property owner if different than project applicant, project location, project type (i.e. residential, non-residential, rehabilitated landscape), total square footage of landscape area including a breakdown of turf and other plant material, and water supply or water purveyor.

C. Planting and irrigation plans submitted as part of the Minor Landscape Package are not required to be drawn by licensed architect or contractor. However, the plans shall include and demonstrate how the landscaping is consistent with the following information:

1. The landscape design shall include requirements for soil preparation, mulch, and amendments as follows:

a. Incorporate compost at a rate of at least four (4) cubic yards per one thousand (1,000) square feet to a depth of six (6) inches into the landscape area, unless contra-indicated by a Soils Management Report. Soils with greater than six percent (6%) organic matter in the top six (6) inches of soil are exempt from adding compost and tilling.

b. Apply a minimum three- (3-) inch layer of mulch on all exposed soil surfaces of planting areas except in turf areas, creeping or rooting groundcovers, or direct seeding applications where mulch is contraindicated. To provide habitat for beneficial insects and other wildlife, up to five percent (5%) of the landscape area may be left without mulch. Designated habitat for beneficial insects or other wildlife must be included in the landscape design as such.

c. Require from suppliers and contractors that organic mulch materials made from recycled or post-consumer materials shall take precedence over inorganic materials or virgin forest products unless the recycled post-consumer organic products are not locally available. Organic mulches are not required where prohibited by local fuel modification plan guidelines or when contra-indicated by a biological report or restoration plan.

2. Residential projects shall include installation of climate adapted plants that require occasional, little or no summer water (average WUCOLS plant factor 0.3) for seventy-five percent (75%) of the plant area, excluding "Special Landscape Areas."

3. Non-residential projects shall include installation of climate adapted plants that require occasional, little or no summer water (average WUCOLS plant factor 0.3) for one hundred percent (100%) of the plant area, excluding areas solely dedicated to edible plants and areas using recycled water.

4. Turf shall be limited to twenty percent (20%) of the landscape area or up to one thousand five hundred (1,500) square feet, whichever is less, for residential projects. Planting of turf shall be prohibited in the following conditions:

- a. Non-residential Minor Landscape projects;
- b. Slopes exceeding ten percent (10%);
- c. Planting areas eight (8) feet wide or less; and

d. Street medians, traffic islands, planter strips, or bulb-outs of any size.

5. Inefficient landscape irrigation resulting in water waste is prohibited. Therefore, irrigation systems shall comply with the following requirements:

a. Automatic irrigation controllers are required and must use evapotranspiration or soil moisture sensor data and a rain sensor.

b. Pressure regulators shall be installed on the irrigation system to ensure the dynamic pressure of the system is within the manufacturer's recommended pressure range.

c. Manual shutoff valves shall be installed as close as possible to the point of connection of the water supply.

d. Areas less than ten (10) feet in width in any direction shall be irrigated with subsurface irrigation or other means that produce no runoff or overspray.

e. Non-residential Minor Landscape projects served by a public water system with landscape areas of one thousand (1,000) square feet or greater shall require installation of a private submeter(s) to measure landscape water use.

D. The Minor Landscape Package shall contain the following statement: "I \_\_\_\_\_ agree to comply with the Monterey County landscaping requirements including, but not limited to, the use of native, drought tolerant, non-invasive species, limited turf, and incorporation of compost and organic mulch material." The verification shall be signed and dated by the project applicant and also signed and dated by the property owner if different than the project applicant.

E. Upon completion of installation of the Minor Landscape project, but prior to occupancy or final of associated grading or building permits, the permit applicant shall provide the property owner and the Chief of Planning with a Minor Landscape Certificate of Completion. The Minor Landscape Certificate of Completion shall comply with the requirements of this section and all applicable sections of the Landscape Manual.

1. The Minor Landscape Certificate of Completion shall include all of the following: project information, a certificate of installation, an irrigation schedule, and a landscape and irrigation maintenance schedule.

2. The approved form for the Minor Landscape Certificate of Completion as provided in the Landscape Manual must be used.

3. A Minor Landscape Certificate of Completion shall not be accepted by the Chief of Planning unless it is complete and meets all the requirements of this section.

4. The Chief of Planning shall approve or deny the Minor Landscape Certificate of Completion. If the Minor Landscape Certificate of Completion is denied, the County shall provide information to the project applicant regarding resubmittal with the appropriate information, amendment to the approved landscape package, or right of appeal.

F. Prior to County final of grading or building permits associated with a Minor Landscape project subject to this Chapter, the Minor Landscape project shall pass a final inspection by the Chief of Planning as set forth in Section 16.63.120 of this Chapter.

G. Obligations of Assignees and Successors.

1. The project applicant and the property owner, if different from the project applicant, and their successors and assignees shall comply with the approved Minor Landscape Package.

2. All required landscaping shall be reasonably maintained for the life of the project in healthy condition, free from disease, pests, weeds, and trash.

3. Replacement planting with different species is acceptable without amendment to the approved Minor Landscape Package provided that the water use is lower or remains the same as that which was previously approved. Modifications to landscaping that would result in higher water use than approved in the Minor Landscape Package shall require an amendment as required by Section 16.63.160.B of this Chapter.

**16.63.060 Submittal Requirements of Landscape Package – Major Landscapes.**

A. Prior to County issuance of a grading permit, building permit, or design approval associated with Major Landscape projects subject to this Chapter, the applicant shall submit a Major Landscape Package to the Chief of Planning for review and approval. The Major Landscape Package shall contain all information and documentation, in sufficient detail, as specified in this section and the Landscape Manual. The Chief of Planning shall approve the package once he or she has verified that the proposed landscape project complies with the provisions of this Chapter, the provisions of the Landscape Manual, applicable requirements of the Monterey County Code, and conditions of any applicable land use permit or other entitlement. The approved Landscape Package application submittal form as provided in the Landscape Manual must be used.

1. If the Chief of Planning denies the Major Landscape Package application, the County shall provide information to the project applicant regarding resubmittal with the appropriate information and information regarding right of appeal.

B. The Major Landscape Package shall include general project information such as the date prepared, project applicant and contact information, name of and authorization by the property owner if different than project applicant, project location, project type (i.e. residential, non-residential, rehabilitated landscape), total square footage of landscape area including a breakdown of turf and other plant material, and water supply or water purveyor.

C. A Planting Plan shall be submitted by the applicant as part of the Major Landscape Package meeting the requirements set forth in Section 16.63.070 of this Chapter.

D. An Irrigation Design Plan shall be submitted by the applicant as part of the Major Landscape Package meeting the requirements set forth in Section 16.63.080 of this Chapter.

E. Major Landscape projects shall meet the Water Efficient Landscape Requirements set forth in Section 16.63.090 of this Chapter.

F. A Soils Management Report containing information set forth in Section 16.63.100 of this Chapter shall be submitted as part of the Major Landscape Package.

G. Upon completion of the Major Landscape project, a Certificate of Completion shall be submitted to the Chief of Planning consistent with Section 16.63.110 of this Chapter.

H. Prior to County final of grading permit or building permits for a Major Landscape project subject to this Chapter, the Major Landscape project shall pass a final inspection by the Chief of Planning as set forth in Section 16.63.120 of this Chapter.

I. The Major Landscape Package shall contain the following statement: “I \_\_\_\_\_ agree to comply with the Monterey County Major Landscape requirements including, but not limited to, the use of native, drought tolerant, non-invasive species, limited turf, and incorporation of compost and organic mulch material.” The verification shall be signed and dated by the project applicant and also signed and dated by the property owner if different than the project applicant.

J. Obligations of Assignees and Successors.

1. The project applicant and the property owner, if different from the project applicant, and their successors and assignees shall comply with the approved Major Landscape Package.
2. All required landscaping shall be reasonably maintained for the life of the project in healthy condition, free from disease, pests, weeds, and trash.
3. Replacement planting with different species is acceptable without amendment to the approved Major Landscape Package provided that the water use is lower or remains the same as that which was previously approved. Modifications to landscaping that would result in higher water use than approved in the Major Landscape Package shall require an amendment as required by Section 16.63.160.B of this Chapter.

**16.63.070 Planting Plans for Major Landscapes.**

- A. For the efficient use of water, Planting Plans for Major Landscape projects shall meet all the requirements, shown in sufficient detail, listed in this section, the Landscape Manual, applicable requirements of the Monterey County Code, and conditions of approval for any applicable land use permit or other entitlement.
- B. The Planting Plan shall meet the following requirements:
  1. The Planting Plan shall be drawn by a licensed architect, a licensed contractor, or any other person authorized to design a landscape.
  2. The Planting Plan shall include grading design that minimizes soil erosion, runoff, and water waste.
  3. Turf shall be limited to twenty percent (20%) of the landscape area or up to one thousand five hundred (1,500) square feet, whichever is less, unless the turf area is designated as a Special Landscape Area and is dedicated as a recreational area. Planting of turf is prohibited in the following conditions:
    - a. Slopes exceeding ten percent (10%);
    - b. Planting areas eight (8) feet wide or less; and
    - c. Street medians, traffic islands, planter strips, or bulb-outs of any size.
  4. All non-turf plants shall be selected, spaced, and planted appropriately based upon their adaptability to the climatic, geologic, and topographical conditions of the project site.
  5. Invasive plants are strictly prohibited and eradication of invasive plants in the landscape area is highly encouraged.
  6. Selected plants shall include the use of native and/or native compatible species.
  7. Landscape planting shall include the use of drought resistant species.
  8. Landscape planting shall include the use of fire resistant plant species and shall be consistent with fire safe landscaping required by the designated fire district and, as applicable, Chapter 18.56 (Wildfire Protection Standards in State Responsibility Areas) of the Monterey County Code.
  9. Plants with similar water use needs shall be grouped together in distinct hydrozones. Where irrigation is required, the distinct hydrozones shall be irrigated with separate valves.
  10. Plants with low and high water use shall not be included in the same hydrozone.
- C. Plants with high water use shall be prohibited in street medians.
- D. Planting Plans shall include soil preparation methods, mulch and amendments recommended in the Soils Management Report.

E. Planting Plans shall contain the following statement: “I \_\_\_\_\_ certify that this planting plan complies with all Monterey County landscaping requirements including, but not limited to, the use of native drought tolerant, non-invasive species, and limited turf, and incorporation of compost and organic mulch material.” The verification shall be signed by a licensed landscape architect, a licensed landscape contractor, or any other person authorized to design a landscape.

#### **16.63.080 Irrigation Design Plans for Major Landscapes.**

A. For the efficient use of water, an automated irrigation system for Major Landscape projects shall meet all the requirements, shown in sufficient detail, listed in this section, the Landscape Manual, applicable requirements of the Monterey County Code, and conditions of approval of any applicable land use permit or other entitlement.

B. All irrigation design and specifications included in the Irrigation Design Plan shall meet the following requirements:

1. The Irrigation Design Plan shall be drawn by a licensed architect, a licensed contractor, a certified irrigation designer, or any other person authorized to design a landscape.

2. All irrigation systems shall be designed to prevent runoff, low head drainage, overspray, or other similar conditions where irrigation water flows onto non-targeted areas such as adjacent properties, hardscapes, roadways, or structures.

3. The irrigation system shall comply with the applicable manufacturer’s recommendations.

4. The irrigation system and its related components shall be planned and designed to allow for proper installation, management and maintenance.

5. The design of the irrigation system shall conform to the hydrozones delineated in the Planting Plans. Separate valves shall be used to irrigate hydrozones with high water use plants and moderate or low water use plants.

6. All irrigation systems shall be designed and installed to meet irrigation efficiency criteria as described in the Maximum Applied Water Allowance and subject to the requirements listed in 16.63.090 of this Chapter.

7. Irrigation system features and design shall be consistent with the Landscape Manual.

C. Inefficient landscape irrigation resulting in water waste is prohibited. Accordingly, runoff leaving the target landscape due to low head drainage, overspray, or other similar conditions where water flows onto adjacent property, non-irrigated areas, walks, roadways, parking lots, or structures is prohibited. Restrictions regarding overspray and runoff may be modified for individual projects only if the applicant demonstrates to the satisfaction of the Chief of Planning that:

1. The landscape area is adjacent to permeable surfacing and no runoff occurs; or

2. The adjacent non-permeable surfaces are designed and constructed to drain entirely to landscaping.

D. The following statement shall be included within the Irrigation Design Plans: “I \_\_\_\_\_ certify that this irrigation plan complies with all Monterey County landscaping requirements including, but not limited to, the use of low flow and water conserving irrigation fixtures.” The verification shall be signed by a licensed landscape architect, a licensed landscape contractor, or any other person authorized to design an irrigation plan.

**16.63.090 Water Efficient Landscape Requirements for Major Landscapes.**

A. To ensure Major Landscape projects conserve water to the maximum extent possible, information included within the Water Efficient Landscape Worksheet shall be consistent with the requirements listed in this section, the Landscape Manual, applicable requirements of the Monterey County Code, and conditions of approval of any applicable land use permit or other entitlement. In the absence of a Landscape Manual adopted by the Board of Supervisors, the MWELo formulas and calculations apply to implement this section.

B. Water budget calculations shall meet the following requirements:

1. The surface area of all water features shall be calculated as high water use and incorporated within a high water use hydrozone.

2. Temporarily irrigated areas shall be calculated as low water use and incorporated within a low water use hydrozone.

3. Water budget calculations for the Maximum Applied Water Allowance shall be calculated using the formula found in the Landscape Manual.

4. The calculation of a project's Estimated Total Water Use shall be performed using the formula found in the Landscape Manual.

C. For calculation of the Maximum Applied Water Allowance and Estimated Total Water Use, the project applicant shall use the annual evapotranspiration values contained within the Landscape Manual.

D. Landscape projects subject to this section shall not apply water to the landscape in excess of the maximum amount of water allowed. The Estimated Total Water Use shall not exceed the Maximum Applied Water Allowance.

E. Rain gardens, cisterns, and other landscapes features and practices that increase rainwater capture and create opportunities for infiltration and/or onsite storage are recommended. Rainwater catchment systems shall meet the requirements of the California Plumbing Code, including any modifications adopted by the County, and are subject to approval by the County's Environmental Health Bureau.

F. To promote the efficient use of water, the use of graywater systems for irrigation is recommended. Graywater systems shall meet the requirements of the California Plumbing Code, including any modifications adopted by the County, and are subject to approval by the County's Environmental Health Bureau.

G. Landscape projects subject to this section shall incorporate the use of recycled water for irrigation and meet the three regulations set forth below when, in the determination of the County, recycled water is available and connection to recycled water is feasible.

1. All recycled water irrigation systems shall be designed and operated in accordance with all State and County laws and regulations related to recycled water use.

2. The installation of recycled water irrigation systems shall allow for the current and future use of recycled water, unless a written exemption has been granted pursuant to this subdivision G.

3. Irrigation systems and decorative water features shall use recycled water unless a written exemption has been granted by the local water purveyor stating that recycled water meeting all public health codes and standards is not available and will not be available for the foreseeable future.

H. For the efficient use of water, all irrigation schedules shall be developed, managed, and evaluated to utilize the minimum amount of water required to maintain plant health. The irrigation schedule shall be consistent with the requirements of this section, the applicable sections of the Landscape Manual, and include the following:

1. The irrigation schedule shall be developed by a landscape architect, landscape contractor, or any other person authorized to install irrigation equipment.

2. The irrigation schedule shall factor irrigation run times, emission device, flow rate, and current reference evapotranspiration, so that the applied water meets the Estimated Total Water Use.

3. The irrigation schedule shall be submitted with the landscape Certificate of Completion pursuant to Section 16.63.110 of this Chapter.

I. In order to maintain plant health and functioning irrigation equipment, a landscape planting and irrigation maintenance schedule shall be developed incorporating the requirements of this section, the applicable sections of the Landscape Manual, and include the following:

1. A regular maintenance schedule shall be developed by a landscape architect, landscape contractor, or any other person authorized to design and maintain landscape planting and irrigation.

2. A regular maintenance schedule shall include, but is not limited to, routine inspection, adjustment, and repair of the irrigation system and its components.

3. A note shall be included stating that any replacement plants shall not exceed the water use for the hydrozone.

4. A regular maintenance schedule shall make provisions for irrigation inspections, systems tune-up, and system tests with distribution uniformity preventing overspray or run off that causes overland flow.

5. A regular maintenance schedule shall be submitted with the landscape Certificate of Completion in accordance with Section 16.63.110 of this Chapter.

#### **16.63.100 Soils Management Report Requirements for Major Landscapes.**

A. A Soils Management Report shall be completed by the applicant and submitted with the Major Landscape Package. In order to promote healthy plant growth and prevent excessive erosion and runoff, the Soils Management Report shall be consistent with the required information outlined in this section and the applicable sections of the Landscape Manual.

B. The Soils Management Report shall be prepared by a certified laboratory and evaluate soils relative to horticulture.

C. The soil analysis shall include: soil texture, infiltration rate, pH, total soluble salts, sodium, and percentage of organic matter.

D. Soil samples shall be from the site and analyzed to identify quality top soil, soil limitations, and soil composition information necessary for planting.

1. Projects with multiple landscape installations, (e.g., subdivisions) a soil sampling rate of one (1) in seven (7) lots or approximately fifteen percent (15%) will satisfy this requirement.

2. Projects with large landscape areas shall have a soil sample at a rate of at least fifteen percent (15%).

E. The Soils Management Report shall include recommendations for soil amendments based on the conditions of the site and the intended planting, and integrate no less than the following:

1. Incorporate compost at a rate of at least four (4) cubic yards per one thousand (1,000) square feet to a depth of six (6) inches into the landscape area, unless contra-indicated by a Soils Management Report. Soils with greater than six percent (6%) organic matter in the top six (6) inches of soil are exempt from adding compost and tilling.

2. Apply a minimum three- (3-) inch layer of mulch on all exposed soil surfaces of planting areas except in turf areas, creeping or rooting groundcovers, or direct seeding applications where mulch is contraindicated. To provide habitat for beneficial insects and other wildlife, up to five percent (5%) of the landscape area may be left without mulch. Designated habitat for beneficial insects or other wildlife must be included in the landscape design as such.

3. Require from suppliers and contractors that organic mulch materials made from recycled or post-consumer materials shall take precedence over inorganic materials or virgin forest products unless the recycled post-consumer organic products are not locally available. Organic mulches are not required where prohibited by local fuel modification plan guidelines or when contra-indicated by a Biological Report or Restoration Plan

F. The Soils Management Report shall be used in conjunction with the preparation of the planting and irrigation plans.

#### **16.63.110 Certificate of Completion Requirements for Major Landscapes.**

A. Upon completion of installation of a Major Landscape project, but prior to occupancy or final of the associated grading or building permits, the permit applicant shall provide the property owner and the Chief of Planning with a Certificate of Completion. The Certificate of Completion shall comply with the requirements of this section and all applicable sections of the Landscape Manual.

B. Certificate of Completion – Form and Content.

1. The Certificate of Completion shall include all of the following: project information; certification for installation of the landscape planting and irrigation; the proposed irrigation schedule; an irrigation audit; the proposed schedule for landscape planting and irrigation maintenance; and verification of implementing recommendations of the Soils Management Report.

a. Irrigation audits shall not be conducted by the person who designed and/or installed the landscape.

b. The Certificate of Completion shall be signed by either the person or entity who signed the Planting Plan, the person or entity who signed the Irrigation Design Plan, or the licensed landscape contractor who installed the landscape.

2. If minor changes were made during installation, as-built plans shall be included with the certification. As-built plans must be in conformance with Sections 16.63.070, 16.63.080, 16.63.090, and 16.63.130 of this Chapter.

3. If significant changes were made during installation, the project shall require an amendment to the approved Major Landscape Package as required by Section 16.63.160 of this Chapter.

4. A copy of the approved form for the Certificate of Completion can be found in the Landscape Manual, or in the absence of an adopted Landscape Manual, shall be in a form acceptable to the Chief of Planning.

C. A Certificate of Completion shall not be accepted by the Chief of Planning unless it is complete and meets all the requirements of this section.

D. The Chief of Planning shall approve or deny the Certificate of Completion. If the Certificate of Completion is denied, the County shall provide information to the project applicant regarding resubmittal with the appropriate information, an amendment to the approved landscape package, or right of appeal.

#### **16.63.120 Inspection Requirements.**

A. Prior to the final of grading or building permits associated with Major and Minor Landscape projects subject to the provisions of this Chapter, inspection by the Chief of Planning to verify compliance with the approved Landscape Package shall be required.

B. No applicant shall be deemed to have complied with the provisions for Major or Minor Landscape projects pursuant to this Chapter until the Chief of Planning has completed a final inspection of the work and verified compliance with the approved Landscape Package.

C. Landscape inspections pursuant to this Chapter shall not be construed as approving a violation of the provisions of the Monterey County Code.

#### **16.63.130 Energy Efficiency.**

Energy use and conservation measures shall be incorporated within a landscape project. Landscape lighting shall be designed for energy efficiency and utilize one or both of the following:

A. ENERGY STAR qualified hard-wired fixtures. All hard-wired lighting shall employ programmable photocontrol or astronomical time-switch controls that automatically switch off when daylight is available.

B. Solar powered lighting systems.

#### **16.63.140 Application Fees.**

A. The Board of Supervisors may establish a schedule of fees for the processing of Landscape Package applications.

B. No Landscape Package application shall be deemed complete, and processing shall not commence on any Landscape Package application, until all required application fees and/or deposits have been paid.

#### **16.63.150 Public Education.**

A. The purpose of this section is to encourage reduction of excessive water use in landscapes through public education.

B. Existing landscapes installed prior to the enactment of Chapter 16.63 are strongly encouraged to reduce water consumption through participation in water conservation programs, including but not limited to those listed in this section. "Existing landscapes" means landscapes installed in any development in the unincorporated County prior to the effective date of the ordinance enacting this Chapter 16.63, if no changes that would trigger application of this Chapter are proposed.

1. Existing landscapes located within the Monterey Peninsula Water Management District are strongly encouraged to participate in applicable landscape rebate programs, landscape water audit/budget analysis, and/or any other available water conservation programs to the greatest extent feasible.

2. Existing landscapes located within the jurisdictional boundaries of the Pajaro Valley Water Management Agency are strongly encouraged to participate in the Local Residential Water Conservation rebate programs to the greatest extent feasible.

3. Existing landscapes served by a water system with fewer than 200 connections shall be consistent with the conservation measures identified in the system's Urban Water Conservation Plan if the water system has adopted such plan.

4. Existing landscapes served by private wells in the unincorporated areas of Monterey County shall employ the water conservation measures found within this Chapter and the Landscape Manual to the greatest extent feasible.

C. All model homes that are landscaped shall use signs and written information to demonstrate the principles of water efficient landscapes described in this Chapter.

1. Signs shall be used to identify the model as an example of a water efficient landscape featuring elements such as hydrozones, irrigation equipment, use of native plants, graywater systems, and rainwater catchment systems to demonstrate low water use approaches and techniques in landscaping.

2. Information relative to designing, installing, managing and maintaining water efficient landscapes shall be provided to homebuyers.

D. The Landscape Manual shall contain information promoting the efficient use of water in landscapes, and the benefits of doing so. The Landscape Manual shall include information for owners of new, single-family residential homes regarding the design, installation, management, and maintenance of water efficient landscapes. Information about available water conservation programs, such as the programs listed in Section 16.63.150.B above, shall also be included in the Landscape Manual to encourage participation.

#### **16.63.160 Amendments to Approved Landscape Packages.**

A. Proposed amendments to an approved Minor Landscape Package shall be submitted to the Chief of Planning for review and approval. The amendment shall be in writing, provide sufficient detail to adequately address the nature of the amendment and demonstrate consistency with the requirements of Sections 16.63.050.B, 16.63.050.C, and 16.63.050.E of this Chapter, and provide such other information as the Chief of Planning may require to evaluate the amendment. Amendments shall be processed in the same manner as the landscape package application.

B. Proposed amendments to an approved Major Landscape Package shall be submitted to the Chief of Planning for review and approval. The amendment shall be in writing, provide sufficient detail to adequately address the nature of the amendment and demonstrate consistency with the requirements of Sections 16.63.070, 16.63.080, 16.63.090, and 16.63.130 of this Chapter, and provide such other information as the Chief of Planning may require to evaluate the amendment. Amendments shall be processed in the same manner as the landscape package application.

#### **16.63.170 Appeals.**

Any denial by the Chief of Planning of a Minor or Major Landscape Package, Minor Landscape Certificate of Completion, or Certificate of Completion pursuant to this Chapter may be appealed by the applicant to the Monterey County Board of Supervisors. Said appeal shall be filed with the Clerk of the Board of Supervisors within ten (10) days of mailing by the County of the notice of the denial. The appeal shall be filed on such form as shall be prescribed by the County and accompanied by such appeal fees as the Board of Supervisors may adopt. The appeal shall be brought to hearing within sixty (60) days of the Clerk's acceptance of the appeal. The Board of Supervisors may grant or deny the appeal in whole or in part. The decision of the Board of Supervisors shall be final.

#### **16.63.180 Enforcement and Penalties.**

A. The Chief of Planning may enforce the provisions of this Chapter. All departments, officials, and public employees vested with the duty or authority to issue permits or licenses shall not issue a permit or license for uses, buildings or purposes in conflict with the provisions of this Chapter, and any such permit or license issued in conflict with the provisions of this Chapter shall be null and void. The Chief of Planning may delegate enforcement responsibilities to other County employees.

B. Any landscaping that is installed, constructed, altered, enlarged, converted, moved, or maintained contrary to the provisions of this Chapter, or failure to comply with any of the conditions of a permit or variance granted to implement this Chapter, is declared to be unlawful and shall be subject to enforcement under the Monterey County Code, including but not limited to Chapters 1.20 (Enforcement of Code) and 1.22 (Administrative Remedies for Code Enforcement) of the Monterey County Code. The County may, in its discretion, in addition to all other remedies, take such enforcement action as is authorized under the Monterey County Code and/or any other action authorized by law to enforce this Chapter.

SECTION 3. SEVERABILITY. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid.

SECTION 4. This ordinance shall become effective on the thirty-first day following its adoption.

PASSED AND ADOPTED on this \_\_\_\_ day of \_\_\_\_\_, 2021, by the following vote:

**Before the Planning Commission in and for the  
County of Monterey, State of California**

**COUNTY OF MONTEREY (REF110056)**

**RESOLUTION NO. 15-027**

Resolution by the Monterey County Planning Commission to recommend the Board of Supervisors:

- 1) Find the project exempt from CEQA pursuant to Sections 15307 and 15308 of the CEQA Guidelines;
- 2) Amend the Monterey County Code to:
  - a. Add Chapter 16.64 – The Inland Water and Energy Efficient Landscape;
  - b. Add Chapter 16.63 – The Coastal Water and Energy Efficient Landscape; and
- 3) Adopt a resolution approving the Monterey County Landscape Manual – Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation.

[REF150056, Water and Energy Efficient Landscape Ordinance, County-wide]

**The Water and Energy Efficient Landscape Ordinance (REF110056) came on for public hearing before the Monterey County Planning Commission on March 25, 2015. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony, and other evidence presented, the Planning Commission finds and decides as follows:**

WHEREAS, water conservation is a primary concern locally and state-wide as it remains to be in limited supply while the demand for it continues to increase.

WHEREAS, Assembly Bill 1881 – Water Conservation in Landscaping Act (AB 1881) required the Department of Water Resources to develop and adopt an updated State Model Water Efficient Landscape Ordinance (State Model Ordinance). AB 1881 mandates local governments to either adopt the State Model Ordinance or an ordinance that is at least as effective in water conservation water by January 1, 2010. If neither has occurred by that date, the local agency is required to enforce the State Model Ordinance.

WHEREAS, consistent with the requirements of AB 1881, RMA-Planning staff initiated drafting the Water and Energy Efficient Landscape Ordinance and the Monterey County Landscape Manual – Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation.

WHEREAS, on November 8, 2012 and March 27, 2014, the concept of the Water and Energy Efficient Landscape Ordinance was brought before the Alternative Energy & Environment committee. No substantive comments were received and staff was directed to proceed as intended.

WHEREAS, on December 12, 2012 and April 9, 2014 the Planning Commission conducted public workshops to discuss AB 1881, compliance options for the County and provide comment on the proposed landscape regulations. Comments relative to the separation of inland and coastal regulations, existing landscapes, replanting, applicability differences, clarification of the definition for “developer installed” and “homeowner installed,” and the requirement of using a certified professional were received. Following Planning Commission direction, regulations for inland and coastal areas have been separated and the remaining concerns are addressed in the proposed ordinances and landscape manual.

WHEREAS, on February 11, 2015, the Planning Commission held a public hearing to review the proposed landscape regulations and manual and make recommendation to the Board of Supervisors. Considering the drought conditions of Monterey County, the commission stressed the importance of water conservation and directed staff to re-analyze the proposed documents to ensure that the County strives to implement conservation measures beyond what is required by state law.

WHEREAS, the proposed landscape regulations meet the minimum requirement of state law. Pursuant to Section 65596 of the Government Code, specific elements within the State Model Ordinance have been incorporated in the inland and coastal regulations.

WHEREAS, the proposed Inland Water and Energy Efficient Landscape Ordinance is consistent with the existing regulations applicable to the inland areas of the County. Specifically, the proposed ordinance is consistent with Chapters 10.46 – Weed Control, 15.12 – Water Conservation, 15.16 – Waste Water Use, 16.12 – Erosion Control, 16.14 – Urban Stormwater Quality Management and Discharge Control, 18.44 – Residential and Commercial Water Conservation Measures, and 18.50 – Residential, Commercial and Industrial Water Conservation Measures of the Monterey County Code. The proposed ordinance is consistent with the 2010 General Plan, area plans, and the Monterey County Zoning Ordinance Title 21.

WHEREAS, On July 22, 1997, the Monterey County Water Resources Agency (WRA) adopted Ordinance No. 3932, addressing water efficiency in landscaping through the use of drought tolerant planting, encouraging the use of non-potable water for landscape irrigation, and limiting the use of turf grass. The proposed Inland Water and Energy Efficient Landscape Ordinance is consistent with WRA Ordinance No. 3932 as it requires drought tolerant planting, encourages the use of recycled water and stormwater for irrigation and limits turf area.

WHEREAS, the proposed Inland Water and Energy Efficient Landscape Ordinance is consistent with the water conservation measures required by the Monterey Peninsula Water Management District (MPWMD) and the Marina Coast Water District (MCWD). Certain inland areas of unincorporated Monterey County lie within the jurisdictional boundaries of the MPWMD and MCWD, and therefore are subject to their regulations. MPWMD Rule 142, Water Efficiency Standards, requires landscaping to be consistent with the State Model Ordinance. MCWD Ordinance No. 40 and Section 3.36.030S.2, Water Conservation, of the District Code requires new construction to conform to the requirements of the State Model Ordinance. The proposed inland ordinance is consistent with the State Model Ordinance and therefore is consistent with these regulations.

WHEREAS, adoption of the Inland Water and Energy Efficient Landscape ordinance implements the 2010 Monterey County General Plan. The conservation of potable water and maximizing ground water recharge are main principles of General Plan Policy Nos.

PS-2.8; PS-3.11; PS-3.12; and OD-5.6. The inland ordinance implements these policies as it requires low water use, drought tolerant, and native or native compatible landscape planting; water efficient irrigation systems; and incorporating landscape techniques to capture and maintain stormwater onsite. The inland ordinance and landscape manual implements General Plan Policy Nos. OS-5.14 and S-4.28 as they prohibit the use and encourages eradication of invasive plants, requires incorporation of fire-resistant planting, and a suggested plant list containing drought tolerant fire-resistant plants is provided.

WHEREAS, the proposed Coastal Water and Energy Efficient Landscape Ordinance is consistent with the 1982 Monterey County General Plan. The ordinance incorporates water conservation measures, drought resistant native and native compatible species and the encouragement of energy savings, consistent with 1982 General Plan Policy Nos. 6.1.2; 7.2; 13.1; 16.2.9; 26.1.7; 40.2.1; and 53.1.3.

WHEREAS, the proposed Coastal Water and Energy Efficient Landscape ordinance is consistent with the existing regulations applicable to the coastal areas of the County. Specifically, the proposed ordinance is consistent with Chapters 10.46 – Weed Control, 15.12 – Water Conservation, 15.16 – Waste Water Use, 16.12 – Erosion Control, 16.14 – Urban Stormwater Quality Management and Discharge Control, 18.44 – Residential and Commercial Water Conservation Measures, and 18.50 – Residential, Commercial and Industrial Water Conservation Measures of the Monterey County Code. In addition, the proposed ordinance is consistent with the coastal implementation plans and the Monterey County Zoning Ordinance (Title 20)..

WHEREAS, On July 22, 1997, the Monterey County Water Resources Agency (WRA) adopted Ordinance No. 3932, addressing water efficiency in landscaping through the use of drought tolerant planting, encouraging the use of non-potable water for landscape irrigation, and limiting the use of turf grass. The proposed Coastal Water and Energy Efficient Landscape Ordinance is consistent with WRA Ordinance No. 3932 as it requires drought tolerant planting, encourages the use of recycled water and stormwater for irrigation and limits turf area.

WHEREAS, the proposed Coastal Water and Energy Efficient Landscape Ordinance is consistent with the water conservation measures required by the Monterey Peninsula Water Management District (MPWMD) and the Marina Coast Water District (MCWD). Certain coastal areas of unincorporated Monterey County lie within the jurisdictional boundaries of the MPWMD and MCWD, and therefore are subject to their regulations. MPWMD Rule 142, Water Efficiency Standards, requires landscaping to be consistent with the State Model Ordinance. MCWD Ordinance No. 40 and Section 3.36.030S.2, Water Conservation, of the District Code requires new construction to conform to the requirements of the State Model Ordinance. The proposed coastal ordinance is consistent with the State Model Ordinance and therefore is consistent with these regulations.

WHEREAS, adoption of the Coastal Water and Energy Efficient Landscape Ordinance does not require an amendment to the Local Coastal Program and certification by the California Coastal Commission. Correspondence from the California Coastal Commission dated August 7, 2014 states that the “existing regulations of the LCP appear to adequately cover the issue of water conservation/water efficiency in landscaping without the need to add any references to this new ordinance” Therefore, the Planning Commission may recommend the Board of Supervisors approve the coastal ordinance without certification by the California Coastal Commission.

WHEREAS, on November 8, 2012 and March 27, 2014, the concept and approach for developing the landscape regulations was presented to the Alternative Energy & Environment committee (AEE) for input. No substantial comments were received and staff was directed to proceed as intended.

WHEREAS, on December 11, 2013, the landscape manual was submitted to local landscape architects, landscape contractors, and nurseries for review and comment. Comments were received and incorporated when and where appropriate.

WHEREAS, on August 7, 2014, the landscape manual was presented to the Monterey County Inter-Agency Review Committee for review and comment. Comments were received by the Office of the Agricultural Commissioner, the Environmental Health Bureau, the Monterey County Regional Fire District, and Cal Fire San Benito-Monterey. Comments relative to graywater, wastewater treatment, septic areas, grading, suggested plant lists, and fuel management were received. The manual was subsequently modified to incorporate these comments and clarified to address these issues.

WHEREAS, the Monterey County Landscape Manual – Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation is intended to assist applicants in understanding the technical requirements contained in the proposed ordinances as it contains detailed descriptions and examples to assist applicants and landscape designers in preparing landscape submittal packages, including recommended plant lists. The landscape manual is applicable county-wide and is intended to serve as a tool to provide property owners with a greater understanding of the benefits of efficient water and energy use in landscaping, whether their landscape project is applicable to the ordinance requirements or not.

WHEREAS, adoption of the Inland Water and Energy Efficient Landscape Ordinance, the Coastal Water and Energy Efficient Landscape Ordinance, and the Monterey County Landscape Manual – Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation is exempt from environmental review pursuant to Sections 15307 and 15308 of the CEQA Guidelines. Applying landscape requirements to projects will result in improving water and energy efficiency, thereby reducing water and energy consumption through landscape design. Consistent with Sections 15307 and 15308 of the CEQA Guidelines, adoption and implementation of the ordinances and manual is an action taken by the County, as authorized by state law (AB 1881), to assure the maintenance, restoration, or enhancement of a natural resource and the environment (water and energy) through a regulatory process involving procedures (landscape and irrigation design requirements and the submittal and required approval of a landscape package) for the protection of the environment.

WHEREAS, the provisions in Section 16.64.030.A of the Inland Water and Energy Efficient Landscape Ordinance and 16.63.030.A of the Coastal Water and Energy Efficient Landscape Ordinance do not apply to landscapes associated with grading or building permits issued prior to enactment of the ordinances but have not received final inspection.

### **DECISION**

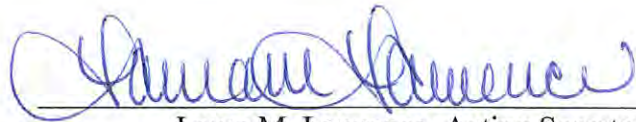

**NOW, THEREFORE**, based on the above findings and evidence, the Planning Commission does hereby recommend the Board of Supervisors:

1. Find the project categorically exempt from the provisions of CEQA pursuant to Sections 15307 and 15308 of the CEQA Guidelines;
2. Amend the Monterey County Code to:

- a. Add Chapter 16.64 – The Inland Water and Energy Efficient Landscape ordinance, as shown in **Attachment 1**;
- b. Add Chapter 16.63 – The Coastal Water and Energy Efficient Landscape ordinance, as shown in **Attachment 2**; and
3. Adopt a resolution approving the Monterey County Landscape Manual – Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation, as shown in **Attachment 3**.

**PASSED AND ADOPTED** this 25th day of March, 2015 upon motion of Commission Brown, seconded by Commission Rochester, by the following vote:

AYES: Brown, Getzelman, Rochester, Salazar, Diehl, Roberts, Hert, Padilla, Mendez  
NOES: None  
ABSENT: Vandever  
ABSTAIN: None

Laura M. Lawrence, Acting Secretary

# **ATTACHMENT 1**

## **PROPOSED INLAND WATER AND ENERGY EFFICIENT LANDSCAPE ORDINANCE (16.64)**

ORDINANCE No. \_\_\_\_\_

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,  
ADDING CHAPTER 16.64 TO THE MONTEREY COUNTY CODE RELATING TO  
LANDSCAPE DESIGN, WATER CONSERVATION AND ENERGY EFFICIENCY  
PRACTICES FOR LANDSCAPING IN INLAND AREAS**

**County Counsel Summary**

*This ordinance adds Chapter 16.64 to Chapter 16 of the Monterey County Code to address Water and Energy Efficient Landscaping in the inland areas. This ordinance authorizes the promulgation of regulations for certain landscape projects within the inland areas of the County of Monterey. The regulations will require projects to install water efficient planting and irrigation, as well as energy efficient landscape components and design. This ordinance authorizes application fees for the processing of landscape projects, and provides for enforcement and penalties for violations of this ordinance.*

The Board of Supervisors of the County of Monterey ordains as follows:

**SECTION 1. FINDINGS AND DECLARATIONS.**

A. Water supply in Monterey County continues to be the region's primary resource constraint. The potential exists that Monterey County may experience a threat to public health, safety, and welfare due to a dwindling available water supply to meet expanding development demands.

B. Water use and energy consumption are inherently linked. Implementation of water conservation measures in new and rehabilitated landscapes will result in secondary energy savings associated with the corresponding reduction in demand, production and transport of water resources.

C. Assembly Bill 325 – The Water Conservation in Landscape Act of 1990 (AB 325), was signed into law on September 29, 1990, requiring the California Department of Water Resources (DWR) to develop and adopt a State Model Water Efficient Landscape Ordinance with provisions for water efficient landscape design, installation, and maintenance by January 1, 1992.

D. Assembly Bill 1881 – The Water Conservation in Landscaping Act of 2006 (AB 1881), required DWR to develop and adopt an updated State Model Water Efficient Landscape Ordinance (State Model Ordinance). AB 1881 mandates that local governments either adopt the State Model Ordinance or a local ordinance that is at least as effective in water conservation by January 1, 2010. If neither has occurred by that date, the local agency is required to enforce the State Model Ordinance.

E. On February 5, 2010, the County of Monterey notified the DWR that the County “intends to follow the Department of Water Resources’ updated Model Efficient Landscape Ordinance.”

F. In accordance with section 65595(c)(1) of the Government Code, Monterey County intends to adopt a local ordinance that meets the unique needs of the County and is at least as effective in conserving water as the State Model Ordinance. Pursuant to Section 65596 of the Government Code, specific elements were identified to be included within the State Model Ordinance and these elements have been incorporated in the proposed Inland Water and Energy Efficient Landscape ordinance (inland ordinance) as well as explained in the landscape manual; meeting the minimum requirement of state law.

G. The Monterey County Landscape Manual – Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation (landscape manual) has been developed to work in conjunction with and is referenced in the inland ordinance; providing a document explaining regulations and technical information. The landscape manual shall be approved separately by resolution of the Board of Supervisors, allowing modification without requiring amendment to the inland ordinance as new technology for water and energy efficiency becomes available, or if new plants were identified as invasive or fire resistant.

H. The inland ordinance shall apply to non-coastal areas of unincorporated Monterey County.

I. The inland ordinance is consistent with and supportive of water conservation measures codified in the 2010 General Plan, area plans, and the Monterey County Code.

1. Regulations contained within the Inland Landscape Ordinance are consistent with the 2010 General Plan. In addition, adoption of the Inland Landscape Ordinance implements specific policies of the general plan (see subsection J).

2. Regulations contained within the inland ordinance address water conservation, groundwater recharge, eradication of invasive plants and the retention and use of native and native compatible plants. This is consistent with supplemental policies of the seven (7) area plans and two (2) master plans adopted as part of the 2010 General Plan including: CACH-5.1; CV-3.10; CV-53; CSV-3.2; CSV-5.1; GMP-3.14; GS-3.2; NC-3.3; SC-5.1; Fort Ord Master Plan Hydrology and Water Quality Policy A-1; and Fort Ord Master Plan Biological Resource Policies B-1 and B-2.

3. Chapter 18.44 of the Monterey County Code (MCC) requires low water use landscape material (drought tolerant or native plant material and low precipitation sprinkler heads such as bubblers, drip irrigation systems and timing devices) as part of new construction in areas of the County served by California American Water Service Company. Regulations contained in the inland ordinance are consistent with this chapter. Furthermore, projects exempt from the inland ordinance, but subject to MCC Chapter 18.44, are not affected by the adoption of the ordinance or approval of the landscape manual.

4. Chapter 18.50 of the Monterey County Code is applicable to the Greater Salinas Planning Areas, Toro Planning Area, Greater Monterey Peninsula Planning Area, and a portion of the North County Planning Area. This chapter requires that landscape development for new construction include low water use or native plant material, low precipitation sprinkler heads, bubblers, drip irrigation systems and timing devices. Regulations contained in the Inland Landscape Ordinance are consistent with Monterey Code Chapter 18.50. Furthermore, projects exempt from the Inland Landscape Ordinance, but subject to Chapter 18.44, are not affected by adoption of the ordinance or approval of the Landscape Manual.

5. The Inland Landscape Ordinance is consistent with the existing regulations applicable to the inland areas of the County contained within Chapters: 10.46 – Weed Control; 15.12 – Water Conservation; 15.16 – Waste Water Use; 16.12 – Erosion Control; and 16.14 – Urban Stormwater Quality Management and Discharge Control of the Monterey County Code.

J. Adoption of the inland ordinance will result in implementation of the following 2010 Monterey County General Plan policies:

1. Policy No. OS-5.6 requires utilization of native, native compatible and drought resistant species in fulfilling landscaping requirements. The inland ordinance implements this policy as it requires incorporation of native and/or native compatible drought tolerant planting. As supplemental information, the landscape manual includes a recommended list of native and/or native compatible drought tolerant plants.

2. Policy Nos. OS-5.14 and S-4.28 encourages the exclusion of invasive plants and requires the County to provide a list of fire-resistant plants. The inland ordinance implements this policy as it prohibits the use and encourages the eradication of invasive plants. As supplemental information, the landscape manual includes a recommended list fire resistant plants as well as a list of prohibited known invasive plants.

3. Policy No. PS-2.8 requires all projects to be designed to increase runoff retention, protect water quality, and enhance groundwater recharge through water impoundments, protection and planting of vegetation, use of permeable paving materials, bioswales, water gardens, and cisterns. Techniques such as these and other Low Impact Development (LID) techniques are recommended in the inland ordinance and supplemental information is contained in the landscape manual.

4. Policy No. PS-3.11 requires the County to establish an ordinance identifying conservation measures that reduce potable water demand. The primary function of the inland ordinance is to increase water efficiency resulting in reducing the use of potable water.

5. Policy No. PS-3.12 requires the County to maximize the use of recycled water. The inland ordinance implements this policy as it requires landscape projects to incorporate recycled water for irrigation wherever recycle water is available. Furthermore, applicants are incentivized to irrigate with recycled water as it results in obtaining additional credit in the water budget calculation.

K. The County of Monterey has adopted the 2010 California Green Building Standards Code, California Code of Regulations, Title 24, Part 11, also known as CALGreen. The water and energy conservation measures contained in the inland ordinance and landscape manual are consistent with support implementation of the County's green building requirements.

SECTION 2. SECTION 16.64 OF THE MONTEREY COUNTY CODE IS ADDED AS FOLLOWS:

## **CHAPTER 16.64 STANDARDS FOR LANDSCAPING (INLAND)**

### **Sections:**

- 16.64.010 – Purpose.**
- 16.64.020 – Definitions.**
- 16.64.030 – Applicability.**
- 16.64.040 – Landscape Manual.**
- 16.64.050 – Submittal Requirements of Landscape Package.**
- 16.64.060 – Planting Plans.**
- 16.64.070 – Irrigation Design Plans.**
- 16.64.080 – Water Efficient Landscape Requirements.**
- 16.64.090 – Energy Efficiency.**
- 16.64.100 – Soils Management Report.**
- 16.64.110 – Application Fee.**
- 16.64.120 – Inspections, Scheduling, and Maintenance.**
- 16.64.130 – Certificate of Completion.**
- 16.64.140 – Public Education.**
- 16.64.150 – Enforcement and Penalties.**

### **16.64.010 Purpose.**

The purpose of this Chapter is to provide landscape standards that minimize water use, eliminate water waste, and maximize energy efficiency by requiring low water landscape plantings, irrigation methods, and low energy lighting and ornamental landscape features in the inland areas of the unincorporated Monterey County.

### **16.64.020 Definitions.**

The following definitions apply to this Chapter:

- A. “Applied water” means the portion of water supplied by the irrigation system to the landscape.
- B. “Backflow prevention device” means a safety device used to prevent pollution or contamination of the water supply due to the reverse flow of water from the irrigation system.
- C. “California Invasive Plant Inventory” means the California Invasive Plant Inventory maintained by the California Invasive Plant Council.
- D. “Certified irrigation designer” means a person certified to design irrigation systems by an accredited academic institution a professional trade organization or other program such as the US Environmental Protection Agency’s WaterSense irrigation designer certification program and Irrigation Association’s Certified Irrigation Designer program.
- E. “Certified landscape irrigation auditor” means a person certified to perform landscape irrigation audits by an accredited academic institution, a professional trade organization or other program such as the US Environmental Protection Agency’s WaterSense irrigation auditor certification program and Irrigation Association’s Certified Landscape Irrigation Auditor program.
- F. “Check valve” or “anti-drain valve” means a valve located under a sprinkler head or other location in the irrigation system, to hold water in the system to prevent drainage from sprinkler heads when the sprinkler is off.
- G. “Controller” means an automatic timing device used to remotely control valves or heads to operate an irrigation system. A weather-based controller is a controller that utilizes

evapotranspiration or weather data to make adjustments to irrigation schedules. A self-adjusting irrigation controller is a controller that uses on-site sensor data (e.g., soil moisture) to adjust irrigation schedules.

H. “Developer installed” means a private development project where the developer has installed landscaping in conjunction with property improvements such as, but not limited to, construction of single family and multi-family dwellings and land divisions. For the purposes of this Chapter, a developer is a private entity undertaking speculative real estate such as tract subdivisions, master planned communities and condominium complexes resulting in the sale or lease of a residential product.

I. “Drip irrigation” means any non-spray low volume irrigation system utilizing emission devices with a flow rate measured in gallons per hour. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

J. “Ecological restoration project” means a project where the site is intentionally altered to establish a defined, indigenous, historic ecosystem.

K. “Energy efficient landscape” means any new or rehabilitated landscape, public or private, that helps a project achieve a minimum 15% reduction in energy use when compared to the State’s mandatory energy efficiency standards.

L. “Energy efficient lighting system” means any outdoor landscape lighting system consisting of at least 90 percent ENERGY STAR qualified hard-wired fixtures, solar powered lighting, and/or systems that employ programmable photocontrol or astronomical time-switch controls that automatically switch off when daylight is available.

M. “Established landscape” means the point at which plants in the landscape have developed significant root growth into the soil. Typically, most plants are established after one or two years of growth.

N. “Estimated Total Water Use” (ETWU) means the total water used for the landscape.

O. “ET adjustment factor” means, except for Special Landscape Areas, a factor of 0.7, that, when applied to reference evapotranspiration, adjusts for plant factors and irrigation efficiency. A combined plant mix with a site-wide average of 0.5 is the basis of the plant factor portion of this calculation. For the purposes of the ETAF, the average irrigation efficiency is 0.71. Therefore, the ET Adjustment Factor is  $(0.7) = (0.5/0.71)$ .

P. “Evapotranspiration rate” means the quantity of water evaporated from adjacent soil and other surfaces and transpired by plants during a specified time.

Q. “Flow rate” means the rate at which water flows through pipes, valves and emission devices, measured in gallons per minute, gallons per hour, or cubic feet per second.

R. “Hardscapes” means any durable surface material (pervious or impervious).

S. “High water use plant” means any plant categorized as high water need by the water use classification of landscape species guide.

T. “Homeowner installed” means any landscaping installed by a private individual hired by a homeowner for a single family residence, accessory dwelling units and/or accessory structures. A homeowner, for purposes of this Chapter, is a person who occupies the dwelling he or she owns or leases the property to another individual or family. This excludes speculative homes, which are not owner-occupied dwellings.

U. “Hydrozone” means a portion of the landscaped area having plants with similar water needs and served by a valve or set of valves with the same schedule. A hydrozone may be irrigated or non-irrigated.

V. “Infiltration rate” means the rate of water entry into the soil expressed as a depth of water per unit of time (e.g., inches per hour).

W. “Invasive plant” means a species of plants not historically found in California that spread outside cultivated areas and can damage environmental or economic resources. “Noxious weeds” means any weed designated by the Weed Control Regulations in the Weed Control Act and identified on a Regional District noxious weed control list. Lists of invasive plants are maintained at the California Invasive Plant Inventory, USDA invasive, noxious weeds database, and the Landscape Manual.

X. “Irrigation audit” means an in-depth evaluation of the performance of an irrigation system conducted by a Certified Landscape Irrigation Auditor. An irrigation audit shall include, but is not limited to: inspection, system tune-up, system test with distribution uniformity or emission uniformity, reporting overspray or runoff that causes overland flow, and preparation of an irrigation schedule.

Y. “Irrigation efficiency” (IE) means the measurement of the amount of water beneficially used divided by the amount of water applied. Irrigation efficiency is derived from measurements and estimates of irrigation system characteristics and management practices. The minimum average irrigation efficiency for purposes of this ordinance is 0.71. Greater irrigation efficiency can be expected from well-designed and maintained systems.

Z. “Irrigation meter” means a separate meter that measures the amount of water used for items such as lawns, washing exterior surfaces, washing vehicles, or filling pools.

AA. “Landscape architect” means a person who holds a license to practice landscape architecture in the state of California Business and Professions Code, Section 5615.

BB. “Landscape area” or “landscape project” means all the planting areas, turf areas, and water features in subject to the Maximum Applied Water Allowance calculation. Planted areas dedicated to agricultural cultivation and private vegetable gardens and orchards are not included. The landscape area does not include footprints of buildings or structures, sidewalks, driveways, parking lots, decks, patios, gravel or stone walks, other pervious or non-pervious hardscapes, and other non-irrigated areas designated for non-development (e.g., open spaces and existing native vegetation).

CC. “Landscape contractor” means a person licensed by the state of California to construct, maintain, repair, install, or subcontract the development of landscape systems.

DD. “Landscape Manual” means the County of Monterey Landscape Manual – Standards and Specified Performance Requirements for the Landscape Water Use and Irrigation prepared pursuant to Section 16.64.040 of this Chapter.

EE. “Landscape Package (application)” means the landscape materials required to be submitted for review and approval by the Director of the RMA-Planning pursuant to Section 16.64.050 of this Chapter.

FF. “Lateral Line” means the water delivery pipeline that supplies water to the emitters or sprinklers from the valve.

GG. “Local Water Purveyor” means any entity, including a public agency, city, county or private water company that provides retail water service.

HH. “Low volume irrigation” means the application of irrigation water at low pressure through a system of tubing or lateral lines and low-volume emitters such as drip, drip lines, and bubblers. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

II. “Low water use plant” means any plant categorized as low water need by the water use classification of landscape species (WUCOLS) guide.

JJ. “Main line” means the pressurized pipeline that delivers water for the water sources to the valve or outlet.

KK. “Maximum Applied Water Allowance” (MAWA) means the upper limit of annual applied water for the established landscaped area. It is based upon the area’s reference evapotranspiration, the ET Adjustment Factor, and the size of the landscape area.

LL. “Microclimate” means the climate of a small, specific area that may contrast with the climate of the overall landscape area due to factors such as wind, sun exposure, plant density, or proximity to reflective surfaces.

MM. “Mined-land reclamation projects” means any surface mining operation with a reclamation plan approved in accordance with the Surface Mining and Reclamation Act of 1975.

NN. “Moderate water use plant” means any plant categorized as moderate water need by the water use classification of landscape species (WUCOLS) guide.

OO. “Mulch” means any organic material such as leaves, bark, straw, compost, or inorganic mineral materials such as rocks, gravel, and decomposed granite left loose and applied to the soil surface for the beneficial purposes of reducing evaporation, suppressing weeds, moderating soil temperature, and preventing soil erosion.

PP. “New construction” means, for the purposes of this ordinance, a new public or private building with a landscape or other new landscape, such as a park, playground, or greenbelt without an associated building.

QQ. “Operating pressure” means the pressure at which the parts of an irrigation system are designed by the manufacturer to operate.

RR. “Overhead irrigation systems” means systems that deliver water through the air (e.g., pop-ups, impulse sprinklers, spray heads, rotors, micro-sprays, etc).

SS. “Overspray” means the irrigation water that is delivered beyond the landscape area, wetting pavements, walks, structures, or other non-landscaped areas.

TT. “Permit” means an authorizing document issued by local agencies for new construction or rehabilitated landscapes.

UU. “Pervious” means any surface or material that allows the passage of water through the material and into the underlying soil.

VV. “Plant factor” or “plant water use factor” is a value, when multiplied by ETo, estimates the amount of water needed by plants. For purposes of this ordinance, the plant factor range for very low water use plants is less than 0.1, the plant factor range for low water use plants is 0.1 to 0.3, the plant factor range for moderate water use plants is 0.4 to 0.6, and the plant factor range for high water use plants is 0.7 to 1.0. Plant factors cited in this ordinance are derived from the Department of Water Resources 2000 publication “Water Use Classification of Landscape Species.”

WW. “Planting Plan” is a plan that is consistent with the requirements outlined in Section 16.64.060 of this Chapter.

XX. “Precipitation rate” means the rate of application of water measured in inches per hour.

YY. “Rain sensor” or “rain sensing shutoff device” means a component which automatically suspends an irrigation event when it rains.

ZZ. “Recycled water”, “reclaimed water”, or “treated sewage effluent water” means treated or recycled waste water of a quality suitable for non-potable uses such as landscape irrigation and water features. This water is not intended for human consumption.

AAA. “Recreational Area” means public areas within residential development projects or recreational facilities dedicated to active play such as parks, sports fields and golf courses where natural turf provides a playing surface.

BBB. “Reference evapotranspiration” or “ETo” means a standard measurement of environmental parameters which affect the water use of plants. ETo is expressed in inches per day, month, or year, and is an estimate of the evapotranspiration of a large field of four- to seven-inch tall, cool-season grass that is well watered. Reference evapotranspiration is used as the basis of determining the Maximum Applied Water Allowance so that regional differences in climate can be accommodated.

CCC. “Rehabilitated landscape” means any re-landscaping project that requires a permit, plan check, or design review, and the modified landscape area is at least 50% of the total landscape area.

DDD. “Run off” means water which is not absorbed by the soil or landscape to which it is applied and flows from the landscape area. For example, runoff may result from water that is applied at too great a rate (application rate exceeds infiltration rate) or when there is a slope.

EEE. “Soil moisture sensing device” or “soil moisture sensor” means a device that measures the amount of water in the soil. The device may also suspend or initiate an irrigation event.

FFF. “Soil texture” means the classification of soil based on its percentage of sand, silt, and clay.

GGG. “Special Landscape Area” (SLA) means an area of the landscape irrigated with recycled water, water features using recycled water, and areas dedicated to active play such as parks, sports fields, golf courses, and where natural turf provides a playing surface.

HHH. “Stormwater Control Facility” means a stormwater management feature intended to improve the quality of runoff leaving the site. For the purposes of this ordinance, stormwater control facilities

III. “Sprinkler head” means a device which delivers water through a nozzle.

JJJ. “Station” means an area served by one valve or by a set of valves that operate simultaneously.

KKK. “Turf” means a ground cover surface of mowed grass and does not include artificial turf surfaces. For example, Annual bluegrass, Kentucky bluegrass, Perennial ryegrass, Red fescue, and Tall fescue are cool-season grasses and Bermuda grass, Kikuyu grass, Seashore Paspalum, St. Augustine grass, Zoysia grass, and Buffalo grass are warm-season grasses.

LLL. “Valve” means a device used to control the flow of water in the irrigation system.

MMM. “Water conserving plant species” means a plant species identified as having a low plant factor.

NNN. “Water feature” means a design element where open water performs an aesthetic or recreational function. Water features include ponds, lakes, waterfalls, fountains, artificial streams, spas, and swimming pools where water is artificially supplied. Constructed facilities used for on-site wastewater treatment or stormwater control measures that are not irrigated and used solely for water treatment or stormwater retention are not considered water features.

OOO. “Water use classification of landscape species guide” (WUCOLS) means the water use classification of landscape species guide published by the University of California Cooperative Extension, the California Department of Water Resources, and the United States Bureau of Reclamation, as it currently exists or may be amended in the future.

PPP. “Watering window” means the time of day irrigation is allowed.

QQQ. “Weather-based self-adjusting irrigation controller” means a system component that uses local weather and landscape conditions to automatically adjust irrigation schedules to actual conditions on the site or historical weather data.

RRR. “Xeriscape” means a landscaping method developed especially for arid and semiarid climates that utilizes water-conserving techniques (such as the use of drought-tolerant plants, mulch, and efficient irrigation) to balance hydrology at the parcel level.

#### **16.64.030 Applicability.**

A. The provisions of this Chapter shall apply to the following landscape projects:

1. New construction and rehabilitated landscape projects with landscape areas equal to or greater than 2,500 square feet for Public Agency developments in all zoning districts, requiring a grading permit, building permit, or design review.

2. New construction and rehabilitated landscape projects with landscape areas equal to or greater than 2,500 square feet for non-residential private developments in non-residential zoning districts, requiring a grading permit, building permit, or design review.

3. New construction and rehabilitated landscapes with landscape areas greater than 2,500 square feet for all residential projects in all zoning districts which allow residential uses that is developer installed, requiring a grading permit, building permit, or design review.

4. New construction and rehabilitated landscapes with landscape areas greater than 5,000 square feet for all residential projects in all zoning districts which allow residential uses that is homeowner installed, requiring a grading permit, building permit, or design review.

B. Landscaping for parking areas shall be consistent with the requirements of the designated zoning district and Sections 16.64.060; 16.64.070; 16.64.080; and 16.64.090 of this Chapter.

C. Exceptions. This Chapter does not apply to:

1. Registered local, state or federal historical sites;
2. Ecological restoration projects that do not require a permanent irrigation system;
3. Mined-land reclamation projects that do not require a permanent irrigation system;
4. Plant collections, as part of botanical gardens and arboreturns open to the public;
5. Agricultural cultivation activities;
6. Construction of structures that do not include changes in existing landscape;
7. Changes in use of an existing structure that does not include changes to existing

landscape;

8. Private edible plant gardens and/or orchards for personal and individual consumption;

9. Constructed wetlands or other landscaped areas that are not irrigated and used solely for on-site wastewater treatment;

10. New, existing or rehabilitated stormwater quality projects that are not irrigated and used solely for the purpose of improving runoff quality and/or retaining runoff for onsite infiltration;

11. Natural areas including, but not limited to: open space, native vegetative areas, and pervious or non-pervious hardscapes that do not require a permanent irrigation system;

12. Erosion control activities that do not require permanent irrigation systems such as hydroseeding; and

13. Existing cemeteries.

D. Landscape projects exempt from this Chapter may be subject to existing regulations that address water conservation and landscaping for the inland areas of Monterey County. This ordinance does not supersede other ordinances pertaining to water conservation previously adopted by the Board of Supervisors.

#### **16.64.040 Landscape Manual.**

The Board of Supervisors shall adopt, and may from time to time amend, the County of Monterey Landscape Manual – Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation (Landscape Manual) establishing guidelines to explain and implement this Chapter. The Landscape Manual shall clearly explain the specific procedures and technical requirements of this Chapter. The Landscape Manual shall contain the elements of the Landscape Documentation Package, Water Efficient Landscape Worksheet, Soil Management Report, Landscape Design Plan, Irrigation Design Plan, Grading Design Plan, and Proposed Inland Water and Energy Efficient Landscape Ordinance – March 25, 2015

Certificate of Completion. Should any provisions of the Landscape Manual conflict with any provisions of this Chapter, the provisions of this Chapter shall prevail.

#### **16.64.050 Submittal Requirements of Landscape Package.**

Prior to the issuance of grading permit or building permits, and prior to construction, a Landscape Package shall be submitted for review to RMA-Planning. The Landscape Package shall contain all information and documentation, in sufficient detail, as specified in this Chapter and the Landscape Manual. The Director of RMA-Planning shall approve the package once it has been verified that the proposed landscape project complies with the provisions of this Chapter, the provisions of the Landscape Manual, other applicable requirements of the Monterey County Code, and the conditions of any applicable land use permit or other entitlement.

#### **16.64.060 Planting Plans.**

The Planting Plan shall be submitted by the applicant as part of the Landscape Package. For the efficient use of water, the plan shall meet all the requirements, shown in sufficient detail, listed in this Chapter, the Landscape Manual, applicable requirements of the Monterey County Code, and conditions of approval for related land use permits or other entitlements.

- A. The planting plan shall meet the following requirements:
  1. Planting plans shall be drawn by a licensed architect, a licensed contractor, or any other person authorized to design a landscape.
  2. Include grading design that minimizes soil erosion, runoff, and water waste.
  3. Turf shall be limited to 20% of the landscape area or up to 1,500 square feet (whichever is lower), unless the turf area is designated as a Special Landscape Area and is dedicated to active play such as parks, sports fields, golf courses, and where natural turf provides a playing surface. Planting of turf is prohibited in the following conditions:
    - a. Slopes exceeding ten (10) percent;
    - b. Planting areas eight (8) feet wide or less; and
    - c. Street medians, traffic islands, planter strips, or bulb-outs of any size.
  4. All non-turf plants shall be selected, spaced, and planted appropriately based upon their adaptability to the climatic, geologic, and topographical conditions of the project site.
  5. Invasive plants are strictly prohibited and eradication of invasive plants is highly encouraged.
  6. Selected plants shall include the use of native and/or native compatible species.
  7. Landscape planting shall include the use of drought resistant species.
  8. Landscape planting shall include the use of fire resistant plant species and shall be consistent with fire safe landscaping required by the designated Fire District and/or Chapter 18.56 – Wildfire Protection Standards in State Responsibility Areas of the Monterey County Code.
  9. Plants with similar water use needs shall be grouped together in distinct hydrozones. Where irrigation is required, the distinct hydrozones shall be irrigated with separate valves.
  10. Plants with low and high water use shall not be included in the same hydrozone.
- B. Verification. Planting plans shall contain the following statement: “I \_\_\_\_\_ certify that this planting plan complies with all Monterey County landscaping requirements including, but not limited to, the use of native drought tolerant, non-invasive species, and limited turf.” The verification shall be signed by a licensed landscape architect, a licensed landscape contractor, or any other person authorized to design a landscape.

#### **16.64.070 Irrigation Design Plans.**

The Irrigation Design Plan shall be submitted by the applicant as part of the Landscape Package. For the efficient use of water, an automated irrigation system shall meet all the requirements, shown in sufficient detail, listed in this Chapter, the Landscape Manual, applicable requirements of the Monterey County Code, conditions of approval for related land use permits or other entitlements, and be in compliance with the manufacturer's recommendations.

A. All irrigation design and specifications included in the irrigation plans shall meet the following requirements:

1. Irrigation plans shall be drawn by a licensed architect, a licensed contractor, a certified irrigation designer, or any other person authorized to design a landscape.
  2. All irrigation systems shall be designed to prevent runoff, low head drainage, overspray, or other similar conditions where irrigation water flows onto non-targeted areas such as adjacent properties, hardscapes, roadways, or structures.
  3. The irrigation system and its related components shall be planned and designed to allow for proper installation, management and maintenance.
  4. The design of the irrigation system shall conform to the hydrozones delineated on the planting plans.
    - a. Separate valves shall be used to irrigate hydrozones with high water use plants and moderate or low water use plants.
  5. All irrigation systems shall be designed and installed to meet irrigation efficiency criteria as described in the Maximum Applied Water Allowance (MAWA) and subject to the requirements listed in 16.64.090 of this Chapter.
  6. Irrigation system features and design shall be consistent with the Landscape Manual.
- B. Verification. The following statement shall be included within the irrigation plans: "I \_\_\_\_\_ certify that this landscaping plan complies with all Monterey County landscaping requirements including, but not limited to, the use of low flow and water conserving irrigation fixtures." The verification shall be signed by a licensed landscape architect, a licensed landscape contractor, or any other person authorized to design an irrigation plan.

#### **16.64.080 Water Efficient Landscape Requirements.**

A Water Efficient Landscape Worksheet shall be submitted by the applicant as part of the Landscape Package. To ensure landscape projects conserve water to the maximum extent possible, information included within the Water Efficient Landscape Worksheet shall be consistent with the requirements listed in this Chapter, the Landscape Manual, applicable requirements of the Monterey County Code, and conditions of approval for related land use permits or other entitlements.

- A. Water budget calculations shall meet the following requirements:
1. The surface area of all water features shall be calculated as high water use and incorporated within a high water use hydrozone.
  2. Temporarily irrigated areas shall be calculated as low water use and incorporated within a low water use hydrozone.
  3. Water budget calculations for the Maximum Applied Water Allowance (MAWA) shall be calculated using the formula found in Section 5.B or Appendix B of the Landscape Manual.
    - a. Special Landscape Areas, as defined in Section 16.64.020.HHH of this Chapter, and areas irrigated with recycled water, are subject to MAWA with an Evapotranspiration Adjustment Factor (ETAF) not to exceed 1.0.

4. The calculation of a project's Estimated Total Water Use (ETWU) shall be performed using the formula found in Section 5.D or Appendix B of the Landscape Manual.

B. For calculation of the MAWA and ETWU, the project applicant shall use the annual evapotranspiration (ETo) values contained within Appendix C of the Landscape Manual.

C. Landscape projects subject to approval of this Chapter shall not apply water to the landscape in excess of the maximum amount of water allowed. The Estimated Total Water Use shall not exceed the Maximum Applied Water Allowance.

D. Inefficient landscape irrigation from conditions such as runoff leaving the target landscape due to low head drainage, overspray, or other similar conditions where water flows onto adjacent property, non-irrigated areas, walks, roadways, parking lots, or structures is strictly prohibited.

E. Rain gardens, cisterns and other landscapes features and practices that increase rainwater capture and create opportunities for infiltration and/or onsite storage are recommended.

F. Landscape projects subject to the provisions of this Chapter shall incorporate the use of recycled water for irrigation when, in the determination of the County, recycled water is available and connection to recycled water is feasible.

1. All recycled water irrigation systems shall be designed and operated in accordance with all State and County laws and regulations related to recycled water use.

2. The installation of recycled water irrigation systems shall allow for the current and future use of recycled water, unless a written exemption has been granted pursuant to this subdivision F.

3. Irrigation systems and decorative water features shall use recycled water unless a written exemption has been granted by the local water purveyor stating that recycled water meeting all public health codes and standards is not available and will not be available for the foreseeable future.

#### **16.64.090 Energy Efficiency.**

A. Energy use and conservation measures within the landscape component of a building project shall be calculated as part of the building's overall energy efficiency budget pursuant to Chapter 18.12 of the Monterey County Code, Green Building Standards Code.

B. Landscape lighting shall be designed for energy efficiency and utilize one or both of the following:

1. ENERGY STAR qualified hard-wired fixtures.

a. All hard-wired lighting shall employ programmable photocontrol or astronomical time-switch controls that automatically switch off when daylight is available.

2. Solar powered lighting systems.

C. Landscape lighting exceptions. The following exterior lighting is exempt from the requirements of this Chapter:

1. Lighting required by a health of life safety statute ordinance or regulation, including but not limited to emergency lighting.

2. Exterior lighting for permanent buildings, structures, security, and signs.

3. Lighting used in or around swimming pools, water features or other locations subject to Article 680 of Title 24, Part 3, *California Electrical Code*.

#### **16.64.100 Soils Management Report.**

A soils management report shall be completed by the project applicant or his/her designee and submitted as part of the Landscape Package. In order to promote healthy plant

growth and prevent excessive erosion and runoff, the soil management report shall be consistent with the required information outlined in this Section and the applicable sections of the Landscape Manual.

A. The soils management report shall be prepared by a certified lab to evaluate soils relative to horticulture.

B. Soils samples shall be from the site and analyzed to the extent that quality top soil, soil limitations, and soil composition information necessary for planting has been identified.

C. The soils management report shall include recommendations for soil amendments based on the conditions of the site and the intended planting.

D. The soils analysis report shall be used in conjunction with the preparation of the planting and irrigation plans.

#### **16.64.110 Application Fees.**

A. The Board of Supervisors shall establish a schedule of fees for the processing of Landscape Package applications.

B. No Landscape Package application shall be deemed complete and processing shall not commence on any landscape plan check application until all required fees and/or deposits have been paid.

#### **16.64.120 Inspections, Scheduling, and Maintenance.**

A. Inspections.

1. Prior to the final of grading or building permits, landscape projects subject to the provisions of this Chapter are required to pass a final inspection by the Director of RMA-Planning (Director) or his designee to verify compliance with the approved Landscape Package.

2. No landscape project applicant shall be deemed to have complied with the provisions of this Chapter until a final inspection of the work has been completed by the Director or his designee.

3. Inspections shall not be construed to approve a violation of the provisions of this code. Inspections presuming to give authority to violate or cancel the provisions of this Chapter or other provisions of this code shall not be valid.

B. Irrigation scheduling. For the efficient use of water, all irrigation schedules shall be developed, managed and evaluated to utilize the minimum amount of water required to maintain plant health. The irrigation schedule shall be consistent with the requirements of this Section, the applicable sections of the Landscape Manual, and include the following:

1. The irrigation schedule shall be developed by a landscape architect, landscape contractor, or any other person authorized to install irrigation equipment.

2. The irrigation schedule shall factor irrigation run times, emission device, flow rate, and current reference evapotranspiration, so that the applied water meets the Estimated Total Water Use (ETWU).

3. The irrigation schedule shall be submitted with the landscape certificate of completion pursuant to Section 16.64.130 of this Chapter.

C. Landscape planting and irrigation maintenance. In order to maintain plant health and functioning irrigation equipment, a landscape planting and irrigation maintenance schedule shall be developed incorporating the requirements of this Section, the applicable sections of the Landscape Manual, and include the following:

1. A regular maintenance schedule shall be developed by a landscape architect, landscape contractor, or any other person authorized to design and maintain landscape planting and irrigation.

2. A regular maintenance schedule shall include, but is not limited to routine inspection, adjustment, and repair of the irrigation system and its components.
  3. A note shall be included stating that any replacements plants shall not exceed the water use for the hydrozone.
  4. A regular maintenance schedule shall make provisions for irrigation inspections, systems tune-up, and system tests with distribution uniformity preventing overspray or run off that causes overland flow.
  5. A regular maintenance schedule shall be submitted with the landscape Certificate of Completion consistent with Section 16.64.130 of this Chapter.
- D. Obligations of Assignees or Successors.
1. All required landscaping shall be maintained for the life of the project in healthy condition, free from disease, pests, weeds, and trash.
  2. Plants lost due to disease, destruction, or lifecycle shall be replaced and shall comply with all adopted standards for size, species, and irrigation. Replacement with different species is acceptable provided that the water use is lower or remains the same as what was previously approved.

#### **16.64.130 Certificate of Completion.**

Upon completion of the landscape project, but prior to occupancy or final of grading or building permits, the applicant shall submit a Certificate of Completion to RMA-Planning. The Certificate of Completion shall be consistent with the requirements of this Section and all applicable sections of the Landscape Manual.

- A. Certificate of Completion – Form and Content.
1. The certificate of completion shall include: project information, certification for installation of the landscape planting and irrigation, the proposed irrigation scheduling, an irrigation audit, the proposed schedule for landscape planting and irrigation maintenance, and verification of implementing recommendations of the soils management report.
  2. A copy of the approved certificate of completion form can be found in Appendix D of the Landscape Manual.
- B. Signature of Certificate of Completion; as-built plans.
1. The certificate of completion shall be signed by either the signer of the planting plan, the person signing the irrigation plan, or the licensed landscape contractor who installed the landscape.
  2. If significant changes were made during installation, as-built plans shall be included with the certification. As-built plans must be in conformance with Sections 16.64.060, 16.64.070, 16.64.080 and 16.64.090 of this Chapter.

#### **16.64.140 Public Education.**

The purpose of this section is to encourage reduction of excessive water use in landscaping through public education.

A. Existing landscapes installed prior to the enactment of Chapter 16.64, are encouraged to reduce water consumption through participation in the following programs. “Existing landscapes” means landscapes installed in any development in the unincorporated County of Monterey prior to the effective date of Ordinance No. \_\_\_ enacting Chapter 16.64.

1. Existing landscapes located within the Monterey Peninsula Water Management District are encouraged to participate in applicable landscape rebate programs, landscape water audit/budget analysis and/or any other available water conservation programs to the greatest extent feasible.

2. Applicable landscape located within the Marina Coast Water District for the unincorporated areas of Monterey County shall participate in the Water-Wise Landscape Incentive Program to the greatest extent feasible.

3. Existing landscapes located within the jurisdictional boundaries of the Pajaro Valley Water Management Agency are encouraged to participate in the Local Residential Water Conservation rebate programs to the greatest extent feasible.

4. Existing landscapes served by a Small Water System shall be consistent with the conservation measures identified in the system's Urban Water Conservation Plan.

5. Existing landscapes served by private wells in the unincorporated areas of Monterey County shall participate in the water conservation measures found within this Chapter and the Landscape Manual to the greatest extent feasible.

B. The Landscape Manual shall contain information promoting the efficient use of water in landscapes, and the benefits of doing so. The Landscape Manual shall include information to owners of new, single-family residential homes regarding the design, installation, management, and maintenance of water efficient landscapes. Information for the available programs listed in Section 16.64.140.A shall be incorporated in the Landscape Manual to encourage participation.

#### **16.64.150 Enforcement and Penalties.**

A. It shall be the duty of the Director of RMA-Planning to enforce the provisions of this Chapter. All departments, officials and public employees vested with the duty or authority to issue permits or licenses shall not issue a permit or license for uses, buildings or purposes in conflict with the provisions of this Chapter and any such permit or license issued in conflict with the provisions of this Chapter shall be null and void. The Director of RMA-Planning may delegate enforcement responsibilities to other County employees.

B. Any landscaping that is installed, constructed, altered, enlarged, converted, moved, or maintained contrary to the provisions of this Chapter, or failure to comply with any of the conditions of a permit or variance granted to implement this Chapter is declared to be unlawful and shall be subject to enforcement under Chapters 1.20 (Enforcement of Code) and 1.22 (Administrative Remedies for Code Enforcement) of the Monterey County Code. The County may, in its discretion, in addition to all other remedies, take such enforcement action as is authorized under the Monterey County Code and/or any other action authorized by law.

SECTION 3. SEVERABILITY. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid.

SECTION 4. This ordinance shall become effective on the thirty-first day following its adoption.

PASSED AND ADOPTED on this \_\_\_\_ day of \_\_\_\_\_, 20\_\_, by the following vote:

AYES: Supervisors

NOES:

ABSENT:

ABSTAIN:

\_\_\_\_\_  
Simon Salinas, Chair  
Monterey County Board of Supervisors

ATTEST:

GAIL T. BORKOWSKI  
Clerk of the Board of Supervisors

By: \_\_\_\_\_  
Deputy

APPROVED AS TO FORM:

WENDY S. STRIMLING  
Senior Deputy County Counsel

## **ATTACHMENT 2**

### **PROPOSED COASTAL WATER AND ENERGY EFFICIENT LANDSCAPE ORDINANCE (16.63)**

ORDINANCE No. \_\_\_\_\_

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,  
ADDING CHAPTER 16.63 TO THE MONTEREY COUNTY CODE RELATING TO  
LANDSCAPE DESIGN, WATER CONSERVATION AND ENERGY EFFICIENCY  
PRACTICES FOR LANDSCAPING IN THE COASTAL ZONE**

**County Counsel Summary**

*This ordinance adds Chapter 16.63 to Chapter 16 of the Monterey County Code to address Water and Energy Efficient Landscaping in the coastal zone. This ordinance authorizes the promulgation of regulations for certain landscape projects within the coastal areas of the County of Monterey. The regulations will require projects to install water efficient planting and irrigation, as well as energy efficient landscape components and design. This ordinance authorizes application fees for the processing of landscape projects, and provides for enforcement and penalties for violations of this ordinance.*

The Board of Supervisors of the County of Monterey ordains as follows:

**SECTION 1. FINDINGS AND DECLARATIONS.**

A. Water supply in Monterey County continues to be the region's primary resource constraint. The potential exists that Monterey County may experience a threat to public health, safety, and welfare due to a dwindling available water supply to meet expanding development demands.

B. Water use and energy consumption are inherently linked. Implementation of water conservation measures in new and rehabilitated landscapes will result in secondary energy savings associated with the corresponding reduction in demand, production and transport of water resources.

C. Assembly Bill 325 – The Water Conservation in Landscape Act of 1990 (AB 325), was signed into law on September 29, 1990, requiring the California Department of Water Resources (DWR) to develop and adopt a State Model Water Efficient Landscape Ordinance with provisions for water efficient landscape design, installation, and maintenance by January 1, 1992.

D. Assembly Bill 1881 – The Water Conservation in Landscaping Act of 2006 (AB 1881), required DWR to develop and adopt an updated State Model Water Efficient Landscape Ordinance (State Model Ordinance). AB 1881 mandates that local governments either adopt the State Model Ordinance or a local ordinance that is at least as effective in water conservation by January 1, 2010. If neither has occurred by that date, the local agency is required to enforce the State Model Ordinance.

E. On February 5, 2010, the County of Monterey notified the DWR that the County “intends to follow the Department of Water Resources’ updated Model Efficient Landscape Ordinance.”

F. In accordance with section 65595(c)(1) of the Government Code, Monterey County intends to adopt a local ordinance that meets the unique needs of the County and is at least as effective in conserving water as the State Model Ordinance. Pursuant to Section 65596 of the Government Code, specific elements were identified to be included within the State Model Ordinance and these elements have been incorporated in the proposed Coastal Water and Energy Efficient Landscape ordinance (coastal ordinance) as well as explained in the landscape manual; meeting the minimum requirement of state law.

G. The Monterey County Landscape Manual – Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation (landscape manual) has been developed to work in conjunction with and is referenced in the coastal ordinance; providing a document explaining regulations and technical information. The landscape manual shall be approved separately by resolution of the Board of Supervisors, allowing modification without requiring amendment to the coastal ordinance as new technology for water and energy efficiency becomes available, or if new plants were identified as invasive or fire resistant.

H. The coastal ordinance shall apply to the coastal areas of unincorporated Monterey County.

I. The coastal ordinance is consistent with and supportive of water conservation measures codified in the Monterey County Code as they apply to the coastal zone.

1. Chapter 18.44 of the Monterey County Code (MCC) requires low water use landscape material (drought tolerant or native plant material and low precipitation sprinkler heads such as bubblers, drip irrigation systems and timing devices) as part of new construction in areas of the County served by California American Water Service Company. Regulations contained in the coastal ordinance are consistent with this chapter. Furthermore, projects exempt from the coastal ordinance, but subject to MCC Chapter 18.44, are not affected by the adoption of the ordinance or approval of the landscape manual.

2. Chapter 18.50 of the Monterey County Code (MCC) is applicable to the Greater Salinas Planning Areas, Toro Planning Area, Greater Monterey Peninsula Planning Area, and a portion of the North County Planning Area (including the coastal zone). This chapter requires that landscape development for new construction include drought tolerant or native plant material and low precipitation sprinkler heads such as bubblers, drip irrigation systems and timing devices. Regulations contained in the coastal ordinance are consistent with this chapter. Furthermore, projects exempt from the coastal ordinance, but subject to MCC Chapter 18.50, are not affected by the adoption of the ordinance or approval of the landscape manual.

3. Regulations contained in the coastal ordinance are consistent with regulations contained in Chapters: 10.46 – Weed Control; 15.12 – Water Conservation; 15.16 – Waste Water Use; 16.12 – Erosion Control; and 16.14 – Urban Stormwater Quality Management and Discharge Control of the Monterey County Code.

J. The coastal ordinance is consistent with and supportive of water conservation measures codified in the coastal regulations contained in the 1982 General Plan, land use plans, coastal implementation plans and the Monterey County Zoning Ordinance (Title 20).

1. The coastal ordinance incorporates water conservation measures, drought resistant native and native compatible species and the encouragement of energy savings; consistent with 1982 Monterey County General Plan Policy Nos. 6.1.2; 7.2; 13.1; 16.2.9; 26.1.7; 40.2.1; and 53.1.3.

2. The North County Land Use Plan and Coastal Implementation Plan contain policies and regulations requiring incorporation of water conserving landscape measures, planting of native and native compatible vegetation and the eradication of invasive plant species. Regulations contained in the coastal ordinance address these measures and are therefore consistent with the North County Land Use Plan and Coastal Implementation Plan. Furthermore, projects exempt from the coastal ordinance, but subject to North County Land Use Plan and Coastal Implementation Plan, are not affected by adoption of the ordinance or approval of the landscape manual.

3. The Big Sur Land Use Plan and Coastal Implementation Plan contain policies and regulations requiring incorporation of water conserving landscape measures and the use of native and native compatible planting in landscapes. Regulations contained in the coastal ordinance address these measures and therefore are consistent with the Big Sur Land Use Plan and Coastal Implementation Plan. Furthermore, projects exempt from the coastal ordinance, but subject to Big Sur Land Use Plan and Coastal Implementation Plan, are not affected by adoption of the ordinance or approval of the landscape manual.

4. The Carmel Area Land Use Plan and Coastal Implementation Plan contain policies and regulations requiring incorporation of water conserving landscape measures and the use of drought resistant native and native compatible planting in landscapes. Regulations contained in the coastal ordinance address these measures and therefore are consistent with the Carmel Area Land Use Plan and Coastal Implementation Plan. Furthermore, projects exempt from the coastal ordinance, but subject to Carmel Area Land Use Plan and Coastal Implementation Plan, are not affected by adoption of the ordinance or approval of the landscape manual.

5. The Del Monte Forest Land Use Plan and Coastal Implementation Plan contain policies and regulations requiring incorporation of water conserving landscape measures, the use of drought tolerant native and native compatible planting in landscapes, and the prohibition of use and eradication of invasive plant species. Regulations contained in the coastal ordinance address these measures and therefore are consistent the Del Monte Forest Land Use Plan and Coastal Implementation Plan. Furthermore, projects exempt from the coastal ordinance, but subject to Del Monte Forest Land Use Plan and Coastal Implementation Plan, will not be affected by adoption of the ordinance or approval of the landscape manual.

K. Adoption of the coastal ordinance does not require an amendment to the Local Coastal Program and certification by the California Coastal Commission. Correspondence from the California Coastal Commission dated August 7, 2014 states that the "...existing regulations of the LCP appear to adequately cover the issue of water conservation/water efficiency in landscaping without the need to add any references to this new ordinance..." Therefore, the Board of Supervisors may adopt the ordinance without certification by the California Coastal Commission.

L. The County of Monterey has adopted the 2010 California Green Building Standards Code, California Code of Regulations, Title 24, Part 11, also known as CALGreen. The water

and energy conservation measures contained in the coastal ordinance and the landscape manual are consistent with and support implementation the County's green building requirements.

SECTION 2. SECTION 16.63 OF THE MONTEREY COUNTY CODE IS ADDED AS FOLLOWS:

## **CHAPTER 16.63 STANDARDS FOR LANDSCAPING (COASTAL)**

### **Sections:**

- 16.63.010 – Purpose.**
- 16.63.020 – Definitions.**
- 16.63.030 – Applicability.**
- 16.63.040 – Landscape Manual.**
- 16.63.050 – Submittal Requirements of Landscape Package.**
- 16.63.060 – Planting Plans.**
- 16.63.070 – Irrigation Design Plans.**
- 16.63.080 – Water Efficient Landscape Requirements.**
- 16.63.090 – Energy Efficiency.**
- 16.63.100 – Soils Management Report.**
- 16.63.110 – Application Fee.**
- 16.63.120 – Inspections, Scheduling, and Maintenance.**
- 16.63.130 – Certificate of Completion.**
- 16.63.140 – Public Education.**
- 16.63.150 – Enforcement and Penalties.**

### **16.63.010 Purpose.**

The purpose of this Chapter is to provide landscape standards that minimize water use, eliminate water waste, and maximize energy efficiency by requiring low water landscape plantings, irrigation methods, and low energy lighting and ornamental landscape features in the coastal areas of unincorporated Monterey County.

### **16.63.020 Definitions.**

The following definitions apply to this Chapter:

- A. "Applied water" means the portion of water supplied by the irrigation system to the landscape.
- B. "Backflow prevention device" means a safety device used to prevent pollution or contamination of the water supply due to the reverse flow of water from the irrigation system.
- C. "California Invasive Plant Inventory" means the California Invasive Plant Inventory maintained by the California Invasive Plant Council.
- D. "Certified irrigation designer" means a person certified to design irrigation systems by an accredited academic institution a professional trade organization or other program such as the US Environmental Protection Agency's WaterSense irrigation designer certification program and Irrigation Association's Certified Irrigation Designer program.
- E. "Certified landscape irrigation auditor" means a person certified to perform landscape irrigation audits by an accredited academic institution, a professional trade

organization or other program such as the US Environmental Protection Agency's WaterSense irrigation auditor certification program and Irrigation Association's Certified Landscape Irrigation Auditor program.

F. "Check valve" or "anti-drain valve" means a valve located under a sprinkler head or other location in the irrigation system, to hold water in the system to prevent drainage from sprinkler heads when the sprinkler is off.

G. "Controller" means an automatic timing device used to remotely control valves or heads to operate an irrigation system. A weather-based controller is a controller that utilizes evapotranspiration or weather data to make adjustments to irrigation schedules. A self-adjusting irrigation controller is a controller that uses on-site sensor data (e.g., soil moisture) to adjust irrigation schedules.

H. "Developer installed" means a private development project where the developer has installed landscaping in conjunction with property improvements such as, but not limited to, construction of single family and multi-family dwellings and land divisions. For the purposes of this Chapter, a developer is a private entity undertaking speculative real estate such as tract subdivisions, master planned communities and condominium complexes resulting in the sale or lease of a residential product.

I. "Drip irrigation" means any non-spray low volume irrigation system utilizing emission devices with a flow rate measured in gallons per hour. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

J. "Ecological restoration project" means a project where the site is intentionally altered to establish a defined, indigenous, historic ecosystem.

K. "Energy efficient landscape" means any new or rehabilitated landscape, public or private, that helps a project achieve a minimum 15% reduction in energy use when compared to the State's mandatory energy efficiency standards.

L. "Energy efficient lighting system" means any outdoor landscape lighting system consisting of at least 90 percent ENERGY STAR qualified hard-wired fixtures, solar powered lighting, and/or systems that employ programmable photocontrol or astronomical time-switch controls that automatically switch off when daylight is available.

M. "Established landscape" means the point at which plants in the landscape have developed significant root growth into the soil. Typically, most plants are established after one or two years of growth.

N. "Estimated Total Water Use" (ETWU) means the total water used for the landscape.

O. "ET adjustment factor" means, except for Special Landscape Areas, a factor of 0.7, that, when applied to reference evapotranspiration, adjusts for plant factors and irrigation efficiency. A combined plant mix with a site-wide average of 0.5 is the basis of the plant factor portion of this calculation. For the purposes of the ETAF, the average irrigation efficiency is 0.71. Therefore, the ET Adjustment Factor is  $(0.7) = (0.5/0.71)$ .

P. "Evapotranspiration rate" means the quantity of water evaporated from adjacent soil and other surfaces and transpired by plants during a specified time.

Q. "Flow rate" means the rate at which water flows through pipes, valves and emission devices, measured in gallons per minute, gallons per hour, or cubic feet per second.

R. "Hardscapes" means any durable surface material (pervious or impervious).

S. "High water use plant" means any plant categorized as high water need by the water use classification of landscape species guide.

T. "Homeowner installed" means any landscaping installed by a private individual hired by a homeowner for a single family residence, accessory dwelling units and/or accessory

structures. A homeowner, for purposes of this Chapter, is a person who occupies the dwelling he or she owns or leases the property to another individual or family. This excludes speculative homes, which are not owner-occupied dwellings.

U. “Hydrozone” means a portion of the landscaped area having plants with similar water needs and served by a valve or set of valves with the same schedule. A hydrozone may be irrigated or non-irrigated.

V. “Infiltration rate” means the rate of water entry into the soil expressed as a depth of water per unit of time (e.g., inches per hour).

W. “Invasive plant” means a species of plants not historically found in California that spread outside cultivated areas and can damage environmental or economic resources. “Noxious weeds” means any weed designated by the Weed Control Regulations in the Weed Control Act and identified on a Regional District noxious weed control list. Lists of invasive plants are maintained at the California Invasive Plant Inventory, USDA invasive, noxious weeds database, and the Landscape Manual.

X. “Irrigation audit” means an in-depth evaluation of the performance of an irrigation system conducted by a Certified Landscape Irrigation Auditor. An irrigation audit shall include, but is not limited to: inspection, system tune-up, system test with distribution uniformity or emission uniformity, reporting overspray or runoff that causes overland flow, and preparation of an irrigation schedule.

Y. “Irrigation efficiency” (IE) means the measurement of the amount of water beneficially used divided by the amount of water applied. Irrigation efficiency is derived from measurements and estimates of irrigation system characteristics and management practices. The minimum average irrigation efficiency for purposes of this ordinance is 0.71. Greater irrigation efficiency can be expected from well-designed and maintained systems.

Z. “Irrigation meter” means a separate meter that measures the amount of water used for items such as lawns, washing exterior surfaces, washing vehicles, or filling pools.

AA. “Landscape architect” means a person who holds a license to practice landscape architecture in the state of California Business and Professions Code, Section 5615.

BB. “Landscape area” or “landscape project” means all the planting areas, turf areas, and water features in subject to the Maximum Applied Water Allowance calculation. Planted areas dedicated to agricultural cultivation and private vegetable gardens and orchards are not included. The landscape area does not include footprints of buildings or structures, sidewalks, driveways, parking lots, decks, patios, gravel or stone walks, other pervious or non-pervious hardscapes, and other non-irrigated areas designated for non-development (e.g., open spaces and existing native vegetation).

CC. “Landscape contractor” means a person licensed by the state of California to construct, maintain, repair, install, or subcontract the development of landscape systems.

DD. “Landscape Manual” means the County of Monterey Landscape Manual – Standards and Specified Performance Requirements for the Landscape Water Use and Irrigation prepared pursuant to Section 16.63.040 of this Chapter.

EE. “Landscape Package (application)” means the landscape materials required to be submitted for review and approval by the Director of the RMA-Planning Department pursuant to Section 16.63.050 of this Chapter.

FF. “Lateral Line” means the water delivery pipeline that supplies water to the emitters or sprinklers from the valve.

GG. “Local Water Purveyor” means any entity, including a public agency, city, county or private water company that provides retail water service.

HH. “Low volume irrigation” means the application of irrigation water at low pressure through a system of tubing or lateral lines and low-volume emitters such as drip, drip lines, and

bubblers. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

II. “Low water use plant” means any plant categorized as low water need by the water use classification of landscape species (WUCOLS) guide.

JJ. “Main line” means the pressurized pipeline that delivers water for the water sources to the valve or outlet.

KK. “Maximum Applied Water Allowance” (MAWA) means the upper limit of annual applied water for the established landscaped area. It is based upon the area’s reference evapotranspiration, the ET Adjustment Factor, and the size of the landscape area.

LL. “Microclimate” means the climate of a small, specific area that may contrast with the climate of the overall landscape area due to factors such as wind, sun exposure, plant density, or proximity to reflective surfaces.

MM. “Mined-land reclamation projects” means any surface mining operation with a reclamation plan approved in accordance with the Surface Mining and Reclamation Act of 1975.

NN. “Moderate water use plant” means any plant categorized as moderate water need by the water use classification of landscape species (WUCOLS) guide.

OO. “Mulch” means any organic material such as leaves, bark, straw, compost, or inorganic mineral materials such as rocks, gravel, and decomposed granite left loose and applied to the soil surface for the beneficial purposes of reducing evaporation, suppressing weeds, moderating soil temperature, and preventing soil erosion.

PP. “New construction” means, for the purposes of this ordinance, a new public or private building with a landscape or other new landscape, such as a park, playground, or greenbelt without an associated building.

QQ. “Operating pressure” means the pressure at which the parts of an irrigation system are designed by the manufacturer to operate.

RR. “Overhead irrigation systems” means systems that deliver water through the air (e.g., pop-ups, impulse sprinklers, spray heads, rotors, micro-sprays, etc).

SS. “Overspray” means the irrigation water that is delivered beyond the landscape area, wetting pavements, walks, structures, or other non-landscaped areas.

TT. “Permit” means an authorizing document issued by local agencies for new construction or rehabilitated landscapes.

UU. “Pervious” means any surface or material that allows the passage of water through the material and into the underlying soil.

VV. “Plant factor” or “plant water use factor” is a value, when multiplied by ETo, estimates the amount of water needed by plants. For purposes of this ordinance, the plant factor range for very low water use plants is less than 0.1, the plant factor range for low water use plants is 0.1 to 0.3, the plant factor range for moderate water use plants is 0.4 to 0.6, and the plant factor range for high water use plants is 0.7 to 1.0. Plant factors cited in this ordinance are derived from the Department of Water Resources 2000 publication “Water Use Classification of Landscape Species.”

WW. “Planting Plan” is a plan that is consistent with the requirements outlined in Section 16.63.060 of this Chapter.

XX. “Precipitation rate” means the rate of application of water measured in inches per hour.

YY. “Rain sensor” or “rain sensing shutoff device” means a component which automatically suspends an irrigation event when it rains.

ZZ. “Recycled water”, “reclaimed water”, or “treated sewage effluent water” means treated or recycled waste water of a quality suitable for non-potable uses such as landscape irrigation and water features. This water is not intended for human consumption.

AAA. “Recreational Area” means public areas within residential development projects or recreational facilities dedicated to active play such as parks, sports fields and golf courses where natural turf provides a playing surface.

BBB. “Reference evapotranspiration” or “ET<sub>o</sub>” means a standard measurement of environmental parameters which affect the water use of plants. ET<sub>o</sub> is expressed in inches per day, month, or year, and is an estimate of the evapotranspiration of a large field of four- to seven-inch tall, cool-season grass that is well watered. Reference evapotranspiration is used as the basis of determining the Maximum Applied Water Allowance so that regional differences in climate can be accommodated.

CCC. “Rehabilitated landscape” means any re-landscaping project that requires a permit, plan check, or design review, and the modified landscape area is at least 50% of the total landscape area.

DDD. “Run off” means water which is not absorbed by the soil or landscape to which it is applied and flows from the landscape area. For example, runoff may result from water that is applied at too great a rate (application rate exceeds infiltration rate) or when there is a slope.

EEE. “Soil moisture sensing device” or “soil moisture sensor” means a device that measures the amount of water in the soil. The device may also suspend or initiate an irrigation event.

FFF. “Soil texture” means the classification of soil based on its percentage of sand, silt, and clay.

GGG. “Special Landscape Area” (SLA) means an area of the landscape irrigated with recycled water, water features using recycled water, and areas dedicated to active play such as parks, sports fields, golf courses, and where natural turf provides a playing surface.

HHH. “Stormwater Control Facility” means a stormwater management feature intended to improve the quality of runoff leaving the site. For the purposes of this ordinance, stormwater control facilities

III. “Sprinkler head” means a device which delivers water through a nozzle.

JJJ. “Station” means an area served by one valve or by a set of valves that operate simultaneously.

KKK. “Turf” means a ground cover surface of mowed grass and does not include artificial turf surfaces. For example, Annual bluegrass, Kentucky bluegrass, Perennial ryegrass, Red fescue, and Tall fescue are cool-season grasses and Bermuda grass, Kikuyu grass, Seashore Paspalum, St. Augustine grass, Zoysia grass, and Buffalo grass are warm-season grasses.

LLL. “Valve” means a device used to control the flow of water in the irrigation system.

MMM. “Water conserving plant species” means a plant species identified as having a low plant factor.

NNN. “Water feature” means a design element where open water performs an aesthetic or recreational function. Water features include ponds, lakes, waterfalls, fountains, artificial streams, spas, and swimming pools where water is artificially supplied. Constructed facilities used for on-site wastewater treatment or stormwater control measures that are not irrigated and used solely for water treatment or stormwater retention are not considered water features.

OOO. “Water use classification of landscape species guide” (WUCOLS) means the water use classification of landscape species guide published by the University of California Cooperative Extension, the California Department of Water Resources, and the United States Bureau of Reclamation, as it currently exists or may be amended in the future.

PPP. “Watering window” means the time of day irrigation is allowed.

QQQ. “Weather-based self-adjusting irrigation controller” means a system component that uses local weather and landscape conditions to automatically adjust irrigation schedules to actual conditions on the site or historical weather data.

RRR. “Xeriscape” means a landscaping method developed especially for arid and semiarid climates that utilizes water-conserving techniques (such as the use of drought-tolerant plants, mulch, and efficient irrigation) to balance hydrology at the parcel level.

**16.63.030 Applicability.**

A. The provisions of this Chapter shall apply to the following landscape projects:

1. New construction and rehabilitated landscape projects with landscape areas equal to or greater than 2,500 square feet for Public Agency developments in all zoning districts, requiring a grading permit, building permit, or design review.

2. New construction and rehabilitated landscape projects with landscape areas equal to or greater than 2,500 square feet for non-residential private developments in non-residential zoning districts, requiring a grading permit, building permit, or design review.

3. New construction and rehabilitated landscapes with landscape areas greater than 2,500 square feet for all residential projects in all zoning districts which allow residential uses that is developer installed, requiring a grading permit, building permit, or design review.

4. New construction and rehabilitated landscapes with landscape areas greater than 5,000 square feet for all residential projects in all zoning districts which allow residential uses that is homeowner installed, requiring a grading permit, building permit, or design review.

B. Landscaping for parking areas shall be consistent with the requirements of the designated zoning district and Sections 16.63.060; 16.63.070; 16.63.080; and 16.63.090 of this Chapter.

C. Exceptions. This Chapter does not apply to:

1. Registered local, state or federal historical sites;
2. Ecological restoration projects that do not require a permanent irrigation system;
3. Mined-land reclamation projects that do not require a permanent irrigation system;
4. Plant collections, as part of botanical gardens and arboreetums open to the public;
5. Agricultural cultivation activities;
6. Construction of structures that do not include changes in existing landscape;
7. Changes in use of an existing structure that does not include changes to existing landscape;
8. Private edible plant gardens and/or orchards for personal and individual consumption;
9. Constructed wetlands or other landscaped areas that are not irrigated and used solely for on-site wastewater treatment;
10. New, existing or rehabilitated stormwater quality projects that are not irrigated and used solely for the purpose of improving runoff quality and/or retaining runoff for onsite infiltration;
11. Natural areas including, but not limited to: open space, native vegetative areas, and pervious or non-pervious hardscapes that do not require a permanent irrigation system;
12. Erosion control activities that do not require permanent irrigation systems such as hydroseeding; and
13. Existing cemeteries.

D. Landscape projects exempt from this Chapter may be subject to existing regulations that address water conservation and landscaping for the coastal areas of Monterey County. This ordinance does not supersede other ordinances pertaining to water conservation previously adopted by the Board of Supervisors.

#### **16.63.040 Landscape Manual.**

The Board of Supervisors shall adopt, and may from time to time amend, the County of Monterey Landscape Manual – Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation (Landscape Manual) establishing guidelines to explain and implement this Chapter. The Landscape Manual shall clearly explain the specific procedures and technical requirements of this Chapter. The Landscape Manual shall contain the elements of the Landscape Documentation Package, Water Efficient Landscape Worksheet, Soil Management Report, Landscape Design Plan, Irrigation Design Plan, Grading Design Plan, and Certificate of Completion. Should any provisions of the Landscape Manual conflict with any provisions of this Chapter, the provisions of this Chapter shall prevail.

#### **16.63.050 Submittal Requirements of Landscape Package.**

Prior to the issuance of grading permit or building permits, and prior to construction, a Landscape Package shall be submitted for review to RMA-Planning. The Landscape Package shall contain all information and documentation, in sufficient detail, as specified in this Chapter and the Landscape Manual. The Director of RMA-Planning shall approve the package once it has been verified that the proposed landscape project complies with the provisions of this Chapter, the provisions of the Landscape Manual, applicable requirements of the Monterey County Code, and conditions of any applicable land use permit or other entitlement.

#### **16.63.060 Planting Plans.**

The Planting Plan shall be submitted by the applicant as part of the Landscape Package. For the efficient use of water, the plan shall meet all the requirements, shown in sufficient detail, listed in this Chapter, the Landscape Manual, applicable requirements of the Monterey County Code, and conditions of approval for related land use permits or other entitlements.

- A. The planting plan shall meet the following requirements:
  - 1. Planting plans shall be drawn by a licensed architect, a licensed contractor, or any other person authorized to design a landscape.
  - 2. Include grading design that minimizes soil erosion, runoff, and water waste.
  - 3. Turf shall be limited to 20% of the landscape area or up to 1,500 square feet (whichever is lower), unless the turf area is designated as a Special Landscape Area and is dedicated to active play such as parks, sports fields, golf courses, and where natural turf provides a playing surface. Planting of turf is prohibited in the following conditions:
    - a. Slopes exceeding ten (10) percent;
    - b. Planting areas eight (8) feet wide or less; and
    - c. Street medians, traffic islands, planter strips, or bulb-outs of any size.
  - 4. All non-turf plants shall be selected, spaced, and planted appropriately based upon their adaptability to the climatic, geologic, and topographical conditions of the project site.
  - 5. Invasive plants are strictly prohibited and eradication of invasive plants is highly encouraged.
  - 6. Selected plants shall include the use of native and/or native compatible species.
  - 7. Landscape planting shall include the use of drought resistant species.
  - 8. Landscape planting shall include the use of fire resistant plant species and shall be consistent with fire safe landscaping required by the designated Fire District and/or Chapter 18.56 – Wildfire Protection Standards in State Responsibility Areas of the Monterey County Code.

9. Plants with similar water use needs shall be grouped together in distinct hydrozones. Where irrigation is required, the distinct hydrozones shall be irrigated with separate valves.

10. Plants with low and high water use shall not be included in the same hydrozone.

B. Verification. Planting plans shall contain the following statement: "I \_\_\_\_\_ certify that this planting plan complies with all Monterey County landscaping requirements including, but not limited to, the use of native drought tolerant, non-invasive species, and limited turf." The verification shall be signed by a licensed landscape architect, a licensed landscape contractor, or any other person authorized to design a landscape.

#### **16.63.070 Irrigation Design Plans.**

The Irrigation Design Plan shall be submitted by the applicant as part of the Landscape Package. For the efficient use of water, an automated irrigation system shall meet all the requirements, shown in sufficient detail, listed in this Chapter, the Landscape Manual, applicable requirements of the Monterey County Code, conditions of approval for related land use permits or other entitlements, and be in compliance with the manufacturer's recommendations.

A. All irrigation design and specifications included in the irrigation plans shall meet the following requirements:

1. Irrigation plans shall be drawn by a licensed architect, a licensed contractor, a certified irrigation designer, or any other person authorized to design a landscape.

2. All irrigation systems shall be designed to prevent runoff, low head drainage, overspray, or other similar conditions where irrigation water flows onto non-targeted areas such as adjacent properties, hardscapes, roadways, or structures.

3. The irrigation system and its related components shall be planned and designed to allow for proper installation, management and maintenance.

4. The design of the irrigation system shall conform to the hydrozones delineated on the planting plans.

a. Separate valves shall be used to irrigate hydrozones with high water use plants and moderate or low water use plants.

5. All irrigation systems shall be designed and installed to meet irrigation efficiency criteria as described in the Maximum Applied Water Allowance (MAWA) and subject to the requirements listed in 16.63.090 of this Chapter.

6. Irrigation system features and design shall be consistent with the Landscape Manual.

B. Verification. The following statement shall be included within the irrigation plans: "I \_\_\_\_\_ certify that this landscaping plan complies with all Monterey County landscaping requirements including, but not limited to, the use of low flow and water conserving irrigation fixtures." The verification shall be signed by a licensed landscape architect, a licensed landscape contractor, or any other person authorized to design an irrigation plan.

#### **16.63.080 Water Efficient Landscape Requirements.**

A Water Efficient Landscape Worksheet shall be submitted by the applicant as part of the Landscape Package. To ensure landscape projects conserve water to the maximum extent possible, information included within the Water Efficient Landscape Worksheet shall be consistent with the requirements listed in this Chapter, the Landscape Manual, applicable requirements of the Monterey County Code, and conditions of approval for related land use permits or other entitlements.

- A. Water budget calculations shall meet the following requirements:
  - 1. The surface area of all water features shall be calculated as high water use and incorporated within a high water use hydrozone.
  - 2. Temporarily irrigated areas shall be calculated as low water use and incorporated within a low water use hydrozone.
  - 3. Water budget calculations for the Maximum Applied Water Allowance (MAWA) shall be calculated using the formula found in Section 5.B or Appendix B of the Landscape Manual.
    - a. Special Landscape Areas, as defined in Section 16.63.020.HHH of this Chapter, and areas irrigated with recycled water, are subject to MAWA with an Evapotranspiration Adjustment Factor (ETAF) not to exceed 1.0.
  - 4. The calculation of a project's Estimated Total Water Use (ETWU) shall be performed using the formula found in Section 5.D or Appendix B of the Landscape Manual.
- B. For calculation of the MAWA and ETWU, the project applicant shall use the annual evapotranspiration (ETo) values contained within Appendix C of the Landscape Manual.
- C. Landscape projects subject to approval of this Chapter shall not apply water to the landscape in excess of the maximum amount of water allowed. The Estimated Total Water Use shall not exceed the Maximum Applied Water Allowance.
- D. Inefficient landscape irrigation from conditions such as: runoff leaving the target landscape due to low head drainage, overspray, or other similar conditions where water flows onto adjacent property, non-irrigated areas, walks, roadways, parking lots, or structures is strictly prohibited.
- E. Rain gardens, cisterns and other landscapes features and practices that increase rainwater capture and create opportunities for infiltration and/or onsite storage are recommended.
- F. Landscape projects subject to the provisions of this Chapter shall incorporate the use of recycled water for irrigation when, in the determination of the County, recycled water is available and connection to recycled water is feasible.
  - 1. All recycled water irrigation systems shall be designed and operated in accordance with all State and County laws and regulations related to recycled water use.
  - 2. The installation of recycled water irrigation systems shall allow for the current and future use of recycled water, unless a written exemption has been granted pursuant to this subdivision F.
  - 3. Irrigation systems and decorative water features shall use recycled water unless a written exemption has been granted by the local water purveyor stating that recycled water meeting all public health codes and standards is not available and will not be available for the foreseeable future.

#### **16.63.090 Energy Efficiency.**

- A. Energy use and conservation measures within the landscape component of a building project shall be calculated as part of the building's overall energy efficiency budget pursuant to Chapter 18.12 of the Monterey County Code, Green Building Standards Code.
- B. Landscape lighting shall be designed for energy efficiency and utilize one or both of the following:
  - 1. ENERGY STAR qualified hard-wired fixtures.
    - a. All hard-wired lighting shall employ programmable photocontrol or astronomical time-switch controls that automatically switch off when daylight is available.
  - 2. Solar powered lighting systems.

C. Landscape lighting exceptions. The following exterior lighting is exempt from the requirements of this Chapter:

1. Lighting required by a health of life safety statute ordinance or regulation, including but not limited to emergency lighting.
2. Exterior lighting for permanent buildings, structures, security, and signs.
3. Lighting used in or around swimming pools, water features or other locations subject to Article 680 of Title 24, Part 3, *California Electrical Code*

#### **16.63.100 Soils Management Report.**

A soils management report shall be completed by the project applicant or his/her designee and submitted as part of the Landscape Package. In order to promote healthy plant growth and prevent excessive erosion and runoff, the soil management report shall be consistent with the required information outlined in this Section and the applicable sections of the Landscape Manual.

A. The soils management report shall be prepared by a certified lab to evaluate soils relative to horticulture.

B. Soils samples shall be from the site and analyzed to the extent that quality top soil, soil limitations, and soil composition information necessary for planting has been identified.

C. The soils management report shall include recommendations for soil amendments based on the conditions of the site and the intended planting.

D. The soils analysis report shall be used in conjunction with the preparation of the planting and irrigation plans.

#### **16.63.110 Application Fees.**

A. The Board of Supervisors shall establish a schedule of fees for the processing of Landscape Package applications.

B. No Landscape Package application shall be deemed complete and processing shall not commence on any landscape plan check application until all required fees and/or deposits have been paid.

#### **16.63.120 Inspections, Scheduling, and Maintenance.**

A. Inspections.

1. Prior to the final of grading or building permits, landscape projects subject to the provisions of this Chapter are required to pass a final inspection by the Director of RMA-Planning (Director) or his designee to verify compliance with the approved Landscape Package.

2. No landscape project applicant shall be deemed to have complied with the provisions of this Chapter until a final inspection of the work has been completed by the Director or his designee.

3. Inspections shall not be construed to approve a violation of the provisions of this code. Inspections presuming to give authority to violate or cancel the provisions of this Chapter or other provisions of this code shall not be valid.

B. Irrigation scheduling. For the efficient use of water, all irrigation schedules shall be developed, managed and evaluated to utilize the minimum amount of water required to maintain plant health. The irrigation schedule shall be consistent with the requirements of this Section, the applicable sections of the Landscape Manual, and include the following:

1. The irrigation schedule shall be developed by a landscape architect, landscape contractor, or any other person authorized to install irrigation equipment.

2. The irrigation schedule shall factor irrigation run times, emission device, flow rate, and current reference evapotranspiration, so that the applied water meets the Estimated Total Water Use (ETWU).

3. The irrigation schedule shall be submitted with the landscape Certificate of Completion pursuant to Section 16.63.130 of this Chapter.

C. Landscape planting and irrigation maintenance. In order to maintain plant health and functioning irrigation equipment, a landscape planting and irrigation maintenance schedule shall be developed incorporating the requirements of this Section, the applicable sections of the Landscape Manual, and include the following:

1. A regular maintenance schedule shall be developed by a landscape architect, landscape contractor, or any other person authorized to design and maintain landscape planting and irrigation.

2. A regular maintenance schedule shall include, but is not limited to routine inspection, adjustment, and repair of the irrigation system and its components.

3. A note shall be included stating that any replacements plants shall not exceed the water use for the hydrozone.

4. A regular maintenance schedule shall make provisions for irrigation inspections, systems tune-up, and system tests with distribution uniformity preventing overspray or run off that causes overland flow.

5. A regular maintenance schedule shall be submitted with the landscape Certificate of Completion consistent with Section 16.63.130 of this Chapter.

D. Obligations of Assignees or Successors.

1. All required landscaping shall be maintained for the life of the project in healthy condition, free from disease, pests, weeds, and trash.

2. Plants lost due to disease, destruction, or lifecycle shall be replaced and shall comply with all adopted standards for size, species, and irrigation. Replacement with different species is acceptable and amendment to the approved plan is not required provided that the water use is lower or remains the same as what was previously approved.

### **16.63.130 Certificate of Completion.**

Upon completion of the landscape project, but prior to occupancy or final of grading or building permits, the applicant shall submit a Certificate of Completion to RMA-Planning. The Certificate of Completion shall be consistent with the requirements of this Section and all applicable sections of the Landscape Manual.

A. Certificate of Completion – Form and Content.

1. The certificate of completion shall include: project information, certification for installation of the landscape planting and irrigation, the proposed irrigation scheduling, an irrigation audit, the proposed schedule for landscape planting and irrigation maintenance, and verification of implementing recommendations of the soils management report.

2. A copy of the approved certificate of completion form can be found in Appendix D of the Landscape Manual.

B. Signature of Certificate of Completion; as-built plans.

1. The certificate of completion shall be signed by either the signer of the planting plan, the person signing the irrigation plan, or the licensed landscape contractor who installed the landscape.

2. If significant changes were made during installation, as-built plans shall be included with the certification. As-built plans must be in conformance with Sections 16.63.060, 16.63.070, 16.63.080 and 16.63.090 of this Chapter.

#### **16.63.140 Public Education.**

The purpose of this section is to encourage reduction of excessive water use in landscaping through public education.

A. Existing landscapes installed prior to the enactment of Chapter 16.63, are encouraged to reduce water consumption through participation in the following programs. "Existing landscapes" means landscapes installed in any development in the unincorporated County of Monterey prior to the effective date of Ordinance No. \_\_\_ enacting Chapter 16.63.

1. Existing landscapes located within the Monterey Peninsula Water Management District are encouraged to participate in applicable landscape rebate programs, landscape water audit/budget analysis and/or any other available water conservation programs to the greatest extent feasible.

2. Existing landscapes located within the jurisdictional boundaries of the Pajaro Valley Water Management Agency are encouraged to participate in the Local Residential Water Conservation rebate programs to the greatest extent feasible.

3. Existing landscapes served by a Small Water System shall be consistent with the conservation measures identified in the system's Urban Water Conservation Plan.

4. Existing landscapes served by private wells in the unincorporated areas of Monterey County shall participate in the water conservation measures found within this Chapter and the Landscape Manual to the greatest extent feasible.

B. The Landscape Manual shall contain information promoting the efficient use of water in landscapes, and the benefits of doing so. The Landscape Manual shall include information to owners of new, single-family residential homes regarding the design, installation, management, and maintenance of water efficient landscapes. Information for the available programs listed in Section 16.63.140.A shall be incorporated in the Landscape Manual to encourage participation.

#### **16.63.150 Enforcement and Penalties.**

A. It shall be the duty of the Director of RMA-Planning to enforce the provisions of this Chapter. All departments, officials and public employees vested with the duty or authority to issue permits or licenses shall not issue a permit or license for uses, buildings or purposes in conflict with the provisions of this Chapter and any such permit or license issued in conflict with the provisions of this Chapter shall be null and void. The Director of RMA-Planning may delegate enforcement responsibilities to other County employees.

B. Any landscaping that is installed, constructed, altered, enlarged, converted, moved, or maintained contrary to the provisions of this Chapter, or failure to comply with any of the conditions of a permit or variance granted to implement this Chapter is declared to be unlawful and shall be subject to enforcement under Chapters 1.20 (Enforcement of Code) and 1.22 (Administrative Remedies for Code Enforcement) of the Monterey County Code. The County may, in its discretion, in addition to all other remedies, take such enforcement action as is authorized under the Monterey County Code and/or any other action authorized by law.

SECTION 3. SEVERABILITY. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid, such decision shall not affect the validity of

Proposed Coastal Water and Energy Efficient Landscape Ordinance – March 25, 2015 Page 15

the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid.

SECTION 4. This ordinance shall become effective on the thirty-first day following its adoption.

PASSED AND ADOPTED on this \_\_\_\_ day of \_\_\_\_\_, 20\_\_, by the following vote:

AYES:                      Supervisors  
NOES:  
ABSENT:  
ABSTAIN:

\_\_\_\_\_  
Simon Salinas, Chair  
Monterey County Board of Supervisors

ATTEST:

GAIL T. BORKOWSKI  
Clerk of the Board of Supervisors

By: \_\_\_\_\_  
Deputy

APPROVED AS TO FORM:

# SECTION 1 – INTRODUCTION

## A. Purpose

The *Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation* (Landscape Manual) was adopted by a separate resolution by the Monterey County Board of Supervisors and will be amended from time to time to address new requirements or technology, and to clarify and provide guidance related the County's process and procedures for landscaping. The landscape manual is specifically authorized as an informational and implementing tool in the inland and coastal landscape ordinances (County of Monterey's Ordinance Nos. \_\_\_\_ ) and Chapters 16.63 and 16.64 of the Monterey County Code. The information contained within this manual is applicable to both the inland and coastal areas of the County. Furthermore, any mention or reference to regulations set forth in the "Landscape Ordinance" within this manual means both ordinances for the coastal and inland areas.

The purpose of this manual is to provide applicants with comprehensive guidance to comply with the County's landscape requirements, including a clear explanation of specific procedures and related technical information for landscape and irrigation projects subject to the Landscape Ordinance. In addition, the manual shall serve as a tool to provide property owners a greater understanding of the importance and benefits in efficient use of water and energy in landscaping. Best management practices are identified as well as other situations that a property owner should keep in mind when designing a landscape plan (i.e. natural areas, critical habitat, flood-prone areas, etc.) even if the landscape project is exempt from any permit requirement.

## B. Appendices

Appendices have been incorporated to provide applicants with additional information and the landscape package submittal documents required to comply with the water efficiency requirements of the Landscape Ordinance.

The appendices, which may be updated periodically include:

#### *The Landscape Package Application and Submittal Form*

This form will include important project information to be completed by the applicant and contains a checklist of the required submittal documents for the landscape package. This form will be submitted to RMA-Planning as part of the landscape package.

#### *The Water Efficient Landscape Worksheet*

This worksheet will be completed by the applicant in order to demonstrate how the project is consistent with the water efficient requirements of the Landscape Ordinance. The Water Efficient Landscape Worksheet includes four components: 1) the Hydrozone Information Table used to itemize plants relative to water use, 2) the mathematical formula to be used to calculate a project's Maximum Applied Water Allowance (MAWA), which calculates the maximum water use allowed based on the landscape area and amount of water typically evaporated from soils and plants, 3) the Hydrozone/Plant Factor Calculation worksheet used to provide data needed to calculate the estimated water use, and 4) the mathematical formula used to calculate a project's Estimated Total Water Use (ETWU), performed to calculate the total amount of water used in a landscape project.

#### *Certificate of Completion*

In order to ensure the landscape planting and irrigation installation has been completed per the approved plans, the applicant will be required to submit a Certificate of Completion. As part of the Certificate of Completion, the applicant will also be required to include an irrigation audit and a regular planting and irrigation maintenance schedule.

#### *Glossary*

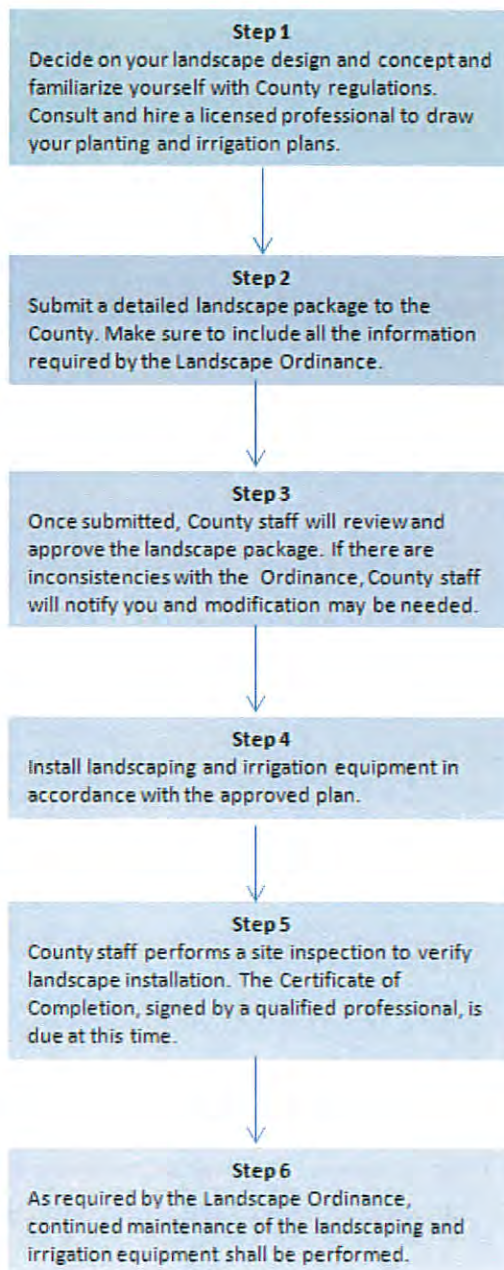

The definitions included in the Landscape Ordinance are also included in this manual.

