## Exhibit 2 Refuse Rate Index

3400  
3401

3402 The "Refuse Rate Index" adjustment shall be calculated in the following manner:

3403 The expenses of the Collection Services for the designated fiscal period shall be prepared in the  
3404 format set forth in the Operating Cost Statement - Description on the following page of this  
3405 Exhibit.

3406 2. The expenses of the Collection Services shall be broken down into the following six (6)  
3407 cost categories: Labor; Diesel Fuel; Vehicle Replacement; Vehicle Maintenance, All Other and  
3408 Disposal. Each cost category is assigned a weighted percentage factor on that cost category's  
3409 proportionate share of the total of the costs shown for all cost categories.

3410 3. The following five (5) indices published by the United States Department of Labor,  
3411 Bureau of Labor Statistics (BLS), and the actual change in the Disposal Facility Tip Fee are  
3412 used to calculate the adjustment for each cost category. The change in each index and the Tip  
3413 Fees is calculated on a twelve-month fiscal period in accordance with the terms of the  
3414 Agreement. In the event any index is discontinued, a successor index shall be selected by  
3415 COUNTY. Successor indices shall be those indices that are most closely equivalent to the  
3416 discontinued indices as recommended by the BLS.

3417	<u>Cost Category</u>	<u>Index</u>
3418	Labor	Series ID: ceu6056210008 Service-Producing Industries
3419	Diesel Fuel	Series ID: wpu057303 #2 Diesel Fuel
3420	Vehicle Replacement	Series ID: wpu141301 Truck and bus bodies sold separately
3421	Vehicle Maintenance	Series ID: pcu336211336211 Industrial truck and trailer mfg.
3422	All Other	Series ID: cuura422sa0 Consumer Price Index, All Urban
3423		Consumers, All Items – Bay Area
3424	Disposal	The actual tip fee charged to the CONTRACTOR by the MRWMD
3425		and/or SVSWA Disposal Facility.

3426 4. The percentage weight for each cost category is multiplied by the change in each  
3427 appropriate index to calculate a weighted percentage for each cost category. The weighted  
3428 percentage changes for each of the first five (5) cost categories are added together to calculate  
3429 the Collection component of the Refuse Rate Index. The appropriate Disposal component of  
3430 the RRI is then added to the Collection component to calculate the RRI. While the Collection  
3431 component of the RRI uses the same indices for all rates, the Disposal component uses  
3432 different indices for; 1) SFD, MFD and Commercial Cart Rates; 2) MFD Bin, Commercial Bin,  
3433 Roll-off, and Large Venue Events Rates for Customers within the MRWMD boundaries; and 3)  
3434 MFD Bin, Commercial Bin, Roll-off, and Large Venue Events Rates for Customers within the  
3435 SVSWA boundaries. (see example).

(7) the default or failure of Guarantor to fully perform any of its obligations set forth in this Guaranty;

(8) the bankruptcy, insolvency, or similar proceeding involving or pertaining to Contractor or County, or any order or decree of a court, trustee or receiver in any proceeding;

**18. COUNTERPARTS.** The Guarantor may sign this Guaranty in any number of counterparts, some of which may not bear the signature of Guarantor. When signed and delivered, each counterpart is deemed to be an original and all of counterparts, taken together, will constitute one and the same instrument. In pleading or proving this Guaranty, County need not produce more than one copy (or sets of copies) bearing the signature of The Guarantor.

**20. SEPARATE SUITS.** Each and every default by Contractor under the Agreement gives rise to a separate cause of action under this Guaranty, and County or its assigns may bring separate suits under this Agreement as each cause of action arises.

## Exhibit 4 Transition Plan

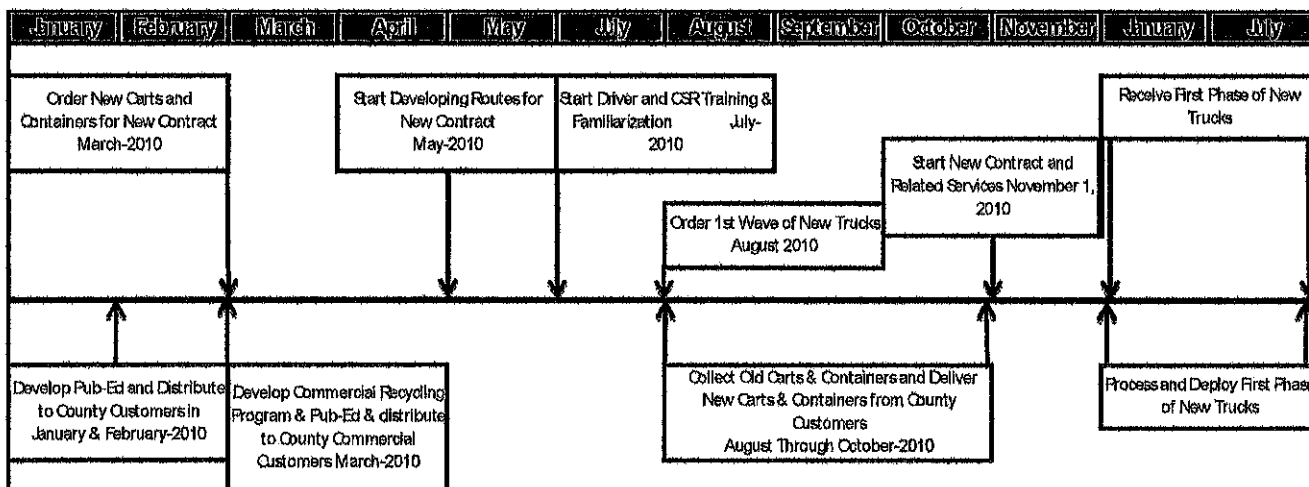

USA Waste of California Inc., dba Carmel Marina Corporation (CMC), a Waste Management company, has extensive experience in the successful implementation of new services for both residential and commercial accounts. While price and service are extremely important in the County's selection process, equally important is the contractor's ability to implement a new program quickly and effectively to maximize results. CMC is primed to meet these requirements.

We take the challenge of completing a smooth implementation very seriously. Based on the depth of experience and the skilled expertise of our team, our first task will be to ensure a problem-free transition for both customers and the County. CMC has a library of tested and effective customer information pieces to communicate new and changing programs effectively.

To implement the start of services, we have selected a team of specialists with an in-depth knowledge of launching and servicing comprehensive contracts such as Monterey County. Their leadership in administration, operations, maintenance, personnel training, and public education will ensure that the new program launches without any disruption of service to customers or inconvenience to County staff.

Much of the planning and preparation for the transition tasks detailed will be completed "behind the scenes", far in advance of the County start date of November 1, 2010. In fact, we propose to begin the cart exchange as early as August 1, 2010 so that unified service is in place countywide on November 1, 2010. Key transition steps will be initiated immediately following the final award of the contract to ensure that all steps are in place for the start up of services.

### Early Start Timeline

### Prior to Start of Collection Services/Transition Services

Carmel Marina Corporation (CMC) believes a well-organized and well-orchestrated approach is key to the success of new service initiation. As soon as the contract is awarded, we will begin working with County staff for approval and implementation on all the steps required to initiate a smooth transition.

- 3523 1. Review and collaborate with County staff a transition timeline of all key elements.
- 3524 2. Schedule meetings with CMC team and County staff.
- 3525 3. Equipment Procurement and Delivery Plan.
- 3526 4. Public Education, Compliance and Customer Engagement Plan.
- 3527 5. CMC New and Current Employee Plan.
- 3528 6. Billing and Finance Plan.

3529 **Timeline Detailing Major Key Elements**

3530 As the current service provider, CMC is prepared to initiate new cart swaps in Monterey County  
3531 months in advance of the November 1, 2010 contract start date. We believe we have the team  
3532 in place and the working relationship with County staff to successfully expedite the transition.  
3533 We also believe having unified, countywide service in place by the November 1, 2010 start date  
3534 will contribute to increased County diversion rates and reduced carbon emissions. The sample  
3535 timeline on the previous page provides a general idea of the tasks that need to be completed  
3536 and at what time we anticipate beginning and ending each task.

3537 In addition to the timeline, CMC will conduct an extensive and very detailed review of the  
3538 contract and its associated tasks and deadlines. A more detailed implementation plan will be  
3539 developed in collaboration with the County to identify duties and assignments. As the current  
3540 hauler, we know the importance of addressing each customer group's unique container needs  
3541 to make sure their service requirements are met.

3542 **Scheduled Meetings with CMC and County Staff**

3543 CMC is fortunate to employ a team of managers with extensive experience in the  
3544 implementation of new programs.

3545 The Implementation Team will meet weekly from the time the contract is signed until a month  
3546 past the actual contract start date to address any and all issues that arise. It should be noted  
3547 that County staff would be encouraged to attend these meetings.

3548 At each meeting there will be detailed meeting notes taken detailing the progress and or barriers  
3549 that may arise during the implementation stage. The meeting notes will be given to County staff  
3550 if unable to attend on a weekly basis. CMC will make all possible efforts to keep County staff  
3551 informed, updated and aware of each smoothly implemented transition in the entire  
3552 Unincorporated County.

3553 **Equipment Procurement and Delivery**

3554 **Truck ordering /delivery**

3555 After the Unified Franchise Agreement is reached, CMC will order the required trucks from their  
3556 manufacturers based on the terrain of the County. These trucks will take approximately six  
3557 months from order date to delivery. CMC will phase in nineteen (19) new collection vehicles and  
3558 six new support vehicles between January 1, 2011 and July 30, 2011, and over the following  
3559 four years, CMC will phase in the remaining 20 new collection vehicles as older trucks reach

3560 their mileage limit. All of the new Collection trucks will run on BioDiesel B-20, a clean-burning,  
3561 low emissions fuel.

3562 Upon receipt, each vehicle will be customized with approved signage and graphics. Drivers will  
3563 be trained on the vehicles in the yard prior to test drives on county roads. In fact, County staff  
3564 will be notified in advance of the extra trucks on the road during the current Western and  
3565 Northeastern Franchise Agreements. Each truck will be inspected for safety and tested on the  
3566 roads of varying terrain of Monterey County. Once the trucks are ready to be deployed, CMC  
3567 will set up a time with County staff to inspect the trucks and approve their use.

3568 CMC has identified the necessary trucks and believes the November 2010 timeline for  
3569 implementation is achievable.

#### 3570 **Carts**

3571 The carts for the Single-Stream Refuse, Recycling, and Green Waste will be purchased through  
3572 Cascade. The Cascade EcoCart is made from 40% recycled content and is designed to function  
3573 optimally with both semi- and fully-automated systems. Considered by many to be the finest  
3574 carts manufactured today, CMC purchases Cascade carts for the following reasons:

3575       ▪ Cascade carts are one of the most durable carts in the industry; and unlike many cross -  
3576 link plastic carts; Cascade carts are **fully recyclable** when their useful life is done.

3577       ▪ Cascade uses post-consumer recycled plastic in their manufacturing process.

3578       ▪ Cascade carts have wonderful in-molded graphics that provide weather resistant, clear  
3579 and concise instructions to the customer.

3580       ▪ **Manufacturer will deliver the carts and remove existing carts for recycling.**

#### 3581 **Single-Family Containers**

3582 CMC will send a letter to every Monterey County resident within the current jurisdictions of the  
3583 Western and Northeastern boundaries notifying them of the size, rate and frequencies of service  
3584 and asking them to select the size and quantity of each materials cart. A response card and  
3585 return envelope will be enclosed with a deadline of 3-4 weeks prior to the cart swap. In addition,  
3586 a designated phone line for customer inquiries and responses will be provided. In the case that  
3587 there is no response, CMC will default the cart size specified in the agreement of (1) 35g for  
3588 refuse, (1) 64g for recycle and (1) 64g for green waste. All carts will be identified by the hauler's  
3589 name and include our toll-free phone number. In addition, the carts' interior lids will be clearly  
3590 labeled with the County-provided language, in both English and Spanish, pertaining to  
3591 Household Hazardous Waste and recyclable containers.

3592 The manufacturing period is three months from order to delivery. Cascade will coordinate the  
3593 manufacturing, shipment and neighborhood delivery program with our oversight, to all  
3594 residential customers. We will provide route sheets, special service instructions and a direct line  
3595 to a route manager to ensure the carts are delivered properly and the old carts are removed and

Unincorporated Monterey County

3596 recycled if not reusable. We have found that it is better for us to focus on the collection aspects  
3597 of the implementation. Complete cart delivery will take place over a 12-week period.

3598 **Multi-Family and Commercial Containers**

3599 CMC will be refurbishing a portion of existing metal containers, and purchasing some new steel  
3600 and plastic containers. CMC will coordinate the exchange of old bins and carts with freshly  
3601 painted containers that will feature labels displaying the hauler's name and toll-free customer  
3602 service telephone number. This will provide for a seamless transition to a new collection system  
3603 and the customer will not be left without a place to put their materials.

3604 CMC will be sending a letter to every Monterey County Multi-family and Commercial customer  
3605 within the current jurisdictions of the Western and Northeastern boundaries notifying them of the  
3606 size, rate and frequencies of service and asking them to select the size and quantity of each  
3607 container. CMC will be delivering the new containers to all Multi-Family and Commercial  
3608 customers based on the proposed expedited schedule.

3609 **Roll-Off Containers**

3610 CMC will be refurbishing existing metal roll-off containers, and purchasing new metal containers  
3611 as needed, based on the new size offerings in the agreement. CMC will coordinate the  
3612 exchange of old containers with freshly painted bins which will feature labels displaying Waste  
3613 Management's name, toll-free customer service telephone number and the number of the Bin.  
3614 This will provide for a seamless transition to a new collection system and the customer will not  
3615 be left without a place to put their materials.

3616 CMC will be sending a letter to every Monterey County industrial valued customer within the  
3617 current jurisdictions of the Western and Northeastern boundaries notifying them of new  
3618 recycling program, the size, rate and frequencies of service and asking them to select the size  
3619 and quantity of each container. CMC will be delivering the refurbished and new containers as  
3620 needed to all industrial customers prior to the start of services based on their needs.

3621 **Public Education Plan and Outreach Activities**

3622 We look forward to working closely with the County on the design and implementation of new  
3623 outreach materials. CMC knows that effective public education and promotion are crucial  
3624 components to increasing resident and business participation in new services.

3625 Our public outreach and education efforts will go well beyond the requirements listed in the new  
3626 collection services contract. Our approach is designed to "jump-start" additional diversion  
3627 through the kick-off of new programs, early diversion implementation with the early start date  
3628 proposal and to diligently pursue ongoing awareness activities.

3629 CMC will work with County staff to ensure all customers will receive advanced information on all  
3630 the County's new services through a special mailing prior to the start-up of the program. Our  
3631 comprehensive outreach efforts will be carefully analyzed and updated to guarantee successful  
3632 long-term diversion programs.

3633 **Procedures for Submitting Public Information Material to the County for Approval**

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

3634 Good communication and accountability is key to the success of any contractual relationship. To  
3635 ensure a high level of communication between CMC and Monterey County, CMC will establish  
3636 clear communication procedures for developing public education pieces.

3637 When developing new public information pieces, CMC will first submit the text to the County for  
3638 approval. Once the County and CMC have agreed on the language for a piece, CMC will  
3639 develop draft artwork for County approval. Once this approval has been received, CMC will  
3640 move ahead with the finalizing of the public information pieces.

3641 CMC views this contract as an opportunity to partner with the County of Monterey to perform  
3642 public education services. We will work with the County, as a partner, throughout the life of the  
3643 contract. All public information pieces will be submitted to the County for review. Our proposed  
3644 County review period is five working days; however, we would be happy to work with the County  
3645 to develop another schedule, as appropriate.

3646 **Public Education Timeline**

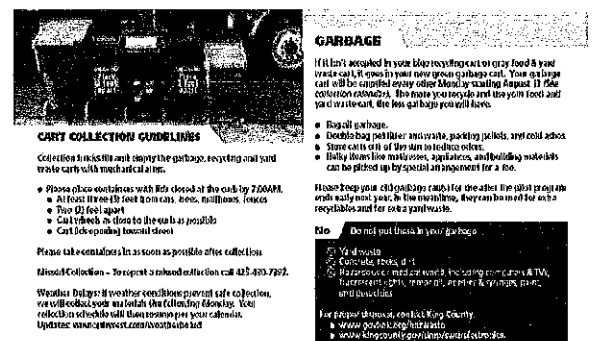

3647 **The following is the list of public education milestones that will be implemented.**

3648       ▪ Starting in the First Quarter of 2010, CMC will conduct commercial and multifamily  
3649 customer visits to determine what amounts of garbage may still be recycled, the correct

3651 service needs.

3729       new commercial program postcard  
3731       announcing the delivery of their new  
3733       containers and reminding commercial  
3735       customers of the new services under the  
3737       contract.
- 3739       ▪ During the "start-up" phase, CMC will provide  
3741       additional customer service phone lines to  
3743       accommodate customer questions, service  
3745       level change requests, container requests,  
3746       and other service inquiries to ensure the utmost customer engagement, satisfaction and  
3747       feedback.
- 3748       ▪ On an ongoing basis, reminder tags will be used to remind customers about garbage  
3749       and recycling guidelines.
- 3750       ▪ The week before collection service begins CMC will use our outbound dialing system to  
3751       remind customers of the start of the new programs.

**3752 Commercial and Multifamily Customer Audits**

3753 Beginning in Q1 2010, CMC will begin visiting commercial and multi-family customers in the  
3754 unincorporated portion of Monterey County. Visits by the CMC Recycling Program Team will  
3755 insure the following:

- 3756       ▪ Each customer understands the change in service.
- 3757       ▪ Each customer is aware of the new programs being offered.
- 3758       ▪ Each customer's current service levels for garbage and recycling meets their needs.
- 3759       ▪ Locations of all containers and enclosure spaces are mapped for future use.
- 3760       ▪ Each customer understands the economic opportunities for recycling more waste.
- 3761       ▪ The necessary containers are in place at the start of the contract.

3762 This initial auditing of commercial and multifamily accounts will provide the County with valuable  
3763 data on the amount of material that is still available to be recycled. These visits will be timed  
3764 specifically to provide the County with the information it needs to create the most effective public  
3765 education campaign possible. CMC will assist the County in any way possible to design such a  
3766 campaign.

**3767 Training**

3768 The cart exchange will require education and training of supervisors, drivers, dispatch and  
3769 customer service staff on the roll-out and any new procedures. All staff will be trained on  
3770 acceptable (and unacceptable materials) and about the details of the transition period.  
3771 Fortunately, CMC's parent company, Waste Management, has extensive experience with these  
3772 transition programs, most recently in neighboring Alameda County.

3773 As the current provider, we are fortunate to have a dedicated team of drivers who are very  
3774 familiar with the service areas in the current Western and Northeastern areas. We will,  
3775 however, ensure that all drivers are properly trained in the new trucks and routes before they  
3776 are transitioned to the streets of Monterey County.

3777 Customers will continue to receive the highest level of service to which they are accustomed  
3778 because there will be minimal route changes to implement the new unified service.

**3779 Billing Services Plans**

3780 As the existing service provider, only CMC can ensure that there will be a transparent transition  
3781 of billing services in Monterey County's new Unified Franchise Agreement.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

3782 Transitioning to a new service provider can create  
3783 numerous challenges, giving rise to customer complaints.  
3784 Customers are especially sensitive to any errors on their  
3785 billing. Fortunately, using our existing billing methodology,  
3786 CMC's billing services will continue uninterrupted during the  
3787 transition with no inconvenience to the customer.

3788 For the purpose of reporting and tying back key data, our  
3789 billing department will be implementing a "fresh" Unified  
3790 customer database specific to the County Agreement to  
3791 ensure all fees, monthly, quarterly and annual reporting will  
3792 meet all expectations of the requirements of the new  
3793 Agreement. The information will be used to generate cart  
3794 and bin customer invoices according to the contract  
3795 parameters.

3796 Customers will also be notified of the option to either make  
3797 payments through the mail, credit cards, electronic fund  
3798 transfer, and the internet or by walking in to any one of  
3799 CMC's following payment locations:

3824 In the customer engagement mailers requesting their preferred level of service, CMC will also  
3825 include a section to update any current information that is in the existing database. When CMC  
3826 is in receipt of the responses all old customer information will be updated. We will also provide  
3827 this information to the County so that it can update its parcel data.

3864 performance bond for \$5,000,000.00 Dollars within 30 days of the execution date of this  
3865 agreement.
- 3866 CMC recognizes that successful transitions require the immediate execution of specific tasks,  
3867 as well as a great deal of, communication, planning and coordination in preparation for the  
3868 provision of the services required by a new agreement. Even though CMC may be the current  
3869 service provider CMC treats any new agreement as a fresh opportunity to provide innovative  
3870 world class services to our customers. In anticipation of reaching a formal Unified Franchise  
3871 Agreement with Monterey County for the provision of Solid Waste Services, CMC has the  
3872 following transition tasks staged for immediate execution.
- 3873 1. Obtain Certificate of Insurance and provide original copy to County on or before the  
3874 Execution Date of this Unified Franchise Agreement.
- 3875 2. Obtain \$5,000,000.00 Performance Bond and provide original copy to County within 30

3882 trucks required. CMC will provide the service vehicle inventory and New Truck build  
3883 status to the County before September 1, 2010. CMC also provided the County with an  
3884 estimated schedule for the replacement of trucks through the initial term of the  
3885 agreement. Delivery of the first 25 new trucks will be staggered between January 1,  
3886 2011 and July 30 2011.
- 3887 5. Letters of Commitment for the carts initially required by the new Unified Franchise  
3888 Agreement was secured as part of CMC's RFP submission, once the Agreement is

3889 reached, CMC will execute orders with our manufacturer for the new carts required for  
3890 the November 1, 2010 startup of services. This will ensure that the new carts arrive early  
3891 enough to allow time to prepare the new carts for delivery, collect the existing old carts in  
3892 the field and deliver the new carts to all customers. CMC has a commitment from our  
3893 cart delivery team to complete initial deployment of new carts in 8 weeks. In order to  
3894 ensure a successful deployment and allow a cushion to complete all aspects of the  
3895 delivery plan, CMC has planned 12 weeks, starting the beginning of August, to  
3896 accomplish this part of the transition. Once the delivery plan is finalized, CMC will  
3897 provide a copy of the plan to the County prior to implementation.

3898 In order for CMC to develop a comprehensive competitive proposal for submission to the  
3899 County, all aspects of providing the Solid Waste Services requested by the County  
3900 were reviewed and in some cases hypothetical situations were developed and analyzed  
3901 to establish an accurate cost to provide certain services. Being the current service  
3902 provider to the County, along with the development of these new hypothetical situations,  
3903 has given CMC a head start on the Development of Routes Route Maps and a number  
3904 of other items the County may require. This enhances CMC's ability to provide items  
3905 required by the Unified Franchise Agreement on or before scheduled deadlines. New  
3906 Route Maps will be provided to the County a minimum of 90 Days prior to the  
3907 commencement of services.

3908 6. As the current provider of Solid Waste Services to Monterey County, CMC is familiar  
3909 with all of the County's requirements and procedures for collecting, hauling, measuring,  
3910 processing and reporting the materials collected in the County, as well as Billing  
3911 customers for all services provided. This makes it easier for CMC to develop Waste  
3912 Assessment Protocols and New Billing Invoices to submit to the County for approval  
3913 prior to their respective April 1, 2010 and September 1, 2010 deadlines.

3914 7. Over the years that CMC has provided Solid Waste Services to Monterey County, CMC  
3915 has worked extensively with the County in the development of Public Education  
3916 Materials, much of which CMC has accumulated to date. CMC intends to use a  
3917 combination of the Pub-Ed materials developed to date and newly developed Pub-Ed  
3918 Materials, for the New Agreement's Public Education & Outreach Plan, to be submitted  
3919 to the County on or before July 1, 2010. CMC will also use some of these materials in  
3920 the development of the initial Collection Service Notice that will be sent to all customers  
3921 in the First quarter of 2010.

3922 8. Once the new service agreement is reached, CMC local management will select a  
3923 Service Supervisor to assign to the County. The Name of the County's assigned Service  
3924 Supervisor will be provided to the County on or before October 1, 2010.

Unified Franchise Agreement for the Exclusive Collection of Solid Waste and Recyclables in  
Unincorporated Monterey County

9. As part of the Emergency Backup Plan, submitted along with this transition plan, CMC has provided Emergency Contacts and their Telephone numbers.

10. CMC has completed the development of a Market Area website, which will be available to Monterey County and its customers. Monterey County and its customers will be able to view information related to the services available to them as part of the New Agreement, and will be able to take advantage of other online services such as Bill Payment, Q & A and service requests. This site is currently active and will be updated and available to Monterey and its customers far in advance of the September 1, 2010 deadline.

CMC is prepared to work closely with County Staff to complete all aspects on this transition plan on or before the deadlines specified by the County. In order to stay on Time and on Task, CMC has attached a Transition Action Plan, which will be implemented immediately after a new Unified Franchise Agreement is reached between CMC and The County.

- a. Approve and authorize the Director of Health or the Assistant Director of Health to accept the Grant Award CERI-21-23-26 in the amount of \$617,240 from the California Department of Public Health ("CDPH") as part of the California Equitable Recovery Initiative ("CERI"); and
- b. Authorize the Director of Health or the Assistant Director of Health to sign any agreement, amendments or extensions, and documentation required by CDPH after review and approval by the Office of County Counsel.

#### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Approve and authorize the Director of Health or the Assistant Director of Health to accept the Grant Award CERI-21-23-26 in the amount of \$617,240 from the California Department of Public Health ("CDPH") as part of the California Equitable Recovery Initiative ("CERI"); and
- b. Authorize the Director of Health or the Assistant Director of Health to sign any agreement, amendments or extensions, and documentation required by CDPH after review and approval by the Office of County Counsel.

#### SUMMARY/DISCUSSION:

The Monterey County Health Department (MCHD) has been allocated funds from the California Equitable Recovery Initiative (CERI) as part of a larger Centers for Disease Control and Prevention (CDC) National Initiative to Address COVID19 Health Disparities Among Populations at High-Risk and Underserved, Including Racial and Ethnic Minority Populations and Rural Communities grant. This funding focuses on reducing COVID-19's disparate impact on vulnerable residents by improving data collection, building and expanding infrastructure support for prevention, and mobilizing partners to advance health equity.

MCHD's allocation is for \$617,240 dollars over two years (September 1, 2021 through May 31, 2023). The funds from this grant, managed by the Planning, Evaluation, and Policy (PEP) Unit, will be used to support two health equity co-leads, draft a health equity plan for MCHD, and expand many of our Health in All Policies/Health Equity work including Health Equity Scholars Academy (HESA), Community Civic Engagement Academy (enLACE), and staff supports for implementing racial equity strategies as part of the county's Governing for Racial Equity (GRE) initiative. PEP staff will also create a health equity dashboard for public use on [DatashareMontereyCounty.org](https://DatashareMontereyCounty.org). Any remaining funds will be used to coordinate, administer, and manage the grant and subcontractors.

The overall goal for the project is to establish the equity infrastructure needed to build county capacity

to implement effective health equity strategies, both internally within MCHD as well as throughout Monterey County. There is no question that the inequities highlighted by the pandemic existed well before March of last year. This grant provides an opportunity to focus efforts and strategies on an equitable recovery by addressing the root cause of those injustices.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Initiatives: 1. Empower the community to improve health; 2. Enhance community health and safety through prevention; 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services; and 4. Engage MCHD workforce and improve operational functions to meet current and developing population health needs. It also supports the following of the ten essential public health services, specifically: 1. Monitor health status to identify and solve community health problems; 2. Diagnose and investigate health problems and health hazards in the community; 3. Inform, educate, and empower people about health issues; 4. Mobilize community partnerships and action to identify and solve health problems; 5. Develop policies and plans that support individual and community health efforts; 7. Link people to needed personal health services and assure the provision of health care when otherwise unavailable; 9. Evaluate effectiveness, accessibility, and quality of personal and population-based health services; and 10. Research for new insights and innovative solutions to health problems.

OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel and the Auditor-Controller have reviewed and approved the Award as to form and fiscal provisions, respectively.

FINANCING:

This is a request to accept \$617,240 in COVID-19 Health Disparities grant funding. There is no impact to the General Fund. There are sufficient appropriations in the Health Department's (8438-HEA014) FY 2021-22 Adopted Budget.

Grant Summary

Acceptance Letter

# California Equitable Recovery Initiative (CERI)

*Funded by the National Initiative to Address COVID-19 Health Disparities Among Populations at High-Risk and Underserved, Including Racial and Ethnic Minority Populations and Rural Communities*

## Grant Overview

**Grant Period for Local Assistance:** September 1, 2021 – May 31, 2023

**Purpose of Funding:** To address COVID-19 disparities and advance health equity through strategies, interventions, and services that consider systemic barriers that have put certain groups at higher risk, including disproportionately impacted racial and ethnic groups, rural populations, those experiencing socioeconomic disparities, and other underserved communities.

The overall program aims to strengthen infrastructure and capacity in ways that both address disparities in the current COVID-19 pandemic and set the foundation for equitable recovery through:

- Expanding existing or developing new mitigation and prevention resources and services to reduce COVID-19 related disparities among populations at higher risk and that are underserved.
- Increase and improve data collection and reporting for populations experiencing a disproportionate burden of COVID-19 infection, severe illness, and death to guide the response to the COVID-19 pandemic.
- Build, leverage, and expand infrastructure support for COVID-19 prevention and control among populations that are at higher risk and underserved.
- Mobilize partners and collaborators to advance health equity and address social determinants of health as they relate to COVID-19 health disparities among populations at higher risk and that are underserved.

**Funded Activities:** Local Health Jurisdictions will receive a base level allocation to support equity infrastructure and core activities, including:

1. Establish a dedicated Equity Lead. Funding may also be used to support other equity staff positions and to engage in equity-focused organizational capacity building activities such as equity trainings, embedding equity in organizational policy, and community engagement.
2. Conduct an equity-focused organizational capacity assessment.
3. Contribute to the Statewide Health Equity Plan.
4. Participate in learning community and convenings with other jurisdictions
5. Implement targeted local equity activities (ex: establish multisector teams to address community needs, equity action plans, engage disproportionately impacted communities).

CDPH recognizes that community needs, challenges, and infrastructure are different for each LHJ. The intent is for these resources to be used flexibly in ways that are appropriate for each local context (rural and urban, large and small populations, newly developing equity programs or expanding on current efforts) while building collective capacity and alignment for advancing equity statewide. This grant offers a unique opportunity to focus resources on efforts to address upstream drivers for health and equity efforts. LHJs are encouraged to identify ways to use this funding toward structural and systemic change.

**State Health Equity Plan:** All activities will contribute to the development of a State Health Equity Plan structured in a results-based accountability model. This State Health Equity Plan will support coordination, alignment and learning across all work streams; and define a shared direction toward achieving equitable recovery.

Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (P.L. 116-260, Section 2, Division M, Title III)

Dear Dr. Moreno:

This letter covers the California Equitable Recovery Initiative (CERI) which is being funded by the Centers for Disease Control and Prevention (CDC) *National Initiative to Address COVID-19 Health Disparities Among Populations at High-Risk and Underserved, Including Racial and Ethnic Minority Populations and Rural Communities* grant. Funding for these activities is covered for the period September 1, 2021 to May 31, 2023. The California Department of Public Health (CDPH) is allocating \$ 617,240 to Monterey County. These funds are intended to address COVID-19 and advance health equity (e.g., through strategies, interventions, and services that consider systemic barriers and potentially discriminatory practices that have put certain groups at higher risk for diseases like COVID-19) for disproportionately impacted racial and ethnic groups, rural populations, those experiencing socioeconomic disparities, and other underserved communities within state and local health jurisdictions.

This allocation will be used to implement one or more of four distinct CDC strategies that collectively build upon current investments, better position California to meet COVID-19 response and recovery needs over the next 24 months, and allow the state to prioritize and target resources to those most vulnerable to the impacts of the pandemic. The four CDC strategies are:

1. Expand existing and/or develop new mitigation and prevention resources and services to reduce COVID-19 related disparities among populations at higher risk and that are underserved.
2. Increase/improve data collection and reporting for populations experiencing a disproportionate burden of COVID-19 infection, severe illness, and death to guide the response to the COVID-19 pandemic.
3. Build, leverage, and expand infrastructure support for COVID-19 prevention and control among populations that are at higher risk and underserved.

4. Mobilize partners and collaborators to advance health equity and address social determinants of health as they relate to COVID-19 health disparities among populations at higher risk and that are underserved.

