SUMMARY/DISCUSSION:

Summer Reading Programs have been part of library programming throughout the nation for over 100 years. The purpose of MCFL’s annual Summer Reading Program is to encourage families and children of all ages to come to the library and continue reading during the summer months when children are out of school. Research has proven that reading and staying mentally active during the summer prevents “summer slide.” In other words, children will not forget what they learned during the school year. In addition, research has shown that children from lower income families benefit the most from summer reading activities.

MCFL has hosted entertaining programs as part of the Summer Reading Program for decades. This attracts families to the libraries where they will check-out books, media, and other stimulating programs. Through the recommended agreements, the vendors will provide music performances, incorporating storytelling, interactive and international music featuring different languages; interpretive dance numbers, performances showcasing instruments originating from different parts of the world, and juggling acts geared to enthrall children and young adults. By keeping children engaged, safe, entertained and intellectually stimulated MCFL’s annual Summer Reading Programs benefit all our communities throughout the county and contribute to the collective

impact of improving school readiness.

Performances are slated to be held in person.

OTHER AGENCY INVOLVEMENT:

County Counsel does not approve the following non-standard provisions set forth in Exhibit B to each of the agreements: absence of automobile insurance endorsements naming the County as an additional insured, the absence of Workers' Compensation insurance, and General Liability Insurance. The Library Director recommends approval of these non-standard provisions due to the following reasons: (1) each vendor agrees that transportation to and from the performance site is outside the scope of the agreement and agrees to be solely responsible for occurrences enroute and (2) each vendor represents that he/she has no employees but will obtain workers compensation insurance in the event he/she hires.

Library Director recommends approval of non-standard provisions on the performance agreements of Mary Jo Howe and Juan Sanchez; exempting from Automobile insurance, Workers Compensation insurance and Commercial Liability insurance requirements; fully accepting risks as presented.

FINANCING:

The recommended Summer Reading Program contracts, total amount of which is not to exceed \$33,400, will be funded through appropriations from the current Library Budget, Library Fund 003, FY 22-23 and FY 23-24 budgets. Funds are available to cover the project cost, due to generous giving from the Foundation for Monterey County Free Libraries. There is no additional cost to the County General Fund associated with this recommendation.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The purpose of the Summer Reading performance contracts is to continue providing County of Monterey communities with activities and programs that engage, entertain and inspire, and benefit and contribute to the collective impact of improving school readiness.
