Salinas, CA 93901

Legistar File Number: A 22-420

August 23, 2022

**Introduced:** 7/18/2022

**Current Status:** Health Department -  
Consent

**Version:** 1

**Matter Type:** BoS Agreement

- a. Ratify the execution by the Director of Health of the non-standard Agreement between the County of Monterey and Heluna Health to provide Public Health Microbiologist (PHM) training and to participate in the California Department of Public Health's (CDPH's) Continuity of Operations Plan (COOP) for statewide emergency/surge laboratory testing, with a retroactive start date of July 1, 2021 through December 15, 2022, for a total agreement amount of \$160,000; and
- b. Approve nonstandard risk provisions in Agreement as recommended by the Director of Health.

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Ratify the execution by the Director of Health of the non-standard Agreement between the County of Monterey and Heluna Health to provide Public Health Microbiologist (PHM) training and to participate in the California Department of Public Health's (CDPH's) Continuity of Operations Plan (COOP) for statewide emergency/surge laboratory testing, with a retroactive start date of July 1, 2021 through December 15, 2022, for a total agreement amount of \$160,000; and
- b. Approve nonstandard risk provisions in Agreement as recommended by the Director of Health.

### SUMMARY/DISCUSSION:

The Health Department's Public Health Laboratory (PHL) is responsible for providing testing services to identify microorganisms that cause disease including bacteria, fungi, viruses, and parasites. The PHL is a Centers for Disease Control and Prevention Laboratory Response Network (LRN) partner as well as a California SARS-CoV-2 Whole Genome Sequencing Initiative (COVIDNet) participant. The PHL provides polymerase chain reaction (PCR) testing with associated whole genome sequencing for communicable disease surveillance purposes, surge events and other public health emergencies.

The Health Department's PHL received a grant from CDPH which is administered by Heluna Health to address the shortage of trained public health microbiologists and to support regional access to quality public health laboratory services. The grant provides funding to: (1) train and prepare two laboratory assistants for the state certification exam for Public Health Microbiologist licensure, and (2) participate in Continuity of Operations Plan (COOP) activities coordinated by CDPH for statewide COVID-19 emergency testing.

The Health Department staff have been working with Heluna for several months to finalize the Agreement. The Director of Health and County Counsel signed this agreement in May 2022, and the Helena representative signed on June 6, 2022. At that time, the Department was informed that the agreement would need board approval. The Department then proceeded to prepare board documents. However, Department staff have needed to prioritize other COVID-19 pandemic response documents and agreements, thus increasing the time required to bring this agreement to the Board. Accordingly, the agreement is presented to the Board for ratification.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Goals: 2. Enhance public health and safety through prevention; 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services; and 4. Engage MCHD workforce and improve operational functions to meet current and developing population health needs. It also supports three of the ten essential public health services, specifically: 1. Assess and monitor population health status, factors that influence health, and community needs and assets; 2. Investigate diagnose, and address health problems and hazards affecting the population; 8. Build and support a diverse and skilled public health workforce.

OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel approves this agreement as to legal form. Auditor-Controller has reviewed and approved this Agreement as to fiscal provisions.

FINANCING:

This is a revenue agreement. It is estimated that approximately \$60,000 will be earned, and accrued, during Fiscal Year (FY) 2021-22, and revenue and appropriations for the remaining \$100,000 are included in the Public Health Bureau's FY 2022-23 Adopted Budget (001-4000-8124-HEA003).

Local Health Department is in control of the means by which the Services are accomplished. Any advice given to Local Health Department regarding the Services shall be considered a suggestion only, not an instruction. HELUNA HEALTH retains the right, but does not have the obligation, to inspect, stop, or alter the work of Local Health Department to assure its conformity with this Agreement. Local Health Department shall be responsible for completing the Services in accordance with this Agreement and within the time period and schedule set forth in the SOW, but Local Health Department will not be required to follow or establish a regular or daily work schedule.

Local Health Department agrees to defend, indemnify and hold HELUNA HEALTH harmless from any and all claims made by federal, state and local taxing authorities on account of Local Health Department's failure to pay any federal, state or local income and self-employment taxes or other assessments due as a result of Local Health Department's Services hereunder. Furthermore, to avoid conflict with federal or state regulations, Local Health Department will not be eligible for employment with HELUNA HEALTH within the same calendar year in which Local Health Department performed services for HELUNA HEALTH.

3. **FRINGE BENEFITS.** Because Local Health Department is an independent entity, Local Health Department is not eligible for, and shall not participate in, any HELUNA HEALTH pension, health, or other fringe or employee benefit plans. Only personnel hired as HELUNA HEALTH employees will receive fringe benefits.
4. **WORKERS' COMPENSATION.** No workers' compensation insurance shall be obtained by HELUNA HEALTH concerning Local Health Department or the employees of Local Health Department. In the event this Agreement is terminated for reasonable cause by HELUNA HEALTH, Local Health Department shall not be relieved of any liability to HELUNA HEALTH for damages and HELUNA HEALTH may withhold any payments to Local Health Department for the purpose of setoff until such time as the actual amount of damages due to HELUNA HEALTH from Local Health Department is determined.

If applicable, upon the expiration or termination of this Agreement, Local Health Department shall immediately return to HELUNA HEALTH all computers, cell phones, smart phones, computer programs, files, documentation, user data, media, related material, finished or unfinished documents, studies, reports and any and all Confidential Information (as defined below) and Work Product (as defined below).

HELUNA HEALTH shall have the right to withhold final payment to Local Health Department until all such items are returned to HELUNA HEALTH.

These Terms and Conditions and any other provisions of this Agreement that by their nature should or are intended to survive the expiration or termination of this Agreement shall survive and the parties shall continue to comply with the provisions of this Agreement that survive. Notwithstanding any termination that may occur, each party shall continue to be responsible for carrying out all the terms and conditions required by law to ensure an orderly and proper conclusion.

7. **COMPLIANCE WITH LAWS.** Local Health Department shall comply with all state and federal statutes and regulations applicable to Local Health Department, the Services and the Program in performing Local Health Department's obligations under this Agreement. **Matter Type:** BoS Agreement

- a. Approve and authorize the Director of Health or Assistant Director of Health to execute an Agreement between the County of Monterey and Central Coast VNA and Hospice, Inc. for the term retroactive to July 22, 2022 to November 15, 2022 in the amount not to exceed \$129,000 for pop-up COVID-19 vaccination clinics in under-served County areas; and

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Approve and authorize the Director of Health or Assistant Director of Health to execute an Agreement between the County of Monterey and Central Coast VNA and Hospice, Inc. for the term retroactive to July 22, 2022 to November 15, 2022 in the amount not to exceed \$129,000 for pop-up COVID-19 vaccination clinics in under-served County areas; and

### SUMMARY/DISCUSSION:

The Monterey County Health Department is seeking approval and authorization for executing a standard agreement with Central Coast VNA and Hospice, Inc. to conduct COVID-19 Pop-up vaccination clinics which will be made available to community members in under-served areas in the County.

Increasing availability and access to COVID-19 vaccination services is critical in the County's response to this pandemic. In reviewing County vaccination rates and in light of additional age groups and boosters being approved by the Centers for Disease Control and Prevention, it is evident that there are community residents that could use community-based pop-up vaccination clinics, including residents located in rural areas or more urban areas with limited digital literacy or transportation resources to access other available vaccination sites or clinics. The deployment of pop-up vaccination clinics is an effective strategy in making services accessible to those residents without access to this vital service within close proximity. By contracting with Central Coast VNA and Hospice, Inc., a local provider adept at administering community influenza clinics, the County is able to more effectively increase access to COVID-19 vaccination services in under-served areas.

There will be a total of 14 first time and 14 follow-up Pop-up clinics under this agreement. Clinics will be deployed two times per week with four hour time slots and the ability to serve up to 200 residents per clinic. Clinics will be held at community sites at times convenient for residents, in English and Spanish. Sites will include but will not be limited to libraries, community centers, schools and school related venues. Boosters will be offered at all clinics. Clinics will be in the lowest quartile of the Healthy Places Index ZIP codes: 93450, 93901, 93905, 93906, 93907, 93925, 93926, 93927, 93930, 93932, 93933, 93954, 93955, 93960, 95004, 95012, and 95039.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Goals: 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7. Link people to needed personal health services and assure the provision of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel and the Auditor-Controller have reviewed and approved this Agreement as to legal form and fiscal provisions, respectively.

FINANCING:

This Agreement is funded by the CDC - Epidemiology and Laboratory Capacity (ELC) Paycheck Protection Program and Health Care Enhancement Act of 2020 grant. Appropriations for this Agreement are included in the Health Department's (4000-HEA003-8124) FY 2022-23 Adopted Budget.

Any such tail

coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

*(Note: any proposed modifications to these insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)*

#### 9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

**Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds** with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed operations, **and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.** The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of

this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

permitted under 45 C.F.R. § 164.504(e)(4)(ii), provided that Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that it will remain confidential and be Used or further Disclosed only as Required by Law or for the purpose for which it was Disclosed to the person, and that such person will notify the Business Associate of any instances of which such person is aware that the confidentiality of the information has been breached; and

(e) Use PHI to report violations of law to appropriate Federal and state authorities, consistent with 45 C.F.R. § 164.502(j)(1).

### **3. RESPONSIBILITIES OF THE PARTIES WITH RESPECT TO PHI**

#### **3.1. Responsibilities of Business Associate.** Business Associate shall:

(a) Notify the Privacy Officer of Covered Entity, in writing, of: (i) any Use and/or Disclosure of the PHI that is not permitted by this BAA; (ii) any Security Incident of which Business Associate becomes aware; and (iii) any suspected Breach. Such notice shall be provided within five (5) business days of Business Associate's discovery of such unauthorized access, acquisition, Use and/or Disclosure, Security Incident, or suspected Breach. Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. For the avoidance of doubt, a ransomware attack shall not be considered an ineffective Security Incident and shall be reported to Covered Entity, irrespective of whether such Security Incident results in a Breach. Business Associate shall investigate each Security Incident or unauthorized access, acquisition, Use, or Disclosure of PHI, or suspected Breach that it discovers and shall provide a summary of its investigation to Covered Entity, upon request.

(i) If Business Associate or Covered Entity determines that such Security Incident or unauthorized access, acquisition, Use, or Disclosure, or suspected Breach constitutes a Breach, then Business Associate shall provide a supplemental written report in accordance with 45 C.F.R. § 164.410(c), which shall include, to the extent possible, the identification of each individual whose PHI has been, or is reasonably believed by the Business Associate to have been, accessed, acquired, Used or Disclosed during the Breach, to Covered Entity without unreasonable delay, but no later than five (5) business days after discovery of the Breach;

(ii) In consultation with Covered Entity, Business Associate shall promptly mitigate, to the extent practicable, any harmful effect that is known to the Business Associate of such improper access, acquisition, Use, or Disclosure, Security Incident, or Breach;

(iii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and other persons required by law to be notified. Business Associate shall assist with any notifications, as requested by Covered Entity. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non-permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing notification to affected individuals, appropriate government agencies, and any other persons required by law to be notified (e.g., without limitation, the media or consumer reporting agencies), including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may include the costs of obtaining up to one (1) year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or other PII has or may have been compromised as a result of the Breach;

(b) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule and industry best practices to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

(c) Obtain and maintain a written agreement with each of its Subcontractors that creates, receives, maintains, or transmits PHI that requires each such Subcontractor to adhere to restrictions and conditions that are at least as restrictive as those that apply to Business Associate pursuant to this BAA. Upon request, Business Associate shall provide Covered Entity with copies of its written agreements with such Subcontractors;

(d) Make available all internal practices, records, books, agreements, policies and procedures and PHI relating to the Use and/or Disclosure of PHI received from, created, maintained, or transmitted by Business Associate on behalf of Covered Entity to the Secretary of the Department of Health and Human Services ("Secretary") in a time and manner designated by the Secretary for purposes of determining Covered Entity's or Business Associate's compliance with HIPAA. Business Associate shall immediately notify Covered Entity of any such requests by the Secretary and, upon Covered Entity's request, provide Covered Entity with any copies of documents Business Associate provided to the Secretary. In addition, Business Associate shall promptly make available to Covered Entity such practices, records, books, agreements, policies and procedures relating to the Use and Disclosure of PHI for purposes of determining whether Business Associate has complied with this BAA or maintains adequate security safeguards, upon reasonable request by Covered Entity. The fact that Covered Entity has the right to inspect, inspect, or fails to inspect Business Associate's internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity's acceptance of such practices or waiver of Covered Entity's rights under this BAA;

(e) Document Disclosures of PHI and information related to such Disclosure and, within twenty (20) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528 and the HITECH Act. At a minimum, the Business Associate shall provide Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. In the event the request for an accounting is delivered directly to the Business Associate, the Business Associate shall, within ten (10) days, forward such request to Covered Entity. The Business Associate shall implement an appropriate recordkeeping process to enable it to comply with the requirements of this Section;

(f) Subject to Section 4.4 below, return to Covered Entity in a mutually agreeable format and medium, or destroy, within thirty (30) days of the termination of this BAA, the PHI in its possession and retain no copies, including backup copies;

(g) Use, Disclose to its Subcontractors or other third parties, and request from Covered Entity, only the minimum PHI necessary to perform or fulfill a specific function required or permitted hereunder;

(h) If all or any portion of the PHI is maintained in a Designated Record Set:

(i) Upon ten (10) days' prior written request from Covered Entity, provide access to the PHI to Covered Entity, or to the individual, if so directed by Covered Entity, to meet a request by an individual under 45 C.F.R. § 164.524 or California Confidentiality Laws. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for access to PHI from an individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for amendment of PHI from an individual;

(i) If applicable, maintain policies and procedures to detect and prevent identity theft in connection with the provision of the Services, to the extent required to comply with the Red Flag Rules;

(j) To the extent that Business Associate carries out one or more of Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations;

(k) Unless prohibited by law, notify Covered Entity as soon as possible and in no case later than five (5) days after the Business Associate's receipt of any request

or subpoena for PHI. To the extent that Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall cooperate fully with Covered Entity in such challenge; and

(l) Maintain policies and procedures materially in accordance with HIPAA and California Confidentiality Laws and industry standards designed to ensure the confidentiality, availability, and integrity of Covered Entity's data and protect against threats or vulnerabilities to such data.

### **3.2 Business Associate Acknowledgment.**

(a) Business Associate acknowledges that, as between the Business Associate and Covered Entity, all PHI shall be and remain the sole property of Covered Entity.

(b) Business Associate is not permitted to Use PHI to create de-identified information except as approved in writing by Covered Entity.

(c) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA.

(d) Business Associate further acknowledges that Uses and Disclosures of PHI must be consistent with Covered Entity's privacy practices, as stated in Covered Entity's Notice of Privacy Practices. The current Notice of Privacy Practices can be retrieved online from the Covered Entity's webpage. Business Associate agrees to review the Notice of Privacy Practices at this URL at least once annually while doing business with Covered Entity to ensure it remains updated on any changes to the Notice of Privacy Practices Covered Entity may make.

**3.3 Responsibilities of Covered Entity.** Covered Entity shall notify Business Associate of any (i) changes in, or withdrawal of, the authorization of an individual regarding the Use or Disclosure of PHI provided to Covered Entity pursuant to 45 C.F.R. § 164.508, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI; or (ii) restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

## **4. TERM AND TERMINATION**

**4.1 Term.** This BAA shall become effective on the Effective Date and shall continue in effect until all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or if it is infeasible to return or destroy PHI, protections are extended to such PHI, in accordance with the termination provisions in Section 4.4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

*May 2021*

**4.2 Termination.** If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement without penalty; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

**4.3 Automatic Termination.** This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of all Services Agreements between Covered Entity and Business Associate that would necessitate having this BAA in place.

**4.4 Effect of Termination.** Upon termination or expiration of this BAA for any reason, Business Associate shall return or destroy all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning or destroying the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. Business Associate shall certify in writing that all PHI has been returned or securely destroyed, and no copies retained, upon Covered Entity's request. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall notify Covered Entity in writing of the condition that makes return or destruction infeasible. If Covered Entity agrees that return or destruction of the PHI is infeasible, as determined in its sole discretion, Business Associate shall: (i) retain only that PHI which is infeasible to return or destroy; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Sections 2 and 3 above, which applied prior to termination; and (v) return to Covered Entity the PHI retained by Business Associate when such return is no longer infeasible.

## **5. MISCELLANEOUS**

**5.1 Survival.** The obligations of Business Associate under the provisions of Sections 3.1, 3.2, and 4.4 and Article 5 shall survive termination of this BAA until such time as all PHI is returned to Covered Entity or destroyed.

**5.2 Amendments; Waiver.** This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA or California Confidentiality Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

**5.3 No Third Party Beneficiaries.** Nothing express or implied in this BAA is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

**5.6 Relationship of Parties.** Notwithstanding anything to the contrary in the Services Agreement, Business Associate is an independent contractor and not an agent of Covered Entity under this BAA. Business Associate has the sole right and obligation to supervise, manage, contract, direct, procure, perform, or cause to be performed all Business Associate obligations under this BAA.

**5.7 Choice of Law; Interpretation.** This BAA shall be governed by the laws of the State of California. Any ambiguities in this BAA shall be resolved in a manner that allows Covered Entity and Business Associate to comply with HIPAA and the California Confidentiality Laws.

**5.8 Indemnification.** Business Associate shall indemnify, defend, and hold harmless the County of Monterey (the "County"), its officers, agents, and employees from any claim, liability, loss, injury, cost, expense, penalty or damage, including costs incurred by the County with respect to any investigation, enforcement proceeding, or third party action, arising out of, or in connection with, a violation of this BAA, HIPAA or California Confidentiality Laws, or a Breach that is attributable to an act or omission of Business Associate and/or its agents, members, employees, or Subcontractors, excepting only loss, injury, cost, expense, penalty or damage caused by the negligence or willful misconduct of personnel employed by the County. It is the intent of the Parties to provide the broadest possible indemnification for the County. This provision is in addition to, and independent of, any indemnification provision in any Services Agreement between the Parties.

**5.9 Applicability of Terms.** This BAA applies to all present and future Services Agreements and business associate relationships, written or unwritten, formal or informal, in which Business Associate creates, receives, transmits, or maintains any PHI for or on behalf of Covered Entity in any form whatsoever. This BAA shall automatically be incorporated in all subsequent agreements between Business Associate and Covered Entity involving the Use or Disclosure of PHI whether or not specifically referenced therein. In the event of any conflict or inconsistency between a provision of this BAA and a provision of any other agreement between Business Associate and Covered Entity, the provision of this BAA shall control unless the provision in such other agreement establishes additional rights for Business Associate or additional duties for or restrictions on Business Associate with respect to PHI, in which case the provision of such other agreement will control.

**5.10 Insurance.** In addition to any general and/or professional liability insurance required of Business Associate under the Services Agreement, Business Associate agrees to obtain and maintain, at its sole expense, liability insurance on an occurrence basis, covering any and all claims, liabilities, demands, damages, losses, costs expenses, fines, and compliance costs arising from a breach of the obligations of Business Associate, its officers, employees, agents and Subcontractors under this BAA. Without limiting the foregoing, at a minimum, Business Associate's required insurance under this Section shall include cyber liability insurance covering breach notification expenses, network security and privacy liability, with limits of not less than \$10,000,000 per claim and in the aggregate. Such insurance coverage will be maintained for the term of this BAA, and a copy of such policy or a certificate evidencing the policy shall be provided to Covered Entity at Covered Entity's request.

This includes, without limitation, any allegation that Business Associate has violated HIPAA or other federal or state privacy or security laws.

**5.12 Audit or Investigations.** Promptly, but no later than five (5) calendar days after notice thereof, Business Associate shall advise Covered Entity of any audit, compliance review, or complaint investigation by the Secretary or other state or federal agency related to compliance with HIPAA or the California Confidentiality Laws.

**5.13 Assistance in Litigation or Administrative Proceedings.** Business Associate shall make itself, and any Subcontractors, employees, or agents assisting Business Associate in the performance of its obligations under any Services Agreements, available to Covered Entity, at no cost to Covered Entity, to testify in any claim commenced against Covered Entity, its directors, officers, employees, successors, and assigns based upon claimed violation by Business Associate or its agents or subcontractors of HIPAA or other applicable law, except where Business Associate or its Subcontractor, employee, or agent is a named adverse party.

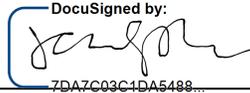

**5.14 No Offshore Work.** In performing the Services for, or on behalf of, Covered Entity, Business Associate shall not, and shall not permit any of its Subcontractors, to transmit or make available any PHI to any entity or individual outside the United States without the prior written consent of Covered Entity.

**5.15 Information Blocking Rules.** Business Associate shall not take any action, or refuse to take any action, with regard to Covered Entity’s electronic health information that would result in “information blocking” as prohibited by 42 U.S.C. § 300jj-52 and 45 C.F.R. Approve and authorize the Director of Health or Assistant Director of Health to execute a Non-Standard Agreement between the County of Monterey and BSK Associates in the amount of \$600,000 to provide Environmental Laboratory testing and analysis services for the term of September 1, 2022, through August 31, 2025; and

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Approve and authorize the Director of Health or the Assistant Director of Health to execute a Non-Standard Agreement between the County of Monterey and BSK Associates in the amount of \$600,000 to provide Environmental Laboratory testing and analysis services for the term of September 1, 2022, through August 31, 2025; and

### SUMMARY/ DISCUSSION:

The Monterey County Health Department's Public Health Laboratory (PH Lab) serves as the area's Regional Laboratory and has provided the necessary water testing for a variety of agencies such as, the City of Salinas, City of Soledad, City of Gonzales, Salinas Valley State Prison, the City of Hollister, Pinnacles National Monument, and over 100 community water systems. Due to the volume of testing required, PH Lab coordinates testing with other cost-effective laboratories, including BSK Analytical Laboratories (BSK), and ships the samples for the client as a value-added service.

State and Federal regulations require monitoring of drinking water supplies and wastewater discharge for toxic chemicals and disease-causing microbes. There has been an increasing utilization of the PH Lab to perform these tests to assure the health and safety of the public.

PH Lab performs microbiological, general mineral and inorganic analysis in-house. Reports of ground water contamination have increased concern over the safety of the local water supply. The California Department of Public Health and the Environmental Protection Agency have mandated that drinking water systems be monitored for specific toxins.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Goals: 1. Empower the community to improve health; and 2. Enhance public health and safety through prevention; and 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports the following three of the ten essential public health services, specially: 3. Communicate effectively, to inform and educate people about health; factors that influence it, and how to improve it; and 7. Assure an effective system that enables equitable access to the individual services and care needed to be healthy; and 8. Build and support a diverse and skilled public health workforce.

OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel, Risk Management, and Auditor Controller have reviewed and approved this Agreement as to legal form, non-standard indemnity provisions, and fiscal provisions, respectively.

FINANCING:

The estimated expenditures for Fiscal Year (FY) 2022-23 are \$200,000 and the revenue and appropriations to accommodate them are included in Public Health Bureau's Adopted Budget (001-4000-8124-HEA003). Estimated revenue and appropriations will be included as part of the Requested Budgets for FY 2023-24 and FY 2024-25.

### SUMMARY/DISCUSSION:

The Memorandum of Understanding (MOU) with the School Districts expires on June 30, 2022. The School Districts seek to continue their partnership with the Monterey County Health Department

Behavioral Health Bureau (MCBHB) for the provision of therapeutic services and mental health supports for students identified as having trouble with their educational goals due to social, emotional or behavioral issues. Through the MOUs, MCBHB will deploy Psychiatric Social Workers (“Therapist”) and or Social Workers to School Districts to provide an array of therapeutic services to students including individual therapy, group therapy, family therapy, parent and/or teacher consultation, treatment planning, classroom observation, teacher training, parent education, support with psychiatric appointments, referrals for crisis intervention, and intensive in-home behavioral intervention and support as needed through various programs: General Education, Interconnected Systems Framework, Social Worker, and Out of School Youth Mental Health Supports (see Exhibit A of the Board Report). The School Districts agree to pay the non-Federal Finance Participation (FFP) portion of the costs up to the total maximum MOU amount since MCBHB is reimbursed FFP directly by the Department of Health Care Services.

Both parties have negotiated to Mutual Indemnification, Limitation of Liability, increased per occurrence and aggregate liability limits for Professional and General Liability, and County to include sexual misconduct coverage. The Health Department recommends the modification to the indemnification, liability, and insurance provisions.

This work supports the following Monterey County Health Department 2018-2022 Strategic Plan Goal: 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7. Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel and Auditor-Controller have reviewed and approved this MOU as to legal form and fiscal provisions, respectively. Risk Management has not approved this MOU due to non-standard indemnification, limitation of liability, and insurance provisions.

FINANCING:

These Agreements are funded by Federal Financial Participation (FFP), School District, and MHSSA grant. The associated revenue and expenditures are included in the Health Department’s Behavioral Health (HEA 012, Unit 8410) Fiscal Year (FY) 2022-23 Adopted Budget.

**PROGRAM 2:  
INTERCONNECTED SYSTEMS FRAMEWORK**

**1. Background**

In 2021 the COUNTY was awarded a 4-year Mental Health Student Services Act (MHSSA) grant through the Mental Health Services Oversight and Accountability Commission (MHS OAC) to provide mental health support services in Monterey County public schools. County allocated MHSSA grants funds to expand clinical services and to train school staff on the Interconnected Systems Framework (ISF) methodology and Positive Behavior Interventions and Supports (PBIS). PBIS is defined as a systems approach for establishing the social culture and individual behavior supports needed for schools to achieve both social and academic success for all students while preventing problem behaviors. The ISF aims to build upon the limitations of Positive Behavioral Interventions and Supports and School Mental Health to integrate both systems into one comprehensive model that can be implemented in a multi-tier framework. Multi-tiered systems of support align with the public health model of universal promotion and prevention, secondary early intervention, and tertiary treatment. When implemented with fidelity, the ISF increases collaboration, efficiency and communication between the education and mental health systems.

During Grant Year (GY) 2 (July 1, 2022 – June 30, 2023) of the 4-year grant cycle, program services will be implemented in \_\_\_\_\_ School(s).

- a. Approve and authorize the Director of Health, to sign a Quotation Purchase Agreement (“Agreement”) with Esaote North America, for the purchase of extended services warranty for one (1) ultrasound machine with serial number #1749 and related software and warranty, for use in the Monterey County Health Department Alisal Health Center clinic, retroactive to March 6, 2022 for a term through March 05, 2027, for a total contract liability of \$13,750; and

### SUMMARY/DISCUSSION:

The Health Department Clinic Services Bureau (Clinic Services) operates ten community clinic sites designated as Federally Qualified Health Centers (FQHCs) which provide preventive, primary, and specialty medical care services.

Esaote North America is one of the world’s largest leading producers of medical diagnostic systems. Clinic Services first purchased the Esaote MyLabGamma model ultrasound machine in 2016 for patient diagnostic testing in the Alisal Health Center clinic. The purchase was initially made using Central California Alliance for Health equipment grant as a fixed asset purchase under Clinic Services’ product distributor account McKesson, which included an extended services warranty. Now that the original purchase warranty has expired, a separate agreement to continue extended warranty services

and software updates for the existing machine is required.

The Board of Supervisors approved similar Agreements with Esaote on September 15, 2020 for the Laurel Family Practice clinics which differed by the unique machine serial numbers per Agreement. Approval of this recommendation will allow extended warranty coverage to continue for the ultrasound machine's parts repairs, loaners and replacements for the machines, technical support, remote diagnostics and software updates.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Goal: 2. Enhance community health and safety through prevention. It also supports one or more of the ten essential public health services, specifically: 2. Diagnose and investigate health problems and health hazards in the community.

OTHER AGENCY INVOLVEMENT:

The office of the County Counsel has reviewed as to form.

FINANCING:

Sufficient funds are available in the FY 2022-2023 Adopted Budget for Clinic Services Bureau, Health Department (4000-HEA007). This Agreement is funded by revenues generated from Medi-Cal and Medicare. There is no financial impact to the General Fund resulting from approval of this Agreement.

Customer is entitled to a refund of the portion of Coverage Price, if any, for the unexpired term of the Agreement Year, from the effective date of the termination until the end of the Agreement Year, calculated on a pro rata basis less a 20% cancellation fee. Esaote has the right to terminate this agreement without cause, with **sixty (60) days prior** written notice to Customer. If Customer fails to make its payments timely or otherwise defaults in its obligations under this Agreement, Esaote has the right to terminate this Agreement immediately and without prior notice. In such event, Customer shall not be entitled to any refund, but is responsible for any outstanding balance.

**Under Section 8. INDEMNITY:**

Section 8. is deleted in its entirety and replaced with the following mutual indemnification:

8. Indemnity.

- a. Esaote shall indemnify, defend, and hold harmless the County of Monterey (hereinafter "County"), its officers, agents, employees, or subcontractors from any claim, liability, loss, injury or damage arising out of, or in connection with, the performance of this Agreement by Esaote and/or its officers, agents, employees or sub-contractors, excepting only loss, injury or damage caused by the negligence or willful misconduct of County and/or its officers, agents, employees and subcontractors. It is the intent of the parties to this Agreement to provide the broadest possible coverage for the County. Esaote shall reimburse the County for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which Esaote is obligated to indemnify, defend and hold harmless the County under this Agreement.
- b. The County shall indemnify, defend, and hold harmless Esaote, its officers, agents, employees, and subcontractors from any claim, liability, loss, injury or damage arising out of, or in connection with, the performance of this Agreement by the County and/or its officers, agents, employees or sub-contractors, excepting only loss, injury or damage caused by the negligence or willful misconduct of Esaote and/or its officers, agents, employees and subcontractors. The County shall reimburse Esaote for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which the County is obligated to indemnify, defend and hold harmless Esaote under this Agreement.
- c. Esaote will defend, at its expense, any action brought against Customer, to the extent that such action is based on a claim of infringement of any U.S. patent, trade secret, or copyright resulting from the use by Customer as permitted hereunder of the services "(Services)" provided by Esaote and as made accessible to Customer by Esaote ("Infringement"), and Esaote shall pay all damages and costs awarded against Customer which are attributable to such Infringement, provided that Esaote is promptly informed in writing and furnished a copy of each communication, notice or other action relating to the alleged Infringement and is given authority, information and assistance necessary to defend or settle such claim; provided, however, that Esaote shall have no liability hereunder to the extent any such claim arises out of Customer's (i) access to or use of the Services other than in accordance with the terms of this Agreement, or (ii) access to or use of the Services with software or equipment not provided to Customer by Esaote or specified by Esaote as required to use the Services.
- d. In the event an infringement claim is made, Esaote shall have the right, in its sole discretion, to either (i) procure a right for Customer to continue accessing and using the allegedly infringing Services in accordance with the terms of this Agreement, (ii) replace or modify all or any portion of the Services to avoid or mitigate any infringement, without loss of material functionality or performance, or (iii) terminate the applicable Services provided hereunder, and refund to Customer a pro rata portion of the prepaid annual fee paid for the month in which this Agreement is so terminated. Esaote shall furnish one of the foregoing remedies within forty-five (45) days of notice of the claim. The foregoing and the indemnification above shall constitute Esaote's sole and exclusive obligation and Customer's sole and exclusive remedy for any infringement by the Services or Customer's use thereof of any third party Intellectual Property Rights.

- e. To receive these indemnities, the party seeking indemnification must promptly notify the other party in writing of such a claim and provide reasonable cooperation (at the indemnifying party's expense) and tender full authority (consistent with its duties under this section and subject to Customer's rights below) to defend or settle such claim. Neither party has any obligation to indemnify the indemnified party in connection with any settlement made by the indemnified party without the indemnifying party's written consent. The indemnified party has the right to participate at its own expense and with its own legal representation. Under no circumstances will any stipulated judgement or settlement purport to bind Customer or impose any financial obligation on Customer without Customer's prior written authorization.

**Under Section 9. EXCLUSIONS:**

Paragraph (c) is revised as follows:

(c.) This Agreement shall be construed and enforced in accordance with the laws of the State of **California**.

**The following Insurance Section is hereby added to this Agreement:**

**12. INSURANCE REQUIREMENTS.**

- A. **Evidence of Coverage.** Prior to commencement of this Agreement, Esaote shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, Esaote upon request shall provide a certified copy of the policy or policies.  
  
This verification of coverage shall be sent to the County's Contracts/Purchasing Office, unless otherwise directed. Esaote shall not receive approval for services for work under this Agreement until all insurance has been obtained as required and approved by the County. This approval of insurance shall neither relieve nor decrease the liability of Esaote.
- B. **Qualifying Insurers.** All coverage, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by the County's Contracts/Purchasing Officer.
- C. **Insurance Coverage Requirements.** Without limiting Esaote duty to indemnify, Esaote shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

**Commercial General Liability Insurance,** including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broadform Property Damage, Independent Contractors, Products and Completed

Operations, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.

Business automobile liability insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$500,000 per occurrence.

Workers Compensation Insurance, if Esaote employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's liability limits not less than \$1,000,000 each person, \$1,000,000 each accident and \$1,000,000 each disease.

Other Insurance Requirements. All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date Esaote completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Esaote and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insured with respect to liability arising out of Esaote's work, including ongoing and completed operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by Esaote's insurance. The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The required endorsement form for Automobile Additional Insured endorsement is ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by the County, Esaote shall file certificates of insurance with the County's contract administrator and the County's Contracts/Purchasing Office, showing that Esaote has in effect the insurance required by this Agreement. Esaote shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

Esaote shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual

certificates to County's Contract Administrator and County's Contracts/Purchasing Office. If the certificate is not received by the expiration date, Esaote shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by Esaote to maintain such insurance coverage is a breach of this Agreement, which entitles County, at its sole and absolute discretion, to terminate this Agreement immediately.

### **ASAM Service Levels**

CONTRACTOR will provide Level 3.1: Clinically Managed Low-Intensity Residential Services in a DHCS licensed and DHCS/ASAM designated facility consisting of 24-hour structure and support with available trained personnel and at least 5 hours of clinical service/week. This treatment setting has a primary focus on the development of interpersonal skills and strengthening recovery so that individuals are prepared for transition to outpatient treatment, a sober living environment, and/or direct reintegration into the community.

CONTRACTOR will provide Level 3.5: Clinically Managed High-Intensity Residential Services (Adult Criteria) in a DHCS licensed and DHCS/ASAM designated facility consisting of structure and support designed to serve individuals who, because of specific functional limitations, need a 24-hour supportive treatment environment to initiate or continue a recovery process that has failed to progress. Many individuals placed in this level of care have significant social, behavioral and psychological problems. This treatment setting is staffed by licensed or credentialed clinical staff such as addiction counselors who work with allied health professional staff in an interdisciplinary team approach. Staff are knowledgeable about the biological and psychosocial dimensions of co-occurring substance use and mental health disorders and their treatment. Primary focus of treatment is delivery of evidence based clinical services that improve the individual's ability to structure and organize the tasks of daily living and to develop and practice prosocial behaviors within the therapeutic community.

### **ASAM Service Level Description**

Residential Treatment (American Society of Addiction Medicine Level 3) is a non-institutional, 24-hour non- medical, short-term residential program that provides rehabilitation services to beneficiaries with a substance use disorder diagnosis when

determined by a Medical Director or Licensed Practitioner of the Healing Arts as medically necessary and in accordance with an individualized treatment plan.

These services are intended to be individualized to treat the functional deficits identified in the American Society of Addiction Medicine Criteria (ASAM). In the residential treatment environment, an individual's functional cognitive deficits may require treatment that is primarily slower paced, more concrete and repetitive in nature. The daily regimen and structured patterns of activities are intended to restore cognitive functioning and build behavioral patterns within a community. Each beneficiary shall live on the premises and shall be supported in their efforts to restore, maintain and apply interpersonal and independent living skills and access community support systems. Providers and residents work collaboratively to define barriers, set priorities, establish goals, create treatment plans, and solve problems. Goals include sustaining abstinence, preparing for relapse triggers, improving personal health and social functioning, and engaging in continuing care.

CONTRACTOR will provide Drug Medi-Cal (DMC) Residential/Inpatient Services to Beneficiaries in a Department of Health Care Services (DHCS) licensed residential facility that also has DMC certification and has been designated by DHCS as capable of delivering care consistent with ASAM criteria. Residential services can be provided in facilities of any size. Services shall be provided in an alcohol-free and drug-free environment and will support recovery or treatment for substance use disorder problems. These services are to be provided by a registered or certified substance use disorder counselor or Licensed Practitioner of the Healing Arts (LPHA).

The Medical Director or LPHA shall evaluate each beneficiary's assessment and intake information if completed by a counselor through face-to-face review or telehealth (when available) with the counselor to establish a beneficiary meets medical necessity criteria.

**The Components of Residential Treatment Services are:**

Intake: The process of determining that a beneficiary meets the medical necessity criteria and beneficiary is admitted into a substance use disorder treatment program. Intake includes the evaluation or analysis of substance use disorders; the diagnosis of substance use disorders; and the assessment of treatment needs to provide medically necessary services. Intake may include a physical examination and laboratory testing necessary for substance use disorder treatment.

Individual Counseling: Contacts between a beneficiary and a therapist or counselor. Services provided in-person, by telephone or by telehealth qualify as Medi-Cal reimbursable units of service, and are reimbursed without distinction.

Group Counseling: Face-to-face contacts in which one or more therapists or counselors treat two or more clients at the same time with a maximum of 12 in the group, focusing on the needs of the individuals served.

Family Therapy: The effects of addiction are far-reaching and the patient's family members and loved ones also are affected by the disorder. By including family members in the treatment process, education about factors that are important to the patient's recovery as well as their own recovery can be conveyed. Family members can provide social support to the patient, help motivate their loved one to remain in treatment, and receive help and support for their own family recovery as well.

Patient Education: Provide research-based education on addiction, treatment, recovery and associated health risks.

Medication Services: The prescription or administration of medication related to substance use treatment services, or the assessment of the side effects or results of that medication conducted by staff lawfully authorized to provide such services and/or order laboratory testing within their scope of practice or licensure.

Collateral Services: Sessions with therapists or counselors and significant persons in the life of the beneficiary, focused on the treatment needs of the beneficiary in terms of supporting the achievement of the beneficiary's treatment goals. Significant persons are individuals that have a personal, not official or professional, relationship with the beneficiary.

Crisis Intervention Services: Contact between a therapist or counselor and a beneficiary in crisis. Services shall focus on alleviating crisis problems. "Crisis" means an actual relapse or an unforeseen event or circumstance which presents to the beneficiary an imminent threat of relapse. Crisis intervention services shall be limited to the stabilization of the beneficiary's emergency situation.

Treatment Planning: The provider shall prepare an individualized written treatment plan, based upon information obtained in the intake and assessment process. The treatment plan will be completed upon intake and then updated every subsequent 90 days unless there is a change in treatment modality or significant event that would then require a new treatment plan. The treatment plan shall include:

- A statement of problems to be addressed,
- Goals to be reached which address each problem,
- Action steps which will be taken by the provider and/or beneficiary to accomplish identified goals,
- Target dates for accomplishment of action steps and goals, and a description of services including the type of counseling to be provided and the frequency thereof.
- Treatment plans have specific quantifiable goal/treatment objectives related the beneficiary's substance use disorder diagnosis and multidimensional assessment.
- The treatment plan will identify the proposed type(s) of interventions/modality that includes a proposed frequency and duration.
- The treatment plan will be consistent with the qualifying diagnosis and will be signed by the beneficiary and the Medical Director or LPHA.

Discharge Services (Case Management): The process to prepare the beneficiary for referral into another level of care, post treatment returns or reentry into the community, and/or the linkage of the individual to essential community treatment, housing and human services

### **Length of Stay**

Any beneficiary receiving residential services pursuant to the COUNTY Drug Medi-Cal Organized Delivery System, regardless of the length of stay, is a “short-term resident” of the residential facility. #### 4. PAYMENT CONDITIONS

A. If CONTRACTOR is seeking reimbursement for eligible services funded by Drug Medi-Cal funds, SAPT funds, Federal or State Grants, and/or COUNTY funds provided pursuant to this Agreement, reimbursement for such services shall be based on actual cost of providing those services less any deductible revenues collected by the CONTRACTOR from other payer sources. In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-COUNTY and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

CONTRACTOR shall not claim reimbursement from COUNTY for (or apply sums received from COUNTY with respect to) that portion of its obligations which has been paid by another source of revenue. If CONTRACTOR is seeking reimbursement for substance abuse treatment and/or alcohol and other drug prevention services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY'S Maximum Allowances (CMA), which is based on the CONTRACTOR's submitted budget for each funded program. CONTRACTOR shall be responsible for costs that exceed applicable CMAs. In no case shall payments to CONTRACTOR exceed the CMA. In addition to the CMA limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B, Section 3. Said amounts shall be referred to as the "Maximum Obligation of COUNTY," as identified in this Exhibit B, Section 5.

B. To the extent a recipient of services under this Agreement is eligible for coverage under Drug Medi-Cal funds, SAPT funds, or any other Federal or State funded program ("an eligible beneficiary"), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries. For the Drug Medi-Cal Funded Program(s), CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Drug/Medi-Cal or are not Drug/Medi-Cal eligible during the term of this Agreement.

C. CONTRACTOR shall be responsible for delivering services to the extent that funding is provided by the COUNTY. To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.

D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as

needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. Specifically, CONTRACTOR shall submit its claims on Cost Reimbursement Invoice Form provided as Exhibit C, to this Agreement, along with backup documentation, on a monthly basis, to COUNTY so as to reach the Behavioral Health Bureau no later than the thirtieth (30<sup>th</sup>) day of the month following the month of service. See Section 3, above, for payment amount information to be reimbursed each fiscal year period of this Agreement. The amount requested for reimbursement shall be in accordance with the approved budget and shall not exceed the actual net costs incurred for services provided under this Agreement.

CONTRACTOR shall submit via email a monthly claim using Exhibit C, Cost Reimbursement Invoice Form in Excel format with electronic signature along with supporting documentations, as may be required by the COUNTY for services rendered to:

[MCHDBHFinance@co.monterey.ca.us](mailto:MCHDBHFinance@co.monterey.ca.us)

E. CONTRACTOR shall submit all claims for reimbursement under this Agreement within thirty (30) calendar days after the termination or end date of this Agreement. All claims not submitted after thirty (30) calendar days following the termination or end date of this Agreement shall not be subject to reimbursement by the COUNTY. Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR. Any “obligations incurred” included in claims for reimbursements and paid by the COUNTY which remain unpaid by the CONTRACTOR after thirty (30) calendar days following the termination or end date of this Agreement shall be disallowed, except to the extent that such failure was through no fault of CONTRACTOR under audit by the COUNTY.

F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.

G. COUNTY shall review and certify CONTRACTOR’S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.

H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.

I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the

CONTRACTOR'S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

J. COUNTY may withhold claims for payment to CONTRACTOR for delinquent amounts due to COUNTY as determined by a Drug/Medi-Cal Disallowance Report, Cost Report or Audit Report settlement resulting from this or prior years' Agreement(s). CONTRACTOR agrees to reimburse COUNTY for any state, federal, or COUNTY audit exceptions resulting from noncompliance herein on the part of CONTRACTOR or any subcontractor.

K. If COUNTY certifies payment at a lesser amount than the amount requested, COUNTY shall immediately notify CONTRACTOR in writing of such certification and shall specify the reason for it. If CONTRACTOR desires to contest the certification, CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) days after CONTRACTOR's receipt of COUNTY's notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person. Any costs incurred for dispute resolution will be split evenly between CONTRACTOR and COUNTY.

## 5. MAXIMUM OBLIGATION OF COUNTY

A. Subject to the limitations set forth herein, COUNTY shall pay to CONTRACTOR during the term of this Agreement a maximum amount of **\$8,811,899** for services rendered under this Agreement.

B. Maximum Annual Liability:

<b>COMMUNITY HUMAN SERVICES: SUD Agreement</b>	
FY 2021-22 TOTAL ESTIMATED ANNUAL CONTRACT AMOUNT	<b>\$4,228,017</b>
FY 2022-23 TOTAL ESTIMATED ANNUAL CONTRACT AMOUNT	<b>\$4,583,882</b>
<b>TOTAL AGREEMENT MAXIMUM LIABILITY</b>	<b>\$8,811,899</b>

C. If, as of the date of signing this Agreement, CONTRACTOR has already received payment from COUNTY for services rendered under this Agreement, such amount shall be deemed to have been paid out under this Agreement and shall be counted towards COUNTY'S maximum liability under this Agreement.

D. If for any reason this Agreement is canceled, COUNTY'S maximum liability shall be the total utilization to the date of cancellation not to exceed the maximum amount listed above.

E. As an exception to Section D. above with respect to the Survival of Obligations after Termination, COUNTY, any payer, and CONTRACTOR shall continue to remain obligated under this Agreement with regard to payment for services required to be rendered after termination.

## 6. BILLING AND PAYMENT LIMITATIONS

A. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Drug/Medi-Cal claims files, contractual limitations of this Agreement, annual cost, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.

B. Allowable Costs: Allowable costs shall be the CONTRACTOR'S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget and Expenditure Report provided in Exhibit H. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.

C. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line item amount in the budget without the written approval of COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. All requests for budget amendments must be submitted prior to March 31 of the current Fiscal Year period. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.

D. Administrative Overhead: CONTRACTOR's administrative costs shall not exceed fifteen (15%) percent of total program costs and are subject to Cost Report Settlement provisions.

E. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.

F. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Drug/Medi-Cal claims, and billing system data.

**7. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS**

A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.

B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.

C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.

D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

**8. BILLING PROCEDURES AND LIMITATIONS ON COUNTY'S FINANCIAL RESPONSIBILITY FOR PAYMENT OF SERVICES UNDER FEDERAL SOCIAL SECURITY ACT, TITLE XIX MEDICAID SERVICES**

A. Under this Agreement, CONTRACTOR has Funded Programs that include Drug/Medi-Cal services, CONTRACTOR shall certify in writing annually, by July 1 of each year, that all necessary documentation shall exist at the time any claims for Drug/Medi-Cal services are submitted by CONTRACTOR to COUNTY.

CONTRACTOR shall be solely liable and responsible for all service data and information submitted by CONTRACTOR.

B. CONTRACTOR acknowledges and agrees that the COUNTY, in under taking the processing of claims and payment for services rendered under this Agreement for these Funded Programs, does so as the Drug Medi-Cal Organized Delivery System Plan for the Federal, State and local governments.

C. CONTRACTOR shall submit to COUNTY all Drug/Medi-Cal claims or other State required claims data within the thirty (30) calendar day time frame(s) as prescribed by this Agreement to allow the COUNTY to meet the time frames prescribed by the Federal and State governments. COUNTY shall have no liability for CONTRACTOR'S failure to comply with the time frames established under this Agreement and/or Federal and State time frames, except to the extent that such failure was through no fault of CONTRACTOR.

D. COUNTY, as the Drug MC-Organize Delivery System (ODS) Plan, shall submit to the State in a timely manner claims for Drug/Medi-Cal services only for those services/activities identified and entered into the COUNTY'S claims processing information system which are compliant with Federal and State requirements. COUNTY shall make available to CONTRACTOR any subsequent State approvals or denials of such claims upon request by the CONTRACTOR.

E. CONTRACTOR acknowledges and agrees that COUNTY'S final payment for services and activities claimed by CONTRACTOR Drug/Medi-Cal services is contingent upon reimbursement from the Federal and State governments and that COUNTY'S provisional payment for said services does not render COUNTY in any way responsible for payment of, or liable for, CONTRACTOR'S claims for payment for these services.

F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.

G. Notwithstanding any other provision of this Agreement, CONTRACTOR shall hold COUNTY harmless from and against any loss to CONTRACTOR resulting from the denial or disallowance of claim(s) for or any audit disallowances related to said services, including any State approved Title XIX Medicaid Administrative Activities by the Federal, State or COUNTY governments, or other applicable payer source, unless the denial or disallowance was due to the fault of the COUNTY.

H. CONTRACTOR shall repay to COUNTY the amount paid by COUNTY to CONTRACTOR for Title XIX Medicaid, subsequently denied or disallowed by Federal, State and/or COUNTY government.

I. Notwithstanding any other provision of this Agreement, CONTRACTOR agrees that the COUNTY may off set future payments to the CONTRACTOR and/or demand repayment from CONTRACTOR when amounts are owed to the COUNTY pursuant to Subparagraphs G. and H. above. Such demand for repayment and CONTRACTOR'S repayment shall be in accordance with Exhibit I, Section V (Method of Payments for Amounts Due to County) of this Agreement.

J. CONTRACTOR shall comply with all written instructions provided to CONTRACTOR by the COUNTY, State or other applicable payer source regarding claiming and documentation.

K. In no event shall CONTRACTOR bill COUNTY for a portion of service costs for which CONTRACTOR has been or will be reimbursed from other contracts, grants or sources.

L. Nothing in this Section 8 shall be construed to limit CONTRACTOR'S rights to appeal Federal and State settlement and/or audit findings in accordance with the applicable Federal and State regulations.

**9. PATIENT/CLIENT ELIGIBILITY, UMDAP FEES, THIRD PARTY REVENUES, AND INTEREST**

A. CONTRACTOR shall comply with all Federal, State and COUNTY requirements and procedures relating to:

### **ASAM Service Level Description**

Residential Treatment (American Society of Addiction Medicine Level 3) is a non-institutional, 24-hour non- medical, short-term residential program that provides rehabilitation services to beneficiaries with a substance use disorder diagnosis when determined by a Medical Director or Licensed Practitioner of the Healing Arts as medically necessary and in accordance with an individualized treatment plan.

These services are intended to be individualized to treat the functional deficits identified in the American Society of Addiction Medicine Criteria (ASAM). In the residential treatment environment, an individual's functional cognitive deficits may require treatment that is primarily slower paced, more concrete and repetitive in nature. The daily regimen and structured patterns of activities are intended to restore cognitive functioning and build behavioral patterns within a community. Each beneficiary shall live on the premises and shall be supported in their efforts to restore, maintain and apply interpersonal and independent living skills and access community support systems. Providers and residents work collaboratively to define barriers, set priorities, establish goals, create treatment plans, and solve problems. Goals include sustaining abstinence, preparing for relapse triggers, improving personal health and social functioning, and engaging in continuing care.

CONTRACTOR will provide Drug Medi-Cal (DMC) Residential/Inpatient Services to Beneficiaries in a Department of Health Care Services (DHCS) licensed residential facility that also has DMC certification and has been designated by DHCS as capable of delivering care consistent with ASAM criteria. Residential services can be provided in facilities of any size. **The Components of Residential Treatment Services are:**

Intake includes the evaluation or analysis of substance use disorders; the diagnosis of substance use disorders; and the assessment of treatment needs to provide medically necessary services. Intake may include a physical examination and laboratory testing necessary for substance use disorder treatment.

**Individual Counseling:** Contacts between a beneficiary and a therapist or counselor. Services provided in-person, by telephone or by telehealth qualify as Medi-Cal reimbursable units of service, and are reimbursed without distinction.

**Group Counseling:** Face-to-face contacts in which one or more therapists or counselors treat two or more clients at the same time with a maximum of 12 in the group, focusing on the needs of the individuals served.

patient, help motivate their loved one to remain in treatment, and receive help and support for their own family recovery as well.

Patient Education: Provide research-based education on addiction, treatment, recovery and associated health risks.

Medication Services: The prescription or administration of medication related to substance use treatment services, or the assessment of the side effects or results of that medication conducted by staff lawfully authorized to provide such services and/or order laboratory testing within their scope of practice or licensure.

Significant persons are individuals that have a personal, not official or professional, relationship with the beneficiary.

Crisis Intervention Services: Contact between a therapist or counselor and a beneficiary in crisis. Services shall focus on alleviating crisis problems. "Crisis" means an actual relapse or an unforeseen event or circumstance which presents to the beneficiary an imminent threat of relapse. Crisis intervention services shall be limited to the stabilization of the beneficiary's emergency situation.

Treatment Planning: The provider shall prepare an individualized written treatment plan, based upon information obtained in the intake and assessment process. The treatment plan will be completed upon intake and then updated every subsequent 90 days unless there is a change in treatment modality or significant event that would then require a new treatment plan. The treatment plan shall include:

- A statement of problems to be addressed,
- Goals to be reached which address each problem,
- Action steps which will be taken by the provider and/or beneficiary to accomplish identified goals,
- Target dates for accomplishment of action steps and goals, and a description of services including the type of counseling to be provided and the frequency thereof.
- Treatment plans have specific quantifiable goal/treatment objectives related the beneficiary's substance use disorder diagnosis and multidimensional assessment.

- The treatment plan will be consistent with the qualifying diagnosis and will be signed by the beneficiary and the Medical Director or LPHA.

#### 4. PAYMENT CONDITIONS

CHS Amendment NO. 1 to SUD Agreement A-15296  
FY 2021-23

A. If CONTRACTOR is seeking reimbursement for eligible services funded by Drug Medi-Cal funds, SAPT funds, Federal or State Grants, and/or COUNTY funds provided pursuant to this Agreement, reimbursement for such services shall be based on actual cost of providing those services less any deductible revenues collected by the CONTRACTOR from other payer sources. In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-COUNTY and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

CONTRACTOR shall not claim reimbursement from COUNTY for (or apply sums received from COUNTY with respect to) that portion of its obligations which has been paid by another source of revenue. If CONTRACTOR is seeking reimbursement for substance abuse treatment and/or alcohol and other drug prevention services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY'S Maximum Allowances (CMA), which is based on the CONTRACTOR's submitted budget for each funded program. CONTRACTOR shall be responsible for costs that exceed applicable CMAs. In no case shall payments to CONTRACTOR exceed the CMA. In addition to the CMA limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B, Section 3. Said amounts shall be referred to as the "Maximum Obligation of COUNTY," as identified in this Exhibit B, Section 5.

B. To the extent a recipient of services under this Agreement is eligible for coverage under Drug Medi-Cal funds, SAPT funds, or any other Federal or State funded program ("an eligible beneficiary"), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries. For the Drug Medi-Cal Funded Program(s), CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Drug/Medi-Cal or are not Drug/Medi-Cal eligible during the term of this Agreement.

C. CONTRACTOR shall be responsible for delivering services to the extent that funding is provided by the COUNTY. To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.

D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. Specifically, CONTRACTOR shall submit its claims on Cost Reimbursement

Invoice Form provided as Exhibit C, to this Agreement, along with backup documentation, on a monthly basis, to COUNTY so as to reach the Behavioral Health Bureau no later than the thirtieth (30<sup>th</sup>) day of the month following the month of service. See Section 3, above, for payment amount information to be reimbursed each fiscal year period of this Agreement. The amount requested for reimbursement shall be in accordance with the approved budget and shall not exceed the actual net costs incurred for services provided under this Agreement.

CONTRACTOR shall submit via email a monthly claim using Exhibit C, Cost Reimbursement Invoice Form in Excel format with electronic signature along with supporting documentations, as may be required by the COUNTY for services rendered to:

[MCHDBHFinance@co.monterey.ca.us](mailto:MCHDBHFinance@co.monterey.ca.us)

E. CONTRACTOR shall submit all claims for reimbursement under this Agreement within thirty (30) calendar days after the termination or end date of this Agreement. All claims not submitted after thirty (30) calendar days following the termination or end date of this Agreement shall not be subject to reimbursement by the COUNTY. Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR. Any “obligations incurred” included in claims for reimbursements and paid by the COUNTY which remain unpaid by the CONTRACTOR after thirty (30) calendar days following the termination or end date of this Agreement shall be disallowed, except to the extent that such failure was through no fault of CONTRACTOR under audit by the COUNTY.

