DISCUSSION/BACKGROUND:

The County Communications Program was created by the Board of Supervisors in late 2021 in recognition of the need to improve overall internal and external communications across a variety of media platforms. To this end, two new positions in the CAO's office were approved to implement the creation of a communications program to serve all County departments and programs. The Communications Bureau consists of a three-person team as well as a CSUMB intern, which includes the Communications Director, a Media Specialist (open position) and a Management Analyst III and part-time intern. The program is organizationally located within the Intergovernmental and Legislative Affairs Division of the County Administrative Office.

OTHER AGENCY INVOLVEMENT:

The County Communications Bureau continues to work in collaboration with all County departments and programs and is currently engaged in over 150 projects with numerous departments including County Administrative Office, Department of Emergency Management, Information Technology Department, County Counsel, Risk Management, Elections, Health Department, Public Works, Human Resources, Treasurer Tax Collector, Sheriff, Social Services as well as the Board of Supervisors.