#### **Expanding Resources to Address Equity**

All activities should aim to build infrastructure to address disparities in the current COVID-19 pandemic and set the foundation to address future responses in the following ways:

1. Build infrastructure and organizational capacity – establish core staffing, embed equity into internal policies and practices, such as workforce equity; budgeting and contracting equity; data policy; communications and engagement practices, etc.
2. Leverage strategies and practices aligned with the [COVID-19 Health Equity Playbook for Communities](#)
3. Support prevention and mitigation of disparities in COVID-19 and other health outcomes (direct and secondary impacts of the pandemic)
4. Address structural and/or social determinants of health (housing and homelessness, wraparound services, economic security, schools and childcare, transportation, climate change, isolation support, community safety, etc.)

#### **Funding Levels:**

The base award funding to be distributed among LHJs for local equity infrastructure is \$300,000. Additional funds above base funding will be awarded using a formula-based allocation model (weighted at 40% population size, 30% population living in poverty, and 30% communities of color), with a minimum threshold of \$100,000, to conduct targeted activities to address health disparities in COVID-19 and other health outcomes, with an emphasis on addressing upstream factors.

#### **Funding Term:**

The funding term is September 1, 2021 to May 31, 2023. CDPH plans to evaluate spending at the local level after a ten-month period from the date of this letter. CDPH, in consultation with the California Conference of Local Health Officers and California Health Executives Association of California, will consider options for possible redirection of funds at that time.

The CDC has stated that they will review requests for no-cost-extensions beyond this term in 2023. CDPH will request this option with the goal of allowing LHJs a full two years for implementation of the funding award and will notify LHJs as soon as the CDC provides a response. CDPH will also collaborate with LHJs on exploring options for long term sustainable funding for equity infrastructure.

#### **Funded Activities:**

LHJs will receive a base level allocation to support equity infrastructure and core activities, including:

1. Establish a dedicated Equity Lead (e.g., leadership level role, reporting to the director). Funding may also be used to support other equity staff positions and/or engage in equity-focused organizational capacity building activities such as equity trainings and the development and utilization of equity tools and resources to embed equity in organizational policy and support engagement and shared decision making with communities.
2. Conduct an equity-focused organizational capacity assessment
3. Contribute to the Statewide Health Equity Plan
4. Participate in engagement activities with other LHJs including a learning collaborative/community of practice and one statewide convening

5. Implement targeted local equity activities; examples include establishing multisector teams to address community needs, establishing equity action plans, engagement and relationship building with disproportionately impacted communities

For LHJs receiving base funding only, the priority for this funding is to “Establish a dedicated Equity Lead and/or other equity-focused organizational capacity building activities.” If your organization already has existing staff and organizational capacity funding may be used to expand existing or to initiate new equity activities. Further details about core activities are included in the Work Plan guidelines.

CDPH recognizes that community needs, challenges, and infrastructure are different for each LHJ. The intent is for these resources to be used flexibly in ways that are appropriate for each local context – rural and urban, large and small populations, newly developing equity programs or expanding on current efforts – while building collective capacity and alignment for advancing equity statewide.

This grant offers a unique opportunity to focus resources on efforts to address upstream drivers for health and equity efforts. LHJs are encouraged to identify ways to use this funding toward structural and systemic change.

#### **Statewide Health Equity Plan Process:**

The Statewide Health Equity Plan will leverage a Results Based Accountability model to align state and local performance metrics with shared population results in a common equity framework. This plan will be complimentary to and strategically integrated with [Let's Get Healthy California](#) – the state health improvement plan – and align with the [Office of Health Equity's Portrait of Promise](#) and other racial and health equity initiatives. It will be used to support coordination, alignment, and learning across all work streams and define a shared direction toward achieving equitable recovery. LHJs will be engaged in informing the framework for this shared plan and identifying performance metrics to track progress.

#### **Submission Requirements:**

LHJs are required to complete a Spend Plan and Work Plan by **October 1, 2021** and submit it to the California Department of Public Health at [EquityTeam@cdph.ca.gov](mailto:EquityTeam@cdph.ca.gov). See *Attachments 1 & 2*.

CDPH will commit to review all initial Spend Plan and Work Plan materials within 1-2 weeks of receipt to notify LHJs of any questions or clarifications needed and/or to confirm approval.

Your Agency should consider the following when developing your Spend Plan and Work Plan:

- Staffing: LHJs are encouraged to hire an Equity Officer/Lead or other equity-related staff (1 FTE).
- LHJs are strongly encouraged to engage tribal governments, community-based organizations, and/or faith-based organizations, particularly those with experience with priority populations. There is no explicit cap or percentage that must go to these partners; however, LHJs should meaningfully engage them and enlist their help as appropriate. Community engagement activities to involve relevant groups should be noted in the Work Plan.

- LHJs are encouraged to recruit and give hiring preference to unemployed workers, underemployed workers, and applicants from local communities disproportionately affected by COVID-19, who are qualified to perform the work. In addition, you are encouraged to work with applicants from your community when executing contracts and other services.
- Technical Assistance consultation is available for any LHJs who have questions or would like to discuss strategy for Work Plan and Spend Plan development. Sample duty statements for a range of equity staff roles will be circulated as a resource. Contact [EquityTeam@cdph.ca.gov](mailto:EquityTeam@cdph.ca.gov)

**Work Plan and Spend Plan Revisions:**

- CDPH recognizes that initial Workplans may be more Work Plans and then LHJs will make revisions based on insights garnered from organizational assessment activities and through the contributions of newly hired equity lead staff.
- Work Plan updates that do not result in changes to the focus of activities, but provide greater specificity based on local work underway, may be incorporated in the regular Semi-Annual Progress Report.
- Work Plan and Spend Plan Revisions which do relate to changes in focus of activities or use of funds may be submitted at any time during the grant period to the [EquityTeam@cdph.ca.gov](mailto:EquityTeam@cdph.ca.gov) email inbox.
- Spend Plan revisions which result in a difference of greater than 5% from the original plan must be pre-approved before the expenditures for the associated changes occur.

**Reporting Requirements:**

As a subrecipient of the Addressing COVID-19 Health Disparities Among Populations at High-Risk and Underserved funding, the following reporting documents are required to be submitted to CDPH. For your convenience, your Contract Manager will issue reminders as these dates get closer.

1. Submit quarterly expenditure reports as updates to the Spend Plan following the dates listed in the table below. See *Attachment 1*.
2. Submit semi-annual progress reports on status of timelines, goals, and objectives in the approved Work Plan. Such reports should include note of the tribal governments, community-based organizations, and/or faith-based organizations that the county has included in its efforts. A final report in this format will be required at the end of the grant term. See *Attachment 2*.
3. Submit data relevant to CDC outcome reporting requirements. The CDC has requested data reflecting progress on the identified priority populations for this funding opportunity. As part of the semi-annual progress report, LHJs will be asked to provide updates on selected CDC performance measures, and available data (where applicable) documenting improvements for these populations based on the focus of local interventions.
4. LHJs will also be requested to report on performance measures developed through the State Health Equity Plan process. The interval for this reporting will be determined through the plan process, which will include LHJ input.

### SUMMARY/DISCUSSION:

This Agreement with Benjamin Macasaet DBA New Horizon I Adult Residential Facility is for a retroactive three (3) fiscal year term from July 1, 2021 to June 30, 2024, which renews and updates Agreement A-14000 which termed out on June 30, 2021.

This agreement is late in being presented to your board, and is retroactive to July 1, 2021, because the vendor was unable to obtain insurance as per County Risk Management guidelines. The vendor has since remedied the situation and has been providing access to structured board and care services for up to thirty (30) Adult System of Care clients at New Horizon I during this Q1 of FY 2021. To offset

increased Insurance premium costs to the vendor, the County has negotiated a \$2 per person daily patch increase for this agreement, which adds \$21,900 per year to the total County obligation.

New Horizon I Adult Residential Facility in Salinas, California meets all licensing requirements for Community Care facilities as authorized by the State Department of Social Services. The New Horizon I facility provides care, supervision, and community-based activities that create a normalizing experience for adults with severe psychiatric disabilities, as defined in Section 1502 of the California Health and Safety Code.

Monterey County Behavioral Health has contracted with New Horizon I for a number of years. The services benefit those individuals identified to be in most need of help, such as recently discharged patients from locked facilities. The structured activities of the services are geared to successfully assist the residents to reintegrate back into the community.

This Agreement contains a non-standard insurance provision of claims-based coverage. This Agreement also contains the County's standard 30-day "no cause" provision (Section IV, B) and an additional defunding provision (Section IV, D), which provides the County the ability to amend or terminate the Agreement in the event of a reduction and/or termination of funding.

This work supports the following Monterey County Health Department 2018-2022 strategic plan Initiative: 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7. Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

The office of the County Counsel and Auditor-Controller have reviewed and approved this Agreement as to legal form and fiscal provisions, respectively.

FINANCING:

This Agreement is funded by Realignment revenues. - B. Qualifying Insurers. All coverage, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A-VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by the COUNTY'S Contracts/Purchasing Officer.
- C. Insurance Coverage Requirements. Without limiting CONTRACTOR'S duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:
1. Commercial general liability insurance, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broadform Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.

2. Business automobile liability insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is over \$100,000 or of not less than \$500,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is \$100,000 and less.
  3. Workers Compensation Insurance, if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's liability limits not less than \$1,000,000 each person, \$1,000,000 each accident and \$1,000,000 each disease.
  4. Professional Liability Insurance, if required for the professional service being provided, (e.g., those persons authorized by a license to engage in business or profession regulated by the California Business and Professional Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three (3) years following the expiration or earlier termination of this Agreement.
- D. Other Insurance Requirements. All insurance required by this Agreement shall be with a company acceptable to the COUNTY and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance with the COUNTY'S contract administrator and the COUNTY'S Contracts/Purchasing Office, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Administrator and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Section III (A), for services rendered on or after the effective date of termination, reduction, non-renewal, or cancellation of the insurance coverage maintained by CONTRACTOR, and/or (2) terminate this Agreement pursuant to Section IV.

COUNTY shall identify program revenues for COUNTY funds, and CONTRACTOR shall identify allowable costs and other program revenues as defined in Exhibit B, Section VI, paragraph B of this Agreement, if applicable. The budget shall be the basis for payment reimbursements, cost settlement activities, and audits.
- B. CONTRACTOR shall submit an electronic copy of the Six-(6) Month and the Year-to-Date Budget and Expenditure report by February 15 and by the date specified by the COUNTY, respectively, to the COUNTY using Exhibit I as the template format. - B. Preparation and Submission of Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement in Response to Termination or Cancellation of Agreement. If this Agreement is terminated or canceled prior to June 30th of any fiscal year, CONTRACTOR shall prepare and submit to COUNTY an Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement with the COUNTY for services/activities rendered during the fiscal year(s) for which the CONTRACTOR'S applicable Report(s) is (are) outstanding and shall adhere to the terms and conditions set forth in Exhibit J, if made part of this Agreement. If Exhibit J is not a part of this Agreement, CONTRACTOR shall prepare and submit to COUNTY a cost report and any applicable reports as requested by the COUNTY.
- C. Non-submission of Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement. Failure to submit the Annual Report(s) and/or the CONTRACTOR'S Year-End Cost Report Settlement, described in Section XIV (A), within thirty (30) calendar days after COUNTY'S applicable due date(s) is a breach of this Agreement, which entitles COUNTY, in its sole and absolute discretion, to (1) disallow claim(s) for payment for services/activities rendered during the fiscal year(s) for which the CONTRACTOR'S applicable Report(s) is (are) outstanding, (2) withhold payment(s) for reimbursements payable pursuant to Section III (A) to CONTRACTOR for the current fiscal year by COUNTY to CONTRACTOR, and/or (3) terminate this Agreement pursuant to Section IV. CONTRACTOR shall comply with Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement requirements as set forth in Exhibit J, if Exhibit J is made part of this Agreement.
- D. Cost Report Training. CONTRACTOR shall attend a one-time mandatory cost report training provided by the COUNTY. COUNTY shall provide further training as needed and as required in accordance with changes in the State cost report requirements. CONTRACTOR shall adhere to cost report training requirements and shall comply in accordance with Exhibit J, Section III, if made part of this Agreement.

At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State laws including, but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., the COUNTY or its representative, Federal or State governments may conduct an audit, review or other monitoring procedures of the CONTRACTOR regarding the services/activities provided under this Agreement. The COUNTY or its representative, Federal or State governments shall have the right to inspect any and all books, records, and facilities maintained by CONTRACTOR during normal business hours and without

advance notice to evaluate the use of funds and the cost, quality, appropriateness, and timeliness of services.

- B. Maintenance of Records. CONTRACTOR shall maintain any and all records documenting all services set forth under this Agreement for a period of seven (7) years from the end of the fiscal year in which such services were provided or until three (3) years after final resolution of any audits, CONTRACTOR'S Year-End Cost Report Settlement, State Cost Report Settlement, or appeals, whichever occurs later. CONTRACTOR shall maintain such records in a form comporting with generally accepted accounting and auditing standards and all applicable laws.
- C. Overpayment. If the results of any audit, CONTRACTOR'S Year-End Cost Report Settlement, or State Cost Report Settlement shows that the funds paid to CONTRACTOR under this Agreement exceeded the amount due, then CONTRACTOR shall pay the excess amount to COUNTY in cash not later than thirty (30) calendar days after the COUNTY notifies the CONTRACTOR of such overpayment; or, at COUNTY'S election, COUNTY may recover the excess or any portion of it by offsets made by COUNTY against any payment(s) owed to CONTRACTOR under this or any other Agreement or as set forth in Exhibit J, if made part of this Agreement.
- D. Responsibility for Audit and/or Cost Report Settlement Exceptions. Any and all audit and/or Cost Report Settlement exceptions by COUNTY or any Federal or State agency resulting from an audit and/or Cost Report Settlement of CONTRACTOR'S performance of this Agreement, or actions by CONTRACTOR, its officers, agents, and employees shall be the sole responsibility of the CONTRACTOR.

The term also includes any act of retaliation.

## **EXHIBIT E: ASSURANCE OF COMPLIANCE WITH MONTEREY COUNTY'S CULTURAL COMPETENCY POLICY**

---

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

### **Organizations in a Culturally Competent Service System Promote:**

#### **Quality Improvement**

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

#### **Collaboration**

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

#### **Access**

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

### **Cultural Competent Services:**

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.
- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.

- Have services available in the evening and on weekends to ensure maximum accessibility.
- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Triqui and other languages spoken of Monterey County residents).

### **Definitions for Cultural Competency**

*“Cultural Competence” is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.*

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

*“Cultural Competence” is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.*

(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

*[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.*

(Cross, Bazron, Dennis & Issacs, 1989)

*The ability to work effectively with culturally diverse clients and communities.*

(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County’s Health Department – Behavioral Health’s Cultural Competency Policy (as outlined above), and will:

1. Develop organizational capacity to provide services in a culturally and linguistically competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish, Tagalog, Vietnamese, Oaxacan, Triqui, American Sign Language (ASL), Middle Eastern languages); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open, welcoming and positive attitude and feel comfortable working with diverse cultures.
2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials, resources and magazines in varied languages, at appropriate reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and

preferences when offering refreshments; ensuring that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.

- 3. Provide a services delivery environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by consumers/families; staff that is knowledgeable of cultural and ethnic differences and needs, and is able and willing to respond an appropriate and respectful manner.
- 4. Support the county’s goal to reduce disparities to care by increasing access and retention while decreasing barriers to services by unserved and underserved communities.
- 5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery, planning and evaluation (County Goal: 40%).
- 6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.
- 7. As requested, meet with the Monterey County Health Department - Behavioral Health Director or designee to monitor progress and outcomes of the project.
- 8. Ensure that 100% of staff, over a 3 year period, participate in cultural competency training including, but not limited to, those offered by Monterey County Behavioral Health.

Dissemination of these Provisions. CONTRACTOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

*By my signature below, as the authorized representative of the CONTRACTOR named below, I certify acceptance and understanding for myself and the CONTRACTOR of the above provisions.*

Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. The fact that Covered Entity has the right to inspect, inspect, or fails to inspect Business Associate’s internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity’s acceptance of such practices or waiver of Covered Entity’s rights under this BAA;

*May 2021*

Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

**Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds** with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed operations, **and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.** The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of

**Scope of Services / Payment Provisions  
to the Standard Agreement between  
The County of Monterey on behalf of its Health Department and  
Monterey County Office of Education**

## **I. BACKGROUND**

This Monterey County Health Department contract with the Monterey County Office of Education will provide one-time funding to retain and attract early child care and education workforce, for \$800,000.

**CHALLENGE:** Quality child care is crucial for the long term social emotional health and academic performance of young children, and it is an essential infrastructure for a thriving economy. Barriers to increasing the capacity of our early learning systems are higher than ever. At the onset of the pandemic, the formal child care and education workforce was estimated at 1,600 (teachers and administrators), in 325 child care homes and 115 centers, with licensed capacity to serve 9,930 children – a fraction of the approximately 36,000 children under five years in Monterey County.

Pre-pandemic it had been difficult to attract teachers and caregivers because of low wages. These low wages coupled with COVID-related illness and stress resulted in high teacher and caregiver attrition. There are not enough teachers to staff current classrooms, and centers struggle to keep classrooms open because of the shortage, let alone expand capacity.

**SOLUTION:** Invest in teacher incentives to retain current teachers and attract students to an early childhood education career pathway.

The Education Services Early Learning team at the Monterey County of Education will support the administration of teacher retention and attraction stipends, leveraging the relationships developed in the field through Quality Matters and the Child Care Planning Council.

In the event County determines the Contractor is not meeting its expectations as expressed above, in whole or in part, County reserves the right to determine the appropriate remedies. These remedies may include, but are not limited to, requiring a corrective action plan, disallowing costs, changing the compensation schedule, reducing future allocations and/or terminating the Agreement.

### SUMMARY/DISCUSSION:

The Monterey County Health Department's Public Guardian/Administrator/Conservator's Bureau (Public Guardian) is mandated by law to take property and probate the estates of county residents who have passed away. Public Guardian is also the court appointed Probate Conservator for individuals who are unable to manage personal or financial affairs or resist fraud or undue influence, when there is no family or a qualified third party to act pursuant to Probate Code. The Public Guardian also serves as Public Representative Payee pursuant to Board Resolution 81-43 for residents deemed

incapable of managing their own entitlement benefits.

By law, the Public Guardian must give notice to all family members to the second degree for all persons that it seeks to file a conservatorship. The Public Administrator also has a legal duty to notify all heirs at law in all probate actions filed to administer a decedent's estate. The Public Guardian's office has had difficulty locating persons entitled to legal notice in some cases which has resulted in some cases being delayed and repeated court appearances necessary by County Counsel. Some of these additional appearances could have been avoided had the Public Guardian's office had a more sophisticated database to research current address and contact information for family members of clients. Additionally, the Public Guardian's office does not have an efficient tool for searching for contact information for relatives, resulting in time spent on google searching for information and making a lot of fruitless phone calls and emails to possible relatives. All this time could be saved by having a more robust and accurate search tool.

The Public Guardian and administrator also has a duty to make a diligent search for and protect real and personal property of conservatees and decedents whose estates are under the control of the Public Guardian's Office and locating out of county properties can be very difficult without a robust research tool to identify real and personal property.

To assist with these mandates, the Public Guardian's office is seeking to extend for an additional year an agreement with LexisNexis that will continue to provide access to their electronic information database services with proprietary public record databases throughout the United States which will allow the Public Guardian to locate relatives, heirs, properties and assets of Public Guardian clients and related individuals who are entitled to receive notice of legal actions filed by the Public Guardian's office. The Public Guardian intends to utilize one license (for an annual cost of \$1380), but requests approval for of funds to cover up to two licenses in the event that there is a business need to have two licenses or order specialized reports.

On December 12, 2017, LexisNexis entered into a three-year Master Service Agreement with the State of California's Department of General Services ("CA DGS"). The CA DGS gives the State the right to extend the MSA for two (2) optional one-year periods. On September 22, 2020, the Master Services Agreement was Amended and the term extended to December 31, 2021. The Public Guardian's office will use this Agreement as the base for the Schedule A Agreement, which incorporates the Master Service Agreement in its totality.

### SUMMARY/DISCUSSION:

The Monterey County Health Department's Public Guardian/Administrator/Conservator's Bureau (Public Guardian) is mandated by law to take property and probate the estates of county residents who have passed away. Public Guardian is also the court appointed Probate Conservator for individuals who are unable to manage personal or financial affairs or resist fraud or undue influence, when there is no family or a qualified third party to act pursuant to Probate Code. The Public Guardian also serves as Public Representative Payee pursuant to Board Resolution 81-43 for residents deemed incapable of managing their own entitlement benefits.

By law, the Public Guardian must give notice to all family members to the second degree for all persons that it seeks to file a conservatorship. The Public Administrator also has a legal duty to notify all heirs at law in all probate actions filed to administer a decedent's estate. The Public Guardian's office has had difficulty locating persons entitled to legal notice in some cases which has resulted in some cases being delayed and repeated court appearances necessary by County Counsel. Some of these additional appearances could have been avoided had the Public Guardian's office had a more sophisticated database to research current address and contact information for family members of clients. Additionally, the Public Guardian's office does not have an efficient tool for searching for contact information for relatives, resulting in time spent on google searching for information and making a lot of fruitless phone calls and emails to possible relatives. All this time could be saved by having a more robust and accurate search tool.

The Public Guardian and administrator also has a duty to make a diligent search for and protect real and personal property of conservatees and decedents whose estates are under the control of the Public Guardian's Office and locating out of county properties can be very difficult without a robust research tool to identify real and personal property.

To assist with these mandates, the Public Guardian's office is seeking to extend for an additional year an agreement with LexisNexis that will continue to provide access to their electronic information database services with proprietary public record databases throughout the United States which will allow the Public Guardian to locate relatives, heirs, properties and assets of Public Guardian clients and related individuals who are entitled to receive notice of legal actions filed by the Public Guardian's office. The Public Guardian intends to utilize one license (for an annual cost of \$1380), but requests approval for of funds to cover up to two licenses in the event that there is a business need to have two licenses or order specialized reports.

On December 12, 2017, LexisNexis entered into a three-year Master Service Agreement with the State of California's Department of General Services ("CA DGS"). The CA DGS gives the State the right to extend the MSA for two (2) optional one-year periods. On September 22, 2020, the Master Services Agreement was Amended and the term extended to December 31, 2021. LexisNexis and the CA DGS are in negotiations for a new Master Service Agreement with a start date of January 1, 2022. The Public Guardian's office will use this Agreement as the base for the Schedule A Agreement, which incorporates the Master Service Agreement in its totality.

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Approve and authorize the Director of Health or Assistant Director of Health to execute a Standard Agreement with Behavioral Tech, LLC for the provision of training and consultation services for a total Agreement not to exceed \$234,000 for the term beginning Upon Execution through June 30, 2023; and

### SUMMARY/DISCUSSION:

Behavioral Tech, LLC provides Dialectical Behavior Therapy Skills (DBT Skills) training and consultation. DBT is an evidenced-based treatment model that is used with individuals who are dysregulated and have a difficult time engaging and staying with mental health and substance use treatment. Behavioral Tech, LCC are the developers of the DBT model and provide intensive training in DBT Skills, practical interventions that paraprofessional and professional (licensed) staff can use with all Monterey County Behavioral Health clients.

Learning to provide a new type of mental health treatment to a client is very difficult. It requires not only didactic learning but also experiential learning with an instructor who can provide case examples and practice exercises in class that include the types of clients that the participant serves. Feedback with practice activities (role plays), examples of actual client encounters, and at least one year of consultation related to actual case work is needed to become proficient in DBT. Behavioral Tech can

teach these skills to staff which will provide another treatment model for the clients we serve.

The Contractor has provided proof of Commercial General Liability (“GL”) insurance, the GL Additional Insured and Primary, Non-Contributory endorsements, Professional Liability, Workers Compensation, and Automobile Liability as required by the County. The Health Department recommends the modification to the County’s Automobile insurance endorsement requirements as Contractor will not be providing direct client services nor transportation for clients or County staff while performing the services as described in this Agreement. All services will be either virtual, through telephone, or email.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Initiative: 4. Engage MCHD workforce and improve operational functions to meet current and developing population health needs. It also supports the following of the ten essential public health services, specifically: 8. Assure competent public and personal health care workforce.

OTHER AGENCY INVOLVEMENT:

The office of the County Counsel, Risk Management, and the Auditor-Controller have reviewed and approved the Agreement as to legal form, insurance requirements, and fiscal provisions, respectively.

FINANCING:

This Agreement is funded by Federal Funding Participation (FFP) and Realignment funds, which are included in the Health Department’s Behavioral Health Bureau (HEA012, Unit 8410) FY 2021-22 Adopted Budget.

### SUMMARY/DISCUSSION:

Kelsey Pacha provides training and consultation in LGBTQ+ issues. As a transgendered man with a Master of Religion and Psychology, Master of Divinity, and Certificate of Sexuality and Religion from Pacific School of Religion in Berkeley, CA. He also holds a Bachelor of Science in Human Development and Psychological Services from Northwestern University in Evanston, IL. Mr. Pacha has a unique perspective and skill set valuable in training professionals in Monterey County to support our LGBTQ+ youth. He is an experienced presenter who speaks nationally on a range of LGBTQ+ topics. He serves as the Board President of Trans Bodies Trans Selves, a national non-profit organization that manages the publication of a 649-page resource guide.

The number one cause of suicidal ideation and suicide attempts among LGBTQ+ youth in Monterey County is rejection and lack of acceptance by family. Some of this rejection/confusion comes from family/parental religious beliefs. While Monterey County Behavioral Health clinicians realize that many

of their LGBTQ clients are experiencing family/parental rejection due to religious reasons, staff are reporting that they do not have the knowledge or skills to successfully support such clients. Mr. Pacha's trainings will help staff work more effectively with families to support their LGBTQ youth, even in the face of religious beliefs.

The Contractor has provided proof of Commercial General Liability ("GL") insurance, the GL Additional Insured and Primary, Non-Contributory endorsements as required by the County. He has also provided his professional liability. The Health Department request that the Board of Supervisors accept and approve the removal of the Commercial Auto liability Insurance, Auto endorsements, worker's compensation requirements, and accept and approve the added Mutual Indemnification language.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Initiative: 4. Engage MCHD workforce and improve operational functions to meet current and developing population health needs. It also supports the following of the ten essential public health services, specifically: 8. Assure competent public and personal health care workforce.

OTHER AGENCY INVOLVEMENT:

The office of the County Counsel and the Auditor-Controller have reviewed and approved the Agreement as to legal form and fiscal provisions, respectively. However, Risk Management cannot accept the non-standard insurance modification.

FINANCING:

This Agreement is funded by Federal Funding Participation (FFP) and Realignment funds, which are included in the Health Department's Behavioral Health Bureau (HEA012, Unit 8410) FY 2021-22 Adopted Budget.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

While Monterey County Behavioral Health clinicians realize that many of their LGBTQ clients are experiencing family/parental rejection due to religious reasons, staff are

reporting that they do not have the knowledge or skills to successfully support such clients. Mr. Pacha's trainings will help staff work more effectively with families to support their LGBTQ youth, even in the face of religious beliefs.

The Contractor has provided proof of Commercial General Liability ("GL") insurance, the GL Additional Insured and Primary, Non-Contributory endorsements as required by the County. He has also provided his professional liability. The Health Department request that the Board of Supervisors accept and approve the removal of the Commercial Auto liability Insurance, Auto endorsements, worker's compensation requirements, and accept and approve the added Mutual Indemnification language.

- B. Child Abuse Reporting. CONTRACTOR shall ensure that all known or suspected instances of child abuse or neglect are promptly reported to proper authorities as required by the Child Abuse and Neglect Reporting Act, California Penal Code sections 11164, et seq. CONTRACTOR shall require all of its employees, consultants, and agents performing services under this Agreement who are mandated reporters under the Act to sign statements indicating that they know of and shall comply with the Act's reporting requirements.
- C. Elder Abuse Reporting. CONTRACTOR shall ensure that all known or suspected instances of abuse or neglect of elderly people 65 years of age or older and dependent adults age 18 or older are promptly reported to proper authorities as required by the Elder Abuse and Dependent Adult Protection Act (California Welfare and Institutions Code, sections 15600 Code, et seq.). CONTRACTOR shall require all of its employees, consultants, and agents performing services under this Agreement who are mandated reporters under the Act to sign statements indicating that they know of and shall comply with the Act's reporting requirements.

## **XI. INDEMNIFICATION**

CONTRACTOR shall indemnify, defend, and hold harmless the COUNTY, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies, in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR'S performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the COUNTY. "CONTRACTOR'S performance" includes CONTRACTOR'S action or inaction and the action or inaction of CONTRACTOR'S officers, employees, agents and subcontractors.

## **XII. INSURANCE**

- A. Evidence of Coverage. Prior to commencement of this Agreement, the CONTRACTOR shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the CONTRACTOR upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the COUNTY'S Contracts/Purchasing Office, unless otherwise directed. The CONTRACTOR shall not receive approval for services for work under this Agreement until all insurance has been obtained as required and approved by the COUNTY. This approval of insurance shall neither relieve nor decrease the liability of the CONTRACTOR.

- B. Qualifying Insurers. All coverage, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by the COUNTY'S Contracts/Purchasing Officer.
- C. Insurance Coverage Requirements. Without limiting CONTRACTOR'S duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:
  1. Commercial general liability insurance, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broadform Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.
  2. Business automobile liability insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is over \$100,000 or of not less than \$500,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is \$100,000 and less.
  3. Workers Compensation Insurance, if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's liability limits not less than \$1,000,000 each person, \$1,000,000 each accident and \$1,000,000 each disease.
  4. Professional Liability Insurance, if required for the professional service being provided, (e.g., those persons authorized by a license to engage in business or profession regulated by the California Business and Professional Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three (3) years following the expiration or earlier termination of this Agreement.

- D. Other Insurance Requirements, All insurance required by this Agreement shall be with a company acceptable to the COUNTY and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance with the COUNTY'S contract administrator and the COUNTY'S Contracts/Purchasing Office, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Administrator and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Section III (A), for services rendered on or after the effective date of termination, reduction, non-renewal, or cancellation of the insurance

coverage maintained by CONTRACTOR, and/or (2) terminate this Agreement pursuant to Section IV.

### **XIII. BUDGET AND EXPENDITURE REPORT**

CONTRACTOR shall submit, as requested by the COUNTY, the Budget and Expenditure Report provided as Exhibit H, if made part of this Agreement, identifying CONTRACTOR'S allowable costs and program revenues. COUNTY shall identify program revenues for COUNTY funds, and CONTRACTOR shall identify allowable costs and other program revenues as defined in Exhibit B, Section VI, paragraph B of this Agreement, if applicable. The budget shall be the basis for payment reimbursements, cost settlement activities, and audits.
- B. CONTRACTOR shall submit an electronic copy of the Six-(6) Month and the Year-to-Date Budget and Expenditure report by February 15 and by the date specified by the COUNTY, respectively, to the COUNTY using Exhibit H as the template format. - B. Preparation and Submission of Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement in Response to Termination or Cancellation of Agreement. If this Agreement is terminated or canceled prior to June 30th of any fiscal year, CONTRACTOR shall prepare and submit to COUNTY an Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement with the COUNTY for services/activities rendered during the fiscal year(s) for which the CONTRACTOR'S applicable Report(s) is (are) outstanding and shall adhere to the terms and conditions set forth in Exhibit I, if made part of this Agreement. If Exhibit I is not a part of this Agreement, CONTRACTOR shall prepare and submit to COUNTY a cost report and any applicable reports as requested by the COUNTY.

- C. Non-submission of Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement. Failure to submit the Annual Report(s) and/or the CONTRACTOR'S Year-End Cost Report Settlement, described in Section XIV (A), within thirty (30) calendar days after COUNTY'S applicable due date(s) is a breach of this Agreement, which entitles COUNTY, in its sole and absolute discretion, to (1) disallow claim(s) for payment for services/activities rendered during the fiscal year(s) for which the CONTRACTOR'S applicable Report(s) is (are) outstanding, (2) withhold payment(s) for reimbursements payable pursuant to Section III (A) to CONTRACTOR for the current fiscal year by COUNTY to CONTRACTOR, and/or (3) terminate this Agreement pursuant to Section IV. CONTRACTOR shall comply with Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement requirements as set forth in Exhibit I, if Exhibit I is made part of this Agreement.
- D. Cost Report Training. CONTRACTOR shall attend a one-time mandatory cost report training provided by the COUNTY. COUNTY shall provide further training as needed and as required in accordance with changes in the State cost report requirements. CONTRACTOR shall adhere to cost report training requirements and shall comply in accordance with Exhibit I, Section III, if made part of this Agreement.