F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.

G. COUNTY shall review and certify CONTRACTOR’S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.

H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.

I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR’S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

J. COUNTY may withhold claims for payment to CONTRACTOR for delinquent amounts due to COUNTY as determined by a Drug/Medi-Cal Disallowance Report, Cost Report or Audit Report settlement resulting from this or prior years' Agreement(s). CONTRACTOR agrees to reimburse COUNTY for any state, federal, or COUNTY audit exceptions resulting from noncompliance herein on the part of CONTRACTOR or any subcontractor.

K. If COUNTY certifies payment at a lesser amount than the amount requested, COUNTY shall immediately notify CONTRACTOR in writing of such certification and shall specify the reason for it. If CONTRACTOR desires to contest the certification, CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) days after CONTRACTOR's receipt of COUNTY's notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person. Any costs incurred for dispute resolution will be split evenly between CONTRACTOR and COUNTY.

**5. MAXIMUM OBLIGATION OF COUNTY**

A. Subject to the limitations set forth herein, COUNTY shall pay to CONTRACTOR during the term of this Agreement a maximum amount of **\$8,293,816** for services rendered under this Agreement.

B. Maximum Annual Liability:

<b>COMMUNITY HUMAN SERVICES: SUD Agreement</b>	
FY 2021-22 TOTAL ESTIMATED ANNUAL CONTRACT AMOUNT	<b>\$4,146,908</b>
FY 2022-23 TOTAL ESTIMATED ANNUAL CONTRACT AMOUNT	<b>\$4,146,908</b>
<b>TOTAL AGREEMENT MAXIMUM LIABILITY</b>	<b>\$8,293,816</b>

C. If, as of the date of signing this Agreement, CONTRACTOR has already received payment from COUNTY for services rendered under this Agreement, such amount shall be deemed to have been paid out under this Agreement and shall be counted towards COUNTY'S maximum liability under this Agreement.

D. If for any reason this Agreement is canceled, COUNTY'S maximum liability shall be the total utilization to the date of cancellation not to exceed the maximum amount listed above.

E. As an exception to Section D. above with respect to the Survival of Obligations after Termination, COUNTY, any payer, and CONTRACTOR shall continue to remain obligated under this Agreement with regard to payment for services required to be rendered after termination.

**6. BILLING AND PAYMENT LIMITATIONS**

A. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Drug/Medi-Cal claims files, contractual limitations of this Agreement, annual cost, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.

B. Allowable Costs: Allowable costs shall be the CONTRACTOR'S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget and Expenditure Report provided in Exhibit H. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.

C. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line item amount in the budget without the written approval of COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. All requests for budget amendments must be submitted prior to March 31 of the current Fiscal Year period. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.

D. Administrative Overhead: CONTRACTOR's administrative costs shall not exceed fifteen (15%) percent of total program costs and are subject to Cost Report Settlement provisions.

E. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.

F. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Drug/Medi-Cal claims, and billing system data.

## **7. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS**

A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.

B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.

C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.

D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

## **8. BILLING PROCEDURES AND LIMITATIONS ON COUNTY'S FINANCIAL RESPONSIBILITY FOR PAYMENT OF SERVICES UNDER FEDERAL SOCIAL SECURITY ACT, TITLE XIX MEDICAID SERVICES**

A. Under this Agreement, CONTRACTOR has Funded Programs that include Drug/Medi-Cal services, CONTRACTOR shall certify in writing annually, by July 1 of each year, that all necessary documentation shall exist at the time any claims for Drug/Medi-Cal services are submitted by CONTRACTOR to COUNTY.

CONTRACTOR shall be solely liable and responsible for all service data and information submitted by CONTRACTOR.

B. CONTRACTOR acknowledges and agrees that the COUNTY, in under taking the processing of claims and payment for services rendered under this Agreement for these Funded Programs, does so as the Drug Medi-Cal Organized Delivery System Plan for the Federal, State and local governments.

C. CONTRACTOR shall submit to COUNTY all Drug/Medi-Cal claims or other State required claims data within the thirty (30) calendar day time frame(s) as prescribed by this Agreement to allow the COUNTY to meet the time frames prescribed by the Federal and State governments. COUNTY shall have no liability for CONTRACTOR'S failure to comply with the time frames

established under this Agreement and/or Federal and State time frames, except to the extent that such failure was through no fault of CONTRACTOR.

D. COUNTY, as the Drug MC-Organize Delivery System (ODS) Plan, shall submit to the State in a timely manner claims for Drug/Medi-Cal services only for those services/activities identified and entered into the COUNTY'S claims processing information system which are compliant with Federal and State requirements. COUNTY shall make available to CONTRACTOR any subsequent State approvals or denials of such claims upon request by the CONTRACTOR.

E. CONTRACTOR acknowledges and agrees that COUNTY'S final payment for services and activities claimed by CONTRACTOR Drug/Medi-Cal services is contingent upon reimbursement from the Federal and State governments and that COUNTY'S provisional payment for said services does not render COUNTY in any way responsible for payment of, or liable for, CONTRACTOR'S claims for payment for these services.

F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.

G. Notwithstanding any other provision of this Agreement, CONTRACTOR shall hold COUNTY harmless from and against any loss to CONTRACTOR resulting from the denial or disallowance of claim(s) for or any audit disallowances related to said services, including any State approved Title XIX Medicaid Administrative Activities by the Federal, State or COUNTY governments, or other applicable payer source, unless the denial or disallowance was due to the fault of the COUNTY.

H. CONTRACTOR shall repay to COUNTY the amount paid by COUNTY to CONTRACTOR for Title XIX Medicaid, subsequently denied or disallowed by Federal, State and/or COUNTY government.

I. Notwithstanding any other provision of this Agreement, CONTRACTOR agrees that the COUNTY may off set future payments to the CONTRACTOR and/or demand repayment from CONTRACTOR when amounts are owed to the COUNTY pursuant to Subparagraphs G. and H. above. Such demand for repayment and CONTRACTOR'S repayment shall be in accordance with Exhibit I, Section V (Method of Payments for Amounts Due to County) of this Agreement.

J. CONTRACTOR shall comply with all written instructions provided to CONTRACTOR by the COUNTY, State or other applicable payer source regarding claiming and documentation.

K. In no event shall CONTRACTOR bill COUNTY for a portion of service costs for which CONTRACTOR has been or will be reimbursed from other contracts, grants or sources.

L. Nothing in this Section 8 shall be construed to limit CONTRACTOR'S rights to appeal Federal and State settlement and/or audit findings in accordance with the applicable Federal and State regulations.

**9. PATIENT/CLIENT ELIGIBILITY, UMDAP FEES, THIRD PARTY REVENUES, AND INTEREST**

A. CONTRACTOR shall comply with all Federal, State and COUNTY requirements and procedures relating to:

C. CONTRACTOR shall not retain any fees paid by any sources for, or on behalf of Drug Medi-Cal beneficiaries without deducting those fees from the cost of providing those Drug/Medi-Cal services for which fees were paid.

D. CONTRACTOR may retain any interest and/or return which may be received, earned or collected from any funds paid by COUNTY to CONTRACTOR, provided that CONTRACTOR shall utilize all such interest and return only for the delivery of Non Drug/Medi-Cal, Drug/Medi-Cal services/activities specified in this Agreement.

6.1 This Agreement is made with the understanding that the State or Federal Governments are providing and will continue to provide funds to COUNTY so that COUNTY can make the payments to CONTRACTOR under this contract. The funds identified for the fiscal years are subject to increase or decrease dependent upon the availability of the appropriations by the State Legislature and the Federal Government. Increases or decreases in the amount COUNTY allocates to the CONTRACTOR as identified in Exhibit B will require a written amendment to this contract in accordance with Section 28.

6.2 Notwithstanding any other provision of this Agreement, if the State or Federal Government terminates or reduces its funding to the COUNTY for services that are to be provided under this Agreement, then COUNTY may, after consultation with the CONTRACTOR, elect to terminate this contract by giving written notice of termination to CONTRACTOR, effective immediately or on such other date as COUNTY specifies in the notice. Alternatively, it is mutually agreed that the

contract may be amended to reflect any reduction in funding in Exhibit B, in accordance with Section 28.

## **7. INDEPENDENT CONTRACTOR STATUS**

In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is at all times acting and performing as an independent contractor and not as an employee of the COUNTY. No offer or obligation of permanent employment with the COUNTY or particular COUNTY department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from COUNTY any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. In connection, therewith CONTRACTOR shall defend, indemnify, and hold COUNTY harmless from any and all liability, which COUNTY may incur because of CONTRACTOR's failure to pay such taxes.

## **8. INDEMNIFICATIONS AND INSURANCE**

8.1 **Indemnification:** CONTRACTOR shall indemnify, defend and hold harmless the COUNTY, its officers, agents, and employees, from and against any and all claims, liabilities and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorney's fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials or supplies, in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the COUNTY. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

8.2 **Evidence of Coverage.** Prior to commencement of this Agreement, the CONTRACTOR shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the COUNTY upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the COUNTY'S Contracts/Purchasing Office, unless otherwise directed. The CONTRACTOR shall not receive approval for services for work under this Agreement until all insurance has been obtained as required and approved by the COUNTY. This approval of insurance shall neither relieve nor decrease the liability of the CONTRACTOR.

8.3 **Qualifying Insurers.** All coverage, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by the COUNTY'S Contracts/Purchasing Officer.

8.4 Insurance Coverage Requirements: Without limiting CONTRACTOR's duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability

8.4.1 Commercial general liability insurance, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broadform Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than one million dollars (\$1,000,000) per occurrence.

8.4.2 Business automobile liability insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is over \$100,000 or if not less than \$500,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is \$100,000 and less.

8.4.3 Workers Compensation Insurance. If CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's liability limits not less than one million dollars (\$1,000,000) each person, one million dollars (\$1,000,000) each accident and one million dollars (\$1,000,000) each disease.

8.4.4 Professional Liability Insurance. If required for the professional service being provided, in the amount of not less than one million dollars (\$1,000,000) per claim and two million dollars (\$2,000,000) in the aggregate, to cover liability for malpractice or errors or omissions made in course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

8.5 Other Insurance Requirements: All insurance required by this Agreement shall be with a company acceptable to the COUNTY and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

8.5.1 Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

8.5.2 Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

8.5.3 Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance with the COUNTY's contract analyst and the COUNTY's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

8.5.4 CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Analyst and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Sections 5 and 6, for services rendered on or after the effective date of termination, reduction, non-renewal, or cancellation of the insurance coverage maintained by CONTRACTOR, and/or (2) terminate this Agreement pursuant to Section Five (5).

## **9. NONDISCRIMINATION**

9.1 During the performance of this Agreement, CONTRACTOR shall not unlawfully discriminate or engage in unlawful harassment against applicants, employees, or recipients of services because of actual or perceived sex, gender, sexual orientation, gender identity or expression, race, color, ancestry, national origin, ethnic group identification, age, religion, marital or parental status, physical (including HIV and AIDS) or mental disability or genetic information, veteran's, or other legally protected status, or because of association with a person or group with one or more of these actual or perceived characteristics, either in CONTRACTOR's employment practices or in the furnishing of services to recipients. ### **ASAM Service Level Description**

Residential Treatment (American Society of Addiction Medicine Level 3) is a non-institutional, 24-hour non- medical, short-term residential program that provides rehabilitation services to beneficiaries with a substance use disorder diagnosis when

determined by a Medical Director or Licensed Practitioner of the Healing Arts as medically necessary and in accordance with an individualized treatment plan.

These services are intended to be individualized to treat the functional deficits identified in the American Society of Addiction Medicine Criteria (ASAM). In the residential treatment environment, an individual's functional cognitive deficits may require treatment that is primarily slower paced, more concrete and repetitive in nature. The daily regimen and structured patterns of activities are intended to restore cognitive functioning and build behavioral patterns within a community. Each beneficiary shall live on the premises and shall be supported in their efforts to restore, maintain and apply interpersonal and independent living skills and access community support systems. Providers and residents work collaboratively to define barriers, set priorities, establish goals, create treatment plans, and solve problems. Goals include sustaining abstinence, preparing for relapse triggers, improving personal health and social functioning, and engaging in continuing care.

CONTRACTOR will provide Drug Medi-Cal (DMC) Residential/Inpatient Services to Beneficiaries in a Department of Health Care Services (DHCS) licensed residential facility that also has DMC certification and has been designated by DHCS as capable of delivering care consistent with ASAM criteria. **Individual Counseling:** Contacts between a beneficiary and a therapist or counselor. Services provided in-person, by telephone or by telehealth qualify as Medi-Cal reimbursable units of service, and are reimbursed without distinction.

**Group Counseling:** Face-to-face contacts in which one or more therapists or counselors treat two or more clients at the same time with a maximum of 12 in the group, focusing on the needs of the individuals served.

Family Therapy: The effects of addiction are far-reaching and the patient's family members and loved ones also are affected by the disorder. By including family members in the treatment process, education about factors that are important to the patient's recovery as well as their own recovery can be conveyed. Family members can provide social support to the patient, help motivate their loved one to remain in treatment, and receive help and support for their own family recovery as well.

Patient Education: Provide research-based education on addiction, treatment, recovery and associated health risks.

Medication Services: The prescription or administration of medication related to substance use treatment services, or the assessment of the side effects or results of that medication conducted by staff lawfully authorized to provide such services and/or order laboratory testing within their scope of practice or licensure.

Significant persons are individuals that have a personal, not official or professional, relationship with the beneficiary.

Crisis Intervention Services: Contact between a therapist or counselor and a beneficiary in crisis. Services shall focus on alleviating crisis problems. "Crisis" means an actual relapse or an unforeseen event or circumstance which presents to the beneficiary an imminent threat of relapse. Crisis intervention services shall be limited to the stabilization of the beneficiary's emergency situation.

Treatment Planning: The provider shall prepare an individualized written treatment plan, based upon information obtained in the intake and assessment process. The treatment plan will be completed upon intake and then updated every subsequent 90 days unless there is a change in treatment modality or significant event that would then require a new treatment plan. The treatment plan shall include:

- A statement of problems to be addressed,
- Goals to be reached which address each problem,
- Action steps which will be taken by the provider and/or beneficiary to accomplish identified goals,
- Target dates for accomplishment of action steps and goals, and a description of services including the type of counseling to be provided and the frequency thereof.

Evening Groups as needed.

### **Program/ASAM Service Level Description**

Intensive Outpatient Treatment (ASAM Level 2.1) structured programming services are provided to beneficiaries (a minimum of nine hours with a maximum of 19 hours a week for adults, and a minimum of six hours with a maximum of 19 hours a week for adolescents) when determined by a Medical Director or Licensed Practitioner of the Healing Arts to be medically necessary and in accordance with an individualized client plan. Lengths of treatment can be extended when determined to be medically necessary. Services consist primarily of counseling and education about addiction-related problems. Services can be provided by a licensed professional or a certified counselor in any appropriate setting in the community. Services can be provided in-person, by telephone or by telehealth.

CONTRACTOR will provide Drug Medi-Cal Intensive Outpatient Services in accordance with applicable State and Federal laws. Program services must be provided within facilities that are certified by the State of California, operated and maintained to provide intensive outpatient treatment services. Services will be provided in an alcohol-free and drug-free environment and will support recovery or treatment for substance use disorder problems. These services are to be provided by a registered or certified substance use disorder counselor or Licensed Practitioner of the Healing Arts (LPHA) and will include the following components: Intake, Individual and Group Counseling, Family Therapy, Patient Education, Medication Services, Collateral Services, Crisis Intervention Services, Treatment Planning, and Discharge Services. The definitions for these components are outlined in pages 49-50, Program 6: Outpatient Services.

### **Length of Stay**

Duration of the program is dependent upon the nature of an individual's presenting problems, current level of multidimensional instability, history of abuse/addiction, and ongoing review of medical necessity criteria. The client attends three (3) to four (4) times weekly; services consist primarily of counseling and education about addiction-related and mental health problems. The individual's needs for psychiatric and medical treatment are determined through consultation and referrals to external support if the client remains stable and requires only maintenance monitoring. Program staff should have sufficient cross-training to understand symptoms of mental health disorders and to understand the use and effects of psychotropic medications and their effect on substance use/addictive disorders. Duration of the program averages four to six (4-6) months. Individual, Group and family Therapy is based upon motivational interviewing, enhancement, and engagement strategies to address both substance related and mental health issues that negatively impact relationships, coping skills, and sustainable recovery.

**Assessment, Referral and Admission**

Individuals requesting admission to Intensive Outpatient Services program may have an assessment completed by the Behavioral Health Bureau staff or CONTRACTOR. For individuals who have been assessed by the Behavioral Health Bureau, the referral process will include the submission of an electronic copy of the completed ASAM assessment. The criteria for assessments are outlined in page 8, Program 1: Residential/Inpatient Services.

**AB 109/Drug Court Referrals:** The COUNTY Behavioral Health Bureau AB 109/Drug Court Team will determine whether intensive outpatient services are applicable to the offender and will accept and complete the assessment process for all AB 109/Drug Court referrals received from the Probation Department or Drug Court. CONTRACTOR may not accept referrals from the Probation Department/Drug Court and may not complete intakes/assessments for AB 109/Drug Court clients presenting directly to CONTRACTOR facilities. COUNTY staff will complete an intake/ASAM assessment to determine medical necessity and appropriate ASAM level of care. During the assessment process the COUNTY will review the Diagnostic and Statistical Manual of Mental Disorders (DSM) and ASAM Criteria to ensure that the client meets the requirements for intensive outpatient services.

Admission shall not be denied on the basis of race, color, religion, sex, sexual orientation, age, national origin or disability. The above shall not preclude the program from emphasizing services for specific populations. For each individual participant, including family members or significant others, involvement with alcohol, drugs, or alcohol/drug related problems should be the primary criteria for participation. All participation shall be voluntary. All participants shall be physically and mentally capable of assuming full responsibility for their own decisions and actions in relation to recovery from alcohol and drug misuse while in the program. No individual shall be admitted who, on the basis of staff judgment, exhibits behavior dangerous to the staff or others. Treatment service locations are handicapped accessible. Visually and hearing-impaired participants are welcome, and interpreters will be utilized as needed.

**Target Population**

Access to the Intensive Outpatient Services program will be for eligible women and men who are self-referred and or referred by the Behavioral Health Bureau assessment staff. Outpatient services are provided to non-perinatal and perinatal beneficiaries. In general, these will be women and men who may also be involved with the Probation Department, Drug Court, or Department of Social Services CalWORKS programs. Many of these women and men are without custody of their children but are working toward reunification with their children and need to address their alcohol or other drug abuse and mental health issues.

CONTRACTOR will provide the following estimated outpatient sessions to Drug/Medi-Cal eligible clients per FY:

<b>Program 7: Intensive Outpatient Services</b>	<b>UOS per FY (Mins)</b>
Intensive Outpatient Individual Counseling	16,900
Intensive Outpatient Group Counseling	38,700
Intensive Outpatient Case Management	20,203

### **Fees**

The program is expected to augment COUNTY funding through the generation of participant fees. The program will develop and maintain a multi-tiered fee scale to be approved by the County Behavioral Services Director. Services will not be denied because of an individual's inability to pay.

### **Drug Medi-Cal Organized Delivery System Support Services**

#### **Recovery Services**

Recovery Services are important to the beneficiary's recovery and wellness. CONTRACTOR will provide Drug Medi-Cal Recovery Services in accordance with applicable State and Federal laws. As part of the assessment and treatment needs of Dimension 6, Recovery Environment of the ASAM Criteria and during the transfer/transition planning process, beneficiaries will be linked to applicable recovery services. The treatment community becomes a therapeutic agent through which patients are empowered and prepared to manage their health and health care. Therefore, treatment must emphasize the patient's central role in managing their health, use effective self-management support strategies, and organize internal and community resources to provide ongoing self-management support to patients. Services are provided as medically necessary. Beneficiaries may access recovery services after completing their course of treatment whether they are triggered, have relapsed or as a preventative measure to prevent relapse. Recovery services may be provided face-to-face, by telephone, or by telehealth with the beneficiary and may be provided anywhere in the community.

The components of Recovery Services are:

- Outpatient counseling services in the form of individual or group counseling to stabilize the beneficiary and then reassess if the beneficiary needs further care;
- Education and Job Skills: Linkages to life skills, employment services, job training, and education services;
- Family Support: Linkages to childcare, parent education, child development support services, family/marriage education;
- Support Groups: Linkages to self-help and support, spiritual and faith- based support; vii.

- Ancillary Services: Linkages to housing assistance, transportation, case management, individual services coordination.
- Assessment and Referral

Individuals requesting Recovery Services need to have completed a treatment program; service is not to be delivered to individuals who have not completed a treatment program with one of the COUNTY's DMC-ODS network providers. Referrals may be completed by the Behavioral Health Bureau staff or CONTRACTOR. For individuals who are referred by the Behavioral Health Bureau, the referral process will include the submission of an electronic copy of the completed ASAM assessment.

**Service Objectives:** The Program will provide the following services per Fiscal Year:

**Case Management:**

The COUNTY will assist in coordinating Case Management services; CONTRACTOR will provide Drug Medi-Cal Case Management Services in accordance with applicable State and Federal laws. These services may be provided by a Licensed Practitioner of the Healing Arts or a registered or certified counselor.

Case management services are defined as a service that assist a beneficiary to access needed medical, educational, social, prevocational, vocational, rehabilitative, or other community services. These services focus on coordination of substance use disorder care, integration around primary care especially for beneficiaries with a chronic substance use disorder, and interaction with the criminal justice system, if needed. Case management services may be provided face-to-face, by telephone, or by telehealth with the beneficiary and may be provided anywhere in the community. Case management services include:

**Assessment and Delivery of Service:**

Individuals in need of case management services are most often actively involved substance use disorder treatment or in the process of being discharged from a treatment program. This service is not defined in the ASAM criteria; assessment and delivery occurs when a beneficiary is in need of a transition to a different level of substance use disorder treatment, transition to a different level of care, advocacy services such as linkage to physical or mental health care, and determination of need for ongoing substance use disorder care and services, including case management. These services may be provided by the Behavioral Health Bureau Access Team and/or the CONTRACTOR. Units of service consist of 15-minute increments. The criteria for assessments are outlined in page 8, Program 1: Residential/Inpatient Services.

**Physician Consultation Services:**

Services include DMC physicians' consulting with addiction medicine physicians, addiction psychiatrists or clinical pharmacists. Physician consultation services are not with DMC-ODS beneficiaries; rather, they are designed to assist DMC physicians with seeking expert advice on designing treatment plans for specific DMC-ODS beneficiaries.

- a. Physician consultation services are to support DMC providers with complex cases which may address medication selection, dosing, side effect management, adherence, drug-drug interactions, or level of care considerations.
- b. COUNTY will contract with one or more physicians or pharmacists in order to provide consultation services. Physician consultation services can only be billed by and reimbursed to DMC providers

**Service Objectives:** The Program will provide the following services per Fiscal Year:

#### 4. PAYMENT CONDITIONS

A. If CONTRACTOR is seeking reimbursement for eligible non-NTP services funded by Drug Medi-Cal funds, SAPT funds, Federal or State Grants, and/or COUNTY funds provided pursuant to this Agreement, reimbursement for such services shall be based on actual cost of providing those services less any deductible revenues collected by the CONTRACTOR from other payer sources. NTP services shall be reimbursed at the lower of the uniform statewide daily reimbursement rate or the provider's usual and customary charge for the same or similar service. In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-COUNTY and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

CONTRACTOR shall not claim reimbursement from COUNTY for (or apply sums received from COUNTY with respect to) that portion of its obligations which has been paid by another source of revenue. If CONTRACTOR is seeking reimbursement for substance abuse treatment and/or alcohol and other drug prevention services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY'S Maximum Allowances (CMA), which is based on the providers submitted budget for the program. CONTRACTOR shall be responsible for costs that exceed applicable CMAs. In no case shall payments to CONTRACTOR exceed CMAs. In addition to the CMA limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B, Section 3. Said amounts shall be referred to as the "Maximum Obligation of COUNTY," as identified in this Exhibit B, Section 5.

B. To the extent a recipient of services under this Agreement is eligible for coverage under Drug Medi-Cal funds, SAPT funds, or any other Federal or State funded program ("an eligible beneficiary"), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries. For the Drug Medi-Cal Funded Program(s), CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Drug/Medi-Cal or are not Drug/Medi-Cal eligible during the term of this Agreement.

C. CONTRACTOR shall be responsible for delivering services to the extent that funding is provided by the COUNTY. To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.

D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. Specifically, CONTRACTOR shall submit its claims on Cost Reimbursement Invoice Form provided as Exhibit C, to this Agreement, along with backup documentation, on a monthly basis, to COUNTY so as to reach the Behavioral Health Bureau no later than the thirtieth (30<sup>th</sup>) day of the month following the month of service. See Section 3, above, for payment amount information to be reimbursed each fiscal year period of this Agreement. The amount requested for reimbursement shall be in accordance with the approved budget and shall not exceed the actual net costs incurred for services provided under this Agreement.

CONTRACTOR shall submit via email a monthly claim using Exhibit C, Cost Reimbursement Invoice Form in Excel format with electronic signature along with supporting documentations, as may be required by the COUNTY for services rendered to:

[MCHDBHFinance@co.monterey.ca.us](mailto:MCHDBHFinance@co.monterey.ca.us)

E. CONTRACTOR shall submit all claims for reimbursement under this Agreement within thirty (30) calendar days after the termination or end date of this Agreement. All claims not submitted after thirty (30) calendar days following the termination or end date of this Agreement shall not be subject to reimbursement by the COUNTY. Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR. Any “obligations incurred” included in claims for reimbursements and paid by the COUNTY which remain unpaid by the CONTRACTOR after thirty (30) calendar days following the termination or end date of this Agreement shall be disallowed, except to the extent that such failure was through no fault of CONTRACTOR under audit by the COUNTY.

F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.

G. COUNTY shall review and certify CONTRACTOR’S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.

H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.

I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason

for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR’S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

J. COUNTY may withhold claims for payment to CONTRACTOR for delinquent amounts due to COUNTY as determined by a Drug/Medi-Cal Disallowance Report, Cost Report or Audit Report settlement resulting from this or prior years' Agreement(s). CONTRACTOR agrees to reimburse COUNTY for any state, federal, or COUNTY audit exceptions resulting from noncompliance herein on the part of CONTRACTOR or any subcontractor.

K. If COUNTY certifies payment at a lesser amount than the amount requested, COUNTY shall immediately notify CONTRACTOR in writing of such certification and shall specify the reason for it. If CONTRACTOR desires to contest the certification, CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) days after CONTRACTOR’S receipt of COUNTY’S notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person. Any costs incurred for dispute resolution will be split evenly between CONTRACTOR and COUNTY.

**5. MAXIMUM OBLIGATION OF COUNTY**

A. Subject to the limitations set forth herein, COUNTY shall pay to CONTRACTOR during the term of this Agreement a maximum amount of **\$8,293,816** for services rendered under this Agreement.

B. Maximum Annual Liability:

<b>COMMUNITY HUMAN SERVICES: SUD Agreement</b>	
FY 2021-22 TOTAL ESTIMATED ANNUAL CONTRACT AMOUNT	<b>\$4,146,908</b>
FY 2022-23 TOTAL ESTIMATED ANNUAL CONTRACT AMOUNT	<b>\$4,146,908</b>
<b>TOTAL AGREEMENT MAXIMUM LIABILITY</b>	<b>\$8,293,816</b>

C. If, as of the date of signing this Agreement, CONTRACTOR has already received payment from COUNTY for services rendered under this Agreement, such amount shall be deemed to have been paid out under this Agreement and shall be counted towards COUNTY’S maximum liability under this Agreement.

D. If for any reason this Agreement is canceled, COUNTY’S maximum liability shall be the total utilization to the date of cancellation not to exceed the maximum amount listed above.

E. As an exception to Section D. above with respect to the Survival of Obligations after Termination, COUNTY, any payer, and CONTRACTOR shall continue to remain obligated under this Agreement with regard to payment for services required to be rendered after termination.

## 6. BILLING AND PAYMENT LIMITATIONS

A. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Drug/Medi-Cal claims files, contractual limitations of this Agreement, annual cost, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.

B. Allowable Costs: Allowable costs shall be the CONTRACTOR'S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget and Revenue Report provided in Exhibit H. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.

C. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line item amount in the budget without the written approval of COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. All requests for budget amendments must be submitted prior to March 31 of the current Fiscal Year period. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.

D. Administrative Overhead: CONTRACTOR shall not exceed by more than fifteen (15%) percent costs for administrative fees.

E. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.

F. B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.

C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.

D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.

G. ## **EXHIBIT F - ASSURANCE OF COMPLIANCE WITH MONTEREY COUNTY'S CULTURAL COMPETENCY POLICY**

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers and know about and respect cultural and ethnic differences. They adapt their skills to meet each family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

### **Organizations in a Culturally Competent Service System Promote:**

#### **Quality Improvement**

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

#### **Collaboration**

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

#### **Access**

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities to care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 25%).
- Developing recruitment, hiring, and retention plans that are reflective of the target communities' ethnic, racial, and linguistic populations.

### **Cultural Competent Services:**

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.
- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.
- Have services available in the evening and on weekends to ensure maximum accessibility.
- Offer services in Spanish and other necessary languages (such as Tagalog) for at least 50% of all services.

**Definitions for Cultural Competency**

*“Cultural Competence” is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.*

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

*“Cultural Competence” is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.*

(Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities pg 9)

*A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.*

(Cross, Bazron, Dennis & Issacs, 1989)

*The ability to work effectively with culturally diverse clients and communities.*

(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County’s Cultural Competency Policy (as outlined above), and will:

1. Develop organizational capacity to provide services in a cultural competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish and Tagalog); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open and positive attitude and feel comfortable working with diverse cultures.
2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials, resources and magazines in varied languages, at appropriate reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and preferences when offering refreshments; ensuring that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.
3. Provide an emotional environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by clients; staff that is knowledgeable of cultural and ethnic

differences and needs and is able and willing to respond to them in an appropriate and respectful manner.

4. Support the county’s goal to reduce disparities to care by increasing access and decreasing barriers to services by unserved and underserved communities.
5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery and evaluation (County Goal: 25%).
6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.
7. As requested, meet with the Monterey County Behavioral Health Director or designee to monitor progress and outcomes and report regularly to Behavioral Health coordinating bodies on the progress and outcome(s) of the project.
8. As appropriate, participate in cultural competency trainings offered by Monterey County Behavioral Health.

Dissemination of these Provisions. CONTRACTOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

1. Failure to submit the Annual Report(s) within thirty (30) calendar days after the due date specified in this Exhibit I, Section I, Subsection (C) is a breach of this Agreement. In addition to, and without limiting, any other remedy available to the COUNTY for such breach, COUNTY may undertake any or all of the following to remedy such breach:

a. COUNTY, in its sole and absolute discretion, may disallow claim(s) for payment for services/activities rendered during the fiscal year(s) for which the CONTRACTOR'S Annual Report(s) is (are) outstanding or withhold payment(s) for reimbursements payable pursuant to Section III (A) to CONTRACTOR for the current fiscal year by COUNTY to CONTRACTOR until the Annual Report(s) is (are) submitted. If COUNTY exercises its discretion to disallow claim(s) or withhold payment(s), COUNTY shall give CONTRACTOR written notice, during the thirty (30) calendar days after the due date specified in this Exhibit I, Section I, Subsection

COUNTY shall provide further cost report training as needed and/or as required according to changes in the State cost report requirements. Failure by the CONTRACTOR to attend the one-time mandatory cost report training, and subsequent training(s), as needed and requested by the COUNTY, may result in disallowance of any claims for payment. If CONTRACTOR continues to neglect attendance to scheduled training(s), claims for payment shall be disallowed due to delayed training completion or non-compliance.

### **IV. AUDIT(S) AND AUDIT APPEALS**

- A. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State law including but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., authorized representatives from the Federal governments, State or COUNTY may conduct an audit of CONTRACTOR regarding the services/activities provided under the fiscal year(s) for which the audit is outstanding. In addition, contract compliance audits or reviews may be conducted by the Monterey County's Auditor-Controller's Office or designated representative. Furthermore, the California State Controller Office performs audits of the mandated cost claims for the seriously emotionally disturbed pupils for the Out-of-State Mental Health Services Program and Handicapped and Disabled Students Programs. The Centers for Medicare and Medicaid Services (CMS) also perform audits of the Certified Public Expenditure (CPE) processes, negotiated rate audit information, and other issues.
- B. Settlement of audit findings shall be conducted according to the auditing party's procedures in place at the time of the audit.

C. In the case of a Federal Government or State audit, COUNTY may perform a post-audit based on Federal or State audit findings. Such post-audit shall take place when the Federal Government or State initiates its settlement action, which customarily is after the issuance of the audit report by the Federal Government or State and before the Federal Government or State's audit appeal process.

1. If the Federal Government or State stays its collection of any amounts due or payable because of the audit findings, COUNTY shall also stay its settlement of the same amounts due or payable until the responsible auditing party initiates its settlement action with COUNTY.

2. COUNTY shall follow all applicable Federal, State and local laws, regulations manuals, guidelines and directives in recovering from CONTRACTOR any amount due to the COUNTY.

3. COUNTY shall issue an invoice to CONTRACTOR for any amount due to the COUNTY no later than ninety (90) calendar days after the Federal or State issues its audit settlement letter to the COUNTY. CONTRACTOR shall make payment to the COUNTY in accordance with the terms of Section IV (Method of Payments for Amounts Due to COUNTY) of this Exhibit I. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.

D. CONTRACTOR may appeal any such audit findings in accordance with the audit appeal process established by the party performing the audit.

1. For Federal audit exceptions, Federal audit appeal processes shall be followed.

2. CONTRACTOR may appeal the State audit findings in conformance with provisions of Sections 51016 et seq. of Title 22 of the California Code of Regulations. Such appeals must be filed through COUNTY. COUNTY shall notify CONTRACTOR of State appeal deadlines after COUNTY'S receipt from State of the audit report.

3. If at any time the Appeal process results in a revision to the audit findings, and the Federal Government or State recalculates the final settlement with COUNTY, COUNTY may perform a post-audit based on the Federal or State revised findings after the Federal Government or State has issued its revised settlement with the COUNTY, based on such re-computed final settlement.

a. If the re-computed final settlement results in amounts due to CONTRACTOR by the COUNTY, COUNTY shall make such payments to CONTRACTOR within thirty (30) calendar days of issuing the revised settlement amount to the CONTRACTOR.

b. If the re-computed final settlement results in amounts due from CONTRACTOR to the COUNTY, CONTRACTOR shall make payment to the COUNTY within thirty (30) days that the COUNTY issues its invoice to the CONTRACTOR.

E. Notwithstanding any other provisions of this Agreement, if CONTRACTOR appeals any audit report, the appeal shall not prevent the COUNTY from recovering from CONTRACTOR any amount owed by CONTRACTOR that the Federal Government or State has recovered from

COUNTY.

F. Should the auditing party be the COUNTY, CONTRACTOR shall have thirty (30) calendar days from the date of the audit report with in which to file an appeal with COUNTY. The letter providing the CONTRACTOR with notice of the audit findings shall indicate the person(s) and address to which the appeal should be directed. COUNTY shall consider all information provided by CONTRACTOR with its appeal, and shall issue its decision on the appeal after such consideration. Such decision is final. COUNTY shall issue an invoice for any amount due COUNTY fifteen (15) calendar days after COUNTY has notified CONTRACTOR of the COUNTY'S audit appeal findings. CONTRACTOR shall make payment to the COUNTY in accordance with the terms of Section IV (Method of Payments for Amounts Due to COUNTY) of this Exhibit I. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.

**V. METHOD OF PAYMENTS FOR AMOUNTS DUE TO COUNTY**

A. Within ten (10) business days after written notification by COUNTY to CONTRACTOR of any amount due by CONTRACTOR to COUNTY, CONTRACTOR shall notify COUNTY as to which of the following five (5) payment options CONTRACTOR requests be used as the method by which such amount shall be recovered by COUNTY.

Any such amount shall be:

1. paid in one cash payment by CONTRACTOR to COUNTY;
2. deducted from future claims over a period not to exceed six (6) months;
3. deducted from any amounts due from COUNTY to CONTRACTOR whether under this Agreement or otherwise;
4. paid by cash payment(s) by CONTRACTOR to COUNTY over a period not to exceed six (6) months; or
5. a combination of any or all of the above.

B. If CONTRACTOR does not so notify COUNTY within such ten (10) days, or if CONTRACTOR fails to make payment of any such amount to COUNTY as required, then Director, in his sole discretion, shall determine which of the above five (5) payment options shall be used by COUNTY for recovery of such amount from CONTRACTOR.

**RECOMMENDATION:**

It is recommended that the Board of Supervisors:

- a. Approve and authorize the Director of Health or the Assistant Director of Health to execute an Agreement between the County of Monterey and the City of Marina (City) for the use of the Animal Services Center and the provision of other animal services for the term retroactive to July 1, 2022 through June 30, 2024; and
- b. Approve and authorize the Director of Health or the Assistant Director of Health to sign up to three (3) future amendments to this Agreement where the amendments do not significantly change the scope of work.

**SUMMARY/DISCUSSION:**

The Monterey County Health Department's Animal Services Program (County) is responsible for providing animal control services in the unincorporated areas of Monterey County. It also operates an Animal Services Center located at 160 Hitchcock Road, Salinas, California that offers an array of services, including but not limited to shelter, veterinary, quarantine, and licensing services.

The City of Marina desires to contract with the County for the provision of animal sheltering services at the Animal Services Center. The Marina Police Department Commander submitted the agreement to the City Clerk for approval. Though delayed, the approval was granted and submitted for execution after the service date, resulting in this retroactive agreement term. The services to be provided to the City of Marina by the County include sheltering of stray and surrendered domestic animals and providing rabies testing for animals to rule out suspected rabies as needed. Previously, the City of Marina has contracted with the City of Salinas for these services. Due to COVID-19 and the consolidation efforts between the City of Salinas and Monterey County, all animals are currently housed in one facility. It is in the best interest of all involved to have the City of Marina contract directly with the County. This agreement aligns fees and services provided to the City of Marina with other cities that contract with Animal Services for similar services.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Goals: 1. To empower the community to improve health; and 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health Services. It also supports the following of the ten essential public health services, specifically: 1. Monitor health status to identify and solve community health problems; and 4. Mobilize community partnerships and action to identify and solve health problems; and 6. Enforce laws and regulations that protect health and safety.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel and the Auditor-Controller have reviewed and approved this Agreement as to legal form and fiscal provisions, respectively.

FINANCING:

Appropriations for this Agreement are included in the Health Department's (HEA001-8442) Fiscal Year (FY) 2022-23 Adopted Budget, and provision for it will be made in the Department's Requested Budget for the years out.

**SUMMARY/DISCUSSION:**

The Monterey County Health Department's Animal Services Program (County) is responsible for providing animal control services in the unincorporated areas of Monterey County. It also operates an Animal Services Center located at 160 Hitchcock Road, Salinas, California that offers an array of services, including but not limited to shelter, veterinary, quarantine, and licensing services.

The City of Marina desires to contract with the County for the provision of animal sheltering services at the Animal Services Center. The Marina Police Department Commander submitted the agreement to the City Clerk for approval. Though delayed, the approval was granted and submitted for execution after the service date, resulting in this retroactive agreement term. The services to be provided to the City of Marina by the County include sheltering of stray and surrendered domestic animals and providing rabies testing for animals to rule out suspected rabies as needed. Previously, the City of Marina has contracted with the City of Salinas for these services. Due to COVID-19 and the consolidation efforts between the City of Salinas and Monterey County, all animals are currently housed in one facility. It is in the best interest of all involved to have the City of Marina contract directly with the County. This agreement aligns fees and services provided to the City of Marina with other cities that contract with Animal Services for similar services.

AND OTHER ANIMAL SERVICES BY MONTEREY COUNTY AND THE CITY OF MARINA  
Fiscal Year 2022-2024**

This Agreement (“Agreement”) for the use of the Animal Services Center and the provision of other animal services is between the County of Monterey, a political subdivision of the State of California (“County”), doing business as the Animal Services Division of the Department of Health, and the City of Marina (“CITY”). It is effective between July 1, 2022 and June 30, 2024. County and CITY are sometimes referred to in this Agreement as a “party” or, collectively, as “the Parties.”

**RECITALS**

WHEREAS, the COUNTY has established the Health Department Animal Services Center, located at 160 Hitchcock Road, Salinas, to shelter animals within the unincorporated areas of the county; and

WHEREAS, the CITY desires to contract with the COUNTY for the provision of services at the Animal Services Center as described below; and

WHEREAS, the COUNTY agrees to provide such services in accordance with the provisions of this Agreement, Title 8 of the Monterey County Code and applicable law.

**NOW, THEREFORE, IT IS MUTUALLY AGREED AS FOLLOWS:**

**1. DEFINITIONS**

**Stray holding period**, is the averaged minimum stray holding period of 5 days that COUNTY will hold an animal with no known owner information before determining final disposition.

**Extended holding period** is the 10-day hold that COUNTY will hold an animal for either bite quarantine or official owner notification before determining final disposition.

**Domestic Animals** include cats, dogs, rabbits, guinea pigs, hamsters, pot-bellied pigs, birds, lizards, snakes, turtles or tortoises, and other similar animals customarily kept as household pets. This definition shall not be construed to include exotic animals, livestock, large animals, or wildlife.

**Exotic Animals** are any animals that are not indigenous to Monterey County, are not livestock, and are not a household pet, whether domesticated or not, or protected or not. Exotic animals include nondomestic animals, animals native to a foreign country or of foreign origin or character, or animals that are not commonly kept as pets.

**Large Animals** are all animals exceeding 200 pounds in weight.

**AGREEMENT FOR USE OF THE ANIMAL SERVICES CENTER  
AND OTHER ANIMAL SERVICES BY MONTEREY COUNTY AND THE CITY OF MARINA  
Fiscal Year 2022-2024**

**Livestock** includes every horse, ass, burro, donkey, mule, equine creature, cow, bull, steer, heifer, ox, bovine creature, llama, sheep, goat, hog, and domesticated bird not customarily kept as household pets.

**Wildlife** includes any animal that is indigenous to Monterey County, and not domesticated, protected or not. Wildlife does not include, among other animals, feral livestock, household pets or exotic animals.

**2. ANIMAL SERVICES TO BE PROVIDED BY COUNTY**

County's responsibilities for shelter and veterinary services under this Agreement do not apply to exotic animals, large animals, livestock, or wildlife.

A. Program Management and Administration

COUNTY shall manage and administer the Animal Services Center to provide appropriate facilities, staffing, and record maintenance for the services set forth below.

B. Shelter Services and Disposition of Animals

COUNTY shall provide shelter at the Animal Services Center for stray domestic animals found within the incorporated boundaries of the CITY. Shelter services shall include the administrative tasks necessary for housing of such animals at the Animal Services Center, the care of animals during the holding period, and final disposal of animals through redemption, adoption, or humane euthanasia and disposal. COUNTY shall shelter such animals received at the Animal Service Center in accordance with applicable state regulations, local ordinances, and policies governing humane treatment of animals.

C. Disposal of Domestic Animal Carcasses

Upon request from CITY, County shall arrange for the proper disposal of domestic animal carcasses.

D. Emergency Medical Treatment

1. Request: Upon prior written request and approval from CITY, COUNTY may arrange for emergency medical treatment of CITY domestic animals either at COUNTY's veterinary clinic or with an outside veterinary clinic with which COUNTY has a current contract for the provision of medical services. Where, due to the exigent nature of circumstances, prior written request is not possible without endangering the well-being of the animal, COUNTY will make every effort to confirm an oral request for veterinary treatment made by a CITY, in writing, as soon as possible.

2. Payment/Rates: COUNTY shall bill CITY for the emergency medical services provided

**AGREEMENT FOR USE OF THE ANIMAL SERVICES CENTER  
AND OTHER ANIMAL SERVICES BY MONTEREY COUNTY AND THE CITY OF MARINA  
Fiscal Year 2022-2024**

at (1) the current Board-approved rates in **Exhibit A** for care provided by COUNTY's veterinary clinic or (2) contract rates for care provided by contract veterinary clinics. Where treatment is needed, in the judgment of the COUNTY's contract veterinary clinics, which exceeds \$150.00, CITY shall provide written authorization to the COUNTY to provide those services before they are rendered, as long as it does not endanger the well-being of the animal.

3. Transportation to COUNTY contract veterinary clinics:
  - a. Where an animal requiring emergency medical treatment is in COUNTY's custody at the Animal Services Center, COUNTY staff shall transport the animal to the veterinary clinic. Selection of the veterinary clinic to provide emergency medical treatment shall be in the sole discretion of COUNTY. CITY may be responsible for that transport fee (**Exhibit A**)
  - b. Where an animal requiring emergency medical treatment is not in COUNTY's custody at the Animal Services Center, CITY staff shall request COUNTY for emergency medical services to be provided to animal and CITY staff shall pick up and transport the animal directly to the COUNTY's contract veterinary clinic. Selection of the veterinary clinic to provide emergency medical treatment shall be in the sole discretion of COUNTY. COUNTY shall notify the contract veterinary clinic that an animal is being delivered for the provision of medical services pursuant to COUNTY contract. CITY will be responsible for reimbursement of that fee to COUNTY.
4. Alternatively, CITY may independently procure its own arrangements for emergency medical treatment for animals needing such care in its jurisdiction. After an animal is treated and in stable condition, CITY may deliver the animal to the COUNTY for shelter services at the Animal Services Center. CITY must provide a written medical report and care instructions to COUNTY staff prior to leaving the animal at shelter to determine that the animal can be humanely housed for required holding time.
5. During evenings, holidays and weekends, COUNTY shall contact the CITY at a designated, after-hours telephone number to receive verbal authorization for emergency treatment, if warranted.

E. Rabid Animals

COUNTY shall perform the following rabid animal services for all types of animals:

1. Transport tissue to the County Health Department or contract lab for testing;
2. Dispose remains of rabid animals;

**AGREEMENT FOR USE OF THE ANIMAL SERVICES CENTER  
AND OTHER ANIMAL SERVICES BY MONTEREY COUNTY AND THE CITY OF MARINA  
Fiscal Year 2022-2024**

3. Report rabid animal incidents to appropriate agencies.
4. When required, COUNTY shall de-brain the animal, or shall coordinate de-braining of the animal, for testing by the County Health Department;
5. CITY shall be responsible for the cost of decapitation, de-braining and transfer to testing facility as required for laboratory testing, at a rate identified in Exhibit A per animal for animals found within the incorporated boundaries of the CITY.

F. Quarantine

COUNTY shall manage the quarantine of biting domestic animals within the incorporated boundaries of the CITY pursuant to state regulations and local ordinances. COUNTY shall manage the suspected rabies quarantine of domestic animals brought in by the CITY up to the ten-day holding period required by Monterey Code section 8.32.010B(1) (rabies/suspected rabies quarantine) . In addition, COUNTY shall be responsible for keeping required records and reporting of information to the State Department of Health.

1. CITY shall be responsible for extended holding period fees for animals that are required to be housed up to 10 days for purposes of quarantine

G. Reports

COUNTY shall provide CITY with quarterly report accompanying invoices that include:

1. Total number of animals provided with shelter services and veterinary services.
2. Disposition or outcome of each animal.
3. Credit given for animals returned to their owners.

H. Field Services

Field Services—such as picking up domestic animals running at large, conducting investigations of potentially dangerous and vicious dogs, conducting bite investigations, responding to nuisance complaints (e.g., barking dogs), or checking on possible instances of neglect or inhumane treatment of animals when they occur within CITY limits—shall not be provided to CITY by COUNTY.

I. "Good Samaritan"

When domestic animals are found within the incorporated boundaries of the CITY and are brought to the COUNTY by “Good Samaritans,” (citizens who do not own the stray animal but have delivered it for care and medical treatment), COUNTY shall obtain the following information and notify the City of Marina Animal Control Officer relative to;

- a. Where the animal was found
- b. If animal is injured, how the animal was injured (if known)
- c. Whether the animal has any identification

**AGREEMENT FOR USE OF THE ANIMAL SERVICES CENTER  
AND OTHER ANIMAL SERVICES BY MONTEREY COUNTY AND THE CITY OF MARINA  
Fiscal Year 2022-2024**

If the animal is determined by COUNTY to come from within the incorporated boundaries of the CITY, CITY shall be responsible for shelter, care and veterinary treatment, if any, provided by COUNTY pursuant to the terms of this Agreement.

**J. Animals Surrendered by Owner**

When CITY accepts an animal from its owner as surrendered, it shall provide to COUNTY at the time of impound a copy of signed release form, with complete owner information, along with reason for surrender. Surrendered animals brought to COUNTY facility by CITY will be charged at same rate as stray animals with no known owner.

**3. CITY RESPONSIBILITIES FOR ANIMAL SERVICES**

**A. Prosecution of Case Violations**

The CITY Attorney may exercise the discretion vested in his or her office to prosecute violations of the City Animal Ordinance and may take appropriate legal action with respect to the abatement of violations of the City Animal Ordinance involving animals occurring within City's corporate limits. COUNTY shall not bear responsibility for prosecuting violations of the City Animal Ordinance occurring within the incorporated boundaries of the CITY.

- 1. CITY will notify COUNTY in the event that animals brought in for sheltering are part of legal action that may require extended holding due to legal action and CITY will be responsible for extended holding.

**B. Exotic Animals, Large Animal, Wildlife, and Livestock Services**

- 1. CITY shall provide all services related to large animals, wildlife, small wildlife, exotic animals, and livestock.
- 2. COUNTY shall provide services related to rabies per Section 2.E of this Agreement both within CITY limits and in unincorporated areas of the COUNTY.

This Agreement shall be effective on July 1, 2022 and shall terminate on June 30, 2024, unless sooner terminated pursuant to the terms of this Agreement.

B. Termination

During the term of this Agreement, either party may terminate the Agreement by giving written notice of termination to the other party at least sixty (60) days before the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be based on the services rendered by the COUNTY before the termination date.

**6. PAYMENT**

A. The CITY shall pay fees for services according to “**Exhibit A**”, attached.

**7. MUTUAL INDEMNIFICATION**

A. CITY hereby agrees to indemnify, defend, and save harmless COUNTY and its officers, agents, and employees, to the extent permitted by applicable law, from and against all claims and/or losses whatsoever accruing or resulting to any person, firm, or corporation for damages, injury, or death occurred by reason of any act or failure to act by CITY or CITY’s officers, agents, and employees in connection with the performance of this Agreement.

B. COUNTY hereby agrees to indemnify, defend, and save harmless CITY and its officers, agents, and employees, to the extent permitted by applicable law, from and against all claims and/or losses whatsoever accruing or resulting to any person, firm, or corporation for damages, injury, or death occurred by reason of any act or failure to act by COUNTY or COUNTY’s officers, agents, and employees in connection with the performance of this Agreement.

**8. INSURANCE**

A. Without limiting COUNTY’s or CITY’s duty to indemnify each other, each party shall have a program of self-insurance or policies of insurance in effect during the term of this Agreement with the following minimum limits of liability:

B. In the event that a party maintains insurance as required by this Agreement, such insurance shall be with the company acceptable to the parties to this Agreement and authorized by law to conduct insurance business in the State of California. All such insurance shall be written on an occurrence basis, or if the policy is not written on an occurrence basis, such policy with a coverage required herein shall continue in effect for a period of two (2) years following the date any party to this Agreement completes its performance of services under this Agreement.

Each liability policy shall provide that the COUNTY and CITY shall be given notice in writing at least thirty (30) days in advance of any change, cancellation, or non-renewal thereof. CONTRACTOR shall require all of its employees, consultants, and agents performing services under this Agreement who are mandated reporters under the Act to sign statements indicating that they know of and shall comply with the Act's reporting requirements.

## **XI. INDEMNIFICATION**

CONTRACTOR shall indemnify, defend, and hold harmless the COUNTY, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies, in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR'S performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the COUNTY. "CONTRACTOR'S performance" includes CONTRACTOR'S action or inaction and the action or inaction of CONTRACTOR'S officers, employees, agents and subcontractors.

## **XII. INSURANCE**

- A. Evidence of Coverage. Prior to commencement of this Agreement, the CONTRACTOR shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the CONTRACTOR upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the COUNTY'S Contracts/Purchasing Office, unless otherwise directed. The CONTRACTOR shall not receive approval for services for work under this Agreement until all insurance has been obtained as required and approved by the COUNTY. This approval of insurance shall neither relieve nor decrease the liability of the CONTRACTOR.

- B. Qualifying Insurers. All coverage, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by the COUNTY'S Contracts/Purchasing Officer.
- C. Insurance Coverage Requirements. Without limiting CONTRACTOR'S duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

1. Commercial general liability insurance, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broadform Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.
  2. Business automobile liability insurance, covering all motor vehicles, including ~~owned~~, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is over \$100,000 or of not less than \$500,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is \$100,000 and less.
  3. Workers Compensation Insurance, if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's liability limits not less than \$1,000,000 each person, \$1,000,000 each accident and \$1,000,000 each disease.
  4. Professional Liability Insurance, if required for the professional service being provided, (e.g., those persons authorized by a license to engage in business or profession regulated by the California Business and Professional Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three (3) years following the expiration or earlier termination of this Agreement.
- D. Other Insurance Requirements, All insurance required by this Agreement shall be with a company acceptable to the COUNTY and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance with the COUNTY'S contract administrator and the COUNTY'S Contracts/Purchasing Office, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Administrator and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Section III (A), for services rendered on or after the effective date of termination, reduction, non-renewal, or cancellation of the insurance coverage maintained by CONTRACTOR, and/or (2) terminate this Agreement pursuant to Section IV.

If Exhibit I is not a part of this Agreement, CONTRACTOR shall prepare and submit to COUNTY a cost report and any applicable reports as requested by the COUNTY.~~

Failure to submit the Annual Report(s) and/or the CONTRACTOR'S Year-End Cost Report Settlement, described in Section XIV (A), within thirty (30) calendar days after COUNTY'S applicable due date(s) is a breach of this Agreement, which entitles COUNTY, in its sole and absolute discretion, to (1) disallow claim(s) for payment for services/activities rendered during the fiscal year(s) for which the CONTRACTOR'S applicable Report(s) is (are) outstanding, (2) withhold payment(s) for reimbursements payable pursuant to Section III (A) to CONTRACTOR for the current fiscal year by COUNTY to CONTRACTOR, and/or (3) terminate this Agreement pursuant to Section IV. **EXHIBIT E:  
ASSURANCE OF COMPLIANCE WITH MONTEREY COUNTY CULTURAL  
COMPETENCY POLICY**

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

**Organizations in a Culturally Competent Service System Promote:**

**Quality Improvement**

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

**Collaboration**

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

**Access**

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

**Cultural Competent Services:**

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.

- Offer services in unserved and underserved communities.
- Have services available in the evening and on weekends to ensure maximum accessibility.
- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Triqui and other languages spoken of Monterey County residents).

### **Definitions for Cultural Competency**

“Cultural Competence” is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

“Cultural Competence” is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.

(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.

(Cross, Bazron, Dennis & Issacs, 1989)

The ability to work effectively with culturally diverse clients and communities.

