SUMMARY DISCUSSION:

The Public Health Bureau’s Chronic Disease and Injury Prevention Division received a five-year grant from the Board of State and Community Corrections (BSCC) for Proposition 64 Public Health and Safety Grant

The grant program's goals are to reduce rates of youth cannabis use and improve engagement among identified at-risk high school students. The program also aims to increase community awareness of youth cannabis use and illicit cannabis products.

The Public Health Bureau seeks to amend its existing agreement with The Social Changery, LLC, to expand existing [Cannabis] Decoded social media messaging that empowers and supports young people to make informed decisions for their health and futures. The Social Changery, LLC, will create media assets aligned with the Board of State and Community Corrections (BSCC) Prop 64 Public Health and Safety grant focusing on decreasing cannabis use in young people and expands the visual components of the art is healing project with Epicenter. The art is healing project promotes wellness and healthy coping skills by offering selected at-risk high school students small group art classes that create a safe space to bridge art and emotional healing.
