SUMMARY/DISCUSSION:

Mark William Stanford, Ph.D. (“Dr. Stanford”), Consultant, has over twenty-five (25) years in behavioral science education. His qualifications are extensive specializing in the treatment of addiction, depression and anxiety disorders.

This new Standard Agreement with Mark William Stanform, Ph.D., replaces Agreement A-13961, which expires on June 30, 2022. Dr. Stanford will provide a series of trainings and consultations to Behavioral Health Bureau (“BHB”) clinical staff and contracted providers on the use of the American Society of Addiction Medicine (ASAM) Criteria and Substance Use Disorder (SUD). This training will include a general overview of ASAM as well as instruction related to the proper use of ASAM Criteria for appropriate and consistent patient placements. Training will also include guidance for using the ASAM Criteria to determine the appropriate treatment of patients based upon their level of functionality and imminent danger, if any.

The Contractor has provided proof of Commercial General Liability and Automobile Liability insurance; however, cannot provide the General and Automobile additional insured and primary and non-contributory endorsements, as required by the County. The Health Department recommends the modification to the insurance requirements as Dr. Stanford will not be providing direct client services nor transportation to clients or County staff.

This work supports the Monterey County Health Department 2018-22 Strategic Plan Goals: 1. Empower the community to improve health; and 4. Engage MCHD workforce and improve operational functions to meet current and developing population health needs. It also supports the following of the ten essential public health services, specifically: 3. Inform, educate, and empower people about health issues; and 4. Mobilize community partnerships and action to identify and solve health problems.

OTHER AGENCY INVOLVEMENT:

The office of the County Counsel and the Auditor-Controller have reviewed and approved the Agreement. Risk Management cannot accept the non-standard insurance modification.

FINANCING:

This Agreement is funded by Federal Funding Participation (FFP) and Realignment funds, which are included in the Health Department’s Behavioral Health Bureau (HEA012, Unit 8410) FY 2022-23 Requested Budget. Any unused contract authority will be fully budgeted in the subsequent FYs, through the term of the Agreement.