(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County’s Health Department – Behavioral Health’s Cultural Competency Policy (as outlined above), and will:

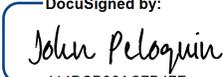

1. Develop organizational capacity to provide services in a culturally and linguistically competent manner. NOW THEREFORE, in consideration of the mutual promises below and the exchange of information pursuant to this BAA, the Parties agree as follows:

### **AGREEMENT**

#### **1. DEFINITIONS**

All capitalized terms used in this BAA but not otherwise defined shall have the meaning set forth in HIPAA.

(a) “Breach” shall have the same meaning as “breach” as defined in 45 C.F.R. § 164.402; however, the term “Breach” as used in this BAA shall also mean the unlawful or unauthorized access to, Use or Disclosure of a patient’s “medical information” as defined under Cal. Health & Safety Code § 120975 *et seq.*), the Lanterman-Petris-Short Act (Cal. Welf. & Inst. Code § 5328 *et seq.*), and California’s data breach law (Cal. Civil Code § 1798.29).

(d) “Services” shall mean the services for or functions performed by Business Associate on behalf of Covered Entity pursuant to an underlying services agreement “(Services Agreement”) between Covered Entity and Business Associate to which this BAA applies.

## **2. PERMITTED USES AND DISCLOSURES OF PHI**

Unless otherwise limited herein, Business Associate may:

(a) Use or Disclose PHI to perform Services for, or on behalf of, Covered Entity, provided that such Use or Disclosure would not violate the Privacy or Security Rules, this BAA, or California Confidentiality Laws if done by Covered Entity;

(b) Use PHI to provide Data Aggregation Services for the Health Care Operations of Covered Entity, if required by the Services Agreement and as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B);

(d) Disclose PHI for the proper management and administration of Business

Associate or to carry out the legal responsibilities of Business Associate as permitted under 45 C.F.R. § 164.504(e)(4)(ii), provided that Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that it will remain confidential and be Used or further Disclosed only as Required by Law or for the purpose for which it was Disclosed to the person, and that such person will notify the Business Associate of any instances of which such person is aware that the confidentiality of the information has been breached; and

(e) Use PHI to report violations of law to appropriate Federal and state authorities, consistent with 45 C.F.R. § 164.502(j)(1).

### **3. RESPONSIBILITIES OF THE PARTIES WITH RESPECT TO PHI**

#### **3.1. Responsibilities of Business Associate.** Business Associate shall:

(a) Notify the Privacy Officer of Covered Entity, in writing, of: (i) any Use and/or Disclosure of the PHI that is not permitted by this BAA; (ii) any Security Incident of which Business Associate becomes aware; and (iii) any suspected Breach. Such notice shall be provided within five (5) business days of Business Associate's discovery of such unauthorized access, acquisition, Use and/or Disclosure, Security Incident, or suspected Breach. Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. For the avoidance of doubt, a ransomware attack shall not be considered an ineffective Security Incident and shall be reported to Covered Entity, irrespective of whether such Security Incident results in a Breach. Business Associate shall investigate each Security Incident or unauthorized access, acquisition, Use, or Disclosure of PHI, or suspected Breach that it discovers and shall provide a summary of its investigation to Covered Entity, upon request.

(i) If Business Associate or Covered Entity determines that such Security Incident or unauthorized access, acquisition, Use, or Disclosure, or suspected Breach constitutes a Breach, then Business Associate shall provide a supplemental written report in accordance with 45 C.F.R. § 164.410(c), which shall include, to the extent possible, the identification of each individual whose PHI has been, or is reasonably believed by the Business Associate to have been, accessed, acquired, Used or Disclosed during the Breach, to Covered Entity without unreasonable delay, but no later than five (5) business days after discovery of the Breach;

(ii) In consultation with Covered Entity, Business Associate shall promptly mitigate, to the extent practicable, any harmful effect that is known to the Business Associate of such improper access, acquisition, Use, or Disclosure, Security Incident, or Breach;

(iii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and other persons required by law to be notified. Business Associate shall assist with any notifications, as requested by Covered Entity. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non-permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing notification to affected individuals, appropriate government agencies, and any other persons required by law to be notified (e.g., without limitation, the media or consumer reporting agencies), including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may include the costs of obtaining up to one (1) year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or other PII has or may have been compromised as a result of the Breach;

(b) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule and industry best practices to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

(c) Obtain and maintain a written agreement with each of its Subcontractors that creates, receives, maintains, or transmits PHI that requires each such Subcontractor to adhere to restrictions and conditions that are at least as restrictive as those that apply to Business Associate pursuant to this BAA. Upon request, Business Associate shall provide Covered Entity with copies of its written agreements with such Subcontractors;

(d) Make available all internal practices, records, books, agreements, policies and procedures and PHI relating to the Use and/or Disclosure of PHI received from, created, maintained, or transmitted by Business Associate on behalf of Covered Entity to the Secretary of the Department of Health and Human Services (“Secretary”) in a time and manner designated by the Secretary for purposes of determining Covered Entity’s or Business Associate’s compliance with HIPAA. Business Associate shall immediately notify Covered Entity of any such requests by the Secretary and, upon Covered Entity’s request, provide Covered Entity with any copies of documents Business Associate provided to the Secretary. In addition, Business Associate shall promptly make available to Covered Entity such practices, records, books, agreements, policies and procedures relating to the Use and Disclosure of PHI for purposes of determining whether Business Associate has complied with this BAA or maintains adequate security safeguards, upon reasonable request by Covered Entity. The fact that Covered Entity has the right to inspect, inspect, or fails to inspect Business Associate’s internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity’s acceptance of such practices or waiver of Covered Entity’s rights under this BAA;

(e) Document Disclosures of PHI and information related to such Disclosure and, within twenty (20) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to

respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528 and the HITECH Act. At a minimum, the Business Associate shall provide Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. In the event the request for an accounting is delivered directly to the Business Associate, the Business Associate shall, within ten (10) days, forward such request to Covered Entity. The Business Associate shall implement an appropriate recordkeeping process to enable it to comply with the requirements of this Section;

(f) Subject to Section 4.4 below, return to Covered Entity in a mutually agreeable format and medium, or destroy, within thirty (30) days of the termination of this BAA, the PHI in its possession and retain no copies, including backup copies;

(g) Use, Disclose to its Subcontractors or other third parties, and request from Covered Entity, only the minimum PHI necessary to perform or fulfill a specific function required or permitted hereunder;

(h) If all or any portion of the PHI is maintained in a Designated Record Set:

(i) Upon ten (10) days' prior written request from Covered Entity, provide access to the PHI to Covered Entity, or to the individual, if so directed by Covered Entity, to meet a request by an individual under 45 C.F.R. § 164.524 or California Confidentiality Laws. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for access to PHI from an individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for amendment of PHI from an individual;

(i) If applicable, maintain policies and procedures to detect and prevent identity theft in connection with the provision of the Services, to the extent required to comply with the Red Flag Rules;

(j) To the extent that Business Associate carries out one or more of Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations;

(k) Unless prohibited by law, notify Covered Entity as soon as possible and in no case later than five (5) days after the Business Associate's receipt of any request or subpoena for PHI. To the extent that Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall cooperate fully with Covered Entity in such challenge; and

(l) Maintain policies and procedures materially in accordance with HIPAA

and California Confidentiality Laws and industry standards designed to ensure the confidentiality, availability, and integrity of Covered Entity's data and protect against threats or vulnerabilities to such data.

### **3.2 Business Associate Acknowledgment.**

(a) Business Associate acknowledges that, as between the Business Associate and Covered Entity, all PHI shall be and remain the sole property of Covered Entity.

(b) Business Associate is not permitted to Use PHI to create de-identified information except as approved in writing by Covered Entity.

(c) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA.

(d) Business Associate further acknowledges that Uses and Disclosures of PHI must be consistent with Covered Entity's privacy practices, as stated in Covered Entity's Notice of Privacy Practices. The current Notice of Privacy Practices can be retrieved online from the Covered Entity's webpage. Business Associate agrees to review the Notice of Privacy Practices at this URL at least once annually while doing business with Covered Entity to ensure it remains updated on any changes to the Notice of Privacy Practices Covered Entity may make.

**3.3 Responsibilities of Covered Entity.** Covered Entity shall notify Business Associate of any (i) changes in, or withdrawal of, the authorization of an individual regarding the Use or Disclosure of PHI provided to Covered Entity pursuant to 45 C.F.R. § 164.508, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI; or (ii) restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

## **4. TERM AND TERMINATION**

**4.1 Term.** This BAA shall become effective on the Effective Date and shall continue in effect until all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or if it is infeasible to return or destroy PHI, protections are extended to such PHI, in accordance with the termination provisions in Section 4.4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

**4.2 Termination.** If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement without penalty; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

**4.3 Automatic Termination.** This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of all Services Agreements between Covered Entity and Business Associate that would necessitate having this BAA in place.

**4.4 Effect of Termination.** Upon termination or expiration of this BAA for any reason, Business Associate shall return or destroy all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning or destroying the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. Business Associate shall certify in writing that all PHI has been returned or securely destroyed, and no copies retained, upon Covered Entity's request. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall notify Covered Entity in writing of the condition that makes return or destruction infeasible. If Covered Entity agrees that return or destruction of the PHI is infeasible, as determined in its sole discretion, Business Associate shall: (i) retain only that PHI which is infeasible to return or destroy; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Sections 2 and 3 above, which applied prior to termination; and (v) return to Covered Entity the PHI retained by Business Associate when such return is no longer infeasible.

## **5. MISCELLANEOUS**

**5.1 Survival.** The obligations of Business Associate under the provisions of Sections 3.1, 3.2, and 4.4 and Article 5 shall survive termination of this BAA until such time as all PHI is returned to Covered Entity or destroyed.

**5.2 Amendments: Waiver.** This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA or California Confidentiality Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

**5.3 No Third Party Beneficiaries.** Nothing express or implied in this BAA is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

**5.4 Notices.** Any notices to be given hereunder to a Party shall be made via U.S. Mail or express courier to such Party's address given below, and/or via facsimile or email to the facsimile telephone numbers or email addresses listed below.

**5.6 Relationship of Parties.** Notwithstanding anything to the contrary in the Services Agreement, Business Associate is an independent contractor and not an agent of Covered Entity under this BAA. Business Associate has the sole right and obligation to supervise, manage, contract, direct, procure, perform, or cause to be performed all Business Associate obligations under this BAA.

**5.7 Choice of Law: Interpretation.** This BAA shall be governed by the laws of the State of California. Any ambiguities in this BAA shall be resolved in a manner that allows Covered Entity and Business Associate to comply with HIPAA and the California Confidentiality Laws.

**5.8 Indemnification.** Business Associate shall indemnify, defend, and hold harmless the County of Monterey (the "County"), its officers, agents, and employees from any claim, liability, loss, injury, cost, expense, penalty or damage, including costs incurred by the County with respect to any investigation, enforcement proceeding, or third party action, arising out of, or in connection with, a violation of this BAA, HIPAA or California Confidentiality Laws, or a Breach that is attributable to an act or omission of Business Associate and/or its agents, members, employees, or Subcontractors, excepting only loss, injury, cost, expense, penalty or damage caused by the negligence or willful misconduct of personnel employed by the County. It is the intent of the Parties to provide the broadest possible indemnification for the County. This

provision is in addition to, and independent of, any indemnification provision in any Services Agreement between the Parties.

**5.9 Applicability of Terms.** This BAA applies to all present and future Services Agreements and business associate relationships, written or unwritten, formal or informal, in which Business Associate creates, receives, transmits, or maintains any PHI for or on behalf of Covered Entity in any form whatsoever. This BAA shall automatically be incorporated in all subsequent agreements between Business Associate and Covered Entity involving the Use or Disclosure of PHI whether or not specifically referenced therein. In the event of any conflict or inconsistency between a provision of this BAA and a provision of any other agreement between Business Associate and Covered Entity, the provision of this BAA shall control unless the provision in such other agreement establishes additional rights for Business Associate or additional duties for or restrictions on Business Associate with respect to PHI, in which case the provision of such other agreement will control.

**5.10 Insurance.** In addition to any general and/or professional liability insurance required of Business Associate under the Services Agreement, Business Associate agrees to obtain and maintain, at its sole expense, liability insurance on an occurrence basis, covering any and all claims, liabilities, demands, damages, losses, cost expenses, fines, and compliance costs arising from a breach of the obligations of Business Associate, its officers, employees, agents and Subcontractors under this BAA. Without limiting the foregoing, at a minimum, Business Associate's required insurance under this Section shall include cyber liability insurance covering breach notification expenses, network security and privacy liability, with limits of not less than \$10,000,000 per claim and in the aggregate. Such insurance coverage will be maintained for the term of this BAA, and a copy of such policy or a certificate evidencing the policy shall be provided to Covered Entity at Covered Entity's request.

**5.11 Legal Actions.** Promptly, but no later than five (5) calendar days after notice thereof, Business Associate shall advise Covered Entity of any actual or potential action, proceeding, regulatory or governmental orders or actions, or any material threat thereof that becomes known to it that may affect the interests of Covered Entity or jeopardize this BAA, and of any facts and circumstances that may be pertinent to the prosecution or defense of any such actual or potential legal action or proceeding, except to the extent prohibited by law. This includes, without limitation, any allegation that Business Associate has violated HIPAA or other federal or state privacy or security laws.

**5.12 Audit or Investigations.** Promptly, but no later than five (5) calendar days after notice thereof, Business Associate shall advise Covered Entity of any audit, compliance review, or complaint investigation by the Secretary or other state or federal agency related to compliance with HIPAA or the California Confidentiality Laws.

**5.13 Assistance in Litigation or Administrative Proceedings.** Business Associate shall make itself, and any Subcontractors, employees, or agents assisting Business Associate in the performance of its obligations under any Services Agreements, available to Covered Entity, at no cost to Covered Entity, to testify in any claim commenced against Covered Entity, its directors, officers, employees, successors, and assigns based upon claimed violation by Business

Associate or its agents or subcontractors of HIPAA or other applicable law, except where Business Associate or its Subcontractor, employee, or agent is a named adverse party.

**5.14 No Offshore Work.** In performing the Services for, or on behalf of, Covered Entity, Business Associate shall not, and shall not permit any of its Subcontractors, to transmit or make available any PHI to any entity or individual outside the United States without the prior written consent of Covered Entity.

### **IV. AUDIT(S) AND AUDIT APPEALS**

- A. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State law including but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., authorized representatives from the Federal governments, State or COUNTY may conduct an audit of CONTRACTOR regarding the services/activities provided under the fiscal year(s) for which the audit is outstanding. In addition, contract compliance audits or reviews may be conducted by the Monterey County's Auditor-Controller's Office or designated representative. Furthermore, the California State Controller Office performs audits of the mandated cost claims for the seriously emotionally disturbed pupils for the Out-of-State Mental Health Services Program and Handicapped and Disabled Students Programs. The Centers for Medicare and Medicaid Services (CMS) also perform audits of the Certified Public Expenditure (CPE) processes, negotiated rate audit information, and other issues.

- B. Settlement of audit findings shall be conducted according to the auditing party's procedures in place at the time of the audit.
- C. In the case of a Federal Government or State audit, COUNTY may perform a post-audit based on Federal or State audit findings. Such post-audit shall take place when the Federal Government or State initiates its settlement action, which customarily is after the issuance of the audit report by the Federal Government or State and before the Federal Government or State's audit appeal process.
  - 1. If the Federal Government or State stays its collection of any amounts due or payable because of the audit findings, COUNTY shall also stay its settlement of the same amounts due or payable until the responsible auditing party initiates its settlement action with COUNTY.
  - 2. COUNTY shall follow all applicable Federal, State and local laws, regulations manuals, guidelines and directives in recovering from CONTRACTOR any amount due to the COUNTY.
  - 3. COUNTY shall issue an invoice to CONTRACTOR for any amount due to the COUNTY no later than ninety (90) calendar days after the Federal or State issues its audit settlement letter to the COUNTY. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.
- D. CONTRACTOR may appeal any such audit findings in accordance with the audit appeal process established by the party performing the audit.
  - 1. For Federal audit exceptions, Federal audit appeal processes shall be followed.
  - 2. CONTRACTOR may appeal the State audit findings in conformance with provisions of Sections 51016 et seq. of Title 22 of the California Code of Regulations. Such appeals must be filed through COUNTY. COUNTY shall notify CONTRACTOR of State appeal deadlines after COUNTY'S receipt from State of the audit report.
  - 3. If at any time the Appeal process results in a revision to the audit findings, and the Federal Government or State recalculates the final settlement with COUNTY, COUNTY may perform a post-audit based on the Federal or State revised findings after the Federal Government or State has issued its revised settlement with the COUNTY, based on such re-computed final settlement.
    - a. If the re-computed final settlement results in amounts due to CONTRACTOR by the COUNTY, COUNTY shall make such payments to CONTRACTOR within thirty (30) calendar days of issuing the revised settlement amount to the CONTRACTOR.

- b. If the re-computed final settlement results in amounts due from CONTRACTOR to the COUNTY, CONTRACTOR shall make payment to the COUNTY within thirty (30) days that the COUNTY issues its invoice to the CONTRACTOR.
- E. Notwithstanding any other provisions of this Agreement, if CONTRACTOR appeals any audit report, the appeal shall not prevent the COUNTY from recovering from CONTRACTOR any amount owed by CONTRACTOR that the Federal Government or State has recovered from COUNTY.
- F. Should the auditing party be the COUNTY, CONTRACTOR shall have thirty (30) calendar days from the date of the audit report with in which to file an appeal with COUNTY. The letter providing the CONTRACTOR with notice of the audit findings shall indicate the person(s) and address to which the appeal should be directed. COUNTY shall consider all information provided by CONTRACTOR with its appeal, and shall issue its decision on the appeal after such consideration. Such decision is final. COUNTY shall issue an invoice for any amount due COUNTY fifteen (15) calendar days after COUNTY has notified CONTRACTOR of the COUNTY'S audit appeal findings. CONTRACTOR shall make payment to the COUNTY in accordance with the terms of Section IV (Method of Payments for Amounts Due to COUNTY) of this Exhibit I. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.

- A. Within ten (10) business days after written notification by COUNTY to CONTRACTOR of any amount due by CONTRACTOR to COUNTY, CONTRACTOR shall notify COUNTY as to which of the following five (5) payment options CONTRACTOR requests be used as the method by which such amount shall be recovered by COUNTY.

Any such amount shall be:

- 1. paid in one cash payment by CONTRACTOR to COUNTY;

**RECOMMENDATION:**

It is recommended that the Board of Supervisors:

Approve and authorize the Director of Health or Assistant Director of Health to execute Amendment No. 2 to Mental Health Services Agreement A-15247 between The County of Monterey and The Village Project, Inc. for the provision of Prevention and Early Intervention Outreach and Engagement services retroactive to July 1, 2022 which adds \$140,000 in FY 2022-23 and \$510,000 in FY 2023-2024, for a new total Agreement amount not to exceed \$1,390,000 for a term of July 1, 2021 through June 30, 2024.

**SUMMARY/DISCUSSION:**

As part of the Monterey County Health Department, Behavioral Health Bureau's Access and Mental Health Services Act (MHSA) outreach, engagement and mental health programs the County currently has Agreement A-15247 with The Village Project, Inc (TVP) to meet goals and objectives outlined in the County's MHSA Plan. Since MHSA revenues are higher than budgeted and this agency has the capacity to increase services delivered to the community, approval for amending Agreement to increase amount and extending term as appropriate, is being sought.

TVP provides mental health outreach and engagement services to educate communities about the importance of mental health well-being and engagement in services by maintaining a presence in those communities through activities (Mental Health presentations, tabling at events, community speaking engagements, etc.) designed to reduce barriers such as distrust and stigma that prevent community members from seeking mental health treatment. More broadly, in addition to acquainting community members with the services of The Village Project, Inc., the agency provides information on other resources within the County that community members can access. The Amendment No.1 with TVP is for a current contracted dollar amount of \$740,000 which will expire on June 30, 2023. Amendment No. 2 adds funding in the amount of \$650,000 and extends the Agreement by one additional fiscal year through June 30, 2024.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Goal: 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7. Link people to needed personal health services and assure the provision of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel and Auditor-Controller have reviewed and approved as to legal form and fiscal provisions, respectively.

FINANCING:

This Amendment No. 2 is funded by Mental Health Services Act Prevention and Early Intervention funds (PEI). The added funds in the amount of \$140,000 for FY 2022-23 are included in the Health Department's Behavioral Health (HEA012, Unit 8410) FY 2022-23 Adopted Budget. Appropriations and revenues in the amount of \$510,000 will be included in the Health Department Behavioral Health Bureau (HEA012, Unit 8410) FY 2023-24 Requested Budget.

**SUMMARY/DISCUSSION:**

As part of the Monterey County Health Department, Behavioral Health Bureau's Access and Mental Health Services Act (MHSA) outreach, engagement and mental health programs the County currently has Agreement A-15247 with The Village Project, Inc (TVP) to meet goals and objectives outlined in the County's MHSA Plan. Since MHSA revenues are higher than budgeted and this agency has the capacity to increase services delivered to the community, approval for amending Agreement to increase amount and extending term as appropriate, is being sought.

TVP provides mental health outreach and engagement services to educate communities about the importance of mental health well-being and engagement in services by maintaining a presence in those communities through activities (Mental Health presentations, tabling at events, community speaking engagements, etc.) designed to reduce barriers such as distrust and stigma that prevent community members from seeking mental health treatment. More broadly, in addition to acquainting community members with the services of The Village Project, Inc., the agency provides information on other resources within the County that community members can access. The Amendment No.1 with TVP is for a current contracted dollar amount of \$740,000 which will expire on June 30, 2023. Amendment No. 2 adds funding in the amount of \$650,000 and extends the Agreement by one additional fiscal year through June 30, 2024.

**Program 3:**

**Outreach and Engagement Services Program Description**

A. Program Objectives

1. To assist potential clients to engage with The Village Project, Inc. and other community-based organizations;
2. To reduce/eliminate disparities that prevent timely access to adequate and effective mental health treatment for unserved/underserved/inappropriately served individuals and families from the African American, Latinx, Native, Asian/Pacific Islander and LGBTQ+ communities due to cultural mistrust, language or other barriers, and;

3. To reduce the stigma and discrimination that is so often associated with being diagnosed with mental illness or seeking mental health services.

## B. Scope of Work

For the past 13 years, The Village Project, Inc. has had Outreach and Engagement as one of the three components of its overall contract with Monterey County Behavioral Health Bureau. Outreach and Engagement activities, over the years, have involved presentations in churches, schools, cultural and community organizations, civil rights organizations such as the Monterey County Branch of the NAACP and the Monterey, North County and Salinas Councils of LULAC and appearances on local radio shows and local news shows on KSBW TV-8 and KION 46 and Access Monterey TV, which filmed a number of the organization's Lucille Hralima Mental Health Education Series presentations.

The staple of the Outreach and Engagement Program component is the organization's appearance in the community and the trust the community has in the organization. The Village Project, Inc. is consistently invited by low income housing complexes to set up display tables and speak to tenants, most of whom are people of color, about The Village Project, Inc.'s mental health programs and services. Likewise, tenant associations have also had staff from the organization be guest speakers at tenant association meetings to talk about the organization's programs and services. These activities resulted in numbers of tenants over the years coming to The Village Project, Inc. for mental health services, the vast majority of whom had never received mental health services of any kind before.

Nearly five years ago, The Village Project, Inc. added another program to its Outreach and Engagement service called the Lucille Hralima Mental Health Education Series. Lucille Hralima was a social worker in child welfare who from 2009 to 2011, and became The Village Project, Inc.'s first intern working toward licensure. She was open about having been diagnosed with Bipolar Disorder as a teen and advocated for more educational activities in communities of color. She did much to reduce stigma in the African American community, especially. Nearly four years ago, she was killed in a car wreck. In her memory, the organization fittingly named this series after her. The series consists of monthly presentations about mental health from the perspectives of different ethnic/cultural groups. They were well attended and rated highly by attendees. This narrative serves to illuminate The Village Project, Inc.'s history of organizing Outreach and Engagement activities in communities throughout Monterey County.

The Village Project, Inc., since its inception, has trained its clinical staff in identifying general risk factors in clients and potential clients with special attention paid to identifying these factors in people of color. Exacerbated by race-related stressors, those who are members of groups who have been historical victims and survivors of oppression, discrimination and racism, carry intergenerational trauma, depression and anxiety, which gets passed from one generation to the next and further exacerbated by the Pandemic and ongoing acts of racism done through acts of macro- and micro-aggressions. Clinical work will often not realize positive results unless a clinician addresses the issue of the role of racism in the lives and the mental health of these clients.

The Village Project, Inc.'s Outreach and Engagement Program over the thirteen years of the agency's existence continues to involve educating communities about the importance

of mental health by maintaining a presence in those communities through activities designed to reduce barriers such as distrust and stigma that prevent community members from seeking mental health treatment. More broadly, in addition to acquainting community members with the services of The Village Project, Inc., the program provides information on the other resources that exist in the County of which community members can also avail themselves.

### Prevention Services

In carrying out this component, The Village Project, Inc. will conduct the following outreach and engagement activities including:

1. Organizing and advertising the monthly Lucille Hralima Mental Health Series presentations;
2. Tabling at community events in various venues in Monterey County;
3. Presentations to schools and parent groups;
4. Speaking at churches and handing out brochures and flyers;
5. Tabling and making presentations to tenant associations;
6. Guest speaking at community and civic organizations;
7. Being available for pop up opportunities that periodically occur in communities;
8. Provide holistic clinical assessment of mental health needs for individuals who request mental health services and may provide case management support to provide linkages to treatment;
9. Addressing local governments and requesting resolutions for special acknowledgements, i.e., May as “Mental Health Awareness Month” and July as “Bebe Moore Campbell National Minority Mental Health Awareness Month” and do special community programming related to those government resolutions.
10. Coordinate culturally informed training focusing on the impact of historical trauma and racism for clinical staff.

Number of Individuals to be Served:

- Minimum of 700 in outreach and engagement activities per fiscal year. *For FY 21/22 total number served may be lower due to start date of program and conditions related to the pandemic.*
- Approximately 550 individuals will be reached in Outreach and Engagement activities for FY 22/23 and FY 23/24.
- For FY 21/22 144 individuals will receive a holistic clinical assessment.
- For FY 22/23 and FY 23/24 approximately 100 individuals will receive a holistic clinical assessment.

### C. Program Goals

1. Of the people who participate in the Lucille Hralima Mental Health Series and other events identified by TVP, 75% of people who held previous negative ideas about

mental health treatment will hold more positive views after contact with the organization or participating in the event.

2. 80% of individuals who request mental health counseling will be referred and connected to mental health treatment with TVP serving as many as the organization's capacity will allow. Individuals who cannot be served by TVP will be referred to other appropriate Behavioral Health Providers.

D. Expected Outcomes

Expected outcomes include the organization of numerous outreach activities in communities of color and the LGBTQ+ community. It is expected that there will be positive responses to these outreach activities by these communities which will result in the reduction of stigma and distrust, two factors that prevent many unserved and underserved from seeking mental health services and treatment. It is expected that a direct result of the reduction of these and other barriers, there will be an increase of members from those communities who will seek mental health services and treatment.

If CONTRACTOR is seeking reimbursement for mental health services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY’S Maximum Allowances (CMA), which is based on the most recent State’s Schedule of Maximum Allowances (SMA) as established by the State’s Department of

Any “obligations incurred” included in claims for reimbursements and paid by the COUNTY which remain unpaid by the CONTRACTOR after thirty (30) calendar days following the termination or end date of this Agreement shall be disallowed, except to the extent that such failure was through no fault of CONTRACTOR under audit by the COUNTY.
- F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.
- G. COUNTY shall review and certify CONTRACTOR’S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.
- H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.
- I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR’S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

#### IV. MAXIMUM OBLIGATION OF COUNTY

- A. Subject to the limitations set forth herein, COUNTY shall pay to CONTRACTOR during the term of this Agreement a maximum amount of **\$1,390,000** for services rendered under this Agreement.

FY 2021-22	\$370,000
FY 2022-23	\$510,000
FY 2023-24	\$510,000
<b>TOTAL MAXIMUM LIABILITY</b>	<b>\$1,390,000</b>

- C. If, as of the date of signing this Agreement, CONTRACTOR has already received payment from COUNTY for services rendered under this Agreement, such amount shall be deemed to have been paid out under this Agreement and shall be counted towards COUNTY’S maximum liability under this Agreement.

- E. As an exception to Section D. above with respect to the Survival of Obligations after Termination, COUNTY, any payer, and CONTRACTOR shall continue to remain obligated under this Agreement with regard to payment for services required to be rendered after termination.

**V. BILLING AND PAYMENT LIMITATIONS**

- A. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY’S claims processing information system data, State adjudication of Medi-Cal and Healthy Families claims files, contractual limitations of this Agreement, annual cost and MHSA reports, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.
- B. Allowable Costs: Allowable costs shall be the CONTRACTOR’S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget provided in Exhibit H. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.
- C. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line item amount in the budget without the written approval of

COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.

- D. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.
- E. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Medi-Cal claims, and billing system data.

## **VI. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS**

- A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.
- B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.
- C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.
- D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

The Short-Doyle/Medi-Cal (SD/MC) claims processing system enables California county Mental Health Plans (MHPs) to obtain reimbursement of Federal funds for medically necessary specialty mental health services provided to Medi-Cal-eligible beneficiaries and to Healthy Families subscribers diagnosed as Seriously Emotionally Disturbed (SED). The Mental Health Medi-Cal program oversees the SD/MC claims processing system. Authority for the Mental Health Medi-Cal program is governed by Federal and California statutes.

Such demand for repayment and CONTRACTOR’S repayment shall be in accordance with Exhibit I, Section IV (Method of Payments for Amounts Due to County) of this Agreement.
- J. CONTRACTOR shall comply with all written instructions provided to CONTRACTOR by the COUNTY, State or other applicable payer source regarding claiming and documentation.

**Program 3:****Outreach and Engagement Services****I. PROGRAM NARRATIVE(S) AND SERVICE DESCRIPTION**

For the past 13 years, The Village Project, Inc. has had Outreach and Engagement as one of the three components of its overall contract with Monterey County Behavioral Health Bureau. Outreach and Engagement activities, over the years, have involved presentations in churches, schools, cultural and community organizations, civil rights organizations such as the Monterey County Branch of the NAACP and the Monterey, North County and Salinas Councils of LULAC and appearances on local radio shows and local news shows on KSBW TV-8 and KION 46 and Access Monterey TV, which filmed a number of the organization's Lucille Hralima Mental Health Education Series presentations.

The staple of the Outreach and Engagement Program component is the organization's appearance in the community and the trust the community has in the organization. The Village Project, Inc. is consistently invited by low income housing complexes to set up display tables and speak to tenants, most of whom are people of color, about The Village Project, Inc.'s mental health programs and services. Likewise, tenant associations have also had staff from the organization be guest speakers at tenant association meetings to talk about the organization's programs and services. These activities resulted in numbers of tenants over the years coming to The Village Project, Inc. for mental health services, the vast majority of whom had never received mental health services of any kind before.

Nearly five years ago, The Village Project, Inc. added another program to its Outreach and Engagement service called the Lucille Hralima Mental Health Education Series. Lucille Hralima was a social worker in child welfare who from 2009 to 2011, and became The Village Project, Inc.'s first intern working toward licensure. She was open about having been diagnosed with Bipolar Disorder as a teen and advocated for more educational activities in communities of color. She did much to reduce stigma in the African American community, especially. Nearly four years ago, she was killed in a car wreck. In her memory, the organization fittingly named this series after her. The series consists of monthly presentations about mental health from the perspectives of different ethnic/cultural groups. They were well attended and rated highly by attendees. This narrative serves to illuminate The Village Project, Inc.'s history of organizing Outreach and Engagement activities in communities throughout Monterey County.

The Village Project, Inc., since its inception, has trained its clinical staff in identifying general risk factors in clients and potential clients with special attention paid to identifying these factors in people of color. Exacerbated by race-related stressors, those who are members of groups who have been historical victims and survivors of oppression, discrimination and racism, carry intergenerational trauma, depression and anxiety, which gets passed from one generation to the next and further exacerbated by the Pandemic and ongoing acts of racism done through acts of macro- and micro-aggressions. Clinical work will often not realize positive results unless a clinician addresses the issue of the role of racism in the lives and the mental health of these clients.

*The Village Project, Inc.  
Amendment No. 1 to Mental Health Services Agreement A-15247  
July 1, 2021 through June 30, 2023*

The Village Project, Inc.'s Outreach and Engagement Program over the thirteen years of the agency's existence continues to involve educating communities about the importance of mental health by maintaining a presence in those communities through activities designed to reduce barriers such as distrust and stigma that prevent community members from seeking mental health treatment. More broadly, in addition to acquainting community members with the services of The Village Project, Inc., the program provides information on the other resources that exist in the County of which community members can also avail themselves.

**II. Prevention Services**

In carrying out this component, The Village Project, Inc. will conduct the following outreach and engagement activities including:

1. Organizing and advertising the monthly Lucille Hralima Mental Health Series presentations;
2. Tabling at community events in various venues in Monterey County;
3. Presentations to schools and parent groups;
4. Speaking at churches and handing out brochures and flyers;
5. Tabling and making presentations to tenant associations;
6. Guest speaking at community and civic organizations;
7. Being available for pop up opportunities that periodically occur in communities;

10. Coordinate culturally informed training focusing on the impact of historical trauma and racism for clinical staff.

Number of Individuals to be Served:

- Minimum of 700 in outreach and engagement activities per fiscal year. *For FY 21/22 total number served may be lower due to start date of program and conditions related to the pandemic.*
- For FY 21/22 144 individuals will receive a holistic clinical assessment.
- For FY 22/23 144 individuals receive a holistic clinical assessment.

### III. Program Goals

1. Have documentation of having made direct contact with at least 700 people per year through events put on by The Village Project, Inc. and events the organization participated in as part of its outreach and engagement efforts.
2. 75% of people who held previous negative ideas about mental health treatment will hold more positive views after contact with the organization following the Lucille Hralima Mental Health Series and other events identified by TVP.
3. 80% of individuals who request mental health counseling will be referred and connected to mental health treatment with TVP serving as many as the organization's capacity will allow. Individuals who cannot be served by TVP will be referred to other appropriate Behavioral Health Providers.

### IV. Program Objectives

1. To assist potential clients to engage with The Village Project, Inc. and other community-based organizations;
2. To reduce/eliminate disparities that prevent timely access to adequate and effective mental health treatment for unserved/underserved/inappropriately served individuals and families from the African American, Latinx, Native, Asian/Pacific Islander and LGBTQ+ communities due to cultural mistrust, language or other barriers, and;
3. To reduce the stigma and discrimination that is so often associated with being diagnosed with mental illness or seeking mental health services.

### V. Expected Outcomes

Expected outcomes include the organization of numerous outreach activities in communities of color and the LGBTQ+ community. It is expected that there will be positive responses to these outreach activities by these communities which will result in the reduction of stigma and distrust, two factors that prevent many unserved and underserved from seeking mental health services and treatment. It is expected that a direct result of the reduction of these and other barriers, there will be an increase of members from those communities who will seek mental health services and treatment.

In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-County and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

If CONTRACTOR is seeking reimbursement for mental health services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY'S Maximum Allowances (CMA), which is based on the most recent State's

Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY'S Maximum Allowances (CMA), which is based on the most recent State's Schedule of Maximum Allowances (SMA) as established by the State's Department of Mental Health. The SMA Schedule shall be used until COUNTY establishes the COUNTY'S rate Schedule of Maximum Allowances. CONTRACTOR shall be responsible for costs that exceed applicable CMAs. In no case shall payments to CONTRACTOR exceed CMAs. In addition to the CMA limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B, Section III. Said amounts shall be referred to as the "Maximum Obligation of County," as identified in this Exhibit B, Section V.

- B. To the extent a recipient of services under this Agreement is eligible for coverage under Short-Doyle/Medi-Cal or Medicaid or Medicare or any other Federal or State funded program ("an eligible beneficiary"), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries. For the Short-Doyle/Medi-Cal Funded Program, CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Medi-Cal or are not Medi-Cal eligible during the term of this Agreement.
- C. CONTRACTOR shall be responsible for delivering services to the extent that funding is provided by the COUNTY. To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR or COUNTY facility within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.
- D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. See Section III, above, for payment amount information to be reimbursed each fiscal year period of this Agreement. The amount requested for reimbursement shall be in accordance with the approved budget and shall not exceed the actual net costs incurred for services provided under this Agreement. In the event the back-up documentation does not fully justify the amount of the prior month's payment, COUNTY shall reconcile the subsequent month's Cash Flow Advance payment.

CONTRACTOR shall submit via email a monthly claim using Exhibit G, Cost Reimbursement Invoice Form in Excel format with electronic signature along with

supporting documentations, as may be required by the COUNTY for services rendered to:

All claims not submitted after thirty (30) calendar days following the termination or end date of this Agreement shall not be subject to reimbursement by the COUNTY. Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR. Any "obligations incurred" included in claims for reimbursements and paid by the COUNTY which remain unpaid by the CONTRACTOR after thirty (30) calendar days following the termination or end date of this Agreement shall be disallowed, except to the extent that such failure was through no fault of CONTRACTOR under audit by the COUNTY.
- F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.
- G. COUNTY shall review and certify CONTRACTOR'S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.
- H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.
- I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR'S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

FY 2021-2022	\$370,000
FY 2022-2023	\$370,000
<b>TOTAL MAXIMUM LIABILITY</b>	<b>\$740,000</b>

- A. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Medi-Cal and Healthy Families claims files, contractual limitations of this Agreement, annual cost and MHSA reports, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.

Allowable Costs: Allowable costs shall be the CONTRACTOR'S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget provided in Exhibit H. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.

- C. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line item amount in the budget without the written approval of COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.
- D. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.
- E. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Medi-Cal claims, and billing system data.

**VI. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS**

- A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.
- B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.
- C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.
- D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be

provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

**VII. BILLING PROCEDURES AND LIMITATIONS ON COUNTY'S FINANCIAL RESPONSIBILITY FOR PAYMENT OF SERVICES UNDER FEDERAL SOCIAL SECURITY ACT, TITLE XIX SHORT-DOYLE/MEDI-CAL SERVICES AND/OR TITLE XXI HEALTHY FAMILIES**

The Short-Doyle/Medi-Cal (SD/MC) claims processing system enables California county Mental Health Plans (MHPs) to obtain reimbursement of Federal funds for medically necessary specialty mental health services provided to Medi-Cal-eligible beneficiaries and to Healthy Families subscribers diagnosed as Seriously Emotionally Disturbed (SED). The Mental Health Medi-Cal program oversees the SD/MC claims processing system. Authority for the Mental Health Medi-Cal program is governed by Federal and California statutes.

COUNTY shall make available to CONTRACTOR any subsequent State approvals or denials of such claims upon request by the CONTRACTOR.

E. CONTRACTOR acknowledges and agrees that COUNTY'S final payment for services and activities claimed by CONTRACTOR Short-Doyle/Medi-Cal services and/or Healthy Families services is contingent upon reimbursement from the Federal

and State governments and that COUNTY'S provisional payment for said services does not render COUNTY in any way responsible for payment of, or liable for, CONTRACTOR'S claims for payment for these services.

- F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.
- G. Notwithstanding any other provision of this Agreement, CONTRACTOR shall hold COUNTY harmless from and against any loss to CONTRACTOR resulting from the denial or disallowance of claim(s) for or any audit disallowances related to said services, including any State approved Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services/activities, by the Federal, State or COUNTY governments, or other applicable payer source, unless the denial or disallowance was due to the fault of the COUNTY.

"CONTRACTOR'S performance" includes CONTRACTOR'S action or inaction and the action or inaction of CONTRACTOR'S officers, employees, agents and subcontractors.

## **XI. INSURANCE**

- A. Evidence of Coverage. Prior to commencement of this Agreement, the CONTRACTOR shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the CONTRACTOR upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the COUNTY'S Contracts/Purchasing Office, unless otherwise directed. The CONTRACTOR shall not receive approval for services for work under this Agreement until all insurance has been obtained as

required and approved by the COUNTY. This approval of insurance shall neither relieve nor decrease the liability of the CONTACTOR.

- B. Qualifying Insurers. All coverage, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by the COUNTY'S Contracts/Purchasing Officer.
- C. Insurance Coverage Requirements. Without limiting CONTRACTOR'S duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:
1. Commercial general liability insurance, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broadform Property Damage, Independent Contactors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.
  2. Business automobile liability insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is over \$100,000 or of not less than \$500,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is \$100,000 and less.
  3. Workers Compensation Insurance, if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's liability limits not less than \$1,000,000 each person, \$1,000,000 each accident and \$1,000,000 each disease.
  4. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three (3) years following the expiration or earlier termination of this Agreement.
- D. Other Insurance Requirements, All insurance required by this Agreement shall be with a company acceptable to the COUNTY and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise

specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance with the COUNTY'S contract administrator and the COUNTY'S Contracts/Purchasing Office, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Administrator and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Section III (A), for services rendered on or after the effective date of termination, reduction, non-renewal, or cancellation of the insurance coverage maintained by CONTRACTOR, and/or (2) terminate this Agreement pursuant to Section IV.

If Exhibit I is not a part of this Agreement, CONTRACTOR shall prepare and submit to COUNTY a cost report and any applicable reports as requested by the COUNTY.
- C. Non-submission of Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement. Failure to submit the Annual Report(s) and/or the CONTRACTOR'S Year-End Cost Report Settlement, described in Section XIV (A), within thirty (30)

calendar days after COUNTY'S applicable due date(s) is a breach of this Agreement, which entitles COUNTY, in its sole and absolute discretion, to (1) disallow claim(s) for payment for services/activities rendered during the fiscal year(s) for which the CONTRACTOR'S applicable Report(s) is (are) outstanding, (2) withhold payment(s) for reimbursements payable pursuant to Section III (A) to CONTRACTOR for the current fiscal year by COUNTY to CONTRACTOR, and/or (3) terminate this Agreement pursuant to Section IV. CONTRACTOR shall comply with Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement requirements as set forth in Exhibit I, if Exhibit I is made part of this Agreement.

- D. Cost Report Training. CONTRACTOR shall attend a one-time mandatory cost report training provided by the COUNTY. CONTRACTOR shall maintain such records in a form comporting with generally accepted accounting and auditing standards and all applicable laws.
- C. Overpayment. If the results of any audit, CONTRACTOR'S Year-End Cost Report Settlement, or State Cost Report Settlement shows that the funds paid to CONTRACTOR under this Agreement exceeded the amount due, then CONTRACTOR shall pay the excess amount to COUNTY in cash not later than thirty (30) calendar days after the COUNTY notifies the CONTRACTOR of such overpayment; or, at COUNTY'S election, COUNTY may recover the excess or any portion of it by offsets made by COUNTY against any payment(s) owed to CONTRACTOR under this or any other Agreement or as set forth in Exhibit I, if made part of this Agreement.

- D. Responsibility for Audit and/or Cost Report Settlement Exceptions. Any and all audit and/or Cost Report Settlement exceptions by COUNTY or any Federal or State agency resulting from an audit and/or Cost Report Settlement of CONTRACTOR'S performance of this Agreement, or actions by CONTRACTOR, its officers, agents, and employees shall be the sole responsibility of the CONTRACTOR.

CONTRACTOR shall insure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. D. If for any reason this Agreement is canceled, COUNTY'S maximum liability shall be the total utilization to the date of cancellation not to exceed the maximum amount listed above.

E. As an exception to Section D. above with respect to the Survival of Obligations after Termination, COUNTY, any payer, and CONTRACTOR shall continue to remain obligated under this Agreement with regard to payment for services required to be rendered after termination.

#### V. BILLING AND PAYMENT LIMITATIONS

A. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Medi-Cal and Healthy Families claims files, contractual limitations of this Agreement, annual cost and MHSA reports, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.

- B. Allowable Costs: Allowable costs shall be the CONTRACTOR'S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget provided in Exhibit H. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.
- C. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line item amount in the budget without the written approval of COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.
- D. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.
- E. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Medi-Cal claims, and billing system data.

## **VI. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS**

- A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.
- B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.
- C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.

D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

**VII. BILLING PROCEDURES AND LIMITATIONS ON COUNTY'S FINANCIAL RESPONSIBILITY FOR PAYMENT OF SERVICES UNDER FEDERAL SOCIAL SECURITY ACT, TITLE XIX SHORT-DOYLE/MEDI-CAL SERVICES AND/OR TITLE XXI HEALTHY FAMILIES**

The Short-Doyle/Medi-Cal (SD/MC) claims processing system enables California county Mental Health Plans (MHPs) to obtain reimbursement of Federal funds for medically necessary specialty mental health services provided to Medi-Cal-eligible beneficiaries and to Healthy Families subscribers diagnosed as Seriously Emotionally Disturbed (SED). The Mental Health Medi-Cal program oversees the SD/MC claims processing system. Authority for the Mental Health Medi-Cal program is governed by Federal and California statutes.

A. If, under this Agreement, CONTRACTOR has Funded Programs that include Short-Doyle/Medi-Cal services and/or Healthy Families services, CONTRACTOR shall certify in writing annually, by August 1 of each year, that all necessary documentation shall exist at the time any claims for Short-Doyle/Medi-Cal services and/or Healthy Families services are submitted by CONTRACTOR to COUNTY.

- F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.
- G. Notwithstanding any other provision of this Agreement, CONTRACTOR shall hold COUNTY harmless from and against any loss to CONTRACTOR resulting from the denial or disallowance of claim(s) for or any audit disallowances related to said services, including any State approved Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services/activities, by the Federal, State or COUNTY governments, or other applicable payer source, unless the denial or disallowance was due to the fault of the COUNTY.
- H. CONTRACTOR shall repay to COUNTY the amount paid by COUNTY to CONTRACTOR for Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services/ activities subsequently denied or disallowed by Federal, State and/or COUNTY government.
- I. Notwithstanding any other provision of this Agreement, CONTRACTOR agrees that the COUNTY may off set future payments to the CONTRACTOR and/or demand repayment from CONTRACTOR when amounts are owed to the COUNTY pursuant to Subparagraphs G. and H. above. Such demand for repayment and CONTRACTOR'S repayment shall be in accordance with Exhibit I, Section IV (Method of Payments for Amounts Due to County) of this Agreement.
- J. CONTRACTOR shall comply with all written instructions provided to CONTRACTOR by the COUNTY, State or other applicable payer source regarding claiming and documentation.

CONTRACTOR may request each monthly Cash Flow Advance only for such services/activities and only to the extent that there is no reimbursement from any public or private sources for such services/activities.
- E. Cash Flow Advance (CFA) Invoice. For each month for which CONTRACTOR is eligible to request and receive a CFA, CONTRACTOR must submit to the COUNTY an invoice of a CFA in a format that is in compliance with the funding source and the amount of CFA CONTRACTOR is requesting. In addition, the CONTRACTOR must submit supporting documentation of expenses incurred in the prior month to receive future CFAs.
- F. Upon receipt of the Invoice, COUNTY, shall determine whether to approve the CFA and, if approved, whether the request is approved in whole or in part.

**EXHIBIT E:  
ASSURANCE OF COMPLIANCE WITH  
MONTEREY COUNTY CULTURAL COMPETENCY POLICY**

---

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

**Organizations in a Culturally Competent Service System Promote:**

**Quality Improvement**

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

**Collaboration**

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

**Access**

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

**Cultural Competent Services:**

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.
- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.
- Have services available in the evening and on weekends to ensure maximum accessibility.

*The Village Project, Inc.  
Mental Health Services Agreement  
July 01, 2021 through June 30, 2023*

- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Triqui and other languages spoken of Monterey County residents).

### **Definitions for Cultural Competency**

“Cultural Competence” is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

“Cultural Competence” is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.

(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.

(Cross, Bazron, Dennis & Issacs, 1989)

The ability to work effectively with culturally diverse clients and communities.

(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County’s Health Department – Behavioral Health’s Cultural Competency Policy (as outlined above), and will:

1. Develop organizational capacity to provide services in a culturally and linguistically competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish, Tagalog, Vietnamese, Oaxacan, Triqui, American Sign Language (ASL), Middle Eastern languages); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open, welcoming and positive attitude and feel comfortable working with diverse cultures.
2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials, resources and magazines in varied languages, at appropriate reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and preferences when offering refreshments; ensuring

that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.

3. Provide a services delivery environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by consumers/families; staff that is knowledgeable of cultural and ethnic differences and needs, and is able and willing to respond in an appropriate and respectful manner.
4. Support the county's goal to reduce disparities to care by increasing access and retention while decreasing barriers to services by unserved and underserved communities.
5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery, planning and evaluation (County Goal: 40%).
6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.
7. As requested, meet with the Monterey County Health Department - Behavioral Health Director or designee to monitor progress and outcomes of the project.
8. Ensure that 100% of staff, over a 3-year period, participate in cultural competency training including, but not limited to, those offered by Monterey County Behavioral Health.

Dissemination of these Provisions. CONTRACTOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

**By my signature below, as the authorized representative of the CONTRACTOR named below, I certify acceptance and understanding for myself and the CONTRACTOR of the above provisions.**

4.2 Termination. Either Covered Entity or Business Associate may terminate this Agreement and any related agreements if the terminating Party determines in good faith that the terminated Party has

breached a material term of this Agreement; provided, however, that no Party may terminate this Agreement if the breaching Party cures such breach to the reasonable satisfaction of the terminating Party within thirty (30) days after the breaching Party's receipt of written notice of such breach.

To the extent that any relevant provision of the HIPAA, HITECH or Red Flag Rules is materially amended in a manner that changes the obligations of Business Associates or Covered Entities, the Parties agree to negotiate in good faith appropriate amendment(s) to this Agreement to give effect to the revised obligations. Further, no provision of this Agreement shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

**EXHIBIT H:  
ANNUAL REPORT(S) AND AUDIT**

---

**I. ANNUAL REPORT(S)**

- A. For each fiscal year or portion thereof that this Agreement is in effect, CONTRACTOR shall provide COUNTY with accurate and complete Annual Report(s) known as the State Cost Report, the Annual Mental Health Services Act (MHSA) Revenue and Expenditure Reports, and the Annual Report(s), as applicable and required by the COUNTY in electronic forms and hard copies along with duly signed Provider's Certification and copy of audited financial statement and/or other supporting documents that the COUNTY may require, by the due date specified in this Exhibit I, Section I., Paragraph C.
- B. An accurate and complete State Cost Report and/or Annual MHSA Revenue and Expenditure Report shall be defined as Annual Report(s) which is (are) completed to the best of the ability of CONTRACTOR on such forms or in such formats as specified by the COUNTY and consistent with such instructions as the COUNTY may issue and are based on the best available data and based on the CONTRACTOR'S Financial Summary applicable to the fiscal year. Further, CONTRACTOR shall certify under penalty of perjury that the CONTRACTOR has not violated any of the provisions of Section 1090 through 1096 of the Government Code and with respect to MHSA funding; is in compliance with California Code of Regulations, Title 9, Division 1, Chapter 14, Article 4, Section 3410, Non-Supplant and Article 5, Section 3500, non-Supplant Certification and Reports; that the amount for which reimbursement is claimed in the Annual Report(s) is in accordance with Chapter 3, Part 2, Division 5 of the Welfare and Institutions Code; and WIC Section 5891 and that to the best of the CONTRACTOR'S knowledge and belief the information on Annual Report(s) is (are) in all respects, correct, and in accordance with the law.
- C. The Annual Report(s) shall be due on September 15<sup>th</sup> for the fiscal year ending on the previous June 30<sup>th</sup> or seventy-five (75) days following the expiration or termination date of this Agreement, or forty-five (45) days after the COUNTY transmits the cost report template electronically to the CONTRACTOR, whichever occurs later. Should the due date fall on a weekend, such report(s) shall be due on the following business day.
1. Failure to submit the Annual Report(s) within thirty (30) calendar days after the due date specified in this Exhibit I, Section I, Subsection (C) is a breach of this Agreement. In addition to, and without limiting, any other remedy available to the COUNTY for such breach, COUNTY may undertake any or all of the following to remedy such breach:
    - a. COUNTY, in its sole and absolute discretion, may disallow claim(s) for payment for services/activities rendered during the fiscal year(s) for which the CONTRACTOR'S Annual Report(s) is (are) outstanding or withhold

payment(s) for reimbursements payable pursuant to Section III (A) to CONTRACTOR for the current fiscal year by COUNTY to CONTRACTOR until the Annual Report(s) is (are) submitted. If COUNTY exercises its discretion to disallow claim(s) or withhold payment(s), COUNTY shall give CONTRACTOR written notice, during the thirty (30) calendar days after the due date specified in this Exhibit I, Section I, Subsection (C), of its intention to disallow claim(s) or withhold payment(s) as of the date specified in the notice, including the reason(s) for its intended action. Thereafter, CONTRACTOR, within the time specified in the notice, shall submit the Annual Report(s) to avoid disallowance of claims or withholding of payments.

b. In such instance that CONTRACTOR does not submit the Annual Report(s) by thirty (30) calendar days after the applicable due date specified in this Exhibit I, Section I, Subsection (C), COUNTY, in its sole and absolute discretion, may deem as due and owing to COUNTY by CONTRACTOR all amounts paid pursuant to Section III (A) by COUNTY to CONTRACTOR for services/activities for the fiscal year(s) for which the Annual Report(s) is (are) outstanding. CONTRACTOR shall pay COUNTY according to the method described in this Exhibit I, Section IV (Method of Payments for Amounts Due to COUNTY). Such payments shall be submitted to the persons at the address identified in the COUNTY invoice.

D. The Annual Report(s) shall be prepared by the CONTRACTOR in accordance with the instructions, rules, policies and procedures established by the Federal governments, State and COUNTY.

## **II. AUDIT(S) AND AUDIT APPEALS**

A. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State law including but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., authorized representatives from the Federal governments, State or COUNTY may conduct an audit of CONTRACTOR regarding the services/activities provided under the fiscal year(s) for which the audit is outstanding. In addition, contract compliance audits or reviews may be conducted by the Monterey County's Auditor-Controller's Office or designated representative. Furthermore, the California State Controller Office performs audits of the mandated cost claims for the seriously emotionally disturbed pupils for the Out-of-State Mental Health Services Program and Handicapped and Disabled Students Programs. The Centers for Medicare and Medicaid Services (CMS) also perform audits of the Certified Public Expenditure (CPE) processes, negotiated rate audit information, and other issues.

B. Settlement of audit findings shall be conducted according to the auditing party's procedures in place at the time of the audit.

C. In the case of a Federal Government or State audit, COUNTY may perform a post-audit based on Federal or State audit findings. Such post-audit shall take place when

the Federal Government or State initiates its settlement action, which customarily is after the issuance of the audit report by the Federal Government or State and before the Federal Government or State's audit appeal process.

