

Tobacco Retail License Program staff has worked with County Counsel to develop an Agreement between the County and City which will allow the County to implement and administer the TRL program on behalf of the City. The City enacted the ordinance to encourage responsible tobacco retailing and to discourage violations of tobacco-related laws, particularly those which prohibit or discourage the sale or distribution of tobacco products to minors.

Under the proposed Agreement, the County would assist the City by providing such administrative services as are specified under the ordinance, on the terms and conditions specified in this Agreement. Any costs borne by the County to administer the ordinance within the City limits shall be recovered by the fees approved by the City and received by the County from tobacco retailers within the City, pursuant to the ordinance. The City of Salinas will conduct criminal enforcement of its ordinance and a portion of the fees collected shall be remitted to the City for its enforcement activities.

The Monterey County Health Department appreciates the County Board of Supervisors' ongoing support of public health efforts to reduce youth tobacco access which will reduce tobacco use in Monterey County and save lives.
