- c. Direct the County Administrative Office to incorporate the approved positions in the FY 2019-20 Adopted

Budget and the Human Resources Department to implement the changes in the Advantage HRM system.

SUMMARY:

In November of 2017, the City of Salinas City Council and Board of Supervisors approved a MOA for a shared Animal Services Administrator (Administrator) position to review options for consolidated animal services between the two entities. In May 2018, this position was filled. In April 2019, the Administrator recommended that the City of Salinas (City) and County of Monterey (County) proceed as outlined in the 2015 Management Partners report with an incremental approach to consolidation of services as a precursor to establishing a new animal services entity under a new governance structure such as a JPA. This incremental approach includes the following phases with approximate timelines:

1. Pilot Project MOA Animal Services Administrator- approved November 2017
2. Pilot Project MOA Amendment #1 - approved April 2, 2019
3. Pilot Project MOA Amendment #2 - Further sharing of services between two entities - Summer 2019- for consideration on January 28th, 2020.
4. New Governance Structure - January 2021
5. Capital Campaign to bring new entity under one structure - 2021-2022

DISCUSSION:

The Health Department seeks approval for executing Amendment No. 2 to the MOA (item #3 in the summary section of this report) which will add funding for 0.5 FTE Veterinarian, 0.5 FTE Registered Veterinary Technician and 1.0 FTE Animal Care Technician II all being funded by the City of Salinas. However, only the 1.0 FTE Animal Care Technician II position is being added to the budget, as the 0.5 FTE Veterinarian and 0.5 FTE Registered Vet Technician positions are currently in the budget.

The Veterinarian will continue to report directly to the Administrator and provide oversight of the spay/neuter clinic as well overall veterinary medical services for both facilities. Similarly, the Registered Veterinary Technician, will continue to report to the Animal Services Supervisor at the Monterey County Animal Shelter (MCAS), and will continue to support the Veterinarian in medical duties for both facilities.

Increasing the veterinary services between both facilities will serve to improve and align current veterinary medical protocols, increase spay/neuter surgery availability as well as provide some public spay/neuter services.

The Animal Care Technician II will report to the Animal Services Supervisor that is assigned to oversee Salinas Animal Services and, as indicated before, will be funded 100% by the City of Salinas. This position will provide daily care to the animals housed at Salinas Animal Services following appropriate policies and procedures. Since the County already has budgeted 1.0 Veterinarian and Registered Veterinarian Technician, this report is only asking for authority to add the Animal Care Technician II position.

Next steps in the consolidation of Animal Services will be to finalize the establishment of one Advisory Committee for Animal Services and discuss the new governance structure of a single, joint entity. On April 2, 2019 the Board approved the Administrator to prepare a proposal and timeline for consolidation of the Animal Services Advisory Boards by April 30th, 2019. That proposal was approved by the Animal Services Ad Hoc Committee and, while the timeline has been slow, language to create such a joint board is currently in draft with Animal Services Administrator and assigned County Counsel and it will go into effect early 2020.

After approval of this MOA No.2, the Administrator and Health Department staff will meet with City of Salinas to discuss the next steps towards a consolidated governance structure to be effective by June 30, 2020.

While this work is not directly in support of a Monterey County Health Department 2018-2022 strategic initiative, it is in support of one of the ten essential public health services, specifically: 4. Mobilize community partnerships and action to identify and solve health problems, and 6. Enforce laws and regulations that protect health and ensure safety.

OTHER AGENCY INVOLVEMENT:

The City of Salinas City Manager's office has reviewed and approved Amendment No. 2 to MOA, A-13774 and the amendment will be presented to the Salinas City Council for consideration on or around February 25, 2020. The Human Resources Department has reviewed and approved the Request to Classify for the new Animal Care Technician II.

FINANCING:

There is no impact to the County General Fund approving Amendment No. 2. Amendment No. 2 increases MOA by \$381,343 for a revised total of \$971,902 for term of the MOA. The City's proportional share of the total MOA amount is \$434,614. The County's proportional share is \$346,618. The increase in costs associated with this amendment are funded 100% by the City.
