Authorize the Deputy Purchasing Agent for Natividad Medical Center (NMC) or his designee to execute amendment no. 4 to the agreement (A-12637) with Intelligent Medical Objects, Inc. for software license and software support and maintenance services, extending the agreement an additional three (3) year period (May 1, 2019 through April 30, 2022) for a revised full agreement term of January 28, 2014 through April 30, 2022, and adding \$168,900 for a revised total agreement amount not to exceed \$388,860.

RECOMMENDATION:

It is recommended the Board of Supervisors:

Authorize the Deputy Purchasing Agent for Natividad Medical Center (NMC) or his designee to execute amendment no. 4 to the agreement (A-12637) with Intelligent Medical Objects, Inc. for software license and software support and maintenance services, extending the agreement an additional three (3) year period (May 1, 2019 through April 30, 2022) for a revised full agreement term of January 28, 2014 through April 30, 2022, and adding \$168,900 for a revised total agreement amount not to exceed \$388,860.

SUMMARY/DISCUSSION:

Intelligent Medical Object’s (IMO)’s Clinical Interface Terminology is a software suite of vocabulary products that provide electronic mapping and standard nomenclature to help NMC manage the complexities of searching and obtaining the myriad of codes from most code standards. Using standard nomenclature is necessary to effectively build reports and was implemented in 2014 to meet the requirements of Meaningful Use, as dictated by Centers of Medicare and Medicaid Services (CMS) and the Health Information and Technology for Economic Health Act (HITECH). Using electronic mapping and standard nomenclature is also critical for revenue recoupment with the required implementation of International Statistical Classification of Diseases and Related Health Problems (ICD -10).

MEDITECH, NMC’s Electronic Health Record, has collaborated with IMO to incorporate IMO’s mapping software Meditech. MEDITECH subsequently has required all Client/Server facilities, including NMC, to purchase IMO. MEDITECH is not accommodating other mapping and standard nomenclature vendors and IMO is the required vendor pursuant to MEDITECH’s contracts and rules.

IMO provides mapping dictionaries that allow for user-friendly vocabularies that contain user-specific and familiar words and phrases, enabling clinicians and information management professionals to find and record the terms they need quickly and easily. IMO then crosslinks to required standardized vocabularies such as Systematized Nomenclature of Medicine (SNOMED) and ICD-9 and 10 codes that help to connect to the patient record, administrative information, academic references, and consumer information. IMO then allows for appropriate electronic mapping for decision support, billing, and information for providers and patients.

This amendment no. 4 will extend the term for an additional three (3) years to April 30, 2022 with no changes to scope.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed and approved this amendment no. 4 as to legal form, and the Auditor-Controller has reviewed and approved as to payment provisions. This amendment no. 4 has also been reviewed and approved by NMC's Finance Committee on March 28, 2019 and by its Board of Trustees on April 5, 2019.

FINANCING:

The cost for this amendment no. 4 is \$168,900, of which \$54,400 is included in the Adopted Budget for Fiscal Year 2018-19. Amounts for remaining years of the agreement will be included in those budgets as appropriate.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This agreement brings improved technological capabilities and functionality to Natividad, enhancing and strengthening its technological infrastructure which fosters a sound, secure, and sustainable physical infrastructure.

- Economic Development
- Administration
- Health and Human Services
- Infrastructure
- Public Safety
