SUMMARY/DISCUSSION:

In July 2013, RFP No. 10438 was issued to engage a consultant through a competitive selection process in accordance with County policies and State law, to complete a Study which would develop and analyze multiple

adaptive reuse alternatives for the facility. In the development of the multiple adaptive reuse alternatives, the consultant will analyze the physical and historic characteristics of the site and existing reports pertaining to the County's space needs, and also lead the public process to gather input from stakeholders and interested parties through planned public workshops. The Study will provide a detailed development of the one alternative that presents the greatest feasibility, value, and advantage to the County. The consultant will also prepare site plans, elevations, and perspectives in support of the development of the proposed alternative forwarded in the Study.

Proposals in response to RFP No. 10438 were received on August 6, 2013. Selection was conducted in accordance with County policies and State law, including Monterey County Local Preference Policy, Section J.1. for Professional Services, including providing additional points for local preference. Consultant firm Page & Turnbull, Inc. (San Francisco Office) was selected on the basis of demonstrated competence and professional qualifications. Negotiations with Page & Turnbull resulted in a proposed scope of work and budget of \$119,700, and Agreement term from December 16, 2013 through June 13, 2014.

OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel and Auditor-Controller, have reviewed and approved the Professional Services Agreement as to form and legality, and fiscal provisions, respectively.
