SUMMARY/DISCUSSION:

The Special Education Local Plan Area (SELPA) acknowledges that its member Local Education Agencies are mandated to provide students a free and appropriate public education (FAPE) including mental health services. For several years, SELPA entered into an MOU with the County to deploy Psychiatric Social Workers (“Therapist”) to School Districts to provide an array of services, including individual and group counseling provided to a student; individual or group counseling provided to parents of special education students; consultation services offered to parents, students, teachers and other school personnel; and planning and implementing a program of psychological counseling for special education students and parents. In addition, the County provides services to SELPA that include Home Alternatives to Residential Treatment, Residential Monitoring, and Residential Searching and Securing. SELPA agrees to pay the non-Federal Financial Participation (FFP) portion of the mental health service since County is reimbursed FFP directly by Department of Health Care Services; and reimburse the full cost of the provision of HART, Residential Monitoring, and Residential Searching and Securing. The current MOU A-16397 between SELPA and the County will expire on June 30, 2024, and we are seeking to renew the MOU.

This work supports the following County of Monterey Health Department 2018-2024 Strategic Plan Goals: 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7. Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel and Auditor-Controller have reviewed and approved this Agreement as to legal form and fiscal provisions, respectively. Risk Management has not approved this Agreement due to non-standard insurance provisions.

FINANCING:

The costs of this agreement are funded by Special Education Local Plan Area reimbursement (SELPA 100%). The associated revenue and expenditures are included in the Health Department’s Behavioral Health (HEA 012, Unit 8410) FY 2024-25 Recommended Budget.
