SUMMARY:

The approval of this Agreement will allow the County to adopt and participate in the government cooperative TIPS Contract # 220105, Technology Solutions, Products and Services. One of the technology resellers selected is Presidio Networked Solutions Group LLC, which offers the necessary phase shift that propels data, applications, and infrastructure into a world-class, industry-leading position.

DISCUSSION:

The County of Monterey has been a member of The Interlocal Purchasing System (TIPS) since 2017. TIPS is a purchasing cooperative for government entities. The lead agency is Region 8 Education Service Center (ESC), a public governmental entity. Presidio Networked Solutions Group, LLC (Presidio) was one of the technology resellers selected for TIPS Contract #220105, Technology Solutions, Products, and Services.

The TIPS agreement will achieve significant savings in time and money in contract production as well as lower contract prices through economies of scale. Furthermore, cooperative agreements such as the TIPS master agreement maintain public confidence through ethical and transparent competitive procurement practices consistent with County procurement policy.

This agreement simplifies County savings and vendor usage by providing standardized negotiated pricing on large manufacturer equipment such as Cisco, Palo Alto, APC, Polycom, Dell, NetApp, and Mitel. This includes standardized negotiated pricing on large software company products such as Adobe, Microsoft, Oracle, VMWare, and VEEAM and professional services and support for various fields such as Network Consulting, System Consulting, Security Consulting, and Unified Communications Consulting. Lastly, it includes consistent discounted pricing on all hardware, software, and services for manufacturers not specially defined or negotiated in the TIPs agreement.

The Chief Information Officer recommends the approval of this proposed Agreement.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed. Auditor-Controller reviewed the contract but does not agree to the non-standard payment provisions.

FINANCING:

Required funds will be included in each respective Recommended Budget for the Information Technology Department, ITD 1930, Appropriations Unit INF002.
