

in January 2015. The American College of Surgeons requires neurosurgeons provide dedicated call coverage with a 30 minute response time for Level II Trauma Centers. In order to provide 24/7 care, it is necessary to develop and sustain a core team of quality neurosurgeons made up of employed and independent contract physicians to provide daily call coverage in the Emergency Department and follow-up care to patients in the Intensive Care Unit and Specialty Clinic.

NMC has an agreement with West Coast Brain & Spine Institute Inc., for which Peyman Tabrizi, M.D. , a board certified neurosurgeon, provides neurosurgery services at NMC as part of the comprehensive trauma services required for the Level II Trauma Center activation. NMC wishes to amend the agreement to extend the term an additional 24 months so that Dr. Tabrizi can continue to provide services without interruption. Dr. Tabrizi is paid a daily rate for coverage services. NMC has obtained an independent opinion of fair market value supporting the payment terms of this Agreement.
