RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Approve the Parcel Map for a minor subdivision to divide a 24,000 square foot parcel resulting into three (3) parcels of 7,632 square feet (Lot 1), 6,678 square feet (Lot 2), and 9,690 square feet (Lot 3); and
- b. Direct the Clerk of the Board to submit the Parcel Map to the County Recorder for recording, subject to the collection of the applicable recording fees.

SUMMARY AND DISCUSSION:

Pursuant to Monterey County Code Section 19.04.060 (*Recording and acceptance of the parcel map*), the subject Parcel Map shall be approved by the Monterey County Board of Supervisors for recording, which is a ministerial action. Title 19 also authorizes the Chief of Planning to approve parcel maps (minor subdivisions) in the inland areas.

On September 19, 2018, the Resource Management Agency (RMA) Chief of Planning approved the associated Tentative Map (Resolution No. 18-054) for the Patricia L. Cooney Trust dated August 8, 2018 subject to conditions for which compliance was required before the Parcel Map could be approved for filing with the County Recorder. Since the Tentative Map approval, the property has been purchased and it is now owned by William H. Coffey.

In accordance with the County of Monterey Condition of Approval and Mitigation Monitoring and Reporting Program (adopted by the Monterey County Board of Supervisors pursuant to Resolution No. 17-049), all reviewing agencies have ensured that all pre-filing Conditions of Approval are fully implemented prior to the approval of the final map. Attached to this report are Department/Agency Condition of Approval & Mitigation Measures Compliance Certification Forms and supporting documentation which have been entered into the County's electronic database: Accela Automation, also known as "Accela." (See Attachment F.) The new owner has recently submitted a Property Tax Clearance Certification in accordance with California Government Code Section 66492 and the Parcel Map Guarantee in accordance with Government Code Section 66465 of the Subdivision Map Act. RMA Planning staff has confirmed that all conditions of approval required for clearance prior to filing the Parcel Map with the County Recorder have been completed.

The Parcel Map is in substantial compliance with the approved Tentative Map which creates three (3) conforming, developable parcels. All applicable fees associated with the recordation of the Parcel Map have been satisfied, collected and deposited. There are no subdivision improvements associated with this Parcel Map. Therefore, staff recommends that the Board approve the subject Parcel Map for filing with the County Recorder, subject to the submittal of the applicable recording fees by the property owner.