## **XV. ACCESS TO AND AUDIT OF RECORDS**

- A. Right to Inspect Records. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State laws including, but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., the COUNTY or its representative, Federal or State governments may conduct an audit, review or other monitoring procedures of the CONTRACTOR regarding the services/activities provided under this Agreement. The COUNTY or its representative, Federal or State governments shall have the right to inspect any and all books, records, and facilities maintained by CONTRACTOR during normal business hours and without advance notice to evaluate the use of funds and the cost, quality, appropriateness, and timeliness of services.
- B. Maintenance of Records. CONTRACTOR shall maintain any and all records documenting all services set forth under this Agreement for a period of seven (7) years from the end of the fiscal year in which such services were provided or until three (3) years after final resolution of any audits, CONTRACTOR'S Year-End Cost Report Settlement, State Cost Report Settlement, or appeals, whichever occurs later. CONTRACTOR shall maintain such records in a form comporting with generally accepted accounting and auditing standards and all applicable laws.
- C. Overpayment. If the results of any audit, CONTRACTOR'S Year-End Cost Report Settlement, or State Cost Report Settlement shows that the funds paid to CONTRACTOR under this Agreement exceeded the amount due, then CONTRACTOR shall pay the excess amount to COUNTY in cash not later than thirty (30) calendar days after the COUNTY notifies the CONTRACTOR of such overpayment; or, at COUNTY'S election, COUNTY may recover the excess or any portion of it by offsets made by COUNTY against any payment(s) owed to

CONTRACTOR under this or any other Agreement or as set forth in Exhibit I, if made part of this Agreement.

- D. Responsibility for Audit and/or Cost Report Settlement Exceptions. Any and all audit and/or Cost Report Settlement exceptions by COUNTY or any Federal or State agency resulting from an audit and/or Cost Report Settlement of CONTRACTOR'S performance of this Agreement, or actions by CONTRACTOR, its officers, agents, and employees shall be the sole responsibility of the CONTRACTOR.
- E. Availability of Records for Grievances and Complaints by Recipients of Service. CONTRACTOR shall ensure the availability of records for the prompt handling of grievances or complaints filed by recipients of services. Release of records shall be subject to the confidentiality provisions set forth in this Agreement.

## **XVI. NON-DISCRIMINATION**

- A. Non-discrimination. During the performance of this Agreement, CONTRACTOR shall not unlawfully discriminate against any person because of race, religion, color, sex, national origin, ancestry, mental or physical handicap, medical condition, marital status, age (over 40), or sexual orientation, either in CONTRACTOR'S employment practices or in the furnishing of services to recipients. CONTRACTOR shall insure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be unlawful discrimination. In addition, CONTRACTOR'S facility access for the disabled shall comply with § 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794).
- B. Discrimination defined. The term "discrimination," as used in this Agreement, is the same term that is used in Monterey County Code, Chapter 2.80 ("Procedures for Investigation and Resolution of Discrimination Complaints"); it means the illegal denial of equal employment opportunity, harassment (including sexual harassment and violent harassment), disparate treatment, favoritism, subjection to unfair or unequal working conditions, and/or discriminatory practice by any Monterey County official, employee or agent, due to an individual's race, color, ethnic group, sex, national origin, ancestry, religious creed, sexual orientation, age, veteran's status, cancer-related medical condition, physical handicap (including AIDS) or disability. The term also includes any act of retaliation.
- C. Application of Monterey County Code Chapter 2.80. The provisions of Monterey County Code Chapter 2.80 apply to activities conducted pursuant to this Agreement. CONTRACTOR and its officers and employees, in their actions under this Agreement, are agents of the COUNTY within the meaning of Chapter 2.80 and are responsible for ensuring that their workplace and the services that they provide are free from discrimination, as required by Chapter 2.80. Complaints of discrimination

made by recipients of services against CONTRACTOR may be pursued by using the procedures established by or pursuant to Chapter 2.80. CONTRACTOR shall establish and follow its own written procedures for prompt and fair investigation and resolution of discrimination complaints made against CONTRACTOR by its own employees and agents or recipients of services pursuant to this Agreement, and CONTRACTOR shall provide a copy of such procedures to COUNTY on demand by COUNTY.

D. Compliance with Applicable Law. During the performance of this Agreement, CONTRACTOR shall comply with all applicable Federal, State and local laws and regulations which prohibit discrimination including, but not limited to, the following:

1. California Code of Regulations, Title 9, §§ 526, 527;

CONTRACTOR shall be legally responsible for subcontractors' compliance with the terms and conditions of this

Agreement and with applicable law. All subcontracts shall be in writing and shall comply with all Federal, State, and local laws, regulations, rules, and guidelines. In addition, CONTRACTOR shall be legally responsible to COUNTY for the acts and omissions of any subcontractor(s) and persons either directly or indirectly employed by subcontractor(s).

### **PROGRAM DESCRIPTION**

---

#### **I. IDENTIFICATION OF PROVIDER**

Goodwill Central Coast  
1566 Moffett Street  
Salinas, CA 93905  
831-423-8611

#### **INCORPORATION STATUS/TYPE OF FACILITY LICENSE**

501(c) 3 Corporation (Community Benefit Non-Profit)

#### **II. BACKGROUND**

Goodwill Central Coast (Goodwill CC), a private 501(c)3 non-profit organization, began in 1928 in the city of Santa Cruz and today has expanded into three counties: Santa Cruz, Monterey, and San Luis Obispo. Goodwill has provided workforce services on the Central Coast for almost 90 years. Goodwill's primary objective is to help people reach their own goals and achieve economic self-sufficiency through employment and training programs supported by our donated-goods social enterprise. Goodwill employs more than 500 people and provides workforce services to over 10,000 job seekers each year in Santa Cruz, Monterey and San Luis Obispo Counties.

Goodwill has more than 40 years of experience administering federal and state contracts on the Central Coast dating back to the Federal Comprehensive Employment and Training Act (CETA). Goodwill's ability to perform, comply and accurately account for all expenditures while fulfilling outcome measures is demonstrated by ongoing accreditation from CARF International. In 2019, Goodwill received a three-year accreditation (the maximum an organization can receive) to provide vocational and workforce services. The accreditation process measures the effectiveness of programs, case management principles and processes, service delivery, and customer satisfaction.

#### **III. PROGRAM NARRATIVE**

Goodwill CC will offer Employment Services and subsidized work experience for clients referred from Monterey County Behavioral Health and Proposition 47 subcontractors. Goodwill CC will offer: pre-employment skills training, referral and enrollment to vocational education training or certification training through partner agencies, subsidized work experience, on-the-job training, direct job placement, and job retention services. Goodwill CC will leverage its identified collaborative partnerships throughout Monterey County. Additional resources for job seekers will be coordinated through established linkages with experienced government, private and non-profit service providers.

The program is designed to meet the training and employment needs of eligible Prop 47 individuals primarily residing in the South Monterey County region. Services will be customer focused and customized to meet the specific needs of an adult population with multiple barriers to employment. Special emphasis will be on job placement and retention in unsubsidized employment, the main measures of program success. The

length of the program will vary based on participant needs. A full-time Employment Specialist will be assigned to the program who will work under the direct supervision of the Program Manager.

#### **IV. CONTRACTOR RESPONSIBILITIES**

Goodwill CC is responsible for the following:

1. CONTRACTOR will work with local partner agencies to provide Vocational Educational Training to Proposition 47 Clients referred to Goodwill.

- A. If CONTRACTOR is seeking reimbursement for eligible services funded by the Short-Doyle/Medi-Cal, Mental Health Services Act (“MHSA”), SB 90, Federal or State Grants, and/or COUNTY funds provided pursuant to this Agreement, reimbursement for such services shall be based on actual cost of providing those services less any deductible revenues collected by the CONTRACTOR from other payer sources. In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-County and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

CONTRACTOR shall not claim reimbursement from COUNTY for (or apply sums received from COUNTY with respect to) that portion of its obligations which has been paid by another source of revenue. If CONTRACTOR is seeking reimbursement for mental health services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY’S Maximum Allowance (CMA) as set forth in this Agreement. CONTRACTOR shall be responsible for costs that exceed applicable CMAs. In no case shall payments to CONTRACTOR exceed CMAs. In addition to the CMA limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B, Section III. Said amounts shall be referred to as the “Maximum Obligation of County,” as identified in this Exhibit B, Section V.

- B. To the extent a recipient of services under this Agreement is eligible for coverage under Short-Doyle/Medi-Cal or Medicaid or Medicare or any other Federal or State funded program (“an eligible beneficiary”), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries. For the Short-Doyle/Medi-Cal Funded Program, CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Medi-Cal or are not Medi-Cal eligible during the term of this Agreement.

To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR or COUNTY facility within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.
- D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. See Section III, above, for payment amount information to be reimbursed each fiscal year period of this Agreement. The amount requested for reimbursement shall be in accordance with the approved budget and shall not exceed the actual net costs incurred for services provided under this Agreement.

CONTRACTOR shall submit via email a monthly claim using Exhibit G, Cost Reimbursement Invoice Form in Excel format with electronic signature along with supporting documentations, as may be required by the COUNTY for services rendered to:

[MCHDBHFinance@co.monterey.ca.us](mailto:MCHDBHFinance@co.monterey.ca.us)

All claims not submitted after thirty (30) calendar days following the termination or end date of this Agreement shall not be subject to reimbursement by the COUNTY. Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR. Any "obligations incurred" included in claims for reimbursements and paid by the COUNTY which remain unpaid by the CONTRACTOR after thirty (30) calendar days following the termination or end date of this Agreement shall be disallowed, except to the extent that such failure was through no fault of CONTRACTOR under audit by the COUNTY.
- F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.
- G. COUNTY shall review and certify CONTRACTOR'S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The

County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.

- H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.
- I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR’S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

The County retains the right to adjust the funding sources as may be required.

- C. If, as of the date of signing this Agreement, CONTRACTOR has already received payment from COUNTY for services rendered under this Agreement, such amount shall be deemed to have been paid out under this Agreement and shall be counted towards COUNTY’S maximum liability under this Agreement.

Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.
- D. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.
- E. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but

The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.
- D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

## **EXHIBIT E:**

### **ASSURANCE OF COMPLIANCE WITH MONTEREY COUNTY'S CULTURAL COMPETENCY POLICY**

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

#### **Organizations in a Culturally Competent Service System Promote:**

##### **Quality Improvement**

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

##### **Collaboration**

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

##### **Access**

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

#### **Cultural Competent Services:**

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.
- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.

- Have services available in the evening and on weekends to ensure maximum accessibility.
- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Triqui and other languages spoken of Monterey County residents).

### **Definitions for Cultural Competency**

*“Cultural Competence” is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.*

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

*“Cultural Competence” is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.*

(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

*[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.*

(Cross, Bazron, Dennis & Issacs, 1989)

*The ability to work effectively with culturally diverse clients and communities.*

(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County’s Health Department – Behavioral Health’s Cultural Competency Policy (as outlined above), and will:

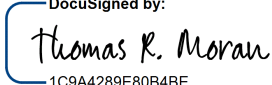

1. Develop organizational capacity to provide services in a culturally and linguistically competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish, Tagalog, Vietnamese, Oaxacan, Triqui, American Sign Language (ASL), Middle Eastern languages); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open, welcoming and positive attitude and feel comfortable working with diverse cultures.
2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials, resources and magazines in varied languages, at appropriate

reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and preferences when offering refreshments; ensuring that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.

3. Provide a services delivery environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by consumers/families; staff that is knowledgeable of cultural and ethnic differences and needs, and is able and willing to respond in an appropriate and respectful manner.
4. Support the county's goal to reduce disparities to care by increasing access and retention while decreasing barriers to services by unserved and underserved communities.
5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery, planning and evaluation (County Goal: 40%).
6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.
7. As requested, meet with the Monterey County Health Department - Behavioral Health Director or designee to monitor progress and outcomes of the project.
8. Ensure that 100% of staff, over a 3-year period, participate in cultural competency training including, but not limited to, those offered by Monterey County Behavioral Health.

Dissemination of these Provisions. CONTRACTOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

***By my signature below, as the authorized representative of the CONTRACTOR named below, I certify acceptance and understanding for myself and the CONTRACTOR of the above provisions.***

## 5.0 PERFORMANCE STANDARDS:

- 5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.
- 5.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.
- 5.03 CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use County premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

## 6.0 PAYMENT CONDITIONS:

- 6.01 Prices shall remain firm for the initial term of the Agreement and, thereafter, may be adjusted annually as provided in this paragraph. The County does not guarantee any minimum or maximum amount of dollars to be spent under this Agreement.
- 6.02 Negotiations for rate changes shall be commenced, by CONTRACTOR, a minimum of ninety days (90) prior to the expiration of the Agreement. Rate changes are not binding unless mutually agreed upon in writing by the County and the CONTRACTOR.
- 6.03 Invoice amounts shall be billed directly to the ordering department.
- 6.04 CONTRACTOR shall submit such invoice periodically or at the completion of services, but in any event, not later than 30 days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice. The County shall certify the invoice, either in the requested amount or in such other amount as the County approves in conformity with this Agreement and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

## 7.0 TERMINATION:

- 7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

## 8.0 INDEMNIFICATION:

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

## 9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

*(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)*

**Professional Liability Insurance:** if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or

errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

*(Note: any proposed modifications to these insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)*

#### 9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

**Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.** The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The required endorsement form for Automobile Additional Insured endorsement is ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

#### 10.0 **RECORDS AND CONFIDENTIALITY:**

- 10.1 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

- 10.3 **Maintenance of Records:** CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.
- 10.4 **Access to and Audit of Records:** The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.
- 10.5 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

## 11.0 NON-DISCRIMINATION:

CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

Upon request, County will deliver a copy of said contract to CONTRACTOR, at no cost to CONTRACTOR.

## 13.0 INDEPENDENT CONTRACTOR:

In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is always acting and performing as an independent contractor and not as an employee of the County. No offer or obligation of permanent employment with the County or County department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from County any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. The purpose of the audit requirement is determining whether the reported costs are fair and reasonable and have been computed in accordance with generally accepted accounting principles, with the provisions of this Agreement, and with all applicable COUNTY requirements. The audit must identify all federal, state, and matching funds issued under this Agreement as a note, or as a supplemental schedule of expenses within Contractor's audits.

If CONTRACTOR expends a total of \$750,000 or more of federal funding per fiscal year, CONTRACTOR is required to submit an annual audit report(s) that was performed in compliance with the Uniform Guidance.

**EXHIBIT H****Health Insurance Portability & Accountability Act (HIPAA) Certification**

WHEREAS, Sections 261 through 264 of the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104 191, known as “the Administrative Simplification provisions,” direct the Department of Health and Human Services to develop standards to protect the security, confidentiality and integrity of health information; and

WHEREAS, pursuant to the Administrative Simplification provisions, the Secretary of Health and Human Services has issued regulations modifying 45 CFR Parts 160 and 164 (the “HIPAA Privacy Rule”); and

WHEREAS, CONTRACTOR and COUNTY have entered into an Agreement (“the Agreement”) to which this Certification is an attachment whereby CONTRACTOR will provide certain services to COUNTY; and

WHEREAS, CONTRACTOR may have access to Protected Health Information (as defined below) in fulfilling its responsibilities under the underlying Agreement.

THEREFORE, in consideration of the Parties’ continuing obligations under the Agreement, compliance with the HIPAA Privacy Rule, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, CONTRACTOR agrees to the provisions of this Certification and of the HIPAA Privacy Rule and to protect the interests of COUNTY.

**I. DEFINITIONS**

Except as otherwise defined herein, any and all capitalized terms in this Section shall have the definitions set forth in the HIPAA Privacy Rule. In the event of an inconsistency between the provisions of this Certification and mandatory provisions of the HIPAA Privacy Rule, as amended, the HIPAA Privacy Rule shall control. Where provisions of this Certification are different than those mandated in the HIPAA Privacy Rule, but are nonetheless permitted by the HIPAA Privacy Rule, the provisions of this Certification shall control.

The term “Protected Health Information” means individually identifiable health information including, without limitation, all information, data, documentation, and materials, including without limitation, demographic, medical and financial information, that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

CONTRACTOR acknowledges and agrees that all Protected Health Information that is created or received by COUNTY and disclosed or made available in any form, including paper record, oral communication, audio recording, and electronic display by COUNTY, or its operating units, to CONTRACTOR or is created or received by CONTRACTOR on COUNTY’s behalf shall be subject to this Certification.

**EXHIBIT H****II. CONFIDENTIALITY REQUIREMENTS**

- (a) CONTRACTOR agrees:
- (i) to use or disclose any Protected Health Information solely: (1) for meeting its obligations as set forth in any agreements between the Parties evidencing their business relationship or (2) as required by applicable law, rule or regulation, or by accrediting or credentialing organization to whom COUNTY is required to disclose such information, or as otherwise permitted under this Certification, or the underlying Agreement, (if consistent with this Certification and the HIPAA Privacy Rule), or the HIPAA Privacy Rule, and (3) as would be permitted by the HIPAA Privacy Rule if such use or disclosure were made by COUNTY; and
  - (ii) at termination of the Agreement, (or any similar documentation of the business relationship of the Parties), or upon request of COUNTY, whichever occurs first, if feasible CONTRACTOR will return or destroy all Protected Health Information received from or created or received by CONTRACTOR on behalf of COUNTY that CONTRACTOR still maintains in any form, and retain no copies of such information, or if such return or destruction is not feasible, CONTRACTOR will extend the protections of this Agreement to the information and limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible; and
  - (iii) to ensure that its agents, including a subcontractor(s), to whom it provides Protected Health Information received from or created by CONTRACTOR on behalf of COUNTY, agrees to the same restrictions and conditions that apply to CONTRACTOR with respect to such information. In addition, CONTRACTOR agrees to take reasonable steps to ensure that its employees' actions or omissions do not cause CONTRACTOR to breach the terms of the Agreement.
- (b) Notwithstanding the prohibitions set forth in this Certification or the Agreement, CONTRACTOR may use and disclose Protected Health Information as follows:
- (i) if necessary, for the proper management and administration of CONTRACTOR or to carry out the legal responsibilities of CONTRACTOR, provided that as to any such disclosure, the following requirements are met:
    - (A) the disclosure is required by law; or
    - (B) CONTRACTOR obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law, or for the purpose for which it was disclosed to the person, and the person notifies CONTRACTOR of any instances of which it is aware in which the confidentiality of the information has been breached;
  - (ii) for data aggregation services, if to be provided by CONTRACTOR for the health care operations of COUNTY pursuant to any agreements between the Parties evidencing their business relationship. For purposes of this Certification and the Agreement, data aggregation services means the combining of Protected Health Information by CONTRACTOR with the protected health information received by CONTRACTOR in its capacity as CONTRACTOR of another COUNTY, to permit data analyses that relate to the health care operations of the respective covered entities.

**EXHIBIT H**

- (c) CONTRACTOR will implement appropriate safeguards to prevent use or disclosure of Protected Health Information other than as permitted in this Certification. The Secretary of Health and Human Services shall have the right to audit CONTRACTOR's records and practices related to use and disclosure of Protected Health Information to ensure COUNTY's compliance with the terms of the HIPAA Privacy Rule. CONTRACTOR shall report to COUNTY any use or disclosure of Protected Health Information which is not in compliance with the terms of this Certification of which it becomes aware. In addition, CONTRACTOR agrees to mitigate, to the extent practicable, any harmful effect that is known to CONTRACTOR of a use or disclosure of Protected Health Information by CONTRACTOR in violation of the requirements of this Certification or the Agreement.

**III. AVAILABILITY OF PHI**

CONTRACTOR agrees to make available Protected Health Information to the extent and in the manner required by Section 164.524 of the HIPAA Privacy Rule. CONTRACTOR agrees to make Protected Health Information available for amendment and incorporate any amendments to Protected Health Information in accordance with the requirements of Section 164.526 of the HIPAA Privacy Rule. In addition, CONTRACTOR agrees to make Protected Health Information available for purposes of accounting of disclosures, as required by Section 164.528 of the HIPAA Privacy Rule.

**IV. TERMINATION**

Notwithstanding anything in this Certification or the Agreement to the contrary, COUNTY shall have the right to terminate the Agreement immediately if COUNTY determines that CONTRACTOR has violated any material term of this Certification and/or the Agreement. If COUNTY reasonably believes that CONTRACTOR will violate a material term of this Certification and/or the Agreement and, where practicable, COUNTY gives written notice to CONTRACTOR of such belief within a reasonable time after forming such belief, and CONTRACTOR fails to provide adequate written assurances to COUNTY that it will not breach the cited term of this Certification and/or the Agreement within a reasonable period of time given the specific circumstances, but in any event, before the threatened breach is to occur, then COUNTY shall have the right to terminate the Agreement immediately.

**V. MISCELLANEOUS**

Except as expressly stated herein or the HIPAA Privacy Rule, the parties to the Agreement do not intend to create any rights in any third parties. The obligations of CONTRACTOR under this Section shall survive the expiration, termination, or cancellation of this Certification and/or the Agreement, and/or the business relationship of the parties, and shall continue to bind CONTRACTOR, its agents, employees, contractors, successors, and assigns as set forth herein.

The parties agree that, in the event that any documentation of the arrangement pursuant to which CONTRACTOR provides services to COUNTY contains provisions relating to the use or disclosure of Protected Health Information which are more restrictive than the provisions of this Certification or the Agreement, the provisions of the more restrictive documentation will control. The provisions of this

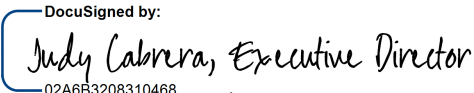

**EXHIBIT H**

Certification and the Agreement are intended to establish the minimum requirements regarding CONTRACTOR's use and disclosure of Protected Health Information.

In the event that either party believes in good faith that any provision of this Certification and/or the Agreement fails to comply with the then current requirements of the HIPAA Privacy Rule, such party shall notify the other party in writing. For a period of up to thirty (30) days, the parties shall address in good faith such concern and amend the terms of this Certification and/or the Agreement, if necessary to bring it into compliance. If, after such thirty-day period, the Certification and/or the Agreement fails to comply with the HIPAA Privacy Rule, then either party has the right to terminate upon written notice to the other party.

### 4.0 SCOPE OF SERVICES AND ADDITIONAL PROVISIONS:

The following attached exhibits are incorporated herein by reference and constitute a part of this Agreement:

**Exhibit A - Scope of Services/Payment Provisions**

**Exhibit B - Quote Summary**

## 5.0 PERFORMANCE STANDARDS:

- 5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.
- 5.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.
- 5.03 CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use County premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

## 6.0 PAYMENT CONDITIONS:

- 6.01 Prices shall remain firm for the initial term of the Agreement and, thereafter, may be adjusted annually as provided in this paragraph. The County does not guarantee any minimum or maximum amount of dollars to be spent under this Agreement.
- 6.02 Negotiations for rate changes shall be commenced, by CONTRACTOR, a minimum of ninety days (90) prior to the expiration of the Agreement. Rate changes are not binding unless mutually agreed upon in writing by the County and the CONTRACTOR.
- 6.03 Invoice amounts shall be billed directly to the ordering department.
- 6.04 CONTRACTOR shall submit such invoice periodically or at the completion of services, but in any event, not later than 30 days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice. The County shall certify the invoice, either in the requested amount or in such other amount as the County approves in conformity with this Agreement and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

## 7.0 TERMINATION:

- 7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

- 7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.
- 7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

## 8.0 INDEMNIFICATION:

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

## 9.0 INSURANCE REQUIREMENTS:

- 9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

- 9.02 **Qualifying Insurers:** All coverage's, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to

the current Best's Key Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Manager.

☐ **Agreement Over \$100,000 Business Automobile Liability Insurance:** covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.

**Professional Liability Insurance:** if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or

errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

*(Note: any proposed modifications to these insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)*

#### 9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

**Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds** with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed operations, **and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.** The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The required endorsement form for Automobile Additional Insured endorsement is ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

#### **10.0 RECORDS AND CONFIDENTIALITY:**

- 10.1 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.
- 10.4 **Access to and Audit of Records:** The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.
- 10.5 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

## 11.0 NON-DISCRIMINATION:

CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

Upon request, County will deliver a copy of said contract to CONTRACTOR, at no cost to CONTRACTOR.

## 13.0 INDEPENDENT CONTRACTOR:

In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is always acting and performing as an independent contractor and not as an employee of the County. No offer or obligation of permanent employment with the County or County department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from County any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. ### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Approve and authorize the Director of the Department of Social Services to sign Amendment #1 with United Way Monterey County for the administration of the Monterey County Emergency Rental Assistance Program extending the term through June 30, 2023 and adding \$22,434,117 for a new contract total of \$50,715,953 and
- b. Authorize the Director or the Director of the Department of Social Services to sign up to three (3) amendments to this agreement where the total amendments do not exceed 10% (\$5,071,595) of the contract amount and do not significantly change the scope of work.

### SUMMARY/DISCUSSION:

The Department of Social Services (DSS) seeks to amend the existing Monterey County Emergency Rental Assistance Program (MC ERAP) agreement with United Way Monterey County (UWMC) to incorporate new funding (\$22,434,117) and extend the term to June 30, 2023 to allow for continued operation.

The Monterey County Emergency Rental Assistance Program (MC ERAP) began in March 2021 by state and federal Emergency Rental Assistance (ERA1) block grants. Monterey County's program targets low-income residents adversely impacted by the COVID-19 crisis who are at risk of becoming homeless. The U.S. Consolidated Appropriations Act (2021) and State's COVID-19 Tenant Relief Act (SB 91) initiated the Emergency Rental Assistance (ERA1) program, meanwhile, the American Rescue Plan Act (2021) enacted March 11, 2021 established ERA2 and, as a result, made a second round of Emergency Rental Assistance funding available through both the U.S. Treasury and the State of California, expiring September 30, 2025. In addition, \$150,000.00 in county funds was allocated to DSS for MC ERAP based on your Board's modifications to the Fiscal Year 2021-22 Recommended Budget. This brings the total County allocation for this Agreement to \$50,715,953.

As of October 5, 2021, MC ERAP has obligated \$11,106,106 of the Federal Block Grant and \$13,360,090 of the State Block Grant and dispersed \$10,267,141 in rental and utility assistance. UWMC utilizes existing 2-1-1 infrastructure, which is staffed by trained and certified call specialists. Local

partners include Central Coast Energy Services, Goodwill Central Coast, Hartnell College, Housing Resource Center, Monterey Peninsula College, North County Recreation and Park District, Salvation Army and the cities of Gonzales, Greenfield, King, Monterey, Seaside, and Soledad. Awarded funds can be used for program administration, direct financial assistance, including rent, rental arrears, utilities and home energy costs, utilities and home energy costs arrears, and other expenses related to housing. Remaining funds are available for housing stability services, including case management and other services intended to keep households stably housed. ERA1 funds expenditure deadline has been extended from December 31, 2021 to September 30, 2022 and ERA2 has various obligation deadlines but must be expended by September 30, 2025. The County General Funds (\$150,000) allocated for FY 2021-22 will assist residents who need rental assistance but are otherwise ineligible for the program due to gaps or barriers caused by state and/or federal eligibility and/or documentation requirements.

OTHER AGENCY INVOLVEMENT:

Development, administration, and implementation of the MC ERAP requires departmental, intergovernmental, and private sector coordination with the UWMC and network of 2-1-1 service providers, including adherence to state and federal reporting requirements.

The Auditor Controller and Purchasing have reviewed and approved this agreement. County Counsel has approved the agreement as to form. Due to late submission of this Board Report, the CAO Budget and Analysis Division was not provided adequate time to fully review for potential fiscal, organizational, policy, or other implications to the County of Monterey.

FINANCING:

This agreement is funded with \$23,094,714 of federal funds from the U.S. Treasury, \$27,471,239 from the State of California, and \$150,000 from the County General Fund, for an overall total of \$50,715,953. The Department will return at a later date to request additional appropriations after determining need and going to Budget Committee.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This action correlates to the Administration and Health & Human Services Strategic Initiatives adopted by the Board of Supervisors by allowing the Department to continue to receive state and federal funding to provide programs and services to the residents of the County.

Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

#### 10.0 **RECORDS AND CONFIDENTIALITY:**

- 10.1 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.
- 10.2 **County Records:** When this Agreement expires or terminates, CONTRACTOR shall return to County any County records which CONTRACTOR used or received from County to perform services under this Agreement.
- 10.3 **Maintenance of Records:** CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.
- 10.4 **Access to and Audit of Records:** The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.
- 10.5 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

## 11.0 NON-DISCRIMINATION:

- B. BACKGROUND**  
 Monterey County Emergency Rent Assistance Program (MC ERAP) will administer Federal  
 US Treasury Coronavirus Relief Funds and State COVID-19 Relief funding. MC ERAP targets  
 low-income residents and landlords adversely impacted by the COVID-19 crisis, assisting  
 residents throughout Monterey County who are at risk of becoming homeless.

## SCOPE OF SERVICES/PAYMENT PROVISIONS

The program is administered by United Way Monterey County (UWMC) and utilizes existing 211 infrastructure, which is staffed by trained and certified call specialists. UWMC coordinates and contracts with grantees to disburse a total of \$28,281,836.00 in combined Federal Treasury (\$12,898,602.00) and State SB 91 California Business, Consumer Services and Housing Agency (\$15,383,234.00) funds. Applications are initiated either through Monterey County's 2-1-1 System, online application or any UWMC grantee agency. Caller needs and MC ERAP eligibility are assessed. Residents are referred to the appropriate grantee for rent and utility relief, as well as any relevant Health and Human Services. Eligible renters bring documentation demonstrating eligibility, as well as rent due notices, utility bills, and landlord address/tax information to paying grantees. Grantees vet documents and pay landlords and/or utility companies.

### C. DESCRIPTION OF SERVICES

CONTRACTOR shall provide administrative oversight of the Monterey County Emergency Rental Assistance Program (MC ERAP) offering emergency rent and utility assistance to individuals and families impacted by the COVID-19 pandemic and do all things necessary for or incidental to the performance of work, as set forth below:

- C.1 CONTRACTOR shall provide appropriate referrals to MC ERAP grantees via the toll-free, 24/7, Telephone Information and Referral System (211), and with the Smart Referral software for Monterey County residents. Referrals will address the immediate needs for rental and/or utility assistance. Grantees may address longer term needs by making additional referrals to other Monterey County health and human services as needed.
- C.2 CONTRACTOR shall ensure that 2-1-1 and grantees adequately screen callers for eligibility seeking rental and/or utility assistance and other health and human services to refer them to the appropriate local provider.
- C.3 CONTRACTOR shall ensure the referral systems and grantees provide assistance in English, Spanish and other languages, as needed.
- C.4 CONTRACTOR shall develop contracts with rent and utility grantees. This includes an application process; vetting and approving awards; developing grant agreements with grantees; grant administration; program training, technical assistance, monitoring and evaluation. The vetting process will ensure rent and utility grantees demonstrate capacity to implement the program; ensure rent and utility assistance is widespread throughout the County; ensure low-income qualifying residents' benefit from the assistance, and program beneficiaries receive "Smart Referrals" to other appropriate health and human services.
- C.5 CONTRACTOR shall ensure that rental and utility relief assistance provided does not exceed twelve months of back rent and three months of future rent per household.
- C.6 CONTRACTOR shall ensure that participants meet all eligibility guidelines including income eligibility at or below 80% of the Area Median Income (AMI) for Monterey County (**Exhibit A-1**) and conformance with U.S. Treasury and SB 91 requirements for program administration.
- C.7 CONTRACTOR shall ensure that grantees verify an agreement exists between property owner/landlord and the recipient head of household and payment is made directly to the

Eligible utilities include separately stated electricity, gas, water and sewer, trash removal and energy costs, such as fuel oil. Such corrective action shall be completed and a written report made to the COUNTY concerning such action not later than thirty (30) days after the date of the COUNTY's written notice to CONTRACTOR.

**2.04 Termination for cause:** Notwithstanding Section 7.02 of the Agreement, if the corrective actions required above are not completed and the report to the COUNTY not made within thirty (30) days, the COUNTY may terminate this Agreement by giving five (5) days' written notice to CONTRACTOR.