## C. Summary of Landscape Review and Process

The information below provides a general guideline for applicants, illustrating the process for submittal, review, approval, and maintenance of landscape projects subject to the Landscape Ordinance:

### Step 1 – Landscape Design and Concept

Once you have determined that your proposed project is subject to the Landscape Ordinance (see Section 2 of this manual), certain factors should be taken into account prior to preparing a landscape design in order to address all requirements related to landscaping comprehensively. These factors may include requirements of the Landscape Ordinance, this manual, policies contained in the applicable Area or Land Use Plans, zoning and, conditions of approval for related discretionary permits for the project site, and additional requirements from other agencies. For example, water and energy conservations requirements must be aligned with fuel management and tree removal requirements. Selected plant species must be drought tolerant and invasive plants are to be avoided. Keep in mind if and how the landscape project would affect the existing environment of the site. Are there areas on

the property where landscape planting and irrigation should be avoided (flood-prone, landslide, and/or preserved natural areas)? Is the property located in an area where there is a wildlife corridor? If so, would the landscape project have a negative effect on this area or would the planted vegetation survive if the existing wildlife continuously consumed it? Are trees and shrubs spaced appropriately to allow for fire breaks?

## **Step 2 – Documents Required for Submittal**

Projects subject to the Landscape Ordinance are required to submit a detailed landscape package to RMA-Planning for review and approval prior to installation. For discretionary permits (such as a Use Permit or other entitlement), submittal of a conceptual landscape plan is required with the discretionary application followed by submittal of a detailed landscape package prior to the issuance of the related grading or building permit.

The following is a list of the required documents that will need to be included in the landscape package (please refer to the specific Section or Appendix cited for further detail and explanation):

- Landscape Application Form (see Appendix A).
- Planting Plan (see Section 4).
- Irrigation Plan (see Section 6).
- Soils Management Report (see Section 7).
- Water Efficiency Landscape Worksheet (see Section 5 and Appendix B)
- Energy efficiency information (Section 8).

## **Step 3 – Approval of the Submitted Landscape Package**

Prior to the issuance of a ministerial permit (such as a grading or building permit) or design review; the landscape package must be approved. Once the package has been reviewed by RMA-Planning, and any necessary corrections have been made by the applicant, the final landscape

and irrigation plans will be signed, stamped approved by the County, and a “Job Copy” returned to the applicant. Installation of the landscaping may not proceed until this approval is complete.

#### **Step 4 – Landscape Installation**

Landscaping and irrigation must be installed in conformance with the plans approved by RMA-Planning.

#### **Step 5 – Verification of Installation and Certificate of Completion Submittal**

Prior to granting of a “final” for any ministerial permit (such as a grading or building permit), the applicant shall submit a Certificate of Completion (see Section 10 and Appendix D) and schedule a site inspection with RMA-Planning to verify that the installed landscaping is in conformance with the approved plans. If during installation the applicant needs to modify the planting and/or irrigation beyond what can be considered consistent with what was approved, and the modification is found acceptable by the Landscape Architect/Designer of record, the applicant will be required to submit “as-built” plans to RMA-Planning along with a statement of why the modification was necessary.

#### **Step 6 – Continued Maintenance**

Landscape areas and irrigation equipment are required to be maintained in accordance with the Landscape Ordinance and this manual. As stated previously, the applicant will be required to submit a Certificate of Completion which will include information for long term maintenance of landscape planting and irrigation equipment. If the landscape and/or irrigation system is not properly maintained the project owner could be subject to a code violation by the County.

## SECTION 2 – APPLICABILITY

The Landscape Ordinance applies to landscape areas for certain project types meeting specific applicability thresholds. The landscape area of a project is considered to be all the areas on a property that are dedicated to landscaping, unless otherwise found to be exempt (see subsection D). Project types are separated into three main categories: 1) public agency projects, 2) non-residential private development projects, and 3) residential private development projects, with residential private development projects further divided into sub-categories. Although the primary focus of this manual is to explain the requirements of the Landscape Ordinance, the information provided is still be helpful for applicants with smaller landscape undertaking and exempt projects.

### A. Public Agency Projects

Public agency projects include any use or construction undertaken by public agencies (e.g., local municipalities, special districts and State agencies such as Caltrans) within any zoning district. These projects are financed and constructed by the public agency for recreation, employment, or health and safety for the community. Some examples of these types of projects include:

- Public and municipal buildings (Monterey County Government Center, Monterey County Emergency Center, Juvenile Hall), schools, libraries and hospitals (Natividad Medical Center).
- Infrastructure related to transportation such as the construction and maintenance of roads, bridges, and bikeways.
- Public outdoor spaces such as parks, public squares, and parking lots.

The applicability development thresholds that trigger the requirement to comply with the Landscape Ordinance for public agency projects are:

- The construction of a new building where the new landscaped area is 2,500 square feet or more and where the project requires a grading permit, building permit, or design review.
- New landscape areas that are 2,500 square feet or more not associated with any new buildings but require a grading permit, building permit, or design review.
- Rehabilitated landscape projects that 1) require a grading permit, building permit, or design review; 2) consist of a modified landscape area of 2,500 square feet or more; *and* 3) the new landscaping is at least 50% of the existing landscaped area.

## **B. Private Development Projects – Non-Residential**

Non-residential private development projects include any use or construction undertaken by private citizens for non-residential type uses in commercial, industrial, and agricultural zoning districts. This development is typically privately funded and results in some personal or economical benefit to the owner or applicant. Some examples of these projects include:

- Commercial developments consistent with commercial designated zoning districts such as retail stores, convenience markets, restaurants, hotels and motels, and service centers.
- Industrial developments consistent with industrial designated zoning districts such as warehouses, contractor storage yards, manufacturing facilities, and processing plants.
- Developments consistent with agricultural zoning districts such as agricultural support facilities, agricultural processing plants, farm equipment storage facilities, fertilizer plants and yards, and trucking operations and facilities.
- Mixed use developments such as projects that include both commercial and residential uses on one project site.

The applicability development thresholds for private development projects consisting of non-residential uses are:

- Construction of a new building with a new landscaped area of 2,500 square feet or more and where the project requires a grading permit, building permit, or design review.

- New landscape areas that are 2,500 square feet or more not associated with any new buildings but require a grading permit, building permit, or design review.
- Rehabilitated landscape projects that 1) require a grading permit, building permit, or design review; 2) consist of a modified landscape area of 2,500 square feet or more; *and* 3) the new landscaping is at least 50% of the existing landscaped area.

## **C. Private Development Projects – Residential**

Private residential development projects are residential developments within residential zoning districts and those districts which allow residential uses. This category of projects is further defined into two sub-categories: developer installed and homeowner installed.

### **1. Developer installed**

Developer installed projects are financed and undertaken by a private entity or business within a residential zoning district, or those districts which allow residential uses, where the residential units/products will be sold or leased. Some examples of these projects include:

- Single family dwellings that are speculation homes or track homes, multifamily dwellings (condos, townhomes, and apartment complexes), and residential subdivisions.

The applicability development thresholds for developer installed private development projects consisting of residential uses are:

- Construction of a new building(s) with new landscape area(s) of 2,500 square feet or more and where the project requires a grading permit, building permit, or design review. This includes single family home developments in which the combined area of multiple or individual yards totals at least the threshold amount.
- New landscape areas that are 2,500 square feet or more not associated with any new buildings but require a grading permit, building permit, or design review.

Rehabilitated landscape projects that 1) require a grading permit, building permit, or design review; 2) consist of a modified landscape area of 2,500 square feet or more; *and* 3) the new landscaping is at least 50% of the existing landscaped area.

## **2. Homeowner installed**

Homeowner installed projects are individual single family homes within a residential zoning district, or those districts which allow residential uses, where the project is financed and undertaken by the owner of the property. Some examples of these projects include:

- Single family dwellings, accessory dwelling units, and accessory structures where the owner resides on the property or rents or leases the property to another individual/family.

The applicability development thresholds for homeowner installed private development projects consisting of residential uses are:

- Construction of a new building(s) with a new landscape area(s) 5,000 square feet or more and require a grading permit, building permit, or design review;
- New landscape areas that are 5,000 square feet or more not associated with any new buildings but require a grading permit, building permit, or design review.
- Rehabilitated landscape projects that 1) require a grading permit, building permit, or design review; 2) consist of a modified landscape area of 5,000 square feet or more; *and* 3) the new landscaping is at least 50% of the existing landscaped area.

## **D. Exempt Landscaping**

Projects exempt from the requirements of the Landscape Ordinance include:

- Landscaping projects on registered local, state, or federal historical sites;

- Ecological restoration projects (e.g. sites altered to establish a defined, indigenous, historic ecosystem) with no permanent irrigation system;
- Mined-land reclamation projects (surface mining operations with an approved reclamation plan) with no irrigation system;
- Plant collections, as part of botanical gardens and arboretums open to the public;
- Agricultural cultivation activities;
- Construction of structures that do not include changes in existing landscape;
- Changes in use of an existing structure with no changes to landscaping;
- Private edible plant gardens and/or orchards for personal and individual consumption;
- Construction of wetlands or areas that are not irrigated and used solely for on-site wastewater treatment;
- New, existing or rehabilitated stormwater quality projects that are not irrigated and used solely for the purpose of improving runoff quality and/or retaining runoff for onsite infiltration;
- Natural areas including, but not limited to: open space, native vegetative areas, and hardscapes with no permanent irrigation system;
- Erosion control activities with no permanent irrigation system such as hydroseeding; and
- Existing cemeteries.

## **E. Other Landscape Regulations**

In addition to the Water and Energy Efficient Landscape Ordinance, there are additional County water conservation regulations that relate to landscaping such as Monterey County Code (Chapters 18.44 and 18.50) and the Monterey County Coastal Implementation Plans (Parts 2 through 5). Additional regulations related to water use are also enforced by the Monterey County Water Resources Agency, the Monterey Peninsula Water Management District, and the Marina Coast Water District for projects located within their jurisdictional areas.

Projects exempt from the Landscape Ordinance may still be subject to these additional regulations which would require submittal of a landscape and irrigation plan to either the County or other

agency. Many of these regulations call for the use of drought tolerant plants, native plants, and the use of and low precipitation sprinkler heads, bubblers, drip irrigation system and timing devices as part of the exterior landscape. Furthermore, existing County policies generally encourage the use of native plants, fire resistant plants and the eradication of invasive plant species.

## **1. Monterey County Code Chapter 18.44**

Monterey County Code Chapter (MCC) 18.44 requires new construction, served by the California American Water Service Company, to incorporate low water use or native plants and low water use irrigation systems as part of the landscape design. Discretionary permits for projects in these areas are typically conditioned to require the submittal of landscape and irrigation plans to be reviewed and approved before the issuance of building permits. Then, prior to final of the building permit, County staff will verify that the landscaping and irrigation equipment was installed in accordance to the approved plans.

## **2. Monterey County Code Chapter 18.50**

Similar to Monterey County Code Chapter (MCC) 18.44, MCC 18.50 also requires new construction to incorporate low water use or native plants and low water use irrigation systems as part of the landscape design. However, MCC 18.50 is only applicable to property located within the Greater Salinas, Toro, and Greater Monterey Peninsula planning areas as well as a portion of the North County Planning Area (including the Coastal Zone). Discretionary permits for projects in these areas are typically conditioned to require the submittal of landscape and irrigation plans to be reviewed and approved before the issuance of building permits. Then, prior to final of the building permit, County staff will verify that the landscaping and irrigation equipment was installed in accordance to the approved plans.

### **3. Monterey County Coastal Implementation Plans Parts 2-5**

The North County, Big Sur, Carmel Area, and the Del Monte Forest Coastal Implementation Plans include policies that address water conservation relative to landscaping. Similar to other regulations described above, the 1982 General Plan, and state law; water conservation techniques in the coastal zone include planting using low water use (or drought tolerant) vegetation, water efficient irrigation systems, and incorporating recycled water where feasible. Discretionary permits for projects in these areas are typically conditioned to require the submittal of landscape and irrigation plans. The landscape and irrigation plans are reviewed and approved by RMA-Planning before the issuance of building permits. Then, prior to final of the building permit, County staff is required to verify that the landscaping and irrigation equipment was installed in accordance to the approved plans.

### **4. Monterey County Water Resources Agency**

The Monterey County Water Resources Agency adopted Ordinance No. 3932, addressing water efficiency in landscaping through the use of drought tolerant planting, encouraging the use of non-potable water for landscape irrigation, and limiting the use of turf grass.

### **5. Monterey Peninsula Water Management District and the Marina Coast Water District**

There are areas within unincorporated Monterey County that are located within the Monterey Peninsula Water Management District (MPWMD) or the Marina Coast Water District (MCWD) and therefore are subject to their regulations. MPWMD Rule 142, Water Efficiency Standards, requires landscaping to be consistent with the State Model Water Efficient Landscape Ordinance. In addition, MCWD Ordinance No. 40 and Section 3.36.030S.2, Water Conservation, of the District code requires new construction to conform to the requirements of the State Model Water Efficient Landscape Ordinance.

## **SECTION 3 – LANDSCAPE PACKAGE**

### **A. General Requirements**

Projects subject to the Landscape Ordinance are required to submit a Landscape Package to RMA-Planning. The Director of RMA-Planning will approve the package once staff has verified that the proposed project complies with the provisions of the Landscape Ordinance, Landscape Manual, other applicable provisions or codes, as well as the conditions of approval for any applicable land use permit or other discretionary approval related to the specific project.

### **B. Submittal Requirements**

A complete Landscape Package includes the following components which are described in more detail in the referenced sections of this manual:

- Landscape Package Application and Submittal Form (see Appendix A) containing the following information:
  - Project Applicant/Property Owner and contact information
  - Project Address, Assessor's Parcel Number, and vicinity map
- Planting Plan (see Section 4)
- Irrigation Plan (see Section 6)
- Water Efficient Landscape Worksheet including water budget calculations for Maximum Applied Water Allowance (MAWA) and Estimated Total Water Use (ETWU) (see Section 5 and Appendix B)
- Soil Management Report (see Section 7)

# **SECTION 4 – PLANTING PLAN REQUIREMENTS**

The planting plan is a site plan that depicts the existing and proposed conditions of the landscape area. The plan shows the locations of all proposed planting areas, identifies the species and sizes of the plant materials to be installed, and depicts existing vegetation to be retained and/or removed. If existing trees are to be removed, such removal must be in conformance with County tree removal requirements and any required tree removal permits must be obtained before tree removal takes place. In addition, the planting must be in conformance with Fuel Management/Fire Hazard requirements of the adopted California Fire Code and Section 18.09 (Fire Code) of the Monterey County Code.

Planting plans are required to be prepared by a licensed landscape architect, licensed landscape contractor, or any other person authorized to design a landscape and will be used in conjunction with approved irrigation plans, as the final landscape construction plans for the project.

## **A. General Requirements and Contents of the Planting Plan**

The planting plan, drawn at a scale that is clearly legible, will need to include the following information:

- Project Information:
  - Project Applicant/Property Owner and contact information
  - Project Address, Assessor's Parcel Number, and vicinity map
  - Total square feet of the landscape area (new and existing )
  - Project type (e.g., new, rehabilitated, public, private, residential)
  - Water supply for the project. Identify the water purveyor if the applicant is not served by a private well and location of connection point,

- North arrow and scale.
- Existing conditions such as grades, existing vegetation including trees, property lines, right-of-ways, drainage easements, utilities and utility easements, streets, driveways, walkways, and other paved areas (pervious and/or impervious).
- Existing improvements located on the site including all buildings and structures that are to remain.
- Any proposed new structures such as buildings, accessory buildings, fences, and decks.
- Existing Onsite Wastewater Treatment System (OWTS) and future OWTS replacement areas.
- Stormwater control treatment measures.
- All hydrozones depicted as low, moderate, or high and each hydrozone identified by number, letter, or other method.
- Any required Fuel Management/Fire Hazard zones.
- Natural features to remain, including rock outcroppings, existing native and ornamental trees, shrubs, etc.
- Any proposed outdoor elements such as platforms, planting areas, recreational areas/features, walkways, patios, walls, and water features.
- Any parking areas that include existing or proposed landscaping.
- Other landscape design features listed within subsequent subsection D.
- Verification. Landscape plans shall contain the following statement: ***“I \_\_\_\_\_ certify that this landscaping plan complies with all Monterey County landscaping requirements including, but not limited to, the use of native drought tolerant, non-invasive species, and limited turf”*** which shall be signed by a licensed landscape architect, licensed landscape contractor, or any other person authorized to design a landscape. This verification is required to ensure that the licensed professional who prepared the plans is certifying that the plans comply with the County’s requirements.

## **B. Planting Areas and Palette**

### **1. Planting Areas**

Planting areas need to be depicted accurately on the planting plan and must identify the different plant types by utilizing a plant symbol and labeling system and a key or legend listing each plant used and its corresponding symbol. The applicant must also include information relative to the plants such as: plant species name (both scientific and common), container size (e.g., 1 gallon, 5 gallon, etc.), quantity of each plant type used, and the spacing needed for planting (e.g., plant at 3 feet on center). The planting plans must also include information on the existing vegetation of the site which should be shown clearly and quantified (in square feet). In order to gain a full understanding of the landscape project, areas where existing vegetation is to remain, areas that require new irrigation or where existing irrigation that will remain in place, and areas where existing vegetation will be removed should be clearly depicted on the plans with a corresponding note or table indicating their size in square footage. Proposed turf areas must be accurately depicted and the square footage indicated to document that the amount is under the threshold limitations. Trees to be removed must be clearly and accurately represented in conformance with requirements of any tree removal permit that will need to be issued.

Landscape areas that are exempt from the Landscape Ordinance (see Section 16.63.030.C of the coastal Landscape Ordinance, Section 16.64.030.C of the inland Landscape Ordinance and Section 2.D of this manual) should be clearly delineated. Examples of these include areas dedicated permanently and solely to edible plants, areas on the property to remain natural, and any other vegetated areas that do not have a permanent irrigation system. When designing the landscape, the applicant must also keep in mind that plants with similar water use needs are required to be grouped together in distinct hydrozones (see Section 5.C of this manual) and the mix of high and low water use plants is generally prohibited. In terms of energy efficiency, plant type and location should also be selected to avoid obstructing passive solar energy systems. In addition, planting that must meet fuel management/fire hazard requirements should be clearly noted as such.

## 2. Planting Palette

Selected plants used in landscape areas should generally be drought tolerant with emphasis on native and/or native compatible species when appropriate. Limiting high water use plants to special design areas of the landscape, such as entrances, courtyards, and Low Impact Development<sup>1</sup> (LID) areas is recommended. Plants should be carefully selected, giving attention to the survivability rate in your area and disease and pest resistance. This will keep costs and maintenance down as it limits the need to replant and add supplemental fertilizers. Turf uses a significant amount of water and should only be used for specific functional areas (playing areas, etc.) that require turf. The ordinance limits turf to either 20% of the landscape area or up to 1,500 square feet (whichever is lower) unless the turf area is designated as a Special Landscape Area and is solely dedicated to active play such as parks, sports fields, golf courses, and where natural turf provides a playing surface. However, in typical landscaped areas, avoiding the use of turf altogether or limiting it to an amount much less than the maximum allowed is strongly encouraged. In addition to turf square footage limitation, the Landscape Ordinance prohibits planting turf in areas with slopes that exceed 10%, areas that are eight feet wide or less, and on street medians, traffic islands, planter strips, or bulb-outs. These requirements reflect the concept of only using turf when it is required for a specific function. The use of drought tolerant shrubs and groundcovers instead of turf is strongly encouraged.

The use of invasive plants is strictly prohibited and the eradication of these species in the existing landscape is highly encouraged. Invasive plants have become a significant problem in both ornamental and natural landscapes. Incorporating eradication into new landscape projects and ongoing maintenance will help limit their spread.

Appropriate plant spacing must be carefully considered based upon their specific adaptability of the plant to the climatic, geologic, and topographical conditions of the project site. In addition,

---

<sup>1</sup> LID is an approach to land development (or re-development) that works with nature to manage stormwater as close to its source as possible. LID employs principles such as preserving and recreating natural landscape features, minimizing effective imperviousness to create functional and appealing site drainage that treat stormwater as a resource rather than a waste product. There are many practices that have been used to adhere to these principles such as bioretention facilities, rain gardens, vegetated rooftops, rain barrels, and permeable pavements.

careful attention must be given to incorporating fire safe landscaping and fuel management requirements into a proposed landscape. If a project requires fuel management due to its location in a fire hazard area, proper plant selection is critical. Section 9 of this manual guidance related to this issue.

### **3. Onsite Wastewater Treatment Systems and Repair Areas**

Areas with installed Onsite Wastewater Treatment Systems (OWTS) or repair areas for future OWTS shall be maintained/planted to provide the best outcome for the wastewater treatment system. Landscaping the OWTS system will prevent erosion of the soils cover over the drain field. Additionally, plants aid in the function of the system by optimizing oxygen exchange and promoting necessary soil moisture removal through transpiration. For ease of maintenance, plants in this area should be shallow rooted herbaceous plants that are well adapted to normal rainfall amounts for the area. Consequently, plants that have aggressive, woody, water-loving, deep roots can potentially clog or disrupt the pipes in the system, causing serious damage that can be very expensive. Additionally, the use of landscaping plastics is not allowed over areas with installed OWTS drain field(s). Alternatively, landscaping fabrics that allow moisture and oxygen transfer are acceptable.

## **C. Grading, Soil Amendments, and Mulching**

When conceptualizing the required grading for a landscaping project, the design shall incorporate techniques that minimize soil erosion, artificial manipulation of natural topography, runoff, and water waste. In order to demonstrate this, grading information shall be depicted on the plans and include the height of graded slopes, drainage patterns, pad elevations, and finished elevations. It is recommended that the natural topography of the site shall be retained wherever feasible such that all irrigation and normal rainfall remain within the property lines and avoid disruption of natural drainage patterns. In addition, the planting plan should clearly denote (either as notes and/or details and specifications, whichever is appropriate) all soil amendments consistent with the recommendations of the soil management report (see Section 7).

## **D. Other Landscape Design Features**

In addition to planting, landscapes typically incorporate the use of other design features for aesthetic and/or multi-functional purposes such as:

- Water features such as fountains, spas, ponds, etc.
- Ornamental features such as windmills, statuary, monuments, public art, flagpoles, etc.
- Stormwater management facilities and Low Impact Development that control runoff and increase on-site retention and infiltration into the landscape design, such as vegetated filter strips, bio-filtration and bio-retention facilities, swales, infiltration basins, etc.
- Rain harvesting or catchment technologies such as rain gardens, cisterns, etc.
- Energy efficient landscape techniques (see Section 8).
- Landscape planting located within parking areas or lots.

These features should also be depicted on the planting plans. For those areas that are not subject to water budget calculations, a note of explanation must be included.

## **E. Landscape Maintenance Schedule**

The regular maintenance of landscape planting promotes plant health, ensures water use efficiency, and lowers costs to the owner. The Landscape Ordinance requires submittal of a regular maintenance schedule with a Certificate of Completion (see Section 9) and at a minimum, should include the following:

- Routine inspection of planting areas and individual plants to remove dead vegetation and adjust fertilization, watering, etc.
- Aerating and dethatching turf areas.
- Replenishing mulch as needed.
- Fertilizing, pruning and weeding in all landscape areas.

# **SECTION 5 – WATER EFFICIENT LANDSCAPE REQUIREMENTS**

The water efficient landscape requirements are a key component to the overall landscape design and strict adherence can be achieved by incorporating water management practices and water waste prevention through planting and irrigation design. When designing a planting plan, the effective use of hydrozones is critical. Strategic placement and groupings of plants in each area will not only reduce the need for water use, but also result in minimizing costs for maintenance and upkeep of the landscape.

In order for the County to determine if a project complies with the Landscape Ordinance (applicable state laws), a series of calculations will need to be prepared and submitted by the applicant. First, the maximum water allowance for a site must be established. This is done by setting the Maximum Applied Water Allowance (MAWA) limit for water use (see subsection B below). Once that is established, the estimated total water use (ETWU) for the proposed landscaping is calculated, using the water use information included the Hydrozone Table. If the amount of water calculated from the ETWU is lower than the amount of water calculated from the MAWA, it is assumed that the landscape project has reduced its water use to the lowest amount practical. This section will walk through each step in determining if the landscape project is water efficient.

## **A. Water Budget Calculations – Water Efficient Landscape Worksheet**

In order to document a project's efficient use of water use, the applicant is required to submit a Water Efficient Landscape Worksheet (see Appendix B) to the County as part of the Landscape Package. The worksheet includes the calculation of a project site's MAWA, the proposed planting's water use depicted in a Hydrozone Table, and the project's ETWU.

## B. Establishing the MAWA

The calculation of the Maximum Applied Water Allowance (MAWA) is used to determine the maximum amount of the annual applied water that can be used to irrigate the landscape area. The MAWA is determined by multiplying the annual evapotranspiration or ETo value (the annual amount of water evaporated from the earth and the water lost through plants) by the total landscape area. ETo values vary between regions and areas due to differences in climate. Therefore, to determine a project site's ETo value, a Referenced Evapotranspiration Table has been included as Appendix C of this manual. The following equation is used to determine the MAWA and the calculation will be submitted with the landscape package as a worksheet.

$$\text{MAWA} = (\text{ETo})(0.62) [(0.7 \times \text{LA}) + (0.3 \times \text{SLA})]$$

### Where:

<b>MAWA</b>	= Maximum Applied Water Allowance (gallons per year)
<b>ETo</b>	= Reference Evapotranspiration from Appendix B.2 of this manual (inches per year)
<b>0.7</b>	= ET Adjustment Factor or ETAF (except for special landscape areas, a factor of 0.7, that, when applied to reference evapotranspiration, adjusts for plant factors and irrigation efficiency)
<b>LA</b>	= Square feet of the total landscaped area (including Special Landscape Area)
<b>0.62</b>	= Conversion factor (to gallons per square foot)
<b>SLA</b>	= Square feet of the Special Landscape Area (area of the landscape irrigated with recycled water, water features using recycled water and areas dedicated to active play such as parks, sports fields, golf courses, and where natural turf provides a playing surface)
<b>0.3</b>	= The additional ET Adjustment Factor/water allowance for Special Landscape Area ( $1.0 - 0.7 = 0.3$ )

**Example 1.** Isabel has a landscape project (2,500 square feet total) in the Central Salinas Valley planning area, located near Arroyo Seco. She intends on planting low and moderate use plants but does not wish to include planting that can be considered as a Special Landscape Area (SLA). The MAWA calculation would be performed as follows:

$$\text{MAWA} = (\text{ETo})(0.62) [(0.7 \times \text{LA}) + (0.3 \times \text{SLA})]$$

$$\text{MAWA} = (52.6)(0.62)[1,750 + 0]$$

$$\text{MAWA} = (32.61)(1,750)$$

$$\text{MAWA} = 57,068 \text{ gallons per year}$$

## C. Hydrozones – Hydrozone Information Table

The proper establishment of hydrozones in a landscape improves water conservation.

Establishing hydrozones is done by grouping vegetation that requires similar water uses, as described in Example 2. This allows the amount of water needed to irrigate the plants to be used efficiently. Proper design of hydrozones will also allow applicants to take advantage of microclimates on the specific site; planting vegetation that will tolerate heat and wind can be placed closer to the street while more sensitive plants placed in shaded areas closer to structures where they are more protected. Once the applicant has determined the distinct hydrozones, they will then need to make the appropriate plant selection. In order to do this, the applicant will have to determine what the general water use is for each plant selected. The plant water use shall be determined using the Water Use Classification of Landscape Species guide or WUCOLS (see Appendix E, Glossary).

**Example 2.** Isabel decides to place three different plants in one hydrozone: *Anigozanthos flavidus* (kangaroo paw), *hypericum olympicum* (Olympic hypericum), and *leucanthemum X superbum* (Shasta Daisy). Using the Species Evaluation List (1999) found in the WUCOLS to determine water use, she found that both Kangaroo paw and Olympic hypericum are listed as low water use plants but the Shasta Daisy is listed as a moderate use plant. Therefore, the hydrozone for this planting would be identified as a moderate water use area.

When designing the landscape and identifying the placement of hydrozones, the applicant will also need to consider the specific requirements of the Landscape Ordinance, such as:

- The surface area of water features shall be classified as a high water use hydrozone area.
- Low and moderate water use plants can be mixed, but the entire hydrozone shall be classified as moderate water use (as shown in Example 2.).
- High water use plants cannot be mixed with low or moderate water use plants.
- Temporarily irrigated areas are classified as a low water use hydrozones.
- Special Landscape Areas using recycled water are classified as low water use hydrozone.

### Hydrozone Information Table.

Not only does the landscape ordinance require landscapes to be designed utilizing hydrozones, it also requires applicants to take the hydrozone data and place it into a Hydrozone Information Table (see Appendix B) . For each hydrozone listed, the applicant must list the plant type and/or water feature, the irrigation method used, the square footage of the hydrozone, and the percentage of the total landscape area of the project that the hydrozone represents. This table will be used to calculate ETWU in Section D.3.

**Example 3.** After careful thought, Isabel decides to plant the Kangaroo paw and Olympic hypericum in one 1,800 square foot hydrozone and the Shasta Daisy in a different 700 square foot hydrozone. This information would be shown in the Hydrozone Information Table as follows:

Hydrozone	Zone or Value	Irrigation Method	Areas (sq. ft.)	% of Landscape Area
1	Low	Bubbler	1,800	72%
2	Moderate	Drip	700	28%
Total				100%

## D. Calculating the Estimated Total Water Use

The estimated total water use (ETWU) is calculated using the hydrozone information from previous Section C, plant factor range, and plant factor.

### 1. Plant Factor Range

The plant factor is the estimated amount of water needed by plants. This is determined by first identifying the plant factor range established by WUCOLS. The table below represents the Plant Factor Range:

Plant Factor Range Table	
Very Low Water Use	< 0.1
Low Water Use	0.1 to 0.3
Moderate Water Use	0.4 to 0.6
High Water Use	0.7 to 1.0

**Example 4.** Now that Isabel has decided what and where she would like to plant, she must then determine their water use based on the Species Evaluation List (1999) found in the WUCOLS. Both Kangaroo paw and Olympic hypericum are listed as low water use plants and the Shasta Daisy is listed as a moderate use plant. Utilizing the Plant Factor Range table, the low water use plants would fall into the range of 0.1 to 0.3 and the moderate water use plant would fall in the 0.4 to 0.6 range.

## 2. Plant Factor

The plant factor range(s) used to determine the plant factor. The typical practice for selecting the plant factor uses the mid value of the given range (e.g., the plant factor range for low water use plants is 0.1 to 0.3; therefore, the mid value would be 0.2). In order to assist applicants with calculating the total plant factor for the proposed landscaping, especially those that may have a wider range of plants, the County has provided an additional worksheet: the Hydrozone/Plant Factor Calculation worksheet found in Appendix B. The data found in the Hydrozone Information Table and the determined plant factor range will be needed to complete the Hydrozone/Plant Factor Calculation worksheet as shown below.

**Example 5.** Based on the Hydrozone Information Table in Example 3 and using the mid-value given for each respective hydrozone identified in Example 4, the completed Hydrozone/Plant Factor Calculation worksheet would be as follows:

Hydrozone	Zone or Value	Plant Factor (PF)	Hydrozone Area (HA) (square feet)	PF x HA (square feet)
1	Low	0.2	1,800	360 sq. ft.
2	Moderate	0.5	700	350 sq. ft.
			Sum	710 sq. ft.
N/A	SLA	N/A	0	0

## 3. Calculating the Estimated Total Water Use (ETWU)

The calculation of the ETWU is used to determine the total amount of water required for the landscape area. The formula below uses data from previous sections and variables for the specific landscape site.

$$ETWU = (ET_o)(0.62) \left[ \frac{PF \times HA}{IE} + SLA \right]$$

**Where:**

ETWU = Estimated Total Water Use per year (gallons)

ET<sub>o</sub> = Reference Evapotranspiration from Appendix C of this manual  
(inches)

PF = Plant Factor from WUCOLS or Hydrozone/Plant Factor Calculation worksheet (Appendix B)

HA = Square feet of Hydrozone Area from Hydrozone/Plant Factor Calculation worksheet (Appendix B)

0.62 = Conversion factor (to gallons per square foot)

SLA = Square feet of the portion of the landscape area identified as Special Landscape Area (areas of the landscape irrigated with recycled water, water features using recycled water and areas dedicated to active play such as parks, sports fields, golf courses, and where natural turf provides a playing surface)

IE = Irrigation Efficiency (minimum 0.71)

**Example 6.** Based on the data found in the Hydrozone/Plant Factor Calculation worksheet in Example 5 and the known ET<sub>o</sub> factor for the project area, calculation of the ETWU can be performed as follows:

$$ETWU = (ET_o)(0.62) \left[ \frac{(PF \times LA)}{(IE)} + SLA \right]$$

$$ETWU = (52.6)(0.62) \left[ \frac{(710/.71)}{+ 0} \right]$$

$$ETWU = (32.61)(1,000)$$

$$ETWU = 32,610 \text{ gallons per year}$$

## E. Determining if the Proposed Landscaping Project is Water Efficient

If the calculated ETWU is less than the established MAWA, the project is considered to be water efficient.

*Example 7. Based on the information below, Isabel's landscape project is assumed to be water efficient.*

MAWA limit from Example 1 = 57,068 gallons per year

ETWU from Example 6 = 32,610 gallons per year

ETWU is below the MAWA by 24,458 gallons per year

## SECTION 6 – IRRIGATION REQUIREMENTS

For the efficient use of water, an automated irrigation system must be designed to meet all the requirements listed in this section and the equipment manufacturer's recommendations. The irrigation system and its related components must be planned and designed to allow for proper installation and maintenance. Consistent with the requirements of the Landscape Ordinance, irrigation plans will need to be prepared by a licensed landscape architect, a licensed landscape contractor, a certified irrigation designer, or any other person authorized to design a landscape and will be used in conjunction with approved planting plans, as the final landscape construction plans for the project. The irrigation plan is typically a site plan prepared to depict the locations of the irrigation system equipment. In order to provide applicants with a simplistic format, the information to be included in the irrigation plan has been broken up into four separate content sections: general contents and requirements; system standards; irrigation design standards; and irrigation scheduling and maintenance.

### A. General Contents and Requirements

The irrigation plan, drawn at a clear and legible scale, should include the following information:

- Location and size of water meters for landscape planting.
- Location, type and size of all components of the irrigation system, including controllers, main and lateral lines, valves, sprinkler heads, moisture sensing devices, rain switches, quick couplers, pressure regulators and backflow prevention devices.
- Static water pressure at the point of connection to the public water supply.
- Flow rate (gallons per minute), application rate (inches per hour) and design operating pressure (pressure per square inch) for each station.
- Any recycled water irrigations systems.
- Verification. Irrigation plans shall contain the following statement: ***"I \_\_\_\_\_ certify that this irrigation plan complies with all Monterey County landscaping requirements including, but not limited to, the use of low flow and water conserving***

*irrigation fixtures*” which shall be signed by a licensed landscape architect, licensed landscape contractor, a certified irrigation designer, or any other person authorized to design an irrigation plan.

## **B. Irrigation System Standards**

In order to ensure irrigation systems use water efficiently, the Landscape Ordinance requires applicants to incorporate certain standards within the design of their system. The irrigation system should integrate specific structural components that have been identified to meet these standards. The following is a list of those components:

### **1. Irrigation Efficiency**

- The irrigation system is required to be designed to ensure that the dynamic pressure at each emission device is within the manufacturer’s recommendation pressure range for optimal performance. For the purpose of determining ETWU, average irrigation efficiency is assumed to be 0.71. Therefore, irrigation systems shall be designed, maintained, and managed to meet or exceed an average landscape irrigation efficiency of 0.71.
- Pressure regulation and/or booster pumps shall be installed so that all components of the irrigation system operate at the manufacturer's recommended optimal pressure.
- Manual shut-off valves (such as a gate valve, ball valve, or butterfly valve) shall be required, as close as possible to the point of connection of the water supply, to minimize water loss in case of emergency (such as a main line break) or routine repair.
- Isolation valves shall be installed at the point of connection and before each valve or valve manifold.
- Backflow prevention devices shall be provided to protect the water supply from contamination by the irrigation system.
- Point source irrigation is required where plant height at maturity will affect the uniformity of an overhead irrigation system.

## **2. Irrigation Sensors**

- In order to prevent irrigating during wet weather, weather-based self-adjusting irrigation controllers with rain sensors are required for both residential and non-residential irrigation systems.
- High flow sensors that detect and report high flow conditions created by system damage or malfunction are recommended.
- Irrigation systems with meters one and one-half (1.5) inches or greater shall have a high-flow sensor that can detect high flow conditions and have the capability to shut off the irrigation system automatically.

## **C. Irrigation Design Standards**

The actual design of an irrigation system (placement and location of irrigation system components) is just as essential as the irrigation itself when trying to achieve maximum water efficiency. Therefore, the Landscape Ordinance requires applicants to incorporate the following standards when designing irrigation systems:

### **1. Preventing Water Waste**

- All irrigation systems shall be designed to prevent runoff, low head drainage, overspray, or other similar conditions where irrigation water flows onto non-targeted areas, such as adjacent properties, hardscapes, roadways, or structures.
- Relevant information from the soil management plan, such as soil type and infiltration rate, shall be utilized when designing irrigation systems. This will allow water to be distributed efficiently and prevent overflow in areas with poor water infiltration.
- Low volume irrigation, such as drip irrigation and the use of bubblers, shall be used in mulched planting areas to maximize water infiltration into the root zone.
- Sprinkler heads, rotors, and other emission devices on one valve shall have matched precipitation rates, unless otherwise directed by the manufacturer's recommendations

- Sprinkler spacing shall be designed to achieve the highest possible distribution uniformity using the manufacturer's recommendations.
- Narrow or irregularly shaped landscape areas, including turf less than eight (8) feet in width in any direction, shall be irrigated with subsurface irrigation or low volume irrigation technology in order to prevent water waste due to overspraying of the area.
- Overhead irrigation shall require a twenty-four (24) inch setback from any non-permeable surface that does not drain toward the landscape area.
- Slopes greater than 15% shall be irrigated with point source or other low-volume irrigation technology.
- Swing joints or other riser protection components, which allow flexibility between sprinkler heads and the irrigation system, shall be required on all risers. This will prevent large amounts of water waste by preventing the connections from breaking.
- Check valves shall be installed to prevent low-head drainage.
- Slopes greater than 25% shall not be irrigated with an irrigation system with a precipitation rate exceeding 0.75 inches per hour.

## **2. Use of Recycled Water**

- Irrigation systems shall be designed and constructed to allow the use of recycled water where such recycled water is available or may become available in the future. Landscaping using recycled water shall be considered a Special Landscape Area.
- Use of alternative landscape features that increase the capture and use of rainwater to irrigate (i.e. rain gardens, cisterns) or create opportunities for infiltration and/or onsite storage are recommended and encouraged.

## **3. Hydrozones**

- The design of the irrigation system shall conform to the hydrozones delineated on the approved planting plans. Separate valves shall be used to irrigate hydrozones with high water use plants and moderate or low water use plants

- Each valve shall irrigate a hydrozone with similar site, slope, sun exposure, soil conditions and plant materials with similar water use
- Sprinkler heads and other emission devices shall be selected based on its appropriateness for the plant type within that hydrozone. Where feasible, trees shall be placed on separate valves from shrubs, groundcovers, and turf

## **D. Irrigation Scheduling and Maintenance**

The regular scheduling and maintenance of an irrigation system will result in efficient water use. All irrigation schedules shall be developed, managed and evaluated to utilize the minimum amount of water required to maintain plant health. To ensure functioning equipment, the irrigation system must be also be properly maintained. A regular maintenance schedule shall include routine inspection and the adjustment and repair of the irrigation system and its component . The irrigation schedule shall factor irrigation run times, emission device, flow rate, and current reference evapotranspiration, so that applied water meets the Estimated Total Water Use. Consistent with the requirements of the Landscape Ordinance, a regular maintenance schedule shall be submitted with the landscape Certificate of Completion, and when applicable, it shall incorporate the following:

- Irrigation interval (days between irrigation).
- Irrigation run times (hours or minutes per irrigation event to avoid runoff).
- Number of cycle starts required for each irrigation event to avoid runoff.
- Amount of applied water scheduled to be applied on a monthly basis.
- Application rate setting.
- Root depth setting.
- Plant type setting.
- Slope factor setting shade factor setting.
- Irrigation uniformity or efficiency setting.

# SECTION 7 – SOILS MANAGEMENT

## REPORT REQUIREMENTS

In order to promote healthy plant growth and prevent excessive erosion and runoff, the Landscape Ordinance requires that a soil management report be completed by either the project applicant or his/her designee. The purpose of the report is to obtain an analysis of the existing soil conditions from a lab qualified to evaluate soils relative to horticulture (verses agriculture or structural integrity), resulting in recommendations of appropriate soil amendments for which then the applicant incorporates into the planting and irrigation plans.

The soils analysis can be conducted by a soils laboratory that will analyze soil as it specifically relates to horticulture. Typically, an applicant will package a soil sample and send it directly to a qualifying lab. Once the analysis is complete, the lab will then provide the applicant with an analysis report and recommendations for soils amendments based off the results of the reports.

At home soils analysis kits are also available and are relatively inexpensive. However, to be consistent with the requirements of the Landscape Ordinance, one must make sure that the test has the capability for a complete soils analysis and submit this information, along with the recommended soils amendments as part of the landscape package.

For those landscape projects that are not subject to the Landscape Ordinance, submitting for a soils analysis or the use of at home soils test kits is encouraged as it promotes a healthy and thriving garden.

Submittal of the report will be required as part of the landscape package, and the landscape architect or landscape contractor who prepared the planting and irrigation plans is required to verify that the report recommendations were used in conjunction with the preparation of those plans. Furthermore, as part of the Certificate of Completion, the applicant is required to submit documentation that the installation of landscaping was done in accordance with the report. Based

on the requirements of the landscape ordinance, the report should contain a laboratory analysis of soil samples that includes the following:

- Soil texture;
- Infiltration rates determined by laboratory test or soil texture infiltration rate table;
- Soil pH;
- Total soluble salts;
- Sodium;
- Percent of organic matter; and
- Recommendations for appropriate soil amendments.

## SECTION 8 – ENERGY EFFICIENCY

Improving energy efficiency adds to the sustainability of all residents in the County of Monterey by reducing air pollutants and greenhouse gas emissions from fossil fuels. In addition, energy efficiency also provides many benefits to the project applicant. For instance, by reducing the need for energy resources, applicants will benefit economically through lowering expenses on energy bills.

In order to promote energy efficiency in developments, the County has incorporated energy efficiency regulations within Chapter 18.12 of the Monterey County Code (Green Building Standards Code) and the Landscape Ordinance. For example, when calculating an overall building's energy efficiency budget, project applicants are required to include the energy use and conservation measures incorporated within the landscape component of building project.

The Landscape Ordinance also makes provisions for landscape lighting, requiring that it is designed for energy efficiency and utilizes one or both of the following:

- ENERGY STAR qualified hard-wired fixtures. All hard-wired lighting shall employ programmable photocontrol or astronomical time-switch controls that automatically switch off when daylight is available.
- Solar powered lighting systems.

However, due to health and safety regulations, energy light efficiency requirements are **not** applicable to:

- Exterior lighting for permanent buildings, structures, security, and signs.
- Lighting required by a health of life safety statute ordinance or regulation, including but not limited to emergency lighting.
- Lighting used in or around swimming pools, water features or other locations subject to Article 680 of Title 24, Part 3, *California Electrical Code*.

To further promote energy efficiency, the Landscape Ordinance also encourages the incorporation of additional energy efficiency measures into the landscape design. These measures/ techniques include the following:

- Use strategic shading techniques, plant selection, location and deciduous tree species in the landscape as appropriate to reduce solar heat gain in the summer and maximize passive solar warming in winter months. For example, planting of deciduous trees in front of a large window would provide shade during warmer months when the leaves are full and allow infiltration of sunlight and warmth during the autumn and winter months when the leaves fall.
- Reduce local heat island effects through planting of shade trees or installation of high-albedo (highly reflective) hardscapes.
- Select and place landscaping to provide wind protection or windbreaks.
- Use solar power and/or other renewable energy (such as wind) in the landscape design.
- Use salvaged, refurbished, renewable, local and recycled landscape and planting materials to reduce the energy requirements of new manufacture and transport.

## SECTION 9 – FUEL MANAGEMENT

There are many benefits to a well designed landscape that go beyond creating areas that are pleasing to the senses and water and energy efficient. With proper forethought, designing landscapes that incorporate fire safety and fuel management can result in the protection of structures and the immediate surrounding areas from wildfires.

The Landscape Ordinance requires landscape projects to be consistent with all applicable fire safe landscaping regulations imposed by a property's designated Fire District and/or Chapter 18.56, Wildfire Protection Standards in State Responsibility Areas, of the Monterey County Code. Property owners are encouraged to discuss their landscape concept with the appropriate Fire District and consider the following recommended fire safe methods in designing their landscape:

- Establishing a greenbelt – A greenbelt is an area of irrigated landscaping which includes fire resistant and/or retardant planting strategically located to separate structures and wildland fuels. Establishment of a greenbelt results in creating a buffer zone between structures and any surrounding vegetation, which slows or prevents the advancement of ground or surface fires.
- Eliminate "fire-ladders" – A fire ladder is an arrangement of plants that provide fuel for a fire to climb from ground covers or grasses to shrubs and up into tree tops or structures. The landscape design should increase the vertical separation of fuels which could effectively reduce and/or eliminate fire-ladders.
- Eliminate continuous fuel beds – fires can spread quickly if areas in the landscape which contain fuel (patches of vegetation) are too close or continuous. The landscape design should reduce the amount of horizontal continuity through the incorporation of hard and/or non-flammable surfaces such as bare ground, pavement, or other landscape design features.

- Maintenance of vegetation – Proper maintenance of the landscape area can reduce the fire load by removing dead branches from shrubs and trees, clearing leaf litter from the ground, and pruning lower branches to increase clearance above the ground.
- Plant selection – Incorporating fire resistant vegetation and plants with deep roots within the landscape will enhance fire protection and erosion control if a fire does occur. Furthermore, fire-prone plant materials and highly flammable mulches should be avoided. For additional information, the suggested plant list included within Appendix E of this manual contains fire resistant plants.

DRAFT

## SECTION 10 – CERTIFICATE OF COMPLETION

Prior to occupancy or final of a grading or building permit, a signed landscape Certificate of Completion shall be submitted to the RMA-Planning (see Appendix D) with information and documentation that the landscape planting and irrigation has been installed in accordance with the approved plans and soils management report. If significant changes were required during installation of the landscape and irrigation system, the applicant will be required to submit “as-built” plans along with the landscape certificate of completion. In addition, the landscape architect or landscape contractor must verify that the as-built landscape plans are in accordance with the planting, irrigation, water efficiency, and energy efficiency requirements of the landscape ordinance.

The Certificate of Completion includes six parts which contains the following information:

- Project information.
- A signed statement verifying that the landscape install is consistent with the approved plans.
- An irrigation audit demonstrating that an inspection, system tune-up, system test with distribution uniformity, reporting overspray or run off that causes overland flow, and preparation of an irrigation schedule has occurred.
- An irrigation schedule that includes the parameter setting and schedule for controllers.
- A schedule of landscape and irrigation maintenance.
- Documentation verifying recommendations from the soils analysis were implemented in the landscape installation.

## SECTION 11 – PUBLIC EDUCATION

Water conservation is a high priority for the County as potable water is a precious resource and drought conditions continue to worsen. Reduction of water use in landscaping is the primary object of the Landscape Ordinance and this manual. Educating the public on design and techniques incorporated in this manual, as well as available programs that are offered; provide additional efforts in water conservation. Although strict regulations and enforcement are not included within these provisions, the hope is to achieve additional water conservation through encouragement of “doing your part” and providing available resources and programs for the public.

### **A. Monterey Peninsula Water Management District.**

Several programs for water conservation in landscaping are available through the Monterey Peninsula Water Management District (MPWMD). Landscapes located within the district maybe participate in rebate programs for turf removal, the use of cisterns, graywater and weather based irrigation controllers. Rebates for landscapes associated with non-residential uses are also available. Service providing a water use analysis and water budget is available, free of charge, for large (over three acres) irrigated landscapes, landscapes with a dedicated water meter and residential water users located within the district and are served by California American Water. In addition, information for Water-wise Landscaping Techniques and drought tolerant planting is available. To encourage water conservation for the general public in the MPWMD area, the Landscape Ordinance encourages participation in these programs to the greatest extent feasible.

For more information, you may contact MPWMD at:

5 Harris Court, Building G  
Monterey, CA 93940  
(831) 658-5601

[www.mpwmd.dst.ca.us/wdd/default.html](http://www.mpwmd.dst.ca.us/wdd/default.html)

## **B. Marina Coast Water District.**

A Water-Wise Landscape Incentive Program is available for areas served by the Marina Coast Water District (MCWD) which promotes water conservation through incentives for retrofitting inefficient irrigation equipment and turf replacement. To further reduce water use, information for Water-Wise Landscaping is also available. To encourage water conservation for the general public in the MCWD area, the Landscape Ordinance requires encourages participation in these programs to the greatest extent feasible.

For more information, you may contact MCWD at:

11 Reservation Road  
Marina, CA 93933  
(831) 384-6131  
[www.mcwd.org/conserve.html](http://www.mcwd.org/conserve.html)

## **C. Pajaro Valley Water Management Agency.**

A graywater rebate program through the Pajaro Valley Water Management Agency (PVWMA) is available for local residents within its boundaries. Information, tips and suggested resources are also available. To encourage water conservation for the general public in the PVWMA area, the Landscape Ordinance encourages participation in these programs to the greatest extent feasible.

For more information, you may contact PVWMA at:

36 Brennan Street  
Watsonville, CA 95076  
(831) 722-9292  
[www.pvwma.dst.ca.us](http://www.pvwma.dst.ca.us)

## **D. Small Water Systems.**

Small water systems (between 15 to 200 connections) located within the unincorporated areas of Monterey County are required to establish an Urban Water Conservation Plan by the Monterey County Water Resources Agency (MCWRA). This plan requires identification of water conservation goals and the measures to achieve such goals. To support attainment of these goals and further water conservation, the Landscape Ordinance requires existing landscapes in these areas to be consistent with the system's Urban Water Conservation Plan.

For more information, you may contact MCWRA at:

893 Blanco Circle  
Salinas, CA 93901  
(831) 755-4860  
[www.mcwra.co.monterey.ca.us/index.php](http://www.mcwra.co.monterey.ca.us/index.php)

## **E. Areas Served by Private Wells.**

Properties served by private wells make up the majority of land area for unincorporated Monterey County. Although these areas are large rural parcels that do not typically contain complex urban-type landscaping, participation in conserving water should be in any type of landscape. Therefore, the Landscape Ordinance encourages implementing the water conservation measures contained in the ordinance and this manual to the greatest extent feasible.

# APPENDIX A

## LANDSCAPE PACKAGE APPLICATION AND SUBMITTAL FORM

**MONTEREY COUNTY  
RESOURCE MANAGEMENT AGENCY**

---

**LANDSCAPE PACKAGE APPLICATION  
AND SUBMITTAL FORM**

RMA – PLANNING  
MIKE NOVO, DIRECTOR

168 W. Alisal St. 2<sup>nd</sup> Flr.  
Salinas, CA 93901  
(831) 755-5025

[www.co.monterey.ca.us/rma](http://www.co.monterey.ca.us/rma)

Landscape applications shall be submitted to the RMA-Planning for review and approval. The following is a checklist of materials required for submittal of your landscape package. Please feel free to contact your assigned project planner at any point in the development process regarding questions you may have about your application. Two (2) hardcopies of all materials are required. Plans shall be drawn on a sheet sized large enough to have legible fonts and lineweights. An electronic copy (pdf.) of all submitted materials is also required to be submitted on CD or flash-drive.

## SECTION 1. HYDROZONE INFORMATION TABLE

[illegible]

MS = Micro-spray  
S = Spray  
R = Rotor  
B = Bubbler  
D = Drip  
O = Other

## 278

The project's Maximum Applied Water Allowance shall be calculated using this equation:

$$\text{MAWA} = (\text{ETo})(0.62) [(0.7 \times \text{LA}) + (0.3 \times \text{SLA})]$$

Where:

MAWA = Maximum Applied Water Allowance (gallons per year)

ETo = Reference Evapotranspiration from Appendix C (inches per year)

0.7 = ET Adjustment Factor (ETAF)

LA = Landscaped Area includes Special Landscape Area (square feet)

0.62 = Conversion factor (to gallons per square foot)

SLA = Portion of the landscape area identified as Special Landscape Area  
(square feet)

0.3 = Additional ET Adjustment Factor for Special Landscape Area  
(1.0 – 0.7 = 0.3)

Maximum Applied Water Allowance = \_\_\_\_\_ gallons per year

Show calculations:

## SECTION C. HYDROZONE/PLANT FACTOR CALCULATION WORKSHEET

Please complete the hydrozone table(s). Use as many tables as necessary

Hydrozone	Plant Water Use Type(s)	Plant Factor (PF)	Area (HA) (square feet)	PF x HA (square feet)
			Sum	
	SLA			

## SECTION D. ESTIMATED TOTAL WATER USE (ETWU)

The project's Estimated Total Water Use is calculated using the following formula:

$$ETWU = (ET_o)(0.62) \left[ \frac{PF \times HA}{IE} + SLA \right]$$

Where:

ETWU = Estimated Total Water Use per year (gallons)

ET<sub>o</sub> = Reference Evapotranspiration from Appendix C (inches)

PF = Plant Factor from WUCOLS

HA = Hydrozone Area [high, medium, and low water use areas]  
(square feet)

0.62 = Conversion factor (to gallons per square foot)

SLA = Portion of the landscape area identified as Special Landscape Area  
(square feet)

IE = Irrigation Efficiency (minimum 0.71)

Estimated Total Water Use = \_\_\_\_\_ gallons

Show calculations:

DRAFT

APPENDIX C  
REFERENCE  
EVAPOTRANSPIRATION ( $ET_o$ )  
TABLE

## REFERENCE EVAPOTRANSPIRATION (ET<sub>o</sub>) TABLE

For calculation of the MAWA and ETWU, the project applicant shall use the following annual evapotranspiration (ET<sub>o</sub>) values

Nearest City/Town	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Annual ET <sub>o</sub>
Arroyo Seco	1.5	2.0	3.7	5.4	6.3	7.3	7.2	6.7	5.0	3.9	2.0	1.6	52.6

## **PART 3. IRRIGATION AUDIT**

An irrigation audit demonstrating that an inspection, system tune-up, system test with distribution uniformity, reporting overspray or run off that causes overland flow, and preparation of an irrigation schedule has occurred.

## **PART 4. IRRIGATION SCHEDULING**

Attach parameters for setting the irrigation schedule on controller per Section No. 16.61.130 of the Water and Energy Efficient Landscape Ordinance.

## **PART 5. SCHEDULE OF LANDSCAPE AND IRRIGATION MAINTENANCE**

Attached schedule of Landscape and Irrigation Maintenance per Section No. 16.61.130 of the Water and Energy Efficient Landscape Ordinance.

## **PART 6. SOIL MANAGEMENT REPORT**

Attach documentation verifying implementation of recommendation from soils analysis report per Section No. 16.61.130 of the Water and Energy Efficient Landscape Ordinance.

# APPENDIX E

## PLANT LISTS

Harmful and Invasive Plants that are Prohibited or Discouraged from Being Planted in Monterey County

Scientific Name	Common Name
<i>Acacia dealbata</i>	Acacia
<i>Acacia melanoxylon</i>	Blackwood Acacia
<i>Agerata adenophora</i>	Sticky Eupatorium
<i>Ailanthus alitissima</i> ****	Tree of Heaven
<i>Arundo donax</i>	Giant Reed
<i>Carpobrotus edulis</i>	Highway Iceplant
<i>Centaurea stoebe ssp. micranthos</i> **	Spotted Knapweed
<i>Cortaderia jubata</i>	Purple Pampas Grass, Jubata Grass
<i>Cortaderia selloana</i>	Pampas Grass
<i>Cotoneaster lacteus</i>	Cotoneaster
<i>Cotoneaster pannosus</i>	Cotoneaster
<i>Cystisus scoparius</i> ****	Scotch Broom
<i>Delairia odorata</i>	Cape Ivy
<i>Eichornia crasipes</i> ****	Water Hyacinth
<i>Elaeagnus angustifolia</i>	Russian Olive
<i>Eucalyptus globulus</i>	Blue Gum Eucalyptus
<i>Euphorbia oblongata</i> ***	Egg Leafed Spurge
<i>Genista monspessulana</i> ****	French Broom
<i>Hedera canariensis</i>	English Ivy
<i>Hedera helix</i>	Algerian Ivy
<i>Iris pseudocomus</i>	Yellow Flag Iris
<i>Linaria genistifolia ssp. dalmatica</i> **	Dalmation Toadflax
<i>Lythrum salicaria</i> **	Purple Loosetrife
<i>Maytenis boaria</i>	Mayten
<i>Mesembryanthemum crystallinum</i>	Crystalline Iceplant
<i>Myoporum laetum</i>	Myoporum
<i>Nassella tenuissima (Stipa tenuissima)</i> **	Mexican Feathergrass
<i>Onopordum acanthium</i> **	Scotch Thistle
<i>Pennisetum setaceum</i>	Green Fountain Grass
<i>Populus nigra 'Italica'</i> *	Lombardy Poplar
<i>Retama monosperma</i> **	Bridal Veil Broom
<i>Ricinis communis</i>	Castor Bean
<i>Robinia pseudoacacia</i>	Black Locust
<i>Sesbania punicea</i> **	Scarlet Wisteria
<i>Spartium junceum</i>	Spanish Broom
<i>Tamarix ramosissima</i> ***	Saltcedar
<i>Triadica (Sapium) sebifera</i>	Chinese Tallow Tree
<i>Vinca major</i>	Periwinkle

Suggested Plants for Use in Landscaping in Monterey County

Scientific Name	Common Name
<i>Achillea millefolium</i>	Yarrow
<i>Achillea taygeta</i>	Moonshine' Yarrow
<i>Achillea tomentosa</i>	Woolly Yarrow
<i>Alnus rhombifolia</i>	White Alder
<i>Arbutus unedo</i>	Strawberry Tree
<i>Arctostaphylos endumdsii</i>	Woods red' Manzanita
<i>Arctostaphylos sp.</i>	Emerald Carpet' Manzanita
<i>Arctostaphylos sp.</i>	Dr. Hurd' Manzanita
<i>Arctostaphylos sp.</i>	Sunset' Manzanita
<i>Baccharis pilularis</i>	Twin Peaks' Dwarf Coyote Brush
<i>Ceanothus gloriosus</i>	Mountain Lilac
<i>Ceanothus griseus horizontalis</i>	Mountain Lilac
<i>Ceanothus sp.</i>	Frosty Blue' Mountain Lilac
<i>Ceanothus sp.</i>	Joyce Coulter' Mountain Lilac
<i>Ceanothus sp.</i>	Ray Hartman' Mountain Lilac
<i>Ceanothus sp.</i>	Snow Flurry' Mountain Lilac
<i>Ceanothus sp.</i>	Wheeler Canyon' Mountain Lilac
<i>Ceanothus sp.</i>	Yankee Point' Mountain Lilac
<i>Ceanothus sp.</i>	Point Reyes' Mountain Lilac
<i>Cercis occidentalis</i>	Western Redbud
<i>Cercocarpus betuloides</i>	Mountain Mahogany
<i>Eriogonum fasciculatum (low growing cultivars)</i>	California Buckwheat
<i>Festuca rubra</i>	Creeping Red' Red Fescue
<i>Fragaria chiloensis</i>	Wild Strawberry
<i>Garrya elliptica</i>	Evie' Coast Silktassel
<i>Hesperoyucca whipplei</i>	Yucca
<i>Heteromeles arbutifolia</i>	Toyon
<i>Heuchera maxima</i>	Coral Bells
<i>Prunus lyonii</i>	Catalina Cherry
<i>Quercus agrifolia</i>	Coast Live Oak
<i>Rhamnus californica</i>	Eve Case' Coffee Berry
<i>Rhamnus crocea</i>	Redberry
<i>Ribes viburnifolium</i>	Evergreen Currant
<i>Romneya coulteri</i>	Matilija Poppy
<i>Sedum spathulifolium</i>	Purpureum' Stonecrop

DRAFT

# APPENDIX F

## GLOSSARY

“Applied water” means the portion of water supplied by the irrigation system to the landscape.

“Backflow prevention device” means a safety device used to prevent pollution or contamination of the water supply due to the reverse flow of water from the irrigation system.

“California Invasive Plant Inventory” means the California Invasive Plant Inventory maintained by the California Invasive Plant Council.

“Certified irrigation designer” means a person certified to design irrigation systems by an accredited academic institution a professional trade organization or other program such as the US Environmental Protection Agency’s WaterSense irrigation designer certification program and Irrigation Association’s Certified Irrigation Designer program.

“Certified landscape irrigation auditor” means a person certified to perform landscape irrigation audits by an accredited academic institution, a professional trade organization or other program such as the US Environmental Protection Agency’s WaterSense irrigation auditor certification program and Irrigation Association’s Certified Landscape Irrigation Auditor program.

“Check valve” or “anti-drain valve” means a valve located under a sprinkler head or other location in the irrigation system, to hold water in the system to prevent drainage from sprinkler heads when the sprinkler is off.

“Controller” means an automatic timing device used to remotely control valves or heads to operate an irrigation system. A weather-based controller is a controller that utilizes evapotranspiration or weather data to make adjustments to irrigation schedules. A self-adjusting irrigation controller is a controller that uses on-site sensor data (e.g., soil moisture) to adjust irrigation schedules.

“Developer Installed” means landscaping provided by a developer in conjunction with property improvements such as, but not limited to, remodels/additions, new construction, and land divisions. For the purposes of the landscape ordinance, a developer is a private entity undertaking real estate or property development resulting in the sale or lease of a residential product.

“Drip irrigation” means any non-spray low volume irrigation system utilizing emission devices with a flow rate measured in gallons per hour. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

“Ecological restoration project” means a project where the site is intentionally altered to establish a defined, indigenous, historic ecosystem.

“Energy efficient landscape” means any new or rehabilitated landscape, public or private, that helps a project achieve a minimum 15% reduction in energy use when compared to the State’s mandatory energy efficiency standards.

“Energy efficient lighting system” means any outdoor landscape lighting system consisting of at least 90 percent ENERGY STAR qualified hard-wired fixtures, solar powered lighting, and/or systems that employ programmable photocontrol or astronomical time-switch controls that automatically switch off when daylight is available.

“Established landscape” means the point at which plants in the landscape have developed significant root growth into the soil. Typically, most plants are established after one or two years of growth.

“Estimated Total Water Use” (ETWU) means the total water used for the landscape.

“ET adjustment factor” means, except for special landscape areas, a factor of 0.7, that, when applied to reference evapotranspiration, adjusts for plant factors and irrigation efficiency. A combined plant mix with a site-wide average of 0.5 is the basis of the plant factor portion of this calculation. For the purposes of the ETAF, the average irrigation efficiency is 0.71. Therefore, the ET Adjustment Factor is  $(0.7) = (0.5/0.71)$ .

“Evapotranspiration rate” means the quantity of water evaporated from adjacent soil and other surfaces and transpired by plants during a specified time.

“Flow rate” means the rate at which water flows through pipes, valves and emission devices, measured in gallons per minute, gallons per hour, or cubic feet per second.

“Hardscapes” means any durable material (pervious or impervious).

“High water use plant” mean any plant categorized as high water need by the water use classification of landscape species guide.

“Homeowner-installed” means any landscaping either installed by a private individual for a single family residence or installed by a licensed contractor hired by a homeowner. A homeowner, for purposes of the landscape ordinance, is a person who occupies the dwelling he or she owns. This excludes speculative homes, which are not owner-occupied dwellings.

“Hydrozone” means a portion of the landscaped area having plants with similar water needs *that are served by a valve or set of valves with the same schedule*. A hydrozone may be irrigated or non-irrigated.

“Infiltration rate” means the rate of water entry into the soil expressed as a depth of water per unit of time (e.g., inches per hour).

“Invasive plant” means a species of plants not historically found in California that spread outside cultivated areas and can damage environmental or economic resources. “Noxious weeds” means any weed designated by the Weed Control Regulations in the Weed Control Act and identified on a Regional District noxious weed control list. Lists of invasive plants are

maintained at the California Invasive Plant Inventory, USDA invasive, noxious weeds database, and the Landscape Manual.

“Irrigation audit” means an in-depth evaluation of the performance of an irrigation system conducted by a Certified Landscape Irrigation Auditor. An irrigation audit shall include, but is not limited to: inspection, system tune-up, system test with distribution uniformity or emission uniformity, reporting overspray or runoff that causes overland flow, and preparation of an irrigation schedule.

“Irrigation efficiency” (IE) means the measurement of the amount of water beneficially used divided by the amount of water applied. Irrigation efficiency is derived from measurements and estimates of irrigation system characteristics and management practices. The minimum average irrigation efficiency for purposes of this ordinance is 0.71. Greater irrigation efficiency can be expected from well designed and maintained systems.

“Irrigation meter” means a separate meter that measures the amount of water used for items such as lawns, washing exterior surfaces, washing vehicles, or filling pools.

“Landscape architect” means a person who holds a license to practice landscape architecture in the state of California Business and Professions Code, Section 5615.

“Landscape area” or “landscape project” means the total dedicated landscape area on a property. Water features are included in the calculation of the landscape area. Areas dedicated to agricultural cultivation are not included. The landscape area does not include footprints of buildings or structures, sidewalks, driveways, parking lots, decks, patios, gravel or stone walks, other pervious or non-pervious hardscapes, and other non-irrigated areas designated for non-development (e.g., open spaces and existing native vegetation).

“Landscape contractor” means a person licensed by the state of California to construct, maintain, repair, install, or subcontract the development of landscape systems.

“Landscape Manual” means the manual prepared to assist applicants with the implementation of the requirements of the Water and Energy Efficient Landscape Ordinance (see Section 16.61.040.)

“Landscape package (application)” means the landscape materials required to be submitted for review and approval by the Director of the RMA-Planning Department. The landscape package shall include: project information, planting plan, irrigation plan, soils management report, and the water efficient landscape worksheet.

“Lateral Line” means the water delivery pipeline that supplies water to the emitters or sprinklers from the valve.

“Licensed Professionals” includes licensed landscape architects, licensed landscape contractors,

“Local Water Purveyor” means any entity, including a public agency, city, county or private water company that provides retail water service.

“Low volume irrigation” means the application of irrigation water at low pressure through a system of tubing or lateral lines and low-volume emitters such as drip, drip lines, and bubblers. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

“Low water use plant” means any plant categorized as low water need by the water use classification of landscape species (WUCOLS) guide.

“Main line” means the pressurized pipeline that delivers water for the water sources to the valve or outlet.

“Maximum Applied Water Allowance” (MAWA) means the upper limit of annual applied water for the established landscaped area. It is based upon the area’s reference evapotranspiration, the ET Adjustment Factor, and the size of the landscape area.

“Microclimate” means the climate of a small, specific area that may contrast with the climate of the overall landscape area due to factors such as wind, sun exposure, plant density, or proximity to reflective surfaces.

“Mined-land reclamation projects” means any surface mining operation with a reclamation plan approved in accordance with the Surface Mining and Reclamation Act of 1975.

“Moderate water use plant” means any plant categorized as moderate water need by the water use classification of landscape species (WUCOLS) guide.

“Mulch” means any organic material such as leaves, bark, straw, compost, or inorganic mineral materials such as rocks, gravel, and decomposed granite left loose and applied to the soil surface for the beneficial purposes of reducing evaporation, suppressing weeds, moderating soil temperature, and preventing soil erosion.

“New construction” means, for the purposes of the Water and Energy Efficient Landscape ordinance, a new public or private building with a landscape or other new landscape, such as a park, playground, or greenbelt without an associated building.

“Operating pressure” means the pressure at which the parts of an irrigation system are designed by the manufacturer to operate.

“Overhead irrigation systems” means systems that deliver water through the air (e.g., pop-ups, impulse sprinklers, spray heads, rotors, micro-sprays, etc).

“Overspray” means the irrigation water that is delivered beyond the landscape area, wetting pavements, walks, structures, or other non-landscaped areas.

“Permit” means an authorizing document issued by local agencies for new construction or rehabilitated landscapes.

“Pervious” means any surface or material that allows the passage of water through the material and into the underlying soil.

“Plant Factor” or “plant water use factor” is a value when multiplied by ETo, estimates the total amount of water needed by plants. For purposes of the Water and Energy Efficient Landscape ordinance, the plant factor range for very low water use plants is less than 0.1, the plant factor for low water use plants is 0.1 to 0.3, the plant factor range for high water use plants is 0.7 to 1.0. Plant factors cited in this ordinance are derived from the Department of Water Resources 2000 publication “Water Use Classification of Landscape Species.”

“Planting Plan” means plans consistent with the requirements outlined in Section 16.61.060 of the Landscape Ordinance.

“Rain sensor” or “rain sensing shutoff device” means a component which automatically suspends an irrigation event when it rains.

“Recycled water”, “reclaimed water”, or “treated sewage effluent water” means treated or recycled waste water of a quality suitable for non-potable uses such as landscape irrigation and water features. This water is not intended for human consumption.

“Recreational Area” means public areas dedicated to active play such as parks, sports fields and golf courses where turf provides a playing surface.

“Reference evapotranspiration” or “ETo” means a standard measurement of environmental parameters which affect the water use of plants. ETo is expressed in inches per day, month, or year, and is an estimate of the evapotranspiration of a large field of four- to seven-inch tall, cool-season grass that is well watered. Reference evapotranspiration is used as the basis of determining the Maximum Applied Water Allowance so that regional differences in climate can be accommodated.

“Rehabilitated landscape” means any re-landscaping project that requires a permit, plan check, or design review, and the modified landscape area is equal to or greater than 2,500 square feet, is 50% of the total landscape area.

“Run off” means water which is not absorbed by the soil or landscape to which it is applied and flows from the landscape area. For example, runoff may result from water that is applied at too great a rate (application rate exceeds infiltration rate) or when there is a slope.

“Soil moisture sensing device” or “soil moisture sensor” means a device that measures the amount of water in the soil. The device may also suspend or initiate an irrigation event.

“Soil texture” means the classification of soil based on its percentage of sand, silt, and clay.

“Stormwater control facility” means a stormwater management feature intended to improve the quality of runoff leaving a site.

“Special Landscape Area” (SLA) means an area of the landscape irrigated with recycled water, water features using recycled water, and areas dedicated to active play such as parks, sports fields, golf courses, and where turf provides a playing surface.

“Sprinkler head” means a device which delivers water through a nozzle.

“Station” means an area served by one valve or by a set of valves that operate simultaneously.

“Turf” means a ground cover surface of mowed grass. Annual bluegrass, Kentucky bluegrass, Perennial ryegrass, Red fescue, and Tall fescue are cool-season grasses. Bermuda grass, Kikuyu grass, Seashore Paspalum, St. Augustine grass, Zoysia grass, and Buffalo grass are warm-season grasses.

“Valve” means a device used to control the flow of water in the irrigation system.

“Water conserving plant species” means a plant species identified as having a low plant factor.

“Water feature” means a design element where open water performs an aesthetic or recreational function. Water features include ponds, lakes, waterfalls, fountains, artificial streams, spas, and swimming pools (where water is artificially supplied). The surface area of water features is included in the high water use hydrozone of the landscape area. Constructed wetlands used for on-site wastewater treatment or stormwater best management practices that are not irrigated and used solely for water treatment or stormwater retention are not water features and, therefore, are not subject to the water budget calculation.

“Water use classification of landscape species guide” (WUCOLS) means the water use classification of landscape species guide published by the University of California Cooperative Extension, the department of water resources, and the bureau of reclamation, as it currently exists or may be amended in the future.

“Watering window” means the time of day irrigation is allowed.

“Weather-based self-adjusting irrigation controller” means a system component that uses local weather and landscape conditions to automatically adjust irrigation schedules to actual conditions on the site or historical weather data.

“Xeriscape” means a landscaping method developed especially for arid and semiarid climates that utilizes water-conserving techniques (such as the use of drought-tolerant plants, mulch, and efficient irrigation) to balance hydrology at the parcel level.

Anna Quenga  
Associate Planner  
Monterey County Resource Management Agency, Planning Department  
168 W. Alisal Street, 2<sup>nd</sup> Floor  
Salinas, CA 93901

***Subject: Water and Energy Efficiency Landscape Ordinance***

Dear Ms. Quenga:

Coastal Commission staff has reviewed the County's draft Water and Energy Efficiency Landscape Ordinance that was developed consistent with the requirements of Assembly Bill (AB) 1881. In sum, the ordinance includes new submittal requirements for planting, irrigation, lighting, and soils plans in order to reduce water and energy consumption through landscape design techniques. The County intends to apply this ordinance countywide, as required by AB 1881. As discussed previously with County staff, we do not believe that this ordinance needs to be added to the LCP. The existing regulations in the LCP appear to adequately cover the issue of water conservation/water efficiency in landscaping without the need to add any references to this new ordinance, and the County is not precluded from applying this new ordinance in the Coastal Zone by any existing LCP regulations. That being said, Commission staff is also not opposed to adding the ordinance to the LCP if the County sees the need.

Thank you for the opportunity to provide guidance on this issue and please let us know if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Katie Butler".

Katie Butler  
Coastal Planner  
Central Coast District Office

# SECTION 1 – INTRODUCTION

## A. Purpose

The *Standards, Guidelines and Specified Performance Requirements for Landscape Water Use and Irrigation* (Landscape Manual) was adopted by a separate resolution by the Monterey County Board of Supervisors and will be amended from time to time to address new requirements or technology, and to clarify and provide guidance related the County's process and procedures for landscaping. The landscape manual is specifically authorized as an informational and implementing tool in the inland and coastal landscape ordinances (County of Monterey's Ordinance Nos. \_\_\_\_ ) and Chapters 16.63 and 16.64 of the Monterey County Code. The information contained within this manual is applicable to both the inland and coastal areas of the County. Furthermore, any mention or reference to regulations set forth in the "Landscape Ordinance" within this manual means both ordinances for the coastal and inland areas.

The purpose of this manual is to provide applicants with comprehensive guidance to comply with the County's landscape requirements, including a clear explanation of specific procedures and related technical information for landscape and irrigation projects subject to the Landscape Ordinance. In addition, the manual shall serve as a tool to provide property owners a greater understanding of the importance and benefits in efficient use of water and energy in landscaping. Best management practices are identified as well as other situations that a property owner should keep in mind when designing a landscape plan (i.e. natural areas, critical habitat, flood-prone areas, etc.) even if the landscape project is exempt from any permit requirement.

## B. Appendices

Appendices have been incorporated to provide applicants with additional information and the landscape package submittal documents required to comply with the water efficiency requirements of the Landscape Ordinance.

The appendices, which may be updated periodically include:

#### *The Landscape Package Application and Submittal Form*

This form will include important project information to be completed by the applicant and contains a checklist of the required submittal documents for the landscape package. This form will be submitted to RMA-Planning as part of the landscape package.

#### *The Water Efficient Landscape Worksheet*

This worksheet will be completed by the applicant in order to demonstrate how the project is consistent with the water efficient requirements of the Landscape Ordinance. The Water Efficient Landscape Worksheet includes four components: 1) the Hydrozone Information Table used to itemize plants relative to water use, 2) the mathematical formula to be used to calculate a project's Maximum Applied Water Allowance (MAWA), which calculates the maximum water use allowed based on the landscape area and amount of water typically evaporated from soils and plants, 3) the Hydrozone/Plant Factor Calculation worksheet used to provide data needed to calculate the estimated water use, and 4) the mathematical formula used to calculate a project's Estimated Total Water Use (ETWU), performed to calculate the total amount of water used in a landscape project.

#### *Certificate of Completion*

In order to ensure the landscape planting and irrigation installation has been completed per the approved plans, the applicant will be required to submit a Certificate of Completion. As part of the Certificate of Completion, the applicant will also be required to include an irrigation audit and a regular planting and irrigation maintenance schedule.

#### *Glossary*

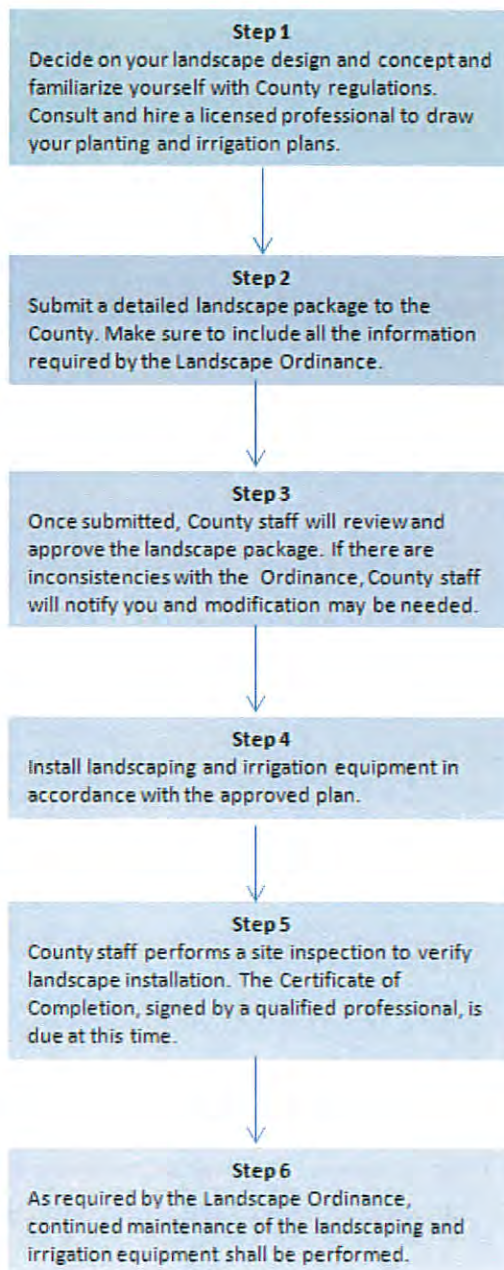

The definitions included in the Landscape Ordinance are also included in this manual.

## C. Summary of Landscape Review and Process

The information below provides a general guideline for applicants, illustrating the process for submittal, review, approval, and maintenance of landscape projects subject to the Landscape Ordinance:

### Step 1 – Landscape Design and Concept

Once you have determined that your proposed project is subject to the Landscape Ordinance (see Section 2 of this manual), certain factors should be taken into account prior to preparing a landscape design in order to address all requirements related to landscaping comprehensively. These factors may include requirements of the Landscape Ordinance, this manual, policies contained in the applicable Area or Land Use Plans, zoning and, conditions of approval for related discretionary permits for the project site, and additional requirements from other agencies. For example, water and energy conservations requirements must be aligned with fuel management and tree removal requirements. Selected plant species must be drought tolerant and invasive plants are to be avoided. Keep in mind if and how the landscape project would affect the existing environment of the site. Are there areas on

the property where landscape planting and irrigation should be avoided (flood-prone, landslide, and/or preserved natural areas)? Is the property located in an area where there is a wildlife corridor? If so, would the landscape project have a negative effect on this area or would the planted vegetation survive if the existing wildlife continuously consumed it? Are trees and shrubs spaced appropriately to allow for fire breaks?

## **Step 2 – Documents Required for Submittal**

Projects subject to the Landscape Ordinance are required to submit a detailed landscape package to RMA-Planning for review and approval prior to installation. For discretionary permits (such as a Use Permit or other entitlement), submittal of a conceptual landscape plan is required with the discretionary application followed by submittal of a detailed landscape package prior to the issuance of the related grading or building permit.

The following is a list of the required documents that will need to be included in the landscape package (please refer to the specific Section or Appendix cited for further detail and explanation):

- Landscape Application Form (see Appendix A).
- Planting Plan (see Section 4).
- Irrigation Plan (see Section 6).
- Soils Management Report (see Section 7).
- Water Efficiency Landscape Worksheet (see Section 5 and Appendix B)
- Energy efficiency information (Section 8).

## **Step 3 – Approval of the Submitted Landscape Package**

Prior to the issuance of a ministerial permit (such as a grading or building permit) or design review; the landscape package must be approved. Once the package has been reviewed by RMA-Planning, and any necessary corrections have been made by the applicant, the final landscape

and irrigation plans will be signed, stamped approved by the County, and a “Job Copy” returned to the applicant. Installation of the landscaping may not proceed until this approval is complete.

#### **Step 4 – Landscape Installation**

Landscaping and irrigation must be installed in conformance with the plans approved by RMA-Planning.

#### **Step 5 – Verification of Installation and Certificate of Completion Submittal**

Prior to granting of a “final” for any ministerial permit (such as a grading or building permit), the applicant shall submit a Certificate of Completion (see Section 10 and Appendix D) and schedule a site inspection with RMA-Planning to verify that the installed landscaping is in conformance with the approved plans. If during installation the applicant needs to modify the planting and/or irrigation beyond what can be considered consistent with what was approved, and the modification is found acceptable by the Landscape Architect/Designer of record, the applicant will be required to submit “as-built” plans to RMA-Planning along with a statement of why the modification was necessary.

#### **Step 6 – Continued Maintenance**

Landscape areas and irrigation equipment are required to be maintained in accordance with the Landscape Ordinance and this manual. As stated previously, the applicant will be required to submit a Certificate of Completion which will include information for long term maintenance of landscape planting and irrigation equipment. If the landscape and/or irrigation system is not properly maintained the project owner could be subject to a code violation by the County.

## SECTION 2 – APPLICABILITY

The Landscape Ordinance applies to landscape areas for certain project types meeting specific applicability thresholds. The landscape area of a project is considered to be all the areas on a property that are dedicated to landscaping, unless otherwise found to be exempt (see subsection D). Project types are separated into three main categories: 1) public agency projects, 2) non-residential private development projects, and 3) residential private development projects, with residential private development projects further divided into sub-categories. Although the primary focus of this manual is to explain the requirements of the Landscape Ordinance, the information provided is still be helpful for applicants with smaller landscape undertaking and exempt projects.

### A. Public Agency Projects

Public agency projects include any use or construction undertaken by public agencies (e.g., local municipalities, special districts and State agencies such as Caltrans) within any zoning district. These projects are financed and constructed by the public agency for recreation, employment, or health and safety for the community. Some examples of these types of projects include:

- Public and municipal buildings (Monterey County Government Center, Monterey County Emergency Center, Juvenile Hall), schools, libraries and hospitals (Natividad Medical Center).
- Infrastructure related to transportation such as the construction and maintenance of roads, bridges, and bikeways.
- Public outdoor spaces such as parks, public squares, and parking lots.

The applicability development thresholds that trigger the requirement to comply with the Landscape Ordinance for public agency projects are:

- The construction of a new building where the new landscaped area is 2,500 square feet or more and where the project requires a grading permit, building permit, or design review.
- New landscape areas that are 2,500 square feet or more not associated with any new buildings but require a grading permit, building permit, or design review.
- Rehabilitated landscape projects that 1) require a grading permit, building permit, or design review; 2) consist of a modified landscape area of 2,500 square feet or more; *and* 3) the new landscaping is at least 50% of the existing landscaped area.

## **B. Private Development Projects – Non-Residential**

Non-residential private development projects include any use or construction undertaken by private citizens for non-residential type uses in commercial, industrial, and agricultural zoning districts. This development is typically privately funded and results in some personal or economical benefit to the owner or applicant. Some examples of these projects include:

- Commercial developments consistent with commercial designated zoning districts such as retail stores, convenience markets, restaurants, hotels and motels, and service centers.
- Industrial developments consistent with industrial designated zoning districts such as warehouses, contractor storage yards, manufacturing facilities, and processing plants.
- Developments consistent with agricultural zoning districts such as agricultural support facilities, agricultural processing plants, farm equipment storage facilities, fertilizer plants and yards, and trucking operations and facilities.
- Mixed use developments such as projects that include both commercial and residential uses on one project site.

The applicability development thresholds for private development projects consisting of non-residential uses are:

- Construction of a new building with a new landscaped area of 2,500 square feet or more and where the project requires a grading permit, building permit, or design review.

- New landscape areas that are 2,500 square feet or more not associated with any new buildings but require a grading permit, building permit, or design review.
- Rehabilitated landscape projects that 1) require a grading permit, building permit, or design review; 2) consist of a modified landscape area of 2,500 square feet or more; *and* 3) the new landscaping is at least 50% of the existing landscaped area.

## **C. Private Development Projects – Residential**

Private residential development projects are residential developments within residential zoning districts and those districts which allow residential uses. This category of projects is further defined into two sub-categories: developer installed and homeowner installed.

### **1. Developer installed**

Developer installed projects are financed and undertaken by a private entity or business within a residential zoning district, or those districts which allow residential uses, where the residential units/products will be sold or leased. Some examples of these projects include:

- Single family dwellings that are speculation homes or track homes, multifamily dwellings (condos, townhomes, and apartment complexes), and residential subdivisions.

The applicability development thresholds for developer installed private development projects consisting of residential uses are:

- Construction of a new building(s) with new landscape area(s) of 2,500 square feet or more and where the project requires a grading permit, building permit, or design review. This includes single family home developments in which the combined area of multiple or individual yards totals at least the threshold amount.
- New landscape areas that are 2,500 square feet or more not associated with any new buildings but require a grading permit, building permit, or design review.

Rehabilitated landscape projects that 1) require a grading permit, building permit, or design review; 2) consist of a modified landscape area of 2,500 square feet or more; *and* 3) the new landscaping is at least 50% of the existing landscaped area.

## **2. Homeowner installed**

Homeowner installed projects are individual single family homes within a residential zoning district, or those districts which allow residential uses, where the project is financed and undertaken by the owner of the property. Some examples of these projects include:

- Single family dwellings, accessory dwelling units, and accessory structures where the owner resides on the property or rents or leases the property to another individual/family.

The applicability development thresholds for homeowner installed private development projects consisting of residential uses are:

- Construction of a new building(s) with a new landscape area(s) 5,000 square feet or more and require a grading permit, building permit, or design review;
- New landscape areas that are 5,000 square feet or more not associated with any new buildings but require a grading permit, building permit, or design review.
- Rehabilitated landscape projects that 1) require a grading permit, building permit, or design review; 2) consist of a modified landscape area of 5,000 square feet or more; *and* 3) the new landscaping is at least 50% of the existing landscaped area.

## **D. Exempt Landscaping**

Projects exempt from the requirements of the Landscape Ordinance include:

- Landscaping projects on registered local, state, or federal historical sites;

- Ecological restoration projects (e.g. sites altered to establish a defined, indigenous, historic ecosystem) with no permanent irrigation system;
- Mined-land reclamation projects (surface mining operations with an approved reclamation plan) with no irrigation system;
- Plant collections, as part of botanical gardens and arboretums open to the public;
- Agricultural cultivation activities;
- Construction of structures that do not include changes in existing landscape;
- Changes in use of an existing structure with no changes to landscaping;
- Private edible plant gardens and/or orchards for personal and individual consumption;
- Construction of wetlands or areas that are not irrigated and used solely for on-site wastewater treatment;
- New, existing or rehabilitated stormwater quality projects that are not irrigated and used solely for the purpose of improving runoff quality and/or retaining runoff for onsite infiltration;
- Natural areas including, but not limited to: open space, native vegetative areas, and hardscapes with no permanent irrigation system;
- Erosion control activities with no permanent irrigation system such as hydroseeding; and
- Existing cemeteries.

## **E. Other Landscape Regulations**

In addition to the Water and Energy Efficient Landscape Ordinance, there are additional County water conservation regulations that relate to landscaping such as Monterey County Code (Chapters 18.44 and 18.50) and the Monterey County Coastal Implementation Plans (Parts 2 through 5). Additional regulations related to water use are also enforced by the Monterey County Water Resources Agency, the Monterey Peninsula Water Management District, and the Marina Coast Water District for projects located within their jurisdictional areas.

Projects exempt from the Landscape Ordinance may still be subject to these additional regulations which would require submittal of a landscape and irrigation plan to either the County or other

agency. Many of these regulations call for the use of drought tolerant plants, native plants, and the use of and low precipitation sprinkler heads, bubblers, drip irrigation system and timing devices as part of the exterior landscape. Furthermore, existing County policies generally encourage the use of native plants, fire resistant plants and the eradication of invasive plant species.

## **1. Monterey County Code Chapter 18.44**

Monterey County Code Chapter (MCC) 18.44 requires new construction, served by the California American Water Service Company, to incorporate low water use or native plants and low water use irrigation systems as part of the landscape design. Discretionary permits for projects in these areas are typically conditioned to require the submittal of landscape and irrigation plans to be reviewed and approved before the issuance of building permits. Then, prior to final of the building permit, County staff will verify that the landscaping and irrigation equipment was installed in accordance to the approved plans.

## **2. Monterey County Code Chapter 18.50**

Similar to Monterey County Code Chapter (MCC) 18.44, MCC 18.50 also requires new construction to incorporate low water use or native plants and low water use irrigation systems as part of the landscape design. However, MCC 18.50 is only applicable to property located within the Greater Salinas, Toro, and Greater Monterey Peninsula planning areas as well as a portion of the North County Planning Area (including the Coastal Zone). Discretionary permits for projects in these areas are typically conditioned to require the submittal of landscape and irrigation plans to be reviewed and approved before the issuance of building permits. Then, prior to final of the building permit, County staff will verify that the landscaping and irrigation equipment was installed in accordance to the approved plans.

### **3. Monterey County Coastal Implementation Plans Parts 2-5**

The North County, Big Sur, Carmel Area, and the Del Monte Forest Coastal Implementation Plans include policies that address water conservation relative to landscaping. Similar to other regulations described above, the 1982 General Plan, and state law; water conservation techniques in the coastal zone include planting using low water use (or drought tolerant) vegetation, water efficient irrigation systems, and incorporating recycled water where feasible. Discretionary permits for projects in these areas are typically conditioned to require the submittal of landscape and irrigation plans. The landscape and irrigation plans are reviewed and approved by RMA-Planning before the issuance of building permits. Then, prior to final of the building permit, County staff is required to verify that the landscaping and irrigation equipment was installed in accordance to the approved plans.

### **4. Monterey County Water Resources Agency**

The Monterey County Water Resources Agency adopted Ordinance No. 3932, addressing water efficiency in landscaping through the use of drought tolerant planting, encouraging the use of non-potable water for landscape irrigation, and limiting the use of turf grass.

### **5. Monterey Peninsula Water Management District and the Marina Coast Water District**

There are areas within unincorporated Monterey County that are located within the Monterey Peninsula Water Management District (MPWMD) or the Marina Coast Water District (MCWD) and therefore are subject to their regulations. MPWMD Rule 142, Water Efficiency Standards, requires landscaping to be consistent with the State Model Water Efficient Landscape Ordinance. In addition, MCWD Ordinance No. 40 and Section 3.36.030S.2, Water Conservation, of the District code requires new construction to conform to the requirements of the State Model Water Efficient Landscape Ordinance.

## **SECTION 3 – LANDSCAPE PACKAGE**

### **A. General Requirements**

Projects subject to the Landscape Ordinance are required to submit a Landscape Package to RMA-Planning. The Director of RMA-Planning will approve the package once staff has verified that the proposed project complies with the provisions of the Landscape Ordinance, Landscape Manual, other applicable provisions or codes, as well as the conditions of approval for any applicable land use permit or other discretionary approval related to the specific project.

### **B. Submittal Requirements**

A complete Landscape Package includes the following components which are described in more detail in the referenced sections of this manual:

- Landscape Package Application and Submittal Form (see Appendix A) containing the following information:
  - Project Applicant/Property Owner and contact information
  - Project Address, Assessor's Parcel Number, and vicinity map
- Planting Plan (see Section 4)
- Irrigation Plan (see Section 6)
- Water Efficient Landscape Worksheet including water budget calculations for Maximum Applied Water Allowance (MAWA) and Estimated Total Water Use (ETWU) (see Section 5 and Appendix B)
- Soil Management Report (see Section 7)

# **SECTION 4 – PLANTING PLAN REQUIREMENTS**

The planting plan is a site plan that depicts the existing and proposed conditions of the landscape area. The plan shows the locations of all proposed planting areas, identifies the species and sizes of the plant materials to be installed, and depicts existing vegetation to be retained and/or removed. If existing trees are to be removed, such removal must be in conformance with County tree removal requirements and any required tree removal permits must be obtained before tree removal takes place. In addition, the planting must be in conformance with Fuel Management/Fire Hazard requirements of the adopted California Fire Code and Section 18.09 (Fire Code) of the Monterey County Code.

Planting plans are required to be prepared by a licensed landscape architect, licensed landscape contractor, or any other person authorized to design a landscape and will be used in conjunction with approved irrigation plans, as the final landscape construction plans for the project.

## **A. General Requirements and Contents of the Planting Plan**

The planting plan, drawn at a scale that is clearly legible, will need to include the following information:

- Project Information:
  - Project Applicant/Property Owner and contact information
  - Project Address, Assessor's Parcel Number, and vicinity map
  - Total square feet of the landscape area (new and existing )
  - Project type (e.g., new, rehabilitated, public, private, residential)
  - Water supply for the project. Identify the water purveyor if the applicant is not served by a private well and location of connection point,

- North arrow and scale.
- Existing conditions such as grades, existing vegetation including trees, property lines, right-of-ways, drainage easements, utilities and utility easements, streets, driveways, walkways, and other paved areas (pervious and/or impervious).
- Existing improvements located on the site including all buildings and structures that are to remain.
- Any proposed new structures such as buildings, accessory buildings, fences, and decks.
- Existing Onsite Wastewater Treatment System (OWTS) and future OWTS replacement areas.
- Stormwater control treatment measures.
- All hydrozones depicted as low, moderate, or high and each hydrozone identified by number, letter, or other method.
- Any required Fuel Management/Fire Hazard zones.
- Natural features to remain, including rock outcroppings, existing native and ornamental trees, shrubs, etc.
- Any proposed outdoor elements such as platforms, planting areas, recreational areas/features, walkways, patios, walls, and water features.
- Any parking areas that include existing or proposed landscaping.
- Other landscape design features listed within subsequent subsection D.
- Verification. Landscape plans shall contain the following statement: ***“I \_\_\_\_\_ certify that this landscaping plan complies with all Monterey County landscaping requirements including, but not limited to, the use of native drought tolerant, non-invasive species, and limited turf”*** which shall be signed by a licensed landscape architect, licensed landscape contractor, or any other person authorized to design a landscape. This verification is required to ensure that the licensed professional who prepared the plans is certifying that the plans comply with the County’s requirements.

## **B. Planting Areas and Palette**

### **1. Planting Areas**

Planting areas need to be depicted accurately on the planting plan and must identify the different plant types by utilizing a plant symbol and labeling system and a key or legend listing each plant used and its corresponding symbol. The applicant must also include information relative to the plants such as: plant species name (both scientific and common), container size (e.g., 1 gallon, 5 gallon, etc.), quantity of each plant type used, and the spacing needed for planting (e.g., plant at 3 feet on center). The planting plans must also include information on the existing vegetation of the site which should be shown clearly and quantified (in square feet). In order to gain a full understanding of the landscape project, areas where existing vegetation is to remain, areas that require new irrigation or where existing irrigation that will remain in place, and areas where existing vegetation will be removed should be clearly depicted on the plans with a corresponding note or table indicating their size in square footage. Proposed turf areas must be accurately depicted and the square footage indicated to document that the amount is under the threshold limitations. Trees to be removed must be clearly and accurately represented in conformance with requirements of any tree removal permit that will need to be issued.

Landscape areas that are exempt from the Landscape Ordinance (see Section 16.63.030.C of the coastal Landscape Ordinance, Section 16.64.030.C of the inland Landscape Ordinance and Section 2.D of this manual) should be clearly delineated. Examples of these include areas dedicated permanently and solely to edible plants, areas on the property to remain natural, and any other vegetated areas that do not have a permanent irrigation system. When designing the landscape, the applicant must also keep in mind that plants with similar water use needs are required to be grouped together in distinct hydrozones (see Section 5.C of this manual) and the mix of high and low water use plants is generally prohibited. In terms of energy efficiency, plant type and location should also be selected to avoid obstructing passive solar energy systems. In addition, planting that must meet fuel management/fire hazard requirements should be clearly noted as such.

## 2. Planting Palette

Selected plants used in landscape areas should generally be drought tolerant with emphasis on native and/or native compatible species when appropriate. Limiting high water use plants to special design areas of the landscape, such as entrances, courtyards, and Low Impact Development<sup>1</sup> (LID) areas is recommended. Plants should be carefully selected, giving attention to the survivability rate in your area and disease and pest resistance. This will keep costs and maintenance down as it limits the need to replant and add supplemental fertilizers. Turf uses a significant amount of water and should only be used for specific functional areas (playing areas, etc.) that require turf. The ordinance limits turf to either 20% of the landscape area or up to 1,500 square feet (whichever is lower) unless the turf area is designated as a Special Landscape Area and is solely dedicated to active play such as parks, sports fields, golf courses, and where natural turf provides a playing surface. However, in typical landscaped areas, avoiding the use of turf altogether or limiting it to an amount much less than the maximum allowed is strongly encouraged. In addition to turf square footage limitation, the Landscape Ordinance prohibits planting turf in areas with slopes that exceed 10%, areas that are eight feet wide or less, and on street medians, traffic islands, planter strips, or bulb-outs. These requirements reflect the concept of only using turf when it is required for a specific function. The use of drought tolerant shrubs and groundcovers instead of turf is strongly encouraged.

The use of invasive plants is strictly prohibited and the eradication of these species in the existing landscape is highly encouraged. Invasive plants have become a significant problem in both ornamental and natural landscapes. Incorporating eradication into new landscape projects and ongoing maintenance will help limit their spread.

Appropriate plant spacing must be carefully considered based upon their specific adaptability of the plant to the climatic, geologic, and topographical conditions of the project site. In addition,

---

<sup>1</sup> LID is an approach to land development (or re-development) that works with nature to manage stormwater as close to its source as possible. LID employs principles such as preserving and recreating natural landscape features, minimizing effective imperviousness to create functional and appealing site drainage that treat stormwater as a resource rather than a waste product. There are many practices that have been used to adhere to these principles such as bioretention facilities, rain gardens, vegetated rooftops, rain barrels, and permeable pavements.

careful attention must be given to incorporating fire safe landscaping and fuel management requirements into a proposed landscape. If a project requires fuel management due to its location in a fire hazard area, proper plant selection is critical. Section 9 of this manual guidance related to this issue.

### **3. Onsite Wastewater Treatment Systems and Repair Areas**

Areas with installed Onsite Wastewater Treatment Systems (OWTS) or repair areas for future OWTS shall be maintained/planted to provide the best outcome for the wastewater treatment system. Landscaping the OWTS system will prevent erosion of the soils cover over the drain field. Additionally, plants aid in the function of the system by optimizing oxygen exchange and promoting necessary soil moisture removal through transpiration. For ease of maintenance, plants in this area should be shallow rooted herbaceous plants that are well adapted to normal rainfall amounts for the area. Consequently, plants that have aggressive, woody, water-loving, deep roots can potentially clog or disrupt the pipes in the system, causing serious damage that can be very expensive. Additionally, the use of landscaping plastics is not allowed over areas with installed OWTS drain field(s). Alternatively, landscaping fabrics that allow moisture and oxygen transfer are acceptable.

## **C. Grading, Soil Amendments, and Mulching**

When conceptualizing the required grading for a landscaping project, the design shall incorporate techniques that minimize soil erosion, artificial manipulation of natural topography, runoff, and water waste. In order to demonstrate this, grading information shall be depicted on the plans and include the height of graded slopes, drainage patterns, pad elevations, and finished elevations. It is recommended that the natural topography of the site shall be retained wherever feasible such that all irrigation and normal rainfall remain within the property lines and avoid disruption of natural drainage patterns. In addition, the planting plan should clearly denote (either as notes and/or details and specifications, whichever is appropriate) all soil amendments consistent with the recommendations of the soil management report (see Section 7).

## **D. Other Landscape Design Features**

In addition to planting, landscapes typically incorporate the use of other design features for aesthetic and/or multi-functional purposes such as:

- Water features such as fountains, spas, ponds, etc.
- Ornamental features such as windmills, statuary, monuments, public art, flagpoles, etc.
- Stormwater management facilities and Low Impact Development that control runoff and increase on-site retention and infiltration into the landscape design, such as vegetated filter strips, bio-filtration and bio-retention facilities, swales, infiltration basins, etc.
- Rain harvesting or catchment technologies such as rain gardens, cisterns, etc.
- Energy efficient landscape techniques (see Section 8).
- Landscape planting located within parking areas or lots.

These features should also be depicted on the planting plans. For those areas that are not subject to water budget calculations, a note of explanation must be included.

## **E. Landscape Maintenance Schedule**

The regular maintenance of landscape planting promotes plant health, ensures water use efficiency, and lowers costs to the owner. The Landscape Ordinance requires submittal of a regular maintenance schedule with a Certificate of Completion (see Section 9) and at a minimum, should include the following:

- Routine inspection of planting areas and individual plants to remove dead vegetation and adjust fertilization, watering, etc.
- Aerating and dethatching turf areas.
- Replenishing mulch as needed.
- Fertilizing, pruning and weeding in all landscape areas.

# **SECTION 5 – WATER EFFICIENT LANDSCAPE REQUIREMENTS**

The water efficient landscape requirements are a key component to the overall landscape design and strict adherence can be achieved by incorporating water management practices and water waste prevention through planting and irrigation design. When designing a planting plan, the effective use of hydrozones is critical. Strategic placement and groupings of plants in each area will not only reduce the need for water use, but also result in minimizing costs for maintenance and upkeep of the landscape.

In order for the County to determine if a project complies with the Landscape Ordinance (applicable state laws), a series of calculations will need to be prepared and submitted by the applicant. First, the maximum water allowance for a site must be established. This is done by setting the Maximum Applied Water Allowance (MAWA) limit for water use (see subsection B below). Once that is established, the estimated total water use (ETWU) for the proposed landscaping is calculated, using the water use information included the Hydrozone Table. If the amount of water calculated from the ETWU is lower than the amount of water calculated from the MAWA, it is assumed that the landscape project has reduced its water use to the lowest amount practical. This section will walk through each step in determining if the landscape project is water efficient.

## **A. Water Budget Calculations – Water Efficient Landscape Worksheet**

In order to document a project's efficient use of water use, the applicant is required to submit a Water Efficient Landscape Worksheet (see Appendix B) to the County as part of the Landscape Package. The worksheet includes the calculation of a project site's MAWA, the proposed planting's water use depicted in a Hydrozone Table, and the project's ETWU.

## B. Establishing the MAWA

The calculation of the Maximum Applied Water Allowance (MAWA) is used to determine the maximum amount of the annual applied water that can be used to irrigate the landscape area. The MAWA is determined by multiplying the annual evapotranspiration or ETo value (the annual amount of water evaporated from the earth and the water lost through plants) by the total landscape area. ETo values vary between regions and areas due to differences in climate. Therefore, to determine a project site's ETo value, a Referenced Evapotranspiration Table has been included as Appendix C of this manual. The following equation is used to determine the MAWA and the calculation will be submitted with the landscape package as a worksheet.

$$\text{MAWA} = (\text{ETo})(0.62) [(0.7 \times \text{LA}) + (0.3 \times \text{SLA})]$$

### Where:

<b>MAWA</b>	= Maximum Applied Water Allowance (gallons per year)
<b>ETo</b>	= Reference Evapotranspiration from Appendix B.2 of this manual (inches per year)
<b>0.7</b>	= ET Adjustment Factor or ETAF (except for special landscape areas, a factor of 0.7, that, when applied to reference evapotranspiration, adjusts for plant factors and irrigation efficiency)
<b>LA</b>	= Square feet of the total landscaped area (including Special Landscape Area)
<b>0.62</b>	= Conversion factor (to gallons per square foot)
<b>SLA</b>	= Square feet of the Special Landscape Area (area of the landscape irrigated with recycled water, water features using recycled water and areas dedicated to active play such as parks, sports fields, golf courses, and where natural turf provides a playing surface)
<b>0.3</b>	= The additional ET Adjustment Factor/water allowance for Special Landscape Area ( $1.0 - 0.7 = 0.3$ )

**Example 1.** Isabel has a landscape project (2,500 square feet total) in the Central Salinas Valley planning area, located near Arroyo Seco. She intends on planting low and moderate use plants but does not wish to include planting that can be considered as a Special Landscape Area (SLA). The MAWA calculation would be performed as follows:

$$\text{MAWA} = (\text{ETo})(0.62) [(0.7 \times \text{LA}) + (0.3 \times \text{SLA})]$$

$$\text{MAWA} = (52.6)(0.62)[1,750 + 0]$$

$$\text{MAWA} = (32.61)(1,750)$$

$$\text{MAWA} = 57,068 \text{ gallons per year}$$

## C. Hydrozones – Hydrozone Information Table

The proper establishment of hydrozones in a landscape improves water conservation.

Establishing hydrozones is done by grouping vegetation that requires similar water uses, as described in Example 2. This allows the amount of water needed to irrigate the plants to be used efficiently. Proper design of hydrozones will also allow applicants to take advantage of microclimates on the specific site; planting vegetation that will tolerate heat and wind can be placed closer to the street while more sensitive plants placed in shaded areas closer to structures where they are more protected. Once the applicant has determined the distinct hydrozones, they will then need to make the appropriate plant selection. In order to do this, the applicant will have to determine what the general water use is for each plant selected. The plant water use shall be determined using the Water Use Classification of Landscape Species guide or WUCOLS (see Appendix E, Glossary).

**Example 2.** Isabel decides to place three different plants in one hydrozone: *Anigozanthos flavidus* (kangaroo paw), *hypericum olympicum* (Olympic hypericum), and *leucanthemum X superbum* (Shasta Daisy). Using the Species Evaluation List (1999) found in the WUCOLS to determine water use, she found that both Kangaroo paw and Olympic hypericum are listed as low water use plants but the Shasta Daisy is listed as a moderate use plant. Therefore, the hydrozone for this planting would be identified as a moderate water use area.

When designing the landscape and identifying the placement of hydrozones, the applicant will also need to consider the specific requirements of the Landscape Ordinance, such as:

- The surface area of water features shall be classified as a high water use hydrozone area.
- Low and moderate water use plants can be mixed, but the entire hydrozone shall be classified as moderate water use (as shown in Example 2.).
- High water use plants cannot be mixed with low or moderate water use plants.
- Temporarily irrigated areas are classified as a low water use hydrozones.
- Special Landscape Areas using recycled water are classified as low water use hydrozone.

### Hydrozone Information Table.

Not only does the landscape ordinance require landscapes to be designed utilizing hydrozones, it also requires applicants to take the hydrozone data and place it into a Hydrozone Information Table (see Appendix B) . For each hydrozone listed, the applicant must list the plant type and/or water feature, the irrigation method used, the square footage of the hydrozone, and the percentage of the total landscape area of the project that the hydrozone represents. This table will be used to calculate ETWU in Section D.3.

**Example 3.** *After careful thought, Isabel decides to plant the Kangaroo paw and Olympic hypericum in one 1,800 square foot hydrozone and the Shasta Daisy in a different 700 square foot hydrozone. This information would be shown in the Hydrozone Information Table as follows:*

Hydrozone	Zone or Value	Irrigation Method	Areas (sq. ft.)	% of Landscape Area
1	Low	Bubbler	1,800	72%
2	Moderate	Drip	700	28%
Total				100%

## D. Calculating the Estimated Total Water Use

The estimated total water use (ETWU) is calculated using the hydrozone information from previous Section C, plant factor range, and plant factor.

### 1. Plant Factor Range

The plant factor is the estimated amount of water needed by plants. This is determined by first identifying the plant factor range established by WUCOLS. The table below represents the Plant Factor Range:

Plant Factor Range Table	
Very Low Water Use	< 0.1
Low Water Use	0.1 to 0.3
Moderate Water Use	0.4 to 0.6
High Water Use	0.7 to 1.0

**Example 4.** Now that Isabel has decided what and where she would like to plant, she must then determine their water use based on the Species Evaluation List (1999) found in the WUCOLS. Both Kangaroo paw and Olympic hypericum are listed as low water use plants and the Shasta Daisy is listed as a moderate use plant. Utilizing the Plant Factor Range table, the low water use plants would fall into the range of 0.1 to 0.3 and the moderate water use plant would fall in the 0.4 to 0.6 range.

## 2. Plant Factor

The plant factor range(s) used to determine the plant factor. The typical practice for selecting the plant factor uses the mid value of the given range (e.g., the plant factor range for low water use plants is 0.1 to 0.3; therefore, the mid value would be 0.2). In order to assist applicants with calculating the total plant factor for the proposed landscaping, especially those that may have a wider range of plants, the County has provided an additional worksheet: the Hydrozone/Plant Factor Calculation worksheet found in Appendix B. The data found in the Hydrozone Information Table and the determined plant factor range will be needed to complete the Hydrozone/Plant Factor Calculation worksheet as shown below.

**Example 5.** Based on the Hydrozone Information Table in Example 3 and using the mid-value given for each respective hydrozone identified in Example 4, the completed Hydrozone/Plant Factor Calculation worksheet would be as follows:

Hydrozone	Zone or Value	Plant Factor (PF)	Hydrozone Area (HA) (square feet)	PF x HA (square feet)
1	Low	0.2	1,800	360 sq. ft.
2	Moderate	0.5	700	350 sq. ft.
			Sum	710 sq. ft.
N/A	SLA	N/A	0	0

## 3. Calculating the Estimated Total Water Use (ETWU)

The calculation of the ETWU is used to determine the total amount of water required for the landscape area. The formula below uses data from previous sections and variables for the specific landscape site.

$$ETWU = (ET_o)(0.62) \left[ \frac{PF \times HA}{IE} + SLA \right]$$

**Where:**

ETWU = Estimated Total Water Use per year (gallons)

ET<sub>o</sub> = Reference Evapotranspiration from Appendix C of this manual  
(inches)

PF = Plant Factor from WUCOLS or Hydrozone/Plant Factor Calculation worksheet (Appendix B)

HA = Square feet of Hydrozone Area from Hydrozone/Plant Factor Calculation worksheet (Appendix B)

0.62 = Conversion factor (to gallons per square foot)

SLA = Square feet of the portion of the landscape area identified as Special Landscape Area (areas of the landscape irrigated with recycled water, water features using recycled water and areas dedicated to active play such as parks, sports fields, golf courses, and where natural turf provides a playing surface)

IE = Irrigation Efficiency (minimum 0.71)

**Example 6.** Based on the data found in the Hydrozone/Plant Factor Calculation worksheet in Example 5 and the known ET<sub>o</sub> factor for the project area, calculation of the ETWU can be performed as follows:

$$ETWU = (ET_o)(0.62) \left[ \frac{(PF \times LA)}{(IE)} + SLA \right]$$

$$ETWU = (52.6)(0.62) \left[ \frac{(710/.71)}{0.71} + 0 \right]$$

$$ETWU = (32.61)(1,000)$$

$$ETWU = 32,610 \text{ gallons per year}$$

## E. Determining if the Proposed Landscaping Project is Water Efficient

If the calculated ETWU is less than the established MAWA, the project is considered to be water efficient.

*Example 7. Based on the information below, Isabel's landscape project is assumed to be water efficient.*

MAWA limit from Example 1 = 57,068 gallons per year

ETWU from Example 6 = 32,610 gallons per year

ETWU is below the MAWA by 24,458 gallons per year

## SECTION 6 – IRRIGATION REQUIREMENTS

For the efficient use of water, an automated irrigation system must be designed to meet all the requirements listed in this section and the equipment manufacturer's recommendations. The irrigation system and its related components must be planned and designed to allow for proper installation and maintenance. Consistent with the requirements of the Landscape Ordinance, irrigation plans will need to be prepared by a licensed landscape architect, a licensed landscape contractor, a certified irrigation designer, or any other person authorized to design a landscape and will be used in conjunction with approved planting plans, as the final landscape construction plans for the project. The irrigation plan is typically a site plan prepared to depict the locations of the irrigation system equipment. In order to provide applicants with a simplistic format, the information to be included in the irrigation plan has been broken up into four separate content sections: general contents and requirements; system standards; irrigation design standards; and irrigation scheduling and maintenance.

### A. General Contents and Requirements

The irrigation plan, drawn at a clear and legible scale, should include the following information:

- Location and size of water meters for landscape planting.
- Location, type and size of all components of the irrigation system, including controllers, main and lateral lines, valves, sprinkler heads, moisture sensing devices, rain switches, quick couplers, pressure regulators and backflow prevention devices.
- Static water pressure at the point of connection to the public water supply.
- Flow rate (gallons per minute), application rate (inches per hour) and design operating pressure (pressure per square inch) for each station.
- Any recycled water irrigations systems.
- Verification. Irrigation plans shall contain the following statement: ***"I \_\_\_\_\_ certify that this irrigation plan complies with all Monterey County landscaping requirements including, but not limited to, the use of low flow and water conserving***

*irrigation fixtures*” which shall be signed by a licensed landscape architect, licensed landscape contractor, a certified irrigation designer, or any other person authorized to design an irrigation plan.

## **B. Irrigation System Standards**

In order to ensure irrigation systems use water efficiently, the Landscape Ordinance requires applicants to incorporate certain standards within the design of their system. The irrigation system should integrate specific structural components that have been identified to meet these standards. The following is a list of those components:

### **1. Irrigation Efficiency**

- The irrigation system is required to be designed to ensure that the dynamic pressure at each emission device is within the manufacturer’s recommendation pressure range for optimal performance. For the purpose of determining ETWU, average irrigation efficiency is assumed to be 0.71. Therefore, irrigation systems shall be designed, maintained, and managed to meet or exceed an average landscape irrigation efficiency of 0.71.
- Pressure regulation and/or booster pumps shall be installed so that all components of the irrigation system operate at the manufacturer's recommended optimal pressure.
- Manual shut-off valves (such as a gate valve, ball valve, or butterfly valve) shall be required, as close as possible to the point of connection of the water supply, to minimize water loss in case of emergency (such as a main line break) or routine repair.
- Isolation valves shall be installed at the point of connection and before each valve or valve manifold.
- Backflow prevention devices shall be provided to protect the water supply from contamination by the irrigation system.
- Point source irrigation is required where plant height at maturity will affect the uniformity of an overhead irrigation system.

## 2. Irrigation Sensors

- In order to prevent irrigating during wet weather, weather-based self-adjusting irrigation controllers with rain sensors are required for both residential and non-residential irrigation systems.
- High flow sensors that detect and report high flow conditions created by system damage or malfunction are recommended.
- Irrigation systems with meters one and one-half (1.5) inches or greater shall have a high-flow sensor that can detect high flow conditions and have the capability to shut off the irrigation system automatically.

## C. Irrigation Design Standards

The actual design of an irrigation system (placement and location of irrigation system components) is just as essential as the irrigation itself when trying to achieve maximum water efficiency. Therefore, the Landscape Ordinance requires applicants to incorporate the following standards when designing irrigation systems:

### 1. Preventing Water Waste

- All irrigation systems shall be designed to prevent runoff, low head drainage, overspray, or other similar conditions where irrigation water flows onto non-targeted areas, such as adjacent properties, hardscapes, roadways, or structures.
- Relevant information from the soil management plan, such as soil type and infiltration rate, shall be utilized when designing irrigation systems. This will allow water to be distributed efficiently and prevent overflow in areas with poor water infiltration.
- Low volume irrigation, such as drip irrigation and the use of bubblers, shall be used in mulched planting areas to maximize water infiltration into the root zone.
- Sprinkler heads, rotors, and other emission devices on one valve shall have matched precipitation rates, unless otherwise directed by the manufacturer's recommendations

- Sprinkler spacing shall be designed to achieve the highest possible distribution uniformity using the manufacturer's recommendations.
- Narrow or irregularly shaped landscape areas, including turf less than eight (8) feet in width in any direction, shall be irrigated with subsurface irrigation or low volume irrigation technology in order to prevent water waste due to overspraying of the area.
- Overhead irrigation shall require a twenty-four (24) inch setback from any non-permeable surface that does not drain toward the landscape area.
- Slopes greater than 15% shall be irrigated with point source or other low-volume irrigation technology.
- Swing joints or other riser protection components, which allow flexibility between sprinkler heads and the irrigation system, shall be required on all risers. This will prevent large amounts of water waste by preventing the connections from breaking.
- Check valves shall be installed to prevent low-head drainage.
- Slopes greater than 25% shall not be irrigated with an irrigation system with a precipitation rate exceeding 0.75 inches per hour.

## **2. Use of Recycled Water**

- Irrigation systems shall be designed and constructed to allow the use of recycled water where such recycled water is available or may become available in the future. Landscaping using recycled water shall be considered a Special Landscape Area.
- Use of alternative landscape features that increase the capture and use of rainwater to irrigate (i.e. rain gardens, cisterns) or create opportunities for infiltration and/or onsite storage are recommended and encouraged.

## **3. Hydrozones**

- The design of the irrigation system shall conform to the hydrozones delineated on the approved planting plans. Separate valves shall be used to irrigate hydrozones with high water use plants and moderate or low water use plants

- Each valve shall irrigate a hydrozone with similar site, slope, sun exposure, soil conditions and plant materials with similar water use
- Sprinkler heads and other emission devices shall be selected based on its appropriateness for the plant type within that hydrozone. Where feasible, trees shall be placed on separate valves from shrubs, groundcovers, and turf

## **D. Irrigation Scheduling and Maintenance**

The regular scheduling and maintenance of an irrigation system will result in efficient water use. All irrigation schedules shall be developed, managed and evaluated to utilize the minimum amount of water required to maintain plant health. To ensure functioning equipment, the irrigation system must be also be properly maintained. A regular maintenance schedule shall include routine inspection and the adjustment and repair of the irrigation system and its component . The irrigation schedule shall factor irrigation run times, emission device, flow rate, and current reference evapotranspiration, so that applied water meets the Estimated Total Water Use. Consistent with the requirements of the Landscape Ordinance, a regular maintenance schedule shall be submitted with the landscape Certificate of Completion, and when applicable, it shall incorporate the following:

- Irrigation interval (days between irrigation).
- Irrigation run times (hours or minutes per irrigation event to avoid runoff).
- Number of cycle starts required for each irrigation event to avoid runoff.
- Amount of applied water scheduled to be applied on a monthly basis.
- Application rate setting.
- Root depth setting.
- Plant type setting.
- Slope factor setting shade factor setting.
- Irrigation uniformity or efficiency setting.

# SECTION 7 – SOILS MANAGEMENT

## REPORT REQUIREMENTS

In order to promote healthy plant growth and prevent excessive erosion and runoff, the Landscape Ordinance requires that a soil management report be completed by either the project applicant or his/her designee. The purpose of the report is to obtain an analysis of the existing soil conditions from a lab qualified to evaluate soils relative to horticulture (verses agriculture or structural integrity), resulting in recommendations of appropriate soil amendments for which then the applicant incorporates into the planting and irrigation plans.

The soils analysis can be conducted by a soils laboratory that will analyze soil as it specifically relates to horticulture. Typically, an applicant will package a soil sample and send it directly to a qualifying lab. Once the analysis is complete, the lab will then provide the applicant with an analysis report and recommendations for soils amendments based off the results of the reports.

At home soils analysis kits are also available and are relatively inexpensive. However, to be consistent with the requirements of the Landscape Ordinance, one must make sure that the test has the capability for a complete soils analysis and submit this information, along with the recommended soils amendments as part of the landscape package.

For those landscape projects that are not subject to the Landscape Ordinance, submitting for a soils analysis or the use of at home soils test kits is encouraged as it promotes a healthy and thriving garden.

Submittal of the report will be required as part of the landscape package, and the landscape architect or landscape contractor who prepared the planting and irrigation plans is required to verify that the report recommendations were used in conjunction with the preparation of those plans. Furthermore, as part of the Certificate of Completion, the applicant is required to submit documentation that the installation of landscaping was done in accordance with the report. Based

on the requirements of the landscape ordinance, the report should contain a laboratory analysis of soil samples that includes the following:

- Soil texture;
- Infiltration rates determined by laboratory test or soil texture infiltration rate table;
- Soil pH;
- Total soluble salts;
- Sodium;
- Percent of organic matter; and
- Recommendations for appropriate soil amendments.

## SECTION 8 – ENERGY EFFICIENCY

Improving energy efficiency adds to the sustainability of all residents in the County of Monterey by reducing air pollutants and greenhouse gas emissions from fossil fuels. In addition, energy efficiency also provides many benefits to the project applicant. For instance, by reducing the need for energy resources, applicants will benefit economically through lowering expenses on energy bills.

In order to promote energy efficiency in developments, the County has incorporated energy efficiency regulations within Chapter 18.12 of the Monterey County Code (Green Building Standards Code) and the Landscape Ordinance. For example, when calculating an overall building's energy efficiency budget, project applicants are required to include the energy use and conservation measures incorporated within the landscape component of building project.

The Landscape Ordinance also makes provisions for landscape lighting, requiring that it is designed for energy efficiency and utilizes one or both of the following:

- ENERGY STAR qualified hard-wired fixtures. All hard-wired lighting shall employ programmable photocontrol or astronomical time-switch controls that automatically switch off when daylight is available.
- Solar powered lighting systems.

