SUMMARY:

The Information Technology Department (ITD) purchases a variety of hardware, software, technology services necessary for the operations of County business systems. SHI International Corporation (SHI) is a reseller for diverse catalog of technology related products and services. The approval of this agreement will allow ITD to purchase necessary technology products on an as-needed basis at discounted rates through a master cooperative agreement competitively bid through Sourcewell.

DISCUSSION:

Sourcewell is a service cooperative created by the Minnesota legislature as a local unit of government providing its registered members a streamlined procurement process by developing Request For Proposals (RFPs) for national, competitive solicitations that meet or exceed the needs of participating agencies, and allows Sourcewell to offer products from nationally acclaimed suppliers.

The County of Monterey is a registered member (ID# 18170) of Sourcewell. Membership allows the County to utilize Sourcewell's negotiated contract terms for awarded solicited proposals. This procurement process provides an effective, efficient mechanism for procurement of information technology (IT) related products and services ensuring the prudent use of public funds.

Sourcewell awarded SHI International Corporation contract number 081419-SHI for Technology Catalog Solutions (RFP#081419). This contract gives access to the following types of goods and services, hardware, software, peripherals, cloud services, technology solutions, and professional services.

The SHI agreement will achieve significant savings in time and money in contract production as well as lower contract prices through economies of scale of multiple cooperative members. Furthermore, cooperative agreements maintain public confidence through ethical and transparent competitive procurement practices, consistent with County procurement policy.

The Sourcewell agreement, which will govern the County's purchase of IT products and services through SHI, contains terms which are non-standard to the County, but which are common in the information technology industry. The Director of Information Technology recommends Board approval of this cooperative agreement.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed the Agreement with Sourcewell and does not approve the non-standard contract terms.

FINANCING:

The funds for required for ITD FY 2021-22 products and services have been included in the submitted ITD FY 2021-22 budget for the Information Technology Department, ITD 1930, Appropriations Unit INF002. All future year costs will be included in the submitted budget for each of the respective fiscal years.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The Board's approval of the recommended agreement will allow ITD to procure technology products and services at a discounted rate.
