SUMMARY/DISCUSSION:

This Agreement provides ongoing maintenance for the Idemia TouchPrint Live Scan product used by the Monterey County Department of Social Services (DSS) to conduct fingerprint imaging for background checks. DSS conducts fingerprint imaging background checks on potential new hires (pre-hire) and potential resource families before a child is placed in their care. The fingerprint images are used to conduct a background check against a Department of Justice (DOJ) criminal database.

The maintenance agreement includes technical support for the Idemia TouchPrint Live Scan Product,

TouchCare Support center for problem escalation, and parts and components necessary for the service and maintenance of the system.

DSS previously contracted with MorphoTrust USA, LLC for this service for over seven years. MorphoTrust USA, LLC recently changed their business name to Idemia Identity & Security USA LLC. Idemia has the same nonstandard contract terms as the prior MophoTrust agreements and DSS recommends that your Board approve this Agreement which includes these nonstandard liability provisions.

OTHER AGENCY INVOLVEMENT:

The Auditor-Controller has reviewed and approved this agreement. County Counsel has approved the agreement as to form. Risk Management has reviewed and approved nonstandard Liability provisions. Contracts/Purchasing cannot approve the nonstandard agreement.

FINANCING:

This Agreement is funded by Social Services Federal, State, and Sales Tax realignment funds. Sufficient revenues and appropriations are included in SOC005 in the FY2018-19 Adopted Budget.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This Agreement correlates to the Administration, Public Safety, and Health & Human Services Strategic Initiatives adopted by the Board of Supervisors by allowing the Department to improve the quality of life for Monterey County families by expanding the Department's ability to protect the youths placed with caregivers and the employees they hire.
