SUMMARY/ DISCUSSION:

Ventana Property Holdings LLC, pursuant to Monterey County Code Section 19.04.005, proposes the subdivision of an approximately 354-acre legal lot of record into five parcels ranging in size from approximately 56 to 130 acres. This subdivision of agricultural lands does not include any changes to the existing land/agricultural uses or any development of structures. The proposed lots are configured to reflect existing crop patterns, the site would remain in active agricultural production, and the subdivided parcels would remain viable agricultural units. Ventana Property Holdings LLC requested the subdivision to allow for increased agricultural operation and financing flexibility, thereby helping to preserve and enhance the agricultural viability of the property. The Monterey County Agricultural Advisory Committee, at a public meeting on February 26, 2015, voted unanimously to support the subdivision as proposed. None of the parcels are encumbered with Williamson Act Contracts.

On March 11, 2015, the Planning Commission approved a Tentative Parcel Map for this subdivision of agricultural lands (RMA-Planning File No. PLN100065), and the subject Parcel Map is in substantial conformance with the approved Tentative Parcel Map. Pursuant to Government Code Section 66452.6 (Subdivision Map Act), on February 27, 2017, Ventana Property Holdings LLC timely filed the Tentative Parcel Map to the County Surveyor prior to its expiration date. Ventana Property Holdings LLC has submitted a Property Tax Clearance Certification in accordance with Government Code Section 66492 and the Subdivision Guarantee in accordance with Government Code Section 66465 of the Subdivision Map Act. All pre-filing conditions of approval have been fully implemented as verified in the Condition Compliance Form included with this report as **Attachment E**. There are no subdivision improvements associated with this Parcel Map. Therefore, staff recommends that the Board approve the Ventana Property Holdings LLC Parcel Map for recording.