However, due to health and safety regulations, energy light efficiency requirements are **not** applicable to:

- Exterior lighting for permanent buildings, structures, security, and signs.
- Lighting required by a health of life safety statute ordinance or regulation, including but not limited to emergency lighting.
- Lighting used in or around swimming pools, water features or other locations subject to Article 680 of Title 24, Part 3, *California Electrical Code*.

To further promote energy efficiency, the Landscape Ordinance also encourages the incorporation of additional energy efficiency measures into the landscape design. These measures/ techniques include the following:

- Use strategic shading techniques, plant selection, location and deciduous tree species in the landscape as appropriate to reduce solar heat gain in the summer and maximize passive solar warming in winter months. For example, planting of deciduous trees in front of a large window would provide shade during warmer months when the leaves are full and allow infiltration of sunlight and warmth during the autumn and winter months when the leaves fall.
- Reduce local heat island effects through planting of shade trees or installation of high-albedo (highly reflective) hardscapes.
- Select and place landscaping to provide wind protection or windbreaks.
- Use solar power and/or other renewable energy (such as wind) in the landscape design.
- Use salvaged, refurbished, renewable, local and recycled landscape and planting materials to reduce the energy requirements of new manufacture and transport.

## SECTION 9 – FUEL MANAGEMENT

There are many benefits to a well designed landscape that go beyond creating areas that are pleasing to the senses and water and energy efficient. With proper forethought, designing landscapes that incorporate fire safety and fuel management can result in the protection of structures and the immediate surrounding areas from wildfires.

The Landscape Ordinance requires landscape projects to be consistent with all applicable fire safe landscaping regulations imposed by a property's designated Fire District and/or Chapter 18.56, Wildfire Protection Standards in State Responsibility Areas, of the Monterey County Code. Property owners are encouraged to discuss their landscape concept with the appropriate Fire District and consider the following recommended fire safe methods in designing their landscape:

- Establishing a greenbelt – A greenbelt is an area of irrigated landscaping which includes fire resistant and/or retardant planting strategically located to separate structures and wildland fuels. Establishment of a greenbelt results in creating a buffer zone between structures and any surrounding vegetation, which slows or prevents the advancement of ground or surface fires.
- Eliminate "fire-ladders" – A fire ladder is an arrangement of plants that provide fuel for a fire to climb from ground covers or grasses to shrubs and up into tree tops or structures. The landscape design should increase the vertical separation of fuels which could effectively reduce and/or eliminate fire-ladders.
- Eliminate continuous fuel beds – fires can spread quickly if areas in the landscape which contain fuel (patches of vegetation) are too close or continuous. The landscape design should reduce the amount of horizontal continuity through the incorporation of hard and/or non-flammable surfaces such as bare ground, pavement, or other landscape design features.

- Maintenance of vegetation – Proper maintenance of the landscape area can reduce the fire load by removing dead branches from shrubs and trees, clearing leaf litter from the ground, and pruning lower branches to increase clearance above the ground.
- Plant selection – Incorporating fire resistant vegetation and plants with deep roots within the landscape will enhance fire protection and erosion control if a fire does occur. Furthermore, fire-prone plant materials and highly flammable mulches should be avoided. For additional information, the suggested plant list included within Appendix E of this manual contains fire resistant plants.

## SECTION 10 – CERTIFICATE OF COMPLETION

Prior to occupancy or final of a grading or building permit, a signed landscape Certificate of Completion shall be submitted to the RMA-Planning (see Appendix D) with information and documentation that the landscape planting and irrigation has been installed in accordance with the approved plans and soils management report. If significant changes were required during installation of the landscape and irrigation system, the applicant will be required to submit “as-built” plans along with the landscape certificate of completion. In addition, the landscape architect or landscape contractor must verify that the as-built landscape plans are in accordance with the planting, irrigation, water efficiency, and energy efficiency requirements of the landscape ordinance.

The Certificate of Completion includes six parts which contains the following information:

- Project information.
- A signed statement verifying that the landscape install is consistent with the approved plans.
- An irrigation audit demonstrating that an inspection, system tune-up, system test with distribution uniformity, reporting overspray or run off that causes overland flow, and preparation of an irrigation schedule has occurred.
- An irrigation schedule that includes the parameter setting and schedule for controllers.
- A schedule of landscape and irrigation maintenance.
- Documentation verifying recommendations from the soils analysis were implemented in the landscape installation.

## SECTION 11 – PUBLIC EDUCATION

Water conservation is a high priority for the County as potable water is a precious resource and drought conditions continue to worsen. Reduction of water use in landscaping is the primary object of the Landscape Ordinance and this manual. Educating the public on design and techniques incorporated in this manual, as well as available programs that are offered; provide additional efforts in water conservation. Although strict regulations and enforcement are not included within these provisions, the hope is to achieve additional water conservation through encouragement of “doing your part” and providing available resources and programs for the public.

### **A. Monterey Peninsula Water Management District.**

Several programs for water conservation in landscaping are available through the Monterey Peninsula Water Management District (MPWMD). Landscapes located within the district maybe participate in rebate programs for turf removal, the use of cisterns, graywater and weather based irrigation controllers. Rebates for landscapes associated with non-residential uses are also available. Service providing a water use analysis and water budget is available, free of charge, for large (over three acres) irrigated landscapes, landscapes with a dedicated water meter and residential water users located within the district and are served by California American Water. In addition, information for Water-wise Landscaping Techniques and drought tolerant planting is available. To encourage water conservation for the general public in the MPWMD area, the Landscape Ordinance encourages participation in these programs to the greatest extent feasible.

For more information, you may contact MPWMD at:

5 Harris Court, Building G  
Monterey, CA 93940  
(831) 658-5601

[www.mpwmd.dst.ca.us/wdd/default.html](http://www.mpwmd.dst.ca.us/wdd/default.html)

## **B. Marina Coast Water District.**

A Water-Wise Landscape Incentive Program is available for areas served by the Marina Coast Water District (MCWD) which promotes water conservation through incentives for retrofitting inefficient irrigation equipment and turf replacement. To further reduce water use, information for Water-Wise Landscaping is also available. To encourage water conservation for the general public in the MCWD area, the Landscape Ordinance requires encourages participation in these programs to the greatest extent feasible.

For more information, you may contact MCWD at:

11 Reservation Road  
Marina, CA 93933  
(831) 384-6131  
[www.mcwd.org/conserve.html](http://www.mcwd.org/conserve.html)

## **C. Pajaro Valley Water Management Agency.**

A graywater rebate program through the Pajaro Valley Water Management Agency (PVWMA) is available for local residents within its boundaries. Information, tips and suggested resources are also available. To encourage water conservation for the general public in the PVWMA area, the Landscape Ordinance encourages participation in these programs to the greatest extent feasible.

For more information, you may contact PVWMA at:

36 Brennan Street  
Watsonville, CA 95076  
(831) 722-9292  
[www.pvwma.dst.ca.us](http://www.pvwma.dst.ca.us)

## **D. Small Water Systems.**

Small water systems (between 15 to 200 connections) located within the unincorporated areas of Monterey County are required to establish an Urban Water Conservation Plan by the Monterey County Water Resources Agency (MCWRA). This plan requires identification of water conservation goals and the measures to achieve such goals. To support attainment of these goals and further water conservation, the Landscape Ordinance requires existing landscapes in these areas to be consistent with the system's Urban Water Conservation Plan.

For more information, you may contact MCWRA at:

893 Blanco Circle  
Salinas, CA 93901  
(831) 755-4860  
[www.mcwra.co.monterey.ca.us/index.php](http://www.mcwra.co.monterey.ca.us/index.php)

## **E. Areas Served by Private Wells.**

Properties served by private wells make up the majority of land area for unincorporated Monterey County. Although these areas are large rural parcels that do not typically contain complex urban-type landscaping, participation in conserving water should be in any type of landscape. Therefore, the Landscape Ordinance encourages implementing the water conservation measures contained in the ordinance and this manual to the greatest extent feasible.

# APPENDIX A

## LANDSCAPE PACKAGE APPLICATION AND SUBMITTAL FORM

**MONTEREY COUNTY  
RESOURCE MANAGEMENT AGENCY**  

---

**LANDSCAPE PACKAGE APPLICATION  
AND SUBMITTAL FORM**

RMA – PLANNING  
MIKE NOVO, DIRECTOR

168 W. Alisal St. 2<sup>nd</sup> Flr.  
Salinas, CA 93901  
(831) 755-5025

[www.co.monterey.ca.us/rma](http://www.co.monterey.ca.us/rma)

Landscape applications shall be submitted to the RMA-Planning for review and approval. The following is a checklist of materials required for submittal of your landscape package. Please feel free to contact your assigned project planner at any point in the development process regarding questions you may have about your application. Two (2) hardcopies of all materials are required. Plans shall be drawn on a sheet sized large enough to have legible fonts and lineweights. An electronic copy (pdf.) of all submitted materials is also required to be submitted on CD or flash-drive.

## SECTION 1. HYDROZONE INFORMATION TABLE

[illegible]

MS = Micro-spray  
S = Spray  
R = Rotor  
B = Bubbler  
D = Drip  
O = Other

## 348

The project's Maximum Applied Water Allowance shall be calculated using this equation:

$$\text{MAWA} = (\text{ETo})(0.62) [(0.7 \times \text{LA}) + (0.3 \times \text{SLA})]$$

Where:

MAWA = Maximum Applied Water Allowance (gallons per year)

ETo = Reference Evapotranspiration from Appendix C (inches per year)

0.7 = ET Adjustment Factor (ETAF)

LA = Landscaped Area includes Special Landscape Area (square feet)

0.62 = Conversion factor (to gallons per square foot)

SLA = Portion of the landscape area identified as Special Landscape Area  
(square feet)

0.3 = Additional ET Adjustment Factor for Special Landscape Area  
(1.0 – 0.7 = 0.3)

Maximum Applied Water Allowance = \_\_\_\_\_ gallons per year

Show calculations:

## SECTION C. HYDROZONE/PLANT FACTOR CALCULATION WORKSHEET

Please complete the hydrozone table(s). Use as many tables as necessary

Hydrozone	Plant Water Use Type(s)	Plant Factor (PF)	Area (HA) (square feet)	PF x HA (square feet)
			Sum	
	SLA			

## SECTION D. ESTIMATED TOTAL WATER USE (ETWU)

The project's Estimated Total Water Use is calculated using the following formula:

$$ETWU = (ET_o)(0.62) \left[ \frac{PF \times HA}{IE} + SLA \right]$$

Where:

ETWU = Estimated Total Water Use per year (gallons)

ET<sub>o</sub> = Reference Evapotranspiration from Appendix C (inches)

PF = Plant Factor from WUCOLS

HA = Hydrozone Area [high, medium, and low water use areas]  
(square feet)

0.62 = Conversion factor (to gallons per square foot)

SLA = Portion of the landscape area identified as Special Landscape Area  
(square feet)

IE = Irrigation Efficiency (minimum 0.71)

Estimated Total Water Use = \_\_\_\_\_ gallons

Show calculations:

APPENDIX C  
REFERENCE  
EVAPOTRANSPIRATION ( $ET_o$ )  
TABLE

## REFERENCE EVAPOTRANSPIRATION (ET<sub>o</sub>) TABLE

For calculation of the MAWA and ETWU, the project applicant shall use the following annual evapotranspiration (ET<sub>o</sub>) values

Nearest City/Town	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Annual ET <sub>o</sub>
Arroyo Seco	1.5	2.0	3.7	5.4	6.3	7.3	7.2	6.7	5.0	3.9	2.0	1.6	52.6

## **PART 3. IRRIGATION AUDIT**

An irrigation audit demonstrating that an inspection, system tune-up, system test with distribution uniformity, reporting overspray or run off that causes overland flow, and preparation of an irrigation schedule has occurred.

## **PART 4. IRRIGATION SCHEDULING**

Attach parameters for setting the irrigation schedule on controller per Section No. 16.61.130 of the Water and Energy Efficient Landscape Ordinance.

## **PART 5. SCHEDULE OF LANDSCAPE AND IRRIGATION MAINTENANCE**

Attached schedule of Landscape and Irrigation Maintenance per Section No. 16.61.130 of the Water and Energy Efficient Landscape Ordinance.

## **PART 6. SOIL MANAGEMENT REPORT**

Attach documentation verifying implementation of recommendation from soils analysis report per Section No. 16.61.130 of the Water and Energy Efficient Landscape Ordinance.

APPENDIX E  
PLANT LISTS

Harmful and Invasive Plants that are Prohibited or Discouraged from Being Planted in Monterey County

Scientific Name	Common Name
<i>Acacia dealbata</i>	Acacia
<i>Acacia melanoxylon</i>	Blackwood Acacia
<i>Agerata adenophora</i>	Sticky Eupatorium
<i>Ailanthus alitissima</i> ****	Tree of Heaven
<i>Arundo donax</i>	Giant Reed
<i>Carpobrotus edulis</i>	Highway Iceplant
<i>Centaurea stoebe ssp. micranthos</i> **	Spotted Knapweed
<i>Cortaderia jubata</i>	Purple Pampas Grass, Jubata Grass
<i>Cortaderia selloana</i>	Pampas Grass
<i>Cotoneaster lacteus</i>	Cotoneaster
<i>Cotoneaster pannosus</i>	Cotoneaster
<i>Cystisus scoparius</i> ****	Scotch Broom
<i>Delairia odorata</i>	Cape Ivy
<i>Eichornia crasipes</i> ****	Water Hyacinth
<i>Elaeagnus angustifolia</i>	Russian Olive
<i>Eucalyptus globulus</i>	Blue Gum Eucalyptus
<i>Euphorbia oblongata</i> ***	Egg Leafed Spurge
<i>Genista monspessulana</i> ****	French Broom
<i>Hedera canariensis</i>	English Ivy
<i>Hedera helix</i>	Algerian Ivy
<i>Iris pseudocomus</i>	Yellow Flag Iris
<i>Linaria genistifolia ssp. dalmatica</i> **	Dalmation Toadflax
<i>Lythrum salicaria</i> **	Purple Loosetrife
<i>Maytenis boaria</i>	Mayten
<i>Mesembryanthemum crystallinum</i>	Crystalline Iceplant
<i>Myoporum laetum</i>	Myoporum
<i>Nassella tenuissima (Stipa tenuissima)</i> **	Mexican Feathergrass
<i>Onopordum acanthium</i> **	Scotch Thistle
<i>Pennisetum setaceum</i>	Green Fountain Grass
<i>Populus nigra 'Italica'</i> *	Lombardy Poplar
<i>Retama monosperma</i> **	Bridal Veil Broom
<i>Ricinis communis</i>	Castor Bean
<i>Robinia pseudoacacia</i>	Black Locust
<i>Sesbania punicea</i> **	Scarlet Wisteria
<i>Spartium junceum</i>	Spanish Broom
<i>Tamarix ramosissima</i> ***	Saltcedar
<i>Triadica (Sapium) sebifera</i>	Chinese Tallow Tree
<i>Vinca major</i>	Periwinkle

\*Prohibited by California Code of Regulation, Section 3597 in Pajaro Valley and Salinas Valley.

\*\*CDFA 'A' rated weed

\*\*\*CDFA 'B' rated weed

\*\*\*\*CDFA 'C' rated weed

Suggested Plants for Use in Landscaping in Monterey County

Scientific Name	Common Name
<i>Achillea millefolium</i>	Yarrow
<i>Achillea taygeta</i>	Moonshine' Yarrow
<i>Achillea tomentosa</i>	Woolly Yarrow
<i>Alnus rhombifolia</i>	White Alder
<i>Arbutus unedo</i>	Strawberry Tree
<i>Arctostaphylos endumdsii</i>	Woods red' Manzanita
<i>Arctostaphylos sp.</i>	Emerald Carpet' Manzanita
<i>Arctostaphylos sp.</i>	Dr. Hurd' Manzanita
<i>Arctostaphylos sp.</i>	Sunset' Manzanita
<i>Baccharis pilularis</i>	Twin Peaks' Dwarf Coyote Brush
<i>Ceanothus gloriosus</i>	Mountain Lilac
<i>Ceanothus griseus horizontalis</i>	Mountain Lilac
<i>Ceanothus sp.</i>	Frosty Blue' Mountain Lilac
<i>Ceanothus sp.</i>	Joyce Coulter' Mountain Lilac
<i>Ceanothus sp.</i>	Ray Hartman' Mountain Lilac
<i>Ceanothus sp.</i>	Snow Flurry' Mountain Lilac
<i>Ceanothus sp.</i>	Wheeler Canyon' Mountain Lilac
<i>Ceanothus sp.</i>	Yankee Point' Mountain Lilac
<i>Ceanothus sp.</i>	Point Reyes' Mountain Lilac
<i>Cercis occidentalis</i>	Western Redbud
<i>Cercocarpus betuloides</i>	Mountain Mahogany
<i>Eriogonum fasciculatum (low growing cultivars)</i>	California Buckwheat
<i>Festuca rubra</i>	Creeping Red' Red Fescue
<i>Fragaria chiloensis</i>	Wild Strawberry
<i>Garrya elliptica</i>	Evie' Coast Silktassel
<i>Hesperoyucca whipplei</i>	Yucca
<i>Heteromeles arbutifolia</i>	Toyon
<i>Heuchera maxima</i>	Coral Bells
<i>Prunus lyonii</i>	Catalina Cherry
<i>Quercus agrifolia</i>	Coast Live Oak
<i>Rhamnus californica</i>	Eve Case' Coffee Berry
<i>Rhamnus crocea</i>	Redberry
<i>Ribes viburnifolium</i>	Evergreen Currant
<i>Romneya coulteri</i>	Matilija Poppy
<i>Sedum spathulifolium</i>	Purpureum' Stonecrop

DRAFT

# APPENDIX F

## GLOSSARY

“Applied water” means the portion of water supplied by the irrigation system to the landscape.

“Backflow prevention device” means a safety device used to prevent pollution or contamination of the water supply due to the reverse flow of water from the irrigation system.

“California Invasive Plant Inventory” means the California Invasive Plant Inventory maintained by the California Invasive Plant Council.

“Certified irrigation designer” means a person certified to design irrigation systems by an accredited academic institution a professional trade organization or other program such as the US Environmental Protection Agency’s WaterSense irrigation designer certification program and Irrigation Association’s Certified Irrigation Designer program.

“Certified landscape irrigation auditor” means a person certified to perform landscape irrigation audits by an accredited academic institution, a professional trade organization or other program such as the US Environmental Protection Agency’s WaterSense irrigation auditor certification program and Irrigation Association’s Certified Landscape Irrigation Auditor program.

“Check valve” or “anti-drain valve” means a valve located under a sprinkler head or other location in the irrigation system, to hold water in the system to prevent drainage from sprinkler heads when the sprinkler is off.

“Controller” means an automatic timing device used to remotely control valves or heads to operate an irrigation system. A weather-based controller is a controller that utilizes evapotranspiration or weather data to make adjustments to irrigation schedules. A self-adjusting irrigation controller is a controller that uses on-site sensor data (e.g., soil moisture) to adjust irrigation schedules.

“Developer Installed” means landscaping provided by a developer in conjunction with property improvements such as, but not limited to, remodels/additions, new construction, and land divisions. For the purposes of the landscape ordinance, a developer is a private entity undertaking real estate or property development resulting in the sale or lease of a residential product.

“Drip irrigation” means any non-spray low volume irrigation system utilizing emission devices with a flow rate measured in gallons per hour. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

“Ecological restoration project” means a project where the site is intentionally altered to establish a defined, indigenous, historic ecosystem.

“Energy efficient landscape” means any new or rehabilitated landscape, public or private, that helps a project achieve a minimum 15% reduction in energy use when compared to the State’s mandatory energy efficiency standards.

“Energy efficient lighting system” means any outdoor landscape lighting system consisting of at least 90 percent ENERGY STAR qualified hard-wired fixtures, solar powered lighting, and/or systems that employ programmable photocontrol or astronomical time-switch controls that automatically switch off when daylight is available.

“Established landscape” means the point at which plants in the landscape have developed significant root growth into the soil. Typically, most plants are established after one or two years of growth.

“Estimated Total Water Use” (ETWU) means the total water used for the landscape.

“ET adjustment factor” means, except for special landscape areas, a factor of 0.7, that, when applied to reference evapotranspiration, adjusts for plant factors and irrigation efficiency. A combined plant mix with a site-wide average of 0.5 is the basis of the plant factor portion of this calculation. For the purposes of the ETAF, the average irrigation efficiency is 0.71. Therefore, the ET Adjustment Factor is  $(0.7) = (0.5/0.71)$ .

“Evapotranspiration rate” means the quantity of water evaporated from adjacent soil and other surfaces and transpired by plants during a specified time.

“Flow rate” means the rate at which water flows through pipes, valves and emission devices, measured in gallons per minute, gallons per hour, or cubic feet per second.

“Hardscapes” means any durable material (pervious or impervious).

“High water use plant” mean any plant categorized as high water need by the water use classification of landscape species guide.

“Homeowner-installed” means any landscaping either installed by a private individual for a single family residence or installed by a licensed contractor hired by a homeowner. A homeowner, for purposes of the landscape ordinance, is a person who occupies the dwelling he or she owns. This excludes speculative homes, which are not owner-occupied dwellings.

“Hydrozone” means a portion of the landscaped area having plants with similar water needs *that are served by a valve or set of valves with the same schedule*. A hydrozone may be irrigated or non-irrigated.

“Infiltration rate” means the rate of water entry into the soil expressed as a depth of water per unit of time (e.g., inches per hour).

“Invasive plant” means a species of plants not historically found in California that spread outside cultivated areas and can damage environmental or economic resources. “Noxious weeds” means any weed designated by the Weed Control Regulations in the Weed Control Act and identified on a Regional District noxious weed control list. Lists of invasive plants are

maintained at the California Invasive Plant Inventory, USDA invasive, noxious weeds database, and the Landscape Manual.

“Irrigation audit” means an in-depth evaluation of the performance of an irrigation system conducted by a Certified Landscape Irrigation Auditor. An irrigation audit shall include, but is not limited to: inspection, system tune-up, system test with distribution uniformity or emission uniformity, reporting overspray or runoff that causes overland flow, and preparation of an irrigation schedule.

“Irrigation efficiency” (IE) means the measurement of the amount of water beneficially used divided by the amount of water applied. Irrigation efficiency is derived from measurements and estimates of irrigation system characteristics and management practices. The minimum average irrigation efficiency for purposes of this ordinance is 0.71. Greater irrigation efficiency can be expected from well designed and maintained systems.

“Irrigation meter” means a separate meter that measures the amount of water used for items such as lawns, washing exterior surfaces, washing vehicles, or filling pools.

“Landscape architect” means a person who holds a license to practice landscape architecture in the state of California Business and Professions Code, Section 5615.

“Landscape area” or “landscape project” means the total dedicated landscape area on a property. Water features are included in the calculation of the landscape area. Areas dedicated to agricultural cultivation are not included. The landscape area does not include footprints of buildings or structures, sidewalks, driveways, parking lots, decks, patios, gravel or stone walks, other pervious or non-pervious hardscapes, and other non-irrigated areas designated for non-development (e.g., open spaces and existing native vegetation).

“Landscape contractor” means a person licensed by the state of California to construct, maintain, repair, install, or subcontract the development of landscape systems.

“Landscape Manual” means the manual prepared to assist applicants with the implementation of the requirements of the Water and Energy Efficient Landscape Ordinance (see Section 16.61.040.)

“Landscape package (application)” means the landscape materials required to be submitted for review and approval by the Director of the RMA-Planning Department. The landscape package shall include: project information, planting plan, irrigation plan, soils management report, and the water efficient landscape worksheet.

“Lateral Line” means the water delivery pipeline that supplies water to the emitters or sprinklers from the valve.

“Licensed Professionals” includes licensed landscape architects, licensed landscape contractors,

“Local Water Purveyor” means any entity, including a public agency, city, county or private water company that provides retail water service.

“Low volume irrigation” means the application of irrigation water at low pressure through a system of tubing or lateral lines and low-volume emitters such as drip, drip lines, and bubblers. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

“Low water use plant” means any plant categorized as low water need by the water use classification of landscape species (WUCOLS) guide.

“Main line” means the pressurized pipeline that delivers water for the water sources to the valve or outlet.

“Maximum Applied Water Allowance” (MAWA) means the upper limit of annual applied water for the established landscaped area. It is based upon the area’s reference evapotranspiration, the ET Adjustment Factor, and the size of the landscape area.

“Microclimate” means the climate of a small, specific area that may contrast with the climate of the overall landscape area due to factors such as wind, sun exposure, plant density, or proximity to reflective surfaces.

“Mined-land reclamation projects” means any surface mining operation with a reclamation plan approved in accordance with the Surface Mining and Reclamation Act of 1975.

“Moderate water use plant” means any plant categorized as moderate water need by the water use classification of landscape species (WUCOLS) guide.

“Mulch” means any organic material such as leaves, bark, straw, compost, or inorganic mineral materials such as rocks, gravel, and decomposed granite left loose and applied to the soil surface for the beneficial purposes of reducing evaporation, suppressing weeds, moderating soil temperature, and preventing soil erosion.

“New construction” means, for the purposes of the Water and Energy Efficient Landscape ordinance, a new public or private building with a landscape or other new landscape, such as a park, playground, or greenbelt without an associated building.

“Operating pressure” means the pressure at which the parts of an irrigation system are designed by the manufacturer to operate.

“Overhead irrigation systems” means systems that deliver water through the air (e.g., pop-ups, impulse sprinklers, spray heads, rotors, micro-sprays, etc).

“Overspray” means the irrigation water that is delivered beyond the landscape area, wetting pavements, walks, structures, or other non-landscaped areas.

“Permit” means an authorizing document issued by local agencies for new construction or rehabilitated landscapes.

“Pervious” means any surface or material that allows the passage of water through the material and into the underlying soil.

“Plant Factor” or “plant water use factor” is a value when multiplied by ETo, estimates the total amount of water needed by plants. For purposes of the Water and Energy Efficient Landscape ordinance, the plant factor range for very low water use plants is less than 0.1, the plant factor for low water use plants is 0.1 to 0.3, the plant factor range for high water use plants is 0.7 to 1.0. Plant factors cited in this ordinance are derived from the Department of Water Resources 2000 publication “Water Use Classification of Landscape Species.”

“Planting Plan” means plans consistent with the requirements outlined in Section 16.61.060 of the Landscape Ordinance.

“Rain sensor” or “rain sensing shutoff device” means a component which automatically suspends an irrigation event when it rains.

“Recycled water”, “reclaimed water”, or “treated sewage effluent water” means treated or recycled waste water of a quality suitable for non-potable uses such as landscape irrigation and water features. This water is not intended for human consumption.

“Recreational Area” means public areas dedicated to active play such as parks, sports fields and golf courses where turf provides a playing surface.

“Reference evapotranspiration” or “ETo” means a standard measurement of environmental parameters which affect the water use of plants. ETo is expressed in inches per day, month, or year, and is an estimate of the evapotranspiration of a large field of four- to seven-inch tall, cool-season grass that is well watered. Reference evapotranspiration is used as the basis of determining the Maximum Applied Water Allowance so that regional differences in climate can be accommodated.

“Rehabilitated landscape” means any re-landscaping project that requires a permit, plan check, or design review, and the modified landscape area is equal to or greater than 2,500 square feet, is 50% of the total landscape area.

“Run off” means water which is not absorbed by the soil or landscape to which it is applied and flows from the landscape area. For example, runoff may result from water that is applied at too great a rate (application rate exceeds infiltration rate) or when there is a slope.

“Soil moisture sensing device” or “soil moisture sensor” means a device that measures the amount of water in the soil. The device may also suspend or initiate an irrigation event.

“Soil texture” means the classification of soil based on its percentage of sand, silt, and clay.

“Stormwater control facility” means a stormwater management feature intended to improve the quality of runoff leaving a site.

“Special Landscape Area” (SLA) means an area of the landscape irrigated with recycled water, water features using recycled water, and areas dedicated to active play such as parks, sports fields, golf courses, and where turf provides a playing surface.

“Sprinkler head” means a device which delivers water through a nozzle.

“Station” means an area served by one valve or by a set of valves that operate simultaneously.

“Turf” means a ground cover surface of mowed grass. Annual bluegrass, Kentucky bluegrass, Perennial ryegrass, Red fescue, and Tall fescue are cool-season grasses. Bermuda grass, Kikuyu grass, Seashore Paspalum, St. Augustine grass, Zoysia grass, and Buffalo grass are warm-season grasses.

“Valve” means a device used to control the flow of water in the irrigation system.

“Water conserving plant species” means a plant species identified as having a low plant factor.

“Water feature” means a design element where open water performs an aesthetic or recreational function. Water features include ponds, lakes, waterfalls, fountains, artificial streams, spas, and swimming pools (where water is artificially supplied). The surface area of water features is included in the high water use hydrozone of the landscape area. Constructed wetlands used for on-site wastewater treatment or stormwater best management practices that are not irrigated and used solely for water treatment or stormwater retention are not water features and, therefore, are not subject to the water budget calculation.

“Water use classification of landscape species guide” (WUCOLS) means the water use classification of landscape species guide published by the University of California Cooperative Extension, the department of water resources, and the bureau of reclamation, as it currently exists or may be amended in the future.

“Watering window” means the time of day irrigation is allowed.

“Weather-based self-adjusting irrigation controller” means a system component that uses local weather and landscape conditions to automatically adjust irrigation schedules to actual conditions on the site or historical weather data.

“Xeriscape” means a landscaping method developed especially for arid and semiarid climates that utilizes water-conserving techniques (such as the use of drought-tolerant plants, mulch, and efficient irrigation) to balance hydrology at the parcel level.

Salinas, CA 93901

***Subject: Water and Energy Efficiency Landscape Ordinance***

Dear Ms. Quenga:

Coastal Commission staff has reviewed the County's draft Water and Energy Efficiency Landscape Ordinance that was developed consistent with the requirements of Assembly Bill (AB) 1881. In sum, the ordinance includes new submittal requirements for planting, irrigation, lighting, and soils plans in order to reduce water and energy consumption through landscape design techniques. The County intends to apply this ordinance countywide, as required by AB 1881. As discussed previously with County staff, we do not believe that this ordinance needs to be added to the LCP. The existing regulations in the LCP appear to adequately cover the issue of water conservation/water efficiency in landscaping without the need to add any references to this new ordinance, and the County is not precluded from applying this new ordinance in the Coastal Zone by any existing LCP regulations. That being said, Commission staff is also not opposed to adding the ordinance to the LCP if the County sees the need.

Thank you for the opportunity to provide guidance on this issue and please let us know if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Katie Butler".

## Board Report

Board of Supervisors  
Chambers

168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: ORD 21-021

November 02, 2021

Introduced: 10/25/2021

Current Status: Agenda Ready

Version: 1

Matter Type: Ordinance

### REF210007/WATER AND ENERGY EFFICIENCY IN LANDSCAPING ORDINANCE

- a. Introduce, waive reading, and consider an ordinance to add Chapter 16.63 to the Monterey County Code to establish regulations for water-efficient and energy-efficient landscaping in unincorporated Monterey County; and
- b. Set December 7, 2021 at 10:30 a.m. as the date and time to adopt the ordinance

**Location:** County-wide

**Proposed CEQA Action:** Consider categorical exemption pursuant to Section 15307 and 15308 of the CEQA Guidelines.

### RECOMMENDATION

It is recommended that the Board of Supervisors:

- a. Introduce, waive reading, and consider an ordinance to add Chapter 16.63 to the Monterey County Code to establish regulations for water-efficient and energy-efficient landscaping in unincorporated Monterey County; and
- b. Set December 7, 2021 at 10:30 a.m. as the date and time to adopt the ordinance.

### SUMMARY

State law requires the County to implement the state's Model Water Efficient Landscape Ordinance (MWELo), or alternatively, the County may adopt and implement a water efficient landscape ordinance if the Board of Supervisors finds, based on evidence in the record, that it is at least as effective at conserving water as the state's MWELo. Absent a local landscape ordinance, the County has been implementing the MWELo. If the Board chooses to advance the landscape ordinance for adoption, that adoption would be scheduled on the consent calendar for the Board meeting on December 7, 2021.

### DISCUSSION

Application of a local water efficient landscape ordinance in lieu of the MWELo requires a local agency must find, based on evidence in the record, that the local ordinance is "at least as effective in conserving water" as the MWELo (Government Code section 65595(c)(1)). The attached ordinance includes these findings. The reasons this ordinance is at least as effective in conserving water as the updated MWELo include the following: the elements of the MWELo identified in Section 65596 of the Government Code have been incorporated into this ordinance; the County requirement for Minor Landscape Package submittal applies to landscapes up to 2,500 square feet for new construction which is more restrictive than the MWELo that does not require compliance with the MWELo for landscapes up to 500 square feet for new construction; and the definition of "recreational area" is more restrictive than the MWELo definition, thereby limiting the number of areas that would

automatically qualify as “special landscape area”. Each landscape project in the built environment subject to this ordinance has the opportunity to qualify as a “special landscape area” by irrigating with recycled water.

The Planning Commission and Board of Supervisors have considered prior drafts of the proposed local landscape ordinance. The Planning Commission recommended adoption of a County Landscape Ordinance on March 25, 2015 (Planning Commission Resolution No. 15-027/ REF110056). The Board of Supervisors considered versions of the draft landscape ordinances on March 22 and April 19, 2016 and October 23, 2018. Per Board direction, staff met with stakeholders and made clarifications to the extent appropriate.

During the April 19, 2016 Board meeting, staff responded to concerns presented during previous meetings and these concerns are addressed in the ordinance as follows:

- *Define agricultural cultivation as being exempt from this ordinance.* The ordinance defines and exempts agricultural cultivation activities and clarifies that the intent is to regulate landscapes that are within the built environment. This ordinance also clarifies the definition of Special Landscape Area consistent with the MWELo.
- *Revise definition of rehabilitated landscape to exclude “ordinary maintenance/repair” and “restoration after natural disaster”.* These are included in the minimum requirements of the state MWELo. Staff proposes no changes to the MWELo that would be inconsistent with the state minimum requirements.
- *Requirement for maintenance of landscapes could compel a practice of landscape watering irrespective of water conservation efforts.* Maintenance of landscapes is clarified as removing noxious weeds and dead plant material, not as enabling lush green landscape vegetation.

Prior drafts consisted of separate ordinances for the coastal zone and non-coastal areas.

This draft has consolidated coastal and inland ordinances into one ordinance which proposes to add Chapter 16.63 to the County Code to apply in both the inland and coastal areas of the unincorporated County. The current draft also incorporates SB1383 (Short-Lived Climate Pollutant (SLCP) Reduction Strategy) updates to the MWELo, as mandated by the state of California. Additionally, staff has made minor corrections and clarifications and added additional findings to the ordinance. The Monterey Peninsula Water Management District (MPWMD) Board adopted a consolidated version (Rule 142.1) of the landscape ordinance in September 2016 that does not include the SB1383 updates to the MWELo.

The County Administrative Office (CAO) is aiming to adopt regulations to implement SB1383 by January 1, 2022, and the landscape ordinance implements one aspect of SB1383.

SB1383 grants to CalRecycle the regulatory authority to require all local jurisdictions implement strategies to divert food waste and other organic materials from the landfills. The decomposition of food matter in landfills produces methane emissions. Methane (CH<sub>4</sub>) is a greenhouse gas (GHG) that is more efficient than carbon dioxide (CO<sub>2</sub>) in trapping heat in the atmosphere. Municipalities are tasked with achieving the state’s goal of 50 percent reduction of the 2014 level in statewide disposal of organic materials from the waste stream by 2020, and a 75 percent reduction by 2025. Organic

material is defined on the CalRecycle website as waste that can be readily prevented, recycled, or composted.

SB1383 requirements update the existing MWEL0 regulations that have been in place since 2015 by including the following:

- exemption from adding compost or tilling soils with greater than six percent (6%) organic matter in the top six (6) inches of soil;
- exception to implementing a minimum three- (3-) inch layer of mulch in turf areas, creeping or rooting groundcovers, direct seeding applications where mulch is contraindicated, and up to five percent (5%) of the landscape area to provide habitat for beneficial insects and other wildlife;
- organic mulch materials made from recycled or post-consumer materials shall take precedence over inorganic materials or virgin forest products unless the recycled post-consumer organic products are not locally available; and
- exemption from use of organic mulch materials where prohibited by local fuel modification plan guidelines or other applicable local ordinances.

The ordinance also authorizes the Board to adopt a landscape manual by resolution. Adoption of a Landscape Manual is part of the overall landscape program, though not being considered at this hearing. This manual would work in conjunction with the ordinance to explain the regulations and the permit process for landscape projects and would contain technical information on planting and irrigation. The manual would also contain the necessary forms for implementation of the ordinance. Staff anticipates presenting the manual to the Board of Supervisors for the Board's consideration in the early part of 2022.

Staff recommends that the Board of Supervisors find adoption of the ordinance exempt from environmental review pursuant to Sections 15307 and 15308 of the CEQA Guidelines because the adoption of the ordinance is an action taken by the County, as authorized by state law, to assure the maintenance, restoration or enhancement of natural resources and the environment. The ordinance and subsequent manual are designed to result in water and energy conservation in landscaping and, by incorporating the SB 1383 requirements, to reduce the GHG, methane. A finding for the CEQA exemption has been incorporated within the ordinance findings.

#### OTHER AGENCY INVOLVEMENT

County Counsel has reviewed and approved the ordinance as to form.

#### FINANCING

Funding for staff time associated with preparation of the ordinance is included in the FY21-22 Adopted Budget for HCD Appropriation Unit HCD002. Costs for staff time to review landscape projects after implementation of the ordinance will be recovered through the existing fees charged for landscape project review. Two types of landscape projects will require review by staff as a result of implementation of the ordinances: Minor Landscape projects and Major Landscape projects. Staff projects that the average staff time spent on Minor Landscape projects (plan review and final inspection) equates to approximately 1.5 hours while the average staff time spent on Major Landscape project review is project to be approximately 3 hours. Complex landscape projects requiring

additional review time beyond the average can be recovered through the re-inspection fee, or a deposit. Due to late submission of this Board Report, the CAO Budget and Analysis Division was not provided adequate time to fully review for potential fiscal, organizational, policy, or other implications to the County of Monterey.

#### BOARD OF SUPERVISORS STRATEGIC INITIATIVES

This action represents an effective response to our County customers' needs, as well as the protection of the public interest in water conservation. Adoption of these ordinances will allow the County to ensure reduction in water and energy use in accordance with state law.

This page intentionally left blank.

California Code of Regulations  
Title 23. Waters  
Division 2. Department of Water Resources  
Chapter 2.7. Model Water Efficient Landscape Ordinance

**§ 490. Purpose.**

(a) The State Legislature has found:

- (1) that the waters of the state are of limited supply and are subject to ever increasing demands;
- (2) that the continuation of California's economic prosperity is dependent on the availability of adequate supplies of water for future uses;
- (3) that it is the policy of the State to promote the conservation and efficient use of water and to prevent the waste of this valuable resource;
- (4) that landscapes are essential to the quality of life in California by providing areas for active and passive recreation and as an enhancement to the environment by cleaning air and water, preventing erosion, offering fire protection, and replacing ecosystems lost to development;
- (5) that landscape design, installation, maintenance and management can and should be water efficient;
- (6) that Section 2 of Article X of the California Constitution specifies that the right to use water is limited to the amount reasonably required for the beneficial use to be served and the right does not and shall not extend to waste or unreasonable method of use.

(b) Consistent with the legislative findings, the purpose of this model ordinance is to:

- (1) promote the values and benefits of landscaping practices that integrate and go beyond the conservation and efficient use of water;
- (2) establish a structure for planning, designing, installing, maintaining and managing water efficient landscapes in new construction and rehabilitated projects by encouraging the use of a watershed approach that requires cross-sector collaboration of industry, government and property owners to achieve the many benefits possible;
- (3) establish provisions for water management practices and water waste prevention for existing landscapes;
- (4) use water efficiently without waste by setting a Maximum Applied Water Allowance as an upper limit for water use and reduce water use to the lowest practical amount;
- (5) promote the benefits of consistent landscape ordinances with neighboring local and regional agencies;
- (6) encourage local agencies and water purveyors to use economic incentives that promote the efficient use of water, such as implementing a tiered-rate structure; and
- (7) encourage local agencies to designate the necessary authority that implements and enforces the provisions of the Model Water Efficient Landscape Ordinance or its local landscape ordinance.

(c) Landscapes that are planned, designed, installed, managed and maintained with the watershed based approach can improve California's environmental conditions and provide benefits and realize sustainability goals. Such landscapes will make the urban environment resilient in the face of climatic extremes. Consistent with the legislative findings and purpose of the Ordinance, conditions in the urban setting will be improved by:

- (1) Creating the conditions to support life in the soil by reducing compaction, incorporating organic matter that increases water retention, and promoting productive plant growth that leads to more carbon storage, oxygen production, shade, habitat and esthetic benefits.

- (2) Minimizing energy use by reducing irrigation water requirements, reducing reliance on petroleum based fertilizers and pesticides, and planting climate appropriate shade trees in urban areas.
- (3) Conserving water by capturing and reusing rainwater and graywater wherever possible and selecting climate appropriate plants that need minimal supplemental water after establishment.
- (4) Protecting air and water quality by reducing power equipment use and landfill disposal trips, selecting recycled and locally sourced materials, and using compost, mulch and efficient irrigation equipment to prevent erosion.
- (5) Protecting existing habitat and creating new habitat by choosing local native plants, climate adapted non-natives and avoiding invasive plants. Utilizing integrated pest management with least toxic methods as the first course of action.

Note: Authority cited: Section 65593, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Sections 65591, 65593 and 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 490.1. Applicability.**

(a) After December 1, 2015, and consistent with Executive Order No. B-29-15, this ordinance shall apply to all of the following landscape projects:

- (1) new construction projects with an aggregate landscape area equal to or greater than 500 square feet requiring a building or landscape permit, plan check or design review;
- (2) rehabilitated landscape projects with an aggregate landscape area equal to or greater than 2,500 square feet requiring a building or landscape permit, plan check, or design review;
- (3) existing landscapes limited to Sections 493, 493.1 and 493.2; and
- (4) cemeteries. Recognizing the special landscape management needs of cemeteries, new and rehabilitated cemeteries are limited to Sections 492.4, 492.11, and 492. 12; and existing cemeteries are limited to Sections 493, 493.1, and 493.2.

(b) For local land use agencies working together to develop a regional water efficient landscape ordinance, the reporting requirements of this ordinance shall become effective December 1, 2015 and the remainder of this ordinance shall be effective no later than February 1, 2016.

(c) Any project with an aggregate landscape area of 2,500 square feet or less may comply with the performance requirements of this ordinance or conform to the prescriptive measures contained in Appendix D.

(d) For projects using treated or untreated graywater or rainwater captured on site, any lot or parcel within the project that has less than 2500 sq. ft. of landscape and meets the lot or parcel's landscape water requirement (Estimated Total Water Use) entirely with treated or untreated graywater or through stored rainwater captured on site is subject only to Appendix D section (5).

(e) This ordinance does not apply to:

- (1) registered local, state or federal historical sites;
- (2) ecological restoration projects that do not require a permanent irrigation system;
- (3) mined-land reclamation projects that do not require a permanent irrigation system; or
- (4) existing plant collections, as part of botanical gardens and arboretums open to the public.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 491. Definitions.**

The terms used in this ordinance have the meaning set forth below:

- (a) "applied water" means the portion of water supplied by the irrigation system to the landscape.
- (b) "automatic irrigation controller" means a timing device used to remotely control valves that operate an irrigation system. Automatic irrigation controllers are able to self-adjust and schedule irrigation events using either evapotranspiration (weather-based) or soil moisture data.
- (c) "backflow prevention device" means a safety device used to prevent pollution or contamination of the water supply due to the reverse flow of water from the irrigation system.

- (d) "Certificate of Completion" means the document required under Section 492.9.
- (e) "certified irrigation designer" means a person certified to design irrigation systems by an accredited academic institution, a professional trade organization or other program such as the US Environmental Protection Agency's WaterSense irrigation designer certification program and Irrigation Association's Certified Irrigation Designer program.
- (f) "certified landscape irrigation auditor" means a person certified to perform landscape irrigation audits by an accredited academic institution, a professional trade organization or other program such as the US Environmental Protection Agency's WaterSense irrigation auditor certification program and Irrigation Association's Certified Landscape Irrigation Auditor program.
- (g) "check valve" or "anti-drain valve" means a valve located under a sprinkler head, or other location in the irrigation system, to hold water in the system to prevent drainage from sprinkler heads when the sprinkler is off.
- (h) "common interest developments" means community apartment projects, condominium projects, planned developments, and stock cooperatives per Civil Code Section 1351.
- (i) "compost" means the safe and stable product of controlled biologic decomposition of organic materials that is beneficial to plant growth.
- (j) "conversion factor (0.62)" means the number that converts acre-inches per acre per year to gallons per square foot per year.
- (k) "distribution uniformity" means the measure of the uniformity of irrigation water over a defined area.
- (l) "drip irrigation" means any non-spray low volume irrigation system utilizing emission devices with a flow rate measured in gallons per hour. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.
- (m) "ecological restoration project" means a project where the site is intentionally altered to establish a defined, indigenous, historic ecosystem.
- (n) "effective precipitation" or "usable rainfall" (Eppt) means the portion of total precipitation which becomes available for plant growth.
- (o) "emitter" means a drip irrigation emission device that delivers water slowly from the system to the soil.
- (p) "established landscape" means the point at which plants in the landscape have developed significant root growth into the soil. Typically, most plants are established after one or two years of growth.
- (q) "establishment period of the plants" means the first year after installing the plant in the landscape or the first two years if irrigation will be terminated after establishment. Typically, most plants are established after one or two years of growth. Native habitat mitigation areas and trees may need three to five years for establishment.
- (r) "Estimated Total Water Use" (ETWU) means the total water used for the landscape as described in Section 492.4.
- (s) "ET adjustment factor" (ETAF) means a factor of 0.55 for residential areas and 0.45 for non-residential areas, that, when applied to reference evapotranspiration, adjusts for plant factors and irrigation efficiency, two major influences upon the amount of water that needs to be applied to the landscape. The ETAF for new and existing (non-rehabilitated) Special Landscape Areas shall not exceed 1.0. The ETAF for existing non-rehabilitated landscapes is 0.8.
- (t) "evapotranspiration rate" means the quantity of water evaporated from adjacent soil and other surfaces and transpired by plants during a specified time.
- (u) "flow rate" means the rate at which water flows through pipes, valves and emission devices, measured in gallons per minute, gallons per hour, or cubic feet per second.
- (v) "flow sensor" means an inline device installed at the supply point of the irrigation system that produces a repeatable signal proportional to flow rate. Flow sensors must be connected to an automatic irrigation controller, or flow monitor capable of receiving flow signals and operating master valves. This combination flow sensor/controller may also function as a landscape water meter or submeter.

(w) “friable” means a soil condition that is easily crumbled or loosely compacted down to a minimum depth per planting material requirements, whereby the root structure of newly planted material will be allowed to spread unimpeded.

(x) “Fuel Modification Plan Guideline” means guidelines from a local fire authority to assist residents and businesses that are developing land or building structures in a fire hazard severity zone.

(y) “graywater” means untreated wastewater that has not been contaminated by any toilet discharge, has not been affected by infectious, contaminated, or unhealthy bodily wastes, and does not present a threat from contamination by unhealthful processing, manufacturing, or operating wastes. “Graywater” includes, but is not limited to, wastewater from bathtubs, showers, bathroom washbasins, clothes washing machines, and laundry tubs, but does not include wastewater from kitchen sinks or dishwashers. Health and Safety Code Section 17922.12.

(z) “hardscapes” means any durable material (pervious and non-pervious).

(aa) “hydrozone” means a portion of the landscaped area having plants with similar water needs and rooting depth. A hydrozone may be irrigated or non-irrigated.

(bb) “infiltration rate” means the rate of water entry into the soil expressed as a depth of water per unit of time (e.g., inches per hour).

(cc) “invasive plant species” means species of plants not historically found in California that spread outside cultivated areas and can damage environmental or economic resources. Invasive species may be regulated by county agricultural agencies as noxious species. Lists of invasive plants are maintained at the California Invasive Plant Inventory and USDA invasive and noxious weeds database.

(dd) “irrigation audit” means an in-depth evaluation of the performance of an irrigation system conducted by a Certified Landscape Irrigation Auditor. An irrigation audit includes, but is not limited to: inspection, system tune-up, system test with distribution uniformity or emission uniformity, reporting overspray or runoff that causes overland flow, and preparation of an irrigation schedule. The audit must be conducted in a manner consistent with the Irrigation Association's Landscape Irrigation Auditor Certification program or other U.S. Environmental Protection Agency “Watersense” labeled auditing program.

(ee) “irrigation efficiency” (IE) means the measurement of the amount of water beneficially used divided by the amount of water applied. Irrigation efficiency is derived from measurements and estimates of irrigation system characteristics and management practices. The irrigation efficiency for purposes of this ordinance are 0.75 for overhead spray devices and 0.81 for drip systems.

(ff) “irrigation survey” means an evaluation of an irrigation system that is less detailed than an irrigation audit. An irrigation survey includes, but is not limited to: inspection, system test, and written recommendations to improve performance of the irrigation system.

(gg) “irrigation water use analysis” means an analysis of water use data based on meter readings and billing data.

(hh) “landscape architect” means a person who holds a license to practice landscape architecture in the state of California Business and Professions Code, Section 5615.

(ii) “landscape area” means all the planting areas, turf areas, and water features in a landscape design plan subject to the Maximum Applied Water Allowance calculation. The landscape area does not include footprints of buildings or structures, sidewalks, driveways, parking lots, decks, patios, gravel or stone walks, other pervious or non-pervious hardscapes, and other non-irrigated areas designated for non-development (e.g., open spaces and existing native vegetation).

(jj) “landscape contractor” means a person licensed by the state of California to construct, maintain, repair, install, or subcontract the development of landscape systems.

(kk) “Landscape Documentation Package” means the documents required under Section 492.3.

(ll) “landscape project” means total area of landscape in a project as defined in “landscape area” for the purposes of this ordinance, meeting requirements under Section 490.1.

(mm) “landscape water meter” means an inline device installed at the irrigation supply point that measures the flow of water into the irrigation system and is connected to a totalizer to record water use.

(nn) “lateral line” means the water delivery pipeline that supplies water to the emitters or sprinklers from the valve.

(oo) “local agency” means a city or county, including a charter city or charter county, that is responsible for adopting and implementing the ordinance. The local agency is also responsible for the enforcement of this ordinance, including but not limited to, approval of a permit and plan check or design review of a project.

(pp) “local water purveyor” means any entity, including a public agency, city, county, or private water company that provides retail water service.

(qq) “low volume irrigation” means the application of irrigation water at low pressure through a system of tubing or lateral lines and low-volume emitters such as drip, drip lines, and bubblers. Low volume irrigation systems are specifically designed to apply small volumes of water slowly at or near the root zone of plants.

(rr) “main line” means the pressurized pipeline that delivers water from the water source to the valve or outlet.

(ss) “master shut-off valve” is an automatic valve installed at the irrigation supply point which controls water flow into the irrigation system. When this valve is closed water will not be supplied to the irrigation system. A master valve will greatly reduce any water loss due to a leaky station valve.

(tt) “Maximum Applied Water Allowance” (MAWA) means the upper limit of annual applied water for the established landscaped area as specified in Section 492.4. It is based upon the area's reference evapotranspiration, the ET Adjustment Factor, and the size of the landscape area. The Estimated Total Water Use shall not exceed the Maximum Applied Water Allowance. Special Landscape Areas, including recreation areas, areas permanently and solely dedicated to edible plants such as orchards and vegetable gardens, and areas irrigated with recycled water are subject to the MAWA with an ETAF not to exceed 1.0.  $MAWA = (ET_o) (0.62) [(ETAF \times LA) + ((1-ETAF) \times SLA)]$

(uu) “median” is an area between opposing lanes of traffic that may be unplanted or planted with trees, shrubs, perennials, and ornamental grasses.

(vv) “microclimate” means the climate of a small, specific area that may contrast with the climate of the overall landscape area due to factors such as wind, sun exposure, plant density, or proximity to reflective surfaces.

(ww) “mined-land reclamation projects” means any surface mining operation with a reclamation plan approved in accordance with the Surface Mining and Reclamation Act of 1975.

(xx) “mulch” means any organic material such as leaves, bark, straw, compost, or inorganic mineral materials such as rocks, gravel, or decomposed granite left loose and applied to the soil surface for the beneficial purposes of reducing evaporation, suppressing weeds, moderating soil temperature, and preventing soil erosion.

(yy) “new construction” means, for the purposes of this ordinance, a new building with a landscape or other new landscape, such as a park, playground, or greenbelt without an associated building.

(zz) “non-residential landscape” means landscapes in commercial, institutional, industrial and public settings that may have areas designated for recreation or public assembly. It also includes portions of common areas of common interest developments with designated recreational areas.

(aaa) “operating pressure” means the pressure at which the parts of an irrigation system are designed by the manufacturer to operate.

(bbb) “overhead sprinkler irrigation systems” or “overhead spray irrigation systems” means systems that deliver water through the air (e.g., spray heads and rotors).

(ccc) “overspray” means the irrigation water which is delivered beyond the target area.

(ddd) “parkway” means the area between a sidewalk and the curb or traffic lane. It may be planted or unplanted, and with or without pedestrian egress.

(eee) “permit” means an authorizing document issued by local agencies for new construction or rehabilitated landscapes.

(fff) “pervious” means any surface or material that allows the passage of water through the material and into the underlying soil.

(ggg) “plant factor” or “plant water use factor” is a factor, when multiplied by ETo, estimates the amount of water needed by plants. For purposes of this ordinance, the plant factor range for very low water use plants is 0 to 0.1, the plant factor range for low water use plants is 0.1 to 0.3, the plant factor range for moderate water use plants is 0.4 to 0.6, and the plant factor range for high water use plants is 0.7 to 1.0. Plant factors cited in this ordinance are derived from the publication “Water Use Classification of Landscape Species”. Plant factors may also be obtained from horticultural researchers from academic institutions or professional associations as approved by the California Department of Water Resources (DWR).

(hhh) “project applicant” means the individual or entity submitting a Landscape Documentation Package required under Section 492.3, to request a permit, plan check, or design review from the local agency. A project applicant may be the property owner or his or her designee.

(iii) “rain sensor” or “rain sensing shutoff device” means a component which automatically suspends an irrigation event when it rains.

(jjj) “record drawing” or “as-builts” means a set of reproducible drawings which show significant changes in the work made during construction and which are usually based on drawings marked up in the field and other data furnished by the contractor.

(kkk) “recreational area” means areas, excluding private single family residential areas, designated for active play, recreation or public assembly in parks, sports fields, picnic grounds, amphitheaters or golf course tees, fairways, roughs, surrounds and greens.

(lll) “recycled water,” “reclaimed water,” or “treated sewage effluent water” means treated or recycled waste water of a quality suitable for nonpotable uses such as landscape irrigation and water features. This water is not intended for human consumption.

(mmm) “reference evapotranspiration” or “ETo” means a standard measurement of environmental parameters which affect the water use of plants. ETo is expressed in inches per day, month, or year as represented in Appendix A, and is an estimate of the evapotranspiration of a large field of four- to seven-inch tall, cool-season grass that is well watered. Reference evapotranspiration is used as the basis of determining the Maximum Applied Water Allowances so that regional differences in climate can be accommodated.

(nnn) “Regional Water Efficient Landscape Ordinance” means a local Ordinance adopted by two or more local agencies, water suppliers and other stakeholders for implementing a consistent set of landscape provisions throughout a geographical region. Regional ordinances are strongly encouraged to provide a consistent framework for the landscape industry and applicants to adhere to.

(ooo) “rehabilitated landscape” means any relandscaping project that requires a permit, plan check, or design review, meets the requirements of Section 490.1, and the modified landscape area is equal to or greater than 2,500 square feet.

(ppp) “residential landscape” means landscapes surrounding single or multifamily homes.

(qqq) “run off” means water which is not absorbed by the soil or landscape to which it is applied and flows from the landscape area. For example, run off may result from water that is applied at too great a rate (application rate exceeds infiltration rate) or when there is a slope.

(rrr) “soil moisture sensing device” or “soil moisture sensor” means a device that measures the amount of water in the soil. The device may also suspend or initiate an irrigation event.

(sss) “soil texture” means the classification of soil based on its percentage of sand, silt, and clay.

(ttt) “Special Landscape Area” (SLA) means an area of the landscape dedicated solely to edible plants, recreational areas, areas irrigated with recycled water, or water features using recycled water.

(uuu) “sprinkler head” or “spray head” means a device which delivers water through a nozzle.

(vvv) “static water pressure” means the pipeline or municipal water supply pressure when water is not flowing.

(www) “station” means an area served by one valve or by a set of valves that operate simultaneously.

(xxx) “swing joint” means an irrigation component that provides a flexible, leak-free connection between the emission device and lateral pipeline to allow movement in any direction and to prevent equipment damage.

(yyy) “submeter” means a metering device to measure water applied to the landscape that is installed after the primary utility water meter.

(zzz) “turf” means a ground cover surface of mowed grass. Annual bluegrass, Kentucky bluegrass, Perennial ryegrass, Red fescue, and Tall fescue are cool-season grasses. Bermudagrass, Kikuyugrass, Seashore Paspalum, St. Augustinegrass, Zoysiagrass, and Buffalo grass are warm-season grasses.

(aaaa) “valve” means a device used to control the flow of water in the irrigation system.

(bbbb) “water conserving plant species” means a plant species identified as having a very low or low plant factor.

(cccc) “water feature” means a design element where open water performs an aesthetic or recreational function. Water features include ponds, lakes, waterfalls, fountains, artificial streams, spas, and swimming pools (where water is artificially supplied). The surface area of water features is included in the high water use hydrozone of the landscape area. Constructed wetlands used for on-site wastewater treatment or stormwater best management practices that are not irrigated and used solely for water treatment or stormwater retention are not water features and, therefore, are not subject to the water budget calculation.

(dddd) “watering window” means the time of day irrigation is allowed.

(eeee) “WUCOLS” means the Water Use Classification of Landscape Species published by the University of California Cooperative Extension and the Department of Water Resources 2014.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Sections 65592 and 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492. Provisions for New Construction or Rehabilitated Landscapes.**

(a) A local agency may designate by mutual agreement, another agency, such as a water purveyor, to implement some or all of the requirements contained in this ordinance. Local agencies may collaborate with water purveyors to define each entity's specific responsibilities relating to this ordinance.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.1. Compliance with Landscape Documentation Package.**

(a) Prior to construction, the local agency shall:

(1) provide the project applicant with the ordinance and procedures for permits, plan checks or design reviews;

(2) review the Landscape Documentation Package submitted by the project applicant;

(3) approve or deny the Landscape Documentation Package;

(4) issue a permit or approve the plan check or design review for the project applicant; and

(5) upon approval of the Landscape Documentation Package, submit a copy of the Water Efficient Landscape Worksheet to the local water purveyor.

(b) Prior to construction, the project applicant shall:

(1) submit a Landscape Documentation Package to the local agency.

(c) Upon approval of the Landscape Documentation Package by the local agency, the project applicant shall:

(1) receive a permit or approval of the plan check or design review and record the date of the permit in the Certificate of Completion;

(2) submit a copy of the approved Landscape Documentation Package along with the record drawings, and any other information to the property owner or his/her designee; and

(3) submit a copy of the Water Efficient Landscape Worksheet to the local water purveyor.

Note: Authority cited: Section 65595, Government Code. Reference: Section 65596, Government Code.

#### **§ 492.2. Penalties.**

(a) A local agency may establish and administer penalties to the project applicant for non-compliance with the ordinance to the extent permitted by law.

Note: Authority cited: Section 65595, Government Code. Reference: Section 65596, Government Code.

#### **§ 492.3. Elements of the Landscape Documentation Package.**

(a) The Landscape Documentation Package shall include the following six (6) elements:

(1) project information;

(A) date

(B) project applicant

(C) project address (if available, parcel and/or lot number(s))

(D) total landscape area (square feet)

(E) project type (e.g., new, rehabilitated, public, private, cemetery, homeowner-installed)

(F) water supply type (e.g., potable, recycled, well) and identify the local retail water purveyor if the applicant is not served by a private well

(G) checklist of all documents in Landscape Documentation Package

(H) project contacts to include contact information for the project applicant and property owner

(I) applicant signature and date with statement, "I agree to comply with the requirements of the water efficient landscape ordinance and submit a complete Landscape Documentation Package".

(2) Water Efficient Landscape Worksheet;

(A) hydrozone information table

(B) water budget calculations

1. Maximum Applied Water Allowance (MAWA)

2. Estimated Total Water Use (ETWU)

(3) soil management report;

(4) landscape design plan;

(5) irrigation design plan; and

(6) grading design plan.

Note: Authority cited: Section 65595, Government Code. Reference: Section 65596, Government Code.

#### **§ 492.4. Water Efficient Landscape Worksheet.**

(a) A project applicant shall complete the Water Efficient Landscape Worksheet in Appendix B which contains information on the plant factor, irrigation method, irrigation efficiency, and area associated with each hydrozone. Calculations are then made to show that the evapotranspiration adjustment factor (ETAF) for the landscape project does not exceed a factor of 0.55 for residential areas and 0.45 for non-residential areas, exclusive of Special Landscape Areas. The ETAF for a landscape project is based on the plant factors and irrigation methods selected. The Maximum Applied Water Allowance is calculated based on the maximum ETAF allowed (0.55 for residential areas and 0.45 for non-residential areas) and expressed as annual gallons required. The Estimated Total Water Use (ETWU) is calculated based on the plants used and irrigation method selected for the landscape design. ETWU must be below the MAWA.

(1) In calculating the Maximum Applied Water Allowance and Estimated Total Water Use, a project applicant shall use the ETo values from the Reference Evapotranspiration Table in Appendix A. For geographic areas not covered in Appendix A, use data from other cities located nearby in the same reference evapotranspiration zone, as found in the CIMIS Reference Evapotranspiration Zones Map, Department of Water Resources, 1999.

(b) Water budget calculations shall adhere to the following requirements:

(1) The plant factor used shall be from WUCOLS or from horticultural researchers with academic institutions or professional associations as approved by the California Department of Water Resources (DWR). The plant factor ranges from 0 to 0.1 for very low water using plants, 0.1 to 0.3 for

low water use plants, from 0.4 to 0.6 for moderate water use plants, and from 0.7 to 1.0 for high water use plants.

(2) All water features shall be included in the high water use hydrozone and temporarily irrigated areas shall be included in the low water use hydrozone.

(3) All Special Landscape Areas shall be identified and their water use calculated as shown in Appendix B.

(4) ETAF for new and existing (non-rehabilitated) Special Landscape Areas shall not exceed 1.0.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.5. Soil Management Report.**

(a) In order to reduce runoff and encourage healthy plant growth, a soil management report shall be completed by the project applicant, or his/her designee, as follows:

(1) Submit soil samples to a laboratory for analysis and recommendations.

(A) Soil sampling shall be conducted in accordance with laboratory protocol, including protocols regarding adequate sampling depth for the intended plants.

(B) The soil analysis shall include:

1. soil texture;
2. infiltration rate determined by laboratory test or soil texture infiltration rate table;
3. pH;
4. total soluble salts;
5. sodium;
6. percent organic matter; and
7. recommendations.

(C) In projects with multiple landscape installations (i.e. production home developments) a soil sampling rate of 1 in 7 lots or approximately 15% will satisfy this requirement. Large landscape projects shall sample at a rate equivalent to 1 in 7 lots.

(2) The project applicant, or his/her designee, shall comply with one of the following:

(A) If significant mass grading is not planned, the soil analysis report shall be submitted to the local agency as part of the Landscape Documentation Package; or

(B) If significant mass grading is planned, the soil analysis report shall be submitted to the local agency as part of the Certificate of Completion.

(3) The soil analysis report shall be made available, in a timely manner, to the professionals preparing the landscape design plans and irrigation design plans to make any necessary adjustments to the design plans.

(4) The project applicant, or his/her designee, shall submit documentation verifying implementation of soil analysis report recommendations to the local agency with Certificate of Completion.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.6. Landscape Design Plan.**

(a) For the efficient use of water, a landscape shall be carefully designed and planned for the intended function of the project. A landscape design plan meeting the following design criteria shall be submitted as part of the Landscape Documentation Package.

(1) Plant Material

(A) Any plant may be selected for the landscape, providing the Estimated Total Water Use in the landscape area does not exceed the Maximum Applied Water Allowance. Methods to achieve water efficiency shall include one or more of the following:

1. protection and preservation of native species and natural vegetation;
2. selection of water-conserving plant, tree and turf species, especially local native plants;

3. selection of plants based on local climate suitability, disease and pest resistance;
  4. selection of trees based on applicable local tree ordinances or tree shading guidelines, and size at maturity as appropriate for the planting area; and
  5. selection of plants from local and regional landscape program plant lists.
  6. selection of plants from local Fuel Modification Plan Guidelines.
- (B) Each hydrozone shall have plant materials with similar water use, with the exception of hydrozones with plants of mixed water use, as specified in Section 492.7(a)(2)(D).
- (C) Plants shall be selected and planted appropriately based upon their adaptability to the climatic, geologic, and topographical conditions of the project site. Methods to achieve water efficiency shall include one or more of the following:
1. use the Sunset Western Climate Zone System which takes into account temperature, humidity, elevation, terrain, latitude, and varying degrees of continental and marine influence on local climate;
  2. recognize the horticultural attributes of plants (i.e., mature plant size, invasive surface roots) to minimize damage to property or infrastructure [e.g., buildings, sidewalks, power lines]; allow for adequate soil volume for healthy root growth; and
  3. consider the solar orientation for plant placement to maximize summer shade and winter solar gain.
- (D) Turf is not allowed on slopes greater than 25% where the toe of the slope is adjacent to an impermeable hardscape and where 25% means 1 foot of vertical elevation change for every 4 feet of horizontal length (rise divided by run x 100 = slope percent).
- (E) High water use plants, characterized by a plant factor of 0.7 to 1.0, are prohibited in street medians.
- (F) A landscape design plan for projects in fire-prone areas shall address fire safety and prevention. A defensible space or zone around a building or structure is required per Public Resources Code Section 4291(a) and (b). Avoid fire-prone plant materials and highly flammable mulches. Refer to the local Fuel Modification Plan guidelines.
- (G) The use of invasive plant species, such as those listed by the California Invasive Plant Council, is strongly discouraged.
- (H) The architectural guidelines of a common interest development, which include community apartment projects, condominiums, planned developments, and stock cooperatives, shall not prohibit or include conditions that have the effect of prohibiting the use of low-water use plants as a group.
- (2) Water Features
- (A) Recirculating water systems shall be used for water features.
- (B) Where available, recycled water shall be used as a source for decorative water features.
- (C) Surface area of a water feature shall be included in the high water use hydrozone area of the water budget calculation.
- (D) Pool and spa covers are highly recommended.
- (3) Soil Preparation, Mulch and Amendments
- (A) Prior to the planting of any materials, compacted soils shall be transformed to a friable condition. On engineered slopes, only amended planting holes need meet this requirement.
- (B) Soil amendments shall be incorporated according to recommendations of the soil report and what is appropriate for the plants selected (see Section 492.5).
- (C) For landscape installations, compost at a rate of a minimum of four cubic yards per 1,000 square feet of permeable area shall be incorporated to a depth of six inches into the soil. Soils with greater than 6% organic matter in the top 6 inches of soil are exempt from adding compost and tilling.
- (D) A minimum three inch (3") layer of mulch shall be applied on all exposed soil surfaces of planting areas except in turf areas, creeping or rooting groundcovers, or direct seeding applications where mulch is contraindicated. To provide habitat for beneficial insects and other wildlife, up to 5% of the landscape area may be left without mulch. Designated insect habitat must be included in the landscape design plan as such.
- (E) Stabilizing mulching products shall be used on slopes that meet current engineering standards.

(F) The mulching portion of the seed/mulch slurry in hydro-seeded applications shall meet the mulching requirement.

(G) Organic mulch materials made from recycled or post-consumer shall take precedence over inorganic materials or virgin forest products unless the recycled post-consumer organic products are not locally available. Organic mulches are not required where prohibited by local Fuel Modification Plan Guidelines or other applicable local ordinances.

(b) The landscape design plan, at a minimum, shall:

(1) delineate and label each hydrozone by number, letter, or other method;

(2) identify each hydrozone as low, moderate, high water, or mixed water use. Temporarily irrigated areas of the landscape shall be included in the low water use hydrozone for the water budget calculation;

(3) identify recreational areas;

(4) identify areas permanently and solely dedicated to edible plants;

(5) identify areas irrigated with recycled water;

(6) identify type of mulch and application depth;

(7) identify soil amendments, type, and quantity;

(8) identify type and surface area of water features;

(9) identify hardscapes (pervious and non-pervious);

(10) identify location, installation details, and 24-hour retention or infiltration capacity of any applicable stormwater best management practices that encourage on-site retention and infiltration of stormwater. Project applicants shall refer to the local agency or regional Water Quality Control Board for information on any applicable stormwater technical requirements. Stormwater best management practices are encouraged in the landscape design plan and examples are provided in Section 492.16.

(11) identify any applicable rain harvesting or catchment technologies as discussed in Section 492.16 and their 24-hour retention or infiltration capacity;

(12) identify any applicable graywater discharge piping, system components and area(s) of distribution;

(13) contain the following statement: "I have complied with the criteria of the ordinance and applied them for the efficient use of water in the landscape design plan"; and

(14) bear the signature of a licensed landscape architect, licensed landscape contractor, or any other person authorized to design a landscape. (See Sections 5500.1, 5615, 5641, 5641.1, 5641.2, 5641.3, 5641.4, 5641.5, 5641.6, 6701, 7027.5 of the Business and Professions Code, Section 832.27 of Title 16 of the California Code of Regulations, and Section 6721 of the Food and Agriculture Code.).

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; Section 1351, Civil Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.7. Irrigation Design Plan.**

(a) This section applies to landscaped areas requiring permanent irrigation, not areas that require temporary irrigation solely for the plant establishment period. For the efficient use of water, an irrigation system shall meet all the requirements listed in this section and the manufacturers' recommendations. The irrigation system and its related components shall be planned and designed to allow for proper installation, management, and maintenance. An irrigation design plan meeting the following design criteria shall be submitted as part of the Landscape Documentation Package.

(1) System

(A) Landscape water meters, defined as either a dedicated water service meter or private submeter, shall be installed for all non-residential irrigated landscapes of 1,000 sq. ft. but not more than 5,000 sq.ft. (the level at which Water Code 535 applies) and residential irrigated landscapes of 5,000 sq. ft. or greater. A landscape water meter may be either:

1. a customer service meter dedicated to landscape use provided by the local water purveyor; or
2. a privately owned meter or submeter.

- (B) Automatic irrigation controllers utilizing either evapotranspiration or soil moisture sensor data utilizing non-volatile memory shall be required for irrigation scheduling in all irrigation systems.
- (C) If the water pressure is below or exceeds the recommended pressure of the specified irrigation devices, the installation of a pressure regulating device is required to ensure that the dynamic pressure at each emission device is within the manufacturer's recommended pressure range for optimal performance.
1. If the static pressure is above or below the required dynamic pressure of the irrigation system, pressure-regulating devices such as inline pressure regulators, booster pumps, or other devices shall be installed to meet the required dynamic pressure of the irrigation system.
  2. Static water pressure, dynamic or operating pressure, and flow reading of the water supply shall be measured at the point of connection. These pressure and flow measurements shall be conducted at the design stage. If the measurements are not available at the design stage, the measurements shall be conducted at installation.
- (D) Sensors (rain, freeze, wind, etc.), either integral or auxiliary, that suspend or alter irrigation operation during unfavorable weather conditions shall be required on all irrigation systems, as appropriate for local climatic conditions. Irrigation should be avoided during windy or freezing weather or during rain.
- (E) Manual shut-off valves (such as a gate valve, ball valve, or butterfly valve) shall be required, as close as possible to the point of connection of the water supply, to minimize water loss in case of an emergency (such as a main line break) or routine repair.
- (F) Backflow prevention devices shall be required to protect the water supply from contamination by the irrigation system. A project applicant shall refer to the applicable local agency code (i.e., public health) for additional backflow prevention requirements.
- (G) Flow sensors that detect high flow conditions created by system damage or malfunction are required for all on non-residential landscapes and residential landscapes of 5000 sq. ft. or larger.
- (H) Master shut-off valves are required on all projects except landscapes that make use of technologies that allow for the individual control of sprinklers that are individually pressurized in a system equipped with low pressure shut down features.
- (I) The irrigation system shall be designed to prevent runoff, low head drainage, overspray, or other similar conditions where irrigation water flows onto non-targeted areas, such as adjacent property, non-irrigated areas, hardscapes, roadways, or structures.
- (J) Relevant information from the soil management plan, such as soil type and infiltration rate, shall be utilized when designing irrigation systems.
- (K) The design of the irrigation system shall conform to the hydrozones of the landscape design plan.
- (L) The irrigation system must be designed and installed to meet, at a minimum, the irrigation efficiency criteria as described in Section 492.4 regarding the Maximum Applied Water Allowance.
- (M) All irrigation emission devices must meet the requirements set in the American National Standards Institute (ANSI) standard, American Society of Agricultural and Biological Engineers'/International Code Council's (ASABE/ICC) 802-2014 "Landscape Irrigation Sprinkler and Emitter Standard. All sprinkler heads installed in the landscape must document a distribution uniformity low quarter of 0.65 or higher using the protocol defined in ASABE/ICC 802-2014.
- (N) It is highly recommended that the project applicant or local agency inquire with the local water purveyor about peak water operating demands (on the water supply system) or water restrictions that may impact the effectiveness of the irrigation system.
- (O) In mulched planting areas, the use of low volume irrigation is required to maximize water infiltration into the root zone.
- (P) Sprinkler heads and other emission devices shall have matched precipitation rates, unless otherwise directed by the manufacturer's recommendations.
- (Q) Head to head coverage is recommended. However, sprinkler spacing shall be designed to achieve the highest possible distribution uniformity using the manufacturer's recommendations.
- (R) Swing joints or other riser-protection components are required on all risers subject to damage that are adjacent to hardscapes or in high traffic areas of turfgrass.

(S) Check valves or anti-drain valves are required on all sprinkler heads where low point drainage could occur.

(T) Areas less than ten (10) feet in width in any direction shall be irrigated with subsurface irrigation or other means that produces no runoff or overspray.

(U) Overhead irrigation shall not be permitted within 24 inches of any non-permeable surface.

Allowable irrigation within the setback from non-permeable surfaces may include drip, drip line, or other low flow non-spray technology. The setback area may be planted or unplanted. The surfacing of the setback may be mulch, gravel, or other porous material. These restrictions may be modified if:

1. the landscape area is adjacent to permeable surfacing and no runoff occurs; or
2. the adjacent non-permeable surfaces are designed and constructed to drain entirely to landscaping; or
3. the irrigation designer specifies an alternative design or technology, as part of the Landscape Documentation Package and clearly demonstrates strict adherence to irrigation system design criteria in Section 492.7 (a)(1)(I). Prevention of overspray and runoff must be confirmed during the irrigation audit.

(V) Slopes greater than 25% shall not be irrigated with an irrigation system with a application rate exceeding 0.75 inches per hour. This restriction may be modified if the landscape designer specifies an alternative design or technology, as part of the Landscape Documentation Package, and clearly demonstrates no runoff or erosion will occur. Prevention of runoff and erosion must be confirmed during the irrigation audit.

## (2) Hydrozone

(A) Each valve shall irrigate a hydrozone with similar site, slope, sun exposure, soil conditions, and plant materials with similar water use.

(B) Sprinkler heads and other emission devices shall be selected based on what is appropriate for the plant type within that hydrozone.

(C) Where feasible, trees shall be placed on separate valves from shrubs, groundcovers, and turf to facilitate the appropriate irrigation of trees. The mature size and extent of the root zone shall be considered when designing irrigation for the tree.

(D) Individual hydrozones that mix plants of moderate and low water use, or moderate and high water use, may be allowed if:

1. plant factor calculation is based on the proportions of the respective plant water uses and their plant factor; or
2. the plant factor of the higher water using plant is used for calculations.

(E) Individual hydrozones that mix high and low water use plants shall not be permitted.

(F) On the landscape design plan and irrigation design plan, hydrozone areas shall be designated by number, letter, or other designation. On the irrigation design plan, designate the areas irrigated by each valve, and assign a number to each valve. Use this valve number in the Hydrozone Information Table (see Appendix B Section A). This table can also assist with the irrigation audit and programming the controller.

(b) The irrigation design plan, at a minimum, shall contain:

- (1) location and size of separate water meters for landscape;
- (2) location, type and size of all components of the irrigation system, including controllers, main and lateral lines, valves, sprinkler heads, moisture sensing devices, rain switches, quick couplers, pressure regulators, and backflow prevention devices;
- (3) static water pressure at the point of connection to the public water supply;
- (4) flow rate (gallons per minute), application rate (inches per hour), and design operating pressure (pressure per square inch) for each station;
- (5) recycled water irrigation systems as specified in Section 492.14;
- (6) the following statement: "I have complied with the criteria of the ordinance and applied them accordingly for the efficient use of water in the irrigation design plan"; and
- (7) the signature of a licensed landscape architect, certified irrigation designer, licensed landscape contractor, or any other person authorized to design an irrigation system. (See Sections 5500.1,

5615, 5641, 5641.1, 5641.2, 5641.3, 5641.4, 5641.5, 5641.6, 6701, 7027.5 of the Business and Professions Code, Section 832.27 of Title 16 of the California Code of Regulations, and Section 6721 of the Food and Agricultural Code.)

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.8. Grading Design Plan.**

(a) For the efficient use of water, grading of a project site shall be designed to minimize soil erosion, runoff, and water waste. A grading plan shall be submitted as part of the Landscape Documentation Package. A comprehensive grading plan prepared by a civil engineer for other local agency permits satisfies this requirement.

(1) The project applicant shall submit a landscape grading plan that indicates finished configurations and elevations of the landscape area including:

- (A) height of graded slopes;
- (B) drainage patterns;
- (C) pad elevations;
- (D) finish grade; and
- (E) stormwater retention improvements, if applicable.

(2) To prevent excessive erosion and runoff, it is highly recommended that project applicants:

- (A) grade so that all irrigation and normal rainfall remains within property lines and does not drain on to non-permeable hardscapes;
- (B) avoid disruption of natural drainage patterns and undisturbed soil; and
- (C) avoid soil compaction in landscape areas.

(3) The grading design plan shall contain the following statement: "I have complied with the criteria of the ordinance and applied them accordingly for the efficient use of water in the grading design plan" and shall bear the signature of a licensed professional as authorized by law.

Note: Authority cited: Section 65595, Government Code. Reference: Section 65596, Government Code.

#### **§ 492.9. Certificate of Completion.**

(a) The Certificate of Completion (see Appendix C for a sample certificate) shall include the following six (6) elements:

(1) project information sheet that contains:

- (A) date;
- (B) project name;
- (C) project applicant name, telephone, and mailing address;
- (D) project address and location; and
- (E) property owner name, telephone, and mailing address;

(2) certification by either the signer of the landscape design plan, the signer of the irrigation design plan, or the licensed landscape contractor that the landscape project has been installed per the approved Landscape Documentation Package;

(A) where there have been significant changes made in the field during construction, these "as-built" or record drawings shall be included with the certification;

(B) A diagram of the irrigation plan showing hydrozones shall be kept with the irrigation controller for subsequent management purposes.

(3) irrigation scheduling parameters used to set the controller (see Section 492.10);

(4) landscape and irrigation maintenance schedule (see Section 492.11);

(5) irrigation audit report (see Section 492.12); and

(6) soil analysis report, if not submitted with Landscape Documentation Package, and documentation verifying implementation of soil report recommendations (see Section 492.5).

(b) The project applicant shall:

- (1) submit the signed Certificate of Completion to the local agency for review;
  - (2) ensure that copies of the approved Certificate of Completion are submitted to the local water purveyor and property owner or his or her designee.
- (c) The local agency shall:
- (1) receive the signed Certificate of Completion from the project applicant;
  - (2) approve or deny the Certificate of Completion. If the Certificate of Completion is denied, the local agency shall provide information to the project applicant regarding reapplication, appeal, or other assistance.
- Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.10. Irrigation Scheduling.**

- (a) For the efficient use of water, all irrigation schedules shall be developed, managed, and evaluated to utilize the minimum amount of water required to maintain plant health. Irrigation schedules shall meet the following criteria:
- (1) Irrigation scheduling shall be regulated by automatic irrigation controllers.
  - (2) Overhead irrigation shall be scheduled between 8:00 p.m. and 10:00 a.m. unless weather conditions prevent it. If allowable hours of irrigation differ from the local water purveyor, the stricter of the two shall apply. Operation of the irrigation system outside the normal watering window is allowed for auditing and system maintenance.
  - (3) For implementation of the irrigation schedule, particular attention must be paid to irrigation run times, emission device, flow rate, and current reference evapotranspiration, so that applied water meets the Estimated Total Water Use. Total annual applied water shall be less than or equal to Maximum Applied Water Allowance (MAWA). Actual irrigation schedules shall be regulated by automatic irrigation controllers using current reference evapotranspiration data (e.g., CIMIS) or soil moisture sensor data.
  - (4) Parameters used to set the automatic controller shall be developed and submitted for each of the following:
    - (A) the plant establishment period;
    - (B) the established landscape; and
    - (C) temporarily irrigated areas.
  - (5) Each irrigation schedule shall consider for each station all of the following that apply:
    - (A) irrigation interval (days between irrigation);
    - (B) irrigation run times (hours or minutes per irrigation event to avoid runoff);
    - (C) number of cycle starts required for each irrigation event to avoid runoff;
    - (D) amount of applied water scheduled to be applied on a monthly basis;
    - (E) application rate setting;
    - (F) root depth setting;
    - (G) plant type setting;
    - (H) soil type;
    - (I) slope factor setting;
    - (J) shade factor setting; and
    - (K) irrigation uniformity or efficiency setting.

Note: Authority cited: Section 65595, Government Code. Reference: Section 65596, Government Code.

#### **§ 492.11. Landscape and Irrigation Maintenance Schedule.**

- (a) Landscapes shall be maintained to ensure water use efficiency. A regular maintenance schedule shall be submitted with the Certificate of Completion.
- (b) A regular maintenance schedule shall include, but not be limited to, routine inspection; auditing, adjustment and repair of the irrigation system and its components; aerating and dethatching turf

areas; topdressing with compost, replenishing mulch; fertilizing; pruning; weeding in all landscape areas, and removing obstructions to emission devices. Operation of the irrigation system outside the normal watering window is allowed for auditing and system maintenance.

(c) Repair of all irrigation equipment shall be done with the originally installed components or their equivalents or with components with greater efficiency.

(d) A project applicant is encouraged to implement established landscape industry sustainable Best Practices for all landscape maintenance activities.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.12. Irrigation Audit, Irrigation Survey, and Irrigation Water Use Analysis.**

(a) All landscape irrigation audits shall be conducted by a local agency landscape irrigation auditor or a third party certified landscape irrigation auditor. Landscape audits shall not be conducted by the person who designed the landscape or installed the landscape.

(b) In large projects or projects with multiple landscape installations (i.e. production home developments) an auditing rate of 1 in 7 lots or approximately 15% will satisfy this requirement.

(c) For new construction and rehabilitated landscape projects installed after December 1, 2015, as described in Section 490.1:

(1) the project applicant shall submit an irrigation audit report with the Certificate of Completion to the local agency that may include, but is not limited to: inspection, system tune-up, system test with distribution uniformity, reporting overspray or run off that causes overland flow, and preparation of an irrigation schedule, including configuring irrigation controllers with application rate, soil types, plant factors, slope, exposure and any other factors necessary for accurate programming;

(2) the local agency shall administer programs that may include, but not be limited to, irrigation water use analysis, irrigation audits, and irrigation surveys for compliance with the Maximum Applied Water Allowance.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.13. Irrigation Efficiency.**

(a) For the purpose of determining Estimated Total Water Use, average irrigation efficiency is assumed to be 0.75 for overhead spray devices and 0.81 for drip system devices.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.14. Recycled Water.**

(a) The installation of recycled water irrigation systems shall allow for the current and future use of recycled water.

(b) All recycled water irrigation systems shall be designed and operated in accordance with all applicable local and State laws.

(c) Landscapes using recycled water are considered Special Landscape Areas. The ET Adjustment Factor for new and existing (non-rehabilitated) Special Landscape Areas shall not exceed 1.0.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.15. Graywater Systems.**

(a) Graywater systems promote the efficient use of water and are encouraged to assist in on-site landscape irrigation. All graywater systems shall conform to the California Plumbing Code (Title 24, Part 5, Chapter 16) and any applicable local ordinance standards. Refer to § 490.1 (d) for the

applicability of this ordinance to landscape areas less than 2,500 square feet with the Estimated Total Water Use met entirely by graywater.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.16. Stormwater Management and Rainwater Retention.**

(a) Stormwater management practices minimize runoff and increase infiltration which recharges groundwater and improves water quality. Implementing stormwater best management practices into the landscape and grading design plans to minimize runoff and to increase on-site rainwater retention and infiltration are encouraged.

(b) Project applicants shall refer to the local agency or Regional Water Quality Control Board for information on any applicable stormwater technical requirements.

(c) All planted landscape areas are required to have friable soil to maximize water retention and infiltration. Refer to § 492.6(a)(3).

(d) It is strongly recommended that landscape areas be designed for capture and infiltration capacity that is sufficient to prevent runoff from impervious surfaces (i.e. roof and paved areas) from either: the one inch, 24-hour rain event or (2) the 85th percentile, 24-hour rain event, and/or additional capacity as required by any applicable local, regional, state or federal regulation.

(e) It is recommended that storm water projects incorporate any of the following elements to improve on-site storm water and dry weather runoff capture and use:

- Grade impervious surfaces, such as driveways, during construction to drain to vegetated areas.
- Minimize the area of impervious surfaces such as paved areas, roof and concrete driveways.
- Incorporate pervious or porous surfaces (e.g., gravel, permeable pavers or blocks, pervious or porous concrete) that minimize runoff.
- Direct runoff from paved surfaces and roof areas into planting beds or landscaped areas to maximize site water capture and reuse.
- Incorporate rain gardens, cisterns, and other rain harvesting or catchment systems.
- Incorporate infiltration beds, swales, basins and drywells to capture storm water and dry weather runoff and increase percolation into the soil.
- Consider constructed wetlands and ponds that retain water, equalize excess flow, and filter pollutants.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.17. Public Education.**

(a) Publications. Education is a critical component to promote the efficient use of water in landscapes. The use of appropriate principles of design, installation, management and maintenance that save water is encouraged in the community.

(1) A local agency or water supplier/purveyor shall provide information to owners of permitted renovations and new, single-family residential homes regarding the design, installation, management, and maintenance of water efficient landscapes based on a water budget.

(b) Model Homes. All model homes that are landscaped shall use signs and written information to demonstrate the principles of water efficient landscapes described in this ordinance.

(1) Signs shall be used to identify the model as an example of a water efficient landscape featuring elements such as hydrozones, irrigation equipment, and others that contribute to the overall water efficient theme. Signage shall include information about the site water use as designed per the local ordinance; specify who designed and installed the water efficient landscape; and demonstrate low water use approaches to landscaping such as using native plants, graywater systems, and rainwater catchment systems.

(2) Information shall be provided about designing, installing, managing, and maintaining water efficient landscapes.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 492.18. Environmental Review.**

(a) The local agency must comply with the California Environmental Quality Act (CEQA), as appropriate.

Note: Authority cited: Section 21082, Public Resources Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Sections 21080 and 21082, Public Resources Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 493. Provisions for Existing Landscapes.**

(a) A local agency may by mutual agreement, designate another agency, such as a water purveyor, to implement some or all of the requirements contained in this ordinance. Local agencies may collaborate with water purveyors to define each entity's specific responsibilities relating to this ordinance.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 493.1. Irrigation Audit, Irrigation Survey, and Irrigation Water Use Analysis.**

(a) This section, 493.1, shall apply to all existing landscapes that were installed before December 1, 2015 and are over one acre in size.

(1) For all landscapes in 493.1 (a) that have a water meter, the local agency shall administer programs that may include, but not be limited to, irrigation water use analyses, irrigation surveys, and irrigation audits to evaluate water use and provide recommendations as necessary to reduce landscape water use to a level that does not exceed the Maximum Applied Water Allowance for existing landscapes. The Maximum Applied Water Allowance for existing landscapes shall be calculated as:  $MAWA = (0.8) (ET_o) (LA) (0.62)$ .

(2) For all landscapes in 493.1(a), that do not have a meter, the local agency shall administer programs that may include, but not be limited to, irrigation surveys and irrigation audits to evaluate water use and provide recommendations as necessary in order to prevent water waste.

(b) All landscape irrigation audits shall be conducted by a certified landscape irrigation auditor.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 493.2. Water Waste Prevention.**

(a) Local agencies shall prevent water waste resulting from inefficient landscape irrigation by prohibiting runoff from leaving the target landscape due to low head drainage, overspray, or other similar conditions where water flows onto adjacent property, non-irrigated areas, walks, roadways, parking lots, or structures. Penalties for violation of these prohibitions shall be established locally.

(b) Restrictions regarding overspray and runoff may be modified if:

(1) the landscape area is adjacent to permeable surfacing and no runoff occurs; or

(2) the adjacent non-permeable surfaces are designed and constructed to drain entirely to landscaping.

Note: Authority cited: Section 65594, Government Code. Reference: Section 65596, Government Code.

#### **§ 494. Effective Precipitation.**

(a) A local agency may consider Effective Precipitation (25% of annual precipitation) in tracking water use and may use the following equation to calculate Maximum Applied Water Allowance:

$MAWA = (ET_o - Ep_{pt}) (0.62) [(0.55 \times LA) + (0.45 \times SLA)]$  for residential areas.

$MAWA = (ET_o - EPPT) (0.62) [(0.45 \times LA) + (0.55 \times SLA)]$  for non-residential areas.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

#### **§ 495. Reporting.**

(a) Local agencies shall report on implementation and enforcement by December 31, 2015. Local agencies responsible for administering individual ordinances shall report on their updated ordinance, while those agencies developing a regional ordinance shall report on their existing ordinance. Those agencies crafting a regional ordinances shall also report on their new ordinance by March 1, 2016. Subsequently, reporting for all agencies will be due by January 31st of each year. Reports shall be submitted to the Department of Water Resources.

(b) Local agencies are to address the following:

(1) State whether you are adopting a single agency ordinance or a regional agency alliance ordinance, and the date of adoption or anticipated date of adoption.

(2) Define the reporting period. The reporting period shall commence on December 1, 2015 and the end on December 28, 2015. For local agencies crafting regional ordinances with other agencies, there shall be an additional reporting period commencing on February 1, 2016 and ending on February 28, 2016. In subsequent years, all local agency reporting will be for the calendar year.

(3) State if using a locally modified Water Efficient Landscape Ordinance (WELO) or the MWELo. If using a locally modified WELO, how is it different than MWELo, is it at least as efficient as MWELo, and are there any exemptions specified?

(4) State the entity responsible for implementing the ordinance.

(5) State number and types of projects subject to the ordinance during the specified reporting period.

(6) State the total area (in square feet or acres) subject to the ordinance over the reporting period, if available.

(7) Provide the number of new housing starts, new commercial projects, and landscape retrofits during the reporting period.

(8) Describe the procedure for review of projects subject to the ordinance.

(9) Describe actions taken to verify compliance. Is a plan check performed; if so, by what entity? Is a site inspection performed; if so, by what entity? Is a post-installation audit required; if so, by whom?

(10) Describe enforcement measures.

(11) Explain challenges to implementing and enforcing the ordinance.

(12) Describe educational and other needs to properly apply the ordinance.

Note: Authority cited: Section 65595, Government Code; and sections 11 and 30, Governor's Exec. Order No. B-29-15 (April 1, 2015). Reference: Section 65596, Government Code; and section 11, Governor's Exec. Order No. B-29-15 (April 1, 2015).

				1			
				1			
				1			
				Totals	(C)	(D)	
						<b>ETWU Total</b>	
						<b>Maximum Allowed Water Allowance (MAWA)<sup>d</sup></b>	

<sup>a</sup>Hydrozone #/Planting Description

E.g.

1.) front lawn

2.) low water use plantings

3.) medium water use planting

<sup>b</sup>Irrigation Method

overhead spray

or drip

<sup>c</sup>Irrigation Efficiency

0.75 for spray head

0.81 for drip

<sup>d</sup>ETWU (Annual Gallons Required) =

Eto x 0.62 x ETAF x Area

where 0.62 is a conversion factor that converts acre-inches per acre per year to gallons per square foot per year.

<sup>d</sup>MAWA (Annual Gallons Allowed) = (Eto) ( 0.62) [ (ETAF x LA)

+ ((1-ETAF) x SLA)]

where 0.62 is a conversion factor that converts acre-inches per acre per year to gallons per square foot per year, LA is the total landscape area in square feet, SLA is the total special landscape area in square feet, and ETAF is .55 for residential areas and 0.45 for non-residential areas.

**ETAF Calculations****Regular Landscape Areas**

Total ETAF x Area	(B)
Total Area	(A)
Average ETAF	B ÷ A

Average ETAF for Regular Landscape Areas must be 0.55 or below for residential areas, and 0.45 or below for non-residential areas.

**All Landscape Areas**

Total ETAF x Area	(B+D)
Total Area	(A+C)
Sitewide ETAF	(B+D) ÷ (A+C)

23 CCR Appendix C  
**Appendix C - Sample Certificate of Completion.**

**PART 2. CERTIFICATION OF INSTALLATION ACCORDING TO THE LANDSCAPE DOCUMENTATION PACKAGE**

"I/we certify that based upon periodic site observations, the work has been completed in accordance with the ordinance and that the landscape planting and irrigation installation conform with the criteria and specifications of the approved Landscape Documentation Package."

Signature*	Date	
Name (print)	Telephone No.	
	Fax No.	
Title	Email Address	
License No. or Certification No.		
Company	Street Address	
City	State	Zip Code

\*Signer of the landscape design plan, signer of the irrigation plan, or a licensed landscape contractor.

**PART 3. IRRIGATION SCHEDULING**

Attach parameters for setting the irrigation schedule on controller per ordinance Section 492.10.

**PART 4. SCHEDULE OF LANDSCAPE AND IRRIGATION MAINTENANCE**

Attach schedule of Landscape and Irrigation Maintenance per ordinance Section 492.11.

**PART 5. LANDSCAPE IRRIGATION AUDIT REPORT**

Attach Landscape Irrigation Audit Report per ordinance Section 492.12.

**PART 6. SOIL MANAGEMENT REPORT**

Attach soil analysis report, if not previously submitted with the Landscape Documentation Package per ordinance Section 492.6.

Attach documentation verifying implementation of recommendations from soil analysis report per ordinance Section 492.6.

## **Appendix D - Prescriptive Compliance Option.**

(a) This appendix contains prescriptive requirements which may be used as a compliance option to the Model Water Efficient Landscape Ordinance.

(b) Compliance with the following items is mandatory and must be documented on a landscape plan in order to use the prescriptive compliance option:

(1) Submit a Landscape Documentation Package which includes the following elements:

(A) date

(B) project applicant

(C) project address (if available, parcel and/or lot number(s))

(D) total landscape area (square feet), including a breakdown of turf and plant material

(E) project type (e.g., new, rehabilitated, public, private, cemetery, homeowner-installed)

(F) water supply type (e.g., potable, recycled, well) and identify the local retail water purveyor if the applicant is not served by a private well

(G) contact information for the project applicant and property owner

(H) applicant signature and date with statement, "I agree to comply with the requirements of the prescriptive compliance option to the MWELO".

(2) Incorporate compost at a rate of at least four cubic yards per 1,000 square feet to a depth of six inches into landscape area (unless contra-indicated by a soil test);

(3) Plant material shall comply with all of the following;

(A) For residential areas, install climate adapted plants that require occasional, little or no summer water (average WUCOLS plant factor 0.3) for 75% of the plant area excluding edibles and areas using recycled water; For non-residential areas, install climate adapted plants that require occasional, little or no summer water (average WUCOLS plant factor 0.3) for 100% of the plant area excluding edibles and areas using recycled water;

(B) A minimum three inch (3") layer of mulch shall be applied on all exposed soil surfaces of planting areas except in turf areas, creeping or rooting groundcovers, or direct seeding applications where mulch is contraindicated.

(4) Turf shall comply with all of the following:

(A) Turf shall not exceed 25% of the landscape area in residential areas, and there shall be no turf in non-residential areas;

(B) Turf shall not be planted on sloped areas which exceed a slope of 1 foot vertical elevation change for every 4 feet of horizontal length;

(C) Turf is prohibited in parkways less than 10 feet wide, unless the parkway is adjacent to a parking strip and used to enter and exit vehicles. Any turf in parkways must be irrigated by sub-surface irrigation or by other technology that creates no overspray or runoff.

(5) Irrigation systems shall comply with the following:

(A) Automatic irrigation controllers are required and must use evapotranspiration or soil moisture sensor data and utilize a rain sensor.

(B) Irrigation controllers shall be of a type which does not lose programming data in the event the primary power source is interrupted.

(C) Pressure regulators shall be installed on the irrigation system to ensure the dynamic pressure of the system is within the manufacturers recommended pressure range.

(D) Manual shut-off valves (such as a gate valve, ball valve, or butterfly valve) shall be installed as close as possible to the point of connection of the water supply.

(E) All irrigation emission devices must meet the requirements set in the ANSI standard, ASABE/ICC 802-2014. "Landscape Irrigation Sprinkler and Emitter Standard," All sprinkler heads installed in the landscape must document a distribution uniformity low quarter of 0.65 or higher using the protocol defined in ASABE/ICC 802-2014.

(F) Areas less than ten (10) feet in width in any direction shall be irrigated with subsurface irrigation or other means that produces no runoff or overspray.

(6) For non-residential projects with landscape areas of 1,000 sq. ft. or more, a private submeter(s) to measure landscape water use shall be installed.

(c) At the time of final inspection, the permit applicant must provide the owner of the property with a certificate of completion, certificate of installation, irrigation schedule and a schedule of landscape and irrigation maintenance.

County Administrative Officer Comments and New Referrals

**Monterey County Board of Supervisors**

MEETING:				November 16, 2021 - Other Board Matters						
SUBJECT:				Board Referrals Update						
DEPARTMENT:				County Administrative Office						
Item #	Brd Rfl #	Assignment Date	Referred By	Lead Dept.	Sub-Depts.	Project Lead	Requested Due	Item	Report	Status
1	2016.02	4/12/16	Adams	HCD	County Counsel	Girard/Lundquist	5/10/16	Short Term Rental (STR) Ordinance a) Prioritize completion of the STR rental ordinance by scheduling a final meeting of the STR Working Group; and b) Present a complete STR Ordinance to the Planning Commission; c) County Counsel respond to the Board re. County not engage in code violation citations while the STR ordinance is being developed.	Staff presented the draft vacation rental ordinances to the Board on November 17, 2020, and May 2021 for direction. Based on Board direction, the necessary environmental review will be conducted. Upon completion of the environmental review, the Planning Commission would consider a recommendation to the Board on the environmental documentation and draft ordinance. Referral modified on August 24, 2021 (as part of Board's annual evaluation of referrals) requesting that HCD provide a proposal to address implementation of enforcement at this time, as well as anticipated funding sources for those costs. On October 5, 2021, the Board directed HCD to developed a pilot program to enforce STRs in District 5 and to return on to the Board on December 8, 2021 with the draft pilot program for consideration.	Pending
2	2017.18	9/19/17	Board	HRD/CAO		Bokanovich	10/24/17	Request a presentation to the Board of Supervisors with options for commissioner compensation that supports our ability to recruit a diverse and representative pool of commissioners.	The item was presented to the Board on 10/2/2018. The Board directed that HR: 1) convene a committee of Department Heads that manage significant boards and commissions to develop a Commissioner Recruitment Strategy; 2) ask departments to provide information related to the diversity of their current volunteer Commissioner's and committee members; and 3) work with County Counsel and Auditor to determine what would be involved/required to actively implement reimbursement to these volunteers, with budget/cost implications. Referral modified on August 24, 2021 (as part of Board's annual evaluation of referrals) to include: A) an assessment on how commissions are being utilized; how well they are serving in their advisory function to the Board; staffing levels of various committees, and, how that may or may not contribute to their functioning; and, B) referring the referral to the Board of Supervisors Human Resources Committee to engage in discussion and bring back recommendations to the full Board. This item will be discussed with the Human Resources Committee on December 17, 2021.	Pending
3	2017.20	11/19/19	Alejo	PWFP		Ishii	1/28/20	Lease agreement between the City of Salinas and the County of Monterey regarding County's parcel adjacent 855 East Laurel Drive in Salinas for the implementation of a BMX Bike Track, new Skate Park, and sidewalk on East Laurel Drive in Salinas.	An initial referral was initiated on September 15, 2017. On September 1, 2017, Supervisor Alejo held a meeting with the City of Salinas, County RMA staff, and a BMX bike park and skate park engineers/designers to review the property. County Staff conferred with City Staff relative to the City's update of their Parks Master Plan. RMA has also been coordinating with City staff regarding sidewalks on County-owned lands along East Laurel Drive adjacent to this property (between Sanborn Road and Constitution Boulevard). The referral was closed on May 7, 2019 for staff to pursue efforts for a Shelter at 855 E. Laurel. RMA is preparing to bring a master planning effort for use of County lands, specifically lands at Natividad/Laurel in Salinas. This matter is reinstated for reconsideration. Public comment on this item was received on January 14, 2020.  Item was pulled from the June 16, 2020, Board meeting agenda and is on hold pending identification of funding. Staff to consult with requesting Supervisor prior to resubmitting item to the Board. PWFP staff continues to work with our state legislative consultants to identify potential grant opportunities.  At the September 14, 2021 Board Meeting, the Board provided direction to PWFP staff to apply for Prop 68 grant funding, and staff are following through with the application process.	Postponed
4	2018.15	6/5/18	Phillips./Alejo	HCD		Lundquist	7/17/18	Consider zoning changes to prohibit drilling for oil & gas north of King City	Present options for initiating amendments to County zoning to prohibit new oil and gas exploration in Monterey County except in the southern Salinas Valley, generally south of King City and east of the Santa Lucia range, so that it meets all legal requirements. RMA prepared options for consideration by the Planning Commission at a workshop held on 7/11/18. Referral postponed until Measure Z litigation is concluded.	Postponed

Item #	Brd Rfl #	Assignment Date	Referred By	Lead Dept.	Sub-Depts.	Project Lead	Requested Due	Item	Report	Status
5	2018.16	6/26/2018	Alejo	County Counsel/Auditor-Controller		Girard/Shah	8/28/2018	Update County Travel Policy by County Counsel in coordination with the Auditor-Controller's Office.	<p>Monterey County's travel policy managed by the Auditor-Controller has not been updated in many years and today, it does not compare with current market prices or organizational procedures and may exceed legal requirements. The current policy creates barriers for county staff to be able to effectively represent county business at conferences, trainings or in litigation. This policy also conflicts with another travel policy found in the Personnel Policies and Practices Resolution (PPPR). This referral seeks to update the policies to account for inconsistencies, business needs, efficiency, market prices, whether government rates are available or whether the discounted lodging rooms were secured by conference organizers, such as the California State Association of Counties. This lack in clarity in the existing policy is costing unnecessary staff time and an update would modernize our policy with current standards. The new policy should meet Federal and State law while supporting business efficiency.</p> <p>A revised policy was presented to the Board on November 6, 2018. An updated memo was submitted to the Board. A revised policy will be presented to the Board in January 2022.</p>	Pending
6	2018.28	12/4/2018	Phillips	HCD		Lundquist	12/11/2018	Affordable Housing in the Coastal Zone	Amend County LCP to be consistent with the Coastal Act regarding affordable housing, authorize staff to investigate processes and provide language revision recommendations to the Local Coastal Plan. A presentation was provided to the Board on January 15, 2019. HCD plans to couple this work with the 6th Housing Element to be completed by December 2023. In the interim, staff considers the integration of affordable housing policies in the coastal zones when the opportunities exist (e.g., update to the Big Sur Land Use Plan )	Pending
7	2019.08	9/10/2019	Alejo	PWFP/GLA		Ishii/Chiuolos	12/10/2019	State Funding for the Historic Old Monterey County Jail	A presentation of options for the disposition of the Old Jail was provided on September 10, 2019. The Board identified specific options and authorized Supervisor Alejo to pursue state funding match (\$10M) in the 2020 budget, which will be determined by June 2020. Meanwhile, RMA has coordinated with City staff on their Lincoln Avenue Corridor Master Plan efforts that includes an option for potential reuse of the old jail site. Due to the pandemic the Legislature did not entertain specific budget requests, such as that for the Old Jail. This item is now on hold until the State Budget situation improves. A status update will be provided to the Board in February 2022.	Postponed
8	2019.11	10/8/2019	Adams	Health/Environmental Health/Co Cou		Jimenez/Encarnacion/Strimling	11/19/2019	Establish an Ordinance restricting the use of single-use plastics	<p>Due to the ongoing Shelter In Place order, the development of this ordinance remains delayed. Many of the stakeholder entities have been severely impacted by the SIP (the restaurant and hotel industry particularly) and EH recommends their participation in the development of this ordinance once SIP conditions are lifted or allow business activities to resume at a higher level of production.</p> <p>During the entire month of September 2021, the Recycling Resource And Recovery Services (RRRS) of the Environmental Health Bureau had a survey on posted on the program's webpage seeking input from the public. The survey was live for 30 days and RRRS received a total of 294 responses and 94 comments. 70% of respondents Strongly Agreed and 13% Strongly Disagreed.</p>	Postponed
9	2020.06	1/28/2020	Askew	PWFP		Ishii	3/10/2020	Install speed limit signs on West Camp/Watkins Gate Roads	Staff presented to the Board on March 9, 2021, and the Board approved an update to Title 12 to apply the California Vehicle Code to private East Garrison roads. Staff met with the East Garrison CSD Advisory Committee's Traffic Safety Subcommittee on April 9, 2021 to discuss concerns and options along Watkins Gate Road. It was agreed to hold a follow-up field meeting with the subcommittee which occurred on June 10. The subcommittee will likely recommend to the East Garrison CSD Advisory Committee installation of several radar speed feedback signs on Watkins Gate and West Camp Roads. Staff provided estimated costs to the subcommittee, and will coordinate to place the item on the East Garrison Advisory CSD Committee for consideration. If ultimately approved by the Board, the signs will be implemented and monitored before any additional actions are pursued (if needed).	Pending

Item #	Bid Rfl #	Assignment Date	Referred By	Lead Dept.	Sub-Depts.	Project Lead	Requested Due	Item	Report	Status
10	2020.09	2/25/2020	Lopez	CAO		Chulos	3/24/2020	Murals at the Government Center	Partner with the Arts Council of Monterey County to create murals on the walls of the stairways at the County Government Center located at 168 West Alisal. Staff will provide a Board report and presentation in November-December 2021.	Pending
11	2020.12	3/3/2020	Phillips & Adams	CAO/PWFP		Vega/Ishii	4/7/2020	Consider funding options to increase the Pavement Condition Index of County roads to at least a "Fair" standard over the next ten years.	Staff has been performing research on funding options with the assistance of a financial consultant. A report was presented to the Capital Improvement Committee (CIC) meeting on September 13, 2021. Item scheduled for Board consideration in December 2021.	Pending
12	2020.22	7/7/2020	Phillips	CAO		Bokanovich	7/28/2020	Referral Process Amendment	This referral requests that the process be amended to have Board approval for a referral as part of an agenda item showing the purpose of the referral, costs, time, challenges, and details of the project. Exceptions may be made for urgent matters. The Board approved an Amended Board Referral Process on April 27, 2021. The Board will conduct a review of the amended referral process, along with the evaluation of outstanding referrals, on an annual basis.	Pending
13	2020.27	12/8/2020	Lopez-Alejo	COB		Ralph		Address the need for translation services	This referral seeks to support access to live translation services and translate recorded minutes of Board of Supervisor meetings. Staff anticipates providing a report to the Board in December 2021.	Pending
14	2021.05	3/2/2021	Alejo	PWFP		Ishii	6/1/2021	Monterey County COVID-19 Victims Memorial	This referral seeks to create a permanent memorial with the names of all COVID-19 victims of Monterey County on the Monterey County Government Campus at 168 West Alisal Street. Staff anticipates providing a presentation and report to the Board in December 2021.	Pending
15	2021.06	3/9/2021	Adams	PWFP/Counsel		Ishii/Girard	4/6/2021	Scenic Drive No Parking Enforcement	This referral seeks the creation of an urgency ordinance to increase enforcement capabilities within existing No Parking zones on Scenic Drive in the Carmel area. On April 27, 2021, the Board approved an urgency ordinance creating a "no parking \$250 fine tow away" zone along portions of Scenic Drive in the unincorporated area in the Carmel Point area near the City of Carmel-by-the-Sea, and authorized the County Administrative Officer to enter into an agreement with the City of Carmel-by-the-Sea for its police department to enforce the regulation. PWFP staff has coordinated details of the parking enforcement approach with the Carmel Police Department and County Counsel prepared a draft agreement which was provided to the City for review. No Parking signs have been installed along the affected portion of Scenic Drive, and a field meeting (coordinated by Supervisor Adam's Office) was held on July 21, 2021 with affected residents to review and consider any adjustments to sign locations. Staff is completing proposed sign adjustments and will coordinate those with Supervisor Adam's office and the community prior to implementation. Also, City of Carmel City Council will consider approval of the parking enforcement agreement at its September 7 meeting. The City of Carmel approved the agreement at its 7 Sep 21 City Council Meeting.	Pending
16	2017.24	10/18/2017	Alejo	Probation		Keating		Proposal to consolidate the current "Youth Center" on 970 Circle Drive in east Salinas with the new Juvenile Hall on 1420 Natividad Road and repurpose the property on 970 Circle Drive.	A memorandum was provided to the Board of Supervisors in late August 2020. Continuing discussions are occurring. Staff provided a memorandum to the Board on May 6, 2021. Referral modified on August 24, 2021 (as part of Board's annual evaluation of referrals) to include a report from the CAO on options for retaining an independent consultant to look into this matter.	Pending
17	2021.08	5/18/2021	Alejo/Lopez	ITD		Chatham		Monterey County Broadband Joint Powers Authority	This referral seeks to explore the potential of creating a Monterey County Broadband Joint Powers Authority to facilitate regional governance, strategy, collaboration and partnerships on expanding broadband access and closing the digital divide throughout Monterey County. A preliminary analysis was approved by the Board on June 8, 2021. On July 20, 2021, Monterey County Broadband JPA was approved to set up a Task Force and report back in 90 days. Staff anticipates returning to the Board in November 2021.	Pending

Item #	Brd Rfl #	Assignment Date	Referred By	Lead Dept.	Sub-Depts.	Project Lead	Requested Due	Item	Report	Status
18	2021.09	5/25/2021	Phillips/Askey	CAO		McKee		Review of Board Committee Responsibilities	This referral seeks to clarify the purpose and responsibilities of each Board of Supervisors committees to improve staff workflow and Board decision making ability. A preliminary analysis was approved by the Board on June 15, 2021. Staff will be submitting a response to this referral for Board consideration in November December 2021.	Pending
19	2021.11	7/13/2021	Adams	HRD		Ramirez-Bough		Juneteenth Holiday	This referral seeks to establish June 19th, also known as Juneteenth, as an official County holiday. A preliminary analysis was approved by the Board on August 24, 2021. A progress report will be provided to the Board in December 2021, or sooner, depending on the completion of contract negotiations.	Pending
20	2021.12	7/13/2021	Phillips	CAO/HRD		Chiulos/Ramirez-Bough		Review of Cannabis Program Organizational Structure	This referral seeks the review of the Cannabis Program's efficiencies, particularly the processes for permit review and compliance inspections. Insignificant progress has been made towards local authorizations for cannabis operators related to land use and building permits, which impacts the industry's ability to be considered for state annual licenses. Disparate departmental staff funded solely by cannabis revenue should report directly to the Cannabis Program Manager to expedite permit submittal and reporting efficiencies. This would serve to not only expedite current cannabis permitting, but would in-turn free up staff dedicated to cannabis to more quickly focus on other programs. A preliminary analysis was approved by the Board on August 24, 2021. The referring supervisor further requested that County Counsel look into the authority cited by the Agricultural Commissioner. A status report was presented to the Board on October 26, 2021.	Pending
21	2021.13	7/27/2021	Phillips	Health/Co Co.		Jimenez/Encarnacion/Girard		Desalination Amendment to County Code 10.72	<p>This referral seeks to expand entities allowed to own and operate desalination facilities to provide additional water supply while maintaining protections for health &amp; welfare. Adequate water supply in Monterey County is inconsistent. Climate change is predicted to make water supply reliability erratic. In addition, sea water intrusion continues to negatively impact potable groundwater. Referral 2018.09 in 2018 requested review of County Code Section 10.72 to clarify its limits as well as to allow public-private partnership owned/operated desalination facilities. However, the amendment of 10.72 did not occur. This referral requests that 10.72 be amended to allow public-private partnerships, CPUC regulated utilities and entities who deliver desalinated water to a public entity, a municipal water supplier and/or a CPUC regulated utility. A preliminary response was submitted to the Board on August 31, 2021. A report was provided to the Board at a subsequent meeting (September 21, 2021), at which time, staff was directed to return to the Board within 3 weeks with a specific proposal for the Board to consider regarding amendments to or rescission of Chapter 10.72.</p> <p>Desalination Amendment to County Code 10.72 – The item was taken back to the BOS of October 12, 2021 to consider providing further direction regarding amendments to Chapter 10.72 of the Monterey County Code regarding “Desalinization Treatment Facility” to include preparation of an Initial Study pursuant to the California Environmental Quality Act (“CEQA”). The BOS approved the motion so an initial study will need to be prepared.</p>	Pending
22	2021.14	8/24/2021	Alejo	CAO		Chiulos/Paulsworth		EV Charging Station Infrastructure, Mapping and Investment	This referral requests that the Monterey County Sustainability Manager assess and map existing EV charging stations (Level 2 and DC fast chargers) in Monterey County and make it accessible to the public on a new county website, and to assess the need for charging station infrastructure and investment in unserved/underserved areas and disadvantaged communities in Monterey County. This referral further requests that Monterey County partner with the Monterey County Air Resources District, Central Coast Community Energy and other potential partners to pursue grant funding and expand EV charging infrastructure in unserved/underserved areas and disadvantaged communities in our county. A preliminary analysis was provided to the Board on September 21, 2021, at which time, staff was directed to return to the Board with a further analysis. Staff provided a report and presentation for Board consideration on October 26, 2021. A status update will be provided to the Board in early 2022.	Pending

Item #	Brd Rfl #	Assignment Date	Referred By	Lead Dept.	Sub-Depts.	Project Lead	Requested Due	Item	Report	Status
23	2021.15	8/31/2021	Phillips	HCD/CoCo		Lundquist/Giard		Update Noise Ordinance Chapter 10.60	This referral seeks to refine the noise ordinance with improved processes through lessons learned. This referral seeks to explore possible ordinance revision solutions, enforcement implementation strategies such as bolstered staffing and technological resources and possible funding solutions to implement them. The Board of Supervisors considered the preliminary analysis on September 28, 2021 and requested that HCD and the County Counsel's Office conduct a comprehensive analysis per the referral's direction.	Pending
24	2021.16	9/14/2021	Alejo	Health/CAO		Jimenez/Chiuulos		Declaring COVID-19 Health Misinformation a Public Health Crisis in Monterey County	This referral seeks to combat health misinformation and curb the spread of falsehoods that threaten the health and safety of our residents and visitors. The referral was modified by the Board on September 14, 2021 to exclude reference to the resolution. A preliminary analysis was provided to the Board on October 5, 2021. Staff will continue to send out positive and accurate health information via social media to keep the/our community safe and will continue to identify and label health misinformation and disseminate timely to counter misinformation. Staff will further review activities underway and determine if additional strategies and staffing should be considered and return to the Board with a request for additional staffing and funding if needed, in November 2021. Otherwise, staff will return to the Board in January 2022 to provide a status update.	Pending
25	2021.17	9/21/2021	Askew/Alejo	CAO/DSS		Chiuulos/Cameron		Monterey Bay Veterans Home at the Former Fort Ord	This referral requests that the County of Monterey sponsor state and federal legislation and initiate a process to construct a Veterans Home in the Monterey Bay Region at the former Fort Ord. A preliminary analysis was provided to the Board on October 12, 2021. Request for confirmation of referral completion has been submitted to the referring supervisors.	Pending
26	2021.18	9/28/2021	Adams	WRA		Buche		Board Workshop to Review Regional Water Issues and Potential Solutions	This referral seeks to initiate a comprehensive discussion on regional scale water issues and potential solutions in Monterey County. This referral is for the Board of Supervisors of the MCWRA to hold a special joint meeting with the MCWRA Board of Directors, the SVBGSA Board of Directors, and the Marina Coast Water District GSA Board for the water agencies' leadership to provide a comprehensive overview of regional projects under consideration by the MCWRA, SVBGSA and MCWD GSA. Elected officials, local agencies, water purveyors, industry representatives, landowners and other stakeholders that may have some oversight or authority, or potential interest in participating in regional solutions should be invited. A preliminary analysis was provided to the Board on November 2, 2021.	Pending
27	2021.19	9/28/2021	Lopez	Ag. Comm.		Gonzales		Farmworker Resource Center	In order to better serve the farm working population of Southern Monterey County, this referral seeks to direct staff to research and come back to our Board of Supervisors with options and feasibility for locating a Farmworker Resource Center in the community of Greenfield CA. The leverage opportunity of matching dollars in the recently signed AB 941, at a 3:1 ratio, provides a great incentive for our County to develop a resource center in a community that lacks direct access to County services, while continuing to face access barriers, such as transportation. The analysis of feasibility should include a recommendation of what services should be provided at this location, as well as the potential to shift existing staff, already focused on this work, into locations near the geographic center of Monterey County. A preliminary analysis was provided to the Board on October 26, 2021. A formal referral response will be provided in 90 days (late January 2022).	Pending
28	2021.20	10/12/2021	Phillips	DA	DSS	Pacioni/Medina		Family Justice Center	This referral seeks to direct staff to research and come back to the Board of Supervisors with potential funding and locations suitable for a Family Justice Center. This referral would also direct staff to coordinate and work with the City of Salinas and agencies who would be part of the Family Justice Center. A preliminary response will be due to the Board on November 16, 2021.	Pending

**SUBMITTAL - Completed by referring Board office and returned to CAO no later than noon on Thursday prior to Board meeting:**

Date: 11/1/2021	Submitted By: Supervisor Wendy Root Askew	District #: 4
Referral Title: East Garrison Street Renaming		
Referral Purpose: Identify the process and funding for the renaming of certain streets in East Garrison and revise the naming approval process		
Brief Referral Description (attach additional sheet as required): Several streets in the East Garrison community are named for Confederate soldiers and/or other individuals who may have been Human Rights violators. Community members have expressed concerns about the names, the street naming process, and requested the County undertake a renaming as appropriate. The current process does not include any evaluation of name appropriateness. Staff are requested to report back on the list of potentially impacted streets, the process for re-naming streets, the estimated timeline to make name changes, the cost and a proposed revised Street Naming Policy. In addition, staff is requested to identify funds to undertake any proposed renaming since the original names were approved by the County

Sacramento, CA 95814

**Re: Redistricting Impacts on the Salinas Valley**

Dear 2020 California Citizens Redistricting Commission Members:

The Monterey County Board of Supervisors wishes to express concerns associated with the visualizations that have been used to craft Congressional, Senate, and Assembly districts covering the Salinas Valley. It is our belief that the communities of Bradley, Lockwood, San Lucas, San Ardo, King City, Greenfield, Soledad, Gonzales, and Salinas should remain within shared districts for the three seats mentioned above. This region shares communities of interest, economic ties, historical representation and local government representation that would be negatively impacted if these lines are adopted.

The Congressional map dated November 7, 2021 shows a clearly gerrymandered grab of the community of Soledad. This line separates the communities of Soledad and Gonzales, who are so closely knit that until relatively recently they shared one high school district. Tying the community of Soledad to the coastal district, without any way of getting there but to drive North or South on Highway 101, through communities encompassed on either side by the neighboring congressional district is unacceptable.

The Senate visualization divides the community of King City from the unincorporated area known as Pine Canyon, if you ask any resident of Pine Canyon where they live the answer will undoubtedly be King City. There are no schools, grocery stores, clinics or resources in Pine Canyon. These communities are one and the same, yet in the November 7<sup>th</sup> iteration of the maps they are split and represented by different Senate districts.

The Assembly visualization too divides the community of King City in half, and perhaps more egregiously drops San Lucas, San Ardo, Bradley and Lockwood out of the district. All of these communities do their grocery shopping in King City, they share the same High School District, King City Joint Union High School District, and have a shared economic interest with a basis in Agriculture.

These communities share a single Supervisorial District within our County, Monterey County's Third District. Through the pandemic the Supervisor of the District met weekly with the Mayors of each of the incorporated jurisdictions listed in this letter to collaboratively address the challenges of the pandemic. The cities of the Salinas Valley have worked together and with their Supervisor to address issues exacerbated by the digital divide, access to healthcare, transportation issues on the only major corridor, Highway 101, amongst other challenges. To divide them through this process would be detrimental to their ability to collectively raise concerns about shared issues.

The Voting Rights Act may no longer be the law of the land, but we must not ignore the lessons that necessitated its creation and implementation. The lines proposed divide a larger community, in every sense of the word, they are proud to share the moniker Southern Monterey County. We ask that you reconsider any recommendations that divides this region.

