

Agreement amount not to exceed \$50,000 for the term retroactive to July 1, 2016 through June 30, 2017; and  
b. Authorize the Director of Health or Assistant Director of Health to approve up to three (3) future amendments that do not exceed ten percent (10%) (\$5,000) of the original Agreement amount and do not significantly alter the scope of services.

SUMMARY/DISCUSSION:

In FY 2010-11, the Monterey County Health Department - Behavioral Health Bureau (“MCBH”) initiated the first Positive Behavioral Health Intervention and Supports program (“PBIS”) for participating school districts within Monterey County. In FY 2012-13, MCBH, in partnership with the Monterey County Office of Education (“MCOE”), began planning the eventual implementation of PBIS throughout the Monterey County education system, resulting in MCOE acting as the lead agency for all PBIS implementations. MCOE began the implementation of PBIS for South Monterey County School Districts in 2015. MCBH requests approval to provide funding from the Mental Health Services Act Innovations component (“MHSA”) to support the PBIS implementation in South Monterey County School Districts by MCOE during FY 2016-17. MCBH shall also provide MCOE with consultation, on-going monitoring and evaluation as well as regular reflective oversight of the program to ensure goals and expected outcomes are being met.

PBIS is a behavioral support system approach for instituting a decision-making framework and leadership team at the both the district and school level to establish positive behavioral practices through training, coaching and data evaluation methods for improving behavior outcomes for all students. The goals of PBIS are to reduce problem behaviors within the learning environment to ensure students’ educational success, reduce bullying and violence on school campuses, decrease the number of students suspended and expelled, increase teacher confidence and reduce staff turnover, and improve school climate and student attendance.

MCBH seeks the Board of Supervisors approval to authorize the Director of Health or Assistant Director of Health to execute the MOU with MCOE retroactive to July 1, 2016. The MOU with MCOE is being presented to the Board for approval later than anticipated due to lengthier than expected negotiations.

This MOU contains a 30-day “without cause” provision (Section I), which provides that either the County or MCOE may cancel the MOU.

This work supports the following Monterey County Health Department 2011-2015 strategic plan initiative: 1) Empower the community to improve health through programs, policies, and activities. It also supports one or more of the ten essential public health services, specifically: 4) Mobilize community partnerships and action to identify and solve health problems; and 5) Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

County Counsel, Auditor-Controller, and Risk Management have reviewed and approved this Agreement as to legal form, fiscal provisions, and insurance requirements, respectively. This Memorandum of Understanding is on file with Clerk of the Board.

FINANCING:

This Agreement is funded by the Mental Health Services Act Innovation component funding (\$50,000). The funds for this Agreement are included in the Health Department’s Behavioral Health Bureau (HEA012, Unit 8410) FY 2016-17 Adopted Budget.