1. If the Federal Government or State stays its collection of any amounts due or payable because of the audit findings, COUNTY shall also stay its settlement of the same amounts due or payable until the responsible auditing party initiates its settlement action with COUNTY.
  2. COUNTY shall follow all applicable Federal, State and local laws, regulations manuals, guidelines and directives in recovering from CONTRACTOR any amount due to the COUNTY.
  3. COUNTY shall issue an invoice to CONTRACTOR for any amount due to the COUNTY no later than ninety (90) calendar days after the Federal or State issues its audit settlement letter to the COUNTY. CONTRACTOR shall make payment to the COUNTY in accordance with the terms of Section IV (Method of Payments for Amounts Due to COUNTY) of this Exhibit I. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.
- D. CONTRACTOR may appeal any such audit findings in accordance with the audit appeal process established by the party performing the audit.
1. For Federal audit exceptions, Federal audit appeal processes shall be followed.
  2. CONTRACTOR may appeal the State audit findings in conformance with provisions of Sections 51016 et seq. of Title 22 of the California Code of Regulations. Such appeals must be filed through COUNTY. COUNTY shall notify CONTRACTOR of State appeal deadlines after COUNTY'S receipt from State of the audit report.
  3. If at any time the Appeal process results in a revision to the audit findings, and the Federal Government or State recalculates the final settlement with COUNTY, COUNTY may perform a post-audit based on the Federal or State revised findings after the Federal Government or State has issued its revised settlement with the COUNTY, based on such re-computed final settlement.
    - a. If the re-computed final settlement results in amounts due to CONTRACTOR by the COUNTY, COUNTY shall make such payments to CONTRACTOR within thirty (30) calendar days of issuing the revised settlement amount to the CONTRACTOR.
    - b. If the re-computed final settlement results in amounts due from CONTRACTOR to the COUNTY, CONTRACTOR shall make payment to the COUNTY within thirty (30) days that the COUNTY issues its invoice to the CONTRACTOR.

- E. Notwithstanding any other provisions of this Agreement, if CONTRACTOR appeals any audit report, the appeal shall not prevent the COUNTY from recovering from CONTRACTOR any amount owed by CONTRACTOR that the Federal Government or State has recovered from COUNTY.
- F. Should the auditing party be the COUNTY, CONTRACTOR shall have thirty (30) calendar days from the date of the audit report with in which to file an appeal with COUNTY. The letter providing the CONTRACTOR with notice of the audit findings shall indicate the person(s) and address to which the appeal should be directed. COUNTY shall consider all information provided by CONTRACTOR with its appeal, and shall issue its decision on the appeal after such consideration. Such decision is final. COUNTY shall issue an invoice for any amount due COUNTY fifteen (15) calendar days after COUNTY has notified CONTRACTOR of the COUNTY'S audit appeal findings. CONTRACTOR shall make payment to the COUNTY in accordance with the terms of Section IV (Method of Payments for Amounts Due to COUNTY) of this Exhibit I. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.

### **III. METHOD OF PAYMENTS FOR AMOUNTS DUE TO COUNTY**

- A. Within ten (10) business days after written notification by COUNTY to CONTRACTOR of any amount due by CONTRACTOR to COUNTY, CONTRACTOR shall notify COUNTY as to which of the following five (5) payment options CONTRACTOR requests be used as the method by which such amount shall be recovered by COUNTY.

Any such amount shall be:

1. paid in one cash payment by CONTRACTOR to COUNTY;
  2. deducted from future claims over a period not to exceed six (6) months;
  3. deducted from any amounts due from COUNTY to CONTRACTOR whether under this Agreement or otherwise;
  4. paid by cash payment(s) by CONTRACTOR to COUNTY over a period not to exceed six (6) months; or
  5. a combination of any or all of the above.
- B. If CONTRACTOR does not so notify COUNTY within such ten (10) days, or if CONTRACTOR fails to make payment of any such amount to COUNTY as required, then Director, in his sole discretion, shall determine which of the above five (5) payment options shall be used by COUNTY for recovery of such amount from CONTRACTOR.

**August 23, 2022**

**Introduced:** 8/11/2022

**Current Status:** Health Department -  
Consent

**Version:** 1

**Matter Type:** BoS Agreement

- a. Approve and authorize the Director of Health or Assistant Director of Health to execute a new one-year Mental Health Services Agreement between the County of Monterey and Psynergy Programs, Inc. for the provision of mental health services for adults with severe psychiatric disabilities, for a maximum County obligation of \$2,826,243 for the retroactive term of July 1, 2022 through June 30, 2023; and
- b. Approve and authorize the Director of Health or Assistant Director of Health to approve up to three (3) future amendments that do not exceed ten percent (10%) (\$282,624) of the original Agreement amount and do not significantly alter the scope of services.

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Approve and authorize the Director of Health or Assistant Director of Health to execute a new one-year Mental Health Services Agreement between the County of Monterey and Psynergy Programs, Inc. for the provision of mental health services for adults with severe psychiatric disabilities, for a maximum County obligation of \$2,826,243 for the retroactive term of July 1, 2022 through June 30, 2023; and
- b. Approve and authorize the Director of Health or Assistant Director of Health to approve up to three (3) future amendments that do not exceed ten percent (10%) (\$282,624) of the original Agreement amount and do not significantly alter the scope of services.

### SUMMARY/DISCUSSION:

Psynergy Programs, Inc. operates three (3) licensed residential care facilities that County Behavioral Health has used for many years: Cielo Vista, located in the City of Greenfield, which provides the maximum levels of care to assist clients who are at risk of being admitted to a facility requiring a higher level of care, Nueva Vista, located in the City of Morgan Hill, which provides intensive levels of care for clients recently discharged from locked skilled facilities, and Tres Vista also in Morgan Hill, which provides 24-hour adult independent housing and an outpatient clinic. In addition to these three long-standing facilities, two years ago Psynergy added two new facilities offering similar services in the Sacramento area, Nueva Vista Sacramento, and Vista de Robles, which we have since utilized for County clients, and a third facility, Vista Esperanza in North Highlands, California, will be available in December 2022 as a Residential Care Facility for the Elderly (RCFE). Combined, these new facilities give the County access to much needed capacity for crucial mental health and residential care services. The Psynergy Programs, Inc. residential care facilities provide normalizing experiences and supervision necessary for clients with serious and persistent mental illnesses.

The County has maintained Agreement A-14876 with Psynergy Programs, Inc. which expired on June 30, 2022 after a two-year term. This new one-year Agreement continues the past relationship with Psynergy Programs, Inc. providing for a continuum of existing services. By carefully reallocating funds from less frequently used lower service levels of care, County Behavioral Health was able to expand our capacity for the most needed higher level of care beds, while increasing the total County obligation by only 1.5% over the last multi-year agreement, despite an average 15% increase from the vendor for most services since FY 2020-21.

The approval of this Agreement will provide the necessary resources and increase the options for clients to be placed in a facility that best suits their needs and to live in the least restrictive community setting as possible. This Agreement meets the requirements of the State Welfare and Institutions Code 5600 (Bronzan-McCorquodale Act), the California Code of Regulations Titles 9 and 22, and sustains the continuity of care services to seriously mentally ill clients of Monterey County.

This Agreement contains the County’s standard 30-day “no cause” provision (Section IV, B) and an additional defunding provision (Section IV, D), which provides the County the ability to amend or terminate the Agreement in the event of a reduction and/or termination of funding.

This agreement is late in being presented to your board and is retroactive to July 1, 2022 due to vendor delays in the submission of the required Exhibit H Revenue and Expenditure Summary, and in updated insurance being provided to the County as required by County Risk Management.

This work supports the following Monterey County Health Department 2018-2022 strategic plan goal: 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7) Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

The office of the County Counsel and Auditor-Controller have reviewed and approved this Agreement as to form and fiscal provisions, respectively.

FINANCING:

This Agreement is 100% funded by 1991 Realignment revenues. The funds for this Agreement (\$2,826,243) are included in the Health Department’s Behavioral Health (HEA012, Unit 8410) Fiscal Year 2022-23 Adopted Budget.

It is recommended that the Board of Supervisors:

- a. Approve and authorize the Director of Health or Assistant Director of Health to execute a new one-year Mental Health Services Agreement between the County of Monterey and Psynergy Programs, Inc. for the provision of mental health services for adults with severe psychiatric disabilities, for a maximum County obligation of \$2,826,243 for the retroactive term of July 1, 2022 through June 30, 2023; and
- b. Approve and authorize the Director of Health or Assistant Director of Health to approve up to three (3) future amendments that do not exceed ten percent (10%) (\$282,624) of the original Agreement amount and do not significantly alter the scope of services.

**SUMMARY/DISCUSSION:**

Psynergy Programs, Inc. operates three (3) licensed residential care facilities that County Behavioral Health has used for many years: Cielo Vista, located in the City of Greenfield, which provides the maximum levels of care to assist clients who are at risk of being admitted to a facility requiring a higher level of care, Nueva Vista, located in the City of Morgan Hill, which provides intensive levels of care for clients recently discharged from locked skilled facilities, and Tres Vista also in Morgan Hill, which provides 24-hour adult independent housing and an outpatient clinic. In addition to these three long-standing facilities, two years ago Psynergy added two new facilities offering similar services in the Sacramento area, Nueva Vista Sacramento, and Vista de Robles, which we have since utilized for County clients, and a third facility, Vista Esperanza in North Highlands, California, will be available in December 2022 as a Residential Care Facility for the Elderly (RCFE). Combined, these new facilities give the County access to much needed capacity for crucial mental health and residential care services. The Psynergy Programs, Inc. residential care facilities provide normalizing experiences and supervision necessary for clients with serious and persistent mental illnesses.

The County has maintained Agreement A-14876 with Psynergy Programs, Inc. which expired on June 30, 2022 after a two-year term. This new one-year Agreement continues the past relationship with Psynergy Programs, Inc. providing for a continuum of existing services. By carefully reallocating funds from less frequently used lower service levels of care, County Behavioral Health was able to expand our capacity for the most needed higher level of care beds, while increasing the total County obligation by only 1.5% over the last multi-year agreement, despite an average 15% increase from the vendor for most services since FY 2020-21.

The approval of this Agreement will provide the necessary resources and increase the options for clients to be placed in a facility that best suits their needs and to live in the least restrictive community setting as possible. This Agreement meets the requirements of the State Welfare and Institutions Code 5600 (Bronzan-McCorquodale Act), the California Code of Regulations Titles 9 and 22, and sustains the continuity of care services to seriously mentally ill clients of Monterey County.

This Agreement contains the County's standard 30-day "no cause" provision (Section IV, B) and an additional defunding provision (Section IV, D), which provides the County the ability to amend or terminate the Agreement in the event of a reduction and/or termination of funding.

This agreement is late in being presented to your board and is retroactive to July 1, 2022 due to vendor delays in the submission of the required Exhibit H Revenue and Expenditure Summary, and in updated insurance being provided to the County as required by County Risk Management.

This work supports the following Monterey County Health Department 2018-2022 strategic plan goal: 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7) Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

"CONTRACTOR'S performance" includes CONTRACTOR'S action or inaction and the action or inaction of CONTRACTOR'S officers, employees, agents and subcontractors.

## XII. INSURANCE

- A. Evidence of Coverage. Prior to commencement of this Agreement, the CONTRACTOR shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the CONTRACTOR upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the COUNTY'S Contracts/Purchasing Office, unless otherwise directed. The CONTRACTOR shall not receive approval for services for work under this Agreement until all insurance has been obtained as required and approved by the COUNTY. This approval of insurance shall neither relieve nor decrease the liability of the CONTRACTOR.

- B. Qualifying Insurers. All coverage, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by the COUNTY'S Contracts/Purchasing Officer.
- C. Insurance Coverage Requirements. Without limiting CONTRACTOR'S duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

1. Commercial general liability insurance, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broadform Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.
  2. Business automobile liability insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is over \$100,000 or of not less than \$500,000 per occurrence if maximum estimated reimbursement obligation by COUNTY to CONTRACTOR under this Agreement is \$100,000 and less.
  3. Workers Compensation Insurance, if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's liability limits not less than \$1,000,000 each person, \$1,000,000 each accident and \$1,000,000 each disease.
  4. Professional Liability Insurance, if required for the professional service being provided, (e.g., those persons authorized by a license to engage in business or profession regulated by the California Business and Professional Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three (3) years following the expiration or earlier termination of this Agreement.
- D. Other Insurance Requirements. All insurance required by this Agreement shall be with a company acceptable to the COUNTY and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance with the COUNTY'S contract administrator and the COUNTY'S Contracts/Purchasing Office, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Administrator and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Section III (A), for services rendered on or after the effective date of termination, reduction, non-renewal, or cancellation of the insurance coverage maintained by CONTRACTOR, and/or (2) terminate this Agreement pursuant to Section IV.

### **XIII. BUDGET AND EXPENDITURE REPORT**

- A. CONTRACTOR shall submit, as requested by the COUNTY, the Budget and Expenditure Report provided as Exhibit H, if made part of this Agreement, identifying CONTRACTOR'S allowable costs and program revenues. COUNTY shall identify program revenues for COUNTY funds, and CONTRACTOR shall identify allowable costs and other program revenues as defined in Exhibit B, Section VI, paragraph B of this Agreement, if applicable. The budget shall be the basis for payment reimbursements, cost settlement activities, and audits.
- B. CONTRACTOR shall submit an electronic copy of the Six-(6) Month and the Year-to-Date Budget and Expenditure report by February 15 and by the date specified by the COUNTY, respectively, to the COUNTY using Exhibit H as the template format. The report shall include data related to the actual costs incurred, revenues earned, and the number of actual clients served by each funded program.

#### **XIV. PREPARATION OF ANNUAL REPORT(S) AND CONTRACTOR'S YEAR-END COST REPORT SETTLEMENT**

A. Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement. CONTRACTOR shall submit by COUNTY'S required deadlines the following, as it pertains to this Agreement:

B. Preparation and Submission of Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement in Response to Termination or Cancellation of Agreement. If Exhibit I is not a part of this Agreement, CONTRACTOR shall prepare and submit to COUNTY a cost report and any applicable reports as requested by the COUNTY.

C. Non-submission of Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement. Failure to submit the Annual Report(s) and/or the CONTRACTOR'S Year-End Cost Report Settlement, described in Section XIV (A), within thirty (30) calendar days after COUNTY'S applicable due date(s) is a breach of this Agreement, which entitles COUNTY, in its sole and absolute discretion, to (1) disallow claim(s) for payment for services/activities rendered during the fiscal year(s) for which the CONTRACTOR'S applicable Report(s) is (are) outstanding, (2) withhold payment(s) for reimbursements payable pursuant to Section III (A) to CONTRACTOR for the current fiscal year by COUNTY to CONTRACTOR, and/or (3) terminate this Agreement pursuant to Section IV. CONTRACTOR shall comply with Annual Report(s) and CONTRACTOR'S Year-End Cost Report Settlement requirements as set forth in Exhibit I, if Exhibit I is made part of this Agreement.

D. Cost Report Training. CONTRACTOR shall attend a one-time mandatory cost report training provided by the COUNTY. COUNTY shall provide further training as needed and as required in accordance with changes in the State cost report requirements. CONTRACTOR shall adhere to cost report training requirements and shall comply in accordance with Exhibit I, Section III, if made part of this Agreement.

## **XV. ACCESS TO AND AUDIT OF RECORDS**

- A. Right to Inspect Records. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State laws including, but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., the COUNTY or its representative, Federal or State governments may conduct an audit, review or other monitoring procedures of the CONTRACTOR regarding the services/activities provided under this Agreement. The COUNTY or its representative, Federal or State governments shall have the right to inspect any and all books, records, and facilities maintained by CONTRACTOR during normal business hours and without advance notice to evaluate the use of funds and the cost, quality, appropriateness, and timeliness of services.
- B. Maintenance of Records. CONTRACTOR shall maintain any and all records documenting all services set forth under this Agreement for a period of seven (7) years from the end of the fiscal year in which such services were provided or until three (3) years after final resolution of any audits, CONTRACTOR'S Year-End Cost Report Settlement, State Cost Report Settlement, or appeals, whichever occurs later. CONTRACTOR shall maintain such records in a form comporting with generally accepted accounting and auditing standards and all applicable laws.
- C. Overpayment. - A. If CONTRACTOR is seeking reimbursement for eligible services funded by the Short-Doyle/Medi-Cal, Mental Health Services Act (“MHSA”), SB 90, Federal or State Grants, and/or COUNTY funds provided pursuant to this Agreement, reimbursement for such services shall be based on actual cost of providing those services less any deductible revenues collected by the CONTRACTOR from other payer sources. In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-County and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

CONTRACTOR shall not claim reimbursement from COUNTY for (or apply sums received from COUNTY with respect to) that portion of its obligations which has been paid by another source of revenue. If CONTRACTOR is seeking reimbursement for mental health services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY’S Maximum Allowances (CMA). CONTRACTOR shall be responsible for costs that exceed applicable CMAs. In no case shall payments to CONTRACTOR exceed CMAs. In addition to the CMA limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B, Section III. Said amounts shall be referred to as the “Maximum Obligation of County,” as identified in this Exhibit B, Section V.

- B. To the extent a recipient of services under this Agreement is eligible for coverage under Short-Doyle/Medi-Cal or Medicaid or Medicare or any other Federal or State funded program (“an eligible beneficiary”), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries. For the Short-Doyle/Medi-Cal

Funded Program, CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Medi-Cal or are not Medi-Cal eligible during the term of this Agreement.

- C. CONTRACTOR shall be responsible for delivering services to the extent that funding is provided by the COUNTY. To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR or COUNTY facility within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.
- D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. All claims not submitted after thirty (30) calendar days following the termination or end date of this Agreement shall not be subject to reimbursement by the COUNTY. Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR. Any “obligations incurred” included in claims for reimbursements and paid by the COUNTY which remain unpaid by the CONTRACTOR after thirty (30) calendar days following the termination or end date of this Agreement shall be disallowed, except to the extent that such failure was through no fault of CONTRACTOR under audit by the COUNTY.
- F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.
- G. COUNTY shall review and certify CONTRACTOR’S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement and shall then submit such certified claim to the COUNTY Auditor. The

County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.

- H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.
- I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR'S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

<b>TOTAL COUNTY MAXIMUM LIABILITY:</b>				<b><u>\$2,826,243</u></b>

- C. If, as of the date of signing this Agreement, CONTRACTOR has already received payment from COUNTY for services rendered under this Agreement, such amount shall be deemed to have been paid out under this Agreement and shall be counted towards COUNTY'S maximum liability under this Agreement.
- D. If for any reason this Agreement is canceled, COUNTY'S maximum liability shall be the total utilization to the date of cancellation not to exceed the maximum amount listed above.
- E. As an exception to Section D. above with respect to the Survival of Obligations after Termination, COUNTY, any payer, and CONTRACTOR shall continue to remain obligated under this Agreement with regard to payment for services required to be rendered after termination.

- A. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Medi-Cal and Healthy Families claims files, contractual limitations of this Agreement, annual cost and MHSA reports, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.
- B. Allowable Costs: Allowable costs shall be the CONTRACTOR'S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget provided in Exhibit H. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.
- C. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line item amount in the budget without the written approval of COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.
- D. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.
- E. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Medi-Cal claims, and billing system data.

## VII. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS

- A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.

- B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.
- C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.
- D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

The Mental Health Medi-Cal program oversees the SD/MC claims processing system. Authority for the Mental Health Medi-Cal program is governed by Federal and California statutes.

If, under this Agreement, CONTRACTOR has Funded Programs that include Short-Doyle/Medi-Cal services and/or Healthy Families services, CONTRACTOR shall certify in writing annually, by August 1 of each year, that all necessary documentation shall exist at the time any claims for Short-Doyle/Medi-Cal services and/or Healthy Families services are submitted by CONTRACTOR to COUNTY.

- E. CONTRACTOR acknowledges and agrees that COUNTY'S final payment for services and activities claimed by CONTRACTOR Short-Doyle/Medi-Cal services and/or Healthy Families services is contingent upon reimbursement from the Federal and State governments and that COUNTY'S provisional payment for said services does not render COUNTY in any way responsible for payment of, or liable for, CONTRACTOR'S claims for payment for these services.
- F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.
- G. Notwithstanding any other provision of this Agreement, CONTRACTOR shall hold COUNTY harmless from and against any loss to CONTRACTOR resulting from the denial or disallowance of claim(s) for or any audit disallowances related to said services, including any State approved Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services/activities, by the Federal, State or COUNTY governments, or other applicable payer source, unless the denial or disallowance was due to the fault of the COUNTY.
- H. CONTRACTOR shall repay to COUNTY the amount paid by COUNTY to CONTRACTOR for Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services/ activities subsequently denied or disallowed by Federal, State and/or COUNTY government.
- I. Notwithstanding any other provision of this Agreement, CONTRACTOR agrees that the COUNTY may offset future payments to the CONTRACTOR and/or demand repayment from CONTRACTOR when amounts are owed to the COUNTY pursuant to Subparagraphs G. and H. above. Such demand for repayment and CONTRACTOR'S repayment shall be in accordance with Exhibit I, Section IV (Method of Payments for Amounts Due to County) of this Agreement.

- J. CONTRACTOR shall comply with all written instructions provided to CONTRACTOR by the COUNTY, State or other applicable payer source regarding claiming and documentation.

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

### **Organizations in a Culturally Competent Service System Promote:**

#### **Quality Improvement**

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

#### **Collaboration**

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

#### **Access**

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

### **Cultural Competent Services:**

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.
- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.

- Have services available in the evening and on weekends to ensure maximum accessibility.
- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Trique and other languages spoken of Monterey County residents).

**Definitions for Cultural Competency**

*“Cultural Competence” is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.*

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

*“Cultural Competence” is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.*

(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

*[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.*

(Cross, Bazron, Dennis & Issacs, 1989)

*The ability to work effectively with culturally diverse clients and communities.*

(Randall David, 1994)

(a) Use or Disclose PHI to perform Services for, or on behalf of, Covered Entity, provided that such Use or Disclosure would not violate the Privacy or Security Rules, this BAA, or California Confidentiality Laws if done by Covered Entity;

May 2021

permitted under 45 C.F.R. § 164.504(e)(4)(ii), provided that Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that it will remain confidential and be Used or further Disclosed only as Required by Law or for the purpose for which it was Disclosed to the person, and that such person will notify the Business Associate of any instances of which such person is aware that the confidentiality of the information has been breached; and

(e) Use PHI to report violations of law to appropriate Federal and state authorities, consistent with 45 C.F.R. § 164.502(j)(1).

### **3. RESPONSIBILITIES OF THE PARTIES WITH RESPECT TO PHI**

#### **3.1. Responsibilities of Business Associate.** Business Associate shall:

(a) Notify the Privacy Officer of Covered Entity, in writing, of: (i) any Use and/or Disclosure of the PHI that is not permitted by this BAA; (ii) any Security Incident of which Business Associate becomes aware; and (iii) any suspected Breach. Such notice shall be provided within five (5) business days of Business Associate's discovery of such unauthorized access, acquisition, Use and/or Disclosure, Security Incident, or suspected Breach. Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. For the avoidance of doubt, a ransomware attack shall not be considered an ineffective Security Incident and shall be reported to Covered Entity, irrespective of whether such Security Incident results in a Breach. Business Associate shall investigate each Security Incident or unauthorized access, acquisition, Use, or Disclosure of PHI, or suspected Breach that it discovers and shall provide a summary of its investigation to Covered Entity, upon request.

(i) If Business Associate or Covered Entity determines that such Security Incident or unauthorized access, acquisition, Use, or Disclosure, or suspected Breach constitutes a Breach, then Business Associate shall provide a supplemental written report in accordance with 45 C.F.R. § 164.410(c), which shall include, to the extent possible, the identification of each individual whose PHI has been, or is reasonably believed by the Business Associate to have been, accessed, acquired, Used or Disclosed during the Breach, to Covered Entity without unreasonable delay, but no later than five (5) business days after discovery of the Breach;

(ii) In consultation with Covered Entity, Business Associate shall promptly mitigate, to the extent practicable, any harmful effect that is known to the Business Associate of such improper access, acquisition, Use, or Disclosure, Security Incident, or Breach;

*May 2021*

(iii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and other persons required by law to be notified. Business Associate shall assist with any notifications, as requested by Covered Entity. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non-permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing notification to affected individuals, appropriate government agencies, and any other persons required by law to be notified (e.g., without limitation, the media or consumer reporting agencies), including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may include the costs of obtaining up to one (1) year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or other PII has or may have been compromised as a result of the Breach;

(b) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule and industry best practices to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

(c) Obtain and maintain a written agreement with each of its Subcontractors that creates, receives, maintains, or transmits PHI that requires each such Subcontractor to adhere to restrictions and conditions that are at least as restrictive as those that apply to Business Associate pursuant to this BAA. Upon request, Business Associate shall provide Covered Entity with copies of its written agreements with such Subcontractors;

(d) Make available all internal practices, records, books, agreements, policies and procedures and PHI relating to the Use and/or Disclosure of PHI received from, created, maintained, or transmitted by Business Associate on behalf of Covered Entity to the Secretary of the Department of Health and Human Services (“Secretary”) in a time and manner designated by the Secretary for purposes of determining Covered Entity’s or Business Associate’s compliance with HIPAA. Business Associate shall immediately notify Covered Entity of any such requests by the Secretary and, upon Covered Entity’s request, provide Covered Entity with any copies of documents Business Associate provided to the Secretary. In addition, Business Associate shall promptly make available to Covered Entity such practices, records, books, agreements, policies and procedures relating to the Use and Disclosure of PHI for purposes of determining whether Business Associate has complied with this BAA or maintains adequate security safeguards, upon reasonable request by Covered Entity. The fact that Covered Entity has the right to inspect, inspect, or fails to inspect Business Associate’s internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity’s acceptance of such practices or waiver of Covered Entity’s rights under this BAA;

*May 2021*

(e) Document Disclosures of PHI and information related to such Disclosure and, within twenty (20) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528 and the HITECH Act. At a minimum, the Business Associate shall provide Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. In the event the request for an accounting is delivered directly to the Business Associate, the Business Associate shall, within ten (10) days, forward such request to Covered Entity. The Business Associate shall implement an appropriate recordkeeping process to enable it to comply with the requirements of this Section;

(f) Subject to Section 4.4 below, return to Covered Entity in a mutually agreeable format and medium, or destroy, within thirty (30) days of the termination of this BAA, the PHI in its possession and retain no copies, including backup copies;

(g) Use, Disclose to its Subcontractors or other third parties, and request from Covered Entity, only the minimum PHI necessary to perform or fulfill a specific function required or permitted hereunder;

(h) If all or any portion of the PHI is maintained in a Designated Record Set:

(i) Upon ten (10) days' prior written request from Covered Entity, provide access to the PHI to Covered Entity, or to the individual, if so directed by Covered Entity, to meet a request by an individual under 45 C.F.R. § 164.524 or California Confidentiality Laws. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for access to PHI from an individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for amendment of PHI from an individual;

(i) If applicable, maintain policies and procedures to detect and prevent identity theft in connection with the provision of the Services, to the extent required to comply with the Red Flag Rules;

(j) To the extent that Business Associate carries out one or more of Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations;

(k) Unless prohibited by law, notify Covered Entity as soon as possible and in no case later than five (5) days after the Business Associate's receipt of any request

*May 2021*

or subpoena for PHI. To the extent that Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall cooperate fully with Covered Entity in such challenge; and

(l) Maintain policies and procedures materially in accordance with HIPAA and California Confidentiality Laws and industry standards designed to ensure the confidentiality, availability, and integrity of Covered Entity's data and protect against threats or vulnerabilities to such data.

### **3.2 Business Associate Acknowledgment.**

(a) Business Associate acknowledges that, as between the Business Associate and Covered Entity, all PHI shall be and remain the sole property of Covered Entity.

(b) Business Associate is not permitted to Use PHI to create de-identified information except as approved in writing by Covered Entity.

(c) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA.

(d) Business Associate further acknowledges that Uses and Disclosures of PHI must be consistent with Covered Entity's privacy practices, as stated in Covered Entity's Notice of Privacy Practices. The current Notice of Privacy Practices can be retrieved online from the Covered Entity's webpage. Business Associate agrees to review the Notice of Privacy Practices at this URL at least once annually while doing business with Covered Entity to ensure it remains updated on any changes to the Notice of Privacy Practices Covered Entity may make.

**3.3 Responsibilities of Covered Entity.** Covered Entity shall notify Business Associate of any (i) changes in, or withdrawal of, the authorization of an individual regarding the Use or Disclosure of PHI provided to Covered Entity pursuant to 45 C.F.R. § 164.508, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI; or (ii) restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

## **4. TERM AND TERMINATION**

**4.1 Term.** This BAA shall become effective on the Effective Date and shall continue in effect until all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or if it is infeasible to return or destroy PHI, protections are extended to such PHI, in accordance with the termination provisions in Section 4.4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

*May 2021*

**4.2 Termination.** If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement without penalty; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

**4.3 Automatic Termination.** This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of all Services Agreements between Covered Entity and Business Associate that would necessitate having this BAA in place.

**4.4 Effect of Termination.** Upon termination or expiration of this BAA for any reason, Business Associate shall return or destroy all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning or destroying the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. Business Associate shall certify in writing that all PHI has been returned or securely destroyed, and no copies retained, upon Covered Entity's request. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall notify Covered Entity in writing of the condition that makes return or destruction infeasible. If Covered Entity agrees that return or destruction of the PHI is infeasible, as determined in its sole discretion, Business Associate shall: (i) retain only that PHI which is infeasible to return or destroy; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Sections 2 and 3 above, which applied prior to termination; and (v) return to Covered Entity the PHI retained by Business Associate when such return is no longer infeasible.

## **5. MISCELLANEOUS**

**5.1 Survival.** The obligations of Business Associate under the provisions of Sections 3.1, 3.2, and 4.4 and Article 5 shall survive termination of this BAA until such time as all PHI is returned to Covered Entity or destroyed.

**5.2 Amendments; Waiver.** This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA or California Confidentiality Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

*May 2021*

**5.3 No Third Party Beneficiaries.** Nothing express or implied in this BAA is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

This BAA shall automatically be incorporated in all subsequent agreements between Business Associate and Covered Entity involving the Use or Disclosure of PHI whether or not specifically referenced therein. In the event of any conflict or inconsistency between a provision of this BAA and a provision of any other agreement between Business Associate and Covered Entity, the provision of this BAA shall control unless the provision in such other agreement establishes additional rights for Business Associate or additional duties for or restrictions on Business Associate with respect to PHI, in which case the provision of such other agreement will control.

**5.10 Insurance.** In addition to any general and/or professional liability insurance required of Business Associate under the Services Agreement, Business Associate agrees to obtain and maintain, at its sole expense, liability insurance on an occurrence basis, covering any and all claims, liabilities, demands, damages, losses, costs expenses, fines, and compliance costs arising from a breach of the obligations of Business Associate, its officers, employees, agents and Subcontractors under this BAA. Without limiting the foregoing, at a minimum, Business Associate’s required insurance under this Section shall include cyber liability insurance covering breach notification expenses, network security and privacy liability, with limits of not less than \$10,000,000 per claim and in the aggregate. Such insurance coverage will be maintained for the term of this BAA, and a copy of such policy or a certificate evidencing the policy shall be provided to Covered Entity at Covered Entity’s request.

This includes, without limitation, any allegation that Business Associate has violated HIPAA or other federal or state privacy or security laws.

*May 2021*

**5.13 Assistance in Litigation or Administrative Proceedings.** Business Associate shall make itself, and any Subcontractors, employees, or agents assisting Business Associate in the performance of its obligations under any Services Agreements, available to Covered Entity, at no cost to Covered Entity, to testify in any claim commenced against Covered Entity, its directors, officers, employees, successors, and assigns based upon claimed violation by Business Associate or its agents or subcontractors of HIPAA or other applicable law, except where Business Associate or its Subcontractor, employee, or agent is a named adverse party.

**5.14 No Offshore Work.** In performing the Services for, or on behalf of, Covered Entity, Business Associate shall not, and shall not permit any of its Subcontractors, to transmit or make available any PHI to any entity or individual outside the United States without the prior written consent of Covered Entity.

- A. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State law including but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., authorized representatives from the Federal governments, State or COUNTY may conduct an audit of CONTRACTOR regarding the services/activities provided under the fiscal year(s) for which the audit is outstanding. In addition, contract compliance audits or reviews may be conducted by the Monterey County's Auditor-Controller's Office or designated representative. Furthermore, the California State Controller Office performs audits of the mandated cost claims for the seriously emotionally disturbed pupils for the Out-of-State Mental Health Services Program and Handicapped and Disabled Students

Programs. The Centers for Medicare and Medicaid Services (CMS) also perform audits of the Certified Public Expenditure (CPE) processes, negotiated rate audit information, and other issues.

- B. Settlement of audit findings shall be conducted according to the auditing party's procedures in place at the time of the audit.
- C. In the case of a Federal Government or State audit, COUNTY may perform a post-audit based on Federal or State audit findings. Such post-audit shall take place when the Federal Government or State initiates its settlement action, which customarily is after the issuance of the audit report by the Federal Government or State and before the Federal Government or State's audit appeal process.
  - 1. If the Federal Government or State stays its collection of any amounts due or payable because of the audit findings, COUNTY shall also stay its settlement of the same amounts due or payable until the responsible auditing party initiates its settlement action with COUNTY.
  - 2. COUNTY shall follow all applicable Federal, State and local laws, regulations manuals, guidelines and directives in recovering from CONTRACTOR any amount due to the COUNTY.
  - 3. COUNTY shall issue an invoice to CONTRACTOR for any amount due to the COUNTY no later than ninety (90) calendar days after the Federal or State issues its audit settlement letter to the COUNTY. CONTRACTOR shall make payment to the COUNTY in accordance with the terms of Section IV (Method of Payments for Amounts Due to COUNTY) of this Exhibit I. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.
- D. CONTRACTOR may appeal any such audit findings in accordance with the audit appeal process established by the party performing the audit.
  - 1. For Federal audit exceptions, Federal audit appeal processes shall be followed.
  - 2. CONTRACTOR may appeal the State audit findings in conformance with provisions of Sections 51016 et seq. of Title 22 of the California Code of Regulations. Such appeals must be filed through COUNTY. COUNTY shall notify CONTRACTOR of State appeal deadlines after COUNTY'S receipt from State of the audit report.
  - 3. If at any time the Appeal process results in a revision to the audit findings, and the Federal Government or State recalculates the final settlement with COUNTY, COUNTY may perform a post-audit based on the Federal or State revised findings after the Federal Government or State has issued its revised settlement with the COUNTY, based on such re-computed final settlement.
    - a. If the re-computed final settlement results in amounts due to CONTRACTOR by the COUNTY, COUNTY shall make such payments to CONTRACTOR within thirty (30) calendar days of issuing the revised settlement amount to the CONTRACTOR.

- b. If the re-computed final settlement results in amounts due from CONTRACTOR to the COUNTY, CONTRACTOR shall make payment to the COUNTY within thirty (30) days that the COUNTY issues its invoice to the CONTRACTOR.
- E. Notwithstanding any other provisions of this Agreement, if CONTRACTOR appeals any audit report, the appeal shall not prevent the COUNTY from recovering from CONTRACTOR any amount owed by CONTRACTOR that the Federal Government or State has recovered from COUNTY.
- F. Should the auditing party be the COUNTY, CONTRACTOR shall have thirty (30) calendar days from the date of the audit report with in which to file an appeal with COUNTY. The letter providing the CONTRACTOR with notice of the audit findings shall indicate the person(s) and address to which the appeal should be directed. COUNTY shall consider all information provided by CONTRACTOR with its appeal, and shall issue its decision on the appeal after such consideration. Such decision is final. COUNTY shall issue an invoice for any amount due COUNTY fifteen (15) calendar days after COUNTY has notified CONTRACTOR of the COUNTY'S audit appeal findings. CONTRACTOR shall make payment to the COUNTY in accordance with the terms of Section IV (Method of Payments for Amounts Due to COUNTY) of this Exhibit I. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.

**V. METHOD OF PAYMENTS FOR AMOUNTS DUE TO COUNTY**

- A. Within ten (10) business days after written notification by COUNTY to CONTRACTOR of any amount due by CONTRACTOR to COUNTY, CONTRACTOR shall notify COUNTY as to which of the following five (5) payment options CONTRACTOR requests be used as the method by which such amount shall be recovered by COUNTY.

Any such amount shall be:

- 1. paid in one cash payment by CONTRACTOR to COUNTY;
  - 2. deducted from future claims over a period not to exceed six (6) months;
  - 3. deducted from any amounts due from COUNTY to CONTRACTOR whether under this Agreement or otherwise;
  - 4. paid by cash payment(s) by CONTRACTOR to COUNTY over a period not to exceed six (6) months; or
  - 5. a combination of any or all of the above.
- B. If CONTRACTOR does not so notify COUNTY within such ten (10) days, or if CONTRACTOR fails to make payment of any such amount to COUNTY as required, then Director, in his sole discretion, shall determine which of the above five (5) payment options shall be used by COUNTY for recovery of such amount from CONTRACTOR.

**Matter Type:** BoS Resolution

Adopt a Resolution to approve the proposed amendments to the Conflict of Interest Code of the Probation Department of the County of Monterey.

### RECOMMENDATION:

It is recommended that the Board of Supervisors adopt a Resolution to approve the proposed amendments to the Conflict of Interest Code of the Probation Department of the County of Monterey.

### SUMMARY:

Following the biennial review of the Conflict of Interest Code, as required by Government Code section 87306.5, the Probation Department of the County of Monterey has amended its Conflict of Interest Code to update the formatting to align with changes to disclosure category definitions.

### DISCUSSION:

The Political Reform Act of 1974 (Government Code section 81000, et. seq.), requires state and local government agencies to adopt Conflict of Interest codes and to periodically review their codes and make necessary changes to these codes. The only change to the existing code is an update to the format of disclosure category definitions. Note that because the last version of the code was adopted in 2004, no Word file is available to redline. Consequently, and because the changes are non-substantive, staff has attached the 2004 Code, unmodified, as Attachment A to this report.

Pursuant to section 82011 and 87303 of the Government Code, the Board of Supervisors is the code reviewing body and may approve the code as submitted, revise the proposed code and approve it as revised, or return the proposed code to the agency for revision and resubmission. Staff recommends that the Board of Supervisors approve the proposed amended Conflict of Interest Code of the Probation Department of the County of Monterey.

### OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed and approved the proposed amended Conflict of Interest Code of the County of Monterey Probation Department. The proposed code, as amended and corrected, is lawful under the Political Reform Act of 1974.

### FINANCING:

There is no fiscal impact upon the County of Monterey as a result of the proposed amendment.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

Approval of the proposed Conflict of Interest Code fulfills the Board's statutorily designated role as the code reviewing body pursuant to the Political Reform Act.

### SUMMARY:

The Monterey County Alternate Defender’s Office (ADO) finds it necessary to assign qualified trial counsel to represent indigent defendants, other parties, or juvenile offenders in cases in which the Monterey County Public Defender has declared a conflict of interest and the courts appoint the ADO to serve as counsel.

**THE ALTERNATE DEFENDER'S OFFICE**  
COUNTY OF MONTEREY  
168 W. Alisal Street, 2<sup>nd</sup> Floor  
Salinas, CA. 93901  
(831) 796-6054

**AGREEMENT TO PROVIDE  
LEGAL SERVICES**

September 1, 2022 to June 30, 2023

**THIS AGREEMENT** is entered into by the County of Monterey, (“the County”), and the Law Office of **SHANE M. KELLY**, Attorney at Law, State Bar #308997 (“the Attorney.”)

**RECITALS**

**WHEREAS**, the United States and California Constitutions and other provisions of state and federal law give indigent defendants, juveniles, and other qualified parties (“the Defendant”) a constitutional right to competent legal representation if the Public Defender declines to represent the Defendant due to a conflict of interest; and

**WHEREAS**, it would be costly, unpredictable, and disruptive of orderly budget procedures if counsel was assigned on a case-by-case basis to represent Defendants where the Public Defender declines to do so due to a conflict of interest; and

**WHEREAS**, the Alternative Defender Office (“ADO”), a separate office from the Monterey, California Public Defender except as to budgetary control, has been directed by the Monterey County Administrative Officer (“CAO”) to administer all Agreements for legal representation of indigent defendants who cannot be represented by the Public Defender due to conflict of interest; and

**WHEREAS**, the Board is authorized to enter into this Agreement under Government Code § 31000; and

**WHEREAS**, the Attorney has offered to represent all Defendants who are referred to him/her by the ADO, subject to the limitations contained in this Agreement; and

**WHEREAS**, the ADO has found and determined that the Attorney is qualified as trial counsel in all aspects of felony and/or misdemeanor criminal proceedings. Minimum qualifications include the ability to perform the duties equivalent to a Deputy Public Defender II, III, or IV.

**NOW THEREFORE**, the Attorney agrees to furnish the County professional services and the County and Attorney agree to enter into this Agreement, both in accordance with the terms and conditions set forth herein.

## **Article I. GENERAL PROVISIONS**

Section 1.01 **Contract Administrator.** The Chief of the Alternate Defender Office (ADO) will administer the contract. The Monterey County Public Defender is responsible for the ADO budget. The County may change the ADO Chief at any time with notice to the Attorney.

Section 1.02 **Independent Contractor.** The Attorney and his or her employees and agents, in the performance of this Agreement, are independent contractors in relation to the County of Monterey, and not officers or employees of the County of Monterey. Nothing in this agreement shall create any of the rights, powers, privileges or immunities of an employee of the County of Monterey. The Attorney shall be solely liable for all applicable taxes, including, but not limited to, federal and state income taxes and Social Security taxes, arising out of the Attorney's performance of this Agreement. The Attorney shall not be entitled to receive from the County of Monterey under this Agreement any compensation in the form of sick leave, vacation leave, or retirement benefits or any other kind of type of employee benefits such as workers' compensation, unemployment compensation or insurance, social security benefits or disability insurance benefits. This Agreement for provision of Attorney's professional services to the County is not exclusive; the Attorney retains the right to represent other clients of his or her choosing, so long as that representation does not pose a conflict of interest with clients referred to the Attorney by the County in a particular case.

Section 1.03 **Cooperation.** If the Internal Revenue Service or any other federal or state government agency should inquire about, question, or challenge the independent contractor status of the Attorney or his subcontractors with respect to the County, the parties hereto mutually agree that:

- (a) Each shall inform the other party hereto of such inquiry or challenge; and
- (b) The County and the Superior Court of California, County of Monterey, shall have the right to participate in any discussion or negotiation occurring with the federal or state agency, without regard to who initiated such discussions or negotiations.

In the event the federal or state agency concludes that an independent contractor relationship does not exist, the County may terminate this Agreement effective immediately upon written notice.

Section 1.04 **Non- Assignability.** Except as otherwise provided in Section 2.06 of this Agreement, none of the rights, privileges, interest, immunities, duties, or obligations created by this Agreement are assignable or delegable. Upon disability or inability to accept assigned cases or to continue as assigned counsel in cases previously assigned, this Agreement shall terminate. The Attorney's refusal to accept assigned cases on grounds of conflict of interest among criminal defendants assigned or proposed to be assigned does not constitute "disability" or "inability" as used in this Agreement.

Section 1.05 **Negotiated Agreement.** This Agreement has been arrived at through negotiation between the parties. Neither party is to be deemed the party which prepared this Agreement within the meaning of Civil Code § 1654.

Section 1.06 **Headings.** The section and paragraph headings are for convenience only and shall not be used to interpret the terms of this Agreement.

Section 1.07 **Time of Essence.** Time is of the essence in each and all of the provisions of this Agreement.

Section 1.08 **Amendment.** No alteration, variation, or amendment to the terms of this Agreement shall be valid unless made in writing and signed by the parties hereto.

## **Article V. TERM OF AGREEMENT**

**Section 5.01 Duration of Agreement.** This Agreement shall be in full force and effect commencing on September 1, 2022 and ending on June 30, 2023, unless sooner terminated as provided herein. Termination of this agreement does not terminate the Attorney's duty to defend, indemnify or hold harmless the County, as provided in Section 7.01, or to maintain sufficient insurance, as provided in Section 7.02.

**Section 5.02 Termination without Cause.** This Agreement may be terminated by the County or Attorney without cause by giving thirty (30) days prior written notice of an intention to terminate.

If this Agreement is terminated by the County without cause, the Attorney shall be entitled to compensation as determined by one of the following methods, whichever is greater:

- 1) The amount paid by the County pursuant to this Agreement as of the date of termination; or
- 2) A *pro rata* amount determined by the formula in Section 5.03.

In no event shall the Attorney be required to refund monies already paid by the County pursuant to this Agreement if the County terminated this Agreement without cause.

**Section 5.03 Method of Computing *Pro Rata* Payment.** If this Agreement is terminated without cause, Section 5.02 will determine use of the following weighed *pro rata* formula:

5.04 **Termination of Cause.** The ADO may cancel and terminate this Agreement for cause, immediately, upon written notice to the Attorney. "Cause" includes, but is not limited to, the revocation or suspension of the Attorney's license to practice law, the failure of the Attorney to perform a material requirement of this Agreement. ## **Article VI. RECORDS OF CONFIDENTIALITY**

Section 6.01 **Confidentiality.** The Attorney, and his or her employees, agents, and subcontractors, shall comply with any and all applicable federal, state, or local laws which provide for the confidentiality of records and prohibits them from being opened for examination for any purpose without proper court or client authorization, including, but not limited to, Business and Professions Code section 6068 (e) and Rule 1.6 of the California Rules of Professional Conduct. Confidential medical or personal records and the identities of clients and complainants shall not be disclosed unless there is proper consent to such disclosure or a court order requiring disclosure. Confidential information gained by the Attorney from access to any such records, and from contact with the Attorney's clients and complainants, shall be used by the Attorney only in connection with provision of services under this Agreement.

Section 6.02 **Maintenance and Availability of Records.** The Attorney shall prepare and maintain all reports and records that may be required by federal, state, or county rules and regulations and the ADO, as Contract Administrator, and shall furnish such reports and records to the County of Monterey and to the state and federal governments, upon request in compliance with applicable rules of confidentiality.

As provided by Government Code § 8546.7, these audits will be confined to those matters connected with the performance of this Agreement, including but not limited to the costs of administering the Agreement.

Section 6.03 **Retention of Records.** The Attorney shall maintain and preserve all records related to this Agreement (and shall assure the maintenance of such records in the possession of any third party performing work related to this Agreement) for the minimum period as required by law or the professional rules for the retention of client records, but, in no event for less than minimum of three years from the date of the last action taken in the case.

## **Article VII. INDEMNIFICATION AND INSURANCE**

Section 7.01 **Indemnification.** Attorney shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from, and against, any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorney's fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the Attorney's performance of this Agreement, unless such claims, liabilities or losses arise out of the gross negligence or willful misconduct of the County. "Attorney's performance" includes Attorney's action or inaction and the action or inaction of Attorney's officers, employees, agents and subcontractors. The Attorney's obligation to defend, indemnify and hold harmless County shall survive the termination or expiration of this Agreement and shall extend for a term to include the statute of limitations applicable to claims arising out of Attorney's performance of this Agreement.

Section 7.02 **Insurance.** Without limiting Attorney's duty to indemnify, Attorney shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability.

Commercial general liability insurance, including but not limited to premises and operations, including coverage for Bodily Injury, Property Damage, Personal Injury, Contractual liability, Broad Form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.

Business automobile liability insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$500,000 per occurrence.

Workers' Compensation Insurance, if Attorney employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than \$1,000,000 each person, \$1,000,000 each accident, and \$1,000,000 each disease.

If professional

liability insurance is written on a “claims-made” basis rather than an occurrence basis, the Attorney shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage (“tail coverage”) with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

Other Insurance Requirements. All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date the Attorney completed its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty (30) days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Attorney and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontract showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as additional insureds, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the additional insureds shall not be called upon to contribute to a loss covered by the Attorney’s insurance.

Prior to the execution of this Agreement by the County, Attorney shall file Certificates of Insurance with the County’s ADO, as Contract Administrator, and with County’s Contracts/Purchasing Division, showing that the Attorney has, in effect, the insurance required by this Agreement. The Attorney shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

**Attorney shall, at all times during the term of this Agreement, maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County’s Contract Administrator and County’s Purchasing Division. If the certificates are not received by the expiration date, County shall notify Attorney and Attorney shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by Attorney to maintain such**

**insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.**

**Article VIII. NON-DISCRIMINATION**

**Non-Discrimination.** Attorney shall be required to submit and comply with the non-discrimination clause set forth below.

During the performance of this agreement, the Attorney shall not unlawfully discriminate against any employee, or applicant for employment because of race, religion, color, national origin, ancestry, physical handicap, medical condition, marital status, age (over 40), sexual preference, or gender. The Attorney shall ensure that the evaluation and treatment of his or her employees and applicants are free of such discrimination. The Attorney shall comply with the provisions of the California Fair Employment and Housing Act (Government Code §12900, *et seq.*) and the applicable regulations promulgated hereunder (California Code of Regulations, Title 2, § 7285.0, *et seq.*).

The applicable regulations of the Fair Employment and Housing Commission implementing Government Code § 12900, *et seq.*, set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full.

The Attorney shall include the non-discrimination and compliance provisions of the clause in all agreements with subcontractors to perform work under the contract.

## EXHIBIT A – DESCRIPTION OF SERVICES

Attorney shall accept all assignments from the ADO, pursuant to Penal Code § 987 *et seq.*, in which the court finds that the Public Defender has properly declined to represent the accused due to a conflict of interest. This obligation requires the Attorney to act as legal counsel and provide representation for indigent adult defendants charged with criminal offenses, including new felony and misdemeanor charges and probation violations.

The Attorney shall be assigned no more than 100 clients during the term of this Agreement. If a client has concurrent felony charges alleged in a separate Complaint, Information or Grand Jury Indictment, each will be counted as a separate client toward the 100-client contract maximum. However, a client who has concurrent felony violations of probation or post community release violations will constitute one client. Clients who: (a) cannot be represented due to conflict of interest; (b) retain private counsel, or; (c) successfully relieve counsel pursuant to *People v. Marsden* (1970), 2 Cal.3d 118, do not count toward the case limitation, unless the Attorney has performed significant work on the case. These limitations cannot be exceeded unless the parties mutually agree in writing to change these limitations.

The ADO Management Analyst shall assign cases to the multiple ADO Contractors in an equitable and efficient manner, but there is no assurance that cases will be assigned equally each month. Of the potential 100 clients assigned to each Contractor per year, there is no certainty that this amount will be divided equally each month. Contractor may, therefore, have high case volume months on occasion.

The class of cases in which the Attorney will be appointed are as follows:

1. Felonies, including felonies listed in Penal Code §§1192.7(c) (serious felonies) and 667.5(c) (violent felonies)
2. Murder cases except those in which special circumstances are alleged.

Legal representation includes all ethically and constitutionally required pretrial and trial services and post-trial motions but no appeals following conviction and sentencing other than filing the notice of appeal. Contractor does not continue to represent the indigent defendant in adult criminal cases in instances of violations of probation, unless a conflict is declared by the Public Defender and Contractor is specially assigned representation in such circumstances.

If the Court appoints the Attorney to represent Defendants in the following matters, the following special terms apply:

1. Special Circumstances Murder Cases. The Attorney shall not be appointed pursuant to this Agreement to murder cases in which special circumstances are charged.
2. In re Marsden. Where the Public Defender is relieved pursuant to a Marsden Motion, the Attorney shall accept a maximum of five such cases during the contract period and will be paid in accordance with Article IV of this Agreement, subject to the maximum compensation limit set forth in Section 4.02.
3. Retrials. In a case in which the Attorney represented a client, and where a new trial motion or a mistrial is granted to Attorney's client, Attorney shall be paid in these motions in accordance with Article IV of this Agreement, subject to the maximum compensation limit set forth in Section 4.02.
4. Motions to Withdraw Plea. The Attorney shall accept appointment for such motions where the Public Defender has declared a conflict of interest. The Attorney will be paid for representation in these motions in accordance with Article IV of this Agreement, subject to the maximum compensation limit set forth in Section 4.02.
5. Refusal of Public Defender to Accept Appointment because of Excessive Caseload. The Attorney shall not be responsible for, or required to accept, appointment in these cases. The Attorney and the ADO may agree to Attorney's appointment in these cases, in addition to the services and compensation provided by this Agreement, at the hourly rates set forth in Section 5.03(a) and (b).
6. Prison cases. The Attorney shall not be appointed pursuant to this Agreement on cases by prisoners where the charged conduct occurs on the California Department of Corrections and Rehabilitation grounds.
7. Sexually Violent Predators. The Attorney shall not be appointed pursuant to this Agreement on cases brought pursuant to Welfare and Institutions Code § 6600.
8. Witness Advisement. The Attorney shall accept appointment to represent witnesses in cases concerning the witnesses' Fifth Amendment and CCP 1219 rights. The Attorney will be paid for witness representation in these cases in accordance with Article IV of this Agreement, subject to the maximum limitation set forth in Section 4.02.
9. Discovery and Special Master. The Attorney shall not be appointed pursuant to this Agreement as a special master or to facilitate discovery matters.

10. Stand by Counsel. The Attorney shall not be appointed pursuant to this Agreement to act as Standby or Advisory Counsel.
11. Appellate Court Reversals and Other Orders. The Attorney shall not be appointed pursuant to this Agreement to cases returned to the trial court by the Appellate Court following orders made in appeals, writs or other extraordinary proceedings.
12. MDSO Proceedings. The Attorney shall not be appointed in MDSO proceedings.
13. Conservatorship and LPS Matters. The Attorney shall not be appointed pursuant to this Agreement in Conservatorship and LPS cases.

## **EXHIBIT B – Insurance Exemption**

### Workers Compensation Justification:

Notwithstanding Section 7.02 of this Agreement, at the time of execution of this Agreement, the Attorney does not have employees and therefore, does not carry Workers' Compensation Insurance coverage. Should the Attorney hire employees during the term of this Agreement, the Attorney shall comply with County's insurance requirements pertaining to Workers' Compensation, as described in Section 7.02 of this Agreement.

Approve and Authorize the Contracts/Purchasing Officer or Contracts/Purchasing Supervisor to Amend Agreement No. A-15703 with Precision Survey Supply, LLC., to include leasing services with GreatAmerica Financial Services Corporation for Laser Scanner equipment, effective from the date of execution through June 30, 2027.

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

a. Approve and Authorize the Contracts/Purchasing Officer or Contracts/Purchasing Supervisor to Amend Agreement No. A-15703 with Precision Survey Supply, LLC., to include leasing services with GreatAmerica Financial Services Corporation for Laser Scanner equipment, effective from the date of execution through June 30, 2027.

- 1. The section entitled "INSURANCE" is hereby deleted and replaced with the following:

"INSURANCE. You agree to either: (a) self-insure against (i) all risks of physical loss or damage to the Equipment for its full replacement value, and (ii) personal injury and damage caused by the Equipment; or (b) keep the Equipment fully insured against loss at its replacement cost, with us named as loss payee; and maintain comprehensive public liability insurance acceptable to us. In addition, you agree to provide us with proof of such insurance or a written statement that you are self-insured to meet your obligations hereunder no later than thirty (30) days following the commencement of this Agreement, and thereafter upon our written request. If you fail to obtain adequate insurance or fail to provide evidence of self-insurance acceptable to us as described herein within thirty (30) days of the commencement of the Agreement, We have the option, but not the obligation, to secure property loss insurance on the Equipment from a carrier of our choosing in such forms and amounts as we deem reasonable to protect our interests. If we place insurance on the Equipment; (x) We will not name you as an insured and your interests may not be fully protected; (y) You will pay us an amount for the premium which may be higher than the premium that you would pay if you placed the insurance independently and may result in a profit to us through an investment in reinsurance, and (z) any insurance proceeds received will be applied, at our option, (i) to repair, restore or replace the Equipment, or (ii) to pay us the remaining balance of the Agreement plus our estimated residual value, both discounted at 3% per year. Should you choose to comply with your obligations hereunder through a plan of self-insurance, you agree that we shall enjoy rights and benefits under your program of self-insurance that are no less broad than the rights and benefits we would have enjoyed as an additional insured and loss payee under a commercial insurance program."