Sincerely,

**DRAFT**

Wendy Root Askew  
Chair, Monterey County Board of Supervisors

# Monterey County

## Item No.16

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: PAR 21-016

November 16, 2021

Introduced: 11/4/2021

Current Status: Agenda Ready

Version: 1

Matter Type: Preliminary Analysis  
Report

Receive a preliminary analysis report in response to **Board Referral No. (#2021.20)** requesting the Board of Supervisors seek and direct staff with potential funding and locations suitable for a Monterey County Family Justice Center. Including coordinating and working with the City of Salinas and related service providers who would be a part of the Family Justice Center.

#### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Receive a preliminary analysis report in response to **Board Referral No. (#2021.20)**;
- b. Direct that staff proceed with completion of referral based on description in this report; or
- c. Direct that staff:
  - i. Proceed with completion of referral based on modifications by the Board; or,
  - ii. Return to Board with a more comprehensive analysis of referral and anticipated effort for completion; or,
  - iii. Rescind referral.
- d. Provide further direction, as appropriate.

#### SUMMARY:

On October 12, 2021 the Board added Supervisor Phillips' referral #2021.20 to the Monterey County Board of Supervisors matrix. The purpose of the referral is to identify potential funding sources and suitable locations as well as identifying opportunities to collaborate with the City of Salinas, Social Services, and allied service agencies.

#### Proposed Project Description:

As stated in the referral a Family Justice Center provides wrap around services to victims of intimate partner violence, sexual assault, child abuse, and elder abuse. A Family Justice Center provides a one-stop center for victims and their family members. Survivors can receive assistance in obtaining Temporary Restraining Orders, finding safe housing, meeting with prosecutors and investigators, and obtaining forensic exams including primary prevention services such as information and referral services for families at risk of experiencing Child Protective Services involvement.

#### Estimated Project Cost:

Currently we are unable to provide an estimated cost. There are considerable variables based on identifying a suitable location. We are seeking grant funding through the California Office of

Emergency Services (CalOES) and anticipate their selection of grantees in March 2022.

Staffing Level Estimate:

The Family Justice Center would need an executive director to run the center. The District Attorney has sufficient personnel to support the Family Justice Center with the exception of the executive director position. We have Deputy District Attorneys, District Attorney Investigators, and Victim Assistance Advocates currently assigned to the target population. Social Services have social workers who are assigned to the same population. The vision for Monterey County's Family Justice Center model includes local nonprofits and allied agencies co-locating their staff at the Center, and them absorbing their respective agencies staff related cost.

Departmental Challenges:

Meeting with City of Salinas - currently scheduled for November 29, 2021.

Identifying funding sources outside government grants.

Identifying a suitable building and location.

Develop agreements with relevant non-profits and allied agencies.

Proposed Response Date:

Monterey County District Attorney and Social Services Director will report back to the Board of Supervisors in March of 2022.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This referral will support the Board of Supervisors Strategic Initiatives by providing vital services to victims of crime and their family members.

## Item No.17

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: 21-1005

November 16, 2021

Introduced: 11/9/2021

Current Status: Agenda Ready

Version: 2

Matter Type: General Agenda Item

- a. Receive a preliminary analysis report in response to **Board Referral No. 2021.22** to codify 'No Overnight Parking' on Potrero Road in Moss Landing;
- b. Direct that the referral be completed as outlined in this preliminary response.

#### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a) Receive a preliminary analysis report in response to Board Referral No. 2021.22; and,
- b) Direct that the referral be completed as outlined in this preliminary response.

#### SUMMARY:

The referenced referral requests to codify 'No Overnight Parking' on Potrero Road in Moss Landing.

#### PRELIMINARY ANALYSIS:

**Background:** Illegal roadside camping on Potrero has created public health and safety concerns for the community of Moss Landing, particularly regarding fire safety and dumping of waste, including human waste. The intent of applying and enforcing the ordinance is to install the requisite signage, and clarify and strengthen the ability for peace officers to enforce and better implement the intent of Monterey County Code Section 12.28.021 (No Overnight Parking). Codification of 'No Overnight Parking' on Potrero Road would allow the installation of appropriate signage to alert motorists of the parking restrictions, and enable law enforcement to cite violators and enforce 'No Overnight Parking.' Said referral was assigned to Public Works, Facilities, and Parks at the October 26, 2021 Board meeting.

**Project Description:** The referral involves completion of the following tasks:

- Prepare ordinance and staff report to present to the Board for consideration. Includes the amount of time to route an item through the levels of departmental review prior to an item being taken to the Board for consideration.
- Schedule and present a public hearing per the California Government Code.
- If approved, allow thirty days to pass per California Government Code Section 25123.
- Install requisite signage.

Note: Due to the health and safety concerns, if it decided this should be an urgency ordinance, the timeframes are compressed and accelerated.

**Estimated Project Cost:** Costs associated with the completion of this referral include the cost for

staff time, and the cost of labor and materials. Estimated cost may be upwards of \$15,000. Staff costs will be absorbed by lead department and assisting departments (Public Works, Facilities and Parks; and County Counsel).

**Staffing Level Estimate:** It is anticipated that one (1) to two (2) Public Works, Facilities and Parks staff, along with County Counsel staff will be utilized to complete a response to the subject referral. Additional field crew personnel will be required for installation of signs.

**Departmental Challenges:** The department does not foresee any challenges at this time that would impede its ability in completing this referral by the proposed response date referenced below. Coordination with HCD indicates that the proposed parking prohibition would not require a Coastal Development Permit, and preliminary coordination with local community indicates support for the proposed parking prohibition.

**Proposed Response Date:** To allow sufficient time for a more robust response and to prepare the draft ordinance, staff proposes to return to the Board in January 2022. An additional thirty days after Board approval will be required for the ordinance to be effective and enforceable, at which time requisite signage can be installed. Again, this is dependent on the decision of if this is an urgency ordinance or due course ordinance.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This item further advances the Board of Supervisors Board of Supervisors' Strategic Initiative for Infrastructure and Public Safety, meeting our Facilities, Water, Technology and Transportation needs, and will improve the quality of life for County residents.

**Current Status:** Agenda Ready

**Version:** 2

**Matter Type:** General Agenda Item

- a. Receive a preliminary analysis report in response to **Board Referral No. 2021.22** to codify 'No Overnight Parking' on Potrero Road in Moss Landing;
- b. Direct that the referral be completed as outlined in this preliminary response.

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a) Receive a preliminary analysis report in response to Board Referral No. 2021.22; and,
- b) Direct that the referral be completed as outlined in this preliminary response.

### SUMMARY:

The referenced referral requests to codify 'No Overnight Parking' on Potrero Road in Moss Landing.

### PRELIMINARY ANALYSIS:

**Background:** Illegal roadside camping on Potrero has created public health and safety concerns for the community of Moss Landing, particularly regarding fire safety and dumping of waste, including human waste. The intent of applying and enforcing the ordinance is to install the requisite signage, and clarify and strengthen the ability for peace officers to enforce and better implement the intent of Monterey County Code Section 12.28.021 (No Overnight Parking). Codification of 'No Overnight Parking' on Potrero Road would allow the installation of appropriate signage to alert motorists of the parking restrictions, and enable law enforcement to cite violators and enforce 'No Overnight Parking.' Said referral was assigned to Public Works, Facilities, and Parks at the October 26, 2021 Board meeting.

**Project Description:** The referral involves completion of the following tasks:

- Prepare ordinance and staff report to present to the Board for consideration. Includes the amount of time to route an item through the levels of departmental review prior to an item being taken to the Board for consideration.
- Schedule and present a public hearing per the California Government Code.
- If approved, allow thirty days to pass per California Government Code Section 25123.
- Install requisite signage.

Note: Due to the health and safety concerns, if it decided this should be an urgency ordinance, the timeframes are compressed and accelerated.

**Estimated Project Cost:** Costs associated with the completion of this referral include the cost for

Legistar File Number: 21-1005

---

staff time, and the cost of labor and materials. Estimated cost may be upwards of \$15,000. Staff costs will be absorbed by lead department and assisting departments (Public Works, Facilities and Parks; and County Counsel).

**Staffing Level Estimate:** It is anticipated that one (1) to two (2) Public Works, Facilities and Parks staff, along with County Counsel staff will be utilized to complete a response to the subject referral. Additional field crew personnel will be required for installation of signs.

**Departmental Challenges:** The department does not foresee any challenges at this time that would impede its ability in completing this referral by the proposed response date referenced below. Coordination with HCD indicates that the proposed parking prohibition would not require a Coastal Development Permit, and preliminary coordination with local community indicates support for the proposed parking prohibition.

**Proposed Response Date:** To allow sufficient time for a more robust response and to prepare the draft ordinance, staff proposes to return to the Board in January 2022. An additional thirty days after Board approval will be required for the ordinance to be effective and enforceable, at which time requisite signage can be installed. Again, this is dependent on the decision of if this is an urgency ordinance or due course ordinance.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This item further advances the Board of Supervisors Board of Supervisors' Strategic Initiative for Infrastructure and Public Safety, meeting our Facilities, Water, Technology and Transportation needs, and will improve the quality of life for County residents.

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: A 21-507

November 16, 2021

**Introduced:** 10/7/2021

**Current Status:** Natividad Medical Center -  
Consent

**Version:** 1

**Matter Type:** BoS Agreement

- a. Authorize the Interim Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute renewal and amendment No.4 to the agreement (A-13620) with The CBORD Group, Inc. for food and nutrition software and maintenance services, extending the agreement an additional one (1) year period (retroactive to August 1, 2021 through July 31, 2022) for a revised full agreement term of July 11, 2017 through July 31, 2022, and adding \$29,273 for a revised total agreement amount not to exceed \$176,584.
- b. Authorize the Interim Chief Executive Officer for NMC or his designee to execute one (1) future amendment to the agreement which does not significantly alter the scope of work and does not cause an increase of more than ten percent (10%) (\$10,977) of the original cost of the agreement.

#### **RECOMMENDATION:**

##### **It is recommended the Board of Supervisors:**

- a. Authorize the Interim Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute renewal and amendment No.4 to the agreement (A-13620) with The CBORD Group, Inc. for food and nutrition software and maintenance services, extending the agreement an additional one (1) year period (retroactive to August 1, 2021 through July 31, 2022) for a revised full agreement term of July 11, 2017 through July 31, 2022, and adding \$29,273 for a revised total agreement amount not to exceed \$176,584.
- b. Authorize the Interim Chief Executive Officer for NMC or his designee to execute one (1) future amendment to the agreement which does not significantly alter the scope of work and does not cause an increase of more than ten percent (10%) (\$10,977) of the original cost of the agreement.

#### **SUMMARY/DISCUSSION:**

Natividad Medical Center provides food and nutritional services to patients, visitors, and employees as part of its daily operations. CBORD's electronic system Foodservice Suite (FSS) improves service delivery efficiency, patient safety and meal satisfaction as well as assists with compliance with the Joint Commission (TJC) and the Centers for Medicare and Medicaid Services (CMS) food services standards.

The CBORD software provides automation to the process of patient meal service, reporting, and

analysis. This includes interfacing with the Meditech system, improved diet order accuracy, production standards, and reduced waste. CBORD supports NMC's future goal of expanding meal services to the room service model where patients can order meals from their bedside.

NMC is requesting approval to amend the existing agreement to extend service and maintenance for an additional one year period to allow for services to continue. This amendment also increases the number of user licenses from 5 to 10.

**OTHER AGENCY INVOLVEMENT:**

The Office of County Counsel reviewed and approved this renewal and amendment No. 4 as to form, and the Auditor-Controller reviewed and approved as to payment provisions. The renewal and amendment No. 4 was reviewed and approved by NMC's Finance Committee and by its Board of Trustees on July 13, 2021.

**FINANCING:**

The cost for this renewal and amendment No. 4 is \$29,273 which is included in the Fiscal Year 2021-22 Adopted Budget.

**BOARD OF SUPERVISORS STRATEGIC INITIATIVES:**

This agreement is for a software system that will improve food and nutrition services for NMC patients. This will directly contribute to a more efficient and effective use of resources within NMC.

**RENEWAL AND AMENDMENT NO. 4  
TO SERVICES AGREEMENT  
BETWEEN CBORD GROUP, INC. AND  
THE COUNTY OF MONTEREY ON BEHALF OF NATIVIDAD MEDICAL CENTER  
FOR  
FOOD AND NUTRITION SOFTWARE AND MAINTENANCE SERVICES**

This Renewal and Amendment No. 4 to the Services Agreement ("Agreement") which was effective on July 11, 2017 is entered into by and between the County of Monterey, on behalf of Natividad Medical Center ("NMC"), and The CBORD Group, Inc. ("CONTRACTOR"); **From this point forward, the party referenced previously as "NMC" shall be referenced as "COUNTY" and collectively, COUNTY and CONTRACTOR are referred to as the "Parties" to this Agreement, with respect to the following:**

**RECITALS**

**WHEREAS**, the Agreement was executed for hospital food and nutrition software and maintenance services with a term July 11, 2017 through July 10, 2018 and a total Agreement amount not to exceed \$109,770.32; and

**WHEREAS**, the Parties amended the Agreement on January 15, 2019 via Renewal and Amendment No. 1 to extend the term for an additional one year period through July 10, 2019 and to add an additional \$12,145.54, thereby increasing the total Agreement amount to \$121,915.86; and

**WHEREAS**, the Parties amended the Agreement on June 28, 2019 via Amendment No. 2 to extend the term for an additional one year and twenty one (21) day period through July 31, 2020 to allow for services with additions to the original scope of work, and to add an additional \$12,509.89, thereby increasing the total Agreement amount to \$134,425.75 ; and

**WHEREAS**, the Parties amended the Agreement on May 12, 2020 to extend it for an additional one year period through July 31, 2021 to allow for services to continue, with additions to the original scope of work attached hereto as "Exhibit A-3 per Amendment No. 3", with a \$12,885.18 increase for the added services for a total Agreement amount of \$147,310.93.

**WHEREAS**, COUNTY and CONTRACTOR currently wish to renew and amend the Agreement to extend it for an additional one (1) year period through July 31, 2022 to allow for services to continue with additions to the original scope of work attached hereto as "Exhibit A-4 per Amendment No. 4" with a \$29,273.84 increase for the added services for a total Agreement amount of \$176,584.77.

**AGREEMENT**

**NOW, THEREFORE**, the Parties agree as follows:

The Agreement is hereby renewed and amended on the terms and conditions as set forth in the Original Agreement and in Renewal and Amendment No 1, Amendment No. 2, and Amendment No. 3 incorporated herein by this reference, except as specifically set forth below.

1. *"Customer shall pay CBORD in accordance with the payment provisions set forth in ATTACHMENT 1 INVESTMENT OUTLINE, ATTACHMENT 1-A as per Renewal and Amendment No. 1, ATTACHMENT A-B as per Amendment No. 2, ATTACHMENT A-C as per Amendment No. 3 and Exhibit A-4 attached hereto this Amendment No. 4. The total amount payable to CBORD under this Agreement amounts to the sum of \$176,584.77."*

2. The first sentence of Section 21 titled, "Term/Effective Date" shall be amended to the following:  
*"The term of this Agreement is from July 11, 2017 through July 31, 2022 unless sooner terminated pursuant to the terms of this Agreement."*
3. Except as provided herein, all remaining terms, conditions and provisions of the Agreement are unchanged and unaffected by this Renewal and Amendment No. 4 and shall continue in full force and effect as set forth in the Agreement and in Renewal and Amendment No. 1, Amendment No. 2 and Amendment No. 3.
4. A copy of this Renewal and Amendment No. 4 shall be attached to the Agreement.
5. This Renewal and Amendment No. 4 shall be effective retroactively on August 1, 2021.

*The remainder of this page was intentionally left blank.*

*~ Signature page to follow ~*

IN WITNESS WHEREOF, the Parties hereto are in agreement with this Renewal and Amendment No. 4 on the basis set forth in this document and have executed this Amendment No. 4 on the day and year set forth herein.

A motion was made by Supervisor Luis A. Alejo, seconded by Supervisor John M. Phillips to:

#### **Agreement No.: A-13620**

Authorize the Deputy Purchasing Agent for Natividad Medical Center (NMC) or his designee to execute amendment No. 3 to the agreement (A-13620) with The CBORD Group, Inc. for food and nutrition software and maintenance services, extending the agreement an additional one (1) year period (August 1, 2020 through July 31, 2021) for a revised full agreement term of July 11, 2017 through July 31, 2021, and adding \$12,886 for a revised total agreement amount not to exceed \$147,312.

PASSED AND ADOPTED on this 12<sup>th</sup> day of May 2020, by roll call vote:

AYES: Supervisors Alejo, Phillips, Lopez, Parker and Adams  
NOES: None  
ABSENT: None  
(Government Code 54953)

I, Valerie Ralph, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 82 for the meeting May 12, 2020.

Dated: May 12, 2020  
File ID: A 20-095  
Agenda Item No.: 17

Valerie Ralph, Clerk of the Board of Supervisors  
County of Monterey, State of California

Joel G. Pablo, Deputy

**AMENDMENT NO. 3  
TO SOFTWARE, SUPPORT, AND  
HARDWARE MAINTENANCE AGREEMENT  
BETWEEN THE CBORD GROUP, INC. AND  
NATIVIDAD MEDICAL CENTER  
FOR  
FOOD AND NUTRITION SOFTWARE AND MAINTENANCE SERVICES**

This Amendment No. 3 to the Maintenance Agreement ("Agreement") which was effective on July 11, 2017 is entered into by and between the County of Monterey, on behalf of Natividad Medical Center (hereinafter "Customer"), and The CBORD Group, Inc. (hereinafter "CBORD"); (collectively, the County, Customer and CBORD are referred to as the "Parties"), with respect to the following:

**RECITALS**

**WHEREAS**, the Agreement was executed for hospital food and nutrition software and maintenance services with a term July 11, 2017 through July 10, 2018 and a total Agreement amount not to exceed \$109,770.32; and

**WHEREAS**, the Parties amended the Agreement on January 15, 2019 via Renewal and Amendment No. 1 to extend the term for an additional one year period through July 10, 2019 and to add an additional \$12,145.54, thereby increasing the total Agreement amount to \$121,915.86; and

**WHEREAS**, the Parties amended the Agreement on June 28, 2019 via Amendment No. 2 to extend the term for an additional one year and twenty one (21) day period through July 31, 2020 to allow for services with additions to the original scope of work, and to add an additional \$12,509.89, thereby increasing the total Agreement amount to \$134,425.75 ; and

**WHEREAS**, the Parties currently wish to amend the Agreement to extend it for an additional one year period through July 31, 2021 to allow for services to continue, with additions to the original scope of work attached hereto as "Exhibit A-3 per Amendment No. 3", with a \$12,885.18 increase for the added services for a total Agreement amount of \$147,310.93.

**AGREEMENT**

**NOW, THEREFORE**, the Parties agree to amend the Agreement as follows:

The Agreement is hereby renewed on the terms and conditions as set forth in the Original Agreement and in Renewal and Amendment No. 1 and Amendment No. 2 incorporated herein by this reference, except as specifically set forth below.

1. Section 6.D. titled "Combined Cost" shall be amended to the following:  
*"Customer shall pay CBORD in accordance with the payment provisions set forth in ATTACHMENT 1 INVESTMENT OUTLINE, ATTACHMENT 1-A as per Renewal and Amendment No. 1, ATTACHMENT A-B as per Amendment No. 2 and ATTACHMENT A-C attached hereto this Amendment No. 3. The total amount payable to CBORD under this Agreement amounts to the sum of \$147,310.93."*
2. The first sentence of Section 21 titled, "Term/Effective Date" shall be amended to the following:  
*"The term of this Agreement is from July 11, 2017 through July 31, 2021 unless sooner terminated pursuant to the terms of this Agreement."*

3. Except as provided herein, all remaining terms, conditions and provisions of the Agreement are unchanged and unaffected by this Amendment No. 3 and shall continue in full force and effect as set forth in the Agreement and in Renewal and Amendment No. 1, and Amendment No. 2.
4. A copy of this Amendment No. 3 shall be attached to the Agreement.
5. This Amendment No. 3 shall be effective when signed by both parties.

*The remainder of this page was intentionally left blank.*

*~ Signature page to follow ~*

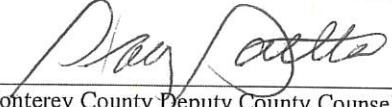

IN WITNESS WHEREOF, the Parties hereto are in agreement with this Amendment No. 3 on the basis set forth in this document and have executed this Amendment No. 3 on the day and year set forth herein.

### Board Order

#### Agreement No.: A-13620, Amendment No. 2

A motion was made by Supervisor Mary Adams, seconded by Supervisor Chris Lopez to:

a. Authorize the Deputy Purchasing Agent for Natividad Medical Center (NMC) or his designee to execute amendment No. 2 to the agreement (A-13620) with The CBORD Group, Inc. for hospital food and nutrition software services, extending the agreement for an additional thirteen month period (July 11, 2019 through July 31, 2020) for a revised full agreement term of July 11, 2017 through July 31, 2020, and adding \$12,510 for a revised total agreement amount not to exceed \$134,426.

PASSED AND ADOPTED on this 25th day of June 2019, by the following vote, to wit:

AYES: Supervisors Alejo, Phillips, Lopez, Parker and Adams

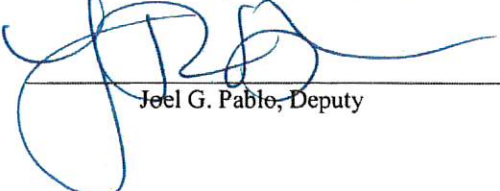

NOES: None

ABSENT: None

I, Valerie Ralph, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 82 for the meeting June 25, 2019.

Dated: June 26, 2019  
File ID: A 19-231  
Agenda Item No. 41

County of Monterey, State of California

Joel G. Pablo, Deputy

**AMENDMENT NO. 2  
TO CBORD SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE  
AGREEMENT  
BETWEEN THE CBORD GROUP, INC AND  
COUNTY OF MONTEREY, ON BEHALF OF NATIVIDAD MEDICAL CENTER  
FOR  
FOOD AND NUTRITION SOFTWARE AND MAINTENANCE SERVICES**

This Amendment No. 2 to the Services Agreement ("Agreement") which was effective on July 11, 2017 is entered into by and between the County of Monterey, on behalf of Natividad Medical Center (hereinafter "NMC"), and The CBORD Group, Inc., (hereinafter "CBORD"); (collectively, the County, NMC and CBORD are referred to as the "Parties"), with respect to the following:

**RECITALS**

**WHEREAS**, the County of Monterey on behalf of NMC and CBORD had previously entered into an Agreement for Services (hereinafter "Agreement") on July 11, 2017 to provide food and nutrition software services with a one-year term of July 11, 2017 through July 10, 2018 and a total Agreement amount in the sum of \$109,770.32; and

**WHEREAS**, the Agreement expired on July 10, 2018; and

**WHEREAS**, NMC and CBORD amended the Agreement on January 15, 2019 via Renewal and Amendment No. 1 to extend the term for an additional twelve month period through July 10, 2019 and to add an additional \$12,145.54, thereby increasing the total Agreement amount to \$121,915.86; and

**WHEREAS**, NMC and CBORD currently wish to amend the Agreement to extend it for an additional twelve (12) months and twenty-one (21) days through July 31, 2020 to allow for services to continue with additions to the original scope of work attached hereto as "Attachment 1-B per Amendment No. 2" with a \$12,509.89 increase for the added services for a total Agreement amount of \$134,425.75.

**AGREEMENT**

**NOW, THEREFORE**, the Parties agree to amend the Agreement as follows:

The Agreement is hereby amended on the terms and conditions as set forth in the Original Agreement, Renewal and Amendment No. 1, and Amendment No. 2 incorporated herein by this reference, except as specifically set forth below.

1. A new section, Section 6.D. Combined Cost shall be added to include the following:

*"Customer shall pay CBORD in accordance with the payment provisions set forth in ATTACHMENT 1 INVESTMENT OUTLINE, ATTACHMENT 1-A as per Renewal and Amendment No. 1, and ATTACHMENT 1-B as per Amendment No. 2 attached hereto this Amendment No. 2. The total amount payable by Customer to CBORD under this Agreement amounts to the sum of \$134,425.75."*

2. The first sentence of Section 21 /Paragraph titled, "TERM/EFFECTIVE DATE" shall be amended to the following:

*"The term of this Agreement is from July 11, 2017 through July 31, 2020 unless sooner*

*terminated pursuant to the terms of this Agreement.”*

3. Except as provided herein, all remaining terms, conditions and provisions of the Original Agreement are unchanged and unaffected by this Amendment No. 2 and shall continue in full force and effect as set forth in the Agreement, in Renewal and Amendment No. 1, and Amendment No. 2.
4. A copy of this Amendment No. 2 shall be attached to the Original Agreement.
5. This Amendment No. 2 is effective when signed by the last party.

*The remainder of this page was intentionally left blank.*

### Board Order

#### Agreement No. A-13620

Upon motion of Supervisor Alejo, seconded by Supervisor Lopez and carried by those members present, the Board of Supervisors hereby:

- a. Authorized the Deputy Purchasing Agent for Natividad Medical Center (NMC) or his designee to execute renewal and amendment No. 1 to the agreement (A-13620) with The CBORD Group, Inc. for food and nutrition software services, extending the agreement an additional twelve (12) months (July 11, 2018 through July 10, 2019) for a revised full agreement term of July 11, 2017 through July 10, 2019, and adding \$12,145.54 for a revised total agreement amount not to exceed \$121,915.86.
- b. Authorized the Deputy Purchasing Agent for NMC or his designee to execute up to three (3) future amendments to the agreement which do not significantly alter the scope of work and do not cause an increase of more than ten percent (10%) (\$10,977) of the original cost of the agreement per each amendment.

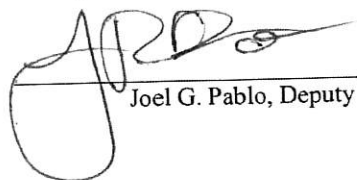

PASSED AND ADOPTED on this 15th day of January 2019, by the following vote, to wit:

AYES: Supervisors Alejo, Phillips, Lopez, Parker and Adams  
NOES: None  
ABSENT: None

I, Valerie Ralph, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 81 for the meeting January 15, 2019.

**RENEWAL AND AMENDMENT NO. 1  
TO CBORD SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT  
BETWEEN THE CBORD GROUP, INC AND  
COUNTY OF MONTEREY, ON BEHALF OF NATIVIDAD MEDICAL CENTER  
FOR  
FOOD AND NUTRITION SOFTWARE AND MAINTENANCE SERVICES**

This Renewal and Amendment No. 1 to the Services Agreement ("Agreement") which was effective on July 11, 2017 is entered into by and between the County of Monterey, on behalf of Natividad Medical Center (hereinafter "NMC"), and The CBORD Group, Inc., (hereinafter "CBORD"); (collectively, the County, NMC and CBORD are referred to as the "Parties"), with respect to the following:

**RECITALS**

**WHEREAS**, the County of Monterey on behalf of NMC and CBORD had previously entered into an Agreement for Services (hereinafter "Agreement") on July 11, 2017 to provide food and nutrition software services with a one-year term of July 11, 2017 through July 10, 2018 and a total Agreement amount in the sum of \$109,770.32; and

**WHEREAS**, the Agreement expired on July 10, 2018; and

**WHEREAS**, NMC and CBORD currently wish to renew and amend the Agreement on the same or similar terms, beginning July 11, 2018 and to extend the term for an additional one (1) year period through July 10, 2019 for a revised full Agreement term of July 11, 2017 through July 10, 2019 to allow for services to continue with additions to the original scope of work attached hereto as "Attachment 1-A per Renewal and Amendment No. 1" and to increase the amount payable by \$12,145.54 for a total Agreement amount of \$121,915.86.

**AGREEMENT**

**NOW, THEREFORE**, the Parties agree to amend the Agreement as follows:

The Agreement is hereby renewed and amended on the terms and conditions as set forth in the Original Agreement incorporated herein by this reference, except as specifically set forth below.

1. A new section, Section 6.C. Combined Cost shall be added to include the following:

***"Customer shall pay CBORD in accordance with the payment provisions set forth in ATTACHMENT 1 INVESTMENT OUTLINE plus ATTACHMENT 1-A as per Renewal and Amendment No. 1 attached hereto this Renewal and Amendment No. 1. The total amount payable by Customer to CBORD under this Agreement amounts to the sum of \$121,915.86."***

2. The first sentence of Section 21 /Paragraph titled, "TERM/EFFECTIVE DATE" shall be amended to the following:

***"The term of this Agreement is from July 11, 2017 through July 10, 2019 unless sooner terminated pursuant to the terms of this Agreement."***

3. Except as provided herein, all remaining terms, conditions and provisions of the Original Agreement are unchanged and unaffected by this Renewal and Amendment No. 1 and shall continue in full force and effect as set forth in the Agreement and in Renewal and Amendment No. 1.
4. A copy of this Renewal and Amendment No. 1 shall be attached to the Original Agreement.
5. This Renewal and Amendment No. 1 is effective retroactively on July 10, 2018.

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

THIS AGREEMENT, by and between The CBORD Group, Inc., hereinafter referred to as "CBORD" and the County of Monterey, a political subdivision of the State of California, on behalf of Natividad Medical Center, hereinafter referred to as "Customer," an acute care hospital, is effective as of the date signed by the last party.

The parties agree:

DEFINITIONS:

"System" shall mean items consisting of CBORD Software and Hardware products, and other Third-party Software and Hardware, as further described in Attachment I, and as may be updated or otherwise amended by the parties from time to time.

"Software" shall mean the CBORD proprietary software and other related CBORD modules

"Third Party Software and/or Hardware" shall mean software and hardware that CBORD shall make available from other manufacturers to the Customer.

"Hardware" shall mean CBORD proprietary hardware.

"Items" shall mean any items included in the System.

"Services" shall mean on-site and remote training, implementation, project management, database services, and any other services provided by CBORD and mutually agreed upon in writing by both parties.

1. Agreement

CBORD agrees to provide the Customer with Systems and Service, provided for in accordance with the following provisions. Use of the System is limited to the configuration as defined in Attachment I. This Agreement is for the sole use and benefit of Customer, and for no other person or location.

Customer and CBORD expressly agree that all Systems provided by CBORD to Customer shall hereafter be governed by the terms of this Agreement, unless a separate written agreement signed by both parties is made expressly applicable to such items. All offers, purchases, acceptances, acknowledgments, sales and/or licenses of Items shall be governed exclusively by the terms and conditions set forth in this Agreement. Acceptance by Customer of any offer by CBORD is limited to the terms and conditions herein, and CBORD's acceptance of any offer which may be presented by Customer is expressly conditional on Customer's assent to all the terms and conditions set forth herein, including those terms herein which may differ from, be inconsistent with or be in addition to Customer's offer.

2. License

CBORD hereby grants Customer a non-transferable, non-exclusive license to operate and use CBORD's System on a Customer-owned or -operated server or computer for the sole and exclusive benefit of Customer as defined in Attachment I. Customer agrees to pay the sums set forth in Attachment I, and sums for any other items that may become part of the System subsequent to this Agreement as agreed to by both parties by way of a signed Amendment to this Agreement.

- i. Client Server Application Licenses. Use of the System via client server application licenses, as defined in Attachment I, is limited to designated servers and computer workstations. If the client is used on more than one computer/workstation, a license fee must be paid for each computer/workstation on which the System is made operational.
- ii. Web-Based Application Licenses. Customer may provide its users access to the System via the web-based application licenses, as defined in Section 6, without an additional license fee beyond the web-based application license fees which are outlined in Attachment I.

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

Software is licensed and not sold, and no rights to the Software are granted.

Customer shall not allow other systems to write to the System's database without CBORD's prior written consent and assessment of fees as applicable. Customer agrees not to use, copy, modify, transfer, rent, reverse engineer, provide service bureau services, decompile or disassemble any Software or documentation except as expressly authorized in this Agreement.

Any assignment, delegation, or other misappropriation of the System attempted to be made shall be void for all purposes, and shall entitle CBORD to terminate the Agreement and/or to assess such additional fees as may be applicable.

3. System Version Distribution

CBORD shall supply to Customer one (1) set of compact discs (CD's) containing the object code of System and one (1) copy of the On-line Help System and documentation, covering the installation, operation and/or use of the System. The current version of the System as of the date of execution of this Agreement shall be supplied for installation or provided for use under this license.

4. Third Party Software and/or Hardware

If applicable, Customer agrees to install the System on a server operated for the exclusive use by Customer, which will meet or exceed the specifications approved by CBORD.

- a. Titles to Non-CBORD Hardware pass to Customer upon delivery to the carrier. Titles for Non-CBORD Software license pass through to Customer upon delivery to the carrier. CBORD warrants that it has the right to license any third party software and that it does not infringe on the intellectual property rights of any other party.
- b. Warranty service is to be performed by manufacturer, with Customer responsible for warranty validation procedures, if any, notwithstanding any other written Agreement provided by CBORD.

5. CBORD Virus Protection Policy

Any damage by viruses to the Customer's System shall not be covered under this Agreement. CBORD requires all servers and workstations be protected from damage caused by viruses through the installation and maintenance of a Customer-provided virus protection software application. In the event of damage caused to your CBORD-provided Systems by a virus, CBORD shall make its best effort to assist Customer in re-installing any System originally provided by CBORD. CBORD shall not assume responsibility for assisting Customer with the removal of viruses, nor assume responsibility for damage that viruses may cause. Any assistance provided for detection, removal, or recovery of data relating to or caused by a virus, shall be the Customer's responsibility. If CBORD assistance is requested by Customer, it shall be provided at the then current rates for such services.

6. Prices

- A. Initial Investment: The amounts shown in Attachment I include the One-time Fees payable to CBORD by Customer for the initial System license, Services, and Hardware purchases in the configuration.

The parties acknowledge that there are no shipping costs associated with the initial licenses, outlined in Attachment I hereto which shall be provided electronically via a secure FTP site. For future purchases, which shall be made via an amendment to this Agreement, prices are FOB shipping point and estimated shipping costs shall be provided to Customer upon request. Shipping fees will be prepaid by CBORD and added to the Customer invoice. CBORD shall accept custodial responsibility for the value of the shipments through delivery, and shall handle any carrier issues.

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

B. Annual Fees:

The amounts shown in Attachment I include the Annual Fees for the System licenses and Hardware purchases in the configuration.

Payment for the amounts shown in Attachment I for CBORD Software entitle the Customer to all enhancements to the licensed CBORD Software at no additional charge, as well as membership in CBORD's User Group and 24 hours per day, 7 days per week telephone support. During the term of this Agreement, Annual Fees for CBORD Software shall in no event increase by more than the cumulative increase in the prior calendar year's annual average of the U.S. Bureau of Labor Statistics Consumer Price Index, U.S. City Average, All Items, All Urban Consumers (revised 1982-1984 = 100) (the "CPI"), applied every July 1.

The CPI cap shall not apply to Annual Fees for Third-Party Software and Hardware licensed or purchased under this Agreement.

Notice of Annual Fee increases shall be provided to Customer at least 60 days prior to said increase.

7. System Implementation Services

CBORD agrees to supply and Customer agrees to pay such amounts as herein provided, for Services to assist Customer in the implementation of the System and to train Customer's personnel in the use of the System. Services in addition to the rates shown in Attachment I shall be provided to and paid for by Customer in accordance with Section 8, and are billed at CBORD's then-current rates for such Services.

These Services specified in Attachment I are available for delivery within eighteen (18) months of the date of this Agreement. Any such Services undelivered after 18 months from the date of this Agreement are available to Customer solely at CBORD's discretion and as outlined in Additional Services section.

8. Additional Services

CBORD will perform additional Services for Customer as agreed upon in writing by way of an amendment to this Agreement. No work on additional services shall begin until such amendment is in effect. Customer shall pay CBORD its then-current daily rates for such Services.

9. [INTENTIONALLY OMITTED]

10. Taxes

The charges listed in Attachment I at the time of Agreement execution are not taxable. Subsequent executed amendments hereto shall not include any applicable sales, use, person property, excise, or other similar taxes. The amount of any applicable sales, use, personal property, or other similar tax applicable to such future licenses or purchases made via addendum to this Agreement shall be paid directly by Customer or shall be paid to CBORD on receipt of invoice therefore.

11. Invoicing

CBORD shall render invoices to Customer in accordance with Attachment III, Payment Schedule, which are due and payable Net 30 (thirty) days from receipt a certified invoice by the Monterey County Auditor-Controller, but in no event later than sixty (60) days from the date of invoice. Customer agrees to make payment to CBORD in lawful money of the United States. All amounts unpaid after 60 days shall bear interest at the rate of 12% per annum, unless prohibited by applicable law. CBORD shall notify Customer of non- payment, and if payment is not made within 30 days of said notice CBORD may, at its sole option and discretion (reserving cumulatively all other remedies and rights under this Agreement and law) terminate this Agreement.

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

CBORD shall not have the right to charge the interest rate or to terminate the Agreement based on any unpaid invoice or other alleged default by Customer which is disputed in good faith by Customer, provided that Customer promptly pays or performs any such obligations which are finally determined to be Customer's responsibility.

## 12. System Maintenance

Except as expressly provided herein, CBORD's maintenance obligations for Software in this section shall apply only if payments are not delinquent. If Customer shall discover an error in the coding or logic in Software as delivered to Customer that prevents the Software from performing substantially in accordance with the documentation, Customer shall notify CBORD. Upon request by CBORD, Customer shall deliver its analysis thereof accompanied by complete data listings, screen listings, and sample runs exhibiting the error. Upon receipt of such notice, CBORD shall, within ten (10) days, respond at its option in one of the following ways and deliver to Customer one of the following:

- a. An updated version of Software that corrects the error. The Software shall be in the same form and quantity originally supplied to Customer in exchange for the CD's, documentation, and data originally delivered; or
- b. Detailed and effective procedures for avoiding the error until such error is corrected in a subsequent release of the Software; or
- c. An agreed upon plan to fix the error.

CBORD shall periodically notify Customer of the availability of newer versions of Software that have been released for use by its Customers generally and shall, within sixty (60) days of receipt of written request by Customer, supply Customer with such newer version. The Software shall be provided to Customer, in the same form and quantity as originally delivered, without additional charges except for the cost of installation, if requested. If CBORD has notified Customer that a more recent version of the Software than the version Customer then has installed is available, CBORD shall provide such newer version to Customer without further charge, except installation, if installation is requested by Customer. If within six (6) months of such notice Customer has not requested or installed the newer version, then Customer shall pay CBORD additional charges, as agreed to in an executed amendment, for any Software maintenance services performed by CBORD with respect to such older version of the Software. Customer shall assist CBORD in its performance under this Section by allowing CBORD, with prior approval from Customer, to use Customer's computer system, data listings, and sample runs to reproduce and/or correct any error and to install and check updated versions of the Software.

This Section shall not apply to Software maintenance services rendered by CBORD if the rendering of such services is required due to Customer changes to procedures, or computer environment, or due to Customer changes to CBORD software, or due to alteration of the data used by the System through methods other than provided by the System software, and any such services will be provided by CBORD at the charges specified in Section 8 hereof. The Customer is required to perform daily back-ups of System data.

## 13. Changes

Changes to the System configuration or implementation schedule must be made in writing and require mutual consent. If such changes result in a change of price and/or other terms of this Agreement, CBORD and Customer shall agree to price and/or term changes by way of an executed amendment to this Agreement.

## 14. Notices/Customer Contact

Any notice or communication required or permitted under this Agreement shall be deemed given when received by the other party and must be delivered or mailed by United States registered mail, postage prepaid, or sent by national delivery service, such as Federal Express or United

15. Confidential Information

Customer acknowledges the proprietary rights of CBORD in and to the Software, including but not limited to computer programs, user manuals, other supporting material and data, identifying symbols, passwords and user numbers, and further acknowledges that such are properly considered to be trade secrets in that they involve processes and compilation of information that are secret, confidential, and not generally known to the public, and which are the product of CBORD's own expenditure of time, effort, money, and creative skills. Customer also acknowledges and agrees that use of the Software is furnished during the terms of the Agreement to Customer on a confidential and secret basis for the sole and exclusive use of Customer and not for resale, and agrees that it will not use, publish, disclose, or otherwise divulge to any person, except necessary officers, employees, and consultants of Customer, at any time, either during or after the termination of the Agreement, nor permit its officers or employees to so divulge any such information regarding the Software, without the prior written consent of an officer of CBORD, except that Customer is authorized hereby to reproduce information derived from the System for its own internal use by authorized officers and employees. Notwithstanding the foregoing, the proprietary and secret information covered hereby may be disclosed by Customer to a third party, person, firm or corporation if such disclosure is unavoidable because of its or their access to or control of Customer's computer, provided that this sentence shall not be deemed to permit any use of the Software that would otherwise be prohibited by this Paragraph. In the event any such information is so disclosed, Customer agrees that any unauthorized use or disclosure of such information by such third party, person, firm, or corporation may be treated by CBORD as an unauthorized use of disclosure by Customer, and Customer shall remain liable therefore. Nothing herein shall be deemed to limit any rights of CBORD under copyright or other law.

CBORD agrees that, without the prior written consent of an officer of Customer, it will not disclose to others nor will it permit its officers or employees to so disclose any technical or accounting data or proprietary information or confidential business information of Customer.

The preceding provisions of this section shall not apply to any data, information, item, or other matter that is in the public domain at the time of disclosure to CBORD or Customer, or that is thereafter disclosed to either, as a matter of right by a third person or persons, or that thereafter passes into public domain by acts other than the unauthorized acts of CBORD or Customer, or that is in the possession of either party at the time of its disclosure by the other.

Customer agrees that all tangible objects provided by CBORD containing or relating to the trade secrets described in this section are the sole and exclusive property of CBORD and on termination of the Agreement for any reason, Customer will forthwith return to CBORD the System (CD's), the user manuals, instructions, and related material that were furnished to Customer, to destroy all copies of the System and data stored on disks, CD's or tapes, and shall not retain any copies for its use or for any purpose.

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

Confidential Information of CBORD does not include information that is or becomes publicly known or available as a result of Customer's proper compliance with the California Public Records Act.

Without limiting anything contained in this section, and subject to Customer's rights under the System Maintenance Section hereof, Customer agrees that it will not modify or permit anyone to modify any part of the System. This Confidential Information section shall survive termination of this Agreement.

16. Assignment – Other Use

No assignment, delegation or other use of any right or duty under the Agreement may be made by Customer without the written consent of CBORD.

Any assignment, delegation, or other System use attempted to be made without such written consent shall be void for all purposes, and any such purported Systems assignment by Customer shall entitle CBORD to terminate the Agreement and/or to assess such additional fees as may be applicable.

17. Warranty – Limitations of Liability

**CBORD WARRANTS THE SOFTWARE AND THE MATERIALS SUPPLIED IN CONJUNCTION THEREWITH TO BE FREE FROM ANY DEFECT IN MATERIAL OR WORKMANSHIP OR PROGRAMMING AT THE TIME OF DELIVERY, AND IN THE EVENT OF ANY SUCH DEFECT, REMEDIES AVAILABLE TO THE CUSTOMER WILL BE THOSE PROVIDED HEREIN.**

**THE SOFTWARE LICENSED HEREUNDER SHALL SUBSTANTIALLY CONFORM TO THE SOFTWARE DOCUMENTATION IN ACCORDANCE WITH THIS AGREEMENT AT THE TIME IT IS DELIVERED TO THE CUSTOMER. CBORD AGREES TO CORRECT ANY AND ALL DEFECTS IN THE SOFTWARE ARISING FROM THE SOFTWARE. CBORD SHALL NOT BE LIABLE FOR ANY DEFECTS IN THE EVENT THAT THE SOFTWARE IS CHANGED OR ALTERED IN ANY RESPECT BY ANYONE OTHER THAN AN AUTHORIZED AGENT OF CBORD AFTER THE DELIVERY OF THE SOFTWARE TO THE CUSTOMER. CBORD SHALL NOT BE LIABLE IN ANY RESPECT FOR ANY DAMAGES ARISING FROM THE FURNISHING BY THE CUSTOMER OF INCORRECT INFORMATION SUBMITTED AND USED AS INPUT TO THE SYSTEMS.**

**THE ABOVE WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT WILL CBORD BE LIABLE FOR CONSEQUENTIAL DAMAGE WHETHER OR NOT IT HAS NOTICE OF THE POSSIBILITY OF ANY SUCH DAMAGES. CBORD IN NO EVENT SHALL BE LIABLE FOR ANY LOST PROFITS.**

**AS A MATERIAL CONSIDERATION FOR CBORD ENTERING INTO THIS AGREEMENT, CUSTOMER AGREES THAT IF CBORD HAS ANY LIABILITY WHATSOEVER, SUCH LIABILITY SHALL NOT EXCEED THE AGGREGATE LIMITS OF THE INSURANCE AS SET FORTH IN SECTION 24 HEREIN. SUCH MAXIMUM LIABILITY SHALL APPLY IN ALL OTHER INSTANCES, AND SHALL APPLY IF LOSS OR DAMAGE, IRRESPECTIVE OF CAUSE OR ORIGIN, RESULTS DIRECTLY OR INDIRECTLY TO PERSONS OR PROPERTY FROM PERFORMANCE OR NONPERFORMANCE BY CBORD OR ITS AFFILIATES, SUPPLIERS OR CONTRACTORS, WHETHER ARISING UNDER CONTRACT OR TORT, STATUTE, STRICT LIABILITY, OR OTHER FORM OF ACTION.**

**CBORD SHALL HOLD CUSTOMER HARMLESS, AND SHALL DEFEND ANY SUIT OR PROCEEDING BROUGHT AGAINST CUSTOMER INsofar AS SUCH SUIT OR PROCEEDING IS BASED ON A CLAIM THAT THE USE OF THE SOFTWARE FURNISHED BY CBORD UNDER THIS CONTRACT CONSTITUTES INFRINGEMENT OF ANY COPYRIGHT, TRADE SECRET OR OTHER PROPRIETARY RIGHTS, PROVIDED CBORD IS PROMPTLY NOTIFIED IN WRITING AND GIVEN AUTHORITY, INFORMATION, AND ASSISTANCE OF THE DEFENSE OF SAME; AND CBORD SHALL AT ITS OWN EXPENSE**

**AND AT ITS OPTION, (A) PROCURE FOR CUSTOMER THE RIGHT TO CONTINUE TO USE SAID SOFTWARE, (B) MODIFY IT SO THAT IT BECOMES NON-INFRINGEMENT, OR (C) REPLACE THE SAME WITH A NON-INFRINGEMENT INSTALLATION.**

**THE FOREGOING SHALL NOT BE CONSTRUED TO INCLUDE ANY AGREEMENT BY CBORD TO ACCEPT ANY LIABILITY WHATSOEVER IN RESPECT TO COPYRIGHTS, TRADE SECRETS, OR OTHER PROPRIETARY RIGHTS FOR THIRD-PARTY SOFTWARE OR HARDWARE, OR INVENTIONS INCLUDING MORE THAN THE SYSTEM FURNISHED HEREUNDER, OR IN RESPECT TO COPYRIGHTS, TRADE SECRETS, AND OTHER PROPRIETARY RIGHTS FOR METHODS AND PROCESSES TO BE CARRIED OUT WITH THE AID OF THE SYSTEM, EXCEPT THOSE THAT ARE INHERENT IN THE SOFTWARE AS FURNISHED. THE FOREGOING STATES THE ENTIRE LIABILITY OF CBORD WITH REGARD TO THE COPYRIGHT, TRADE SECRETS, AND OTHER PROPRIETARY RIGHTS INFRINGEMENT.**

18. Force Majeure

Should any circumstances beyond the control of CBORD or Customer occur that delay or render impossible the performance of its obligation hereunder, such obligation shall be postponed for such time as necessary or delayed on account thereof, or cancelled, if such performance necessarily has been rendered impossible thereby, provided that the party failing to perform in any such event shall use best efforts to promptly resume or remedy, as the case may be, the performance of its obligations hereunder. Events of Force Majeure shall include, without limitation, accidents, acts of God, strikes or other labor disputes, acts, laws, regulations, or rules of any government or governmental agency, and any other similar circumstances beyond the control of CBORD or Customer.

19. Governing Law

This Agreement shall be subject to acceptance by CBORD and shall be governed by the laws of the State of California, USA. In case any one or more of the provisions contained in this Agreement shall be invalid, illegal, or unenforceable in any respect under any applicable statute or rule of law, then such provisions shall be deemed inoperative to the extent that they are invalid, illegal, or unenforceable, and the remainder of this Agreement shall continue in full force and effect. The parties hereto agree to replace any invalid, illegal, or unenforceable provision with a new provision that has the most nearly similar permissible economic effect.

20. Attorney's Fees

In the event suit is brought under this Agreement to enforce any provision hereof, the party in default shall pay reasonable attorney's fees to the prevailing party.

21. Term/Effective Date

The minimum term of this license is one year and the term will commence on the date signed by the last party. This Agreement may be renewed for up to four (4) additional one-year terms via a mutually signed amendment hereto. In the event Customer continues use of the System past expiration or termination of this Agreement, such use shall be subject to the terms and conditions herein, including any applicable fees.

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

## 22. Termination

22.1 After the minimum one year term of this Agreement, Customer may terminate the Agreement for any reason by giving written notice of termination to CBORD at least sixty (60) days prior to the term expiration date. Such notice shall set forth the effective date of termination.

22.2 After the minimum one year term, Customer may cancel and terminate this Agreement for good cause effective immediately upon written notice to CBORD. "Good cause" includes the failure of CBORD to perform the required services at the time and in the manner provided under this Agreement. If Customer terminates this Agreement for good cause, Customer may be relieved of the payment of balances accrued after the effective date of such termination. However, in no event shall refund or proration of annual license fees be available.

22.3 Customer's payments to CBORD under this Agreement are funded by local, state and federal governments. After the initial term of this Agreement, if funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for Customer's purchase of the annual license fees, then Customer may give written notice of this fact to CBORD, and the Agreement shall terminate immediately.

22.4. Customer Records. When this Agreement expires or terminates, CBORD shall return to Customer any Customer records which CBORD used or received from Customer to perform services under this Agreement. "Customer Records" shall mean any records which 1) represent PHI or EPHI, as outlined by HIPAA; or 2) records which are clearly marked as "Confidential" when received by CBORD, or records which, based on its characteristics, a reasonable person would consider confidential.

22.5. Upon termination of this Agreement, Customer agrees to return all copies of System Software, including all CD's, listings, tapes, documentation, and related material within thirty (30) days termination of this Agreement. Customer also agrees to destroy (erase) all copies of System Software which have been copied onto mass storage devices (such as hard disks). The parties agree that, so long as this Agreement is in force, Customer shall continue to pay the Annual System License/Maintenance Fee described in Attachment I.

Termination of any line item maintenance may only be done with a 60-day written notice prior to the start of a renewal period.

## 23. Entire Agreement

This Agreement (including the attachments hereto) states the entire agreement of the parties. Except as herein expressly provided to the contrary, the provisions of the Agreement are for the benefit of the parties hereto solely, and not for the benefit of any other person, persons, or legal entities. No waiver, alteration or modification of any of the provisions of this Agreement shall be binding unless in writing by way of an Amendment and signed by a duly authorized representative of CBORD and of Customer and expressly referring to this Agreement.

## 24. Insurance

### 24.1. Evidence of Coverage:

Prior to commencement of this Agreement, CBORD shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate.

This verification of coverage shall be sent to Customer's Contracts/Purchasing Department, unless otherwise directed. CBORD shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and Customer has approved such insurance.

24.2. Qualifying Insurers: All coverage's, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

A-VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by Customer's Contracts/Purchasing Director.

24.3. Insurance Coverage Requirements: CBORD shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial general liability insurance, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.

☐ Exemption/Modification (Justification attached; subject to approval).

Business automobile liability insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.

☐ Exemption/Modification (Justification attached; subject to approval).

Workers' Compensation Insurance, If CBORD employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than \$1,000,000 each person, \$1,000,000 each accident and \$1,000,000 each disease.

☐ Exemption/Modification (Justification attached; subject to approval).

Professional liability insurance, if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, CBORD shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ( "tail coverage" ) with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

☐ Exemption/Modification (Justification attached; subject to approval).

24.4. Other Requirements:

All insurance required by this Agreement shall be with a company acceptable to Customer and issued and executed by an admitted insurer, except Professional Liability, authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CBORD completes its performance of services under this Agreement.

Each policy shall provide coverage for CBORD and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement.

Commercial general liability and automobile liability policies shall provide an endorsement including the County of Monterey, its officers, agents, and employees as Additional insureds with respect to liability arising out of CBORD's work, including ongoing and completed operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CBORD's insurance. The required endorsement from for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 04 13 in tandem with CG 20 37 04 13 (2000). The required endorsement from for Automobile Additional Insured Endorsement is

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by Customer, CBORD shall file certificates of insurance with Customer's Contracts/Purchasing Department, showing that the CBORD has in effect the insurance required by this Agreement. CBORD shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

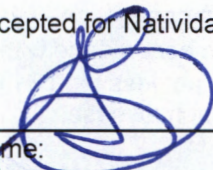

CBORD shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by Customer, annual certificates to Customer's Contracts/Purchasing Department. If the certificate is not received by the expiration date, Customer shall notify CBORD and CBORD shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CBORD to maintain such insurance is a default of this Agreement, which entitles Customer, at its sole discretion, to terminate the Agreement immediately.

**Special Instructions and Notes:**

Microsoft SQL Server 2012 Service Pack 1 (Customer Provided – Either Per Processor or Server/CAL Licensing) <sup>7</sup>

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

**ATTACHMENT II**

Investment Outline End Notes

**General Hardware**

Customer provided hardware must meet or exceed CBORD published specifications.

Customer is responsible for installation and related costs of all electrical and communications wiring unless otherwise defined specifically in the Quote.

CBORD hardware specifications are subject to change, based on manufacturer revisions.

**Software Licensing**

<sup>1</sup> Prices quoted are for installation on proposed or existing workstations.

<sup>2</sup> Prices quoted are for installation at a single site on up to but no more than five computers or workstations. Each workstation beyond the initial five workstations requires a one-time license and an annual fee per workstation. Price does not include associated Microsoft SQL License fees.

<sup>3</sup> Diet Office System does not include Nutritional Screening and Assessment.

<sup>4</sup> The noted CBORD web-based applications may be installed on a web-server and accessed by eligible system users from a browser on any network device-including a mobile device-without requiring an individual CBORD workstation license on that device. All other CBORD applications are client-server applications and require per workstation/server licensing.

<sup>5</sup> New installations of Room Service Choice require Clients to upgrade to the current general release. The current general release of Room Service Choice is 12.5.100. Please refer to Attachment V for additional hardware required for Room Service Choice.

<sup>7</sup> The customer is responsible for compliance with the appropriate Microsoft SQL Server Licensing (either Per Processor Licensing or Server/Client Access Licenses) requirements and fees, as well as staffing a knowledgeable MS SQL database administrator with I.T. support experience, as CBORD does not support Microsoft SQL Enterprise-Wide Manager. The customer is also responsible to provide the appropriate version of MS-SQL Server to be able to use the CBORD systems. The CBORD software will operate on MS-SQL 2012 server and associated service releases. CBORD also requires a test environment with test data for initial upload, testing, and future upgrade testing.

**CBORD Interfaces to Third Party Systems**<sup>6</sup>

These interfaces are based on CBORD standard specifications as delivered by CBORD. Additional work by Customer and CBORD may be required; however, no additional services shall begin until an amendment to include these additional services is agreed to in writing by both parties.

CBORD services are available for first installation until 18 months from the date of this Agreement, after which all services are on a time-and-material basis for analysis and testing.

When a Customer's Other-Vendor system, interfacing with a CBORD system, is replaced, or significantly upgraded or modified, a new interface must be licensed. Each interface is written for use with the particulars of the other system. When that system changes, new analysis, testing, and often new interface product coding, is required by CBORD in order for the project to be successful and for runtime operations to remain uncompromised.

Please refer to Attachment VI for Interfaces Statement of Work.

**Database Services**<sup>8</sup>

Please refer to Attachment VII for Description of Database Services.

**Virtual Training**<sup>9</sup>

Quote for virtual bootcamp or class is for one trainee. If more trainees are required additional virtual bootcamps and/or classes will need to be quoted.

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

**eLearning Training**<sup>10</sup>

eLearning is available for access for twelve (12) months from the date Customer's initial use.

**Implementation Services**<sup>11</sup>

Services agreed to by Customer as of the date of Customer's purchase are listed and priced as defined herein. These specified services may include, but are not limited to, training (onsite or personalized distance), implementation, project management, interfaces, and/or database services. These services are available for delivery only within eighteen (18) months of the date of Customer's purchase. Any services to be provided after 18 months from that date, or any other services not specified herein, are available to Customer solely at CBORD's discretion at the then current rate for such services and shall be provided, if available, as Additional Services.

**Pricing**<sup>13</sup>

All prices quoted are valid for 30 days from the date of the quote unless otherwise specified.

The Initial Investment Total does not include customer provided hardware or software.

GPO Member pricing is contingent upon customer being an active member at the time the order is received.

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

**ATTACHMENT III**

Payment Schedule

Payment for CBORD's FMS System in Attachment I is due and payable as follows:

Payment #1: 60% of one-time license fees (\$26,839.39) will be invoiced upon CBORD's receipt of signed contract and/or purchase order.

Payment #2: 30% of one-time license fees (\$13,419.70) and 100% of first year annual license fees (\$11,618.00) will be invoiced 30 days after Payment # 1

Payment #3: 10% of one-time license fees (\$4,473.23) will be invoiced 30 days after Payment #2.

Beyond the first year, annual license fees are due and payable on the first anniversary of this Agreement and annually thereafter. Database Services (\$10,286.00), Client Services fees (\$43,134.00) and Client Services' expenses shall be invoiced as incurred immediately after delivery of services.

**Prices are guaranteed for 30 days from the date of this Agreement.**  
**Prices are subject to change after that date.**

CBORD and Customer may agree to any future purchases not defined in this initial Agreement by way of an Amendment signed by both parties. Unless expressly agreed to otherwise, and upon receipt of a signed amendment, and receipt of valid purchase order (if required), all future invoices shall be issued as follows:

100% of One-time Software license fees and 100% of the Software annual license fees shall be invoiced immediately.

Client Services shall be invoiced 100% upon completion of Services.  
Shipping costs shall be prepaid and added to the invoice.

First year annual license fees shall be pro-rated to provide for a common invoice date and 100% are due annually thereafter.

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

**ATTACHMENT IV**

**Tax Exempt Certificate**

ST-119.1(6/81) State of New York - Department of Taxation and Finance - Taxpayer Services Division  
New York State and Local Sales and Use Tax

The CBORD Group, Inc.	NAME
950 Danby Road, Suite 100C	AND
Ithaca, NY 14850	ADDRESS
(607) 257-2410	
This certification is acceptable if the purchaser has entered all information required.	CERTIFICATE NUMBER (form ST-119)  EX -

I CERTIFY THAT THE ORGANIZATION NAMED ABOVE HAS RECEIVED AN EXEMPT ORGANIZATION CERTIFICATE WITH THE ABOVE NUMBER, AND IS EXEMPT FROM STATE AND LOCAL SALES TAXES ON ALL ITS PURCHASES.

Signature of Officer of Organization

Title

Date Prepared

Exempt Organization Certifications (ST-119.1) may be used only when an exempt organization is the direct purchaser and payer of record. Any bill, invoice or receipt given by the vendor must show the above organization as the purchaser. Payment must be from the funds of the exempt organization.

The exemption from state and local sales and use tax does not extend to officers, members or employees of the organization. Personal purchases made by such individuals are subject to sales tax. An organization's exemption does not extend to its subordinate or affiliated units. When making purchases, subordinate units may not use the exemption number assigned to the parent organization. Such misuse may result in the revocation of the exemption granted.

An Exemption Organization Certification must be given to each vendor at the time of the first purchase from that vendor. A separate certification is not necessary for each subsequent purchase provided the exempt organization's name, address, and certificate number appear on the sales slip or billing invoice. The certification is considered part of each order given to the vendor and remains in force unless revoked.

Vendors must retain the Exempt Organization Certification for at least three years after the date of the last exempt sale substantiated by the certification.

Additional copies of this form (ST-119.1) can be obtained from any State District Tax Office or from the main office of the Taxpayer Assistance Bureau, State Campus, Albany, New York 12227. This form may be reproduced without prior permission from the Department of Taxation and Finance.

## ATTACHMENT V

### Room Service Choice Hardware & Software Specifications

---

#### Room Service Choice: Hardware & Software Specifications

This document outlines the hardware and software requirements for the Room Service Choice® application.

Room Service Choice requires a Web server running Internet Information Services (IIS). The Web server can host both the Room Service Choice application and the Data Service, which runs as a Windows® service.

#### Hardware Requirements

The points below outline the hardware requirements for Room Service Choice.

##### IIS Web Server

The following are required components for the IIS Web Server:

- Xeon® Dual Core, 2.6 GHz, 4 GB RAM or better
- Windows Server 2008 R2 or Windows Server 2012 R2
- Microsoft® Internet Information Services (IIS) version 7.5 or later is required along with Microsoft .NET Framework version 4.6.1\*.
  - **\*Note:** Supported Operating Systems for .NET Framework 4.6.1 include the following: Windows 7, Windows 7 Service Pack 1, Windows 8.1, Windows 10, Windows Server 2008 R2, Windows Server 2008 R2 SP1, and Windows Server 2012 R2.
- The Data Service, which connects the Room Service Choice application to the CBORD® database, can be installed on the Web server or on a separate server. CBORD recommends that you do NOT install the Data Service on the same machine as the CBORD database server.
- HTTPS is supported and recommended, but obtaining and setting up certificates is the responsibility of your internal IT staff.

##### Tablet Devices

- Room Service Choice pages are optimized for 10" tablet displays with a resolution of 1024 x 768 and higher (aspect ratio 4:3).
- All iOS devices require at least version 9.x.
- Room Service Choice has been tested on the built-in browsers of the following mobile devices:
  - iPad 2 and later (Safari® Mobile)
  - Android® 4

#### Software Requirements

The points below outline the software requirements for Room Service Choice.

- The CBORD Data Service and Room Service Choice require Microsoft .NET Framework 4.6.1. You will need to manually install the .NET Framework using Windows® Update or by downloading it from Microsoft's website.
- The latest version of Google Chrome™ is the recommended browser. The other supported browsers include: Internet Explorer® 11.0 or later, or the latest version of Microsoft Edge or Mozilla® Firefox®. However, this does not mean that other Internet browsers cannot be used for Room Service Choice.
  - **Important note for Internet Explorer users:** Internet Explorer Compatibility View is not supported. Internet Explorer users should verify via **Tools > Compatibility View Settings** that **Display intranet sites in Compatibility View** is NOT checked.
- The Internet browser used for Room Service Choice must allow pop-ups.

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

**CBORD Requirements**

The points below outline the CBORD software requirements for Room Service Choice.

- Room Service Choice requires the FSS/NSS database to be on the same version. Before installing or upgrading Room Service Choice, verify that the FSS/NSS install or upgrade has been completed.
- Windows Firewall can prevent the services from communicating. Please verify the specific ports have permissions in the Firewall. The media will default to port 3173.

## ATTACHMENT VI

### Interfaces Statement of Work

#### **FMS Clinical Interfaces: ADT and Diet Order Interfaces, and Interface Modifications for Room Service, Allergies, and Supplements**

##### **Introduction**

This document outlines the scope of services and responsibilities of CBORD, and of the Customer, with the aim of implementing any of the following standard interfaces:

- Nutrition Service Suite (NSS) ADT Interface
- Nutrition Service Suite (NSS) Diet Order Interface
- NSS Interface Modification: Supplements
- NSS Interface Modification: Allergies
- NSS Interface Modification: Room Service

##### **Assumptions**

**A “standard interface” is one which deploys existing CBORD integration functionality, without requiring custom changes to the core product (Nutrition Service Suite, for example), or the CBORD integration framework. Please see product information for the functional scope of each interface.**

CBORD shall assign an Interface Analyst resource who will provide the services detailed in this Statement of Work. The Interface Analyst will be knowledgeable about the CBORD interface framework as well as relevant CBORD software, and industry standards such as HL7.

Customer shall assign a primary point-of-contact resource that understands the departmental processes and the capabilities and requirements of the Other-Vendor system that will send data to or receive data from the CBORD system. That resource can serve as a subject matter expert. If one resource cannot fill this role, then multiple resources should be assigned. These resources must have appropriate access to the CBORD and Other-Vendor systems onsite.

Customer shall assign a single resource to coordinate the Customer CBORD system implementation activities and tasks.

Customer shall assign a Project Manager to maintain the project implementation plan including the timeline following its initial creation by CBORD.

An interface is completed when Customer testing shows that the requirements defined in the analysis phase of the project have been met.

##### **Services Overview**

CBORD shall perform the following tasks:

- Collaborate with multiple CBORD departments to integrate interface development in the plan for NSS implementation.
- Assign an Interface Analyst to engage in the project when the following prerequisites are met: hardware installation, NSS product and database installation, remote access availability, and Customer staff availability to work on the project.
- Perform business and product analysis with the Customer to define interface requirements and specifications.
- Consult on HL7 messaging requirements and specifications.
- Deliver documentation of database coding requirements.
- Code, script, develop, and unit test interface software at CBORD according to the terms of the licensed product(s) requirements and specifications.
- Deliver interface software that meets agreed-upon requirements and specifications.
- Provide CBORD interface software instruction and testing assistance.
- Make minor adjustments to interface if new/changed requirements are identified during Customer testing. Fix coding errors in the CBORD interface software if needed.
- Reschedule work on the project if Customer activity is halted for a period of three weeks or more.
- Transition primary responsibility for interface support from the CBORD Interface Analyst to the Customer helpdesk and CBORD Support teams when Customer testing is completed.

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

- Provide technical support and upgrades in accordance with the "FMS License Fee Statement of Work (SOW)."

Customer shall perform the following tasks within 12 months of contract:

- Determine the Customer schedule and resources for the project, including staff from relevant departments such as Food Service, Information Services, and Nursing.
- Inform CBORD of the availability of Customer staff for the project as early as possible, or at least four weeks in advance of the project start date.
- Install and configure CBORD database server.
- Install CBORD software and database. (This typically includes installing a CBORD client on the database server or other interface computer.)
- Communicate hardware availability and schedule requirements.
- Set up and test remote access to CBORD systems to be provided to the CBORD Interface Analyst.
- Actively participate in defining requirements and specifications.
- Complete the database coding as needed.
- Develop outbound interface functions and messages from the hospital information system and interface engine, according to specifications.
- Learn the runtime use of the interface software, maintenance of data coding and translation tables, and the use of related reports.
- Determine test scenarios relevant to Customer operation.
- Create test scripts and/or test data for all phases of testing, which may include communication testing, transaction (message format) testing, and scenario testing.
- Perform testing of the interface, including sending or processing of data by the Other-Vendor system, reviewing CBORD log files and reports, examining comparison reports from the systems involved, and reporting or resolving issues.
- Notify CBORD of testing delays, progress, and completion.
- Train and notify Customer departmental staff regarding operational changes that may be precipitated by interface implementation.
- Complete testing prior to using the interface in production ("live") operations.

### **Services Out of Scope**

The following services are considered out of scope and shall only be agreed to in writing by way of An Amendment signed by both parties. Some services may be available for an additional fee, or may be included in the Statement of Work for other products and services that have been purchased.

- Training or supporting the Other-Vendor system(s)
- Data entry or database coding
- Onsite services
- Core product (NSS) training, support, product management, or custom development
- System administration including hardware and network infrastructure support
- Database administration
- Interface changes to accommodate changes in the Other-Vendor system(s)

### **Changes in the Other-Vendor System(s)**

When a Customer's Other-Vendor system, operating in an interface with a CBORD system, is upgraded or modified, a new interface must be licensed. Each interface is written for use with the particulars of another system. When that system changes, new analysis and testing, and often new interface product coding, is required by CBORD in order for the project to be successful and for runtime operations to remain uncompromised.

Customer shall contact CBORD for a contract addendum in advance of Other-Vendor system changes. Suggested minimum lead time for most interfaces is three months prior to Customer integration testing.

## ATTACHMENT VII

### Description of Database Services

#### Database Services: NSS Standard Services Plan

##### Introduction

The NSS Standard Service Plan is intended to give the Customer a head start with setting up the Nutrition Services Suite database, particularly with base settings, menu items, and the core patient or resident menu cycle.

##### Assumptions

- The database will be coded at the CBORD office. The Customer will not have access to the database until the completion of the coding and delivery via FTP and CD.
- All phases of the project will be completed in house; the project will not transition to remote-based coding.
- Data due dates and delivery dates will be established during the introduction call after the contract has been signed.
- The Customer must submit all requested data by the deadlines established. If any required data components are not received by the due date established, the project may be rescheduled for Database Services' next available project opening. Please note Database Services typically schedules projects 6-8 weeks in advance.
- The coding services will be completed in a single phase of coding and will not be separated into multiple projects.
- The included quantities of data are intended as maximum limits. The coding services will be considered complete after the database has been delivered, even if the Customer does not provide the maximum number of menu items, paper menu layouts, etc.
- Customers who wish to use this coding package as an add-on to an existing Foodservice Suite database will require additional coordination and may require additional data components, such as copies of the live database(s) and remote connection tools.

##### Services Overview

CBORD shall perform the following tasks:

- Provide a data collection worksheet listing the pieces of data required from the Customer to complete the database build, as well as deadlines for submitting the data.
- Schedule a call to review the data collection worksheet in detail with the Customer.
- Set up base settings based on the information provided by the Customer during data collection, including:
  - Service Courses
  - Preparation Areas
  - Diet/Allergy Restrictions
  - Room/Bed names and associated Nursing Station
- Add menu item/portion combinations based on information provided by the Customer during data collection, up to a maximum of 1000 total.
  - Menu items will be linked to standard nutrition information within the CBORD Master Nutrient Database ("CMND") where a match is possible. A list of menu items for which a match was not possible will be provided to the Customer upon completion of the customized database build. The Customer may choose to enter custom/user-defined nutrition items for these menu items upon receipt of the database and training.
  - Menu items will be set up with baseline compliance values from the CBORD Starter Database where a match is possible. Menu items or specific portions that are not available within the CBORD Starter Database will be flagged for the Customer's review. The Customer will be responsible for reviewing and adjusting any compliance values based on the specific Dietary Guidelines in use in their operations.
  - All menu items will be assigned standard settings (preparation area, diet course, etc). The Customer may need to adjust these assignments during their review of the customized database and testing phases.
  - Menu items will be flagged for use as a Supplement where applicable based on information provided by the Customer during data collection.

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTFNANCE AGREEMENT

=====

- If provided, menu items will be coded with dietary exchanges or carb equivalents.
- Build the patient menu cycle for breakfast, lunch, dinner, and between-meal nourishment periods based on information provided by the Customer, up to 7 total cycle days/1 total cycle week.
  - Baseline service preference/priority numbers will be assigned to the menu items/portions based on information provided by the Customer. The Customer may need to adjust these preference values during their review of the customized database and testing phases.
- If the Customer is utilizing non-select tray tickets, house diets or Course Requirement Levels ("CRLs") will be established based on information provided by the Customer during data collection, up to 10 total sets. A combination of house diets and CRLs may be requested as long as the total number does not exceed 10.
- If the Customer is utilizing selective paper menus to gather patient selections, paper menu layouts will be built based on menu mockups provided by the Customer during data collection, up to 6 total sets. One set shall consist of a breakfast, lunch, and dinner panel.
  - Menu layouts will be created based on the most frequently occurring combinations of foods and/or food layouts. For example, if there are four entrée selections offered five cycle days, but only three entrée selections offered the remaining two cycle days, the menu layout will be set up for four entrée selections
- Upgrade the CBORD database to the current general release or the software release decided upon by the Customer and implementation team member.
- Provide the CBORD database on the FTP site for download via the web.
- Provide any documentation regarding assumptions made during data coding or placeholders used if data was missing

Customer shall perform the following tasks during the coding:

- Submit all requested data by the delivery deadlines.
- Provide a resource to answer any data-related questions that arise during coding
- Coordinate with CBORD's Help Desk to set up an installation appointment to coincide with the database delivery after the in-house phase of the project has been completed.
- Install the CBORD database and software, if applicable, with the assistance of CBORD's Help Desk
- Review the documentation provided and make updates where necessary following CBORD System training with their Implementation Representative

### Services Out of Scope

The following services are considered out of scope and shall only be agreed to upon in writing by way of an Amendment signed by both parties. All of these services are available for an additional fee:

- Menu item/portion beyond the maximum number of item/portion combinations specified
- Coding ingredients and preparation instructions onto the menu items
- Coding traits on the menu items
- Determining dietary exchange or carb equivalent values for the menu items based on their nutritional analysis. Exchanges and/or carb equivalents will be entered as provided by the Customer, if applicable.
- Determining compliance values for the menu items. The Customer will be provided with a starter set of compliances for basic items and diet restrictions but will need to review and update these values during their data review and testing phases. Alternatively, the Customer may fill out a compliance coding template provided by CBORD for a one-time import of compliance data.
- Coding the patient menu cycle beyond 7 total cycle days.
- Coding holiday menus.
- Entering custom nutritional information for any menu item that does not have a match within the master nutrient database.
- Menu layout coding beyond the maximum number of sets specified
- Testing tray tickets, paper menus, or Room Service selection screens.

## ATTACHMENT VIII

### Client Services Statements of Work

#### CBORD Statement of Work: Nutrition Service Suite Course

##### Introduction

The Nutrition Service Suite® (NSS) course is a five-day online class designed for NSS System Administrators. Participants learn how to navigate around the system; generate menus; use and edit the card file; manage and maintain item maintenance; create and edit diet restriction goals; and generate and print reports, tray tickets, tallies, and labels. New features of the system and security administration settings in the Nutrition Service Suite are also discussed.

##### Assumptions

The following assumptions are being made for the Nutrition Service Suite course:

- CBORD will assign a product instructor who will provide the services detailed in this Statement of Work. The product instructor will be knowledgeable about the CBORD software and how it is used effectively in operations.
- CBORD will provide a hands-on lab environment to be used throughout the training course.
- CBORD training courses begin promptly according to the times posted on the online registration.
- Customer will contact CBORD or register participants in the training course online at: <https://www.cbord.com/professional-services/training/>
- Customer will ensure participants are able to attend training in a workspace conducive to learning.
- Customer will provide workstations with Internet access for use with WebEx® to be used throughout the virtual course.
- Customer will provide a telephone with a headset for use throughout the virtual course.
- Customer will assign a course participant who will utilize the Nutrition Service Suite as part of their work assignments.
- Additional seats purchased at a discount must be attended during the same class date/time as the full-priced seat.
- Customer will ensure that all trainees will participate in training as scheduled according to the course outline.
- Customer will ensure that all trainees have basic computer and Windows® competencies.
- Customer will pay for training prior to attending the training course.
- Customer must cancel registration prior to the training course start date. A cancellation fee of \$200 may be assessed if the attendee does not cancel more than ten working days before the course start date. Optionally, another member of your organization may attend in place of the originally registered attendee. Registered attendees who do not attend the course and do not cancel will be charged the entire cost of the course.
- CBORD reserves the right to cancel courses due to low attendance within ten working days of the course start date.

##### Services Overview

CBORD will conduct a five-day training course on the competencies described in the course outline for the Nutrition Service Suite Course. The training will cover the following core competencies:

Participant will demonstrate the ability or have general knowledge of how to

- ✓ navigate the Nutrition Service Suite.
- ✓ access and utilize the patient card file.
- ✓ access item maintenance and create and modify food items.
- ✓ plan menus (using the meal food list) for various methods of food item selection.
- ✓ generate menus, tallies, tray tickets, and labels.
- ✓ conduct tray ticket troubleshooting.
- ✓ use nutrition goals and pattern fixing.
- ✓ access and make food selections in Room Service Choice Menu Select and Room Service Choice On Demand.

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

CBORD will provide training in the virtual classroom environment using the CBORD training system installed. The product instructor will provide hands-on practice exercises on the topics as part of the course outline.

**Services Out of Scope**

The following services are considered out of scope and shall only be agreed to upon in writing by way of an Amendment signed by both parties. These services are available for an additional fee.

- Training beyond what is included with the course.
- Participation in weekly project meetings.
- Project management services.
- Consulting services.
- Change management.
- Documentation.
- CBORD's Support Center is not a resource for training. Specialized training services are available at the prevailing hourly or daily training rate.
- CBORD's product instructors are not the standard resource for support. Product instructors are scheduled in training classes and are often out of reach during standard working hours.

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

FMS Installation/Upgrade  
Off-Hours Upgrade Performed by CBORD Support

**Assumptions**

1. CBORD will receive a signed addendum from the client at least five business days prior to the scheduled installation/upgrade.
2. Installation/Upgrade of a single database is running in a single instance of the relational database engine. Installations/Upgrades involving more than one database are subject to additional fees.
3. Preupgrade conference has been completed with assigned CBORD Support Technician, as well as site IT and application users.
4. The system configuration is confirmed and will meet CBORD specifications. (Server must meet minimum requirements; prerequisites such as SQL Server must be installed by site IT.)
5. Site IT will be available during the installation/upgrade for activities such as answering questions regarding site environment, rebooting servers, granting additional rights, and troubleshooting remote connectivity.
6. CBORD will have remote access to the server(s) with Administrator rights and full control.
7. Test installation/upgrade has been completed by the site prior to the Production installation/upgrade.
8. Printers will be purchased, installed, and tested prior to the installation/upgrade.
9. CBORD will have remote access to whatever workstation will be used for RSPQ. We will need Administrator rights with full control. (Applies to Room Service only.)
10. The RSPQ workstation will require a fat client. (Applies to Room Service only.)
11. Once installation is complete, site IT will publish necessary icon(s) from Citrix to the thin-client workstations. (Applies to Citrix environments only.)
12. Client will test application connectivity for a workstation (confirm connection by opening application) at completion. CBORD's upgrade responsibility is complete upon connection. Standard off-hours support will apply once connectivity is confirmed.
13. If a problem is encountered during an upgrade and cannot be resolved by the technician, rolling back to the previous version will be recommended. The reason for the problem will be researched by CBORD Support, a solution provided, and the upgrade/installation rescheduled for a mutually agreeable time.

**CBORD Responsibilities**

1. Completing the backup of the database prior to beginning the upgrade.
2. Installation/Upgrade of the relational database management system. (Applies to Sybase environments only.)
3. Installation/Upgrade of the relational database.
4. Client installation/upgrade on the server/s if desired/required.
5. Installation/Upgrade of RSPQ.
6. Upgrade of CBORD interfaces.
7. Setup of the .ini file.
8. If the upgrade fails, reset relational database management system to previous version. (Applies to Sybase environments only.)

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

**Services Out of Scope**

The following services are considered out of scope and shall only be agreed to upon in writing by way of an Amendment signed by both parties:

- Installation/Upgrade scheduled for anytime on Saturday, Sunday, or a holiday.
- Application testing.
- Installation/Upgrade of software and applications not provided by CBORD.
- Interface configuration/testing (to be scheduled with the CBORD Interface Team).
- Installation/Upgrade of Client workstations.
- Installation/Upgrade of Client remote devices, such as handhelds.
- Setup and maintenance of database backups.
- Setup and maintenance of database maintenance plans.
- Publish necessary icon(s) from CITRIX to the thin-client workstations. (Applies to CITRIX environments only.)
- Project Management, such as meetings, timelines, and documentation.

**Changes to the Statement of Work**

- Changes to the Statement of Work by either party shall require prior written notification and agreement, and may result in additional service fees as described in this Statement of Work.

## **CBORD Statement of Work: Project Implementation Plan**

### **Introduction**

Welcome to the CBORD® Statement of Work for Project Implementation Plan. This document outlines the support services you receive when you contact to have an Implementation Representative provide a project implementation plan. This document is not intended to explain every item that CBORD On-Site Services does or does not cover.

### **Scope of Services Overview**

This document describes the following related to CBORD On-Site Services:

- Project Implementation Plan Preparation
- Project Implementation Plan Visit
- Project Implementation Plan Follow-up
- Customer Quality Measurement
- Assumptions
- Services Out of Scope
- Changes to SOW

### **Project Implementation Plan Preparation**

CBORD shall perform the following tasks in preparation for Project Implementation Plan (PIP):

- Conduct a project introduction meeting including the Customer's project team and key players from CBORD. The purpose of this meeting is to review Systems and services licensed as part of the contract, review the CBORD System's implementation blueprint, introduce the implementation worksheets, and schedule dates for project activities, such as the Project Implementation Plan site visit and completion of the implementation worksheets.
- Deliver a mutually agreed upon agenda detailing CBORD client service contacts, dates, times, meetings, and activities to take place during the onsite portion of the PIP at least 5 business days prior the scheduled review.
- Confirm travel arrangements for the site visit based upon contract specifics. Note that travel time is not billable. Representatives typically do not travel on weekends.
- Review the implementation worksheets completed by the Customer prior to the scheduled site visit.

Customer shall perform the following tasks in preparation for Project Implementation Plan:

- Identify Customer's members of the CBORD Systems implementation project team.
- Assemble and make available project documents such as project charters created for the CBORD Systems implementation project.
- Complete the implementation worksheets by the scheduled date as identified during the project introduction meeting.
- Assemble and make available reports and other information such as flowcharts used in operations essential to the CBORD System implementation.
- Schedule meeting participants according to the agenda.

### **Project Implementation Plan Visit**

CBORD shall perform the following tasks during the PIP development:

- Meet with key staff members to discuss operational and utilization goals with CBORD Systems.
- Meet with the project team to identify resources, scope, risks, and assumptions.
- Meet with the project sponsor to review goals and objectives of the CBORD Systems implementation project.
- Conduct a site tour of the operation to get an understanding of the operational flow.
- Establish an initial project timeline and present it to the project team for feedback.

Customer shall perform the following tasks during PIP development:

- Participate in PIP meetings as scheduled according to the agenda.
- Limit cell phone, email, internet, outside meetings and other distractions during the PIP onsite meetings.

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

### **Project Implementation Plan Follow-Up**

CBORD shall perform the following tasks as follow-up to the PIP development:

- Deliver a status report to the Customer's primary contact detailing open issues, atypical business processes and notes, and a follow-up task list no more than 5 business days following the site visit.
- Develop the PIP to include an executive summary, project timeline, project team matrix, database build plan, CBORD System training plan, report cross-reference, risks, and assumptions.

Customer shall perform the following tasks as follow-up to the PIP delivery:

- Review the PIP upon receipt contacting the implementation resource with any questions.
- Upon receipt of the PIP, email a confirmation that the PIP has been delivered and accepted.

### **Customer Quality Measurement**

- Survey feedback is an extremely important and key measurement to determine if CBORD implementation services is effectively providing service to the Customer, identifying strengths as well as tracking areas of deficiency. The goal is to ensure that customers are getting the services they require to fully utilize the CBORD Systems in their operation. Customer satisfaction surveys are sent to Customer's primary contact upon submission of the status report.
- Surveys are voluntary but Customers are encouraged to complete the survey and return it to CBORD in order to provide feedback. CBORD Client Services management will follow up on any areas where there is a "less than satisfactory" rating to ensure improvements are implemented as warranted.

### **Assumptions**

- CBORD shall assign an implementation resource who will provide the services detailed in this Statement of Work. The implementation resource will be knowledgeable about the CBORD software and how it is used effectively in operations.
- Customer shall assign a System administrator or primary point of contact resource that understands the departmental processes and can serve as a subject matter expert. If one resource cannot fill this role, then multiple resources should be assigned.
- Customer shall assign a single resource to coordinate the Customer CBORD System implementation activities and tasks.
- Customer shall assign a project manager to maintain the Project Implementation Plan, including the timeline, following its initial development by CBORD.

### **Services Out of Scope**

The following services are considered out of scope and shall only be agreed to upon in writing by way of an Amendment signed by both parties. These services are available for an additional fee.

- Training beyond the contracted number of days.
- Participation in weekly project meetings.
- Consulting services.
- Change management.
- Documentation beyond the training status report:
  - Operation schedule
  - Operation procedures
  - Downtime procedures
  - Disaster recovery plan
  - Staff training manual
  - Go-live plan
  - Communication plan
  - Job descriptions
- CBORD's implementation services are not the standard resource for support. Implementation representatives are scheduled at Customer sites and are often out of reach during standard working hours. These representatives remain focused with the Customer they are working with and check voice mail and email after hours. CBORD's Support Center schedules technicians to provide an immediate contact to address issues. It is strongly recommended that the Customer utilize CBORD resources as they are designed.

## **CBORD Statement of Work: FNS Project Team Associate**

### **Introduction**

Welcome to the CBORD® Statement of Work for Project Team Associate. This document outlines the implementation services you receive when you contract to for project management. This document is not intended to explain every item that CBORD Project Management does or does not cover.

### **Scope of Services Overview**

This document describes the following related to CBORD Project Management Services:

- Project Team Associate
- Assumptions
- Customer Quality Measurement
- Services Out of Scope
- Changes to SOW

### **Project Team Associate**

CBORD shall perform the following Project Team Associate services as requested:

- Participate in mutually agreed upon regularly scheduled project status meetings.
- Participate in topic specific project team meetings based on availability.
- Maintain a project issues list.

Customer shall perform the following tasks:

- Create and distribute the project meeting agenda to the project team. An agenda will need to be provided to CBORD project manager at least 2 days prior to the meeting.
- Provide advance notice if a CBORD subject matter expert is needed to participate in a project team meeting. The CBORD project manager is not the subject matter expert in all areas.
- Participate in project meetings, take meeting minutes, and distribute to the project team.
- Identify System or project issues that need to be added to the issues list.
- Maintain a project timeline according to client requests to include adjusting dates, percentages completed, and resource names.
- Provide information on change to dates, resources, and work completed in order for the CBORD project manager to maintain the project timeline.

### **Assumptions**

- CBORD shall assign an implementation resource who will provide the Project Team Associate services detailed in this Statement of Work. The implementation resource will be knowledgeable about the CBORD software and how it is used effectively in operations. The implementation resource will not be the subject matter expert on all aspects of the project.
- CBORD implementation resource does not coordinate CBORD staffing requirements.
- Customer shall assign a System administrator or primary point of contact resource that understands the departmental processes and can serve as a subject matter expert. If one resource cannot fill this role, then multiple resources should be assigned.
- Customer shall assign a single resource to coordinate the Customer CBORD System implementation activities and tasks.
- Customer shall provide project team members with access to Microsoft Project so they can utilize the project timeline.

### **Customer Quality Measurement**

- Survey feedback is an extremely important and key measurement to determine if CBORD implementation services is effectively providing service to the Customer, identifying strengths as well as tracking areas of deficiency. The goal is to ensure that customers are getting the services they require to fully utilize the CBORD Systems in their operation. Customer satisfaction surveys are sent to Customer's primary contact upon submission of the status report.
- Surveys are voluntary but Customers are encouraged to complete the survey and return it to CBORD in order to provide feedback. CBORD Client Services management will follow up on any areas where there is a "less than satisfactory" rating to ensure improvements are implemented as warranted.

=====

**Services Out of Scope**

The following services are considered out of scope and shall only be agreed to upon in writing by way of a quote or Amendment signed by both parties. These services are available for an additional fee.

- CBORD Agreement negotiations.
- Training. The CBORD implementation resource does not provide training unless he/she is the subject matter expert.
- Consulting services.
- Change management.
- Documentation beyond the project timeline:
  - Operation schedule
  - Operation procedures
  - Downtime procedures
  - Disaster recovery plan
  - Staff training manual
  - Go-live plan
  - Communication plan
  - Job descriptions
- Customizing reports. A separate written Agreement may be in place for CBORD to provide customized reports.
- CBORD software and installations. CBORD's Support Center is available to provide telephone assistance with software installations and upgrades by appointment. If onsite installation or upgrade services are required, a separate written Agreement may be in place for this service.

**Changes to the SOW**

- Changes to the Statement of Work by either party shall require prior written notification and agreement, and may result in additional implementation fees as described in this Agreement.

## **CBORD Statement of Work: FNS On-Site Go-Live Support**

### **Introduction**

Welcome to the CBORD® Statement of Work for On-Site Go-Live Support. This document outlines the support services you receive when you contact to have an Implementation Representative come on-site to provide go-live support. This document is not intended to explain every item that CBORD On-Site Go-Live Support does or does not cover.

### **Scope of Services Overview**

This document describes the following related to CBORD On-Site Go-Live Support.

- Onsite Go-Live Support Preparation
- Onsite Go-Live Support
- Onsite Go-Live Support Follow-up
- Assumptions
- Customer Quality Measurement
- Services Out of Scope
- Changes to SOW

### **On-Site Go-Live Support Preparation**

CBORD shall perform the following tasks in preparation for onsite go-live support:

- Deliver a mutually agreed upon agenda detailing objectives for the go-live support dates, times, and CBORD client service contacts at least 5 business days prior to training.
- Confirm travel arrangements based upon Agreement specifics. Note that travel time is not billable. Representatives typically do not travel on weekends.

Customer shall perform the following tasks in preparation for onsite go-live support:

- Complete the tasks necessary according to the workplan or status report from previous trainings. These tasks include database coding, interface testing, and operational procedure documentation and testing.
- Complete all tasks defined on the go-live checklist. These tasks include staff training, interfaces live, and hardware and System installed and tested.
- Communicate with hospital administration and departments regarding the scheduled go-live and changes impacting staff and patients.
- Create a go-live schedule and schedule managers and employees accordingly to ensure the go-live is appropriately staffed.

### **On-Site Go-Live Support**

CBORD shall perform the following tasks during onsite go-live support:

- Assist with go-live operations to ensure a smooth transition to utilization of CBORD Systems. A CBORD representative will be onsite during the go-live for the contracted number of days.
- Assist with troubleshooting CBORD System or database issues as they arise. The CBORD representative will assume the responsibility for contacting CBORD technical support if necessary.

Customer shall perform the following tasks during onsite go-live support:

- Participate in go-live activities as scheduled according to the go-live schedule.
- Provide a System administrator resource to serve as a subject matter expert when the CBORD representative is onsite.
- Provide IT support as needed for hardware or interface issues that may arise

### **On-Site Go-Live Support Follow-Up**

CBORD shall perform the following tasks as follow-up to onsite training:

- Deliver a status report to the primary client contact detailing open issues, and a follow-up task list no more than 5 business days following training.

Customer shall perform the following tasks as follow-up to onsite training:

- Complete the task list as outlined in the status report.

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

### Assumptions

- CBORD shall assign an implementation resource who will provide the services detailed in this Statement of Work. The implementation resource will be knowledgeable about the CBORD System and how it is used effectively in operations.
- Customer shall assign a System administrator or primary point of contact resource that understands the departmental processes and can serve as a subject matter expert. If one resource cannot fill this role, then multiple resources should be assigned.
- Customer shall assign an IT resource to be available to assist with hardware or network issues that may arise during go-live.
- Hardware that meets the minimum recommended specifications, including printers, shall be available when needed, based on the onsite go-live dates.
- Network shall be available, if appropriate to the setup.
- If available and agreed upon by CBORD and Customer, remote access to the server or application will be available for CBORD technical support.

### Customer Quality Measurement

- Survey feedback is an extremely important and key measurement to determine if CBORD implementation services is effectively providing service to the Customer, identifying strengths as well as tracking areas of deficiency. The goal is to ensure that customers are getting the services they require to fully utilize the CBORD Systems in their operation. Customer satisfaction surveys are sent to Customer's primary contact upon submission of the status report.
- Surveys are voluntary but Customers are encouraged to complete the survey and return it to CBORD in order to provide feedback. CBORD Client Services management will follow up on any areas where there is a "less than satisfactory" rating to ensure improvements are implemented as warranted.

### Services Out of Scope

The following services are considered out of scope and shall only be agreed to upon in writing by way of an Amendment signed by both parties. These services are available for an additional fee.

- Training beyond the contracted number of days.
- Participation in weekly project meetings.
- Project management services and creation of work breakdown structures.
- Consulting services.
- Change management.
- Documentation beyond the training status report:
  - Operation schedule
  - Operation procedures
  - Downtime procedures
  - Disaster recovery plan
  - Staff training manual
  - Go-live plan
  - Communication plan
  - Job descriptions
- Re-training during the implementation shall be billed at the then-current price. Examples of why re-training may be requested include delay of implementation, employee turnover, or change in Customer resources. Customers are encouraged to plan for staffing changes by cross-training staff and documenting current procedures to ease any transition.
- CBORD's Support Center is not a resource for training. Re-training and specialized training services are available at the prevailing hourly or daily training rate.
- CBORD's implementation services are not the standard resource for support. Implementation representatives are scheduled at Customer sites and are often out of reach during standard working hours. These representatives remain focused with the Customer they are working with and check voice mail and email after hours. CBORD's Support Center schedules technicians to provide an immediate contact to address issues. It is strongly recommended that the Customer utilize CBORD resources as they are designed.
- Customizing reports. A separate written Agreement must be in place for CBORD to provide customized reports.

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

- Customizing the database. Training will be provided on how to customize the database. A separate written Agreement must be in place for CBORD to provide database services.
- CBORD System and installations. CBORD's Support Center is available to provide telephone assistance with System installations and upgrades by appointment. If onsite installation or upgrade services are required, a separate written Agreement must be in place for this service.

**Changes to the SOW**

- Changes to the Statement of Work by either party shall require prior written notification and agreement, and may result in additional implementation fees as described in this Agreement.

## **CBORD Statement of Work: FNS On-Site Training**

### **Introduction**

Welcome to the CBORD® Statement of Work for On-Site Training. This document outlines the support services you receive when you contact to have an Implementation Representative come on-site to provide training. This document is not intended to explain every item that CBORD On-Site Services does or does not cover.

### **Scope of Services Overview**

This document describes the following related to CBORD On-Site Training

- Onsite Training Preparation
- Onsite Training
- Onsite Training Follow-up
- Customer Quality Measurement
- Services Out of Scope
- Changes to SOW

### **On-Site Training Preparation**

CBORD shall perform the following tasks in preparation for onsite training:

- Deliver a mutually agreed upon agenda detailing objectives for training, dates, times, topics, and CBORD client service contacts at least 5 business days prior to training.
- Provide a recommendation of applicable eSeminars that should be reviewed by training attendees prior to onsite training.
- Confirm travel arrangements based upon Agreement specifics. Note that travel time is not billable. Representatives typically do not travel on weekends.
- Provide a System training guide that supports the general training for up to 6 trainees. A training guide is typically provided at the first training session for an implementation project and not delivered for subsequent trainings unless significant changes have been made to the manual.

Customer shall perform the following tasks in preparation for onsite training:

- Set up training room with workstations so that there are no more than 2 trainees per workstation. A laser printer should be configured and easily accessible during the onsite training.
- Set up training room workstations with the appropriate System, database, and network access needed for training.
- Provide the necessary tools for successful training such as a projector, whiteboard or flip chart and markers, if it is determined such tools are needed.
- Schedule trainees to attend training according to the agenda. Attendees must be dedicated to participating in the training during the times in which they are scheduled. Cell phone, email, internet, outside meetings, and other distractions need to be limited.
- Complete the tasks necessary according to the timeline or status report from previous trainings.

### **On-Site Training**

CBORD shall perform the following tasks during onsite training:

- Train to the competencies based on topics outlined on the agenda.
- Modify the agenda if necessary based on progress made during the training. Because of travel requirements, training must end on time. Additional training time may need to be scheduled.
- Provide hands-on practice exercises on the topics as part of the training agenda.
- Provide training on the CBORD System as available according to the licensed software modules and system version installed. Any customizations, data entry, or deployment issues that arise during onsite training will be addressed as a follow-up task and may result in a need to contract for additional services.
- Provide a task list according to the training either verbal or via email if available upon the close of training.

Customer shall perform the following tasks during onsite training:

- Participate in training as scheduled according to the agenda.
- Limit cell phone, email, internet, outside meetings, and other distractions during the training.

### **On-Site Training Follow-Up**

CBORD shall perform the following tasks as follow-up to onsite training:

- Deliver a status report to the primary client contact detailing open issues, atypical business processes and notes, and a follow-up task list no more than 5 business days following training.

Customer shall perform the following tasks as follow-up to onsite training:

- Complete the task list as outlined in the status report prior to the next training session or implementation event, such as go-live.

### **Customer Quality Measurement**

- Survey feedback is an extremely important and key measurement to determine if CBORD implementation services is effectively providing service to the Customer, identifying strengths as well as tracking areas of deficiency. The goal is to ensure that customers are getting the services they require to fully utilize the CBORD Systems in their operation. Customer satisfaction surveys are sent to Customer's primary contact upon submission of the status report.

**Changes to the SOW**

- Changes to the Statement of Work by either party shall require prior written notification and agreement, and may result in additional implementation fees as described in this Agreement.

## **CBORD Statement of Work: FNS Personalized Distance Training**

### **Introduction**

Welcome to the CBORD® Statement of Work for Personalized Distance Training. This document outlines the implementation services you receive when you contract to have an Implementation Representative provide distance training. This document is not intended to explain every item that CBORD Personalized Distance Services does or does not cover.

### **Scope of Services Overview**

This document describes the following related to CBORD Personalized Distance Services:

- Distance Training Preparation
- Distance Training
- Distance Training Follow-up
- Customer Quality Measurement
- Services Out of Scope
- Changes to SOW

### **Distance Training Preparation**

CBORD shall perform the following tasks in preparation for distance training:

- Deliver a mutually agreed upon agenda detailing objectives for training, dates, times, topics, and CBORD client service contacts at least 5 business days prior to training.
- Provide a recommendation of applicable eSeminars that should be reviewed by training attendees prior to distance training.
- Schedule and send an appointment for online communication tool to be used during the training.
- Provide a system training guide that supports the general training for up to six trainees. A training guide is typically provided at the first training for an implementation project and not delivered for subsequent trainings.

Customer shall perform the following tasks in preparation for distance training:

- Verify ability to connect and use the online training tool working with an IT resource to resolve any connection or firewall issues.
- Schedule trainees to attend training according to the agenda. Attendees should be dedicated to participating in the training during the times in which they are scheduled. Cell phone, email, internet, outside meetings and other distractions need to be limited.
- Complete the tasks necessary according to the workplan or status report from previous trainings.

### **Distance Training**

CBORD shall perform the following tasks during distance training:

- Train to the competencies based on topics outlined on the agenda.
- Modify the agenda if necessary based on progress made during the training. Additional training time may need to be scheduled.
- Provide training on the CBORD system as available according to the version installed. Any customizations, data entry, deployment issues that arise during distance training will be addressed as a follow up task and may result in a need to contract for additional services.
- Provide a task list according to the training via email upon the close of training.

Customer shall perform the following tasks during distance training:

- Participate in training as scheduled according to the agenda.
- Limit cell phone, email, internet, outside meetings and other distractions during the training.

### **Distance Training Follow-Up**

CBORD shall perform the following tasks as follow-up to distance training:

- Deliver a status report to the primary client contact detailing open issues, atypical business processes and notes, and a follow-up task list no more than 5 business days following training.

Customer shall perform the following tasks as follow-up to distance training:

- Complete the task list as outlined in the status report prior to the next training session or implementation event, such as go-live.

**ATTACHMENT IX**

**BUSINESS ASSOCIATE AGREEMENT**

This Business Associate Agreement ("BAA") effective May \_\_\_\_\_, 2017 ("Effective Date"), is entered into by and among between the County of Monterey, a political subdivision of the State of California, on behalf of Natividad Medical Center ("Covered Entity") and The CBORD Group, Inc. ("Business Associate") (each a "Party" and collectively the "Parties").

**RECITALS**

A. WHEREAS, Business Associate provides certain Services for Covered Entity that involve the Use and Disclosure of Protected Health Information ("PHI") that is created, received, transmitted, or maintained by Business Associate for or on behalf of Covered Entity.

B. WHEREAS, The Parties are committed to complying with the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), as amended by the Health Information Technology for Economic and Clinical Health Act (the "HITECH Act"), and their implementing regulations, including the Standards for the Privacy of Individually Identifiable Health Information, 45 C.F.R. Part 160 and Part 164, Subparts A and E (the "Privacy Rule"), the Breach Notification Standards, 45 C.F.R. Part 160 and 164 subparts A and D (the "Breach Notification Rule"), and the Security Standards, 45 C.F.R. Part 160 and Part 164, Subpart C (the "Security Rule"), (collectively "HIPAA"), all as amended from time to time.

C. WHEREAS, The Parties are also committed to complying with the California Confidentiality Laws (defined below).

D. WHEREAS, To the extent that Business Associate is performing activities in connection with covered accounts for or on behalf of Covered Entity, the Parties are also committed to complying with applicable requirements of the Red Flag Rules issued pursuant to the Fair and Accurate Credit Transactions Act of 2003 ("Red Flag Rules").

E. WHEREAS, The Privacy and Security Rules require Covered Entity and Business Associate to enter into a business associate agreement that meets certain requirements with respect to the Use and Disclosure of PHI. This BAA, sets forth the terms and conditions pursuant to which PHI, and, when applicable, Electronic Protected Health Information ("EPHI") shall be handled, in accordance with such requirement.

NOW THEREFORE, in consideration of the mutual promises below and the exchange of information pursuant to this BAA, the Parties agree as follows:

**AGREEMENT**

**I. DEFINITIONS**

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

1.1 All capitalized terms used in this BAA but not otherwise defined shall have the meaning set forth in the Privacy Rule, the Breach Notification Rule, or the Security Rule.

(a) "Breach" shall have the same meaning as "breach" as defined in 45 C.F.R. § 164.402 and shall mean the access, acquisition, Use, or Disclosure of PHI in a manner not permitted under the Privacy Rule that compromises the privacy or security of the PHI; the term "Breach" as used in this BAA shall also mean the unlawful or unauthorized access to, Use or Disclosure of a patient's "medical information" as defined under Cal. Civil Code § 56.05U), for which notification is required pursuant to Cal. Health & Safety Code 1280.15, or a breach of the security of the system" under Cal. Civil Code § 1798.29.

(b) "California Confidentiality Laws" shall mean the applicable Laws of the State of California governing the confidentiality of PHI or Personal Information, including, but not limited to, the California Confidentiality of Medical Information Act (Cal. Civil Code § 56, et seq.), the patient access law (Cal. Health & Safety Code § 123100 et seq.), the HIV test result confidentiality law (Cal. Health & Safety Code § 120975, et seq.), the Lanterman-Petris-Short Act (Cal. Welf. & Inst. Code § 5328, et seq.), and the medical identity theft law (Cal. Civil Code 1798.29).

(c) "Protected Health Information" or "PHI" shall mean any information, whether oral or recorded in any form or medium: (i) that relates to the past, present or future physical or mental condition of an individual; the provision of health care to an individual or the past, present or future payment for the provision of health care to an individual; (ii) that identifies the individual or with respect to which there is a reasonable basis to believe the information that can be used to identify the individuals, and (iii) is provided by Covered Entity to Business Associate or created, maintained, received, or transmitted by Business Associate on Covered Entity's behalf. PHI includes EPHI.

(d) "Services" shall mean the services for or functions on behalf of Covered Entity performed by Business Associate pursuant to a Services Agreement between Covered Entity and Business Associate to which this BAA applies.

## **2. PERMITTED USES AND DISCLOSURES OF PHI**

Unless otherwise limited herein, Business Associate may:

(a) Use or Disclose PHI to perform Services for, or on behalf of, Covered Entity, provided that such Use or Disclosure would not violate the Privacy or Security Rules, this BAA, or California Confidentiality Laws;

(b) Use or Disclose PHI for the purposes authorized by this BAA or as otherwise Required by Law;

(c) Use PHI to provide Data Aggregation Services for the Health Care Operations of Covered Entity, if required by the Services Agreement and as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B);

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

(d) Use PHI if necessary for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate as permitted by 45 C.F.R. § 164.504(e)(4)(i);

(e) Disclose PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate as permitted under 45 C.F.R. § 164.504(e)(4)(ii), provided that Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that it will remain confidential and be Used or further Disclosed only as Required by Law or for the purpose for which it was Disclosed to the person, and that such person will notify the Business Associate of any instances of which such person is aware that the confidentiality of the information has been breached;

(f) Use PHI to report violations of law to appropriate Federal and state authorities, consistent with 45 C.F.R. § 164.502(j)(1); and

(g) De-identify any PHI obtained by Business Associate under this BAA in accordance with 45 C.F.R. § 164.514 and Use or Disclose such de-identified information only as required to provide Services pursuant to the a Services Agreement between the Parties, or with the prior written approval of Covered Entity.

### **3. RESPONSIBILITIES OF THE PARTIES WITH RESPECT TO PHI**

3.1. **Responsibilities** of Business Associate. With regard to its Use and/or Disclosure of PHI, Business Associate shall:

(a) notify the Privacy Officer of Covered Entity, in writing, of: (i) any Use and/or Disclosure of Covered Entity's PHI that is not permitted or required by this BAA; and (ii) any Security Incident involving Covered Entity's PHI of which Business Associate becomes aware. Such notice shall be provided within five (5) business days of Business Associate's discovery of such unauthorized access, acquisition, Use and/or Disclosure, or the date which the breach should reasonably have been discovered by Business Associate. Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in a Breach. A ransomware attack shall not be considered an ineffective Security Incident and shall be reported to Covered Entity, irrespective of whether such Security Incident results in a Breach. Business Associate shall investigate each Security Incident or unauthorized access, acquisition, Use, or Disclosure of PHI, or suspected Breach that it discovers and, if such investigation confirms a breach, shall provide a summary of its investigation to Covered Entity, upon request. If Business Associate or Covered Entity determines that such Security Incident or unauthorized access, acquisition, Use, or Disclosure, or suspected Breach constitutes a Breach, then Business Associate shall comply with the requirements of Section 3.1(a)(i) below;

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

(i) Business Associate shall provide a supplemental written report in accordance with 45 C.F.R. § 164.410(c), which shall include, to the extent possible, the identification of each individual whose PHI has been, or is reasonably believed by the Business Associate to have been, accessed, acquired, used or Disclosed during the Breach, to Covered Entity without unreasonable delay, but no later than five (5) business days after discovery of the Breach;

(ii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and, if applicable, the media. Business Associate shall reasonably assist with the implementation of any decisions by Covered Entity to notify individuals or potentially impacted individuals;

(b) In consultation with the Covered Entity, Business Associate shall mitigate, to the extent practicable, any harmful effect that is known to the Business Associate of such improper access, acquisition, Use, or Disclosure, Security Incident, or Breach of Covered Entity's PHI. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non-permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing any required notification to affected individuals, appropriate government agencies, and, if necessary the media, including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may include the costs of obtaining up to one year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or Personal Information has or may have been compromised as a result of the Breach subject to the limitation of liability in the underlying Agreement;

(c) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

(d) Obtain and maintain a written agreement with each of its Subcontractors that creates, maintains, receives, Uses, transmits or has access to PHI that requires such Subcontractors to adhere to the substantially the same restrictions and conditions with respect to PHI that apply to Business Associate pursuant to this BAA;

(e) Make available all internal practices, records, books, agreements, policies and procedures and PHI relating to the Use and/or Disclosure of PHI received from, created, maintained, or transmitted by Business Associate on behalf of Covered Entity to the Secretary of the Department of Health and Human Services ("Secretary") in a time and manner designated by the Secretary for purposes of determining Covered Entity's or Business Associate's compliance with the Privacy Rule.;

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

(f) Document Disclosures of PHI and information related to such Disclosure and, within thirty (30) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528. At a minimum, the Business Associate shall provide the Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. In the event the request for an accounting is delivered directly to the Business Associate, the Business Associate shall, within ten (10) days, forward such request to the Covered Entity. The Business Associate shall implement an appropriate recordkeeping process to enable it to comply with the requirements of this Section;

(g) Subject to Section 4.4 below; return to Covered Entity within thirty (30) days of the termination of this BAA, the PHI in its possession and retain no copies, including backup copies;

(h) Disclose to its Subcontractors or other third parties, and request from Covered Entity, only the minimum PHI necessary to perform or fulfill a specific function required or permitted hereunder;

Set: (i) If all or any portion of the PHI is maintained in a Designated Record

(i) Upon ten (10) days' prior written request from Covered Entity, provide access to the PHI to Covered Entity to meet a request by an individual under 45 C.F.R. § 164.524. Business Associate shall notify Covered Entity within ten (10) days of its receipt of a request for access to PHI from an Individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within ten (10) days of its receipt of a request for amendment of PHI from an Individual;

(j) If applicable, maintain policies and procedures to detect and prevent identity theft in connection with the provision of the Services, to the extent required to comply with the Red Flag Rules;

(k) To the extent that Business Associate carries out one or more of Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations;

(l) Unless prohibited by law, notify the Covered Entity within five (5) days of the Business Associate's receipt of any request or subpoena for PHI. To the extent

=====

CBORD®  
SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

that the Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall reasonably cooperate with the Covered Entity in such challenge; and

(m) Maintain policies and procedures materially in accordance with State Confidentiality Laws designed to ensure the security and integrity of the Covered Entity's data and protect against threats or hazards to such security.

3.2 Business Associate Acknowledgment.

(a) Business Associate acknowledges that, as between the Business Associate and the Covered Entity, all PHI shall be and remain the sole property of the Covered Entity.

(b) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA and the HITECH Act. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA or the HITECH Act.

3.3 Responsibilities of Covered Entity. Covered Entity shall, with respect to Business Associate:

(a) Provide Business Associate a copy of Covered Entity's notice of privacy practices ("Notice") currently in use;

(b) Notify Business Associate of any changes to the Notice that Covered Entity provides to individuals pursuant to 45 C.F.R. § 164.520, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI;

(c) Notify Business Associate of any changes in, or withdrawal of, the consent or authorization of an individual regarding the Use or Disclosure of PHI provided to Covered Entity pursuant to 45 C.F.R. § 164.506 or § 164.508, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI; and

(d) Notify Business Associate of any restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

4. TERM AND TERMINATION

4.1 **Term.** This BAA shall become effective on the Effective Date and shall continue in effect unless terminated as provided in this Section 4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

4.2 **Termination.** If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

4.3 **Automatic Termination.** This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of Business Associate's Service Agreement with Covered Entity.

=====

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

**4.4 Effect of Termination.** Upon termination or expiration of this BAA for any reason, Business Associate shall return all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall provide Covered Entity with a statement that Business Associate has determined that it is infeasible to return or destroy all or some portion of the PHI in its possession or in possession of its Subcontractors. In such event, Business Associate shall: (i) retain only that PHI which is necessary for Business Associate to continue its proper management and administration or carry out its legal responsibilities; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Section 2 above, which applied prior to termination; and (vi) return to Covered Entity the PHI retained by Business Associate when it is no longer needed by Business Associate for its proper management and administration or to carry out its legal responsibilities.

**5. MISCELLANEOUS**

**5.1 Survival.** The respective rights and obligations of Business Associate and Covered Entity under the provisions of Sections 2.1, 4.4, 5.7, 5.8, 5.11, and 5.12 shall survive termination of this BAA until such time as the PHI is returned to Covered Entity or destroyed. In addition, Section 3.1(i) shall survive termination of this BAA, provided that Covered Entity determines that the PHI being retained pursuant to Section 4.4 constitutes a Designated Record Set.

**5.2 Amendments; Waiver.** This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA, the HITECH Act, or California Confidentiality Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

**5.3 No Third Party Beneficiaries.** Nothing express or implied in this BAA is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

**5.4 Notices.** Any notices to be given hereunder to a Party shall be made via U.S. Mail or express courier to such Party's address given below, and/or via facsimile to the facsimile telephone numbers listed below. If to Business Associate, to:

Attn: \_\_\_\_\_

\_\_\_\_\_

Phone: \_\_\_\_\_

Fax: \_\_\_\_\_

If to Covered Entity, to:  
Natividad Medical Center  
Attn: Compliance/Privacy Officer 144 1  
Constitution Blvd.  
Salinas, CA 93906

=====

=====

Phone: 831-755-41 1 1  
Fax: 831-755-6254

Each Party named above may change its address and that of its representative for notice by the giving of notice thereof in the manner hereinabove provided. Such notice is effective upon receipt of notice, but receipt is deemed to occur on next business day if notice is sent by Fed Ex or other overnight delivery service.

5.5 Counterparts; Facsimiles. This BAA may be executed in any number of counterparts, each of which shall be deemed an original. Facsimile copies hereof shall be deemed to be originals.

5.6 Relationship of Parties. Notwithstanding anything to the contrary in the Services Agreement, Business Associate is an independent contractor and not an agent of Covered Entity under this BAA. Business Associate has the sole right and obligation to supervise, manage, contract, direct, procure, perform, or cause to be performed all Business Associate obligations under this BAA.

5.7 Choice of Law; Interpretation. This BAA shall be governed by the laws of the State of California. Any ambiguities in this BAA shall be resolved in a manner that allows Covered Entity and Business Associate to comply with the Privacy Rule, the Security Rule, and the California Confidentiality Laws.

5.8 Indemnification. The Business Associate shall indemnify, defend, and hold harmless the County of Monterey (hereinafter "County"), its officers, agents, employees, or subcontractors from any claim, liability, loss, injury or damage arising out of, or in connection with, the performance of this BAA by the Business Associate and/or its officers, agents, employees or sub-contractors, excepting only loss, injury or damage caused by the negligence or willful misconduct of County and/or its officers, agents, employees and subcontractors. It is the intent of the parties to this BAA to provide the broadest possible coverage for the County. The Business Associate shall reimburse the County for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which the Business Associate is obligated to indemnify, defend and hold harmless the County under this BAA.

Covered Entity shall indemnify, defend, and hold harmless the Business Associate, its officers, agents, employees, and subcontractors from any claim, liability, loss, injury or damage arising out of, or in connection with, the performance of this BAA by the County and/or its officers, agents, employees or sub-contractors, excepting only loss, injury or damage caused by the negligence or willful misconduct of the Contractor and/or its officers, agents, employees and subcontractors. The County shall reimburse the Business Associate for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which the County is obligated to indemnify, defend and hold harmless the Business Associate under this BAA.

5.9 Applicability of Terms. This BAA applies to all present and future Service Agreements and Business Associate relationships, written or unwritten, formal or informal, in which Business Associate creates, receives, transmits, or maintains any PHI for or on behalf of Covered Entity in any form whatsoever. This BAA shall automatically be incorporated in all subsequent agreements between Business Associate and Covered Entity involving the Use or Disclosure of PHI whether or not specifically referenced therein. In the event of any conflict or inconsistency between a provision of this BAA and a provision of any other agreement between Business Associate and Covered Entity, the provision of this BAA shall control unless the provision in such other agreement establishes additional rights for Business Associate or additional duties for or restrictions on Business Associate with respect to PHI, in which case the provision of such other agreement will control.

5.10 Insurance. In addition to any general and/or professional liability insurance required of Business Associate, Business Associate agrees to obtain and maintain, at its sole expense, liability insurance on an occurrence basis, covering any and all claims, liabilities, demands, damages,

=====

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

losses, costs and expenses arising from a violation of HIPAA, its officers, employees, agents and Subcontractors under this BAA. Such insurance coverage will be maintained for the term of this BAA, and a copy of such policy or a certificate evidencing the policy shall be provided to Covered Entity at Covered Entity's request.

5.11 Legal Actions. Promptly, but no later than five (5) business days after notice thereof, Business Associate shall advise Covered Entity of any actual or potential action, proceeding, regulatory or governmental orders or actions, or any material threat thereof that becomes known to it that may affect the interests of Covered Entity or jeopardize this BAA, and of any facts and circumstances that may be pertinent to the prosecution or defense of any such actual or potential legal action or proceeding, except to the extent prohibited by law.

5.12 Audit or Investigations. Promptly, but no later than five (5) calendar days after notice thereof, Business Associate shall advise Covered Entity of any audit, compliant review, or complaint investigation by the Secretary or other state or federal agency related to compliance with HIPAA, the HITECH Act, or the California Confidentiality Laws.

## 1 Introduction

Welcome to the CBORD® Statement of Technical Support Services. This document outlines the support services you receive in exchange for your annual fees and explains how best to utilize these services. Service level guidelines, escalation procedures, and the general processes used within CBORD Technical Support are also described. This document is not intended to explain every item that CBORD Technical Support does or does not cover.

### Our Commitment to Support

We appreciate the partnership that CBORD shares with our Customers. At CBORD, we understand that the Customer's success may depend on how effectively the Customer can put our products to work. Sharing information, being responsive as well as accessible, and working through problems and solutions together are an important part of our commitment to providing an effective, comprehensive support program.

CBORD Technical Support strives to provide superior service that empowers and promotes success to our Customers. Support Technicians across all product teams adhere to the following principles which comprise the foundation of our core beliefs:

- Focus on outstanding quality of service
- Uncompromising integrity
- Utmost respect and attentiveness to our Customers
- Commitment to ongoing technical expertise and product knowledge

### Support Center

CBORD provides support coverage 24 hours a day, 7 days a week. CBORD Technical Support includes subject matter experts for the various supported products who understand the impact and the urgency in resolving issues.

## 2 CBORD Technical Support Center Procedures - How Support Works

The processes and procedures used by CBORD Technical Support help to ensure that each support request is handled in the most efficient, thorough, and professional manner possible, while providing a high level of Customer satisfaction.

### 2.1 When Is Support Available?

- Assistance is available 24 hours a day, 7 days a week. Technical Support in CBORD offices is staffed from 7 AM to 7 PM Eastern Time, Monday through Friday.
- Off-hours and holiday calls will be handled by an on-call Support Technician. An answering service may be used to route calls to the Support Technician. CBORD offices are closed on the following U.S. holidays: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving and the day following, Christmas Eve, and Christmas.
- Off-hours, holiday, and emergency support is for assisting with critical issues with CBORD products as defined in the Priorities section of this document.
- Home phone or cell phone numbers of CBORD Technical Support team members will not be distributed.
- At times, due to unplanned emergency situations during normal business hours (e.g., weather-related shutdown of a CBORD office), CBORD Technical Support's phones will be forwarded to the answering service for call routing to the Support Technician if possible.

### 2.2 Who Is Supported?

All Customers current in their annual fees are supported.

### 2.3 Telephone Support

CBORD provides high-quality support via telephone to help the Customer make the best use of their investment in CBORD products. Our goal is to track and route calls to the first available Support Technician to provide the highest level of Customer satisfaction.

Telephone support is the recommended way to get the quickest response from CBORD Technical Support as outlined in Section 3 (Service Level) of this document.

### 2.4 Web-Based Support - The CBORD Customer Portal

Support cases may be created using the CBORD Customer Portal on the CBORD corporate website. Cases created over the web will be responded to as outlined in Section 3 of this document. Customers can track and update their current cases as well as add attachments via the CBORD Customer Portal. You can also schedule appointments as outlined in Section 2.9.

Note: Critical or high-priority issues should always be phoned into CBORD Technical Support. Only non-critical requests should be made through the CBORD Customer Portal. The CBORD Customer Portal service level commitments are based on the time the case was created.

Before you can get into the CBORD Customer Portal system, you must obtain a CBORD user ID and password. If you do not have an ID and password, go to <https://www.cbord.com/login/> to learn how you may obtain one.

Once you have an ID and password, you can find the Customer Portal at <http://esupport.cbord.com/>. Just enter the ID and password to log in, and then select Support Center on the left side of the screen. You will see options where you can Create and Close Cases, Query the Cases for your site, and Add Case Notes. You can also add attachments to new or existing cases as well as schedule appointments.

## 2.5 Contacting CBORD Technical Support

CBORD Technical Support is available to assist with and help resolve CBORD application and product issues for all CBORD Customers current in annual fees.

**NOTE: Urgent or critical support needs should always be phoned into CBORD Technical Support.**

- Via Phone for all CBORD Support Teams: **1-844-GO CBORD (1-844-462-2673)**
- Via the Internet: <http://esupport.cbord.com>  
The CBORD Customer Portal provides immediate access to the Customer's support activity at CBORD. The CBORD Customer Portal forms an important link between your operation and our support center. Every contact made with CBORD Technical Support is logged and tracked online. You can view the status of the site's issues in real-time as well as insert notes and additional technical information directly into cases, to share with Support Technicians. You can also schedule an appointment for a support session with a technician (see 2.9 Scheduled Support below).

Upon contacting CBORD Technical Support, a case will be created within the CBORD case-tracking system where all information and details related to the reported issue will be documented. The information contained in each case is freely available to Customers current in their annual fees.

## 2.6 Who Can Call?

Any trained user of the CBORD application at a covered Customer site may contact CBORD Technical Support. However, one or more application experts should be identified at each site who will act as a Primary Contact. CBORD's case-tracking database has designated a Primary Contact(s) linked to each Customer site. Primary Contacts are required to be knowledgeable about the installed CBORD products at the Customer site and how they are used in the Customer-specific environment.

CBORD Technical Support should be notified if the Customer needs to change their contact or site information. This is necessary to ensure we maintain accurate and complete contact information for all sites. Please be prepared to provide the following details:

- Company/Site Name
- New Contact Name (to be added) and/or Former Contact Name (to be removed)
- Title
- Address
- Phone, Fax, and E-mail Information

## 2.7 Before You Call

Telephone support is the best way to get the quickest response from CBORD Technical Support, especially for urgent issues. Non-critical issues can be reported via the CBORD Customer Portal on the Internet. The guidelines below will help you make the most effective use of CBORD Technical Support – and help us resolve issues quickly and accurately.