**2.05 Remedies for Inadequate Service Levels:**

- a) For each month that service falls below 80% of the contracted level, CONTRACTOR shall submit to the COUNTY an analysis of the causes of the problem and any necessary actions to be taken to correct the problem. If the problem continues for another month, the COUNTY shall meet with CONTRACTOR to explore the problem and develop an appropriate written corrective action plan with appropriate time frames.
- b) If CONTRACTOR does not carry out the required corrective action within the time frame specified, sanctions shall be applied in accordance with funding source regulations.

**EXHIBIT B**

- c) Notwithstanding Section 7.02 of the Agreement, if, after the COUNTY notifies CONTRACTOR of any sanctions to be imposed, CONTRACTOR continues in its failure to take corrective action, then COUNTY may terminate this contract by giving CONTRACTOR five (5) days' written notice.

## E. BACKGROUND

Monterey County Emergency Rent Assistance Program (MC ERAP) will administer Federal US Treasury **Emergency Rental Assistance Program (ERA1, ERA2)** funding, State **Emergency Rental Assistance Program (SRA1, SRA2)** funding, and **Monterey County ERA GAP Assistance funding**. MC ERAP targets low-income residents and landlords adversely impacted by the COVID-19 crisis, assisting residents throughout Monterey County who are at risk of becoming homeless.

The MC ERAP program utilizes ERA1, SRA1, ERA2, SRA2 and Monterey County ARPA funding. The U.S. Consolidated Appropriations Act (2021) and State's COVID-19 Tenant Relief Act (SB 91) initiated the Emergency Rental Assistance program and resulted in \$28,531,223.70 in combined Federal and State block grant funds for Monterey County's administration of emergency rental assistance. The American Rescue Plan Act (2021) enacted March 11, 2021 established a second round of Emergency Rental Assistance totaling \$22, 502,232.41 available to MC ERAP through federal and state block grants. In addition, the Monterey County Board of Supervisors approved modifications to the FY 2021-2022 Budget to allocate \$150,000 of County ARPA funding for ERA GAP Assistance to supplement the program by targeting residents who encounter program barriers or may not otherwise be eligible for the MC ERAP.

The program is administered by United Way Monterey County (UWMC) and utilizes existing 211 infrastructure, which is staffed by trained and certified call specialists. UWMC coordinates and contracts with grantees to disburse a total of \$50,715,953.00 in combined Federal Treasury (\$23,094,714.00), California Department of Housing and Community Development (\$27,471,239.00), and Monterey County American Rescue Plan Act (ARPA) funds (\$150,000.00). The Applications are initiated either through Monterey County's 2-1-1 System, online application or any UWMC grantee agency. Caller needs and MC ERAP eligibility are assessed. Residents are referred to the appropriate grantee for rent and utility relief, as well as any relevant Health and Human Services. Eligible renters bring documentation demonstrating

## MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE PROGRAM WORKPLAN – ROUND 1

### A. PURPOSE

- A.1 The purpose of Monterey County SB91 Emergency Rental Assistance Program (MC ERAP) is to distribute funding to provide rental and utility assistance to low-income eligible households located in Monterey County that are facing housing instability because of loss or reduction in income due to the COVID-19 crisis. The County has partnered with United Way Monterey County (UWMC) to administer the funds on behalf of the County through a network of providers. This Workplan serves as MC ERAP's program guidelines. UW MCERAP will maintain the workplan based on the most up to date Federal and State guidelines.
- A.2 UWMC will subcontract providers to process applications, collect documentation, and process payment while UWMC is providing technical support, use of software, and training. The list of funded providers is defined as a 'Participating Agency' and can be found on the SB 91 ERAP Participating Agencies document (Appendix A). Any potential applicant to the program is defined as 'Applicant' and could include landlords and individuals who are applying to benefit from this program.
- A.3 Participating agencies will utilize the Smart Referral Network (SRN) to enroll applicants into the ERAP Program, process applications, and send payments to the identified recipients. UWMC will provide training on SRN, program requirements, and fraud prevention to ensure consistent treatment of applicants and to avoid duplication of applicant information and/or benefits received.

### B. AUTHORITY

- B.1 On December 27, 2020, the Consolidated Appropriations Act (2021) (Pub.L. No. 116-260) was signed into law. Section 501 of Division N of the Act established the federal Emergency Rental Assistance Program (ERAP), and authorized the allocation of funds to states, units of local government, tribal communities, and territories.
- B.2 California Senate Bill No. 91 (January 2021) (SB 91) established the State of California's program for administering and distributing rental assistance funds. SB 91 added Chapter 17 (commencing with Section 50897) to Part 2 of Division 31 of the Health and Safety Code. Health and Safety Code section 50897.1, subdivision (a)(1) authorizes the California Department of Housing and Community Development (HCD) to administer the funds in accordance with state and federal law.
- B.3 California Assembly Bill No. 832 (June 2021) expanded existing law that established the emergency rental assistance program, using funding made available pursuant to the federal Consolidated Appropriations Act, 2021 (CAA), administered by HCD. AB 832 specifies requirements for Round 1 and Round 2 of Emergency Rental Assistance funding. AB 832 establishes assistance for eligible households' unpaid rent arrears incurred on or after April 1, 2020 at 100% of the eligible household's monthly rent. This bill establishes assistance levels for

prospective rent payments for eligible households be set at 100% of the eligible household's monthly rent. Landlords and tenants that were paid at an 80% or 25% reimbursement under SB 91 can be reimbursed the remaining balance of either 20% or 75% (effectively "topping off" relative prior limits) to reach AB 832's allowable reimbursement level of 100%.

- B.4 AB 832 (Section 1179.12.) requires each government rental assistance program to develop court coordination measures no later than September 15, 2021. These mechanisms include, but are not limited to, telephone or online access, through which landlords, tenants, and the court may do both of the following:
- a. Verify the status of an application for rental assistance based upon the property address and a unique application number.
  - b. Obtain copies of any determination on an application for rental assistance. A determination shall indicate all the following: the name of the tenant that is the subject of the application, the address of the property that is the subject of the application, and whether the application has been approved or denied. If the application has been approved, then the amount of the payment that has been approved and the period and type of rental debt to which the amount corresponds. If the application has been denied, the reason for the denial, which shall be any of the following: the tenant is ineligible for government rental assistance, the government rental assistance program no longer has sufficient funds to approve the application, or the application remained incomplete 15 days, excluding Saturdays, Sundays, and other judicial holidays, after it was initially submitted because of failure on the part of the tenant to provide required information.
- B.5 The MC ERA Program is funded through a combination of these federal and state funds. UWMC has received \$12,898,602.00 in federal funds and \$15,383,234.00 in state funds for a total allocation of \$28,281,836.00 to administer the ERAP program. More details can be found on MC ERAP Spending Projections Workplan (ATTACHMENT).

## **C. DESCRIPTION**

- C.1 MC ERAP will assist low-income families adversely impacted or at risk of being homeless due to the COVID-19 crisis. The program utilizes the existing structure and network of UWMC's 2-1-1 service to collaborate with community partners in the disbursement of \$28,531,223 State and Federal funding. All Monterey County residents can call 2-1-1 Monterey County System to inquire about rental assistance and eligibility for the ERAP program. Trained and certified call specialists will quickly assess applicant eligibility for the ERAP Program and if an applicant is eligible, the call specialist will provide an ERAP referral to a participating agency. If the caller does not qualify for ERAP assistance, the call specialist will refer the caller to the appropriate local service provider for rent and utility assistance relief.

**D. SCHEDULE**

- D.1 The program is scheduled to launch on March 15, 2021 and run until available funds are fully expended, not later than September 30, 2022
- D.2 The program will maintain specific expenditure benchmark dates throughout the course of the program term to meet “best effort” state and required federal spending deadlines. Benchmarks include:
  - a. 65% of State block grant funding be obligated by June 1, 2021
  - b. 100% of State block grant funds is expended by September 30, 2022
  - c. 65% of Federal funds is obligated by September 30, 2021
  - d. 100% of Federal funds is expended by September 30, 2022
- D.3 The MC ERAP Spending Projections Workplan (Appendix C) details the spending targets to meet the benchmarks as required by State and Federal law and describes the program’s fund deployment schedule. This workplan is a sample projection of spending required to meet those benchmarks and actual spending may not match this sample plan.

**E. PROCESS**

- E.1 Applicants can apply through UWMC’s online application on the UWMC website, with an agency directly, or through 211 to speak to a trained Call Specialist. 211 Call Specialists screen applicants who are inquiring about rental assistance to determine eligibility for the ERAP Program. If determined eligible for the ERAP Program, 211 Call Specialists refer the applicant to the appropriate participating agency or jurisdiction through United Way’s Smart Referral Network (SRN) software. Participating Agency-trained staff receive the referrals through the SRN and are responsible for contacting the applicant to obtain required documents and to complete the rental assistance application. Applicants provide documentation to the Participating Agency via email, in person, fax, or mail demonstrating their eligibility by verifying their identity, residence, landlord-renter relationship, and the amount of rent and/or utilities owed. The eligibility requirement for Covid-19 Financial Distress is attested to by the applicant during the application process and no additional documentation is required.
- E.2 Landlords can apply on behalf of their tenant(s) through an online portal and will be contacted by a specific partner agency that is working only with landlord-initiated applications. Once landlords provide their information, tenants and landlords will be contacted and the same process applies regarding eligibility, required documentation, and prioritization of assistance.
- E.3 Following State guidelines, accepted documentation includes, but is not limited to, a driver’s license, employment identification card, IRS tax forms, such as 1099, 1040/1040A, W-2, recent paycheck stubs, current bank statements, lease agreement, rent due notices, and utility bills. Participating agencies verify documents by checking for accurate and consistent information between landlord and tenant documents and by contacting the County Assessor’s office to confirm residence and landlord ownership. Verified documents are uploaded securely as ‘files’ into the SRN, where both United Way Monterey County and

- the Participating Agency are able to view and edit documents and application status.
- E.4 To prevent duplication of an applicant file, each applicant is identified through their legal name and date of birth—this provides a way for Participating agencies to search for and update applicants, while ensuring that each applicant has one application for ERAP assistance. All Participating Agencies are required to utilize the SRN software to document applicant payment. Once an applicant has been referred to a Participating Agency, they cannot be paid by another agency, preventing them from receiving assistance twice.
  - E.5 Participating agencies pay landlords and/or utility companies directly by issuing a check for the amount provided by landlord and tenant documents. If the landlord does not cooperate by providing necessary documentation within 21 days, the Participating Agency may pay the tenant directly. Participating agencies are required to make Smart Referrals to other relevant health and human services on behalf of residents, when applicable. Participating Agencies will report all payments and applicant information via United Way's Smart Referral software, which provides reporting that aligns with all requirements associated with SB91, the Consolidated Appropriations Act 2021, and guidance.
  - E.6 **APPEALS PROCESS:** Tenants that are deemed ineligible for the program or believe they were treated unfairly during the application process can fill out our appeals form on our Monterey County Rent and Utility Assistance website. UWMC will process the form and review the appeal with a panel of UWMC and County of Monterey staff to determine whether the tenant is eligible or ineligible for the program. The appeals process can take 1-2 weeks for review.
  - E.7 **COURT COORDINATION PROCESS:** Tenants, landlords, and court representatives can check the status of an application through our online portal at <https://www.unitedwaymcca.org/county-rent-and-utility> or at MCrenthelp.com. Applicants are assigned a unique client ID that is required to check the application status and to regulate privacy concerns for the applicant. Tenants, landlords, and court representatives can input an applicant's unique application ID, street number, and zip code to access application information. Tenants, landlords, and court representatives can also call 2-1-1 and work with a call specialist to access their application status for court coordination measures.
  - E.8 **HOUSING STABILITY SERVICES:** Under ERA1, Emergency Rental Assistance Funds may be used to provide eligible households with case management and other services related to the Covid-19 pandemic, as defined by the Secretary, intended to keep households stably housed. Such services may include, among other things, eviction prevention and eviction diversion programs; mediation between landlords and tenants; housing counseling; fair housing counseling; housing navigators or promotoras that help households access ERA programs or find housing; case management related to housing stability; housing-related services for survivors of domestic abuse or human trafficking; legal services or attorney's fees related to eviction proceedings and maintaining housing stability; and specialized services for individuals with disabilities or seniors that support their

ability to access or maintain housing. Grantees using ERA funds for housing stability services must maintain records regarding such services and the amount of funds provided to them.

- a. MC ERA Program utilizes housing stability services by providing system navigation services through a contract with a local organization, Mujeres de Accion. Mujeres de Accion deploys Community Health Workers into targeted communities to provide community outreach and program information and to assist existing as well as current applicants in compiling required documentation, understanding program guidelines, and assisting them through the process. Additionally, systems navigation and outreach/application support are provided through housing stability grants to Communities Organized for Relational Power and Action (COPA) and legal support/training is provided by a housing stabilization grant to the Watsonville Law Center.

### B. AUTHORITY

- B.1 The American Rescue Plan Act (March 2021) appropriate a second round of funding for the Emergency Rental Assistance Program resulting in an additional \$22,317,870 for the Monterey County Emergency rental Assistance Program.
- B.2 **Round 1:** On December 27, 2020, the Consolidated Appropriations Act, 2021 (Pub.L. No. 116-260) (the Act) was signed into law. Section 501 of Division N of the Act established the federal Emergency Rental Assistance Program (ERAP), and authorized the allocation of funds to states, units of local government, tribal communities, and territories.
  - a. California Senate Bill No. 91 (2021-2022 Reg. Sess) (SB 91) established the State of California's program for administering and distributing rental assistance funds. SB 91 added Chapter 17 (commencing with Section 50897) to Part 2 of Division 31 of the Health and Safety Code. Health and Safety Code section 50897.1, subdivision (a)(1) authorizes the California Department of Housing and Community Development (Department) to administer the funds in accordance with state and federal law.
  - b. California Assembly Bill No. 832 9) extended existing law that established the emergency rental assistance program, using funding made available

pursuant to the federal Consolidated Appropriations Act, 2021 (Appropriations Act), administered by HCD. AB 832 specifies requirements for Round 1 and Round 2 funds, as defined. AB 832 sets the compensation for an eligible household's unpaid rental debt accumulated on or after April 1, 2020 at 100%. This bill requires funds be used to provide assistance for prospective rent payments for an eligible household to be set at 100% of the eligible household's monthly rent. Landlords and tenants that were paid at an 80% or 25% reimbursement will need to be reimbursed the remaining balance of 20% or 75% ("topped off") for complete reimbursement of 100%.

- c. AB 832 (Section 1179.12.) requires each government rental assistance program to develop court coordination measures no later than September 15, 2021. These mechanisms include, but are not limited to, telephone or online access, through which landlords, tenants, and the court may do both of the following:
  - i. Verify the status of an application for rental assistance based upon the property address and a unique application number.
  - ii. Obtain copies of any determination on an application for rental assistance. A determination shall indicate all of the following: the name of the tenant that is the subject of the application, the address of the property that is the subject of the application, and whether the application has been approved or denied. If the application has been approved, then the amount of the payment that has been approved and the period and type of rental debt to which the amount corresponds. If the application has been denied, the reason for the denial, which shall be any of the following: the tenant is ineligible for government rental assistance, the government rental assistance program no longer has sufficient funds to approve the application, or the application remained incomplete 15 days, excluding Saturdays, Sundays, and other judicial holidays, after it was initially submitted because of failure on the part of the tenant to provide required information.

**B.3 Round 2:** On March 11, 2021, the American Rescue Plan Act of 2021 (Section 3201 of the American Rescue Plan Act of 2021, Pub. L. No. 117-2) was enacted to provide funds directly to states, U.S. territories, local governments, and (in the case of ERA1) Indian tribes. Grantees use the funds to provide assistance to eligible households through existing or newly created rental assistance programs. The MC ERA2 Program is funded through a combination of these federal and state funds. UWMC has received \$10,196,112.00 in federal funds and \$12,088,005.00 in state funds for a total allocation of \$22,284,117 to administer the ERAP program. More details can be found on MC ERAP Spending Projections Workplan (Appendix D).

## C. DESCRIPTION

- C.1 MC ERA2 will assist low-income households that have qualified for unemployment benefits or experienced a reduction in household income, incurred significant costs, or experienced other financial hardship during or due, directly, or indirectly, to the coronavirus pandemic. The program utilizes the existing structure and network of UWMC's 2-1-1 service to collaborate with community partners in the disbursement of \$22,284,117 of State and Federal funding. All Monterey County residents can call 2-1-1 Monterey County System to inquire about rental assistance and eligibility for the ERAP program. Trained and certified call specialists will quickly assess applicant eligibility for the ERAP Program and if an applicant is eligible, the call specialist will provide an ERAP referral to a participating agency. If the caller does not qualify for ERAP assistance, the call specialist will refer the caller to the appropriate local service provider for rent and utility assistance relief.

#### D. SCHEDULE

- D.1 The program launched on March 15, 2021 and run until available funds are fully expended, not later than September 30, 2025.
- D.2 The program will maintain specific expenditure benchmark dates throughout the course of the program term to meet required state and federal spending deadlines. Benchmarks include:
- a. 65% obligation of ERA 1 direct federal allocation by September 30, 2021
  - b. 75% obligation of first tranche ERA 2 state block grant by October 31, 2021
  - c. 50% obligation of total ERA 2 state block grant awarded by January 31, 2022
  - d. 50% obligation of total ERA 2 federal allocation of funds no later than March 31, 2022.
- D.3 **REALLOCATION OF FUNDS:** Recipient understands and agrees that any funds allocated by Treasury to Recipient that are not disbursed to Recipient in accordance with Section 3201(c)(2) as a subsequent payment will be reallocated by Treasury to other eligible recipients under Section 3201(e). Such reallocation of funds shall be made in the manner and by the date, which shall be no sooner than March 31, 2022, as may be set by Treasury. Recipient agrees to obligate at least fifty (50) percent of the total amount of funds allocated by Treasury to Recipient under Section 3201 to be eligible to receive reallocated funds under Section 3201(e).
- D.4 **SPENDING PROJECTIONS WORKPLAN:** The Spending Projections Workplan details the spending targets to meet the benchmarks as required by State and Federal law and describes the program's fund deployment schedule. This workplan is a sample projection of spending required to meet those benchmarks and actual spending may not match this sample plan. (Appendix D)

#### E. PROCESS

- E.1 Process: Applicants can apply through UWMC's online application on the UWMC website, with an agency directly, or through 211 to speak to a trained Call

Specialist. 211 Call Specialists screen applicants who are inquiring about rental assistance to determine eligibility for the ERAP Program. If determined eligible for the ERAP Program, 211 Call Specialists refer the applicant to the appropriate participating agency or jurisdiction through United Way's Smart Referral Network (SRN) software. Participating Agency-trained staff receive the referrals through the SRN and are responsible for contacting the applicant to obtain required documents and to complete the rental assistance application. Applicants bring documentation via email, in person, fax, or mail demonstrating their eligibility by verifying their identity, residence, landlord-renter relationship, and the amount of rent and/or utilities owed to the Participating Agency. The eligibility requirement for Covid-19 Financial Distress is attested to by the applicant during the application process and no additional documentation is required.

- E.2 Landlords can apply on behalf of their tenant(s) through an online portal and will be contacted by a specific partner agency that is working only with landlord-initiated applications. Once landlords provide their information, tenants and landlords will be contacted and the same process applies regarding eligibility, required documentation, and prioritization of assistance.
- E.3 Following State guidelines, accepted documentation includes, but is not limited to, a driver's license, employment identification card, IRS tax forms, such as 1099, 1040/1040A, W-2, recent paycheck stubs, current bank statements, lease agreement, rent due notices, and utility bills. Participating agencies verify documents by checking for accurate and consistent information between landlord and tenant documents and by contacting the County Assessor's office to confirm residence and landlord ownership. Verified documents are uploaded securely as 'files' into the SRN, where both United Way Monterey County and the Participating Agency are able to view and edit documents and application status.
- E.4 To prevent duplication of an applicant file, each applicant is identified through their legal name and date of birth—this provides a way for Participating agencies to search for and update applicants, while ensuring that each applicant has one application for ERAP assistance. All Participating Agencies are required to utilize the SRN software to document applicant payment. Once an applicant has been referred to a Participating Agency, they cannot be paid by another agency, preventing them from receiving assistance twice.
- E.5 Participating agencies pay landlords and/or utility companies directly by issuing a check for the amount provided by landlord and tenant documents. If the landlord does not cooperate by providing necessary documentation within 21 days, the Participating Agency may pay the tenant directly. Participating agencies are required to make Smart Referrals to other relevant health and human services on behalf of residents, when applicable. Participating Agencies will report all payments and applicant information via United Way's Smart Referral software, which provides reporting that aligns with all requirements associated

with SB91, the Consolidated Appropriations Act 2021, The American Rescue Plan Act of 2021, and guidance.

- E.6 **APPEALS PROCESS:** Tenants that are deemed ineligible for the program or believe they were treated unfairly during the application process can fill out our appeals form on our Monterey County Rent and Utility Assistance website. UWMC will process the form and review the appeal with a panel of UWMC and County of Monterey Staff to determine whether the tenant is eligible or ineligible for the program. The appeals process can take 1-2 weeks for review.
- E.7 **COURT COORDINATION PROCESS:** Tenants, landlords, and court representatives can check the status of an application through our online portal at <https://www.unitedwaymcca.org/county-rent-and-utility> or at <http://MCrenthelp.com>. Applicants are assigned a unique client ID that is required to check the application status and to regulate privacy concerns for the applicant. Tenants, landlords, and court representatives can input an applicant's unique application ID, street number, and zip code in order to access application information. Tenants, landlords, and court representatives can also call 2-1-1 and work with a call specialist to access their application status for court coordination measures.
- E.8 **HOUSING STABILITY SERVICES:** Under ERA2, Emergency Rental Assistance Funds may be used to provide eligible households with case management and other services intended to keep households stably housed. Such services do not have to be related to the Covid-19 pandemic and may include, among other things, eviction prevention and eviction diversion programs; mediation between landlords and tenants; housing counseling; fair housing counseling; housing navigators or promotoras that help households access ERA programs or find housing; case management related to housing stability; housing-related services for survivors of domestic abuse or human trafficking; legal services or attorney's fees related to eviction proceedings and maintaining housing stability; and specialized services for individuals with disabilities or seniors that support their ability to access or maintain housing. Grantees using ERA funds for housing stability services must maintain records regarding such services and the amount of funds provided to them.
  - a. MC ERA Program utilizes housing stability services by providing system navigation services through a contract with a local organization, Mujeres de Accion. Mujeres de Accion deploys Community Health Workers into targeted communities to provide community outreach and program information and to assist existing as well as current applicants in compiling required documentation, understanding program guidelines, and assisting them through the process. Additionally, systems navigation and outreach/application support are provided through housing stability grants to Communities Organized for Relational Power and Action (COPA) and legal support/training is provided by a housing stabilization grant to the Watsonville Law Center.

**F. PROGRAM ELIGIBILITY**

- F.1 An Applicant must reside within the boundaries of the County of Monterey (those residing in cities and jurisdictions with rental assistance programs will be assessed for local program eligibility first).
- F.2 Applicants must meet at least one of the two criteria below to be eligible for ERAP funding
- F.3 **INCOME ELIGIBILITY:** Applicants must meet one or both of the following income eligibility criteria to be eligible for ERAP funding. Program priority is given to households with income at or below 50% AMI.
- Households with incomes at or Below 80% Monterey County Area Median Income (AMI).
  - Household with incomes at or below 50% Monterey County Area Median Income (AMI), or households that have one or more individuals that have been unemployed for the 90-day period preceding the date of application.

<b>2021 Maximum Income Limits (80% of Area Median Income)</b>						
Program eligibility based on most up to date AMI calculation updated annually						
<b>Household</b>	<b>1 Person</b>	<b>2 People</b>	<b>3 People</b>	<b>4 People</b>	<b>5 People</b>	<b>6 People</b>
80% AMI	\$56,950	\$65,100	\$73,250	\$81,350	\$87,900	\$94,400
50% AMI	\$35,600	\$40,700	\$45,800	\$50,850	\$54,950	\$59,000

- F.4 **INCOME DOCUMENTATION:** Applicants can use the following options for income documentation.
- 2020 household tax returns (If a household is not required to complete a tax return, then a Form W-2, a Form 1099-MISC, or other tax statements for the Eligible Household, members may be substituted), or
  - Pay stubs for all employed members of an Eligible Household (one month), or
  - Unemployment statements or benefits letters, or
  - Social Security and Social Security Disability Insurance statements or benefits letters, or
  - Documentation of current participation in any one of the below:
    - Medicaid, known as Medi-Cal in California
    - Women, Infants, and Children (WIC) benefits
    - Free and Reduced Lunch participation
    - Supplemental Nutrition Assistance Program (SNAP), known as CalFresh in California
    - Food Distribution Program on Indian Reservations (FDPIR)
    - Temporary Assistance for Needy Families (TANF), known as CalWORKs in California
    - School Nutrition Programs (SNP), such as the Free and Reduced Lunch program for California families
    - Subsidized housing (not including housing choice, project based, or Section 8 vouchers) that required income documentation as a condition of residency

- ix. Any household income-based state or federally funded assistance program for low-income persons or households
- x. Any locally operated assistance program for low-income persons or households that requires household income verification and uses federal income limits
- f. For households that confirm that they have no source of income, and that cannot provide documentation to verify income or income eligibility, may complete a written attestation of no income

F.5 **SELF-ATTESTATION:** A grantee may rely on a written attestation without further documentation of household income from the applicant under three approaches:

- a. *Self-attestation Alone* – In order to provide assistance rapidly, during the public health emergency related to COVID-19 the grantee may rely on a self-attestation of household income without further verification if the applicant confirms in their application or other document that they are unable to provide documentation of their income. If a written attestation without further verification is relied on to document most the applicant's income, the grantee must reassess the household's income every three months, by obtaining appropriate documentation or a new self-attestation. Income attestations should specify the monthly or annual income claimed by the household to ensure that the household meets the applicable ERA requirements and to enable appropriate reporting. Under this approach, grantees are encouraged to incorporate self-attestation to demonstrate income eligibility into their application form.
  - i. Similarly, grantees may rely on self-attestations to demonstrate applicants' financial hardship and risk of homelessness or housing instability.
- b. *Categorical Eligibility* – If an applicant's household income has been verified to be at or below 80 percent of the area median income (for ERA1) or if an applicant's household has been verified as a low-income family as defined in section 3(b) of the United States Housing Act of 1937 (42 U.S.C. 1437a(b)) (for ERA2) in connection with another local, state, or federal government assistance program, grantees are permitted to rely on a determination letter from the government agency that verified the applicant's household income or status as a low-income family, provided that the determination for such program was made on or after January 1, 2020.
- c. *Fact-specific proxy* – A grantee may rely on a written attestation from the applicant as to household income if the grantee also uses any reasonable fact-specific proxy for household income, such as reliance on data regarding average incomes in the household's geographic area.
  - i. Grantees also have discretion to provide waivers or exceptions to this documentation requirement to accommodate disabilities, extenuating circumstances related to the pandemic, or a lack of

technological access. In these cases, the grantee is still responsible for making the required determination regarding the applicant's household income and documenting that determination. Treasury encourages grantees to partner with state unemployment departments or entities that administer federal benefits with income requirements to assist with the verification process, consistent with applicable law. Loss of Income Criteria One or more individuals within the household has qualified for unemployment benefits or experienced a reduction in household income, incurred significant costs, or experienced other financial hardship during or due, directly or indirectly, to the coronavirus pandemic. One or more individuals within the household can demonstrate a risk of experiencing homelessness or housing instability.

**F.6 LOSS OF INCOME/UNEMPLOYMENT DOCUMENTATION**

- a. Letters of termination
- b. Last-received pay stub with employer's information
- c. Evidence of application for unemployment benefits
- d. Evidence of expired unemployment benefits, including unemployment benefits provided through the CARES Act
- e. For self-employed persons, tax records, statements, or other documentation of loss of employment
- f. Applicants who cannot provide documentation of unemployment should instead consider applying under the income eligibility criteria.

**F.7 COLLABORATION WITH LANDLORD:** ERA2 does not require grantees to seek cooperation of the landlord or utility provider before providing assistance directly to an applicant/tenant. However, Treasury strongly encourages the grantee to apply the same ERA1 requirements with respect to assistance paid directly to landlord. A formal lease not required; however, landlord must provide ID and tax info. Landlord must provide the following documentation:

- a. W9-Property tax statement
- b. Property deed(s)
- c. Mortgage note(s)
- d. Copy of property insurance statements
- e. Lease or rental agreement reflecting renter's name, residence, address, monthly rent due, contact information for payment

**G. PARTICIPATING AGENCY REQUIREMENTS:**

**G.1** Participating agencies (Appendix B) may not institute additional requirements beyond State and Federal requirements.

- a. Participating Agencies must comply with UWMC's nondiscrimination policy and expectations as designed in section 10.2 of the Community Impact Grant Agreement (Appendix E).
- b. Participating Agencies must adhere to the program's payment procedures and documentation standards as outlined in Section 2. Use of Grant Funds,

Section 4. Eligibility Requirements for Grant Funds Distribution, and  
Section 5. Participant Documentation/Grantee Required Activities of the  
Community Impact Grant Agreement (Appendix E).

- c. Participating Agencies must adhere to the United Way Monterey County SB91 ERAP Fraud Prevention and Recapture Policy (Appendix E) and utilize UWMC's Smart Referral software to track all payment and applications. The software creates a unique identifying number for each applicant in the system to prevent duplication of benefits and track payments issued to each applicant.
- d. Policies and procedures to recapture illegitimate payments is addressed within the United Way.
- e. Monterey County SB91 ERAP Fraud Prevention and Recapture Policy (Appendix E).
- f. UWMC will run weekly reports and analyze data to identify red flags and work with grantees to ensure no duplication of service occurs.

#### **H. PROGRAM LIMITS:**

- H.1 The aggregate amount of financial assistance an eligible household may receive under ERA2, when combined with financial assistance under ERA1, must not exceed 18 months. Arrears must be paid before future payments. All rent and utility bills are paid at 100%.

#### **I. PRIORITY OF FUNDING:**

- I.1 Tenants below 50% AMI must be prioritized and funded first, as well as those who are at immediate risk of homelessness, or have rental arrears. Tenants below 50% AMI will be prioritized based on a referrals report generated in SRN software that allows the Participating Agency to sort their applicants by income level. Rental Arrears will be paid before future rent.
- I.2 State and Federal Funds will only be utilized for eligible activities as outlined in The American Rescue Plan Act of 2021. Eligible Activities include rental arrears; prospective rent payments; utilities, including arrears and prospective payments for utilities; and other expenses as defined by the Rescue Plan Act including items related to housing and whether a household experienced a reduction in household income, incurred significant costs, or experienced other financial hardship during or due, directly, or indirectly, to the coronavirus pandemic. Such expenses include relocation expenses, which may include rental security deposits, and rental fees, which may include application or screening fees, if a household has been temporarily or permanently displaced; reasonable accrued late fees (if not included in rental or utility arrears); and Internet service provided to the rental unit.
- I.3 Minimum 91.5% of State program funds and 90% of Federal program funds shall be used for direct relief payments of rent and utility assistance to landlords, utility providers, and/or qualifying applicants.

- I.4 No more than 10% of the program's Direct Assistance funds shall be used for housing stabilization services.
- I.5 Not more than 15% of the amount paid to the grantee may be used for administrative costs attributable to providing financial assistance, housing stability services, and other affordable rental housing and eviction prevention activities combined. United Way Monterey County shall utilize no more than a total of 13.35% of the State Block Grant Award for administrative costs related to the program. UWMC shall utilize no more than 14.85% of the federal block grant award for administrative costs. Monterey County Department of Social Services allocates .15% of round 2 of the State and Federal award for program administration.
- I.6 Utility providers that apply for assistance shall provide information to all households regarding the availability low-income assistance or discount rate programs.

- A. UWMC is partnering with Monterey County Department of Social Services to distribute Federal and State Emergency Rent Assistance Program funds to eligible low-income households in Monterey County. **ATTACHMENT D****HEALTH INSURANCE PORTABILITY & ACCOUNTABILITY ACT (HIPAA) CERTIFICATION**

- A. Sections 261 through 264 of the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, known as “the Administrative Simplification provisions,” direct the Department of Health and Human Services to develop standards to protect the security, confidentiality and integrity of health information, and pursuant to the Administrative Simplification provisions, the Secretary of Health and Human Services has issued regulations modifying 45 CFR Parts 160 and 164 (“HIPAA Privacy Rule”).
- B. Grantee and United Way have entered into an Agreement (“Agreement”) to which this Certification is an attachment whereby Grantee will provide certain services to United Way, pursuant to which Grantee may have access to Protected Health Information in fulfilling its responsibilities under the Agreement. In consideration of the Parties’ continuing obligations under the Agreement, compliance with the HIPAA Privacy Rule, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Grantee agrees to the provisions of this Certification and of the HIPAA Privacy Rule and to protect the interests of United Way.

**I. DEFINITIONS**

Except as otherwise defined herein, any and all capitalized terms in this Section shall have the definitions set forth in the HIPAA Privacy Rule. In the event of an inconsistency between the provisions of this Certification and mandatory provisions of the HIPAA Privacy Rule, as amended, the HIPAA Privacy Rule shall control. Where provisions of this Certification are different than those mandated in the HIPAA Privacy Rule, but are nonetheless permitted by the HIPAA Privacy Rule, the provisions of this Certification shall control.

The term “Protected Health Information” means individually identifiable health information including, without limitation, all information, data, documentation, and materials, including without limitation, demographic, medical and financial information, that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

Grantee acknowledges and agrees that all Protected Health Information that is created or received by United Way and disclosed or made available in any form, including paper record, oral communication, audio recording, and electronic display by United Way, or its operating units, to grantee or is created or received by grantee on United Way’s behalf shall be subject to this Certification.

**II. CONFIDENTIALITY REQUIREMENTS**

(a) Grantee agrees:

(i) to use or disclose any Protected Health Information solely: (1) for meeting its obligations as set forth in any agreements between the Parties evidencing their business relationship or (2) as required by applicable law, rule or regulation, or by accrediting or credentialing organization to whom United Way is required to disclose such information, or as otherwise permitted under this Certification, or the underlying Agreement, (if consistent with this Certification and the HIPAA Privacy Rule), or the HIPAA Privacy Rule, and (3) as would be permitted by the HIPAA Privacy Rule if such use or disclosure were made by COUNTY; and

(ii) at termination of the Agreement, (or any similar documentation of the business relationship of the Parties), or upon request of United Way, whichever occurs first, if feasible grantee will return or destroy all Protected Health Information received from or created or received by grantee on behalf of United Way that grantee still maintains in any form, and retain no copies of such information, or if such return or destruction is not feasible, grantee will extend the protections of this Agreement to the information and limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible; and

(iii) to ensure that its agents, including a subcontractor(s), to whom it provides Protected Health Information received from or created by grantee on behalf of United Way, agrees to the same restrictions and conditions that apply to grantee with respect to such information. In addition, grantee agrees to take reasonable steps to ensure that its employees' actions or omissions do not cause grantee to breach the terms of the Agreement.

(b) Notwithstanding the prohibitions set forth in this Certification or the Agreement, grantee may use and disclose Protected Health Information as follows:

(i) if necessary, for the proper management and administration of grantee or to carry out the legal responsibilities of grantee, provided that as to any such disclosure, the following requirements are met:

(A) the disclosure is required by law; or

(B) Grantee obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law, or for the purpose for which it was disclosed to the person, and the person notifies grantee of any instances of which it is aware in which the confidentiality of the information has been breached;

(ii) for data aggregation services, if to be provided by grantee for the health care operations of United Way pursuant to any agreements between the Parties evidencing their business relationship. For purposes of this Certification and the Agreement, data aggregation services means combining Protected Health Information by grantee with the protected health information received by grantee in its capacity as grantee of another United Way, to permit data analyses related to health care operations of the respective covered entities.

(c) Grantee will implement appropriate safeguards to prevent use or disclosure of Protected Health Information other than as permitted in this Certification. The Secretary of Health and Human Services shall have the right to audit grantee's records and practices related to use and disclosure of Protected Health Information to ensure compliance with the terms of the HIPAA Privacy Rule. Grantee shall report to United Way any use or disclosure of Protected Health Information which is not in compliance with the terms of this Certification of which it becomes aware. In addition, Grantee agrees to mitigate, to the extent practicable, any harmful effect that is known to grantee of a use or disclosure of Protected Health Information by Grantee in violation of the requirements of this Certification or the Agreement.

### III. AVAILABILITY OF PHI

Grantee agrees to make available Protected Health Information to the extent and in the manner required by Section 164.524 of the HIPAA Privacy Rule. Grantee agrees to make Protected Health Information available for amendment and incorporate any amendments to Protected Health Information in accordance with the requirements of Section 164.526 of the HIPAA Privacy Rule. Grantee agrees to make Protected Health Information available for purposes of accounting of disclosures, as required by the HIPAA Privacy Rule.

### IV. TERMINATION

Notwithstanding anything in this Certification or the Agreement to the contrary, United Way shall have the right to terminate the Agreement immediately if United Way determines that grantee has violated any material term

of this Certification and/or the Agreement. If United Way reasonably believes that grantee will violate a material term of this Certification and/or the Agreement and, where practicable, United Way gives written notice to grantee of such belief within a reasonable time after forming such belief, and grantee fails to provide adequate written assurances to United Way that it will not breach the cited term of this Certification and/or the Agreement within a reasonable period of time given the specific circumstances, but in any event, before the threatened breach is to occur, then United Way shall have the right to terminate the Agreement immediately.

#### V. MISCELLANEOUS

Except as expressly stated herein or the HIPAA Privacy Rule, the parties to the Agreement do not intend to create any rights in any third parties. The obligations of grantee under this Section shall survive the expiration, termination, or cancellation of this Certification and/or the Agreement, and/or the business relationship of the parties, and shall continue to bind grantee, its agents, employees, contractors, successors, and assigns.

The parties agree that, in the event that any documentation of the arrangement pursuant to which grantee provides services to United Way contains provisions relating to the use or disclosure of Protected Health Information which are more restrictive than the provisions of this Certification or the Agreement, the provisions of the more restrictive documentation will control. The provisions of this Certification and the Agreement are intended to establish the minimum requirements regarding grantee use and disclosure of Protected Health Information.

## **United Way Monterey County SB91 ERAP Fraud Prevention and Recapture Policy**

### *What is Fraud?*

For purposes of this Policy, fraud is defined as the use of deception by an individual with the intention of obtaining an advantage for himself or herself or for a third party or parties, avoiding an obligation, or causing loss to another party. The term fraud is used to describe offences such as, but not limited to, misinformation, deception, bribery, forgery, misappropriation, false representation, and concealment of material facts.

### *Examples of Fraudulent Behavior in MC ERAP*

- Providing forged documentation in order to receive assistance
- Applying for assistance using incorrect or false personal information
- Landlord or property manager providing incorrect amount(s) due
- Applying for assistance when a member of the same household has already received assistance.

### *Fraud Prevention*

It is the responsibility of United Way Monterey County (UWMC) and its SB91 ERAP Grantees to make best efforts to prevent fraud. The Smart Referral Network (SRN) software has measures to prevent a participant from applying twice for the same program through creating a unique identifying number for each client based on name and birthday. The system is designed to prevent duplication of benefits and for this reason it is extremely important to enter data prior to making final eligibility determination. Many participants will be applying for assistance using our public facing application at MCRentHelp.com. Documents collected online must be verified by the Grantee and applicants should be vetted by an in-person or phone conversation to verify information on the documents provided. Additionally, due diligence should be taken to ensure that the applicant resides at the property provided, that the applicant's household members have not applied for assistance already, and that the amounts of rent provided by the property owner are correct.

### *Recapture*

Should a MC ERAP Grantee discover that a participant or property owner has received assistance using fraudulent means, the agency is responsible for notifying UWMC of the incident and placing a Stop Payment on the check if the check has not yet cleared. Should the check already have been cleared, the Grantee shall do the following:

- Contact the landlord or property manager, provide them with information regarding the fraudulent activity, and request reimbursement
- If the landlord or property manager does not respond within twenty-one (21) days or refuses to provide reimbursement within ninety (90) days of the request, an affidavit must be filed with the bank to recapture the amount paid.
- The paperwork for the affidavit will be retained by the Grantee.
- Should the situation require, UWMC will refer the Grantee to the District Attorney's office to pursue legal action.
- Should the affidavit be refused by the bank, UWMC will request a written letter signed by the bank official(s) providing a reason for the refusal.

The grantee may request assistance with this process from UWMC staff.

## Landlord Non-Cooperation Procedure

Jurisdictions should encourage tenants to initiate communication with their landlords, and to collaborate with their landlords on an application for rental assistance before they apply independently for rental assistance. For landlords that are unwilling to talk with and/provide necessary documents to their tenants, agencies are required to contact the landlord directly.

The Federal ERA program states grantees must make reasonable efforts to obtain the cooperation of landlords and utility providers to accept payments from the ERA program. Outreach will be considered complete if:

- 1) Request for participation is sent in writing, by mail, to the landlord or utility provider, and the addressee does not respond to the request within 14 calendar days after mailing.
- 2) The agency has made at least **three** attempts by phone, text, or e-mail over a 10 calendar-day period to request the landlord or utility provider's participation; or a landlord confirms in writing that the landlord does not wish to participate.
- 3) The final outreach attempt or notice to the landlord must be documented. The cost of contacting landlords would be an eligible administrative cost. Agencies must document multiple attempts at landlord engagement, including using all means of contact (emails, phone numbers, text messages, postal mail).

If the following occurs,

- A landlord/property manager is unwilling to provide basic name and contact information to the tenant after multiple attempts; and/or
- The landlord has refused to provide any documentation to the tenant or agency, yet has not stated that he or she does not want to participate; and/or
- The tenant has expressed fear of being evicted/penalized by the landlord/property manager if the agency reaches out to the landlord/property manager; and/or
- All attempts to verify property ownership by the agency have failed (because of lack of information provided, county assessor's office does not provide information, etc.)

In cases such as these, it is imperative that a tenant is able to provide additional evidence of rent owed, prior months' rent paid, monthly rent amount, lease terms, residence address, period of occupancy, or similar information that might mitigate the lack of landlord corroboration. The tenant will be required to prove identity, verification of income, verification of residency, and amount of rent owed, to the best of his or her ability.

It is important the agency remains vigilant in identifying potential fraudulent claims as a reason for not supplying the required documentation or in collaborating with the landlord. If an agency has taken documented steps to include the legitimate and legal landlord, verify tenant information, and isolate fraud, then the agency should be able to assist the tenant directly. The Monterey County Rental Assistance program allows for the tenant to be paid 25% of the back rent owed between the dates of April 1, 2020 and March 31, 2021 and prospective rent between the dates of April 1, 2021 and December 31, 2021.

The following are examples of accepted documentation:

1) Verification of Identity of applicant--provide one (1):

- Current Driver's license with photograph (from U.S. or its territories)
- Non-Driver's ID card with photograph (from U.S. or its territories)
- Passport
- ID from Country of Origin with photograph (non-U.S.)
- U.S. Permanent Resident card
- U.S. certificate of naturalization
- Learner Permit with photograph
- Employment ID card
- Marriage license/certificate or certified divorce decree
- Current school records documenting a student's status

2) Verification of Income of applicant—provide one (1):

- Pay stub(s) (30 days min)
- Unemployment award letter
- W-2
- Bank statement (reflecting salary or reduction in salary)
- Letter from employer (reflecting income level, decrease in income level, or layoff)
- Benefits award letter
- Self-declaration, if other documents can not be produced

3) Proof of residency/tenancy—provide one (1):

- Lease, if applicable
- Utility bill showing address being serviced
- Notice of past due rent
- Eviction notice
- Self-declaration, if other documents cannot be produced

If possible, the agency can corroborate tenant information through the County Assessor's office for property ownership and landlord information.

4) Proof of rent owed:

- Notice of past rent due
- Eviction notice
- Bank statements, showing a reasonable pattern of paying rent
- Check stubs, showing a reasonable pattern of paying rent
- Self-declaration, if other documents cannot be produced

### SUMMARY:

The recommended actions allocate resources from the State to the Probation Department for the implementation of the local Juvenile Justice Realignment Block Grant plan strategies, services, and programs in FY2021-22.

### DISCUSSION:

Senate Bill (SB) 823 was signed by the Governor on September 30, 2020 and became effective immediately. With this bill the State initiated the closing of the Division of Juvenile Justice (DJJ) and realigned to the counties the responsibility for youth adjudicated for serious violent felony offenses that would have formerly been eligible for commitment to the DJJ. This mandated program, established by Welfare & Institutions Code Section(s) 1990-1995, is for the purpose of providing county-based care, custody and supervision of youth realigned from the DJJ or who would otherwise be eligible for

commitment to the DJJ. Additionally, SB 823 intends for counties to use evidence-based practices and programs to improve youth and public safety outcomes, reduce the transfer of youth to the adult court system and reduce the use of juvenile justice confinement through community-based responses and interventions.

SB 823 established a Juvenile Justice Realignment Block Grant program to fund the counties' efforts to provide a replacement service continuum for this realigned population. SB 823 also required counties to establish a subcommittee of their multiagency Juvenile Justice Coordinating Council (JJCC) to develop a local plan (Plan) to serve this realigned population. The Plan is required for counties to receive their designated ongoing Juvenile Justice Block Grant funding. Further, the Plan is required to describe the facilities, programs, placements, services, supervision, and reentry strategies that are needed to provide the appropriate rehabilitation and supervision services for the realigned population. The subcommittee of the JJCC was created, and the FY2021-22 Plan developed and approved at its meeting on April 28, 2021. The Board of Supervisors received and considered the FY 2021-22 Plan on June 8, 2021.

OTHER AGENCY INVOLVEMENT:

The Juvenile Justice Coordinating Council (JJCC) has approved the recommended action. The JJCC is chaired by the Chief Probation Officer; its membership is established by law and includes key stakeholders such as the Board of Supervisors, the Courts, District Attorney, Public Defender, the Directors for Social Services and Mental Health, and the Superintendent of the Office of Education, in addition to community members. Further, County Counsel has reviewed this recommendation. This request was supported by the Budget Committee during their meeting on October 29, 2021.

FINANCING:

Commencing with the FY2021-22 Budget Year and annually thereafter, an allocation will be given to Monterey County to provide supervision, housing, and appropriate rehabilitative care services for the population. The Monterey County funding allocation is as follows:

- FY2021-22      \$ 983,841
- FY2022-23      \$2,905,404 (projected)
- FY2023-24      \$4,813,377 (projected)

Subsequent year funding formulas and funding levels have yet to be determined.

Monterey County has received a total of \$983,841 during the current fiscal year. The Probation Department worked with the County Auditor-Controller within established county procedures on depositing the monies into an appropriate restricted account.

FY2021-22 funding is shared between the Health Department-Behavioral Health Division for \$206,970 and Probation for \$776,871, to implement legislated core mandates and treatment strategies as identified in the Plan. In parallel with the Plan, the Probation Department and the Health Department - Behavioral Health Division, reviewed the data on the local youth who were committed to DJJ during recent years and the probable current local realigned population. This data will be used to continue developing and refining programs, supervision strategies, services and re-entry needs for

these youth who will now be serviced at the local level, utilizing County and local community-based services.

Specifically, funding in the amount of \$776,871 to Probation will be utilized with a phased-in approach for: a) providing programming oversight and case management by one existing temporarily redirected Deputy Probation Officer III \$115,056; b) staffing for custody and programming to be phased-in as the realigned population increases, by 4.0 FTE existing Juvenile Institutional Officer positions \$386,330, these positions were previously unfunded pending full completion of construction for the new Juvenile Hall; c) youth support and healthcare costs \$88,800; d) operating and staff training costs \$86,685; and e) contracted specialized youth services and programs \$100,000. At this time, the Health Department - Behavioral Health Division is projecting their allocated \$206,970 portion of the costs, can be managed within the Health Department's existing FY2021-22 Adopted Budget appropriations.

There is no additional cost to the County General Fund with the recommended action.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This recommendation supports key objectives of: 1) Administration with efficient and effective fiscal management of the State realigned funds, and 2) Health and Human Services by providing pro-social and rehabilitative and reentry services to juvenile offenders, and 3) Public Safety for the safe and secure custody of residents in juvenile institutions.

## Electronic Record and Signature Disclosure

## **ELECTRONIC RECORD AND SIGNATURE DISCLOSURE**

From time to time, Probation (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

### **Getting paper copies**

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

### **Withdrawing your consent**

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

### **Consequences of changing your mind**

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

### **All notices and disclosures will be sent to you electronically**

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

### **How to contact Probation:**

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: [urenael@co.monterey.ca.us](mailto:urenael@co.monterey.ca.us)

### **To advise Probation of your new email address**

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at [urenael@co.monterey.ca.us](mailto:urenael@co.monterey.ca.us) and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

### **To request paper copies from Probation**

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to [urenael@co.monterey.ca.us](mailto:urenael@co.monterey.ca.us) and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

### **To withdraw your consent with Probation**

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to [urenae1@co.monterey.ca.us](mailto:urenae1@co.monterey.ca.us) and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

### **Required hardware and software**

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

### **Acknowledging your access and consent to receive and sign documents electronically**

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to ‘I agree to use electronic records and signatures’ before clicking ‘CONTINUE’ within the DocuSign system.

By selecting the check-box next to ‘I agree to use electronic records and signatures’, you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

This endorsement modifies insurance provided under the:

**Commercial General Liability Coverage Part**

The following changes apply to this Coverage Part. However, endorsements attached to this Coverage Part will supersede any provisions to the contrary in this General Liability Supplemental Coverage Endorsement.

**A. Broadened Named Insured**

1. The following is added to Section II – Who Is An Insured:

Any organization of yours, other than a partnership or joint venture, which is not shown in the Declarations, and over which you maintain an ownership interest of more than 50% of such organization as of the effective date of this Coverage Part, will qualify as a Named Insured. However, such organization will not qualify as a Named Insured under this provision if it:

- a. Is newly acquired or formed during the policy period;
- b. Is also an insured under another policy, other than a policy written to apply specifically in excess of this Coverage Part; or
- c. Would be an insured under another policy but for its termination or the exhaustion of its limits of insurance.

Each such organization remains qualified as a Named Insured only while you maintain an ownership interest of more than 50% in the organization during the policy period.

2. The last paragraph of Section II – Who Is An Insured does not apply to this provision to the extent that such paragraph would conflict with this provision.

**B. Newly Acquired or Formed Organizations as Named Insureds**

1. Paragraph 3. of Section II – Who Is An Insured is replaced by the following:

3. Any organization you newly acquire or form during the policy period, other than a partnership or joint venture, and over which you maintain an ownership interest of more than 50% of such organization, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

- a. Coverage under this provision is afforded only until the 180<sup>th</sup> day after you acquire or form the organization or the end of the policy period, whichever is earlier;
- b. Coverage **A** does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and
- c. Coverage **B** does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.

An additional premium will apply in accordance with our rules and rates in effect on the date you acquired or formed the organization.

2. The last paragraph of Section II – Who Is An Insured does not apply to this provision to the extent that such paragraph would conflict with this provision.

**C. Insured Status – Employees**

Paragraph 2.a.(1) of Section II – Who Is An Insured is replaced by the following:

2. Each of the following is also an insured:

- a. Your "volunteer workers" only while performing duties related to the conduct of your business, or your "employees", other than either your "executive officers" (if you are an organization other than a partnership, joint venture or limited liability company) or your managers (if you are a limited liability company), but only for acts within the scope of their employment by you or while performing duties related to the conduct of your business. However, none of these "employees" or "volunteer workers" are insureds for:

(1) "Bodily injury" or "personal and advertising injury":

- (a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;
- (b) To the spouse, child, parent, brother or sister of that co-"employee" or "volunteer worker" as a consequence of Paragraph (1)(a) above;
- (c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraphs (1)(a) or (b) above; or
- (d) Arising out of his or her providing or failing to provide professional health care services.

However:

Paragraphs (1)(a) and (1)(d) do not apply to your "employees" or "volunteer workers", who are not employed by you or volunteering for you as health care professionals, for "bodily injury" arising out of "Good Samaritan Acts" while the "employee" or "volunteer worker" is performing duties related to the conduct of your business.

"Good Samaritan Acts" mean any assistance of a medical nature rendered or provided in an emergency situation for which no remuneration is demanded or received.

Paragraphs (1)(a), (b) and (c) do not apply to any "employee" designated as a supervisor or higher in rank, with respect to "bodily injury" to co-"employees". As used in this provision, "employees" designated as a supervisor or higher in rank means only "employees" who are authorized by you to exercise direct or indirect supervision or control over "employees" or "volunteer workers" and the manner in which work is performed.

**D. Additional Insureds – Lessees of Premises**

1. Section II – Who Is An Insured is amended to include as an additional insured any person(s) or organization(s) who leases or rents a part of the premises you own or manage who you are required to add as an additional insured on this policy under a written contract or written agreement, but only with respect to liability arising out of your ownership, maintenance or repair of that part of the premises which is not reserved for the exclusive use or occupancy of such person or organization or any other tenant or lessee.

This provision does not apply after the person or organization ceases to lease or rent premises from you.

However, the insurance afforded to such additional insured:

- a. Only applies to the extent permitted by law; and
  - b. Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured.
2. With respect to the insurance afforded to the additional insureds under this endorsement, the following is added to Section III – Limits Of Insurance:

The most we will pay on behalf of the additional insured is the amount of insurance:

- a. Required by the written contract or written agreement referenced in Subparagraph **D.1.** above (of this endorsement); or
- b. Available under the applicable Limits of Insurance shown in the Declarations, whichever is less.

This Paragraph **D.** shall not increase the applicable Limits of Insurance shown in the Declarations.

**E. Additional Insured – Vendors**

1. The following change applies if this Coverage Part provides insurance to you for "bodily injury" and "property damage" included in the "products-completed operations hazard":

Section II – **Who Is An Insured** is amended to include as an additional insured any person or organization (referred to throughout this Paragraph **E.** as vendor) who you have agreed in a written contract or written agreement, prior to loss, to name as an additional insured, but only with respect to "bodily injury" or "property damage" arising out of "your products" which are distributed or sold in the regular course of the vendor's business:

However, the insurance afforded to such vendor:

- a. Only applies to the extent permitted by law; and
  - b. Will not be broader than that which you are required by the written contract or written agreement to provide for such vendor.
2. With respect to the insurance afforded to these vendors, the following additional exclusions apply:
    - a. The insurance afforded the vendor does not apply to:
      - (1) "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;

      - (3) Any physical or chemical change in the product made intentionally by the vendor;
      - (4) Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;
      - (5) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;
      - (6) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;
      - (7) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or
      - (8) "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:
        - (a) The exceptions contained in Subparagraphs (4) or (6); or
        - (b) Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.
    - b. This insurance does not apply to any insured person or organization, from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.
    - c. This insurance does not apply to any of "your products" for which coverage is excluded under this Coverage Part.

3. With respect to the insurance afforded to the vendor under this endorsement, the following is added to Section III – **Limits Of Insurance**:

The most we will pay on behalf of the vendor is the amount of insurance:

- a. Required by the written contract or written agreement referenced in Subparagraph E.1. above (of this endorsement); or

1. Section II – **Who Is An Insured** is amended to include as an insured any person or organization who is a manager, lessor or governmental entity who you are required to add as an additional insured on this policy under a written contract, written agreement or permit, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

- a. Your acts or omissions; or
- b. The acts or omission of those acting on your behalf; and resulting directly from:
  - a. Operations performed by you or on your behalf for which the state or political subdivision has issued a permit;
  - b. Ownership, maintenance, occupancy or use of premises by you; or
  - c. Maintenance, operation or use by you of equipment leased to you by such person or organization.

However, the insurance afforded to such additional insured:

- a. Only applies to the extent permitted by law; and
  - b. Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured.
2. This provision does not apply:
- a. Unless the written contract or written agreement has been executed, or the permit has been issued, prior to the "bodily injury", "property damage" or offense that caused "personal and advertising injury";
  - b. To any person or organization included as an insured under Paragraph 3. of Section II – Who Is An Insured;
  - c. To any lessor of equipment if the "occurrence" or offense takes place after the equipment lease expires;
  - d. To any:
    - (1) Owners or other interests from whom land has been leased by you; or
    - (2) Managers or lessors of premises, if:
      - (a) The "occurrence" or offense takes place after the expiration of the lease or you cease to be a tenant in that premises;

b. Available under the applicable Limits of Insurance shown in the Declarations, whichever is less.

This Paragraph F. shall not increase the applicable Limits of Insurance shown in the Declarations.

**G. Damage to Premises Rented or Occupied by You**

1. The last paragraph under Paragraph 2. **Exclusions** of Section I – **Coverage A – Bodily Injury And Property Damage Liability** is replaced by the following:

Exclusions c. through n. do not apply to damage by "specific perils" to premises while rented to you or temporarily occupied by you with permission of the owner. A separate Damage To Premises Rented To You Limit of Insurance applies to this coverage as described in Section III – Limits Of Insurance.

2. Paragraph 6. of Section III – **Limits Of Insurance** is replaced by the following:

"Temporary worker" means a person who is furnished to you to support or supplement your work force during "employee" absences, temporary skill shortages, upturns or downturns in business or to meet seasonal or short-term workload conditions. "Temporary worker" does not include a "leased worker".

- 2. The following definition is added to the **Definitions** Section:

"Labor leasing firm" means any person or organization who hires out workers to others, including any:

- a. Employment agency, contractor or services;
- b. Professional employer organization; or

- c. Temporary help service.

#### **R. Definition – Mobile Equipment**

Paragraph f. of the "mobile equipment" definition under the **Definitions** Section is replaced by the following:

- f. Vehicles not described in Paragraph a., b., c. or d. above maintained primarily for purposes other than the transportation of persons or cargo.

However, self-propelled vehicles with the following types of permanently attached equipment, exceeding a combined gross vehicle weight of 1000 pounds, are not "mobile equipment" but will be considered "autos":

- (1) Equipment designed primarily for:

- (a) Snow removal;
- (b) Road maintenance, but not construction or resurfacing; or
- (c) Street cleaning;

- (2) Cherry pickers and similar devices mounted on automobile or truck chassis and used to raise or lower workers; and

- (3) Air compressors, pumps and generators, including spraying, welding, building cleaning, geophysical exploration, lighting and well servicing equipment.

#### **S. Definitions – Your Product and Your Work**

The "your product" and "your work" definitions under the **Definitions** Section are replaced by the following:

"Your product":

- a. Means:

- (1) Any goods or products, other than real property, manufactured, sold, handled, distributed or disposed of by:

- (a) You;

- (2) The providing of or failure to provide warnings or instructions.

#### **T. Priority Condition**

The following paragraph is added to Section III – **Limits Of Insurance**:

In the event a claim is made or "suit" is brought against more than one insured seeking damages because of "bodily injury" or "property damage" caused by the same "occurrence" or "personal and advertising injury" caused by the same offense, we will apply the Limits of Insurance in the following order:

- (a) You;
- (b) Your "executive officers", partners, directors, stockholders, members, managers (if you are a limited liability company) or "employees"; and
- (c) Any other insured in any order that we choose.

#### **U. Duties in the Event of Occurrence, Offense, Claim or Suit Condition**

The following paragraphs are added to Paragraph 2. **Duties In The Event Of Occurrence, Offense, Claim Or Suit** of Section IV – **Commercial General Liability Conditions**:

Notice of an "occurrence" or of an offense which may result in a claim under this insurance or notice of a claim or "suit" shall be given to us as soon as practicable after knowledge of the "occurrence", offense, claim or "suit" has been reported to any insured listed under Paragraph 1. of Section II – Who Is An Insured or an "employee" authorized by you to give or receive such notice. Knowledge by other "employees" of an "occurrence", offense, claim or "suit" does not imply that you also have such knowledge.

In the event that an insured reports an "occurrence" to the workers compensation carrier of the Named Insured and this "occurrence" later develops into a General Liability claim, covered by this Coverage Part, the insured's failure to report such "occurrence" to us at the time of the "occurrence" shall not be deemed to be a violation of this Condition. You must, however, give us notice as soon as practicable after being made aware that the particular claim is a General Liability rather than a Workers Compensation claim.

#### **V. Other Insurance Condition**

Paragraphs 4.a. and 4.b.(1) of the Other Insurance Condition of Section IV – **Commercial General Liability Conditions** are replaced by the following:

##### **4. Other Insurance**

If other valid and collectible insurance is available to the insured for a loss we cover under Coverages A or B of this Coverage Part, our obligations are limited as follows:

###### **a. Primary Insurance**

This insurance is primary except when Paragraph b. below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in Paragraph c. below. However, this insurance is primary to and will not seek contribution from any other insurance available to an additional insured provided that:

- (1) The additional insured is a Named Insured under such other insurance; and
- (2) You are required by written contract or written agreement that this insurance be primary and not seek contribution from any other insurance available to the additional insured.

Other insurance includes any type of self insurance or other mechanism by which an insured arranges for funding of its legal liabilities.

###### **b. Excess Insurance**

- (1) This insurance is excess over:

- (a) Any of the other insurance, whether primary, excess, contingent or on any other basis:

- (i) That is property insurance, Builder's Risk, Installation Risk or similar coverage for "your work";
    - (ii) That is property insurance purchased by you (including any deductible or self insurance portion thereof) to cover premises rented to you or temporarily occupied by you with permission of the owner;
    - (iii) That is insurance purchased by you (including any deductible or self insurance portion thereof) to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner;

- (iv) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of Section I – Coverage A – Bodily Injury And Property Damage Liability; or
- (v) That is property insurance (including any deductible or self insurance portion thereof) purchased by you to cover damage to:
  - Equipment you borrow from others; or
  - Property loaned to you or personal property in the care, custody or control of the insured arising out of the use of an elevator at premises you own, rent or occupy.
- (b) Any other primary insurance (including any deductible or self insurance portion thereof) available to the insured covering liability for damages arising out of the premises, operations, products, work or services for which the insured has been granted additional insured status either by policy provision or attachment of any endorsement. Other primary insurance includes any type of self insurance or other mechanism by which an insured arranges for funding of its legal liabilities.
- (c) Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured on another policy providing coverage for the same "occurrence", claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

#### **W. Unintentional Failure to Disclose All Hazards**

Paragraph 6. **Representations** of Section IV – **Commercial General Liability Conditions** is replaced by the following:

##### **6. Representations**

By accepting this policy, you agree:

- a. The statements in the Declarations are accurate and complete;
- b. Those statements are based upon representations you made to us; and
- c. We have issued this policy in reliance upon your representations.

Coverage will continue to apply if you unintentionally:

- a. Fail to disclose all hazards existing at the inception of this policy; or
- b. Make an error, omission or improper description of premises or other statement of information stated in this policy.

You must notify us as soon as possible after the discovery of any hazards or any other information that was not provided to us prior to inception of this Coverage Part.

#### **X. Waiver of Right of Subrogation**

Paragraph 8. **Transfer Of Rights Of Recovery Against Others To Us** of Section IV – **Commercial General Liability Conditions** is replaced by the following:

##### **8. Transfer Of Rights Of Recovery Against Others To Us**

- a. If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.
- b. If the insured waives its right to recover payments for injury or damage from another person or organization in a written contract executed prior to a loss, we waive any right of recovery we may have against such person or organization because of any payment we have made under this Coverage Part. The written contract will be considered executed when the insured's performance begins, or when it is signed, whichever happens first. This waiver of rights shall not be construed to be a waiver with respect to any other operations in which the insured has no contractual interest.

**Y. Liberalization Condition**

The following condition is added to Section **IV – Commercial General Liability Conditions**:

**Liberalization Clause**

If we revise this Coverage Part to broaden coverage without an additional premium charge, your policy will automatically provide the additional coverage as of the day the revision is effective in the state shown in the mailing address of your policy.

All other terms and conditions of this policy remain unchanged.

## General Liability Supplemental Coverage Endorsement

Policy No.	Eff. Date of Pol.	Exp. Date of Pol.	Eff. Date of End.	Producer No.	Add'l. Prem.	Return Prem.

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

This endorsement modifies insurance provided under the:

**Commercial General Liability Coverage Part**

The following changes apply to this Coverage Part. However, endorsements attached to this Coverage Part will supersede any provisions to the contrary in this General Liability Supplemental Coverage Endorsement.

**A. Broadened Named Insured**

**1. The following is added to Section II – Who Is An Insured:**

Any organization of yours, other than a partnership or joint venture, which is not shown in the Declarations, and over which you maintain an ownership interest of more than 50% of such organization as of the effective date of this Coverage Part, will qualify as a Named Insured. However, such organization will not qualify as a Named Insured under this provision if it:

- Is newly acquired or formed during the policy period;
- Is also an insured under another policy, other than a policy written to apply specifically in excess of this Coverage Part; or
- Would be an insured under another policy but for its termination or the exhaustion of its limits of insurance.

