SUMMARY/DISCUSSION:

Founded in 2009, Fivebase, LLC (formerly Virtulink, LLC) provides IT Consulting, Design, Integration, Configuration, and Support for small, medium and large for-profit and non-profit organizations and Governmental entities.

Monterey County Behavioral Health utilizes Avatar as the electronic health record system for the provision of behavioral healthcare services. Avatar is a Netsmart hosted solution and is not a standalone system but requires customization relative to the ancillary services and interfaces that exist in the vendor hosted solution.

Fivebase, LLC provides technical consulting and support services relative to the proprietary Health Department application/s as needed, without retaining any intellectual property rights, and otherwise can do all things necessary for or incidental to the performance of work. Fivebase, LLC will also provide documentation and technical specifications for County reference and use, as well as strategic and tactical consulting regarding County Behavioral Health use of Avatar and other Netsmart products. Fivebase will also conduct Business and Workflow Analysis, Application Configuration Auditing, and Training.

The County currently maintains Agreement A-13998 with Fivebase, LLC which will expire on June 30, 2020. This new Agreement with Fivebase, LLC continues the main provisions of that Agreement through June 30, 2021, providing both technical consulting services, and professional services in the form of on-site training.

This Agreement is late in being presented to your board due to delays in DocuSign digital approvals, State 1991 Realignment funding reviews, and other internal and external processing delays associated with the COVID-19 health emergency.

This Agreement contains the County's standard 30-day "no cause" provision (Section IV, B) and an additional defunding provision (Section IV, D), which provides the County the ability to amend or terminate the Agreement in the event of a reduction and/or termination of funding.

This work supports the following Monterey County Health Department 2018-2022 strategic plan initiative: 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7. Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel and Auditor-Controller have reviewed and approved this Agreement as to form and fiscal provisions, respectively.

FINANCING:

This Agreement is funded by Realignment revenues. The funds for this Agreement (\$230,500) are included in the Health Department's Behavioral Health (HEA012, Unit 8410) Fiscal Year 2020-21 Adopted Budget.