If something isn't working the expected way, we recommend that you explore the problem to assess whether it's something you can readily resolve. The following are suggestions to try:

- Verify that the problem is related to the CBORD application. The problem may be with the network, power, third-party software, or interfaces in which case the appropriate vendor for support will need to be contacted.
- Attempt to reproduce the problem.
- Check the obvious things like cabling, power, login information, etc.
- Review all relevant documentation – including any manuals and application help.
- If the problem is reproducible, check to see if any changes have recently taken place in the operating environment that might be responsible for the problem.
- Note any error messages you're getting.
- Go to the CBORD Support and Training website at <http://www.cbord.com/support/> and search for any relevant documentation and/or solutions. Just click on the product for which you want more information, by selecting Food & Nutrition Systems, Gold Systems, or Odyssey Systems located on the right side of the screen.
- Review CBORD's Knowledge Base Library at <https://www.cbord.com/support/kb/>. Written by CBORD Support Technicians as well as by Customers, these articles provide troubleshooting information, answers to frequently asked questions, and technical walkthroughs.

## 2.8 When You Call

When you contact CBORD Technical Support, please provide the following information when working with the Support Technician:

- The name of the CBORD application (e.g., Nutrition Service Suite®, EventMaster®, CS Gold®)
- The version of the application
- A description of the issue including expected results versus actual results. This is key in assisting CBORD Technical Support in setting the priorities as outlined in Section 3.2 (Case Priorities).
- Actions you tried in order to resolve the issue
- Relevant documentation such as log files and screen shots
- Exact error messages
- A specific site contact, whether it be the caller or another Customer contact, for CBORD Technical Support communication. This should include all phone numbers, including cell, and e-mail information in order to facilitate issue communication.
- If a call back from CBORD Technical Support is required, any time frame limitation on when not to call.

## 2.9 Scheduled Support

In certain instances you can schedule an appointment for a specific day, time, and duration for a CBORD Support Technician to work with you on your issue. Scheduling an appointment depends on the complexity of the issue as well as the availability of appointment slots. If you reach one of our Support Associates instead of a Support Technician when you call in, ask about options for scheduling an appointment.

You can also schedule support sessions via the eSupport web portal at <https://esupport.cbord.com> for most products and support services. This includes same-day appointments when time slots are available. Instructions on using this feature are in section 7.0 of the [eSupport Web Portal Guide](#). Please ensure you are using the product selector drop down when selecting and scheduling the Service teams available. Please note that certain activities including product upgrades and installs as well as some CBORD product areas cannot currently be scheduled via the eSupport Web Portal.

## 2.10 Case Number

Each Customer support request that comes into CBORD Technical Support, by any medium (phone or via the CBORD Customer Portal on the Internet), is logged into our case-tracking system and assigned a case number. This unique identifier enables the Customer and our Support Technicians to track issues until the problem is resolved. It is important to record this number for reference in the event a status update is required or you have additional information or questions regarding the case.

## 2.11 Case Resolution - Assistance from Other Areas

After a case is created, the Support Technician will attempt to resolve the issue. If the issue cannot be resolved in a timely manner, the case will be escalated to a senior-level Support Technician or another CBORD team such as Development. Resolution times vary, but are estimated depending on priority as defined in Section 3 (Service Level) of this document.

The Support Technician will commit to a follow-up action with the Customer on the case including any changes in status.

Due to the complexity of issues that are normally worked on by senior-level Support Technicians and the Development group, resolution-time guidelines are no longer in effect upon escalation. However, while the guidelines may no longer apply, we will still work for an expedient resolution – particularly for those issues of highest urgency.

## 2.12 Case Closure/Resolution

The following criteria will be used to determine when a support issue can be closed:

- A solution is provided to the Customer to implement.
- A fix is implemented by a Support Technician.
- The Customer fails to respond to multiple communications from CBORD.
- A product enhancement request, submitted via the case, has been approved or rejected by CBORD's Development team. If approved, the enhancement will be in a future release.
- It is determined that the issue is not due to the CBORD product but to external issues beyond CBORD's control and influence.

From time to time, the need arises to reopen a previously closed case within the CBORD case-tracking system. CBORD Technical Support may choose to reopen a case previously closed or open a new case with reference to the previous case number.

## 3 Service Level

This section reviews the Response and Resolution Time goals for CBORD Technical Support. Response and resolution times are measured guidelines that define how quickly CBORD Support initially responds to a request for assistance, and the total duration of time required to complete the request for assistance.

### 3.1 Response Time

The time that it takes the Support Technician to contact the Customer after the case is created in CBORD's case-tracking system.

If the Customer requests a specific Support Technician when a case is created, response-time standards do not apply.

Initial Response Times for Standard Support:

Case Reported By	Initial Response Time
Phone call via support line - business hours	Immediate up to 1 hour (up to 30 minutes for Priority 1 issues)
Phone call via support line - off-hours	Up to 1 hour
CBORD Customer Portal on the Internet	Up to 1 business hour for new case submissions. Business hour is within 7 AM to 7 PM, Eastern Time, Monday through Friday.

=====

**CBORD®**  
**SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT**

=====

### 3.2 Case Priorities

All cases created by CBORD Technical Support will be assigned a priority level indicating the magnitude of the Customer issue. Service-level standards and measurements are based on the priority assigned to a case.

Please note that the descriptions and examples below are not intended to define absolutely the criteria by which priority assignments are made. The priority assigned to any case is determined by, and at the sole discretion of, CBORD Technical Support.

Priority Level	Clinical (and Long Term Care), Food Production, and Catering	Odyssey PCST™, Oracle® Hospitality/MICROS® POS, CS Gold, Odyssey HMS™, and GET™
<b>Priority 1</b>	<p>Outage or loss of key functionality that is high impact and high urgency (critical):</p> <ul style="list-style-type: none"> <li>Room Service Concerco® not generating meal selections</li> <li>Live System down</li> <li>NetMenu® – Multiple locations or a significant number of users impacted</li> <li>Room Service Tray Tickets <u>not</u> printing</li> <li>Tray Tickets or Tray Cards <u>not</u> printing for multiple patients/residents for the same or next day meals only; otherwise Priority 2</li> <li>Upgrade failure in live environment</li> </ul>	<ul style="list-style-type: none"> <li>“Credit Card Processing not working” issues at ALL workstations and not a confirmed outage</li> <li>Revenue Center down</li> <li>All access locations and/or alarms are offline or not working</li> <li>Campus Emergency/Lockdown event – including related to potential or reported criminal activity</li> <li>CCTV security system failure</li> <li>CS Gold patron/database records deleted in error</li> <li>Entire system is offline</li> <li>Production System down</li> <li>Server crash</li> <li>All registers at a location down</li> </ul>
<b>Priority 2</b>	<p>Loss of key functionality that impairs the user’s ability to maintain business processing (urgent):</p> <ul style="list-style-type: none"> <li>CBORDian onsite</li> <li>ETM did not complete in live environment</li> <li>EventMaster: Unable to access events</li> <li>EventMaster: Unable to print standard contracts/event sheets/invoices</li> <li>NetMenu – The business can continue in a restricted fashion; no acceptable workaround</li> <li>Patient Menus not printing for the same or next day</li> <li>Production Interface down</li> <li>Tray Monitor® down in live environment</li> <li>Tray tickets not printing for a single patient or for meals in Live System and beyond the current or next day</li> <li>Unable to generate production reports</li> <li>Unable to place orders</li> <li>Unable to process inventory</li> </ul>	<ul style="list-style-type: none"> <li>A single or group of access locations and/or alarms is offline or not working</li> <li>CCA (Credit Card) issues</li> <li>“Credit Card Processing not working” issues at ALL workstations and it’s confirmed that there is an outage at one of our third parties</li> <li>“Credit Card Processing not working” issues at only one workstation if there are other workstations at the location working. If that’s the only workstation, then Priority 1</li> <li>EOD (End of Day) failures</li> <li>Payroll deduct (Export) issues</li> <li>Single CCTV security system camera offline</li> <li>Single terminal / register is down</li> <li>User Interface can’t connect or has an error that makes it otherwise unusable</li> </ul>
<b>Priority 3</b>	<p>“Standard support” including but not limited to:</p> <ul style="list-style-type: none"> <li>DB Backup issues</li> <li>End of Day issues</li> <li>NetMenu – Minor loss of service where the impact on the business is an inconvenience; short-term workaround to resolve the incident</li> <li>Patient Menus not printing beyond today or next day</li> <li>Test Environment Issues</li> </ul>	<p>“Standard support” including but not limited to:</p> <ul style="list-style-type: none"> <li>CCA Install (Express Service fee required)</li> <li>DB Backup issues</li> <li>Parameter Configuration</li> <li>Reporting Issues</li> <li>Test System issues including Test System Down</li> </ul>
<b>Priority 4</b>		
<b>Priority 5</b>	<p>Activities that need scheduling:</p> <ul style="list-style-type: none"> <li>Custom Report and Query Requests</li> <li>Enhancement Requests</li> <li>Installations</li> <li>Upgrades</li> <li>VPNs/Bomgar® Installation</li> </ul> <p>Informational:</p> <ul style="list-style-type: none"> <li>Documentation Requests</li> <li>Questions/information on setup, configuration, and reporting</li> <li>Security Forms</li> </ul>	<p>Activities that need scheduling.</p> <ul style="list-style-type: none"> <li>CCA Install/Change of Service</li> <li>Reconciliation (Out of balance, Totals incorrect, etc.)</li> <li>CS Gold and Oracle patch upgrades</li> <li>Datacard® upgrades</li> <li>Odyssey version upgrades</li> <li>Revenue Center add-ons (non-Express Service fee)</li> <li>Server Swaps</li> <li>Service Pack/Hot Fix for Oracle Hospitality/MICROS</li> <li>POS Manager Workstation Reinstall</li> <li>VPNs/Bomgar Installation</li> </ul>

### 3.3 Resolution Time

CBORD Technical Support strives to deliver a resolution in as expedient a time frame as possible. Expected resolution time is different for each situation or issue. The Support Technician will work with the Customer to evaluate the problem being encountered and determine the appropriate priority assignment and thus a resolution time target.

Target resolution time indicated is for the primary issue to be resolved. However, the case may remain open for monitoring and verification purposes.

Target resolution time based on priority:

Priority Level	Target Resolution Time
Priority 1	4 hours or less
Priority 2	8 hours or less
Priority 3	Resolution time will vary depending on the specific issue

Issues causing a suspension of resolution time tracking may include:

- Tasks requiring additional information from the Customer including copies of databases, reports, or logs
- Implementation of changes that require remaining in a monitoring state for an extended period before confirmation of resolution (e.g., a problem with End-of-Month reporting)
- Escalation to Customer IT
- Delays due to unavailability of Customer server remote access
- Escalation to Development for further research
- Oracle Hospitality/MICROS hardware repair dispatch
- Programming or consultation issues that require the scheduling of resources not normally available in Technical Support
- Feature enhancement requests

The Support Technician will commit to a follow-up action with the Customer on the case including any changes in status.

### 3.4 Customer Escalation of Issues

CBORD wants all Customer experiences to be positive. If you are dissatisfied or concerned about a case's progress, you can escalate the issue to a Support Manager when calling in on the support line.

If the issue is still not resolved, you can request further escalation when calling in on the support line to:

- Technical Support Senior Manager, Operations
- Director of Technical Support

## 4 Scope of Support

The following outlines the scope of activities for the CBORD Technical Support teams. Refer to <http://www.cbord.com> for specific products supported. Scope-of-Support revisions for CBORD's Hosted Products are indicated.

**Y** = Responsibility of CBORD Technical Support and/or the Customer

**N** = Not a responsibility of CBORD Technical Support and/or the Customer

**N/A** = Not applicable

**B** = The activity is out-of-support scope and not covered by annual fees but is available from CBORD at an additional cost; certain activities may be managed and executed by areas outside CBORD Technical Support including CBORD's Managed Services and Implementation teams

Activity	Description	CBORD Support	Customer	Comments and Exceptions
<b>4.1 Standard Support</b>				
<b>Problem Resolution</b>	Technical problem solving and troubleshooting of CBORD applications. - Refers to CBORD-developed applications. Third-party applications vary by support team.	Y	N/A	See <a href="http://www.cbord.com">http://www.cbord.com</a> for product listings.
<b>Third Party</b>	Limited third-party product support.	Y	N/A	See <a href="http://www.cbord.com">http://www.cbord.com</a> for product listings.
<b>Application Error Messages</b>	Resolution and/or explanation of CBORD application-generated error messages.	Y	N/A	
<b>Questions</b>	General guidance with CBORD application procedural and system capability questions.	Y	N/A	
<b>Interface Implementation</b>	New interface implementation requests between CBORD applications and non-CBORD products.	B	N/A	Will be forwarded to CBORD Sales.
<b>Site Implementation</b>	Site-specific implementation of the application is outside the scope of support but is available as a billable service through CBORD's Implementation team.	B	N/A	Billable service.
<b>User Problem Assistance</b>	Assistance with user problems that occur during normal system operations of CBORD applications. - CBORD will provide limited support on database management systems <i>except db administration</i> .	Y	N/A	Support on database management systems for CS Gold is limited to Windows®-based Oracle databases.

=====

=====

Activity (continued)	Description	CBORD Support	Customer	Comments and Exceptions
<b>System Feature Assistance</b>	Assistance to trained users in using System features. - CBORD reserves the right to identify training shortcomings and require those deficiencies be corrected in order to continue providing in-scope support.	Y	N/A	Customer to ensure that users are trained.
<b>Hardware Maintenance</b>	Processing requests for hardware maintenance or repair purchased from or through CBORD. The specifics of the maintenance or repair are dependent on the service contract level of the equipment.	Y **	N/A	** Hardware maintenance <u>not applicable</u> to Odyssey HMS.
<b>Product Defects</b>	Escalate product defects to the CBORD Development team. - Support submits to Development and communicates with the Customer the status of the issue as well as when the correction has passed testing.	Y	N/A	
<b>Enhancement Requests</b>	Processing of enhancement requests. All enhancement requests are evaluated by CBORD Product Management to determine future system development. - Support submits requests to Development. Enhancement cases will not remain open if not addressed in a soon-to-be released version. - Customer can contact CBORD Technical Support if status updates are desired, as well as review release notes on the CBORD website at <a href="http://www.cbord.com">www.cbord.com</a> .	Y	N/A	
<b>Onsite Support</b>	Onsite support by CBORD technicians.	N	N/A	While CBORD technicians do not provide onsite support, at its discretion CBORD may dispatch third-party technicians to repair equipment (based on service contract level for the equipment as well as complexity of the repair and challenges with depot repair for the equipment).
<b>Custom Development</b>	New custom development including queries, views, and reports.	B	N/A	While CBORD technicians do not provide custom development, the CBORD Technical Support teams will submit the requests to the proper team within CBORD for a specification and quote.

Activity (continued)	Description	CBORD Support	Customer	Comments and Exceptions
<b>Net Product Support</b>	Initial point of contact for "Net Products" hosted by CBORD.	Y **	N/A	** Not applicable to Oracle Hospitality/MICROS POS Support.
<b>Infrastructure Support</b>	Maintaining operating environment and network infrastructure including but not limited to virtualized environments, network operating systems, etc.	N	Y	Infrastructure must be to CBORD specification.
<b>CBORD Website Assistance</b>	CBORD website support – questions regarding recorded eSeminars, documentation, CBORDData, ftp, etc. - Will communicate with CBORD resources to address the issue.	Y	N/A	
<b>Documentation</b>	Provide existing documentation to Customers.	Y	N/A	
<b>4.2 Off-Hours Support</b>				
<b>Off-Hours</b>	Support during non-standard business hours. - Off-hours support will be used to resolve emergency issues defined in this document as either Priority 1 or 2. - Priority 3 and 5 cases will be handled during regular business hours unless previously scheduled as a billable service.	Y	N/A	
<b>4.3 Remote Access</b>				
<b>Remote Access Requirement</b>	Remote access recommended for support across most product lines.	Y **	N/A	** Certain CBORD products do not require remote support; contact CBORD Technical Support for questions.
<b>Bomgar</b>	Bomgar Installation - Subject to approval and appropriate licensing fee. Must be scheduled.	B	N/A	
<b>VPNs</b>	VPN Installation – Limited to configuration on the CBORD network. Subject to approval and appropriate licensing fees. Must be scheduled.	B	N/A	
<b>File Transfer Assistance</b>	Remote access to Customer site to transfer files required for support from Customer location to CBORD (e.g., via ftp).	Y **	Y **	** Customer is responsible for providing database for Food and Nutrition Solutions Support.

Activity (continued)	Description	CBORD Support	Customer	Comments and Exceptions
<b>4.4 Training and Implementation</b>				
<b>System Training</b>	System training – “How-to” questions exceeding 30 minutes of support time or at the discretion of the Support Technician. If the Support Technician determines that the application is working as intended, the site will be referred to Implementation Services for training.	B	N/A	
<b>Account Management</b>	Account management, including participation in regularly scheduled project meetings or case reviews. Including but not limited to: <ul style="list-style-type: none"> <li>- Maintaining a list of submitted issues.</li> <li>- Creation and documentation of SOPs.</li> </ul>	B	Y	
<b>Data Coding</b>	Data coding and programming – may be provided by a CBORD team other than Support at the discretion of CBORD.	B	N/A	
<b>New Documentation</b>	Creation of new documentation specific to a Customer.	N	Y	
<b>Disaster Plan except for CBORD Hosted Products</b>	Creation of a disaster recovery plan specific to the CBORD product.	B	Y	Customer should have a disaster recovery plan.
<b>Disaster Plan for CBORD Hosted Products only</b>	Creation of a disaster recovery plan for CBORD Hosted Products.	Y	Y	CBORD has a disaster recovery plan for its datacenter. Contact CBORD’s Hosted Services for detail. In addition, CBORD strongly recommends that Customers have a disaster recovery plan for the Customer’s onsite infrastructure which the Customer uses for the CBORD Hosted Product.
<b>4.5 System Administration</b>				
<b>System Administration except for CBORD Hosted Products</b>	System administration including hardware and network infrastructure support.	N	Y	
<b>System Administration for CBORD Hosted Products only</b>	System administration to be performed by CBORD	Y	Y**	** Customer should administer on-premise hardware and servers. CBORD shall administer hardware and servers for Hosted Products.

CBORD®

SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT

=====

Activity (continued)	Description	CBORD Support	Customer	Comments and Exceptions
<b>4.9 Customer Responsibility</b>				
<b>Infrastructure</b>	Ensure that all hardware, operating systems, networks, and peripherals are maintained and in proper working order.	N	Y	
<b>Minimum System Requirements</b>	Meet the minimum system requirements listed on the CBORD website. The precise requirements will depend on the application involved and will include information on the latest operating system patches and upgrades.	N	Y	
<b>Software Backups</b>	Have software application backup capability – preferably to a different location – for disaster recovery purposes. Ensure that regular and valid backups are performed.	N	Y	
<b>System Administrator</b>	Have a system administrator (or a super user) responsible for managing such items as CBORD application logins and user access. Responsibilities also include ensuring proper database maintenance procedures are in place and followed including regular running of End of Day processes, data clean-up and purging, and so on. The system administrator will also be responsible for working with CBORD Technical Support during system upgrades.	N	Y	
<b>Trained Users</b>	Maintain a sufficient number of trained users.	N	Y	
<b>Regular Upgrades</b>	Upgrade application on a regular basis (CBORD recommends every 6 months) and be within 2 major releases of the current release.	N	Y	This will ensure that the Customer has the latest application enhancements as well as issue corrections. The Customer is responsible for reviewing the release notes on the CBORD website to determine if an upgrade is desired. The Customer must always backup their database immediately prior to beginning an upgrade.

=====

**CBORD®**  
**SOFTWARE, SUPPORT, and HARDWARE MAINTENANCE AGREEMENT**

=====

Activity (continued)	Description	CBORD Support	Customer	Comments and Exceptions
<b>Remote Access</b>	Provide remote access to the CBORD application as outlined in Sections 4.3 and 7 (Remote Access) of this document.	N	Y	Bomgar is the CBORD Technical Support's preferred method of remote access. This is replacing Webex® as the prior recommended remote access solution.
<b>Clinical Interface Support</b>	For clinical systems, if Clinical Interface (NSI) messages aren't flowing, restart service must be attempted prior to calling CBORD Technical Support. CBORD Technical Support will not restart services.	N	Y	The Customer contacting CBORD Technical Support should report any error messages encountered.
<b>Clinical Interface Changes</b>	For clinical systems, if Clinical Interface (NSI) messages are changed due to additional data elements being sent or a change in the sending system, an interface analyst will be assigned to the project and the service is billable.	B	Y	Advanced notice must be given in order to accommodate change requests.
<b>Customer Contact</b>	Have a contact available who has access to the system including server and administration access and can work with the CBORD Support Technician when addressing the issue. This contact will be responsible for ongoing and timely communication as well as ascertaining and confirming with CBORD Technical Support when the issue is resolved to the Customer's satisfaction.	N	Y	
<b>Test Environment</b>	Maintain a test environment for evaluating upgrades and hot fixes.	N	Y	

NOTE: For any service or activity designated as billable, upon Customer request, you will be provided with a quotation along with a Statement of Work for completion of the activity. The Statement of Work will cover items in addition to the CBORD Statement of Technical Support Services (this document) specific to the billable service including assumptions and responsibilities.

## 5 Security and Passwords

CBORD Technical Support will work with the Customer to ensure that CBORD operates in compliance with regulations set forth in acts and standards such as the Health Insurance Portability and Accountability Act (HIPAA), Health Information Technology for Economic and Clinical Health Act (HITECH), and Payment Card Industry Data Security Standard (PCI DSS) among others. The Customer is responsible for establishing and identifying its security policies. It is also responsible for communicating them to CBORD.

You should follow your site's Privacy and Security policies and procedures (e.g., HIPAA/HITECH, PCI DSS) before transmitting any data, such as credit card information or protected health information (PHI), to CBORD. If you enter any case notes via the CBORD Customer Service Portal (section 2.3), they should contain what is minimally necessary to identify your problem but not any information that could be in violation of security policies. Before you attach any files, please review and redact any information that is in violation of privacy and security policies.

In addition, access to the CBORD applications as well as the environment they are installed in are protected via User IDs and Passwords. CBORD takes this security requirement seriously and recognizes the importance in protecting the information contained within the applications as well as preventing unauthorized access.

The Customer is responsible for setting and maintaining user access to the CBORD applications and environment. The Customer should have a process in place to ensure user access is available as required for its users of the CBORD applications; this includes a means of escalation within the Customer location if access issues arise. This access should cover the hours during which the Customer will use the CBORD applications.

If the Customer contacts the CBORD Support Team requesting help for system access (including password assistance), the CBORD Support Team may do the following:

- First, request that the Customer contact their internal Site support team, usually IT, for assistance in access. Passwords and access to the environment in which the CBORD application may be installed (such as Operating Systems) are usually maintained and supported by the Customer's IT group.
- If it is determined that the Customer IT group is unable to assist, CBORD Technical Support will use due diligence to authenticate the user for valid access to the CBORD application. This could include, but may not be limited to, determination that the user is a valid contact for the site, based on CBORD's problem tracking database. The CBORD Support Team is committed to assisting the Customer but will never compromise security. Therefore, the CBORD Support Team may be unable to provide access or password information requested if CBORD is unable to authenticate the validity of the Customer contact or his/her request.

## 6 Hardware Maintenance

If you have hardware provided by CBORD that does not perform correctly, please contact CBORD Technical Support as soon as possible to report the situation so we can help you resolve the problem.

A Repair Authorization Number (RAN) is required to initiate a product return for replacement or repair. For a Repair Authorization Number, please contact CBORD Technical Support.

For Oracle Hospitality/MICROS systems, report the issue to CBORD Technical Support. CBORD Technical Support will assess the situation and, if necessary, dispatch an Oracle Hospitality/MICROS technician to your location.

If more than one unit of identical equipment is to be returned, all may be returned using a single RAN. Different types of hardware require separate RANs.

For more information on this process, including the CBORD Return Policy, please refer to your maintenance contract as well as the CBORD website at <http://www.cbord.com>.

## 7 Remote Access

Remote access to the Customer's computer system helps CBORD provide a much greater level of service to the site, allowing CBORD Support Technicians to work interactively on system issues. Bomgar Remote Access is the **preferred** method for CBORD Technical Support to use for remote access to our Customers' systems. Bomgar enables CBORD to offer its Customers a secure, persistent remote access to streamline the maintenance and support of CBORD systems.

- **Bomgar Unattended Access:** Customers using the unattended option maintain a connection between the onsite environment(s) on which the Bomgar application is installed and the Bomgar appliance hosted in CBORD's datacenter. The connection enables authorized CBORD personnel to access the Customer's environment(s) as directed by the Customer without requiring an onsite resource to initiate a support session. Bomgar requires only that the client installed in the Customer environment have outbound access to the CBORD appliance on ports 80 and 443. The connection to the Bomgar appliance is established as soon as the client launches. The appliance will remain connected until the client is turned off in the environment. Bomgar uses the 256-bit Advanced Encryption Standard (AES) on all traffic between the Bomgar appliance and connected Customer environments. The Customer can enable or disable the client at their discretion

Bomgar Attended Access is available for attended (Customer participation required) remote access on a limited basis.

- **Bomgar Attended Access:** Customers using the attended option establish a connection between the onsite environment(s) on which the Bomgar Button is installed and the Bomgar appliance hosted in CBORD's datacenter only when necessary to allow CBORD technicians to troubleshoot an identified issue or complete a specified task. The connection enables authorized CBORD personnel to access the Customer's environment(s) as directed by the Customer.

CBORD will consider alternative methods of remote access, but any method outside of the aforementioned Bomgar methods are outside the scope of normal support, and may be subject to additional licensing and labor fees.

In setting up remote access, CBORD will not provide any personal information to the Customer for a CBORD Support Technician including but not limited to birthday, birth date, or Social Security number (full or partial). This is to protect our employees' privacy. As needed, CBORD will provide unique CBORD business identifiers for a CBORD Support Technician to fulfill individual tracking requirements, though this will not include employee personal information.

CBORD Technical Support will obtain Customer's permission before performing any remote access to the Customer's location.

CBORD Technical Support's ability to offer assistance via remote access during off-hours is dependent on the Customer's method of remote access. Remote access outside the preferred and recommended solutions may preclude technician access during off-hours.

Remote access is to be used only for in-scope support activities.

As indicated in Section 5 (Security and Passwords) of this document, CBORD operates in compliance with regulations set forth in acts and standards such as the Health Insurance Portability and Accountability Act (HIPAA), Health Information Technology for Economic and Clinical Health Act (HITECH), and Payment Card Industry Data Security Standard (PCI DSS) among others. Remote access to the Customer's computer system is initiated at CBORD workstations and/or networks with all access maintained and controlled by CBORD's Information Technology department. Access is limited to current CBORD employees with stringent password controls, such as password complexity and 90-day expiration.

## 8 Supported vs. Unsupported Platform

CBORD specifies hardware and software requirements for its products on the CBORD website at <http://www.cbord.com/support/hardware/>. This site is updated regularly as CBORD develops its products. Please be sure to review the information on this site prior to planning upgrades and installations.

The Customer must meet the minimum system requirements listed on the CBORD website. The precise requirements will depend on the application involved and will include information on the latest operating system patches and upgrades. Note that certain CBORD products are not recommended for installation in virtual environments. This is also mentioned on the website at <http://www.cbord.com/support/hardware/virtualization/>.

Failure by the Customer to meet the minimum system requirements currently specified on the website and/or installing the CBORD system in a virtual environment when specified otherwise, will seriously impact CBORD Technical Support's ability to resolve issues effectively.

Software may experience performance degradation when running on an unsupported platform. If the performance of the software is unacceptable to the Customer, CBORD will recommend that the software be removed from the unsupported platform and be installed on a supported platform.

CBORD Technical Support may defer support activity if it deems its product is installed in an environment other than that specified on the CBORD website.

If a third-party vendor, such as Microsoft®, announces end of support of its Operating System, CBORD Technical Support will strive to continue basic level support of any installed CBORD application using that Operating System. However, if an upgrade or patch of the CBORD application is required, then the Customer may first need to upgrade the Operating System to a supported Operating System following the CBORD website specifications.

## 9 Non-Certified Hardware Platform

CBORD has built and extensively tested a set of hardware platforms that have been certified to operate its software products effectively. The certification enables us to maintain the highest level of support for these products.

Customers may choose to operate our products on a non-certified hardware platform. In doing so, the customer is responsible for:

- Database maintenance, performance tuning, backup, and maintaining operation of the software on the non-certified platform.
- The proper configuration of the non-certified platform and software running in the environment.

Additionally, CBORD is not responsible for:

- Configuration recommendations if its applications are being operated in the non-certified environment.
- Testing and/or certification of its software to operate on the non-certified platform.
- Any guarantee of a resolution to issues confirmed to be related to the use of the non-certified platform.
- Endorsement of a particular product.

In the event a reported issue appears to be related to the non-certified platform, CBORD may require that the issue be reproduced on a certified platform. Issues confirmed to be unrelated to the non-certified platform will be treated in a manner consistent with CBORD's product support policies when the software is running on a certified platform.

Software may experience performance degradation when running on a non-certified platform. If the performance of the software is unacceptable to the Customer, CBORD will recommend that the software be removed from the non-certified platform, and be installed on a certified platform.

## 10 Feedback and Customer Satisfaction

The CBORD Technical Support team strives to answer questions and resolve issues to the Customer's satisfaction. CBORD welcomes feedback on how the team is doing. The following comments highlight the Customer feedback process:

### Customer Satisfaction

A survey invitation will be sent when a support case is closed. This will include a link to the CBORD website to complete the survey. To facilitate this, it's important that the Customer have a valid e-mail address along with access to the internet.

Survey feedback is a key measurement in determining whether CBORD Technical Support is providing effective service to the Customer and in identifying strengths as well as tracking areas for improvement. The goal is to ensure that Customers get the support they require to use the CBORD applications effectively in their daily operations.

Surveys are voluntary and Customers are encouraged to complete the survey in order to provide feedback on support activity. CBORD Technical Support management will follow up on any area where there is a "less than satisfactory" rating to ensure improvements are implemented as warranted.

## Appendix A: Definitions

<b>Application Expert</b>	A trained user at the Customer site who has multiple years of experience using the CBORD product. Will be responsible for training of new users for the Customer as well as participating in such tasks as upgrade planning. Typically the primary point of contact for the CBORD product at the Customer site.
<b>Case</b>	Constitutes a complete and formal record of a Customer issue, and CBORD Technical Support's response and action in resolving the issue.
<b>Case-Tracking System</b>	Used by CBORD Technical Support for managing all aspects of Customer interaction, allowing users to create and manage cases, set priorities, route cases, verify contracts, review case histories, and manage configurations,
<b>CBORD Customer Portal</b>	The web-based interface available to Customers and service partners which allows the creation, update, tracking, and closure of cases via the CBORD Internet site.
<b>Escalation Support</b>	Assistance provided beyond the Support Technician, e.g., Senior Support Technicians and other groups within CBORD such as Development. Issues that are beyond the scope of CBORD Technical Support, or found to be related to software defects, are normally escalated here.
<b>Off-Hours</b>	Time outside of regular CBORD business hours of 7 AM to 7 PM Eastern Time, Monday through Friday. Also the time when CBORD offices are closed due to the following U.S. holidays: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving and the day following, and Christmas and Christmas Eve.
<b>Resolution Time</b>	The time it takes to resolve an issue. Expected resolution time is different for each situation or issue and cannot be determined until the Support Technician has evaluated the problem and is able to determine the appropriate priority assignment.
<b>Response Time</b>	The time that it takes the Support Technician to contact the Customer after a case is created in CBORD's case-tracking system.
<b>Support Technician</b>	The member of CBORD Technical Support responsible for resolving the Customer issue. The Support Technician will document the support request, gather pertinent information, attempt first-call resolution, and escalate the request, if necessary.
<b>System Administrator</b>	A trained user at the Customer site responsible for installing, supporting, and maintaining the hardware and software infrastructure on which the CBORD products are installed. Responsibilities include, but are not limited to, such activities as user access and system maintenance, application of patches and hot fixes, data backup policies and procedures, and so on.
<b>Trained User</b>	A system user who has completed CBORD training and is familiar with the CBORD application and associated reference material.

## Appendix B: Quick Reference

Contact Information – For All Support Teams:

**Phone: 1-844-GO CBORD (1-844-462-2673)**

**CBORD Customer Portal on the Internet: <http://esupport.cbord.com>**

Support is available 24 hours a day, 7 days a week. Telephone support is the recommended way to get the quickest response especially for urgent issues. Cases submitted via the CBORD Customer Portal will have a response from a Support Technician within 1 business hour, 7 AM to 7 PM Eastern Time, Monday through Friday.

Information needed when calling:

- Your site and contact information.
- The name and version of the CBORD application.
- Description of the issue including expected results, error messages, and actions tried (if any).

Support cases may be created using the CBORD Customer Portal on the CBORD corporate website.

To obtain a CBORD user ID and password, go to <https://www.cbord.com/login/>.

Once you have an ID and password, access the Customer Portal at <http://esupport.cbord.com/>.

Enter the ID and password to log in, then select Support Center on the left side of the screen. Options include:

- Create Cases.
- Close Cases.
- Query Cases.
- Add Case Notes.
- Add Attachments to Open Cases
- Schedule an Appointment for a Support Session

If you are dissatisfied or concerned about a case's progress, you can escalate the issue to a Support Manager when calling in on the support line. If a Support Manager is not immediately available, the call will be escalated to the Support Manager on Duty.

If the issue is still not resolved, further escalation can be made to:

- Technical Support Senior Manager, Operations
- Director of Technical Support

CBORD Return Policy

Hardware purchased from CBORD may be returned for credit providing the following requirements are met:

1. A Return Material Authorization (RMA) Number must be obtained from CBORD within 30 days of either the receipt of the product, or completion of an installation by CBORD personnel, whichever is latest.
2. An RMA is valid for 30 days after issuance.
3. For full credit (minus restocking fees), hardware must be in new condition.
4. For full credit (minus restocking fees), hardware must be returned in the original, unmarked carton with the packing materials, and must include instruction manuals, discs, and accessories that were included in the original shipment.
5. *Please note: (a) Oracle MICROS hardware and software is non-returnable. (b) Annual fees for Oracle MICROS hardware are required for maintenance. If no hardware maintenance is chosen, Oracle prohibits time and material service for hardware. Oracle offers a 'return to support' program at additional costs for any qualifying hardware not on maintenance. Please contact your account representative for additional information.*

If upon receipt CBORD determines the hardware was defective, full credit shall be applied and no restocking fee shall be charged. CBORD will not credit the original shipping cost or the return shipping costs.

A restocking fee of 30% of the net cost will be applied.

All returns for CREDIT require a RMA issued by CBORD's Order Desk Department. The Return Material Authorization Number must be indicated on the shipping label. Inbound shipping

Item No.20

## Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: RES 21-191

November 16, 2021

Introduced: 10/20/2021

Current Status: Natividad Medical Center -  
Consent

Version: 1

Matter Type: BoS Resolution

Adopt Resolution to:

- a. Amend Natividad (Unit 9600) FY 2021-22 Adopted Budget to add 4.0 FTE Psychiatric Social Worker II positions and a 1.0 FTE Social Work Supervisor II position, as indicated in the attached resolution;
- b. Direct the County Administrative Office to incorporate position changes in the Natividad (Unit 9600) FY 2021-22 Adopted Budget; and
- c. Direct the Human Resources Department to implement the changes in the Advantage HRM System.

### **..Report**

#### RECOMMENDATION:

It is recommended that the Board of Supervisors:

Adopt Resolution to:

- a. Amend Natividad (Unit 9600) FY 2021-22 Adopted Budget to add 4.0 FTE Psychiatric Social Worker II positions and a 1.0 FTE Social Work Supervisor II position, as indicated in the attached resolution;
- b. Direct the County Administrative Office to incorporate position changes in the Natividad (Unit 9600) FY 2021-22 Adopted Budget; and
- c. Direct the Human Resources Department to implement the changes in the Advantage HRM System.

#### SUMMARY:

Natividad recommends the addition of four (4) full-time Psychiatric Social Worker II positions and one (1) full-time Social Worker Supervisor II currently providing services in the hospital's Mental Health Unit. This recommendation allows Natividad to provide continuity of care and consistency in practice to patients by assigning the hospital with full oversight and management of these services being provided to its mental health patients.

#### DISCUSSION:

Natividad Medical Center entered into a Professional and Call Coverage Services Agreement with CEP America-Psychiatry, PC, a California professional corporation dba Vituity, to provide psychiatry services at NMC for the period of June 1, 2021 to May 31, 2024. Through this agreement, Vituity, a comprehensive acute care psychiatric provider group, will provide 24/7 dedicated physician staffing and leadership for the hospital's Mental Health Unit and tele-psychiatry services, oversight and medical direction of the unit, and consult liaison services for medical and surgical inpatients.

Natividad recommends the addition of four (4) full-time Psychiatric Social Worker II positions and one (1) full-time Social Work Supervisor II position to continue providing services in the hospital's Mental Health Unit. This recommendation allows Natividad to provide continuity of care and consistency in practice to patients by assigning the hospital with full oversight and management of these services being provided to its mental health patients.

Approval of the recommended actions in this report will direct the continued execution of a staff transition plan and facilitate the continuous provision of patient care without disruption to patients.

For these reasons, it is recommended that your Board approve these actions.

OTHER AGENCY INVOLVEMENT:

The County Administrative Office, County Counsel, and Human Resources have reviewed the recommendation.

FINANCING:

The five (5) positions have an annualized cost of \$452,717.

There is an annualized cost savings of \$47,283 as a result of these actions for Natividad Medical Center (Unit 9600) FY 2021-22 Adopted Budget as Natividad currently pays approximately \$500,000 to Health Department for similar services provided to the Mental Health Unit. There is no impact to the General Fund resulting from the approval of the recommended actions.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This recommendation supports the Board of Supervisors' Strategic Initiatives by providing consistent, high-quality patient care through County & hospital supported programs, and promoting access to equitable services to improve the mental health of patients in the community.

## Item No.21

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: A 21-525

November 16, 2021

Introduced: 10/27/2021

Current Status: Natividad Medical Center -  
Consent

Version: 1

Matter Type: BoS Agreement

Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute funding of the Memorandum of Understanding (MOU) with Community Homeless Solutions ("CHS"), a California corporation, for assisting in meeting the direct costs of a Medical Respite Program ("MRP") for homeless persons in Monterey County, retroactive to July 1, 2021 through June 30, 2022, for a total MOU amount not to exceed \$115,000.

#### **RECOMMENDATION:**

##### **It is recommended the Board of Supervisors:**

Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute funding of the Memorandum of Understanding (MOU) with Community Homeless Solutions ("CHS"), a California corporation, for assisting in meeting the direct costs of a Medical Respite Program ("MRP") for homeless persons in Monterey County, retroactive to July 1, 2021 through June 30, 2022, for a total MOU amount not to exceed \$115,000.

#### **SUMMARY/DISCUSSION:**

In 2013, the hospitals of Monterey County convened and collaborated with the Hospital Council of Northern and Central California to search for a solution to meet the needs of the homeless population as they are discharged from hospital stays. All hospitals have struggled with increasing readmissions that require a solution that supports timely, post-acute safe discharges for these members of the county homeless population. Historically, there are a limited number of safe discharge options for homeless individuals and hospitals often rely on motels, board and care facilities, Skilled Nursing Facilities ("SNFs") or extended inpatient stays.

On April 19, 2016, the Monterey County Board of Supervisors approved a Resolution authorizing Natividad Medical Center to contribute to the development of a Respite Program for the homeless via a funding agreement with an initial contribution of \$105,000. The respite facility is a collaboration among Community Hospital of the Monterey Peninsula, Salinas Valley Memorial Hospital and Natividad Medical Center, and Community Homeless Solutions.

On October 10, 2017, the Monterey County Board of Supervisors approved a Resolution authorizing Natividad Medical Center to contribute to the development of a Respite Program for the homeless via funding agreement with an additional contribution of \$93,500. In July 2019, the Board of Supervisors

approved an additional three years ending June 30, 2021 and adding \$300,000 for a revised total agreement amount not to exceed \$498,500.

Earlier this year, the Healthcare Foundation of Northern and Central California requested that Natividad, Salinas Valley Memorial Hospital and the Community Hospital of the Monterey Peninsula work directly with the Community Homeless Solutions to replace the agreement/amendments that expired June 30, 2021. This request for an agreement with CHS for \$115,000 for fiscal year 21-22 will continue this critical service to the homeless population. Continued availability of the medical respite program will enable hospitals to continue to implement discharge plans for clinically appropriate homeless patients that better manage hospital utilization. Homeless patients who receive post discharge care at the respite experience reduced re-hospitalizations and emergency department visits.

**OTHER AGENCY INVOLVEMENT:**

The Office of County Counsel has reviewed and approved this MOU as to form, and the Auditor-Controller has reviewed and approved as to payment provisions. The MOU has also been reviewed and approved by NMC's Finance Committee and by its Board of Trustees on October 8, 2021

**FINANCING:**

This action does not impact the General Fund contribution as the changes will be contained within the approved Natividad Medical Center's Adopted FY21-22 budget, and future costs will be included in future budgets respectively.

**BOARD OF SUPERVISORS STRATEGIC INITIATIVES:**

This agreement allows for the much-needed continued monetary support to ensure the Respite program is successful. The program provides primary and behavioral healthcare to the homeless and helps break the cycle of homelessness by working with the client to create connections to family and friends, and offers assistance with benefit enrollment, transitional or permanent housing, and job training.

### **RECOMMENDATION:**

#### **It is recommended the Board of Supervisors:**

Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute funding of the Memorandum of Understanding (MOU) with Community Homeless Solutions ("CHS"), a California corporation, for assisting in meeting the direct costs of a Medical Respite Program ("MRP") for homeless persons in Monterey County, retroactive to July 1, 2021 through June 30, 2022, for a total MOU amount not to exceed \$115,000.

### **SUMMARY/DISCUSSION:**

In 2013, the hospitals of Monterey County convened and collaborated with the Hospital Council of Northern and Central California to search for a solution to meet the needs of the homeless population as they are discharged from hospital stays. All hospitals have struggled with increasing readmissions that require a solution that supports timely, post-acute safe discharges for these members of the county homeless population. Historically, there are a limited number of safe discharge options for homeless individuals and hospitals often rely on motels, board and care facilities, Skilled Nursing Facilities ("SNFs") or extended inpatient stays.

On April 19, 2016, the Monterey County Board of Supervisors approved a Resolution authorizing Natividad Medical Center to contribute to the development of a Respite Program for the homeless via a funding agreement with an initial contribution of \$105,000. The respite facility is a collaboration among Community Hospital of the Monterey Peninsula, Salinas Valley Memorial Hospital and Natividad Medical Center, and Community Homeless Solutions.

On October 10, 2017, the Monterey County Board of Supervisors approved a Resolution authorizing Natividad Medical Center to contribute to the development of a Respite Program for the homeless via funding agreement with an additional contribution of \$93,500. In July 2019, the Board of Supervisors approved an additional three years ending June 30, 2021 and adding \$300,000 for a revised total

agreement amount not to exceed \$498,500.

Earlier this year, the Healthcare Foundation of Northern and Central California requested that Natividad, Salinas Valley Memorial Hospital and the Community Hospital of the Monterey Peninsula work directly with the Community Homeless Solutions to replace the agreement/amendments that expired June 30, 2021. This request for an agreement with CHS for \$115,000 for fiscal year 21-22 will continue this critical service to the homeless population. Continued availability of the medical respite program will enable hospitals to continue to implement discharge plans for clinically appropriate homeless patients that better manage hospital utilization. Homeless patients who receive post discharge care at the respite experience reduced re-hospitalizations and emergency department visits.

**OTHER AGENCY INVOLVEMENT:**

The Office of County Counsel has reviewed and approved this MOU as to form, and the Auditor-Controller has reviewed and approved as to payment provisions. The MOU has also been reviewed and approved by NMC's Finance Committee and by its Board of Trustees on October 8, 2021

**FINANCING:**

This action does not impact the General Fund contribution as the changes will be contained within the approved Natividad Medical Center's Adopted FY21-22 budget, and future costs will be included in future budgets respectively.

**BOARD OF SUPERVISORS STRATEGIC INITIATIVES:**

This agreement allows for the much-needed continued monetary support to ensure the Respite program is successful. The program provides primary and behavioral healthcare to the homeless and helps break the cycle of homelessness by working with the client to create connections to family and friends, and offers assistance with benefit enrollment, transitional or permanent housing, and job training.

**MEMORANDUM OF UNDERSTANDING (MOU)**  
**Participation in**  
**Medical Respite Program**  
**Natividad Medical Center (NMC)**  
**July 1, 2021 thru June 30, 2022**

This Memorandum of Understanding (MOU) outlines the provision of funds by the County of Monterey, on behalf of Natividad Medical Center ("NMC"), for assisting in meeting the direct costs of a Medical Respite Program operated by Community Homeless Solution (CHS).

**I. PARTIES TO THE AGREEMENT**

**Service Provider**

CHS

**Provider**

**Amount**

NMC	\$115,000 Per Year	
-----	--------------------	--

**II. SCOPE OF SERVICES**

Funds will pay primarily for facility operating expenses, 24 x 7 staff coverage, care coordination and support services provided by the program, overnight and administrative costs to support the program. See Scope of Services (**Exhibit A**).

CHS will reserve two (2) respite care beds for NMC to utilize for homeless patients discharged from NMC and requiring additional recuperative care.

**III. TERM AND TERMINATION**

This funding arrangement begins July 1, 2021 and ends June 30, 2022, unless otherwise terminated or modified by NMC.

**IV. COLLECTION OF FUNDS**

- a. CHS will generate an initial invoice quarterly, with the first invoice 30 days after this MOU has been fully executed, and subsequent invoice at the beginning of each quarter.
- b. CHS will provide with each quarterly invoice a statement of operating costs for the same period.

**V. REMAINING FUNDS**

If the Medical Respite Program should close for unforeseen circumstances, all outstanding expenses will be paid within 30 days, and any remaining hospital funds will be returned within 30 days. A full disclosure of expenses will be provided to each hospital partner.

**VI. ELIGIBILITY CRITERIA**

**Memorandum of Understanding  
CHS and NMC**

NMC's patients available to be transferred to CHS must meet CHS/CCCR eligibility criteria in accordance to **Exhibit B**.

**Memorandum of Understanding  
CHS and NMC**

**Central Coast Respite Care (CCRC)  
2021-22**

**Scope of Services  
Exhibit A**

The Central Coast Respite Care (CCRC) provides beds for homeless patients being discharged from the inpatient setting at participating hospitals in Monterey County. These beds will be located in a local shelter in Seaside, CA and offer the patient a clean, safe location for recuperating from their hospitalization. The program will serve homeless adults who are in need of short-term recuperative care, and are medically stable, independent in activities of daily living, and able to care for themselves.

The program will assist clients in accessing primary care and specialists as needed, including referral to mental health and substance abuse services. The program will also assist clients in accessing health and social services benefits, such as Medi-Cal, SSI, and General Assistance, and housing services.

The CCRC will be a public/private program between CHS, Community Hospital of the Monterey Peninsula, Salinas Valley Memorial Healthcare System, Natividad Medical Center and Central Coast Alliance for Health (CCAH). A new pilot program will augment the existing program with licensed medical provider support, and services in partnership with CCAH will be incorporated into the program.

The CHS facility in Seaside, CA will house up to six respite clients. CHS will provide:

- 24/7 on-site shelter staffing, security, facility management/maintenance and food.
- Case management to connect patients with needed health benefits, and medical, social, behavioral health, employment and housing services.
- Transportation services to/from primary care and specialist appointments.
- Referrals 7 days a week within the established business hours.

Additionally, with the medical model of the respite program with CCAH, the following additional services will be provided to respite clients:

- Daily Wellness Checks. These will include vital signs, acute symptoms, as well as physical/behavioral health and substance use components. RN will work in collaboration with MD to regularly reassess and monitor participants' health to ascertain progress and discharge coordination.
- Baseline health assessments at entry.
- Patient education.
- Medication reconciliation and coordination with discharging physicians, respite care medical directors and client PCPs.
- Individualized patient action goal plans/ Summary of Care Plan – Plan to be developed between RN and participant to set health goals as well as care coordination.
- Housing plan for transition into permanent supportive housing options.

## **Memorandum of Understanding CHS and NMC**

Hospital will be responsible for assessing the appropriateness of referrals in accordance with pre-established CCRC admission criteria and contacting CHS to expedite referral of client. Hospital will provide CHS with the patient information necessary to provide care and coordinate services (such as information about scheduled follow-up medical appointments and medications).

Hospital will share “house rules” and expectations for participation with the patient. Hospital will provide transportation to the medical respite at the agreed upon time, along with necessary paperwork, discharge instructions and needed medical supplies.

Hospital will make arrangements for home health agency services with a California-licensed home health agency on a case-by-case basis, as determined by the patient’s medical needs at discharge from the acute inpatient setting, recognizing that daily RN/LVN oversight will be provided on site.

Hospital Council will coordinate with hospital and CHS executives on an as-needed basis to monitor program goals and outcomes, address operational concerns, and facilitate discussions among hospitals, CHS, and other agencies as appropriate. Hospital will assign a primary contact for programmatic and operational issues.

**Memorandum of Understanding  
CHS and NMC**

**Central Coast Respite Care (CCRC)  
2021-22  
CCRC Eligibility Criteria Comparison  
Exhibit B**

**CCRC Eligibility Criteria Comparison**

CCRC
<b>Age</b> – Must be 18 years of age or older. Gender specific rooms will be assigned.
<b>Medical Need</b> – Must be medically stable and have a demonstrable medical need for respite care (less than 6 weeks) and no other reasonable option. Must also have a diagnosed clinical condition with an identifiable end point of care for discharge.
<b>Home Health Staff</b> – If applicable must be willing to see the assigned Home Health Care agency nurse every weekday and comply with medical recommendations.

<b>Homeless</b> – Must qualify as a homeless individual by the HUD definition, specifically lacking a stable living arrangement or permanent housing to support recovery. A homeless person is an individual without permanent housing who may live on the streets; stay in a shelter, mission, single room occupancy facilities, abandoned building or vehicle; or in any other unstable or non-permanent situation.
<b>Independent in Activities of Daily Living Skills</b> – Must be able to provide his or her own care (bathing, dressing, feeding, personal hygiene and grooming, transferring in and out of bed and toileting).
<b>Mobile</b> – Must be able to walk or be mobile with the use of crutches, walker or a wheelchair in order to transfer in and out of bed, use the restroom and shower, eat meals in the dining area, & be transported to/from medical appointments.

## Memorandum of Understanding CHS and NMC

**Continent** – A clean shelter is vital so clients must be both bladder and bowel continent. Participants with foley catheters or other medical devices will be considered on a case-by-case basis if they can self-manage the device or can be taught to self-manage the device.

**Medical Treatment Plan Goals** – Must be willing to work on medical treatment plan goals. Participants must have the ability to be taught and trained in self-care management to be considered for entrance into the program.

**COVID** - Cannot be actively contagious with COVID virus or other contagious condition that brings a threat of exposure and potential harm to others. Applicants showing symptoms of COVID will be sent to the local ER for testing and treatment, and may not be released to the Center until the quarantine period is complete and negative test results have been achieved and provided.

**Psychologically Stable** – Must be alert, oriented and mentally competent. Those with psychiatric conditions must be stable and willing to stay on medications while in the respite program.

## Memorandum of Understanding

### CHS and NMC

**Clean and Sober** – Must have been clean and sober for at least 72 hours and must remain free of alcohol and drugs while in the program. Prospective participants may be part of a recovery program and must agree to continue with the program during their stay.

**Behavior Appropriate for Group Setting** – Must be able to cooperate and interact in a positive manner with staff and other clients in a group setting.

**No Pets** – Pets are not allowed at the respite facility.

#### **Exclusionary Criteria:**

- Known history of conviction for sexual offense, child molestation, arson or assault
- Individuals with unstable medical or psychiatric conditions that require an inpatient level of care
- Individuals with a known history of substance abuse that require IV treatment
- Active substance abusers unable or unwilling to abstain

#### **Common Presenting Conditions:**

- Injury/Fractures
- Diseases of the skin/subcutaneous tissue
- Diseases of the Respiratory System, Circulatory System, and Digestive System
- Endocrine, Nutritional and Metabolic Diseases, and Immunity Disorders
- Amputations/ Wound Care/ Wound Vac
- Acute Organ Failure
- Diabetes Management
- Cancer Recovery

## Item No.22

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: A 21-536

November 16, 2021

**Introduced:** 11/2/2021

**Current Status:** Natividad Medical Center -  
Consent

**Version:** 1

**Matter Type:** BoS Agreement

Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute renewal and amendment No. 2 to the agreement (A-13152) with Stericycle Inc. for hazardous waste disposal services, extending the agreement an additional ten (10) month period (retroactively from July 1, 2021 through April 31, 2022) for a revised full agreement term of July 1, 2016 through April 31, 2022, and adding \$125,000 for a revised total agreement amount not to exceed \$1,205,000.

#### **RECOMMENDATION:**

##### **It is recommended the Board of Supervisors:**

Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute renewal and amendment No. 2 to the agreement (A-13152) with Stericycle Inc. for hazardous waste disposal services, extending the agreement an additional ten (10) month period (retroactively from July 1, 2021 through April 31, 2022) for a revised full agreement term of July 1, 2016 through April 31, 2022, and adding \$125,000 for a revised total agreement amount not to exceed \$1,205,000.

#### **SUMMARY/DISCUSSION:**

Stericycle provides regulated medical waste services for Natividad under this agreement. As medical procedures are performed throughout the facility, waste is generated and separated into several different types of waste streams. The types of waste streams generated under this banner are: red bag (blood or blood product), sharps waste (scalpel blades, broken glass vials, needles, syringes), pathological waste, trace chemotherapy, bulk chemotherapy, pharmaceutical waste, and RCRA (Resource Conservation and Recovery Act) hazardous medical waste. On average, Natividad generates 18,000 pounds of the waste mentioned above, per month, more so in recent years. There are numerous regulatory requirements surrounding waste removal and State regulations require medical waste removal to be done only by a licensed hauler, which Stericycle is.

This Agreement's services include:

- Bio Hazardous Waste: transportation and processing according to waste stream. Either

sterilize and dispose or incinerate waste

- Pathological Waste
- Sharps Management Program
- Resource Conservation and Recovery Act (RCRA) Hazardous Pharmaceutical Waste
- Universal (Pharmaceutical) Waste

Natividad made efforts months before expiration to amend to extend the term, however, Stericycle asked to deviate away from this agreement, requesting to move forward to provide services under the Vizient GPO contract instead. Since some negotiating would have been required proceeding under Vizient, both parties agreed to renew and amend the existing agreement for a while to allow more time to explore the Vizient contract as a possibility.

#### **OTHER AGENCY INVOLVEMENT:**

The Office of County Counsel reviewed and approved this renewal and amendment No. 2 as to form, and the Auditor-Controller reviewed and approved as to payment provisions. The renewal and amendment No. 2 was reviewed and approved by NMC's Finance Committee and Board of Trustees on November 12, 2021.

#### **FINANCING:**

The cost for this renewal and amendment No. 2 is \$125,000 which is included in the Fiscal Year 2021-22 Adopted Budget.

#### **BOARD OF SUPERVISORS STRATEGIC INITIATIVES:**

The services rendered in this agreement ensure Natividad stays compliant with regulatory requirements. Proper medical waste management keeps things safe and sanitary throughout the hospital and the environment.

**RENEWAL AND AMENDMENT NO. 2  
TO SERVICES AGREEMENT  
BETWEEN STERICYCLE INC. AND  
THE COUNTY OF MONTEREY ON BEHALF OF NATIVIDAD MEDICAL CENTER  
FOR  
HAZARDOUS WASTE DISPOSAL**

This Renewal and Amendment No. 2 to the Services Agreement ("Agreement") which was effective on July 1, 2016 is entered into by and between the County of Monterey, on behalf of Natividad Medical Center ("NMC"), and Stericycle Inc. ("CONTRACTOR"); **From this point forward, the party referenced previously as "NMC" shall be referenced as "COUNTY" and collectively, COUNTY and CONTRACTOR are referred to as the "Parties" to this Agreement, with respect to the following:**

**RECITALS**

**WHEREAS**, the County of Monterey on behalf of Natividad Medical Center and Stericycle, Inc. previously entered into an Agreement for Services (hereinafter "Agreement") on July 1, 2016 to provide Hazardous Waste Disposal services to NMC with a three year term and a total Agreement amount not to exceed \$630,000; and

**WHEREAS**, the Parties renewed and amended the Agreement on the same or similar terms, retroactively on July 1, 2019 to extend the term for an additional two (2) year period through June 30, 2021 for a revised full Agreement term of July 1, 2016 through June 30, 2020 to allow for services to continue with changes to the original scope of work, and to increase the amount payable by \$450,000 for a total Agreement amount of \$1,080,000; and

**WHEREAS**, the Agreement expired on June 30, 2021; and

**WHEREAS**, COUNTY and CONTRACTOR currently wish to renew the agreement, retroactive to July 1, 2021, and to amend the Agreement to extend the term of the Agreement through April 30, 2022 to allow for services to continue, and to allow a 4% increase on all fees billed under this Agreement, and to add \$125,000 to the Agreement amount for a revised total Agreement amount of \$1,205,000.

**AGREEMENT**

**NOW, THEREFORE**, the Parties agree to amend the Agreement as follows:

The Agreement is hereby renewed on the terms and conditions as set forth in the Original Agreement and in Renewal and Amendment No 1 incorporated herein by this reference, except as specifically set forth below.

1. Section 3 / Paragraph titled, "PAYMENTS BY COUNTY" shall be amended to the following:  
**"The total amount payable by COUNTY to CONTRACTOR under this Agreement shall not exceed the sum of \$1,205,000."**
2. The first sentence of Section 4 /Paragraph titled, "TERM OF AGREEMENT" shall be amended to the following:  
**"The term of this Agreement is from July 1, 2016 through April 30, 2022 unless sooner terminated pursuant to the terms of this Agreement."**

3. The parties agree to a four percent (4%) increase to all billing rates stated in the Agreement and to the amended billing rates stated in Renewal & Amendment No. 1, effective retroactive to July 1, 2021.
4. Except as provided herein, all remaining terms, conditions and provisions of the Agreement are unchanged and unaffected by this Amendment No. 2 and shall continue in full force and effect as set forth in the Agreement and in Renewal and Amendment No. 1
5. A copy of this Renewal and Amendment No. 2 shall be attached to the Agreement.
6. This Renewal and Amendment No. 2 shall be effective retroactively on July 1, 2021.

*The remainder of this page was intentionally left blank.*

*~ Signature page to follow ~*

IN WITNESS WHEREOF, the Parties hereto are in agreement with this Renewal and Amendment No. 2 on the basis set forth in this document and have executed this Amendment No. 2 on the day and year set forth herein.

### Board Order

A motion was made by Supervisor Mary L. Adams, seconded by Supervisor Jane Parker to:

**Agreement No.: A-13152, Amendment No. 1**

a. Authorize the Deputy Purchasing Agent for Natividad Medical Center (NMC) or his designee to execute Renewal and amendment No. 1 to the agreement (A-13152) with Stericycle, Inc. for Hazardous Waste Disposal Services, extending the agreement an additional two (2) year period (retroactive to July 1, 2019 through June 30, 2021) for a revised full agreement term of July 1, 2016 through June 30, 2021 and adding \$450,000 for a revised total agreement amount not to exceed \$1,080,000.

PASSED AND ADOPTED on this 5<sup>th</sup> day of November 2019, by the following vote, to wit:

AYES: Supervisors Alejo, Lopez, Phillips, Parker and Adams

NOES: None

ABSENT: None

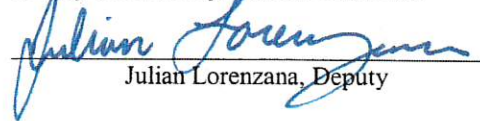

I, Valerie Ralph, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 82 for the meeting November 5, 2019.

Dated: November 5, 2019

File ID.: A 19-376

Agenda Item No.: 40

Valerie Ralph, Clerk of the Board of Supervisors  
County of Monterey, State of California

  
Julian Lorenzana, Deputy

**RENEWAL AND AMENDMENT NO. 1  
TO THE SERVICES AGREEMENT  
BETWEEN NATIVIDAD MEDICAL CENTER (COUNTY OF MONTEREY) AND  
STERICYCLE, INC.  
FOR  
HAZARDOUS WASTE DISPOSAL SERVICES**

This Renewal and Amendment No. 1 to the County of Monterey, Natividad Medical Center (NMC) Agreement for Services is made and entered into, by and between the County of Monterey (hereinafter "County"), a political subdivision of the State of California, on behalf of Natividad Medical Center, an acute care hospital (hereinafter, "NMC"), and Stericycle, Inc. (hereinafter "CONTRACTOR"); (collectively, the County, NMC and CONTRACTOR are referred to as the "Parties").

**RECITALS**

**WHEREAS**, the County of Monterey on behalf of Natividad Medical Center and Stericycle, Inc. previously entered into an Agreement for Services (hereinafter "Agreement") on July 1, 2016 to provide Hazardous Waste Disposal services to NMC with a three year term and a total Agreement amount not to exceed \$630,000; and

**WHEREAS**, the Agreement expired on June 30, 2019; and

**WHEREAS**, the Parties wish to renew and amend the Agreement on the same or similar terms, retroactively on July 1, 2019 and to extend the term for an additional two (2) year period through June 30, 2021 for a revised full Agreement term of July 1, 2016 through June 30, 2021 to allow for services to continue with changes to the original scope of work and to increase the amount payable by \$450,000 for a total Agreement amount of \$1,080,000.

**AGREEMENT**

**NOW THEREFORE**, the Parties agree as follows:

The Agreement is hereby renewed and amended on the terms and conditions as set forth in the original Agreement incorporated herein by this reference, except as specifically set forth below.

1. "TERM OF AGREEMENT" Section shall be amended to the following: "The term of this Agreement is from July 1, 2016 through June 30, 2021 unless sooner terminated pursuant to the terms of this Agreement".
2. "PAYMENTS BY NMC" Section shall be amended to the following:  
***The total amount payable by NMC to CONTRACTOR shall not exceed the sum of \$1,080,000."***
3. SCOPE OF SERVICES AND ADDITIONAL PROVISIONS/EXHIBITS" Section shall be amended to the following:

***Exhibit A-1: "Scope of Services/Payment Provisions, Section IV. Pricing/Fees a." shall be amended to Monthly Flat fee \$3,546.40 as per Renewal and amendment No. 1***

***Exhibit A-2: "Scope of Services/Payment Provisions, Section IV. Pricing/Fees a." shall be amended to Monthly Flat fee \$5,933.20 as per Renewal and amendment No. 1***

***Exhibit A-3: "Scope of Services/Payment Provisions, Section IV. Pricing/Fees a." shall be amended to Regulated Medical Waste \$0.27 and Trace Chemotherapy/Pathological Waste \$1.00 as per Renewal and Amendment No. 1***

4. If there is any conflict or inconsistency between the provisions of Agreement, or this Renewal and Amendment No. 1, the provisions of this Renewal and Amendment No. 1 shall govern.
5. This Renewal and Amendment is effective retroactively on July 1, 2019.

IN WITNESS WHEREOF, the Parties hereby execute this Renewal and Amendment No. 1 as follows:

### Board Order

#### Agreement No.: A-13152

Upon motion of Supervisor Potter, seconded by Supervisor Armenta and carried by those members present, the Board of Supervisors hereby:

- a. Authorized the Deputy Purchasing Agent for Natividad Medical Center (NMC) or his designee to execute an Agreement with Stericycle, Inc. for Hazardous Waste Disposal Services for an amount not to exceed \$630,000 with an Agreement term of July 1, 2016 through June 30, 2019; and
- b. Authorized the Deputy Purchasing Agent for NMC or his designee to execute up to two (2) future amendments, each of which extends the term by one (1) additional year and adds ten percent (10%) (\$63,000) of the original cost of the agreement.

PASSED AND ADOPTED on this 7th day of June 2016, by the following vote, to wit:

AYES: Supervisors Armenta, Phillips, Salinas, Parker and Potter

NOES: None

ABSENT: None

I, Gail T. Borkowski, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 79 for the meeting on June 7, 2016.

Dated: June 8, 2016  
File ID: A 16-118

Gail T. Borkowski, Clerk of the Board of Supervisors  
County of Monterey, State of California

By Denise Hancock  
Deputy

**COUNTY OF MONTEREY AGREEMENT FOR GOODS AND/OR SERVICES**  
**INVOLVING HAZARDOUS MATERIALS**

**(Agreements with a total amount over \$100,000 require approval by the County Board of Supervisors)**

This Services Agreement ("Agreement") is made by and between the County of Monterey (hereinafter "the County"), a political subdivision of the State of California, on behalf of Natividad Medical Center (hereinafter "NMC") and:

Stericycle, Inc.

(hereinafter "CONTRACTOR"), collectively referred to as "parties".

In consideration of the mutual covenants and conditions set forth in this Agreement, the parties agree as follows:

1. **SERVICES TO BE PROVIDED.** NMC hereby engages CONTRACTOR to perform, and CONTRACTOR hereby agrees to perform, the services described in **Exhibit A** in conformity with the terms of this Agreement. The goods and/or services are generally described as follows:  
Hazardous waste disposal services including Sharps Disposal Management, Pharmaceutical Waste Disposal, and Regulated Medical Waste Disposal.
2. **HAZARDOUS MATERIALS.** CONTRACTOR shall comply with the Superfund Amendments and Reauthorization Act (SARA) and the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) while performing all services of this Agreement. CONTRACTOR shall be solely responsible for the transportation and disposal or release of any hazardous material. NMC does not take responsibility for the improper packaging and/or transportation of any hazardous materials ordered by NMC while in transit or storage of services performed for this Agreement.
3. **PAYMENTS BY NMC.** NMC shall pay the CONTRACTOR in accordance with the payment provisions set forth in **Exhibit A**, subject to the limitations set forth in this Agreement. The total amount payable by NMC to CONTRACTOR under this Agreement shall not exceed the sum of \$ 630,000.
4. **TERM OF AGREEMENT.**
  - 4.01 The term of this Agreement is from July 1, 2016 to June 30, 2019, unless sooner terminated pursuant to the terms of this Agreement. This Agreement is of no force or effect until signed by both CONTRACTOR and NMC and with NMC signing last, and CONTRACTOR may not commence work before NMC signs this Agreement.
  - 4.02 NMC reserves the right to cancel this AGREEMENT, or any extension of this AGREEMENT, without cause, with a thirty day (30) written notice, or with cause immediately.
  - 4.03 CONTRACTOR must commence negotiations for rate changes a minimum of ninety days (90) prior to the expiration of the AGREEMENT.
  - 4.04 If NMC exercises its option to extend, the parties shall mutually agree upon changes to rates, terms and conditions.

5. **ADDITIONAL PROVISIONS/EXHIBITS.** The following attached exhibits are incorporated herein by reference and constitute a part of this Agreement:

**Exhibit A: Scope of Services/Payment Provisions**

Exhibit A-1: Scope of Services/Payment Provisions for Sharps Disposal Management Services

Exhibit A-2: Scope of Services/Payment Provisions for Pharmaceutical Waste Disposal

Exhibit A-3: Regulated Medical Waste Disposal Scope of Services/Payment Provisions

Exhibit A-4: Stericycle, Inc. Waste Acceptance Policies

6. **PERFORMANCE STANDARDS.**

6.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of NMC nor the County of Monterey, or immediate family of an employee of NMC nor the County of Monterey.

6.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.

6.03 CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use NMC premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

7. **PAYMENT CONDITIONS.**

7.01 Prices shall remain firm for the initial term of the AGREEMENT and, thereafter, may be adjusted annually as provided in this paragraph. NMC does not guarantee any minimum or maximum amount of dollars to be spent under this AGREEMENT.

7.02 Negotiations for rate changes shall be commenced, by CONTRACTOR, a minimum of ninety days (90) prior to the expiration of the AGREEMENT.

7.03 Invoice amounts shall be billed directly to the ordering department.

7.04 CONTRACTOR shall submit such invoice periodically or at the completion of services, but in any event, not later than 30 days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice. NMC shall certify the invoice, either in the requested amount or in such other amount as NMC approves in conformity with this AGREEMENT, and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

8. **INDEMNIFICATION.** CONTRACTOR shall indemnify, defend, and hold harmless NMC and the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying

work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the NMC. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

## 9. INSURANCE.

- 9.01 **Coverage Requirements.** Without limiting its Indemnities, CONTRACTOR will secure and maintain insurance coverage meeting requirements herein. CONTRACTOR may use a combination of primary and excess insurance coverage to satisfy these requirements. If CONTRACTOR fails to fully satisfy the Coverage Requirements set forth herein, CONTRACTOR agrees that it shall be liable for any loss, injury, damage, attorney's fees or defense costs, or expenses, that the County and NMC incurs that would have been insurable under the required coverages, if such coverages were obtained. CONTRACTOR further agrees that any failure of NMC and the County to verify the placement and continued existence of all insurance required herein, or NMC and the County's knowledge that such requirements are not fully satisfied, shall not be considered a waiver of such requirements, or in any way alter CONTRACTOR'S obligations to provide such coverages, unless the Coverage Requirements have been amended in a writing properly executed by both NMC and CONTRACTOR.
- 9.02 CONTRACTOR further agrees that the **General Liability Insurance, Pollution Liability Insurance, and Automobile Liability Insurance** shall each include provisions, either by blanket endorsement(s), or by specific endorsement(s), satisfying the following requirements to be documented:
- 9.02a. "The County of Monterey, and its agents, officers, and employees" shall be an additional insured under an ISO CG 2010 11/85 form, or a functional equivalent;
- 9.02b. All such insurance shall include a waiver of any subrogation rights of that insurer against "The County of Monterey, and its agents, officers, and employees"; and
- 9.02c. All such insurance shall contain provisions that the insurance is primary and non-contributing with any other insurance or self-insurance programs maintained by the "County of Monterey, and its agents, officers, and/or employees".
- 9.03 CONTRACTOR further agrees that the **General Liability Insurance, Pollution Liability Insurance, and Automobile Liability Insurance** required herein shall each include provisions that make the CONTRACTOR responsible for the payment of any deductible or self-insured retention such that "the County of Monterey and its agents, officers, and employees" shall be entitled to a dollar-one defense and indemnity as additional insureds.
- 9.04 In addition, to the extent that **any primary or excess liability policy** issued to CONTRACTOR with limits of liability in excess of the minimum limits stated below provides coverage to an additional insured to the extent required by contract, this contract shall be construed to obligate CONTRACTOR to obtain additional insured protection for the COUNTY under that/those policy(ies).
- 9.05 **General Liability Insurance** written on ISO policy form CG 00 01 (occurrence) or its equivalent (and not CG 00 02 claims made) with limits of not less than the following:

- 9.05a. General Aggregate: \$6 million
- 9.05b. Products/Completion Operations Aggregate: \$6 million
- 9.05c. Personal and Advertising Injury: \$5 million
- 9.05d. Each Occurrence: \$5 million

- 9.06 **Pollution Legal Liability Coverage** shall include any deductible or self-insured retention, covering loss (including cleanup costs) that CONTRACTOR becomes legally obligated to pay as a result of claims for bodily injury, property damage, and cleanup costs (including expenses required by environmental laws or incurred by federal, state, or local governments or third parties) that arise or are alleged to arise from pollution conditions related to CONTRACTOR'S performance of its obligations under this AGREEMENT, including the loading, unloading, or transportation of cargo/waste, and including a defense for all such claims. For the purpose of this subsection, "pollution conditions" includes the dispersal, discharge, release, or escape of any solid, liquid, gaseous or thermal irritant or contaminant (such as smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, medical waste, and waste materials) into or upon land, any structure on land, the atmosphere, or any watercourse or body of water (including groundwater), provided the conditions are not naturally present in the environment in the amounts or concentrations discovered. The liability coverage for pollution must provide contractual liability coverage, by endorsement or schedule, if necessary, for CONTRACTOR'S Indemnities. Coverage shall be with limits of not less than the following: Each Occurrence:....\$50 million.
- 9.07. **Automobile Liability Coverage** written on ISO policy forms CA 00 12 pr CA 00 20 (or their equivalent) shall include any deductibles or self-insured retentions; endorsed to delete the pollution and/or the asbestos exclusion and include pollution liability (using form CA 99 48 or its equivalent) for accidental spills and discharges while transporting and/or processing materials, unless such coverage is otherwise provided under the Pollution Legal Liability Coverage; and covering all Vehicles (any auto). Coverage shall be with limits of not less than the following: Each Accident:....\$10 million.
- 9.08 If CONTRACTOR is subject to federal regulations, CONTRACTOR also will maintain any other coverage necessary to satisfy state or federal financial responsibility requirements.
- 9.09 **Workers' Compensation and Employers' Liability insurance** providing workers' compensation benefits required by the California Labor Code or by any other state labor law, and for which CONTRACTOR is responsible, and Employers' Liability coverage with limits of not less than the following:
- 9.09a. Each accident: \$1 million
  - 9.09b. Disease - policy limit: \$1 million
  - 9.09c. Disease - each employee: \$1 million
- 9.10 **Blanket Crime Coverage** shall cover losses of service charges received from Customers and held by CONTRACTOR prior to remittance of CONTRACTOR payment obligations therefrom to County, with the County to be a Loss Payee under such coverage, to the extent that its interests may appear or be affected. If CONTRACTOR fails to secure and maintain any insurance required by this Agreement, at its sole option the County may secure and maintain that insurance at its expense and CONTRACTOR will pay the County reimbursement costs therefore. This remedy is in addition to the County's right to declare a Default and terminate the Agreement. Coverage shall be with limits of not less than the following: Incidents of Employee Theft:....\$25 million.

## 10. RECORDS AND CONFIDENTIALITY.

10.01 Maintenance of Records. CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three year period, then CONTRACTOR shall retain said records until such action is resolved.

10.02 Access to and Audit of Records. The County and NMC shall have the right to examine, monitor, and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services and their performance under this Agreement during the term of the Agreement and for a period up to three years after the termination or expiration and final payment under the Agreement. Pursuant to Government Code section 8546.7 or otherwise, this Agreement may be subject, at the request of the County, NMC, or as part of any audit of the County, to an examination and audit pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.

11. **NON-DISCRIMINATION.** During the performance of this Agreement, CONTRACTOR, and its subcontractors, shall not unlawfully discriminate against any person because of race, religious creed, color, sex, national origin, ancestry, physical disability, mental disability, medical condition, marital status, age (over 40), or sexual orientation, either in CONTRACTOR's employment practices or in the furnishing of services to recipients. CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

12. **INDEPENDENT CONTRACTOR.** In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is at all times acting and performing as an independent contractor and not as an employee of the County including NMC. No offer or obligation of permanent employment with the County, NMC or particular County department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from NMC any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. In connection therewith, CONTRACTOR shall defend, indemnify, and hold the the County including NMC harmless from any and all liability which County and NMC may incur because of CONTRACTOR's failure to pay such taxes.

13. **NOTICES.** Notices required under this Agreement shall be delivered personally or by first-class, postage pre-paid mail to NMC and CONTRACTOR'S contract administrators at the addresses listed below:

**14. MISCELLANEOUS PROVISIONS.**

- 14.01 Conflict of Interest. CONTRACTOR represents that it presently has no interest and agrees not to acquire any interest during the term of this Agreement, which would directly, or indirectly conflict in any manner or to any degree with the full and complete performance of the professional services required to be rendered under this Agreement.
- 14.02 Amendment. This Agreement may be amended or modified only by an instrument in writing signed by NMC and the CONTRACTOR.
- 14.03 Contractor. The term "CONTRACTOR" as used in this Agreement includes CONTRACTOR's officers, agents, and employees acting on CONTRACTOR's behalf in the performance of this Agreement.
- 14.04 Disputes. CONTRACTOR shall continue to perform under this Agreement during any dispute.
- 14.05 Assignment and Subcontracting. The CONTRACTOR shall not assign, sell, or otherwise transfer its interest or obligations in this Agreement without the prior written consent of NMC. None of the services covered by this Agreement shall be subcontracted without the prior written approval of NMC. Notwithstanding any such subcontract, CONTRACTOR shall continue to be liable for the performance of all requirements of this Agreement.
- 14.06 Successors and Assigns. This Agreement and the rights, privileges, duties, and obligations of NMC and CONTRACTOR under this Agreement, to the extent assignable or delegable, shall be binding upon and inure to the benefit of the parties and their respective successors, permitted assigns, and heirs.
- 14.07 Compliance with Applicable Law. The parties shall comply with all applicable federal, state, and local laws and regulations in performing this Agreement.
- 14.08 Headings. The headings are for convenience only and shall not be used to interpret the terms of this Agreement.
- 14.09 Time is of the Essence. Time is of the essence in each and all of the provisions of this Agreement.

- 14.10 Governing Law. This Agreement shall be governed by and interpreted under the laws of the State of California with venue and jurisdiction being the County of Monterey.
- 14.11 Non-exclusive Agreement. This Agreement is non-exclusive and both NMC and CONTRACTOR expressly reserve the right to contract with other entities for the same or similar services.
- 14.12 Construction of Agreement. NMC and CONTRACTOR agree that each party has fully participated in the review and revision of this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in the interpretation of this Agreement or any amendment to this Agreement.
- 14.13 Authority. Any individual executing this Agreement on behalf of NMC or the CONTRACTOR represents and warrants hereby that he or she has the requisite authority to enter into this Agreement on behalf of such party and bind the party to the terms and conditions of this Agreement.
- 14.14 Integration. This Agreement, including the exhibits, represent the entire Agreement between NMC and the CONTRACTOR with respect to the subject matter of this Agreement and shall supersede all prior negotiations, representations, or agreements, either written or oral, between NMC and the CONTRACTOR as of the effective date of this Agreement, which is the date that NMC signs the Agreement.
- 14.15 Interpretation of Conflicting Provisions. In the event of any conflict or inconsistency between the provisions of this Agreement and the Provisions of any exhibit or other attachment to this Agreement, the provisions of this Agreement shall prevail and control.
- 14.16 Severability. If any provision or any portion of any provision of this Agreement becomes invalid, illegal, or unenforceable, the remaining provisions or portions of any provisions shall be valid and enforceable to the extent possible.

IN WITNESS WHEREOF, NMC and CONTRACTOR have executed this Agreement as of the day and year written below.

## EXHIBIT A: Scope of Services/Payment Provisions

To Agreement by and between  
THE COUNTY OF MONTEREY ON BEHALF OF NATIVIDAD MEDICAL CENTER, hereinafter referred  
to as "NMC"  
AND  
STERICYCLE, INC., hereinafter referred to as "CONTRACTOR"

### **I. Description of All Services to be Rendered by CONTRACTOR:**

CONTRACTOR shall manage NMC's wastes (excluding pharmaceutical wastes) that are hazardous, non-hazardous and/or universal wastes. CONTRACTOR shall provide services related to the management of wastes as identified in Exhibit A-1, A-2 and A-3 in accordance with the waste disposal policies identified in Exhibit A-4.

### **II. CONTRACTOR Obligations:**

- a. CONTRACTOR shall be authorized to do business in California and shall be properly licensed by the applicable governmental authorities to perform the services.
- b. CONTRACTOR shall store, handle and transport NMC's conforming waste in compliance with applicable laws of the jurisdictions in which CONTRACTOR performs services under this Agreement.
- c. CONTRACTOR shall ensure that all vehicles, vessels, waste containers, and personnel provided by CONTRACTOR shall have the permits, licenses, certificates, and approvals required to comply with applicable law.
- d. CONTRACTOR shall ensure that any facility owned or operated by CONTRACTOR or their affiliates that are used for the temporary storage, transfer or disposal of conforming waste under this agreement will hold all permits licenses, certificates or approvals required by applicable laws.

### **III. NMC Obligations:**

- a. NMC shall ensure that any waste tendered to CONTRACTOR will conform fully with the applicable Waste Characterization Data for that waste. NMC shall label the waste in conformance with applicable laws and so as to communicate contents to CONTRACTOR and be segregated from other wastes.
- b. NMC shall provide CONTRACTOR with complete and accurate Profile Sheet(s), Waste Characterization Form(s) and other Waste Characterization Data to assure accurate Waste Characterizations. NMC shall provide to CONTRACTOR only fully Conforming Waste and follow all applicable laws in storing, handling, treating, segregating, labelling, securing, manifesting, and inspecting such Waste and in preparing and maintaining records relating to that Waste. NMC shall comply with CONTRACTOR's Waste Acceptance Policies as described in Exhibit A-4.
- c. NMC shall provide CONTRACTOR with advance notice of any changes in the ingredients of, character of, substances contained in or processes involved in generating any waster for which services are performed. NMC shall conduct a new Waste Characterization and provide CONTRACTOR with a revised Waste Characterization Data before tendering Waste to CONTRACTOR for services.

Service Adjustment 2	4% or CPI	24

**b. Per Invoice Energy Charge:**

CONTRACTOR shall use an index-based surcharge that is adjusted monthly. Changes to the surcharge will be effective the first business day of each month. The surcharge will be based on the National U.S. Average 'On Highway' Diesel Fuel Price reported by the U.S. Department of Energy for the prior month to the adjustment.

The prices on these indexes are published by the U.S. Department of Energy and CONTRACTOR is not responsible for the information provided:

<b>Stericycle Energy Charge Table (prices per gallon)</b>		
<i>At Least</i>	<i>But Less Than</i>	<i>Surcharge</i>
0	\$2.75	5.8%
\$2.76	\$3.00	6.3%
\$3.01	\$3.25	6.9%
\$3.26	\$3.50	7.4%
\$3.51	\$3.75	7.9%
\$3.76	\$4.00	8.5%
\$4.01	\$4.25	9.0%
\$4.26	\$4.50	9.6%
\$4.51	\$4.75	10.1%
\$4.76	\$5.00	10.7%
\$5.01	\$5.25	11.2%
\$5.26	\$5.50	11.7%
\$5.51	\$5.75	12.3%
\$5.76	\$6.00	12.8%

Table will continue using the same methodology as illustrated above for Diesel prices in excess of \$6.01 CONTRACTOR reserves the right to update or modify the fuel table without prior notice to NMC.

- c. Travel expenses will not be reimbursed under this agreement.
- d. CONTRACTOR warrants that the cost charged for services under the terms of this contract are not in excess of those charged any other client for the same services performed by the same individuals.
- e. Payment may be based upon satisfactory acceptance of each deliverable, payment after completion of each major part of the Agreement, payment at conclusion of the Agreement, etc.
- f. County may, in its sole discretion, terminate the contract or withhold payments claimed by CONTRACTOR for services rendered if CONTRACTOR fails to satisfactorily comply with any term or condition of this Agreement.
- g. No payments in advance or in anticipation of services or supplies to be provided under this Agreement shall be made by County.

EXHIBIT A-1:  
Scope of Services/Payment Provisions for  
Sharps Disposal Management Services

To Agreement by and between  
THE COUNTY OF MONTEREY ON BEHALF OF NATIVIDAD MEDICAL CENTER,  
hereinafter referred to as "NMC"

AND

STERICYCLE, INC., hereinafter referred to as "CONTRACTOR"

**I. Description of All Services to be Rendered by CONTRACTOR:**

CONTRACTOR shall provide NMC with Sharps Disposal Management services that include comprehensive proactive sharps disposal with reusable containers.

**II. CONTRACTOR Obligations:**

- a. CONTRACTOR shall supply NMC with Sharps Management Services during the term of this Agreement. CONTRACTOR shall furnish NMC "Sharps Management Services," hereinafter defined as scheduled collection and disposal of Sharps Waste from the premises. The term "Sharps Waste" as used herein is defined, for the most part, in the context of existing federal and state regulations governing the management of "Regulated Medical Waste" (RMW). Specifically, for the purpose of this Agreement, "Sharps Waste" as defined by the Federal US Department of Transportation (DOT), as: §173.134 (a) Sharps means any object contaminated with a pathogen or that may become contaminated with a pathogen through handling or during transportation and also capable of cutting or penetrating skin or a packaging material. Sharps include needles, syringes, scalpels, broken glass, culture slides, culture dishes, broken capillary tubes, broken rigid plastic, and exposed ends of dental wires.
- b. Title to Sharps Waste and other Regulated Medical Waste (other than Non-Conforming Waste) shall transfer to and vest in CONTRACTOR at such time as such waste is loaded onto CONTRACTOR's vehicles. NMC shall have title to the Sharps Waste and other Regulated Medical Waste at all prior times. NMC shall hold title to any Non-Conforming Waste at all times, whether refused for collection, returned to NMC for proper disposal after collection or otherwise disposed of in accordance with NMC's instructions or arrangements.
- c. In the event that CONTRACTOR suspends services under this Agreement for any reason, including the expiration or termination of this Agreement or NMC's breach, CONTRACTOR may remove all containers belonging to it from NMC's premises. CONTRACTOR may bill additional charges for each non-compliant container provided by NMC. Non-compliant containers subject to additional charges include, but are not limited to containers that are overweight under applicable laws, rules or regulations; those containers exceeding 50 lbs; containers holding non-conforming waste; and containers where the waste is improperly segregated or packaged.

- d. CONTRACTOR shall comply with applicable state law and local regulations where service is to be performed, and to otherwise comply with all federal and state laws, rules and regulations applicable thereto and relating to its performance hereunder.
- e. CONTRACTOR shall have all necessary permits, licenses, zoning and other federal, state, or location authorizations required to perform the services under this Agreement such as California Transporter Permit, Medical Waste Treatment Facility and Transfer Station Permit, and Title V Operating Permit, and will furnish copies of these to NMC upon request.
- f. CONTRACTOR shall ensure that all personnel providing services under this agreement are employees of the CONTRACTOR. CONTRACTOR shall ensure that each employee has been trained in the performance of Sharps Management Services in accordance with applicable federal, state and local regulations and has met CONTRACTOR's strict hiring policies, including drug screening and background checks. NMC shall provide any additional site-specific training applicable to the Customer Premises.
- g. CONTRACTOR shall ensure all containers and other equipment furnished by CONTRACTOR to NMC ("Sharps Equipment") are provided pursuant to a License as more fully described below:
  - (i.) License Grant. CONTRACTOR grants to NMC, as Licensee, under intellectual and personal property rights, and Licensee hereby accepts, a non-exclusive, non-transferable, revocable, non-sublicenseable right and license, during the Term and subject to payment of the applicable Fees, to use the CONTRACTOR's equipment solely and exclusively for the purpose of Sharps Management Services on the Premises.
  - (ii.) Terms and Restriction of Use. The Licensee is permitted to use the Sharps Equipment exclusively in conjunction with Stericycle Sharps Management Services. Licensee may not, directly or indirectly, allow any other person to use or access the Sharps Equipment, and may not, directly or indirectly, use or permit the use of Sharps Equipment for any purpose other than Stericycle Sharps Management Services. Without limiting the foregoing, Licensee is expressly prohibited from selling, renting, sublicensing, leasing or otherwise making available the Sharps Equipment for any purpose including but not limited to, reverse engineering, disassembling, or outsourcing for the benefit of any third parties, except to the extent otherwise expressly permitted by applicable law; or
  - (iii.) Notices of Unauthorized Use or Alleged Infringement. Licensee agrees to notify CONTRACTOR immediately if it becomes aware of any unauthorized use or disclosure of the Sharps Equipment or if it becomes aware of any alleged facts that, if true, would support a claim that a third party is infringing the rights of Stericycle in the Sharps Equipment. Licensee will advise Stericycle of the specific details of the unauthorized use or infringement claim.

(iv.) Reservation of Rights. Any use of the Sharps Equipment not specifically permitted by this Section is expressly prohibited. All rights not expressly granted hereunder by CONTRACTOR are expressly reserved by CONTRACTOR or its licensors, and no other license or right is granted to Licensee by implication, estoppel or otherwise.

**III. NMC Obligations:**

- a. NMC shall only place Sharps Waste in the containers. NMC will make the containers accessible for pick up on the pick-up dates and in the locations specified or agreed. Sharps Waste does not include any hazardous or radioactive waste, cytotoxic drugs or antineoplastic agents, bulk blood or liquid or any waste or other material not falling within the definition of regulation medical waste to the extent such regulations specify Sharps Waste "Non-Conforming.
- b. NMC shall return all special function items including Funnel Tops, Traps, and Floor Dollies that CONTRACTOR had supplied as needed. NMC will be responsible for all replacement charges for equipment not returned to CONTRACTOR in usable condition upon expiration or termination of this Agreement or for replacement of equipment destroyed, damaged or discarded by NMC during any Term of this Agreement.

#### IV. Pricing/Fees

##### a. Sharps Pricing and Fees

Hospital Price Structure	6022633-007 BIO/Natividad Med Ctr Hospital 1441 Constitution Blvd, Salinas, CA, 93906 Weekly (x3)	
	Recurring Rate Type	Effective Rate
	Monthly Fee	3,374.00
	Record Retention	8.29
	California AB 1807	.0127
		Unit of Measure
		Per Month
		Per Shipping Document
		Per lb

- b. CONTRACTOR and NMC recognize that during the Thirty (30) Days day period, the "Adjustment Period" following installation the number of containers on the Premises or volume of containers at various locations may need modification due to a variety of factors. CONTRACTOR fees may be increased or decreased in the event container locations and volumes vary by more than 3% from the facility survey conducted outlined. This increase or decrease in the monthly fee during the Adjustment Period may occur without amending this Agreement.

After the Adjustment Period additional container locations or volumes added to NMC Premises will result in increased monthly Service Fees of \$10 for each two (2), three (3) or four (4) gallon container, \$12 for each eight (8) gallon container and \$24 for each seventeen (17) gallon container. Additional containers must be authorized by an NMC authorized representative. CONTRACTOR shall provide and collect reusable Sharps Waste containers at NMC's facility Weekly times per week. CONTRACTOR will transport, treat and dispose of all Sharps Waste generated by NMC.

- b. CONTRACTOR may impose a surcharge in the event that CONTRACTOR attempts to pick up waste at NMC (on either a scheduled pick-up or in response to NMC's request) and, through no fault of CONTRACTOR, either (a) there is no Regulated Medical Waste for pick-up, (b) waste is not ready for pick-up or (c) NMC location is closed.
- c. Excess waste volumes significantly greater than the average volume for similar generators or exceeding the maximum allowable containers shall be subject to a surcharge at the current surcharge container rate. CONTRACTOR will impose this surcharge to deter abuse, including but not limited to, solid waste disposed in the medical waste stream, or NMC consolidation of the waste of several generators under one site.

- d. Travel expenses will not be reimbursed under this agreement.
- e. CONTRACTOR warrants that the cost charged for services under the terms of this contract are not in excess of those charged any other client for the same services performed by the same individuals.
- f. Payment may be based upon satisfactory acceptance of each deliverable, payment after completion of each major part of the Agreement, payment at conclusion of the Agreement, etc.
- g. County may, in its sole discretion, terminate the contract or withhold payments claimed by CONTRACTOR for services rendered if CONTRACTOR fails to satisfactorily comply with any term or condition of this Agreement.
- h. No payments in advance or in anticipation of services or supplies to be provided under this Agreement shall be made by County.

**EXHIBIT A-2:**  
**Scope of Services/Payment Provisions for**  
**Pharmaceutical Waste Disposal Services**

To Agreement by and between  
THE COUNTY OF MONTEREY ON BEHALF OF NATIVIDAD MEDICAL CENTER,  
hereinafter referred to as "NMC"  
AND  
STERICYCLE, INC., hereinafter referred to as "CONTRACTOR"

**I. Description of All Services to be Rendered by CONTRACTOR:**

CONTRACTOR shall provide NMC with Pharmaceutical Waste Disposal services that characterize, segregate, transport and properly dispose of pharmaceutical waste.

**II. CONTRACTOR Obligations:**

- a. CONTRACTOR shall provide NMC with information necessary to be compliant with Federal Environmental Protection Agency (EPA)/Resource Conservation and Recovery Act (RCRA) and Department of Transportation (DOT) regulations concerning identification, sorting, packaging, labeling, and documentation of RCRA hazardous and non-RCRA hazardous pharmaceutical waste.
- b. CONTRACTOR shall utilize their proprietary database – based on National Drug Codes (NDC numbers) to characterize NMC pharmaceutical formulary to identify EPA/RCRA defined hazardous materials, United States DOT waste class per NDC numbered pharmaceutical, and industry designation dangerous and hazardous pharmaceuticals. CONTRACTOR shall provide pharmaceutical waste characterization data to NMC in electronic format.
- c. CONTRACTOR shall research and analyze NDC's in NMC formulary that are not found in CONTRACTOR's database such as items not identified by NDC number, identified by NMC designated NDC number, or compounded drugs in order to complete the waste characterizations.
- d. CONTRACTOR shall assist NMC in designing program elements needed for an effective Rx Waste Compliance Program to include program design, implementation, and training.
- e. CONTRACTOR shall assist in establishing internal labeling system for pharmaceuticals dispensed from the pharmacy in order to allow NMC staff to properly identify waste streams.
- f. CONTRACTOR shall evaluate NMC's current hazardous waste storage area and make recommendations on the space requirements, material flow, and necessary

equipment to establish a central hazardous waste accumulation area appropriate for NMC's Rx Waste Compliance needs.

- g. CONTRACTOR shall identify satellite accumulation areas and make recommendations on the container system to be used in the satellite accumulation areas. Container system is designed to work with the internal labeling system for pharmaceutical dispensed from NMC's pharmacy to make it simple for clinicians to follow and be in compliance.
- h. CONTRACTOR shall assist NMC in developing and implementing the internal logistics system for satellite container supply, transfer, and storage.
- i. CONTRACTOR shall set-up satellite accumulation areas, points of collection including placement of accumulation containers and instructional materials.
- j. CONTRACTOR shall provide NMC with Rx Waste Compliance Program training materials used during the implementation to include Clinicians & EVS PowerPoint training presentations, Q&A Sheet and Competency Quiz, Disposal Guidelines Poster.
- k. CONTRACTOR shall provide onsite pharmaceutical waste packing and labeling services by a Field Technician trained in proper handling and safety procedures.
- l. CONTRACTOR shall provide transportation and disposal services to include manifested pickup of hazardous pharmaceutical waste for NMC sites, documented pickup of non-hazardous pharmaceutical waste from NMC sites, DOT waste disposal containers with labeling, and transport to a regulated destruction facility for disposal. DOT compliant waste disposal containers are used for segregation, transport and disposal of pharmaceutical waste from NMC's designated hazardous waste accumulation areas.
- m. CONTRACTOR shall provide NMC with initial supply of DOT waste disposal containers based upon the number and type of DOT waste streams identified as a function of the initial Rx Formulary Waste Characterizations and DOT Waste Stream Analysis.
- n. CONTRACTOR shall provide NMC with characterization report updates each time a characterization is completed. The characterization report updates will be provided to NMC in electronic format.
- o. CONTRACTOR shall keep NMC up-to-date with regulations, training and program performance through CONTRACTOR'S After Care program. After Care shall consist of on-going, hospital-wide service reviews by CONTRACTOR's trained Healthcare Compliance Specialists.

- p. CONTRACTOR shall provide NMC with assistance in improving any deficiencies found in the After Care performance and compliance review to include a review of the Satellite and Central Accumulation Areas and waste disposal and segregation practices.
- q. CONTRACTOR shall provide NMC with annual training of regulatory updates and review.
- r. CONTRACTOR shall, at the request of NMC, provide additional consulting and training services with applicable fee.
- s. In the event that CONTRACTOR suspends services under this Agreement for any reason, including the expiration or termination of this Agreement or NMC's breach, CONTRACTOR may remove all containers belonging to it from NMC's premises. CONTRACTOR may bill additional charges for each non-compliant container provided by NMC. Non-compliant containers subject to additional charges include, but are not limited to containers that are overweight under applicable laws, rules or regulations; those containers exceeding 50 lbs; containers holding non-conforming waste; and containers where the waste is improperly segregated or packaged.
- t. CONTRACTOR shall comply with applicable state law and local regulations where service is to be performed, and to otherwise comply with all federal and state laws, rules and regulations applicable thereto and relating to its performance hereunder.
- u. CONTRACTOR shall have all necessary permits, licenses, zoning and other federal, state, or location authorizations required to perform the services under this Agreement and will furnish copies of these to NMC upon request.

### **III. NMC Obligations**

- a. NMC shall be solely responsible for segregating non-hazardous waste, hazardous waste, and incompatible hazardous waste.
- b. NMC shall submit NDC's and drug information for new or added pharmaceuticals to CONTRACTOR for waste characterization to allow CONTRACTOR to keep NMC's formulary waste characterization current.
- c. NMC training staff shall attend the annual training class provided by CONTRACTOR.

#### IV. Pricing/Fees

##### a. Pharmaceutical Pricing/Fees

Recurring Rate Type	Effective Rate	Unit of Measure
Monthly Flat Fee	5,705.00	Per Month
Record Retention	8.29	Per Shipping Document

##### b. Monthly Flat Fee Pricing Includes:

- i. Waste Characterization: Characterize the Formulary and provide and electronic copy per hospital
- ii. Program Design & Start-up: Consultation on Central Accumulation Area (hazardous waste storage area), Container Placement, and Internal Logistics.
- iii. Training: Pharmacy, Nursing, and EVS staff (20 hours and electronic files that can be loaded on training system)
- iv. On-going characterization: Characterize new NDCs as they are added to the formulary
- v. After Care: On-going, scheduled, hospital-wide program performance reviews.
- vi. After Care annual training and audit: Annual Training to cover new regulations and refresher on current regulations. Regulatory Audit to review accumulation areas, paperwork, segregation and disposal practices.

- c. Internal Container Transport \*\*only for existing Bio customers\*\* Included  
Transport of containers from Satellite Accumulation areas to Central Accumulation areas.

- d. Packing Fee Included

- e. Disposal Fees  
Annual monthly fee is based on hospital staff segregating non-hazardous from hazardous waste. The hospital annual fee will be analyzed each year and no fee adjustment will be made if the hospital does not exceed hazardous waste set limits. The limits are shown below and the amount charged per unit if limits are exceeded.

- f. Container adjustment period  
CONTRACTOR and NMC recognize that during the thirty (30) day period, the "Adjustment Period" following installation the number of containers on the Premises or volume of containers at various locations may need modification due to a variety of factors. Stericycle fees may be increased or decreased in the event container locations and volumes vary by more than 3% from the facility survey conducted. This increase or decrease in the monthly fee during the Adjustment Period may occur without amending this Agreement.

After the Adjustment Period additional container locations or volumes added to the CUSTOMER Premises will result in increased monthly Service Fees of \$18.00 for each two (2), three (3) or four (4) gallon container, \$27.00 for each eight (8) gallon container and \$34.00 for each seventeen (17) gallon container.

Internal Transport Fee	\$ Included
Packing Fee	\$ Included
Non-hazardous Waste Disposal & Transportation	\$ Included
Hazardous Waste Disposal	\$ Included*
Dual Waste Disposal	\$ Included
Hazardous Transportation	\$ Included
Containers/	\$ Included

- g. Optional Services
- |  |                |
|--|----------------|
| Characterization of Clinical Study Drugs | \$500.00 each  |
| Additional Training                      | \$150 per hour |
| Unscheduled Stop Charge                  | \$204 per stop |
| Zip lock Baggies 1 Qt(500)               | \$58.32        |
| Zip lock Baggies 1 gallon(250)           | \$52.48        |

- h. Energy Charge  
CONTRACTOR uses an index-based surcharge that is adjusted monthly. Changes to the surcharge will be effective the first business day of each month. The surcharge will be based on the National U.S. Average 'On Highway' Diesel Fuel

Price reported by the U.S. Department of Energy for the prior month to the adjustment.

The prices on these indexes are published by the U.S. Dept. of Energy and Stericycle is not responsible for the information provided.

<b>Stericycle Energy Charge Table</b>		
<b>At Least</b> (price per gallon)	<b>But Less Than</b> (price per gallon)	<b>Surcharge</b> (% of Invoice)
0	\$2.75	5.80%
\$2.76	\$3.00	6.30%
\$3.01	\$3.25	6.90%
\$3.26	\$3.50	7.40%
\$3.51	\$3.75	7.90%
\$3.76	\$4.00	8.50%
\$4.01	\$4.25	9.00%
\$4.26	\$4.50	9.60%
\$4.51	\$4.75	10.10%
\$4.76	\$5.00	10.70%
\$5.01	\$5.25	11.20%
\$5.26	\$5.50	11.70%
\$5.51	\$5.75	12.30%
\$5.76	\$6.00	12.80%

If the diesel rate rises above \$6.00, the 12.80% surcharge will be increased by 0.6% for every \$0.25 increase in the diesel rate. CONTRACTOR reserves the right to update or modify the fuel table without prior notice.

- i. CONTRACTOR will charge labor costs for research and analysis activities performed to identify NDC's in NMC formulary that are not in CONTRACTOR's database.
- j. CONTRACTOR may impose a surcharge in the event that CONTRACTOR attempts to pick up waste at NMC (on either a scheduled pick-up or in response to NMC's request) and, through no fault of CONTRACTOR, either (a) there is no Regulated Medical Waste for pick-up, (b) waste is not ready for pick-up or (c) NMC location is closed.
- k. Excess waste volumes significantly greater than the average volume for similar generators or exceeding the maximum allowable containers shall be subject to a surcharge at the current surcharge container rate. CONTRACTOR will impose this surcharge to deter abuse, including but not limited to, solid waste disposed in the

medical waste stream, or NMC consolidation of the waste of several generators under one site.

- l. Travel expenses will not be reimbursed under this agreement.
- m. CONTRACTOR warrants that the cost charged for services under the terms of this contract are not in excess of those charged any other client for the same services performed by the same individuals.
- n. Payment may be based upon satisfactory acceptance of each deliverable, payment after completion of each major part of the Agreement, payment at conclusion of the Agreement, etc.
- o. County may, in its sole discretion, terminate the contract or withhold payments claimed by CONTRACTOR for services rendered if CONTRACTOR fails to satisfactorily comply with any term or condition of this Agreement.
- p. No payments in advance or in anticipation of services or supplies to be provided under this Agreement shall be made by County.

EXHIBIT A-3:  
Scope of Services/Payment Provisions for  
Regulated Medical Waste Disposal

To Agreement by and between  
THE COUNTY OF MONTEREY ON BEHALF OF NATIVIDAD MEDICAL CENTER,  
hereinafter referred to as "NMC"  
AND  
STERICYCLE, INC., hereinafter referred to as "CONTRACTOR"

**I. Description of All Services to be Rendered by CONTRACTOR:**

CONTRACTOR shall provide NMC with Regulated Medical Waste Disposal of all Regulated Medical Waste (except Non-confirming Waste).

**II. CONTRACTOR Obligations:**

- a. CONTRACTOR shall collect, transport, treat and dispose of all Regulated Medical Waste (except Non-confirming Waste) generated by NMC on a regularly scheduled basis during the term of this Agreement.
- b. CONTRACTOR shall identify "Non-Conforming Waste" as: (i) any waste or other material not falling within the definition of Regulated Medical Waste, and includes complete human remains ; (ii) radioactive wastes; (iii) any listed or characteristic hazardous wastes, chemotherapeutic hazardous waste and substances as defined in any applicable laws, regulations and guidelines; (iv) pharmaceutical waste (except as allowed under Stericycle's waste acceptance policy); (v) any device, solution or waste containing mercury including dental wastes (amalgam and products, chairside traps, amalgam sludge or vacuum pumps); (vi) improperly segregated, labeled or packaged waste, including sharps not in designated sharp containers; (vii) containers that are leaking, damaged or likely to create risk of exposure to employees or the general public; and (viii) any other material which Stericycle may not collect, transport, treat or dispose in accordance with applicable laws, regulations or guidelines.
- c. CONTRACTOR's employees shall refuse containers that are determined to be non-confirming waste as identified in the Waste Acceptance Policy (WAP) in Exhibit A-4 to this Agreement.
- d. CONTRACTOR shall reserve the right to change the WAP at any time to ensure compliance with applicable laws or regulations and provide current WAP to NMC upon NMC's request.
- e. CONTRACTOR shall hold title to Regulated Medical Waste (other than non-confirming waste) at such time as the waste is loaded onto CONTRACTOR's vehicles.

- f. In the event of expiration or termination of this Agreement, CONTRACTOR may remove all containers belonging to it from NMC's premises.
- g. CONTRACTOR shall comply with applicable state law and local regulations where service is to be performed, and to otherwise comply with all federal and state laws, rules and regulations applicable thereto and relating to its performance hereunder.
- h. CONTRACTOR shall have all necessary permits, licenses, zoning and other federal, state, or location authorizations required to perform the services under this Agreement and will furnish copies of these to NMC upon request.

### III. NMC Obligations

- a. NMC shall only use containers and label approved by CONTRACTOR and shall place in such containers only "Regulated Medical Waste" as defined by 49 CFR 173.134 or by any other federal, state and local regulations.
- b. NMC warrants that the waste presented for disposal will not contain any "hazardous", "toxic", or "radioactive" wastes as defined by all applicable laws or regulations.
- c. NMC shall hold title to any non-conforming waste at all times, whether refused for collection, returned to NMC for proper disposal after collection or otherwise disposed of in accordance with NMC instructions or arrangements.

### IV. Pricing/Fees

- a. Regulated Medical Waste Disposal Pricing/Fees

Hospital Price Structure	6022633-006 Natividad Medical Center Hospital 1441 Constitution Blvd, Salinas, CA, 93906 Weekly (x5)	
Recurring Rate Type	Effective Rate	Unit of Measure
Regulated Medical Waste	0.260	Per lb
Trace Chemotherapy/Pathological Waste	0.963	Per lb
Record Retention	8.29	Per Shipping Document
California AB 1807	.0127	Per lb

CONTRACTOR reserves the right to charge for a minimum container weight for each container type collected per stop at NMC's site. The minimum weight is determined to be 65% of a containers gallon capacity. CONTRACTOR will assign a minimum weight per each container type which equates to 1 lb per each gallon of capacity (e.g., a 30 gallon container has a minimum weight of 19.5lbs). If the average weight of each type of container collected does not meet the average minimum weight in the aggregate for those containers, CONTRACTOR will charge the current per lb rate to the minimum weight to calculate the container price.

b. **Energy Charge**

CONTRACTOR uses an index-based surcharge that is adjusted monthly. Changes to the surcharge will be effective the first business day of each month. The surcharge will be based on the National U.S. Average 'On Highway' Diesel Fuel Price reported by the U.S. Department of Energy for the prior month to the adjustment. The prices on these indexes are published by the U.S. Dept. of Energy and CONTRACTOR is not responsible for the information provided.

<b>Stericycle Energy Charge Table</b>		
<b>At Least (price per gallon)</b>	<b>But Less Than (price per gallon)</b>	<b>Surcharge (% of Invoice)</b>
0	\$2.75	5.80%
\$2.76	\$3.00	6.30%
\$3.01	\$3.25	6.90%
\$3.26	\$3.50	7.40%
\$3.51	\$3.75	7.90%
\$3.76	\$4.00	8.50%
\$4.01	\$4.25	9.00%
\$4.26	\$4.50	9.60%
\$4.51	\$4.75	10.10%
\$4.76	\$5.00	10.70%
\$5.01	\$5.25	11.20%
\$5.26	\$5.50	11.70%
\$5.51	\$5.75	12.30%
\$5.76	\$6.00	12.80%

If the diesel rate rises above \$6.00, the 12.80% surcharge will be increased by 0.6% for every \$0.25 increase in the diesel rate. CONTRACTOR reserves the right to update or modify the fuel table without prior notice.

- c. CONTRACTOR may impose a surcharge in the event that CONTRACTOR attempts to pick up waste at NMC (on either a scheduled pick-up or in response to NMC's request) and, through no fault of CONTRACTOR, either there is no Regulated Medical Waste for pick-up, waste is not ready for pick-up or NMC location is closed.
- d. Excess waste volumes significantly greater than the average volume for similar generators or exceeding the maximum allowable containers shall be subject to a surcharge at the current surcharge container rate. CONTRACTOR will impose this surcharge to deter abuse, including but not limited to, solid waste disposed in the medical waste stream, or NMC consolidation of the waste of several generators under one site.

- e. Travel expenses will not be reimbursed under this agreement.
- f. CONTRACTOR warrants that the cost charged for services under the terms of this contract are not in excess of those charged any other client for the same services performed by the same individuals.
- g. Payment may be based upon satisfactory acceptance of each deliverable, payment after completion of each major part of the Agreement, payment at conclusion of the Agreement, etc.
- h. County may, in its sole discretion, terminate the contract or withhold payments claimed by CONTRACTOR for services rendered if CONTRACTOR fails to satisfactorily comply with any term or condition of this Agreement.
- i. No payments in advance or in anticipation of services or supplies to be provided under this Agreement shall be made by County.

## EXHIBIT A-4: Stericycle, Inc. Waste Acceptance Policies

To Agreement by and between  
THE COUNTY OF MONTEREY ON BEHALF OF NATIVIDAD MEDICAL CENTER, hereinafter referred  
to as “NMC”  
AND  
STERICYCLE, INC., hereinafter referred to as “CONTRACTOR”

### REGULATED MEDICAL WASTE ACCEPTANCE POLICY

Stericycle policy requires compliance with all applicable regulations regarding the collection, transportation and treatment of regulated medical waste. Federal Department of Transportation (DOT) Regulations require the generator of regulated medical waste to certify that the packaging and documentation of transported regulated medical waste complies with DOT regulations regarding waste classification, packaging, labeling and shipping documentation. To ensure that neither Stericycle nor the generator of regulated medical waste violates applicable regulations, it is imperative that all parties understand the rules regarding proper identification, classification, segregation and packaging of regulated medical waste. The purpose of this policy is to summarize the minimum requirements for preparing your medical waste for collection, transportation and treatment. Additional facility or state-specific waste acceptance policies may apply based on permit specifications. Please contact your local representative for further information. You may also call (866) 338-5120.

#### REGULATED MEDICAL WASTE

Stericycle accepts medical waste generated in a broad range of medical, diagnostic, therapeutic and research activities. The term "medical waste" includes biohazardous, biomedical, infectious or regulated medical waste as defined under federal, state or local laws, rules, regulations and guidelines. Except as defined by specific state regulations, this **excludes** RCRA hazardous waste pharmaceuticals, all DEA scheduled drugs including controlled substances, bulk chemotherapy, waste containing mercury or other heavy metals, batteries of any type, cauterizers, non-infectious dental waste, chemicals such as solvents, reagents, corrosives or ignitable materials classified as hazardous waste under Federal and State EPA Regulations. In addition, Stericycle **cannot accept** bulk liquids, radioactive materials, or complete human remains (including heads, full torsos and fetuses). Stericycle **cannot accept** these excluded materials packaged as regulated medical waste. All lab wastes or materials which contain or have the potential to contain infectious substances arising from those agents listed under 42 CFR 72.3 are strictly prohibited from medical waste by federal law and must be pretreated prior to disposal. Separate protocol and packaging requirements apply for the disposal of non-hazardous pharmaceuticals. Hazardous waste transportation services may be offered in certain geographical locations, under separate contract. Please contact your local representative for details and packaging specifications.

*\* Un-dispersed from DEA Registrant*

#### WASTE SEGREGATION AND PACKAGING

The generator is solely responsible for properly segregating, packaging and labeling of regulated medical waste. Proper segregation and packaging reduces the potential for accidental release of the contents and exposure to employees and the general public. DOT regulations require (49 CFR 173.197) that all packages of regulated medical waste be prepared for transport in containers meeting the following requirements: 1) rigid, 2) leak resistant, 3) impervious to moisture, 4) of sufficient strength to prevent tearing or bursting under normal conditions of use and handling, 5) sealed to prevent leakage during transport, and 6) puncture resistant for sharps. All regulated medical waste must be accompanied by a properly completed shipping document (See 49 CFR 172.202).

#### MANAGEMENT OF NON-CONFORMING WASTE

As required by regulation and company policy, Stericycle employees may refuse containers that are non-conforming because of their contents or are improperly packaged, leaking, damaged or likely to create a risk of exposure to employees or the general public. Any waste found to be non-conforming to this Waste Acceptance Policy identified in route to, or at a Stericycle location, may be returned to the generator for proper packaging and disposal, or may be rerouted for appropriate destruction; this may include improperly marked regulated medical waste which should have been identified for incineration (i.e. pathological, chemotherapy or non-hazardous pharmaceuticals). Proper segregation and packaging is essential to ensure compliant and safe handling, collection, transportation and treatment of regulated medical waste.

#### STERICYCLE REGULATED MEDICAL WASTE ACCEPTANCE POLICY CHECKLIST

##### ACCEPTED REGULATED MEDICAL WASTE

- Sharps - Means any object contaminated with a pathogen or that may become contaminated with a pathogen through handling or during transportation and also capable of cutting or penetrating skin or a packaging material. Sharps includes needles, syringes, scalpels, broken glass, culture slides, culture dishes, broken capillary tubes, broken rigid plastic, and exposed ends of dental wires.
- Regulated Medical Waste or Clinical Waste or (Bio) Medical Waste - Means a waste or reusable material derived from the medical treatment of an animal or human, which includes diagnosis and immunization, or from biomedical research, which includes the production and testing of biological products.

##### ACCEPTED REGULATED MEDICAL WASTE WHICH MUST BE IDENTIFIED AND SEGREGATED FOR INCINERATION

- Trace Chemotherapy Contaminated Waste - RCRA Empty drug vials, syringes and needles, spill kits, IV tubing and bags, contaminated gloves and gowns, and related materials as defined in applicable laws, rules, regulations or guidelines.
- Pathological Waste - Human or animal body parts, organs, tissues and surgical specimen (decanted of formaldehyde, formalin or other preservatives as required per hazardous waste rules).
- Non-RCRA Pharmaceuticals - Must be characterized and certified as non-RCRA hazardous material by the generator. Excludes all DEA scheduled drugs, including controlled substances.\*
- California Only - Solidified Suction Canisters - Suction canisters that have been injected with solidifier materials to control liquids or suction canisters made of high heat resistant plastics such as polysulfone.

##### REGULATED MEDICAL WASTE NOT ACCEPTED BY STERICYCLE

- Untreated Category A Infectious Substances
- Complete Human Remains (including heads, full torsos, and fetuses)
- Bulk Chemotherapy Waste
- Mercury-Containing Dental Waste - Non-contact and contact amalgam and products, chairside traps, amalgam sludge or vacuum pump filters, extracted teeth with mercury fillings and empty amalgam capsules
- Any Mercury Containing Material or Devices - Any mercury thermometers, Sphygmomanometers, lab or medical devices
- RCRA Hazardous Pharmaceutical Waste and all DEA Federal and State controlled substances\*
- Chemicals - Formaldehyde, formalin, acids, alcohol, waste oil, solvents, reagents, fixer developer, fluorescein
- Compressed Gas Cylinders, Canisters, Inhalers and Aerosol Cans
- Hazardous or Universal Waste - any other waste determined by Federal or State EPA regulations including but not limited to batteries, bulbs, heavy metals, etc.
- Radioactive Waste - Any container with a radioactivity level that exceeds regulatory or permitted limits; lead-containing materials

*\*Consult Stericycle Representative for specific requirements*

*Additional waste acceptance policies may apply based on state or permit specific requirements. Hazardous waste transportation services may be offered in certain geographical locations, under separate contract. Please refer to your local Stericycle Representative for additional information and options for possible hazardous waste handling. For additional information on container and labeling requirements contact our Stericycle Customer Service Department at (866) 338-5120.*

## STERICYCLE NON HAZARDOUS PHARMACEUTICAL WASTE ACCEPTANCE POLICY

### ACCEPTED WASTE WHICH MUST BE IDENTIFIED AND SEGREGATED FOR INCINERATION:

- ✓ **Trace-Chemotherapy Contaminated Waste** – RCRA Empty drug vials, syringes and needles, spill kits, IV tubing and bags, contaminated gloves and gowns, and related materials as defined in applicable laws, rules, regulations, or guidelines.
- ✓ **Non-RCRA Hazardous Pharmaceuticals** – Must be characterized and certified as non-RCRA hazardous material by the generator. Consult Stericycle Representative for specific requirements.

### WASTE NOT ACCEPTED BY STERICYCLE

- ✗ **RCRA Hazardous Pharmaceutical Waste**
- ✗ **Chemicals** – Formaldehyde, formalin, acids, alcohol, waste oil, solvents, reagents, fixer, developer
- ✗ **Hazardous Waste** – Drums or other Containers with a hazard warning symbol, batteries, and other heavy metals
- ✗ **Radioactive Waste** – Any Container with a radioactivity level that exceeds regulatory or permitted limits; lead-containing materials
- ✗ **Bulk Chemotherapy Waste**
- ✗ **Compressed Gas Cylinders, Canisters, Inhalers, and Aerosol Cans**
- ✗ **Any Mercury-Containing Material or Devices** – Any mercury thermometers, sphygmomanometers, laboratory or medical devices
- ✗ **Mercury-Containing Dental Waste** – Non-contact and contact amalgam and products, chairside traps, amalgam sludge or vacuum pump filters, extracted teeth with mercury fillings, and empty amalgam capsules

### RESPONSIBILITY FOR PROPER SEGREGATION

Customer is solely responsible for ensuring the proper segregation of non-RCRA hazardous waste. If any of the Waste Not Accepted by Stericycle (Non-conforming Waste) is found in the non-RCRA hazardous waste stream, then Customer will be solely responsible for all costs associated with clean-up, transportation, treatment, and disposal of the Non-conforming Waste by a company or companies permitted to clean-up, transport, treat, and dispose of such Non-conforming Waste.

### ADDITIONAL POLICIES

Additional waste acceptance policies may apply based on state or permit specific requirements.

## REGULATED MEDICAL WASTE ACCEPTANCE POLICY

Stericycle policy requires compliance with all applicable regulations regarding the collection, transportation and treatment of regulated medical waste. Federal Department of Transportation (DOT) Regulations require the generator of regulated medical waste to certify that the packaging and documentation of transported regulated medical waste complies with DOT regulations regarding waste classification, packaging, labeling and shipping documentation. To ensure that neither Stericycle nor the generator of regulated medical waste violates applicable regulations, it is imperative that all parties understand the rules regarding proper identification, classification, segregation and packaging of regulated medical waste. The purpose of this policy is to summarize the minimum requirements for preparing your medical waste for collection, transportation and treatment. Additional facility or state-specific waste acceptance policies may apply based on permit specifications. Please contact your local representative for further information. You may also call (866) 338-5120.

### REGULATED MEDICAL WASTE

Stericycle accepts medical waste generated in a broad range of medical, diagnostic, therapeutic and research activities. The term "medical waste" includes biohazardous, biomedical, infectious or regulated medical waste as defined under federal, state or local laws, rules, regulations and guidelines. Except as defined by specific state regulations, this **excludes** RCRA hazardous waste pharmaceuticals, all DEA scheduled drugs including controlled substances, bulk chemotherapy, waste containing mercury or other heavy metals, batteries of any type, cauterizers, non-infectious dental waste, chemicals such as solvents, reagents, corrosives or ignitable materials classified as hazardous waste under Federal and State EPA Regulations. In addition, Stericycle **cannot accept** bulk liquids, radioactive materials, or complete human remains (including heads, full torsos and fetuses). Stericycle **cannot accept** these excluded materials packaged as regulated medical waste. All lab wastes or materials which contain or have the potential to contain infectious substances arising from those agents listed under 42 CFR 72.3 are strictly prohibited from medical waste by federal law and must be pretreated prior to disposal. Separate protocol and packaging requirements apply for the disposal of non-hazardous pharmaceuticals. Hazardous waste transportation services may be offered in certain geographical locations, under separate contract. Please contact your local representative for details and packaging specifications.

*\* Un-dispersed from DEA Registrant*

### WASTE SEGREGATION AND PACKAGING

The generator is solely responsible for properly segregating, packaging and labeling of regulated medical waste. Proper segregation and packaging reduces the potential for accidental release of the contents and exposure to employees and the general public. DOT regulations require (49 CFR 173.197) that all packages of regulated medical waste be prepared for transport in containers meeting the following requirements: 1) rigid; 2) leak resistant; 3) impervious to moisture; 4) of sufficient strength to prevent tearing or bursting under normal conditions of use and handling; 5) sealed to prevent leakage during transport; and 6) puncture resistant for sharps. All regulated medical waste must be accompanied by a properly completed shipping document (See 49 CFR 172.202).

### MANAGEMENT OF NON-CONFORMING WASTE

As required by regulation and company policy, Stericycle employees may refuse containers that are non-conforming because of their contents or are improperly packaged, leaking, damaged or likely to create a risk of exposure to employees or the general public. Any waste found to be non-conforming to this Waste Acceptance Policy identified in route to, or at a Stericycle location, may be returned to the generator for proper packaging and disposal, or may be rerouted for appropriate destruction; this may include improperly marked regulated medical waste which should have been identified for incineration (i.e. pathological, chemotherapy or non-hazardous pharmaceuticals). Proper segregation and packaging is essential to ensure compliant and safe handling, collection, transportation and treatment of regulated medical waste.

Item No.23

## Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: A 21-527

November 16, 2021

Introduced: 10/28/2021

Current Status: Health Department -  
Consent

Version: 1

Matter Type: BoS Agreement

Approve and authorize the Director of Health or the Assistant Director of Health to sign Amendment No. 4 to Agreement A-12969 with Action Council of Monterey County, Inc. for the provision of community educational management and contracting for specialized services, adding \$50,000 for a total Agreement amount not to exceed, \$425,000 to cover additional services and for the term of the Agreement July 01, 2015 through June 30, 2022.

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

Approve and authorize the Director of Health or the Assistant Director of Health to sign Amendment No. 4 to Agreement A-12969 with Action Council of Monterey County, Inc. for the provision of community educational management and contracting for specialized services, adding \$50,000 for a total Agreement amount not to exceed, \$425,000 to cover additional services and for the term of the Agreement July 01, 2015 through June 30, 2022.