Each such organization remains qualified as a Named Insured only while you maintain an ownership interest of more than 50% in the organization during the policy period.

- 2.** The last paragraph of Section II – Who Is An Insured does not apply to this provision to the extent that such paragraph would conflict with this provision.

**B. Newly Acquired or Formed Organizations as Named Insureds**

**1. Paragraph 3. of Section II – Who Is An Insured is replaced by the following:**

- 3.** Any organization you newly acquire or form during the policy period, other than a partnership or joint venture, and over which you maintain an ownership interest of more than 50% of such organization, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

- Coverage under this provision is afforded only until the 180<sup>th</sup> day after you acquire or form the organization or the end of the policy period, whichever is earlier;
- Coverage A does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and
- Coverage B does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.

An additional premium will apply in accordance with our rules and rates in effect on the date you acquired or formed the organization.

2. The last paragraph of Section II – Who Is An Insured does not apply to this provision to the extent that such paragraph would conflict with this provision.

**C. Insured Status – Employees**

Paragraph 2.a.(1) of Section II – Who Is An Insured is replaced by the following:

2. Each of the following is also an insured:

- a. Your "volunteer workers" only while performing duties related to the conduct of your business, or your "employees", other than either your "executive officers" (if you are an organization other than a partnership, joint venture or limited liability company) or your managers (if you are a limited liability company), but only for acts within the scope of their employment by you or while performing duties related to the conduct of your business. However, none of these "employees" or "volunteer workers" are insureds for:

(1) "Bodily injury" or "personal and advertising injury":

- (a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

- (c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraphs (1)(a) or (b) above; or
- (d) Arising out of his or her providing or failing to provide professional health care services.

However:

Paragraphs (1)(a) and (1)(d) do not apply to your "employees" or "volunteer workers", who are not employed by you or volunteering for you as health care professionals, for "bodily injury" arising out of "Good Samaritan Acts" while the "employee" or "volunteer worker" is performing duties related to the conduct of your business.

"Good Samaritan Acts" mean any assistance of a medical nature rendered or provided in an emergency situation for which no remuneration is demanded or received.

Paragraphs (1)(a), (b) and (c) do not apply to any "employee" designated as a supervisor or higher in rank, with respect to "bodily injury" to co-"employees". As used in this provision, "employees" designated as a supervisor or higher in rank means only "employees" who are authorized by you to exercise direct or indirect supervision or control over "employees" or "volunteer workers" and the manner in which work is performed.

This Paragraph D. shall not increase the applicable Limits of Insurance shown in the Declarations.

      - (6) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;
      - (7) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or
      - (8) "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:
        - (a) The exceptions contained in Subparagraphs (4) or (6); or
        - (b) Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

However, the insurance afforded to such additional insured:

- a. Only applies to the extent permitted by law; and
- b. Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured.

2. This provision does not apply:

- a. Unless the written contract or written agreement has been executed, or the permit has been issued, prior to the "bodily injury", "property damage" or offense that caused "personal and advertising injury";

This insurance is primary except when Paragraph b. below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in Paragraph c. below. However, this insurance is primary to and will not seek contribution from any other insurance available to an additional insured provided that:

- (1) The additional insured is a Named Insured under such other insurance; and
- (2) You are required by written contract or written agreement that this insurance be primary and not seek contribution from any other insurance available to the additional insured.

Other insurance includes any type of self insurance or other mechanism by which an insured arranges for funding of its legal liabilities.

###### **b. Excess Insurance**

- (1) This insurance is excess over:

- (a) Any of the other insurance, whether primary, excess, contingent or on any other basis:

- (i) That is property insurance, Builder's Risk, Installation Risk or similar coverage for "your work";

- (v) That is property insurance (including any deductible or self insurance portion thereof) purchased by you to cover damage to:
  - Equipment you borrow from others; or
  - Property loaned to you or personal property in the care, custody or control of the insured arising out of the use of an elevator at premises you own, rent or occupy.
- (b) Any other primary insurance (including any deductible or self insurance portion thereof) available to the insured covering liability for damages arising out of the premises, operations, products, work or services for which the insured has been granted additional insured status either by policy provision or attachment of any endorsement. Other primary insurance includes any type of self insurance or other mechanism by which an insured arranges for funding of its legal liabilities.

At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.
- b. If the insured waives its right to recover payments for injury or damage from another person or organization in a written contract executed prior to a loss, we waive any right of recovery we may have against such person or organization because of any payment we have made under this Coverage Part. The written contract will be considered executed when the insured's performance begins, or when it is signed, whichever happens first. This waiver of rights shall not be construed to be a waiver with respect to any other operations in which the insured has no contractual interest.

**Y. Liberalization Condition**

The following condition is added to Section IV – **Commercial General Liability Conditions**:

**Liberalization Clause**

MUNCIE, IN 47305

This endorsement modifies insurance provided under the:

**Commercial General Liability Coverage Part**

A. Section II – **Who Is An Insured** is amended to include as an additional insured any person or organization whom you are required to add as an additional insured on this policy under a written contract or written agreement. Such person or organization is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf,

in the performance of your ongoing operations or "your work" as included in the "products-completed operations hazard", which is the subject of the written contract or written agreement.

However, the insurance afforded to such additional insured:

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusion applies:

This Insurance does not apply to:

"Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or failure to render, any professional architectural, engineering or surveying services including:

- a. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- b. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional architectural, engineering or surveying services.

C. The following is added to Paragraph 2. Duties In The Event Of Occurrence, Offense, Claim Or Suit of Section IV – **Commercial General Liability Conditions:**

The additional insured must see to it that:

1. We are notified as soon as practicable of an "occurrence" or offense that may result in a claim;
2. We receive written notice of a claim or "suit" as soon as practicable; and
3. A request for defense and indemnity of the claim or "suit" will promptly be brought against any policy issued by another insurer under which the additional insured may be an insured in any capacity. This provision does not apply to insurance on which the additional insured is a Named Insured if the written contract or written agreement requires that this coverage be primary and non-contributory.

D. For the purposes of the coverage provided by this endorsement:

1. The following is added to the Other Insurance Condition of Section IV – **Commercial General Liability Conditions:**

**Primary and Noncontributory Insurance**

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured provided that:

- a. The additional insured is a Named Insured under such other insurance; and
- b. You are required by written contract or written agreement that this insurance be primary and not seek contribution from any other insurance available to the additional insured.

2. The following paragraph is added to Paragraph 4.b. of the Other Insurance Condition of Section IV – **Commercial General Liability Conditions:**

This insurance is excess over:

Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured on another policy providing coverage for the same "occurrence", offense, claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by a written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

E. This endorsement does not apply to an additional insured which has been added to this policy by an endorsement showing the additional insured in a Schedule of additional insureds, and which endorsement applies specifically to that identified additional insured.

F. With respect to the insurance afforded to the additional insureds under this endorsement, the following is added to Section III – **Limits Of Insurance:**

The most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the written contract or written agreement referenced in Paragraph A. of this endorsement; or
2. Available under the applicable Limits of Insurance shown in the Declarations, whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

All other terms and conditions of this policy remain unchanged.

In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.
- 7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of

CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

- 7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

It is the intent of the parties to this Agreement to provide the broadest possible coverage for the County. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

*(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)*

#### 9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall **provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds** with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed operations, and shall further provide that **such insurance is primary** insurance to any insurance or self-insurance maintained by the County and that the insurance of **the Additional Insureds shall not be called upon to contribute** to a loss covered by the CONTRACTOR'S insurance. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

## **10.0 RECORDS AND CONFIDENTIALITY.**

- 10.01 **Confidentiality.** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. - 10.04 Access to and Audit of Records. The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.
- 10.05 Royalties and Inventions. County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

## 11.0 NON-DISCRIMINATION.

- 11.01 During the performance of this Agreement, CONTRACTOR, and its subcontractors, shall not unlawfully discriminate against any person because of race, religious creed, color, sex, national origin, ancestry, physical disability, mental disability, medical condition, marital status, age (over 40), or sexual orientation, either in CONTRACTOR's employment practices or in the furnishing of services to recipients. - e. Amend the Public Works, Facilities and Parks - Facilities Maintenance Budget Unit 3200-8552 - Fund 001 - Appropriation Unit PFP054 to reallocate one (1) RMA Services Manager to one (1) Capital Improvement Manager as indicated in Attachment A;
  - f. Direct the County Administrative Office and the Auditor-Controller to incorporate the approved position changes in the FY 2021-22 Adopted Budget and the Human Resources Department to implement the changes in the Advantage HRM system.

SUMMARY/DISCUSSION:

As a result of the Board of Supervisors-approved dissolution of the Resource Management Agency (RMA), the recommended reorganization of certain positions as identified in the 2020 Citygate report, and the creation of two new departments: Housing and Community Development, and Public Works, Facilities, and Parks; the Human Resources Department (HRD) conducted a classification study of five (5) RMA Services Manager classifications and one (1) Housing Program Manager classification at the request of the departments. As the Resource Management Agency no longer exists, the RMA Services Manager classification is no longer relevant and accurate.

The Human Resources Department has completed the classification study and found that the incumbents assigned to the allocated RMA Services Manager in the Housing and Community Development Department functional areas of Permit Services, Planning and Building Services were performing within scope of their assigned classification. Therefore, it is recommended to retitle the RMA Services Manager assigned to these areas to 1) Permit Services Manager; 2) Principal Planner; and 3) Building Services Manager. The classification analysis further found that the primary job duties of the incumbent of the RMA Services Manager allocated to Administrative Services are more accurately reflected in the Project Manager III classification and therefore, it is recommended that the incumbent be reclassified. There are no recommended changes to the Housing Program Manager classification at this time. Lastly, it is recommended to create a new classification of Capital Improvement Manager and reallocate the vacant RMA Services Manager in Architectural Services of the Public Works, Facilities, and Parks Department.

In addition, the Human Resources Department conducted a base wage compensation survey of the County comparable agencies and found that based on the duties performed, the salary of the RMA Services Manager classification appropriately aligns with the salary mean of the comparable agencies' classifications for the 1) Permit Services Manager; 2) Principal Planner; and 3) Building Services Manager in the Housing and Community Development Department. The retitle of the respective classes has a neutral effect on the impacted employees (i.e., no start of new probationary period, no change in salary step, no change in step advancement date, no loss of seniority in class, etc.)."

As a result of the base wage compensation survey of the County's comparable agencies, it is recommended that a new classification of Capital Improvement Manager be created to more accurately reflect the duties being performed with associated salary range established based on the salary mean of the comparable agencies' classification.

OTHER AGENCY INVOLVEMENT:

The County Administrative Office, the departments of Housing and Community Development, and Public Works, Facilities, and Parks have reviewed and concur with the recommendations.

FINANCING:

There are no salary and benefits increase to the Housing and Community Development - Administration Budget Unit 3100-8542 - Fund 001 - Appropriation Unit HCD001 and Community Development Budget Unit 3100-8543 - Fund 001 - Appropriation Unit HCD002.

The annualized salary and benefits increase for Public Works, Facilities and Parks - Facilities Maintenance Budget Unit 3200-8552 - Fund 001 - Appropriation Unit PFP054 is approximately \$16,335 and will be absorbed within the departments existing appropriations.

BOARD OF SUPERVISORS' STRATEGIC INITIATIVES:

The proposed recommended actions address the Board of Supervisors Administration Strategic Initiative. The actions demonstrate the County's commitment to meeting the Board's initiatives in recruiting, retaining, and attracting a diverse, talented workforce that supports the mission of Monterey County.

It is recommended that the Board of Supervisors adopt a resolution:

- a. Approve and authorize the Acting Contracts/Purchasing Officer to sign an agreement with Darryl L. Sink & Associates, Inc. for the revision of the Monterey County Contracts Academy and consultation for updating the Purchasing Manual for a not to exceed amount of \$198,200; and
- b. Direct the Auditor-Controller to amend the FY 2021-22 Adopted Budget for Contracts/Purchasing 001-CAO002-8047, increasing appropriations by \$169,351, financed by General Fund Productivity Investment Program Assignment 001-3125.

**SUMMARY/DISCUSSION:**

On February 25, 2014, the Board approved an Agreement with Darryl L. Sink & Associates, Inc. (DSA), for the development of a Monterey County Contracts & Purchasing Academy (CPA). DSA designed and developed the award-winning CPA (which we refer to as CPA Version 1.0), and Contracts/Purchasing delivered the CPA to the target audience across the County's twenty-seven (27) departments. The last presentation of the CPA occurred in Summer, 2019. Unfortunately, the Covid pandemic halted the delivery of CM's instructor-led classes as well as a Contracts/Purchasing plan to revise the CPA in early 2020.

The CPA focuses on developing solutions to assist in resolving high-level organizational needs; such as increasing productivity and efficiency throughout the contract and purchasing lifecycle, increasing the consistency of contracts and related documents, minimizing the development and approval processing time for contracts, the creation and implementation of Standard Operating Procedures (SOP's) and to increase the likelihood of more favorable pricing and terms in county-wide contracts. The Purchasing Manual provides policy, guidelines and overall procurement ethos that need to be updated and cross referenced within the CPA.

In May 2021, the Civil Grand Jury provided findings and recommendations in support of the CAO

revising the CPA and updating the Purchasing Manual. The Contracts/Purchasing processes and technologies have changed over the past 6 years, yet the original needs driving the CPA solution have not changed and there are minor changes to the service experience blueprints.

Contracts/Purchasing has received a proposal from DSA for the revision of a Monterey County Contracts Academy and consultation to update the Purchasing Manual which will 1) add or modify course content, and 2) deliver solutions to the requirements specified by the Grand Jury.

OTHER AGENCY INVOLVEMENT:

This has been a countywide collaborative process, with major participation from certain key departments, including the County Counsel's Office, the Office of the Auditor-Controller and departments with heavy contracting responsibilities. The Budget Committee provided its support of the recommended actions on October 29, 2021.

FINANCING:

The recommended action will decrease Productivity Investment Program Assignment 001-3125 balance to zero.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The CPA and the Purchasing Manual are being revised and updated in order to improve and create greater efficiency in the contract development and management process which supports the Board of Supervisor's Initiative for the County Administrative Office to ensure efficient and effective operations Countywide.

## **SOLE SOURCE/SOLE BRAND JUSTIFICATION**

### **OVERVIEW:**

Contracts/Purchasing recognizes that departments often invest a great deal of time and effort in selecting a source or brand, prior to submitting a requisition to Purchasing. Even though the department's review process prior to the submittal of a requisition may be sound, departments may unknowingly discourage free and open competition by requesting a single vendor or product. Additionally, the County is bound by both federal and local laws as well as County Policies of which County Staff may be not be aware of. The lack of an effective means of communication between buyer and requesting departments can lead to both lost time in completing the requisition as well as possible adverse legal actions towards both the County and the requesting staff member. Purchasing can be an effective partner in a competitive review process given adequate time and involvement in your requirement definitions.

In an effort to expedite sole source/brand requisition requests through purchasing, we would encourage you to review the criteria for Sole Source/Brand form herein. If you feel your request meets such criteria, follow the instructions in filling out the form and attach it to your requisition. If sole source/brand justification is warranted and accepted by Purchasing, the requisition will be processed for the sole source/brand as requested.

This is an internal review process. Departments are requested to use discretion in their discussion with vendors so as not to compromise any competitive advantage the Buyer may utilize, regardless of the acceptance or rejection of the sole source/brand justification.

Rather than merely a shift of the review process and burden, this process acknowledges the significant effort a department may undertake when identifying a vendor or brand, and provides you with the method by which to make your requisitioning efforts more efficient under sole source/brand conditions.

Purchasing will advise you when a particular competitive review process may both serve the County better and/or be required by governing law.

In order for us to accept a request for sole source/brand the certification, the form referenced herein should be made a part of your justification and be signed by an authorized department representative. This certification will remain on file as part of your requisition package for audit purposes.

### **SOLE SOURCE PURCHASING:**

On rare occasions there may be a need to purchase goods or services from one vendor/contractor without going to formal bid or requesting competitive quotations. This is known as "Sole Source" purchasing.

“Sole Source” purchasing is authorized by Monterey County Code 2.32.040, Emergency Purchases, and by Monterey County Code 2.32.070, Competitive Bidding Not Required.

A sole source may be designated when it is apparent that a needed product or service is uniquely available from the source, or for all practical purposes, it is justifiably in the best interest of the County.

“Sole Source” purchasing may be necessary under certain circumstances such as an emergency wherein the department head or other County Official who is authorized to sign requisitions may purchase items for the continuance of the department function, or that items purchased are necessary for the preservation of life or property, and that no authorized purchasing department personnel are immediately available to make the purchase.

The designation of a “Sole Source” supplier must be authorized by the County Purchasing Agent or Deputy-Purchasing Agent before the requirement for competitive quotations is waived.

### **PROCEDURE:**

Sole source/brand purchasing is an exception to the normal procurement function and requires a detailed justification. In processing sole source/brand requests for supplies, services and/or equipment, Purchasing adheres to and is governed by the principles set forth in both the Federal and State Laws governing public purchasing and the Public Contract Code, and by the adopted and approved County of Monterey Policies and Procedures. As such, our decision is final.

If you are requesting a particular vendor, brand or product, you must make this fact clear on your requisition. Such a request should not be made unless the request is reasonable and appropriately justified to meet legal requirements and can withstand a possible audit. The County requirements and the format for submitting such requests are contained herein. Please make copies of the Criteria for Sole Source/Brand form for your future use.

The following factors **DO NOT** apply to sole source/brand requests and should not be included in your sole source/brand justification. They will not be considered and only tend to confuse the evaluation process.

1. Personal preference for product or vendor
2. Cost, vendor performance, and local service (this may be considered an award factor in competitive bidding)
3. Features which exceed the minimum department requirements
4. Explanation for the actual need and basic use for the equipment, unless the information relates to a request for unique factors
5. A request for no substitution submitted without justification. This is a sole source/brand request requiring detailed justification including established sole source/brand criteria

Description of Item: Contracts and Purchasing Academy Revision

1. Please indicate the following:

Procurement:        ☐     Goods  
                              ☒     Services

(Check One)

☒        Sole Source:    Item is available from one source only. Item is a one-of-a kind and is not sold through distributors. Manufacturer is exclusive distributor.

☐        Sole Brand:    Various sources can supply the specified model and brand and competitive bids will be solicited for the requested brand only. Meets form, fit and function- nothing else will do.

Note:    Sole Source/Sole Brand Requests are not maintained as a standing request.  
            Each request is for a single one-time purchase only.

2. Vendor Selection:

3. Provide a brief description of the goods/services to be purchased and why this purchase is being proposed under a sole source acquisition.

a) Why were product and/or vendor chosen?

On February 25, 2014, the Board approved an Agreement with Darryl L. Sink & Associates, Inc. (DSA), for the development of a Monterey County Contracts & Purchasing Academy in order to improve and create greater efficiency in the contract development and management process. DSA is well acquainted with the ethos of the

Revised:

County of Monterey and maintain the original documents for the Contracts/Purchasing Academy.

- b) What are the unique performance features of the product/brand requested that are not available in any other product/brand? For Services: what unique qualifications, rights, and licenses does the vendor possess to qualify as a sole source/brand request?

DSA's is a locally based consulting group providing a seasoned team of industry experts with 32 years of experience in the development of training programs. The County has worked with DSA in the recent past and was impressed with the work product. Additional references were contacted and found them to be pleased with DSA's work quality.

- c) Why are these specific features/qualifications required?

Significant parts of the CPA have become obsolete and the method of delivery is out of date. The required changes to the CPA exceeded what Contracts/Purchasing resources could deliver in a timely manner. In addition, the Purchasing Manual requires updating and DSA will provide consultation toward this end.

- d) What other products/services have been examined and/or rejected?

N/A

- e) Why are other sources providing like goods or services unacceptable (please give a full meaningful explanation)?

The County has worked with DSA in the recent past and was impressed with the work product. Additional references were contacted and found them to be pleased with DSA's work quality.

- f) What are the unique performance features REQUIRED (not merely preferred), and how would your requirement be inhibited without this particular item or service?

The development of the academy focuses on developing solutions to assist in resolving high-level organizational needs; such as increasing productivity and efficiency throughout the contract and purchasing lifecycle, increasing the consistency of contracts and related documents across the County's twenty-seven (27) departments, minimizing the development and approval processing time for contracts, and to increase the likelihood of more favorable pricing and terms in county-wide contracts. In addition, there is a need to update the Board approved Standard Operating Procedures (SOP's) and Purchasing Manual to assist staff in the development of contracts in a more formal and consistent manner. Finally, new processes and procedures have been implemented that require CPA and Purchasing Manual inclusion to assist County employees in developing the necessary skills and knowledge required for the development and accountability of the contract process.

g) Estimated Costs:

The project total NTE amount is \$198,200.

4. Is there an unusual or compelling urgency associated with this project?

- ☐ No  
☒ Yes (Please describe)

The last presentation of the CPA occurred in Summer, 2019. Unfortunately, the Covid pandemic halted the delivery of CM's instructor-led classes as well as a C&P's plan to revise the CPA in early 2020. In May 2021, the Civil Grand Jury provided findings and recommendations in support of the CAO revising the CPA and the Purchasing Manual. The scope of the CPA changes and updates to the Purchasing Manual exceed C/P resources to deliver these items in a timely manner.

**THE FOLLOWING TO BE COMPLETED BY THE REQUESTOR**

---

I hereby certify that:

1. I am an approved department representative, and am aware of the County's requirements for competitive bidding, as well as the criteria for justification for sole source/brand purchasing.
2. I have gathered the required technical information and have made a concentrated effort to review comparable and/or equal equipment.
3. The information contained herein is complete and accurate.
4. There is justification for sole source/brand purchasing noted above as it meets the County's criteria.
5. A sole source/brand purchase in this case would withstand a possible audit or a vendor's protest.

**SUMMARY/DISCUSSION**

On June 1, 2021, the Board approved the FY 2021-2022 funding allocation for the Development Set-Aside Agencies: 1) Monterey County Convention and Visitors Bureau, 2) Arts Council for

Monterey County, 3) Monterey County Film Commission and, 4) Monterey County Business Council, for a total amount of \$2,654,684.

With regards to funding allocations for FY 2022-2023 and FY 2023-2024 approval of an allocation by the Board of Supervisors would serve to authorize extension of the agreement.

The Development Set-Aside (DSA) Program was established by the Board of Supervisors to support and promote economic development through tourism promotion, filmmaking, cultural arts programs, small business outreach that strengthen the workforce, and through other programs that broaden the County's economic base to increase revenue and promote the creation and retention of jobs.

These Agreements provide funding for programmatic efforts which complement existing economic priorities of the Board of Supervisors strategic initiatives as described below:

- The Monterey County Convention and Visitors Bureau (MCCVB) acts as the County's marketing channel to maximize the benefits of tourism to the County of Monterey by implementing programs that promote the Monterey County brand. The primary goal of MCCVB's Marketing Communications department is to inspire and increase overnight visitation amongst Leisure, Group and International travelers. The MCCVB shall market Monterey County through public relations, social media, and advertising programs to increase awareness and desire to visit Monterey County. It will do so by increasing web visits and earned media; by procuring group sales and group bookings; and through providing visitor information services with focus on increasing Transient Occupancy Tax revenue by persuading visitors to extend their stays.
- The Arts Council for Monterey County shall develop jobs and business opportunities in the art sector through creative impact grants, training, and promotion to artists' networks and associations. It shall increase public/private partnerships with partner hotels, partner districts, and partner schools to broaden the customer base of partner businesses. It shall leverage County investment by increasing funding from foundations, small businesses, and individuals, and swelling earned revenue from the sale of artwork. It shall expand workforce development opportunities that focus on increasing the number of students ready to work in the arts.
- The Monterey County Film Commission shall boost film industry outreach by increasing the number of inquiries that have positive results; tracking the number of media productions occurring in Monterey County, and raising the total funds spent in Monterey County from film production. It shall expand education and workforce opportunities by increasing the number of Monterey County film site locations and enhancing film-related job skills.
- The Monterey County Business Council (MCBC) shall create or retain jobs through business expansion and businesses receiving assistance from the Monterey Bay Procurement and Technical Assistance Center and assist small businesses and local entrepreneurs to secure government contracts. MCBC shall continue to educate and engage the public through events, e.g., the Annual Higher Education & Research Summit and Annual Economic Vitality

Awards, and host various business advocacy events, Leadership Monterey County, and business luncheons.

The DSA Agencies Agreements/Scope of Services provide the detailed services, programs, and performance measures.

**OTHER AGENCY INVOLVEMENT:**

County Counsel has approved the Agreements as to form.

**FINANCING:**

Funds for the DSA Agreements, in the cumulative amount of \$2,654,684, have been included in the FY 2021-22 Adopted Budget, Fund 001, Department 1050, Unit 8512.

for a total amount of \$2,654,684.

With regards to funding allocations for FY 2022-2023 and FY 2023-2024 approval of an allocation by the Board of Supervisors would serve to authorize extension of the agreement.

The Development Set-Aside (DSA) Program was established by the Board of Supervisors to support and promote economic development through tourism promotion, filmmaking, cultural arts programs, small business outreach that strengthen the workforce, and through other programs that broaden the County's economic base to increase revenue and promote the creation and retention of jobs.

These Agreements provide funding for programmatic efforts which complement existing economic priorities of the Board of Supervisors strategic initiatives as described below:

- The Monterey County Convention and Visitors Bureau (MCCVB) acts as the County's marketing channel to maximize the benefits of tourism to the County of Monterey by implementing programs that promote the Monterey County brand. The primary goal of MCCVB's Marketing Communications department is to inspire and increase overnight visitation amongst Leisure, Group and International travelers. The MCCVB shall market Monterey County through public relations, social media, and advertising programs to increase awareness and desire to visit Monterey County. It will do so by increasing web visits and earned media; by procuring group sales and group bookings; and through providing visitor information services with focus on increasing Transient Occupancy Tax revenue by persuading visitors to extend their stays.
- The Arts Council for Monterey County shall develop jobs and business opportunities in the art sector through creative impact grants, training, and promotion to artists' networks and associations. It shall increase public/private partnerships with partner hotels, partner districts, and partner schools to broaden the customer base of partner businesses. It shall leverage County investment by increasing funding from foundations, small businesses, and individuals, and swelling earned revenue from the sale of artwork. It shall expand workforce development opportunities that focus on increasing the number of students ready to work in the arts.
- The Monterey County Film Commission shall boost film industry outreach by increasing the number of inquiries that have positive results; tracking the number of media productions occurring in Monterey County, and raising the total funds spent in Monterey County from film production. It shall expand education and workforce opportunities by increasing the number of Monterey County film site locations and enhancing film-related job skills.
- The Monterey County Business Council (MCBC) shall create or retain jobs through business expansion and businesses receiving assistance from the Monterey Bay Procurement and Technical Assistance Center and assist small businesses and local entrepreneurs to secure government contracts. MCBC shall continue to educate and engage the public through events, e.g., the Annual Higher Education & Research Summit and Annual Economic Vitality Awards, and host various business advocacy events, Leadership Monterey County, and

Any such tail

Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of

this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

## COUNTY OF MONTEREY DSA WORK PLAN 2021-2022 \$566,436

*The mission of the Arts Council for Monterey County (Arts4MC) is to improve the quality of life for everyone in our region through the arts.*

In 2018, the total economic impact of the creative cultural sector in Monterey County was \$1.6 billion, inclusive of the economic activity of sector enterprises and the economic activity of audiences and participants who visited these enterprises. The sector was directly responsible for 8,150 Full Time Equivalent (FTE) jobs. Between 2015 and 2018, the sector grew by 9%. It was the 8th largest employment sector in the County.

According to a recent study by John Hopkins University, the nonprofit creative sector was the **hardest hit sector** in the economy. Unlike restaurants that could still provide take out service, the arts came to a screeching halt. It will take years for recovery and people to feel comfortable attending festivals or indoor events. The arts are “second responders” - we are mental health providers (especially during quarantine), we keep kids in school and out of gangs, we serve veterans, we offer accessible programs to underserved seniors and at-risk youth.

2020 was a year of surviving and sustaining - we now need to focus on re-starting and re-building, and it will take many years to return to the economic impact prior to the pandemic. For the next few years, we must invest in our artists and arts organizations to rebuild the arts and cultural sector for our community. We know that arts play a crucial role in healing, connection and social engagement.

But what does that mean for the arts—an industry where 40% of cultural organizations have used reserves, over half of all creative workers report having no savings left, and where there may be a serious challenge getting the engine restarted without assistance? We need to prioritize a one-two punch: relief funding to get both creative businesses and individual workers on their feet and also recovery funding to provide a “runway” to get production up and running again. If we can achieve that, we could strategize how to ride a cultural boom created from pent-up demand. If we can’t, our doors won’t be ready to reopen and our products won’t be ready to sell, which will be problematic to both the creative economy and local economies of all types.

[ArtsFund’s Economic Impact Study](#) reminds us that arts and cultural organizations advance many strategies used by private, public, and philanthropic leaders to strengthen communities. The findings show the ripple effect of the arts in supporting a thriving economy as well as building more connected communities, elevating the quality of life, and defining regional and civic identity. Whether your focus is on strengthening the economy, enhancing education, improving outcomes for youth, talent acquisition and retention, or building stronger neighborhoods, the arts can be a robust tool to achieve your goals.

Arts4MC plans to continue being a leading resource agency to re-starting the arts by providing the necessary funding and resources to support and heal our community, through the arts.

### **Goal 1: Capacity Building / Business Retention \$323,536**

The Arts Council recently contracted with Arts Market to conduct an Economic Impact on the arts sector in Monterey County so we had the full picture of how the Covid-19 pandemic has impacted the arts, specifically performing arts and museums. As you can expect, it has been devastating - 93% reduction in earned revenue due to closures and cancellation of programs and events, 72.5% reduction in workforce and 69% reduction in economic output. This report estimates it may take up to 15 years for recovery, and approximately 30 of our arts organizations may not survive.

During the pandemic, many organizations used their reserves and donations to survive, and keep the lights on. They now need time and funding to ramp up again once things open up. In the meantime, the Arts Council will encourage funders to provide unrestricted capital to support these most vulnerable organizations.

#### **Measures:**

1. Provide approximately fifty (50) unrestricted operating support grants to the most vulnerable arts organizations who need “rebound” capital to restart their arts programs and events.
2. Expand affordable co-op art studio spaces to two (2) additional spaces in other cities - through innovative partnerships with local property owners; and provide free marketing and professional development programs for the approximately 30-40 local emerging artists to build and launch their art business. Our pilot program, the ArtWorks @Pacific Grove in the American Tin Cannery brings vitality to the community and provides the tools to emerging artists to begin their art business, but will be closing this summer to convert into a luxury hotel, leaving 17 artists without studios to build their art business. We must find permanent locations for these artists and the more than 30 artists on our waiting list. We plan to locate one space on the Monterey Peninsula and another in the Salinas Valley.
3. Organize the first Monterey County Poet Laureate program to increase visibility of the arts in our community. We will establish a Poet Laureate Commission composed of volunteers including county residents, noted poets, professors of poetry and literature, librarians, and other leaders of cultural institutions, to review the nominations process, requirements and qualifications of the candidates, vets nominations and participate in interviewing finalists. The Arts Council is ultimately responsible for forwarding final recommendations to the Board of Supervisors.

### **Goal 2: Economic Development / Tourism: \$119,700**

The arts make communities vibrant, welcoming, and desirable to visitors from all over the world. Cultural places and events are magnetic, attracting not only artists but families, travelers and businesses. Creative placemaking—the gravitational effect of culture on neighborhoods—positively impacts local economies and quality of life. It creates jobs and stimulates commercial traffic, all of which leverage neighborhood revitalization, attract diverse populations and strengthen communities. Capitalizing on these effects of creative placemaking requires strong public-sector support.

Artists, nonprofits, & cultural groups will maximize their reach & deepen impact through our grant funding, training & consultations.

According to a 2018 study by ArtsMarket, Inc., the economic impact of the creative-cultural sector in Monterey County generated approximately \$1.6 billion in business activity. This is due to spending that cultural organizations make in the process of supplying their services - 93% of which is spent locally - and spending of cultural patrons. Ticket sales accounted for one-third of patron spending, with the remaining two-thirds spent in restaurants, transportation, hotels, retail shops and childcare.

In addition to directly employing people, cultural organizations create jobs through their business activities and patron expenditures, supporting 14,278 direct and indirect jobs in Monterey County, producing \$703 million in labor earnings and benefits, while generating \$98 million in state and county tax revenue. These impacts create a ripple effect of economic activity throughout the county.

