SUMMARY/DISCUSSION:

Natividad Medical Center desires to continue its relationship with San Jose Boiler Works, Inc. as its vendor to perform scheduled maintenance and make as needed repairs for its boilers. The hospital uses boilers for heating water for supply air (heat) and heating domestic hot water for handwashing, showering, and washing dishes. Just like you perform scheduled maintenance on your vehicle in order to keep it running optimally, the hospital must also perform scheduled maintenance on the boiler systems to preserve its life expectancy. The American Society of Healthcare Engineers (ASHE) has developed maintenance schedules for all engineering equipment within a hospital setting. The Joint Commission has adopted ASHE's standards and requires hospitals to be compliant with such standards.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed and approved this amendment No. 1 as to legal form and risk provisions, and the Auditor-Controller has reviewed and approved as to payment provisions. The amendment No. 1 has also been reviewed and approved by NMC's Finance Committee on July 27, 2017 and by its Board of Trustees on August 4, 2017.

FINANCING:

The cost for this amendment No. 1 is \$420,000 of which \$105,000 is included in the Fiscal Year 2017-18 Adopted Budget. Amounts for remaining years of the agreement will be included in those budgets as appropriate. There is no impact to the General Fund.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This agreement allows for needed improvements to the hospital's physical infrastructure. These improvements ensure that NMC maintains itself as a first rate medical facility which, in turn, enables NMC staff to provide quality medical care that leads to an improved quality of life for its patients and their families.
