SUMMARY/DISCUSSION:

The Health Department requests approval by the Board of Supervisors to transfer \$1,843,304 from the 1991 Social Services Realignment subaccount to the 1991 Health Realignment subaccount. Amounts will then be transferred to operational programs in Fund 001.

Health does not request increased appropriations or estimated revenue in the 1991 Health Realignment Subaccount for these transfers because these appropriations and estimated revenue are included in the FY 2023-24 Adopted Budget.

Bright Beginnings is an opportunity for the community to work together to ensure that children from the prenatal stage through age eight have what they need to succeed.

Children's Medical Services (CMS) provides services to improve health status, mitigate morbidity, and reduce health disparities by ensuring access to quality preventive and specialty medical care for all Monterey County children.

Nurse Family Partnership (NFP) has been shown to improve health outcomes among participants, including decreased prenatal cigarette smoking, reduced hypertensive disorders of pregnancy, decreased childhood injuries, reduced subsequent pregnancies, and increased intervals between births. Maternal, Child, and Adolescent Health (MCAH) provides resources and information about reproductive health, family planning, and pregnancy. The focus is on the individual's physical, emotional, and mental health.

The requested transfer is summarized below.

Bright Beginnings	\$250,000
Children's Medical Services	\$1,218,318
NFP and MCAH	<u>\$374,986</u>
	\$1,843,304

This transfer of funds supports the County of Monterey Health Department 2018-2024 Strategic Plan Goals: 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services; and 4) Engage Monterey County Health Department workforce and improve operational functions to meet current and developing population health needs.