**Measures:**

1. Deepen visitor engagement by 10% by increasing online advertising, expanding social media and creating specialized apps such as self-guided tours (Cultural Road Trips).
2. Support at least five (5) festivals or concerts through grants, consultations and promotion that are economic drivers in the county (e.g., Monterey Jazz Festival, Monterey Symphony, Greenfield Harvest Festival)
3. Increase capacity for at least ten (10) local nonprofits to expand art programs through grants and technical assistance consulting (e.g. Alisal Center for Fine Arts, Spector Dance).

**Goal 3: Business/ Workforce Development \$64,100**

The arts provide the critical-thinking, communications and innovation skills essential to a productive 21st-century workforce. The arts create jobs and produce tax revenue. For every dollar invested in the arts, \$6 dollars are returned in tax revenue. A strong arts sector is an economic asset that stimulates business activity, attracts tourism and expands a state's work force and tax base. The arts have been shown to be a successful and sustainable strategy for revitalizing rural areas, cities and populations struggling with poverty.

Expand opportunities for Monterey County residents with barriers (low income, at- risk, limited transportation, limited language or learning disabilities) to become more valuable and competitive by linking artists and arts programs with business and training opportunities. Individuals with these skills can also develop their own businesses, further diversify, and strengthen our economy. Nonprofit arts organizations are also uniquely committed to providing the first opportunities for workers with barriers to employment.

**Measures:**

1. Provide at least two (2) professional development programs for teaching artists, including a segment at the annual Arts Education Summit, which highlights opportunities in arts education for new teachers, and share links on our website and social media for job announcements.

2. Provide at least two (2) opportunities for visual artists to create public art and large-scale community projects by facilitating civic contracts and developing teams of adult experts and young emerging artists, plus curating annual art exhibition at County Government Center.
3. Support two significant permanent installations increasing appeal to partner district through commissions with emerging businesses and artists (City of Soledad, Sand City).

A strong, vital and responsive arts sector in Monterey County can protect our brand - as a diverse, safe, vibrant, engaging and beautiful place to live, work and play. An exciting and dynamic arts and culture sector will ensure that the county's financial incentives and development policies will attract complementary businesses, support a wide range of small businesses, make a lasting impact, and benefit the broadest number of residents.

#### **Goal 4: Business Development \$59,100**

The arts are a dynamic contributor to the small-business sector. The creative industries are composed of many talented workers who are self-employed, freelancers or employed by microenterprises. According to the National Endowment for the Arts (NEA) analysis of U.S. Census occupational data, artists are nearly 3.5 times more likely than the total U.S. workforce to be self-employed (33.6% vs. 9.8%). Many nonprofit arts organizations, too, are small businesses and play an important role in training creative workers and incubating artistic enterprises.

#### **Measures:**

1. Support five (5) emerging artists to launch new businesses through grant support and mentorship (examples: travel support to a national competition, material support for a first solo exhibition, etc.).
2. Increase marketing of new emerging artists and arts businesses.
3. Provide at least (2) free professional development programs on starting and building arts businesses.

## **2021 -2022**

**(Revised 9.3.21)**

### **MCBC Mission**

Forging cross-sector alliances to build a vibrant and prosperous  
Monterey County business community.

## **BACKGROUND AND OVERVIEW**

The Monterey County Business Council (MCBC) is a 501(c)(6) nonprofit corporation comprised of professionals from business, government and education working together on countywide issues. All 12 cities in Monterey County are members. Since its founding in 1995, the membership only organization has promoted the concept of private-public partnerships by bringing business experience and techniques to the public arena in order to bolster workforce and economic development. As we venture into our third decade of work, the MCBC is at the forefront of fostering and developing regional assets and collaboration in areas such as economic growth, workforce, broadband deployment, leadership development, and an inventory of assets to better help create and retain jobs and businesses in Monterey County. The MCBC serves both business and government by providing collaborative leadership, promoting sustainability and global competitiveness of existing and emerging businesses, while reflecting our strong commitment to economic vitality, the environment and quality of life.

The MCBC's economic development efforts were greatly enhanced in 2012 when it created and became the host organization for the Monterey Bay Procurement Technical Assistance Center (PTAC). The Monterey Bay PTAC's mission is to improve the economic condition of our region by assisting small and medium size businesses in applying for and obtaining local, state and federal government contracts. The Monterey Bay PTAC provides procurement technical assistance to help companies sell their products or services to the appropriate government agency by offering confidential counseling at no cost to the client. The core of the procurement assistance program is counseling and education. The Monterey Bay PTAC is staffed with counselors experienced in government contracting and provides a wide range of services, including classes, individual counseling and easy access to bid opportunities, contract specifications, procurement histories, and other information necessary to successfully compete for government contracts. Our PTAC counselors have backgrounds in government acquisition, and all receive ongoing training to keep pace with continually evolving acquisition procedures and policies.

The Monterey Bay PTAC will continue to develop partnerships with government agencies, universities, community colleges, local economic development entities, small business development centers and other business programs or local institutions providing additional contracting opportunities. It will also continue to educate area businesses on opportunities for obtaining and performing under federal, state and local contracts by providing workshops and training in collaboration with groups such as the California State University, Monterey Bay (CSUMB) Small Business Development Center (SBDC) and regional chambers of commerce.

In 2018, MCBC launched Leadership Monterey County. Previously, there were two leadership training organizations in the county, Leadership Salinas Valley and Leadership Monterey Peninsula. MCBC offered to take the lead to merge the two into a county-wide program and formulated a new 501(c)(3) organization with a board of directors comprised of board members of the Salinas Valley Chamber of Commerce and former board members of Leadership Monterey Peninsula. Graduates of this program are

encouraged to lead in the business, government, education and not-for-profit arenas and enhance the economic vitality of the region. This program is designed to educate future leaders of the Monterey County Economic Opportunity Pillars: Agriculture, Tourism, Education, and Research. Dana Marshall, a graduate of the 2018 program, is the facilitator.

The MCBC's crucial component of our support in furtherance of efforts to prepare our region for the next possible round of Base Closure and Realignment (BRAC). As part of such efforts, MCBC will continue to work with a regional approach by convening and providing administrative and logistical support to its meetings, which include members of the Monterey Bay Defense Alliance and faculty and staff from CSUMB, MIIS, NPS, Defense Manpower Data Center (DMDC), and the U.S. Army Training and Doctrine Command (TRADOC) Analysis Center (TRAC). Participants give updates on their research projects and collaborations, like research into topics such as using social science theory to understand social media data and current and planned research using social media data, such as dealing with foreign and domestic terrorism. Native language capabilities are crucial to such national security efforts. Further, a recent memorandum issued by the Assistant Secretary of Navy (Manpower and Reserve Affairs) Deputy Under Secretary of the Navy (Management) emphasized the Department of Navy's need to create a "data savvy workforce" to ensure the military "stays at the forefront of this rapidly evolving data-centric environment" in which "information sharing, data analytics, and knowledge management touch all aspects of the workforce." The participants in the meetings are at the forefront of such efforts and the MCBC will continue to work with our region's military personnel and facilities to help ensure they remain at the forefront of such work and thereby better prepare to demonstrate that our regional military installations are vital to not only our local economy, but to national defense and security.

MCBC formed the Monterey Bay Defense Alliance with Representative Jimmy Panetta as an advocate for the group on national affairs. The Congressman laid out a series of strategies to help Monterey County retain its military installations. Upcoming meetings will return in June 2021 beginning with Congressman Panetta's introduction of the Annual Regional Economic Impact Report. MBDA meetings have also featured VADM Ann Rondeau of the Naval Postgraduate School and former President COL Phillip Deppert of the Defense Language Institute (now Deputy Director for Congressman Panetta.) This year, we welcomed Dr. Jim Hansen, Superintendent of the United States Naval Research Laboratory - Marine Meteorology Division in Monterey. He directs a broadly based, multi-disciplinary program of scientific research, advanced technology development, and applied research in marine meteorology and related atmospheric sciences to develop new numerical analysis and prediction systems to support Naval operations worldwide.

The MCBC continues to provide administrative support to the Central Coast Broadband Consortium (CCBC), which is dedicated to improving broadband availability, access and adoption in Monterey, Santa Cruz and San Benito Counties. The top priority of the CCBC is providing resources and incentives to telecommunications service providers, including local government agencies, to build broadband infrastructure and extend it throughout our tri-county region. For over ten years, rural and urban regional consortia such as CCBC have been working to promote ubiquitous broadband deployment and to advance broadband adoption in unserved and underserved areas throughout the state. Thanks to the work of the CCBC, a dozen communities in Monterey, San Benito and Santa Cruz counties were identified by the California Public Utilities Commission (CPUC) as high priority areas for broadband infrastructure development. It was the identification of those areas which resulted in success of the Sunesys Project (now known as “Crown Castle Project” because of an acquisition a few years ago) – the deployment of a 91-mile fiber optic backbone down the Salinas Valley along the Highway 101 corridor. Recently, the project has stalled due to squirrel damage to the cable in the Santa Clara Valley. It was the collaborative leadership of the CCBC, MCBC and the University of California, Santa Cruz (UCSC) that resulted in the CPUC in approving a \$10.6 million grant from the California Advanced Services Fund (CASF) to build the network from the UCSC to Watsonville, Moss Landing, Castroville to Salinas and down through Gonzales with a current terminus in Soledad. With the success of the group, fiber has been completely installed from Santa Cruz to Soledad. Recently, Spectrum/Charter Communications has upgraded their network in Gonzales, Soledad, and Greenfield. They continue to work on exceptions for Big Sur and Carmel Highlands and the Highway 68 corridor. Additionally, the City of Gonzales has deployed mobile hotspots throughout the city (in partnership with T-Mobile) to upgrade internet access to residents. MCBC continue to work with regional consortia partners in Salinas Valley on broadband infrastructure to East Salinas and the Alisal to ensure access is available to underserved communities. Understanding and implementing strong broadband is crucial to developing our economy and realizing the promise of an ag tech economy.

MCBC continues to provide support for broadband. Broadband is a critical infrastructure demand for developing business so many representatives from various industries and municipalities voiced their concerns in a productive and constructive manner. Past speakers and panelists have included Sunne McPeak, President and CEO of the California Emerging Technology Fund; Lisa Ludovici, Leslie Humphries and Nancy Castellanos of Charter Communications; Rene Mendez, City Manager, City of Gonzales; Ray Espinoza, CAO, San Benito County; Steve Blum, Central Coast Broadband Consortium; Tony Cricelli, CEO, Redshift; and Todd Porteous, Broker, Manager, Coldwell Banker.

MCBC will continue to advocate for business legislation at both the local and state level. However, it is not the practice of MCBC to endorse candidates. This past fiscal year MCBC testified at city council meetings, authored letters of support for state legislation on broadband infrastructure. Additionally, MCBC was present for business- related issues being presented at City of Monterey, City of Salinas, City of Pacific Grove and County Board of Supervisors meetings, as well as city planning commission meetings and strategic planning sessions for multiple jurisdictions. MCBC is leading efforts on a

countywide “Local First” initiative, which encourages local cities to adopt a local preference policy for purchases by staff at the city. MCBC has met with multiple cities in Monterey County in expanding those guidelines. Monterey County Board of Supervisors and City of Salinas City Council have taken the lead and already have these policies in place, so the efforts will be directed at the remaining 11 cities that do not have it.

Lastly, and certainly not to be underestimated, the pandemic hit and MCBC took a strong lead in providing free webinars to over 2,400 small and large businesses through Zoom webinars for Monterey County business owners. We hope to continue the partnership with the County of Monterey in 2021-2022 with a “Road to Recovery” webinar series that will focus specifically on countywide business retention and employment programs.

MCBC’s success with the pandemic webinars, Monterey Bay PTAC, Leadership Monterey County, Central Coast Broadband Consortium and the Monterey Bay Defense Alliance has resulted in greater awareness of our County’s incredible resources and has broadened our base of assets, collaborations and successful entrepreneurial endeavors.

## **KEY PROGRAMS/PROJECTS**

### **I. Monterey Bay Procurement Technical Assistance Center (PTAC)**

Monterey Bay PTAC Funding Request:      \$50,000.00

The Monterey Bay PTAC is providing free consulting to small and medium businesses in Monterey County, enabling them to apply and win government contracts in all sectors – local, state, and federal agencies. Our PTAC is funded, in part, by a contract with the Defense Logistics Agency (DLA) and a match from the MCBC and its partners. Our local Monterey Bay PTAC has had enormous success nationwide, resulting in the acquisition of 15 other counties in California for counseling assistance. Additionally, the overwhelming success of contracts awarded in Monterey County alone has encouraged our PTAC in confidently increasing our Workplan from the goal in 2018-2019 (\$500,000) and 2019-2020 goal (1000% increase to \$5,000,000) to doubling our efforts once more to \$10,000,000 in local contracts awarded to Monterey County businesses for 2021-2022.

According to the Association of Procurement Technical Centers, nationwide in 2017, PTACs served over 48,000 clients and helped them win over \$20 billion in government contracts and subcontracts. That's a return on investment (ROI) of \$571 for every \$1 in spending!<sup>1</sup>

The continued growth of this program is assured with the increased awareness of local businesses for contracting opportunities with state, local and federal governmental agencies.

#### Monterey Bay PTAC Performance Measures:

100 new jobs created and/or retained. \$10,000,000.00 in new contracts awarded for Monterey County small and medium-sized businesses.

## **II. Increase Small and Medium Size Business Outreach Efforts**

Funding Request: \$50,000

MCBC key objectives for 2021-2022 include the following:

- To create greater alignment among the activities of business, government, education, media, health and foundation/community-based efforts.
- To build coalitions around key community issues and foster increased public-private partnerships.
- To develop strategies and programs that support the development of jobs and business opportunities.
- To work to improve the business climate to retain and expand existing businesses and the recruitment of new businesses; to keep economic development in the forefront of municipal priorities.

In order to fulfill those objectives, MCBC will continue to provide facilitation and implementation of the main economic drivers of Monterey County. The flexibility of industries remains a major topic, but it can be presumed the major industries continue to fall under the Monterey County Economic Opportunity Pillars: Agriculture, Tourism, Education, and Research. These efforts aid in accelerating regional development of small and medium-size businesses and the creation and retention of jobs.

Overall, MCBC will continue to assume a leadership role in the facilitation of the Leadership Monterey County program. MCBC will also continue to educate and engage the public, among other things, highlighting the success of our initiatives and partners through events such as our annual Higher Education & Research Leadership Summit and Annual Economic Vitality Awards.

MCBC will also continue to advocate for the region's military missions through the Monterey Bay Defense Alliance which seeks to prepare the County for the next anticipated BRAC round. In addition, the MCBC continues to work with Congressman Panetta's staff and regional partners on The Monterey Bay Defense Alliance. Monterey County encompasses a wide variety of Department of Defense and National Security organizations (DoD/NS), and in order to gain maximum funding for these organizations and to prepare for the next round of BRAC, Team Monterey has fostered a collaborative team environment between these organizations to identify common areas of interest and capability for partnering. These organizations include: Fleet Numerical Meteorology & Oceanography Center; the Naval Research Laboratory; the Naval Postgraduate School; the Defense Manpower Data Center; the Defense Language Institute; U. S. Coast Guard Monterey; Fort Hunter Liggett; Camp Roberts; and the Defense Personnel Security Research Center.

Partners in all the aforementioned activities include, but are not limited to, the following: Arts Council of Monterey County; the Association of Monterey Bay Area Governments; Monterey County special districts; the Monterey County Office of Education; CSUMB; MPC, Hartnell College; MIIS; NPS; the WDB; all major departments of the County; Small Business Administration; SBDC's; local chambers of commerce, trade organizations, and all cities of Monterey County. The MCBC continues to recognize the importance of arts and culture to economic development and seeks to incorporate the same into our ongoing work. Monterey County is internationally recognized for its artistic and cultural output, festivals and institutions, which also encompasses our growing wine and culinary reputation, making the County a desired tourist destination for reasons other than our stunning natural beauty.

The MCBC continues to leverage its website and gain more followers through Facebook, LinkedIn, and Twitter, publicizing its ongoing efforts, increasing community awareness and fostering collaboration with new and existing partners throughout the County. The County of Monterey is recognized as a sponsor on all promotional and program materials for both the Summit and Annual Gala. The County is also recognized in weekly emails to over 1500 businesses and our Friday Facts, a weekly newsletter featuring articles about new and important business-related events in Monterey County.

#### Performance Measures:

MCBC will provide facilitation and implementation of programs that support County of Monterey Economic Opportunity Pillars: Agriculture, Tourism, Education, and Research, designed for growth in awareness and retention and creation of jobs – 6 programs.

MCBC will host Economic Activities promoting business advocacy, leadership, and public engagement, designed for growth in public engagement and outreach for economic development – 16 programs

CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of

this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

## **DSA WORK PLAN for FY 2021-22**

**ORGANIZATION:** MONTEREY COUNTY CONVENTION & VISITORS BUREAU (MCCVB)

**PRIORITY:** Drive Tourism Recovery

**MCCVB VISION:** Inspire the world to experience our extraordinary destination, responsibly.

**MCCVB MISSION:** Drive business growth through compelling marketing and targeted sales initiatives that maximize the benefits of tourism to our guests, members, and community.

Monterey County Convention and Visitors Bureau (MCCVB) is the Destination Marketing Organization (DMO) for Monterey County. The work of the MCCVB has never been more critical. Travel and tourism were the among the hardest hit industries by the pandemic with an impact equaling approximately \$1.75 billion in lost revenue for the region from visitor spending and a reduction of nearly 50% in the hospitality workforce at the height of the pandemic. Current travel forecasts project a return to previous years' levels of travel could stretch up to three years. While consumer's demand for travel is beginning to return – the competition for each travel dollar is intense. MCCVB falls in the lowest quartile in budget per hotel room compared to competitive destinations such as Napa and Sonoma whose marketing power outpaces Monterey by 2:1.

The stakes have never been higher for Monterey County's second largest industry and the investment and collaboration between the County and MCCVB never more critical. Strategic objectives include investing in opportunities to grow consumer and group market share and strengthening of relationships with the community through inclusion, open communication and participation. In collaboration with local businesses and in partnership with local city and county government, MCCVB has reacted to the impact that the coronavirus has had on the tourism economy in Monterey County and is working harder than ever to assess and monitor the impact, implement the critical marketing, public relations, group business development, and community relations programming needed during this time.

MCCVB publishes an annual business plan focused on business development and marketing programs that inspire visitation and increase overnight stays in the region. A collaborative approach to destination marketing is essential to the success of these programs and is built into the development of each initiative executed. MCCVB's Board of Directors is made up of hoteliers, attractions, restaurants and other hospitality businesses from across the County.

Partnerships are established and fostered as content marketing of the county is implemented with its funding partners, members and affiliated associations.

MCCVB works closely with a broad group of partners throughout the County to ensure an integrated approach to information sharing, marketing collaboration and crisis management. These include:

- Monterey County Hospitality Association
- Monterey Peninsula Chamber of Commerce
- Pacific Grove Chamber of Commerce
- Carmel Chamber of Commerce
- King City Chamber of Commerce
- Monterey County Business Council
- Monterey County Film Commission
- Monterey County Vintners and Growers Association
- Monterey County Farm Bureau
- Monterey Regional Airport
- Monterey County Business Alliance

Being able to implement the programs necessary to bring hospitality business back to where it was prior to the crisis is a critical part to restoring economic vitality. While the MCCVB and tourism sector continues to face an enormous challenge, the resources provided by its investors will be leveraged in every possible way to bring us out of this crisis as quickly as possible.

MCCVB is committed to educating travelers. Monterey County is a bucket-list destination and attracts visitors from around the world to see and experience the jewel of the central coast. With visitation, comes a need for education on how to travel safely and responsibly so that our current and future guests can experience Monterey County's splendor for generations to come. MCCVB's Sustainable Moments and Responsible Travel initiatives will continue to engage residents, businesses, stakeholders, travel trade, clients and guests on best practices for experiencing all that Monterey County has to offer responsibly and safely. Responsible travel messaging is included in our content across all customer engagement touch points and will be augmented with conscious messaging required by local and State health recommendations. MCCVB also remains vigilant and ready to pivot to respond to other emergencies the region has historically faces including wildfires, storms and highway outages.

#### **PROGRAMS:**

**Marketing Communications \$744,512:** The primary goal of MCCVB's Marketing Communications department is to inspire and increase overnight visitation amongst Leisure, Group and International travelers. Driving inspiration is the result of brand-based Content Marketing, which includes synergizing advertising, public relations and social media to develop and distribute compelling, targeted content.

MCCVB targets demographic, geographic and psychographic markets that have a higher propensity to travel based on our research. Partnerships with our chefs, restaurants, sommeliers, and community partners in the specific regions of Salinas Valley, Carmel Valley, Big Sur and Pebble Beach are established and critical to the success of these market investments.

Public Relations initiatives integrate with marketing by utilizing media relations to “earn” publicity that is user-generated or editorial in nature. This supports advertising and marketing messages through credible, objective sources, and expands the reach of our ad buys, allowing for resource leveraging and a collective regional approach. Marketing and communications messaging tells the story of the destination, with focus on our natural and special assets including outdoor adventure, ecotourism opportunities, wine and food, agriculture, golf and of course the scenic beauty of the region.

**Group Business Development \$641,865:** The focus of MCCVB’s Group Business Development department is to create and cultivate revenue opportunities through groups, meetings and conferences for the benefit of our hotel community and other related members that increase revenue from conference and meeting attendees. Meetings and conferences are highly valued for a variety of reasons – chief among them is the ability to attract such business in ‘need’ periods where they can fill rooms and create increased rate compression that benefits the hosting hotel as well as other lodging properties in the area.

Group Business Development involves building one-to-one relationships with meeting planners and matching their needs with appropriate venues in the region. MCCVB develops lasting relationships with clients through prospecting, trade shows, sales missions, and client events. Our team generates and delivers high-quality leads to hotels and venues for bid opportunities. MCCVB also provides a strategic client services program to strengthen the destination’s value proposition. The services that we provide to meeting planners increase their attendees’ propensity to extend their stays and expenditures. We encourage and provide “pre and post” meeting itineraries, welcome tables, and meeting microsites to conferences and group events. MCCVB’s client services inspire conference attendees to experience the entire region and not just their conference venue.

**Community Relations \$130,525:** MCCVB’s Community Relations department aligns with the MCCVB’s strategic direction to promote inclusion between residents, local government and small business and the hospitality and tourism sectors. Attracting visitors to stay in the destination overnight directly affects the economic impact throughout Monterey County.

Under the Community Relations umbrella are the Membership and Visitor Services programs. Many small businesses do not have the resources or bandwidth to maintain marketing programs of their own and depend on the MCCVB to promote them. Relationships with local

businesses allow MCCVB to promote goods and services that enhance the visitors experience that in turn help local businesses sustain vibrant operations.

During the first year of the pandemic, MCCVB interacted with potential visitors through a virtual platform. Visitor inquiries were handled through Live Chat services, phone and email. With every engagement, the Destination Specialist promotes local businesses, provides resources to travelers on the local and state health recommendations and educates them on how to visit sustainably and responsibly while in the destination.

The advancement of technology and the ever-increasing use of smart phones has changed the way travelers plan their trips. To remain fiscally responsible and align with the shift in travel planning, MCCVB will transition out of the traditional brick and mortar model and enhance the current platform of the visitor services program with more robust tools such as a geo-fencing and virtual concierge services that target in-market visitors.

**General Administration \$199,572:** expenses are required to support all departments' programs and staffing. These costs are allocated within the departments in the work plan. MCCVB adheres to industry best practices throughout its operations and financial management of the organization.

MCCVB's business plan contains a great deal of detail on the programs that Monterey County's DSA investment is a part of and will be provided as a supplement to this document when it is finalized and published later this year. The County's investment in this program is critical to the creation of a robust, integrated, partnership-oriented program designed to drive overnight stays and bring important tourism dollars to our region.

#### **PERFORMANCE MEASURES:**

MCCVB will continue to measure and report on success just as in previous years with metrics including:

- Generating travel demand
  - Intent to Visit Score Goal: 4.3 (5 point scale)
- Increase lead volume of group business
  - Lead Generation Goal: 560
  - Conversion Rate Goal: 29%
- Promote local businesses and focus on creating greater inclusion between jurisdictions in regional destination programs and promotion

Our ability to set specific metrics is obviously hampered at this time as shelter in place orders remain in place from the state government as well as County Health. It is important to note, MCCVB will follow orders of County Health and not promote travel until told it is okay to do so.

This work plan, including the performance measures and budget, is scheduled to be approved by the MCCVB Board of Directors in June; until then, it is subject to change.

### Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: A 21-515

November 16, 2021

Introduced: 10/13/2021

Current Status: General Government -  
Consent

Version: 1

Matter Type: BoS Agreement

- a. Approve and authorize the Assessor-County Clerk/Recorder to sign Amendment Number 6 for an additional Megabyte - JustAppraised Applications Programming Interface (API) module at a cost not to exceed \$25,000 for FY 2021-22 and not to exceed a future annual maintenance cost of \$5,000; for a total cost of \$30,000; and
- b. Accept non-standard indemnification provisions requested by the vendor as recommended by the Assessor-County Clerk/Recorder.

#### **RECOMMENDATION**

It is recommended that the Board of Supervisors:

- a. Approve and authorize the Assessor-County Clerk/Recorder to sign Amendment Number 6 for an additional Megabyte - JustAppraised Applications Programming Interface (API) module at a cost not to exceed \$25,000 for FY 2021-22 and not to exceed a future annual maintenance cost of \$5,000; for a total cost of \$30,000; and
- b. Accept non-standard indemnification provisions requested by the vendor as recommended by the Assessor-County Clerk/Recorder.

#### **SUMMARY/DISCUSSION:**

In 1990, the Board authorized the County to enter into an agreement with Megabyte Systems, Inc. to provide a complete property tax assessment, collection and apportionment package for use by the County Tax Collector, Assessor, and Auditor Offices.

Since 2020, the Board authorized the County to sign four future annual renewals to the Agreement under same or similar terms that do not significantly alter the scope of work or increase the annual payments in excess of 3% per year over the FY 2020-21 amount. This authorization has allowed the existing programs and modules to continue to be maintained and utilized by the County without disruption. However, the \$25,000 cost of the Megabyte - API module exceeds the approved 3% annual payment increase authorized for FY 2021-22. Also, this Agreement has non-standard County liability and indemnification provisions. The proposed Agreement contains limits to Megabyte's indemnity and liability that are consistent with software agreements in general.

The proposed Amendment will add additional software that would interface with the Megabyte Property Tax System and the Just Appraised application to create an automated process to update existing parcel and ownership records in Megabyte. This software would populate datasets automatically eliminating the necessity of data entry, thus streamlining the property transfer processes, and resulting in more accurate and timely ownership and appraisal determinations.

Therefore, based on the positive attributes of this new module, it is recommended that the Board of Supervisors approve this item.

**OTHER AGENCY INVOLVEMENT:**

County Counsel has reviewed the addendum and has approved it as to form. County Risk has reviewed the Agreement but has not approved due to non-standard insurance and indemnity provisions.

**FINANCING:**

There is no additional cost to the County General Funds, as the \$25,000 implementation costs are available in the Assessor's FY 2021-22 Approved Budget (001-ACR001-8003) for the recommended action. The future annual maintenance cost of \$5,000 will be included in each respective recommended budget.

**BOARD OF SUPERVISORS STRATEGIC INITIATIVES:**

The services rendered in this agreement provide the Assessor-County Clerk/Recorder with the additional support it needs to provide reliable and high-quality services to the residents of Monterey County.

Current Status: General Government -

Version: 1

Matter Type: General Agenda Item

Approve Property Tax Transfer for the proposed "Mission Linen Reorganization" involving annexation of 2.99 acres to the City of Pacific Grove and detachment from the Monterey County Resource Conservation District.

### RECOMMENDATION

It is recommended that the Board of Supervisors take the following actions:

Approve Property Tax Transfer for the proposed "Mission Linen Reorganization" involving annexation of 2.99 acres to the City of Pacific Grove and detachment from the Monterey County Resource Conservation District.

### SUMMARY

The Monterey County Local Agency Formation Commission (LAFCO) is in receipt of a reorganization proposal involving annexation of the 2.99 acre Mission Linen property to the City of Pacific Grove and detachment from the Monterey County Resource Conservation District. The proposal cannot be considered by LAFCO until a property tax transfer has been approved by the City and County.

### DISCUSSION

Regarding the property tax transfer, the Board of Supervisors has previously adopted a pro forma "fair share" tax transfer resolution. The resolution provides that the County and affected agencies would transfer a percentage of their "tax base revenue" based on the pro rata share of the City's equivalent tax rate to the combined City/County equivalent tax rates. The formula has been revised to reflect the County's loss of property tax revenue that was imposed by the State during fiscal year 1993-94. Non-affected jurisdictions would retain their percentage share of property taxes collected within an affected tax code area. Of the total amount of property taxes available for distribution, the City of Pacific Grove would receive 45.52% and the County would receive 54.48%. In addition, the City would receive a portion of property tax attributed to the Pebble Beach Community Services District as agreed to in the City/PBCSD MOU.

### OTHER AGENCY INVOLVEMENT

The attached resolution was previously approved as to form by County Counsel. The Auditor-Controller has reviewed the property tax allocation proposed in this report

## **FINANCING**

The reorganization proposal territory is within Tax Rate Area 102-003. This Tax Rate Area has the following property tax increment distribution: 23.11% - County of Monterey; 0.21% - affected districts; 76.68% - non-affected districts; 100% - total. Due to property tax revenue reductions imposed by the State on the County of Monterey, the percentage share of existing County property tax available for distribution has been reduced by 41 percent from 23.11% to 13.63%. As recommended, the County would receive 7.43% and the City would receive 6.20% of the amount available for distribution. In addition, the City would receive the 0.18% previously allocated to the Pebble Beach Community Services District, for a total allocation of 6.38%. After adding back in the 41% reduction, the County would receive 16.91% of the total property tax collected within the affected area if the reorganization is approved.

# MEMORANDUM OF UNDERSTANDING BETWEEN PEBBLE BEACH COMMUNITY SERVICES DISTRICT AND CITY OF PACIFIC GROVE FOR RETAINING EXISTING WASTEWATER SERVICES FOR THE PROPERTY KNOWN AS 801 SUNSET DR., PACIFIC GROVE

THIS MEMORANDUM OF UNDERSTANDING (MOU) is made and entered into this July 30, 2021 (Effective Date), by and between the City of Pacific Grove, a municipal corporation of the State of California (City), and the Pebble Beach Community Services District, a California Community Services District (PBCSD), collectively, the Parties, with reference to the following facts.

### FACTS

1. The City has initiated proceedings pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, commencing with California Government Code Section 56000, for a change of organization consisting of the annexation of territory to the City.
2. The subject property is a 2.99-acre territory is located at 801 Sunset Drive, APN 007-101-036-000 (Property), and is within the County of Monterey and located outside City limits.
3. The Property is within the service jurisdiction of the PBCSD. PBCSD currently provides wastewater, solid waste, and fire protection services to the Property and has access to the Property's wastewater flows.
4. The Parties have discussed the potential for PBCSD to retain wastewater rights, post-annexation to the City, and this MOU would be beneficial in moving those efforts forward.
5. Currently, PBCSD receives approximately \$1,828.00 per year in property tax as reflected in the 0.203914 share of total property taxes assessed and collected by the County. This amount is distributed between all three (3) of the services mentioned herein. Because PBCSD will retain wastewater transmission and treatment responsibilities, it requests that a small portion (0.02) of the total County assessment be retained post-annexation. This equates to approximately \$179.34/yr in tax payment. This will be activated through the Property Tax Transfer agreement between the City of Pacific Grove and the County of Monterey upon annexation.

**NOW, THEREFORE,** the City and PBCSD agree as follows:

The above facts, including the paragraph preceding the facts, are hereby incorporated into this MOU as if set forth herein in full.

### ARTICLE 1— RESPONSIBILITIES

- a. CITY shall forgo access to current and future wastewater flows in recognition of the existing infrastructure that PBCSD has constructed to serve the Property.
- b. CITY shall assume the provision of solid waste service, fire protection service, and police service to the Property in accordance with existing ordinances and agreement with the City of Monterey for fire protection services, or its successor. CITY shall be the Authority Having Jurisdiction relative to emergency response, code adoption and enforcement, fire investigation and other legally obligated fire protection services.
- c. CITY shall assume provision of police service and solid waste service to the Property in accordance to existing franchise agreements and other contracts with GreenWaste Recovery (or its successor) for solid waste service.
- d. California-American Water Company or its successor in interest shall continue to provide water to the Property.
- e. Any owner or developer of the Property, in its discretion, may purchase entitlements for reclaimed water or additional potable water, if needed, from the Pebble Beach Company or the City.
- f. PBCSD agrees that it will not object to or oppose City's annexation of the Property into the City's jurisdictional boundaries and the release of all current services other than wastewater to the City.