- 2. The following sentence is hereby added to the section entitled "DEFAULT/REMEDIES":

"You will be notified upon any event of default and given 10 days from the notification date, to cure the default prior to us exercising any and all rights we have under this paragraph."

Except as specifically modified by this Amendment, all other terms and conditions of the Agreement remain in full force and effect. If, and to the extent there is a conflict between the terms of this Amendment and the terms of the Agreement, the terms of this Amendment shall control. A copy of this document containing your original or facsimile signature or other indication of your intent to agree to the terms set forth herein shall be enforceable for all purposes. **4.0 SCOPE OF SERVICES AND ADDITIONAL PROVISIONS:**

The following attached exhibits are incorporated herein by reference and constitute a part of this Agreement:

**Exhibit A Scope of Services/Payment Provisions**

**Exhibit B Other:**

5.0 PERFORMANCE STANDARDS:

- 5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.
- 5.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.
- 5.03 CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use County premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

6.0 PAYMENT CONDITIONS:

- 6.01 Prices shall remain firm for the initial term of the Agreement and, thereafter, may be adjusted annually as provided in this paragraph. The County does not guarantee any minimum or maximum amount of dollars to be spent under this Agreement.
- 6.02 Negotiations for rate changes shall be commenced, by CONTRACTOR, a minimum of ninety days (90) prior to the expiration of the Agreement. Rate changes are not binding unless mutually agreed upon in writing by the County and the CONTRACTOR.
- 6.03 Invoice amounts shall be billed directly to the ordering department.

The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice. The County shall certify the invoice, either in the requested amount or in such other amount as the County approves in conformity with this Agreement and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

7.0 TERMINATION:

- 7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

**Professional Liability Insurance:** if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail

coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

*(Note: any proposed modifications to these insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)*

#### 9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

**Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.** The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The required endorsement form for Automobile Additional Insured endorsement is ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of

this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

**10.0 RECORDS AND CONFIDENTIALITY:**

- 10.1 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.
- 10.2 **County Records:** When this Agreement expires or terminates, CONTRACTOR shall return to County any County records which CONTRACTOR used or received from County to perform services under this Agreement.
- 10.3 **Maintenance of Records:** CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.
- 10.4 **Access to and Audit of Records:** The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.
- 10.5 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

Upon request, County will deliver a copy of said contract to CONTRACTOR, at no cost to CONTRACTOR.

CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. **August 23, 2022**

**Introduced:** 7/27/2022

**Current Status:** Criminal Justice - Consent

**Version:** 1

**Matter Type:** BoS Resolution

Adopt a Resolution to:

- a. Amend the Sheriff's Office Budget Unit 2300-8238-Fund 001-Appropriation Unit SHE003 to reallocate and approve the reclassification of one (1) Management Analyst III to one (1) Program Manager II as indicated in Attachment A;
- b. Direct the County Administrative Office and the Auditor-Controller to incorporate the approved position changes in the FY 2022-23 Adopted Budget.

RECOMMENDATION:

It is recommended that the Board of Supervisors adopts a Resolution to:

- a. Amend the Sheriff's Office Budget Unit 2300-8238-Fund 001-Appropriation Unit SHE003 to reallocate and approve the reclassification of one (1) Management Analyst III to one (1) Program Manager II as indicated in Attachment A;
- b. Direct the County Administrative Office and the Auditor-Controller to incorporate the approved position changes in the FY 2022-23 Adopted Budget.

SUMMARY/DISCUSSION:

A classification study of a Management Analyst III position in the Jail Operations and Administration Unit was requested by the Sheriff's Office and approved by the Human Resources Department. The Human Resources Department contracted with the Segal Company to conduct the classification study. The objective of the study was to determine if the position is appropriately classified, and if not, to recommend a classification and salary that accurately reflects the duties currently assigned to the incumbent.

The classification study was conducted and found that the incumbent is performing duties related to strategic and operational management of rehabilitation programs (mental health and substance abuse) related to jail-based inmates and transitional community-based programs. The analysis determined that the Management Analyst III classification no longer aligns with the duties and responsibilities that the incumbent is currently performing and that it most closely aligns with the classification of Program Manager II.

Therefore, it is recommended that the Management Analyst III position be reallocated and that the incumbent be reclassified to the classification of Program Manager II.

OTHER AGENCY INVOLVEMENT:

The Board of Supervisors Budget Committee and Sheriff's Office have reviewed and concur with the recommendations. In addition, the County Employee Management Association (CEMA) has been

provided notice of these recommendations.

FINANCING:

The annualized increased cost of salary and benefits for the Sheriff's Office is estimated at \$11,542. The increased cost for FY 2022-23 is estimated at \$9,618, which will be absorbed by the Sheriff Office's adopted budget. Future year personnel costs will be included in the Office's requested budget.

BOARD OF SUPERVISORS' STRATEGIC INITIATIVES:

The proposed recommended actions address the Board of Supervisors Administration Strategic Initiative. The actions demonstrate the County's commitment to meeting the Board's initiatives in recruiting, retaining, and attracting a diverse, talented workforce that supports the mission of Monterey County.

LESSEE shall apply to make Modifications (as such term is defined below) to its Equipment by submitting all plans to LESSOR for LESSOR's prior approval, not to be unreasonably withheld, including geotechnical reports, foundation recommendations, structural analysis, specifications, working drawings and other information reasonably required by the LESSOR in connection with a proposed Modification, and LESSEE will be liable for the cost thereof. Any approved Modification shall be evidenced by an amendment to this Agreement. For the purposes of this Agreement, a "Modification" shall mean: (i) any change (including upgrade) to the Equipment as specified herein; (ii) any alterations in the frequency ranges or Federal Communications Commission ("FCC") licensed allocation or power levels; (iii) any addition of Equipment or occupation of additional space, or relocation of Equipment on the tower or on the ground, or relocation of ground space or equipment shelter space; or (iv) any repair to the Equipment that affects tower loading capacity.
- c. LESSOR's Improvements. LESSOR retains the right to make any improvements to the Premises and Property as reasonably deemed necessary by the LESSOR. Said improvements shall not be inconsistent with the LESSEE's use of the Premises. Nothing contained in this Agreement shall be deemed or construed in any way to limit the LESSOR's authority to exercise any right or power concerning the utilization of the Premises and Property. LESSEE's use of the Premises shall be subordinate to the LESSOR's use of the Property. LESSOR shall notify LESSEE of any intended

use of the Property by the LESSOR which may be reasonably expected to affect LESSEE's use of the Premises and any such use shall not be inconsistent with nor interfere with LESSEE's use of the Premises. Such notification shall be provided by the LESSOR to the LESSEE at least 5 business days in advance of activity that may impact or interfere with LESSEE's use of the Premises.

- d. Utilities. LESSEE shall pay for all electricity and other utilities it uses. If separate metering is unavailable, LESSEE shall pay a reasonable pro rata share of such costs representing its usage.
- e. Co-Location Lease Rights. Subject to the written approval of the LESSEE not to be unreasonably withheld, the LESSOR may lease space on the communications tower and Premises to additional telecommunications providers. Prior to granting approval for additional leases, LESSEE may request a reasonable assessment of the proposed activities to ensure additional uses do not impinge on the LESSEE's activities. LESSOR shall ensure that all additional lessee's telecommunication operations are consistent with the standards set forth in this Agreement and that appropriate governmental approvals are received.

#### 4. GOVERNMENTAL APPROVALS:

- a. Lessee's Performance Contingent on Approvals. It is understood and agreed that LESSEE's ability to use the Premises is contingent upon its obtaining, after the execution date of this Agreement, all of the certificates, permits and other approvals relating to the presence and operation of the Equipment at the Premises (collectively the "Governmental Approvals") that may be required by any Federal, State or Local authorities, including all applicable FCC requirements. This requirement includes any necessary construction, building or use permits and compliance with any progress inspections that may be required by any regulatory body. In the event that any of such applications for such Governmental Approvals should be finally rejected through no fault of LESSEE or any Governmental Approval issued to LESSEE is canceled, expires, lapses, or is otherwise withdrawn or terminated by governmental authority through no fault of LESSEE so that LESSEE in its sole discretion will be unable to use the Premises for its intended purposes or the LESSEE determines that the Premises are no longer technically compatible for its intended use, LESSEE shall have the right to terminate this Agreement. Notice of the LESSEE's exercise of its right to terminate shall be given to LESSOR in writing by certified mail, return receipt requested, and shall be effective upon the mailing of such notice by the LESSEE. Upon such termination, this Agreement shall be of no further force or effect except to the extent of the representations, warranties and indemnities made by each party to the other hereunder. Otherwise, all the parties shall have no further obligations, including the payment of money, to each other.

#### 5. INTERFERENCE:

- a. Interference to LESSEE's Operations. LESSOR agrees that neither LESSOR nor LESSOR's other users of the Property or property adjacent to the Property controlled or owned by LESSOR, whose communications equipment is installed or modified subsequently to LESSEE's Equipment ("Subsequent Use"), shall permit their communications equipment to interfere with LESSEE's permitted transmissions or reception. In the event that LESSEE experiences Radio Frequency ("RF") interference caused by such Subsequent Use, LESSEE shall notify LESSOR in writing of such RF interference and LESSOR shall cause the party whose Subsequent Use is causing said RF interference to reduce power and/or cease operations in order to correct and eliminate such RF interference within seventy-two (72) hours after LESSOR's receipt of such notice. In the event LESSOR is notified of any RF interference experienced by LESSEE alleged to be caused by a Subsequent Use, the entity responsible for the Subsequent Use shall be obligated to perform (or

cause to be performed) whatever actions are commercially reasonable and necessary at no cost or expense to LESSEE to eliminate such RF interference. LESSOR further agrees that any licenses or other agreements with third parties for a Subsequent Use will contain provisions that similarly require such users to correct or eliminate RF interference with LESSEE's operation of its Equipment following receipt of a notice of such interference.

**6. AUTHORIZED PERSONS, NOTICE RELATING TO ACCESS, PERMITS AND APPROVALS:**

- a. Authorized Persons. LESSEE's right of access shall be limited to authorized employees, contractors or subcontractors of LESSEE, or persons under their direct supervision.
- b. Permits, Authorizations and Licenses. LESSEE shall be solely responsible for obtaining and maintaining, at its own expense, all permits, authorizations, and licenses associated with its occupancy of Premises at the Property and utilization of Equipment thereon and shall promptly provide copies thereof to LESSOR.
- c. Zoning Approval. LESSEE must provide LESSOR with copies of any zoning application or amendment that LESSEE submits to the applicable zoning authority in relation to its installation or modification of Equipment at the Property. LESSOR reserves the right to require reasonable revisions to any such zoning application or amendment. LESSOR also reserves the right, prior to any decision by the applicable zoning authority, to approve or reject any conditions of approval, limitations or other obligations that would apply to the owner of the Property, or any existing or future Property licensee, as a condition of such zoning authority's approval; provided, however, LESSOR shall not unreasonably withhold or delay approval of any such conditions of approval, limitations or other obligations. LESSEE agrees that any Modification, or change in use of the Premises, as approved herein, may require an amendment hereto which may entitle LESSOR to additional compensation. LESSEE shall be solely responsible for all costs and expenses associated with (i) any zoning application or amendment submitted by LESSEE, (ii) making any improvements or performing any other obligations required as a condition of approval with respect to same and (iii) any other related expenses.

**7. LEASE FEE AND OTHER CHARGES:**

LESSEE shall pay the first Lease Fee within sixty (60) days after the Commencement Date (as such term is defined in Section 8 below). The Lease Fee shall be made payable by check to (need not be sent certified): Emily Gardner. For all subsequent years during the lease term, the LESSOR shall provide a written invoice to LESSEE prior to each anniversary of the Commencement Date. The County shall certify the invoice in conformity with this Agreement and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within thirty (30) days of receiving the certified invoice; provided, however, LESSOR's failure to submit any invoice in accordance herewith shall not be construed as a waiver of any right thereto.

**8. TERM OF AGREEMENT:**

- a. Term defined. The term of this Lease (“Lease Term”) shall be for twenty (20) years, commencing on July 01, 2022 (“Lease Commencement”) and ending on June 30, 2042, with rights of extension of the Lease Term as set forth in Section 10 below. Terms call for an annual escalator of 3%.

Fiscal Year 2022/2023	Fiscal Year 2023/2024	Fiscal Year 2024/2025	Fiscal Year 2025/2026	Fiscal Year 2026/2027	Fiscal Year 2027/2028	Fiscal Year 2028/2029	Fiscal Year 2029/2030	Fiscal Year 2030/2031	Fiscal Year 2031/2032

- b. Notice of termination. This Lease may be canceled by either party at any time upon providing ninety (90) days advance written notice to the other party. Upon providing termination notice to County, or upon receiving termination notice from County, Lessee shall remove its electronic equipment and improvements from the facilities by expiration of the ninety (90) day notice period.
- c. Effect of termination. Nothing in this section restricts County’s right to remove Lessee’s electronic equipment and/or improvements earlier than ninety (90) days, in its sole discretion, as set forth in this Agreement. Termination of this Lease does not terminate Lessor’s duty to defend, indemnify and hold County harmless, Lessor’s obligation to maintain sufficient insurance, nor Lessor’s obligation to repair and replace any damage to County’s facilities and telecommunications equipment, as provided in this agreement.

**9. FISCAL OUT CLAUSE:**

- a. Special Right to Terminate. Notwithstanding any other provisions of this Agreement, LESSEE may, at its sole option, terminate this Agreement by providing at least thirty (30) days prior written notice to LESSOR. Such termination shall be without penalty to LESSEE. Such right of termination shall not be construed so as to permit LESSEE to terminate this Agreement in order to lease other premises for a similar purpose in the same general area.

**10. OPTION TO EXTEND:**

- a. Option to Extend. At the option of LESSEE, this Agreement may be extended for one (1) additional five (5) year term (“First Extended Term”) on terms consistent with those herein, and upon the expiration of the First Amended Term, the LESSEE may renew the Lease for a second additional five (5) year term (“Second Extended Term”). LESSEE shall give LESSOR advance written notice of its intent to exercise its option to extend ninety (90) days prior to expiration of the initial Lease Term or the First Extended Term as applicable.

**11. ASSIGNMENT:**

- a. Restrictions on Assignment. Neither this Agreement nor any rights hereunder shall be sold, transferred, or assigned by the LESSEE without the written consent of LESSOR, which consent shall not be unreasonably withheld, conditioned or delayed, unless the assignment is to a non-governmental agency, in which case LESSOR may refuse to consent to the assignment at its

reasonably exercised discretion. Any such approved assignment shall be evidenced by a form provided by LESSOR and executed by LESSOR, LESSEE, and the assignee. Notwithstanding the above, LESSEE may assign this Agreement, without written consent by LESSOR upon one hundred eighty (180) days prior written notice to LESSOR, to LESSEE's principal, or any wholly owned subsidiary of its principal or to any entity which acquires all or substantially all of LESSEE's assets in the market defined by the FCC in which the Property is located by reason of a merger, acquisition, or other business reorganization, or to another government or quasi-government entity. LESSEE shall not share the use of its Equipment with any non-governmental third party.

**12. NOTICES:**

- a. Notice in Writing. Any demand or notice which either party shall be required, or may desire, to make upon or give to the other hereunder shall be in writing and shall be delivered (i) by established express delivery service which maintains delivery records, (ii) personally upon the other, or (iii) by prepaid certified or registered mail, return receipt requested. All notices shall be effective upon receipt, or upon attempted delivery if delivery is refused. The notices shall be sent to the parties at the following addresses:

To LESSEE:

County of Monterey  
Department of Information Technology  
Attn: Radio Manager  
1590 Moffett Street  
Salinas, CA 93905

To LESSOR:

Emily Gardner  
910 W. Carmel Valley Road  
Carmel Valley, CA 93924

- b. Modifications Permitted on Notice. Either party may, from time to time, designate any other address for this purpose by written notice to the other party. Either party for general communication may use telephone, email, or facsimile.

**13. ACKNOWLEDGMENT OF TITLE:**

- a. No Ownership Interest in Premises. It is understood and agreed that LESSEE, by the acceptance of this Agreement and by the use or occupancy of said Premises, has not acquired and shall not acquire hereafter any property rights or interest in or to said Premises (other than the leasehold interest granted herein), and LESSEE may use the Premises only as herein provided. LESSEE shall not have, nor will it obtain, any right or claim to the continued use of said Premises beyond that specifically given in this Agreement. LESSOR covenants that LESSEE, on paying the Lease Fee and performing all the terms, covenants, and conditions of this Agreement, shall peaceably and quietly have, hold and enjoy the Premises, subject to the terms, covenants and conditions set forth herein. LESSOR covenants that LESSOR has full power and authority to enter into and perform this Agreement and to grant the rights granted to LESSEE hereunder, subject to the terms, covenants and conditions set forth herein.

**14. REPAIRS:**

- a. LESSEE Responsible. LESSEE shall be responsible for all maintenance and repairs of LESSEE's Equipment, and LESSEE shall keep its installation, including but not limited to, fencing and screening, in good, neat and clean condition in conformity with the standards of the local governing body regulations and the Site Rules. LESSEE shall be responsible for the timely repair of all damage to the Premises and Property caused by the negligence or willful misconduct of LESSEE, its employees, agents, or business vendors.

**15. INSPECTION:**

- a. LESSOR's Inspection Rights. The LESSOR shall have the right at all times to enter upon said Premises to inspect the Equipment and determine if said use is to the satisfaction of LESSOR; provided, however, that LESSOR shall not alter, adjust, move, disrupt, or otherwise affect the operation of the LESSEE's Equipment, except as LESSOR may otherwise be permitted as set forth herein. If LESSOR alters, adjusts, moves, disrupts, or otherwise affects the operation of LESSEE's Equipment during the inspection in such a manner to cause damage to LESSEE's Equipment, LESSOR shall be liable for the actual, direct damages to the Equipment.

**16. INSURANCE AND INDEMNIFICATION:**

- a. Insurance Requirements. LESSEE, at LESSEE'S own expense throughout the Term of this agreement, as extended, shall comply with the insurance requirements attached hereto as Exhibit D and incorporated by reference herein. In the event that LESSEE is self-insured in any or all of the aforementioned insurance areas, a letter certifying that LESSEE is lawfully self-insured shall be furnished upon request of the LESSOR prior to execution of this Agreement, or during the term of the Agreement.
- b. Proof of Insurance. Upon the request of the LESSOR, the LESSEE shall deposit with LESSOR evidence of insurance or self-insurance in forms reasonably satisfactory to LESSOR, indicating compliance with the insurance provisions of this Agreement. LESSEE shall keep the insurance or self-insurance in effect throughout the Term of the Agreement, and as the same may be extended.
- c. Indemnification. LESSEE, during the term hereof, shall indemnify and hold harmless the LESSOR from and against any and all claims and demands for injuries to persons or loss of life, or damage to property, occurring within the Premises and arising out of the installation, operation, or maintenance of the Equipment on the Premises by the LESSEE, excepting however, such claims and demands for injuries to persons or loss of life, or damage to property, caused by acts or omissions of the LESSOR. LESSOR, during the term hereof, shall indemnify and hold harmless the LESSEE from and against any and all claims and demands for injuries to persons or loss of life, or damage to property, occurring within the Premises and arising out of the fault or negligence of the LESSOR.

**17. CONDEMNATION AND CASUALTY:**

- a. Rights of the Parties. If any part of the Property shall be condemned or taken under the power of eminent domain, LESSOR and LESSEE shall be entitled to assert their respective claims in accordance with applicable state law.

- b. Casualty. In the event that the Property, or any part thereof, is damaged by fire or other casualty not caused by LESSEE, LESSOR shall have ninety (90) days from the date of damage, if the damage is less than total destruction of the Property, in which to make repairs, and one hundred eighty (180) days from date of destruction, if the Property (including the tower structure) is destroyed, in which to replace the destroyed portion of the Property. If LESSOR fails for any reason to make such repair or restoration within the stipulated period and the damage or destruction effectively precludes LESSEE's use of the Property as authorized under this Agreement, then either party may, at its option, terminate this Agreement without further liability of the parties, as of the date of partial or complete destruction. If, for any reason whatsoever, LESSEE's use of the Property is interrupted due to casualty, in addition to the aforementioned termination right, LESSEE's sole remedy shall be abatement of the Lease Fee for the period during which LESSEE's use of the Property is interrupted.
- c. Force Majeure. Except with regard to repair of the Property as stated in this Section 18, LESSOR shall not be responsible for any damage caused by vandalism or acts of God. In no event shall LESSOR be liable to LESSEE for damage to the Equipment or interruption or termination of LESSEE's operations caused by forces majeure or acts of God.

#### **18. USE OF HAZARDOUS CHEMICALS:**

- a. LESSEE'S Duties. LESSEE must inform LESSOR if it will house batteries or fuel tanks at the Property. The use of any other hazardous chemicals at the Property requires LESSOR's prior written approval. LESSEE agrees to provide to LESSOR no later than each January 15th, an annual inventory of its hazardous chemicals at the Property. Upon LESSEE'S request, LESSOR shall supply copies of any "Phase I" environmental investigation reports in its possession for the Property, unless such delivery is prohibited by agreement with a third party. LESSEE may commission any "Phase I" environmental assessments at its own expense and shall provide copies of reports based on such studies to LESSOR. "Phase II" environmental assessments must be approved by LESSOR prior to initiation and a Phase II Environmental Investigation Access Agreement must be executed if LESSEE will use its contractor to perform the study. Notwithstanding the foregoing, the performance of any environmental study at the Property is subject to any restrictions in the Prime Lease.

#### **19. CONDITION OF PREMISES UPON TERMINATION, HOLDOVER:**

- a. Duties on Termination. Within ninety (90) days after termination or expiration of this Agreement, LESSEE at its sole cost and expense shall remove all of LESSEE's Equipment from the Premises to the extent reasonably requested by LESSOR and restore the Premises as nearly as possible to the condition in which it existed immediately prior to the Commencement Date, including, but not limited to, removing rooftop mounts and tie downs (if applicable), electrical conduits, cabling and switches, whether underground or above-ground, reasonable wear and tear excepted.
- b. Duties on Expiration or Termination. Should LESSEE's Equipment remain at the Property after the expiration or termination of this Agreement, no tenancy or interest in the Property shall result, but this "holding over" shall be an unlawful detainer and all such Equipment shall be subject to immediate removal. LESSEE shall, upon demand, pay to LESSOR, as a holdover fee, a sum equal to one-eighth (1/8) the annual Lease Fee (based on the amount of the Lease Fee at the time of said expiration or termination, for each month during which LESSEE shall "holdover" at the Property after the expiration or termination of this Agreement.

**20. TAXES:**

- a. Division of Taxes. LESSEE shall pay all personal property taxes assessed against the LESSEE's personal property that is located within the Property. LESSOR shall pay all real property taxes and all other fees assessed against the LESSOR's premises or LESSOR's personal property or improvements thereon owned and maintained by the LESSOR.

**21. DEFAULT, LESSOR'S REMEDIES:**

- a. Notice of Default. Notwithstanding any other provision to the contrary contained herein this Agreement, in the event there is a default by the LESSEE with respect to any of the provisions of this Agreement or its obligations under it, then the LESSOR shall give LESSEE written notice of such default.
- b. Opportunity to Cure. After receipt of such written notice, the LESSEE shall have ten (10) days to cure any monetary default and thirty (30) days to cure any non-monetary default (i.e., a default not related to timeliness of payments), provided that such thirty (30) day period will be extended as required if the nature of the cure is such that it reasonably requires more than thirty (30) days and the LESSEE commences the cure within the thirty (30) day period and thereafter continuously and diligently pursues the cure to completion. The LESSOR may not maintain any action or effect any remedies for default against the LESSEE unless and until the LESSEE has failed to cure the same within the time periods provided in this Section 21.
- c. Remedy on Termination after Default. In the event that LESSEE fails to cure a default within 30 days or as otherwise provided in this section, LESSOR may take possession of the Premises and remove all LESSEE improvements from the Premises in accordance with applicable laws. LESSOR shall invoice LESSEE, which invoice shall be accompanied by all supporting documentation for such time and costs and for any reasonable staff time related to removal of equipment resulting from default after LESSEE's receipt of written notice and opportunity to cure as defined in this section.

**22. GOVERNING LAW AND VENUE:**

- a. Choice of Law and Venue. The laws of the State of California, regardless of conflict of law principles, shall govern this Agreement. The duties and obligations of the parties created hereunder are performable in Monterey County, and the Superior Court of California, County of Monterey, shall be the sole and exclusive venue for any action or proceeding that may be brought or arise by reason or connection with this Agreement.

**23. SUBORDINATION, NON-DISTURBANCE AND ATTORNMENT:**

- a. Subordination. Subject to Section 23(b) below, this Agreement and LESSEE's rights hereunder are and will be subject and subordinate in all respects to: (i) any and all mortgages, deeds of trust or other deeds, and any similar security agreements that encumber the Property to secure the debt of LESSOR (collectively, "Security Instrument") from LESSOR in favor of any and all lenders, creditors, indenture trustees and similar parties (collectively, "Lender") insofar as the Security Instrument affects the property of which the Property forms a part; (ii) any and all advances to be

made thereunder; and (iii) any and all renewals, extensions, modifications, consolidations and replacements thereof. Said subordination is made with the same force and effect as if the Security Instrument had been executed prior to the execution of this Agreement.

- b. Non-Disturbance. The subordination described in Section 23(a) is conditioned upon the agreement by Lender that, so long as this Agreement is in full force and effect and LESSEE is not in material default (beyond applicable notice and cure periods) hereunder, Lender, for itself and on behalf of its successors in interest, and for any person acquiring title to LESSOR's interest in the real property of which the Property forms a part (an "Acquiring Party") through a Conveyance (as such term is defined in Section 23(c) below), agrees that the right of possession of the Property and all other rights of LESSEE pursuant to the terms of this Agreement shall remain in full force and effect and shall not be affected or disturbed by Lender in the exercise of its rights under the Security Instrument.
- c. Liability of Parties. LESSEE and LESSOR agree (i) that any exercise by a Lender of its rights under the Security Instrument, including a foreclosure, sheriff's or trustee's sale under the power of sale contained in the Security Instrument, the termination of any superior lease of the Property and any other transfer, sale or conveyance of the LESSOR's interest in the property of which the Property forms a part under peril of foreclosure or similar remedy, including, without limitation to the generality of the foregoing, an assignment or sale in lieu of foreclosure or similar remedy ("Conveyance") shall be made subject to this Agreement and the rights of LESSEE hereunder and (ii) that the parties shall be bound to one another and have the same remedies against one another for any breach of this Agreement as LESSEE and LESSOR had before such Conveyance; provided, however, that Lender or any Acquiring Party shall not be liable for any act or omission of LESSOR or any other predecessor-in-interest to Lender or any Acquiring Party. LESSEE agrees that Lender may join LESSEE as a party in any action or proceeding to foreclose, provided that such joinder is necessary to foreclose on the Security Instrument and not for the purpose of terminating this Agreement.
- d. Attornment. LESSEE agrees that, upon receipt by LESSEE of notice to attorn from Lender or any Acquiring Party, along with reasonable supporting documentation, (i) LESSEE shall not seek to terminate this Agreement and shall remain bound under this Agreement, and (ii) LESSEE shall attorn to, accept and recognize Lender or any Acquiring Party as the licensor or lessor hereunder pursuant to the provisions expressly set forth herein for the then remaining balance of the Term of this Agreement and any extensions or expansions thereof as made pursuant hereto. LESSEE agrees, however, to execute and deliver, at any time and from time to time, upon the request of Lender or any Acquiring Party any reasonable instrument which may be necessary or appropriate to evidence such attornment.

#### **24. COMPLIANCE WITH LAWS:**

- a. Agreement to Obey all Laws. LESSEE shall maintain and operate its Equipment during the term of this Agreement in compliance with all present and future rules and regulations of any local, State, or Federal authority having jurisdiction with respect hereto, including without limitation, the rules and regulations of the FCC, the Federal Aviation Administration (the "FAA"), and the Occupational Safety and Health Administration ("OSHA").

#### **25. RF EMISSIONS COMPLIANCE AND RF EXPOSURE:**

- a. Compliance. LESSEE is aware of its obligation to comply with all applicable rules and regulations of

the FCC pertaining to RF emissions standards, as well as applicable rules and / or regulations of any other federal or state agency (including but not limited to OSHA) having jurisdiction over the installation, operation, maintenance, and / or working conditions involving RF emissions and / or safety and work standards performed on or near communication towers and antennas. LESSEE agrees to be solely responsible for compliance with all applicable FCC and other governmental requirements with respect to installation, operation, and maintenance of its Equipment and for repairs to its Equipment at the Premises. LESSEE will immediately remedy its operations to comply with such laws, rules, and regulations as they apply to its operations and / or the operations of all licensed users at the Premises to comply individually and in the aggregate with all applicable FCC and other governmental RF emissions standards.

- b. Duty to Mitigate. LESSEE agrees to reduce power or suspend operation of its Equipment if necessary and upon reasonable notice to prevent exposure of workers or the public to RF radiation in excess of the then-existing regulatory standards.

## 26. LIENS:

- a. No Liens. LESSEE shall keep the Premises, the Property and any interest it or LESSOR has therein free from any liens arising from any work performed, materials furnished, or obligations incurred by or at the request of LESSEE, including any mortgages or other financing obligations, and shall discharge any such lien filed, in a manner satisfactory to LESSOR, within thirty (30) days after LESSEE receives written notice from any party that the lien has been filed.

## 27. MISCELLANEOUS:

- a. Prior Agreement Superseded. This Agreement, including the exhibits attached hereto, constitutes the entire agreement and understanding between the parties, and revokes and supersedes all other oral or written offers, negotiations, and other agreements between the parties, concerning the subject matter contained herein.
- b. Amendments. This Agreement may be amended or modified only by an instrument in writing signed by the LESSEE and the LESSOR.
- c. Integration. This Agreement, including the exhibits, represent the entire Agreement between the LESSEE and LESSOR with respect to the subject matter of this Agreement and shall supersede all prior negotiations, representations, or agreements, either written or oral, between the LESSEE and LESSOR as of the effective date of this Agreement, which is the date of later execution.
- d. No Waiver. No provision of this Agreement will be deemed to have been waived by either party unless the waiver is in writing and signed by the party against whom enforcement is attempted. No custom or practice which may develop between the parties in the administration of the terms of this Agreement shall be construed to waive or lessen any parties' right to insist upon strict performance of the terms of this Agreement. The rights granted in this Agreement are cumulative of every other right or remedy that the enforcing party may otherwise have at law or in equity or by statute, and the exercise of one or more rights or remedies will not prejudice or impair the concurrent or subsequent exercise of other rights or remedies.
- e. Non-exclusive Agreement. This Agreement is non-exclusive and both LESSEE and LESSOR expressly reserve the right to contract with other entities for the same or similar services subject to the terms of this Agreement.

- f. Authority. Any individual executing this Agreement on behalf of the LESSEE, or the LESSOR represents and warrants hereby that he or she has the requisite authority to enter into this Agreement on behalf of such party and bind the party to the terms and conditions of this Agreement.
- g. Successors and Assigns. Subject to any provision hereof restricting assignment or subletting by LESSEE, this Agreement shall bind the parties, their personal representatives, successors, and assigns.
- h. Severability. If any provision of this Agreement is invalid or unenforceable with respect to any party, the remainder of this Agreement, or the application of such provision to persons other than those as to whom it is held invalid or unenforceable, shall not be affected and each provision of this Agreement shall be deemed valid and enforceable to the fullest extent permitted by law. The parties agree to promptly renegotiate in good faith any provision held to be invalid or unenforceable under this section.
- i. Time is of the Essence. Time is of the essence in each and every provision of this Agreement.

**AB 1466 Compliance Services:**

1. Manually review all 'term and phrase' search results for accuracy and context via OCR results.
2. For items identified to be Restrictive Covenants, the following process will occur:
  - a. Review any suspected document to verify it contains a Restrictive Covenant.
  - b. Create a digital copy of the suspected Restrictive Covenant page from the original document and assemble all related pages into complete documents.
  - c. Redact the Restrictive Covenant language in a duplicate document ("modified document").
  - d. The modified document will be indexed in the same manner as the original document. It shall contain the recording reference of the original document in the form of a book and page and instrument number as present on the document itself along with recording date.
  - e. Both the original document and modified version will be available on a secure AB-1466 compliance site for County Recorder review. Redacted items are passed to County Counsel for review.
  - f. County Counsel will review the document with the options of rejecting or approving or modifying the redactions of the document prior to re-recording. All approval or rejection activities will be tracked.
  - g. If Counsel determines that a Restrictive Covenant exists within a document, the County Recorder shall record the modified document along with the County-provided cover page, according to AB-1466 requirements.
  - h. The original images in the Recorders data set will be maintained as-is (no redaction) for future reference and historical public request needs.

Approve and authorize the Chief Information Officer of the Information Technology Department to execute Amendment No 2 to the Site Lease Agreement with Weathertop Ranch, LLC to make site and radio communications equipment modifications in preparation for termination of the lease, and closure of the site for a final lease amount not to exceed \$100,000.

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

Approve and authorize the Chief Information Officer of the Information Technology Department to execute Amendment No 2 to the Site Lease Agreement with Weathertop Ranch, LLC to make site and radio communications equipment modifications in preparation for termination of the lease, and closure of the site for a final lease amount not to exceed \$100,000.

### SUMMARY:

The County and Weathertop Ranch LLC (“Weathertop”) entered into a lease agreement dated April 1, 2013, to house radio and communications equipment (the “Lease”) on the property located at 500 El Caminito Road, Carmel Valley, CA (the “Property”). The Property was recently sold, and the new owner has properly given the County notice of termination of the Lease through its attorney. Pursuant to the terms of the Lease, the County must return the property to its original state within 30 days. The parties now wish to amend the Lease to allow the lessor to have the option to undertake this obligation subject to a right to request reimbursement for actual costs.

### DISCUSSION:

The County and Weathertop entered into the Lease for the purpose of allowing the County to install, maintain, and operate radio communications equipment on the property. This site provided an emergency communications site for the County and other agencies operating in Monterey County.

In November 2017, the parties executed Amendment No. 1 to the Lease, which authorized the County to sublease space on the property to Pacific Gas & Electric Company (“PG&E”) for the purpose of adding additional communications equipment to improve communications throughout the County and assist in recovery and emergency response in the event of a natural disaster.

Weathertop recently sold the Property, and the new owner has given notice of termination of the Lease. Upon termination, the Lease requires the County to remove all equipment, restore and repair as needed any affected areas of the property, and return the Property to its original condition prior to vacating the premises. The County has notified its sublessee, PG&E of this request and they have

vacated the property. In addition, the Information Technology Department has secured a different emergency communications site that the County can relocate to with no interruption in emergency communications services.

The approval of Amendment No 2 will allow the County to timely vacate the property, thereby reducing costs as well as the risk of litigation.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed and approved the Amendment No 2 to the Site Lease Agreement.

FINANCING:

No additional funds are required as the cost of this site lease is covered by The Next Generation Radio System Project users, who are aware of this additional expense. The cost was included in the FY22-23 Approved Budget for the Information Technology Department, ITD 1930, Appropriations Unit INF002.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

belonging to LESSOR, LESSEE shall take all steps necessary to resolve and eliminate such interference at LESSEE's sole cost and expense. LESSOR acknowledges that interference may emanate from different sources, and LESSEE shall only be responsible to correct interference caused by LESSEE's Equipment.

**SECTION 2: LEASE FEES:** For the rights granted under this Agreement, LESSEE shall pay to LESSOR a lease fee of \$500 ("Lease Fee") annually. LESSEE shall pay the first annual Lease Fee on the Effective Date, and then LESSEE shall pay each subsequent annual Lease Fee on the anniversary of the Effective Date. **SECTION 3: TERM / TERMINATION:** The initial term of this Agreement shall be for five (5) years commencing on the Effective Date. If at the end of the third (3rd) five (5) year extension term this Agreement has not been terminated, this Agreement shall continue in force upon the same covenants, terms and conditions for a further term of five (5) years and for five (5) year terms thereafter until terminated according to the provisions of this Agreement. LESSEE shall have the right to terminate this Agreement upon 30 days' notice to LESSOR. LESSOR shall have the right to terminate this Agreement upon 30 days' notice to LESSEE. In the event of termination of this Agreement, LESSEE shall remove the Equipment and repair and restore the affected areas of the Premises prior to the termination of this Agreement, and to the extent reasonably requested by LESSOR, restore the Premises as nearly as possible to the condition in which it existed immediately prior to the date that LESSEE first began utilizing the Premises.

**SECTION 4: DEFAULT:** Notwithstanding any other provision to the contrary contained herein, in the event there is a default by the LESSEE with respect to any of the provisions of this Agreement or its obligations under it, the LESSOR shall give LESSEE written notice of such default. After receipt of such written notice, the LESSEE shall have thirty (30) days in which to cure any default, provided the LESSEE shall have such extended period as may be required beyond the thirty (30) days if the nature of the cure is such that it reasonably requires more than thirty (30) days and the LESSEE commences the cure within the thirty (30) day period and thereafter continuously and diligently pursues the cure to completion. The LESSOR may not maintain any action or effect any remedies for default against the LESSEE unless and until the LESSEE has failed to cure the same within the time periods provided in this paragraph.

**SECTION 5: NOTICES** Any demand or notice which either party shall be required, or may desire, to make upon or give to the other shall be in writing and shall be delivered personally upon the other or be sent by prepaid certified mail and shall be effective as of the date sent to the respective parties as follows:

damage to property, relating to this Agreement and/or arising out of the installation, operation or maintenance of the Equipment on the Premises by the LESSEE, excepting however, such claims and demands for injuries to persons or loss of life, or damage to property, caused by the gross negligence or intentional acts or omissions of the LESSOR. - B. INSURANCE REQUIREMENTS:** LESSEE throughout the term of this Agreement, as extended, shall comply with the insurance requirements described in this Agreement. In the event that LESSEE is self-insured in any or all of the required insurance areas, a letter certifying that LESSEE is lawfully self-insured shall be furnished upon request of the LESSOR prior to execution of this Agreement or during the term of the Agreement. The procuring of the policy or policies of insurance or certifications of self-insurance as required under this Agreement shall be construed to fulfill the indemnification provisions of this Agreement. The General and Automobile Liability policies shall be endorsed to contain, or the LESSEE shall agree to provide comparable coverage under its self-insurance programs, the following provisions: (1) The LESSOR, its owners, and managers are to be covered as additional insureds; (2) LESSEE's insurance coverage shall be primary insurance as respects LESSOR, its owners, managers, officers, employees, agents and contractors. Any insurance or self-insurance maintained by LESSOR, its officers, employees, agents or contractors shall be in excess of LESSEE's insurance and shall not contribute with it; (3) Any failure to comply with reporting provisions of the policies by LESSEE shall not affect coverage provided LESSOR, its officers, employees, agents, or contractors; (4) Coverage shall state that LESSEE's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability; (4) The minimum limits of such coverage shall be \$1,000,000 per occurrence and in the aggregate; (5) LESSEE shall be responsible for the full amount of any deductibles or self-insured retentions, and LESSOR shall not be called upon to satisfy such amounts in order to receive the benefits of the protection. Each insurance policy required by this Agreement, or the LESSOR shall similarly agree to communicate under its self-insurance program, shall be endorsed to state that coverage shall not be suspended, voided, canceled, or reduced in limits except after thirty (30) days' prior written notice has been given to LESSOR. Upon request, LESSEE shall furnish LESSOR with certificates of insurance and with endorsements affecting coverage required by this Agreement upon LESSOR's request. LESSEE shall keep the insurance or self-insurance in effect throughout the term of the Agreement and as the same may be extended.

**SECTION 7: ACKNOWLEDGMENT OF TITLE:** It is understood and agreed that LESSEE, by the acceptance of this Agreement and by the use or occupancy of said Premises, has not acquired and shall not acquire hereafter any property rights or interest in or to said Premises (other than the leasehold interest granted herein), and LESSEE may use the Premises only as herein provided. LESSEE shall not have, nor will it obtain, any right or claim to the continued use of said Premises beyond that specifically given in this Agreement. LESSOR covenants that LESSEE, on paying the Lease Fee and performing the covenants, shall peaceably and quietly have, hold and enjoy the Premises. LESSOR covenants that LESSOR is seized of good and sufficient title and interest to the Premises and has full authority to enter into and execute this Agreement. LESSOR further covenants that there are no other liens, judgments or impediments of title on the Premises or affecting LESSOR's title to the same and that there are no covenants, easements or restrictions which prevent the use of the Premises by the LESSEE as set forth above.

**SECTION 8: RECORDING:** LESSOR agrees to execute a Memorandum of this Agreement that LESSEE may record with the appropriate Recording Officer. The date set forth in the Memorandum of Lease is for recording purposes only and bears no reference to commencement of either term or Lease Fee payments.

LESSOR shall pay all real property taxes and all other fees on the LESSOR's premises or LESSOR's personal property or improvements thereon owned and maintained by the LESSOR.

**SECTION 10: SUBORDINATION AND NON-DISTURBANCE:** At LESSOR's option, this Agreement shall be subordinate to any mortgage or other security interest by LESSOR which from time to time may encumber all or part of the Premises or right-of-way; provided, however, every such mortgage or other security interest shall recognize the validity of this Agreement in the event of a foreclosure of LESSOR's interest and also LESSEE's right to remain in occupancy of and have access to the Premises as long as LESSEE is not in default of this Agreement. LESSEE shall execute whatever instruments may reasonably be required to evidence this subordination clause. In the event the Premises are encumbered by a mortgage or other security interest, the LESSOR, immediately after this Agreement is executed, will obtain and furnish to LESSEE a non-disturbance agreement for each such mortgage or other security interest in recordable form. A general template shall be provided by LESSEE upon request. In the event the LESSOR defaults in the payment and/or other performance of any mortgage or other security interest encumbering the Premises, LESSEE may, at its sole option and without obligation, cure or correct LESSOR's default and upon doing so, LESSEE shall be subrogated to any and all rights, titles, liens and equities of the holders of such mortgages or security interest and the LESSEE shall be entitled to deduct and setoff against all rents that may otherwise become due under this Agreement the sums paid by LESSEE to cure or correct such defaults.

**SECTION 11: JURISDICTION AND COMPLIANCE WITH LAWS:** The laws of the State of California shall govern this Agreement. The duties and obligations of the parties created hereunder are performable in Monterey County, and Monterey County shall be the venue for any action or proceeding that may be brought or arise by reason or connection with this Agreement. Any amendments to this Agreement must be in writing and executed by both parties.
- B. **WAIVER:** Any waiver of any terms and conditions of this Agreement must be in writing and signed by the LESSEE and the LESSOR. A waiver of any of the terms and conditions of this Agreement shall not be construed as a waiver of any other terms or conditions of this Agreement.

## Grant Subaward Budget Narrative

Grant Subaward #: \_\_\_\_\_

Subrecipient: Monterey County Office of Emergency Services

a. Big Sur CERT's budget focuses and ensures training through: 3 full CERT Refresher courses, a CERT Refresher Zoom 3 class package, a CPR course, and an administrative laptop. CERT members taking refresher courses will have the ability and readiness to respond to emergencies in the community. Big Sur CERT's training is instructor-led, classroom-based, and follows the 20-hour FEMA CERT training curriculum.

Carmel Valley CERT's budget focuses on a CERT course for new members and field operation training kits will ensure the group can expand membership. The field training kits/equipment for potential activations including: firefighter rehabilitation, traffic control, and light search and rescue will be particularly important for new members to ensure safety, and hands on training.

Both CERT programs focus train with their other emergency services partners so that they complement their expertise and capabilities

b. Funding will follow Monterey County Guidelines for awarded funds and will be allocated for training and equipment. All training will be conducted by appropriately qualified instructors and follow established FEMA and AHA guidelines.

## Grant Subaward Programmatic Narrative

Grant Subaward #: \_\_\_\_\_

Subrecipient: Monterey County Office of Emergency Services

Problem Statement: The Monterey County Office of Emergency Services' Big Sur and Carmel Valley CERT programs serve communities that are vulnerable to a range of hazards including wildfire, winter storms, debris flows/flooding, and earthquakes to name a few. Both areas are particularly vulnerable to wildfire as seen through the 2022 Colorado Fire, 2021 Willow Fire, and the 2020 Carmel, River and Dolan Fires, creating secondary debris and flood flow hazards in the burn scar footprints during winter storms. In addition, the communities include underserved populations that are economically diverse, and include a range of residents, workers, and visitors and benefit from well-trained CERT members.

Big Sur CERT has been in place since 2009, forming after the Basin Complex fire; there was a need to support property owners and assist them in protecting their home. The team leaders are Martha Karstens and Hal Latta, both with years of experience with the local Red Cross and Big Sur Fire. They have an established CERT member ship that will allow all refresher courses to be put to good use. They do not receive funding from the county, a critical gap Listos funding will fill for the requested refresher CERT trainings. Carmel Valley CERT is a newer CERT program led by Greg and Carolyn Profeta; both are active members of other Operational CERT teams and have been building capacity within the Carmel Valley. The

Carmel Valley is vulnerable to large wildfires, including the 2020 Carmel Fire, and services a diverse range of residents, workers, and visitors. A key gap for the Carmel Valley CERT is also a lack of funding and the need to grow its CERT members. The Listos funding would enable this CERT team to expand their membership to the vulnerable residents. In addition, it would prepare the CERT team to deliver services to community members, including those with access and functional needs.

Big Sur CERT members seeking refresher CERT training courses are residents of the Big Sur Area—it has an economically diverse group that lives in the vulnerable area of the county—the single egress/ingress of Highway 1 often creates pockets that can become trapped during evacuations. Their interest and engagement through Big Sur CERT will allow for the delivery of trainings to this vulnerable and diverse group. Carmel Valley CERT is seeking to expand its membership by providing trainings to new members. The community is particularly vulnerable to wildfire and has residents interested in CERT courses. Both CERT teams have strong leadership and are in communities with residents that are vulnerable to hazards with underserved populations.

Program Plan:

- 1) Big Sur CERT has a robust membership that has received FEMA certified CERT trainings. Big Sur CERT is focused on perform the following preparedness and/or disaster response-related activities during the performance period that the grant funding will directly pay for: 3 full CERT refresher trainings, 1 CPR class for 40 individuals, and a CERT Refresher Zoom Package of 3 classes. These trainings will allow Big Sur CERT members to continue to offer their range of activation services during EOC activations.

Carmel Valley CERT has a dedicated leadership team looking to expand community membership. The funding will allow additional CERT members to be trained—expanding the team. In addition, the field training supplies for Fire Rehabilitation, Traffic Control, light search and rescue will allow existing and new members to train with on hands equipment that will be utilized during activations. This ensures both safety and proper training with the appropriate equipment.

- 2) Big Sur and Carmel Valley CERT serve approximately 3,000 and 4,500 respective permanent and seasonal residents in addition to a robust

tourism industry that includes roughly 4 million visitors who drive down Highway 1 to visit the coast and Carmel Valley: regardless of race, sexual orientation, access and functional need status, or socioeconomic standing. These communities are historically vulnerable to wildfire with Highway 1 being a ingress and egress route for Big Sur and Carmel Valley with a history of large wildfires and include populations that are both affluent and working class. While CERT training is conducted in English, there are several bilingual members including Spanish speakers. This asset comes into play when serving may of the more at-risk segments of the community. Ensuring that these regions have trained CERT members will ensure that any activations operations conducted in these areas have positive outcomes to the diverse residents, workers, and visitors that are impacted by local hazards.

Departmental Information Systems Manager II is performing the job duties within scope of the Information Technology Manager classification; and 2) Departmental Information Systems Coordinator is performing the job duties within scope of the Information Systems Support Specialist classification.

For these reasons, it is recommended that the Departmental Information Systems Manager II be reallocated to the classification of Information Technology Manager and that the Departmental Information Systems Coordinator be reallocated, and the incumbent be reclassified to the Information Support Specialist classification.

## Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

Legistar File Number: A 22-430

August 23, 2022

**Introduced:** 7/27/2022

**Current Status:** RMA Public Works -  
Consent

**Version:** 2

**Matter Type:** BoS Agreement

Approve and authorize the Contracts/Purchasing Officer or Contracts Purchasing Supervisors to execute a Standard Agreement between the County of Monterey and Val's Plumbing & Heating, to provide routine plumbing maintenance work for County-owned and managed facilities, for a total not to exceed amount of \$50,000, with a retroactive term from December 12, 2021 to December 11, 2022.

### RECOMMENDATION:

It is recommended that the Board of Supervisors approve and authorize the Contracts/Purchasing Officer or Contracts Purchasing Supervisor to execute a Standard Agreement between the County of Monterey and Val's Plumbing & Heating, to provide routine plumbing maintenance work for County-owned and managed facilities, for a total not to exceed \$50,000, with a retroactive term from December 12, 2021 to December 11, 2022.

### SUMMARY/DISCUSSION:

Routine plumbing maintenance and repair is critical to maintaining County facilities. Public Works, Facilities and Parks (PWWP) staff utilize Countywide Service Agreements (CSA) for routine plumbing and maintenance work under \$4,000 per work order. Plumbing repair and maintenance work exceeding \$4,000 has previously been procured on an emergency basis to keep County facilities operational, including leak repairs and backflow repair and replacement. This agreement is being executed in order to process invoices for this work. A request for proposals (RFP) for plumbing maintenance work over \$4,000 per work order is currently in development. Future work will be procured under any new contract(s) resulting from the planned RFP.

### OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel-Risk Manager and Auditor-Controller's Office have reviewed and approved the PSAs as to form and fiscal provisions, respectively.

### FINANCING:

There is sufficient funding in the PWWP facilities budget to cover the cost of these invoices.

### BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The recommended actions support the Board of Supervisors Strategic Initiatives for Infrastructure and Public Safety. Regular maintenance and quick repair response times are necessary to maintain safe, properly operating facilities and facilitate delivery of core County services.

## Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

**Legistar File Number: A 22-430**

**August 23, 2022**

**Introduced:** 7/27/2022

**Current Status:** Agenda Ready

**Version:** 2

**Matter Type:** BoS Agreement

Approve and authorize the Contracts/Purchasing Officer or Contracts Purchasing Supervisors to execute a Standard Agreement between the County of Monterey and Val's Plumbing & Heating, to provide routine plumbing maintenance work for County-owned and managed facilities, for a total not to exceed amount of \$50,000, with a retroactive term from December 12, 2021 to December 11, 2022.

**RECOMMENDATION:**

It is recommended that the Board of Supervisors approve and authorize the Contracts/Purchasing Officer or Contracts Purchasing Supervisor to execute a Standard Agreement between the County of Monterey and Val's Plumbing & Heating, to provide routine plumbing maintenance work for County-owned and managed facilities, for a total not to exceed \$50,000, with a retroactive term from December 12, 2021 to December 11, 2022.

**SUMMARY/DISCUSSION:**

Routine plumbing maintenance and repair is critical to maintaining County facilities. Public Works, Facilities and Parks (PWWP) staff utilize Countywide Service Agreements (CSA) for routine plumbing and maintenance work under \$4,000 per work order. Plumbing repair and maintenance work exceeding \$4,000 has previously been procured on an emergency basis to keep County facilities operational, including leak repairs and backflow repair and replacement. This agreement is being executed in order to process invoices for this work. A request for proposals (RFP) for plumbing maintenance work over \$4,000 per work order is currently in development. Future work will be procured under any new contract(s) resulting from the planned RFP.

**OTHER AGENCY INVOLVEMENT:**

The Office of the County Counsel-Risk Manager and Auditor-Controller's Office have reviewed and approved the PSAs as to form and fiscal provisions, respectively.

**FINANCING:**

There is sufficient funding in the PWWP facilities budget to cover the cost of these invoices.

**BOARD OF SUPERVISORS STRATEGIC INITIATIVES:**

The recommended actions support the Board of Supervisors Strategic Initiatives for Infrastructure and Public Safety. Regular maintenance and quick repair response times are necessary to maintain safe, properly operating facilities and facilitate delivery of core County services.

In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. **RECOMMENDATION:**

It is recommended that the Board of Supervisors:

- a. Award a contract to Granite Rock Company, the lowest responsible bidder for the Toro Road Embankment Failure, Project No. 621082, Federal Aid Project No: PA-09-CA-4301-PW-00671 in the total amount of \$1,327,542;

- d. Authorize the Director of Public Works, Facilities and Parks to execute the contracts and, subject to the provisions of the Public Contract Code and Board Policies as applicable, approve change orders to the contract that do not exceed ten percent (10%) of the original contract amount and do not significantly change the scope of work; and
- e. Authorize the Director of Public Works, Facilities and Parks to execute a Certificate of Completion and record a Notice of Completion with the County Recorder when the Director determines that the contract is complete in all respects in accordance with Plans and Special Provisions for the construction of the Toro Road Embankment Failure, Project No. 621082, Federal Aid Project No: PA-09-CA-4301-PW-00671.

SUMMARY/DISCUSSION:

The Public Works, Facilities and Parks Department (PWFP) proposes to implement the Toro Road Emergency Storm Damage Project (Project) to address undermining and slip out of an approximately 160-foot-long section of Toro Road. This segment of Toro Road was damaged during the winter storms of 2017. The 2017 Winter Storms were declared a Natural Disaster by President Trump, and Monterey County became eligible to receive financial assistance from the California Office of Emergency Services (Cal OES) and the Federal Emergency Management Agency (FEMA) to repair the damaged infrastructure due to the winter storms. The Board of Supervisors approved a list of 2017 Winter Storm Projects that were obligated for reimbursement, and this Project is part of that list.

On June 7, 2022, the Board of Supervisors adopted the Plans and Special Provisions for the Toro Road Embankment Failure Project, Project No. 621082, Federal Aid Project No: PA-09-CA-4301-PW-00671. The project was subsequently advertised, and bids were received and opened on July 8, 2022. A total of three (3) bids were submitted for the project. The lowest responsible, responsive bidder was Granite Rock Company, Inc, with a bid of \$1,327,542.00. The second bidder was Gordon N. Ball, Inc, with a bid amount of \$1,533,734.25.

In accordance with the California Environmental Quality Act (CEQA), PWFP filed a Notice of Exemption on September 7, 2021. The project has been determined to be categorically exempt (Class 1) because the project is to perform repair and maintenance of existing streets and similar facilities which involve no expansion of an existing use (See CEQA Guidelines, California Code of Regulations [CCR] Section 15301 Existing Facilities). FEMA, as the designated lead for the National Environmental Policy Act (NEPA), determined that the Project is Categorically Excluded from the need to prepare either an Environmental Impact Statement or Environmental Assessment in accordance with FEMA Instruction 108-1-1 and DHS Instruction 023-01-001-01.

Construction is anticipated to begin in October 2022 and is scheduled to take ninety (90) working days, with anticipated completion in April 2023.

OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel and Contracts/Purchasing attended the bid openings and reviewed the bids for conformance with applicable regulations. The Office of the County Counsel-Risk Management, and Auditor-Controller's Office have reviewed and approved the contracts and bonds as to form, insurance and indemnification, and fiscal provisions, respectively.

FINANCING:

The County was awarded a total of \$472,380.94 from FEMA and Cal OES toward the Toro Road Embankment Failure Project repairs based on the initial project cost.

