

CEP America (CEP) has 40 years of experience in providing medical services to health centers and hospitals, including Natividad Medical Center. Approval of the recommended action will allow CEP Providers to provide medical services in clinic about 24-40 hours a week. This will help bridge the gap in patient care access.

This work supports the Monterey County Health Department 2011-2015 Strategic Plan initiatives: 2) Enhance community health and safety by emphasizing prevention; and 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one or more of the ten essential public health services, specifically: 7) Link people to needed personal health services and assure the provision of health care when otherwise unavailable; and 8) Assure competent public and personal health care workforce.

OTHER AGENCY INVOLVEMENT:
