RECOMMENDATION:

SUMMARY/DISCUSSION:

Champion’s tissue management software will assist Natividad in meeting The Joint Commission’s regulatory requirements on tissue management. This software will help improve patient safety related to implanted tissue management procedures in Natividad’s operating room. Currently, the operating room staff use a paper trail system that is not a best practice for hospital operating rooms. This software will help track tissues from the point of entry into Natividad until it is implanted into a patient. This software will also help Natividad track reactions patients may experience after having received the transplanted tissue.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed this agreement as to legal form, and the Auditor-Controller has reviewed and approved as to payment provisions. The agreement has also been reviewed and approved by NMC's Finance Committee and by its Board of Trustees on June 7, 2019.

FINANCING:

The cost for this agreement is \$97,938 of which \$58,689 is included in the Fiscal Year 2019-20 Adopted Budget. Amounts for remaining years of the agreement will be included in those budgets as appropriate.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
