SUMMARY/DISCUSSION:

The California Department of Health Care Services (DHCS) has awarded Monterey County Behavioral Health a Medication Assisted Treatment (MAT) - Child Welfare Participation Stipend in the amount of \$25,000. As the lead agency, MCBH received this stipend after previously applying for and participating in state technical assistance. The MAT - Child Welfare stipend will provide funding towards MCBH's bolstering of collaborative efforts and technical assistance coordination around developing some best practices for addressing the substance use disorder (SUD) crisis that exists among the child welfare and juvenile justice involved youth population.

The goal of the participating stipend is to support MCBH in leading the joint agencies in determining optimal local approaches to addressing this crisis. This will be accomplished by identifying, collecting, and analyzing data to inform county-specific SUD challenges and needs; collectively determining, with support from State experts, how Monterey County can best maximize our existing resources; and creating a Monterey County Inter-Agency Strategic Plan for an effective coordinated level of care system for SUD treatment for youth and their families. Through this stipend MCBH will be assisted in building upon the groundwork laid in participation in 2021-22's Learning Collaborative and technical assistance and continue work with the collaborative team that was formed during this time.

This work supports the following Monterey County Health Department 2018-2022 Strategic Plan Goal: 2. Enhance public health and safety through prevention. It also supports one of the ten essential public health services, specifically 2. Investigate, diagnose, and address health problems and hazards affecting the population and 4. Strengthen, support, and mobilize communities and partnerships to improve health.

OTHER AGENCY INVOLVEMENT:

The Offices of the County Counsel and Auditor-Controller have reviewed and approved this MOU as to legal form and fiscal provisions, respectively. Risk Management has not approved this MOU due to non-standard indemnification, limitation of liability, and insurance provisions.

FINANCING:

The Jails and Drug Courts Participation Stipend provides a total amount of \$25,000 for the term of the MOU. The stipend will fund staff costs that will be participating and engaging in the MAT expansion project. There are enough appropriations in the County of Monterey Behavioral Health Bureau's Fiscal Year 2022-23 Adopted Budget (Fund 023, Appropriation HEA012, Unit 8410) for these services. Future fiscal year services will be included in future fiscal year's requested budgets.
