Receive a Cannabis Program status report on performance measurement outcomes for the period of July 1 - December 31, 2018.

RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Receive a Cannabis Program status report on performance measurement outcomes for the first six months of fiscal year 2018-2019; and
- b. Provide direction to staff as appropriate.

SUMMARY/DISCUSSION:

The Board of Supervisors implemented a performance measurement program, Managing for Results, in 2012. The goal of the Countywide program was to create a performance-based culture while providing answers to the following questions:

- What was achieved?
- How efficiently was the work done?
- How were County of Monterey citizens helped by the effort?

To that end, the Cannabis Program has developed a set of performance measures to evaluate how the program is functioning internally and external measures that address our emerging cannabis industry. The current performance measures are a “work in progress” and will continue to be developed over time. The report was presented and accepted by the Cannabis Standing Committee on February 15, 2019.

DISCUSSION:

The performance measurement concept was brought to the County in 2010 as a pilot project. In 2012, the Board of Supervisors directed the program be expanded and implemented countywide as the “Managing for Results Performance Measurement Program.” Performance measures help develop a performance-based culture

that share data outcomes of accomplishments, efficiencies and effectiveness of our work.

Attached are the results of 10 performance measures for the period of July 1 - December 31, 2018 with brief narratives of our “Story Behind the Performance.” (Attachment 1)

FINANCING:

Multiple County departments have been involved in the process of developing and providing performance measurement data.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The Monterey County Cannabis Program addresses each of the Strategic Initiative Policy Areas that promote the growth of a responsible and legal Monterey County cannabis industry including industrial hemp.

Related Board of Supervisors Strategic Initiatives include:

- X Economic Development
- X Administration
- X Health & Human Services
- X Infrastructure
- X Public Safety
