

The EMS Agency administers the CSA-74 (Fund 092) fund and the Maddy Fund (Fund 016). These funds provide the primary source of funding for the operation of the EMS Agency. For Fiscal Year 2017-18, the EMS Agency will receive approximately \$175,930 in additional revenue that was not anticipated. This additional revenue is from performance penalties for late response times that have been assessed to the contracted ambulance provider from August 2016 through December 2017 pursuant to the current ambulance agreement. The EMS Agency did not assess penalties during this period due to a change in the vendor used for adjudicating penalties for late response times. A transition period was needed to work with AMR, the contracted ambulance provider, and FirstWatch, the new vendor, to ensure that the system was working properly so that, if penalties should be assessed, they would be calculated accurately.

While this Board action is not directly in support of a Health Department strategic initiative, it is in support of one or more of the essential public health services, specifically: 4) Mobilize community partnerships and action to identify and solve health problems, and, 6) Enforce laws and regulations that protect health and ensure safety.