Staff has completed the plans and specification and develop a detailed project cost for these repairs that includes environmental, engineering and construction. The total project cost is \$2,122,313. Since the project cost is much higher than the initial cost, staff anticipates FEMA and CAL OES reimbursements to cover the actual eligible cost. Thus, a total of \$1,369,028 of the project is funded

by FEMA/Cal OES grant funds and \$753,285 is to be funded with County Measure X funds. FEMA/Cal OES program guidelines do not allow funding repairs needed to address normal wear of the roadway. These programs focus on funding projects that return the effected infrastructure to its pre-storm conditions and not for any infrastructure betterments.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

These projects, which will extend the useful life of the County's transportation infrastructure, support the following Board of Supervisors Strategic Initiatives.

- Administration
- Health & Human Services
- Infrastructure
- Public Safety

TORO ROAD EMBANKMENT FAILURE PROJECT  
PROJECT NO. 621082  
FEDERAL AID PROJECT NO: PA-09-CA-4301-PW-00671

WHEREAS, Principal, as Contractor, is required to furnish a bond in connection with said Contract, to secure the faithful performance of said Contract.

NOW, THEREFORE, we Granite Rock Company, as Principal, and Western Surety Company as Surety, are held and firmly bound unto the County of Monterey, a political subdivision of the State of California (hereinafter called "County"), in the penal sum of One million three hundred twenty-seven thousand five hundred forty-two and no/100ths Dollars (\$ 1,327,542.00), for the payment of which sum in lawful money of the United States, well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH THAT:

If the Principal, as Contractor, or Principal's heirs, executors, administrators, successors, or assigns, (1) shall in all things stand to and abide by and well and truly keep and perform the covenants, conditions, and agreements in said Contract and any alteration thereof made as therein provided, on Principal's part to be kept and performed, at the time and in the manner therein specified and in all respects according to their true intent and meaning, and (2) shall defend, indemnify and save harmless the County, the members of its board of supervisors, and its officers, agents and employees as therein stipulated, then this obligation shall become null and void; otherwise, it shall be and remain in full force and virtue.

Surety hereby stipulates and agrees that no change, extension of time, alteration, or addition to the terms of the Contract or the call for bids, or to the work to be performed thereunder, or the specifications accompanying the same, shall in any way affect its obligation under this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of said Contract or the call for bids, or to the work, or to the specifications.

Whenever the Principal, as Contractor, is in default, and is declared in default, under the Contract by the County of Monterey, the County of Monterey having performed its obligation under the Contract, Surety may promptly remedy the default, or shall promptly:

- (1) Complete the Contract in accordance with its terms or conditions, or
- (2) Obtain a bid or bids for submission to County of Monterey for completing the Contract in accordance with its terms or conditions, and upon determination by County of Monterey and Surety of the lowest responsible and responsive bidder, arrange for a Contract between such bidder and County of Monterey, and make available as work progresses (even though there should be a default or a

succession of defaults under the Contract or Contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the balance of Contract price.

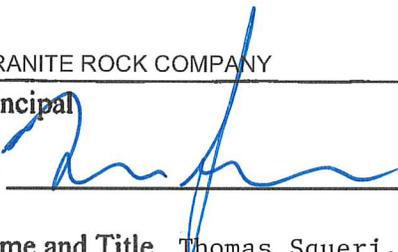

If suit is brought upon this bond by the County and judgment is recovered, the Surety shall pay all litigation expenses incurred by the County in such suit, including attorney's fees, court costs, expert witness fees and investigation expenses.

IN WITNESS WHEREOF, the above bounden parties have executed this instrument under their several seals this 19th day of July, 2022, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

## ADDITIONAL INSURED – AUTOMATIC STATUS AS REQUIRED BY CONTRACT – BLANKET

This endorsement modifies insurance provided under the following:

### COMMERCIAL GENERAL LIABILITY COVERAGE PART

#### SCHEDULE

Any person or organization that you are required by written contract to include as an additional insured on this policy if the contract is executed prior to the loss.

- A. Who is an Insured (Section II) is amended to include as an insured any person or organization shown in the above SCHEDULE (called additional insured), but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" arising out of your premises or your operations for the additional insured, and only to the extent and for the minimum limits required in the written contract.
- B. The insurance provided to the additional insured is subject to the following limitations:
1. Unless required by written contract, this insurance does not apply to "bodily injury" or "property damage" occurring after "your work" for the additional insured has been completed or after that portion of "your work" out of which the "bodily injury" or "property damage" arises has been put to its intended use by any person or organization, whichever occurs first.
  2. Unless specifically required by written contract, this insurance does not apply to "bodily injury" or "property damage" arising out of the sole negligence, act or omission of the additional insured.
  3. This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" for which the additional insured is obligated to pay damages by reason of the assumption of liability in a contract or agreement except to the extent that the additional insured would have been obligated to pay such damages in the absence of the contract or agreement.
  4. This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering or failure to render any professional services by any insured or on any insured's behalf, including:
    - a) The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders, drawings or specifications; and
    - b) Supervisory, inspection, architectural or engineering services.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services.
  5. This endorsement shall not apply to a person or organization if any other additional insured endorsement attached to this policy specifically applies to that person or organization.
  6. The insurance afforded herein only applies to the extent permitted by applicable state law, including statutes governing additional insured coverage in the construction industry.
  7. The insurance afforded to the additional insured shall not exceed the minimum limits required in the written contract.
- C. In no event shall the insurance provided to the additional insured exceed the scope of coverage, including minimum limits, required by the contract. If a written contract or agreement requires that additional insured status be provided by the use of specified edition dates of the ISO CG2010 and/or CG2037, then the terms of that endorsement are incorporated into this endorsement as respects such additional insured and shall supersede the coverage grant and limitations in Sections A. and B. of this endorsement. In the event that CG2010 and/or CG2037 are required but no edition dates are specified, the 04/13 editions shall apply.
- D. This insurance is excess to any other insurance, whether primary, excess, contingent or on any other basis, available to the additional insured unless a written contract requires that this insurance be primary or primary and non-contributing. However, this insurance is always excess to other insurance, whether primary, excess, contingent or on any other basis, when the additional insured has been added to the other insurance as an additional insured.

Nothing herein contained shall be held to vary, alter, waive or extend any of the terms, conditions, provisions, agreements or limitations of the mentioned Policy, other than as above stated.

Authorize the Contracts/Purchasing Officer or Contracts/Purchasing Supervisor to execute future amendments to Professional Services Agreement No. A-12657 to extend the term beyond the original term authorized in RFQ #10490 where the amendments do not significantly alter the scope of work or increase the approved Agreement amount.

### SUMMARY:

To expedite project delivery, the Department of Public Works, Facilities and Parks (PWWP) (formerly the Resource Management Agency) grouped similar projects together and hired one (1) consultant team to move these projects through the design, environmental, permitting, and right-of-way phases simultaneously. Grouping similar projects increases efficiency, provides economies of scale, and allows County staff to manage multiple projects through to completion.

To this end, Request for Qualifications (RFQ) #10490 was issued for five (5) projects: Gonzales River Road Bridge Replacement, County Bridge No. 309, Bradley Road Bridge Scour Repair, County Bridge No. 448, Robinson Road Bridge Scour Repair, County Bridge No. 503, Hartnell Road Bridge Replacement, County Bridge No. 209, and Johnson Road Bridge Replacement, County Bridge No. 106. As a result of this competitive process, a design team headed by TRC Engineers, Inc. (TRC) (design) and including LSA Associates, Inc. (environmental and permits), WRECO (hydrology), Whitson and Associates, Inc. (survey and right-of-way), Quincy Engineering, Inc. (structural design), and Parikh Consultants, Inc. (geotechnical) were selected and individual Professional Services Agreements (PSAs) with TRC were executed for each of the five (5) projects.

PWFP requests the Board of Supervisors approve Amendment No. 5 to PSA (Attachment A) with TRC to provide bidding and construction support phase services including final closeout of the Bradley Road Bridge Scour Repair, County Bridge No. 448 (Project) for completion of the Project.

Attachments B through H, provided for reference, include the PSA, Amendments No. 1-4 to the PSA, the Project Budget, and Project Location Map. Attachment I provide a summary of the PSA to date and Attachment J provides a summary of the PSA current annual expenditures and balance.

DISCUSSION:

Approval of the proposed Amendment No. 5 will allow TRC to continue to provide services associated with the completion of the Project. This Amendment No. 5 provides bidding and construction support during the construction phase of the Project. TRC will review shop plan submittals and respond to Requests for Information (RFIs) from the construction contractor and Resident Engineer. Also included will be final closeout activities for the Project, such as preparing As-Built plans and closing out regulatory permits.

Amendment No. 5 will increase the PSA's not to exceed amount of \$752,373 by \$222,008 for a total amount not to exceed \$974,381; and extend the expiration date for one (1) additional year from December 31, 2023 through December 31, 2024, for a revised term from March 10, 2015 to December 31, 2024 (beyond the maximum five [5] year PSA term allowed per RFQ #10490 for a total term of years nine [9] years and approximately ten [10] months).

OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel and the Auditor-Controller's Office have reviewed and approved Amendment No. 5 as to form, and fiscal provisions, respectively.

FINANCING:

There is no impact to the General Fund. The Project is in the FY 2022-23 Annual Work Program for Road Fund for \$4,870,652 to complete the design phase and initiate the construction phase. The Project is also listed in the proposed FY 2023 Capital Improvement Plan. The total estimated cost of the Project, including engineering, environmental, right-of-way and construction, is \$11,165,513. The County has secured Federal Highway Administration (FHWA) funding for the identified priority bridge Project as outlined in Attachment G, Project Budget. The Project is partially funded (88.53%) by the FHWA Highway Bridge Replacement and Rehabilitation (HBRR) Program. Additional funds

(11.47%) are provided by the HBRR Toll Credit and Measure X.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The bridge improvements will result in the implementation of scour countermeasures to protect the substructure of this bridge over the Salinas River. The recommended action supports the Board of Supervisors' Strategic Initiatives as indicated below:

**Bradley Road Bridge Scour Repair, County Bridge No. 448, hereinafter referred to as “Project”**

*Amendment No. 1 - Revised Rate Schedule, effective March 10, 2015.*

*Amendment No. 2 - Extended term of Agreement by one (1) additional year through March 10, 2019.*

*Amendment No. 3 – To address additional environmental requirements, develop additional exhibits and increase coordination as well as implement changes required by the United States Fish and Wildlife Service (USFWS) and the National Marine Fisheries Service (NMFS), implement and environmentally clear western construction access to project site; extend term of Agreement by approximately thirty-four (34) additional months through December 31, 2021; and revise Rate Schedule, effective March 11, 2019.*

The Project will result in the implementation of scour countermeasures to protect the substructure of the Bradley Road Bridge over the Salinas River. The CONTRACTOR’s Scope of Services for the Project consists of the following Phases:

- Phase 0: Project Management
- Phase I: Preliminary Engineering and Reports
- Phase II: Final Design
- Phase III: Construction
- Phase IV: Supplemental Services

*Based on the results of the consultation with NMFS and USFWS, additional information, exhibits and coordination is required. Relocation and revisions to the complex stream diversions system as well as determination of new impacts must be evaluated. The original design and location of the stream diversion system had detrimental impacts on established Willow Trees. Also, it was determined that the capacity of the streambed diversion system needs to be increased to handle higher potential flows. This has now resulted in implementing a new construction access plan from the west side of the Project. This requires additional design effort as well environmental clearance of this new proposed access plan. The design and implementation of the revised streambed diversion systems will require additional support efforts during the Construction Support Phase. This Amendment No. 3 addresses these conditions placed on the Project by NMFS and USFWS while implementing new strategies to reduce impacts.*

**PHASE 0: PROJECT MANAGEMENT**

**0.1 PROJECT MANAGEMENT**

Project Management includes the supervision and scheduling of Project staff, review of work prepared by CONTRACTOR and sub-consultants, Project coordination, client liaison and the monitoring of the schedule and the budget. Also included in this task is the preparation of Project reports and attendance at meetings with COUNTY staff to receive input and discuss and review the Project during its critical design periods.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

***CONTRACTOR will provide additional Project Management, as described above, for work performed under Amendment No. 3.***

### 0.2 PROJECT INITIATION

Upon receipt of a notice to proceed, a Project kick-off meeting will be held to finalize the Project scope, the approach, the goals and the schedule. Items to be addressed include a review of the key issues associated with the Project, a description and clarification of the approach required to respond to these issues, a discussion of potential COUNTY, State and Federal and other permits which may be required for the Project and the verification of the Project milestone dates. CONTRACTOR will provide the COUNTY with a detailed design schedule based on information from the Project kick-off meeting.

### 0.3 COORDINATION MEETINGS

The CONTRACTOR and selected Team Members will attend coordination meetings and design review meetings with COUNTY staff to facilitate comprehensive input from the COUNTY during the critical design periods. Coordination meetings are anticipated to occur prior to the 35%, 65%, 95% milestones with up to four (4) meetings which are included in this scope.

***CONTRACTOR will attend additional coordination meetings, two (2) with County and three (3) with Caltrans, NMFS or USFWS for work performed under Amendment No. 3. Meetings will be held at County offices in Salinas, CA or by conference call. Effort includes preparation of exhibits and summary of decisions for five (5) meetings.***

### 0.4 DESIGN REVIEW MEETINGS

The CONTRACTOR will attend design review meetings with COUNTY staff which will be scheduled to coincide with the completion of the preliminary design, and final design phases.

***CONTRACTOR will attend one (1) additional design review meeting for work performed under Amendment No. 3. This meeting is assumed be held via conference call by team members, Caltrans and USFWS and/or NMFS. Effort includes preparation of exhibits.***

### 0.5 CALTRANS LOCAL ASSISTANCE COORDINATION

The CONTRACTOR will support COUNTY staff in the preparation of project documentation as required by the Caltrans Local Assistance Engineer for compliance with the Federal funding requirements. This task includes preparation of exhibits and forms outlined in the Caltrans Local Assistance Procedures Manual for each Project phase; this will include assisting the COUNTY with Requests for Authorization for future phases (Right of Way and Construction) and one (1) round of Exhibit 6D programming updates.

***CONTRACTOR will provide additional coordination with Caltrans' Local Assistance for work performed under Amendment No. 3. Work will include efforts to secure the additional funding to cover the costs of the extra design and construction work required by Environmental Resource Agencies.***

## DELIVERABLES

- Kick-off Meeting, Agenda and Meeting Minutes
- Coordination Meetings, Agendas and Meeting Minutes (four (4) meetings)

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

- Design Review Meetings, Agendas and Meeting Minutes (two (2) meetings)
- *USFWS, NMFS, Caltrans Coordination Meeting Exhibits and Summary (four (4) meetings)*
- *USFWS/NMFS Design Review Meeting Exhibits and Summary (one (1) meeting)*

### PHASE I: PRELIMINARY ENGINEERING AND REPORTS

#### 1.1 TOPOGRAPHIC SURVEYING

The COUNTY will provide CONTRACTOR an existing topographic map, an AutoCAD Civil 3D file of the existing ground and bridge structure. The datum used for the Project will be California Coordinate System, Zone 4 in NAD83 datum for horizontal positioning and in NAVD 88 vertical datum for each Project site. Cross sections of the river channels will be provided as requested and will be developed from AutoCAD topo data. The AutoCAD files that include topographical information of the existing ground and bridges will be provided to the CONTRACTOR by the COUNTY. Prior to mobilizing COUNTY Surveyor, a meeting will be held to review requirements of the data collected and may include the need for localized cross sections required to implement potential scour countermeasures.

*It is assumed that sufficient topography exists to cover the area proposed for NMFS-required construction work. It is also assumed the topographic surveying of the western access road which currently exists, will not be required.*

##### 1.1.1 HYDRAULIC HEC-RAS SOFTWARE CROSS-SECTIONS

The river cross sections and AutoCAD topo data files will be used by the CONTRACTOR to develop a hydraulic model of the river in HEC-RAS in the vicinity of the existing bridge.

##### 1.1.2 TOPOGRAPHICAL PLAN

The topographic map provided to the CONTRACTOR will include the elevation at the beginning and end of each bridge along with spot elevations of any exposed foundations at the bridge.

#### 1.2 HYDROLOGIC AND HYDRAULIC ANALYSIS

##### 1.2.1 PRELIMINARY ASSESSMENT

CONTRACTOR will review available data, including previous studies of the Salinas River, the Federal Emergency Management Agency (FEMA) Flood Insurance Studies (FIS) and Flood Insurance Rate Map (FIRM), and any other information provided by the COUNTY. CONTRACTOR will also review recent Caltrans Bridge Inspection Reports (BIRs) and Plans of Action (POAs) to summarize known scour issues and a proposed POA.

##### 1.2.2 FIELD RECONNAISSANCE

CONTRACTOR will conduct field reconnaissance to assess existing conditions in the vicinity of the Project site, gathering information such as, obvious deficiencies, observed historic flow paths, existing river instability and scour problems, and existing scour countermeasures.

##### 1.2.3 HYDROLOGIC DATA

Existing peak flow information from FEMA or the Monterey County Water Resources Agency

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

(WRA) will be used. Hydrologic analysis will be performed and used by CONTRACTOR if existing hydrologic information is inadequate for hydraulic and scour analysis. To conform to the Federal Highway Administration (FHWA)/Caltrans requirement on hydrologic data, CONTRACTOR will also review and analyze data from the United States Geological Survey (USGS) gaging station (No. 11150500).

### 1.2.4 HYDRAULIC ANALYSIS

CONTRACTOR will perform a HEC-RAS hydraulic analysis to determine the in-bank, 2-year, 10-year, 20-year, 50-year, and 100-year flow characteristics, including water surface elevations (depths) and velocities. The 100-year and 50-year information is for checking the freeboard criteria from FHWA/Caltrans, FEMA, and COUNTY. The 100-year flow depth and velocity will be used for scour analysis and countermeasure design. The 2-year flow information is important for permitting purposes when coordinating with the United States Army Corps of Engineers (USACE) (ordinary high water) and the National Marine Fisheries Service (NMFS) (fish passage). The 10-year and 20-year flow information will be useful for other planning and maintenance activities.

CONTRACTOR will compare results with any analysis performed by Caltrans.

CONTRACTOR will also prepare reports and analysis required by the Monterey County WRA to comply with applicable COUNTY regulations relating to floodway encroachments.

*CONTRACTOR will perform additional hydrologic calculations to estimate the bypass flow during construction and to calculate the size of the culverts for the estimated bypass flow. CONTRACTOR will also perform additional hydraulic analysis to model the revised stream diversion plan which will be implemented as part of this Amendment No. 3.*

### 1.2.5 SCOUR ANALYSIS

CONTRACTOR will perform a bridge scour analysis to determine the scour potential per the methodology specified in the FHWA's HEC-18 and HEC-23 Manuals.

### 1.2.6 COUNTERMEASURES DESIGN

CONTRACTOR will evaluate the need for countermeasures for bridge local scour and long-term river instability. CONTRACTOR will prepare the matrix describing the various countermeasures per the guidelines in FHWA's HEC-23 Manual. CONTRACTOR will make sure the design is feasible, constructible, and have minimal environmental impact.

### 1.2.7 DESIGN HYDRAULIC STUDY REPORT

CONTRACTOR will prepare a Design Hydraulic Study Report for the Project to summarize the recommendations and results from the hydraulic and scour analyses at the bridge. The report will include a proposed POA. CONTRACTOR will be responsible for all bridge structural design recommendations.

CONTRACTOR will prepare a Location Hydraulic Study Memo with Floodplain Evaluation Summary forms to document the investigation and determine the specific impacts to the floodplain.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

### DELIVERABLES

- Bridge Design Hydraulic Study Report (Draft and Final, PDF and three (3) copies)
- Location Hydraulic Study Memo (Draft and Final, PDF and three (3) copies)

### 1.3 GEOTECHNICAL INVESTIGATION

The existing bridge has scour mitigation required between Piers 16-19 (revised numbering of 7-10). This work will require a certain level of foundation repair including constructing protection for the pier supports. A limited geotechnical investigation is proposed at this time. This investigation will include collecting subsurface data from the vicinity of the impacted bents and providing design recommendations for the elements of repair such as sheet piles or footing retrofit.

The CONTRACTOR will prepare a Geotechnical Investigation Report required for the bridge foundation work. It is assumed that a Geotechnical Design and Materials Report will not be required since the majority of the work will relate to the bridge foundations.

*CONTRACTOR will revise and update Foundation Report as well as include recommendations and language for installation of sheet piling for revised diversion system.*

#### 1.3.1 RESEARCH AND DATA COLLECTION

Review of readily available geologic and soil literature in the vicinity of the site including review of any as-built drawings and existing Log of Test Borings (LOTB), if any.

Permits/Underground Service Alert (USA) Clearances: Perform a site reconnaissance to review project limitations and mark the boring locations for utility clearance. Notify USA at least forty-eight (48) hours prior to field work as required by law.

#### 1.3.2 FIELD EXPLORATION

Two (2) borings are proposed in the vicinity of Pier 16 and Pier 18 to handle Piers 16-19 (revised numbering of 7-10). These borings can be drilled from the river bed (as it is dry) or from the bridge deck which will require closure. Drilling from the bridge is not included in the base cost estimate. In either case a California Department of Fish and Game (CDFG) permit will be required. The approximate boring depth will be eighty feet (80') to account for the possibility of driving sheet piles. The boring locations will depend upon the available access through the private right-of-way into the river bed or lane closure conditions. Drilling through the deck will require at a minimum one (1) lane closure with one (1) lane control. The deck will have to be cored through and repaired back using counter sunk cores (rebar) and quick set concrete. The option of drilling through the deck of the bridge is not included in the base cost estimate. The type of rig used will depend upon the access. COUNTY will secure rights-of-entry to private right-of-way and facilitate access through the fence.

Classify and continuously log subsurface soil conditions encountered in the test boring at the time of drilling. Obtain "relatively undisturbed" and bulk samples of substrata from test boring. The borings will be drilled and capped with cement grout. Drilling spoils will be disposed of in the field, however they will not be allowed to be left in the river bed and therefore will be placed outside near the roadway shoulder.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 1.3.3 LABORATORY TESTING

Perform laboratory tests on representative soil samples such as in-place moisture and density, unconfined compression, direct shear strength tests, gradation distribution, corrosion, Plasticity Index tests as necessary.

### 1.3.4 SOILS ANALYSIS/EVALUATION

Perform engineering analyses and develop design recommendations for the proposed foundation retrofit. It is anticipated that the proposed mitigation may include sheet piles and concrete cap for the pier protection. Seismic retrofit of the bridge is not included in the CONTRACTOR's Scope of Services. Any retrofit or reconstruction of the footings is also not included in this Scope of Services. If footings have to be reconstructed as part of the scour mitigation additional design work may be required.

### 1.3.5 PREPARE DRAFT FOUNDATION REPORT/MEMO

Prepare preliminary recommendations for foundations. A Foundation Memo will be provided to assist structure type selection (if any).

### 1.3.6 PREPARE FINAL FOUNDATION REPORT

Prepare detail report including Project Description, discussion of field and lab testing programs, comments on regional geology, site engineering seismology, peak ground acceleration and Acceleration Response Spectra (ARS) design curve per Caltrans Seismic Design Code (SDC v. 1.7) and ARS online, sheet pile foundation, discussion on constructability consideration, recommendations of lateral earth pressures (active and at-rest), and comments on corrosion potential.

The deliverables will include Draft Foundation Report/Memo with LOTB sheet to be included in the contract drawings in accordance with Caltrans Foundation Report preparation guidelines.

## 1.4 UTILITY COORDINATION

COUNTY and CONTRACTOR agree that all new or relocated facilities will be designed and constructed by the owners of those utilities.

The CONTRACTOR will prepare Utility A letters for COUNTY placement on their letterhead and mailing to each utility company requesting maps of their existing facilities in the vicinity of the site. COUNTY will provide copies of the Utility A letters sent to the various utility owners within the Project limits, and the response information received from each owner. When design is approximately 60% complete, CONTRACTOR will prepare Utility B letters and submit copies, hard copy and computer disk, to the COUNTY Project Manager for transmittal to recipients on COUNTY letterhead. COUNTY will forward to CONTRACTOR a copy of Utility B letters sent and of all correspondence received. For utilities owned or maintained by COUNTY, the COUNTY Project Manager will forward the Utility B letters to the appropriate COUNTY staff member, and send a copy of the transmittal to CONTRACTOR. CONTRACTOR will then correspond directly with the identified COUNTY staff member. Utility C letters will be prepared by CONTRACTOR and likewise sent to the COUNTY for distribution upon submittal of the Draft Plans, Specifications and Estimate (PS&E).

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 1.5 RIGHT-OF-WAY ENGINEERING

Work is anticipated to be confined to within the existing COUNTY right-of-way. The CONTRACTOR will identify temporary construction easements required for access during construction for inclusion on the Area of Potential Effect (APE) map and prepare plats for required easements for COUNTY's use. Additional Right-of-Way Engineering is not a part of this Contract and will require an amendment if conditions change and engineering and acquisition is required.

*CONTRACTOR will review additional existing right of way information and develop additional right of way need exhibits for development of additional temporary construction easements based on revised access plan.*

### 1.6 RIGHT-OF-WAY ACQUISITION

COUNTY and CONTRACTOR agree that all right-of-way acquisition activities will be performed by the COUNTY. The COUNTY will prepare all legal descriptions and exhibits for right-of-way acquisitions and construction easements and will perform all appraisal and acquisition activities. COUNTY will also set all right-of-way monuments for the Project and prepare Record of Survey maps.

### 1.7 ENVIRONMENTAL DOCUMENTS

Based on information provided in the Request for Proposals (RFP) and accompanying Preliminary Environmental Studies (PES) forms provided by Caltrans, the following work program will be used to complete the technical studies and environmental documentation pursuant to the National Environmental Policy Act (NEPA) and California Environmental Quality Act (CEQA) Regulations and Guidelines.

*Additional environmental work will be conducted under Task 1.7 for work performed under Amendment No. 3. CONTRACTOR will develop exhibits, review and comment on technical studies produced under Task 1.7 for work performed under Amendment No. 3.*

#### 1.7.1 PROJECT INITIATION AND PROJECT DESCRIPTION

##### 1.7.1.1 KICK-OFF MEETING WITH PROJECT TEAM/FIELD REVIEW

CONTRACTOR will attend one (1) on-site Project kick-off meeting with the COUNTY and Caltrans. The purpose of the meeting will be to conduct a general reconnaissance of the Project with the COUNTY, Caltrans and CONTRACTOR in order to reconfirm the information provided in the March 24, 2010 PES, to assess existing environmental conditions, and discuss any potentially significant impacts associated with the Project.

*Additional effort is included to kick off the tasks of revising the Initial Study/Mitigated Negative Declaration (IS/MND) and associated Technical Study Addendums and Supplemental Reports to reflect the new water diversion design and footprint.*

##### 1.7.1.2 COORDINATION WITH RESPONSIBLE/COOPERATING AGENCIES AND OTHER STAKEHOLDERS

CONTRACTOR will coordinate with the COUNTY and Caltrans, and other agencies as necessary, to complete the technical reports and environmental documentation and identify any

necessary Federal, State or local permitting requirements associated with the Project.

*Additional effort is included to coordinate with responsible/cooperating agencies and other stakeholders during the process of preparing the Technical Study Addendums and Supplemental Reports, revising the IS/MND, and preparing the regulatory permitting packages to reflect the new water diversion design and footprint.*

### 1.7.1.3 PROJECT DESCRIPTION

CONTRACTOR will prepare a thorough Draft Project Description to be used in the technical reports and environmental documents. The Project Description will include details about the proposed Project including information on the purpose of the Project, the environmental setting, the maximum physical footprint of Project components, construction access and staging, and other essential details. CONTRACTOR will work closely with the COUNTY to ensure the Project Description provides a level of detail appropriate for the technical reports and the environmental documents. The Draft Project Description will be reviewed by the COUNTY and a final version deemed acceptable for the NEPA and CEQA documents will be prepared in response to COUNTY comments.

*Additional effort is included to revise the project description to reflect the new water diversion design and footprint.*

### 1.7.2 PREPARATION OF DRAFT TECHNICAL STUDIES

CONTRACTOR will prepare the required technical reports for the Project, which will provide support for environmental documentation pursuant to both NEPA and CEQA. Based on the preliminary evaluation of the Project as described by Caltrans in the PES as well as CONTRACTOR's independent field review of the Project site, the appropriate NEPA document would be a Categorical Exclusion (CX) under Section 6004, 23 CFR 771.117 (d)(3). The CX would satisfy the FHWA requirements for NEPA. The appropriate CEQA document would be a Categorical Exemption (CE). The Scope of Services and budget are based on two (2) rounds of COUNTY and Caltrans review of the draft technical studies. The first round of review is for major comments and the second round of review is for minor cleanup comments and assumes no new comments requiring substantial research and revisions. For each draft and final document, the following deliverables will be provided:

#### DELIVERABLES

- One (1) electronic copy in Microsoft (MS) Word
- One (1) PDF, and
- Two (2) hard copies of the Draft and Final Technical Reports

### 1.7.2.1 NATURAL ENVIRONMENT STUDY (NES)

CONTRACTOR will prepare an NES to evaluate the biological resources present or potentially occurring in the proposed Project area and determine Project effects to those resources. The key objective of the evaluation will be to identify any special-status plant or animal species, jurisdictional wetlands, or sensitive habitats that may be affected by the Project.

Based on an initial site visit to the Project location, the existing bridge structure provides cliff swallow (*Petrochelidon pyrrhonota*) nesting habitat and suitable day and/or night roosts for bats,

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

including pallid bats (*Antrozous pallidus*), a California species of special concern. In addition, a variety of bird species likely use the riparian woodland in the Project area for nesting.

### ***Research/Coordination***

CONTRACTOR will request a list of special-status species for the project area from the United States Fish and Wildlife Service (USFWS) and will query the California Natural Diversity Database (CNDDDB) and California Native Plant Society (CNPS) Online Database. As part of this process, CONTRACTOR will informally coordinate with the California Department of Fish and Wildlife (CDFW) and/or the USFWS, as necessary, regarding the potential presence of special-status species within or immediately adjacent to the Project area.

### ***Field Survey***

CONTRACTOR will conduct a general field survey to map plant communities, assess habitat conditions, and evaluate potential impacts to special status biological resources resulting from the Project. During this survey, CONTRACTOR will inspect the existing bridge for any evidence of use by bats as well as swallows or other nesting birds. Trees required to be removed during construction will be identified and mapped.

This Scope of Services does not include special-status plant or focused wildlife surveys. The evaluation will focus on known species occurrences and an analysis of the existing habitat within the Project area to assess impacts to these resources.

### ***Documentation***

The results of the field survey will be documented in an NES prepared in accordance with the most recent Caltrans' Guidance. The NES will include a discussion of plant communities present in the Project area, as well as a discussion of common plant and animal species occurring (or expected to occur) in the Project area based on the communities present. A generalized vegetation map will be prepared showing plant community types, as well as the locations of any sensitive biological resources identified.

The NES will include an assessment of Project impacts on the biological and wetland resources present and recommend avoidance, minimization, and mitigation measures where appropriate.

The NES will also include a discussion of how the Project will comply with the Federal laws, acts, and Executive Orders (EOs) including, but not limited to:

- EO 13112: Invasive Species
- EO 11990: Protection of Wetlands
- EO 11988: Floodplain Management
- Migratory Bird Treaty Act (MTBA)
- Section 7 of the Federal Endangered Species Act (FESA)

***Additional effort is included to conduct update CNDDDB, CNPS, USFWS and NMFS species lists, identify the expanded Biological Study Area (BSA), conduct a site visit to survey biological resources within the expanded BSA, conduct protocol rare plant surveys within the expanded BSA, conduct a tree survey within the expanded BSA to document the type and size of trees, prepare an Addendum to the tree report to discuss potential tree impacts resulting from the revised water diversion, prepare an Addendum to the approved Natural Environment***

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

*Study (NES) with information pertaining to the revised water diversion plan, updated existing setting information relative to the expanded BSA, and an impact analysis for the expanded BSA.*

### 1.7.2.2 JURISDICTIONAL DELINEATION (JD)

#### **Field Survey**

CONTRACTOR will conduct a wetland delineation of the Project area to determine any areas potentially subject to regulation by the USACE and/or the Central Coast Regional Water Quality Control Board (CCRWQCB). The delineation will be conducted in accordance with the USACE Arid West Regional Supplement to the Wetland Delineation Manual (September 2008). Riparian areas within CDFW jurisdiction will also be delineated.

The fieldwork will be conducted concurrently with the general field survey as part of the NES effort.

#### **Documentation**

The results of the delineation field work will be documented in a letter report that will include a discussion of methods and results, the completed wetland data forms, location and vicinity maps, and a preliminary delineation map showing the limits of all potential waters of the United States (US) and the CDFW jurisdictional areas within the Project area. The delineation report will be submitted to the USACE for verification with a request for a Preliminary Jurisdictional Determination in accordance with Regulatory Guidance Letter 08-02.

Note that all findings should be considered preliminary until verified by the USACE. For purposes of this Scope of Services, CONTRACTOR has assumed that the delineation will be verified as part of this Scope of Services, resulting in a verified delineation that can be submitted with the wetland permits applications.

### 1.7.2.3 BIOLOGICAL ASSESSMENT (BA)

Based on a preliminary review of the CNDDDB, steelhead – south/central California coast Distinct Population Segment (DPS) (*Oncorhynchus mykiss irideus*), are known to occur in the Salinas River within the Project area and there are recent records of least Bell's vireo (*Vireo belli pusillus*) from the riparian woodland in this area. The research and fieldwork conducted under the NES effort will determine the potential for California red-legged frog (CRLF) (*Rana draytonii*) to occur in this area. These species are listed as threatened or endangered under FESA. The section of the Salinas River within the Project area is within designated critical habitat for steelhead.

#### **Field Survey**

The fieldwork conducted as part of the NES and wetland delineation efforts will also serve as the field survey for the BA. No additional fieldwork is anticipated.

#### **Documentation**

Based on the potential for federally listed species to occur within the Project area, CONTRACTOR will prepare a BA in accordance with the most recent Caltrans guidance to evaluate Project effects to federally listed species and critical habitat, as well as identify

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

appropriate avoidance and minimization measures. In regard to avoidance and minimization measures for CRLFs, CONTRACTOR will reference the Programmatic Biological Opinion between the USFWS and Caltrans (dated May 4, 2011). If it is determined that the Project may adversely affect federally listed species, Caltrans will use the BA to facilitate Section 7 consultation with the NMFS regarding steelhead and USFWS regarding least Bell's vireo and CRLF.

*Additional effort is included to prepare an Addendum to the existing Biological Assessment (BA) for Caltrans to use to facilitate communication with NMFS and the USFWS regarding the changes to the Engineers' approach to accessing the scour repair locations in the river.*

### 1.7.2.4 CULTURAL RESOURCES

CONTRACTOR will conduct cultural resource studies that are needed for the COUNTY and Caltrans to address requirements of Section 106 of the National Historic Preservation Act (NHPA), NEPA, CEQA, and the Caltrans 2014 First Amended *Programmatic Agreement Among The FHWA, the Advisory Council on Historic Preservation, the California State Historic Preservation Officer, and the California Department of Transportation Regarding Compliance With Section 106 of the NHPA, as it Pertains to the Administration of the Federal Aid Highway Program in California*.

The Bradley Road Bridge (No. 44C0050) is listed in the Caltrans Statewide Bridge Inventory as "Category 5," meaning that it is not eligible for listing in the National Register of Historic Places. Therefore, it will not require any additional study or documentation prior to its replacement.

Based on a preliminary review of the Project area, it is not anticipated for there to be any built environment (i.e., architecture) issues related to potential construction effects. Therefore, no architectural study appears to be warranted.

CONTRACTOR will prepare an Area of Potential Effects (APE) map and conduct the following cultural resources identification tasks needed to prepare an Archaeological Survey Report and Historic Property Survey Report.

#### ***APE Map***

CONTRACTOR will prepare an APE map to Caltrans standards.

*Additional effort is included to revise the APE map to Caltrans standards to reflect the expanded project impact area and footprint.*

#### ***Research and Field Investigation***

A records search will be conducted at the Northwest Information Center of the California Office of Historic Preservation's California Historical Resources Information System. A literature review of archaeological, ethnographic, historical, and environmental publications and maps at historical archives and CONTRACTOR will be done. The records search and literature review will identify previously recorded or otherwise known cultural resources and previous cultural resource studies of or adjacent to the APE.

A review of cultural resource inventories to identify cultural resources that may be listed within

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

or adjacent to the APE. Relevant listings are the *California Inventory of Historic Resources*, *Five Views: An Ethnic Sites Survey for California*, *California Historical Landmarks*, *California Points of Historical Interest*, *National Historic Landmarks*, and the *Directory of Properties in the Historic Property Data File* which contains the listings of the National Register of Historic Places and the California Register of Historical Resources. If available, appropriate COUNTY listings will be reviewed.

CONTRACTOR will contact the Native American Heritage Commission in Sacramento for (1) a review of the Sacred Lands File to determine if the APE contains any listed sites, and (2) a list of Native American contacts who may have concerns about the APE. Local Native Americans on that list will be contacted by letter and follow-up telephone calls, as necessary, to inquire about any concerns or information they may have.

CONTRACTOR will contact the Monterey County Historical Society for any information or concerns they may have about the APE.

CONTRACTOR will conduct an archaeological field survey of the APE.

*Additional effort is included to conduct an additional records search and pedestrian survey of the expanded APE.*

### ***Documentation***

CONTRACTOR will prepare a Historic Property Survey Report (HPSR) and an Archaeological Survey Report (ASR) per Caltrans standards. A preliminary archaeological sensitivity assessment will be included in the ASR.

*Additional effort is included to prepare a supplemental Archaeological Survey Report and Historic Property Survey Report to reflect the revised APE and expanded impact area.*

### **1.7.2.5 GEOLOGY**

CONTRACTOR will incorporate the geologic setting and geologic hazards analysis from the Foundation Report developed in Task 1.8 into the draft technical studies for the Environmental Document (ED).

### **1.7.2.6 HAZARDOUS MATERIALS**

The PES for the Project included a finding that there is no potential for presence of hazardous materials and/or hazardous wastes within or immediately adjacent to the construction area. Therefore, an Initial Site Assessment (ISA) is not proposed for the Project.

### **1.7.2.7 HYDROLOGY AND WATER QUALITY**

Construction activities may lead to water quality impacts. CONTRACTOR will prepare a Hydrology and Water Quality Memorandum that discusses watershed characteristics, groundwater hydrology, regulatory requirements, pollutants of concern, and receiving waters conditions, objectives, and beneficial uses. The memorandum will describe how potential water quality impacts will be minimized, including engineering controls and Best Management Practices (BMPs) that will be implemented in a Storm Water Pollution Prevention Plan (SWPPP). Information about engineering controls, BMPs, disturbed soil area, and new

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

impervious surface area will be provided by the CONTRACTOR and incorporated into the memorandum. Any impacts identified in the Floodplain Studies will also be included. The Water Quality section of the NES will also address potential short term and long term impacts to water quality from construction and Project operation.

*Additional effort is included to prepare an Addendum to the Hydrology and Water Quality Memorandum to reflect the updated project description and water diversion design. The Water Quality Memorandum will also be updated to reflect recent regulatory changes, including changes to regulatory language from the Caltrans Water Quality Assessment Report Content and Recommended Format which was revised in October 2017, changes to the beneficial uses and water quality objectives from the Central Coast Regional Water Quality Control Board Basin Plan which was updated in September 2017, and changes to the receiving water impairments from the 2014/2016 California 303(d) List of Impaired Waters which was approved in April 2018. The impact analysis will be updated to reflect changes to the project description and water diversion design, as well as changes to the disturbed soil area, construction schedule, new impervious surface area, and area of 2:1 slopes, and NES.*

### 1.7.2.8 FLOODPLAIN EVALUATION REPORT

The Project area has been identified as being within a base floodplain (100-year) elevation of a watercourse. A Location Hydraulics Study will be prepared by the CONTRACTOR. In addition, a Summary Floodplain Encroachment Report based on the Location Hydraulics Study will be completed by CONTRACTOR. The report formats will follow the Caltrans Standard Environmental Reference Chapter 17-Floodplains and Guidance (September 26, 2012). This Scope of Services presumes that the proposed Project will not cause a significant floodplain encroachment as defined by 23 CFR 650.105 and is not inconsistent with existing watershed and floodplain management programs. This Scope of Services also presumes that the Location Hydraulics Study provided by the CONTRACTOR will contain the requisite information for each alternative as described in Chapter 17 of the Caltrans Standard Environmental Reference and in 23 CFR 650A, Section 650.111 (b) (c). The report will discuss potential impacts for each alternative and recommend mitigation measures related to floodplain encroachment, flood related hazards, natural or beneficial floodplain values, access interruption, and the community floodplain development plan.

### 1.7.2.9 NOISE

CONTRACTOR will prepare a Technical Noise Memorandum consistent with the Caltrans Traffic Noise Analysis Protocol (May 2011) because the proposed Project is a Type III project. The Technical Noise Memorandum will also evaluate construction noise impact in terms of maximum levels (Lmax) based on typical construction activities and the frequency of occurrence at adjacent noise-sensitive locations. Expected impacts associated with bridge repair activities may include the following: pile driving, demolition, excavation, and bridge work. Analysis requirements will be based on the sensitivity of the area and the COUNTY's Noise Ordinance specifications. Additionally, the CONTRACTOR will confirm that avoidance, minimization and/or mitigation measures to address sensitive receptors in the Project area are consistent with avoidance, minimization and/or mitigation measures prescribed for other technical disciplines such as measures prescribed to address impacts to threatened and endangered species.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

*Additional effort is included to prepare an Addendum to the Technical Noise Memorandum to reflect the updated project description and water diversion design.*

### 1.7.3 REVISE DRAFT DOCUMENTS BASED ON COUNTY AND CALTRANS COMMENTS

After receiving comments on the Draft Technical Studies from the COUNTY (one (1) set of non-conflicting consolidated comments), CONTRACTOR will revise the Draft Technical Studies for review by Caltrans.

*Additional effort is included to respond to one (1) set of non-conflicting consolidated comments from the COUNTY on the revised Technical Study Addendums and Supplemental Reports and to revise the Draft Technical Study Addendums and Supplemental Reports based on COUNTY comments and submit to Caltrans for review.*

### 1.7.4 FINAL TECHNICAL STUDIES

After receiving comments on the Draft Technical Studies from Caltrans (one (1) set of non-conflicting consolidated comments), CONTRACTOR will revise and prepare final Technical Studies for Caltrans' signature.

*Additional effort is included to respond to one (1) set of non-conflicting consolidated comments from Caltrans on the revised Technical Study Addendums and Supplemental Reports and revise the Draft Technical Study Addendums and Supplemental Reports and prepare final Technical Study Addendums and Supplemental Reports for Caltrans' signature.*

### 1.7.5 PREPARATION OF ADMINISTRATIVE DRAFT AND PUBLIC REVIEW DRAFT ENVIRONMENTAL DOCUMENT (ED)

#### NEPA

According to the PES forms provided as an Exhibit in the RFP, Caltrans has determined that to satisfy the FHWA for NEPA, a CX Determination with required technical studies, under 23 CFR 771.117 activity (d)(3), will be prepared. The PES form also states that Caltrans will prepare the CX with completed and approved environmental technical reports. This approach is consistent with CONTRACTOR's recent Project work with Caltrans District 5. Therefore, this Scope of Services assumes that Caltrans will prepare the NEPA CX supported by the technical documentation prepared by CONTRACTOR.

#### CEQA

The appropriate level environmental documentation to be prepared for the Project would be a Categorical Exemption (CE) under CEQA.

Section 15300 of the State CEQA Guidelines contains a list of classes of projects that have been determined not to have a significant effect on the environment and that are, therefore, exempt from the provisions of CEQA. The following project class most closely aligns with the Project:

- Class 1 (Section 15301), Existing Facilities, which includes existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities;

For a project to be considered exempt under CEQA, it must also not meet any of the following

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

exceptions listed in Section 15300.2:

- (a) Location. The project site is environmentally sensitive. For classes 3, 4, 5, 6, and 11, a project that is ordinarily insignificant in its impact on the environment may in a particularly sensitive environment be significant.
- (b) Cumulative Impact. None of the CEs apply if significant cumulative impacts will result over time from successive projects of the same type in the same place.
- (c) Significant Effect. None of the CEs apply if there is a “reasonable possibility” that significant environmental impacts will result due to “unusual circumstances.”
- (d) Scenic Highways. A CE shall not be used for a project which may result in damage to scenic resources, including trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway.
- (e) Hazardous Waste Sites. A CE shall not be used for a project located on a site which is included on any listed compiled pursuant to Section 65962.5 of the Government Code.
- (f) Historical Resources. A CE shall not be used for a project which may cause a substantial adverse change in the significance of a historical resource.

Alternatively, assuming none of the exceptions listed above are triggered, the Project may also qualify under the “general rule” exemption in Section 15061(b)(3) of the CEQA Guidelines which states that a project is exempt from CEQA if: “The activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.”

Based on CONTRACTOR’s preliminary review of the Project, it does not appear to be located on an environmentally sensitive site. The Project improvements are not located on a State scenic highway. The proposed Project would consist of bridge scour countermeasures to protect existing bridge pier footings within an existing COUNTY right-of-way. The bridge repairs would not result in an increase in vehicle trips or noise, air pollutants, and greenhouse gas emissions over the long term (i.e., the Project would not be capacity enhancing). Short-term construction effects would be minimized through the adherence to local and State policies for construction emissions (e.g., Monterey Bay Unified Air Pollution Control District (MBUAPCD) standard construction measures), vehicle and equipment noise, and standard BMPs in the plans and specifications addressing erosion control and water quality and control of hazardous waste and materials (e.g., equipment fuel). CONTRACTOR’s Scope of Services above assumes no impacts to cultural or historical resources. There is the potential for short-term traffic circulation effects during construction, but it is the CONTRACTOR’s understanding that a plan would be implemented to maintain adequate traffic circulation, as well as existing Public services. A Hazardous Waste ISA is included as part of the proposed Scope of Services. However, at this time, it is presumed that the proposed Project is not located on a hazardous waste site per Government Code 65962. Therefore, CONTRACTOR concludes that the Project may qualify for a CE under CEQA, and CONTRACTOR will prepare a Notice of Exemption (NOE) for use in completing the CEQA CE clearance process.

Following approval of the draft technical reports, CONTRACTOR will prepare an Administrative Draft Environmental Document (ADED).

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

*Additional effort is included to revise the Administrative Draft IS/MND to reflect the new water diversion design, project footprint, and analysis provided in the Technical Study Addendums and Supplemental Reports.*

### DELIVERABLES

- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Draft Environmental Document (DED).

#### 1.7.5.1 CIRCULATE DED FOR PUBLIC REVIEW

After receiving comments on the Administrative Draft IS/MND (one (1) set of non-conflicting consolidated comments from the COUNTY), CONTRACTOR will revise the document and prepare the DED for Public review.

CONTRACTOR will provide the preprint version of the DED to the COUNTY prior to Public circulation of the document. The purpose of submitting this preprint version will be to allow the COUNTY to review the changes to the document, resolve any remaining questions, and verify that the COUNTY is satisfied with the overall DED. After the COUNTY reviews and approves the document for print, the DED will be circulated for Public review.

CONTRACTOR will distribute up to thirty (30) hard copies and sixteen (16) CDs of the document to a distribution list for the Project provided by the COUNTY. CONTRACTOR will provide PDF files to the COUNTY for posting on the COUNTY's website if desired. CONTRACTOR will prepare a Draft Notice of Intent (NOI) and a Public Notice of Availability (NOA) for the Public review DED for COUNTY review and signature. The COUNTY will be responsible for publication of the Public notice in a general circulation newspaper. In addition, CONTRACTOR will file a Notice of Completion (NOC) with the County Clerk and the State Clearinghouse (SCH) to begin the required Public review period.

### DELIVERABLES

- Thirty (30) print copies and sixteen (16) CDs with PDF files of the Public review DED (Fifteen (15) CDs for the SCH and one (1) CD for the COUNTY's use in posting on the COUNTY's website);
- Draft NOI, Public NOA, and NOC.

#### 1.7.5.2 RESPONSE TO COMMENTS BASED ON PUBLIC COMMENT

Upon close of the Public review period, CONTRACTOR will review the Public and agency comments on the DED, and will coordinate with the COUNTY to strategize the preparation of the responses to comments. It is anticipated that the Public comments will not be extensive, and therefore, this Scope of Services and budget is based on responding to approximately twenty-five (25) comments on the Project. CONTRACTOR's budget estimate includes a level of effort accordingly, for this task. Should additional labor effort be needed to respond to comments on the DED, CONTRACTOR will obtain authorization of additional budget from the COUNTY prior to any such expenditure.

CONTRACTOR will respond to the comments received on the DED in coordination with the COUNTY and will submit the draft responses to the COUNTY for review.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 1.7.6 FINAL ED

After receiving comments on the Administrative Draft CE (one (1) set of non-conflicting consolidated comments from the COUNTY), CONTRACTOR will revise the document and prepare the Final CE. Revisions to the CE will be identified in track changes/redline in the MS Word file to facilitate subsequent review. Following COUNTY approval of the Final CE, CONTRACTOR will prepare an NOE for use in completing the CEQA CE clearance process and file it with the SCH and the County Clerk. The CONTRACTOR will pay all filing fees associated with noticing for the Project. The CONTRACTOR will be reimbursed by the COUNTY for the filing fee amount required by the agencies.

### DELIVERABLES

- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Final CE.
- One (1) electronic copy in MS Word, one (1) PDF of the NOE.

### 1.7.7 PERMITTING

CONTRACTOR will identify required environmental permits for Project construction during development of the ED. A preliminary Scope of Services and budget have been provided for the permitting task.

Based on an initial site visit to the project location, it is anticipated that the Project will require the following permits: 1) Nationwide Permit from the USACE for Section 404 of the Clean Water Act (CWA), a Lake or Streambed Alteration Agreement for Section 1602 of the CDFG Code from the CDFW, and a Water Quality Certification for Section 401 of the CWA from the CCRWQCB.

CONTRACTOR will consult with environmental regulatory agency representatives and prepare permit applications in signature ready format. Upon COUNTY signature, CONTRACTOR will submit permit applications to the respective agencies and coordinate with those agencies to ensure that the applications are complete, provide additional information if requested, discuss project measures to avoid or minimize impacts and/or additional permit conditions recommended for permit approval. Should any conditions of the permit application change during agency review, the COUNTY would be responsible for agreeing to and finalizing these permit conditions.

To address potential impacts to listed species, CONTRACTOR will provide Federal consultation assistance. Federal consultation with the USFWS and the NMFS will be initiated by Caltrans as assigned by FHWA as required based on the information provided in the BA. The procedure will be conducted pursuant to the requirements of Section 7 of the FESA. Caltrans will contact the USFWS to confirm the conclusions of the BA regarding the absence of potential habitat for, or avoidance of impact to, Federally Listed Species. If potential habitat for any Federally Listed Species is present, CONTRACTOR will request that Caltrans as assigned by FHWA enter into an informal consultation with the USFWS or NMFS and provide the supporting information, including avoidance measures and adherence to standard protocols and programmatic procedures, to assist the agencies in reaching a determination that any listed species would not be adversely affected by the Project. The Scope of Services includes assistance with informal consultation and the preparation of a mitigation plan.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 1.7.7.1 SECTION 404 NATIONWIDE PERMIT

CONTRACTOR will prepare a Nationwide Permit application for Section 404 of the CWA for the Project. At this time, it is anticipated that the Project would have minimal impacts to wetlands and waters of the United States and would likely be permitted under the Nationwide Permit Program. The extent of jurisdiction under the acts will be determined during a formal jurisdictional delineation of the Project area. If impacts to wetlands or waters of the United States exceed the limits imposed under the Nationwide Permits, then an individual permit will be required. Preparation of an Individual Permit would be completed under a separate scope and budget.

It is expected that the following items will be required for a Nationwide Permit application:

- Verified delineation of jurisdictional waters for Section 404 of the CWA;
- Complete project plans in plan view and cross-section that have been reduced to a size that can fit on an 8 ½" X 11" sheet (for inclusion in the USACE Public Notice);
- NES that identifies endangered species issues related to the Project and the measures proposed to mitigate impacts to special status species;
- Cultural Resources Report. This Scope of Services assumes that a cultural resources study will be completed for the Project by CONTRACTOR. A copy of this study must accompany the USACE Nationwide Permit application.

### 1.7.7.2 SECTION 1602 LAKE OR STREAMBED ALTERATION AGREEMENT

CONTRACTOR will prepare a Lake or Streambed Alteration Agreement application for Section 1602 of the California Fish and Game Code for the Project. The Agreement application will include a Notice of Determination (NOD) showing CEQA compliance, Project plans for the location of each Project element affecting a waterway, BA report (in the form of an NES) identifying the affected habitats, and a check in an amount to be determined by the extent of impact. The CONTRACTOR will be responsible for filing fees associated with the Lake or Streambed Alteration Agreement for the Project. The CONTRACTOR will be reimbursed by the COUNTY for the fee amount required by the permitting agency.

### 1.7.7.3 SECTION 401 WATER QUALITY CERTIFICATION

CONTRACTOR will prepare a Water Quality Certification application for Section 401 of the CWA for the Project. The application will include a copy of the Section 1602 Streambed Alteration Agreement issued by the CDFW, a copy of the Nationwide Permit, a delineation of jurisdictional waters, a NOD showing CEQA compliance, and a check for the application fee. The COUNTY will be responsible for filing fees associated with the Water Quality Certification for the Project.

### 1.7.8 MEETING/HEARING ATTENDANCE

CONTRACTOR's Environmental Task Manager will oversee all environmental staff working on the proposed Project and will be responsible for managing the day-to-day activities associated with the proposed Project. Day to day project management responsibilities include regular coordination with the COUNTY and the Caltrans Local Assistance District Office, contract management, oversight of team members, schedule coordination, and development of products. CONTRACTOR will provide the COUNTY Project Engineer with regular updates regarding the status of CONTRACTOR's work, scheduled deliverables, and the status of the overall budget.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

The cost estimate assumes attendance at five (5) meetings including one (1) project kick-off meeting, one (1) site visit/field review with the COUNTY and Caltrans District 5 Local Assistance, one (1) Public information meeting during the preparation of the technical reports and environmental documents, and two (2) progress meetings with the COUNTY.

### 1.8 35% SUBMITTAL; PRELIMINARY DESIGN AND TYPE SELECTION

#### 1.8.1 PRELIMINARY STRATEGY REPORT

Upon completion of data gathering, investigation and analysis, CONTRACTOR will prepare a Preliminary Strategy Report. The Report will summarize the findings and will recommend the design and improvements for the Project. Upon receiving approval of the countermeasures to be implemented, the CONTRACTOR will confirm the required level of effort for design services to be provided which may require an adjustment to the Project budget. Preliminary plans of all major features of the Project will be provided so that the COUNTY will have a clear understanding of the proposed improvements.

CONTRACTOR will provide a preliminary cost estimate of the proposed improvements. The Preliminary Strategy Report will state if any property acquisition requirements for the work. A meeting will be arranged if necessary.

#### 1.8.2 35% PRELIMINARY PLANS

The Preliminary Design Phase is intended to allow the COUNTY, Caltrans, utility companies and other involved agencies to review and comment upon the basic design concepts early in the process. Plan development will be based upon the strategy recommendations and the configuration of the existing bridge and the existing streambed geometry. CONTRACTOR will develop the Preliminary Plans to establish fundamental elements of the design.

