SUMMARY DISCUSSION:

First 5 Monterey County enriches the lives of children, prenatal through age five, and their families by

strengthening connections and advancing quality within a whole system of care and support. First 5 Monterey County is the fiscal sponsor of Bright Beginnings, which is an early childhood development initiative, and is the host of the Bright Beginnings backbone team.

The purpose of Amendment No. 2 to the Agreement is to continue the County's collaboration with First 5 Monterey County to enhance the health of children and their families. The Agreement supports Bright Beginning's general operations, enhances its strategy-aligned projects, and connects projects to indicators of success. Bright Beginnings activities are based on the five conditions of Collective Impact, including a common agenda, shared measurement, mutually reinforcing activities, continuous communication, and a strong backbone. The Agreement also supports Bright Beginning's projects that align with the countywide Early Childhood Strategic Framework. Activities in this Agreement include capacity building, partnership cultivation, monitoring, evaluation, community outreach and inclusion for early childhood policy and investments, and promoting early childhood education careers.

This work supports the County of Monterey Health Department 2018-2024 Strategic Plan Goals, specifically: 1. Empower the community to improve health; 2. Enhance public health and safety through prevention; and 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports four of the ten essential public health services, specifically: 1. Assess and monitor population health status, factors that influence health, and community needs and assets; 3. Communicate effectively to inform and educate people about health, factors that influence it, and how to improve it; 4. Strengthen, support, and mobilize communities and partnerships to improve health; and 7. Assure an effective system that enables equitable access to the individual services and care needed to be healthy.
