SUMMARY/DISCUSSION:

The Lesage property is located at 591 Viejo Road in the Greater Monterey area. The site is undeveloped, contains slopes running down away from Viejo Road, and is densely forested. Planning Commission Resolution No. 21-032 (PLN210017) approved a Combined Development Permit to allow construction of a 5,813 square foot two-story single-family dwelling inclusive of 748 square foot attached garage, a 1,199 square foot accessory dwelling unit, a 551 square foot detached garage, and associated site improvements including the removal of 42 protected trees and development on slopes in excess of 25 percent. Approximately 50 percent of the property contains slopes exceeding 25 percent. Applied as Condition of Approval No. 11, the applicant/owner was required to convey a Conservation and Scenic Easement to the County of Monterey over the remaining portions of the project which exceeding 25 percent (**Attachment B**).

Staff worked with the applicant to determine the most appropriate and feasible boundaries for the proposed Conservation and Scenic Easement. Staff recommends that the Board accept, execute, and consent to recordation of the Conservation and Scenic Easement Deed conveying an approximately 0.27-acre area located on the eastern portion of the subject property (**Attachment A**).

Acceptance of the expanded scenic easement qualifies for a Class 17 categorical exemption under CEQA because it constitutes the acceptance of easements to maintain the open space character of the area. (CEQA Guidelines, § 15317.)