### SUMMARY/DISCUSSION:

The Action Council of Monterey County, Inc. (ACMC), created in 1994, is a non-profit organization involved in creating public/private partnerships to address unmet needs within the community, and to provide planning and coordination of such services. In part, their goal is to create public/private partnerships to promote economic and social justice and to initiate community dialogue and action on critical issues. For many years, the Monterey County Health Department (MCHD) has partnered with ACMC establishing a mutual and purposeful relationship focused on the provision of valuable services to our community.

This Amendment will ensure a continued and successful partnership with ACMC. The Health Department will continue to utilize ACMC's expertise and resources to secure professionals that provide specialized services, coordinate summits/trainings in relation to a range of public health topics and specialized services as requested by the Director of Health.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Initiatives: 1. To empower the community to improve health; 2. Enhance community health and safety through prevention. It also supports the following of the ten essential public health services, specifically: 3. Inform, educate, and empower people about health issues; and 4. Mobilize community partnerships and action to identify and solve health problems.

### OTHER AGENCY INVOLVEMENT:

The office of the County Counsel and the Auditor-Controller have reviewed and approved this Agreement as to legal form, and fiscal provisions, respectively.

FINANCING:

This Agreement is funded by 100% grant-funded programs. The funds for this Agreement are included in the Health Department's (HEA014-8438) Fiscal Year (FY) 2021-22 Adopted Budget.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

Check the related Board of Supervisors Strategic Initiatives:

☐ Economic Development:

- Through collaboration, strengthen economic development to ensure a diversified and healthy economy.

☒ Administration:

- Promote an organization that practices efficient and effective resource management and is recognized for responsiveness, strong customer orientation, accountability and transparency.

☒ Health & Human Services:

- Improve health and quality of life through County supported policies, programs, and services; promoting access to equitable opportunities for healthy choices and healthy environments in collaboration with communities.

☐ Infrastructure:

- Plan and develop a sustainable, physical infrastructure that improves the quality of life for County residents and supports economic development results.

☐ Public Safety:

- Create a safe environment for people to achieve their potential, leading businesses and communities to thrive and grow by reducing violent crimes as well as crimes in general.

## **AMENDMENT No. 4 TO AGREEMENT BY AND BETWEEN COUNTY OF MONTEREY & ACTION COUNCIL OF MONTEREY COUNTY, INC.**

**THIS AMENDMENT** is made to the AGREEMENT, No. A-12969, for community educational management services by and between Action Council of Monterey County, Inc., hereinafter “CONTRACTOR”, and the County of Monterey, a political subdivision of the State of California, hereinafter referred to as “County”.

**WHEREAS**, the County and CONTRACTOR entered into AGREEMENT A-12969 with a start date of October 1, 2015 and for a total not to exceed of \$250,000; and

**WHEREAS**, the County and CONTRACTOR entered into AMENDMENT No. 1 to extend the term of AGREEMENT for one (1) additional year without increasing the maximum liability of the AGREEMENT; and

**WHEREAS**, the County and CONTRACTOR entered into AMENDMENT No. 2 to increase the total liability under the AGREEMENT by \$25,000 for a total not to exceed \$275,000 and to extend the term of the AGREEMENT for one (1) additional year, extending the term to June 30, 2020; and

**WHEREAS**, the County and CONTRACTOR entered into AMENDMENT No. 3 to increase the total liability by \$100,000, for a total not to exceed \$375,000 and extend the term of AGREEMENT for two (2) additional years, extending the term to June 30, 2022; and

**WHEREAS**, the County and CONTRACTOR wish to amend the AGREEMENT to increase the total liability by \$50,000 for a total not to exceed \$425,000.

**NOW THEREFORE**, the County and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

1. **Paragraph 2, “Payment Provisions”, shall be amended by removing**, “The total amount payable by County to CONTRACTOR under this Agreement shall not exceed the sum of \$375,000”, **and replacing it with** “The total amount payable by County to CONTRACTOR under this Agreement shall not exceed the sum of \$425,000”.
2. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT and shall continue in full force and effect as set forth in the AGREEMENT.
3. A copy of this AMENDMENT shall be attached to the original AGREEMENT executed by the County on November 16, 2015.

**IN WITNESS WHEREOF**, the parties have executed this AMENDMENT on the day and year written below.

## **AMENDMENT No. 3 TO AGREEMENT BY AND BETWEEN COUNTY OF MONTEREY & ACTION COUNCIL OF MONTEREY COUNTY, INC.**

**THIS AMENDMENT** is made to the AGREEMENT, No. A-12969, for community educational management services by and between Action Council of Monterey County, Inc., hereinafter "CONTRACTOR", and the County of Monterey, a political subdivision of the State of California, hereinafter referred to as "County".

**WHEREAS**, the County and CONTRACTOR entered into AGREEMENT A-12969 with a start date of October 1, 2015 and for a total not to exceed of \$250,000;

**WHEREAS**, the County and CONTRACTOR entered into AMENDMENT No. 1 to extend the term of AGREEMENT for one (1) additional year without increasing the maximum liability of the AGREEMENT;

**WHEREAS**, the County and CONTRACTOR entered into AMENDMENT No. 2 to increase the total liability under the AGREEMENT by \$25,000 for a total not to exceed \$275,000 and to extend the term of the AGREEMENT for one (1) additional year, extending the term to June 30, 2020;

**WHEREAS**, the County and CONTRACTOR wish to amend the AGREEMENT to extend the term of AGREEMENT for two (2) additional years; and

**WHEREAS**, the County and CONTRACTOR wish to amend the AGREEMENT to increase the total liability under the AGREEMENT by \$100,000.

**NOW THEREFORE**, the County and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

1. **Paragraph 2, "Payment Provisions", shall be amended by removing "County shall pay the CONTRACTOR in accordance with the payment provisions set forth in Exhibit A-1, subject to the limitations set forth in this Agreement. The total amount payable by County to CONTRACTOR under this Agreement shall not exceed the sum of \$275,000", and replacing it with "County shall pay the CONTRACTOR in accordance with the payment provisions set forth in Exhibit A-2, subject to the limitations set forth in the Agreement. The Total amount payable by County to CONTRACTOR under this Agreement shall not exceed the sum of \$375,000".**
2. **Paragraph 3, "TERM OF AGREEMENT", shall be amended by removing "The term of this Agreement is from October 1, 2015 to June 30, 2020, unless sooner terminated pursuant to the terms of this Agreement", and replacing it with "The term of this Agreement is from October 1, 2015 to June 30, 2022, unless sooner terminated pursuant to the terms of this Agreement".**

3. Exhibit A-1 is replaced with Exhibit A-2. All references in the Agreement to Exhibit A-1 shall be construed to refer to Exhibit A-2.
4. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT and shall continue in full force and effect as set forth in the AGREEMENT.
5. A copy of this AMENDMENT shall be attached to the original AGREEMENT executed by the County on November 16, 2015.

**EXHIBIT A-2**  
**SCOPE OF SERVICES/PAYMENT PROVISIONS**

**Scope of Services:**

**Objective:** The Action Council of Monterey County, Inc., (hereinafter "CONTRACTOR") shall provide community educational management services, which may include subcontracting with professionals to perform specialized services; purchase equipment; obtain venues for trainings/conferences; and provide other services as requested by the Director of Health or Assistant Director of Health.

Due to the nature of this Agreement, it is not possible to list all services that will be necessary to implement for the Department of Health under the auspices of the Administration Bureau. Services may be warranted as additional state and federal funding becomes available and the Bureau's Programs re-work their anticipated scopes of services in order to better serve the community and the County's professionals through additional conferences/trainings on relevant topics and events.

**Responsibilities:**

- County will provide CONTRACTOR with a detailed description of services and payment provisions that are required for each subcontract. If travel expenses are included in the subcontract(s), reimbursement will be per the County of Monterey Travel Policy and shall be stated in each Agreement.
- CONTRACTOR will provide County with a fully executed Agreement detailing the subcontractor's scope of services/payment provisions as authorized by the County.

**Payment Provisions:**

- County does not guarantee that the total amount of \$375,000 for this Agreement will be paid to Contractor.
- The Contractor shall not process payment for a subcontractor's invoice until the County has approved the invoice.
- All invoices for reimbursement by County to CONTRACTOR shall include a fifteen percent (15%) Administrative Fee calculated on the total amount of each invoice.
- Invoices submitted by the CONTRACTOR to the County shall be in a form acceptable to County. The Health Department shall certify the invoice(s) and promptly submit the invoice(s) to the County Auditor-Controller. The Auditor-Controller shall process the invoice for payment within 30 days of receiving the invoice from the Health Department. CONTRACTOR shall pay their subcontractors within 5 days of receipt of payment from County.
- The total amount of this Agreement shall not exceed \$375,000.

## **AMENDMENT No. 2 TO AGREEMENT BY AND BETWEEN COUNTY OF MONTEREY & ACTION COUNCIL OF MONTEREY COUNTY, INC.**

**THIS AMENDMENT** is made to the AGREEMENT, No. A-12969, for community educational management services by and between Action Council of Monterey County, Inc., hereinafter "CONTRACTOR", and the County of Monterey, a political subdivision of the State of California, hereinafter referred to as "County".

**WHEREAS**, the County and CONTRACTOR entered into AGREEMENT A-12969 with a start date of October 1, 2015 and for a total not to exceed of \$250,000;

**WHEREAS**, the County and CONTRACTOR entered into AMENDMENT No. 1 to extend the term of AGREEMENT for one (1) additional year without increasing the maximum liability of the AGREEMENT;

**WHEREAS**, the County and CONTRACTOR wish to amend the AGREEMENT to increase the total liability under the AGREEMENT;

**WHEREAS**, the County and CONTRACTOR wish to amend the AGREEMENT to extend the term of AGREEMENT for one (1) additional year.

**NOW THEREFORE**, the County and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

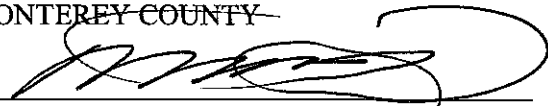

1. **Paragraph 2, "Payment Provisions", shall be amended by removing** "County shall pay the CONTRACTOR in accordance with the payment provisions set forth in Exhibit A, subject to the limitations set forth in this Agreement. The total amount payable by County to CONTRACTOR under this Agreement shall not exceed the sum of \$250,000", **and replacing it with** "County shall pay the CONTRACTOR in accordance with the payment provisions set forth in Exhibit A-1, subject to the limitations set forth in the Agreement. The Total amount payable by County to CONTRACTOR under this Agreement shall not exceed the sum of \$275,000".
2. **Paragraph 3, "TERM OF AGREEMENT", shall be amended by removing** "The term of this Agreement is from **October 1, 2015 to June 30, 2018**, unless sooner terminated pursuant to the terms of this Agreement", **and replacing it with** "The term of this Agreement is from **October 1, 2015 to June 30, 2020**, unless sooner terminated pursuant to the terms of this Agreement".
3. Exhibit A is replaced with Exhibit A-1. All references in the Agreement to Exhibit A shall be construed to refer to Exhibit A-1.

4. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT No. 2 and shall continue in full force and effect as set forth in the AGREEMENT.
5. A copy of this AMENDMENT No. 2 shall be attached to the original AGREEMENT executed by the County on November 16, 2015.

## **EXHIBIT A-1**

### **SCOPE OF SERVICES/PAYMENT PROVISIONS**

#### **Scope of Services:**

**Objective:** The Action Council of Monterey County, Inc., (hereinafter "CONTRACTOR") shall provide community educational management services, which may include subcontracting with professionals to perform specialized services; purchase equipment; obtain venues for trainings/conferences; and provide other services as requested by the Director of Health or Assistant Director of Health.

Due to the nature of this Agreement, it is not possible to list all services that will be necessary to implement for the Department of Health under the auspices of the Administration Bureau. Services may be warranted as additional state and federal funding becomes available and the Bureau's Programs re-work their anticipated scopes of services in order to better serve the community and the County's professionals through additional conferences/trainings on relevant topics and events.

#### **Responsibilities:**

- County will provide CONTRACTOR with a detailed description of services and payment provisions that are required for each subcontract. If travel expenses are included in the subcontract(s), reimbursement will be per the County of Monterey Travel Policy and shall be stated in each Agreement.
- CONTRACTOR will provide County with a fully executed Agreement detailing the subcontractor's scope of services/payment provisions as authorized by the County.

#### **Payment Provisions:**

- County does not guarantee that the total amount of \$275,000 for this Agreement will be paid to Contractor.
- The Contractor shall not process payment for a subcontractor's invoice until the County has approved the invoice.
- All invoices for reimbursement by County to CONTRACTOR shall include a fifteen percent (15%) Administrative Fee calculated on the total amount of each invoice.
- Invoices submitted by the CONTRACTOR to the County shall be in a form acceptable to County. The Health Department shall certify the invoice(s) and promptly submit the invoice(s) to the County Auditor-Controller. The Auditor-Controller shall process the invoice for payment within 30 days of receiving the invoice from the Health Department. CONTRACTOR shall pay their subcontractors within 5 days of receipt of payment from County.
- The total amount of this Agreement shall not exceed \$275,000.

## **AMENDMENT #1 TO AGREEMENT BY AND BETWEEN COUNTY OF MONTEREY & ACTION COUNCIL OF MONTEREY COUNTY, INC.**

**THIS AMENDMENT** is made to the AGREEMENT, No. A-12969, for community educational management services by and between Action Council of Monterey County, Inc., hereinafter "CONTRACTOR", and the County of Monterey, a political subdivision of the State of California, hereinafter referred to as "County".

**WHEREAS**, the County and CONTRACTOR entered into the AGREEMENT with a start date of October 1, 2015;

**WHEREAS**, the County and CONTRACTOR wish to amend the AGREEMENT to reflect the County's exercise of the option to extend for one (1) additional year, without increasing the maximum liability of the AGREEMENT.

**NOW THEREFORE**, the County and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

1. **Paragraph 3, "TERM OF AGREEMENT", shall be amended by removing "The term of this Agreement is from October 1, 2015 to June 30, 2018, unless sooner terminated pursuant to the terms of this Agreement", and replacing it with "The term of this Agreement is from October 1, 2015 to June 30, 2019, unless sooner terminated pursuant to the terms of this Agreement".**
2. **Paragraph 14, "NOTICES", shall be amended by removing "Ray Bullick, Director of Health", and replacing it with "Elsa Jimenez, Director of Health".**
3. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT and shall continue in full force and effect as set forth in the AGREEMENT.
4. A copy of this AMENDMENT shall be attached to the original AGREEMENT dated November 16, 2015.

**COUNTY OF MONTEREY STANDARD AGREEMENT  
(MORE THAN \$100,000)**

This **Agreement** is made by and between the County of Monterey, a political subdivision of the State of California (hereinafter "County") and:  
Action Council of Monterey County, Inc.,  
(hereinafter "CONTRACTOR").

In consideration of the mutual covenants and conditions set forth in this Agreement, the parties agree as follows:

**1.0 GENERAL DESCRIPTION.**

- 1.01 The County hereby engages CONTRACTOR to perform, and CONTRACTOR hereby agrees to perform, the services described in **Exhibit A** in conformity with the terms of this Agreement. The goods and/or services are generally described as follows:  
**Provide** specialized services as described in Exhibit A, Scope of Services/Payment Provisions.

**2.0 PAYMENT PROVISIONS.**

- 2.01 County shall pay the CONTRACTOR in accordance with the payment provisions set forth in **Exhibit A**, subject to the limitations set forth in this Agreement. The total amount payable by County to CONTRACTOR under this Agreement shall not exceed the sum of \$ 250,000.00.

**3.0 TERM OF AGREEMENT.**

- 3.01 The term of this Agreement is from October 1, 2015 to June 30, 2018, unless sooner terminated pursuant to the terms of this Agreement. This Agreement is of no force or effect until signed by both CONTRACTOR and County and with County signing last, and **CONTRACTOR may not commence work before County signs this Agreement.**
- 3.02 The County reserves the right to cancel this Agreement, or any extension of this Agreement, without cause, with a thirty day (30) written notice, or with cause immediately.

**4.0 SCOPE OF SERVICES AND ADDITIONAL PROVISIONS.**

- 4.01 The following attached exhibits are incorporated herein by reference and constitute a part of this Agreement:  
**Exhibit A    Scope of Services/Payment Provisions**

## 5.0 PERFORMANCE STANDARDS.

- 5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.
- 5.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.
- 5.03 CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use County premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

## 6.0 PAYMENT CONDITIONS.

- 6.01 Prices shall remain firm for the initial term of the Agreement and, thereafter, may be adjusted annually as provided in this paragraph. The County does not guarantee any minimum or maximum amount of dollars to be spent under this Agreement.
- 6.02 Negotiations for rate changes shall be commenced, by CONTRACTOR, a minimum of ninety days (90) prior to the expiration of the Agreement. Rate changes are not binding unless mutually agreed upon in writing by the County and the CONTRACTOR.
- 6.03 Invoice amounts shall be billed directly to the ordering department.
- 6.04 CONTRACTOR shall submit such invoice periodically or at the completion of services, but in any event, not later than 30 days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice. The County shall certify the invoice, either in the requested amount or in such other amount as the County approves in conformity with this Agreement, and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

## 7.0 TERMINATION.

- 7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

- 7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.
- 7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

## 8.0 INDEMNIFICATION.

- 8.01 CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

## 9.0 INSURANCE REQUIREMENTS.

### 9.01 Evidence of Coverage:

Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

### 9.02 Qualifying Insurers:

All coverage's, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to

the current Best's Key Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Manager.

- 9.03 **Insurance Coverage Requirements:** Without limiting CONTRACTOR's duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

**Commercial General Liability Insurance,** including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.

*(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)*

**Business Automobile Liability Insurance,** covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.

*(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)*

**Workers' Compensation Insurance,** if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than \$1,000,000 each person, \$1,000,000 each accident and \$1,000,000 each disease.

*(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)*

**Professional Liability Insurance,** if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

*(Note: any proposed modifications to these insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)*

#### 9.04 Other Requirements:

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

**Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds** with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed operations, **and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.** The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The required endorsement form for Automobile Additional Insured endorsement is ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

## 10.0 RECORDS AND CONFIDENTIALITY.

- 10.01 Confidentiality. CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.
- 10.02 County Records. When this Agreement expires or terminates, CONTRACTOR shall return to County any County records which CONTRACTOR used or received from County to perform services under this Agreement.
- 10.03 Maintenance of Records. CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three year period, then CONTRACTOR shall retain said records until such action is resolved.
- 10.04 Access to and Audit of Records. The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.
- 10.05 Royalties and Inventions. County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

## 11.0 NON-DISCRIMINATION.

- 11.01 During the performance of this Agreement, CONTRACTOR, and its subcontractors, shall not unlawfully discriminate against any person because of race, religious creed, color, sex, national origin, ancestry, physical disability, mental disability, medical condition, marital status, age (over 40), or sexual orientation, either in CONTRACTOR's employment practices or in the furnishing of services to recipients. CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal,

state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

## 12.0 COMPLIANCE WITH TERMS OF STATE OR FEDERAL GRANTS.

- 12.01 If this Agreement has been or will be funded with monies received by the County pursuant to a contract with the state or federal government in which the County is the grantee, CONTRACTOR will comply with all the provisions of said contract, to the extent applicable to CONTRACTOR as a subgrantee under said contract, and said provisions shall be deemed a part of this Agreement, as though fully set forth herein. Upon request, County will deliver a copy of said contract to CONTRACTOR, at no cost to CONTRACTOR.

## 13.0 INDEPENDENT CONTRACTOR.

- 13.01 In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is at all times acting and performing as an independent contractor and not as an employee of the County. No offer or obligation of permanent employment with the County or particular County department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from County any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. In connection therewith, CONTRACTOR shall defend, indemnify, and hold County harmless from any and all liability which County may incur because of CONTRACTOR's failure to pay such taxes.

## 14.0 NOTICES.

- 14.01 Notices required under this Agreement shall be delivered personally or by first-class, postage pre-paid mail to the County and CONTRACTOR'S contract administrators at the addresses listed below:

FOR COUNTY:	FOR CONTRACTOR:
Ray Bullick, Director of Health	Larry ImWalle, Executive Director

## 15.0 MISCELLANEOUS PROVISIONS.

- 15.01 Conflict of Interest. CONTRACTOR represents that it presently has no interest and agrees not to acquire any interest during the term of this Agreement, which would directly, or indirectly conflict in any manner or to any degree with the full and complete performance of the services required to be rendered under this Agreement.
- 15.02 Amendment. This Agreement may be amended or modified only by an instrument in writing signed by the County and the CONTRACTOR.
- 15.03 Waiver. Any waiver of any terms and conditions of this Agreement must be in writing and signed by the County and the CONTRACTOR. A waiver of any of the terms and conditions of this Agreement shall not be construed as a waiver of any other terms or conditions in this Agreement.
- 15.04 Contractor. The term "CONTRACTOR" as used in this Agreement includes CONTRACTOR's officers, agents, and employees acting on CONTRACTOR's behalf in the performance of this Agreement.
- 15.05 Disputes. CONTRACTOR shall continue to perform under this Agreement during any dispute.
- 15.06 Assignment and Subcontracting. The CONTRACTOR shall not assign, sell, or otherwise transfer its interest or obligations in this Agreement without the prior written consent of the County. None of the services covered by this Agreement shall be subcontracted without the prior written approval of the County. Notwithstanding any such subcontract, CONTRACTOR shall continue to be liable for the performance of all requirements of this Agreement.
- 15.07 Successors and Assigns. This Agreement and the rights, privileges, duties, and obligations of the County and CONTRACTOR under this Agreement, to the extent assignable or delegable, shall be binding upon and inure to the benefit of the parties and their respective successors, permitted assigns, and heirs.
- 15.08 Compliance with Applicable Law. The parties shall comply with all applicable federal, state, and local laws and regulations in performing this Agreement.
- 15.09 Headings. The headings are for convenience only and shall not be used to interpret the terms of this Agreement.
- 15.10 Time is of the Essence. Time is of the essence in each and all of the provisions of this Agreement.
- 15.11 Governing Law. This Agreement shall be governed by and interpreted under the laws of the State of California.
- 15.12 Non-exclusive Agreement. This Agreement is non-exclusive and both County and CONTRACTOR expressly reserve the right to contract with other entities for the same or similar services.

- 15.13 Construction of Agreement. The County and CONTRACTOR agree that each party has fully participated in the review and revision of this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in the interpretation of this Agreement or any amendment to this Agreement.
- 15.14 Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement.
- 15.15 Authority. Any individual executing this Agreement on behalf of the County or the CONTRACTOR represents and warrants hereby that he or she has the requisite authority to enter into this Agreement on behalf of such party and bind the party to the terms and conditions of this Agreement.
- 15.16 Integration. This Agreement, including the exhibits, represent the entire Agreement between the County and the CONTRACTOR with respect to the subject matter of this Agreement and shall supersede all prior negotiations, representations, or agreements, either written or oral, between the County and the CONTRACTOR as of the effective date of this Agreement, which is the date that the County signs the Agreement.
- 15.17 Interpretation of Conflicting Provisions. In the event of any conflict or inconsistency between the provisions of this Agreement and the Provisions of any exhibit or other attachment to this Agreement, the provisions of this Agreement shall prevail and control.

\*INSTRUCTIONS: If CONTRACTOR is a corporation, including limited liability and non-profit corporations, the full legal name of the corporation shall be set forth above together with the signatures of two specified officers. If CONTRACTOR is a partnership, the name of the partnership shall be set forth above together with the signature of a partner who has authority to execute this Agreement on behalf of the partnership. If CONTRACTOR is contracting in an individual capacity, the individual shall set forth the name of the business, if any, and shall personally sign the Agreement.

<sup>1</sup>Approval by County Counsel is required

<sup>2</sup>Approval by Auditor-Controller is required

<sup>3</sup>Approval by Risk Management is necessary only if changes are made in paragraphs 8 or 9

**EXHIBIT A**  
**SCOPE OF SERVICES/PAYMENT PROVISIONS**

**Scope of Services:**

**Objective:** The Action Council of Monterey County, Inc., (hereinafter “CONTRACTOR”) shall provide community educational management services, which may include subcontracting with professionals to perform specialized services such as grant writing, data analysis, organizational analysis; purchase equipment; obtain venues and speakers for trainings/conferences; and provide other services as requested by the Director of Health or Assistant Director of Health.

Due to the nature of this Agreement, it is not possible to list all services that will be necessary to implement for the Department of Health under the auspices of the Administration Bureau. Services may be warranted as additional state and federal funding becomes available and the Bureau’s Programs re-work their anticipated scopes of services in order to better serve the community and the County’s professionals through additional conferences/trainings on relevant topics and events.

**Responsibilities:**

- County will provide CONTRACTOR with a detailed description of services and payment provisions that are required for each subcontract. If travel expenses are included in the subcontract(s), reimbursement will be per the County of Monterey Travel Policy and shall be stated in each Agreement.
- CONTRACTOR will provide County with a fully executed Agreement detailing the subcontractor’s scope of services/payment provisions as authorized by the County.

**Payment Provisions:**

- County does not guarantee that the total amount of \$250,000 for this Agreement will be paid to Contractor.
- The Contractor shall not process payment for a subcontractor’s invoice until the County has approved the invoice.
- All invoices for reimbursement by County to CONTRACTOR shall include a fifteen percent (15%) Administrative Fee calculated on the total amount of each invoice.
- Invoices submitted by the CONTRACTOR to the County shall be in a form acceptable to County. The Health Department shall certify the invoice(s) and promptly submit the invoice(s) to the County Auditor-Controller. The Auditor-Controller shall process the invoice for payment within 30 days of receiving the invoice from the Health Department. CONTRACTOR shall pay their subcontractors within 5 days of receipt of payment from County.
- The total amount of this Agreement shall not exceed \$250,000.

## Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: RES 21-205

November 16, 2021

Introduced: 11/8/2021

Current Status: Health Department -  
Consent

Version: 1

Matter Type: BoS Resolution

- a. Set a public hearing for December 7, 2021 at 10:30 a.m. to consider approval of Amendment No. 13 to Unified Franchise Agreement A-11631 between the County of Monterey and Waste Management, Inc. dba USA Waste of California dba Carmel Marina Corp., relating to proposed rates for services and adjustments to current rates; and,
- b. Direct the Clerk of the Board to publish the Notice of Public Hearing in newspapers of general circulation on or before November 26, 2021.

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Set a public hearing for December 7, 2021 at 10:30 a.m. to consider approval of Amendment No. 13 to Unified Franchise Agreement A-11631 between the County of Monterey and Waste Management, Inc. dba USA Waste of California dba Carmel Marina Corp., relating to proposed rates for services and adjustments to current rates; and,
- b. Direct the Clerk of the Board to publish the Notice of Public Hearing in newspapers of general circulation on or before November 26, 2021.

### SUMMARY/DISCUSSION:

The Director of Health recommends that the Board of Supervisors set a public hearing for December 7, 2021 and direct publication of notice of said hearing with [Proposed] Amendment No. 13 by the Clerk of the Board pursuant to Government Code Section 66016. Pursuant to the terms of the Unified Franchise Agreement A-11631 (hereafter, "UFA" or "Agreement"), the Director of Health will seek authorization to execute AMENDMENT NO. 13 to said UFA as previously amended pursuant to Amendment Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 (collectively, UFA) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation (Waste Management, Inc.).

[Proposed] Amendment No. 13 adjusts the rates of the Unified Franchise Agreement with USA Waste of California, Inc., dba Carmel Marina Corporation (Waste Management, Inc.) effective January 1, 2022.

[Proposed] Amendment No. 13 is published with the Board Report for the November 16, 2021 consent agenda (set hearing) item. Notice of Public Hearing with [Proposed] Amendment No. 13 will be published in newspapers of general circulation on or before November 26, 2021 by the Clerk of the Board. In addition to the County's publication of the [Proposed] Amendment No. 13 for the November 16, 2021 consent agenda item, and publication of the Notice of Public Hearing with

[Proposed] Amendment No. 13 in newspapers of general circulation, Waste Management, Inc., will be providing notice of the provisions in Amendment No. 13 in the mail to its residential and commercial customers within unincorporated Monterey County. Further, this Board report, which includes the basis for the proposed provisions, will be published on the County Health Department website which meets the minimum ten (10) day publication requirement in advance of the Public Hearing on the proposed Amendment No. 13.

The Director of Health seeks authorization to execute Amendment No. 13 to the Unified Franchise Agreement A-11631 (UFA) between the County of Monterey and Waste Management, Inc., dba USA Waste of California, Inc., dba Carmel Marina Corporation.

Proposed rate increases for January 1, 2022 are as follows:

- 4.31% increase for the residential customers within the jurisdiction of the Monterey Regional Waste Management District (MRWMD);
- 5.67% increase for the residential customers within the jurisdiction of the Salinas Valley Solid Waste Authority (SVSWA);
- 4.31% increase for the commercial customers within the jurisdiction of the Monterey Regional Waste Management District (MRWMD);
- 5.67% increase for the commercial customers within the jurisdiction of the Salinas Valley Solid Waste Authority (SVSWA)

The original contract for these services was approved on February 2, 2010 when the Board of Supervisors awarded the exclusive franchise agreement (UFA Agreement A-11631) to Waste Management, Inc., dba USA Waste of California, Inc., dba Carmel Marina Corporation (Waste Management, Inc.) per Title 10, Chapter 10.41 Solid Waste Collection and Disposal of the Monterey County Code. In accordance with article 13.13, Adjustments to Service Rates, Surcharges and Fees of said UFA, the Director of Health requests adoption of a resolution to approve Amendment No. 13 to amend said UFA as previously amended pursuant to Amendment Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 (collectively, UFA). Proposed Amendment No. 13 would amend: Article 13.13. and Exhibit 1 to modify the rate adjustment effective January 1, 2022.

Consistent with essential public health service item 6) and pursuant to Title 10 - Health and Safety, Chapter 10.41 - Solid Waste Collection and Disposal, MCC Section 10.41.030 - Mandatory collection. Subsection A. provides that, "...All solid waste shall be collected from every occupied residence, apartment, or business...at least once a week."

Further, MCC Section 10.41.030. Subsection B. Payment. provides that collection rates shall be established by the Board, as follows:

Residents... and owners of commercial and industrial businesses or the property owners of the property within the designated residential areas or the property on which such businesses are located shall pay the rates established by the Board.

While this work is not directly in support of a Monterey County Health Department 2018-2022

Strategic Plan Initiative, it is in support of one (1) of the ten (10) essential public health services, specifically: 6. Enforce laws and regulations that protect health and ensure safety.

OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel-Risk Management has reviewed and approved this Amendment No 13 as to form. The Auditor-Controller's Office has reviewed and approved this Amendment No 13 as to fiscal provisions.

FINANCING:

There is no General Fund Contribution resulting from this Board action. Waste Management, Inc. will continue to remit franchise fees, calculated at ten percent (10%) of collected revenue, to the General Fund.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

Check the related Board of Supervisors Strategic Initiatives:

☐ Economic Development:

- Through collaboration, strengthen economic development to ensure a diversified and healthy economy.

☐ Administration:

- Promote an organization that practices efficient and effective resource management and is recognized for responsiveness, strong customer orientation, accountability and transparency.

☒ Health & Human Services:

- Improve health and quality of life through County supported policies, programs, and services; promoting access to equitable opportunities for healthy choices and healthy environments in collaboration with communities.

☐ Infrastructure:

- Plan and develop a sustainable, physical infrastructure that improves the quality of life for County residents and supports economic development results.

☐ Public Safety:

- Create a safe environment for people to achieve their potential, leading businesses and communities to thrive and grow by reducing violent crimes as well as crimes in general.

\$323.46	\$646.92
\$369.39	\$738.78
\$413.08	\$826.16

Service Rate for multiple Bins shall be calculated by multiplying the Container size by the number of Containers.  
Compacted rate is 2 times the uncompacted rate.

MFD and Commercial bin customers are eligible for 1/2 of solid waste capacity for recycling bin or cart service at no charge.

Example, (1) 4 cubic yard uncompacted solid waste bin is eligible for one 2 cubic yard recyclables bin at no charge.

Compacted solid waste counts as 2 times uncompacted volume for recycling calculation.

Example, (1) 4 cubic yard compacted solid waste bin is eligible for one 4 cubic yard recyclables bin at no charge.

**ADDITIONAL RECYCLING - BINS**

\$61.33	Per yard for greater than no charge calculation above

\$490.94	\$981.87
\$560.61	\$1,121.23
\$626.84	\$1,253.68

Service Rate for multiple Bins shall be calculated by multiplying the Container size by the number of Containers.

Compacted rate is 2 times the uncompacted rate.

MFD and Commercial bin customers are eligible for 1/2 of solid waste capacity for recycling bin or cart service at no charge.

Example, (1) 4 cubic yard uncompacted solid waste bin is eligible for one 2 cubic yard recyclables bin at no charge.

Compacted solid waste counts as 2 times uncompacted volume for recycling calculation.

Example, (1) 4 cubic yard compacted solid waste bin is eligible for one 4 cubic yard recyclables bin at no charge.

**ADDITIONAL RECYCLING - BINS**

\$63.85	Per yard for greater than no charge calculation above

AMENDMENT NO. 12  
 To  
 UNIFIED FRANCHISE AGREEMENT  
 For the Exclusive Collection of Solid Waste and  
 Recyclables in Unincorporated Monterey Between  
 COUNTY OF MONTEREY  
 And  
 USA WASTE OF CALIFORNIA, INC.,  
 DBA CARMEL MARINA  
 CORPORATION

This AMENDMENT NO. 12 is made to the UNIFIED FRANCHISE AGREEMENT for the exclusive collection of solid waste and recyclables in unincorporated Monterey County dated February 9, 2010, and amended via AMENDMENT NO. 1 dated February 3, 2012 to adjust rates; AMENDMENT NO. 2 dated November 13, 2012 to adjust rates; AMENDMENT NO. 3 dated February 3 2014 to adjust rates, edit the "Waste Screening Protocol", and delete certain sections in Article 17; AMENDMENT NO. 4 dated December 23, 2014 to adjust rates, establish funding of billing reviews [Article 12], and address retroactive adjustments [Article 13]; AMENDMENT NO. 5 dated January 6, 2016 to edit Articles 1, 2, 3, 4, 6, 7, 8, 9, and 13 to adjust rates and add "Food Waste" rates/category; AMENDMENT NO. 6 dated April 7, 2017 to amend Exhibit 1 by adding Form 5-B to add organics service and accompanying rates; AMENDMENT NO. 7 dated January 10, 2018 to adjust rates, AMENDMENT NO. 8 dated April 1, 2019 to adjust rates and add contamination penalties, AMENDMENT NO. 9 dated March 2020 to adjust rates; AMENDMENT NO. 10 dated June 8, 2020 to extend the Agreement to August 31, 2020; and AMENDMENT NO. 11 dated July 2020 to extend the Agreement to October 31, 2020 (hereafter, collectively referred to as "AGREEMENT"), by and between the County of Monterey, a political subdivision of the State of California, (hereafter, "COUNTY") and USA WASTE OF CALIFORNIA, INC., dba CARMEL MARINA CORPORATION (hereafter, "CONTRACTOR") (collectively referred to as the "Parties").

WHEREAS, the COUNTY and CONTRACTOR wish to amend the AGREEMENT via AMENDMENT NO. 12 to extend the Agreement through June 30, 2025 per Article 2 ("Term and Scope of Franchise"), Article 13 ("BILLING AND PAYMENT"), EXHIBIT 1 ("APPROVED RATES AND CHARGES"), and EXHIBIT 2 ("REFUSE RATE INDEX").

NOW THEREFORE, the COUNTY and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

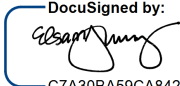

1. Amend Article 2, "Term and Scope of Franchise", at section 2.01 Initial Term of Agreement to read: The initial term of this Agreement for the provision of Collection Services in the Service Area, as set forth in Exhibit 5, shall be for a period commencing on November 1, 2010 and terminating at midnight on June 30, 2025.

2. Replace Exhibit 1, Approved Rates and charges, with EXHIBIT 1— [DRAFT] RATES AND CHARGES EFFECTIVE JANUARY 1, 2021 as calculated in the attached rate tables and incorporated by this reference.
3. Replace Exhibit 2, Refuse Rate Index (RRI), with Exhibit 2A Refuse Rate Index (RRI) which is attached and incorporated by this reference
4. Amend Article 13, Billing and Payment, at section 13.03 Delinquent Service Accounts, by adding the following: CONTRACTOR shall pursue collection efforts for at least sixty (60) days after accounts become delinquent before incorporating them as bad debt into future RRI adjustments. Such collection efforts include sending late payment notices and telephone requests for payment. Additional collection efforts, such as use of third-party collection agencies and Court Collection Actions shall be at the option of CONTRACTOR and not required for inclusion as bad debt in RRI adjustments.
5. Amend Article 13, Billing and Payment, at section 13.04 Minimum Account Collection Procedures, by adding the following: Bad debt shall be incorporated into the RRI as shown in Exhibit 2A until such time as the parties mutually agree to a different mechanism to address bad debt.
6. Amend Article 13, Billing and Payment, at section 13.05 Court Collection Actions, by replacing the first sentence with the following: “At CONTRACTOR’s option, it may pursue litigation against delinquent customers through the State of California, Superior Court of the County of Monterey, or the Small Claims Court, as applicable.”
7. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT NO. 12 and shall continue in full force and effect as set forth in the AGREEMENT.
8. The recitals to this AMENDMENT NO. 12 are hereby incorporated by this reference.

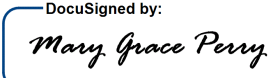

\*\*\*INTENTIONALLY BLANK\*\*\*

IN WITNESS WHEREOF, the parties have executed this AMENDMENT NO. 12 on the last date opposite the respective signatures below.

\$310.10	\$620.19
\$354.13	\$708.26
\$396.02	\$792.04

Service Rate for multiple Bins shall be calculated by multiplying the Container size by the number of Containers.  
Compacted rate is 2 times the uncompacted rate.

MFD and Commercial bin customers are eligible for 1/2 of solid waste capacity for recycling bin or cart service at no charge.  
Example, (1) 4 cubic yard uncompacted solid waste bin is eligible for one 2 cubic yard recyclables bin at no charge.  
Compacted solid waste counts as 2 times uncompacted volume for recycling calculation.  
Example, (1) 4 cubic yard compacted solid waste bin is eligible for one 4 cubic yard recyclables bin at no charge.

EXHIBIT 2A  
Refuse Rate Index (RRI)

The “Refuse Rate Index” adjustment shall be calculated in the following manner:

The expenses of collection services for the designated review period shall be prepared in a format set forth in the Operating Cost Statement, provided below.

The expenses of collection services shall be broken down into the following major Cost Categories: Labor, CNG/Diesel Fuel, Vehicle Replacement, Vehicle Maintenance, All Other, Bad Debt and Disposal.

The Data Sources below will be used to calculate the “RRI Percentage Change” for each Cost Category. The RRI Percentage Change will be based on the year over year 12-month average change ending in June. For example, if the rate adjustment is to be implemented January 1, 2022, the RRI Percentage Change will be based upon the year over year 12-month average change from June 2020 to June 2021. In the event any index is discontinued, a successor index shall be selected by the parties that is most closely equivalent to the discontinued index as recommended by the BLS. The Disposal cost categories are based on the change in the most recent disposal rates per ton available compared to the disposal rates included in the previous year’s RRI calculation.

For each RRI adjustment, each Cost Category will be assigned an Item Weight percentage based on its proportionate share of all expenses in the Operating Cost Statement for Carmel Marina Corporation (CMC) for 12 months ending June. For example, if the rate adjustment is implemented on January 1, 2022, the Item Weight percentage will be based upon the Operating Cost Statement for the 12-month period ending June 30, 2021.

The Weighted Percentage Change for each Cost Category will equal the Percentage Change from the RRI Index multiplied by its Item Weight.

The Total Price Increase will be the sum of each Cost Category’s Weighted Percentage Change.

## EXHIBIT 2A

For Example Purposes Only:

Price Adjustment Effective 1/1/xx	Combined Total			
Operating Costs	12-months ending Financials	% Change from RRI Index	Item Weight	Weighted % Change

AMENDMENT NO. 11  
 To  
 UNIFIED FRANCHISE AGREEMENT  
 For the Exclusive Collection of Solid Waste and  
 Recyclables in Unincorporated Monterey Between  
 COUNTY OF MONTEREY  
 And  
 USA WASTE OF CALIFORNIA, INC.,  
 DBA CARMEL MARINA  
 CORPORATION

This AMENDMENT NO. 11 is made to the UNIFIED FRANCHISE AGREEMENT for the exclusive collection of solid waste and recyclables in unincorporated Monterey County dated February 9, 2010, and amended via AMENDMENT NO. 1 dated February 3, 2012 to adjust rates; AMENDMENT NO. 2 dated November 13, 2012 to adjust rates; AMENDMENT NO. 3 dated February 3 2014 to adjust rates, edit the "Waste Screening Protocol", and delete certain sections in Article 17; AMENDMENT NO. 4 dated December 23, 2014 to adjust rates, establish funding of billing reviews [Article 12], and address retroactive adjustments [Article 13]; AMENDMENT NO. 5 dated January 6, 2016 to edit Articles 1, 2, 3, 4, 6, 7, 8, 9, and 13 to adjust rates and add "Food Waste" rates/category; AMENDMENT NO. 6 dated April 7, 2017 to amend Exhibit 1 by adding Form 5-B to add organics service and accompanying rates; AMENDMENT NO. 7 dated January 10, 2018 to adjust rates, AMENDMENT NO. 8 dated April 1, 2019 to adjust rates and add contamination penalties, AMENDMENT NO. 9 dated March 2020 to adjust rates; and AMENDMENT NO. 10 dated June 8, 2020 to extend the AGREEMENT to August 31, 2020 (hereafter, collectively referred to as "AGREEMENT"), by and between the County of Monterey (hereafter, "COUNTY") and USA WASTE OF CALIFORNIA, INC., dba CARMEL MARINA CORPORATION (hereafter, "CONTRACTOR")(collectively referred to as the "Parties").

**WHEREAS**, the COUNTY and CONTRACTOR wish to amend the AGREEMENT via AMENDMENT NO. 11 to extend the AGREEMENT through October 31, 2020 per Article 2 ("Term and Scope of Franchise").

**NOW THEREFORE**, the COUNTY and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

1. Amend Article 2, "Term and Scope of Franchise", at section 2.01 Initial Term of Agreement to read: The initial term of this Agreement for the provision of Collection Services in the Service Area, as set forth in Exhibit 5, shall be for a period commencing on November 1, 2010 and terminating at midnight on October 31, 2020.
2. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT NO. 11 and shall continue in full force and effect as set forth in the AGREEMENT.
3. The recitals to this AMENDMENT NO. 11 are hereby incorporated by this reference.

\*\*\*INTENTIONALLY BLANK\*\*\*

## AMENDMENT NO. 9

To  
**UNIFIED FRANCHISE AGREEMENT**  
 For the Exclusive Collection of Solid Waste and  
 Recyclables in Unincorporated Monterey County of  
 Monterey  
 By & Between  
**COUNTY OF MONTEREY**  
 And  
**WASTE MANAGEMENT, INC., DBA**  
**USA WASTE OF CALIFORNIA, INC.,**  
**DBA CARMEL MARINA**  
**CORPORATION**

This AMENDMENT NO. 9 is made to the UNIFIED FRANCHISE AGREEMENT for the exclusive collection of solid waste and recyclables in unincorporated Monterey County dated February 9, 2010, and amended via AMENDMENT NO. 1 dated February 3, 2012 to adjust rates; AMENDMENT NO. 2 dated November 13, 2012 to adjust rates; AMENDMENT NO. 3 dated February 3 2014 to adjust rates, edit the "Waste Screening Protocol", and delete certain sections in Article 17; AMENDMENT NO. 4 dated December 23, 2014 to adjust rates, establish funding of billing reviews [Article 12], and address retroactive adjustments [Article 13]; AMENDMENT NO. 5 dated January 6, 2016 edited Articles 1, 2, 3, 4, 6, 7, 8, 9, and 13 to adjust rates and add "Food Waste" rates/category; AMENDMENT NO. 6 dated April 7, 2017 amended Exhibit 1 by adding Form 5-B to add organics service and accompanying rates; AMENDMENT NO. 7 dated January 10, 2018 to adjust rates, AMENDMENT NO. 8 dated April 1, 2019 to adjust rates and add contamination fees (hereafter, collectively referred to as "AGREEMENT"), by and between the County of Monterey (hereafter, "COUNTY") and USA WASTE OF CALIFORNIA, INC., dba CARMEL MARINA CORPORATION (hereafter, "CONTRACTOR")(collectively referred to as the "Parties").

**WHEREAS**, the COUNTY and CONTRACTOR wish to amend the AGREEMENT via AMENDMENT NO. 9 effective January 1, 2020 to adjust rates in accordance with the Unified Franchise Agreement for current services provided by the CONTRACTOR.

**NOW THEREFORE**, the COUNTY and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

1. Amend Article 13, at Section 13.13 (and incorporating Section 13.15) "Adjustments to Service Rates, Surcharges and Fees" to replace the referenced Exhibit 1 "Approved Rates and Charges" approved and adopted pursuant to the Unified Franchise Agreement dated February 9, 2010, AMENDMENT NO. 1, AMENDMENT NO. 2, AMENDMENT NO. 3, AMENDMENT NO. 4, AMENDMENT NO. 5, AMENDMENT NO. 6 AMENDMENT NO. 7, and AMENDMENT NO. 8 with the new Exhibit 1 "Approved Rates and Charges" attached and incorporated by this reference and approved and adopted pursuant to this AMENDMENT NO. 9.
2. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT NO. 9 and shall continue in full force and effect as set forth in the AGREEMENT.

Amendment No. 8  
To  
UNIFIED FRANCHISE AGREEMENT  
For the Exclusive Collection of Solid Waste and  
Recyclables in Unincorporated Monterey County of  
Monterey  
By & Between  
COUNTY OF MONTEREY  
And  
WASTE MANAGEMENT, INC., DBA  
USA WASTE OF CALIFORNIA, INC.,  
DBA CARMEL MARINA  
CORPORATION

This AMENDMENT NO. 8 is made to the UNIFIED FRANCHISE AGREEMENT for the exclusive collection of solid waste and recyclables in unincorporated Monterey County dated February 9, 2010, and amended via AMENDMENT NO. 1 dated February 3, 2012 to adjust rates; AMENDMENT NO. 2 dated November 13, 2012 to adjust rates; AMENDMENT NO. 3 dated February 3 2014 to adjust rates, edit the "Waste Screening Protocol", and delete certain sections in Article 17; AMENDMENT NO. 4 dated December 23, 2014 to adjust rates, establish funding of billing reviews [Article 12], and address retroactive adjustments [Article 13]; AMENDMENT NO. 5 dated January 6, 2016 edited Articles 1, 2, 3, 4, 6, 7, 8, 9, and 13 to adjust rates and add "Food Waste" rates/category; AMENDMENT NO. 6 dated April 7, 2017 amended Exhibit 1 by adding Form 5-B to add organics service and accompanying rates; AMENDMENT NO. 7 dated January 10, 2019 to adjust rates, (hereafter, collectively referred to as "AGREEMENT"), by and between the County of Monterey (hereafter, "COUNTY") and USA WASTE OF CALIFORNIA, INC., dba CARMEL MARINA CORPORATION (hereafter, "CONTRACTOR")(collectively referred to as the "Parties").

WHEREAS, the COUNTY and CONTRACTOR wish to amend the AGREEMENT via Amendment No. 8 effective January 1, 2019 to adjust rates in accordance with the Unified Franchise Agreement for current services provided by the CONTRACTOR; add language which allows for a fee for contamination of recyclable material in amounts greater than 10%.

NOW THEREFORE, the COUNTY and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

1. Amend at Article 1.30.1 to include, Contaminated Recyclable Material. "Recyclable material [bins/carts] as defined by section 1.75 below, containing material other than such material (i.e. containing solid waste or non-recyclable material comingled with recyclables) in quantities greater than 10% as observed and documented by CONTRACTOR personnel."
2. Amend Article 13, at Section 13.13 Adjustments to Service Rates, Surcharges and Fees to replace the referenced Exhibit 1 "Approved Rates and Charges" approved and adopted pursuant to the Unified Franchise Agreement dated February 9, 2010, AMENDMENT No. 1, AMENDMENT No. 2, AMENDMENT No. 3,

1 of 3

AMENDMENT No. 4, AMENDMENT No. 5, AMENDMENT NO. 6 and AMENDMENT No. 7 with the new Exhibit 1 "Approved Rates and Charges" attached and incorporated by this reference and approved and adopted pursuant to this AMENDMENT No. 8; and add the following "CONTRACTOR shall provide a written warning to customer for Contaminated Recyclable material if contamination is greater than 10%. CONTRACTOR shall notify customer in writing for the second and subsequent offenses and may charge a fee [Exhibit 1] for the second and subsequent offenses."

3. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT NO. 8 and shall continue in full force and effect as set forth in the AGREEMENT.
4. The recitals to this Amendment No. 8 are hereby incorporated by this reference.

\$255.50	\$510.99
\$291.78	\$583.56
\$326.30	\$652.60

Service Rate for multiple bins shall be calculated by multiplying the Container size by the number of Containers.  
Compacted rate is 2 times the uncompacted rate.

MFD and Commercial bin customers are eligible for 1/2 of solid waste capacity for recycling bin or cart service at no charge.  
Example, (1) 4 cubic yard uncompacted solid waste bin is eligible for one 2 cubic yard recyclables bin at no charge.  
Compacted solid waste counts as 2 times uncompacted volume for recycling calculation.  
Example, (1) 4 cubic yard compacted solid waste bin is eligible for one 4 cubic yard recyclables bin at no charge.

Amendment No. 7  
To  
UNIFIED FRANCHISE AGREEMENT  
For the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County of Monterey  
By & Between  
COUNTY OF MONTEREY  
And  
USA WASTE OF CALIFORNIA, INC.  
DBA CARMEL MARINA CORPORATION

This AMENDMENT NO. 7 is made to the UNIFIED FRANCHISE AGREEMENT for the exclusive collection of solid waste and recyclables in unincorporated Monterey County dated February 9, 2010, and amended via AMENDMENT NO. 1 dated February 3, 2012 to adjust rates; AMENDMENT NO. 2 dated November 13, 2012 to adjust rates; AMENDMENT NO. 3 dated February 3 2014 to adjust rates, edit the "Waste Screening Protocol", and delete certain sections in Article 17; AMENDMENT NO. 4 dated December 23, 2014 to adjust rates, establish funding of billing reviews [Article 12], and address retroactive adjustments [Article 13]; AMENDMENT NO. 5 dated January 6, 2016 edited Articles 1, 2, 3, 4, 6, 7, 8, 9, and 13 to adjust rates and add "Food Waste" rates/category; AMENDMENT NO. 6 dated April 7, 2017 amended Exhibit 1 by adding Form 5-B to add organics service and accompanying rates, (hereafter, collectively referred to as "AGREEMENT"), by and between the County of Monterey (hereafter, "COUNTY") and USA WASTE OF CALIFORNIA, INC., dba CARMEL MARINA CORPORATION (hereafter, "CONTRACTOR")(collectively referred to as the "Parties").

**WHEREAS**, the COUNTY and CONTRACTOR wish to amend the AGREEMENT via Amendment No. 7 effective January 1, 2018 to adjust rates in accordance with the Unified Franchise Agreement for current services provided by the CONTRACTOR.

**NOW THEREFORE**, the COUNTY and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

1. Amend Article 13, at Section 13.13 Adjustments to Service Rates, Surcharges and Fees to replace the referenced Exhibit 1 "Approved Rates and Charges" approved and adopted pursuant to the Unified Franchise Agreement dated February 9, 2010, AMENDMENT No. 1, AMENDMENT No. 2, AMENDMENT No. 3, AMENDMENT No. 4, AMENDMENT No. 5 and AMENDMENT No. 6 with the new Exhibit 1 "Approved Rates and Charges" attached and incorporated by this reference and approved and adopted pursuant to this AMENDMENT No. 7.
2. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT NO.7 and shall continue in full force and effect as set forth in the AGREEMENT.
3. The recitals to this Amendment No. 7 are hereby incorporated by this reference.

### Board Order

#### Agreement No.: A-11631

Upon motion of Supervisor Phillips, seconded by Supervisor Parker and carried by those members present, the Board of Supervisors hereby:

- a. Approved Amendment No. 6 to the Unified Franchise Agreement A-11631 (UFA) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County in order to amend Exhibit 1 - "Approved Rates and Charges" of said UFA to add rates for expanded food waste collection services to be provided, and to add and amend Sections to said UFA to incorporate the new food waste collection services to be provided; and
- b. Approved and authorized the Director of Health to execute Amendment No. 6 to the UFA between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County.

PASSED AND ADOPTED on this 28th day of March 2017, by the following vote, to wit:

AYES: Supervisors Alejo, Phillips, Salinas, Parker and Adams

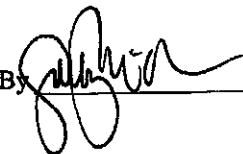

NOES: None

ABSENT: None

I, Gail T. Borkowski, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 80 for the meeting on March 28, 2017.

Gail T. Borkowski, Clerk of the Board of Supervisors  
County of Monterey, State of California

By 

Deputy

Amendment No. 6  
To  
UNIFIED FRANCHISE AGREEMENT  
For the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County of Monterey  
By & Between  
COUNTY OF MONTEREY  
And  
USA WASTE OF CALIFORNIA, INC.  
DBA CARMEL MARINA CORPORATION

This AMENDMENT NO. 6 is made to the UNIFIED FRANCHISE AGREEMENT for the exclusive collection of solid waste and recyclables in unincorporated Monterey County dated February 9, 2010, and amended via AMENDMENT NO. 1 dated February 3, 2012 to adjust rates; AMENDMENT NO. 2 dated November 13, 2012 to adjust rates; AMENDMENT NO. 3 dated February 3 2014 to adjust rates, edit the "Waste Screening Protocol", and delete certain sections in Article 17; AMENDMENT NO. 4 dated December 23, 2014 to adjust rates, establish funding of billing reviews [Article 12], and address retroactive adjustments [Article 13]; AMENDMENT NO. 5 dated January 6, 2016 edited Articles 1, 2, 3, 4, 6, 7, 8, 9, and 13 to adjust rates and add "Food Waste" rates/category (hereafter, collectively referred to as "AGREEMENT"), by and between the County of Monterey (hereafter, "COUNTY") and USA WASTE OF CALIFORNIA, INC., dba CARMEL MARINA CORPORATION (hereafter, "CONTRACTOR")(collectively referred to as the "Parties").

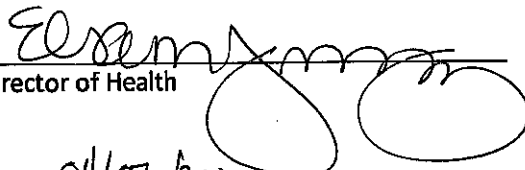

WHEREAS, the COUNTY and CONTRACTOR wish to amend the AGREEMENT to add the category of "Organics On-Call Bin and Roll-Off Rates" for current services provided by the CONTRACTOR.

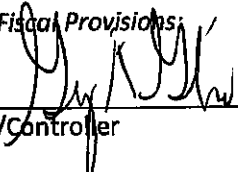

NOW THEREFORE, the COUNTY and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

1. Amend Exhibit 1 of Amendment No. 5 to include Exhibit 1 Form 5-B of this Amendment No. 6 attached and incorporated by this reference to reflect "Organics On-Call and Roll-Off" category with rates matching "Solid Waste" category as on Exhibit 1 Form 5 of AGREEMENT.
2. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT No. 6 and shall continue in full force and effect as set forth in the AGREEMENT.

**IN WITNESS WHEREOF**, the parties have executed this AMENDMENT on the last day opposite the respective signatures below.

### Agreement No.: A-11631

Upon motion of Supervisor Potter, seconded by Supervisor Armenta and carried by those members present, the Board of Supervisors hereby:

- a. Approved Amendment No. 5 to the Unified Franchise Agreement A-11631 (UFA) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County, effective January 1, 2016, in order to amend Exhibit 1 - "Approved Rates and Charges" of said UFA to adjust existing collection rates pursuant to the terms of said UFA and to add new rates for new food waste collection services to be provided, and to add and amend Sections to said UFA to incorporate the new food waste collection services to be provided; and
- b. Approved and authorized the Director of Health to execute Amendment No. 5 to the UFA between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County.

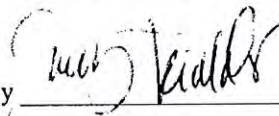

PASSED AND ADOPTED on this 8th day of December 2015, by the following vote, to wit:

AYES: Supervisors Armenta, Phillips, Salinas, Parker and Potter  
NOES: None  
ABSENT: None

I, Gail T. Borkowski, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 78 for the meeting on December 8, 2015

Dated: December 16, 2015  
File ID: A 15-392

Gail T. Borkowski, Clerk of the Board of Supervisors  
County of Monterey, State of California

By  Deputy

**AMENDMENT No. 5  
TO  
UNIFIED FRANCHISE AGREEMENT  
FOR THE EXCLUSIVE COLLECTION OF SOLID WASTE AND RECYCLABLES IN  
UNINCORPORATED MONTEREY COUNTY  
BETWEEN COUNTY OF MONTEREY  
AND  
USA WASTE OF CALIFORNIA, INC.  
DBA CARMEL MARINA CORPORATION**

**THIS AMENDMENT No. 5** is made to the UNIFIED FRANCHISE AGREEMENT FOR THE EXCLUSIVE COLLECTION OF SOLID WASTE AND RECYCLABLES IN UNINCORPORATED MONTEREY COUNTY dated February 9, 2010, and amended, pursuant to AMENDMENT No. 1 dated February 3, 2012, AMENDMENT No. 2 dated November 13, 2012, AMENDMENT No. 3 dated February 3, 2014, and AMENDMENT No. 4 dated December 23, 2014 (hereafter, collectively referred to as "AGREEMENT"), by and between the County of Monterey (hereafter, "COUNTY") and USA Waste of California Inc., dba Carmel Marina Corporation (hereafter, "CONTRACTOR") (collectively referred to as, the "Parties").

**WHEREAS**, COUNTY and CONTRACTOR wish to amend the AGREEMENT to adjust current collection rates for current services provided by CONTRACTOR and to add rates for new food waste collection services to be provided by CONTRACTOR, effective January 1, 2016.

**NOW THEREFORE**, COUNTY and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

1. Amend Article 1, at Section 1.12 Collect/Collection. To pick up, transport, and remove Solid Waste, Recyclables, Green Waste, Food Waste, Christmas trees, Bulky Items, E-Waste, CED's, Universal Waste, Used Oil and Used Oil Filters, and/or Construction and Demolition Debris.
2. Amend Article 1, at Section 1.30 Container. Carts, Cans, or Bins used for Collection of Solid Waste, Recyclables, Green Waste, and Food Waste.
3. Amend Article 1, at Section 1.37 Customer. A Generator of Solid Waste, Recyclables, Green Waste, Food Waste, Christmas trees, Bulky Items, E-Waste, CED's, Universal Waste, Christmas Trees, Used Oil and Used Oil Filters, or Construction and Demolition Debris within COUNTY'S jurisdiction including homeowners, managers or owners or rate-paying occupants of rental Single-Family or Multi-Family Dwellings, and Commercial representatives, who receive Collection Services under this Agreement.
4. Amend Article 1, at Section 1.47 Food Waste. All organic materials of plant or animal origin, which are or were components of human foodstuffs that may be specified in Legislation for Collection and processing. It shall also include non-recyclable and soiled paper, vegetable trimmings, houseplant trimmings and other compostable organic waste common to the occupancy of Single Family or Multi-family Dwellings, and, in the event COUNTY implements a Commercial Food Waste Collection program, Commercial establishments.

5. Add Article 1, Section 1.47.1 Food Waste Processing Facility. The Monterey Regional Waste Management District (MRWMD) Food Waste Processing Facility and the Salinas Valley Solid Waste Authority (SVSWA) Food Waste Processing Facility.
6. Amend Article 1, at Section 1.49 Generator. A Person, Commercial business or any other entity that produces Solid Waste, Recyclables, Green Waste, Food Waste, Bulky Items, Christmas Trees, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and/or Construction and Demolition Debris.
7. Amend Article 1, at Section 1.53 Large Venue Collection Service. Collection of Solid Waste, Recyclables, Food Waste, and other materials as appropriate at large venue special events.
8. Add Article 1, Section 1.66.1 MRWMD Food Waste Processing Facility. The Food Waste Processing facility operated by the MRWMD and located at the Monterey Peninsula Landfill or such other facility as COUNTY may direct as required by the terms of its joint powers authority agreement with the MRWMD.
9. Amend Article 1, at Section 1.73 Processing Residues. Materials remaining after the processing of Recyclables, Green Waste, Food Waste, Bulky Items and Construction and Demolition Debris, which cannot reasonably be Diverted from the landfill.
10. Amend Article 9, at Section 1.92 Solid Waste. Except as provided below, "Solid Waste" means all "Solid Waste" as defined in California Public Resources Code Section 40191, as that Section may be amended from time to time, and as defined in Section 10.41.010 Y. of the Monterey County Code, as that Section may be amended from time to time, which is generated within the COUNTY. "Solid Waste" also means all putrescible and non-putrescible solid, semisolid, and liquid wastes, including garbage, trash, refuse, paper, rubbish, ashes, industrial wastes, dewatered, treated, or chemically fixed sewage sludge which is not Hazardous Waste, manure, vegetable or animal solid and semisolid wastes, and other discarded wastes, but does not include abandoned vehicles, Hazardous Waste or other Unacceptable Waste. "Solid Waste" may include Recyclables, Green Waste, Food Waste, Bulky Items and Construction and Demolition Debris if such materials are not source separated from other "Solid Waste" at the site of generation or Collected for Recycling, Composting, processing and marketing.
11. Add Article 1, Section 1.92.1 Subscription Food Waste Collection Service. The Collection of Food Waste from MFD or Commercial Customers on a subscription basis and the delivery of the Food Waste to the appropriate Food Waste Processing Facility.
12. Add Article 1, Section 1.95.1 SVSWA Food Waste Processing Facility. Any facility located within the boundaries of the SVSWA, selected by CONTRACTOR and approved by COUNTY that is designed, operated and legally permitted for the purpose of receiving and processing Food Waste or such other facility as COUNTY may direct as required by the terms of its joint powers authority agreement with the SVSWA.

13. Amend Article 2, at Section 2.05.2 Recyclables, Green Waste, Food Waste, Christmas Trees, Bulky Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and Construction and Demolition Debris set out for Collection by Customers.
14. Amend Article 2, at Section 2.06.2 Nothing in this Agreement shall limit the right of any Person to donate or sell his or her Recyclables, Green Waste, Food Waste, Bulky Items, Universal Waste, E-Waste, CED's, Christmas trees, Used Oil and Used Oil Filters and/or Construction and Demolition Debris to someone other than CONTRACTOR. Similarly, pursuant to Chapter 10.41 of the Monterey County Code nothing in this Agreement shall limit the right of any Person to haul the Solid Waste, Recyclables, Green Waste, Food Waste, Bulky Items, Universal Waste, E-Waste, CED's Christmas trees, Used Oil and Used Oil Filters and Construction and Demolition Debris he or she generates on his or her own premises to a facility that holds all applicable permits required per federal law, state law and/or County Code.
15. Add Article 3, Section 3.12.1 Food Waste – Contamination. CONTRACTOR shall not be required to Collect Food Waste if the Customer does not segregate the Food Waste from other materials such as Solid Waste, and Unacceptable Waste. If Food Waste is contaminated through commingling with other materials, CONTRACTOR shall leave the Food Waste Can, Cart or Bin un-emptied along with a Non-Collection Notice that contains instructions on the proper procedures for setting out Food Waste. CONTRACTOR shall not be obligated to Collect the Food Waste Container until the Customer has removed the contamination.
16. Amend Article 3, at Section 3.14.1 Solid Waste, Green Waste, Food Waste, and Recyclables. CONTRACTOR shall not commingle Solid Waste Collected pursuant to this Agreement, with any Green Waste, Food Waste, or Recyclables separated for Collection pursuant to this Agreement prior to delivery to the appropriate facility without the express prior written authorization of the Contract Administrator.
17. Add Article 3, Section 3.14.2.1 Green Waste. CONTRACTOR shall not commingle Green Waste Collected pursuant to this Agreement, with any other material Collected by CONTRACTOR inside or outside the Service Area prior to delivery to the Green Waste Processing Facility without the express prior written authorization of the Contract Administrator.
18. Add Article 3, Section 3.14.2.2 Food Waste. CONTRACTOR shall not commingle Food Waste Collected pursuant to this Agreement, with any other material Collected by CONTRACTOR inside or outside the Service Area prior to delivery to the Food Waste Processing Facility without the express prior written authorization of the Contract Administrator.
19. Amend Article 3, at Section 3.14.4. Material Separation. Solid Waste, Recyclables, Green Waste, Food Waste, Bulky Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and Construction and Demolition Debris shall not be mixed together in CONTRACTOR'S Collection equipment unless such material has been deemed contaminated in which case it shall be Collected as Solid Waste. Each category of material Collected shall be kept separated according to type or classification except for such material as has been deemed contaminated which shall be classified as Solid Waste.
20. Amend Article 3, at Section 3.15 Spillage and Litter. CONTRACTOR shall not litter premises in the process of providing Collection Services or while its vehicles

are on the road. CONTRACTOR shall transport all materials Collected under the terms of this Agreement in such a manner as to prevent the spilling or blowing of such materials from CONTRACTOR'S vehicle. CONTRACTOR shall exercise all reasonable care and diligence in providing Collection Services so as to prevent spilling or dropping of Solid Waste, Recyclables, Green Waste, Food Waste, Bulky Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and Construction and Demolition Debris and shall immediately, at the time of occurrence, clean up such spilled or dropped materials.

21. Amend Article 3, at Section 3.16 Ownership of Materials. Title to Solid Waste, Recyclables, Green Waste, Food Waste, Bulky Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and Construction and Demolition Debris shall pass to CONTRACTOR at such time as said materials are placed in CONTRACTOR'S Collection Container and the Container is set out for Collection. Title to material Collected as part of the COUNTY Clean-up Service as set forth in Article 11 shall pass to CONTRACTOR at the time the material is placed in the Roll-Off Container or other Collection vehicle or Container approved for use.
22. Add Article 4, Section 4.01.3.1 MRWMD Food Waste Processing Facility. All Food Waste that can be processed or composted, Collected as the result of performing Collection Services within the boundaries of the MRWMD, shall be transported to the MRWMD Food Waste Processing Facility.
23. Add Article 4, Section 4.01.3.2 SVSWA Food Waste Processing Facility. All Food Waste that can be processed or composted, Collected as the result of performing Collection Services within the boundaries of SVSWA, shall be transported to the SVSWA Food Waste Processing Facility.
24. Amend Article 4, at Section 4.01.11 Disposal of Recyclables, Green Waste, or Food Waste. CONTRACTOR shall not deliver Recyclables, Green Waste or Food Waste to a Disposal Facility without the express written permission of the Contract Administrator.
25. Add Article 6, Section 6.01.2.1 Subscription Food Waste Collection Service. If requested by MFD Cart Customer, CONTRACTOR shall provide subscription Food Waste Collection Service in a manner agreed upon between the MFD Cart Customer and CONTRACTOR for the service rate as set forth in Exhibit 1 to this Agreement.
26. Amend Article 6, at Section 6.01.3 Conditions of Service. CONTRACTOR shall provide MFD Cart Collection Service to all MFD Cart Customers in the Service Area whose: 1) Solid Waste is containerized in Carts, except as set forth in Section 6.03 and 6.06 regardless of whether or not the lid of the Cart is closed; 2) Recyclables are containerized in Carts, except as set forth in Section 6.03 and 6.06, regardless of whether or not the lid of the Cart is closed; 3) Green Waste is containerized in Carts, except as set forth in Section 6.03 and 6.06, regardless of whether or not the lid of the Cart is closed; and, 4) Food Waste is containerized in Carts, except as set forth in Section 6.03 and 6.06, regardless of whether or not the lid of the Cart is closed; and 5) where the Carts have been placed within three (3) feet of the curb, swale, paved surface of the public roadway, closest accessible roadway, or other such location agreed to by CONTRACTOR and Customer, that will provide safe and efficient accessibility to CONTRACTOR'S Collection crew and vehicle.

27. Amend Article 6, at Section 6.01.4 Size and Frequency of Service. Each service shall be provided weekly on a scheduled route basis. However, in those instances where the scheduled Collection day falls on a holiday as set forth in Section 3.09 herein, the Collection day may be adjusted in a manner agreed to between the Customer and CONTRACTOR as long as service is received one (1) time per week. The size of the Cart, (above the minimum) shall be determined between the Customer and CONTRACTOR. However, size shall be sufficient to provide that no Solid Waste, Recyclables, Food Waste, or Green Waste need be placed outside the Cart on a regular basis.
28. Amend Article 6, at Section 6.02. Non-Collection. Except as set forth in Section 6.03 and 6.06, CONTRACTOR shall not be required to Collect any Solid Waste, Recyclables, Green Waste, or Food Waste from an MFD Cart Customer that is not placed in a Cart as appropriate. In the event of non-collection, CONTRACTOR shall contact the Customer to discuss the reason for the non-collection and shall affix to the Cart a Non-Collection Notice explaining why Collection was not made. CONTRACTOR shall maintain a copy of such notices during the term of this Agreement.
29. Amend Article 6, at Section 6.03. Overages. The first time that an MFD Cart Customer does not discard Solid Waste, Recyclables, Green Waste, or Food Waste inside a Cart, CONTRACTOR will Collect that material without surcharge, but it will leave a Non-Collection Notice indicating that 1) the Customer must place Solid Waste, Recyclables, Green Waste, or Food Waste in a Cart, unless he or she has requested On-Call Collection Service; 2) describing how the Customer can arrange for additional capacity; and 3) warning that if the Customer discards material outside Carts again, CONTRACTOR will Collect the material and charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1 to this AGREEMENT as may be amended from time to time.
30. Amend Article 6, at Section 6.03.1 The second time, and each time thereafter, that an MFD Cart Customer does not discard Solid Waste, Recyclables, Green Waste, or Food Waste inside a Cart, CONTRACTOR will Collect the Cart and the un-containerized material and will charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1 to this AGREEMENT as may be amended from time to time.
31. Add Article, Section 7.01.2.1 Subscription Food Waste Collection Service. If requested by an MFD Bin Customer, CONTRACTOR shall provide subscription Food Waste Collection Service in a manner agreed upon between the MFD Bin Customer and CONTRACTOR at the service rate set forth in Exhibit 1 to this AGREEMENT as may be amended from time to time.
32. Amend Article 7, at Section 7.01.3 Conditions of Service. CONTRACTOR shall provide MFD Bin Collection Service to all MFD Bin Customers in the Service Area whose: 1) Solid Waste is containerized in Bins, except as set forth in Sections 7.03 and 7.06, regardless of whether or not the lid of the Container is closed; 2) Recyclables are containerized in Carts or Bins, except as set forth in Sections 7.03 and 7.06, regardless of whether or not the lid of the Container is closed; 3) Green Waste is containerized in Carts or Bins, except as set forth in Sections 7.03 and 7.06, regardless of whether or not the lid of the Container is closed; 4) Food Waste is containerized in Carts or Bins, except as set forth in Sections 7.03 and 7.06,

regardless of whether or not the lid of the Container is closed; and, 5) where the Carts or Bins are accessible as set forth in Section 7.01.5.

33. Amend Article 7, at Section 7.01.4 Size and Frequency of Service. Each service shall be provided at least once every week on a scheduled route basis. However, in those instances where the scheduled Collection day falls on a holiday as set forth in Section 3.09 herein, the Collection day may be adjusted in a manner agreed to between the Customer and CONTRACTOR as long as service is received a minimum of one (1) time per week. The size of the Bin or Cart, (above the minimum) and the frequency of Collection, (above the minimum) shall be determined between the Customer and CONTRACTOR. However, size and frequency shall be sufficient to provide that no Solid Waste, Recyclables, or Green Waste need be placed outside the Bin or Cart on a regular basis.
34. Amend Article 7, at Section 7.01.5 Accessibility. CONTRACTOR shall Collect all Solid Waste, Recyclables, Green Waste, and Food Waste Bins or Carts that are readily accessible to CONTRACTOR'S crew and vehicles and not blocked. However, CONTRACTOR shall provide "push services" as necessary during the provision of MFD Bin Collection Services. Push services shall include, but not be limited to, dismounting from the Collection vehicle, moving the Bins or Carts from their storage location for Collection and returning the Bins or Carts to their storage location. CONTRACTOR shall be compensated for such services at the rate set forth in Exhibit 1 of this AGREEMENT as may be amended from time to time.
35. Amend Article 7, at Section 7.02 Non-Collection. Except as set forth in Sections 7.03 and 7.06, CONTRACTOR shall not be required to Collect any Solid Waste, Recyclables, Green Waste, or Food Waste from a MFD Bin Customer that is not placed in a Bin or Cart as appropriate. In the event of non-collection, CONTRACTOR shall contact the Customer to discuss the reason for the non-collection and shall affix to the Bin or Cart a Non-Collection Notice explaining why Collection was not made. CONTRACTOR shall maintain a copy of such notices during the term of this AGREEMENT.
36. Amend Article 7, at Section 7.03 Overages. The first time that an MFD Bin Customer does not discard Solid Waste, Recyclables, Green Waste, or Food Waste inside a Bin or Cart, CONTRACTOR will Collect that material without surcharge, but it will leave a Non-Collection Notice indicating that: 1) the Customer must place Solid Waste, Recyclables, Green Waste, or Food Waste in a Bin or Cart, unless he or she has requested On-Call Collection Service; 2) describing how the Customer can arrange for additional capacity; and 3) warning that if the Customer discards material outside Bins or Carts again, CONTRACTOR will Collect the material.
37. Amend Article 7, at Section 7.03.1 The second time, and each time thereafter, that a Customer does not discard Solid Waste, Recyclables, Green Waste, or Food Waste inside a Bin or Cart, CONTRACTOR will Collect the Bin or Cart and the un-containerized material and will charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1 to this AGREEMENT as may be amended from time to time.
38. Add Article 8, Section 8.01.2.1 Subscription Food Waste Collection Service. If requested by a Commercial Cart Customer, CONTRACTOR shall provide Subscription Food Waste Collection Service in a manner agreed upon between the Commercial Cart Customer and CONTRACTOR at the service rate set forth in

Exhibit 1 to this AGREEMENT, except that there shall be no charge for providing Subscription Food Waste Collection Services to those COUNTY Facilities listed on Exhibit 10.

39. Amend Article 8, at Section 8.01.3. Conditions of Service. CONTRACTOR shall provide Commercial Cart Collection Service to all Commercial Cart Customers in the Service Area whose: 1) Solid Waste is containerized in Carts, except as set forth in Sections 8.03 and 8.05, regardless of whether or not the lid of the Cart is closed; 2) Recyclables are containerized in Carts, except as set forth in Sections 8.03 and 8.05, regardless of whether or not the lid of the Cart is closed; 3) Green Waste is containerized in Carts, except as set forth in Sections 8.03 and 8.05, 4) Food Waste is containerized in Carts, except as set forth in Sections 8.03 and 8.05, regardless of whether or not the lid of the Cart is closed; and, 5) where the Carts have been placed within three (3) feet of the curb, swale, paved surface of the public roadway, closest accessible roadway, or other such location agreed to by CONTRACTOR and Customer, that will provide safe and efficient accessibility to CONTRACTOR'S Collection crew and vehicle.
40. Amend Article 8, at Section 8.01.4.1 Size and Frequency of Service. Each service shall be provided at least once every week on a scheduled route basis. However, in those instances where the scheduled Collection day falls on a holiday as set forth in Section 3.09 herein, the Collection day may be adjusted in a manner agreed to between the Customer and CONTRACTOR as long as service is received a minimum of one (1) time per week. The size of the Cart, (above the minimum) and the frequency of Collection, (above the minimum) shall be determined between the Customer and CONTRACTOR. However, size and frequency shall be sufficient to provide that no Solid Waste, Recyclables, Green Waste, or Food Waste need be placed outside the Cart on a regular basis. Regardless of the Container size and frequency selected, as identified on Exhibit 10, there shall be no charge for providing Commercial Cart Collection Service to COUNTY Facilities.
41. Amend Article 8, at Section 8.02 Non-Collection. Except as set forth in Sections 8.03 and 8.05, CONTRACTOR shall not be required to Collect any Solid Waste, Recyclables, Green Waste, or Food Waste from a Commercial Cart Customer that is not placed in a Cart as appropriate. In the event of non-collection, CONTRACTOR shall contact the Customer to discuss the reason for the non-collection and shall affix to the Cart a Non-Collection Notice explaining why Collection was not made. CONTRACTOR shall maintain a copy of such notices during the term of this AGREEMENT.
42. Amend Article 8, at Section 8.03 Overages. The first time that a Commercial Cart Customer does not discard Solid Waste, Recyclables, Green Waste, or Food Waste inside a Cart, CONTRACTOR will Collect that material without surcharge, but it will leave a Non-Collection Notice indicating that: 1) the Customer must place Solid Waste, Recyclables or Green Waste or in a Cart; 2) describing how the Customer can arrange for additional capacity; and, 3) warning that if the Customer discards material outside Carts again, CONTRACTOR will Collect the material and charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1 to this AGREEMENT as may be amended from time to time.
43. Amend Article 8, at Section 8.03.1. The second time, and each time thereafter that a Customer does not discard Solid Waste, Recyclables, Green Waste, or Food Waste inside a Cart, CONTRACTOR will Collect the Cart and the un-containerized material and will charge the un-containerized surcharge listed on the Rate

Schedule set forth in Exhibit 1 to this AGREEMENT as may be amended from time to time.

44. Add Article 9, Section 9.01.2.1 Subscription Food Waste Collection Service. If requested by Commercial Bin Customer, CONTRACTOR shall provide Subscription Food Waste Collection Service in a manner agreed upon between the Commercial Bin Customer and CONTRACTOR at the service rate set forth in Exhibit 1 to this AGREEMENT except that there shall be no charge for providing Subscription Food Waste Collection Services to those COUNTY Facilities listed on Exhibit 10.
45. Amend Article 9, at Section 9.01.3. Conditions of Service. CONTRACTOR shall provide Commercial Bin Collection Service to all Commercial Bin Customers in the Service Area whose: 1) Solid Waste is containerized, except as set forth in Sections 9.03 and 9.05, regardless of whether or not the lid of the Container is closed; 2) Recyclables are containerized in Carts or Bins, except as set forth in Section 9.03, regardless of whether or not the lid of the Container is closed; 3) Green Waste is containerized, except as set forth in Sections 9.03 and 9.05, regardless of whether or not the lid of the Container is closed; 4) Food Waste is containerized, except as set forth in Sections 9.03 and 9.05, regardless of whether or not the lid of the Container is closed and, 4) where the Carts or Bins are accessible as set forth in Section 9.01.5.
46. Amend Article 9, at Section 9.01.4. Size and Frequency of Service. Each service shall be provided at least once every week on a scheduled route basis. However, in those instances where the scheduled Collection day falls on a holiday as set forth in Section 3.09 herein, the Collection day may be adjusted in a manner agreed to between the Customer and CONTRACTOR as long as service is received a minimum of one (1) time per week. The size of the Bin or Cart, (above the minimum) and the frequency of Collection, (above the minimum) shall be determined between the Customer and CONTRACTOR. However, size and frequency shall be sufficient to provide that no Solid Waste, Recyclables, Green Waste, or Food Waste need be placed outside the Bin or Cart on a regular basis. Regardless of the Container size and frequency as identified on Exhibit 10, there shall be no charge for providing Commercial Bin Collection Service to COUNTY Facilities.
47. Amend Article 9, at Section 9.01.5. Accessibility. CONTRACTOR shall Collect all Solid Waste Bins and Recyclables, Green Waste, and Food Waste Bins or Carts that are readily accessible to CONTRACTOR'S crew and vehicles and not blocked. However, CONTRACTOR shall provide "push services" as necessary during the provision of Commercial Bin Collection Services. Push services shall include, but not be limited to, dismounting from the Collection vehicle, moving the Bins or Carts from their storage location for Collection and returning the Bins or Carts to their storage location.
48. Amend Article 9, at Section 9.02. Non-Collection. Except as set forth in Sections 9.03 and 9.05, CONTRACTOR shall not be required to Collect any Solid Waste, Recyclables, Green Waste, or Food Waste from a Commercial Bin Customer that is not placed in a Bin or Cart as appropriate. In the event of non-collection, CONTRACTOR shall contact the Customer to discuss the reason for the non-collection and shall affix to the Bin or Cart a Non-Collection Notice explaining why Collection was not made. CONTRACTOR shall maintain a copy of such notices during the term of this Agreement.

49. Amend Article 9, at Section 9.03. Overages. The first time that a Commercial Bin Customer does not discard Solid Waste, Recyclables, Green Waste, or Food Waste inside a Bin or Cart, CONTRACTOR will Collect that material without surcharge, but it will leave a Non-Collection Notice indicating that: 1) the Customer must place Solid Waste, Recyclables, Green Waste, or Food Waste in a Bin or Cart; 2) describing how the Customer can arrange for additional capacity; and 3) warning that if the Customer discards material outside Bins or Carts again, CONTRACTOR will Collect the material and charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1 to this AGREEMENT as may be amended from time to time.
50. Amend Article 9, at Section 9.03.1. The second time, and each time thereafter that a Customer does not discard Solid Waste, Recyclables, Green Waste, or Food Waste inside a Bin or Cart, CONTRACTOR will Collect the Bin or Cart and the un-containerized material and will charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1 to this AGREEMENT as may be amended from time to time.
51. Amend Article 13, at Section 13.13 Adjustments to Service Rates, Surcharges and Fees to replace the referenced Exhibit 1 "Approved Rates and Charges," approved and adopted pursuant to the Unified Franchise Agreement dated February 9, 2010, AMENDMENT No. 1, AMENDMENT No. 2, AMENDMENT No. 3, and AMENDMENT No. 4 with the new Exhibit 1 "Approved Rates and Charges" attached and incorporated by this reference and approved and adopted pursuant to this AMENDMENT No. 5.
52. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT No. 5 and shall continue in full force and effect as set forth in the AGREEMENT.

**IN WITNESS WHEREOF**, the parties have executed this AMENDMENT No. 5 as of the last date opposite the respective signatures below.

Form 6B the average processing and transportation cost per cubic yard via Transfer Station	\$1.9694	3.42%	\$2.0367

This form reflects the change in Tipping fee only. **This tab is informational only** - Source is RRI Disposal Pct.

Disposal costs listed above do not factor in the disposal cost for white goods, mattresses e-waste, bulkies, special waste, batteries, and oil as some of these materials are charged on a per-item basis.

This form corrects an error calculation made in 2010 and expands the decimal points to better capture the change in disposal and transportation costs.

## Monterey County

### Board Order

168 West Alisal Street,  
1st Floor  
Salinas, CA 93901  
831.755.5066

#### Agreement No.: A-11631

Upon motion of Supervisor Salinas, seconded by Supervisor Armenta and carried by those members present, the Board of Supervisors hereby:

Conducted hearing and:

- a. Approved Amendment No. 4 to the Unified Franchise Agreement A-11631 between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County, effective January 1, 2015, in order to amend Exhibit 1 of the Unified Franchise Agreement to adjust collection rates, and to amend Section 6.06.7, Section 7.06.7, Section 12.03 and Section 13.15 of the Unified Franchise Agreement; and
- b. Approved and authorized the Director of Health to execute Amendment No. 4 to the Unified Franchise Agreement A-11631 between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County.

PASSED AND ADOPTED on this 9th day of December 2014, by the following vote, to wit:

AYES: Supervisors Armenta, Calcagno, Salinas, Parker and Potter  
NOES: None  
ABSENT: None

I, Gail T. Borkowski, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 77 for the meeting on December 9, 2014.

Dated: December 16, 2014  
File Number: A 14-277

Gail T. Borkowski, Clerk of the Board of Supervisors  
County of Monterey, State of California

By Denise Hancock  
Deputy

**AMENDMENT No. 4  
TO  
UNIFIED FRANCHISE AGREEMENT  
FOR THE EXCLUSIVE COLLECTION OF SOLID WASTE AND RECYCLABLES IN  
UNINCORPORATED MONTEREY COUNTY  
BETWEEN COUNTY OF MONTEREY  
AND  
USA WASTE OF CALIFORNIA, INC.  
DBA CARMEL MARINA CORPORATION**

**THIS AMENDMENT No. 4** is made to the UNIFIED FRANCHISE AGREEMENT FOR THE EXCLUSIVE COLLECTION OF SOLID WASTE AND RECYCLABLES IN UNINCORPORATED MONTEREY COUNTY dated February 9, 2010, and amended, pursuant to AMENDMENT No. 1 dated February 3, 2012 and AMENDMENT No. 2 dated November 13, 2012, and AMENDMENT No. 3 dated February 3, 2014 (hereafter, collectively referred to as "AGREEMENT") by and between the County of Monterey (hereafter, "COUNTY") and USA Waste of California Inc., dba Carmel Marina Corporation (hereafter, "CONTRACTOR") (collectively referred to as, the "Parties").

**WHEREAS**, COUNTY and CONTRACTOR wish to amend the AGREEMENT to adjust collection rates, effective January 1, 2015, for services provided by CONTRACTOR.

**NOW THEREFORE**, COUNTY and CONTRACTOR hereby agree to amend the AGREEMENT in the following manner:

1. Amend Article 6, at Section 6.06.7 Triennial Visit as follows: CONTRACTOR shall visit each MFD Cart Customer at least every three (3) years during the term of this Agreement to perform a site waste assessment. As part of the assessment, CONTRACTOR shall meet with the property manager to review level of service and to discuss Diversion opportunities. The results of each visit shall be documented and reported in the monthly report to COUNTY.
2. Amend Article 7, at Section 7.06.7 Triennial Visit as follows: CONTRACTOR shall visit each MFD Bin Customer at least once every three (3) years during the term of this Agreement to perform a site waste assessment. As part of the assessment, CONTRACTOR shall meet with the MFD Bin Customer to review level of service and to discuss Diversion opportunities. The results of each visit shall be documented and reported in the monthly report to COUNTY.
3. Amend Article 12, at Section 12.03 Funding of the Performance and Billing Reviews as follows: During the initial term of this Agreement as set forth in Section 2.01, CONTRACTOR shall be responsible for paying performance and billing reviews costs in the amount of **Seventy Thousand Dollars (\$70,000.00)** adjusted by the CPI (as defined in Exhibit 2 attached to Amendment No. 3 and incorporated by this reference) at the same time as the Collection Service rates under Article 13. However, in the event that this Agreement is extended as provided in Section 2.02 or in Section 2.03 CONTRACTOR shall be responsible for paying additional performance and billing reviews costs in the amount of **Seventy Thousand Dollars (\$70,000.00)** adjusted by the CPI (as defined in Exhibit 2 attached to Amendment No. 3 and incorporated by this reference) at the same time as the

Collection Service under Article 13. Nothing in this Section shall prohibit COUNTY from conducting additional performance and billing reviews at COUNTY'S own expense.

4. Amend Article 13, at Section 13.13 Adjustments to Service Rates, Surcharges and Fees to replace the referenced Exhibit 1 "Approved Rates and Charges," approved and adopted pursuant to the Unified Franchise Agreement dated February 9, 2010, AMENDMENT No. 1, AMENDMENT No. 2, and AMENDMENT No. 3 with the new Exhibit 1 "Approved Rates and Charges" attached and incorporated by this reference and approved and adopted pursuant to this AMENDMENT No. 4.
5. Amend Article 13, at Section 13.15 Retroactive Adjustments. In the event of a change in a governmental, quasi-governmental, franchise, regulatory fee, or tipping fee which becomes effective at some time other than January 1st of any year, CONTRACTOR shall be compensated for such increase through the inclusion of a "retroactive element" in the next rate adjustment. COUNTY and CONTRACTOR agree that the "retroactive element" shall be an amount needed to compensate CONTRACTOR for increases in fees paid during the period from the inception of the fee increase through the subsequent December 31<sup>st</sup> and shall not include interest, overhead, or any other costs of any type. The "retroactive element" shall only be included in the rate structure for twelve (12) months or that period necessary to allow CONTRACTOR to recover all retroactive amounts, if less than twelve (12) months, and shall be removed prior to calculating the rates to be set as of the subsequent January 1st.
6. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT No. 4 and shall continue in full force and effect as set forth in the AGREEMENT.

**IN WITNESS WHEREOF**, the parties have executed this AMENDMENT No. 4 as of the last date opposite the respective signatures below.

\$ 230.61	\$ 461.22
\$ 263.34	\$ 526.68
\$ 294.50	\$ 589.00

Service Rate for multiple Bins shall be calculated by multiplying the Container size by the number of Containers.

Compacted rate is 2 times the uncompacted rate.

MFD/Commercial bin customers eligible for 1/2 of solid waste capacity in recycling bin or cart service at no charge.

Compacted solid waste counts as 2 times uncompacted for recycling calculation.

For example, (1) 4 cubic yard compacted solid waste bin eligible for (1) 4 cubic yard recyclables bin at no charge.

Form 6B the average processing and transportation cost per cubic yard via Transfer Station	\$1.9044	0.68%	100.68%	\$1.9174

This form reflects the change in Tipping fee only. **This tab is informational only** - Source is RRI Disposal Pct.

Disposal costs listed above do not factor in the disposal cost for white goods, mattresses e-waste, bulkies, special waste, batteries, and oil as some of these materials are charged on a per-item basis.

This form corrects an error calculation made in 2010 and expands the decimal points to better capture the change in disposal and transportation costs.

### Board Order

168 West Alisal Street,  
1st Floor  
Salinas, CA 93901  
831.755.5066

#### **Adopted Resolution No. 13-366 which includes the following:**

##### **Motion 1:**

Upon motion of Supervisor Calcagno, seconded by Supervisor Salinas and carried by those members present, the Board of Supervisors hereby:

Amended Article 17.07.1.1 ff of the Unified Franchise Agreement to modify the Hazardous Waste Recognition and Response training requirements.

PASSED AND ADOPTED on this 10th day of December 2013, by the following vote, to wit:

AYES: Supervisors Armenta, Calcagno, Salinas, Parker and Potter

NOES: None

ABSENT: None

##### **Motion 2:**

Upon motion of Supervisor Potter, seconded by Supervisor Salinas and carried by those members present, the Board of Supervisors hereby:

Amended Exhibit 2 of the UFA to change the disposal categories of the Refuse Rate Index.

PASSED AND ADOPTED on this 10th day of December 2013, by the following vote, to wit:

AYES: Supervisors Armenta, Calcagno, Salinas, Parker and Potter

NOES: None

ABSENT: None

##### **Motion 3:**

Upon motion of Supervisor Potter, seconded by Supervisor Parker and carried by those members present, the Board of Supervisors hereby:

Amended Exhibit 1 of the UFA to adjust collection rates by 2.46% for all rate payers within the Monterey Regional Waste Management District.

PASSED AND ADOPTED on this 10th day of December 2013, by the following vote, to wit:

AYES: Supervisors Armenta, Calcagno, Salinas, Parker and Potter

NOES: None

ABSENT: None

**Motion 4:**

Upon motion of Supervisor Potter, seconded by Supervisor Salinas and carried by those members present, the Board of Supervisors hereby:

Amended Exhibit 1 of the UFA to adjust collection rates by 8.03% for all rate payers within the Salinas Valley Solid Waste Authority.

PASSED AND ADOPTED on this 10th day of December 2013, by the following vote, to wit:

AYES: Supervisors Armenta, Salinas, Parker and Potter

NOES: Supervisor Calcagno

ABSENT: None

**Motion 5:**

Upon motion of Supervisor Potter, seconded by Supervisor Parker and carried by those members present, the Board of Supervisors hereby:

Authorized and directed the Director of Health to execute for Amendment No. 3 to the UFA to implement the amendments just approved.

PASSED AND ADOPTED on this 10th day of December 2013, by the following vote, to wit:

AYES: Supervisors Armenta, Salinas, Parker and Potter

NOES: Supervisor Calcagno

ABSENT: None

I, Gail T. Borkowski, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 77 for the meeting on December 10, 2013.

Dated: December 23, 2013  
File Number: A 13-282

Gail T. Borkowski, Clerk of the Board of Supervisors  
County of Monterey, State of California

By  Deputy

**Before the Board of Supervisors in and for the  
County of Monterey, State of California**

**Resolution No.: 13-366**

One resolution:

- a. Approving amendments to the Unified Franchise Agreement (Agreement No. A-11631) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County, effective January 1, 2014, specifically amending (i) Article 17.07.1.1ff to modify the hazardous waste recognition and response training requirements; (ii) Exhibit 2 to change the disposal categories of the Refuse Rate Index; (iii) Exhibit 1 of the Unified Franchise Agreement to adjust collection rates by 2.46% for all rate payers within the Monterey Regional Waste Management District; and (iv) Exhibit 1 to adjust collection rates by 2.46% by 8.03% for all rate payers within the Salinas Valley Solid Waste Authority; and )
- b. Approving and authorizing the Director of Health to execute Amendment No. 3 to the Unified Franchise Agreement A-11631 (Agreement No. 3) implementing the above described amendments..... )

WHEREAS, the Director of Health seeks authorization to execute Amendment No. 3 to the Unified Franchise Agreement (Agreement No. A-11631, hereafter, AGREEMENT) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation (Contractor); and

WHEREAS, this matter was first considered at the November 5, 2013, meeting of the Board of Supervisors and continued to December 10, 2013; and

WHEREAS, Amendment No. 3 would amend the AGREEMENT at Article 13, Section 13.13 "Adjustments to Service Rates, Surcharges and Fees" to replace the service rates, surcharges and fees set forth in the attachment to Exhibit 1 "Approved Rates and Charges," previously approved and adopted pursuant to Amendment No. 1 and Amendment No. 2, respectively, with the proposed new attachment to Exhibit 1 "Approved Rates and Charges" to reflect a rate adjustment; and

WHEREAS, in accordance with Article 13.13ff of the AGREEMENT, Contractor has submitted a request for rate adjustment that, based on calculations set forth in the AGREEMENT, justifies an across-the-board rate increase for solid waste and recyclables collection services for each of four customer categories:

- 2.46 % increase for residential, multi-family, and commercial cart customers within MRWMD jurisdictional boundaries;
- 8.03 % increase for residential, multi-family, and commercial cart customers within SVSWA jurisdictional boundaries;
- 2.46 % increase for multi-family bin, commercial bin, roll-off, and large venue events customers within MRWMD jurisdictional boundaries;

- 8.03 % increase for multi-family bin, commercial bin, roll-off, and large venue events customers within SVSWA jurisdictional boundaries; and

WHEREAS, Environmental Health Bureau staff has carefully evaluated Contractor's request, and believes it to be accurate and in compliance with the AGREEMENT;

WHEREAS, On February 2, 2010, said AGREEMENT was awarded to Contractor; and

WHEREAS, Article 13 "Billing and Payment," Subsection 13.13.2.1, provides that: "On January 1, 2012, and annually thereafter, the service rates, fees and surcharges set forth in Exhibit 1 shall be adjusted by multiplying them by the Refuse Rate Index (RRI) percentage adjustment;" and

WHEREAS, the current RRI computations take into consideration tipping and other fees approved by the MRWMD and SVSWA, which are a direct "pass through" to the rate payers, and also account for increases in Contractor's actual operating expenses; and

WHEREAS, approval of said RRI increase is consistent with the terms of the AGREEMENT; and

WHEREAS, this matter was considered by the Board of Supervisors on December 10, 2013, at which time the Board approved amendments to the AGREEMENT as follows: (i) by a unanimous vote, an amendment to Article 17.07.1.1ff to modify the hazardous waste recognition and response training requirements; (ii) by a unanimous vote, an amendment to Exhibit 2 to change the disposal categories of the Refuse Rate Index; (iii) by a unanimous vote, an amendment to Exhibit 1 of the Unified Franchise Agreement to adjust collection rates by 2.46% for all rate payers within the Monterey Regional Waste Management District; and (iv) by a 4-1 vote (District 2 dissenting), an amendment to Exhibit 1 to adjust collection rates by 8.03% for all rate payers within the Salinas Valley Solid Waste Authority; **NOW, THEREFORE,**

**BE IT RESOLVED** by the Board of Supervisors in and for the County of Monterey that Amendment No. 3 to the Unified Franchise Agreement No. A-11631 between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey implementing the above described amendments is hereby approved, and the Director of Health is hereby authorized and directed to execute Amendment No. 3 for and on behalf of the County.

**PASSED AND ADOPTED** upon motion of Supervisor Calcagno, seconded by Supervisor Parker and carried this 10th day of December 2013, by the following vote, to wit:

AYES: Supervisors Armenta, Salinas, Parker and Potter

NOES: Supervisor Calcagno

ABSENT: None

I, Gail T. Borkowski, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 77 for the meeting on December 10, 2013.

Dated: December 23, 2013  
File Number: A 13-282

Gail T. Borkowski, Clerk of the Board of Supervisors  
County of Monterey, State of California

By 

Deputy

**AMENDMENT No. 3  
TO  
UNIFIED FRANCHISE AGREEMENT  
FOR THE EXCLUSIVE COLLECTION OF SOLID WASTE AND RECYCLABLES IN  
UNINCORPORATED MONTEREY COUNTY  
BETWEEN COUNTY OF MONTEREY  
AND  
USA WASTE OF CALIFORNIA, INC.  
DBA CARMEL MARINA CORPORATION**

**(Agreement No. A-11631)**

**THIS AMENDMENT No. 3** is made to the UNIFIED FRANCHISE AGREEMENT FOR THE EXCLUSIVE COLLECTION OF SOLID WASTE AND RECYCLABLES IN UNINCORPORATED MONTEREY COUNTY dated February 9, 2010, and amended, pursuant to AMENDMENT No. 1 dated February 3, 2012 and AMENDMENT No. 2 dated November 13, 2012 (hereafter, "AGREEMENT") by and between the County of Monterey (hereafter, "County") and USA Waste of California Inc., dba Carmel Marina Corporation (hereafter, "Contractor") (collectively referred to as, the "Parties").

**WHEREAS**, County and Contractor wish to amend the AGREEMENT to adjust collection rates, effective January 1, 2014, for services provided by Contractor.

**NOW THEREFORE**, County and Contractor hereby agree to amend the AGREEMENT in the following manner:

1. Amend Article 17, at Section 17.07.1 as follows:

17.07.1 Waste Screening Protocol. For all drivers, route supervisors, and any other employee that is reasonably likely to encounter Hazardous Waste, Contractor will develop and implement a written Waste Screening Protocol in compliance with applicable law and including the following provisions:

17.07.1.1 Awareness Level training meeting the requirements of 29 CFR 1910.120(q)(6)(i), including hazard evaluation methods, emergency preparedness, and emergency response plan implementation techniques with the intent that they learn who, what and how to report on the incident;

2. Delete Article 17, Sections 17.07.1.2 and 17.07.1.3.
3. Replace Exhibit 2 with the attached new Exhibit 2 (incorporated by this reference).
4. Amend Article 13, at Section 13.13 Adjustments to Service Rates, Surcharges and Fees to replace the referenced Exhibit 1 "Approved Rates and Charges," approved and adopted pursuant to AMENDMENT No. 1 and AMENDMENT No. 2 with the attached new Exhibit 1 "Approved Rates and Charges" (incorporated by this reference) approved and adopted pursuant to this AMENDMENT No. 3.
5. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT No. 3 and shall continue in full force and effect as set forth in the AGREEMENT.

IN WITNESS WHEREOF, the parties have executed this AMENDMENT No. 3 as of the last date opposite the respective signatures below.

## **EXHIBIT 2 REFUSE RATE INDEX**

## Exhibit 2 Refuse Rate Index

3413  
3414

3415 The "Refuse Rate Index" adjustment shall be calculated in the following manner:

3416 The expenses of the Collection Services for the designated fiscal period shall be prepared in the  
3417 format set forth in the Operating Cost Statement - Description on the following page of this  
3418 Exhibit.

3419 2. The expenses of the Collection Services shall be broken down into the following six (6)  
3420 cost categories: Labor; Diesel Fuel; Vehicle Replacement; Vehicle Maintenance, All Other and  
3421 Disposal. Each cost category is assigned a weighted percentage factor on that cost category's  
3422 proportionate share of the total of the costs shown for all cost categories.

3423 3. The following five (5) indices published by the United States Department of Labor,  
3424 Bureau of Labor Statistics (BLS), and the actual change in the Disposal Facility Tip Fee are  
3425 used to calculate the adjustment for each cost category. The change in each index and the Tip  
3426 Fees is calculated on a twelve-month fiscal period in accordance with the terms of the  
3427 Agreement. In the event any index is discontinued, a successor index shall be selected by  
3428 COUNTY. Successor indices shall be those indices that are most closely equivalent to the  
3429 discontinued indices as recommended by the BLS.

3430 **Cost Category**

**Index**

3431 Labor	Series ID: ceu6056210008 Service-Producing Industries
3432 Diesel Fuel	Series ID: wpu057303 #2 Diesel Fuel
3433 Vehicle Replacement	Series ID: wpu141301 Truck and bus bodies sold separately
3434 Vehicle Maintenance	Series ID: pcu336211336211 Industrial truck and trailer mfg.
3435 All Other	Series ID: cuura422sa0 Consumer Price Index, All Urban 3436 Consumers, All Items - Bay Area
3437 Disposal	The actual tip fee charged to the CONTRACTOR by the MRWMD 3438 and/or SVSWA Disposal Facility.

3439 4. The percentage weight for each cost category is multiplied by the change in each  
3440 appropriate index to calculate a weighted percentage for each cost category. The weighted  
3441 percentage changes for each of the first five (5) cost categories are added together to calculate  
3442 the Collection component of the Refuse Rate Index. The appropriate Disposal component of  
3443 the RRI is then added to the Collection component to calculate the RRI. While the Collection  
3444 component of the RRI uses the same indices for all rates, the Disposal component uses  
3445 different indices for; 1) SFD, MFD and Commercial Cart Rates for customers within the  
3446 MRWMD boundaries; 2) SFD, MFD and Commercial Cart Rates for customers within the  
3447 SVSWA boundaries 3) MFD Bin, Commercial Bin, Roll-off, and Large Venue Events Rates for  
3448 Customers within the MRWMD boundaries; and 4) MFD Bin, Commercial Bin, Roll-off, and  
3449 Large Venue Events Rates for Customers within the SVSWA boundaries. (see example).

3450 Operating Cost Statement - Description

3451 **Labor:** List all administrative, officer, operation and maintenance salary accounts.

3452 List payroll tax accounts directly related to the above salary accounts.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

- 3453 List employee group medical and life accounts directly related to the above  
3454 salary accounts.
- 3455 List employee retirement or profit sharing contributions accounts directly related  
3456 to the above salary accounts.
- 3457
- 3458 **Diesel Fuel:** List all diesel fuel accounts.
- 3459 **Vehicle Replacement:**
- 3460 List all collection and collection related vehicle depreciation accounts.
- 3461 List all vehicle lease or rental accounts related to collection or collection related  
3462 vehicles.
- 3463 **Vehicle Maintenance:**
- 3464 List all collection or collection related vehicle parts accounts.
- 3465 **All Other:** List all other expense accounts related to the services provided under this  
3466 Agreement. This category includes all insurance including general liability, fire,  
3467 truck damage, and extended coverage; rent on property, truck licenses and  
3468 permits; real and personal property taxes; telephone and other utilities; employee  
3469 uniforms; safety equipment; general yard repairs and maintenance; non-diesel  
3470 fuel; office supplies; postage; trade association dues and subscription;  
3471 advertising; and miscellaneous other expenses.
- 3472 **Disposal:** The Disposal Tip Fee component will vary for each of the four (4) RRI's, 1)  
3473 SFD, MFD and Commercial Cart Rate RRI for Customers within the MRWMD  
3474 boundaries; 2) SFD, MFD and Commercial Cart Rate RRI for Customers within  
3475 the SVSWA boundaries 3) MFD Bin, Commercial Bin, Roll-off and Large Venue  
3476 Events Rate RRI for Customers within the MRWMD boundaries; and 4) MFD Bin,  
3477 Commercial Bin, Roll-off and Large Venue Events Rate RRI for Customers within  
3478 the SVSWA boundaries.
- 3479 **Disposal (SFD, MFD and Commercial Cart Services in the MRWMD):**
- 3480 List all disposal costs related to the provision of SFD Collection Services, MFD  
3481 Cart Collection Services, and Commercial Cart Collection Services provided  
3482 within the MRWMD boundaries.
- 3483 **Disposal (SFD, MFD and Commercial Cart Services in the SVSWA):**
- 3484 List all disposal costs related to the provision of SFD Collection Services, MFD  
3485 Cart Collection Services, and Commercial Cart Collection Services provided  
3486 within the SVSWA boundaries.
- 3487
- 3488 **Disposal (MFD Bin, Commercial Bin, Roll-off and Large Venue Events Services in the**  
3489 **MRWMD):**
- 3490 List all disposal costs related to the provision of MFD Bin Collection Services  
3491 Commercial Bin Collection Services, Roll-off and Large Venue Events Collection  
3492 Services provided within the MRWMD boundaries.

3493 **Disposal (MFD Bin, Commercial Bin, Roll-off and Large Venue Events Services in the**  
3494 **SVSWA):**

3495 List all disposal costs related to the provision of MFD Bin Collection Services and  
3496 Commercial Bin Collection Services, Roll-off and Large Venue Events Collection  
3497 Services provided within the SVSWA boundaries.

Service Rate for multiple Bins shall be calculated by multiplying the Container size by the number of Containers.  
Compacted rate is 2 times the uncompacted rate.

MFD/Commercial bin customers eligible for 1/2 of solid waste capacity in recycling bin or cart service at no charge.  
Compacted solid waste counts as 2 times uncompacted for recycling calculation.

For example, (1) 4 cubic yard compacted solid waste bin eligible for (1) 4 cubic yard recyclables bin at no charge.

**ADDITIONAL RECYCLING - BINS**

43.13	Per yard over free capacity
-------	-----------------------------

For additional recycling carts and subscription green waste service, rates on Form 2 will apply.

This form reflects the change in Tipping fee . For SVSWA , it include the AB939 Fee *This tab is informational only*  
 - Source is RRI Disposal Pct.

Disposal costs listed above do not factor in the disposal cost for white goods, mattresses e-waste, bulkies, special waste, batterieis, and oil as some of these materials are charged on a per-item basis.

This form corrects an error calculation made in 2010 and expands the decimal points to better capture the change in disposal and transportation costs.

## Monterey County

### Board Order

168 West Alisal Street,  
1st Floor  
Salinas, CA 93901  
831.755.5066

#### Agreement No.: A-11631; Resolution No.12-338

Upon motion of Supervisor Salinas, seconded by Supervisor Parker, and carried by those members present, the Board of Supervisors hereby:

- a. Adopted Resolution No. 12-338 to approve Amendment No. 2 to the Unified Franchise Agreement (Agreement No. A-11631) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County in order to adjust collection rates as shown in Exhibit 1 "Approved Rates and Charges" of Amendment No. 2 effective January 1, 2013, to implement a rate adjustment as required by contract for services provided by USA Waste of California, Inc., dba Carmel Marina Corporation; and
- b. Approved and authorized the Director of Health to execute Amendment No. 2 to the Unified Franchise Agreement (Agreement No. A-11631) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County.

PASSED AND ADOPTED on this 6<sup>th</sup> day of November 2012, by the following vote, to wit:

AYES: Supervisors Calcagno, Salinas, Potter, and Parker

NOES: None

ABSENT: Supervisor Armenta

I, Gail T. Borkowski, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 76 for the meeting on November 6, 2012

Dated: November 9, 2012  
File Number: A 12-208

Gail T. Borkowski, Clerk of the Board of Supervisors  
County of Monterey, State of California

By *Denise Hancock*  
Deputy

Before the Board of Supervisors in and for the  
County of Monterey, State of California

**Resolution No. 12-338**

Conduct a hearing to:

- a. Approve Amendment No. 2 to the Unified Franchise Agreement (Agreement No. A-11631) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County in order to adjust collection rates as shown in Exhibit 1 "Approved Rates and Charges" of Amendment No. 2 effective January 1, 2013, to implement a rate adjustment as required by contract for services provided by USA Waste of California, Inc., dba Carmel Marina Corporation; and )
- b. Approve and authorize the Director of Health to execute Amendment No. 2 to the Unified Franchise Agreement (Agreement No. A-11631) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County..... )

WHEREAS, the Director of Health seeks authorization to execute Amendment No. 2 to the Unified Franchise Agreement (UFA) (Agreement No. A-11631) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, also known as Waste Management (Contractor);

WHEREAS, this matter was considered at the October 23, 2012 meeting of the Board of Supervisors and continued to a date certain, to be considered by said Board as a timed item, on November 6, 2012;

WHEREAS, Amendment No. 2 would amend the UFA at Article 13, Section 13.13 "Adjustments to Service Rates, Surcharges and Fees" to replace the service rates, surcharges and fees set forth in the attachment to Exhibit 1 "Approved Rates and Charges," previously approved and adopted pursuant to Amendment No. 1, with the proposed new attachment to Exhibit 1 "Approved Rates and Charges" to reflect a rate adjustment;

WHEREAS, in accordance with Article 13.13ff of the UFA, Contractor has submitted a request for rate adjustment that, based on calculations set forth in the UFA, justifies an across-the-board rate increase for solid waste and recyclables collection services for each of their three customer categories:

- 3.41 % increase for residential customers
- 2.82 % increase for commercial customers within the jurisdiction of the Monterey Regional Waste Management District (MRWMD)
- 3.85 % increase for commercial customers within the jurisdiction of the Salinas Valley Solid Waste Authority (SVSWA);

WHEREAS, Environmental Health Bureau staff has carefully evaluated Contractor's request, and believes it to be accurate and in compliance with the UFA;

WHEREAS, On February 2, 2010, said UFA was awarded to Contractor.

WHEREAS, Article 13 "Billing and Payment," Subsection 13.13.2.1, provides that: "On January 1, 2012, and annually thereafter, the service rates, fees and surcharges set forth in Exhibit 1 shall be adjusted by multiplying them by the Refuse Rate Index (RRI) percentage adjustment;"

WHEREAS, the current RRI computations take into consideration tipping fees approved by the MRWMD and SVSWA, which are a direct "pass through" to the rate payers, and also account for increases in Contractor's actual operating expenses; and

WHEREAS, approval of said RRI increase is consistent with the terms of the UFA.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Supervisors hereby:

Approves Amendment No. 2 to the Unified Franchise Agreement (Agreement No. A-11631) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County in order to adjust collection rates as shown in Exhibit 1 "Approved Rates and Charges" of Amendment No. 2 effective January 1, 2013, to implement a rate adjustment as required by contract for services provided by USA Waste of California, Inc., dba Carmel Marina Corporation; and

Approves and authorizes the Director of Health to execute Amendment No. 2 to the Unified Franchise Agreement (Agreement No. A-11631) between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County.

PASSED AND ADOPTED upon motion of Supervisor Salinas, seconded by Supervisor Parker and carried this 6th day of November 2012, by the following vote, to wit:

AYES: Supervisors Calcagno, Salinas, Potter and Parker

NOES: None

ABSENT: Supervisor Armenta

**AMENDMENT No. 2 TO**  
**UNIFIED FRANCHISE AGREEMENT**  
**FOR THE EXCLUSIVE COLLECTION OF SOLID WASTE AND RECYCLABLES IN**  
**UNINCORPORATED MONTEREY COUNTY**  
**BETWEEN COUNTY OF MONTEREY**  
**AND**  
**USA WASTE OF CALIFORNIA, INC.**  
**DBA CARMEL MARINA CORPORATION**

**THIS AMENDMENT No. 2** is made to the UNIFIED FRANCHISE AGREEMENT FOR THE EXCLUSIVE COLLECTION OF SOLID WASTE AND RECYCLABLES IN UNINCORPORATED MONTEREY COUNTY dated February 9, 2010, and amended, pursuant to AMENDMENT No. 1 dated February 3, 2012 (hereafter, "AGREEMENT") by and between the County of Monterey (hereafter, "County") and USA Waste of California Inc., dba Carmel Marina Corporation (hereafter, "Contractor") (collectively referred to as, the "Parties").

**WHEREAS**, County and Contractor wish to amend the AGREEMENT to adjust collection rates, effective January 1, 2013, for services provided by Contractor.

**NOW THEREFORE**, County and Contractor hereby agree to amend the AGREEMENT in the following manner:

1. Amend Article 13, at Section 13.13 Adjustments to Service Rates, Surcharges and Fees to replace the referenced Exhibit 1 "Approved Rates and Charges," approved and adopted pursuant to AMENDMENT No. 1 with the attached new Exhibit 1 "Approved Rates and Charges" approved and adopted pursuant to this AMENDMENT No. 2.
2. Except as provided herein, all remaining terms, conditions and provisions of the AGREEMENT are unchanged and unaffected by this AMENDMENT No. 2 and shall continue in full force and effect as set forth in the AGREEMENT.

**IN WITNESS WHEREOF**, the parties have executed this AMENDMENT No. 2 as of the last date opposite the respective signatures below.

COUNTY:

By:

This form reflects the change in Tipping fee only. **This tab is informational only** - Source is RRI Disposal Pct.

The disposal cost for Forms 1 & 2 have blended the disposal cost of both JPA's in order to achieve uniform rates countywide.

MRWMD does not have a known tipping fee increase effective 1/1/13.

Disposal costs listed above do not factor in the disposal cost for white goods, mattresses, e-waste, bulkies, special waste, batteries, oil as some

**Before the Board of Supervisors in and for the  
County of Monterey, State of California**

**Agreement No.: A-11621**

Conduct a Public Hearing to consider:

- a. Approving Amendment No. 1 to the Unified Franchise Agreement A-11631 between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County in order to amend *Article 13, Sections 13.13 through 13.14.2* of the Agreement to change the collection rate adjustment request timeline and to change the format of, and add new collection rate categories to, *Exhibit 1 Approved Rates and Charges*;
- b. Approving collection rate adjustments and new collection rate categories as shown in *Exhibit 1 Approved Rates and Charges* of Amendment No. 1, effective January 1, 2012, for services provided by USA Waste of California, Inc., dba Carmel Marina Corporation; and
- c. Approving and authorizing the Director of Health to execute Amendment No. 1 to the Unified Franchise Agreement A-11631 between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County.....

Upon motion of Supervisor Salinas, seconded by Supervisor Armenta, and carried by those members present, effective December 13, 2011, the Board hereby;

Conducted a Public Hearing and:

- a. Approved Amendment No. 1 to the Unified Franchise Agreement A-11631 between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County in order to amend *Article 13, Sections 13.13 through 13.14.2* of the Agreement to change the collection rate adjustment request timeline and to change the format of, and add new collection rate categories to, *Exhibit 1 Approved Rates and Charges*;
- b. Approved collection rate adjustments and new collection rate categories as shown in *Exhibit 1 Approved Rates and Charges* of Amendment No. 1, effective January 1, 2012, for services provided by USA Waste of California, Inc., dba Carmel Marina Corporation; and
- c. Approved and authorized the Director of Health to execute Amendment No. 1 to the Unified Franchise Agreement A-11631 between the County of Monterey and USA Waste of California, Inc., dba Carmel Marina Corporation, for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County.

PASSED AND ADOPTED this 13<sup>th</sup> day of December, 2011, by the following vote, to wit:

AYES: Supervisors Armenta, Calcagno, Salinas, and Parker

NOES: None

ABSENT: Supervisor Potter

I, Gail T. Borkowski, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 75 for the meeting on December 13, 2011.

Dated: January 4, 2012

Gail T. Borkowski, Clerk of the Board of Supervisors  
County of Monterey, State of California

By Denise Hancock  
Deputy

**AMENDMENT No. 1 TO**  
**UNIFIED FRANCHISE AGREEMENT**  
**BETWEEN THE COUNTY OF MONTEREY**  
**AND**

**USA WASTE OF CALIFORNIA, INC.**  
**DBA CARMEL MARINA CORPORATION**

**FOR THE EXCLUSIVE COLLECTION OF SOLID WASTE AND RECYCLABLES IN**  
**UNINCORPORATED MONTEREY COUNTY**

**THIS AMENDMENT** is made to an AGREEMENT for the Exclusive Collection of Solid Waste and Recyclables in Unincorporated Monterey County dated February 9, 2010, by and between the County of Monterey (the "County") and USA Waste of California Inc., dba Carmel Marina Corporation ("Contractor") and together, the "Parties".

**WHEREAS**, the County and Contractor wish to amend the AGREEMENT to change the effective day of the rate adjustment, the timeline for the submission of the rate adjustment request, and the format of Exhibit 1 Approved Rates and Charges

**NOW THEREFORE**, the County and Contractor hereby agree to amend the AGREEMENT in the following manner:

1. Amend Article 13, Sections 13.13 through 13.14.2 as follows:

13.13 Adjustments to Service Rates, Surcharges and Fees. Beginning on January 1, 2012 and annually thereafter, subject to CONTRACTOR'S compliance with all provisions of this Article, each Collection Service rate, fee or surcharge as set forth in Exhibit 1 to this Agreement shall be adjusted by the Refuse Rate Index as set forth in Section 13.13.1 below.

13.13.1 Refuse Rate Index (RRI) Adjustment. The RRI adjustment shall be the sum of the weighted percentage change in the annual average of each RRI index number between the base calendar year, which shall be the prior preceding Calendar Year ending December 31<sup>st</sup> and the preceding Calendar Year ending December 31<sup>st</sup> and the percentage change in the most recently approved Disposal tip fee charged to CONTRACTOR at the SVSWA Disposal Facility and/or the MRWMD Disposal Facility, as appropriate, and the prior tipping fee (from the most recently approved tip fee), at the time the RRI is submitted to the County. Therefore, the first rate adjustment will be based on the percentage changes between the Annual Average of the RRI indices for the Calendar

HEALTH DEPARTMENT  
OCT 2 1 2011  
ENVIRONMENTAL HEALTH

Year 2009 and the Annual Average of the RRI indices for the Calendar Year 2010. The RRI shall be calculated using the RRI methodology included in Exhibit 2.

13.13.2 Annual Rate Adjustment.

13.13.2.1 On January 1, 2012, and annually thereafter, the service rates, fees and surcharges set forth in Exhibit 1 shall be adjusted by multiplying them by the RRI percentage adjustment.

13.13.2.2 However, in any year that the calculation of the RRI results in a negative number, there shall be no adjustment of those service rates, fees and surcharges.

13.13.2.3 In the subsequent year the negative RRI number from the prior year shall be added to the result of the subsequent years RRI calculation and the result shall be the RRI percentage for that subsequent year, ("adjusted RRI percentage").

13.13.2.4 The subsequent year rate adjustment shall consist of multiplying the appropriate service rate, fee or surcharge by the adjusted RRI percentage.

13.13.2.5 Annual adjustments shall be made only in units of one cent (\$0.01). Fractions of less than one cent (\$0.01) shall not be considered in making adjustments. The indices shall be truncated at four (4) decimal places for the adjustment calculations.

13.14 Financial Information. On or before August 1<sup>st</sup> of each year, during the term of this Agreement, CONTRACTOR shall deliver to COUNTY financial information for the specific services performed under this Agreement for the preceding full or partial Calendar Year. Such financial information shall be in the format as set forth in Exhibit 2, or as may be further revised by COUNTY from time to time. If CONTRACTOR fails to submit the financial information in the required format by August 1<sup>st</sup>, it is agreed that CONTRACTOR shall be deemed to have waived the annual rate adjustment for that year.

13.14.1 If CONTRACTOR'S failure to submit the financial information required under Section 13.14 is the result of extraordinary or unusual circumstances as demonstrated by CONTRACTOR to the satisfaction of the Contract Administrator, COUNTY, at its sole discretion, may consider the request for the annual rate adjustment.

13.14.2 Within seven (7) days following the Board's approval of the rate adjustment, the Contract Administrator shall notify CONTRACTOR of the adjustment to the affected service rates to take place on the subsequent January 1<sup>st</sup>.

2. Replace the current Exhibit 1 Approved Rates and Charges format with the attached new Exhibit 1 Approved Rates and Charges format
3. Except as provided herein, all remaining terms, conditions and provisions of the Agreement are unchanged and unaffected by this Amendment and shall continue in full force and effect as set forth in the Agreement.

IN WITNESS WHEREOF, the parties have executed this Amendment on the day and year written below:

Extra Pick Up On routed day	Special Pick Up Non routed day
73.87	147.73
118.18	236.36
170.63	341.25
218.64	437.28
267.76	535.53
314.67	629.34
359.35	718.69
401.80	803.60

Service Rate for multiple Bins shall be calculated by multiplying the Container size by the number of Containers.

Compacted rate is 2 times the uncompacted rate.

MFD/Commercial bin customers eligible for 1/2 of solid waste capacity in recycling bin or cart service at no charge.

Compacted solid waste counts as 2 times uncompacted for recycling calculation.

For example, (1) 4 cubic yard compacted solid waste bin eligible for (1) 4 cubic yard recyclables bin at no charge.

**ADDITIONAL RECYCLING - BINS**

40.94	Per yard over free capacity
-------	-----------------------------

For additional recycling carts and subscription green waste service, rates on Form 2 will apply.