This MOU shall commence on the Effective Date and shall remain in effect so long as not terminated. Either Party shall be entitled to terminate this MOU at any time with thirty (30) days prior written notice to the other Party.

PBCSD shall reimburse the City for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which the PBCSD is obligated to indemnify, defend and hold harmless the City under this MOU.
- b. City shall indemnify, defend, and hold harmless PBCSD, its officers, agents and employees from any claim, liability, loss, injury or damage arising out of, or in connection with, performance of this MOU by City and/or its agents, employees or City's sub-contractors, excepting only loss, injury or damage caused by the sole negligence or willful misconduct of PBCSD. **WHEREAS**, the Revenue and Taxation Code Section 99 (Assembly Bill 8, Chapter 282) Statutes 1979, as amended by Senate Bill 180 (Chapter 801) provides for the Monterey County Board of Supervisors to determine an appropriate tax transfer for all jurisdictional changes of organization occurring within Monterey County and for the city council of any affected City to concur on the transfer prior to the proposal being considered by the Local Agency Formation Commission (LAFCO); and

**WHEREAS**, the City of Pacific Grove has submitted an application to LAFCO for the “Mission Linen Reorganization” involving annexation of 2.99 acres to the City and detachment from the Pebble Beach Community Services District (PBCSD); and

**WHEREAS**, the City and PBCSD have negotiated a Memorandum of Understanding whereby PBCSD will retain wastewater services for the property and shall accordingly retain a portion ( 0.02 %) of the County tax allocation; solid waste and fire protection services currently provided to the property by PBCSD would, upon annexation, be provided by the city which shall retain 0.18% of the County tax allocation currently allocated to PBCSD; and

**WHEREAS**, pursuant to Revenue and Taxation Code Section 99(b) (6), the Executive Officer of LAFCO shall not issue a Certificate of Filing (Government Code Section 56828) for a change of organization until an exchange of property tax revenue is negotiated; and

**WHEREAS**, the Monterey County Board of Supervisors adopted as policy a set of formulas to be used for all jurisdictional changes of organization on April 29, 1980 (Resolution #80-249); and

**WHEREAS**, the current distribution of property taxes within tax rate area 102-003 is as follows:

23.11%	-	Monterey County’s Share
0.21%	-	Affected District’s Share
<u>76.68%</u>	-	Non-affected Districts’ Share
100.00%	-	Total; and

**WHEREAS**, the Revenue and Taxation Code Section 99 (Senate Bill 180, Chapter 801) requires that non-affected local agencies percentage share will remain constant; and

**WHEREAS**, the County of Monterey and the City of Pacific Grove wish to agree to a fair share distribution of remaining property tax revenues; and

**WHEREAS**, the County of Monterey has realized a 41% reduction and the City has realized a 19% reduction in property tax revenue imposed by the State under Senate Bill 617, Chapter 699, Statutes 1992; and

**WHEREAS**, each year thereafter both the County and the City continue to shift revenues to the Education Revenue Augmentation Fund (ERAF);

**NOW, THEREFORE, BE IT RESOLVED** that the Monterey County Board of Supervisors does hereby agree to the following formulas for property tax base and increment distribution within Tax Rate Area 102-003 after change of organization/reorganization.

**A. DISTRIBUTION OF PROPERTY TAX BASE:**

Property tax base is the property tax revenue that is available prior to change of organization/reorganization.

Prior to Change or Organization/Reorganization:

(City of Pacific Grove, Tax Rate Area 004-000)

		<u>Current Ratio</u>
City of Pacific Grove -	19.76%	45.52%
Monterey County -	23.65%	54.48%

Within Tax Rate Area 102-003, Monterey County’s share of property tax reduced by 41%, an amount equal to 9.48%. After this reduction, the total property tax available for distribution in the proposal area is equal to 13.63%.

After Change of Organization/Reorganization:

(New Tax Rate Area – To Be Assigned)

13.63 % - Property Tax Available for Distribution

1. City of Pacific Grove’s Share of Total Property Taxes Collected:

	13.63%	-	Property Tax Available for Distribution
X	45.52%	-	City of Pacific Grove’s Current Ratio
=	6.20%		
+	0.18%	-	Pebble Beach Community Services District Share to City of Pacific Grove
=	6.38		

2. Monterey County’s Share of Total Property Taxes Collected:

	13.63%	-	Property Tax Available for Distribution
X	54.48%	-	Monterey County’s Current Ratio
=	7.43%		

plus

9.48% - The Adjustment for State Tax Shift

= 16.91% Total County share of property tax base

Formula for property tax base allocation to the City of Pacific Grove

City of Pacific Grove’s Property Tax Revenue =

Total Property Taxes Collected X 6.38% X

Full Months Remaining in Tax Year Divided by 12.

**B. DISTRIBUTION OF PROPERTY TAX INCREMENT:**

Property tax increment is the increase in property tax revenue above the base resulting from the increase in assessed value of property after the change in organization/reorganization.

The formula recognizes that all future growth will be subject to a shift to ERAF in the amount of 41% for the County and 19% for the City of Pacific Grove. After the shift, the County and the City will be in the same relative position as before dividing the remainder.

Prior to Change of Organization/Reorganization:

(City of Pacific Grove, Tax Rate Area 004-000)

	<b>Current Rate</b>	<b>÷</b>	<b>ERAF Adjustment</b>	<b>=</b>	<b>Resulting Rate</b>	<b>Resulting Ratio</b>
Pacific Grove	19.76%		81.0%		23.51%	41.5%
Monterey County	23.65%		59.0%		33.13%	58.5%

Based on existing Tax Rate Area 102-003, Monterey County’s share of property tax is 23.11% The total property tax available for distribution in the proposal area is 23.11%. The new Resulting Ratios calculated above are applied to the increment.

After Change of Organization/Reorganization

(New Tax Rate Area to be Assigned)

23.11% = Property Tax Available for Distribution

1. City of Pacific Grove’s Share of Property Tax Increment:

23.11% - Property Tax Available for Distribution

X 41.5% - City of Pacific Grove’s New Resulting Ratio

= 9.59%

+ 0.18% - Pebble Beach Community Services District Share

= 9.77%

2. Monterey County’s Share of Property Tax Increment:

$$\begin{array}{rcl}
 & 23.11\% & - \quad \text{Property Tax Available for Distribution} \\
 \text{X} & 58.5\% & - \quad \text{Monterey County's New Resulting Ratio} \\
 = & 13.52\% &
 \end{array}$$

Formula for property tax increment to the City of Pacific Grove from Tax Rate Area 004-000 after change of organization/reorganization:

$$\begin{array}{lcl}
 \text{City of Pacific Grove's Property Tax Increment} & = & \\
 \text{Total Property Tax Increment Collected} & \times & 9.77\% \times \\
 \text{Full Months Remaining in Tax Year Dividend by 12.} & &

Matter Type: BoS Agreement

- a. Approve and Authorize the Library Director or his/or her Designee, to sign a Professional Services Agreement (PSA) with ByWater Solutions, for library automation software and hosting services, in the amount not to exceed \$175,000, for the period of five years beginning March 21, 2022 through March 21, 2027;
- b. Authorize the Library Director or his/or her Designee, to execute up to one future Amendment to this agreement that does not significantly change the scope of work and does not cause an increase of more than 10% of the original contract amount.

RECOMMENDATION/SUMMARY:

- a. Approve and Authorize the Library Director or his/or her Designee, to sign a Professional Services Agreement (PSA) with ByWater Solutions, for library automation software and hosting services, in the amount not to exceed \$175,000, for the period of five years beginning March 21, 2022 through March 21, 2027;
- b. Authorize the Library Director or his/or her Designee, to execute up to one future Amendment to this agreement that does not significantly change the scope of work and does not cause an increase of more than 10% of the original contract amount.

SUMMARY/DISCUSSION:

The purpose of this contract is for Monterey County Free Libraries (MCFL) to enter an agreement with ByWater Solutions in order to provide an integrated library system (ILS) for the library system. The ILS is the core of service, managing checkout, catalog, library cards, fines and fees, and more. MCFL went through a very rigorous RFP process in order to select the best ILS to meet these needs. The RFP had 517 questions that each vendor answered and was rated by MCFL and ITD staff. Scoring of the RFP responses was based on the following components: Online Public Access Catalog (OPAC) where patrons can access their account, search for materials, and place requests; Cataloging where staff edit, upload, and manage records of the materials stored in the ILS; Acquisitions where materials ordered, received, and payments to vendors are tracked; Reports where we can pull up statistics about library services; Circulation where staff create and manage library cards, and access

patron information, record paid fines and fees, and search for materials; Discovery Layer where patrons can easily find physical and online materials to check out; System Administration and Integration with other vendors.

ByWater Solutions offers a Software as a Service (SaaS) solution, and the team further evaluated implementation, training, and cost to MCFL. We then called the top three finalists for a demonstration and rated them based on the functionality of the following criteria: Circulation, OPAC, Cataloging, Acquisitions, Administration, Reports, and Integration. ByWater Solutions scored the highest overall, came in with the lowest cost, and was recommended for award. MCFL will plan for the transition and migration to the new ILS, anticipating transition in March, 2022.

OTHER AGENCY INVOLVEMENT:

The Agreement has been reviewed by County Counsel as to form and legality. The proposed Agreement has been reviewed and approved by the Auditor-Controller's Office as to fiscal terms, by Risk Management regarding insurance and indemnification provisions.

FINANCING:

The recommended Professional Services Agreement (PSA) provides for a total amount not to exceed \$175,000 over a five-year period. It is anticipated that the agreement will cost less than \$62,000 for the initial year (including migration, installation and training costs) and \$27,200 for each of the subsequent four years remaining.

Funds have been appropriated in the Library Budget Unit 6110 for FY 21-22 and through the remaining four years to cover the cost of the Agreement. Approval will have no impact on the County General Fund.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The approval of the Professional Service Agreement will facilitate Monterey County Free Libraries' mission to serve the community and continue to provide services that inspire, inform and provide opportunities for individual and community enhancement.

## 5.0 PERFORMANCE STANDARDS:

- 5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.

The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

## 7.0 TERMINATION:

### ***Data Migration and Implementation Services:***

Skilled manipulation of library data is the key to a successful migration. Because it is the most important representation of a library's collection, we take the time to proficiently manage your data prior to your go live. Our Installation and Migration fee includes:

- Creation of test system for training and testing
- Installation and customization
- Administrative configuration
- Import of patron data, fines and fees
- Assistance with the import/configuration of authority records
- External device setup such as those using SIP2 and LDAP connections

“ Migrating to the Koha ILS brings many benefits; for example, the clean and intuitive interface lets staff focus on the customer and not on the options on the screen. Koha enables us to streamline processes for better management of the collection and the circulation of materials. Aspen Discovery enhances our customers' experience by giving them more control over their accounts and by meeting their expectations of high-quality online services in the 21st century. We are very happy to join the Koha Community and we are extremely grateful for ByWater Solutions staff who patiently guided us every step of the way and tirelessly worked to meet an impossibly tight schedule.

The term of this agreement shall run for an indefinite period with the ability to terminate upon 30 days notice, following the procedures indicated in Article VI.A of the MOU, estimated, but not limited to, the amount of \$90,000, effective July 1, 2022.

### RECOMMENDATION

It is recommended that the Board of Supervisors adopt this resolution to:

- a. Approve and Authorize the County of Monterey, by and through the County Recorder, to withdraw as a Board Member County from the California Electronic Recording Transaction Network Authority (CERTNA), a Joint Powers Authority (JPA), effective July 1, 2022; and
- b. Approve and Authorize the County of Monterey, by and the through the County Recorder, enter into a CERTNA Client Memorandum of Understanding (MOU). ### SUMMARY/DISCUSSION:

The Monterey County Recorder became a Board Member County of CERTNA, a JPA, on June 15, 2010. In the last two years CERTNA has gone through administrative and operational changes. Although it is currently appropriate to remain part of CERTNA, the Monterey County Recorder has decided to no longer devote the time and resources to CERTNA's operation as a Board Member County. Monterey County can be adequately served by participating as a Client Member County. This decision will also have a cost savings of approximately \$20,000 per year. As a Client Member County, the Monterey County Recorder's office will be paying .30 cents per document title as opposed to .51 cents per document title to help support the operation of CERTNA. There will also be a cost savings in travel and lodging.

Based on the County of Monterey's successful participation as a Board Member County of CERTNA

since July 1, 2010 as well as the savings in costs and resources resulting from the transition from Board Member to Client Member County, it is recommended that the Board of Supervisors approve this action.

**OTHER AGENCY INVOLVEMENT:**

County Counsel has reviewed the CERTNA Client Member Memorandum of Understanding and has approved it as to form.

**FINANCING:**

There is no impact to the General Funds. The County Recorder collects the fee of \$1 per instrument per GC 27397 which pays for the direct cost of regulation and oversight by the Attorney General for the Recorder's Electronic Recording System.

**BOARD OF SUPERVISORS STRATEGIC INITIATIVES:**

The services rendered in this agreement provide the Assessor-County Clerk/Recorder with the additional support it needs to provide reliable and high-quality services to the residents of Monterey County.

**F.** COUNTY is expressly prohibited from making any software/hardware modification to the CERTNA system without written consent of CERTNA.

**G.** CERTNA, or COUNTY, or the California State Attorney General, may terminate access to the CERTNA System, or any part thereof, or may terminate access of any authorized COUNTY staff or CERTNA staff, at any time it deems it necessary to protect the CERTNA System, to protect the public interest, to protect the integrity of public records, to protect homeowners or real property owners from financial harm, or at any other time as authorized by

THIS AGREEMENT (the "Agreement"), dated as of July 1, 2007, by and among the COUNTY OF KERN and the COUNTY OF SAN BERNARDINO, all of which are bodies politic in the State of California.

**WITNESSETH:**

WHEREAS, Assembly Bill 578 (Stats. 2004, Ch. 621, Sec. 2), known as the Electronic Recording Delivery Act of 2004, set forth at Title 3, Division 2, Part 3, Chapter 6, Article 6 of the California Government Code (Sections 27390 et seq.) authorizes California County Recorders to accept digitized and certain digital documents for recordation pursuant to the provisions thereof and regulations being developed by the California Department of Justice; and

WHEREAS, certain electronic recording systems now in use by the parties to this Agreement were developed independently and are not interoperable; and

WHEREAS, the parties to this Agreement now wish to standardize the electronic recordation of documents across multiple counties by creating a single umbrella agency that will develop and maintain an electronic recording network as requested by the parties;

NOW THEREFORE, the Counties above mentioned, for and in consideration of the mutual promises and agreements herein contained, do agree as follows:

**SECTION 1. Purpose.**

Each party to this Agreement has the power to accept digitized and certain digital documents for recordation. Under the authority of Article 1, Chapter 5, Division 7, Title 1 of the Government Code of the State of California commencing with Section 6500, the parties desire, by joint exercise of their common power, to create and constitute a new public entity separate and distinct from each of the parties to be known as the "California Electronic Recording Transaction Network Authority." This new entity will serve as a unifying umbrella agency to coordinate the service desires of the parties and enable certain lead counties to jointly develop, implement, and support an AB 578 compliant system to be known as the California Electronic Recording Transaction Network, hereinafter referred to as "CERTN," allowing for the electronic recording of documents by multiple counties using variable back-end systems.

**SECTION 2. Term.**

This Agreement shall become effective as of the date written above and shall continue in full force and effect until terminated by all parties. Any party may withdraw from the Agreement as provided in Section 11 below.

### SECTION 3. Authority.

#### A. Creation of Authority.

Pursuant to Section 6503.5 of the Government Code, there is hereby created a public entity to be known as the "California Electronic Recording Transaction Network Authority, " hereinafter referred to as "CERTNA," and said Authority shall be a public entity separate and apart from the counties which are a part of this agreement.

#### B. Governing Board.

The Authority shall be administered by a governing board initially consisting of two members, each serving in their individual capacities as members of the governing board. The County Recorder or comparable officer from each of the initial two participating counties shall upon approval of this Agreement be deemed the appointee of the Board of Supervisors of each participating county. Each said officer shall appoint an alternate to service in his or her absence. Such governing board shall be called the "Board of Directors of the California Electronic Recording Transaction Network Joint Powers Authority" and is referred to herein as the "Board." All voting power shall reside in the Board.

#### C. Meetings of Governing Board.

The Board may also designate an Authority employee to carry out the controller function for the Authority.

### SUMMARY/DISCUSSION:

Zako HK Inc. is a California Corporation which provides cafeteria concession services to the local Monterey County community. Since January 10, 2019, Zako HK Inc. has been providing cafeteria concession services for County employees working within the County Government Center Campuses and community members conducting business or visiting the County Government Center campuses at Jo's Café, 142 West Alisal Street, Salinas and at the Schilling Place Café, 1441 Schilling Place, Salinas.

Zako HK Inc. has been operating as a subcontractor to PFD Management Inc. However, the County has chosen to terminate the master agreements with PFD Management Inc. without cause effective November 1, 2021. As a result of terminating the master agreements with PFD Management Inc., the

County is seeking approval to enter into two (2) new Concession Lease Agreements (Agreements) with Zako HK Inc., for Zako HK Inc. to continue providing cafeteria concession services at Jo's Café and at the Schilling Place Café while a new RFP for concessionaire services can be developed and implemented. Please see Attachment E, Sole Source Justification Request Form, for more information.

The lease term for both Agreements will commence on December 1, 2021 and expire on November 30, 2024. In the event the Agreements convert to a holdover status after the November 30, 2024 expiration date, the Agreements provide for a month-to-month occupancy. Either party may terminate the Agreements upon thirty (30) days written notification to the other party. Rent for each Agreement is \$8,000 per year and includes electric, gas and water utilities. Concessionaire is responsible for janitorial services, general maintenance, inspections and repairs at each location. In addition to rent, Concessionaire will pay a \$500 flat fee for each outside catering event and will provide the County a three percent (3%) commission based on gross monthly sales over \$10,000 for Jo's Café, and \$16,000 for Schilling Place Café.

Approval of the Agreements will support the County's ability to continue to provide excellent cafeteria concession services at Jo's Café and Schilling Place Café for County employees and community members while visiting or conducting business on the County Government Center campuses.

OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel-Risk Management has reviewed and approved the Agreements as to form and as to insurance and indemnity provisions. The Auditor/Controller's Office has reviewed and approved the Agreements as to fiscal provisions.

FINANCING:

There is no fiscal impact to the General Fund resulting from approval of the Agreements. The \$8,000 annual fee and other fees collected from each Agreement will be utilized to help maintain the facility and associated costs.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

If approved, this action supports the Board of Supervisors' Strategic Initiatives for Health and Human Services as well as Administration. Providing cafeteria concession services at Jo's Café and Schilling Place Café will help ensure County employees and community members conducting business or visiting the County Government Center campuses will continue to have access to viable food and beverage services.

- 19.1 Partial Damage: If all or a portion of the Concession Area, or any permanent improvements made thereon, are partially damaged by fire, explosion, flooding inundation, floods, the elements, public enemy, or other casualty, but not rendered uninhabitable, the same will be repaired with due diligence by County at its own cost and expense, subject to the limitations as hereinafter provided; if said damage is caused by the negligent acts or omissions of Concessionaire, its agents, officers, or employees, Concessionaire shall be responsible for the cost and expense incurred in making such repairs, plus actual cost for administrative overhead and staff time as determined by Office of Management and Budget Circular A-87 or other applicable County adopted fee schedule.
- 19.2 Extensive Damage: If the damages as described above in "Partial Damage" are so extensive as to render the Concession Area, or any permanent improvements made thereon, or a portion thereof uninhabitable, but are capable of being repaired within a reasonable time not to exceed sixty (60) days, the same shall be repaired with due diligence by County at its own cost and expense and a negotiated portion of the fees and charges payable hereunder shall abate from the time of such damage until such time as the Concession Area, or any improvements made thereon, are fully restored and certified by County as again ready for use; provided, however, that if such damage is caused by the negligent acts or omissions of Concessionaire, its agents, officers, or employees, said fees and charges will not abate and Concessionaire shall be responsible for the cost and expenses incurred in making such repairs, plus actual cost for administrative overhead and staff time as determined by Office of Management and Budget Circular A-87 or other applicable County adopted fee schedule.
- 19.3 Complete Destruction: In the event all or a substantial portion of the Concession Area, or any permanent improvements made thereon, are completely destroyed by fire, explosion, the elements, public enemy, or other casualty, or are so damaged that they are uninhabitable and cannot be replaced except after more than sixty (60) days, County shall be under no obligation to repair, replace or reconstruct said Concession Area, or any permanent improvements made thereon, and an appropriate portion of the fees and charges payable hereunder shall abate as of the time of such damage or destruction and shall henceforth cease until such time as the Concession Area are fully restored. If within four (4) months

after the time of such damage or destruction of the Concession Area, or any permanent improvements made thereon, have not been repaired or reconstructed, Concessionaire may terminate this Agreement in its entirety as of the date of such damage or destruction. Notwithstanding the foregoing, if the said Concession Area, or any permanent improvements made thereon, or a substantial portion thereof, are completely destroyed as a result of the negligent acts or omissions of Concessionaire, its agents, officers, or employees, said fees and charges shall not abate and County may, in its discretion, require Concessionaire to repair and reconstruct the same within twelve (12) months of such destruction and Concessionaire shall be responsible for the cost and expenses incurred in making such repairs, plus actual cost for administrative overhead and staff time as determined by Office of Management and Budget Circular A-87 or other applicable County adopted fee schedule. Concessionaire shall timely pay the Concession Fee as determined above during the reconstruction.

- 19.4 Limits of County's Obligation to Repair or Reconstruct: In the application of the foregoing provisions, County may, but shall not be obligated to, repair or reconstruct the Concession Area, or any improvements made thereon. If County chooses to do so, County's obligation shall also be limited to repair or reconstruction of the Concession Area, or any improvements made thereon, to the same extent and of equal quality as present at the commencement of the Concessionaire's operations hereunder. Redecoration and replacement of furniture, equipment and supplies shall be the responsibility of Concessionaire and any such redecoration and refurbishing/re-equipping shall be equivalent in quality to that originally installed.

## **20. INTERFERENCE DUE TO CONSTRUCTION.**

- 20.1 In the event County constructs or causes to be constructed improvements within the Concession Area, or if construction within the Premises requires a partial or total closure of the Premises, this Agreement shall continue in full force and effect, except that the payments to be made by Concessionaire shall be abated and/or other relief afforded to the extent that the County determines the construction substantially interferes with the authorized operations, provided a request for abatement of this Agreement is presented to the County within thirty (30) days of commencement of construction.
- 20.2 Concessionaire agrees to cooperate with County during any construction, including, but not limited to, vacating, and removing all items of inventory, trade fixtures, equipment and furnishings for such periods as are required by the construction. Concessionaire further agrees to cooperate in the determination of the abatement and/or other relief to be provided by furnishing all information requested relative to the operation and permitting examination and audit of all accounting records kept in connection with the conduct thereof.
- 20.3 Concessionaire agrees to accept the remedy provided in this section in the event of construction upon the Concession Area and/or the Premises, and hereby waives any and all

other rights and remedies for relief, damages, or compensation that are presently available or may be made available hereafter under the law.

- 21.3.9 Concessionaire shall promptly notify County of any liens threatened or attached against the Concession Area pursuant to any Hazardous Materials' Law. If such a lien is filed, then within twenty (20) days following such filing or before any governmental authority commences proceedings to sell the Concession Area pursuant to the lien, whichever occurs first, Concessionaire shall either: (a) pay the claim and remove the lien from the Concession Area; or (b) furnish either (1) a bond or cash deposit reasonably satisfactory to County in an amount not less than the claim from which the lien arises, or (2) other security satisfactory to County in an amount not less than that which is sufficient to discharge the claim from which the lien arises. Without limiting the generality of the foregoing, the indemnification provided by this section shall specifically cover costs incurred in connection with investigation of site conditions or any cleanup, remedial, removal or restoration work required by any Hazardous Materials Laws because of the presence of Hazardous Materials in the soil, ground water or soil vapor on the Concession Area, and the release or discharge of Hazardous Materials by Concessionaire during the course of Concessionaire's alteration or improvement of the Concession Area.

21.5 Remedies Cumulative: The provisions of this section shall be in addition to all common law obligations and liabilities Concessionaire may have to County, and any remedies and the environmental indemnities provided for herein shall survive the expiration or termination of this Agreement and/or any transfer of all or any portion of the Concession Area, or of any interest in this Agreement, and shall be governed by the laws of the State of California.

21.6 Asbestos Notification: In September, 1989, the Governor of California signed AB-1564, an Asbestos Notification law, codified in Section 25915 et seq. of the Health and Safety Code. Health and Safety Code Section 25915(a) states:

## **22. DEFENSE AND INDEMNIFICATION.**

22.1 Sole Indemnity: Concessionaire agrees to indemnify, defend, and save harmless COUNTY and its officers, agents, and employees from and against any and all claims, liabilities or losses whatsoever arising out of or in any way related to Concessionaire's use, services or performance of this Agreement, including but not limited to, claims for property damage, personal injury, death, injuries to reputation, economic losses, and emotional distress, and

any legal expenses (such as attorney's fees, court costs, investigation costs, and expert fees); and including, but not limited to, any and all losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the Concessionaire's use, services or performance of this Agreement, unless such claims, liabilities, or losses determined to be solely caused by the gross negligence or willful misconduct of the County. " Concessionaire's use" includes Concessionaire's professional errors or omissions, negligent actions, or inactions; and the professional errors or omissions, negligent actions or inactions of its officers, employees, agents, occupants, guests, and business invitees.

- 22.2 Savings Clause: If any term, provision, or application Concessionaire's indemnification to County is found to be invalid, in violation of public policy or unenforceable to any extent, such finding shall not invalidate any other term or provision of Concessionaire's indemnification to County and such other terms and provisions shall continue in full force and effect. If there is any conflict between the terms, provisions, or application of Concessionaire's indemnification to County and California law, the broadest indemnity protection for the County under this Agreement that is permitted by law shall be provided by Concessionaire.
- 22.3 Concessionaire's obligation to defend, indemnify and hold County and its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for Concessionaire to procure and maintain a policy of insurance.

## 23. INSURANCE CONDITIONS.

- 23.1 Without limiting Concessionaire's indemnification of County, and in the performance of this Agreement and until all of its obligations pursuant to this Agreement have been met, Concessionaire shall provide and maintain at its own expense insurance coverage satisfying the requirements specified in this Agreement (Required Insurance.) These minimum insurance coverage terms, types, and limits also are in addition to and separate from any other contractual obligation imposed upon Concessionaire pursuant to this Agreement. The County in no way warrants that the Required Insurance is sufficient to protect the Concessionaire for liabilities which may arise from or relate to this Agreement.
- 23.2 County Review and Approval of Insurance Requirements: The County reserves the right to review and adjust the Required Insurance provisions upon County's determination of changes in risk exposures. The County may increase or decrease the amounts of insurance coverage required herein by giving thirty (30) days prior written notice to Concessionaire.
- 23.3 Evidence of Coverage and Notice to County.
- 23.3.1 Prior to commencing services under this Agreement, Concessionaire shall deliver to the County a Certificate(s) of insurance coverage (Certificate) satisfactory to County, and copies of endorsements.

- 23.3.2 Renewal Certificates shall be provided to County not less than ten (10) days prior to Concessionaire's policy expiration dates. The County reserves the right to obtain complete, certified copies of any required Concessionaire and/or subcontractor insurance policies at any time.
- 23.3.3 Certificates shall identify all Required Insurance coverage types and limits specified herein, reference this Agreement by name or number, and be signed by an authorized representative of the insurer(s). The Insured party named on the Certificate shall match the name of the Concessionaire identified as the contracting party in this Agreement. Certificates shall provide the full name of each insurer providing coverage, its NAIC (National Association of Insurance Commissioners) identification number, its financial rating, the amounts of any policy deductibles or self-insured retentions exceeding Fifty Thousand Dollars (\$50,000).
- 23.3.4 Neither the County's failure to obtain, nor the County's receipt of, or failure to object to a non-complying insurance certificate or endorsement, or any other insurance documentation or information provided by the Concessionaire, its insurance broker(s) and/or insurer(s), shall be construed as a waiver of any of the Required Insurance provisions. Certificates and copies of any required endorsements shall be sent to:

County of Monterey  
Attn: Contracts/Purchasing Officer  
1488 Schilling Place Salinas, CA 93901

- 23.3.5 Concessionaire shall promptly report to County any injury or property damage accident or incident, including any injury to concessionaire employee occurring on County property, and any loss, disappearance, destruction, misuse, or theft of County property, monies or securities entrusted to Concessionaire. Concessionaire also shall promptly notify County of any third-party claim or suit filed against Concessionaire or any of its subcontractors which arises from or relates to this Agreement, and could result in the filing of a claim or lawsuit against Concessionaire and/or County.
- 23.4 Additional Insured Status and Scope of Coverage: The County of Monterey, elected officials, officers, agents, employees, and volunteers (collectively County and its Agents) shall be provided additional insured status under Concessionaire's General Liability policy with respect to liability arising out of Concessionaire's ongoing and completed operations performed on behalf of the County. The full policy limits and scope of protection also shall apply to the County and its Agents as an additional insured, even if they exceed the County's minimum Required Insurance specifications herein. Use of an automatic additional insured endorsement form is acceptable providing it satisfies the Required Insurance provisions herein.

- 23.5 Failure to Maintain Insurance: Concessionaire's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of this Agreement, upon which County immediately may suspend or terminate this Agreement. County, at its sole discretion, may obtain damages from Concessionaire resulting from said breach.
- 23.6 Insurer Financial Ratings: Coverage shall be placed with insurers acceptable to the County with A.M. Best ratings of not less than A- VII unless otherwise approved by County.
- 23.7 Concessionaire's Insurance Shall Be Primary: Concessionaire's insurance policies, with respect to any claims related to this Agreement, shall be primary with respect to all other sources of coverage available to Concessionaire. Any County maintained insurance or self-insurance coverage shall be in excess of and not contribute to any Concessionaire coverage.
- 23.8 Waivers of Subrogation: To the fullest extent permitted by law, the Concessionaire hereby waives its rights and its insurer(s)' rights of recovery against County under all the Required Insurance for any loss arising from or relating to this Agreement. The Concessionaire shall require its insurers to execute any waiver of subrogation endorsements which may be necessary to affect such waiver.
- 23.9 Subcontractor Insurance Coverage Requirements: Concessionaire shall include all subcontractors as insureds under Concessionaire's own policies, or shall provide County with each subcontractor's separate evidence of insurance coverage. Concessionaire shall be responsible for verifying each subcontractor complies with the Required Insurance provisions herein, and shall require that each subcontractor name the County and Concessionaire as additional insureds on the subcontractor's General Liability policy. Concessionaire shall obtain County's prior review and approval of any subcontractor request for modification of the Required Insurance.
- 23.10 Deductibles and Self-Insured Retentions (SIRs): Concessionaire's policies shall not obligate the County to pay any portion of any Concessionaire deductible or SIR. The County retains the right to require Concessionaire to reduce or eliminate policy deductibles and SIRs with respect to the County, or to provide a bond guaranteeing Concessionaire's payment of all deductibles and SIRs, including all related claims investigation, administration and defense expenses. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.
- 23.11 Claims Made Coverage: If any part of the Required Insurance is written on a "claims made" basis, any policy retroactive date shall precede the effective date of this Agreement. Concessionaire agrees to maintain such coverage for a period of not less than three (3) years following Agreement expiration, termination, or cancellation.
- 23.12 Application of Excess Liability Coverage: Concessionaire may use a combination of primary and excess insurance policies which provide coverage as broad as the underlying primary policies, to satisfy the Required Insurance provisions.

- 23.13 Separation of Insureds: All liability policies shall provide cross-liability coverage as would be afforded by the standard ISO (Insurance Services Office, Inc.) separation of insureds provision with no insured versus insured exclusions or limitations.
- 23.14 Alternative Risk Financing Programs: The County reserves the right to review, and then approve, Concessionaire use of self-insurance, risk retention groups, risk purchasing groups, pooling arrangements, and captive insurance to satisfy the Required Insurance provisions.