### 35% DELIVERABLES

- Draft Foundation Report
- Final Foundation Report
- LOTB Plan Sheets
- Plan Set Drawings (11" x 17")
- Title/Index Sheet
- Preliminary Construction Access Plans
- Bridge Repair General Plan
- Preliminary Cost Estimate

## PHASE II: FINAL DESIGN

CONTRACTOR will prepare the PS&E for the construction contract for the proposed scour countermeasures. CONTRACTOR fee and Scope of Services assumes the use of Rock Slope Protection as a selected scour countermeasure; however the final design to be implemented will be determined from the engineering studies of the bridge. The anticipated documents include a plan for the bridge, the technical special provision sections, and an Engineer's Estimate of Probable Construction Costs for the design.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

### PLAN SHEETS AND DETAILS

The plan sheets will be prepared in AutoCAD. Plans will be prepared in English units and will be consistent with Caltrans' Standard Plans. All plans will be signed by the responsible CONTRACTOR's Engineer (registered in the State of California) in charge of the design, in accordance with the Caltrans Local Programs Manual. Typically, the PS&E will contain the following plan sheets for Scour Projects (the number of sheets will vary depending on the site and the final structure details.) The plan sheets will include the following:

- Title Sheet
- Abbreviations and Legend
- Construction Details
- Traffic Handling and Construction Area Signs
- Utility Location
- Final Grading Plans
- Rock Slope Protection Details

### DESIGN SUBMITTALS

Three (3) submittals will be made during the preparation of the Final Design Phase as follows:

- When the documents are 65% complete;
- When the documents are 95% complete; and
- When the final documents are complete.

Each submittal will incorporate the review comments from the previous submittal of the COUNTY's staff as well as those of all other reviewing agencies.

#### 2.1 UNCHECKED DESIGN SUBMITTALS (65% PS&E)

##### 2.1.1 65% COMPLETE PLANS

Based on comments received from the 35% Design Submittal, the CONTRACTOR will advance the design to the point that all major design issues and solutions are represented in the plan documents. Minor details may be missing from the plan set at this milestone, but all plan sheets will be included in this submittal package. The CONTRACTOR team will work with the COUNTY and other agencies to resolve any remaining conflicts between the comments of different reviewers. Upon comment resolution with COUNTY, no further changes will be allowed thereafter and such comments or changes will be deferred until the next submittal or next appropriate meeting.

### 4.2 BIOLOGY TASKS

This Scope of Services addresses issues that may arise during the environmental review and assessment process (NES and BA) that may require site specific data to conclude with certainty the status of a species in the vicinity of a bridge project and the potential impacts to that species from the proposed Project. In assessing impacts to special status species and sensitive habitats at each of the sites, CONTRACTOR's primary approach will be to use existing data and information (i.e., vegetation types, habitat condition, and geographic range of species) gathered during the site survey to assess the presence and potential impacts to special-status species and habitats. In cases where CONTRACTOR is unable to come to a conclusion regarding a particular species or when there is a disagreement between the COUNTY and the resource agencies regarding the potential impact of a project, CONTRACTOR proposes to gather site specific field data to resolve the issue. Site specific, focused surveys would only be conducted after modifications to the Project area (access roads, staging areas) or construction methods have been reevaluated to avoid or minimize the potential impacts to species and their habitats. For example, if an access road is relocated to avoid a vernal pool, a vernal pool crustacean survey would not be required.

For the Project, CONTRACTOR has identified the additional field work that may be required to assess impacts to special-status species that occur in the vicinity of the bridge. A brief Scope of Services and budget are included for each survey type. Given the prohibitive costs of conducting some protocol level surveys, CONTRACTOR has limited the survey techniques employed to those that would provide useful information and are cost effective to conduct (e.g., aquatic sampling for salamander larvae rather than upland surveys for adult salamanders).

Based on preliminary research of documented and potentially occurring special status biological resources in the vicinity of the Project, the following species specific assessments and surveys may be necessary.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 4.2.1 SPECIAL-STATUS PLANT SURVEYS

#### *Field Survey*

CONTRACTOR will address the potential occurrence of special status plant species on the Project site in accordance with Protocols for Surveying and Evaluating Impacts to Special Status Native Plant Populations and Natural Communities (CDFW 2009). CONTRACTOR will examine current Federal and State lists of special status plant species and current database records. In order to adequately assess the presence of the special status plant species potentially occurring on the Project site, three (3) surveys will be required. The surveys will be conducted between March and September depending on rainfall and other environmental factors. This survey schedule will cover the flowering periods of all the potential target species. One (1) Biologist can efficiently cover 100 percent (100%) of the Project site during one (1) survey day. If special status plant species are found, the plant or plant population will be recorded on field maps and/or with a handheld Global Positioning System (GPS) device and documented with digital photographs. All plant species identified on the Project site will be recorded in field notes.

#### *Report*

Following the final survey, CONTRACTOR will prepare a comprehensive report for submittal to the COUNTY detailing the special status plant survey methodology and results. The report will include an analysis of the occurrence or potential occurrence for all the special status plants (and sensitive vegetation communities) known from the Project site vicinity. If any special status plant species are detected on site, CONTRACTOR will prepare and include in the report a graphic displaying the locations of the resources observed.

### 4.2.2 CALIFORNIA RED LEGGED FROG (CRLF) SITE ASSESSMENT AND FIELD SURVEYS

#### *Site Assessment*

During the initial survey of the Biological Study Area (BSA) for the NES/BA, an assessment of CRLF habitat will be conducted. If required by Caltrans, CONTRACTOR will prepare a formal site assessment of the Project site for CRLF for submittal to the USFWS. The assessment will follow the protocol outlined in the Revised Guidance on Site Assessments and Field Surveys for the CRLF (USFWS 2005). CONTRACTOR will prepare the assessment based on the existing information and sources available in-house. The assessment will be submitted to the USFWS with a copy sent to the COUNTY.

#### *Field Survey*

If the USFWS requires surveys to be conducted, two (2) Biologists will conduct the surveys according to the guidance referenced above. Protocol level surveys require up eight (8) site visits over a minimum of six (6) weeks. If CRLFs are found on any given survey, subsequent surveys may not be required. Two (2) daytime surveys and four (4) night time surveys will be conducted during the breeding season (January through June); and one (1) daytime and one (1) night time survey will be conducted during the non-breeding season (July through September). Three (3) site visits will include both day and night surveys and two (2) site visits will include only night time surveys for a total of five (5) site visits. Daytime and night time surveys will be combined. At least seven (7) days will separate surveys. CONTRACTOR will prepare a report documenting the results of the surveys and submit the report to the USFWS.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

### *Report*

CONTRACTOR will prepare a report of its findings for submission to the COUNTY and the resource agencies. The report will include the dates of the surveys and species observed. Occurrences of listed and other special status species observed during the survey will also be reported to the CNDDDB as required by Federal and State permits.

### 4.2.3 LEAST BELL'S VIREO (LBV)/WILLOW FLYCATCHER (WFL) PROTOCOL SURVEYS

#### *Field Survey*

To facilitate an accurate assessment of the presence/absence of LBV and WFL, CONTRACTOR will follow the suggested LBV Survey Guidelines (USFWS, 2001). One (1) Biologist will conduct at least eight (8) protocol level surveys during the nesting season (April 10 to July 31), with at least ten (10) days between surveys. One (1) Biologist can efficiently cover 100 percent (100%) of the Project site during one (1) survey day. The location of any LBV (or WFL) detected will be recorded on field maps and/or with a handheld GPS device. All bird species identified on the Project site will be recorded in field notes.

#### *Report*

CONTRACTOR will prepare a report documenting the survey dates and times, methodology, locations, and results. CONTRACTOR will submit the report to the USFWS and CDFW. If no LBV or WFL are observed during the survey period CONTRACTOR will recommend that the USFWS and the COUNTY consider that these species do not occur on the site.

### 4.2.4 SAN JOAQUIN KIT FOX (SJKF) PROTOCOL SURVEYS

#### *Habitat Assessment*

CONTRACTOR will prepare a formal site assessment of the Project site for SJKF. The assessment will follow the protocol outlined in the USFWS SJKF Survey Protocol for the Northern Range (USFWS 1999). CONTRACTOR will prepare the assessment based on the existing information and sources available to CONTRACTOR in-house. The assessment will be submitted to the USFWS with a copy sent to the COUNTY.

#### *Field Survey*

Due to the prohibitively high cost of the conducting full protocol level surveys for this species, CONTRACTOR proposes to conduct only a limited set of surveys for SJKF. The survey will consist of a burrow survey of the entire Project site including access roads and staging areas, and operation of camera stations at a density of eight (8) per 640 acres for ten (10) nights. CONTRACTOR assumes that the camera stations could be left for up to ten (10) days without changing batteries. Camera stations may be replaced with scent stations if the cameras cannot be secured and hidden.

#### *Report*

CONTRACTOR will prepare a report of their findings for submission to the COUNTY and the resource agencies. The report will include the dates of the surveys and species observed. Occurrences of listed and other special status species observed during the survey will also be reported to the CNDDDB as required by Federal and State permits.

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 4.2.5 BURROWING OWL GUIDELINE SURVEYS

#### *Field Surveys*

During the initial survey of the BSA for the NES/BA, an assessment of burrowing owl habitat will be conducted. If suitable habitat is present, additional follow-up surveys to determine the status of (wintering, breeding) may be required. These follow-up surveys will consist of one (1) Biologist walking transects across the site while examining the ground for small mammal burrows suitable for use by burrowing owls. If suitable burrows are present, the Biologist will examine burrows for signs of recent burrowing owl activity (droppings, pellets, prey remains), as well as scan the area for owls. The surveys will be conducted from two (2) hours before to one (1) hour after sunset, or from one (1) hour before to two (2) hours after sunrise, in accordance with the CDFW's *Staff Report on Burrowing Owl Mitigation* (revised March 7, 2012).

#### *Report*

The results of the survey will be summarized in a letter report including photographs and maps.

### 4.2.6 VERNAL POOL INVERTEBRATE PROTOCOL SURVEYS

For determining absence at a site, USFWS protocols for vernal pool invertebrates (1996) require negative findings from a minimum of two (2) seasons of surveys. The two (2) surveys can consist of two (2) wet season surveys (described below) or one (1) wet season and one (1) dry season survey. In CONTRACTOR's experience, the two (2) strategies (two (2) wet versus one (1) wet and one (1) dry) can each have their own benefits. The wet/wet is often more accurate, but takes a year and a half (1 ½ years) to complete and can be delayed if rainfall is below average. The wet/dry can be completed in less than one (1) year, but the cysts collected are not always identifiable to species.

#### *Wet Season Surveys*

Wet season surveys require sampling ponded areas on the site every two (2) weeks. These surveys begin when the pools fill and hold over one (1) inch of water. They continue until the pools dry or 120-days have passed. Should the pools dry and refill, the clock will restart. This scope includes the cost of one (1) Biologist visiting the site on eight (8) occasions during the 2014-2015 rainy season survey. This budget assumes that surveys will continue throughout the rainy season with no breaks. CONTRACTOR can expect to suspend surveys at any time should listed species be found.

For the wet season survey, CONTRACTOR will complete the following work:

- Coordination – CONTRACTOR will contact the USFWS for authorization to conduct the survey as required by the protocol.
- Conduct Wet Season Surveys – One (1) Biologist will visit the site every two (2) weeks once ponded areas begin to hold greater than one (1) inch of water. The Biologist will sample the pools with dip nets in order to capture any crustaceans that may be swimming in the water column. The Biologist will collect data and record observations. Specimens will be collected if necessary for identification in the lab or for deposition in museums as required in the protocol.
- Reporting – As required by permit, CONTRACTOR will provide a report presenting the results of these formal surveys to the USFWS within ninety (90) days of the completion

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

of field work. If any listed invertebrates are collected, CONTRACTOR will submit voucher specimens to the California Academy of Sciences as required by permit.

### *Dry Season Surveys*

Dry season surveys require collection of approximately one (1) liter of surface soil material from up to ten (10) different locations within each pool. Soils are wetted and poured through a series of sieves that will separate out particles that are the size of crustacean cysts. Sieved materials of the correct size are inspected for the presence of cysts under microscopes. For this budget, CONTRACTOR assumes up to five (5) pools may be present on the Project site.

For the 2014 or 2015 dry season surveys, CONTRACTOR will complete the following work:

- Coordination – CONTRACTOR will contact the USFWS for authorization to conduct the survey as required by the protocol.
- Collection of Soils – One (1) Biologist will make a one (1) day visit to the site to collect soil samples from the each of the ponding areas. Soils will be stored dry in plastic bags that are marked to indicate the location of collection.
- Sieving of material – One (1) Biologist will wet the soil samples and then pour the samples through a series of correctly sized sieves. The sieved material will be suspended in a saline solution to separate organic material from inorganic material. The remaining organic material will be collected on blotter paper and dried.
- Inspection of material – One (1) Biologist will inspect the sieved soil material searching for the presence of cysts. Observations will be recorded on USFWS data sheets. Any cysts will be identified to genus and the most likely species, then collected and saved as per the official protocol.
- Reporting – CONTRACTOR will also need to provide a report presenting the results of these formal surveys to the USFWS within ninety (90) days of the completion of lab work as specified in CONTRACTOR'S Federal permit. If any listed invertebrate cysts are collected, CONTRACTOR is also required to submit voucher specimens to the California Academy of Sciences.

### 4.2.7 BAT DETECTION SURVEYS

#### *Field Survey*

During the initial survey of the BSA for the NES/BA, an assessment of bat habitat on the existing bridge will be conducted. If special status bat species are or could be using the bridge more information on what areas of the bridge the species are using and in what capacity (maternity roosts, day roosts, and/or night roosts) may be required. To provide such information additional follow-up surveys may be required. Follow-up surveys would be conducted from late afternoon until after dark to observe bats in day roosts (e.g., expansion joints), watch for emerging bats at dusk, and survey known or potential night roosts after dark. One (1) to two (2) follow-up surveys, depending on the time of year the work is scheduled, would be conducted.

#### *Report*

The results of the survey will be summarized in a letter report.

### 4.3 IS/MND TASKS

If, during the course of the technical reporting and environmental documentation, unforeseen

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

environmental constraints or Project impacts are identified that would necessitate the preparation of an IS/MND to address CEQA requirements, the CONTRACTOR shall notify the COUNTY immediately to discuss whether the Project could be redesigned to avoid such impacts. If the Project could not be redesigned to avoid impacts, the CONTRACTOR shall request authorization to utilize the supplemental budget to prepare an IS/MND. The scope for the IS/MND is as follows:

### 4.3.1 IS/MND

Following approval of the draft technical reports, CONTRACTOR will prepare a comprehensive Administrative Draft IS/MND for review. Included in the IS/MND will be a Project Description, discussion of the environmental review process, and Project methodology. Technical studies prepared by CONTRACTOR and other Project team members will be summarized into the IS/MND document. Non-technical issue areas (e.g., land use, Public services and utilities, etc.) and issues anticipated to have no or minor environmental effects will also be documented in the IS/MND.

### DELIVERABLES

- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Administrative Draft IS/MND

### 4.3.2 CIRCULATE DED FOR PUBLIC REVIEW

After receiving comments on the Administrative Draft IS/MND (one (1) set of non-conflicting consolidated comments from the COUNTY), CONTRACTOR will revise the document and prepare the DED for Public review.

CONTRACTOR will provide the preprint version of the DED to the COUNTY prior to Public circulation of the document. The purpose of submitting this preprint version will be to allow the COUNTY to review the changes to the document, resolve any remaining questions, and verify that the COUNTY is satisfied with the overall DED. After the COUNTY reviews and approves the document for printing, the DED will be circulated for Public review.

CONTRACTOR will distribute up to thirty (30) hard copies and sixteen (16) CDs of the document to a distribution list for the Project provided by the COUNTY. CONTRACTOR will provide PDF files to the COUNTY for posting on the COUNTY's website if desired. CONTRACTOR will prepare a Draft NOI and a Public NOA for the Public review DED for COUNTY's review and signature. The COUNTY will be responsible for publication of the Public notice in a general circulation newspaper. In addition, CONTRACTOR will file a NOC with the County Clerk and the SCH to begin the required Public review period.

### DELIVERABLES

- Thirty (30) print copies and sixteen (16) CDs with PDF files of the Public review DED (Fifteen (15) CDs for the SCH and one (1) CD for the COUNTY's use in posting on the COUNTY's website);
- Draft NOI, NOA, and NOC.

### 4.3.3 RESPONSE TO COMMENTS BASED ON PUBLIC COMMENT

Upon close of the Public review period, CONTRACTOR will review the Public and agency

## EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS

comments on the DED and will coordinate with the COUNTY to strategize the preparation of the responses to comments. It is anticipated that the Public comments will not be extensive, and therefore, this scope and budget is based on responding to approximately twenty-five (25) comments on the Project. CONTRACTOR's budget estimate includes a level of effort accordingly, for this task. Should additional labor effort be needed to respond to comments on the DED, CONTRACTOR will obtain authorization of additional budget from the COUNTY prior to any such expenditure.

CONTRACTOR will respond to the comments received on the DED in coordination with the COUNTY, and will submit the draft responses to the COUNTY for review.

### 4.3.4 FINAL ED

Following the COUNTY's review of the draft responses to comments, the DED that was distributed for Public review will be revised as required to incorporate relevant comments/data received during the Public review period. Revisions to the DED will be identified in track changes/redline in the MS Word file to facilitate subsequent review. All comments received on the DED during the Public review period, as well as the responses to comments, will be included as an appendix to the Final ED.

CONTRACTOR will prepare a Mitigation Monitoring and Reporting Program (MMRP) in accordance with CEQA Guidelines Section 15097 for use in ensuring implementation of the mitigation measures for the Project. The Draft MMRP will be submitted to the COUNTY for review and comment, and the Final MMRP, along with the Final Responses to Comments and Final ED, will be provided to the COUNTY for approval.

Following COUNTY approval of the Final IS/MND, CONTRACTOR will prepare and file an NOD with the County Clerk and SCH. If the environmental review indicates that the Project would not qualify for the CDFW fee exemption, the CONTRACTOR will provide a check for the fee to be submitted to the County Clerk with the NOD. The CONTRACTOR will be reimbursed by the COUNTY for the fee amount required by the CDFW.

### DELIVERABLES

- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Draft Responses to Comments and associated changes to the ED
- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Final Responses to Comments and associated changes to the ED
- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Draft MMRP
- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Final MMRP

### 4.4 FULL FOOTING REHABILITATION SCOUR MITIGATION

In order for this supplemental task to be approved, it would require recommendation from the CONTRACTOR and agreement by the COUNTY, during the Preliminary Engineering Phase, that either the existing foundations or the existing soils materials are so compromised that the preferred scour mitigation plan will not be adequate. CONTRACTOR will then need to design a full footing rehabilitation which will require the design of new pile supports to replace/augment the existing foundations. This will require additional geotechnical investigation, additional as well as deeper borings and recommendations, development of analytical models and additional

## **EXHIBIT A-2 – SCOPE OF SERVICES/PAYMENT PROVISIONS**

analysis to insure an adequate load path. With the increased size of the footings, this will likely require additional hydraulic modeling and additional local pier scour recommendations. This scour mitigation concept will require additional coordination with environmental resource agencies and development of additional impact quantities. This concept would also require additional development of specifications, quantities and a more extensive independent design check as well as QA/Quality Control (QC) review.

### **DELIVERABLES**

- Additional Geotechnical Investigations and Recommendations
- Analytical Models with New Foundations
- Additional Engineering Plans
- Additional Technical Specifications and Estimates

Professional liability insurance, if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

Modification (Justification attached; subject to approval).

#### 9.04 Other Insurance Requirements

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed

operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance. The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The required endorsement form for Automobile Additional Insured endorsement is ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

## 10. RECORDS AND CONFIDENTIALITY.

- 10.01 Confidentiality. CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.
- 10.02 County Records. When this Agreement expires or terminates, CONTRACTOR shall return to County any County records which CONTRACTOR used or received from County to perform services under this Agreement.
- 10.03 Maintenance of Records. CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three year period, then CONTRACTOR shall retain said records until such action is resolved.

10.04 Access to and Audit of Records. The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.

10.05 Royalties and Inventions. County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

11. **NON-DISCRIMINATION.** During the performance of this Agreement, CONTRACTOR, and its subcontractors, shall not unlawfully discriminate against any person because of race, religious creed, color, sex, national origin, ancestry, physical disability, mental disability, medical condition, marital status, age (over 40), or sexual orientation, either in CONTRACTOR's employment practices or in the furnishing of services to recipients. CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations, which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

12. **COMPLIANCE WITH TERMS OF STATE OR FEDERAL GRANT.** If this Agreement has been or will be funded with monies received by the County pursuant to a contract with the state or federal government in which the County is the grantee, CONTRACTOR will comply with all the provisions of said contract, to the extent applicable to CONTRACTOR as a subgrantee under said contract, and said provisions shall be deemed a part of this Agreement, as though fully set forth herein. Upon request, County will deliver a copy of said contract to CONTRACTOR, at no cost to CONTRACTOR.

13. **INDEPENDENT CONTRACTOR.** In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is at all times acting and performing as an independent contractor and not as an employee of the County. No offer or obligation of permanent employment with the County or particular County department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from County any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. In connection therewith, CONTRACTOR shall defend, indemnify, and hold County harmless from any and all liability, which County may incur because of CONTRACTOR's failure to pay such taxes.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

To Professional Services Agreement by and between  
County of Monterey, Resource Management Agency – Public Works,  
hereinafter referred to as “COUNTY”

and

TRC Engineers, Inc., hereinafter referred to as “CONTRACTOR”

for the

Bradley Road Bridge Scour Repair, County Bridge No. 448, hereinafter referred to as “Project”

The Project will result in the implementation of scour countermeasures to protect the substructure of the Bradley Road Bridge over the Salinas River. The CONTRACTOR’s Scope of Services for the Project consists of the following Phases:

Phase 0:	Project Management
Phase I:	Preliminary Engineering and Reports
Phase II:	Final Design
Phase III:	Construction
Phase IV:	Supplemental Services

### PHASE 0: PROJECT MANAGEMENT

#### 0.1 PROJECT MANAGEMENT

Project Management includes the supervision and scheduling of Project staff, review of work prepared by CONTRACTOR and sub-consultants, Project coordination, client liaison and the monitoring of the schedule and the budget. Also included in this task is the preparation of Project reports and attendance at meetings with COUNTY staff to receive input and discuss and review the Project during its critical design periods.

#### 0.2 PROJECT INITIATION

Upon receipt of a notice to proceed, a Project kick-off meeting will be held to finalize the Project scope, the approach, the goals and the schedule. Items to be addressed include a review of the key issues associated with the Project, a description and clarification of the approach required to respond to these issues, a discussion of potential COUNTY, State and Federal and other permits which may be required for the Project and the verification of the Project milestone dates. CONTRACTOR will provide the COUNTY with a detailed design schedule based on information from the Project kick-off meeting.

#### 0.3 COORDINATION MEETINGS

The CONTRACTOR and selected Team Members will attend coordination meetings and design review meetings with COUNTY staff to facilitate comprehensive input from the COUNTY during the critical design periods. Coordination meetings are anticipated to occur prior to the 35%, 65%, 95% milestones with up to four (4) meetings which are included in this scope.

#### 0.4 DESIGN REVIEW MEETINGS

The CONTRACTOR will attend design review meetings with COUNTY staff which will be scheduled to coincide with the completion of the preliminary design, and final design phases.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 0.5 CALTRANS LOCAL ASSISTANCE COORDINATION

The CONTRACTOR will support COUNTY staff in the preparation of project documentation as required by the Caltrans Local Assistance Engineer for compliance with the Federal funding requirements. This task includes preparation of exhibits and forms outlined in the Caltrans Local Assistance Procedures Manual for each Project phase; this will include assisting the COUNTY with Requests for Authorization for future phases (Right of Way and Construction) and one (1) round of Exhibit 6D programming updates.

### DELIVERABLES

- Kick-off Meeting, Agenda and Meeting Minutes
- Coordination Meetings, Agendas and Meeting Minutes (four (4) meetings)
- Design Review Meetings, Agendas and Meeting Minutes (two (2) meetings)

## PHASE I: PRELIMINARY ENGINEERING AND REPORTS

### 1.1 TOPOGRAPHIC SURVEYING

The COUNTY will provide CONTRACTOR an existing topographic map, an AutoCAD Civil 3D file of the existing ground and bridge structure. The datum used for the Project will be California Coordinate System, Zone 4 in NAD83 datum for horizontal positioning and in NAVD 88 vertical datum for each Project site. Cross sections of the river channels will be provided as requested and will be developed from AutoCAD topo data. The AutoCAD files that include topographical information of the existing ground and bridges will be provided to the CONTRACTOR by the COUNTY. Prior to mobilizing COUNTY Surveyor, a meeting will be held to review requirements of the data collected and may include the need for localized cross sections required to implement potential scour countermeasures.

#### 1.1.1 HYDRAULIC HEC-RAS SOFTWARE CROSS-SECTIONS

The river cross sections and AutoCAD topo data files will be used by the CONTRACTOR to develop a hydraulic model of the river in HEC-RAS in the vicinity of the existing bridge.

#### 1.1.2 TOPOGRAPHICAL PLAN

The topographic map provided to the CONTRACTOR will include the elevation at the beginning and end of each bridge along with spot elevations of any exposed foundations at the bridge.

### 1.2 HYDROLOGIC AND HYDRAULIC ANALYSIS

#### 1.2.1 PRELIMINARY ASSESSMENT

CONTRACTOR will review available data, including previous studies of the Salinas River, the Federal Emergency Management Agency (FEMA) Flood Insurance Studies (FIS) and Flood Insurance Rate Map (FIRM), and any other information provided by the COUNTY. CONTRACTOR will also review recent Caltrans Bridge Inspection Reports (BIRs) and Plans of Action (POAs) to summarize known scour issues and a proposed POA.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 1.2.2 FIELD RECONNAISSANCE

CONTRACTOR will conduct field reconnaissance to assess existing conditions in the vicinity of the Project site, gathering information such as, obvious deficiencies, observed historic flow paths, existing river instability and scour problems, and existing scour countermeasures.

### 1.2.3 HYDROLOGIC DATA

Existing peak flow information from FEMA or the Monterey County Water Resources Agency (WRA) will be used. Hydrologic analysis will be performed and used by CONTRACTOR if existing hydrologic information is inadequate for hydraulic and scour analysis. To conform to the Federal Highway Administration (FHWA)/Caltrans requirement on hydrologic data, CONTRACTOR will also review and analyze data from the United States Geological Survey (USGS) gaging station (No. 11150500).

### 1.2.4 HYDRAULIC ANALYSIS

CONTRACTOR will perform a HEC-RAS hydraulic analysis to determine the in-bank, 2-year, 10-year, 20-year, 50-year, and 100-year flow characteristics, including water surface elevations (depths) and velocities. The 100-year and 50-year information is for checking the freeboard criteria from FHWA/Caltrans, FEMA, and COUNTY. The 100-year flow depth and velocity will be used for scour analysis and countermeasure design. The 2-year flow information is important for permitting purposes when coordinating with the United States Army Corps of Engineers (USACE) (ordinary high water) and the National Marine Fisheries Service (NMFS) (fish passage). The 10-year and 20-year flow information will be useful for other planning and maintenance activities.

CONTRACTOR will compare results with any analysis performed by Caltrans.

CONTRACTOR will also prepare reports and analysis required by the Monterey County WRA to comply with applicable COUNTY regulations relating to floodway encroachments.

### 1.2.5 SCOUR ANALYSIS

CONTRACTOR will perform a bridge scour analysis to determine the scour potential per the methodology specified in the FHWA's HEC-18 and HEC-23 Manuals.

### 1.2.6 COUNTERMEASURES DESIGN

CONTRACTOR will evaluate the need for countermeasures for bridge local scour and long-term river instability. CONTRACTOR will prepare the matrix describing the various countermeasures per the guidelines in FHWA's HEC-23 Manual. CONTRACTOR will make sure the design is feasible, constructible, and have minimal environmental impact.

### 1.2.7 DESIGN HYDRAULIC STUDY REPORT

CONTRACTOR will prepare a Design Hydraulic Study Report for the Project to summarize the recommendations and results from the hydraulic and scour analyses at the bridge. The report will include a proposed POA. CONTRACTOR will be responsible for all bridge structural design recommendations.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

CONTRACTOR will prepare a Location Hydraulic Study Memo with Floodplain Evaluation Summary forms to document the investigation and determine the specific impacts to the floodplain.

### DELIVERABLES

- Bridge Design Hydraulic Study Report (Draft and Final, PDF and three (3) copies)
- Location Hydraulic Study Memo (Draft and Final, PDF and three (3) copies)

### 1.3 GEOTECHNICAL INVESTIGATION

The existing bridge has scour mitigation required between Piers 16-19 (revised numbering of 7-10). This work will require a certain level of foundation repair including constructing protection for the pier supports. A limited geotechnical investigation is proposed at this time. This investigation will include collecting subsurface data from the vicinity of the impacted bents and providing design recommendations for the elements of repair such as sheet piles or footing retrofit.

The CONTRACTOR will prepare a Geotechnical Investigation Report required for the bridge foundation work. It is assumed that a Geotechnical Design and Materials Report will not be required since the majority of the work will relate to the bridge foundations.

#### 1.3.1 RESEARCH AND DATA COLLECTION

Review of readily available geologic and soil literature in the vicinity of the site including review of any as-built drawings and existing Log of Test Borings (LOTB), if any.

Permits/Underground Service Alert (USA) Clearances: Perform a site reconnaissance to review project limitations and mark the boring locations for utility clearance. Notify USA at least forty-eight (48) hours prior to field work as required by law.

#### 1.3.2 FIELD EXPLORATION

Two (2) borings are proposed in the vicinity of Pier 16 and Pier 18 to handle Piers 16-19 (revised numbering of 7-10). These borings can be drilled from the river bed (as it is dry) or from the bridge deck which will require closure. Drilling from the bridge is not included in the base cost estimate. In either case a California Department of Fish and Game (CDFG) permit will be required. The approximate boring depth will be eighty feet (80') to account for the possibility of driving sheet piles. The boring locations will depend upon the available access through the private right-of-way into the river bed or lane closure conditions. Drilling through the deck will require at a minimum one (1) lane closure with one (1) lane control. The deck will have to be cored through and repaired back using counter sunk cores (rebar) and quick set concrete. The option of drilling through the deck of the bridge is not included in the base cost estimate. The type of rig used will depend upon the access. COUNTY will secure rights-of-entry to private right-of-way and facilitate access through the fence.

Classify and continuously log subsurface soil conditions encountered in the test boring at the time of drilling. Obtain "relatively undisturbed" and bulk samples of substrata from test boring. The borings will be drilled and capped with cement grout. Drilling spoils will be disposed of in the field, however they will not be allowed to be left in the river bed and therefore will be placed outside near the roadway shoulder.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 1.3.3 LABORATORY TESTING

Perform laboratory tests on representative soil samples such as in-place moisture and density, unconfined compression, direct shear strength tests, gradation distribution, corrosion, Plasticity Index tests as necessary.

### 1.3.4 SOILS ANALYSIS/EVALUATION

Perform engineering analyses and develop design recommendations for the proposed foundation retrofit. It is anticipated that the proposed mitigation may include sheet piles and concrete cap for the pier protection. Seismic retrofit of the bridge is not included in the CONTRACTOR's Scope of Services. Any retrofit or reconstruction of the footings is also not included in this Scope of Services. If footings have to be reconstructed as part of the scour mitigation additional design work may be required.

### 1.3.5 PREPARE DRAFT FOUNDATION REPORT/MEMO

Prepare preliminary recommendations for foundations. A Foundation Memo will be provided to assist structure type selection (if any).

### 1.3.6 PREPARE FINAL FOUNDATION REPORT

Prepare detail report including Project Description, discussion of field and lab testing programs, comments on regional geology, site engineering seismology, peak ground acceleration and Acceleration Response Spectra (ARS) design curve per Caltrans Seismic Design Code (SDC v. 1.7) and ARS online, sheet pile foundation, discussion on constructability consideration, recommendations of lateral earth pressures (active and at-rest), and comments on corrosion potential.

The deliverables will include Draft Foundation Report/Memo with LOTB sheet to be included in the contract drawings in accordance with Caltrans Foundation Report preparation guidelines.

## 1.4 UTILITY COORDINATION

COUNTY and CONTRACTOR agree that all new or relocated facilities will be designed and constructed by the owners of those utilities.

The CONTRACTOR will prepare Utility A letters for COUNTY placement on their letterhead and mailing to each utility company requesting maps of their existing facilities in the vicinity of the site. COUNTY will provide copies of the Utility A letters sent to the various utility owners within the Project limits, and the response information received from each owner. When design is approximately 60% complete, CONTRACTOR will prepare Utility B letters and submit copies, hard copy and computer disk, to the COUNTY Project Manager for transmittal to recipients on COUNTY letterhead. COUNTY will forward to CONTRACTOR a copy of Utility B letters sent and of all correspondence received. For utilities owned or maintained by COUNTY, the COUNTY Project Manager will forward the Utility B letters to the appropriate COUNTY staff member, and send a copy of the transmittal to CONTRACTOR. CONTRACTOR will then correspond directly with the identified COUNTY staff member. Utility C letters will be prepared by CONTRACTOR and likewise sent to the COUNTY for distribution upon submittal of the Draft Plans, Specifications and Estimate (PS&E).

## **EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS**

### **1.5 RIGHT-OF-WAY ENGINEERING**

Work is anticipated to be confined to within the existing COUNTY right-of-way. The CONTRACTOR will identify temporary construction easements required for access during construction for inclusion on the Area of Potential Effect (APE) map and prepare plats for required easements for COUNTY's use. Additional Right-of-Way Engineering is not a part of this Contract and will require an amendment if conditions change and engineering and acquisition is required.

### **1.6 RIGHT-OF-WAY ACQUISITION**

COUNTY and CONTRACTOR agree that all right-of-way acquisition activities will be performed by the COUNTY. The COUNTY will prepare all legal descriptions and exhibits for right-of-way acquisitions and construction easements and will perform all appraisal and acquisition activities. COUNTY will also set all right-of-way monuments for the Project and prepare Record of Survey maps.

### **1.7 ENVIRONMENTAL DOCUMENTS**

Based on information provided in the Request for Proposals (RFP) and accompanying Preliminary Environmental Studies (PES) forms provided by Caltrans, the following work program will be used to complete the technical studies and environmental documentation pursuant to the National Environmental Policy Act (NEPA) and California Environmental Quality Act (CEQA) Regulations and Guidelines.

#### **1.7.1 PROJECT INITIATION AND PROJECT DESCRIPTION**

##### **1.7.1.1 KICK-OFF MEETING WITH PROJECT TEAM/FIELD REVIEW**

CONTRACTOR will attend one (1) on-site Project kick-off meeting with the COUNTY and Caltrans. The purpose of the meeting will be to conduct a general reconnaissance of the Project with the COUNTY, Caltrans and CONTRACTOR in order to reconfirm the information provided in the March 24, 2010 PES, to assess existing environmental conditions, and discuss any potentially significant impacts associated with the Project.

##### **1.7.1.2 COORDINATION WITH RESPONSIBLE/COOPERATING AGENCIES AND OTHER STAKEHOLDERS**

CONTRACTOR will coordinate with the COUNTY and Caltrans, and other agencies as necessary, to complete the technical reports and environmental documentation and identify any necessary Federal, State or local permitting requirements associated with the Project.

##### **1.7.1.3 PROJECT DESCRIPTION**

CONTRACTOR will prepare a thorough Draft Project Description to be used in the technical reports and environmental documents. The Project Description will include details about the proposed Project including information on the purpose of the Project, the environmental setting, the maximum physical footprint of Project components, construction access and staging, and other essential details. CONTRACTOR will work closely with the COUNTY to ensure the Project Description provides a level of detail appropriate for the technical reports and the environmental documents. The Draft Project Description will be reviewed by the COUNTY and a final version deemed acceptable for the NEPA and CEQA documents will be prepared in response to COUNTY comments.

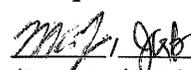

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 1.7.2 PREPARATION OF DRAFT TECHNICAL STUDIES

CONTRACTOR will prepare the required technical reports for the Project, which will provide support for environmental documentation pursuant to both NEPA and CEQA. Based on the preliminary evaluation of the Project as described by Caltrans in the PES, it is anticipated that the appropriate NEPA document would be a Categorical Exclusion (CX) under Section 6004, 23 CFR 771.117 (d)(3). The CX would satisfy the FHWA requirements for NEPA. It is anticipated that the appropriate CEQA document would be a Categorical Exemption (CE) ~~an Initial Study/Mitigated Negative Declaration (IS/MND)~~. The Scope of Services and budget are based on two (2) rounds of COUNTY and Caltrans review of the draft technical studies. The first round of review is for major comments and the second round of review is for minor cleanup comments and assumes no new comments requiring substantial research and revisions. For each draft and final document, the following deliverables will be provided:

#### DELIVERABLES

- One (1) electronic copy in Microsoft (MS) Word
- One (1) PDF, and
- Two (2) hard copies of the Draft and Final Technical Reports

  
(Contractors' Initials)

3/6/15, 3/9/15  
(Date)

  
(Acting Assistant  
Public Works Director  
Initials)

3/9/15  
(Date)

If it is determined by the CONTRACTOR that more extensive environmental review is required, COUNTY and CONTRACTOR may negotiate an expanded Scope of Services and cost to be amended into this Agreement, if determined to be necessary by COUNTY.

#### 1.7.2.1 NATURAL ENVIRONMENT STUDY (NES)

CONTRACTOR will prepare an NES to evaluate the biological resources present or potentially occurring in the proposed Project area and determine Project effects to those resources. The key objective of the evaluation will be to identify any special-status plant or animal species, jurisdictional wetlands, or sensitive habitats that may be affected by the Project.

Based on an initial site visit to the Project location, the existing bridge structure provides cliff swallow (*Petrochelidon pyrrhonota*) nesting habitat and suitable day and/or night roosts for bats, including pallid bats (*Antrozous pallidus*), a California species of special concern. In addition, a variety of bird species likely use the riparian woodland in the Project area for nesting.

#### ***Research/Coordination***

CONTRACTOR will request a list of special-status species for the project area from the United States Fish and Wildlife Service (USFWS) and will query the California Natural Diversity Database (CNDDDB) and California Native Plant Society (CNPS) Online Database. As part of this process, CONTRACTOR will informally coordinate with the California Department of Fish and Wildlife (CDFW) and/or the USFWS, as necessary, regarding the potential presence of special-status species within or immediately adjacent to the Project area.

#### ***Field Survey***

CONTRACTOR will conduct a general field survey to map plant communities, assess habitat conditions, and evaluate potential impacts to special-status biological resources resulting from the Project. During this survey, CONTRACTOR will inspect the existing bridge for any evidence of use by bats as well as swallows or other nesting birds. Trees required to be removed during construction will be identified and mapped.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

This Scope of Services does not include special-status plant or focused wildlife surveys. The evaluation will focus on known species occurrences and an analysis of the existing habitat within the Project area to assess impacts to these resources.

### *Documentation*

The results of the field survey will be documented in an NES prepared in accordance with the most recent Caltrans' Guidance. The NES will include a discussion of plant communities present in the Project area, as well as a discussion of common plant and animal species occurring (or expected to occur) in the Project area based on the communities present. A generalized vegetation map will be prepared showing plant community types, as well as the locations of any sensitive biological resources identified.

The NES will include an assessment of Project impacts on the biological and wetland resources present and recommend avoidance, minimization, and mitigation measures where appropriate.

The NES will also include a discussion of how the Project will comply with the Federal laws, acts, and Executive Orders (EOs) including, but not limited to:

- EO 13112: Invasive Species
- EO 11990: Protection of Wetlands
- EO 11988: Floodplain Management
- Migratory Bird Treaty Act (MTBA)
- Section 7 of the Federal Endangered Species Act (FESA)

### 1.7.2.2 JURISDICTIONAL DELINEATION (JD)

#### *Field Survey*

CONTRACTOR will conduct a wetland delineation of the Project area to determine any areas potentially subject to regulation by the USACE and/or the California Regional Water Quality Control Board (CRWQCB). The delineation will be conducted in accordance with the USACE Arid West Regional Supplement to the Wetland Delineation Manual (September 2008). Riparian areas within CDFW jurisdiction will also be delineated.

The fieldwork will be conducted concurrently with the general field survey as part of the NES effort.

#### *Documentation*

The results of the delineation field work will be documented in a letter report that will include a discussion of methods and results, the completed wetland data forms, location and vicinity maps, and a preliminary delineation map showing the limits of all potential waters of the United States (US) and the CDFW jurisdictional areas within the Project area. The delineation report will be submitted to the USACE for verification with a request for a Preliminary Jurisdictional Determination in accordance with Regulatory Guidance Letter 08-02.

Note that all findings should be considered preliminary until verified by the USACE. For purposes of this Scope of Services, CONTRACTOR has assumed that the delineation will be verified as part of this Scope of Services, resulting in a verified delineation that can be submitted with the wetland permits applications.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 1.7.2.3 BIOLOGICAL ASSESSMENT (BA)

Based on a preliminary review of the CNDDDB, steelhead – south/central California coast Distinct Population Segment (DPS) (*Oncorhynchus mykiss irideus*), are known to occur in the Salinas River within the Project area and there are recent records of least Bell's vireo (*Vireo belli pusillus*) from the riparian woodland in this area. The research and fieldwork conducted under the NES effort will determine the potential for California red-legged frog (CRLF) (*Rana draytonii*) to occur in this area. These species are listed as threatened or endangered under FESA. The section of the Salinas River within the Project area is within designated critical habitat for steelhead.

#### *Field Survey*

The fieldwork conducted as part of the NES and wetland delineation efforts will also serve as the field survey for the BA. No additional fieldwork is anticipated.

#### *Documentation*

Based on the potential for federally listed species to occur within the Project area, CONTRACTOR will prepare a BA in accordance with the most recent Caltrans guidance to evaluate Project effects to federally listed species and critical habitat, as well as identify appropriate avoidance and minimization measures. In regard to avoidance and minimization measures for CRLFs, CONTRACTOR will reference the Programmatic Biological Opinion between the USFWS and Caltrans (dated May 4, 2011). If it is determined that the Project may adversely affect federally listed species, Caltrans will use the BA to facilitate Section 7 consultation with the NMFS regarding steelhead and USFWS regarding least Bell's vireo and CRLF.

### 1.7.2.4 CULTURAL RESOURCES

CONTRACTOR will conduct cultural resource studies that are needed for the COUNTY and Caltrans to address requirements of Section 106 of the National Historic Preservation Act (NHPA), NEPA, CEQA, and the Caltrans 2014 First Amended *Programmatic Agreement Among The FHWA, the Advisory Council on Historic Preservation, the California State Historic Preservation Officer, and the California Department of Transportation Regarding Compliance With Section 106 of the NHPA, as it Pertains to the Administration of the Federal-Aid Highway Program in California*.

The Bradley Road Bridge (No. 44C0050) is listed in the Caltrans Statewide Bridge Inventory as "Category 5," meaning that it is not eligible for listing in the National Register of Historic Places. Therefore, it will not require any additional study or documentation prior to its replacement.

Based on a preliminary review of the Project area, it is not anticipated for there to be any built environment (i.e., architecture) issues related to potential construction effects. Therefore, no architectural study appears to be warranted.

CONTRACTOR will prepare an Area of Potential Effects (APE) map and conduct the following cultural resources identification tasks needed to prepare an Archaeological Survey Report and Historic Property Survey Report.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

### ***APE Map***

CONTRACTOR will prepare an APE map to Caltrans standards.

### ***Research and Field Investigation***

A records search will be conducted at the Northwest Information Center of the California Office of Historic Preservation's California Historical Resources Information System. A literature review of archaeological, ethnographic, historical, and environmental publications and maps at historical archives and CONTRACTOR will be done. The records search and literature review will identify previously recorded or otherwise known cultural resources and previous cultural resource studies of or adjacent to the APE.

A review of cultural resource inventories to identify cultural resources that may be listed within or adjacent to the APE. Relevant listings are the *California Inventory of Historic Resources*, *Five Views: An Ethnic Sites Survey for California*, *California Historical Landmarks*, *California Points of Historical Interest*, *National Historic Landmarks*, and the *Directory of Properties in the Historic Property Data File* which contains the listings of the National Register of Historic Places and the California Register of Historical Resources. If available, appropriate COUNTY listings will be reviewed.

CONTRACTOR will contact the Native American Heritage Commission in Sacramento for (1) a review of the Sacred Lands File to determine if the APE contains any listed sites, and (2) a list of Native American contacts who may have concerns about the APE. Local Native Americans on that list will be contacted by letter and follow-up telephone calls, as necessary, to inquire about any concerns or information they may have.

CONTRACTOR will contact the Monterey County Historical Society for any information or concerns they may have about the APE.

CONTRACTOR will conduct an archaeological field survey of the APE.

### ***Documentation***

CONTRACTOR will prepare a Historic Property Survey Report (HPSR) and an Archaeological Survey Report (ASR) per Caltrans standards. A preliminary archaeological sensitivity assessment will be included in the ASR.

### **1.7.2.5 GEOLOGY**

CONTRACTOR will incorporate the geologic setting and geologic hazards analysis from the Foundation Report developed in Task 1.8 into the draft technical studies for the Environmental Document (ED).

### **1.7.2.6 HAZARDOUS MATERIALS**

The PES for the Project included a finding that there is no potential for presence of hazardous materials and/or hazardous wastes within or immediately adjacent to the construction area. Therefore, an Initial Site Assessment (ISA) is not proposed for the Project.

## **EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS**

### **1.7.2.7 HYDROLOGY AND WATER QUALITY**

Construction activities may lead to water quality impacts. CONTRACTOR will prepare a Hydrology and Water Quality Memorandum that discusses watershed characteristics, groundwater hydrology, regulatory requirements, pollutants of concern, and receiving waters conditions, objectives, and beneficial uses. The memorandum will describe how potential water quality impacts will be minimized, including engineering controls and Best Management Practices (BMPs) that will be implemented in a Storm Water Pollution Prevention Plan (SWPPP). Information about engineering controls, BMPs, disturbed soil area, and new impervious surface area will be provided by the CONTRACTOR and incorporated into the memorandum. Any impacts identified in the Floodplain Studies will also be included. The Water Quality section of the NES will also address potential short term and long term impacts to water quality from construction and Project operation.

### **1.7.2.8 FLOODPLAIN EVALUATION REPORT**

The Project area has been identified as being within a base floodplain (100-year) elevation of a watercourse. A Location Hydraulics Study will be prepared by the CONTRACTOR. In addition, a Summary Floodplain Encroachment Report based on the Location Hydraulics Study will be completed by CONTRACTOR. The report formats will follow the Caltrans Standard Environmental Reference Chapter 17-Floodplains and Guidance (September 26, 2012). This Scope of Services presumes that the proposed Project will not cause a significant floodplain encroachment as defined by 23 CFR 650.105 and is not inconsistent with existing watershed and floodplain management programs. This Scope of Services also presumes that the Location Hydraulics Study provided by the CONTRACTOR will contain the requisite information for each alternative as described in Chapter 17 of the Caltrans Standard Environmental Reference and in 23 CFR 650A, Section 650.111 (b) (c). The report will discuss potential impacts for each alternative and recommend mitigation measures related to floodplain encroachment, flood-related hazards, natural or beneficial floodplain values, access interruption, and the community floodplain development plan.

### **1.7.2.9 NOISE**

CONTRACTOR will prepare a Technical Noise Memorandum consistent with the Caltrans Traffic Noise Analysis Protocol (May 2011) because the proposed Project is a Type III project. The Technical Noise Memorandum will also evaluate construction noise impact in terms of maximum levels ( $L_{max}$ ) based on typical construction activities and the frequency of occurrence at adjacent noise-sensitive locations. Expected impacts associated with bridge repair activities may include the following: pile driving, demolition, excavation, and bridge work. Analysis requirements will be based on the sensitivity of the area and the COUNTY's Noise Ordinance specifications. Additionally, the CONTRACTOR will confirm that avoidance, minimization and/or mitigation measures to address sensitive receptors in the Project area are consistent with avoidance, minimization and/or mitigation measures prescribed for other technical disciplines such as measures prescribed to address impacts to threatened and endangered species.

### **1.7.3 REVISE DRAFT DOCUMENTS BASED ON COUNTY AND CALTRANS COMMENTS**

After receiving comments on the Draft Technical Studies from the COUNTY (one (1) set of non-conflicting consolidated comments), CONTRACTOR will revise the Draft Technical Studies for review by Caltrans.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

### 1.7.4 FINAL TECHNICAL STUDIES

After receiving comments on the Draft Technical Studies from Caltrans (one (1) set of non-conflicting consolidated comments), CONTRACTOR will revise and prepare final Technical Studies for Caltrans' signature.

### 1.7.5 PREPARATION OF ADMINISTRATIVE DRAFT AND PUBLIC REVIEW DRAFT ENVIRONMENTAL DOCUMENT (ED)

#### NEPA

According to the PES forms provided as an Exhibit in the RFP, Caltrans has determined that to satisfy the FHWA for NEPA, a CX Determination with required technical studies, under 23 CFR 771.117 activity (d)(3), will be prepared. The PES form also states that Caltrans will prepare the CX with completed and approved environmental technical reports. This approach is consistent with CONTRACTOR's recent Project work with Caltrans District 5. Therefore, this Scope of Services assumes that Caltrans will prepare the NEPA CX supported by the technical documentation prepared by CONTRACTOR.

#### CEQA

The appropriate level environmental documentation to be prepared for the Project would be a Categorical Exemption (CE) under CEQA.

Section 15300 of the State CEQA Guidelines contains a list of classes of projects that have been determined not to have a significant effect on the environment and that are, therefore, exempt from the provisions of CEQA. The following project class most closely aligns with the Project:

- Class 1 (Section 15301), Existing Facilities, which includes existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities;

For a project to be considered exempt under CEQA, it must also not meet any of the following exceptions listed in Section 15300.2:

- (a) Location. The project site is environmentally sensitive. For classes 3, 4, 5, 6, and 11, a project that is ordinarily insignificant in its impact on the environment may in a particularly sensitive environment be significant.
- (b) Cumulative Impact. None of the CEs apply if significant cumulative impacts will result over time from successive projects of the same type in the same place.
- (c) Significant Effect. None of the CEs apply if there is a "reasonable possibility" that significant environmental impacts will result due to "unusual circumstances."
- (d) Scenic Highways. A CE shall not be used for a project which may result in damage to scenic resources, including trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway.
- (e) Hazardous Waste Sites. A CE shall not be used for a project located on a site which is included on any listed compiled pursuant to Section 65962.5 of the Government Code.
- (f) Historical Resources. A CE shall not be used for a project which may cause a substantial adverse change in the significance of a historical resource.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

Alternatively, assuming none of the exceptions listed above are triggered, the Project may also qualify under the “general rule” exemption in Section 15061(b)(3) of the CEQA Guidelines which states that a project is exempt from CEQA if: “The activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.”.

Based on CONTRACTOR’s preliminary review of the Project, it does not appear to be located on an environmentally sensitive site. The Project improvements are not located on a State scenic highway. The proposed Project would consist of bridge scour countermeasures to protect existing bridge pier footings within an existing COUNTY right-of-way. The bridge repairs would not result in an increase in vehicle trips or noise, air pollutants, and greenhouse gas emissions over the long term (i.e., the Project would not be capacity enhancing). Short-term construction effects would be minimized through the adherence to local and State policies for construction emissions (e.g., Monterey Bay Unified Air Pollution Control District (MBUAPCD) standard construction measures), vehicle and equipment noise, and standard BMPs in the plans and specifications addressing erosion control and water quality and control of hazardous waste and materials (e.g., equipment fuel). CONTRACTOR’s Scope of Services above assumes no impacts to cultural or historical resources. There is the potential for short-term traffic circulation effects during construction, but it is the CONTRACTOR’s understanding that a plan would be implemented to maintain adequate traffic circulation, as well as existing Public services. A Hazardous Waste ISA is included as part of the proposed Scope of Services. However at this time, it is presumed that the proposed Project is not located on a hazardous waste site per Government Code 65962. Therefore, CONTRACTOR concludes that the Project may qualify for a CE under CEQA, and CONTRACTOR will prepare a Notice of Exemption (NOE) for use in completing the CEQA CE clearance process.

Following approval of the draft technical reports, CONTRACTOR will prepare an Administrative Draft Environmental Document (DED).

### DELIVERABLES

- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the DED.

#### 1.7.5.1 CIRCULATE DED FOR PUBLIC REVIEW

After receiving comments on the Administrative Draft IS/MND (one (1) set of non-conflicting consolidated comments from the COUNTY), CONTRACTOR will revise the document and prepare the DED for Public review.

CONTRACTOR will provide the preprint version of the DED to the COUNTY prior to Public circulation of the document. The purpose of submitting this preprint version will be to allow the COUNTY to review the changes to the document, resolve any remaining questions, and verify that the COUNTY is satisfied with the overall DED. After the COUNTY reviews and approves the document for print, the DED will be circulated for Public review.

## **EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS**

CONTRACTOR will distribute up to thirty (30) hard copies and sixteen (16) CDs of the document to a distribution list for the Project provided by the COUNTY. CONTRACTOR will provide PDF files to the COUNTY for posting on the COUNTY's website if desired. CONTRACTOR will prepare a Draft Notice of Intent (NOI) and a Public Notice of Availability (NOA) for the Public review DED for COUNTY review and signature. The COUNTY will be responsible for publication of the Public notice in a general circulation newspaper. In addition, CONTRACTOR will file a Notice of Completion (NOC) with the County Clerk and the State Clearinghouse (SCH) to begin the required Public review period.

### **DELIVERABLES**

- Thirty (30) print copies and sixteen (16) CDs with PDF files of the Public review DED (Fifteen (15) CDs for the SCH and one (1) CD for the COUNTY's use in posting on the COUNTY's website);
- Draft NOI, Public NOA, and NOC.

### **1.7.5.2 RESPONSE TO COMMENTS BASED ON PUBLIC COMMENT**

Upon close of the Public review period, CONTRACTOR will review the Public and agency comments on the DED, and will coordinate with the COUNTY to strategize the preparation of the responses to comments. It is anticipated that the Public comments will not be extensive, and therefore, this Scope of Services and budget is based on responding to approximately twenty-five (25) comments on the Project. CONTRACTOR's budget estimate includes a level of effort accordingly, for this task. Should additional labor effort be needed to respond to comments on the DED, CONTRACTOR will obtain authorization of additional budget from the COUNTY prior to any such expenditure.

CONTRACTOR will respond to the comments received on the DED in coordination with the COUNTY, and will submit the draft responses to the COUNTY for review.

### **1.7.6 FINAL ED**

After receiving comments on the Administrative Draft CE (one (1) set of non-conflicting consolidated comments from the COUNTY), CONTRACTOR will revise the document and prepare the Final CE. Revisions to the CE will be identified in track changes/redline in the MS Word file to facilitate subsequent review. Following COUNTY approval of the Final CE, CONTRACTOR will prepare a NOE for use in completing the CEQA CE clearance process and file it with the SCH and the County Clerk. The CONTRACTOR will pay all filing fees associated with noticing for the Project. The CONTRACTOR will be reimbursed by the COUNTY for the filing fee amount required by the agencies.