**PUSH RATES**

1-25 ft	26-49 ft	50-75 ft	76-100 ft	101-125 ft	126+ ft
25.59	51.18	76.77	102.36	127.95	153.54

All of the above rates are monthly except extra and special pickups.

Cleaning Fee	115.16	each bin
Additional Bin Exchange	76.77	each, in excess of 1 per year
Additional Bin Replacement	460.62	each, in excess of subscribed container quantity

## MONTEREY COUNTY

THIS COLLECTION SERVICE AGREEMENT ("Agreement") is made and entered into as of the last date opposite the respective signatures by and between the County of Monterey, a political subdivision of the State of California ("COUNTY"), and USA Waste of California, Inc., DBA Carmel Marina Corporation a Delaware corporation ("CONTRACTOR"), (hereafter collectively referred to as "the parties").

## RECITALS

WHEREAS, on July 27, 2009, COUNTY issued a Request For Proposals ("RFP") for Collection Services; and

WHEREAS, on September 8, 2009, CONTRACTOR submitted a response to the RFP and the various addenda to the RFP; and

WHEREAS, after consideration of CONTRACTOR'S response and the responses of other proposers for the same services, COUNTY'S staff and the Review Panel have recommended CONTRACTOR to perform the services more fully described in this Agreement; and

WHEREAS, the Board of Supervisors desire to award to CONTRACTOR, and CONTRACTOR has determined to accept such award, an Agreement to perform the services described in this Agreement.

Now, therefore, in consideration of the mutual covenants, conditions and consideration contained herein, COUNTY and CONTRACTOR hereby agree as hereinafter set forth:

## Article 1. Definitions

For the purpose of this Collection Service Agreement, the definitions contained in this Article shall apply unless otherwise specifically stated. When not inconsistent with the context, words used in the present tense include the future, words in the plural include the singular, and words in the singular include the plural. Use of the masculine gender shall include the feminine gender.

1.01 AB 939. The California Integrated Waste Management Act of 1989 (California Public Resources Code Sections 40000 et seq.), as it may be amended from time to time.

1.02 Agreement. The written document and all amendments thereto between COUNTY and CONTRACTOR governing the provision of Collection Services as provided herein, including all exhibits hereto, as it may be amended from time to time.

1.03 Agreement Year. A twelve month period beginning on July 1<sup>st</sup> and ending on June 30<sup>th</sup>.

1.04 Alternative Daily Cover (ADC). Disposal Facility cover material, at least six (6) inches of earthen material, placed on the surface of the active face of the refuse fill area at the end of each operating day to control vectors, fires, odor, blowing litter and scavenging, as defined in Section 20164 of the California Code of Regulations.

1.05 Bin. A Container, with a capacity of at least one (1) cubic yard designed or intended to be mechanically dumped into a loader packer type truck. Bins may also include Compactors that are owned by the Customer wherein the Collection Services occur.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

40           1.06 Board. The Board of Supervisors of Monterey County.

41           1.07 Bulky Items. Discarded materials, such as large and small household appliances  
42 (including refrigerators), furniture, carpets, mattresses, White Goods, clothing, un-mounted tires,  
43 and oversized Green Waste such as tree trimmings and large branches, and similar large items  
44 which can be handled by two (2) people; or some combination of such items in a Container the  
45 dimensions of which Container does not exceed four feet by four feet by two feet (4'x4'x2') and  
46 weighing no more than seventy-five (75) pounds, which are attributed to the normal activities of  
47 a Customer. Bulky Items must be generated by the Customer and at the service address  
48 wherein the Bulky Items are Collected. Bulky Items do not include items herein defined as  
49 Unacceptable Waste or Construction and Demolition Debris.

50           1.08 Calendar Year. A period of twelve (12) months beginning January 1<sup>st</sup> and ending  
51 December 31<sup>st</sup>.

52           1.09 Can. A metal or plastic receptacle, with a lid and handles, capable of being  
53 Collected manually of approximately thirty-three (33) gallons.

54           1.10 Cart. A heavy plastic receptacle with a rated capacity of at least twenty (20)  
55 gallons and not more than ninety-six (96) gallons, having a hinged tight-fitting lid, and two (2)  
56 wheels, that is approved by COUNTY and is colored and labeled as designated by COUNTY.

57           1.11 Change in Law. The adoption, promulgation, or modification of any federal, state  
58 or local rule, law, regulation, ordinance, permit or administrative agency guidelines duly adopted  
59 and promulgated officially in writing for uniform application occurring after the effective date of  
60 this Agreement.

61           1.12 Collect/Collection. To pick up, transport, and remove Solid Waste, Recyclables,  
62 Green Waste, Christmas trees, Bulky Items, E-Waste, CED's, Universal Waste, Used Oil and  
63 Used Oil Filters, and/or Construction and Demolition Debris.

64           1.13 Collection Services. SFD Collection Services, MFD Collection Services and  
65 Commercial Collection Services.

66           1.14 Commercial. A business establishment and/or industrial facility including, but not  
67 limited to, governmental, specifically including COUNTY, religious, and educational facilities.

68           1.15 Commercial Bin Collection Services. Commercial Bin Solid Waste Collection  
69 Service and Commercial Bin Recyclables Collection Service.

70           1.16 Commercial Bin Customer. Any Commercial entity utilizing a Bin for the set out  
71 and accumulation of Solid Waste.

72           1.17 Commercial Bin Recyclables Collection Service. The Collection of Recyclables  
73 from Commercial Bin Customers in the Service Area participating in the recycling program, the  
74 delivery of the Recyclables to a Recyclables Processing Facility, and the processing and  
75 marketing of the Recyclables.

76           1.18 Commercial Bin Solid Waste Collection Service. Collection of Solid Waste from  
77 Commercial Bin Customers in the Service Area and delivery of the Solid Waste to the Disposal  
78 Facility.

79           1.19 Commercial Cart Collection Service. Commercial Cart Solid Waste Collection  
80 Service and Commercial Cart Recyclables Collection Service.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

81           1.20 Commercial Cart Customer. Any Commercial entity utilizing a Cart or Can for the  
82 set out and accumulation of Solid Waste.

83           1.21 Commercial Cart Recyclables Collection Service. Collection of Recyclables from  
84 Commercial Cart Customers in the Service Area participating in the recycling program, delivery  
85 of the Recyclables to a Recyclables Processing Facility, and the processing and marketing of  
86 the Recyclables.

87           1.22 Commercial Cart Solid Waste Collection Service. Collection of Solid Waste from  
88 Commercial Cart Customers in the Service Area and delivery of the Solid Waste to the Disposal  
89 Facility.

90           1.23 Commercial Collection Service. Commercial Cart Collection Service and  
91 Commercial Bin Collection Service.

92           1.24 Commercial Customers. Commercial Bin Customers and Commercial Cart  
93 Customers.

94           1.25 Compactor. Any Container which has compaction mechanisms whether  
95 stationary or mobile, used or unused, operable or inoperable, all inclusive.

96           1.26 Compostable Materials. Food Waste, Green Waste, soiled paper and those  
97 materials designated from time to time in County Code for Collection and recycling under this  
98 Agreement which are segregated from Solid Waste at the source of generation by the Customer  
99 and set out for Collection.

100          1.27 Composting. The purposeful or engineered physical, chemical, and biological  
101 degradation of biodegradable Compostable Materials into mature compost as determined by  
102 standard laboratory analysis.

103          1.28 Construction and Demolition Debris (C&D). Used or discarded materials  
104 removed from premises during construction or renovation of a structure resulting from  
105 construction, remodeling, repair or demolition operations on any house, or residential property,  
106 commercial building, pavement, or other structure. Construction and Demolition Debris includes  
107 rocks, soils, tree remains and other Green Waste which results from land clearing or land  
108 development operations in preparation for construction. Construction and Demolition Debris is  
109 normally Collected in a Roll-Off Container.

110          1.29 Consumer Electronic Device or CED. Discarded electronic devices that the  
111 California Department of Toxic Substances Control (DTSC) has determined to be a covered  
112 electronic device. CEDs include cathode ray tube (CRT) devices (including televisions and  
113 computer monitors); LCD desktop monitors; laptop computers with LCD displays; LCD  
114 televisions; plasma televisions; portable DVD players with LCD screens; and other electronic  
115 devices as may be added by the DTSC from time to time.

116          1.30 Container. Carts, Cans, or Bins used for Collection of Solid Waste, Recyclables,  
117 and Green Waste.

118          1.31 Contract Administrator. The Director of Health or his/her designee.

119          1.32 CONTRACTOR. USA Waste of California, Inc. DBA Carmel Marina Corporation.

120          1.33 COUNTY. The County of Monterey, a political subdivision of the State of  
121 California.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

122           1.34 COUNTY Clean-up Service. The Collection of Solid Waste, Recyclables, Green  
123 Waste, Bulky Items, E-Waste, CED's, or Universal Waste, by CONTRACTOR resulting from  
124 written or verbal requests from COUNTY for temporary clean-up of those materials and the  
125 transport and delivery of the Collected materials to the appropriate facilities.

126           1.35 County Code. Codified ordinances adopted by the COUNTY Board, as such  
127 ordinances may be amended from time to time.

128           1.36 COUNTY Facilities. Any building, structure, yard, park, or any other facility  
129 owned, leased, or operated, by the COUNTY, or any subsidiary public entity of the COUNTY, as  
130 set forth in the column titled "Facility" of Exhibit 10 to this Agreement, regardless of where within  
131 the Service Area such facility is located.

132           1.37 Customer. A Generator of Solid Waste, Recyclables, Green Waste, Christmas  
133 trees, Bulky Items, E-Waste, CED's, Universal Waste, Christmas Trees, Used Oil and Used Oil  
134 Filters, or Construction and Demolition Debris within COUNTY'S jurisdiction including  
135 homeowners, managers or owners or rate-paying occupants of rental Single-Family or Multi-  
136 Family Dwellings, and Commercial representatives, who receive Collection Services under this  
137 Agreement.

138           1.38 Difficult to Serve. A set-out site for Carts or Cans via a road (or driveway) which  
139 has any of the following features:

140                   1.38.1 Is less than two 9-foot traffic lanes (or with respect to a driveway, at least  
141 12 feet width);

142                   1.38.2 A grade greater than fifteen (15) percent;

143                   1.38.3 An obstructed vertical clearance of less than fifteen (15) feet;

144                   1.38.4 A turn radius of less than fifty (50) feet; or

145                   1.38.5 Is more than one hundred (100) feet from the public road.

146           1.39 Disposal. The final processing and disposition of materials Collected by  
147 CONTRACTOR under the terms of this Agreement.

148           1.40 Disposal Facility. The MRWMD Disposal Facility and/or the SVSWA Disposal  
149 Facility.

150           1.41 Divert. To make use of discarded materials for any purpose and, therefore, to  
151 avoid Disposal of such material at the Disposal Facility.

152           1.42 Dwelling Unit. Any individual living unit in a Single Family Dwelling (SFD) or  
153 Multi-Family Dwelling (MFD) structure or building, a mobile home, or a motor home located on a  
154 permanent site intended for, or capable of being utilized for, residential living other than a hotel  
155 or motel.

156           1.43 Employee Housing. Premises provided by or on behalf of an agricultural  
157 employer Customer in connection with agricultural employment including not only buildings but  
158 any living quarters, such as a tent, bunkhouse, maintenance-of-way car, mobile home,  
159 manufactured home, recreational vehicle, travel trailer or other housing accommodation as set  
160 forth in Exhibit 8 to this Agreement.

161           1.44 Employee Housing Customer. A Person who provides Employee Housing within  
162 the Service Area.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

163           1.45 E-Waste. Waste that is powered by batteries or electricity, such as computers,  
164           telephones, answering machines, radios, stereo equipment, tape players/recorders,  
165           phonographs, videocassette players/recorders, compact disc players/recorders, calculators and  
166           certain items also defined as CED's.

167           1.46 Fixed Body Vehicle. Any wheeled vehicle that does not rely on a Roll-Off  
168           Container or other detachable Bin or Container to Collect, contain and transport material. Dump  
169           trucks shall be considered Fixed Body Vehicles.

170           1.47 Food Waste. All organic materials of plant or animal origin which are or were  
171           components of human foodstuffs that may be specified in COUNTY Legislation for Collection  
172           and processing. It shall also include non-recyclable and soiled paper, vegetable trimmings,  
173           houseplant trimmings and other compostable organic waste common to the occupancy of Single  
174           Family or Multi-family Dwellings, and, in the event COUNTY implements a Commercial Food  
175           Waste Collection program, Commercial establishments.

176           1.48 Force Majeure. Any acts of God, such as landslides, lightning, fires, storms,  
177           floods, pestilence, freezing, and earthquakes; explosions, sabotage, civil disturbances, acts of a  
178           public enemy, wars, blockades, riots, or other industrial disturbances, eminent domain,  
179           condemnation or other taking, or other events of a similar nature, not caused or maintained by  
180           COUNTY or CONTRACTOR, which event is not reasonably within the control of the party  
181           claiming the excuse from its obligations due to such event, to the extent such event has a  
182           significant and material adverse effect on the ability of a party to perform its obligations  
183           thereunder. Force Majeure shall not include power outages, fuel shortages, strikes, work  
184           stoppage or slowdown, sickout, lockout, picketing or other concerted job action conducted by  
185           CONTRACTOR'S employees or directed at CONTRACTOR or subcontractor. Force Majeure  
186           shall include a Change in Law if such Change in Law prohibits a party's performance hereunder.  
187           Notwithstanding the foregoing, (i) no failure of performance by any subcontractor of  
188           CONTRACTOR shall be a Force Majeure unless such failure was itself caused by a Force  
189           Majeure; (ii) except as provided herein, no event which merely increases CONTRACTOR'S cost  
190           of performance shall be a Force Majeure; and (iii) no event, the effects of which could have  
191           been prevented by reasonable precautions, including compliance with agreements and  
192           applicable laws, shall be a Force Majeure.

193           1.49 Generator. A Person, Commercial business or any other entity that produces  
194           Solid Waste, Recyclables, Green Waste, Bulky Items, Christmas Trees, Universal Waste, E-  
195           Waste, CED's, Used Oil and Used Oil Filters and/or Construction and Demolition Debris.

196           1.50 Green Waste. Untreated and unpainted wood, pruning, brush, leaves, or grass  
197           clippings and such other types of yard waste resulting from normal yard and landscaping  
198           maintenance. Green Waste must be generated by the Customer and at the service address  
199           wherein the Green Waste is Collected, segregated from Solid Waste at the source of generation  
200           and set out by the Customer for Collection. Green Waste does not include items herein defined  
201           as Unacceptable Waste.

202           1.51 Green Waste Processing Facility. The MRWMD Green Waste Processing  
203           Facility and the SVSWA Green Waste Processing Facility.

204           1.52 Hazardous Waste. Any material, substance, waste or component thereof which  
205           poses an actual or potential risk to public health and safety or the environment by virtue of being  
206           actually or potentially toxic, corrosive, bioaccumulative, reactive, ignitable, radioactive, infectious  
207           or otherwise harmful to public health and safety or the environment, and which requires special

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

208 handling under any present or future federal, state or local law, excluding de minimis quantities  
209 of waste of a type and amount normally found in residential Solid Waste after implementation of  
210 programs for the safe Collection, recycling, treatment and Disposal of household hazardous  
211 waste in compliance with Sections 41500 and 41802 of the California Public Resources Code.

212 1.53 Large Venue Collection Service. Collection of Solid Waste, Recyclables and  
213 other materials as appropriate at large venue special events.

214 1.54 MFD Bin Collection Service. MFD Bin Solid Waste Collection Service, MFD Bin  
215 Recyclables Collection Service, and On-Call Collection Service.

216 1.55 MFD Bin Customer. A Multi-family Dwelling that provides for the set-out and  
217 accumulation of Solid Waste through the use of shared Bins.

218 1.56 MFD Bin Recyclables Collection Service. Collection of Recyclables from MFD  
219 Bin Customers in the Service Area, the delivery of the Recyclables to the appropriate  
220 Recyclables Processing Facility, and the processing and marketing of the Recyclables.

221 1.57 MFD Bin Solid Waste Collection Service. Collection of Solid Waste from MFD  
222 Bin Customers in the Service Area and the delivery of the Solid Waste to the appropriate  
223 Disposal Facility.

224 1.58 MFD Cart Collection Service. MFD Cart Solid Waste Collection Service, MFD  
225 Cart Recyclables Collection Service, and On-Call Collection Service.

226 1.59 MFD Cart Customer. A Multi-family Dwelling that provides for the set-out and  
227 accumulation of Solid Waste through the use of shared Carts or Cans.

228 1.60 MFD Cart Recyclables Collection Service. Collection of Recyclables from MFD  
229 Cart Customers in the Service Area, the delivery of the Recyclables to the appropriate  
230 Recyclables Processing Facility and the processing and marketing of the Recyclables.

231 1.61 MFD Cart Solid Waste Collection Service. Collection of Solid Waste from MFD  
232 Cart Customers in the Service Area and the delivery of the Solid Waste to the appropriate  
233 Disposal Facility.

234 1.62 MFD Collection Services. MFD Bin Collection Services and MFD Cart Collection  
235 Services.

236 1.63 MFD Customers. MFD Bin Customers and MFD Cart Customers.

237 1.64 Monterey Regional Waste Management District (MRWMD). That portion of the  
238 Service Area as set forth in Exhibit 6.

239 1.65 MRWMD Construction and Demolition Debris Processing Facility. The C&D  
240 Processing facility operated by the MRWMD and located at the Monterey Peninsula Landfill or  
241 such other facility as COUNTY may direct as required by the terms of its joint powers authority  
242 agreement with the Monterey Regional Waste Management District.

243 1.66 MRWMD Disposal Facility. The Monterey Peninsula Landfill located at 14201  
244 Del Monte Blvd., Marina, CA 93933 or such other facility as COUNTY may direct as required by  
245 the terms of its joint powers authority agreement with the Monterey Regional Waste  
246 Management District.

247 1.67 MRWMD Green Waste Processing Facility. The Composting facility operated by  
248 the MRWMD and located at the Monterey Peninsula Landfill or such other facility as COUNTY

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

249 may direct as required by the terms of its joint powers authority agreement with the Monterey  
250 Regional Waste Management District.

251 1.68 Multi-family Dwelling or MFD. Any residence, or group of residences, with two  
252 (2) or more Dwelling Units, including any flat, apartment, duplex, triplex, condominium, town  
253 home or other premises, other than a hotel or motel, used for housing persons, including such  
254 premises when combined in the same building with Commercial establishments, and serviced  
255 with one (1) or more common Containers.

256 1.69 Non-Collection Notice. A form developed by CONTRACTOR, in a form and  
257 substance satisfactory to COUNTY, and provided at CONTRACTOR'S cost at least 2" by 6" in  
258 size, on which CONTRACTOR has provided CONTRACTOR'S phone number and indicated the  
259 reasons for CONTRACTOR'S refusal to Collect material, giving reference to the section of this  
260 Agreement which has been violated, and which gives grounds for CONTRACTOR'S refusal  
261 either in writing or by means of a check system.

262 1.70 On-Call Bin. A Bin provided for the Collection of material on a temporary or  
263 irregular basis as set forth in Article 10 of this Agreement.

264 1.71 On-Call Collection Service. The periodic Collection of Bulky items, CED's, E-  
265 Waste, and/or U-Waste from SFD, MFD, Commercial, and Employee Housing Customers in the  
266 Service Area and the delivery of the Collected materials to the appropriate Disposal or  
267 Processing Facility.

268 1.72 Person. An individual, firm, agency, company, cooperative, public or private  
269 corporation, association, partnership, limited partnership, consortium, joint venture, limited  
270 liability company, commercial entity, trust, regulatory authority, governmental entity, or any other  
271 legal entity.

272 1.73 Processing Residues. Materials remaining after the processing of Recyclables,  
273 Green Waste, Bulky Items and Construction and Demolition Debris, which cannot reasonably be  
274 Diverted from the landfill.

275 1.74 Rebuilt Vehicle. For purposes of this Agreement, "rebuilt" means, at a minimum,  
276 replacement of worn parts and reconditioning or replacement of hydraulic systems,  
277 transmissions, differentials, electrical systems, engines, and brake systems. In addition, the  
278 rebuilt vehicle must be repainted and its tires must have at least eighty-five (85) percent of tread  
279 remaining.

280 1.75 Recyclables. Those materials designed in this Agreement for Collection and  
281 recycling under this Agreement which are segregated from Solid Waste by the Customer at the  
282 source of generation and set out for Collection. Recyclables include those materials defined by  
283 COUNTY, including newsprint (including inserts, coupons and store advertisements); mixed  
284 paper (including magazines, catalogs, envelopes, junk mail, corrugated cardboard, brown bags  
285 and paper, paperboard, paper egg cartons, milk and juice cartons, office ledger paper, legal pad  
286 backing, shoeboxes and telephone books); glass containers, (including brown, clear blue and  
287 green glass bottles and jars); aluminum, (including beverage containers and foil products); small  
288 scrap and cast aluminum (not exceeding forty (40) pounds in weight nor two (2) feet in any  
289 dimension for any single item); steel including "tin" cans, aerosol cans (empty, non-toxic  
290 products) and small scrap (not exceeding forty (40) pounds in weight nor two (2) feet in any  
291 dimension for any single item); bimetal containers; all plastics (#1-7), except expanded  
292 Polystyrene (EPS); aseptic packaging; textiles; dry cell household batteries when placed in or

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

on the Recyclables Cart in a sealed heavy-duty plastic bag; and those materials as may be added in accordance with Article 22 of this Agreement.

1.76 Recyclables Processing Facility. Any facility selected by CONTRACTOR, and approved by COUNTY that is designed, operated, and legally permitted for the purpose of receiving, sorting, processing, storing, or preparing Recyclables, scrap metal, wood, asphalt, concrete and other inert materials for sale or such other facility as COUNTY may direct as required by the terms of its joint powers authority agreements with the Salinas Valley Solid Waste Authority or the Monterey Regional Waste Management District.

1.77 Recyclables Processing and Marketing. Recycling, including, but not limited to the receipt, storage, sorting, cleansing, treating, bailing, shipping, and/or reconstituting of Recyclables including Recyclables recovered from the Solid Waste stream, at a facility which has adequate capacity to process the Recyclables Collected pursuant to this Agreement, and to return those Recyclables to the economic mainstream in a form that meets the requirements for greatest marketability. Without limiting the foregoing, Recyclables Processing and Marketing includes the pursuit and/or creation of markets for processed Recyclables in accordance with the provisions of this Agreement and plans submitted hereunder.

1.78 Residential Dwelling. A Single Family Dwelling or Multi-Family Dwelling.

1.79 Roll-Off Container. A metal Container of between six (6) and fifty (50) cubic yards that is normally loaded onto a motor vehicle and transported to an appropriate facility. A Roll-Off Container may be open topped or enclosed with or without a compaction unit.

1.80 Roll-Off Collection Services. The service provided to Customers for the Collection of discarded material using an On-Call Bin or Roll-Off Container.

1.81 Roll-Out Collection Services. The provision of SFD Collection Services to those Customers requiring or requesting that Collection occur at an on-premises site instead of at the curb or roadway.

1.82 Salinas Valley Solid Waste Authority (SVSWA). That portion of the Service Area as set forth in Exhibit 6.

1.83 Self-Haul Customer. A Generator of Solid Waste, Recyclables, Green Waste, Bulky Items, E-Waste, CED's, Universal Waste, Christmas Trees, Used Oil and Used Oil Filters, and/or Construction and Demolition Debris within the COUNTY'S jurisdiction who delivers materials to a facility permitted to accept the material rather than to CONTRACTOR.

1.84 Service Area. The unincorporated areas of the County of Monterey, California and all the territory lying within its boundaries as presently existing or as such boundaries may be modified during the term of this Agreement.

1.85 Service Commencement Date. November 1, 2010.

1.86 SFD Collection Service. SFD Solid Waste Collection Service, SFD Recyclables Collection Service, SFD Green Waste Collection Service, On-Call Collection Service and Used Oil Collection Service.

1.87 SFD Customer. A Single Family Dwelling, or a Multi-Family Dwelling wherein each individual Dwelling Unit subscribes for the set-out and accumulation of Solid Waste through the use of non-shared Carts or Cans.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

334           1.88   SFD Green Waste Collection Service. Collection of Green Waste from SFD  
335 Customers in the Service Area and the delivery of the Green Waste to the appropriate Green  
336 Waste Processing Facility.

337           1.89   SFD Recyclables Collection Service. Collection of Recyclables from SFD  
338 Customers in the Service Area, the delivery of the Recyclables to the appropriate Recyclables  
339 Processing Facility and the processing and marketing of the Recyclables.

340           1.90   SFD Solid Waste Collection Service. Collection of Solid Waste from SFD  
341 Customers in the Service Area and the delivery of the Solid Waste to the appropriate Disposal  
342 Facility.

343           1.91   Single Family Dwelling or SFD. A detached residence containing one (1)  
344 Dwelling Unit.

345           1.92   Solid Waste. Except as provided below, all "Solid Waste" as defined in California  
346 Public Resources Code Section 40191, as that section may be amended from time to time, and  
347 Section 10.41.010 Y. of the County Code, as that section may be amended from time to time,  
348 which is generated within the COUNTY. Solid Waste means all putrescible and non-putrescible  
349 solid, semisolid, and liquid wastes, including garbage, trash, refuse, paper, rubbish, ashes,  
350 industrial wastes, dewatered, treated, or chemically fixed sewage sludge which is not  
351 Hazardous Waste, manure, vegetable or animal solid and semisolid wastes, and other  
352 discarded wastes, but does not include abandoned vehicles, Hazardous Waste or other  
353 Unacceptable Waste. Solid Waste may include Recyclables, Green Waste, Bulky Items and  
354 Construction and Demolition Debris if such materials are not source separated from the Solid  
355 Waste at the site of generation or Collected for Recycling, Composting, processing and  
356 marketing.

357           1.93   Subscription Green Waste Collection Service. The Collection of Green Waste  
358 from MFD or Commercial Customers on a subscription basis and the delivery of the Green  
359 Waste to the appropriate Green Waste Processing Facility.

360           1.94   SVSWA Construction and Demolition Debris Processing Facility. Any facility  
361 located within the boundaries of the SVSWA, designated by CONTRACTOR and approved by  
362 COUNTY for the receipt, storage, and processing of Construction and Demolition Debris or such  
363 other facility as COUNTY may direct as required by the terms of its joint powers authority  
364 agreement with the Salinas Valley Solid Waste Authority.

365           1.95   SVSWA Disposal Facility. The Johnson Canyon Landfill located at 31400  
366 Johnson Canyon Road, approximately 2.5 miles east of Gonzales, and the Sun Street Transfer  
367 Station currently located at 139 Sun Street, Salinas (or at such other address as the transfer  
368 station may move to during the term of this Agreement), if capacity is available, and the Jolon  
369 Road Transfer Station located 52654 Jolon Road, King City or such other facility as COUNTY  
370 may direct as required by the terms of its joint powers authority agreement with the Salinas  
371 Valley Solid Waste Authority.

372           1.96   SVSWA Green Waste Processing Facility. Any facility located within the  
373 boundaries of the SVSWA, selected by CONTRACTOR and approved by COUNTY that is  
374 designed, operated and legally permitted for the purpose of receiving and processing Green  
375 Waste or such other facility as COUNTY may direct as required by the terms of its joint powers  
376 authority agreement with the Salinas Valley Solid Waste Authority.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

377           1.97 Unacceptable Waste. Any and all waste, including but not limited to, Hazardous  
378 Waste, the acceptance or handling of which would cause a violation of any permit condition or  
379 legal or regulatory requirement, damage or threatened damage to CONTRACTOR'S equipment  
380 or facilities, or present a substantial endangerment to the health or safety of the public or  
381 CONTRACTOR'S employees; provided, that de minimis quantities or waste of a type and  
382 amount normally found in residential Solid Waste after implementation of programs for the safe  
383 Collection, recycling, treatment, and Disposal of household Hazardous Waste in compliance  
384 with Sections 41500 and 41802 of the California Public Resources Code shall not constitute  
385 Unacceptable Waste. Unacceptable Waste does not include Used Oil, Used Oil Filters, or  
386 household batteries when placed for Collection as set forth in this Agreement or as otherwise  
387 directed by COUNTY.

388           1.98 Universal Waste. Discarded materials that the California Department of Toxic  
389 Substances Control considers Universal Waste, including materials such as batteries,  
390 thermostats, lamps, cathode ray tubes, computers, telephones, answering machines, radios,  
391 stereo equipment, tape players/recorders, phonographs, video cassette players/recorders,  
392 compact disc players/recorders, calculators, some appliances, aerosol cans, and certain  
393 mercury-containing devices.

394           1.99 Used Oil. Any oil that has been refined from crude oil or has been synthetically  
395 produced, and is no longer useful to the Customer because of extended storage, spillage or  
396 contamination with non-hazardous impurities such as dirt or water; or has been used and as a  
397 result of such use has been contaminated with physical or chemical impurities. Used Oil must  
398 be generated by and at the Single Family Dwelling wherein the Used Oil is Collected. Used Oil  
399 does not include transmission fluid.

400           1.100 Used Oil Collection Service. The Collection of Used Oil in Used Oil Containers  
401 and Used Oil Filters in Used Oil Filter Containers, by CONTRACTOR, from SFD Customers in  
402 the Service Area utilizing Used Oil and Used Oil Filter Containers for the accumulation and set-  
403 out of Used Oil and Used Oil Filters and the appropriate disposition of the Used Oil and Used  
404 Oil Filters in accordance with the requirements of this Agreement.

405           1.101 Used Oil Container. A plain plastic container provided by CONTRACTOR, as set  
406 forth in Section 3.10 of this Agreement, for the accumulation of Used Oil that is at least four (4)  
407 quarts in capacity, leak-proof, has a screw-on lid and has a label designating it for use as a  
408 Used Oil Container.

409           1.102 Used Oil Filter. Any oil filter that is no longer useful to the SFD Customer  
410 because of extended storage, spillage or contamination with non-hazardous impurities such as  
411 dirt or water; or has been used and as a result of such use has been contaminated with physical  
412 or chemical impurities. Used Oil Filters must be generated by and at the Single Family Dwelling  
413 wherein the Used Oil Filter is Collected.

414           1.103 Used Oil Filter Container. A sealable container provided by CONTRACTOR, as  
415 set forth in Section 3.10 of this Agreement, for the accumulation of Used Oil Filters that has a  
416 label designating it for use as a Used Oil Filter Container.

417           1.104 White Goods. Discarded household appliances such as washers, dryers,  
418 refrigerators, stoves, water heaters, freezers, small air conditioning units, and other similar  
419 items.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

420 1.105 Work Day. Any day, Monday through Saturday that is not a holiday as set forth  
421 in Section 3.09 of this Agreement.

422 **Article 2. Term and Scope of Franchise**

423 2.01 Initial Term of Agreement. The initial term of this Agreement for the provision of  
424 Collection Services in the Service Area, as set forth in Exhibit 5, shall be for a period  
425 commencing on November 1, 2010 and terminating at midnight on June 30, 2020.

426 2.02 COUNTY Offer to Extend.

427 2.02.1 On or before January 31, 2019, COUNTY may, upon notice of COUNTY  
428 to CONTRACTOR, offer to extend the term of this Agreement for up to five (5) additional years.  
429 In the event COUNTY offers an extension of less than five (5) years, COUNTY may, at its sole  
430 option, offer additional extensions except that such extension offers shall not extend this  
431 Agreement past June 30, 2025 and such offers shall be made no later than seventeen (17)  
432 months prior to the termination date of the then current Collection Services Agreement.

433 2.02.2 Upon receipt of an offer to extend the Agreement, CONTRACTOR shall  
434 provide written notice to COUNTY as to whether CONTRACTOR accepts or rejects COUNTY'S  
435 offer within twenty (20) Work Days of the date of the offer. If CONTRACTOR fails to provide  
436 such notice to COUNTY within said twenty (20) Work Days, COUNTY'S offer shall be deemed  
437 withdrawn and COUNTY shall have no obligation to extend the term of this Agreement.

438 2.03 CONTRACTOR Request to Extend. On or before January 31, 2019,  
439 CONTRACTOR may submit to COUNTY a request for extension of up to five (5) years, along  
440 with the information, data, records and reports documenting to satisfaction of COUNTY that  
441 CONTRACTOR has met each of the following preconditions during each preceding Agreement  
442 Year (or portion thereof if less than an entire Agreement Year):

443 2.03.1 Increased Diversion. During each Calendar Year, beginning on January  
444 1, 2011 and ending December 31, 2018, calculation of the minimum diversion requirement as  
445 set forth in Article 14 yields at least forty (40) percent Diversion.

446 2.03.2 Low Assessed Damages. COUNTY has not given CONTRACTOR notice  
447 of CONTRACTOR'S obligation to pay liquidated damages in excess of Ten Thousand (\$10,000)  
448 Dollars annually or Fifty Thousand Dollars (\$50,000) in the aggregate.

449 2.03.3 Customer Satisfaction. The results of each Customer satisfaction survey  
450 conducted by or on behalf of COUNTY as required by Section 11.15, concludes that ninety (90)  
451 percent of Customers are satisfied with Collection Services.

452 2.03.4 Timely Payment of Fees. CONTRACTOR has not been delinquent in the  
453 payment of any money due to COUNTY under this Agreement more than once each Agreement  
454 Year or at any time longer than five (5) days. COUNTY has not received written notice that  
455 CONTRACTOR has been delinquent in the payment of any sums or amounts due third parties  
456 with respect to Solid Waste Disposal and processing fees.

457 2.03.5 Timely Implementation of Transition Plan. CONTRACTOR has timely  
458 and fully implemented its transition plan.

459 2.04 Upon receipt of a request to extend the Agreement, COUNTY shall provide  
460 written notice to CONTRACTOR as to whether COUNTY is considering, accepts or rejects  
461 CONTRACTOR'S request within one hundred twenty (120) calendar days of the date of the

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

request. If COUNTY fails to provide such notice to within said one hundred twenty (120) calendar days, CONTRACTOR'S request shall be deemed accepted and COUNTY shall extend the term of this Agreement by a period not to exceed five (5) years as requested by CONTRACTOR.

2.05 Grant of Exclusive Franchise. Subject to the requirements, conditions and exceptions set forth in this Agreement and Exhibits, COUNTY hereby grants to CONTRACTOR the exclusive franchise, right, privilege, and duty during the term of this Agreement and any extension thereof to Collect and transport the following materials to the facilities designated in this Agreement:

2.05.1 Solid Waste that is accumulated and set out for Collection by Customers in accordance with COUNTY Code, or which is otherwise legally set out for Collection pursuant to this Agreement.

2.05.2 Recyclables, Green Waste, Christmas Trees, Bulky Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and Construction and Demolition Debris set out for Collection by Customers.

2.06 Limitations to Scope of Exclusive Franchise.

2.06.1 Nothing in this Agreement shall require that Collection Services be accepted by COUNTY or any entity governed by the Board; the State of California; any school district; or any entity that is excluded by law from the obligation to subscribe to the Collection Services set forth herein.

2.06.2 Nothing in this Agreement shall limit the right of any Person to donate or sell his or her Recyclables, Green Waste, Bulky Items, Universal Waste, E-Waste, CED's, Christmas trees, Used Oil and Used Oil Filters and/or Construction and Demolition Debris to someone other than CONTRACTOR. Similarly, pursuant to Chapter 10.41 of the County Code nothing in this Agreement shall limit the right of any Person to haul the Solid Waste, Recyclables, Green Waste, Bulky Items, Universal Waste, E-Waste, CED's Christmas trees, Used Oil and Used Oil Filters and Construction and Demolition Debris he or she generates on his or her own premises to a facility that holds all applicable permits required per federal law, state law and/or County Code.

2.06.3 Notwithstanding CONTRACTOR'S rights under this Agreement as described above, the following materials may be Collected by Persons other than CONTRACTOR:

2.06.4 Construction and Demolition Debris that is:

2.06.4.1 removed from a premises by a licensed contractor as an incidental part of a total construction, remodeling, or demolition service offered by that contractor, rather than as a separately contracted or subcontracted hauling service; or

2.06.5 Green Waste that is:

2.06.5.1 removed from SFD, MFD or Commercial premises by a contractor as an incidental part of a total gardening or landscaping service offered by that contractor, rather than as a separately contracted or subcontracted hauling service;

2.06.5.2 Composted at the site where it is generated (e.g., backyard composting);

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

504 2.06.6 Bulky Items, E-Waste, CED'S or U-Waste that are removed from a  
505 premises by a property cleanup or maintenance company as an incidental part of the total  
506 cleanup or maintenance service offered by the company rather than as a hauling service;

507 2.06.7 Animal remains and grease waste Collected for use as tallow;

508 2.06.8 Animal waste Collected for use as a soil amendment;

509 2.06.9 Recyclables which CONTRACTOR is not required to Collect and process  
510 under this Agreement as of the effective date of this Agreement which subsequently, in  
511 COUNTY'S reasonable judgment, become economically feasible to recycle. In such event,  
512 CONTRACTOR shall have the exclusive right to Collect and process such new Recyclables if  
513 CONTRACTOR agrees to do so without any change in rates. If CONTRACTOR is unwilling to  
514 provide service for such new Recyclables at existing rates, COUNTY may provide for Collection  
515 and processing of new Recyclables in any manner it deems appropriate.

516 2.06.10 Containers delivered for Recycling under the California Beverage  
517 Container Recycling and Litter Reduction Act, Section 14500, et seq., California Public  
518 Resources Code, as such statute may be amended from time to time;

519 2.06.11 Hazardous Waste regardless of its source;

520 2.06.12 By-products of sewage treatment, including sludge, grit, and  
521 screenings;

522 2.06.13 Abandoned Solid Waste discarded on public roads, right of ways  
523 and public parking lots in the Service Area. The County Code does not prohibit persons from  
524 scavenging or picking up abandoned Solid Waste.

525 2.06.14 Exemptions as listed and detailed from time to time in federal and  
526 state law, or County Code, and subject to Article 22 of this Agreement;

527 2.06.15 The provisions allowing COUNTY to provide for Collection,  
528 processing and Disposal as specified elsewhere in this Agreement.

529 2.07 Excluded Services. CONTRACTOR acknowledges and agrees that COUNTY  
530 may permit other persons besides CONTRACTOR to Collect any and all types of materials  
531 excluded from the scope of this Agreement, as set forth above, without seeking or obtaining  
532 approval of CONTRACTOR.

533 2.08 Legal Limitations. This grant to CONTRACTOR of rights, privileges, and duties  
534 shall be interpreted to be consistent with federal and state law and County Code in effect now  
535 and during the term of this Agreement. In the event future interpretations of current law, or  
536 enactment of new laws limit the ability of COUNTY to lawfully provide for the scope of franchise,  
537 rights, privileges, and duties specifically set forth herein, CONTRACTOR agrees the scope will  
538 be limited to that scope which may be lawfully provided for under this Agreement, and COUNTY  
539 shall not be responsible for any lost profits claimed by CONTRACTOR to arise out of further  
540 limitations of the scope as set forth herein. In such event, it shall be the responsibility of  
541 CONTRACTOR to minimize the financial impact to other services being provided as much as  
542 commercially feasible.

### Article 3. Service Standards

3.01 Service Standards. CONTRACTOR shall perform all Collection Services under this Agreement in a thorough and professional manner. Collection Services described in this Agreement shall be performed regardless of weather conditions or difficulty of Collection.

3.02 Mandatory Franchise Service. CONTRACTOR will provide Collection Service at each premise located in the Service Area, unless that premise is exempted from mandatory service under the County Code.

3.03 Collection Service Commencement. CONTRACTOR will begin providing Collection Services in the Service Area, as set forth in Exhibit 5, on November 1, 2010.

3.04 Hours and Days of Collection.

3.04.1 SFD and MFD Collection Services shall be provided commencing no earlier than 6:00 a.m. and terminating no later than 6:00 p.m. Monday through Saturday with no service on Sunday. The hours, days, or both of Collection may be temporarily extended due to extraordinary circumstances or conditions with the prior consent of the Contract Administrator.

3.04.2 Commercial Collection Services shall be provided, commencing no earlier than 4:00 a.m., and terminating no later than 10:00 p.m., Monday through Saturday except Collection shall begin no earlier than 6:00 a.m. or end later than 6:00 p.m. within two hundred (200) feet of Single Family Dwellings. The hours, days, or both of Collection may be temporarily extended due to extraordinary circumstances or conditions with the prior consent of the Contract Administrator.

3.05 Manner of Collection. CONTRACTOR shall provide Collection Services with as little disturbance as possible and shall leave any Can, Cart or Bin in an upright position at the same point it was Collected without obstructing alleys, roadways, driveways, sidewalks or mail boxes.

3.06 Roll-out and Push Service. If CONTRACTOR determines that the set-out location for Solid Waste Carts or Bins is Difficult to Serve, then CONTRACTOR may provide its choice of either Roll-Out Collection Service to Customers using Cans, or Carts, or push services to Customers using Bins, for the surcharge listed on Exhibit 1, Rate Schedule.

3.07 Containers.

3.07.1 Purchase and Distribution of Cans, Carts, Bins and Roll-Off Containers. CONTRACTOR shall be responsible for the purchase and distribution of fully assembled and functional new Cans, new Carts, new or well-maintained Bins, and new or well maintained Roll-Off Containers as required to Customers in the Service Area. CONTRACTOR shall also distribute Cans, Carts, Bins and Roll-Off Containers as required to new Customers that are added to the Service Area during the term of this Agreement. The distribution shall be completed within three (3) Work Days of receipt of notification from COUNTY or the Customer.

3.07.2 Replacement of Cans, Carts and Bins. CONTRACTOR'S employees shall take care to prevent damage to Cans, Carts or Bins by unnecessary rough treatment. However, any Can, Cart or Bin damaged by CONTRACTOR shall be replaced by CONTRACTOR, at CONTRACTOR'S expense, within three (3) Work Days at no cost or inconvenience to the Customer.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

584 3.07.2.1 Upon notification to CONTRACTOR by COUNTY or a  
585 Customer that the Customer's Can(s), Cart(s) or Bin(s) are faulty, have worn out or have been  
586 stolen or damaged beyond repair through no fault of the Customer, CONTRACTOR shall deliver  
587 a replacement Can(s), Cart(s) or Bin(s) to such Customer no later than the next regularly  
588 scheduled Collection day, or if requested by COUNTY or the Customer, within three (3) Work  
589 Days. CONTRACTOR shall maintain records documenting all Can, Cart and Bin replacements  
590 occurring on a monthly basis.

591 3.07.2.2 Where such Can or Cart is faulty, has worn out or has been  
592 lost, stolen or damaged beyond repair through no fault of the Customer, each SFD Customer  
593 shall be entitled to the replacement of one (1) lost, destroyed, or stolen Solid Waste Can or  
594 Cart, one (1) lost, destroyed, or stolen Recyclables Can or Cart, and one (1), lost, destroyed, or  
595 stolen Green Waste Can or Cart during the life of this Agreement at no cost to the Customer.

596 3.07.2.3 Where such Cart or Bin has worn out or has been lost,  
597 stolen or damaged beyond repair through no fault of Customer, each MFD, or Commercial  
598 Customer shall be entitled to the replacement of lost, destroyed, or stolen Solid Waste Cart(s) or  
599 Bin(s), and lost, destroyed, or stolen Recyclables Cart(s) or Bin(s) and lost, destroyed, or stolen  
600 Green Waste Cart(s) or Bin(s), if subscribing to Green Waste service, during the life of this  
601 Agreement at no cost to the Customer. Such replacement shall be limited to a number equal to  
602 the number of Bins and Carts representing the normal service level of the Customer.

603 3.07.2.4 Where such Can, Cart, or Bin replacement occurs through  
604 no fault of CONTRACTOR, CONTRACTOR shall be compensated by the Customer for the cost  
605 of those replacements in excess of the requirements set forth above in accordance with the  
606 Can, Cart or Bin Replacement service rate, as appropriate, as set forth in Exhibit 1 which is  
607 attached to and included in this Agreement or as may be adjusted under the terms of this  
608 Agreement.

609 3.07.2.5 In those instances where CONTRACTOR can demonstrate  
610 to the satisfaction of COUNTY that a Can(s), Cart(s) or Bin(s) was stolen as the result or  
611 product of negligence on the part of the Customer, CONTRACTOR shall be entitled to bill the  
612 Customer the cost of the Can(s), Cart(s) or Bin(s) Replacement plus the delivery charge in  
613 accordance with the rates set forth in Exhibit 1 to this Agreement.

614 3.07.3 Repair of Carts. CONTRACTOR shall be responsible for repair of Carts  
615 in the areas to include but not be limited to, hinged lids, wheels and axles. No later than the  
616 next regularly scheduled Collection day after notification of the need for such repairs,  
617 CONTRACTOR shall repair the Cart or if necessary, remove the Cart for repairs and deliver a  
618 replacement Cart to the Customer.

619 3.07.4 Repair of Bins and Roll-Off Containers. CONTRACTOR will repair and  
620 otherwise maintain or replace Bins and Roll-Off Containers so that they are functional, and, as  
621 appropriate, have lids, at no inconvenience to the Customer.

622 3.07.5 Locks. Within one (1) week of receipt of the request, CONTRACTOR will  
623 provide a lock on a Bin for the surcharge listed in Exhibit 1.

624 3.07.6 Can, Cart or Bin Exchange. Upon notification to CONTRACTOR by  
625 COUNTY, or a Customer, that a change in the size or number of Cans, Carts or Bins is  
626 required, CONTRACTOR shall deliver such Cans, Carts or Bins to such Customer within five (5)  
627 Work Days. Each SFD Customer shall be entitled to receive one (1) free Solid Waste Cart

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

exchange, one (1) free Recyclables Cart exchange and one (1) free Green Waste Cart exchange per Agreement Year during the term of this Agreement. Each MFD or Commercial Customer shall be entitled to receive one (1) free service exchange, per Agreement Year during the term of this Agreement. For the purposes of this Section, a service exchange represents the exchange of as few as one (1) and as many as the total number of Bins and Carts provided by CONTRACTOR and utilized by the Customer. Accordingly CONTRACTOR shall be compensated for the cost of those exchanges in excess of the limitations set forth herein per Agreement Year, in accordance with the Can, Cart or Bin Exchange service rate as set forth in Exhibit 1 of this Agreement.

3.07.7 Ownership of Cans and Carts. Ownership of Cans and Carts shall rest with CONTRACTOR, except that ownership of Cans or Carts in the possession of a Customer at the end of this Agreement shall rest with COUNTY. At its sole discretion, COUNTY may elect not to exercise its rights with regards to this Section and in such case the Cans and Carts shall remain the property of CONTRACTOR upon termination of this Agreement. In this event CONTRACTOR shall be responsible for removing all Cans and Carts in service from the Service Area and reusing or Recycling such Cans and Carts. In addition, in the case of the termination of this Agreement prior to the expiration of the initial term or optional extension term(s) due to the default of CONTRACTOR as set forth in Article 27 of this Agreement, COUNTY shall have the right to take possession of the Carts and shall retain such possession until satisfactory arrangements can be made to provide Collection Services using other equipment. Such time of possession shall not be limited and regardless of the time of possession, there shall be no monies owing to CONTRACTOR from COUNTY for the use of the equipment. Upon the receipt of written notice from COUNTY, CONTRACTOR shall submit to the Contract Administrator an inventory of Carts, including their locations.

3.07.8 Ownership of Bins and Roll-Off Containers. Ownership of Bins and Roll-Off Containers distributed by CONTRACTOR shall rest with CONTRACTOR except in the case of the termination of the Agreement prior to the expiration of the initial term or optional extension term due to the default of CONTRACTOR as set forth in Article 27 of this Agreement. Under such circumstances, COUNTY shall have the right to take possession of the Bins and Roll-Off Containers and shall retain such possession until satisfactory arrangements can be made to provide Collection Services using other equipment. Such time of possession shall not be limited and regardless of the time of possession there shall be no monies owing to CONTRACTOR from COUNTY for the use of the equipment. Upon receipt of a written request from COUNTY, CONTRACTOR shall submit to the Contract Administrator an inventory of Bins and Roll-Off Containers, including their locations.

3.07.9 Compactor Equipment. Compactor equipment may be owned by the Customer or leased from CONTRACTOR or any other source provided the Compactor Container is compatible with CONTRACTOR'S Collection vehicles.

3.07.10 Organic Waste Pails. In the event COUNTY and CONTRACTOR agree to offer residential compostable collection service, as requested by the Customer, CONTRACTOR shall provide each SFD Cart Customer with a pail for use in the kitchen that is suitable for the collection and storage of Food Waste. The kitchen pail shall have a capacity of 1.5 to 2.5 gallons, a wire or plastic handle, and a lid and must be approved by COUNTY.

3.07.11 Compostable Material Containers. In the event COUNTY and CONTRACTOR agree to offer Commercial Compostable Materials Collection Services, and if requested by the Commercial Customer, CONTRACTOR shall provide Commercial Customers

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

674 receiving Commercial Compostable Materials Collection Services with a watertight Container for  
675 indoor storage of Compostable Materials prior to placing the waste in the Compostable  
676 Materials Cart or Bin. The size of the Container shall be determined by the Customer and  
677 CONTRACTOR. CONTRACTOR shall be responsible for the repair and maintenance of the  
678 Containers. At the request of the Customer, CONTRACTOR shall allow the use of plastic bags  
679 by the Customer for the containment of the Compostable Materials and shall Collect both the  
680 Compostable Materials and the plastic bags as part of the Commercial Compostable Materials  
681 Collection Service provided under the terms of this Agreement.

682       3.08 Labor and Equipment. CONTRACTOR shall provide and maintain all labor,  
683 equipment, tools, facilities, and personnel supervision required for the performance of  
684 CONTRACTOR'S obligations under this Agreement. CONTRACTOR shall at all times have  
685 sufficient backup equipment and labor to fulfill CONTRACTOR'S obligations under this  
686 Agreement. No compensation for CONTRACTOR'S services or for CONTRACTOR'S supply of  
687 labor, equipment, tools, facilities or supervision shall be provided or paid to CONTRACTOR by  
688 COUNTY or by any Customer except as expressly provided by this Agreement.

689       3.09 Holiday Service. CONTRACTOR shall not be required to provide Collection  
690 Services or maintain office hours on the following designated holidays; New Years Day,  
691 Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day. In any  
692 week in which one of these holidays falls on a Work Day, SFD Collection Services for the  
693 holiday and each Work Day thereafter will be delayed one Work Day for the remainder of the  
694 week with normally scheduled Friday Collection Services being performed on Saturday. MFD  
695 and Commercial Collection Services shall be adjusted as agreed between CONTRACTOR and  
696 the Customer but must meet the minimum frequency requirement of one (1) time per week.

697       3.10 Used Oil and Used Oil Filter Containers. CONTRACTOR will provide to SFD  
698 Customers at no additional charge to SFD Customer, Used Oil and Used Oil Filter Containers in  
699 design, function and material specifications approved by the COUNTY. CONTRACTOR will not  
700 receive additional compensation for this service.

701       3.11 Recyclables - Contamination. CONTRACTOR shall not be required to Collect  
702 Recyclables if the Customer does not segregate the Recyclables from other materials such as  
703 Solid Waste, Green Waste and Unacceptable Waste. If Recyclables are contaminated through  
704 commingling with other materials, CONTRACTOR shall leave the Recyclables Can, Cart or Bin  
705 un-emptied along with a Non-Collection Notice that contains instructions on the proper  
706 procedures for setting out Recyclables. CONTRACTOR shall not be obligated to Collect the  
707 Recyclables Container until the Customer has removed the contamination.

708       3.12 Green Waste – Contamination. CONTRACTOR shall not be required to Collect  
709 Green Waste if the Customer does not segregate the Green Waste from other materials such as  
710 Solid Waste, and Unacceptable Waste. If Green Waste is contaminated through commingling  
711 with other materials, CONTRACTOR shall leave the Green Waste Can, Cart or Bin un-emptied  
712 along with a Non-Collection Notice that contains instructions on the proper procedures for  
713 setting out Green Waste. CONTRACTOR shall not be obligated to Collect the Green Waste  
714 Container until the Customer has removed the contamination.

715       3.13 Inspections. COUNTY shall have the right to inspect CONTRACTOR'S facilities  
716 or Collection vehicles used in the provision of Collection Services under this Agreement and  
717 their contents at any time while operating inside or outside the Service Area.

718       3.14 Commingling of Materials.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

719                   3.14.1 Solid Waste and Recyclables. CONTRACTOR shall not commingle Solid  
720 Waste Collected pursuant to this Agreement, with any Recyclables separated for Collection  
721 pursuant to this Agreement prior to delivery to the appropriate facility without the express prior  
722 written authorization of the Contract Administrator.

723                   3.14.2 Solid Waste Collected in Service Area. CONTRACTOR shall not  
724 commingle any Solid Waste Collected pursuant to this Agreement with any other material  
725 Collected by CONTRACTOR outside the Service Area prior to delivery to the Disposal Facility  
726 as appropriate, unless CONTRACTOR has provided written documentation, in a form that is  
727 satisfactory to the Contract Administrator, explaining how the mixed material will be allocated to  
728 the jurisdiction(s) of origin and CONTRACTOR has received express, written consent from the  
729 Contract Administrator.

730                   3.14.3 Recyclables. CONTRACTOR shall not commingle Recyclables Collected  
731 pursuant to this Agreement, with any other material Collected by CONTRACTOR inside or  
732 outside the Service Area prior to delivery to the Recyclables Processing Facility without the  
733 express prior written authorization of the Contract Administrator.

734                   3.14.4 Material Separation. Solid Waste, Recyclables, Green Waste, Bulky  
735 Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and Construction and  
736 Demolition Debris shall not be mixed together in CONTRACTOR'S Collection equipment unless  
737 such material has been deemed contaminated in which case it shall be Collected as Solid  
738 Waste. Each category of material Collected shall be kept separated according to type or  
739 classification except for such material as has been deemed contaminated which shall be  
740 classified as Solid Waste.

741                   3.15 Spillage and Litter. CONTRACTOR shall not litter premises in the process of  
742 providing Collection Services or while its vehicles are on the road. CONTRACTOR shall  
743 transport all materials Collected under the terms of this Agreement in such a manner as to  
744 prevent the spilling or blowing of such materials from CONTRACTOR'S vehicle.  
745 CONTRACTOR shall exercise all reasonable care and diligence in providing Collection Services  
746 so as to prevent spilling or dropping of Solid Waste, Recyclables, Green Waste, Bulky Items,  
747 Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and Construction and  
748 Demolition Debris and shall immediately, at the time of occurrence, clean up such spilled or  
749 dropped materials.

750                   3.15.1 CONTRACTOR will maintain a log of spills that indicates the material  
751 spilled, quantity and remedial actions taken. CONTRACTOR will immediately report any spills  
752 entering or endangering any waterway or storm drain or any spill of forty-two (42) gallons or  
753 more to the State Office of Emergency Service (OES) as required by law.

754                   3.15.2 CONTRACTOR shall not be responsible for cleaning up un-sanitary  
755 conditions caused by the carelessness of the Customer; however, CONTRACTOR shall clean  
756 up any material or residue that is spilled or scattered by CONTRACTOR or its employees.

757                   3.15.3 CONTRACTOR shall clean up any spillage or litter caused by  
758 CONTRACTOR within four (4) hours of spilling or dropping any material or residue, or within  
759 four (4) hours upon notice from Customer, or within four (4) hours upon notice from the Contract  
760 Administrator.

761                   3.15.4 Equipment oil, hydraulic fluids, spilled paint, or any other liquid or debris  
762 resulting from CONTRACTOR'S operations or equipment repair shall be covered immediately

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

763 with an absorbent material and removed from the street surface. When necessary,  
764 CONTRACTOR shall apply a suitable cleaning agent to the street surface to provide adequate  
765 cleaning. To facilitate such cleanup, CONTRACTOR'S vehicles shall at all times carry sufficient  
766 quantities of petroleum absorbent materials along with a broom and shovel.

767 3.15.5 In the event where damage to public streets within the Service Area is  
768 the result of a hydraulic oil spill caused by CONTRACTOR, CONTRACTOR shall be responsible  
769 for all repairs to return the street to the same condition it was in prior to the spill.  
770 CONTRACTOR shall also be responsible for all clean-up activities related to the spill. Repairs  
771 and clean-up shall be performed in a manner satisfactory to the Contract Administrator and at  
772 no cost to COUNTY.

773 3.16 Ownership of Materials. Title to Solid Waste, Recyclables, Green Waste, Bulky  
774 Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and Construction and  
775 Demolition Debris shall pass to CONTRACTOR at such time as said materials are placed in  
776 CONTRACTOR'S Collection Container and the Container is set out for Collection. Title to  
777 material Collected as part of the COUNTY Clean-up Service as set forth in Article 11 shall pass  
778 to CONTRACTOR at the time the material is placed in the Roll-Off Container or other Collection  
779 vehicle or Container approved for use.

780 3.17 Hazardous Waste. Under no circumstances shall CONTRACTOR'S employees  
781 knowingly Collect Hazardous Waste, or remove unsafe or poorly containerized Hazardous  
782 Waste, from a Collection Container. If CONTRACTOR determines that material placed in any  
783 Container for Collection is Hazardous Waste, or other material that may not legally be accepted  
784 at the Disposal Facility or one of the processing facilities, or presents a hazard to  
785 CONTRACTOR'S employees, CONTRACTOR shall refuse to accept such material. The  
786 Generator shall be contacted by CONTRACTOR and requested to arrange for proper Disposal.  
787 If the Generator cannot be reached immediately, CONTRACTOR shall, before leaving the  
788 premises, leave a Non-Collection Notice, which indicates the reason for refusing to Collect the  
789 material.

790 3.17.1 If Hazardous Waste is found in a Collection Container that poses an  
791 imminent danger to people or property, CONTRACTOR shall immediately notify the Monterey  
792 County Health Department Hazardous Materials Management Services.

793 3.17.2 If Hazardous Waste is identified at the time of delivery to the Disposal  
794 Facility, or one of the processing facilities and the Generator cannot be identified,  
795 CONTRACTOR shall be solely responsible for handling and arranging lawful transport and  
796 disposition of the Hazardous Waste.

797 3.18 Regulations and Record Keeping. CONTRACTOR shall comply with emergency  
798 notification procedures required by applicable laws and regulatory requirements. All records  
799 required by regulations shall be maintained at CONTRACTOR'S facility.

800 3.19 Transition. CONTRACTOR understands and agrees that the time between the  
801 formal Agreement signing and November 1, 2010 is intended to provide CONTRACTOR with  
802 ample and sufficient time to, among other things, order equipment, prepare necessary routing  
803 schedules and route maps, obtain any permits and licenses, establish/build facilities, and begin  
804 the public awareness campaign part of CONTRACTOR'S transition plan as specified in Exhibit  
805 4 which is attached and incorporated into this Agreement. In addition, CONTRACTOR is  
806 required under the terms of this Agreement to meet the following transition requirements:

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

807 3.19.1 obtain approval from COUNTY of the transition plan included in Exhibit 4  
808 of this Agreement prior to April 1, 2010;

809 3.19.2 obtain approval from and provide a copy to COUNTY of the emergency  
810 backup plan included in Exhibit 9 of this Agreement prior to June 30, 2010;

811 3.19.3 obtain approval from COUNTY of the waste assessment protocols as  
812 required by Section 11.14 that are required to be included in the transition plan included in  
813 Exhibit 4 of this Agreement prior to April 1, 2010;

814 3.19.4 obtain approval from COUNTY of the format of all invoices as required by  
815 Section 13.02 prior to September 1, 2010;

816 3.19.5 provide payment of proposal development fee as required by Section  
817 13.17.3, to COUNTY within thirty (30) calendar days of execution of the Agreement;

818 3.19.6 provide Collection route maps as required by Section 15.01 ninety (90)  
819 calendar days prior to commencement of Collection Services;

820 3.19.7 test the noise level of all Collection vehicles prior to utilization of the  
821 vehicle to provide Collection Services as required by Section 16.08;

822 3.19.8 provide equipment inventory on or before September 1, 2010 as required  
823 by Section 16.11;

824 3.19.9 submit the initial public education and outreach program to COUNTY for  
825 approval on or before July 1, 2010 as required by Section 19.01;

826 3.19.10 distribute the initial Collection Service notice to Customers as least thirty  
827 (30) days prior to commencement of services as required by Section 19.02;

828 3.19.11 provide the Contract Administrator with an emergency contact number  
829 prior to October 1, 2010 as required by Section 20.02;

830 3.19.12 develop a website as required by Section 20.06 which will be available  
831 to Customers no later than September 1, 2010;

832 3.19.13 provide the name of the service supervisor to COUNTY no later than  
833 October 1, 2010 as required by Section 24.02;

834 3.19.14 provide evidence of insurance coverage on or before the execution date  
835 of this Agreement as required by Section 29.01.4; and

836 3.19.15 obtain a performance bond or letter of credit no more than thirty (30)  
837 days after the execution date of this Agreement as required by Article 30.

838 3.20 Property Damage. CONTRACTOR shall be responsible for the repair or  
839 replacement, if repair is not adequate, of any damages to public or private property during the  
840 provision of Collection Services and caused by the CONTRACTOR.

841 3.21 Unsafe Collection Conditions. In the event CONTRACTOR believes that it is  
842 unsafe to provide Collection Services to a Customer, CONTRACTOR shall notify the Contract  
843 Administrator of the name and address of the Customer and the conditions which make the  
844 provision of Collection Services unsafe. Pursuant to County Code, the Director of Health shall  
845 perform such review as is deemed necessary and except in those instances where the  
846 conditions can be mitigated to the satisfaction of CONTRACTOR, shall take the appropriate

steps to have the Customer exempted from mandatory Collection Service. CONTRACTOR shall not be obligated to provide Collection Services to the Customer.

## Article 4. Transportation, Processing and Disposal

### 4.01 Disposal and Processing Facilities.

4.01.1 MRWMD Disposal Facility. All Solid Waste and Bulky Items that cannot be Diverted, Collected as the result of performing Collection Services within the boundaries of the MRWMD, shall be transported to the MRWMD Disposal Facility.

4.01.2 SVSWA Disposal Facility. All Solid Waste and Bulky Items that cannot be Diverted, Collected as the result of performing Collection Services within the boundaries of the SVSWA, shall be transported to the SVSWA Disposal Facility.

4.01.3 Recyclables Processing Facility. All Recyclables and Bulky Items that can be Recycled, Collected as a result of performing Collection Services, shall be delivered to the Recyclables Processing Facility.

4.01.4 MRWMD Green Waste Processing Facility. All Green Waste that can be processed or composted, Collected as the result of performing Collection Services within the boundaries of the MRWMD, shall be transported to the MRWMD Green Waste Processing Facility.

4.01.5 SVSWA Green Waste Processing Facility. All Green Waste that can be processed or composted, Collected as the result of performing Collection Services within the boundaries of SVSWA, shall be transported to the SVSWA Green Waste Processing Facility.

4.01.6 MRWMD Construction and Demolition Debris Processing Facility. All Construction and Demolition Debris Collected as the result of performing Collection Services within the boundaries of the MRWMD shall be transported to the MRWMD Construction and Demolition Debris Processing Facility.

4.01.7 SVSWA Construction and Demolition Debris Processing Facility. All Construction and Demolition Debris, Collected as the result of performing Collection Services within the boundaries of SVSWA, shall be transported to the SVSWA Construction and Demolition Debris Processing Facility.

4.01.8 Bulky Items Processing and Disposal. CONTRACTOR shall process and dispose of Bulky Items Collected from Customers pursuant to the terms of this Agreement in accordance with the following hierarchy:

4.01.8.1 Reuse as is (where energy efficiency is not compromised);

4.01.8.2 Disassemble for reuse or recycling;

4.01.8.3 Recycle; or

4.01.8.4 Disposal.

4.01.9 CONTRACTOR shall not landfill such Bulky Items unless the Bulky Items cannot be reused or recycled.

4.01.10 Bulky Items Containing Freon. In the event CONTRACTOR Collects Bulky Items that contain Freon, CONTRACTOR shall handle such Bulky Items in a manner such that the Bulky Items are not subject to regulation as Hazardous Waste under applicable state and federal laws or regulations.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

888                   4.01.11       Disposal of Recyclables or Green Waste. CONTRACTOR shall  
889 not deliver Recyclables or Green Waste to a Disposal Facility without the express written  
890 permission of the Contract Administrator.

891                   4.01.12       Used Oil Processing. CONTRACTOR shall recycle all Used Oil  
892 and Used Oil Filters Collected pursuant to this Agreement to the extent feasible and shall  
893 properly dispose of all Used Oil and Used Oil Filters that are contaminated or otherwise cannot  
894 be recycled.

895                   4.01.12.1   CONTRACTOR shall recycle Used Oil only with persons  
896 who are authorized by the State of California to recycle Used Oil. In the event the Used Oil and  
897 Used Oil Filters Collected pursuant to this Agreement are contaminated to the extent that the  
898 Used Oil and Used Oil Filters require disposal as a Hazardous Waste, CONTRACTOR shall  
899 dispose of such Used Oil and Used Oil Filters at CONTRACTOR'S own cost and expense in  
900 accordance with applicable state and federal law.

## 901                   Article 5. SFD Collection Services

902                   5.01   SFD Collection Services. These services shall be governed by the following  
903 terms and conditions:

904                   5.01.1 Default Capacity. Except as set forth in Section 5.01.1.1 below,  
905 CONTRACTOR shall provide each SFD Customer with one (1) 35 gallon Solid Waste Cart, One  
906 (1) 64 gallon, (or if requested by Customer, 96 gallon) Recyclables Cart, and one (1) 64 gallon  
907 (or if requested by Customer, 96 gallon) Green Waste Cart.

908                   5.01.1.1   CONTRACTOR shall provide Customers utilizing Cans for  
909 the Collection of Solid Waste, Recyclables and Green Waste with Collection capacity  
910 approximately equal to the Collection capacity that the Customer would have requested in  
911 Carts.

912                   5.01.2 Conditions of Service. CONTRACTOR shall provide SFD Collection  
913 Services to all SFD Customers in the Service Area whose: 1) Solid Waste is containerized in  
914 Cans or Carts, except as set forth in Section 5.05 and 5.10, regardless, of whether or not the lid  
915 of the Container is closed; 2) Recyclables are containerized in Cans or Carts, except as set  
916 forth in Section 5.05 and 5.10, regardless of whether or not the lid of the Container is closed; 3)  
917 Green Waste is containerized in Cans or Carts, except as set forth in Section 5.05 and 5.10,  
918 regardless of whether or not the lid of the Container is closed; and 4) where the Cans or Carts  
919 have been placed within three (3) feet of the curb, swale, paved surface of the public roadway,  
920 closest accessible roadway, or other such location agreed to by CONTRACTOR and Customer,  
921 that will provide safe and efficient accessibility to CONTRACTOR'S Collection crew and vehicle  
922 and where the material in the Cart is not contaminated as set forth in Sections 3.11 and 3.12.

923                   5.02   Non-Subscription Roll-Out Collection Service. Notwithstanding any term or  
924 definition set forth in this Agreement, CONTRACTOR shall provide non-subscription Roll-Out  
925 Collection Service to a SFD Customer if a Customer residing therein has provided  
926 documentation, in a manner satisfactory to CONTRACTOR that all individuals over the age of  
927 sixteen (16) residing in the Customers residence: 1) have handicapped status recognized by the  
928 California Department of Motor Vehicles; and 2) are functionally unable to place their Solid  
929 Waste, Recyclables, and Green Waste Cans or Carts at the curb for Collection. In addition,  
930 COUNTY may direct CONTRACTOR to provide non-subscription Roll-out Collection Service to

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

931 Customers who meet the criteria set by COUNTY. No additional monies shall be due to  
932 CONTRACTOR for the provision of non-subscription Roll-Out Collection Service.

933           5.02.1 Subscription Roll-Out Collection Service. CONTRACTOR shall provide  
934 Roll-Out Collection Service to a SFD Customer if requested by the Customer for their  
935 convenience. CONTRACTOR shall be compensated for such services at the rates set forth in  
936 Exhibit 1 for subscription Roll-Out Collection Service.

937           5.02.2 Collection Day. CONTRACTOR shall provide subscription and non-  
938 subscription Roll-Out Collection Service on the same Work Day that curbside Collection would  
939 otherwise be provided to the SFD Customer.

940           5.03 Frequency and Scheduling of Service. Except as set forth in Section 5.10, SFD  
941 Collection Services shall be provided one (1) time per week on a scheduled route basis. SFD  
942 Collection Services shall be scheduled so that a SFD Customer receives Solid Waste Collection  
943 Service, Recyclables Collection Service, Green Waste Collection Service, and Used Oil  
944 Collection Service on the same Work Day.

945           5.04 Non-Collection. Except as set forth in Sections 5.05, and 5.10,  
946 CONTRACTOR shall not be required to Collect any Solid Waste, Recyclables, or Green Waste  
947 that is not placed in a Cart or Can. CONTRACTOR shall also not be required to Collect Carts  
948 (or Cans) whose weight is in excess of sixty (60) pounds. In the event of non-collection,  
949 CONTRACTOR shall affix to the Cart (or Can) a Non-Collection Notice explaining why  
950 Collection was not made. CONTRACTOR shall maintain a copy of such notices during the term  
951 of this Agreement.

952           5.05 Overages. The first time that a SFD Customer does not discard Solid Waste,  
953 Recyclables or Green Waste inside a Cart (or Can), CONTRACTOR will Collect that material  
954 without surcharge, but will leave a Non-Collection Notice indicating that: 1) the Customer must  
955 place Solid Waste, Recyclables or Green Waste in a Cart (or Can), unless he or she has  
956 requested On-call Collection Service; 2) describing how the Customer can arrange for additional  
957 capacity; and 3) warning that if the Customer discards material outside Carts (or Cans) again,  
958 CONTRACTOR will Collect the material and charge the un-containerized surcharge listed on  
959 the Rate Schedule set forth in Exhibit 1.

960           5.05.1 The second time, and each time thereafter, that a Customer does not  
961 discard Solid Waste, Recyclables or Green Waste inside a Cart (or Can), CONTRACTOR will  
962 Collect the Cart (or Can) and the un-containerized material and will charge the un-containerized  
963 surcharge listed on the Rate Schedule set forth in Exhibit 1.

964           5.06 Additional Solid Waste Capacity. In the event a Customer requests Solid Waste  
965 capacity in excess of that provided by the default Cart (or Can) capacity, CONTRACTOR shall  
966 be compensated for the provision of those additional Carts (or Cans) in accordance with the  
967 Rate Schedule set forth in Exhibit 1.

968           5.07 Additional Recycling Capacity. In the event a Customer requests Recyclables  
969 capacity in excess of that provided by the default Cart (or Can) capacity, CONTRACTOR shall  
970 be compensated for the provision of those additional Carts (or Cans) in accordance with the  
971 Rate Schedule set forth in Exhibit 1.

972           5.08 Additional Green Waste Capacity. In the event a Customer requests Green  
973 Waste capacity in excess of that provided by the default Cart (or Can) capacity, CONTRACTOR

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

shall be compensated for the provision of those additional Carts (or Cans) in accordance with the Rate Schedule set forth in Exhibit 1.

5.09 Pickup of Under-utilized Additional Recyclables or Green Waste Containers. If CONTRACTOR'S vehicle driver reports, and CONTRACTOR'S customer service representative enters into Customer's account records that Customer does not set out an additional Recyclables or Green Waste Container(s) more than once a month for three (3) consecutive months, then CONTRACTOR may leave a notice stating that CONTRACTOR will pick up the Customer's unused or under-utilized additional Recyclables or Green Waste Container(s) unless Customer sets out that additional Container(s) at least every other week.

5.10 On-Call Collection Service. This service shall be provided one (1) time per full or partial Calendar Year at no additional charge to the Customer. CONTRACTOR shall be compensated for providing On-Call Collection Service more than one (1) time in any full or partial Calendar Year in accordance with the additional on-call service rate as set forth in Exhibit 1. This service will be governed by the following terms and conditions:

5.10.1 General Conditions of Service. CONTRACTOR shall provide On-Call Collection Service to all SFD Customers in the Service Area whose material has been placed within three (3) feet of the curb, swale, paved surface of the public roadway, closest accessible roadway, or other such location agreed to by CONTRACTOR and Customer, that will provide safe and efficient accessibility to CONTRACTOR'S Collection crew and vehicle.

5.10.2 Bulky Items. Bulky Items shall be placed loose at the set-out location and shall be limited to five (5) cubic yards.

5.10.3 Other Items. Universal Waste (except fluorescent tubes), E-Waste and CED's shall be placed in bags, boxes or containers and shall be limited to a total of one half (0.5) cubic yard.

5.10.4 Excess On-Call Collection Capacity. CONTRACTOR shall be compensated for the cost of Collecting items in excess of these limitations in accordance with the "excess on-call collection capacity" service rates as set forth in Exhibit 1 and as may be adjusted under the terms of this Agreement.

5.10.5 Scheduling On-Call Collection Service. CONTRACTOR, when requested by Customer shall provide each SFD Customer with On-call Collection Service on the Customer's next regular Collection day or as agreed to between CONTRACTOR and Customer.

5.10.6 Non-Collection. In the event of non-collection, CONTRACTOR shall affix to the item a Non-Collection Notice explaining why Collection was not made and how the item may be properly Disposed of and shall maintain a copy of such notice during the term of this Agreement. CONTRACTOR shall not be required to Collect the following items as part of On-Call Collection service:

5.10.6.1 Any single item that cannot be handled by two (2) people using a dolly (except for the purposes of this Section a box springs and mattress will not be considered as a single item);

5.10.6.2 Hazardous Waste, including anti-freeze;

5.10.6.3 Unacceptable Waste;

5.10.6.4 concrete;

5.10.6.5 dirt; or

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

1017 5.10.6.6 more than two (2) tires from any SFD Customer per  
1018 Collection.

1019 5.11 Used Oil Collection Service. This service will be governed by the following  
1020 terms and conditions:

1021 5.11.1 Conditions of Service. CONTRACTOR shall provide Used Oil and Used  
1022 Oil Filter Collection Service to all SFD Customers in the Service Area utilizing Used Oil  
1023 Containers for the accumulation and set-out of their Used Oil, and Used Oil Filter Containers for  
1024 the accumulation and set out of their Used Oil Filters where the Used Oil Containers and Used  
1025 Oil Filter Containers have been placed within three (3) feet of the curb, swale, paved surface of  
1026 the public roadway, closest accessible roadway, or other such location agreed to by  
1027 CONTRACTOR and Customer, that will provide safe and efficient accessibility to  
1028 CONTRACTOR'S Collection crew and vehicle.

1029 5.11.2 Non-Collection. CONTRACTOR shall not be required to Collect material  
1030 placed in Used Oil or Used Oil Filter Containers unless the material is Used Oil or Used Oil  
1031 Filters, as appropriate, and is free of contamination other than contamination normally expected  
1032 to be present as a result of the use, storage or spillage of the oil or filter. In the event of non-  
1033 collection, CONTRACTOR shall affix to the Used Oil or Used Oil Filter Container a Non-  
1034 Collection Notice explaining why Collection was not made and maintain a copy of such notice  
1035 during the term of this Agreement. If non-collection is because the Used Oil or Filter was placed  
1036 in an improper container, CONTRACTOR shall also leave Used Oil or Used Oil Filter Containers  
1037 in a number sufficient to contain the Used Oil or Used Oil Filters set out, but not exceeding  
1038 sixteen (16) quarts, or two (2) Used Oil Filters along with the Non-Collection Notice.

1039 5.11.3 Spillage. CONTRACTOR shall carry oil absorbent material on all vehicles  
1040 used to Collect Used Oil and shall cleanup any Used Oil that spills during Collection, which has  
1041 leaked from the Used Oil or Used Oil Filter Container after setout but prior to Collection, or  
1042 which spills or leaks during the time the Used Oil or Used Oil Filter is in the Collection vehicle.

1043 5.11.4 Used Oil and Used Oil Filter Containers. Upon receipt of a verbal request  
1044 of County or a Customer, CONTRACTOR shall provide the SFD Customer at their residence  
1045 with Used Oil Containers and Used Oil Filter Containers in the number requested by COUNTY  
1046 or the Customer but not exceeding a number sufficient to hold sixteen (16) quarts of Used Oil  
1047 and two (2) Used Oil Filters. CONTRACTOR shall deliver said Containers no later than the next  
1048 regularly scheduled Collection day.

1049 5.11.4.1 At the time CONTRACTOR Collects Used Oil from a SFD  
1050 Customer, CONTRACTOR shall leave at the premises one (1) Used Oil Container for each  
1051 Used Oil Container Collected and one (1) Used Oil Filter Container for each Used Oil Filter  
1052 Container Collected. CONTRACTOR shall keep the outside of all Used Oil and Used Oil Filter  
1053 Containers clean and may re-use the containers until the condition of the container makes it  
1054 inappropriate for re-use.

1055 5.11.5 Home Composting and Worm Bins. For at least thirty (30) consecutive  
1056 Work Days each Agreement Year, CONTRACTOR will offer home composting bins and home  
1057 worm bins, of a make approved by COUNTY, for sale to SFD Customers in at least two  
1058 locations, one inland and one coastal, within the Service Area, or if CONTRACTOR does not  
1059 provide a location within the Service Area, CONTRACTOR will offer said bins for sale to SFD  
1060 Customers for delivery to the Customer without surcharge. CONTRACTOR will charge  
1061 Customer a purchase price no greater than CONTRACTOR'S actual cost of purchase, including

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

taxes and vendor's handling or delivery charges. Upon sale, the bin becomes the property of the purchaser.

5.11.5.1 On the next regularly scheduled Collection day occurring after a SFD Customer's request for delivery of either a home composting bin or home worm bin, CONTRACTOR will deliver the bin to that Customer's premises for the surcharge listed in Exhibit 1 (except as provided in Section 5.11.5).

5.11.6 Intermittent Occupancy. Within one (1) week of a SFD Customer's request, CONTRACTOR will stop or start Collection at that Customer's residence which serves as the Customer's vacation or second home. The invoice for such intermittent service shall be pro-rated for the actual number of weeks CONTRACTOR provides Collection Service.

## Article 6. MFD Cart Collection Services

6.01 MFD Cart Collection Services. These services will be governed by the following terms and conditions:

6.01.1 Default Capacity. CONTRACTOR shall provide each MFD Cart Customer with such number of Solid Waste Carts as are requested, and up to one (1) 64 gallon, (or if requested by Customer, 96 gallon) Recyclables Cart for each Solid Waste Cart. Solely for the purpose of applying the provisions of Section 13.03.1, the default service level shall be a thirty five (35) gallon Solid Waste Cart and a sixty four (64) gallon Recycling Cart for each occupied Dwelling Unit.

6.01.2 Subscription Green Waste Collection Service. If requested by MFD Cart Customer, CONTRACTOR shall provide subscription Green Waste Collection Service in a manner agreed upon between the MFD Cart Customer and CONTRACTOR for the service rate as set forth in Exhibit 1 to this Agreement.

6.01.3 Conditions of Service. CONTRACTOR shall provide MFD Cart Collection Service to all MFD Cart Customers in the Service Area whose: 1) Solid Waste is containerized in Carts, except as set forth in Section 6.03 and 6.06 regardless of whether or not the lid of the Cart is closed; 2) Recyclables are containerized in Carts, except as set forth in Section 6.03 and 6.06, regardless of whether or not the lid of the Cart is closed; 3) Green Waste is containerized in Carts, except as set forth in Section 6.03 and 6.06, regardless of whether or not the lid of the Cart is closed; and, 4) where the Carts have been placed within three (3) feet of the curb, swale, paved surface of the public roadway, closest accessible roadway, or other such location agreed to by CONTRACTOR and Customer, that will provide safe and efficient accessibility to CONTRACTOR'S Collection crew and vehicle.

6.01.4 Size and Frequency of Service. Each service shall be provided weekly on a scheduled route basis. However, in those instances where the scheduled Collection day falls on a holiday as set forth in Section 3.09 herein, the Collection day may be adjusted in a manner agreed to between the Customer and CONTRACTOR as long as service is received one (1) time per week. The size of the Cart, (above the minimum) shall be determined between the Customer and CONTRACTOR. However, size shall be sufficient to provide that no Solid Waste, Recyclables, or Green Waste need be placed outside the Cart on a regular basis.

6.02 Non-Collection. Except as set forth in Section 6.03 and 6.06, CONTRACTOR shall not be required to Collect any Solid Waste, Recyclables or Green Waste from a MFD Cart Customer that is not placed in a Cart as appropriate. In the event of non-collection, CONTRACTOR shall contact the Customer to discuss the reason for the non-collection and

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

shall affix to the Cart a Non-Collection Notice explaining why Collection was not made. CONTRACTOR shall maintain a copy of such notices during the term of this Agreement.

**6.03 Overages.** The first time that a MFD Cart Customer does not discard Solid Waste, Recyclables or Green Waste inside a Cart, CONTRACTOR will Collect that material without surcharge, but it will leave a Non-Collection Notice indicating that 1) the Customer must place Solid Waste, Recyclables or Green Waste in a Cart, unless he or she has requested On-Call Collection Service; 2) describing how the Customer can arrange for additional capacity; and 3) warning that if the Customer discards material outside Carts again, CONTRACTOR will Collect the material and charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1.

**6.03.1** The second time, and each time thereafter, that a MFD Cart Customer does not discard Solid Waste, Recyclables or Green Waste inside a Cart, CONTRACTOR will Collect the Cart and the un-containerized material and will charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1.

**6.04 Additional Recyclables Capacity.** In the event a Customer requests Recyclables capacity in excess of that provided by the default Cart capacity, CONTRACTOR shall be compensated for the provision of those additional Carts in accordance with the Rate Schedule set forth in Exhibit 1.

**6.05 Pickup of Under-utilized Additional Recyclables Carts.** If CONTRACTOR'S vehicle driver reports, and CONTRACTOR'S customer service representative enters into a MFD Cart Customer's account records that Customer does not set out an additional Recyclables Cart(s) more than once a month for three (3) consecutive months, then CONTRACTOR may leave a notice stating that CONTRACTOR will pick up the Customer's unused or under-utilized additional Recyclables Cart(s) unless Customer sets out that additional Cart(s) at least every other week.

**6.06 On-Call Collection Service.** This service shall be provided one (1) time per full or partial Calendar Year at no additional charge to the MFD Cart Customer. CONTRACTOR shall be compensated for providing On-Call Collection Service more than one (1) time in any full or partial Calendar Year in accordance with the "additional on-call service rate" as set forth in Exhibit 1. This service will be governed by the following terms and conditions:

**6.06.1 General Conditions of Service.** CONTRACTOR shall provide On-Call Collection Service to all MFD Cart Customers in the Service Area whose material has been placed within three (3) feet of the curb, swale, paved surface of the public roadway, closest accessible roadway, or other such location agreed to by CONTRACTOR and Customer, that will provide safe and efficient accessibility to CONTRACTOR'S Collection crew and vehicle.

**6.06.2 Bulky Items.** Bulky Items shall be placed loose at the set-out location and shall be limited to the Collection of a maximum number of cubic yards calculated by multiplying the number of occupied Dwelling Units in the MFD receiving the service by three (3) cubic yards.

**6.06.3 Other Items.** Universal Waste (except fluorescent tubes), E-Waste and CED's shall be placed in bags, boxes or containers and shall be limited to the Collection of a maximum number of cubic yards calculated by multiplying the number of occupied Dwelling Units in the MFD receiving the service by one half (.5) cubic yards.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

1149                   6.06.4 Excess On-Call Collection Capacity. CONTRACTOR shall be  
1150 compensated for the cost of Collecting items in excess of these limitations in accordance with  
1151 the "excess on-call collection capacity" service rates as set forth in Exhibit 1 and as may be  
1152 adjusted under the terms of this Agreement.

1153                   6.06.5 Scheduling On-Call Collection Service. CONTRACTOR, when requested  
1154 by the Customer or property manager shall provide the MFD with On-Call Collection Service on  
1155 the Customers next regular Collection day or as agreed to between CONTRACTOR and  
1156 Customer.

1157                   6.06.6 Non-Collection. In the event of non-collection, CONTRACTOR shall affix  
1158 to the item a Non-Collection Notice explaining why Collection was not made and how the item  
1159 may be properly disposed of and shall maintain a copy of such notice during the term of this  
1160 Agreement. CONTRACTOR shall not be required to Collect the following items as part of On-  
1161 Call Collection Service:

1162                   6.06.6.1 Any single item that cannot be handled by two (2) people  
1163 using a dolly (except for the purposes of this Section a box springs and mattress will not be  
1164 considered as a single item);

1165                   6.06.6.2 Hazardous Waste, including anti-freeze;

1166                   6.06.6.3 Unacceptable Waste;

1167                   6.06.6.4 concrete;

1168                   6.06.6.5 dirt; or

1169                   6.06.6.6 more than two (2) tires per occupied Dwelling Unit per  
1170 Collection.

1171                   6.06.7 Bi-ennial Visit. CONTRACTOR shall visit each MFD Cart Customer at  
1172 least once every two (2) years during the term of this Agreement to perform a site waste  
1173 assessment. As part of the assessment, CONTRACTOR shall meet with the property manager  
1174 to review level of service and to discuss Diversion opportunities. The results of each visit shall  
1175 be documented and reported in the monthly report to COUNTY.

## 1176                   Article 7. MFD Bin Collection Services

1177                   7.01 MFD Bin Collection Services. These services will be governed by the following  
1178 terms and conditions:

1179                   7.01.1 Default Capacity. CONTRACTOR shall provide each MFD Bin Customer  
1180 with a minimum of one (1), 1 cubic yard Solid Waste Bin, and up to one half (1/2) of the MFD  
1181 Customer's subscribed Solid Waste capacity in Recyclables capacity.

1182                   7.01.2 Subscription Green Waste Collection Service. If requested by MFD Bin  
1183 Customer, CONTRACTOR shall provide subscription Green Waste Collection Service in a  
1184 manner agreed upon between the MFD Bin Customer and CONTRACTOR for the "Green  
1185 Waste per gallon" service rate as set forth in Exhibit 1 to this Agreement.

1186                   7.01.3 Conditions of Service. CONTRACTOR shall provide MFD Bin Collection  
1187 Service to all MFD Bin Customers in the Service Area whose: 1) Solid Waste is containerized in  
1188 Bins, except as set forth in Section 7.03 and 7.06, regardless of whether or not the lid of the  
1189 Container is closed; 2) Recyclables are containerized in Carts or Bins, except as set forth in  
1190 Section 7.03 and 7.06, regardless of whether or not the lid of the Container is closed; 3) Green  
1191 Waste is containerized in Carts or Bins, except as set forth in Section 7.03 and 7.06, regardless

Unincorporated Monterey County

---

of whether or not the lid of the Container is closed; and, 4) where the Carts or Bins are accessible as set forth in Section 7.01.5.

**7.01.4 Size and Frequency of Service.** Each service shall be provided at least once every week on a scheduled route basis. However, in those instances where the scheduled Collection day falls on a holiday as set forth in Section 3.09 herein, the Collection day may be adjusted in a manner agreed to between the Customer and CONTRACTOR as long as service is received a minimum of one (1) time per week. The size of the Bin or Cart, (above the minimum) and the frequency of Collection, (above the minimum) shall be determined between the Customer and CONTRACTOR. However, size and frequency shall be sufficient to provide that no Solid Waste, Recyclables, or Green Waste need be placed outside the Bin or Cart on a regular basis.

**7.01.5 Accessibility.** CONTRACTOR shall Collect all Solid Waste, Recyclables and Green Waste Bins or Carts that are readily accessible to CONTRACTOR'S crew and vehicles and not blocked. However, CONTRACTOR shall provide "push services" as necessary during the provision of MFD Bin Collection Services. Push services shall include, but not be limited to, dismounting from the Collection vehicle, moving the Bins or Carts from their storage location for Collection and returning the Bins or Carts to their storage location. CONTRACTOR shall be compensated for such services at the rate set forth in Exhibit 1.

**7.02 Non-Collection.** Except as set forth in Section 7.03 and 7.06, CONTRACTOR shall not be required to Collect any Solid Waste, Recyclables and Green Waste from a MFD Bin Customer that is not placed in a Bin or Cart as appropriate. In the event of non-collection, CONTRACTOR shall contact the Customer to discuss the reason for the non-collection and shall affix to the Bin or Cart a Non-Collection Notice explaining why Collection was not made. CONTRACTOR shall maintain a copy of such notices during the term of this Agreement.

**7.03 Overages.** The first time that a MFD Bin Customer does not discard Solid Waste, Recyclables or Green Waste inside a Bin or Cart, CONTRACTOR will Collect that material without surcharge, but it will leave a Non-Collection Notice indicating that: 1) the Customer must place Solid Waste, Recyclables or Green Waste in a Bin or Cart, unless he or she has requested On-Call Collection Service; 2) describing how the Customer can arrange for additional capacity; and 3) warning that if the Customer discards material outside Bins or Carts again, CONTRACTOR will Collect the material and charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1.

**7.03.1** The second time, and each time thereafter, that a Customer does not discard Solid Waste, Recyclables or Green Waste inside a Bin or Cart, CONTRACTOR will Collect the Bin or Cart and the un-containerized material and will charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1.

**7.04 Additional Recyclables Capacity.** In the event a Customer requests Recyclables capacity in excess of that provided by the default capacity, CONTRACTOR shall be compensated for the provision of those additional Carts or Bins in accordance with the Rate Schedule set forth in Exhibit 1.

**7.05 Pickup of Under-Utilized Additional Containers.** If CONTRACTOR'S vehicle driver reports, and CONTRACTOR'S Customer service representative enters into Customer's account records that Customer does not set out an additional Container(s) more than once a month for three (3) consecutive months, then CONTRACTOR may leave a notice stating that

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

CONTRACTOR will pick up the Customer's unused or under-utilized additional Container(s) unless Customer sets out that additional Container(s) at least every other week.

**7.06 On-Call Collection Service.** This service shall be provided one (1) time per full or partial Calendar Year at no charge to the Customer. CONTRACTOR shall be compensated for providing On-Call Collection Service one (1) time in any full or partial Calendar Year in accordance with the "additional on-call service rate" as set forth in Exhibit 1. This service will be governed by the following terms and conditions:

**7.06.1 General Conditions of Service.** CONTRACTOR shall provide On-Call Collection Service to all MFD Bin Customers in the Service Area whose material has been placed within three (3) feet of the curb, swale, paved surface of the public roadway, closest accessible roadway, or other such location agreed to by CONTRACTOR and Customer, that will provide safe and efficient accessibility to CONTRACTOR'S Collection crew and vehicle.

**7.06.2 Bulky Items.** Bulky Items shall be placed loose at the set-out location and shall be limited to the Collection of a maximum number of cubic yards calculated by multiplying the number of occupied Dwelling Units in the MFD receiving the service by three (3) cubic yards.

**7.06.3 Other Items.** Universal Waste (except fluorescent tubes), E-Waste and CED's shall be placed in bags, boxes or containers and shall be limited to the Collection of a maximum number of cubic yards calculated by multiplying the number of occupied Dwelling Units in the MFD receiving the service by one half (.5) cubic yards.

**7.06.4 Excess On-Call Collection Capacity.** CONTRACTOR shall be compensated for the cost of Collecting items in excess of these limitations in accordance with the "excess on-call collection capacity" service rates as set forth in Exhibit 1 and as may be adjusted under the terms of this Agreement.

**7.06.5 Scheduling On-Call Collection Service.** CONTRACTOR, when requested by the MFD Bin Customer shall provide the MFD with On-Call Collection Service on the Customer's next regular Collection day or as agreed to between CONTRACTOR and Customer.

**7.06.6 Non-Collection.** In the event of non-collection, CONTRACTOR shall affix to the item a Non-Collection Notice explaining why Collection was not made and how the item may be properly disposed of and shall maintain a copy of such notice during the term of this Agreement. CONTRACTOR shall not be required to Collect the following items as part of On-Call Collection service:

**7.06.6.1** Any single item that cannot be handled by two (2) people using a dolly (except for the purposes of this Section a box springs and mattress will not be considered as a single item);

**7.06.6.2** Hazardous Waste, including anti-freeze;

**7.06.6.3** Unacceptable Waste;

**7.06.6.4** concrete;

**7.06.6.5** dirt; or

**7.06.6.6** more than two (2) tires per occupied Dwelling Unit per Collection.

**7.06.7 Bi-ennial Visit.** CONTRACTOR shall visit each MFD Bin Customer at least once every two (2) years during the term of this Agreement to perform a site waste

assessment. As part of the assessment, CONTRACTOR shall meet with the MFD Bin Customer to review level of service and to discuss Diversion opportunities. The results of each visit shall be documented and reported in the monthly report to COUNTY.

## Article 8. Commercial Cart Collection Services

**8.01 Commercial Collection Services.** These services will be governed by the following terms and conditions:

**8.01.1 Default Capacity.** CONTRACTOR shall provide each Commercial Cart Customer with such number of Solid Waste Carts as are requested, and up to one (1) 64 gallon, (or if requested by Customer, 96 gallon) Recyclables Cart for each Solid Waste Cart.

**8.01.2 Subscription Green Waste Collection Service.** If requested by a Commercial Cart Customer, CONTRACTOR shall provide Subscription Green Waste Collection Service in a manner agreed upon between the Commercial Cart Customer and CONTRACTOR for the service rate as set forth in Exhibit 1 to this Agreement except that there shall be no charge for providing Subscription Green Waste Collection Services to those COUNTY Facilities listed on Exhibit 10 whose listed services include the Collection of Green Waste. However the provision of such service at no charge shall be limited to the Container size and frequency of Collection as set forth for each COUNTY Facility on Exhibit 10. Accordingly, CONTRACTOR shall have the right to invoice the subscribing County agency for Subscription Green Waste Services provided in excess of those limitations set forth on Exhibit 10.

**8.01.3 Conditions of Service.** CONTRACTOR shall provide Commercial Cart Collection Service to all Commercial Cart Customers in the Service Area whose: 1) Solid Waste is containerized in Carts, except as set forth in Section 8.03 and 8.05, regardless of whether or not the lid of the Cart is closed; 2) Recyclables are containerized in Carts, except as set forth in Section 8.03 and 8.05, regardless of whether or not the lid of the Cart is closed; 3) Green Waste is containerized in Carts, except as set forth in Section 8.03 and 8.05, regardless of whether or not the lid of the Cart is closed; and, 4) where the Carts have been placed within three (3) feet of the curb, swale, paved surface of the public roadway, closest accessible roadway, or other such location agreed to by CONTRACTOR and Customer, that will provide safe and efficient accessibility to CONTRACTOR'S Collection crew and vehicle.

**8.01.4 Size and Frequency of Service.** Each service shall be provided at least once every week on a scheduled route basis. However, in those instances where the scheduled Collection day falls on a holiday as set forth in Section 3.09 herein, the Collection day may be adjusted in a manner agreed to between the Customer and CONTRACTOR as long as service is received a minimum of one (1) time per week. The size of the Cart, (above the minimum) and the frequency of Collection, (above the minimum) shall be determined between the Customer and CONTRACTOR. However, size and frequency shall be sufficient to provide that no Solid Waste, Recyclables, or Green Waste need be placed outside the Cart on a regular basis. Regardless of the Container size and frequency selected, as identified on Exhibit 10, there shall be no charge for providing Commercial Cart Collection Service to COUNTY Facilities.

**8.02 Non-Collection.** Except as set forth in Section 8.03 and 8.05, CONTRACTOR shall not be required to Collect any Solid Waste, Recyclables or Green Waste from a Commercial Cart Customer that is not placed in a Cart as appropriate. In the event of non-collection, CONTRACTOR shall contact the Customer to discuss the reason for the non-

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

collection and shall affix to the Cart a Non-Collection Notice explaining why Collection was not made. CONTRACTOR shall maintain a copy of such notices during the term of this Agreement.

8.03 Overages. The first time that a Commercial Cart Customer does not discard Solid Waste, Recyclables or Green Waste inside a Cart, CONTRACTOR will Collect that material without surcharge, but it will leave a Non-Collection Notice indicating that: 1) the Customer must place Solid Waste, Recyclables or Green Waste in a Cart; 2) describing how the Customer can arrange for additional capacity; and, 3) warning that if the Customer discards material outside Carts again, CONTRACTOR will Collect the material and charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1.

8.03.1 The second time, and each time thereafter that a Customer does not discard Solid Waste, Recyclables or Green Waste inside a Cart, CONTRACTOR will Collect the Cart and the un-containerized material and will charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1.

8.04 Additional Recyclables Capacity. In the event a Customer requests Recyclables capacity in excess of that provided by the default Cart capacity, CONTRACTOR shall be compensated for the provision of those additional Carts in accordance with the Rate Schedule set forth in Exhibit 1 except that there shall be no charge for providing excess Recycling capacity to COUNTY Facilities.

8.05 On-Call Collection Service. CONTRACTOR may offer this service and shall be compensated in accordance with the surcharge listed on the Rate Schedule set forth in Exhibit 1.

8.06 Triennial Visit. CONTRACTOR shall visit each Commercial Cart Customer at least once every three (3) years during the term of this Agreement. CONTRACTOR shall meet with the Commercial Cart Customer or business owner to review level of service, discuss Diversion opportunities, and offer to perform a site waste assessment. The results of each visit shall be documented and reported in the monthly report to COUNTY.

## Article 9. Commercial Bin Collection Services

9.01 Commercial Bin Collection Services. These services will be governed by the following terms and conditions:

9.01.1 Default Capacity. CONTRACTOR shall provide each Commercial Bin Customer with a minimum of one (1), 1 cubic yard Solid Waste Bin, and up to one half (½) of the Customer's subscribed Solid Waste capacity in Recyclables capacity.

9.01.2 Subscription Green Waste Collection Service. If requested by Commercial Bin Customer, CONTRACTOR shall provide Subscription Green Waste Collection Service in a manner agreed upon between the Commercial Bin Customer and CONTRACTOR for the service rate as set forth in Exhibit 1 to this Agreement except that there shall be no charge for providing Subscription Green Waste Collection Services to those COUNTY Facilities listed on Exhibit 10 whose listed services include the Collection of Green Waste. However the provision of such service at no charge shall be limited to the Container size and frequency of Collection as set forth for each COUNTY Facility on Exhibit 10. Accordingly, CONTRACTOR shall have the right to invoice the subscribing County agency for Subscription Green Waste Services provided in excess of those limitations set forth on Exhibit 10.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

1365                    9.01.3 Conditions of Service. CONTRACTOR shall provide Commercial Bin  
1366 Collection Service to all Commercial Bin Customers in the Service Area whose: 1) Solid Waste  
1367 is containerized, except as set forth in Section 9.03 and 9.05, regardless of whether or not the  
1368 lid of the Container is closed; 2) Recyclables are containerized in Carts or Bins, except as set  
1369 forth in Section 9.03, regardless of whether or not the lid of the Container is closed; 3) Green  
1370 Waste is containerized, except as set forth in Section 9.03 and 9.05, regardless of whether or  
1371 not the lid of the Container is closed; and, 4) where the Carts or Bins are accessible as set forth  
1372 in Section 9.01.5.

1373                    9.01.4 Size and Frequency of Service. Each service shall be provided at least  
1374 once every week on a scheduled route basis. However, in those instances where the  
1375 scheduled Collection day falls on a holiday as set forth in Section 3.09 herein, the Collection day  
1376 may be adjusted in a manner agreed to between the Customer and CONTRACTOR as long as  
1377 service is received a minimum of one (1) time per week. The size of the Bin or Cart, (above the  
1378 minimum) and the frequency of Collection, (above the minimum) shall be determined between  
1379 the Customer and CONTRACTOR. However, size and frequency shall be sufficient to provide  
1380 that no Solid Waste, Recyclables, or Green Waste need be placed outside the Bin or Cart on a  
1381 regular basis. Regardless of the Container size and frequency as identified on Exhibit 10, there  
1382 shall be no charge for providing Commercial Bin Collection Service to COUNTY Facilities.

1383                    9.01.5 Accessibility. CONTRACTOR shall Collect all Solid Waste Bins and  
1384 Recyclables and Green Waste Bins or Carts that are readily accessible to CONTRACTOR'S  
1385 crew and vehicles and not blocked. However, CONTRACTOR shall provide "push services" as  
1386 necessary during the provision of Commercial Bin Collection Services. Push services shall  
1387 include, but not be limited to, dismounting from the Collection vehicle, moving the Bins or Carts  
1388 from their storage location for Collection and returning the Bins or Carts to their storage location.

1389                    9.02 Non-Collection. Except as set forth in Section 9.03 and 9.05, CONTRACTOR  
1390 shall not be required to Collect any Solid Waste or Recyclables from a Commercial Bin  
1391 Customer that is not placed in a Bin or Cart as appropriate. In the event of non-collection,  
1392 CONTRACTOR shall contact the Customer to discuss the reason for the non-collection and  
1393 shall affix to the Bin or Cart a Non-Collection Notice explaining why Collection was not made.  
1394 CONTRACTOR shall maintain a copy of such notices during the term of this Agreement

1395                    9.03 Overages. The first time that a Commercial Bin Customer does not discard Solid  
1396 Waste, Recyclables or Green Waste inside a Bin or Cart, CONTRACTOR will Collect that  
1397 material without surcharge, but it will leave a Non-Collection Notice indicating that: 1) the  
1398 Customer must place Solid Waste, Recyclables or Green Waste in a Bin or Cart; 2) describing  
1399 how the Customer can arrange for additional capacity; and 3) warning that if the Customer  
1400 discards material outside Bins or Carts again, CONTRACTOR will Collect the material and  
1401 charge the un-containerized surcharge listed on the Rate Schedule set forth in Exhibit 1.

1402                    9.03.1 The second time, and each time thereafter that a Customer does not  
1403 discard Solid Waste, Recyclables or Green Waste inside a Bin or Cart, CONTRACTOR will  
1404 Collect the Bin or Cart and the un-containerized material and will charge the un-containerized  
1405 surcharge listed on the Rate Schedule set forth in Exhibit 1.

1406                    9.04 Additional Recyclables Capacity. Upon request of a Commercial Bin Customer,  
1407 CONTRACTOR shall provide additional Recyclables capacity by providing Carts or Bins as  
1408 requested by the Customer. CONTRACTOR shall be compensated for the provision of those

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

1409 additional Carts or Bins in accordance with the Rate Schedule set forth in Exhibit 1 except that  
1410 there shall be no charge for providing additional Recyclables capacity to COUNTY Facilities.

1411 9.05 On-Call Collection Service. CONTRACTOR may offer this service and shall be  
1412 compensated in accordance with the surcharge listed on the Rate Schedule set forth in Exhibit  
1413 1.

1414 9.06 Triennial Visit. CONTRACTOR shall visit each Commercial Bin Customer at  
1415 least once every three (3) years during the term of this Agreement. CONTRACTOR shall meet  
1416 with the property manager or business owner to review level of service, discuss Diversion  
1417 opportunities, and offer to perform a site waste assessment. The results of each visit shall be  
1418 documented and reported in the monthly report to COUNTY.

## 1419 Article 10. Roll-Off Collection Services

1420 10.01 General. CONTRACTOR shall perform Roll-Off Collection Services as described  
1421 in this Agreement as set forth below.

1422 10.02 Roll-Off Collection Services. The Roll-Off Collection Services to be performed by  
1423 CONTRACTOR shall include the following:

1424 10.02.1 Upon a Customer's request, CONTRACTOR shall deliver or pick-  
1425 up On-Call Bin(s) and Roll-Off Container(s) in the capacity and number agreed upon between  
1426 CONTRACTOR and Customer within two (2) Work Days of any Person's request.  
1427 CONTRACTOR will Collect all Solid Waste, Recyclables, Green Waste and Construction and  
1428 Demolition Debris discarded in said On-Call Bin(s) or Roll-off Container(s) at the frequency  
1429 requested by Customer. CONTRACTOR shall be compensated for such services at the rates  
1430 set forth in Exhibit 1;

1431 10.02.2 Customers may keep On-Call Bins and Roll-off Containers for five  
1432 (5) Work Days, not counting the delivery and removal days. After five (5) Work Days, not  
1433 counting the delivery and removal days, CONTRACTOR may charge the Customer a  
1434 demurrage surcharge as set forth in Exhibit 1;

1435 10.02.3 Provision, maintenance, and replacement of all Containers and  
1436 receptacles required for the provision of all On-Call Bin and Roll-Off Collection Services; and

1437 10.02.4 Transfer of Construction and Demolition Debris to the appropriate  
1438 Construction and Demolition Debris Processing Facility designated under this Agreement for  
1439 separation and processing.

### 1440 10.03 Processing of Construction and Demolition Debris.

1441 10.03.1 All Construction and Demolition Debris Collected shall be visually  
1442 inspected by CONTRACTOR to estimate if the load contains seventy (70) percent or more of  
1443 divertible Construction and Demolition Debris. If so, the Construction and Demolition Debris  
1444 shall be delivered to a Construction and Demolition Debris Processing Facility for the purpose of  
1445 maximizing the rate of Diversion from the landfill. This processing must, on a Calendar Year  
1446 basis beginning January 1, 2011 during the term of this Agreement, Divert a minimum of ninety  
1447 (90) percent of all asphalt and concrete and a minimum of fifty (50) percent of all other  
1448 Construction and Demolition Debris Collected under the terms of this Agreement by weight from  
1449 being landfilled.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

1450           10.04 Rates. The rates for On-Call Bins and Roll-Off Containers shall be as specified  
1451 in the rate schedule set forth in Exhibit 1.

1452           10.05 Records. CONTRACTOR will conduct proper record keeping to be sure that the  
1453 Construction and Demolition Debris materials are Diverted to the extent possible and the  
1454 amount disposed and amount Diverted are properly recorded and reported.

## 1455                                   Article 11. Other Services

1456           11.01 Christmas Tree Collection. Except as set forth in Section 11.01.1,  
1457 CONTRACTOR shall Collect Christmas trees from SFD Customers, MFD Customers and  
1458 Commercial Customers within the Service Area during the period beginning January 1<sup>st</sup> and  
1459 ending January 31<sup>st</sup> of each Calendar Year during the term of this Agreement at no additional  
1460 charge to the Customer or to COUNTY. Christmas trees, which are stripped of ornaments,  
1461 garlands, tinsel, flocking and stands shall be Collected at the curb or designated set out site.

1462           11.01.1       Contaminated Christmas Trees. Christmas trees that are flocked,  
1463 contain tinsel or other decorations, or are attached to a tree stand are not required to be  
1464 Collected. In the event of non-collection CONTRACTOR shall affix to the Christmas tree a Non-  
1465 Collection Notice explaining why Collection was not made and how the tree may be properly  
1466 disposed of and shall maintain a copy of such notice during the term of this Agreement.

1467           11.02 Diversion. CONTRACTOR shall Divert all Christmas trees that it Collects.

1468           11.03 On-Call Collection Services for Employee Housing Sites. This service shall be  
1469 provided up to two (2) times per full or partial Calendar Year at no additional charge to the  
1470 Customer. CONTRACTOR shall be compensated for providing On-Call Collection Service more  
1471 than two (2) times in any full or partial Calendar Year in accordance with the "additional on-call  
1472 service rate" as set forth in Exhibit 1. This service will be governed by the following terms and  
1473 conditions:

1474           11.03.1       General Conditions of Service. CONTRACTOR shall provide On-  
1475 Call Collection Service to all Employee Housing sites, as defined in Section 1.44 of this  
1476 Agreement, in the Service Area whose material has been placed within three (3) feet of the  
1477 curb, swale, paved surface of the public roadway, closest accessible roadway, or other such  
1478 location agreed to by CONTRACTOR and Customer, that will provide safe and efficient  
1479 accessibility to CONTRACTOR'S Collection crew and vehicle.

1480           11.03.2       Bulky Items. Bulky Items shall be placed loose at the set-out  
1481 location and shall be limited to the Collection of a maximum number of cubic yards calculated by  
1482 multiplying the actual number of employees permitted to be housed at the Employee Housing  
1483 site by one (1) cubic yard per Collection event, per site. The actual number of employees  
1484 permitted to be housed at the Employee Housing site shall be as provided in Exhibit 8 to this  
1485 Agreement, or in the event the Employee Housing Site is not listed on Exhibit 8 as provided by  
1486 COUNTY or Customer.

1487           11.03.3       Other Items. Universal Waste (except fluorescent tubes), E-  
1488 Waste, and CED's shall be placed in bags, boxes or Containers and shall be limited to the  
1489 Collection of a maximum number of gallons calculated by multiplying the actual number of  
1490 employees permitted to be housed at the Employee Housing site by thirty-five (35) gallons per  
1491 Collection event, per site. The actual number of employees permitted to be housed at the  
1492 Employee Housing site shall be as provided in Exhibit 8 to this Agreement, or in the event the  
1493 Employee Housing Site is not listed on Exhibit 8 as provided by COUNTY or Customer.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

1494 11.03.4 Excess On-Call Collection Capacity. CONTRACTOR shall be  
1495 compensated for the cost of Collecting items in excess of these limitations in accordance with  
1496 the "excess on-call collection capacity" service rates as set forth in Exhibit 1 and as may be  
1497 adjusted under the terms of this Agreement.

1498 11.03.5 Non-Collection. In the event of non-collection CONTRACTOR  
1499 shall affix to the item a Non-Collection Notice explaining why Collection was not made and how  
1500 the item may be properly disposed of and shall maintain a copy of such notice during the term of  
1501 this Agreement. CONTRACTOR shall not be required to Collect the following items as part of  
1502 providing On-Call Collection Service to Employee Housing Customers:

1503 11.03.5.1 Any single item that cannot be handled by two (2) people  
1504 using a dolly (except for the purposes of this Section a box springs and mattress will not be  
1505 considered as a single item);

1506 11.03.5.2 Hazardous Waste, including anti-freeze;

1507 11.03.5.3 Unacceptable Waste;

1508 11.03.5.4 concrete;

1509 11.03.5.5 dirt; or

1510 11.03.5.6 more than two (2) tires per actual employee permitted to be  
1511 housed at the site per Collection event.

1512 11.03.6 Notice to Customers and Workers. If On-Call Collection Service is  
1513 requested at least thirty (30) days prior to the Collection Day, CONTRACTOR will provide  
1514 Employee Housing Customers with the following written information in English and Spanish:

1515 11.03.6.1 (1) The specific date and approximate time, (2) educational  
1516 materials encouraging Customers' workers to set out Recyclables, (3) a list of sample  
1517 Recyclables (such as books and clothing), Bulky Items, E-Waste, CED's and Universal Waste,  
1518 and (4) description of the manner of setting out these materials (such as in open boxes) where  
1519 CONTRACTOR'S personnel can readily see and separate Recyclables, Bulky Items, E-Waste,  
1520 CED's and Universal Waste from other Solid Waste.

1521 11.03.6.2 Such written material shall be provided to Customer in  
1522 reasonable quantities as requested by Customer. CONTRACTOR shall not be responsible for  
1523 the placement of the written materials at the Employee Housing site.

1524 11.03.7 Participation in Central Coast Recycling Media Coalition  
1525 (CCRMC). CONTRACTOR will regularly participate in activities of the CCRMC, including the  
1526 following: attending meetings, helping develop media campaigns, contributing to subcommittee  
1527 activities, and making an annual financial contribution of at least Six Thousand Dollars (\$6,000)  
1528 adjusted by the CPI (as defined in Exhibit 2) at the same time as the service rates under Article  
1529 13.

1530 11.04 COUNTY Clean-Up Services.

1531 11.04.1 Each full or partial Calendar Year during the term of this  
1532 Agreement CONTRACTOR shall, at no charge to COUNTY, provide for a maximum four  
1533 hundred eighty (480) cubic yards of COUNTY Clean-up Service capacity.

1534 11.04.2 CONTRACTOR shall, in response to the written request of the  
1535 Contract Administrator, deliver and collect Roll-Off Containers for use in COUNTY clean-up  
1536 programs. Each clean-up event shall consist of a single Collection day beginning at 6:00 a.m.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

and ending at 6:00 p.m. The Contract Administrator shall notify CONTRACTOR in writing not less than five (5) Work Days prior to the date of the service. The notice to CONTRACTOR shall specify the date of delivery and Collection of the Roll-Off Containers, the location(s) for delivery, and the number of and size of the Roll-Off Containers to be delivered. As part of this service, CONTRACTOR shall provide supervision of the Roll-Off Containers for COUNTY Clean-Up Services. At such time as the Roll-Off Container is full, but not later than the end of the COUNTY Clean-Up Service day, CONTRACTOR shall transport and deliver the Collected materials to such facilities as are appropriate for the disposition of the Collected materials.

11.04.3 With the prior written consent of the Contract Administrator, CONTRACTOR may provide for the Collection of materials at a COUNTY Clean-up Service event in a vehicle or Container other than a Roll-Off Container. However, in the event CONTRACTOR elects to utilize this alternative Collection process, CONTRACTOR is responsible for obtaining documentation of the weight of the materials Collected, Diverted and Disposed in a manner that is acceptable to COUNTY.

11.05 Large Venue Collection Service. CONTRACTOR shall provide for the Collection, transportation and processing or Disposal of Solid Waste and Recyclables at large venue type events each full or partial Calendar Year as requested by Customer. CONTRACTOR shall provide each large venue event Customer with such number of Solid Waste Bins or Roll-off Containers as requested and the equivalent volume of Recyclables Containers. For those events not included in Exhibit 11, CONTRACTOR shall be compensated for the provision of Solid Waste Containers at the service rates as set forth in Exhibit 1 to this Agreement. For those events included in Exhibit 11, CONTRACTOR shall not be compensated.

11.05.1 Prior to providing these services at an event, CONTRACTOR will meet with the event promoter to determine the best way to maximize diversion at the event. At Customer's request, CONTRACTOR shall provide effective means to differentiate Solid Waste from Recyclables Containers including signs, magnets, banners or other methods. At a minimum, CONTRACTOR will maintain at least one (1) employee on site the last three (3) hours of each day of each event to monitor the Recyclables Roll-Off Containers or Bins used to consolidate Recyclables Collected during the event in individual Recyclables receptacles. The employee will be responsible for determining that only materials from Recyclables receptacles are emptied into the Recyclables Roll-Off Containers or Bins provided by CONTRACTOR. In the event CONTRACTOR or the promoter determines that material in the Recyclables receptacles is contaminated to the extent that it should not be emptied into the Recyclables Roll-Off Containers or Bins provided by CONTRACTOR, the contaminated Recyclables shall be treated as Solid Waste. CONTRACTOR shall use its best judgment to determine when the Bins are to be emptied, except that Bins shall be emptied prior to overflowing or when in the opinion of the Contract Administrator they are creating a public nuisance.

11.05.2 Additional Recyclables Capacity. Upon request of a large venue Customer, CONTRACTOR shall provide additional Recyclables capacity as requested. For those events not included in Exhibit 11, CONTRACTOR shall be compensated for the provision of those additional Bins or Roll-off Containers in accordance with the Rate Schedule set forth in Exhibit 1. For those events included in Exhibit 11, CONTRACTOR shall not be compensated for the provision of additional Recyclables capacity.

11.06 Modifications to Exhibit 11. Exhibit 11 may be modified as set forth in Section 22.16.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

1582           11.07 Abandoned Waste. CONTRACTOR shall direct its Collection vehicle drivers to  
1583 note (i) the addresses of any public property at which the driver observes that Solid Waste,  
1584 Recyclables, Green Waste, Bulky Items, Universal Waste, E-Waste, CED's and/or Construction  
1585 and Demolition Debris are accumulating; and (ii) the address, or other location description  
1586 (including county roadways), at which the materials have been dumped in an apparently  
1587 unauthorized manner.

1588           11.07.1       CONTRACTOR'S drivers will report any abandoned waste that  
1589 they observe while on route, or in transit to and from their route. Reporting will be accomplished  
1590 through either direct communication to dispatch, and through a written log, which will be turned  
1591 in to dispatch as well as the compliance team. The reported data will include the location,  
1592 approximate size, and if possible general description of the material abandoned. This  
1593 information will be summarized and provided to the Contract Administrator or other designated  
1594 COUNTY staff daily, by e-mail.

1595           11.07.2       Each week, using information provided by both CONTRACTOR'S  
1596 drivers, and COUNTY crews in the field, COUNTY staff will identify and mark up to four (4)  
1597 abandoned waste sites to be collected by CONTRACTOR with a "CMC" in fluorescent colored  
1598 spray paint. Selected abandoned waste sites shall be within ten (10) feet of the curb or swale of  
1599 the roadway on public property with reasonable truck access, and will be limited to those that  
1600 meet the basic parameters of the agreed upon SFD On-Call Waste and Recycling Collection  
1601 Program, including any safety guidelines. No later than 3:00 pm one (1) day prior to the required  
1602 day of Collection, the Contract Administrator or his designee shall provide CONTRACTOR with  
1603 a list of the four (4) locations selected, by e-mail to designated CONTRACTOR staff.

1604           11.07.3       After receiving the information on the four (4) abandoned waste  
1605 locations selected by the COUNTY, the abandoned waste locations will be assigned to  
1606 CONTRACTOR On-Call collection drivers to Collect on a weekly basis. On-Call Collection  
1607 drivers will Collect all abandoned waste sites selected by COUNTY on the designated day of  
1608 Collection. On-Call collection drivers shall document that the selected sites have either been  
1609 fully Collected, or not fully Collected as a result of Unacceptable Waste. On-Call Collection  
1610 drivers shall take photos of all abandoned waste collection sites after Collection and will identify  
1611 the location of any abandoned waste sites not fully Collected. By 10:00 am on the day after  
1612 scheduled Collection, this information will be e-mailed to the Contract Administrator or other  
1613 designated COUNTY staff for follow up and resolution.

1614           11.08 Emergency Services. In the event of a "Declared Emergency," the Contract  
1615 Administrator may grant CONTRACTOR a variance from regular routes and schedules. As soon  
1616 as practicable after such event, CONTRACTOR shall advise the Contract Administrator when it  
1617 is anticipated that normal routes and schedules can be resumed. The Contract Administrator  
1618 shall make an effort through the local news media to inform the public when regular services  
1619 may be resumed.

1620           11.08.1       Emergency Service Compensation. CONTRACTOR shall provide  
1621 emergency services (i.e., special collections, transport, processing and disposal) at COUNTY'S  
1622 request in the event of major accidents, disruptions, or natural calamities. CONTRACTOR shall  
1623 be capable of providing emergency services within twenty-four (24) hours of notification by  
1624 COUNTY or as soon thereafter as is reasonably practical in light of the circumstances.  
1625 Emergency services which exceed the scope of work under this Agreement and which are not  
1626 compensated as special services in accordance with Exhibit 1, or through reimbursement by the

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

Federal Emergency Management Agency (FEMA) shall be compensated through extraordinary rate review procedures as set forth in this Agreement.

**11.08.2 Emergency Service Backup Plan.** Except for the occurrence of strikes, lockouts and other labor disturbances which are governed by the provision of Article 32 of this Agreement, CONTRACTOR shall implement the emergency service backup plan provided by CONTRACTOR and approved by COUNTY as set forth Exhibit 9 to this Agreement, if for any reason CONTRACTOR fails, or is unable for a period of forty-eight (48) hours to Collect and/or at any time to transport Solid Waste or any portion thereof to an appropriate facility and the County Director of Health determines there is danger to the public health, safety, or welfare.

**11.08.3 Reporting.** CONTRACTOR will cooperate with COUNTY, the State of California and federal agencies in filing information related to a regional, state or federal declared state of emergency or disaster as to which CONTRACTOR has provided Collection Services under this Section.

**11.09 Recycling Coordinator.** CONTRACTOR shall provide one (1) full-time equivalent (FTE) recycling coordinator whose time shall be dedicated full time to COUNTY during the term of the Agreement and whose function during normal business hours of each Work Day shall be to provide services related to meeting the diversion requirements of the Collection Service Agreement.

**11.10 County Source Reduction and Recycling Element (SRRE) Strategic Plan.** Beginning on January 31, 2011 and annually thereafter during the term of this Agreement CONTRACTOR will provide COUNTY with a strategic plan with specific programs goals and objectives to increase diversion rates consistent with the SRRE. The plan should be based on the results of the prior years activities and include a discussion of those year programs, including strengths and weaknesses.

**11.11 News Media Relations.** CONTRACTOR shall notify the Contract Administrator by Fax, e-mail or phone of all requests for news media interviews related to the Collection Services program within twenty-four (24) hours of CONTRACTOR'S receipt of the request. Before responding to any inquiries involving controversial issues or any issues likely to affect participation or Customer perception of services, CONTRACTOR will discuss CONTRACTOR'S proposed response with the Contract Administrator.

**11.11.1** Copies of draft news releases or proposed trade journal articles related to the provision of Collection Services under this Agreement shall be submitted to COUNTY for prior review and approval at least five (5) Work Days in advance of release, except where CONTRACTOR is required by any law or regulation to submit materials to any regulatory agency in a shorter period of time, in which case CONTRACTOR shall submit such materials to COUNTY simultaneously with CONTRACTOR'S submittal to such regulatory agency.

**11.11.2** Copies of articles resulting from media interviews or news releases shall be provided to COUNTY within five (5) Work Days after publication.

**11.12 Waste Generation and Characterization Studies.** CONTRACTOR agrees to participate and cooperate with COUNTY and its agents in all Solid Waste generation and characterization studies conducted no more frequently than once each Agreement Year, at no cost to COUNTY, including modification of routes, separate Collection of an individual

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

1670 Customer's Solid Waste, and delivering targeted loads of Solid Waste to a location or locations  
1671 designated by COUNTY.

