SUMMARY/DISCUSSION:

ComplianceLine, LLC provides an effective alternative to the required reporting of compliance issues in the work environment through a toll-free number as well as a web-based form. The solution provides a reliable, quality, reporting system that will seamlessly integrate into the Monterey County Health Department (MCHD) existing compliance program and supports employees by providing a system to effectively voice concerns regarding potential misconduct on compliance concerns and other regulatory issues, free from fear of retribution, by assisting them with constructive independent means of identifying and resolving their concerns.

This service provides an efficient and independent means of identifying and resolving employees' concerns regarding potential misconduct while allowing employees to remain anonymous. This service will be provided to all Health Department employees who can use it to report fraudulent practices and other potential violations to management. Having a hotline discourages employees from filing whistleblower suits against the organization.

MCHD has placed an emphasis on the function of compliance and accountability and has made it a top priority to develop transparent and accountable operations. MCHD is striving for implementation and enforcement of policies and procedures aimed at ensuring operations are following federal, state and county laws and regulations.

While this work is not directly in support of a Health Department strategic initiative, it is in support of one or more of the ten essential public health services, specifically: 2. Diagnose and investigate health problems and health hazards in the community and 6. Enforce laws and regulations that protect health and ensure safety.

OTHER AGENCY INVOLVEMENT:

Auditor-Controller have reviewed and approved fiscal provisions. The Office of County Counsel-Risk Management cannot approve due to the non-standard terms.

FINANCING:

Funding for this Agreement is included in the Health Department's Administration Bureau (4000-HEA014-8438) Fiscal Year (FY) 2018-19 Budget and will be included in FY 2019-20 Requested Budget.
