SUMMARY/DISCUSSION:

This approval of this Sublease Agreement will provide the Information Technology Department access to maintain, operate, and repair equipment within the Mount Toro Tower radio communication vault space located at 19881 Corral Del Cielo Rd, Salinas CA 93908.

The County operates and maintain telecommunications equipment at an exclusive area at the Mount Toro Tower (Lower Mountain) radio site, which hosts Microwave communications relay equipment that connects critical public safety radio sites to the Monterey County dispatch center. This location connects to a site on Fremont Peak, and another site in the City of Seaside. The County's equipment consists of two microwave radios, associated microwave dishes, battery backup equipment, and site monitoring equipment enclosed in a single rack.

The proposed Agreement proposes the County pay \$1,400 monthly for the electrical power supply, and access to the Mount Toro Tower radio communication site.

The Chief Information Officer recommends the approval of this Sublease Agreement.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed this Sublease and approves as to legal form. Auditor-Controller's Office reviewed the contract but does not agree to the non-standard payment provisions.