### **DELIVERABLES**

- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Final CE
- One (1) electronic copy in MS Word, one (1) PDF of the NOE

### **1.7.7 PERMITTING**

CONTRACTOR will identify required environmental permits for Project construction during development of the ED. A preliminary Scope of Services and budget have been provided for the permitting task.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

Based on an initial site visit to the project location, it is anticipated that the Project will require the following permits: 1) Nationwide Permit from the USACE for Section 404 of the Clean Water Act (CWA), a Lake or Streambed Alteration Agreement for Section 1602 of the CDFG Code from the CDFW, and a Water Quality Certification for Section 401 of the CWA from the CRWQCB.

CONTRACTOR will consult with environmental regulatory agency representatives and prepare permit applications in signature ready format. Upon COUNTY signature, CONTRACTOR will submit permit applications to the respective agencies and coordinate with those agencies to ensure that the applications are complete, provide additional information if requested, discuss project measures to avoid or minimize impacts and/or additional permit conditions recommended for permit approval. Should any conditions of the permit application change during agency review, the COUNTY would be responsible for agreeing to and finalizing these permit conditions.

To address potential impacts to listed species, CONTRACTOR will provide Federal consultation assistance. Federal consultation with the USFWS and the NMFS will be initiated by Caltrans as assigned by FHWA as required based on the information provided in the BA. The procedure will be conducted pursuant to the requirements of Section 7 of the FESA. Caltrans will contact the USFWS to confirm the conclusions of the BA regarding the absence of potential habitat for, or avoidance of impact to, Federally Listed Species. If potential habitat for any Federally Listed Species is present, CONTRACTOR will request that Caltrans as assigned by FHWA enter into an informal consultation with the USFWS or NMFS and provide the supporting information, including avoidance measures and adherence to standard protocols and programmatic procedures, to assist the agencies in reaching a determination that any listed species would not be adversely affected by the Project. The Scope of Services includes assistance with informal consultation and the preparation of a mitigation plan.

### 1.7.7.1 SECTION 404 NATIONWIDE PERMIT

CONTRACTOR will prepare a Nationwide Permit application for Section 404 of the CWA for the Project. At this time it is anticipated that the Project would have minimal impacts to wetlands and waters of the US. and would likely be permitted under the Nationwide Permit Program. The extent of jurisdiction under the acts will be determined during a formal jurisdictional delineation of the Project area. If impacts to wetlands or waters of the U.S. exceed the limits imposed under the Nationwide Permits, then an individual permit will be required. Preparation of an Individual Permit would be completed under a separate scope and budget.

It is expected that the following items will be required for a Nationwide Permit application:

- Verified delineation of jurisdictional waters for Section 404 of the CWA;
- Complete project plans in plan view and cross-section that have been reduced to a size that can fit on an 8 ½" X 11" sheet (for inclusion in the USACE Public Notice);
- NES that identifies endangered species issues related to the Project and the measures proposed to mitigate impacts to special status species;
- Cultural Resources Report. This Scope of Services assumes that a cultural resources study will be completed for the Project by CONTRACTOR. A copy of this study must accompany the USACE Nationwide Permit application.

## **EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS**

### **1.7.7.2 SECTION 1602 LAKE OR STREAMBED ALTERATION AGREEMENT**

CONTRACTOR will prepare a Lake or Streambed Alteration Agreement application for Section 1602 of the CDFG Code for the Project. The Agreement application will include a Notice of Determination (NOD) showing CEQA compliance, Project plans for the location of each Project element affecting a waterway, BA report (in the form of an NES) identifying the affected habitats, and a check in an amount to be determined by the extent of impact. The CONTRACTOR will be responsible for filing fees associated with the Lake or Streambed Alteration Agreement for the Project. The CONTRACTOR will be reimbursed by the COUNTY for the fee amount required by the permitting agency.

### **1.7.7.3 SECTION 401 WATER QUALITY CERTIFICATION**

CONTRACTOR will prepare a Water Quality Certification application for Section 401 of the CWA for the Project. The application will include a copy of the Section 1602 Streambed Alteration Agreement issued by the CDFW, a copy of the Nationwide Permit, a delineation of jurisdictional waters, a NOD showing CEQA compliance, and a check for the application fee. The COUNTY will be responsible for filing fees associated with the Water Quality Certification for the Project.

### **1.7.8 MEETING/HEARING ATTENDANCE**

CONTRACTOR's Environmental Task Manager will oversee all environmental staff working on the proposed Project and will be responsible for managing the day-to-day activities associated with the proposed Project. Day-to-day project management responsibilities include regular coordination with the COUNTY and the Caltrans Local Assistance District Office, contract management, oversight of team members, schedule coordination, and development of products. CONTRACTOR will provide the COUNTY Project Engineer with regular updates regarding the status of CONTRACTOR's work, scheduled deliverables, and the status of the overall budget.

The cost estimate assumes attendance at five (5) meetings including one (1) project kick-off meeting, one (1) site visit/field review with the COUNTY and Caltrans District 5 Local Assistance, one (1) Public information meeting during the preparation of the technical reports and environmental documents, and two (2) progress meetings with the COUNTY.

## **1.8 35% SUBMITTAL; PRELIMINARY DESIGN AND TYPE SELECTION**

### **1.8.1 PRELIMINARY STRATEGY REPORT**

Upon completion of data gathering, investigation and analysis, CONTRACTOR will prepare a Preliminary Strategy Report. The Report will summarize the findings and will recommend the design and improvements for the Project. Upon receiving approval of the countermeasures to be implemented, the CONTRACTOR will confirm the required level of effort for design services to be provided which may require an adjustment to the Project budget. Preliminary plans of all major features of the Project will be provided so that the COUNTY will have a clear understanding of the proposed improvements.

CONTRACTOR will provide a preliminary cost estimate of the proposed improvements. The Preliminary Strategy Report will state if any property acquisition requirements for the work. A meeting will be arranged if necessary.

## **EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS**

### **1.8.2 35% PRELIMINARY PLANS**

The Preliminary Design Phase is intended to allow the COUNTY, Caltrans, utility companies and other involved agencies to review and comment upon the basic design concepts early in the process. Plan development will be based upon the strategy recommendations and the configuration of the existing bridge and the existing streambed geometry. CONTRACTOR will develop the Preliminary Plans to establish fundamental elements of the design.

## **PHASE II: FINAL DESIGN**

CONTRACTOR will prepare the PS&E for the construction contract for the proposed scour countermeasures. CONTRACTOR fee and Scope of Services assumes the use of Rock Slope Protection as a selected scour countermeasure; however the final design to be implemented will be determined from the engineering studies of the bridge. The anticipated documents include a plan for the bridge, the technical special provision sections, and an Engineer's Estimate of Probable Construction Costs for the design.

### **PLAN SHEETS AND DETAILS**

The plan sheets will be prepared in AutoCAD. Plans will be prepared in English units and will be consistent with Caltrans' Standard Plans. All plans will be signed by the responsible CONTRACTOR's Engineer (registered in the State of California) in charge of the design, in accordance with the Caltrans Local Programs Manual. Typically, the PS&E will contain the following plan sheets for Scour Projects (the number of sheets will vary depending on the site and the final structure details.) The plan sheets will include the following:

- Title Sheet
- Abbreviations and Legend
- Construction Details
- Traffic Handling and Construction Area Signs
- Utility Location
- Final Grading Plans
- Rock Slope Protection Details

### **DESIGN SUBMITTALS**

Three (3) submittals will be made during the preparation of the Final Design Phase as follows:

- When the documents are 65% complete;
- When the documents are 95% complete; and
- When the final documents are complete.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

Each submittal will incorporate the review comments from the previous submittal of the COUNTY's staff as well as those of all other reviewing agencies.

### 2.1 UNCHECKED DESIGN SUBMITTALS (65% PS&E)

#### 2.1.1 65% COMPLETE PLANS

Based on comments received from the 35% Design Submittal, the CONTRACTOR will advance the design to the point that all major design issues and solutions are represented in the plan documents. Minor details may be missing from the plan set at this milestone, but all plan sheets will be included in this submittal package. The CONTRACTOR team will work with the COUNTY and other agencies to resolve any remaining conflicts between the comments of different reviewers. Upon comment resolution with COUNTY, no further changes will be allowed thereafter and such comments or changes will be deferred until the next submittal or next appropriate meeting.

#### 2.1.2 65% COMPLETE SPECIFICATIONS

CONTRACTOR will prepare a draft version of the technical specifications sections. The technical specifications will cover all major items of work and will reference applicable Caltrans standard specifications, with specific consideration of measurement and payment provisions. The COUNTY will be responsible for the completion of "boilerplate" general and standard provisions related to the construction contract.

#### 2.1.3 65% CONSTRUCTION COST ESTIMATE

The Preliminary Cost Estimate prepared under Task 1.8 will be updated by the CONTRACTOR to reflect the design refinements in the 65% Design Submittal. This will become the 65% Engineer's Estimate of Probable Construction Cost.

#### **2.2.4 QUALITY ASSURANCE (QA) REVIEW**

An internal QA review of the PS&E will be conducted concurrently by the CONTRACTOR with review of the 95% Design Submittal by the COUNTY and other agencies. CONTRACTOR's QA program provides for independent checking of individual tasks as well as an independent review by experienced senior staff. The purpose of this review is to provide oversight to specific project details by professionals who are not closely involved in the design, and to review the constructability, cost-effectiveness and completeness of design features relative to the normal standard of professional care.

#### **2.2.5 MEMORANDUM RESPONSE TO COMMENTS**

The COUNTY will submit a "Comments" letter to the CONTRACTOR with the COUNTY Comments to the 65% Design Submittal. The CONTRACTOR will prepare and submit a memo with "Response to Comments" received from the COUNTY's "Comments" to the 65% Design Submittal. ## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

### PHASE IV: SUPPLEMENTAL SERVICES

This supplemental scope and accompanying budget has been provided to the COUNTY as requested to address issues that may arise during the environmental review and assessment process. A budget has been provided for use on these supplemental services. Upon identification of the need for a supplemental service, CONTRACTOR shall alert COUNTY and request approval to perform the service. Upon receipt of notice to proceed with the service by the COUNTY, CONTRACTOR shall perform the work.

#### 4.1 PUBLIC OUTREACH MEETING

CONTRACTOR will attend a Public scoping meeting, to be scheduled by the COUNTY during the preparation of the environmental technical reports and prior to the start of the environmental documentation phase. The CONTRACTOR will prepare meeting notices for distribution by the COUNTY. The CONTRACTOR will also prepare exhibits to be utilized at this Public meeting. These exhibits will include engineering drawings and concepts in order to discuss the Project with the Public.

A meeting summary report will be prepared by the CONTRACTOR to summarize the issues raised by the Public during the Public meeting. The information gathered at the Public scoping meeting will be used to identify key issues that should be addressed in the ED.

#### DELIVERABLES

- Meeting Notices
- Exhibits for Public Meeting
- Meeting Summary Report

#### 4.2 BIOLOGY TASKS

This Scope of Services addresses issues that may arise during the environmental review and assessment process (NES and BA) that may require site specific data to conclude with certainty the status of a species in the vicinity of a bridge project and the potential impacts to that species from the proposed Project. In assessing impacts to special-status species and sensitive habitats at each of the sites, CONTRACTOR's primary approach will be to use existing data and information (i.e., vegetation types, habitat condition, and geographic range of species) gathered during the site survey to assess the presence and potential impacts to special-status species and habitats. In cases where CONTRACTOR is unable to come to a conclusion regarding a particular species or when there is a disagreement between the COUNTY and the resource agencies regarding the potential impact of a project, CONTRACTOR proposes to gather site specific field data to resolve the issue. Site specific, focused surveys would only be conducted after modifications to the Project area (access roads, staging areas) or construction methods have been reevaluated to avoid or minimize the potential impacts to species and their habitats. For example, if an access road is relocated to avoid a vernal pool, a vernal pool crustacean survey would not be required.

For the Project, CONTRACTOR has identified the additional field work that may be required to assess impacts to special-status species that occur in the vicinity of the bridge. A brief Scope of Services and budget are included for each survey type. Given the prohibitive costs of

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

conducting some protocol-level surveys, CONTRACTOR has limited the survey techniques employed to those that would provide useful information and are cost effective to conduct (e.g., aquatic sampling for salamander larvae rather than upland surveys for adult salamanders).

Based on preliminary research of documented and potentially occurring special-status biological resources in the vicinity of the Project, the following species-specific assessments and surveys may be necessary.

### 4.2.1 SPECIAL-STATUS PLANT SURVEYS

#### *Field Survey*

CONTRACTOR will address the potential occurrence of special-status plant species on the Project site in accordance with Protocols for Surveying and Evaluating Impacts to Special Status Native Plant Populations and Natural Communities (CDFW 2009). CONTRACTOR will examine current Federal and State lists of special-status plant species and current database records. In order to adequately assess the presence of the special-status plant species potentially occurring on the Project site, three (3) surveys will be required. The surveys will be conducted between March and September depending on rainfall and other environmental factors. This survey schedule will cover the flowering periods of all the potential target species. One (1) Biologist can efficiently cover 100 percent (100%) of the Project site during one (1) survey day. If special-status plant species are found, the plant or plant population will be recorded on field maps and/or with a handheld Global Positioning System (GPS) device and documented with digital photographs. All plant species identified on the Project site will be recorded in field notes.

#### *Report*

Following the final survey, CONTRACTOR will prepare a comprehensive report for submittal to the COUNTY detailing the special-status plant survey methodology and results. The report will include an analysis of the occurrence or potential occurrence for all the special-status plants (and sensitive vegetation communities) known from the Project site vicinity. If any special-status plant species are detected on site, CONTRACTOR will prepare and include in the report a graphic displaying the locations of the resources observed.

### 4.2.2 CRLF SITE ASSESSMENT AND FIELD SURVEYS

#### *Site Assessment*

During the initial survey of the Biological Study Area (BSA) for the NES/BA, an assessment of CRLF habitat will be conducted. If required by Caltrans, CONTRACTOR will prepare a formal site assessment of the Project site for CRLF for submittal to the USFWS. The assessment will follow the protocol outlined in the Revised Guidance on Site Assessments and Field Surveys for the CRLF (USFWS 2005). CONTRACTOR will prepare the assessment based on the existing information and sources available in-house. The assessment will be submitted to the USFWS with a copy sent to the COUNTY.

#### *Field Survey*

If the USFWS requires surveys to be conducted, two (2) Biologists will conduct the surveys according to the guidance referenced above. Protocol-level surveys require up eight (8) site

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

visits over a minimum of six (6) weeks. If CRLF's are found on any given survey, subsequent surveys may not be required. Two (2) daytime surveys and four (4) night time surveys will be conducted during the breeding season (January through June); and one (1) daytime and one (1) night time survey will be conducted during the non-breeding season (July through September). Three (3) site visits will include both day and night surveys and two (2) site visits will include only night time surveys for a total of five (5) site visits. Daytime and night time surveys will be combined. At least seven (7) days will separate surveys. CONTRACTOR will prepare a report documenting the results of the surveys and submit the report to the USFWS.

### *Report*

CONTRACTOR will prepare a report of its findings for submission to the COUNTY and the resource agencies. The report will include the dates of the surveys and species observed. Occurrences of listed and other special-status species observed during the survey will also be reported to the CNDDDB as required by Federal and State permits.

### 4.2.3 LEAST BELL'S VIREO (LBV)/WILLOW FLYCATCHER (WFL) PROTOCOL SURVEYS

#### *Field Survey*

To facilitate an accurate assessment of the presence/absence of LBV and WFL, CONTRACTOR will follow the suggested LBV Survey Guidelines (USFWS, 2001). One (1) Biologist will conduct at least eight (8) protocol-level surveys during the nesting season (April 10 to July 31), with at least ten (10) days between surveys. One (1) Biologist can efficiently cover 100 percent (100%) of the Project site during one (1) survey day. The location of any LBV (or WFL) detected will be recorded on field maps and/or with a handheld GPS device. All bird species identified on the Project site will be recorded in field notes.

#### *Report*

CONTRACTOR will prepare a report documenting the survey dates and times, methodology, locations, and results. CONTRACTOR will submit the report to the USFWS and CDFW. If no LBV or WFL are observed during the survey period CONTRACTOR will recommend that the USFWS and the COUNTY consider that these species do not occur on the site.

### 4.2.4 SAN JOAQUIN KIT FOX (SJKF) PROTOCOL SURVEYS

#### *Habitat Assessment*

CONTRACTOR will prepare a formal site assessment of the Project site for SJKF. The assessment will follow the protocol outlined in the USFWS SJKF Survey Protocol for the Northern Range (USFWS 1999). CONTRACTOR will prepare the assessment based on the existing information and sources available to CONTRACTOR in-house. The assessment will be submitted to the USFWS with a copy sent to the COUNTY.

#### *Field Survey*

Due to the prohibitively high cost of the conducting full protocol-level surveys for this species, CONTRACTOR proposes to conduct only a limited set of surveys for SJKF. The survey will consist of a burrow survey of the entire Project site including access roads and staging areas, and operation of camera stations at a density of eight (8) per 640 acres for ten (10) nights. CONTRACTOR assumes that the camera stations could be left for up to ten (10) days without

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

changing batteries. Camera stations may be replaced with scent stations if the cameras cannot be secured and hidden.

### *Report*

CONTRACTOR will prepare a report of their findings for submission to the COUNTY and the resource agencies. The report will include the dates of the surveys and species observed. Occurrences of listed and other special-status species observed during the survey will also be reported to the CNDDDB as required by Federal and State permits.

#### 4.2.5 BURROWING OWL GUIDELINE SURVEYS

##### *Field Surveys*

During the initial survey of the BSA for the NES/BA, an assessment of burrowing owl habitat will be conducted. If suitable habitat is present, additional follow-up surveys to determine the status of (wintering, breeding) may be required. These follow-up surveys will consist of one (1) Biologist walking transects across the site while examining the ground for small mammal burrows suitable for use by burrowing owls. If suitable burrows are present, the Biologist will examine burrows for signs of recent burrowing owl activity (droppings, pellets, prey remains), as well as scan the area for owls. The surveys will be conducted from two (2) hours before to one (1) hour after sunset, or from one (1) hour before to two (2) hours after sunrise, in accordance with the CDFW's *Staff Report on Burrowing Owl Mitigation* (revised March 7, 2012).

##### *Report*

The results of the survey will be summarized in a letter report including photographs and maps.

#### 4.2.6 VERNAL POOL INVERTEBRATE PROTOCOL SURVEYS

For determining absence at a site, USFWS protocols for vernal pool invertebrates (1996) require negative findings from a minimum of two (2) seasons of surveys. The two (2) surveys can consist of two (2) wet season surveys (described below) or one (1) wet season and one (1) dry season survey. In CONTRACTOR's experience, the two (2) strategies (two (2) wet versus one (1) wet and one (1) dry) can each have their own benefits. The wet/wet is often more accurate, but takes a year and a half (1 ½ years) to complete and can be delayed if rainfall is below average. The wet/dry can be completed in less than one (1) year, but the cysts collected are not always identifiable to species.

##### *Wet Season Surveys*

Wet season surveys require sampling ponded areas on the site every two (2) weeks. These surveys begin when the pools fill and hold over one (1) inch of water. They continue until the pools dry or 120-days have passed. Should the pools dry and refill, the clock will restart. This scope includes the cost of one (1) Biologist visiting the site on eight (8) occasions during the 2014-2015 rainy season survey. This budget assumes that surveys will continue throughout the rainy season with no breaks. CONTRACTOR can expect to suspend surveys at any time should listed species be found.

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

For the wet season survey, CONTRACTOR will complete the following work:

- Coordination – CONTRACTOR will contact the USFWS for authorization to conduct the survey as required by the protocol.
- Conduct Wet Season Surveys – One (1) Biologist will visit the site every two (2) weeks once ponded areas begin to hold greater than one (1) inch of water. The Biologist will sample the pools with dip nets in order to capture any crustaceans that may be swimming in the water column. The Biologist will collect data and record observations. Specimens will be collected if necessary for identification in the lab or for deposition in museums as required in the protocol.
- Reporting – As required by permit, CONTRACTOR will provide a report presenting the results of these formal surveys to the USFWS within ninety (90) days of the completion of field work. If any listed invertebrates are collected, CONTRACTOR will submit voucher specimens to the California Academy of Sciences as required by permit.

### *Dry Season Surveys*

Dry season surveys require collection of approximately one (1) liter of surface soil material from up to ten (10) different locations within each pool. Soils are wetted and poured through a series of sieves that will separate out particles that are the size of crustacean cysts. Sieved materials of the correct size are inspected for the presence of cysts under microscopes. For this budget, CONTRACTOR assumes up to five (5) pools may be present on the Project site.

For the 2014 or 2015 dry season surveys, CONTRACTOR will complete the following work:

- Coordination – CONTRACTOR will contact the USFWS for authorization to conduct the survey as required by the protocol.
- Collection of Soils – One (1) Biologist will make a one (1) day visit to the site to collect soil samples from the each of the ponding areas. Soils will be stored dry in plastic bags that are marked to indicate the location of collection.
- Sieving of material – One (1) Biologist will wet the soil samples and then pour the samples through a series of correctly sized sieves. The sieved material will be suspended in a saline solution to separate organic material from inorganic material. The remaining organic material will be collected on blotter paper and dried.
- Inspection of material – One (1) Biologist will inspect the sieved soil material searching for the presence of cysts. Observations will be recorded on USFWS data sheets. Any cysts will be identified to genus and the most likely species, then collected and saved as per the official protocol.
- Reporting – CONTRACTOR will also need to provide a report presenting the results of these formal surveys to the USFWS within ninety (90) days of the completion of lab work as specified in CONTRACTOR'S Federal permit. If any listed invertebrate cysts are collected, CONTRACTOR is also required to submit voucher specimens to the California Academy of Sciences.

## 4.2.7 BAT DETECTION SURVEYS

### *Field Survey*

During the initial survey of the BSA for the NES/BA, an assessment of bat habitat on the existing bridge will be conducted. If special-status bat species are or could be using the bridge more information on what areas of the bridge the species are using and in what capacity

## EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS

(maternity roosts, day roosts, and/or night roosts) may be required. To provide such information additional follow-up surveys may be required. Follow-up surveys would be conducted from late afternoon until after dark to observe bats in day roosts (e.g., expansion joints), watch for emerging bats at dusk, and survey known or potential night roosts after dark. One (1) to two (2) follow-up surveys, depending on the time of year the work is scheduled, would be conducted.

### *Report*

The results of the survey will be summarized in a letter report.

### 4.3 IS/MND TASKS

If, during the course of the technical reporting and environmental documentation, unforeseen environmental constraints or Project impacts are identified that would necessitate the preparation of an IS/MND to address CEQA requirements, the CONTRACTOR shall notify the COUNTY immediately to discuss whether the Project could be redesigned to avoid such impacts. If the Project could not be redesigned to avoid impacts, the CONTRACTOR shall request authorization to utilize the supplemental budget to prepare an IS/MND. The scope for the IS/MND is as follows:

#### 4.3.1 IS/MND

Following approval of the draft technical reports, CONTRACTOR will prepare a comprehensive Administrative Draft IS/MND for review. Included in the IS/MND will be a Project Description, discussion of the environmental review process, and Project methodology. Technical studies prepared by CONTRACTOR and other Project team members will be summarized into the IS/MND document. Non-technical issue areas (e.g., land use, Public services and utilities, etc.) and issues anticipated to have no or minor environmental effects will also be documented in the IS/MND.

### DELIVERABLES

- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Administrative Draft IS/MND

#### 4.3.2 CIRCULATE DED FOR PUBLIC REVIEW

After receiving comments on the Administrative Draft IS/MND (one (1) set of non-conflicting consolidated comments from the COUNTY), CONTRACTOR will revise the document and prepare the DED for Public review.

CONTRACTOR will provide the preprint version of the DED to the COUNTY prior to Public circulation of the document. The purpose of submitting this preprint version will be to allow the COUNTY to review the changes to the document, resolve any remaining questions, and verify that the COUNTY is satisfied with the overall DED. After the COUNTY reviews and approves the document for printing, the DED will be circulated for Public review.

CONTRACTOR will distribute up to thirty (30) hard copies and sixteen (16) CDs of the document to a distribution list for the Project provided by the COUNTY. CONTRACTOR will provide PDF files to the COUNTY for posting on the COUNTY's website if desired. CONTRACTOR will prepare a Draft NOI and a Public NOA for the Public review DED for

## **EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS**

COUNTY's review and signature. The COUNTY will be responsible for publication of the Public notice in a general circulation newspaper. In addition, CONTRACTOR will file a NOC with the County Clerk and the SCH to begin the required Public review period.

### **DELIVERABLES**

- Thirty (30) print copies and sixteen (16) CDs with PDF files of the Public review DED (Fifteen (15) CDs for the SCH and one (1) CD for the COUNTY's use in posting on the COUNTY's website);
- Draft NOI, NOA, and NOC.

### **4.3.3 RESPONSE TO COMMENTS BASED ON PUBLIC COMMENT**

Upon close of the Public review period, CONTRACTOR will review the Public and agency comments on the DED, and will coordinate with the COUNTY to strategize the preparation of the responses to comments. It is anticipated that the Public comments will not be extensive, and therefore, this scope and budget is based on responding to approximately twenty-five (25) comments on the Project. CONTRACTOR's budget estimate includes a level of effort accordingly, for this task. Should additional labor effort be needed to respond to comments on the DED, CONTRACTOR will obtain authorization of additional budget from the COUNTY prior to any such expenditure.

CONTRACTOR will respond to the comments received on the DED in coordination with the COUNTY, and will submit the draft responses to the COUNTY for review.

### **4.3.4 FINAL ED**

Following the COUNTY's review of the draft responses to comments, the DED that was distributed for Public review will be revised as required to incorporate relevant comments/data received during the Public review period. Revisions to the DED will be identified in track changes/redline in the MS Word file to facilitate subsequent review. All comments received on the DED during the Public review period, as well as the responses to comments, will be included as an appendix to the Final ED.

CONTRACTOR will prepare a Mitigation Monitoring and Reporting Program (MMRP) in accordance with CEQA Guidelines Section 15097 for use in ensuring implementation of the mitigation measures for the Project. The Draft MMRP will be submitted to the COUNTY for review and comment, and the Final MMRP, along with the Final Responses to Comments and Final ED, will be provided to the COUNTY for approval.

Following COUNTY approval of the Final IS/MND, CONTRACTOR will prepare and file a NOD with the County Clerk and SCH. If the environmental review indicates that the Project would not qualify for the CDFW fee exemption, the CONTRACTOR will provide a check for the fee to be submitted to the County Clerk with the NOD. The CONTRACTOR will be reimbursed by the COUNTY for the fee amount required by the CDFW.

## **EXHIBIT A – SCOPE OF SERVICES/PAYMENT PROVISIONS**

### **DELIVERABLES**

- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Draft Responses to Comments and associated changes to the ED
- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Final Responses to Comments and associated changes to the ED
- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Draft MMRP
- One (1) electronic copy in MS Word, one (1) PDF, and two (2) hard copies of the Final MMRP

### **4.4 FULL FOOTING REHABILITATION SCOUR MITIGATION**

In order for this supplemental task to be approved, it would require recommendation from the CONTRACTOR and agreement by the COUNTY, during the Preliminary Engineering Phase, that either the existing foundations or the existing soils materials are so compromised that the preferred scour mitigation plan will not be adequate. CONTRACTOR will then need to design a full footing rehabilitation which will require the design of new pile supports to replace/augment the existing foundations. This will require additional geotechnical investigation, additional as well as deeper borings and recommendations, development of analytical models and additional analysis to insure an adequate load path. With the increased size of the footings, this will likely require additional hydraulic modeling and additional local pier scour recommendations. This scour mitigation concept will require additional coordination with environmental resource agencies and development of additional impact quantities. This concept would also require additional development of specifications, quantities and a more extensive independent design check as well as QA/Quality Control (QC) review.

### **DELIVERABLES**

- Additional Geotechnical Investigations and Recommendations
- Analytical Models with New Foundations
- Additional Engineering Plans
- Additional Technical Specifications and Estimates

The CONTRACTOR warrants, by execution of this contract, that no person or selling agency has been employed, or retained, to solicit or secure this contract upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees, or bona fide established commercial or selling agencies maintained by the CONTRACTOR for the purpose of securing business. **ARTICLE IX SUBCONTRACTING**

- A. The CONTRACTOR shall perform the work contemplated with resources available within its own organization; and no portion of the work pertinent to this contract shall be subcontracted without written authorization by the COUNTY's Project Manager, except that, which is expressly identified in the Executed Proposal.

FOR LOBBYING**

This article applies to all contracts where federal funding will exceed \$100,000.

- A. The CONTRACTOR certifies by signing this contract, to the best of his or her knowledge and belief, that:
1. No State, Federal or County appropriated funds have been paid or will be paid, by or on behalf of the CONTRACTOR, to any person for influencing or attempting to influence an officer or employee of any State or Federal agency, a Member of the State Legislature or United States Congress, an officer or employee of the Legislature or Congress, or any employee of a Member of the Legislature or Congress in connection with the awarding of any State or Federal contract, the making of any State or Federal grant, the making of any State or Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any State or Federal contract, grant, loan, or cooperative agreement.
  2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the CONTRACTOR shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- B. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.
- C. The CONTRACTOR also agrees by signing this document that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000, and that all such sub-recipients shall certify and disclose accordingly.

**ARTICLE XVI DBE PROVISIONS**

The COUNTY has established a DBE goal for this Agreement of 6 %.

OR

The COUNTY has not established a DBE goal for this Agreement. However, proposers are encouraged to obtain DBE participation for this Agreement.

**1. TERMS AS USED IN THIS DOCUMENT**

- The term "Disadvantaged Business Enterprise" or "DBE" means a for-profit small business concern owned and controlled by a socially and economically disadvantaged person(s) as defined in Title 49, Part 26.5, Code of Federal Regulations (CFR).
- The term "Agreement" also means "Contract."

## EXHIBIT B - FEDERAL PROVISIONS CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL

- The term “bidder” also means “proposer.”
- Agency also means the local entity entering into this contract with the Contractor or Consultant.
- The term “Small Business” or “SB” is as defined in 49 CFR 26.65.

### 2. AUTHORITY AND RESPONSIBILITY

- A. DBEs and other small businesses are strongly encouraged to participate in the performance of Agreements financed in whole or in part with federal funds (See 49 CFR 26, “Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs”). The CONTRACTOR should ensure that DBEs and other small businesses have the opportunity to participate in the performance of the work that is the subject of this solicitation and should take all necessary and reasonable steps for this assurance. The bidder/proposer shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts.
- B. Proposers are encouraged to use services offered by financial institutions owned and controlled by DBEs.

### 3. SUBMISSION OF DBE INFORMATION

If there is a DBE goal on the contract, a “Local Agency Bidder/Proposer DBE Commitment (Consultant Contract)” (Exhibit 10-O1) form shall be included in the Request for Proposal. In order for a proposer to be considered responsible and responsive, the proposer must make good faith efforts to meet the goal established for the contract. If the goal is not met, the proposer must document adequate good faith efforts. All DBE participation shall be collected and reported.

A “Local Agency Proposer DBE Information (Consultant Contract)” (Exhibit 10-O2) form shall be completed and submitted with the executed contract. The purpose of the form is to collect all DBE commitment data required under 49 CFR 26. For contracts with no goals, this form collects information on all DBEs. Even if no DBE participation will be reported, the successful bidder must execute and return the form.

### 4. DBE PARTICIPATION GENERAL INFORMATION

It is the proposer’s responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Department’s DBE program developed pursuant to the regulations. Particular attention is directed to the following:

- A. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).
- B. A certified DBE may participate as a prime consultant, subconsultant, subcontractor, joint venture partner, as a vendor of material or supplies, or as a trucking company.
- C. A DBE bidder, not bidding as a joint venture with a non-DBE, will be required to document one or a combination of the following:

**EXHIBIT B - FEDERAL PROVISIONS  
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

1. The proposer is a DBE and will meet the goal by performing work with its own forces.
  2. The proposer will meet the goal through work performed by DBE subconsultants, subconsultants, suppliers or trucking companies.
  3. The proposer made adequate good faith efforts to meet the goal.
- D. A DBE joint venture partner must be responsible for specific contract items of work or clearly defined portions thereof. Responsibility means actually performing, managing and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint venture commensurate with its ownership interest.
- E. A DBE must perform a commercially useful function pursuant to 49 CFR 26.55; that is, a DBE firm must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work.
- F. The prime consultant shall list only one subconsultant for each portion of work as defined in their proposal and all DBE subconsultants should be listed in the cost proposal list of subconsultants.
- G. A prime consultant who is a certified DBE is eligible to claim all of the work in the Agreement toward the DBE participation except that portion of the work to be performed by non-DBE subconsultants.
5. **RESOURCES**
- A. The CUCP database includes the certified DBEs from all certifying agencies participating in the CUCP. If you believe a firm is certified that cannot be located on the database, please contact the Caltrans Office of Certification.

- C. How to Obtain a List of Certified DBEs without Internet Access:  
DBE Directory - If you do not have Internet access, Caltrans also publishes a directory of certified DBE firms extracted from the online database. A copy of the directory of certified DBEs may be ordered from the Caltrans Publications Unit at (916) 263-0822, 1900 Royal Oaks Drive, Sacramento, CA 95815-3800.
6. **MATERIALS OR SUPPLIES PURCHASED FROM DBES COUNT TOWARDS DBE CREDIT UNDER THE FOLLOWING CONDITIONS:**

**EXHIBIT B - FEDERAL PROVISIONS  
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

- A. If the materials or supplies are obtained from a DBE manufacturer, count one hundred percent of the cost of the materials or supplies. A DBE manufacturer is a firm that operates or maintains a factory, or establishment that produces on the premises, the materials, supplies, articles, or equipment required under the Agreement and of the general character described by the specifications.
  - B. If the materials or supplies purchased from a DBE regular dealer, count sixty percent of the cost of the materials or supplies. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Agreement are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.
  - C. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.
  - D. Materials or supplies purchased from a DBE, which is neither a manufacturer nor a regular dealer, will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive as compared with fees charged for similar services.
7. FOR DBE TRUCKING COMPANIES: CREDIT FOR DBES WILL COUNT TOWARDS DBE GOAL, UNDER THE FOLLOWING CONDITIONS:
- A. The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular Agreement, and there cannot be a contrived arrangement for the purpose of meeting the DBE goal.
  - B. The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the Agreement.
  - C. The DBE receives credit for the total value of the transportation services it provides on the Agreement using trucks it owns, insures, and operates using drivers it employs.
  - D. The DBE may lease trucks from another DBE firm including an owner-operator who is certified as a DBE. A DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the Agreement.
  - E. The DBE may also lease trucks from a non-DBE firm, including an owner-operator. A DBE who leases trucks from a non-DBE is entitled to credit only for the fee or

**EXHIBIT B - FEDERAL PROVISIONS  
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

commission it receives as a result of the lease arrangement. A DBE does not receive credit for the total value of the transportation services provided by the lessee, since these services are not provided by the DBE.

- F. For the purposes of this Section D, a lease must indicate that the DBE has exclusive use and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, as long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

**ARTICLE XVII SUBCONTRACTOR/DBE PARTICIPATION**

**1. Subcontractors**

- A. Nothing contained in this Agreement or otherwise, shall create any contractual relation between the COUNTY and any subcontractors, and no subcontract shall relieve the CONTRACTOR of his/her responsibilities and obligations hereunder. The CONTRACTOR agrees to be as fully responsible to the COUNTY for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the CONTRACTOR. The CONTRACTOR's obligation to pay its subcontractors is an independent obligation from the COUNTY's obligation to make payments to the CONTRACTOR.
- B. Any subcontract in excess of \$25,000, entered into as a result of this Agreement, shall contain all the provisions stipulated in this Agreement to be applicable to subcontractors.
- C. CONTRACTOR shall pay its subcontractors within ten (10) calendar days from receipt of each payment made to the CONTRACTOR by the COUNTY.
- D. Any substitution of subcontractors must be approved in writing by the COUNTY's Project Manager in advance of assigning work to a substitute subcontractor.

**2. Disadvantaged Business Enterprise (DBE) Participation**

- A. This Agreement is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs." Bidders who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- B. If the contract has a DBE goal, the CONTRACTOR must meet the DBE goal by using DBEs as subcontractor or document a good faith effort to meet the goal. If a DBE subcontractor is unable to perform, the CONTRACTOR must make a good faith effort to replace him/her with another DBE subcontractor if the goal is not otherwise met. A DBE is a firm meeting the definition of a DBE as specified in 49 CFR.
- C. DBE and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of agreements financed in whole or in part with federal funds. The CONTRACTOR, subrecipient or subcontractor shall not discriminate on the

**EXHIBIT B - FEDERAL PROVISIONS  
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

basis of race, color, national origin, or sex in the performance of this Agreement. The CONTRACTOR shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT- assisted agreements. Failure by the CONTRACTOR to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as the recipient deems appropriate.

- D. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this section.
3. Performance of DBE Contractors and other DBE Subcontractors/Suppliers
- A. A DBE performs a commercially useful function when it is responsible for execution of the work of the Agreement and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible with respect to materials and supplies used on the Agreement, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, evaluate the amount of work subcontracted, industry practices; whether the amount the firm is to be paid under the Agreement is commensurate with the work it is actually performing, and other relevant factors.
  - B. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, Agreement, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
  - C. If a DBE does not perform or exercise responsibility for at least thirty percent of the total cost of its Agreement with its own work force, or the DBE subcontracts a greater portion of the work of the Agreement than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a commercially useful function.
4. Prompt Payment of Funds Withheld to Subcontractors
- A. No retainage will be held by the Agency from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the Agency's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or

**EXHIBIT B - FEDERAL PROVISIONS  
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

- B. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this section.

5. DBE Records

- A. The CONTRACTOR shall maintain records of materials purchased and/or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime CONTRACTORS shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- B. Upon completion of the Agreement, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprises (DBE) First-Tier Subcontractors," CEM-2402F (Exhibit 17-F in Chapter 17 of the LAPM), certified correct by the CONTRACTOR or the CONTRACTOR's authorized representative and shall be furnished to the Project Manager with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to the CONTRACTOR when a satisfactory "Final Report Utilization of Disadvantaged Business Enterprises (DBE) First-Tier Subcontractors" is submitted to the Project Manager.

6. DBE Certification and De-certification Status

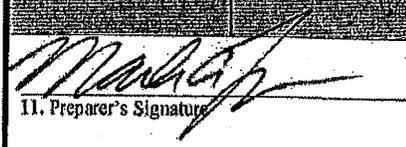

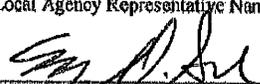

If a DBE subcontractor is decertified during the life of the Agreement, the decertified subcontractor shall notify the CONTRACTOR in writing with the date of de-certification. If a subcontractor becomes a certified DBE during the life of the Agreement, the subcontractor shall notify the CONTRACTOR in writing with the date of certification. Any changes should be reported to the COUNTY's Project Manager within 30 days.

**EXHIBIT 15-H DBE INFORMATION — GOOD FAITH EFFORTS**

Federal-aid Project No. BHLO-5944(100) Bid Opening Date July 24, 2014

The County of Monterey established a Disadvantaged Business Enterprise (DBE) goal of 6 % for this project. The information provided herein shows that a good faith effort was made.

Lowest, second lowest and third lowest bidders shall submit the following information to document adequate good faith efforts. Bidders should submit the following information even if the "Local Agency Bidder DBE Commitment" form indicates that the bidder has met the DBE goal. This will protect the bidder's eligibility for award of the contract if the administering agency determines that the bidder failed to meet the goal for various reasons, e.g., a DBE firm was not certified at bid opening, or the bidder made a mathematical error.

Submittal of only the "Local Agency Bidder DBE Commitment" form may not provide sufficient documentation to demonstrate that adequate good faith efforts were made.

The following items are listed in the Section entitled "Submission of DBE Commitment" of the Special Provisions:

- A. The names and dates of each publication in which a request for DBE participation for this project was placed by the bidder (please attach copies of advertisements or proofs of publication):

Publications	Dates of Advertisement
	<i>N/A</i>

- B. The names and dates of written notices sent to certified DBEs soliciting bids for this project and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested (please attach copies of solicitations, telephone records, fax confirmations, etc.):

Names of DBEs Solicited	Date of Initial Solicitation	Follow Up Methods and Dates

- C. The items of work which the bidder made available to DBE firms including, where appropriate, any breaking down of the contract work items (including those items normally performed by the bidder with its own forces) into economically feasible units to facilitate DBE participation. It is the bidder's responsibility to demonstrate that sufficient work to facilitate DBE participation was made available to DBE firms.

## Board Report

Board of Supervisors  
Chambers  
168 W. Alisal St., 1st Floor  
Salinas, CA 93901

**Legistar File Number: RES 22-153**

**August 23, 2022**

**Introduced:** 8/5/2022

**Current Status:** RMA Public Works -  
Consent

**Version:** 1

**Matter Type:** BoS Resolution

- a. Approve submittal of a grant funding application for the CSA-75 Chualar Wastewater System Consolidation Project to apply for a \$4.4 million planning grant from the State of California - Clean Water State Revolving Fund grant program;
- b. Adopt a Resolution authorizing the Director of Public Works, Facilities and Parks (PWFP), or designee, to act as agent for the County in processing all documentation to secure these funds; and
- c. Direct PWFP staff to return to the Board of Supervisors for approval prior to acceptance of any grant award(s).

### RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Approve submittal of a grant funding application for the CSA-75 Chualar Wastewater System Consolidation Project (Project) to apply for a \$4.4 million planning grant from the State of California - Clean Water State Revolving Fund (CWSRF) grant program;
- b. Adopt a Resolution authorizing the Director of Public Works, Facilities and Parks (PWFP), or designee, to act as agent for the County in processing all documentation to secure these funds; and
- c. Direct PWFP staff to return to the Board of Supervisors for approval prior to acceptance of any grant award(s).

### SUMMARY/DISCUSSION:

The CSA-75 Chualar Wastewater System (CSA 75) consists of a wastewater collection system within the community of Chualar and a wastewater treatment facility (WWTF) approximately two miles west of Chualar. The WWTF utilizes a series of unlined oxidation ponds to treat and dispose of wastewater. The ponds are adjacent to the Salinas River within the 100-year flood plain with no mechanism for reclaiming water for future reuse. CSA 75 is currently operating near capacity and cannot accept new wastewater connections.

Utilizing funding from the Board-approved ARPA Program, the PWFP Special Districts division is currently implementing wastewater system repairs and improvements to the existing Chualar system that are necessary to address needed maintenance and maintain compliance with discharge requirements under an operating permit issued by the Regional Water Quality Control Board.

### *Consolidation Alternative*

PWFP staff are also assessing the feasibility of connecting the Chualar wastewater collection system to the Monterey One Water (M1W) regional sewer system - a cost-effective, regulatory compliant, environmentally superior, and sustainable process referred to as consolidation. With consolidation,

wastewater would be conveyed via a new 7.5-mile pipeline to and through the City of Salinas' wastewater system for treatment at the M1W Regional Wastewater Treatment Facility in Marina. Preliminary evaluations envision the pipeline running from Chualar along US 101 and connecting to the Salinas wastewater system near the Harris Rd./Abbott St. intersection. Consolidation would eliminate the treatment component from CSA 75 and provide benefits such as connecting and converting proximal septic systems to regional treatment, thus allowing for recycled wastewater reuse and facilitating the ability for the community of Chualar to expand.

***Grant Program Background***

To accelerate the process, funding is being sought for the design and environmental review of this promising alternative. In late-May 2022, PWFP staff learned from State of California, State Water Resources Control Board staff of a specific possible grant opportunity for financial assistance with upfront planning and design costs. Advancing the project through design and environmental review will significantly improve the likelihood of subsequently acquiring funding via a grant or loan from the State Water Resources Control Board for actual construction through the Clean Water State Revolving Fund (CWSRF). An application for the initial planning grant has been drafted; however, Board authorization is necessary for actual submittal through the State's online Financial Assistance Application and Submittal Tool (FAAST). A formal Board Resolution is necessary for inclusion in the grant application and is attached for adoption.

OTHER AGENCY INVOLVEMENT:

The City of Salinas and Monterey One Water are essential partners in this effort. Close coordination and involvement with them will be necessary. Intergovernmental Agreements will eventually be required; however, staff believes that the additional information and data resulting from the design and environmental review work to be completed (if the State grant is successful) will help inform discussions with both entities. Staff with both entities are supportive of taking this next step.

FINANCING:

Should the grant be awarded by the State of California, PWFP will use the funds (\$4.4 million requested) for design and environmental review work needed to finalize the project parameters and prospectively allow subsequent application for a grant or loan from the State Water Resources Control Board for actual construction funding. This application will be for a One Hundred Percent (100%) grant to support Chualar, a disadvantaged community. PWFP staff has not received any information that a matching County contribution will be necessary for this planning grant.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The Project will construct a sustainable, physical infrastructure that improves the quality of life for County residents and visitors. The recommended action supports the following Board of Supervisors' Strategic Initiatives:

- Economic Development
- Administration
- Health & Human Services
- Infrastructure

- c. Direct PWFP staff to return to the Board of Supervisors for approval prior to acceptance of any grant award(s).

### SUMMARY/DISCUSSION:

The CSA-75 Chualar Wastewater System (CSA 75) consists of a wastewater collection system within the community of Chualar and a wastewater treatment facility (WWTF) approximately two miles west of Chualar. The WWTF utilizes a series of unlined oxidation ponds to treat and dispose of wastewater. The ponds are adjacent to the Salinas River within the 100-year flood plain with no mechanism for reclaiming water for future reuse. CSA 75 is currently operating near capacity and cannot accept new wastewater connections.

Utilizing funding from the Board-approved ARPA Program, the PWFP Special Districts division is currently implementing wastewater system repairs and improvements to the existing Chualar system that are necessary to address needed maintenance and maintain compliance with discharge requirements under an operating permit issued by the Regional Water Quality Control Board.

### ***Consolidation Alternative***

PWFP staff are also assessing the feasibility of connecting the Chualar wastewater collection system to the Monterey One Water (M1W) regional sewer system - a cost-effective, regulatory compliant, environmentally superior, and sustainable process referred to as consolidation. With consolidation, wastewater would be conveyed via a new 7.5-mile pipeline to and through the City of Salinas'

wastewater system for treatment at the M1W Regional Wastewater Treatment Facility in Marina. Preliminary evaluations envision the pipeline running from Chualar along US 101 and connecting to the Salinas wastewater system near the Harris Rd./Abbott St. intersection. Consolidation would eliminate the treatment component from CSA 75 and provide benefits such as connecting and converting proximal septic systems to regional treatment, thus allowing for recycled wastewater reuse and facilitating the ability for the community of Chualar to expand.

### ***Grant Program Background***

To accelerate the process, funding is being sought for the design and environmental review of this promising alternative. In late-May 2022, PWFP staff learned from State of California, State Water Resources Control Board staff of a specific possible grant opportunity for financial assistance with upfront planning and design costs. Advancing the project through design and environmental review will significantly improve the likelihood of subsequently acquiring funding via a grant or loan from the State Water Resources Control Board for actual construction through the Clean Water State Revolving Fund (CWSRF). An application for the initial planning grant has been drafted; however, Board authorization is necessary for actual submittal through the State's online Financial Assistance Application and Submittal Tool (FAAST). A formal Board Resolution is necessary for inclusion in the grant application and is attached for adoption.

### OTHER AGENCY INVOLVEMENT:

The City of Salinas and Monterey One Water are essential partners in this effort. Close coordination and involvement with them will be necessary. Intergovernmental Agreements will eventually be required; however, staff believes that the additional information and data resulting from the design and environmental review work to be completed (if the State grant is successful) will help inform discussions with both entities. Staff with both entities are supportive of taking this next step.

### FINANCING:

Should the grant be awarded by the State of California, PWFP will use the funds (\$4.4 million requested) for design and environmental review work needed to finalize the project parameters and prospectively allow subsequent application for a grant or loan from the State Water Resources Control Board for actual construction funding. This application will be for a One Hundred Percent (100%) grant to support Chualar, a disadvantaged community. PWFP staff has not received any information that a matching County contribution will be necessary for this planning grant.

### BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

Approve and authorize the Monterey County Laguna Seca Representative (MCLSR) to execute an Event Agreement (Agreement) between Porsche Cars North America, Inc. (Porsche) and the County of Monterey (County) for a motorsports event at WeatherTech® Raceway at Laguna Seca (WRLS) with event dates beginning September 28 through October 1, 2023.

### RECOMMENDATION:

It is recommended that the Board of Supervisors approve and authorize the Monterey County Laguna Seca Representative (MCLSR) to execute an Event Agreement (Agreement) between Porsche Cars North America, Inc. (Porsche) and the County of Monterey (County) for a motorsports event at WeatherTech® Raceway at Laguna Seca (WRLS) with event dates beginning September 28 through October 1, 2023.

### SUMMARY/DISCUSSION:

The proposed Agreement with Porsche is to hold the Porsche Rennsport Reunion VII (Event) at WRLS. The Event will be Rennsport Reunion's 75th anniversary and will be held from Thursday, September 28, through Sunday, October 1, 2023. The Rennsport Reunion was previously held at Laguna Seca in 2011, 2015, and 2018. The County was awarded this Event through a competitive process among four other North American racetracks.

The proposed Event is classified as a "Major Event," with attendance estimated at 80,000 over the four-day period. The Event is considered a worldwide celebration showcasing the rarest of Porsche's vintage automobiles, race cars, and modern-day models. The Event will host a Heritage Tent, noncompetitive "racing" and exhibition demonstrations on the track as well as an estimated fifty (50) legendary race car drivers and Porsche's Board of Directors from Germany. The Event will be planned and managed by A&D Narigi Consulting, LLC (A&D), the County's manager of WRLS, in cooperation with Porsche's Event team.

The proposed Agreement structures the Event as a shared-revenue venture. The County will retain 100 percent (100%) of the vehicle registration fees and the first \$100,000 of ticket sales, with the balance of general admission and preferred parking shared fifty-fifty (50/50). Hospitality and sponsorship revenue will be retained by the County, with other shared revenue sources weighted in favor of the County. The majority of the expenses will be fronted by the County with reimbursements made through Event revenue. The County shall pay Porsche their share of revenue in two payments: (1) the first is due thirty (30) days prior to the Event, and (2) the final balance is due within sixty (60) days after the completion of the Event. The Agreement contains nonstandard insurance provisions that

have been approved by Risk Management.

Based on proforma information provided by A&D, a significant economic benefit will be realized throughout the County, with the four- (4-) day Event contributing an estimated \$38 million in *direct spend* (expenditures for goods/materials/services) and \$3.4 million in local and state tax generation. Total anticipated gross revenue to the County is \$5.1 million with an estimated net revenue of \$1.3 million. With the award of this prestigious Event, WRLS and the County, once again, will be spotlighted as a world-renowned racetrack and destination.

A new Start/Finish Bridge (Bridge) is an important component of the Agreement. County obligations under the Agreement, require replacement of the Bridge as well as completion of necessary resurfacing work on the track. Should the new Bridge not be completed in time for the Event, contingent requirements (e.g., transportation and space for hospitality) would take effect, and the costs and implementation would be borne by the County.

Staff requests the Board of Supervisors approve the proposed Agreement with Porsche to hold the 2023 Porsche Rennsport Reunion VII Event at WRLS and authorize the MCLSR to execute the Agreement.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel, Auditor-Controller's Office, and Risk Management reviewed and approved the proposed Agreement as to form, fiscal provisions, and nonstandard insurance and liability provisions, respectively. The proposed major event will be carefully managed and coordinated with area agencies to ensure public safety and reduce potential impacts to local residents to the greatest extent feasible.

FINANCING:

This Agreement structures the Event as a shared-revenue venture with anticipated revenue generated through general ticket sales, preferred parking, merchandise, and sponsorship sales. Hospitality, vendor, exhibitor, and sponsorship revenue will be retained by the County. The majority of expenses are the responsibility of the County, with reimbursement coming from anticipated revenue shared with Rennsport. Projected revenues and expenses related to this event will be included in the Fiscal Year 2023-24 Requested Budget.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The recommended action supports the Board of Supervisors Strategic Initiatives for Economic Development and Infrastructure. Revenue-generating events help sustain County Parks' operations and infrastructure. The proposed Event is anticipated to generate significant income for local businesses and the County through direct spend, indirect expenditures, and tax generation.

COVID-19 symptoms, and appropriate contact tracing, (iv) proper sanitation and disinfection of common and high-traffic areas and use of healthy hygiene practices, (v) use of social distancing and following suggested guidelines for personal protective equipment, (vi) execution of applicable communicable disease related hold harmless, release, waiver of liability, and indemnity agreements, and (vii) subject to the provisions below, potential restrictions on individuals attending race events (including travel restrictions) and/or having access to the paddock or other restricted areas. In the event a party believes in good faith that it is necessary to cancel, suspend, postpone or reschedule the Event in whole or in part for any reason relating to COVID-19 and/or the Operational Limitations, the parties will promptly consult with each other in good faith and mutually agree upon the proper actions considering applicable governmental directives or orders and will mutually agree on appropriate adjustments to the Agreement in connection therewith. Notwithstanding anything contained in the Agreement to the contrary, neither party shall be liable for, or in breach or default due to any failure or delay in performance under the Agreement to the extent such failures or delays are proximately caused by or related to applicable government directives or orders or if COVID-19 and/or the Operational Limitations makes it commercially impractical, illegal, inadvisable or impossible, in whole or in part, to perform the applicable terms of the Agreement or the purpose of the Agreement is frustrated. In the event of a complete (i.e., neither racing nor spectators allowed) cancellation, due to a Force Majeure, no rental fee will be due from Porsche and the parties will work together to determine a fair allocation of any previously incurred expenses that cannot be reasonably avoided or mitigated.

- 15.0 Limited In-person/Participant Operations. **SUMMARY/DISCUSSION:**

The Monterey County Jail Housing Addition AB 900 Phase II Project (hereafter, "Project") is

133,673 gross square feet and provides 576 new beds in eight (8) housing units distributed on two (2) floors, program spaces for inmates, administration and staff support spaces, and a public entrance with video visitation.

The Project is substantially complete. Several issues had significant impacts to the Project budget and schedule. These included field changes required by the California State Fire Marshall (CSFM) and unplanned early partial occupancy needed as part of the Sheriff's Office COVID-19 response.

Final costs to close out the project and settle contractor delay claims are to be financed through fifty percent (50%) from the Cannabis Tax assignment and fifty percent (50%) from General Fund contingencies. This Board action is required to authorize transfer of funds necessary to pay these final settlement costs

OTHER AGENCY INVOLVEMENT:

Public Works, Facilities and Parks (PWFP) staff have worked closely with the County Administrative Office (CAO) and the Office of the County Counsel-Risk Management to identify eligible funding sources for this settlement.

FINANCING:

Global settlement costs are to be funded by \$977,007 from General Fund Contingencies, which has a current balance of \$1,786,124 and \$977,006 from Cannabis Tax Assignment, which has a current balance of \$3,047,122.00. If approved, this action would reduce the balances of Contingencies and Cannabis Tax Assignment to \$809,117 and \$2,070,116 respectively.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The Project will provide a larger detention facility which is critically needed as the current high occupancy count exceeds the existing facility's capacity and assists the County with State-mandated milestones. The recommended action supports the Board of Supervisors Strategic Initiatives as indicated below:

- Economic Development
- Administration
- Health & Human Services
- Infrastructure
- Public Safety