1672       11.13 Waste Assessments. Within Twenty-four (24) months of commencement of  
1673 service in the Service Area, CONTRACTOR will conduct a waste generation and  
1674 characterization assessment of each MFD and Commercial Customer to identify Customer's  
1675 potential to Recycle and Divert the Customer's Solid Waste. The assessments shall be  
1676 performed in accordance with the protocol developed by CONTRACTOR and approved by  
1677 COUNTY which protocol shall be developed and provided to COUNTY as part of the transition  
1678 plan set forth in Exhibit 4 of this Agreement.

1679       11.14 Customer Satisfaction Survey. Biannually, at COUNTY'S request and at  
1680 CONTRACTOR'S expense, CONTRACTOR will mail to Customers together with Customers'  
1681 bills a survey returnable to COUNTY. CONTRACTOR may review and comment upon the form  
1682 and content of the survey. CONTRACTOR will cooperate with COUNTY and its surveyor in the  
1683 conduct of the survey, including distributing surveys with bills to Customers. CONTRACTOR  
1684 may obtain a copy of the results of the survey.

1685       11.15 Special Services. COUNTY and CONTRACTOR understand and agree that  
1686 rates must be approved by the Board pursuant to County Code. In addition to the services  
1687 described in this Agreement, CONTRACTOR shall provide to Customers in the Service Area  
1688 such Special Services as may be agreed upon between CONTRACTOR and Board pursuant to  
1689 Title 10 of the County Code. The additional charge to the Customer for provision of such  
1690 Special Services shall be determined between CONTRACTOR and the Customer and  
1691 presented to Contract Administrator and shall be subject to approval by Board prior to provision  
1692 of such Special Services. Rates for Special Services shall be established in conformity with the  
1693 rates set out in Exhibit 1, or such parameters as presented by CONTRACTOR to Contract  
1694 Administrator and subject to approval by Board. Upon request to the Contract Administrator by  
1695 the CONTRACTOR and/or Customer charges for Special Services shall be subject to review  
1696 and adjustment, subject to approval by COUNTY Board pursuant to Title 10 of the County  
1697 Code. If CONTRACTOR is unwilling to provide Special Services or COUNTY and  
1698 CONTRACTOR are unable to agree on a price for Special Services, Customer may seek  
1699 Special Services from another vendor.

1700       11.16 Service Materials Belong to COUNTY. COUNTY may use without restriction the  
1701 work product (whether computerized, written, printed or photographic) that CONTRACTOR  
1702 develops in connection with the provision of Collection Services, including reports and public  
1703 education/community relations materials.

1704       11.17 Recycled Materials.

1705               11.17.1 Supplies. CONTRACTOR will use reasonable business effort to  
1706 purchase office supplies and all paper products with post-consumer recycled content.

1707               11.17.2 Paper. CONTRACTOR will use paper having not less than 30%  
1708 recycled paper content and 10% post-consumer recycled paper content for all correspondence  
1709 with Customers (including Customer subscriptions billing, newsletters and notices) and  
1710 COUNTY.

1711               11.17.3 Recycled Content Policies. CONTRACTOR will use reasonable  
1712 business efforts to comply with any recycled content procurement policy that COUNTY may  
1713 adopt.

## Article 12. Billing and Performance Reviews

12.01 Annual Performance and Billing Review. At COUNTY'S sole discretion, within thirty (30) days after written notification to CONTRACTOR, COUNTY may conduct an annual performance and billing review. The review will be performed by COUNTY or a qualified firm under contract with COUNTY. COUNTY shall have the final responsibility for the selection of the firm but shall seek and accept comments and recommendations from CONTRACTOR.

12.02 Purpose. The review shall be designed to meet the following objectives:

12.02.1 Verify that Customer billing rates have been properly calculated and they correspond to the level of service received by the Customer.

12.02.2 Verify that franchise fees, and other fees required under this Agreement have been properly calculated and paid to COUNTY.

12.02.3 Verify CONTRACTOR'S compliance with the reporting requirements and performance standards of the Collection Service Agreement.

12.02.4 Verify the diversion percentages reported by CONTRACTOR.

12.03 Funding of the Performance and Billing Reviews. During the initial term of this Agreement as set forth in Section 2.01, CONTRACTOR shall be responsible for the cost of one (1) review up to a maximum of **Seventy Thousand Dollars (\$70,000.00)** adjusted by the CPI (as defined in Exhibit 2) at the same time as the Collection Service rates under Article 13. However, in the event that this Agreement is extended as provided in Section 2.02 or 2.03 CONTRACTOR shall be responsible for the cost of a second review up to a maximum of **Seventy Thousand Dollars (\$70,000.00)** adjusted by the CPI (as defined in Exhibit 2) at the same time as the Service Fee under Article 13. Nothing in this section shall prohibit COUNTY from conducting additional performance and billing reviews at COUNTY'S own expense.

12.04 CONTRACTOR'S Cooperation. CONTRACTOR shall cooperate fully with the review and provide all requested data, including operational data, financial data and other data requested by COUNTY within thirty (30) Work Days of receipt of the request. Failure of CONTRACTOR to cooperate or provide the requested documents in the required time shall be considered an event of default.

## Article 13. Billing and Payment

13.01 Generally. CONTRACTOR shall: (i) bill Customers for Collection Services; (ii) collect payment for those services; (iii) maintain billing and payment records; (iv) provide for the collection of delinquent payments and bad debts; and (v) remit franchise and diversion program and contract administration fees to COUNTY monthly in accordance with this Article.

13.02 Invoices. SFD Collection Services and MFD Cart Collection Services shall be invoiced quarterly in advance of services provided or as otherwise scheduled by CONTRACTOR and approved by the COUNTY. MFD Bin Collection Services and Commercial Collection Services shall be billed monthly in advance of services provided or as otherwise scheduled by CONTRACTOR and approved by the COUNTY. Roll-Off Collection Services shall be billed in arrears of the provision of service although a deposit may be required in advance. Invoices shall be in format approved by COUNTY and shall not separately identify, list or itemize the Contractor service fee component, franchise fee component, the diversion programs and

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

administration fee, or such other components as may be added by COUNTY during the term of this Agreement.

13.03 Delinquent Service Accounts. CONTRACTOR may consider a Customer account to be delinquent sixty (60) days from the date of an invoice for SFD Collection Services or MFD Cart Collection Services, and thirty (30) days from the date of an invoice for MFD Bin Collection Services, Commercial Collection Services or Roll-Off Collection Services. CONTRACTOR may charge a delinquent Customer a late fee which is the greater of \$5.00 dollars, or 1.5% per month (not compounded). CONTRACTOR may take such action as is legally available to collect or cause collection of such past due amounts.

13.03.1 In its monthly reports, CONTRACTOR will provide Contract Administrator with a list of those Customers whose accounts have become delinquent in the current month and a status update on those Customers whose accounts were listed as delinquent in the prior months report. In no event, shall CONTRACTOR cease provision of Solid Waste or Recyclables Collection Services to any SFD Customer due to non-payment. However, CONTRACTOR may reduce SFD Customers whose accounts have become delinquent to the default service level. CONTRACTOR may request authorization from COUNTY to reduce or stop service for MFD or Commercial Customers whose accounts have become delinquent.

13.04 Minimum Account Collection Procedures. If there is no payment of the bill after sixty (60) days or more from the original invoice date, CONTRACTOR shall undertake collection of the bill (including penalties and expenses of collection) for a period of one (1) year from the invoice date. CONTRACTOR shall make reasonable efforts to obtain payment through issuance of late payment notices, telephone request for payment, establishment of payment plans, and assistance from collection agencies (who shall make at least two (2) attempts at collection). CONTRACTOR shall ensure that a copy of all correspondence and notifications related to the collection of delinquent accounts or the reduction or cancellation of Collection Services is maintained and available for review by the Contract Administrator during the term of this Agreement. This requirement includes correspondence or notifications generated by CONTRACTOR or CONTRACTOR'S agents including collection agencies assisting CONTRACTOR in the collection of delinquent accounts.

13.05 Court Collection Actions. If CONTRACTOR'S or CONTRACTOR'S agent's collection efforts, as set forth above in Section 13.04 fail, CONTRACTOR shall pursue court collection actions through the State of California, Superior Court of the County of Monterey, or the Small Claims Court, as applicable, within the timeframe for the applicable statute of limitations pursuant to State law and pursuant to any local Rules of Court as applicable. CONTRACTOR understands and agrees that court collection actions are the sole responsibility of CONTRACTOR. CONTRACTOR further understands and agrees that it is the sole responsibility of CONTRACTOR to timely initiate court collection actions within the applicable statute of limitations. Upon completion of any court collections actions, entry of judgment in favor of CONTRACTOR, and preparation, processing and recordation of an Abstract of Judgment in favor of CONTRACTOR, CONTRACTOR shall forward a copy of the recorded Abstract of Judgment to the Contract Administrator. The parties understand and agree that there is no contractual relationship between COUNTY and CONTRACTOR'S Customers. The parties further understand and agree that the County Code does not provide for any process which would authorize COUNTY to place CONTRACTOR'S Customers delinquent accounts on the County Tax Roll. Therefore, CONTRACTOR'S sole remedy to pursue collection of

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

delinquent accounts is through CONTRACTOR'S or CONTRACTOR'S agent's collection efforts and/or through court collections actions initiated by CONTRACTOR or by CONTRACTOR'S collection agent.

13.06 COUNTY information on invoices. At COUNTY direction, at least four (4) times each Agreement Year, CONTRACTOR will print textual information provided by COUNTY on Customer invoices.

13.07 COUNTY inserts. At COUNTY direction, up to four (4) times each Agreement Year, CONTRACTOR will enclose inserts provided by COUNTY with invoices that CONTRACTOR mails to Customers.

13.08 Partial Month Service. If, during a month, a Customer is added to or deleted from CONTRACTOR'S Service Area, CONTRACTOR'S billing shall be pro-rated based on the weekly service rate (the weekly service rate shall be the service rate established in Exhibit 1 divided by four (4), times the number of actual weeks in the month that service was provided to the Customer.

13.09 Low Income Discount. To qualify for the low income discount, SFD Customers must submit their power, water or telephone bills indicating that their Residential Dwelling qualifies for discounted rates from the power, water or telephone provider on the basis of financial need, such as commonly referred to "Life-line" services. CONTRACTOR may require SFD Customers to re-qualify each twelve (12) months. CONTRACTOR will report to the Contract Administrator the names, addresses and service information of those customers that qualify for low income discount. CONTRACTOR shall invoice Customers qualifying for the low income discount at an amount equal to eighty-five (85) percent of the standard Collection Service rate as set forth in Exhibit 1.

13.10 Methods of Payment. CONTRACTOR shall provide the means for Customers to pay bills through the following methods: cash, checks, credit cards, internet payment service and/or automatic withdrawal from bank account. CONTRACTOR shall accept Customer payments at CONTRACTOR'S payment site.

13.11 Service Rate Components. Collection Service rates, fees and surcharges shall consist of some combination of the following elements: a Contractor service fee component, a franchise fee component, a diversion programs and contract administration fee component, and such other components as may be added by COUNTY during the term of this Agreement.

13.12 Full Compensation. The Contractor service fee component of the Collection service rates, fees and surcharges charged and collected by CONTRACTOR as provided for in this Article and as set forth in Exhibit 1 shall be the full, entire, and complete compensation due to CONTRACTOR pursuant to this Agreement for all costs necessary to perform all the services required by this Agreement in the manner and at the times prescribed.

13.13 Adjustments to Service Rates, Surcharges and Fees. Beginning on July 1, 2011 and annually thereafter, subject to CONTRACTOR'S compliance with all provisions of this Article, each Collection Service rate, fee or surcharge as set forth in Exhibit 1 to this Agreement shall be adjusted by the Refuse Rate Index as set forth in Section 13.13.1 below.

13.13.1 Refuse Rate Index (RRI) Adjustment. The RRI adjustment shall be the sum of the weighted percentage change in the annual average of each RRI index number between the base fiscal year, which shall be the prior preceding Calendar Year ending December 31<sup>st</sup> and the preceding Calendar Year ending December 31<sup>st</sup> and the percentage

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

change in the prior year and current year Disposal tip fee charged to CONTRACTOR at the SVSWA Disposal Facility and/or the MRWMD Disposal Facility as appropriate. Therefore, the first rate adjustment will be based on the percentage changes between the Annual Average of the RRI indices for the Calendar Year 2009 and the Annual Average of the RRI indices for the Calendar Year 2010. The RRI shall be calculated using the RRI methodology included in Exhibit 2.

13.13.2 Annual Rate Adjustment.

13.13.2.1 On July 1, 2011, and annually thereafter, the service rates, fees and surcharges set forth in Exhibit 1 shall be adjusted by multiplying them by the RRI percentage adjustment.

13.13.2.2 However, in any year that the calculation of the RRI results in a negative number, there shall be no adjustment of those service rates, fees and surcharges.

13.13.2.3 In the subsequent year the negative RRI number from the prior year shall be added to the result of the subsequent years RRI calculation and the result shall be the RRI percentage for that subsequent year, ("adjusted RRI percentage").

13.13.2.4 The subsequent year rate adjustment shall consist of multiplying the appropriate service rate, fee or surcharge by the adjusted RRI percentage.

13.13.2.5 Annual adjustments shall be made only in units of one cent (\$0.01). Fractions of less than one cent (\$0.01) shall not be considered in making adjustments. The indices shall be truncated at four (4) decimal places for the adjustment calculations.

13.14 Financial Information. On or before February 15, 2011, and annually thereafter during the term of this Agreement, CONTRACTOR shall deliver to COUNTY financial information for the specific services performed under this Agreement for the preceding full or partial Calendar Year. Such financial information shall be in the format as set forth in Exhibit 2, or as may be further revised by COUNTY from time to time. If CONTRACTOR fails to submit the financial information in the required format by February 15<sup>th</sup>, it is agreed that CONTRACTOR shall be deemed to have waived the annual rate adjustment for that year.

13.14.1 If CONTRACTOR'S failure to submit the financial information required under Section 13.14 is the result of extraordinary or unusual circumstances as demonstrated by CONTRACTOR to the satisfaction of the Contract Administrator, COUNTY, at its sole discretion, may consider the request for the annual rate adjustment.

13.14.2 As of June 1, 2011 and annually thereafter during the term of this Agreement, the Contract Administrator shall notify CONTRACTOR of the adjustment to the affected service rates to take place on the subsequent July 1<sup>st</sup>.

13.15 Retroactive Adjustments. In the event of a change in a governmental, quasi-governmental, franchise, regulatory fee, or tipping fee which becomes effective at some time other than July 1<sup>st</sup> of any year, CONTRACTOR shall be compensated for such increase through the inclusion of a "retro element" in the next rate adjustment. COUNTY and CONTRACTOR agree that the "retro element" shall be an amount needed to compensate CONTRACTOR for increases in fees paid during the period from the inception of the fee increase through the subsequent June 30<sup>th</sup> and shall not include interest, overhead, or any other costs of any type. The "retro element" shall only be included in the rate structure for twelve (12) months or that period necessary to allow CONTRACTOR to recover all retroactive amounts, if less than twelve

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

(12) months, and shall be removed prior to calculating the rates to be set as of the subsequent July 1<sup>st</sup>.

**13.16 Adjustments to Franchise Fee Component.** The franchise fee component shall be adjusted as needed so that it always equals:

13.16.1 the Contractor service fee component

13.16.2 divided by

13.16.3 1 minus the authorized franchise fee percentage

13.16.4 multiplied by

13.16.5 the authorized franchise fee percentage.

**13.17 CONTRACTOR'S Payments to COUNTY.** CONTRACTOR shall make payment to COUNTY of the diversion programs and administration fee, and the franchise fee, as set forth below, and such other fees as may be specified in this Section or as provided for in Section 13.18 below, and any other outstanding fees or obligations, together with a late fee equal to one and one half (1.5) percent per month (not compounded) of the amount of any payment obligations that are delinquent.

**13.17.1 Franchise Fee.** The franchise fee shall be a percentage of CONTRACTOR'S gross revenue collected each month under the terms of this Agreement. Except as set forth below, gross revenue shall specifically include revenue received by CONTRACTOR from any entity, including Federal, State, County or other local facilities within the Service Area for the provision of Collection Services by CONTRACTOR. Payment to COUNTY of the franchise fee shall be due on the twentieth (20<sup>th</sup>) day of the month following the month the franchise fees are collected. Each such franchise fee payment shall be accompanied by an accounting, which sets forth CONTRACTOR'S gross revenues collected, during the preceding month. Such accounting shall be in a form and manner that is acceptable to COUNTY. The franchise fee percentage shall be ten (10) percent during the term of this Agreement unless adjusted by COUNTY.

**13.17.1.1** Revenues derived from Collection Services provided to Federal, State or County local agencies at the rates set forth under the terms of this Collection Service Agreement shall be considered "gross revenues" for purposes of calculating franchise fees. Notwithstanding the foregoing, if the Federal, State or County local agency receives Collection and/or Disposal services outside the scope of this Collection Agreement, or otherwise invokes its legal rights to pay fees for services excluding any portion of franchise fees, then such revenues shall not be considered "gross revenues" hereunder for purpose of payment of franchise fees to COUNTY.

**13.17.2 Diversion Programs and Administration Fee.** For the period beginning November 1, 2010 through the term of this Agreement, the diversion programs and administration fee shall be Five Hundred Twenty Thousand Dollars (\$520,000) per Agreement Year (adjusted by the CPI index as set forth in Exhibit 2 RRI at the same time as the Collection Service rates as set forth in Section 13.13.2), payable to COUNTY on the twentieth (20<sup>th</sup>) day of each month beginning November 1, 2010 and monthly thereafter during the term of this Agreement in twelve (12) equal installments each Agreement Year. Diversion programs and administration fee payments shall not be based on gross revenues billed or collected.

**13.17.3 Proposal Development Fee.** No later than thirty (30) calendar days of the execution of this Agreement by the Board, CONTRACTOR shall submit proposal

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

development fees to COUNTY in the amount of **One Hundred and Seventy Thousand Dollars (\$170,000.00)**.

13.18 Other Fees. COUNTY may set such other fees as it deems necessary.

13.19 Acceptance of Payment. No acceptance by COUNTY of any payment shall be construed as an accord that the amount is in-fact the correct amount, nor shall such acceptance of payment be construed as a release of any claim COUNTY may have against CONTRACTOR for any additional sums payable under the provisions of this Agreement. All amounts paid shall be subject to audit and recompilation by COUNTY. If, after the audit, such recompilation indicates an underpayment CONTRACTOR shall pay to COUNTY the amount of the underpayment and shall reimburse COUNTY for all reasonable costs and expenses incurred in connection with the audit and recompilation within ten (10) Work Days of receipt of written notice from COUNTY. If, after the audit, such recompilation indicates an overpayment, COUNTY shall notify CONTRACTOR in writing of the amount of the overpayment. CONTRACTOR may offset the amounts next due following receipt of notice of overpayment by the amount specified therein.

13.20 Billing Records. CONTRACTOR shall keep records, electronically or paper, of all billing documents and Customer account records, including but not limited to, invoices, receipts, and collection notices, each in chronological order, for a period of three (3) years after the date of receipt or issuance.

13.21 Extraordinary Rate Review. CONTRACTOR may petition COUNTY in writing at any time for an adjustment in the maximum rates on the basis of extraordinary and unusual changes in the costs of operations or programs that satisfy all of the following conditions: (i) materially alters CONTRACTOR'S operations or overall costs; (ii) could not reasonably have been foreseen by a prudent operator; (iii) by all reasonable expectations will continue for a period of at least six (6) months; and (iv) is not addressed pursuant to Article 22. CONTRACTOR'S request shall contain substantial proof and justification to support the need for the adjustment. COUNTY may request from CONTRACTOR such further information as it deems necessary to fully evaluate the request and make its determination. COUNTY shall in the exercise of its reasonable discretion approve or deny the request, in whole or in part, within one hundred twenty (120) calendar days of receipt of the written request and all other additional information requested by COUNTY.

13.21.1.1 No extraordinary adjustment shall occur or rate adjustment be provided due to CONTRACTOR'S use of any facility or subcontractor other than as approved or designated by COUNTY. Any variation from CONTRACTOR'S estimate for the tonnages of Solid Waste, Recyclables or Green Wastes to be Collected, processed or Disposed, shall not provide a basis for a rate adjustment through an extraordinary adjustment or otherwise, except as specifically provided for in this Article.

13.22 Rates for Additional Services. If Customer requests Collection Services at a Container capacity and/or Collection frequency not provided in the rates adopted by the Board of Supervisors, following COUNTY Board approval of the Contractor Service Fee Component of that Rate, CONTRACTOR may charge Customer that Rate agreed upon with Customer. COUNTY and CONTRACTOR understand and agree that rates must be approved and established by the Board pursuant to County Code and that CONTRACTOR cannot charge Customer that Rate agreed upon with Customer until such time as said Rate is approved and established by the Board.

1977           13.23 Change in Travel Costs. In the event a change in travel costs has been  
1978 calculated as set forth in Section 22.14 of this Agreement, the calculated change shall be added  
1979 to the RRI percentage if it is positive or subtracted from the RRI percentage if it is negative. The  
1980 adjusted RRI percentage shall then be applied as set forth in Section 13.13.1.

## 1981                           Article 14. Diversion Requirements

1982           14.01 Minimum Requirements. COUNTY requires CONTRACTOR to use its best  
1983 efforts to achieve a minimum annual diversion rate of forty (40) percent, for the combination of  
1984 SFD Collection Services, MFD Collection Services, and Commercial Collection Services and  
1985 ninety (90) percent for all asphalt and concrete and fifty (50) percent for all other Construction  
1986 and Demolition Debris Collection Services, or such other amount as may be set in accordance  
1987 with the provisions of Article 22 of this Agreement, over each full Calendar Year beginning  
1988 January 1, 2011. The annual diversion rate will be calculated as "the tons of materials Collected  
1989 by CONTRACTOR from the provision of Collection Services that are sold or delivered to a  
1990 recycler or reuser, or delivered to the appropriate processing facility as required by this  
1991 Agreement, divided by the total tons of materials Collected by CONTRACTOR in each full or  
1992 partial Calendar Year." Such diversion shall be reported in a form and manner that is  
1993 acceptable to COUNTY.

1994           14.02 Failure to Meet Minimum Requirements. CONTRACTOR'S failure to meet the  
1995 minimum diversion requirements set forth above in Section 14.01 may result in the termination  
1996 of this Agreement or the imposition of liquidated damages. In determining whether or not to  
1997 assess liquidated damages or terminate this Agreement, COUNTY shall consider the good faith  
1998 efforts put forth by CONTRACTOR to meet the minimum diversion requirements. Good faith  
1999 efforts of the CONTRACTOR shall include the delivery of materials to the appropriate facility as  
2000 required under the conditions of this Agreement. CONTRACTOR shall not be responsible for  
2001 the actual diversion level achieved by the facility. COUNTY shall also consider the methods  
2002 and level of effort of CONTRACTOR to meet the diversion requirements.

## 2003                           Article 15. Collection Routes

2004           15.01 Collection Routes. Ninety (90) calendar days prior to commencement of  
2005 Collection Services, CONTRACTOR shall provide COUNTY with maps precisely defining  
2006 Collection routes, by number, together with the days and the times at which Collection shall  
2007 regularly commence, start and end points, number of accounts and collection vehicle type. To  
2008 the extent possible, CONTRACTOR will provide the map data in a GIS format that is compatible  
2009 with the format used by COUNTY.

2010           15.02 Street Sweeping. CONTRACTOR will work with COUNTY staff and use good  
2011 faith efforts to establish routes that allow for Collection on the day immediately preceding any  
2012 street sweeping schedules in effect on the effective date of this Agreement.

2013           15.03 Subsequent Collection Route Changes. CONTRACTOR shall submit to  
2014 COUNTY, in writing, any proposed route change (including maps thereof) not less than sixty  
2015 (60) calendar days prior to the proposed date of implementation. To the extent possible,  
2016 CONTRACTOR will provide the map data in a GIS format that is compatible with the format  
2017 used by COUNTY. CONTRACTOR shall not implement any route changes without the prior  
2018 approval of the Contract Administrator. If the route change will change the Collection day for a  
2019 Customer, CONTRACTOR shall notify those Customers in writing of route changes not less  
2020 than thirty (30) calendar days before the proposed date of implementation.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2021           15.04 CONTRACTOR Audit of Routes. In addition to any other auditing requirements  
2022 under this Agreement, CONTRACTOR shall perform a comprehensive audit of all Customer  
2023 Routes every full or partial three (3) Calendar Years, and submit to COUNTY a written report on  
2024 the results of that audit, no later than thirty (30) calendar days after the completion of the audit.  
2025 The purpose of this audit is to ensure that each Customer is receiving the service for which the  
2026 Customer is being billed. The report should include the testing protocols, and the details of the  
2027 route audit findings along with recommendations, if any, on how CONTRACTOR will modify the  
2028 current system to correct any errors noted during the audit. If COUNTY requests,  
2029 CONTRACTOR shall cooperate fully with COUNTY to allow COUNTY to verify the accuracy of  
2030 CONTRACTOR'S route audit report.

## 2031                                   Article 16. Collection Equipment

2032           16.01 General Provisions. All equipment used by CONTRACTOR in the performance  
2033 of services under this Agreement shall be of a high quality. The vehicles shall be designed and  
2034 operated so as to prevent Collected materials from escaping from the vehicles. Hoppers shall  
2035 be closed on top and on all sides with screening material to prevent Collected materials from  
2036 leaking, blowing or falling from the vehicles. The bodies of any vehicle, or any Container, used  
2037 in Collection or transportation of Solid Waste must have watertight beds of metal or impervious  
2038 material that can be cleaned as required by Section 10.41.070 of the County Code.  
2039 CONTRACTOR shall not use any Collection vehicle that has more than 250,000 miles unless  
2040 such vehicle is a Rebuilt Vehicle.

2041           16.02 Clean Air Vehicles. During the term of this Agreement, to the extent required by  
2042 law, CONTRACTOR shall ensure that its Collection vehicles are in full compliance with local,  
2043 State and federal clean air requirements that were adopted or proposed to be adopted,  
2044 including, but not limited to, the California Air Resources Board Heavy Duty Engine Standards  
2045 as currently proposed to be contained in CCR Title 13, Section 2020 et seq; the Federal EPA's  
2046 Highway Diesel Fuel Sulfur regulations and any other applicable air pollution control laws.  
2047 Changes in regulations adopted or enacted after the effective date of this Agreement shall be  
2048 subject to Section 22.01 of this Agreement.

2049           16.03 Bulky Items. Vehicles used for Collection of Bulky Items containing Freon or  
2050 other gases shall not use compactor mechanisms or mechanical handling equipment that may  
2051 release Freon or other gases from pressurized appliances.

2052           16.04 Safety Markings. All Collection equipment used by CONTRACTOR shall have  
2053 appropriate safety markings including, but not limited to, highway lighting, flashing and warning  
2054 lights, clearance lights, and warning flags. All such safety markings shall be subject to the  
2055 approval of COUNTY and shall be in accordance with the requirements of the California Vehicle  
2056 Code, as may be amended from time to time.

2057           16.05 Vehicle Signage and Painting. Collection vehicles shall be painted and  
2058 numbered consecutively without repetition and shall have CONTRACTOR'S name,  
2059 CONTRACTOR'S toll-free customer service telephone number, and the number of the vehicle  
2060 painted in letters of contrasting color, at least six (6) inches high, on each side and the rear of  
2061 each vehicle. CONTRACTOR shall repaint all vehicles (including vehicles striping if  
2062 appropriate) during the term of this Agreement on a frequency as necessary to maintain a  
2063 positive public image as reasonably determined by the Contract Administrator. CONTRACTOR  
2064 will equip both sides of vehicles used for Collection with frames capable of securing signs  
2065 measuring 29 3/16" by 93 3/16" or other dimension directed by COUNTY. Within two (2) weeks

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2066 of COUNTY direction, no more than two (2) times each Agreement Year, CONTRACTOR will  
2067 prepare educational signs (such as promoting Diversion or safe Disposal of Unacceptable  
2068 Waste) with text, graphics and design specified by COUNTY and deliver them to COUNTY for  
2069 COUNTY review. Within two (2) weeks of COUNTY approval, CONTRACTOR will produce and  
2070 post the signs.

2071       16.06 Bin and Container Signage, Painting, and Cleaning. All metal Bins and  
2072 Containers of any service type furnished by CONTRACTOR shall be either painted or  
2073 galvanized. All Bins and Containers shall display CONTRACTOR'S name, CONTRACTOR'S  
2074 toll-free customer service telephone number, and the number of the Bin and shall be kept free of  
2075 graffiti and in a clean and sanitary condition. Bins and Roll-Off Containers provided by  
2076 CONTRACTOR shall be steam cleaned by CONTRACTOR as frequently as necessary to  
2077 maintain them in a sanitary condition. Upon receipt of notification by CONTRACTOR of graffiti  
2078 on a Bin or Container, CONTRACTOR shall clean or replace such Bin or Container within two  
2079 (2) Work Days. Bins and Containers will be subject to periodic, unscheduled inspections by  
2080 COUNTY and determination as to sanitary condition shall be made by COUNTY.

2081       16.07 Cart and Can Signage, Painting, and Cleaning. All metal Cans of any service  
2082 type furnished by CONTRACTOR shall be either painted or galvanized. All Cans and Carts  
2083 shall display CONTRACTOR'S name and CONTRACTOR'S toll-free customer service  
2084 telephone number.

2085       16.07.1       In addition each Cart or Can shall include a household hazardous  
2086 waste disposal prohibition on the inside of the container lid in substantially the following form,  
2087 approved by COUNTY: *"State law prohibits disposal of hazardous materials (such as batteries,*  
2088 *paint and motor oil) and certain electronic devices (such as TV and computer monitors) in your*  
2089 *trash. If these items are identified in your trash, your container will be tagged and not collected.*  
2090 *For safe and lawful disposal options, call Salinas Valley Solid Waste Authority 831-775-3000*  
2091 *(Inland), Monterey Regional Waste Management District 831-384-5313 (Coastal), [Contractor]."*

2092       16.07.2       Recyclables Containers (and other Containers at  
2093 CONTRACTOR'S option), shall include on the inside of the Container lid, an anti-scavenging  
2094 notice in substantially the following form, approved by COUNTY: *"The recyclable materials in*  
2095 *this container are the property of your authorized recycling contractor. It is illegal to remove*  
2096 *recyclable materials from this container pursuant to California Public Resources Code Section*  
2097 *41950 et seq. Only County's authorized recycling contractor may collect these recyclable*  
2098 *materials. Persons other than the authorized recycling contractor who remove materials from*  
2099 *this container are subject to treble damages or civil penalty, whichever is greater, for each*  
2100 *unauthorized removal."*

2101       16.08 Collection Vehicle Noise Level. The noise level generated by vehicles using  
2102 compaction mechanisms during the stationary compaction process will not exceed seventy (75)  
2103 decibels at a distance of twenty five (25) feet from the vehicle measured at an elevation of five  
2104 (5) feet above ground level using the "A" scale of a standard sound level meter at slow  
2105 response, or applicable law, whichever is more stringent. All Collection vehicles shall be tested  
2106 prior to providing Collection Services and thereafter upon notification by COUNTY of a noise  
2107 complaint.

2108       16.09 Vehicle Registration, Licensing and Inspection. CONTRACTOR shall maintain  
2109 documentation to verify that each of CONTRACTOR'S Collection vehicles are in compliance  
2110 with all registration, licensing and inspection requirements of the California Highway Patrol, the

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2111 California Department of Motor Vehicles, and any other applicable laws or regulations, including  
2112 a permit issued by County Department of Health, Environmental Health Division. Upon written  
2113 request by the Contract Administrator, copies of such documentation shall be provided to  
2114 COUNTY within two (2) Work Days of the request. CONTRACTOR shall not use any vehicle to  
2115 perform Collection Services that is not in compliance with applicable registration, licensing and  
2116 inspection requirements.

2117       16.10 Equipment Maintenance. CONTRACTOR shall maintain Collection equipment in  
2118 a clean condition and in good repair at all times. All parts and systems of the Collection  
2119 equipment shall operate properly and be maintained in a condition satisfactory to COUNTY.  
2120 CONTRACTOR shall wash all Collection vehicles at least once a week. All washings shall be  
2121 conducted in a manner that conforms to the BMP Guidelines for Non-Point Source Pollutants in  
2122 the publication entitled Storm Water Best Management Practices Handbook for Industrial  
2123 Commercial and shall comply with other regulations set forth by the jurisdiction in which the  
2124 Collection vehicle is washed.

2125       16.10.1 Maintenance Log. CONTRACTOR shall maintain a maintenance  
2126 log for all Collection vehicles. The log shall at all times be accessible to COUNTY by physical  
2127 inspection upon request of Contract Administrator, and shall show, at a minimum, each vehicle's  
2128 CONTRACTOR assigned identification number, date purchased or initial lease, dates of  
2129 performance of routine maintenance, dates of performance of any additional maintenance, and  
2130 description of additional maintenance performed.

2131       16.11 Equipment Inventory. On or before September 1, 2010, CONTRACTOR shall  
2132 provide to COUNTY an inventory of Collection vehicles and major equipment used by  
2133 CONTRACTOR for Collection or transportation and performance of services under this  
2134 Agreement. The inventory shall indicate each Collection vehicle used by CONTRACTOR,  
2135 assigned identification number, DMV license number, the age of the chassis and body, type of  
2136 fuel used, the type and capacity of each vehicle, the number of vehicles by type, the date of  
2137 acquisition, the date of noise testing, the decibel rating, the maintenance status, and proof of  
2138 compliance with Article 16.02. CONTRACTOR shall submit a written updated inventory annually  
2139 on or before each succeeding September 1, to the Contract Administrator.

2140       16.12 Reserve Equipment. CONTRACTOR shall have available to it, at all times, a  
2141 reasonable number of reserve Collection equipment which can, to the extent needed to  
2142 complete the Collection route, be dispatched within one (1) hour of any breakdown. Such  
2143 reserve equipment shall correspond in size and capacity to the equipment used by  
2144 CONTRACTOR to perform the contractual duties.

2145       16.13 Covering of Loads. All loads not in covered body trucks shall be tarped or  
2146 restrained to prevent spilling.

2147       16.14 Weight Restrictions. CONTRACTOR shall not load vehicles in excess of the  
2148 manufacturer's recommendations or limitations imposed by state or local weight restrictions on  
2149 vehicles. CONTRACTOR acknowledges that COUNTY may document compliance with this  
2150 provision of the Agreement through review of scale tickets and records of the Disposal and  
2151 processing facilities.

## 2152                   Article 17. CONTRACTOR'S Personnel

2153       17.01 Personnel Requirements. CONTRACTOR shall employ and assign qualified  
2154 personnel to perform all services set forth herein. CONTRACTOR shall be responsible for

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

ensuring that its employees comply with all applicable laws and regulations and meet all federal, state and local requirements related to their employment and position.

17.02 Transfer of Personnel. COUNTY may request the transfer of any employee of CONTRACTOR who materially violates any provision hereof, or who is wanton, negligent, or discourteous in the performance of their duties.

17.03 Identification Badge. CONTRACTOR shall require its drivers, and all other employees who come into contact with the public, to wear a uniform or an identification badge clearly identifying the employee as an employee of CONTRACTOR. Employees shall also have embroidered on the uniform or prominently displayed on the badge, their name for identification by the Customer.

17.04 Valid License. Each driver of a Collection vehicle shall at all times carry a valid California driver's license and all other required licenses for the type of vehicle that is being operated.

17.05 Applicable Laws. Each driver of a Collection vehicle shall at all times comply with all applicable state and federal laws, regulations and requirements.

17.06 Representation. CONTRACTOR'S employees, officers, and agents shall at no time be allowed to identify themselves or in any way represent themselves as being employees of COUNTY.

17.07 Safety Training. CONTRACTOR shall provide suitable operational and safety training for all of its personnel, including those who drive vehicles or operate other Collection equipment. Training will include live, on-job-training by supervisors. CONTRACTOR will train its drivers to identify Unacceptable Waste and comply with the Waste Screening Protocol set forth below.

17.07.1 Waste Screening Protocol. CONTRACTOR will develop and implement a Waste Screening Protocol in compliance with applicable law and including the following provisions:

17.07.1.1 For all drivers: Hazardous Waste Operations and Emergency Response (HAZWOPER) First Responder, Awareness Level training meeting the requirements of 29 CFR 1919.120(q)(6)(i), including hazard evaluation methods, emergency preparedness, and emergency response plan implementation techniques with the intent that they learn who, what and how to report on the incident;

17.07.1.2 For all route supervisors: 24-Hour HAZWOPER General Site Worker training meeting the requirements of 29 CFR 1919.120(e) (Hazardous Waste Operations and Emergency Response), including hazard recognition and measurement, as well as personal protective equipment and work practices in keeping with the risk level;

17.07.1.3 For all employees specified in 29 CFR 1919.120(e)(8), at least 8 hours of refresher training annually;

17.07.1.4 Means of driver inspection, such as visual inspection during tipping of Containers into vehicles;

17.07.1.5 Immediate driver response, such as load segregation and notification procedures, including leaving Non-Collection notices, when safe;

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2196 17.07.1.6 Driver notification, such as calling CONTRACTOR'S  
2197 dispatcher or route supervisor;

2198 17.07.1.7 Customer notification, including description of proper means  
2199 to dispose of Unacceptable Waste, by phone call and/or written material;

2200 17.07.1.8 Notification of appropriate local agency or department (with  
2201 contact phone number);

2202 17.07.1.9 Appropriate action, such as segregation and containerization  
2203 for manifesting and transport for Disposal as required by applicable law or securing services of  
2204 permitted handling and transport company; and

2205 17.07.1.10 Form, content and placement of labels on Containers that  
2206 prohibit discard of Unacceptable Waste.

2207 **Article 18. Worker Retention**

2208 18.01 Worker Retention. CONTRACTOR acknowledges that when Collection Services  
2209 are transferred to CONTRACTOR, workers who perform services for COUNTY'S current  
2210 contractor may be displaced from their employment. In this event, upon signing this Agreement,  
2211 CONTRACTOR shall make a good faith effort to offer full-time employment (at wages and  
2212 benefits commensurate with those of CONTRACTOR'S existing employees as required by any  
2213 collective bargain agreement) to all displaced workers that provided Collection Services in the  
2214 Service Area under the prior Franchise Agreement, if the employees meet CONTRACTOR'S  
2215 existing hiring standards and policies. CONTRACTOR shall not be required to create additional  
2216 positions that CONTRACTOR does not need, displace any of its current employees or modify its  
2217 employee selection requirements.

2218 **Article 19. Public Education Programs**

2219 19.01 Public Education and Outreach. CONTRACTOR, at its own expense, shall  
2220 prepare, submit to COUNTY, and implement an annual (Calendar Year) Public Education and  
2221 Outreach Program. The initial proposed action plan must be submitted for COUNTY approval  
2222 on or before July 1, 2010 and annually thereafter no later than November 1<sup>st</sup> for the next  
2223 Calendar Year. The program must include a minimum of four (4) campaigns per year, designed  
2224 to increase diversion and resident participation. Campaigns should target certain Recyclables  
2225 or "problem" areas of CONTRACTOR'S Service Area where improvements can be maximized.  
2226 Targets of outreach should be based on local trends and recycling patterns based on  
2227 information obtained by both the Contract Administrator and CONTRACTOR staff, and should  
2228 be part of the SRRE strategic plan and report prepared and submitted by CONTRACTOR.  
2229 CONTRACTOR shall provide space in CONTRACTOR'S public outreach materials, such as  
2230 mailers, flyers and newsletters, for COUNTY to include announcements, community information,  
2231 articles, and photographs.

2232 19.01.1 School Education and Outreach. CONTRACTOR'S Public  
2233 Education and Outreach program will include recycling and diversion education and outreach  
2234 services to all schools in the Service Area which subscribe to some or all of the Collection  
2235 Services offered by CONTRACTOR. Such services may include classroom presentations,  
2236 distribution of diversion and recycling materials, classroom curriculum, and provision of  
2237 technical assistance to establish school facility recycling programs.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2238 19.02 Annual Collection Service Notice. Each Calendar Year during the term of this  
2239 Agreement, CONTRACTOR shall provide information to all SFD, MFD Cart and Commercial  
2240 Cart Customers regarding the Cart Collection Service programs and to all MFD Bin and  
2241 Commercial Bin Customers regarding Bin Collection Service programs. To the extent  
2242 appropriate, based on the category of Customers receiving the notice, said information shall  
2243 contain at a minimum, definitions of the materials to be Collected, procedures for setting out the  
2244 materials, maps of the Service Area indicating the day that Solid Waste, Recyclables, including  
2245 Used Oil, Green Waste, and Christmas trees will be Collected, the availability of on-call  
2246 Collection of Bulky Items, Universal Waste, E-Waste, CEDs, and Construction and Demolition  
2247 Debris and CONTRACTOR'S toll-free customer service phone number. The information shall  
2248 be provided in English and Spanish and shall be distributed by CONTRACTOR at least thirty  
2249 (30) days prior to commencement of Collection Services in the Service Area and by January 1<sup>st</sup>  
2250 annually thereafter.

2251 19.03 Additional Programs and Services. CONTRACTOR shall provide additional  
2252 services and programs as requested by COUNTY pursuant to Article 22 of this Agreement. In  
2253 the event CONTRACTOR and COUNTY cannot reach an agreement for the requested service  
2254 or program, COUNTY shall have the right to procure the service of other vendors or contractors  
2255 to provide the requested service.

2256 19.04 Home Composting and Worm Bin. At least thirty (30) calendar days prior to  
2257 offering bins for sale as set forth in Section 5.11.5. CONTRACTOR shall insert in each SFD and  
2258 MFD Cart Customers bill a notice satisfactory to COUNTY, that includes 1) an offer to sell a  
2259 Home Composting Bin or Home Worm Bin, 2) the purchase price (with and without the delivery  
2260 option surcharge), 3) the purchase location, and 4) educational material promoting composting.

## 2261 Article 20. CONTRACTOR'S Facilities

### 2262 20.01 CONTRACTOR Facilities.

2263 20.01.1 Administrative Offices and Operation & Maintenance Yard.  
2264 CONTRACTOR'S administrative offices and its operation and maintenance yard, to include the  
2265 vehicle parking area, must be located within thirty-five (35) miles of the County Department of  
2266 Health, Environmental Health Division primary office in Salinas, California at the address  
2267 referenced in Section 34.05.3 of this Agreement. CONTRACTOR'S office shall provide a toll-  
2268 free telephone access to residents of COUNTY, shall be staffed by trained and experienced  
2269 Customer Service Representatives (CSR's), and shall be located where Customers can pay  
2270 bills for service in person. Such office shall have responsible persons in charge during  
2271 Collection hours and shall be open during normal business hours, 8:00 a.m. to 5:00 p.m. on all  
2272 Work Days. CONTRACTOR shall provide either a telephone answering service or mechanical  
2273 device to receive Customer inquiries during those times when the office is closed. Calls  
2274 received after normal business hours shall be addressed the morning of the next Work Day.

2275 20.02 Emergency Contact. Prior to October 1, 2010, CONTRACTOR shall provide the  
2276 Contract Administrator with an emergency phone number where CONTRACTOR can be  
2277 reached outside of the required office hours.

2278 20.03 Multilingual/TDD Service. CONTRACTOR shall at all times maintain the  
2279 capability of responding to telephone calls in English and Spanish. CONTRACTOR shall at all  
2280 times maintain the capability of responding to telephone calls through Telecommunications  
2281 Device for the Deaf (TDD) Services.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2282           20.04 Customer Calls.       During office hours, CONTRACTOR shall maintain a  
2283 telephone answering system capable of accepting at least fifteen (15) incoming calls at one (1)  
2284 time. CONTRACTOR shall record all calls including any inquiries, service requests and  
2285 complaints into a customer service log.

2286           20.04.1       All incoming calls will be answered within five (5) rings. Any call  
2287 "on-hold" in excess of one and one half (1.5) minutes shall have the option to remain "on-hold"  
2288 or to be switched to a message center where Customer can leave a message. Customers  
2289 electing to remain on-line shall not wait longer than two (2) minutes on the average from the  
2290 time their call was originally answered, but in no case longer than ten (10) minutes from the time  
2291 their call was originally answered to speak to a CSR. CONTRACTOR'S CSR shall return  
2292 Customer calls. For all messages left before 3:00 p.m., all "call backs" shall be attempted a  
2293 minimum of one time prior to 5:00 p.m. on the day of the call. For messages left after 3:00 p.m.,  
2294 all "call backs" shall be attempted a minimum of one time prior to noon the next Work Day.  
2295 CONTRACTOR shall make a minimum of three (3) attempts within twenty-four (24) hours of the  
2296 receipt of the call. If CONTRACTOR is unable to reach the Customer on the next Work Day,  
2297 CONTRACTOR shall send a postcard to the Customer on the second Work Day after the call  
2298 was received, indicating that CONTRACTOR has attempted to return the call.

2299           20.04.2       Customer Service Log. CONTRACTOR will utilize a Customer  
2300 Service Log to maintain a record of all inquiries and complaints in a manner approved by  
2301 COUNTY. The log shall include the information in a form and manner agreeable to COUNTY.

2302           20.05 Bilingual Customer Correspondence. CONTRACTOR will print all letters,  
2303 invoices, notices, bulletins, educational materials, and other correspondence with Customers in  
2304 English and Spanish.

2305           20.06 Website. CONTRACTOR shall develop and maintain a website describing  
2306 services provided in the Service Area that is accessible by the public. The site shall be available  
2307 to Customers no later than September 1, 2010 and include answers to frequently asked  
2308 questions, rates for all Collection Services, specifications for Recyclables and Green Waste,  
2309 Collection Service schedules and maps, and other related topics. CONTRACTOR shall arrange  
2310 for COUNTY'S website to include an e-mail link to CONTRACTOR'S website and  
2311 CONTRACTOR'S website shall contain a link to COUNTY'S web site. CONTRACTOR'S  
2312 website shall contain all public education and outreach materials and correspondence  
2313 distributed to Customers during the Calendar Year. CONTRACTOR'S website shall provide the  
2314 public the ability to e-mail complaints to CONTRACTOR and to pay bills on-line.

## 2315           Article 21. Service Inquiries and Complaints

2316           21.01 CONTRACTOR'S Customer Service. All service inquiries and complaints shall  
2317 be directed to CONTRACTOR. A representative of CONTRACTOR shall be available to receive  
2318 the complaints during normal business hours. All service complaints will be handled by  
2319 CONTRACTOR in a prompt and efficient manner. CONTRACTOR shall not refer or forward  
2320 Customers to COUNTY for resolution of Complaints or answers to inquiries unless Customer  
2321 insists, in which event CONTRACTOR will refer Customers to the Contract Administrator.

2322           21.02 Response Requirements. For those complaints related to missed Collections  
2323 that are received by 3:00 p.m. on a Work Day, CONTRACTOR will return to the Customer  
2324 address and Collect the missed materials before leaving the Service Area for the day. For  
2325 those complaints related to missed Collections that are received after 3:00 p.m. on a Work Day,

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

CONTRACTOR shall have until the end of the following Work Day to resolve the complaint. For those complaints related to repair or replacement of Carts or Bins, the appropriate Articles of this Agreement shall apply.

21.03 Missed Collections. CONTRACTOR agrees that it is in the best interest of COUNTY that all Solid Waste, Recyclables, Green Waste, Bulky Items, U-Waste, E-Waste, CED's and Used Oil and Used Oil Filters be Collected on the scheduled Collection day. Accordingly, missed Collections will normally be Collected as set forth above regardless of the reason that the Collection was missed. However, in the event a Customer requests and receives missed Collection Services more than two (2) times each full or partial Calendar Year during the term of this Agreement, CONTRACTOR shall have the right to invoice the Customer for further missed Collection Services during the remainder of that Calendar Year at the rate set forth in Exhibit 1.

## Article 22. Modifications to the Agreement

22.01 Agreement Modifications and Change in Law. COUNTY and CONTRACTOR understand and agree that the California legislature and the federal government have the authority to make comprehensive changes in solid waste management legislation and that these and other changes in state and federal law in the future which mandate certain actions or programs for counties or municipalities may require changes or modifications in some of the terms, conditions or obligations under this Agreement. CONTRACTOR agrees that the terms and provisions of local ordinances or regulations, including the County Code and any Joint Powers Authorities Agreement (hereafter, "JPA Agreement") between COUNTY, Monterey Regional Waste Management District and the Salinas Valley Solid Waste Authority (hereafter, collectively referred to as "Joint Powers Authorities" or "JPA") as said JPA Agreement now exists or as it may be amended in the future, shall apply to all of the provisions of this Agreement and the Customers of CONTRACTOR located within the Service Area. In the event any future Change in Law, modifications to the JPA Agreement, or directed changes by COUNTY, materially alter the obligations of CONTRACTOR, then the affected compensation as established under this Agreement shall be adjusted. Nothing contained in this Agreement shall require any party to perform any act or function contrary to law. COUNTY and CONTRACTOR agree to enter into good faith negotiations regarding modifications to this Agreement which may be required in order to implement changes in the interest of the public welfare or due to Change in Law. When such modifications are made to this Agreement, COUNTY and CONTRACTOR shall negotiate in good faith, a reasonable and appropriate compensation adjustment for any increase or decrease in the services or other obligations required of CONTRACTOR due to any modification in this Agreement pursuant to this Article. COUNTY and CONTRACTOR shall not unreasonably withhold agreement to such compensation adjustment. Modifications to this Agreement shall be made pursuant to Article 22 of this Agreement.

22.02 COUNTY Directed Service and Program Changes. COUNTY may direct CONTRACTOR to perform additional services (including new diversion programs, additional public education activities, etc.), eliminate programs, or modify the manner in which it performs existing services. Changes in the minimum diversion requirement set forth in Article 14 of this Agreement, pilot programs and innovative services, which may entail new Collection methods, targeted routing, different kinds of services, different types of Collection vehicles, and/or new requirements for Customers are included among the kinds of changes which COUNTY may direct. Upon approval by the County Board, CONTRACTOR shall be entitled to an adjustment

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2371 in its compensation for providing such additional or modified services but not for the preparation  
2372 of its proposal to perform such services.

2373       22.03 COUNTY Required Service and Program Changes. In the event CONTRACTOR  
2374 fails to meet the Diversion requirements as set forth in Article 14, CONTRACTOR shall prepare  
2375 a service proposal in the manner set forth in Section 22.05 below. The service proposal shall  
2376 include specific program changes to allow CONTRACTOR to meet the minimum Diversion  
2377 requirements of Article 14 in the subsequent year. CONTRACTOR shall not receive additional  
2378 compensation for any additional or modified services performed as part of this program change  
2379 nor for the preparation of its proposal to perform such services.

2380       22.04 CONTRACTOR Proposed Changes. CONTRACTOR may propose program  
2381 changes to COUNTY in the manner set forth in Section 22.05 below. Upon approval by the  
2382 County Board, CONTRACTOR shall be entitled to an adjustment in its compensation for  
2383 providing such additional or modified services but not for the preparation of its proposal to  
2384 perform such services.

2385       22.05 Service Proposal. Within thirty (30) calendar days of receipt of a request for a  
2386 service change from COUNTY, or when initiating a voluntary or involuntary proposal to change  
2387 current programs, CONTRACTOR shall submit a proposal to provide such service. At a  
2388 minimum, the proposal shall contain a complete description of the following:

2389               22.05.1       Program objectives and goals to be used in measuring the  
2390 success of the program as discussed in Section 22.08 below;

2391               22.05.2       Collection methodology to be employed (equipment, manpower,  
2392 etc.);

2393               22.05.3       Equipment to be utilized (vehicle number, types, capacity, age,  
2394 etc.);

2395               22.05.4       Labor requirements (number of employees by classification);

2396               22.05.5       Type of Carts or Bins to be utilized;

2397               22.05.6       Provision for program publicity, education, and marketing; and

2398               22.05.7       Five (5) year projection of the financial results of the program's  
2399 operations in an operating statement format including documentation of the key assumptions  
2400 underlying the projections and the support for those assumptions, giving full effect to the  
2401 savings or costs to existing services.

2402       22.06 Incremental Costs. In the event the change(s) in service results in an  
2403 incremental cost increase over the life of the Agreement, CONTRACTOR will be responsible for  
2404 the first ten thousand dollars (\$10,000) of such increase in the aggregate. To the extent costs  
2405 are projected to exceed ten thousand dollars (\$10,000), COUNTY and CONTRACTOR shall  
2406 agree on the amount of additional costs to be reimbursed to CONTRACTOR prior to the  
2407 initiation of the service change.

2408       22.07 Other Contractors. CONTRACTOR acknowledges and agrees that COUNTY  
2409 may permit other contractors or companies besides CONTRACTOR to provide additional  
2410 services not otherwise contemplated by this Agreement if CONTRACTOR and COUNTY cannot  
2411 agree on terms and conditions, including compensation adjustments, of such services in one  
2412 hundred twenty (120) calendar days from the date when COUNTY first requests a proposal from  
2413 CONTRACTOR to perform such services.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2414           22.08 Monitoring and Evaluation. At COUNTY'S request, CONTRACTOR shall meet  
2415 with COUNTY to describe the progress of each new program and other service issues. At each  
2416 meeting, COUNTY and CONTRACTOR shall have the opportunity to discuss revisions to the  
2417 program. CONTRACTOR shall document the results of the new programs on a monthly basis,  
2418 including at a minimum the tonnage diverted by material type, the end use or processor of the  
2419 diverted materials and the cost per ton for transporting and processing each type of material  
2420 and other such information requested by CONTRACTOR and/or COUNTY necessary to  
2421 evaluate the performance of each program.

2422           22.09 Termination for Cause. COUNTY shall have the right to terminate a program or  
2423 assign the program to a third party for cause at no cost to COUNTY or COUNTY'S ratepayers if  
2424 CONTRACTOR is not achieving the program's agreed to and defined goals and objectives.  
2425 Prior to such termination or assignment, COUNTY shall meet and confer with CONTRACTOR  
2426 for a period of up to ninety (90) calendar days to resolve COUNTY'S concerns. Thereafter,  
2427 COUNTY may terminate the program or utilize a third party to perform these services if  
2428 COUNTY reasonably believes CONTRACTOR cannot meet or is not meeting the agreed to and  
2429 defined project goals and objectives. Notwithstanding these changes, CONTRACTOR shall  
2430 continue the program during the ninety (90) day period and, in the event COUNTY elects to  
2431 utilize a third party to continue the program, thereafter until the third party takes over the  
2432 program.

2433           22.10 Termination without Cause. COUNTY shall also have the right to terminate a  
2434 program without cause. As a condition of the termination, COUNTY shall reimburse  
2435 CONTRACTOR for all costs incurred for implementation and performance of the program that  
2436 were identified in the program proposal prepared and submitted by CONTRACTOR and agreed  
2437 to by COUNTY which have not been funded or otherwise recovered through program  
2438 compensation at the time the program is terminated.

2439           22.11 COUNTY Directed Changes in Facilities. If COUNTY requires that  
2440 CONTRACTOR change Disposal or processing facilities, the Contractor Service Fee  
2441 Component will be adjusted for any increase or decrease in CONTRACTOR'S direct costs of  
2442 transportation between the old and new facility, as follows:

2443                   22.11.1           With respect to changes in the facilities in the boundaries of the  
2444 SVSWA, the increase or decrease in transportation is measured by the shortest route between  
2445 the COUNTY Department of Health, Environmental Health Division, located at 1270 Natividad  
2446 Road, Salinas to the new facility that is legally traversable by Collection vehicles carrying their  
2447 usual load of the appropriate material, although CONTRACTOR may choose a longer route for  
2448 reason of time, traffic or other convenience without additional compensation. Distances from  
2449 1270 Natividad Road, Salinas are as follows:

2450                   22.11.2           to Johnson Canyon Landfill, approximately 24.6 miles;  
2451                   22.11.3           to Sun Street transfer station, approximately 1.84 miles;  
2452                   22.11.4           to Jolon transfer station, approximately 49.45 miles;  
2453                   22.11.5           to Carmel Marina Recycling , approximately 10.4 miles;  
2454                   22.11.6           to Johnson Canyon Landfill Green Waste Processing Facility  
2455 approximately 24.6miles; and  
2456                   22.11.7           to Johnson Canyon Landfill Construction and Demolition Debris  
2457 Processing Facility, approximately 24.6 miles.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2458           22.12 With respect to changes in the facilities in the boundaries of the MRWMD, the  
2459 increase or decrease in transportation is measured by the shortest route between the County  
2460 Health Department located at 1200 Aguajito Road, Monterey to the new facility that is legally  
2461 traversable by Collection vehicles carrying their usual load of the appropriate material, although  
2462 CONTRACTOR may choose a longer route for reason of time, traffic or other convenience  
2463 without additional compensation. The distances from the County Health Department located at  
2464 1200 Aguajito Road are as follows:

- 2465                   22.12.1           to Monterey Peninsula landfill, approximately 8.4 miles;  
2466                   22.12.2           to Carmel Marina Recycling , approximately 21.4 miles;  
2467                   22.12.3           to Monterey Peninsula Green Waste Processing Facility,  
2468 approximately 8.4 miles; and  
2469                   22.12.4           to Monterey Peninsula Construction and Demolition Debris  
2470 Processing Facility, approximately 8.4 miles.

2471           22.13 CONTRACTOR will submit documentation to the satisfaction of COUNTY  
2472 demonstrating the number of Collection vehicles from identified routes, with dated weight  
2473 tickets, establishing the increase or decrease in mileage for a one (1) month period.

2474           22.14 The total increase or decrease in miles will be multiplied by the Collection vehicle  
2475 travel cost per mile as set forth in Exhibit 1 to this Agreement to calculate the change in cost for  
2476 one (1) month and annualized to calculate the change in cost for one (1) year. The one (1) year  
2477 change in cost will then be divided by the gross revenue for the last complete twelve (12) month  
2478 period to calculate the percentage change in travel costs. The percentage change shall be  
2479 truncated at the second decimal point and shall be added to or subtracted from, as appropriate,  
2480 in the next RRI calculation as set forth in Section 13.13.

2481           22.15 Modification to Exhibit 10, COUNTY Facilities. In the event COUNTY requests a  
2482 modification to Exhibit 10 to this Agreement due to an addition or deletion to the COUNTY  
2483 Facilities, or a change in the container size or frequency of Collection as set forth in Exhibit 10,  
2484 COUNTY shall notify CONTRACTOR of the change in writing at least thirty (30) days prior to  
2485 the date of such change. The written notification shall include a revised Exhibit 10 for the  
2486 review of CONTRACTOR. CONTRACTOR shall respond to the request for modification of  
2487 Exhibit 10 by signing the revised Exhibit 10 and returning it to the COUNTY or requesting that a  
2488 meeting be held between CONTRACTOR and COUNTY to discuss the requested modification.  
2489 In the event COUNTY and CONTRACTOR are unable to agree on the modification, Exhibit 10  
2490 shall remain unmodified and COUNTY shall have the right to secure the services from another  
2491 contractor. For purposes of this Section a change of the address of a COUNTY Facility  
2492 included in Exhibit 10 is not considered a modification of Exhibit 10.

2493           22.16 Modification to Exhibit 11, Large Venue Events. On or before October 1, 2010  
2494 and annually thereafter during the term of this Agreement, COUNTY shall provide  
2495 CONTRACTOR with an amended Exhibit 11 showing the name, date and location of all large  
2496 venue events for the upcoming Calendar Year. COUNTY shall have the right to unilaterally  
2497 modify the specific events included on Exhibit 11 as long as the total number of "COUNTY  
2498 sponsored" annual events does not exceed twelve (12) and as long as the estimated Collection  
2499 capacity, in tons, of the added event does not exceed the median level of required Collection  
2500 capacity, of four (4) tons of the events set forth on Exhibit 11 prior to the modification. In the  
2501 event the COUNTY requests that CONTRACTOR provide Collection Services at large venue

events in excess of the limitations set forth in this Section, CONTRACTOR shall provide such services at a price to be mutually agreed upon between CONTRACTOR and COUNTY. In the event CONTRACTOR and COUNTY cannot reach a mutually agreed price for the requested services CONTRACTOR shall provide such services in accordance with the rates set forth in Exhibit 1 to this Agreement.

## Article 23. Recordkeeping, Inspections, and Reporting

### 23.01 Record Keeping.

23.01.1 Accounting Records. CONTRACTOR shall maintain any and all letters, books of account, invoices, vouchers, canceled checks, and other records or documents evidencing or relating to charges for services or expenditures and disbursements charged to Customers for a minimum period of five (5) years, or for any longer period required by law, from the date of final payment to CONTRACTOR pursuant to this Agreement.

23.02 Agreement Performance Records. CONTRACTOR shall maintain all documents and records which demonstrate performance under this Agreement for a minimum period of five (5) years, or for any longer period required by law, from the date of termination or completion of this Agreement.

23.03 Reporting Requirements. Monthly and annual reports shall be prepared and submitted as set forth in Exhibit 7 in a form and manner acceptable to COUNTY. This list of requested information may be amended during the term of this Agreement at the discretion of the Contract Administrator.

23.03.1 Upon notification by the Contract Administrator that information reported by CONTRACTOR is incorrect, CONTRACTOR shall provide corrected information in the original format within three (3) Work Days unless a longer time is agreed to by COUNTY and CONTRACTOR.

23.04 Inspection. Any records or documents required to be maintained pursuant to this Agreement shall be made available for inspection or audit, at any time during regular business hours, upon written request by the Contract Administrator, COUNTY Counsel, COUNTY Auditor, or designee of any of these officers. Copies of such documents shall be provided to COUNTY for inspection at COUNTY offices when it is practical to do so. Otherwise, unless an alternative site is mutually agreed upon, the records shall be available at CONTRACTOR'S address indicated for receipt of notices in this Agreement.

23.05 Records Security. Where COUNTY has reason to believe that such records or documents may be lost or discarded due to the dissolution, disbandment or termination of CONTRACTOR'S business, COUNTY may, by written request or demand of the Contract Administrator, require that custody of the records be given to COUNTY and that the records and documents be maintained at COUNTY offices. Access to such records and documents shall be granted to any party authorized by CONTRACTOR, CONTRACTOR'S representatives, or CONTRACTOR'S successor-in-interest.

## Article 24. Quality of Performance of CONTRACTOR

24.01 Intent. CONTRACTOR acknowledges and agrees that one of COUNTY'S primary goals in entering into this Agreement is to ensure that Collection Services are of the highest caliber, that Customer satisfaction remains at the highest level, that maximum diversion

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2544 levels are achieved, and that materials Collected are put to the highest and best use to the  
2545 extent feasible.

2546       24.02 Service Supervisor. CONTRACTOR will provide the name of the service  
2547 supervisor to be in charge of the Collection Services within the Service Area to COUNTY no  
2548 later than October 1, 2010. At least thirty (30) calendar days prior to replacing the service  
2549 supervisor, CONTRACTOR shall notify COUNTY in writing of the name and qualifications of the  
2550 new service supervisor. CONTRACTOR shall insure that such replacement is qualified and  
2551 experienced. The service supervisor's work place shall be physically located in the Service  
2552 Area, at all times that CONTRACTOR is providing Collection Services. In addition the  
2553 supervisor shall be available to the Contract Administrator through the use of telecommunication  
2554 equipment, and be able to respond to voice messages within one (1) hour at all times that  
2555 CONTRACTOR is providing Collection Services. In the event the service supervisor is  
2556 unavailable due to illness or vacation, CONTRACTOR shall designate an acceptable substitute  
2557 who shall be available and who has the authority to act in the same capacity as the service  
2558 supervisor. The service supervisor shall provide COUNTY with an emergency phone number  
2559 where the service supervisor can be reached outside of normal business hours.

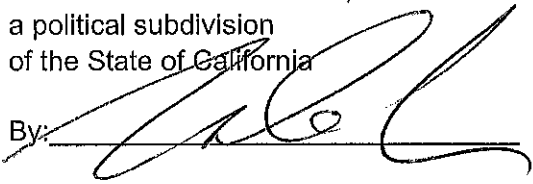

2560       24.03 Liquidated Damages. The parties further acknowledge that consistent and  
2561 reliable Collection Services are of utmost importance to COUNTY and that COUNTY has  
2562 considered and relied on CONTRACTOR'S representations as to its quality of service  
2563 commitment in awarding the Agreement to it. The parties further recognize that some quantified  
2564 standards of performance are necessary and appropriate to ensure consistent and reliable  
2565 service and performance. The parties further recognize that if CONTRACTOR fails to achieve  
2566 the performance standards, or fails to submit required documents in a timely manner, COUNTY  
2567 and COUNTY'S residents and businesses will suffer damages and that it is and will be  
2568 impractical and extremely difficult to ascertain and determine the exact amount of damages.  
2569 Therefore, without prejudice to COUNTY'S right to treat such non-performance as an event of  
2570 default under Article 27, the parties agree that the liquidated damages amount defined in this  
2571 Article represent reasonable estimates of the amount of such damages considering all of the  
2572 circumstances existing on the effective date of this Agreement, including the relationship of the  
2573 sums to the range of harm to COUNTY, customers and the community as a whole that  
2574 reasonably could be anticipated and the anticipation that proof of actual damages would be  
2575 costly or impractical. In placing their initials at the places provided, each party specifically  
2576 confirms the accuracy of the statements made above and the fact that each party has had  
2577 ample opportunity to consult with legal counsel and obtain an explanation of the liquidated  
2578 damage provisions at the time that the Agreement was made.

2592 amounts:

LIQUIDATED DAMAGES

Item		Amount
a.	Failure or neglect to resolve each complaint within the time set forth in this Agreement. (Section 21.02)	\$100.00 per incident per Customer.
b.	Failure to comply with the hours of operation as required by this Agreement. (Section 3.04)	\$100.00 per incident per day.
c.	Failure to properly return empty Cans, Carts or Bins to the point of Collection to avoid pedestrian or vehicular traffic impediments or to place Carts upright in excess of five (5) occurrences per quarter. (Section 3.05)	\$150.00 per incident per day.
d.	Failure to deliver or exchange Cans, Carts, Bins, or other Containers within the time required. (Section 3.07)	\$100.00 per incident per day.
e.	Failure to repair or replace damaged Cans, Carts, Bins, or other Containers within the time required. (Section 3.07.2)	\$100.00 per incident per day.
f.	Failure to timely install locks on Bins. (Section 3.07.5)	\$100.00 per incident per day.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

LIQUIDATED DAMAGES		
Item		Amount
g.	Commingling Solid Waste and Recyclables during Collection and/or transportation to the appropriate facility. (Section 3.14.1)	\$1,000.00 per incident.
h.	Commingling of materials Collected inside and outside the Service Area during Collection and/or transportation to the facility. (Sections 3.14.2 & 3.14.3)	\$1,000.00 per incident.
i.	Failure to timely clean up litter or spillage of material, or vehicle fluids caused by CONTRACTOR. (Section 3.15.3)	\$300.00 per incident per location.
j.	Damage to public streets within the Service Area caused by CONTRACTOR. (Section 3.15.5)	Actual cost of repair to COUNTY'S satisfaction at no cost to COUNTY.
k.	Failure to repair damage to Customer property caused by CONTRACTOR or its personnel. (Section 3.20)	\$500.00 per incident per location.
l.	Disposal of Recyclables, or Green Waste in the Disposal Facility without first obtaining the required permission of COUNTY. (Section 4.01.11)	\$1,000.00 per load.
m.	Failure to deliver any Collected materials to COUNTY-approved Disposal Facility, Recyclables Processing Facility, C&D Facility or Green Waste Processing Facility, as appropriate, except as otherwise expressly provided in this Agreement. (Article 4)	\$5,000.00 first failure. \$25,000.00 each subsequent failure.
n.	Failure to timely provide transition documents or timely meet transition requirements. (Section 3.19)	\$300.00 per item per day.
o.	Failure or neglect to complete at least ninety percent (90%) of each route on the regular scheduled Collection Service Work Day. (Various Sections)	\$1,000.00 for each route not completed.
p.	Failure to replace Used Oil and Used Oil Filter Containers within three (3) Work Days of notification of need for replacement in excess of five (5) occurrences per quarter. (Various Sections)	\$150.00 per incident per day.
q.	Failure to timely provide all Waste Assessments. (Section 11.13)	\$1,000.00 for each assessment not timely completed.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

LIQUIDATED DAMAGES		
Item		Amount
r.	Failure to meet the minimum diversion requirements. (Calculated per Calendar Year) (Article 14)	Shortfall of 0.001% - 2%: \$10,000.00 per calendar year.  Shortfall of 2.001% or greater: \$25,000.00 per calendar year.
s.	Changing routes without proper notification to COUNTY or Customers as appropriate. (Section 15.03)	\$500.00 per incident per day.
t.	Failure to timely conduct Route Audits. (Section 15.04)	\$150.00 per incident per day.
u.	Failure to display CONTRACTOR'S name and toll-free customer service phone number on Collection vehicles, Bins and other Containers. (Sections 16.05 & 16.06)	\$100.00 per incident per day.
v.	Failure to maintain equipment, vehicles, Cans, Carts, Bins and other containers in a clean, safe, and sanitary manner including the removal of graffiti. (Sections 16.05, 16.06 & 16.07)	\$100.00 per incident per day.
w.	Failure to properly cover materials in Collection vehicles. (Section 16.13)	\$300.00 per incident.
x.	Failure to have CONTRACTOR personnel in proper uniform or with proper identification. (Section 17.03)	\$100.00 per incident per day.
y.	Failure to have a vehicle operator properly licensed. (Section 17.04)	\$500.00 per incident per day.
z.	Failure to maintain office hours. (Section 20.01.1)	\$100.00 per incident per day.
aa.	Failure to provide a Spanish speaking Customer Service Representative. (Section 20.03)	\$150.00 per incident per day.
bb.	Failure to meet the Customer call requirements. (Sections 20.04 and 20.04.1)	\$150.00 per incident.
cc.	Failure to provide documents and reports in a timely manner. (Article 23 and Exhibit 7)	\$250.00 per incident per day.
dd.	Failure to provide accurate documents and reports. (Article 23 and Exhibit 7)	\$250.00 per incident.
ee.	Failure to correct submittal of inaccurate data within three (3) Work Days (or such other agreed to time) of notification by COUNTY. (Article 23).	\$500.00 per incident per day.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

LIQUIDATED DAMAGES		
Item		Amount
ff.	Failure to obtain any approval, consent or approval of COUNTY or to notify COUNTY when required. (Various Sections)	\$250.00 per failure / per day.
gg.	Failure to cure non-compliance with the provisions of this Agreement in the manner and time set forth in this Agreement. (Various Sections)	\$150.00 per incident per day.
hh.	Failure to provide HAZWOPER First Responder, Awareness Level training. (Section 17.07)	\$1,000.00 per employee per incident.

2593

2594

24.04 Procedure for Assessing Liquidated Damages.

2595

24.04.1

COUNTY may determine the occurrence of events giving rise to liquidated damages through the observation of its own employees or representative or investigation of Customer complaints. During the first sixty (60) days of the term of this Agreement, COUNTY will allow CONTRACTOR up to five (5) Work Days to cure certain events related to the provision of Collection Services prior to assessing liquidated damages as set forth herein. However, no such consideration shall be given to events that include improper commingling of materials or failure to deliver materials to designated facilities.

2602

24.04.2

Prior to assessing liquidated damages, COUNTY shall give CONTRACTOR notice of its intention to do so. The notice will include a brief description of the incident(s)/non-performance. CONTRACTOR may review (and make copies at its own expense) all information in the possession of COUNTY relating to incident(s)/non-performance. CONTRACTOR may, within ten (10) Work Days after receiving notice, request a meeting with COUNTY to present evidence regarding the accuracy of the facts related to the incident. If a meeting is requested, it shall be held by the Contract Administrator or his/her designee. CONTRACTOR may present evidence in writing and through testimony of its employees and others relevant to the incident(s)/non-performance. The Contract Administrator or designee will provide CONTRACTOR with a written explanation of his or her determination on each incident(s)/non-performance prior to authorizing the assessment of liquidated damages. The decision of the Contract Administrator or designee may be appealed to the COUNTY Board. The decision of the COUNTY Board shall be final and CONTRACTOR shall have been deemed to have exhausted its administrative remedies and can thereafter challenge the decision of the County Board in the Superior Court of the County of Monterey, State of California.

2617

24.04.3

COUNTY may assess liquidated damages for each calendar day or event, as appropriate, CONTRACTOR is determined to be liable in accordance with this Agreement.

2620

24.04.4

CONTRACTOR shall pay any liquidated damages assessed by COUNTY within ten (10) Work Day days after they are assessed. If they are not paid within the ten (10) day period, COUNTY may proceed against the letter of credit or performance bond required by the Agreement or terminate the franchise granted by this Agreement, or both.

2621

2622

2623

## Article 25. Compliance with Laws and Permits

25.01 Compliance with Law. CONTRACTOR shall comply, at its own expense, fully and faithfully with all local, state, and federal laws, ordinances, regulations and permit requirements, including the COUNTY Code as may be amended from time to time, applicable to its performance under this Agreement, or in any way related to CONTRACTOR'S performance of the services required under this Agreement.

25.02 Permits, Authorizations, and Licenses. CONTRACTOR shall obtain, and shall maintain throughout the term of this Agreement, at CONTRACTOR'S sole expense, all necessary permits, licenses, inspections, and approvals required for CONTRACTOR to perform all the work and services agreed to be performed by CONTRACTOR pursuant to this Agreement. CONTRACTOR shall show proof of such permits, licenses, or approval and shall demonstrate compliance with the terms and conditions of such permits, license, or approvals upon request of COUNTY.

## Article 26. Independent CONTRACTOR

26.01 In the performance of services pursuant to this Agreement, CONTRACTOR shall be an independent contractor and not an officer, agent, servant or employee of COUNTY. CONTRACTOR shall have exclusive control of the details of the services and work performed and over all persons performing such services and work. CONTRACTOR shall be solely responsible for the acts and omissions of its officers, agents, employees, contractors and subcontractors, if any. Neither CONTRACTOR nor its officers, employees, agents, contractors or subcontractors shall obtain any right to retirement benefits, workers compensation benefits, or any other benefits which accrue to COUNTY employees. CONTRACTOR expressly waives any claim it may have or acquire to such benefits.

## Article 27. Default of Agreement

27.01 Termination. COUNTY may cancel this Agreement, except as otherwise provided below in this Article, by giving CONTRACTOR thirty (30) calendar days advance written notice, to be served as provided in Article 34.05, upon the occurrence of any one of the following events:

27.01.1 Insolvency. CONTRACTOR takes the benefit of any present or future insolvency statute, or makes a general assignment for the benefit of creditors, or files a voluntary petition in bankruptcy (court) or a petition or answer seeking reorganization or readjustment of its indebtedness under the federal bankruptcy laws or under any other law or statute of the United States or any state thereof, or consents to the appointment of a receiver, trustee or liquidator of all or substantially all of its property; or

27.01.2 Bankruptcy. By order or decree of a Court, CONTRACTOR is adjudged bankrupt or an order is made approving a petition filed by any of its creditors or by any of the stockholders of CONTRACTOR, seeking reorganization or readjustment of its indebtedness under the federal bankruptcy laws or under any law or statute of the United States or of any state thereof, provided that if any such judgment or order is stayed or vacated within sixty (60) calendar days after the entry thereof, any notice of default shall become null, void and of no effect, unless such stayed judgment or order is reinstated in which case, said default shall be deemed immediate; or

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2666                    27.01.3        Receivership. By, or pursuant to, or under the authority of any  
2667 legislative act, resolution or rule or any order or decree of any Court or governmental board,  
2668 agency or officer having jurisdiction, a receiver, trustee or liquidator takes possession or control  
2669 of all or substantially all of the property of CONTRACTOR, and such possession or control  
2670 continues in effect for a period of sixty (60) calendar days; or

2671                    27.01.4        Refusal to pay liquidated damages. CONTRACTOR has  
2672 defaulted, by failing or refusing to pay in a timely manner the liquidated damages or other  
2673 monies due COUNTY and said default is not cured within thirty (30) calendar days of receipt of  
2674 written notice by COUNTY to do so; or

2675                    27.01.5        Final Judgment Unsatisfied. CONTRACTOR has defaulted by  
2676 allowing any final judgment for the payment of money to COUNTY stand against it unsatisfied  
2677 and said default is not cured within thirty (30) calendar days of entry of judgment or receipt of  
2678 written notice by COUNTY to do so, whichever date occurs earlier; or

2679                    27.01.6        Failure to Perform. CONTRACTOR has failed or refused to  
2680 perform or observe the terms, conditions or covenants in this Agreement, including satisfactory  
2681 compliance with the requirements of the service levels prescribed herein, or any of the rules and  
2682 regulations promulgated by COUNTY pursuant thereto or has wrongfully failed or refused to  
2683 comply with the instructions of the Contract Administrator relative thereto and; said default is not  
2684 cured within thirty (30) calendar days of receipt of written notice by COUNTY to do so; or, if by  
2685 reason of the nature of such default, the same cannot be remedied within thirty (30) calendar  
2686 days following receipt by CONTRACTOR of written demand from COUNTY to do so,  
2687 CONTRACTOR fails to commence the remedy of such default within said thirty (30) calendar  
2688 days following such written notice or having so commenced, fails thereafter to diligently pursue  
2689 a cure to the default.

2690                    27.02 Performance Bond or Letter of Credit. In the event that the monies due  
2691 COUNTY under Article 27.01.4 above or an unsatisfied final judgment under Article 27.01.5  
2692 above is the subject of a judicial proceeding, COUNTY may, at its option call the performance  
2693 bond or letter of credit, or hold CONTRACTOR in default of this Agreement. All bonds shall be  
2694 in the form acceptable to the COUNTY Attorney; or

2695                    27.03 Burden of Proof. In any dispute concerning failure to remedy or diligence in  
2696 pursuing a cure, CONTRACTOR shall have the burden of proof to demonstrate: (a) that the  
2697 default cannot be cured within thirty (30) calendar days, and (b) that it is proceeding with  
2698 diligence to cure said default, and such default will be cured within a reasonable period of time.

2699                    27.04 Interim Collection Services. In the event CONTRACTOR fails to provide  
2700 Collection Services for a period of three (3) consecutive Work Days, on the fourth (4th) Work  
2701 Day, COUNTY may secure CONTRACTOR'S equipment, records and other property used or  
2702 useful in providing Collection Services under this Agreement in order to provide interim  
2703 Collection Services until such time as the matter is resolved and CONTRACTOR is again able  
2704 to perform pursuant to this Agreement. If CONTRACTOR is unable for any reason or cause to  
2705 resume performance at the end of thirty (30) calendar days all liability of COUNTY under this  
2706 Agreement to CONTRACTOR shall cease and this Agreement may be deemed terminated by  
2707 COUNTY, and COUNTY shall retain equipment, records and other property used in providing  
2708 Collection Services on an interim basis until COUNTY has made other suitable arrangements  
2709 for the provision of Collection Services, which may include award of this Agreement to another  
2710 contractor.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

27.05 Business Records. In the event that the Agreement is terminated, CONTRACTOR shall furnish COUNTY with immediate access to all of its business records related to its Customer and billing accounts for Collection Services.

27.06 Violations. Notwithstanding the foregoing and as supplemental and additional means of termination of this Agreement under this Article, in the event CONTRACTOR'S record of performance shows CONTRACTOR has frequently, regularly or repetitively defaulted in the performance of any of the covenants and conditions required herein to be kept and performed by CONTRACTOR in the opinion of COUNTY, and regardless of whether CONTRACTOR has corrected each individual condition of default, CONTRACTOR shall be deemed a "habitual violator". If CONTRACTOR is deemed a habitual violator in the opinion of COUNTY, CONTRACTOR shall be deemed to have waived the right to any further notice or grace period to correct, and all of said defaults shall be considered cumulative and collectively shall constitute a condition of irredeemable default. COUNTY shall thereupon issue CONTRACTOR a final warning citing the circumstances. Any single default by CONTRACTOR of whatever nature, subsequent to the occurrence of the last of said cumulative defaults, shall be grounds for immediate termination of this Agreement. A history of liquidated damages imposed pursuant to Article 24 may be used as a basis for deeming CONTRACTOR as a habitual violator. Any failure by COUNTY to have imposed liquidated damages where applicable shall not prevent COUNTY from considering CONTRACTOR'S underlying failures in any determination by COUNTY that CONTRACTOR shall be deemed as a habitual violator. In the event of any default, COUNTY may terminate this Agreement upon final, written notice of cancellation to CONTRACTOR, to be effective upon the date specified in COUNTY'S written notice to CONTRACTOR. All contractual fees due, plus any and all charges and interest, shall be payable to said date, and CONTRACTOR shall have no further rights. Immediately upon the specified date in such final notice, CONTRACTOR shall cease any further performance under this Agreement.

27.07 Effective Date. In the event of any of the events specified above, and except as otherwise provided in this Article, termination shall be effective upon the date specified in COUNTY'S written notice to CONTRACTOR and upon said date this Agreement shall be deemed immediately terminated and upon such termination all liability of COUNTY under this Agreement to CONTRACTOR shall cease, and COUNTY shall have the right to call the performance bond or letter of credit and shall be free to negotiate with other contractors for the Services specified in this Agreement. For failure to perform under the terms of this Agreement, CONTRACTOR shall reimburse COUNTY all direct and indirect costs of providing interim Collection Services.

27.08 Immediate Termination. COUNTY may terminate this Agreement immediately upon written notice to CONTRACTOR in the event CONTRACTOR fails to provide and maintain the performance bond or letter of credit as required by this Agreement, CONTRACTOR fails to obtain or maintain insurance policies and/or endorsements as required by this Agreement, or CONTRACTOR fails to provide the proof of insurance as required by this Agreement.

**27.09 Termination Cumulative.** COUNTY'S right to terminate this Agreement is cumulative to any other rights and remedies provided by law or by this Agreement.

## Article 28. Assignment

28.01 No assignment of this Agreement or any right occurring under this Agreement shall be made in whole or in part by CONTRACTOR without the express written consent of

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

COUNTY. COUNTY shall have full discretion to approve or deny, with or without cause, any proposed or actual assignment by CONTRACTOR. Any assignment of this Agreement made by CONTRACTOR without the express written consent of COUNTY shall be null and void and shall be grounds for COUNTY to declare a default of this Agreement and immediately terminate this Agreement by giving written notice to CONTRACTOR. Upon the date of such notice, this Agreement shall be deemed immediately terminated. Upon such termination all liability of COUNTY under this Agreement to CONTRACTOR shall cease. COUNTY shall have the right to call the performance bond or letter of credit and shall be free to negotiate with other contractors, or any other person or company for the service which is the subject of this Agreement. In the event of any assignment approved by COUNTY, the assignee shall fully assume all the duties, responsibilities and liabilities of CONTRACTOR set forth in this Agreement.

28.02 The use of a subcontractor to perform services under this Agreement shall not constitute delegation of CONTRACTOR'S duties provided that CONTRACTOR has received prior written authorization from the Contract Administrator to subcontract such services and the Contract Administrator has approved a subcontractor who will perform such services. CONTRACTOR shall be responsible for directing the work of CONTRACTOR'S subcontractors and any compensation due or payable to CONTRACTOR'S subcontractor shall be the sole responsibility of CONTRACTOR. The Contract Administrator shall have the right to require the removal of any approved subcontractor for reasonable cause.

28.03 For purposes of this Article when used in reference to CONTRACTOR, "assignment" shall include, but not be limited to (i) a sale, exchange or other transfer of at least fifty-one percent (51%) of CONTRACTOR'S assets dedicated to service under this Agreement to a third party; (ii) a sale, exchange or other transfer of outstanding common stock of CONTRACTOR to a third party provided said sale, exchange or transfer results in a change of control of CONTRACTOR (with control being defined as ownership of more than fifty percent (50%) of CONTRACTOR'S voting securities); (iii) any dissolution, reorganization, consolidation, merger, re-capitalization, stock issuance or re-issuance, voting trust, pooling agreement, escrow arrangement, liquidation, subcontracting or lease-back payments, or other transaction which results in a change of control of CONTRACTOR; (iv) any assignment by operation of law, including insolvency or bankruptcy, making assignment for the benefit of creditors, writ of attachment for an execution being levied against this Agreement, appointment of a receiver taking possession of CONTRACTOR'S property, or transfer occurring in the event of a probate proceeding; and (v) any combination of the foregoing (whether or not in related or contemporaneous transactions) which has the effect of any such transfer or change of control of CONTRACTOR.

28.04 CONTRACTOR acknowledges that this Agreement involves rendering a vital service to COUNTY'S residents and businesses, and that COUNTY has selected CONTRACTOR to perform the services specified herein based on (i) CONTRACTOR'S experience, skill and reputation for conducting its Solid Waste Collection Services in a safe, effective and responsible fashion, at all times in keeping with applicable environmental laws, regulations and best Solid Waste Collection Service practices, and (ii) CONTRACTOR'S financial resources to maintain the required equipment and to support its indemnity obligations to COUNTY under this Agreement. CONTRACTOR acknowledges that COUNTY has relied on each of these factors, among others, in choosing CONTRACTOR to perform the services to be rendered by CONTRACTOR under this Agreement.

## Article 29. Indemnities, Insurance, Bonds

### 29.01 Insurance.

#### 29.01.1 Coverage Requirements. Without limiting its Indemnities,

CONTRACTOR will secure and maintain insurance coverage meeting the following requirements. CONTRACTOR may use a combination of primary and excess insurance coverage to satisfy these requirements. If CONTRACTOR fails to fully satisfy the Coverage Requirements set forth in this Article 29, CONTRACTOR agrees that it shall be liable for any loss, injury, damage, attorney's fees or defense costs, or expenses, that the COUNTY incurs that would have been insurable under the required coverages, if such coverages were obtained. CONTRACTOR further agrees that any failure of the COUNTY to verify the placement and continued existence of all insurance required under this Article 29, or the COUNTY'S knowledge that such requirements are not fully satisfied, shall not be considered a waiver of such requirements, or in any way alter CONTRACTOR'S obligations to provide such coverages, unless the Coverage Requirements have been amended in a writing properly executed by both the COUNTY and CONTRACTOR.

CONTRACTOR further agrees that the General Liability Insurance, Pollution Liability Insurance, and Automobile Liability Insurance required within Article 29 shall each include provisions, either by blanket endorsement(s), or by specific endorsement(s), satisfying the following requirements to be documented pursuant to section 29.01.4.2:

- "The County of Monterey, and its agents, officers, and employees" shall be an additional insured under an ISO CG 2010 11/85 form, or a functional equivalent;

- all such insurance shall include a waiver of any subrogation rights of that insurer against "The County of Monterey, and its agents, officers, and employees"; and

- all such insurance shall contain provisions that the insurance is primary and non-contributing with any other insurance or self-insurance programs maintained by the County of Monterey, and its agents, officers, and/or employees.

CONTRACTOR further agrees that the General Liability Insurance, Pollution Liability Insurance, and Automobile Liability Insurance required within this Article 29 shall each include provisions that make the CONTRACTOR responsible for the payment of any deductible or self-insured retention such that the County of Monterey and its agents, officers, and employees shall be entitled to a dollar-one defense and indemnity as additional insureds.

In addition, to the extent that any primary or excess liability policy issued to CONTRACTOR with limits of liability in excess of the minimum limits stated below provides coverage to an additional insured to the extent required by contract, this contract shall be construed to obligate CONTRACTOR to obtain additional insured protection for the COUNTY under that/those policy(ies).

29.01.1.1 General Liability Insurance written on ISO policy form CG 00 01 (occurrence) or its equivalent (and not CG 00 02 claims made) with limits of not less than the following:

- General Aggregate: \$6 million

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

- 2842                   • Products/Completion Operations Aggregate:     \$6 million
- 2843                   • Personal and Advertising Injury:                     \$5 million
- 2844                   • Each Occurrence:   \$5 million

2845   The general liability policy must provide contractual liability  
2846 coverage for CONTRACTOR'S Indemnities under Section 29.02, by endorsement, schedule or  
2847 other documentation, if necessary to provide coverage.

2848   29.01.1.2     Pollution Legal Liability Coverage with a limit of not less than  
2849 \$ 50 million per occurrence, including any deductible or self-insured retention, covering loss  
2850 (including cleanup costs) that CONTRACTOR becomes legally obligated to pay as a result of  
2851 claims for bodily injury, property damage, and cleanup costs (including expenses required by  
2852 environmental laws or incurred by federal, state, or local governments or third parties) that arise  
2853 or are alleged to arise from pollution conditions related to CONTRACTOR'S performance of its  
2854 obligations under this AGREEMENT, including the loading, unloading, or transportation of  
2855 cargo/waste, and including a defense for all such claims. For the purpose of this subsection,  
2856 "pollution conditions" includes the dispersal, discharge, release, or escape of any solid, liquid,  
2857 gaseous or thermal irritant or contaminant (such as smoke, vapors, soot, fumes, acids, alkalis,  
2858 toxic chemicals, medical waste, and waste materials) into or upon land, any structure on land,  
2859 the atmosphere, or any watercourse or body of water (including groundwater), provided the  
2860 conditions are not naturally present in the environment in the amounts or concentrations  
2861 discovered.

2862 The liability coverage for pollution must provide contractual liability coverage, by endorsement  
2863 or schedule, if necessary, for CONTRACTOR'S Indemnities.

2864   29.01.1.3     Automobile Liability Coverage

- 2865                   • written on ISO policy forms CA 00 12 pr CA 00 20 (or their equivalent)  
2866                   with a limit of liability not less than \$10 million for each accident,  
2867                   including any deductibles or self-insured retentions;
- 2868                   • endorsed to delete the pollution and/or the asbestos exclusion and  
2869                   include pollution liability (using form CA 99 48 or its equivalent) for  
2870                   accidental spills and discharges while transporting and/or processing  
2871                   materials, unless such coverage is otherwise provided under the  
2872                   Pollution Legal Liability Coverage; and
- 2873                   • covering all Vehicles (any auto).

2874 If CONTRACTOR is subject to federal regulations, CONTRACTOR also will maintain any other  
2875 coverage necessary to satisfy state or federal financial responsibility requirements.

2876   29.01.1.4     Workers' Compensation and Employers' Liability  
2877 insurance providing workers' compensation benefits required by the California Labor Code  
2878 or by any other state labor law, and for which CONTRACTOR is responsible, and  
2879 Employers' Liability coverage with limits of not less than the following:

- 2880                   • Each accident:   \$1 million
- 2881                   • Disease - policy limit:   \$1 million
- 2882                   • Disease - each employee:                                     \$1 million

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

29.01.1.5 Blanket Crime Coverage including limits of not less than twenty-five million dollars (\$25 Million) for incidents of employee theft covering losses of Customer service charges received from Customers and held by Contractor prior to remittance of Contractor payment obligations therefrom to County, with the County to be a Loss Payee under such coverage, to the extent that its interests may appear or be affected.

If CONTRACTOR fails to secure and maintain any insurance required by this Agreement, at its sole option COUNTY may secure and maintain that insurance at its expense and CONTRACTOR will pay COUNTY the COUNTY'S reimbursement costs therefore. This remedy is in addition to COUNTY'S right to declare a Default and terminate the Agreement under Article 27.

29.01.2 Insurer Qualifications. CONTRACTOR will secure insurance provided by an insurer that is acceptable to the COUNTY, is an admitted company in California, has a size category of VII or larger by A.M. Best Company, Inc., and has a rating of A or better by A.M. Best Company, Inc. unless COUNTY provides written authorization to amend this requirement.

29.01.3 Insurance Coverage Requirements for Subcontractors. For each subcontractor performing Collection Services, CONTRACTOR shall be responsible for determining, and for providing evidence to the COUNTY upon its request, that either: 1) CONTRACTOR is maintaining insurance required by this Section protecting CONTRACTOR and COUNTY interests against liabilities caused by the acts, errors or omissions of the subcontractor, or 2) the subcontractor is maintaining that insurance itself.

29.01.4 Evidence of Coverage. CONTRACTOR will provide endorsements, schedules and other evidence of coverage with respect to CONTRACTOR and any subcontractor requested by and acceptable to the COUNTY, 1) on or before the Agreement execution date, 2) Promptly upon renewal of policies, and 3) within ten (10) Work Days of COUNTY'S request.

29.01.4.1 Certificates of Insurance. CONTRACTOR will provide certificates (or other evidence of coverage) containing at a minimum, the following information with respect to CONTRACTOR and any subcontractor:

(1) Agreement name: explicitly identify this Agreement (for example, UNDER DESCRIPTION OF OPERATIONS), and if necessary to secure contractual liability coverage as an "insured contract" or otherwise, include a schedule or endorsement that specifically identifies this Agreement;

(2) Types, policy numbers, policy effective / expiration dates and limits: explicitly reference each type and corresponding limit of coverage required under this Agreement, together with identification of each required ISO policy form or confirmation of its equivalency to ISO policy forms required under this Agreement (such as "auto liability ISO form CA 00 12"). Where the Agreement does not require a specific ISO policy form, the certificate of insurance must specifically reference the required type of coverage (such as "pollution liability" under TYPE OF INSURANCE – OTHER) together with a summary description of its coverage (such as "pollution conditions caused by transported cargo" under SPECIAL PROVISIONS);

(3) Thirty (30) days' cancellation notice: contain the express condition that COUNTY must be given written notice by mail at least thirty (30) days in advance of cancellation for all policies evidenced on the certificate of insurance. Endorsements cannot contain mere

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

"best effort" modifiers or relieve the insurer from its responsibility to give that notice and the CANCELLATION information on the certificate of insurance must delete language such as "failure to do so shall impose no obligation or liability of any kind upon the insurer, its agents or representatives;"

(4) Deductibles and self-insured retentions: identify any deductible and self-insured retention. Upon COUNTY request, CONTRACTOR will reduce any self-insured retention as it applies to any COUNTY or provide a letter of credit, certificate of deposit or other financial assurance acceptable to COUNTY guaranteeing payment of all retained losses and related costs and expenses related to investigations, claims administrations, and legal defense. The letter of credit or certificate of deposit must be provided by a bank satisfactory to COUNTY; and

(5) Claims made: if any insurance coverage is written on a claims-made form (such as pollution liability), evidence that the "retro date" is before the Agreement execution date. CONTRACTOR must maintain that coverage for at least five (5) years after the termination date. Promptly upon COUNTY request, CONTRACTOR must provide COUNTY with evidence of that coverage. THIS PROVISION SURVIVES THE TERMINATION OF THIS AGREEMENT. CONTRACTOR shall continue to be responsible for having the COUNTY designated as an additional insured on all such policies.

29.01.4.2 Endorsements. CONTRACTOR must provide copies of the following endorsements or other documentation with respect to CONTRACTOR and any Subcontractor satisfactory to COUNTY; 1) additional insured endorsement to each liability policy, explicitly adding COUNTY and its "officers, agents, and employees" as additional insured; 2) waiver of subrogation; and 3) insurance is primary and not contributing with any other Insurance or self-insurance programs maintained by COUNTY and its officers and employees.

29.01.4.3 Schedules. CONTRACTOR must provide schedules or other evidence including, but not limited to, General Liability Insurance Policy form language that liability policies of CONTRACTOR and any Subcontractor provide contractual liability coverage for indemnities, such as listing this Agreement as an "insured contract."

29.01.4.4 Signature verification. At COUNTY'S request, CONTRACTOR must provide documentation verifying that the individual signing or countersigning the certificates, policies, endorsements, or other evidence of coverage of CONTRACTOR and any subcontractor is authorized to do so and identifies his or her company affiliation and title. COUNTY may require complete copies of CONTRACTOR'S insurance policies at any time.

29.01.5 Notice of claims. If any Person makes a claim against CONTRACTOR or any subcontractor exceeding the amount of any deductibles or self-insured retentions, CONTRACTOR will promptly notify COUNTY of the claim.

29.02 CONTRACTOR Indemnity, Defense and Release.

29.02.1 General. CONTRACTOR shall indemnify, defend, and hold harmless the COUNTY, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting or alleged to be occurring or resulting, to any and all persons, firms or corporations furnishing or supplying work,

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

2971 services, materials, or supplies in connection with the CONTRACTOR'S performance of its  
2972 obligations under this AGREEMENT, and from any and all claims, liabilities, and losses  
2973 occurring or resulting or alleged to be occurring or resulting, to any person, firm, or corporation  
2974 for damage, injury, or death arising out of or connected with the CONTRACTOR'S performance  
2975 of its obligations under this AGREEMENT, unless such claims, liabilities, or losses arise out of  
2976 the sole negligence or willful misconduct of COUNTY. "CONTRACTOR'S performance"  
2977 includes CONTRACTOR'S action or inaction and the action or inaction of CONTRACTOR'S  
2978 officers, employees, agents and subcontractors.

2979 Notwithstanding anything to the contrary in the forgoing provision, the indemnity obligations of  
2980 CONTRACTOR herein shall not in any way extend to indemnifying and/or defending the  
2981 COUNTY for or against any claim, liability, damages, liens, penalties, or any costs or obligations  
2982 whatsoever arising from, or related to, the COUNTY'S setting of rates or fees under this  
2983 Agreement in connection with Proposition 218, Article XIIC and Article XIID of the California  
2984 Constitution. However, CONTRACTOR shall indemnify and/or defend the COUNTY in any and  
2985 all cases where CONTRACTOR has initiated a request for a rate or fee increase, which is  
2986 approved by the COUNTY Board of Supervisors and the COUNTY is named as a party in any  
2987 such claim, and/or administrative or litigation action.

2988                   29.02.2       Reimbursement of Enforcement Costs. If CONTRACTOR fails to  
2989 pay any Indemnities and that failure results in any costs to COUNTY, within fifteen (15) days of  
2990 COUNTY'S request, CONTRACTOR will pay COUNTY'S reimbursement costs for those costs.

2991                   29.02.3       Indemnity From Employee Dishonesty. If any payments received  
2992 by CONTRACTOR from Customers are lost, embezzled, or are otherwise improperly diverted  
2993 as a result of the dishonesty of any employee of CONTRACTOR, before CONTRACTOR  
2994 delivers the required remittance to the COUNTY from such payments, then CONTRACTOR  
2995 shall not be relieved of its responsibility to make such remittances to the COUNTY, and  
2996 CONTRACTOR shall indemnify and make whole the COUNTY from any such losses

2997                                   **Article 30. Performance Bond.**

2998                   30.01 Performance Bond. CONTRACTOR shall furnish, and keep current during the  
2999 term of this Agreement, a performance bond to ensure performance of this Agreement and each  
3000 and every condition of this Agreement in a form acceptable to COUNTY no more than thirty (30)  
3001 days after execution of this Agreement. The performance bond shall be equal to Five Million  
3002 Dollars (\$5,000,000) and remain in force for the duration of this Agreement. The premium for  
3003 the bond described above shall be paid by CONTRACTOR. The Surety or Sureties shall be a  
3004 company or companies satisfactory to COUNTY and shall be duly authorized to conduct  
3005 business in the State of California.

3006                   30.02 Letter of Credit. As an alternative to the performance bond required by Section  
3007 30.01, CONTRACTOR may provide for the issuance of an irrevocable standby letter of credit in  
3008 the amount of Five Million Dollars (\$5,000,000) by a bank approved by COUNTY in its sole  
3009 discretion (the "Bank"), for the benefit of COUNTY. The letter of credit must authorize the  
3010 beneficiary COUNTY to draw, in one or more drawings, not less than Five Million Dollars  
3011 (\$5,000,000) at the sole discretion of COUNTY.

3012                   30.02.1       THIS SECTION WILL SURVIVE THE TERMINATION OF THE  
3013 AGREEMENT. The form of the letter of credit, including the procedures for and place of

demand for payment and drawing certificate attached thereto, must be in a form acceptable to COUNTY. The letter of credit must be transferable to any successor or assign of COUNTY.

## Article 31. COUNTY Right to Perform Service

**31.01 Right to Perform.** In the event CONTRACTOR, for any reason whatsoever, fails, refuses, or is unable to Collect, transport, or Dispose of any or all Solid Waste, Recyclables, Green Waste, Bulky Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and/or Construction and Demolition Debris which is required by this Agreement, at the time and in the manner provided in this Agreement, for a period of more than forty-eight (48) hours, and if, as a result thereof, any or all of these materials should accumulate in COUNTY to such an extent, in such a manner, or for such a time that COUNTY should find that such accumulation endangers or menaces the public health, safety, or welfare or upon CONTRACTOR default as set forth in Article 27, then COUNTY shall have the right, even if CONTRACTOR is not in breach of this Agreement, but not the obligation, upon twenty-four (24) hours prior written notice to CONTRACTOR during the period of such emergency as determined by COUNTY, (i) to perform, or cause to be performed, such services itself with its own or other personnel and equipment without liability to CONTRACTOR; and/or (ii) to take possession of any or all of CONTRACTOR owned equipment or licensed equipment and utilize other property owned by CONTRACTOR used or useful in the Collection, transportation, and Disposal or processing of Solid Waste, Recyclables, Green Waste, Christmas Trees, Bulky Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and/or Construction and Demolition Debris and to use such property to Collect, transport, and Dispose any Solid Waste, Recyclables, Green Waste, Christmas Trees, Bulky Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and/or Construction and Demolition Debris generated within the Service Area which CONTRACTOR would otherwise be obligated to Collect, transport, and properly Dispose or process pursuant to this Agreement. In such an event, CONTRACTOR shall immediately make available to COUNTY a listing and description, including street names, of all Collection Service Collection routes.

**31.02 CONTRACTOR'S Notice.** Notice of CONTRACTOR'S failure, refusal, or neglect to Collect, transport, and properly Dispose or process Solid Waste, Recyclables, Green Waste, Christmas Trees, Bulky Items, Universal Waste, E-Waste, CED's, Used Oil and Used Oil Filters and/or Construction and Demolition Debris may be given verbally by telephone to CONTRACTOR at its principal office and shall be effective immediately. Written confirmation of such verbal notification shall be sent to CONTRACTOR within twenty-four (24) hours of the verbal notification.

**31.03** CONTRACTOR further agrees in such event:

**31.03.1** It will take direction from COUNTY to effect the transfer of possession of equipment and property to COUNTY for COUNTY'S use.

**31.03.2** It will, if COUNTY so requests, keep in good repair and condition all of such equipment, provide all such equipment all with fuel, oil, and other service, and provide such other service as may be necessary to maintain said property in operational condition.

**31.03.3** Subject to any labor agreements then in effect, COUNTY may immediately engage all or any personnel necessary or useful for the Collection and transportation of Solid Waste, Recyclables, Green Waste, Christmas Trees, Bulky Items,

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

Construction and Demolition Debris and/or other materials, including, if COUNTY so desires, employees previously or then employed by CONTRACTOR. CONTRACTOR further agrees, if COUNTY so requests, to furnish COUNTY the services of any or all management or office personnel employed by CONTRACTOR whose services are necessary or useful for the provision of Collection Services and for the billing and Collection of fees for these services.

31.03.4 COUNTY agrees it assumes complete responsibility for the proper and normal use of such equipment and facilities while in its possession.

31.03.5 If the interruption or discontinuance in service is caused by reason of Force Majeure as described herein, COUNTY shall pay to CONTRACTOR the reasonable rental value of equipment, possession of which is taken by COUNTY, for the period of COUNTY'S possession, if any, which extends beyond the period of time for which CONTRACTOR has rendered bills in advance of service, for the class of service involved. In any other circumstance where COUNTY provides service under this Article, COUNTY shall have no liability to CONTRACTOR and COUNTY will have all of the other remedies available to it under this Agreement or by law.

31.04 Temporary Possession of CONTRACTOR'S Equipment and Personnel. If COUNTY suffers an interruption or discontinuance of service, COUNTY may take possession of and use all of CONTRACTOR'S equipment and personnel described above until other suitable arrangements can be made for the provision of Collection Services which may include the grant of a franchise to another company.

31.05 Billing and Compensation to COUNTY During COUNTY'S Possession. During such time as COUNTY is providing Collection Services, as above provided, CONTRACTOR shall bill and collect payment from all users of the above-mentioned services. CONTRACTOR further agrees that, in such event, it shall reimburse COUNTY for any and all costs and expenses incurred by COUNTY in taking over possession of the above-mentioned equipment and property for Collection Services in such manner and to an extent as would otherwise be required of CONTRACTOR under the terms of this Agreement. Such reimbursement shall be made from time to time after submission by COUNTY to CONTRACTOR of each statement listing such costs and expenses, but in no event later than five (5) Work Days from and after each such submission.

31.06 COUNTY'S Right to Relinquish Possession. It is further mutually agreed COUNTY may, at any time, at its discretion, relinquish possession of any or all of the above-mentioned equipment or personnel to CONTRACTOR and thereupon demand CONTRACTOR resume Collection Services as provided in this Agreement, whereupon CONTRACTOR shall be bound to resume the same.

31.07 COUNTY'S Possession Not a Taking. COUNTY'S exercise of its rights under this Article (i) does not constitute a taking of private property for which compensation must be paid; (ii) will not create any liability on the part of COUNTY to CONTRACTOR; and (iii) does not exempt CONTRACTOR from the indemnity provisions of this Agreement, which are meant to extend to circumstances arising under this Section, provided CONTRACTOR is not required to indemnify COUNTY against claims and damages arising from the sole negligence of COUNTY, its elective and appointive boards, commissions, officers, employees, agents and volunteers in the operation of Collection Service vehicles during the time COUNTY has taken possession of such Collection Service vehicles.

3102           31.08 Duration of COUNTY'S Possession. COUNTY'S right pursuant to this Article to  
3103 retain temporary possession of CONTRACTOR'S facilities and equipment and to render  
3104 Collection Services shall terminate when COUNTY determines such services can be resumed  
3105 by CONTRACTOR, or when COUNTY no longer reasonably requires such property or  
3106 equipment. In any case, COUNTY has no obligation to maintain possession of  
3107 CONTRACTOR'S property or equipment and/or continue its use for any period of time and may  
3108 at any time, in its sole discretion, relinquish possession to CONTRACTOR.

## 3109                           Article 32. Strikes and Similar Labor Actions

3110           32.01 Strikes. In the event of a strike or similar labor action, but not including a lockout  
3111 as set forth in Section 32.02 below, whereby employees of CONTRACTOR refuse to perform  
3112 work for CONTRACTOR at normally anticipated levels or efficiency (a "strike") which affects the  
3113 ability of CONTRACTOR to provide Collection Services within the Service Area in accordance  
3114 with this Agreement, the following guidelines shall apply:

3115                   32.01.1       In conjunction with the execution of this Agreement,  
3116 CONTRACTOR has discussed with COUNTY a strike contingency plan. From time to time  
3117 during the term of this Agreement, CONTRACTOR and COUNTY shall meet to discuss changes  
3118 to the strike contingency plan.

3119                   32.01.2       Within twelve (12) hours of notification to CONTRACTOR by labor  
3120 that it has authorized a strike, CONTRACTOR shall notify Contract Administrator, by phone and  
3121 email.

3122                   32.01.3       Within three (3) Work Days of a strike, if CONTRACTOR is not  
3123 providing Collection Services in accordance with normal scheduled pick ups, CONTRACTOR  
3124 shall meet with COUNTY to develop a strike implementation plan.

3125                   32.01.4       Within five (5) Work Days of a strike, if CONTRACTOR is not  
3126 providing Collection Services in accordance with the normal schedules and volumes set forth in  
3127 this Agreement, or the schedules and volumes in the agreed-upon strike implementation plan, if  
3128 such plan has been agreed to by COUNTY, COUNTY shall have the right, but not the  
3129 obligation, to bring in outside forces to provide Collection Services which are not being provided  
3130 by CONTRACTOR and charge CONTRACTOR for the reasonable direct and indirect expenses  
3131 (including administrative and overhead) incurred by COUNTY in this regard.

3132                   32.01.5       Within ten (10) Work Days of a strike, CONTRACTOR is to use  
3133 commercially reasonable efforts to bring in alternate work forces and provide Collection  
3134 Services in accordance with the normal schedules and volumes set forth in this Agreement, or  
3135 the schedules and volumes in the agreed-upon strike implementation plan, if such plan has  
3136 been agreed to by COUNTY.

3137                   32.01.5.1   In the event CONTRACTOR'S alternate work force is unable  
3138 to provide Collection Services in accordance with the normal schedules, volumes and routing  
3139 set forth in this Agreement, or the schedules, volumes and routing in the agreed-upon strike  
3140 implementation plan, if such plan has been agreed to by COUNTY, COUNTY shall have the  
3141 right, but not the obligation, to bring in outside forces to provide Collection Services which are  
3142 not being provided by CONTRACTOR and charge CONTRACTOR for the reasonable direct and  
3143 indirect expenses (including administrative and overhead) incurred by COUNTY in this regard.

3144                   32.01.6       In the event COUNTY elects to retain its own work force,  
3145 COUNTY shall discuss the alternatives with CONTRACTOR before retaining such work force.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

Once COUNTY retains its own work force, COUNTY shall periodically, but not more often than weekly, invoice CONTRACTOR for the reasonable direct and indirect expenses of retaining such outside services and CONTRACTOR shall reimburse COUNTY for such expenses within ten (10) Work Days of invoice. COUNTY shall have the right to charge CONTRACTOR interest on invoices which are unpaid after ten (10) Work Days at the rate of one and one half (1.5%) percent per month (not compounded).

32.01.6.1 In the event of a strike, regardless of when and what level a replacement work force is deployed by CONTRACTOR, CONTRACTOR shall not be subject to liquidated damages for the first ten (10) Work Days following the actual strike.

32.01.7 After thirty (30) calendar days, if there is a continuing failure to perform Collection Services, such failure to perform shall be considered a default under Article 27 and COUNTY can cancel this Agreement between COUNTY and CONTRACTOR. In such an event, COUNTY shall not waive its right to seek damages from CONTRACTOR for any increase in cost of Collection incurred by COUNTY as a result of the breach of this Agreement by CONTRACTOR and the consequential election by COUNTY to cancel this Agreement and move forward with Collection Services alternatives.

32.02 Lockout. The provisions of Section 32.01 shall not apply in the event of a lockout by CONTRACTOR. During such lockout period, CONTRACTOR shall be required to comply with all requirements of this Agreement and shall be subject to all provisions of this Agreement for non-compliance without exception and specifically including liquidated damages and default.

### Article 33. Transition to Next CONTRACTOR

33.01 Transition. In the event CONTRACTOR is not awarded an agreement to continue to provide Collection Services following the expiration or early termination of this Agreement, CONTRACTOR shall cooperate fully with COUNTY and any subsequent contractors to assure a smooth transition of Collection Services described in this Agreement. Such cooperation shall include but not be limited to transfer of computer data, files and tapes; providing routing information, route maps, vehicle fleet information, and list of SFD, MFD and Commercial Customers; providing a complete inventory of all Cans, Carts, Bins, Compactors, and Roll-off Containers; providing adequate labor and equipment to complete performance of all Collection Services required under this Agreement; taking all actions necessary to remove or, to the extent required under the terms of this Agreement, transfer ownership of Cans, Carts, Bins, Compactors, and Roll-Off Containers as appropriate to COUNTY; including transporting such containers to a location designated by the Contract Administrator; coordinating Collection of materials set out in new Containers if new Containers are provided for a subsequent Agreement and providing other reports and data required by this Agreement.

### Article 34. General Requirements

34.01 Successors and Assigns. This Agreement will inure to the benefit of and be binding on the successors and permitted assigns of the parties hereto. The parties understand and agree that any Assignment of this Agreement shall be subject to Article 28 of this Agreement.

34.02 Compliance with Laws, Regulations, Ordinances and JPA Agreement. CONTRACTOR hereby agrees to abide with all applicable federal, state, and local laws, ordinances, and regulations. It is understood by CONTRACTOR that COUNTY has enacted local ordinances and is a member of two JPA's which have executed JPA Agreements for

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

3190 affecting a refuse control program. It is the responsibility of CONTRACTOR to become familiar  
3191 with such federal and state laws and regulations and local ordinances and the JPA Agreements.  
3192 The parties understand and agree that if any provision of federal or state law, local ordinances  
3193 or the JPA Agreements are in conflict with this Agreement, state and federal laws and  
3194 regulations, and local ordinances shall be the governing factor in regard to performance of this  
3195 Agreement. COUNTY and CONTRACTOR agree that COUNTY has made a good faith effort to  
3196 incorporate all material requirements of the current JPA Agreements into the provisions of this  
3197 Agreement. In the event future changes or additions to state or federal laws or regulations, or  
3198 local ordinances, or the JPA Agreements affect the performance of Collection Services as set  
3199 forth in this Agreement, such changes or additions shall be considered modifications to this  
3200 Agreement as set forth in Article 22 of this Agreement.

3201         34.03 Nondiscrimination. CONTRACTOR hereby agrees to abide by all local, state and  
3202 federal laws and regulations pertaining to discrimination in employment including that no person  
3203 shall, on the grounds of race, creed, color, disability, sex, sexual orientation, national origin,  
3204 age, religion, political affiliations or any other non-merit based factors, be subject to  
3205 discrimination under this Agreement.

3206         34.04 Access to Records. CONTRACTOR shall permit access to its records of  
3207 employment, employment advertisements, application forms, and other pertinent data or  
3208 records relating to CONTRACTOR'S obligation under this Agreement, by the Fair Employment  
3209 Practices Commission, to COUNTY or any appropriate employee, department, or agent  
3210 designated by the Fair Employment Practices Commission or by COUNTY respectively, for the  
3211 purpose of investigating Contractor's compliance with the California Fair Employment Practices  
3212 Act in connection with this Agreement.

3213         34.05 Notices. Any and all notices to be given under this Agreement, or which any  
3214 party may desire to give to another, shall be in writing. Said notices shall be deemed to have  
3215 been duly given on the date of personal delivery to the other party's place of business as  
3216 designated below, as may be changed from time to time by written notice, or during regular  
3217 business hours on the date of facsimile to the parties specified below, or on the third day  
3218 following deposit in the mail in the County of Monterey, California, said deposit to be by  
3219 registered or certified mail, return receipt requested, postage prepaid, and addressed as set  
3220 forth below. In the case of a notice of communication by facsimile, the facsimile shall be sent to  
3221 the number specified below and a written copy shall be mailed or personally delivered within  
3222 three (3) Work Days of the transmittal of the facsimile.

3223         34.05.1         If to CONTRACTOR, notices required to be given by COUNTY to  
3224 CONTRACTOR will be deemed received by CONTRACTOR upon being deemed "delivered"  
3225 according to the provisions of this Section. Notice of Breach by COUNTY to CONTRACTOR  
3226 may be given to CONTRACTOR verbally or by telephone at the principal office if confirmed in  
3227 writing and delivered in person or by facsimile by noon the following day.

3228         34.05.2         Notice to CONTRACTOR shall be addressed to the following  
3229 addresses, as indicated:

3230 Name:         District Manager  
3231 Company:       Carmel Marina Corporation  
3232 Address:       11240 Commercial Parkway, Castroville, CA 95012  
3233 Telephone:     831-796-2296  
3234 Facsimile:     831-632-0491

3235 and

3236 Name: Vice President and Group General Counsel  
3237 Company: Waste Management  
3238 Address: 7025 N. Scottsdale Road #200, Scottsdale, AZ 85253  
3239 Telephone: 480-624-8473  
3240 Facsimile: 832-668-3141

3241 34.05.3 If to COUNTY, to the name and address as indicated below:

3242 Name: Director of Health  
3243 Company: Monterey County  
3244 Address: 1270 Natividad Road, Room 5C, Salinas, CA 93906  
3245 Telephone: 831-755-4525  
3246 Facsimile: 831-755-4797

3247 and

3248 Name: Deputy County Counsel  
3249 Company: Monterey County  
3250 Address: 168 W. Alisal St. 3<sup>rd</sup> Floor, Salinas, CA 93901  
3251 Telephone: 831-755-5045  
3252 Facsimile: 831-755-5283

3253 34.05.4 Either party may designate a different mailing address or a  
3254 different facsimile number or telephone number by providing written notice to the other party as  
3255 provided in this Section.

3256 34.05.5 Notice by COUNTY to CONTRACTOR of a missed pick-up or a  
3257 Customer problem or complaint may be given to CONTRACTOR verbally, by telephone at  
3258 CONTRACTOR'S local office with written confirmation sent by facsimile or U.S. mail within  
3259 twenty-four (24) hours of the verbal notification.

3260 34.06 Severability. Should any article(s) or section(s), or any part thereof, later be  
3261 deemed unenforceable by a court of competent jurisdiction, the remainder of this Agreement  
3262 shall remain in full force and effect.

3263 34.07 No Use of COUNTY Name. CONTRACTOR will not do business as or use a  
3264 corporate, partnership, venture or other formal name, containing the name of COUNTY or  
3265 implying government ownership.

3266 34.08 Entire Agreement; Incorporation of Exhibits. This document incorporates and  
3267 includes all prior negotiations, correspondence, conversations, agreements, and understandings  
3268 applicable to the matters contained in this Agreement. The parties understand and agree that  
3269 there are no commitments, agreements, or understandings concerning the subject matter of this  
3270 Agreement that are not contained or referred to in this document. Accordingly, it is agreed that  
3271 no deviation from the terms of this Agreement shall be predicated upon any prior  
3272 representations or unreferenced agreements, whether verbal or written. This Agreement and  
3273 Exhibits 1-11, attached hereto and incorporated by this reference as though fully set forth herein  
3274 represent the entire agreement of COUNTY and CONTRACTOR with respect to the services to  
3275 be provided under this Agreement. No prior written or verbal statement or proposal shall alter  
3276 any term or provision of this Agreement.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

---

3277           34.09 Modification, Amendment or Rescission. This Agreement may be amended,  
3278 modified, or rescinded by a written agreement between CONTRACTOR and COUNTY which is  
3279 executed by their authorized representatives.

3280           34.10 Parties in Interest. Nothing in this Agreement, whether express or implied, is  
3281 intended to confer any rights on any persons other than the parties and their representatives,  
3282 successors, and permitted assigns.

3283           34.11 Advice of Counsel/Negotiated Agreement. Each of the parties has received the  
3284 advice of legal counsel prior to signing this Agreement. The parties understand and agree that  
3285 no provision or provisions of this Agreement may be subject to any rule of construction based  
3286 upon any party being considered the party "drafting" this Agreement.

3287           34.12 Interpretation. This Agreement shall be interpreted and construed reasonably in  
3288 light of the whole Agreement, and shall not be construed either strictly for or against either party,  
3289 regardless of the degree to which either party participated in its drafting.

3290           34.13 Headings and Font. Any caption or heading in this Agreement which  
3291 incorporates Exhibits 1-11 is for convenience of reference and does in any way control or affect  
3292 the scope, intent, meaning, construction, interpretation or effect of this Agreement. Any  
3293 underlined, italicized, bold-faced, upper captioned or other font style is for ease of reading and  
3294 contract administration and does not in any way imply relative importance or unimportance of  
3295 any provision of this Agreement.

3296           34.14 Waiver. Waiver of any term or condition contained in this Agreement by any  
3297 party to this Agreement shall be in writing and shall not be construed as a waiver of a  
3298 subsequent breach or failure of the same term or condition or a waiver of any other term or  
3299 condition contained in the Agreement. The subsequent acceptance by COUNTY of any fee,  
3300 tax, or any other monies which become due from CONTRACTOR to COUNTY shall not be  
3301 deemed to be a waiver by COUNTY of any breach or violation of any term, covenant, or  
3302 condition of this Agreement.

3303           34.15 Incorporation of Recitals. The Recitals to this Agreement are hereby  
3304 incorporated into this Agreement.

## 3305                                   Article 35. Effective Date

3306           35.01 This Agreement shall become effective at such time as it is properly executed by  
3307 COUNTY and CONTRACTOR and CONTRACTOR shall begin Collection Services, as covered  
3308 herein, in the Service Area, as set forth in Exhibit 5, commencing on November 1, 2010.

## 3309                                   Article 36. Execution Of Agreement

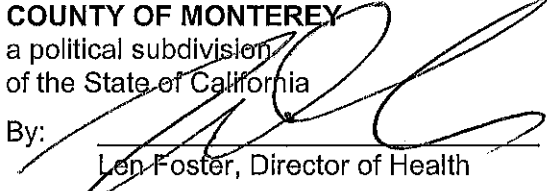

3310           36.01 Execution in Counterparts. This Agreement may be signed in any number of  
3311 original counterparts. All counterparts will constitute but one and the same Agreement.

### 3312           36.02 Authority to Execute.

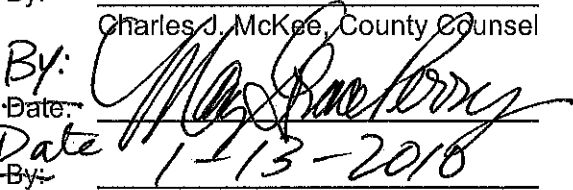

3313                   36.02.1           COUNTY warrants that its officers listed below have been duly  
3314 authorized to execute this Agreement on its behalf.

3315                   36.02.2           CONTRACTOR warrants that the individuals listed below have  
3316 been duly authorized to execute this Agreement on behalf of CONTRACTOR.

Exhibit 1 Approved Rates and Charges

Effective November 1, 2010

The Board of Supervisors may amend the Rates, whereupon the amended Rates will automatically be deemed to apply to this Agreement without any further action. CONTRACTOR is deemed to have knowledge of applicable law, including such Rate resolutions or ordinances of the County Board. However, for convenience of administering this Agreement the Parties may from time to time amend this Attachment by attaching the most recent dated current Rate resolution or ordinance to this Attachment.

In addition, in accordance with Section 13.22 of this Agreement, if Customer requests Collection Services at a container capacity and/or Collection frequency not provided in the Rates adopted by the Board of Supervisors, following COUNTY Board approval of the Contractor Service Fee Component of that Rate, CONTRACTOR may charge Customer that Rate agreed upon with Customer.
