SUMMARY/DISCUSSION:

Wraparound Monterey County (WMC) is a family driven intervention strategy that provides intensive, family focused case management, high quality and flexible individual and family services, and a cost effective fiscal model for improving child well being. Monterey County has been operating a Wraparound program since 2002. This family driven program collaborates between many partners. Primary referrals come through the Department of Social Services and the Probation Department. Monterey County Children’s Behavioral Health is also a key partner in the provision of Wraparound Monterey County.

With the implementation of Continuum of Care (CCR), the need for individualized Wraparound services and

supports will increase. Currently, the WMC model includes a Wraparound Care Coordinator Function, a Wraparound Administrative Service Function, and a Wraparound Provider Network. The Action Council provides the Wraparound Administrative Services Function which includes maintenance of the provider network that supports child and family needs.

Action Council has provided the Administrative Services Function for Wraparound Monterey County for the last six years. In 2015, Action Council served 59 Families through WMC. These families were served in a fee for service capacity by local service providers. The top 3 services utilized from the Network were mentoring/peer mentoring, transportation and tutoring. Action Council has created a provider network with 103 providers with access to 74 different services that are individualized to meet the specific need of a family.
