### **SUMMARY/DISCUSSION**

The Monterey County Sheriff's Office (MCSO) previous utilized another vendor for radio communication. When the radios came to the end of their useful life and due to the poor coverage, the MCSO sought out another vendor.

The Board previously approved the purchase of new Motorola radios for the MCSO. The Motorola radios were purchased via the Houston-Galveston Area Council (H-GAC) nationally bid contract. At the time the Motorola portable radios were selected, they were the only company that offered the "next generation" platform that allowed the radios to transmit/receive via VHF radio frequency plus WIFI, plus LTE cell signal. The county still does not have the back end set up for the cellular send/receive yet; but they are adding a component this year which is the next to last component they need to get MCSO up and running via cell tower. In order to have service on the radios, MCSO must sign a Service Agreement/Quote each year for the radios to operate.

These radios provide an essential link between deputies, other law enforcement agencies, and the communications center.

This board report is late and the agreement/quotes are retroactive, because we tried to get Motorola to combine the Service Agreement/Quote for the 66/350 radios together so that we would only have one Service Agreement/Quote instead of two separate ones.

### **OTHER AGENCY INVOLVEMENT**

County Counsel, Auditor-Controller and Contracts & Purchasing have reviewed.

### **FINANCING**

The costs of these service agreements/quotes was included in the FY 2022-23 Adopted Budget, and will continue to be budgeted. There will be no increase in the General Fund Contribution resulting from the Board action.
