**SUMMARY/DISCUSSION:**

Wraparound Monterey County (WMC) is one of the pillars of practice outlined in AB 403 Continuum of Care Reform (CCR). It offers a family-centered service engagement to return, or keep, children within the community, ideally reuniting children safely with their families of origin. The program is a collaborative partnership which began in 2002 between Monterey County Departments of Social Services (DSS), Probation, and Children's Behavioral Health (CBH).

WMC provides intensive case management, individual and family services, and a cost-effective fiscal model. This model includes a Wraparound Care Coordinator function, a Wraparound Administrative Service function, and a Wraparound Provider Network. Under the recent implementation of the CCR within child welfare, the use of Wraparound Monterey County will now be redesigned in efforts to become more preventative and supportive to a wider group of children, youth and families involved in the Child Welfare, Probation and Behavioral Health systems. DSS is working in partnership to extend the provision of WMC beyond that of high-needs children and youth in order to support earlier safety, permanency, and well-being for more families within Monterey County.

While DSS works on a Request for Proposals (RFP) process for this new iteration of Wraparound Monterey County, Rebekah Children's Services (RCS) will continue to provide the Care Coordination function of Wraparound, coordinating the process and service needs through June 30, 2020. The ongoing provision of Wraparound, with a continuity of care for existing families, also continues to respond to the Katie A vs. Bonta class action lawsuit which requires the provision of Wraparound mental health and supportive services for children in, or at imminent risk of, placement in foster care in California.

OTHER AGENCY INVOLVEMENT:
