SUMMARY:

The proposed Lot Line Adjustment will reconfigure three (3) existing legal lots of record totaling approximately 960 combined acres. All of the subject parcels are presently undeveloped aside from water tanks, watering troughs and fencing. The proposed lot line adjustment would serve to re-align all the parcels so as to maximize their respective frontages on Hare Canyon Road and to move their respective acreage entirely to one side (or the other) of Hare Canyon Road. See the following illustrations for additional details:

OTHER AGENCY INVOLVEMENT:

The following agencies have reviewed the project, have comments, and/or have recommended conditions:

Environmental Health Bureau  
RMA-Public Works  
RMA-Environmental Services  
Water Resources Agency  
Cal Fire - South County

FINANCING:

Two (2) of the three (3) existing lots are currently under Land Conservation Contract No. 69-28a. This Lot Line Adjustment, with approved inclusion of the acreage under APN 423-111-010-000 to 69-28a, will continue the Agricultural Preserve status of all of the property subject to the proposed lot line adjustment, with a net increase of approximately 160 acres in overall contracted acreage. Accordingly, approval will moderately decrease the assessed property valuation of the combined lots and, as such, will have a moderate impact on the County General Fund.
