SUMMARY/DISCUSSION:

Measuring patient satisfaction is essential for any healthcare organization interested in increasing excellence, creating patient loyalty and building market position. It is also a requirement for Joint Commission Accreditation and part of the federal government's Value-Based Purchasing Program which links Medicare reimbursement to performance.

Professional Research Consultants (PRC) has been assisting NMC measure patient satisfaction for five years. PRC uses a telephone methodology to conduct the Loyalty Plus Survey and the HCAHPS (*Hospital Consumer Assessment of Healthcare Providers and Systems* - Value-Based Purchasing) survey. PRC provides NMC with survey results and offers educational and networking opportunities designed to help organizations improve patient satisfaction scores. NMC has been pleased with the services provided by PRC. For Fiscal Year 2012-13, NMC increased the sample size of completed surveys for the Emergency Department and specific Inpatient Units to help us with our efforts to improve the patient experience and patient satisfaction.
